Webster Demands Gov't Resignation

Scores Socred Mishandling of BCHIS; Laing Asks For Fairness, Efficiency

VANCOUVER (CP) — Arnold Webster, provincial CF leader, Tuesday called for the resignation of the Social edit government for its handling of the B.C. hospital in- rance scheme.

"They have done a lot of talking on hospital insur- ce," said Mr. Webster. "Now that they have failed to oduce, they should in all nesty resign."

He made the resignation demand a statement issued following iticism by a Social Credit mem- r of the legislature on the insur- ce question.

Hugh L. Shantz, member for N. kanagan and a former president the B. C. Social Credit League, id Monday he was going to ask r a plebiscite on what voters ink about *compulsory payments* premiums under the system.

Premier Bennett, commenting on Mr. Shantz' stand, said the BCHIS would be retained and that the government did not plan to hold a plebiscite on the ques- lion.

"Hospital insurance is some- hing that the people have al- ready indicated they want and it remains," he said.

Mr. Shantz said Monday that hos- al insurance was compulsory for me and not for others and termed insurance setup "iniquitous to point where I can no longer holeheartedly support it."

Mr. Webster said his party agrees th Mr. Shantz "that the Social edit government has bungled the CHIS scheme." He said CCF mem- rs will press for a full discussion BCHIS in the coming session of legislature.

Liberal Leader Arthur Laing said C. citizens would approve by an per cent majority" the princi- l of compulsory health insurance. ll they ask is that it be run rly and efficiently," he said.

. Cunningham ies at Coast

VANCOUVER (CP) — James C. nningham, prominent B. C. Game mmissioner and recognized as an tstanding authority on game man- ement, died here Monday.

Mr. Cunningham, who would ve celebrated his 64th birthday xt Friday, had been a member the game department for 37 ars. He was stricken with a art seizure Monday a few hours ter returning from a trip to Cal- ry.

Mr. Cunningham served overseas uring the First World War, win- ng the Military Medal. Returning Vancouver, he joined the game partment and was appointed com- issioner in 1934.

Survivors include his widow and vo sons, Clarence and Thomas, of Vancouver.

Musician Buys Phone Booth

LONDON (AP) — The post office announces completion of a business deal—the sale of an old telephone booth to a con- siderate musician.

The musician wrote the P.O. he wanted one of the booths to practise in so he wouldn't dis- turb the neighbors.

He figured the soundproof booth would be ideal.

"He did not state the instru- ment he played," a spokesman said. Nor did the P.O. say how much it received.

Police Called To Free Handcuffed Couple

Trying on a pair of handcuffs proved more than a little em- barrassing for a man and wo- man attending a party at Nelson Monday night.

It required the combined ef- forts of city police and RCMP to release the red-faced pair.

The cuffs were found beneath the chesterfield cushions. When the couple arrived at city police station, each had a handcuff locked around an arm. The em- barrassment reached a new height when a key could not be found to fit the cuffs. A key was found later, but in the meantime an RCMP officer was called to release the pair.

Housing Demand At 7-Year High

OTTAWA (CP)—Although Canada is increasing its housing, de- mand for new homes has reached a seven-year high.

D. B. Mansur, president of Cen- tral Mortgage and Housing Corpor- ation, told the Commons banking committee Tuesday that new houses are being built at the rate of 105,000 a year, but the demand is so heavy, it could support construction of *between 125,000 and 130,000 a year.*

Mr. Mansur was questioned for the third day as the committee continued to give detailed scrutiny of the government's new housing legislation.

He said the demand is greater than it has been since 1947. It likely will continue at a high level as long as Canada is prosperous but would drop sharply if economic conditions declined.

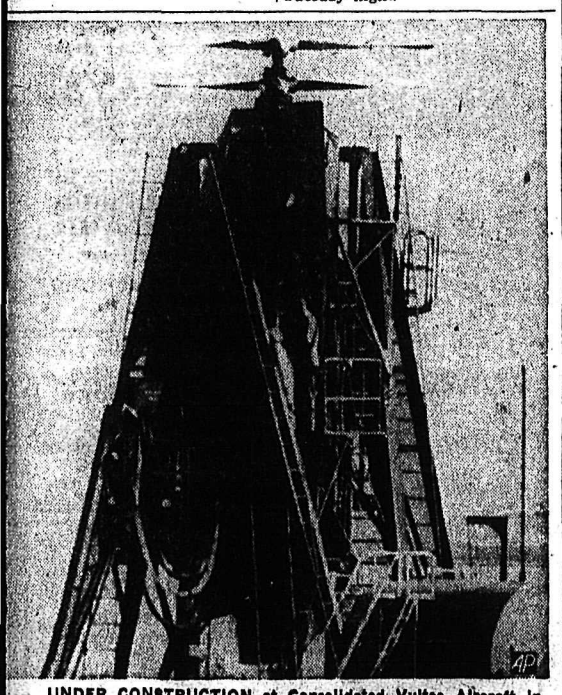
Referring to the housing back- log, Mr. Mansur said a great num- ber of Canadian families are doubl- ing up, but most of these did so voluntarily and not because they lacked other accommodation.

Canada has about 4,000,000 house- holds housed in about 3,624,000 dwellings, he said. The excess of households over dwellings is about 376,900, 9.4 per cent of the total. This compared with 9.7 per cent at the end of 1946.

Since then there had been im- provement, shown in the increas- ing number of "to let" signs in newspaper want ads, in lack of complaints to CMHC, in the closure of emergency shelters and the sharp drop in applications for veterans' rental units.

Mother's Fast Action Saves Tot

VANCOUVER (CP) — Quick action by Mrs. George Robson was credited Tuesday with saving the life of her two-year-old daughter, Sarah, after the youngster fell into a fish pool at her home. The mother found Sarah lying face-down in the pool and started artificial respira- tion while a neighbor summoned an inhalator crew. The youngster was reported in good condition Tuesday night.



UNDER CONSTRUCTION at Consolidated Vultee Aircraft in San Diego, Calif., is this strange looking device, photographed from a public drive with a 13-inch telephotp lens. Since the appearance of the device in the open, the Navy has been getting queries about a new experimental fighter with jet engines turning twin pro- pellors, and designed to take off straight up and land straight down, just as in its position here. The Navy won't confirm or deny reports of the strange device.—AP Wirephoto, copyright 1954 by San Diego Union.

FOUR KIDDIES DIE IN BLAZE

Mother, Fireman Overcome In Rescue Attempt

BRANDON (CP) — A railway worker's four children died here Tuesday in a fire which came close to claiming the lives of their mother and a fireman who was attempting a ladder rescue.

The four, all under school age, were the children of Mr. and Mrs. John Pilchar. The parents suffered "extreme shock" and authorities were not able to find out the names or ages of the children.

On arriving at the scene of the blaze, the fire department saw Mrs. Pilchar smash a second storey window. Fireman John Stouffer climbed a ladder to the second floor in an attempt to rescue the woman.

Stouffer was overcome by smoke, and another fireman, Joe Wayorski, donned a smoke mask, entered the building and made his way up to the second floor and brought the unconscious pair down via the ladder.

The mother, upon recovering had to be held back by firemen as she attempted to rush back into the flaming dwelling.

Although cause of the fire is un- known, it is believed to have started in a closet under the stair- ways, leading to the second floor.

One child was found on a chair near the unconscious woman, and the other three were lying on a large bed on a different floor. It is thought Mrs. Pilchar had picked up the one child and put it near the window, and was prepared to go back for the remaining three, when she collapsed.

Although almost all of the wall- paper burned, *the interior was not* completely gutted.

It was thought the fire started while the mother and children were sleeping. The father, a Canadian Pacific railway foreman, was at work.

TEACHERS' PAY HIKE $292,500 SAYS COAST PAPER

VANCOUVER (CP) — The Van- couver Province says in a news- page story today that Vancouver's 1800 elementary and secondary school teachers have won pay in- creases totalling $292,500 for the 1954 school year.

The newspaper says final details of wage negotiations now are being worked out by school board offici- als and teachers' representatives and that details are expected to be released Wednesday.

A major factor in the increased cost to the school board is reported to be the planned removal of a $200 annual differential between men and women teachers effective Sept. 1. There are about 1100 wom- *en teachers in Vancouver. The pro*vince estimated that removal of the differential will cost the school board about $80,000 in 1954 and $220,000 in 1955 under terms of the contract being negotiated.

TWO KILLED AS COPTER EXPLODES

TROIS PISTOLES, Que. (CP) — Two United States Air Force men were killed Tuesday when a big Sikorski helicopter exploded in mid-air and crashed flaming in a *farmer's field five miles west of* here.

Reports that a third air force man was also aboard the craft could not be confirmed. The pilot was tentatively identified as Ever- ett Ellis, 31, of New York City and Texas. The co-pilot was believed named Paperwall.

VANCOUVER (CP) — Patricia Coleman, 5, was in good condition in hospital Tuesday with a frac- tured leg suffered when she ran into the side of a car.

CLAD ONLY IN SHORTS, a Japanese shop owner shovels snow from the front of his Tokyo store as one of the heaviest snowfalls in years clogs the Ginza, the city's main artery. Traffic was crippled for two days when 12 inches fell within 24 hours. —Central Press Canadian.

Molotov Promises New Europe Security Plan

By STANLEY PRIDDLE

BERLIN (Reuters) — Soviet Foreign Minister Molotov has re- jected the West's final appeal for free German elections but prom- ises a new plan for European se- curity at today's Big Four ses- sion.

On that basis, the United States, British and French foreign minis- ters agreed to discuss the dead- locked German issue once again to- day. They scheduled a second se- cret meeting Thursday to debate a conference with Communist Chi- na and will start discussing an Aus- trian treaty at an open meeting Friday.

After listening to Molotov's 90- minute address Tuesday, U. S. State Secretary Dulles commented:

"Since I have heard nothing new, I have nothing to say."

He said there still is "a basic and fundamental difference" on Russia's plan to rearm an independ- ent Germany for defence purposes and the Western proposal to rearm the nation within the European army.

"Nothing that was said suggests to me that it can be reconciled," Dulles said.

SUGGEST RECONSIDER

All three Western ministers sug- gested Molotov reconsider *his views* outside the conference hall instead of engaging in further fruitless de- bate. But Molotov's promise of a security plan brought an extension of the debate on item two—Ger- many and European security—until at least today.

Molotov pleaded again for a pro- visional, all-German government composed of East and West German delegates before free elections are held to determine the shape of a future regime.

He said the West's plan of elec- tions first was unacceptable and "undemocratic" *because it proposed* re-unification by the four occupy- ing powers instead of by the Ger- mans themselves.

Eden noted that Russia and the West are "diametrically opposed" on Germany and suggested the ministers ask themselves what ser- vice they were rendering to inter- national understanding by contin- uing the argument.

If the Big Four can not agree on a plan for Germany, Eden said, they "should accept the reality"— indefinite division.

St. Laurent On To West Germany

By WILLIAM STEWART
Canadian Press Staff Writer

PARIS (CP) — Prime Minister St. Laurent wound up his two-day visit to the French capital by play- ing host at a dinner Tuesday at the residence of Canada's NATO am- bassador, Dana Wilgress.

The prime minister moves on to- day to Western Germany, where he will talk with Chancellor Konrad Adenauer and see Canadian Army *units and RCAF bases in the Euro*pean defence organization.

On his final day in Paris, the Ca- nadian leader visited the Allied military headquarters just outside the capital where he addressed the military representatives of 14 West- ern powers. Later, he broadcast to the French nation his faith in the value of NATO as a shield protect- ing the peace of the world.

$10 MILLION TO BE SPENT ON UBC BUILDINGS

VANCOUVER (CP) — Chan- cellor Sherwood Lett of the Uni- versity of British Columbia says a minimum capital expenditure of $10,000,000 for new buildings on the campus must be made within the next five years if UBC is to "keep pace with the responsibilities to the youth of the province."

Speaking to the Vancouver Gyro Club Monday, Chancellor Lett said "we have an urgent need right now for buildings which will cost $10,000,000 to $15,- *000,000. We cannot do this all at* once, but we must do it in the next five or seven years . . . "

He predicted that UBC's pres- ent enrolment of 5500 will grow to 7500 by 1960.

Pleads Guilty On 8 Charges

VANCOUVER (CP) — Marshall Walkow, 27, laborer, said by de- tectives to be the key man in a large scale burglary ring, pleaded guilty in police court Tuesday to eight charges of breaking and entering.

Twelve other similar charges against him will be taken into con- sideration.

Charges of receiving and retain- ing stolen goods, laid against Mar- shall's wife, Marjorie, were with- drawn. But his brother Walter was remanded to Monday, as was Mar- shall, on charges of receiving stolen goods and burglary.

The trio were arrested after a series of burglaries in the West End and South Granville.

DOLLAR UP

NEW YORK (CP) — Canadian dollar was up 1-16 of a cent at a premium of 3 7-16 per cent in terms of U. S. funds Tuesday. Pound ster- ling was unchanged at $2.81¼.

MONTREAL (CP) — U. S. dol- lar closed at a discount of 3 5-16 per cent in terms of Canadian funds, down 1-32. Pound sterling $2.71⅞, down ⅛.

French Prepare to Defend Laos Capital

By MAX CLOS

LUANGPRABANG, Laos (AP) —Spearheads of the Communist- led Vietminh rebels advanced to within eight miles of Luangpra- bang Tuesday.

The French Union defenders dug in deeper to meet any all- out assault on the Laotian capital.

The bulk of Vietminh's crack Division 308, slicing across Laos to- ward the Thailand border, was re- ported about 30 miles away. No direct attack on the city was fore- seen for several days.

Some military leaders expressed belief the Vietminh may not attack Luangprabang, despite the menac- ing advance of the last week. They view the rebel campaign as having more of a political than a military purpose. The rebels advanced to- ward the royal capital last May, only to pull away without attack- ing.

These military men believe the Vietminh has no chance of taking Luangprabang with the estimated 12,000 men committed to the offen- sive. They said the rebels may have two other objectives:

1. Make the French pull back the forces with which they have been operating for two months in the Hou and Suong river valley approaches to Luangprabang.

2. Establish closer contact for the rebels between the Red Chinese frontier to the north and Burma and Thailand to the south and west.

Commons Approves Pay Boost for MPs

Commons Passes Postal Bill

OTTAWA (CP) — The govern- ment's controversial bill to increase first-class postage rates by one cent an ounce on April 1 has passed the Commons.

Final approval came late Tuesday after recorded votes of 127 to 77 and 125 to 75 and rejection of two am- endments to the bill, one proposed by the government. The bill now goes to the Senate.

The legislation was opposed at every stage by the Progresive Con- servative, CCF and Social Credit members who joined forces on both votes, first on a Progressive Conservative attempt to kill the bill and later before the bill received third reading. Raoul Poulin (Ind.- Beauce) voted with the opposition on both occasions.

An opposition amendment to de- lay third reading until the post of- fice could implement recommenda- tions in the J. D. Woods and Gor- don report on post office adminis- tration was ruled out of order by Speaker René Beaudoin on grounds that it was not relevant to the bill.

W. A. Robinson, deputy-speaker, ruled out the government amend- ment. It would have allowed per- iodical newspaper and magazine publishers to post their publications in postal areas other than the one in which the publication office is located.

The legislation would increase first-class postage rates on mail going outside a postal district to five cents from four for the first ounce. The rate within postal areas will rise to four from three cents.

CANADA TAKES FIRMER GRIP ON FAR NORTH

OTTAWA (CP) — Canada served *further notice Tuesday that she is* taking a stronger sovereign grip on her far-north regions.

Transport Minister Chevrier said in the Commons that Canadian ships will supply all Arctic weather stations with the exception of Alert. These posts have been supplied by American ships. Alert, near the nor- thern tip of Ellesmere Island and some 300 miles from the North Pole, is probably the most northerly com- munity in the world. It will con- tinue to be supplied from American bases in Greenland.

The government's increasing in- terest in the northland was herald- ed in December when the resources department was re-named the de- partment of northern affairs and national resources.

In a Commons speech Dec. 8, Prime Minister St. Laurent said it is "very important" that non- Canadians — obviously a reference to Americans—going into Canada's north realize that they are in Cana- dian territory administered by Ca- nadian authorities.

Nurse Rewarded For Aiding in Bandit's Capture

VANCOUVER (CP) — A Van- couver nurse, Mrs. H. A. Winter- bottom, has been given a $1000 reward by the Canadian Bankers' Association for aiding in the cap- ture of a bank robber.

Mrs. Winterbottom telephoned police in time for them to surround the Royal Bank of Canada's First and Renfrew Branch here last April 7 and capture Patrick Bell.

Bell, paralyzed by a policeman's bullet in the $6400-dollar robbery, was later convicted on a charge of robbery with violence and was sentenced to one year in jail last July 7.

HELD FOR EXTRADITION

VANCOUVER (CP) — John Ger- rard McQuillan, 33-year-old lawyer from Belfast, Northern Ireland, is being held by RCMP for extradition to Belfast to face a larceny charge. He has been employed as a ware- houseman at Kitimat, B. C., since arriving in Canada 18 months ago.

COLLIDES WITH FIRE TRUCK

VANCOUVER (CP) — Mrs. Clara Peterson, 66, suffered shoulder in- juries here Tuesday when the car in which she was riding was in collision with a fire truck answer- ing a false alarm. Damage totalled $400.

Bill Opposed by 28 PCs, 18 CCFers; Now Goes Before Senate For Study

OTTAWA (CP)—Progressive Conservative and CCF parties split Tuesday when the Commons voted on final approval of a $4000 parliamentary pay boost.

Four members of each party sided with Liberal and Social Credit members as the House voted 153 to 46 to give third and final reading to a government measure doubling the $4000 indemnity to Commons' members and senators. They also receive a $2000 annual expense allowance. When the bill receives royal assent, the increases will be retro- active to the start of this session—Nov. 12, 1953.

Passage of the bill was opposed by 28 Progressive Conservatives and 18 CCF members, including three CCF members who voted last week for the principle of the measure. It now goes to the Senate for further study.

The vote marked the end of an extended and sometimes stormy study of the legislation in the Com- mons. It came during a busy day which also saw:

1. Defeat of a Progressive Conser- vative motion to kill a government measure increasing first-class post- age rates one cent an ounce on April 1. The vote was 127 to 77. The bill later was given third and final reading on a vote of 125 to 75. In each case, all three opposition par- ties and Raoul Paulin (Ind.— Beauce) voted against the legisla- tion.

2. Announcement by Trade Min- ister Howe that restrictions have been lifted on Canadian exports of newsprint, fish and several other commodities to the British West In- dies.

3. A statement by Fisheries Min- ister Sinclair that Britain will buy more Canadian salmon this year.

There was little debate on the measure increasing parliamentary pay. The only speaker, Progressive Conservative leader Drew, said he regrets the government did not ac- cept his request for an independent study of the question by a royal commission or select parliament- ary committee.

Mr. Drew, however, denied what he described as a report in a peri- odical that he had indicated priv- ately his support of the pay in- crease and had conferred with the government on the bill before it was introduced.

He did not name the periodical, but said both statements are "wholly untrue."

During the bill's passage through the House, CCF members made two unsuccessful attempts to amend it by eliminating senators from the increase and by limiting the in- crease to $2000. Also defeated was a Social Credit proposal designed to give members a chance to re- fuse part or all of the increase.

PENALTY INCREASED

One change, however, was writ- ten into the bill. The penalty for absenteeism will become $60 a day for every day a member is absent without excuse beyond 21 sitting days in a session. The penalty has been $37.50 a day for absences be- yond 15 days a session.

Senator Raps U. S. Intervention in Indo-China; French Victory Foreseen

WASHINGTON (AP) — Defence Secretary Charles Wilson reiterated Tuesday the U. S. is not sending combat troops to Indo-China but Senator John Stennis (Dem.-Miss.) declared in the Senate "we are rid- ing hard on the road that will lead to direct intervention" in the war there.

Stennis criticized the Eisenhower administration for deciding to send about 200 U. S. air force technicians to Indo-China without consulting the senate armed services commit- tee, of which he is a member.

He said there are plenty of French mechanics capable of serv- icing the aircraft the U. S. has made available to Fance to fight the Communist Vietminh forces. He in- sisted that the Americans be brought back as soon as possible.

Those who approve sending air force technicians to the Asian bat- tle ground, Stennis said, also ought to advocate a bigger army, more taxes and extension of the draft "so we will have the power to car- ry through on a policy which we are making inch by inch."

PREDICTS VICTORY

Wilson, discussing the Indo-China situation at a press conference, pre- dicted that the French and loyal native forces probably would win a military victory unless there is intervention by the Red Chinese or a similar change in the situation.

35-Hour Week Asked by Painters, Carpenters

VANCOUVER (CP) — Painters and carpenters on the lower Brit- ish Columbia mainland are seeking a five-day, 35-hour week.

The International Union of Paint- ers and Decorators (TLC-AFL) an- nounced Tuesday that the 35-hour week with no reduction in take- home pay will be the main union demand when 1954 contract nego- tiations open later this week for some 900 union members in Van- couver, New Westminster and other lower B. C. mainland centres.

A similar demand was made last week by the United Brotherhood of Carpenters and Joiners (TLC-AFL) which claims 3000 members on the lower mainland.

Officials of both unions said the shorter work week was designed to "guarantee employment for as many workers as possible in the face of rising unemployment."

The present contract provides for a 40-hour work week.

Water Levels

Kootenay Lake water level — Tuesday, 3.45 feet above zero.

And in This Corner . . .

RENSSELAER, N.Y. (AP)—There was pink snow in Rensselaer *and faces were pinker* at the General Aniline dye works.

The pastel mantle covered a 220-yard-wide area. Roofs, yards and automobile tops sported the brightest coats.

Curtis L. Collision, personnel director of General Aniline, ex- plained that red dye had boiled over from a kettle and the froth was sucked into the ventilating system. Atmospheric conditions con- spired to spread the dye, used on textile and papers, over the fresh snow.

Collision said the dye probably will not cause permanent staining.

LONDON (AP)—William Jones Roberts complained his wife snored—and snored deliberately—from the third night of their honey- moon.

His wife, Mrs. Hilda Irene Roberts, charged he hit her when she denied snoring.

Judge Samuel Edgedale granted the wife's plea for a divorce. He dismissed the husband's counter-suit and commented:

"A man who starts quarrels with his wife on their honeymoon about her physical disabilities has something very queer about him."

NEWARK, N.J. (AP)—*Thursday a Republican "citizens' committee* of 100" ran an advertisement in a Newark newspaper calling for "a young man, interested in government, whom we can support as a candidate for the Congress of the U.S."

The advertisement said the candidate must be interested in good government, able to speak effectively and willing to campaign aggres- sively.

Today the committee got a reply from Peter W. Rondino, Jr., saying he is ready, willing and able to fulfill all requirements.

After looking over his qualifications, the Republicans regretfully decided to turn Rondino down.

In the first place, he's a congressman now. In the second place, he's a Democrat.

Daily News To Publish Mystery Classic Series

In keeping with its policy of providing readers with the best in news and features, the Daily News will publish Thursday morning the first of the Mystery and Suspense Classics, an exclusive series of serial stories.

The series will first feature six of the best Sherlock Holmes stories by Sir Arthur Conan Doyle, and they will be followed later by other famous mystery stories.

Critics and public agree that Sir Arthur was, and is, both Sherlock Holmes and Dr. Watson in character, story genius and immortal spirit. His brief practice as an eye specialist ended soon after 1887 with publication of "A Study in Scarlet," which led the brilliant way to such fiction triumphs as "The Sign of Four," and many more Sherlock Holmes masterpieces.

His historical novels were worthy best-sellers and his history of the Boer War in which he took part is still standard as is a similar work on World War I. He was a lecturer extraordinary, an athlete for years, and became an enthusiastic motorist, driving speedy cars almost up to his death, July 7, 1930, in his 72nd year.

A. Conan Doyle

First story to appear in the Daily News will be "A Scandal in Bohemia." The series are published by arrangement with the estate of Sir Arthur Conan Doyle, world rights reserved.

Fairview Sawmill Re-Opens On Thursday

Kootenay Forest Products sawmill and greenchain operations are to resume Thursday following a lengthy shutdown because of weather conditions.

Two-shift operation will start with the day shift Thursday. The Fairview plant closed early in January because of heavy snow and wind conditions and freezing of the log pond.

Civic Choir to Present Songs Of South Pacific

Music lovers, who have thrilled to the songs of the Broadway version of South Pacific, will have the opportunity of hearing them again in mid-February when the Nelson Civic Choir presents their spring concert.

The program will include the concert version of South Pacific as well as a varied program of spiritual, part songs and madrigals.

Guest soloist for the program will be the popular tenor Mr. Roland Anderson of Harrop.

Part of this program was presented in Rossland late in January and was enthusiastically received by the people of that city. Last year's performance of Musical Splendor was applauded by the people of Nelson.

The choir with 55 members made up from singers of Nelson, South Slocan and District will be conducted by Eric Iles. The program will be designed for universal appeal.

The original Broadway production starring Mary Martin and Ezio Pinza played to sellout performances for three years and has been recently playing in London, England.

E. W. (Ted) Musgrove, formerly of Nelson branch, National Employment Service, has been transferred to the Chilliwack branch. Here he was also active in the Nelson Little Theatre.

F. Waters Heads Fish, Wildlife Association Again

Fred Waters was again elected president of Nelson Fish and Wildlife Protective Association at the annual meeting in the city hall Tuesday evening.

Waters, taking the position for the second straight year, told the 18 members he would only accept the job if younger members gave him full support. Officers and executive in the past year have had little or no backing. Young people are not showing sufficient interest in conservation or in safeguarding outdoor sport, he contended.

Elected vice-president was Gene Bodard while the secretary-treasurer is expected to be chosen at an early date.

Six members, elected to the executive and given power to add to their numbers, were A. Farenholtz, B. Smillie, John McLean, Charlie Sutor, Bill MacDonald and D. MacDonald.

J. J. McEwen, chairman of the British Columbia Fish and Game Council, told the meeting the council was declining because of lack of club and zone backing.

The council cannot expect to get support if the members of the clubs fail to support their own organization. The council asks as central body to put the interests of sportsmen before the Game Commission.

Several children have fallen into one of the ponds at the Fish Hatchery, it was reported.

President Waters and Frank Maher of B. C. Games Branch will investigate the cause.

A letter from the Game Branch pointed out the proportion of game revenue made available to the Commission in 1935 was approximately $921,991.55, while the appropriation for the fiscal year was $734,173. Revenue fell considerably below estimates due to the game export embargo during foot and mouth disease outbreak.

George Fleury, Nelson Druggist, Dies at 53 After 36 Years Here

George Fleury, resident of Nelson for 36 years, died in Vancouver Tuesday at the age of 53. He had operated Fleury's Pharmacy here for many years.

Born in Indian Head, Saskatchewan, in 1901, he came to Nelson in 1918 and received his primary and high schooling here. He received his pharmaceutical education in Vancouver and California, returning to Nelson to open a drug store at the corner of Ward and Baker Streets.

While in Nelson Mr. Fleury was a member of the curling club, Kootenay Lake Fish Derby, Nelson rowing club, Rod and Gun Club and Nelson Gyro Club, and had been active in the community works these groups.

Surviving him are his wife, Ire... son Harvey, his mother, Mrs. E. Fleury, and sister Mrs. George La... bert, all of Nelson; two brothe... Harvey of Rossland and Ja... Fleury of Vancouver; and one ... ter, Mrs. Orma Bray of Rossla... and nieces and nephews.

Funeral services will be held ... Nelson.

Mrs. Ellen Cook Dies Here at 86

Mrs. Mary Ellen Cook of 719 Latimer Street died at the Kootenay Lake General Hospital Tuesday at the age of 86.

Born in London, Ontario, December 22, 1867, she married Edward John Cook, in 1890 and they moved to Lethbridge in 1906 to settle on a farm near the outskirts of the city.

They came to Balfour in 1921 and moved to Nelson in 1923. Her husband predeceased her in 1949.

Survivors include three daughters Mrs. Kirkwood Watson of Oakland, California, Mrs. Howard Crysler of Medicine Hat, Mrs. Howard Murphy of Nelson, one daughter-in-law Mrs. Leighton Cook of Grand Forks, eight grandchildren and five great grandchildren.

Funeral services will be in Nelson Thursday.

Martha Sanderson Laid at Rest

Funeral services for Mrs. Martha Sanderson, wife of George Sanderson, were held Monday at the Thompson Funeral Home with the Very Rev. T. L. Leadbeater officiating. Mrs. Sanderson, a Nelson resident, died Friday at the age of 85.

Two hymns sung were "Lead Kindly Light" and "Rock of Ages." Mrs. W. A. Manson was organist.

Pallbearers were Eddie Boyes, George Clerihew, Russell Cole, Jack Gillies, S. A. Moisey and Dennis Underwood. Interment was in Nelson Memorial Park.

Trail Mailmen Protest 5-Day Week Application

TRAIL—Letter carriers in Trail are making a protest against the method in which the five-day week is to be adopted in carrying out postal service.

A resolution has been sent from Branch 76 to the National Federated Association of Letter Carriers at Ottawa, protesting the hiring of casual labor to fill in the extra day each week. Instead it is desired to have regular employees work the time off in a rotation system, each working five weeks and taking one off.

At present letter carriers here work five and a half days for 11 weeks and take one week off. It was reported that protests were being made from other parts of Canada.

Dangerous Driving Trial Adjourned

J. W. Menelce of Nelson pleaded not guilty to a charge of driving dangerously when he appeared before Magistrate William Brown in city court Tuesday.

The charge was laid after R. H. Bryan of Trail suffered a broken leg when struck by a car while crossing the road at the intersection of Baker and Hall Streets Dec. 5. The trial was adjourned to Monday.

Mr. Menelce testified that it was raining at the time and he did not see Mr. Bryan. When he and Mrs. Menelce heard a "bump" they looked back and saw a man lying on the road behind the car. Mrs. Menelce gave similar testimony.

Others testifying were F. J. Thompson, Shirley MacMillan, John L. Fredericks and Sgt. R. R. House.

Crown prosecutor was Leo S. Gansmer. Bruce Arnesen was defence counsel.

MANY FLOWERS IN TRIBUTE TO MRS. MARY HUME

Funeal services were conducted for Mrs. Mary Hume Tuesday afternoon by Very Rev. T. L. Leadbeater at the Thompson Funeral Home.

There was a profusion of floral tributes.

Two hymns sung were "Abide With Me" and "Lead Kindly Light." Mrs. W. A. Manson was organist.

Pallbearers were Jack G. Whiteside, Charles C. Rushby, William Heddle, Jesse Seaby, Fred Heddle, W. Lauritz. Interment was in the Masonic Plot, Nelson Memorial Park.

TRAIL PLANS SUNDAY SCHOOL CONVENTION

TRAIL — A number of local churches are co-operating in a regional Sunday school convention to be held in Trail Feb. 15 to 17. Host churches will be the Presbyterian church, the Pentecostal church, and the Salvation Army citadel. The convention is sponsored by the "Child for Christ Crusade" and is one of 12 being conducted in major centres of Western Canada.

Twenty-six different conferences and workshops will be offered on various phases of Sunday school and youth activities Friday and Saturday afternoons. There will also be evening meetings with sound movie films.

The principal convention speaker will be the Rev. Clate A. Risley of Chicago.

Juveniles' Joy Ride Over Quickly

TRAIL — Fast working RCMP Monday arrested two Princeton juveniles five hours after they allegedly stole a car belonging to A. J. Burwash of Trail. The youths, whose names were not released, were arrested by the detachment in Grand Forks which had been notified of the theft by police radio. The youths headed for the woods as the Grand Forks police approached the automobile but they were caught after a two-hour search. They will appear in Trail juvenile court.

BRITAIN SEEKS SLAYER

HOVE, Eng. (Reuters) — Thousands of detectives and uniformed policemen scoured England Tuesday for William Sanchez Hepper, frustrated artist in whose room an 11-year-old girl was found nude and strangled.

No Cutting on Watershed For Ski Run

Protection of the Shirley suburb watershed must come first before plans for a ski run members of Nelson Ski Club have been told.

Granite Road Women's Institute at their February meeting denied the club permission to cut trees to make a hillside run. Reserve on the watershed area makes it impossible for the skiers to act without permission of property owners.

The water supply couldn't be risked by acceding to the club's request, the Institute decided.

TWO CHARGED WITH CAR THEFT RELEASED

CRANBROOK — J. C. Holoboff and John Peterson, charged with theft of a car and held in custody since their committal for trial early in January, were found not guilty when they appeared Thursday in county court before Judge H. W. Colgan.

The car was the property of Mrs. Florence Jorgensen of Cranbrook, who reported it stolen Dec. 26. It was recovered at Osoyoos a few days later and returned to Cranbrook with the two occupants who claimed they had taken it with her permission. R. E. Read, prosecuted at the hearing and M. Provenzano represented the accused.

Appeals against the magistrate's rulings in two instances were heard at the same session, and the ruling in each case was upheld.

James Hallgren of Kimberley whose truck was involved in a collision in Cranbrook early in December with a car driven by Harry Kennelly, appealed against Magistrate Richard Shiell's guilty ruling on a dangerous driving charge that arose. Conviction and fine of $20 and costs was upheld. Mr. Provenzano prosecuted and F. W. Barry defended the accused.

Second appeal was against a civil hearing dismissal by Magistrate V. M. Bourne of Kimberley of a complaint by Mrs. Ivy Lord against William Lord, both of Kimberley concerning maintenance. M. Provenzano represented Mr. Lord and Mrs. Barry represented Mrs. Lord in the hearing.

NORTHERN POST

Oldest trading post of the Hudson's Bay Company on Hudson Bay, Rupert's House was built in 1668.

Former G. Forks Electrician Dies

Funeral services will be held in Victoria Friday for William John Shannon who died suddenly on Sunday at his home at Otter Point, Vancouver Island.

Born in Orangeville, Ontario, Mr. Shannon spent his youth there before coming west in 1900. His early married life was spent in Grand Forks where he was city electrician and other points in the Kootenays. He later moved to Vancouver and upon his retirement he settled on Vancouver Island.

Predeceased by his wife a year ago, he leaves five children, Mrs. W. H. Ashbury and Mrs. E. Robinson, both of Otter Point, W. C. Shannon of Vancouver, Group Captain J. D. Shannon of Ottawa, and Mrs. R. K. Campbell of Trail. There are ten grandchildren.

255 SERVED AT ROSSLAND TEA

ROSSLAND—At MacLean School annual tea and sale, tea was served to 255 guests. Proceeds go to the Junior Red Cross. Tea tables had Valentine centrepieces and the main table had a pretty lace cloth centered with a bowl of Spring flowers flanked by white tapers.

In charge of decorations was Miss Jean Hiltz, assisted by Miss Louise Smith, Miss Shirley Tindall and G. E. C. Polowy. Tea convener was Miss Audrey Gibson, assisted by Miss Leona Olson and Mrs. Evelyn Mason and Gordon Borkes. Pourers were Mrs. R. W. Nesbitt, Mrs. Frank Beinder, Miss Elsie Varcoe and Mrs. Gordon Griffen. The grade six girls served under the direction of Mrs. Louis Freeman. They wore pretty shaped aprons and heart trimmed caps.

Gordon Griffen made the tea. Mrs. Hazel Davidson was in charge of the bake table and Miss Elmarie Martin of the white elephant table and Miss Jean Hiltz of the candy table.

The dishwashing was attended to by the boys of Grade five classes under the supervision of F. Konin and G. F. C. Tolowy. Mrs. Harold Elmes was cashier.

STUDENTS PLAN TALENT CONTEST

Something new has been added. Nelson High School Radio Club is featuring a talent show on their program Thursday night and every two weeks afterwards. Five contestants will take part every program.

A phone number will be given at the beginning of the program and the radio audience will phone in after the program to extend their votes.

The program is sponsored by Hugh Herbison, teacher of the high school.

Heated Coal Damages Shed

ROSSLAND—Six fire alarms occurred in Rossland in January, according to the monthly fire department report to the city council but damage was only $100, which was covered by insurance.

The $100 fire took place January 7 when a piece of coal taken out of the cookstove was placed back in the coal shed and after several hours ignited, causing damage to the floor and walls of the shed.

-TAIPEH, Formosa (Reuters) — Some 14,000 anti-Communist Chinese ex-prisoners of war, recently arrived from Korea, took an oath of allegiance Monday to the Nationalist Chinese government. The oath-taking ceremony opened a 12-week "re-indoctrination" course. After that the men will be free to join the Nationalist army or become civilians.

Okanagan Organizes Drive for Lake Bridge

KELOWNA — An Okanagan Lake bridge committee under the chairmanship of C. E. R. Bazett will be set up by the Kelowna Board of Trade.

President J. K. Campbell stated that a "definite plan of action will be formulated to encompass the entire district."

This week's meeting will be devoted entirely to the bridge question.

Support for the bridge has been received from a wide area.

Formation of a valley-wide committee will likely follow, and it is expected that support from Revelstoke and Kamloops will also be forthcoming as the proposed bridge will serve the network of Okanagan and Trans-Canada Highways.

30 SUPPORTING GROUPS

Nearly 30 organizations have endorsed the bridge.

Prime objective of the bridge committee will be to solicit the support of all the interior organizations and individuals.

Penticton Board of Trade has appointed a special committee to investigate the matter.

It was pointed out that united effort brought the Okanagan Flood Control project and similar co-operation was needed for the bridge.

GOT HIGHWAY

Board vice-president W. B. Hughes-Games commented "We worked hard to help get the Hope-Princeton Highway," and suggestion it was now time for the whole Okanagan to unite in getting a bridge.

Nine Freedomite Truants Sought

Welfare officers and RCMP patrols are seeking nine Sons of Freedom Doukhobor school truants believed hidden by Freedomite families in snow-plugged hills around Krestova.

Court orders have been issued under the Protection of Children Act which will place the children in provincial welfare custody at New Denver when they are found.

An end to Freedomite school truancy is a key project in the Provincial Government's long range program in dealing with the Freedomite dilemma. Strict enforcement of all laws was promised by Attorney-General Bonner as the program took effect.

Welfare officials have asked RCMP to watch for the children through periodic checks.

School truancy investigations have not moved right into Krestova the Freedomite's main stronghold, as first concentration is given to fringe areas in the Slocan and Kootenay Valleys.

FOR PEACEFUL REHABILITATION

Ex-RCMP special constable Ralph McIntosh started work as special Freedomite truancy officer in the Kootenays Feb. 1, after the resignation of Reg. N. Mawer.

Back home in Vancouver Mr. Mawer said his resignation was for "personal reasons."

He proposed a program of "peaceful rehabilitation" instead of rigid current law enforcement. Mr. Mawer said his plan, suggested as a gradual replacement for current actions, would involve rehabilitation of individual families — moving them from villages at a steady rate.

IT MAY BE YOUR LIVER

If life's not worth living it may be your liver!

It's a fact! It takes up to two pints of liver bile a day to keep your digestive tract in top shape! If your liver bile is not flowing freely your food may not digest . . . gas bloats up your stomach . . . you feel constipated and all the fun and sparkle go out of life. That's when you need mild gentle Carter's Little Liver Pills. These famous vegetable pills help stimulate the flow of liver bile. Soon your digestion starts functioning properly and you feel that happy days are here again! Don't ever stay sunk. *Always* keep Carter's Little Liver Pills on hand. 87¢ at your druggist.

Trail Doctor Wins Scholarship

TRAIL — Robert Vincenzo DeVito of Trail has been named one of 102 outstanding graduate students from 27 countries to receive a Rotary fellowship for advanced study abroad during the 1954-55 school year.

Granted by Rotary International, world-wide service club organization, the award was made by a committee of Rotarians from Uruguay and the United States, meeting at Rotary headquarters in Chicago.

Dr. DeVito's application for the fellowship was endorsed by the Rotary club of Trail. He will study neurophysiology in Europe.

Born in Trail in 1927, he is married.

Following study at the School of Medicine of the University of Washington in Seattle, he received the Doctor of Medicine degree in June, 1953.

He is now interning at the King county hospital in Seattle, and is serving as a research assistant in the anatomy department of the University of Washington.

Retired Miner Dies at Rossland

ROSSLAND—Anton (Tony) Radich, well known oldtimer of Rossland, died at Rossland hospital Tuesday at the age of 65.

Mr. Radich was born in Austria. He worked for the CM & S and was a retired miner.

His wife, Slavka, and two daughters, Miss Kathleen Radich and Mrs. Eido Cantarutti, all of Rossland, survive. He was predeceased by his son Peter about nine years ago.

Requiem mass will be sung by Monsignor A. K. McIntyre at the Sacred Heart Church in Rossland Thursday morning.

MINK MEAT TRUCKED IN

NAKUSP — District mink farmers are bringing mink meat feed into Nakusp area by trailer trucks from Calgary. First shipment was received a month ago and the second last week. New method of transporting the feed is hoped to reduce freight rate, and speed up *delivery.*

SUMMITS' ROAD CONDITION GOOD

GRAND FORKS—Road over the summits is in good condition according to Grand Forks Public Works Department. Sunny weather during the past week has melted much of the snow. Between 15 and 20 cars travel the highway each day, it is estimated.

A road survey crew is working out of Grand Forks doing preliminary survey work for a road in the Christina Lake area.

Cominco President To Be Trail Visitor

TRAIL—R. E. Stavert, president of the Consolidated Mining and Smelting Company of Canada Ltd., is scheduled to visit Trail Feb. 17. In Vancouver over the weekend, he is now in Victoria.

Meanwhile another Cominco executive, W. S. Kirkpatrick, vice-president, of Montreal, and a direct of the company, is in Mexico heading an eastern Canada chamber of commerce delegation meeting with Mexican importers and exporters for trade talks.

W. J. Borrie, president of the Canadian chamber of commerce, headed a western group which arrived in Mexico by a Canadian Pacific Airlines plane from Vancouver. He told reporters that he expects trade between Mexico and Canada to increase.

Mr. and Mrs. R. W. Diamond returned to Trail Sunday from a month's holiday in California.

H. Chester Heads Experimental Station

CRANBROOK — Herb Chester, well-known official of the Dominion Experimental Station at Lethbridge and a Cranbrook-raised man has been appointed superintendent of the station.

Mr. Chester has been acting superintendent of the station since retirement late last summer of Supt. A. E. Palmer.

CHARGE LAID IN WARDNER HOME ENTRY

CRANBROOK — Eric Anderson was arrested by RCMP Sunday at Bull River and charged with breaking and entering with intent to steal. Alleged offence occurred about three weeks ago when forced entry of a dwelling at Wardner was reported and an arrest warrant was issued. He will appear for preliminary hearing on the charge later this week.

Other IWA workers returned to work Monday in Kootenay-Boundary.—H. M. Buckna photo.

Amendment Asked to Let Approved Dentists Come Without B. C. Exams

NAKUSP — A special meeting of the executive of Nakusp Chamber of Commerce was held at the home of Howard Jeal when it was decided to make an all-out effort to get Dr. H. A. Banks of Calgary, dentist, to come to Nakusp to practice. He had visited the community the previous week and expressed himself as willing to come, but disliked the necessity, trouble and expense of writing the exams necessary to get a licence to operate in the Province.

The meeting decided to send a resolution to the Associated Boards of Trade, the Lower Arrow Lakes Board of Trade, Central Farmers Institute, Randolph Harding, MLA, and others; also a letter to the Minister of Public Health, asking their support to amendment of the Health Act, to allow a dentist who has passed the Dominion Council's examinations, to practice in the Province of British Columbia.

Some plans were formulated for the annual Variety Show, which will be held early in March. Fifteen numbers will be arranged and every member of the executive is expected to arrange a number. The assistance of the community is being asked in providing numbers and in attending the show.

MRS. H. JACKSON DIES AT TRAIL

TRAIL — Mrs. Lorna Jackson, 2170 Daniel Street, died Sunday evening at Trail-Tadanac Hospital. She was born in 1886 in Taunton, Somerset, England.

She was predeceased by her husband Herbert in July, 1953. Sole survivor is a brother Edward Shire of Trail.

A member of the Legion Ladies' Auxiliary, Mrs. Jackson assisted her husband in the task of sending parcels of cigarets to men serving overseas during the war.

Requiem mass will be sung by Rev. David O'Carroll in St. Francis Xavier church Wednesday morning.

Lars Wik Dies At Cranbrook

CRANBROOK—Funeral services will be held today at McPherson Funeral Home here for Lars Wik, who died at the Nelson Lee rooming house Friday night.

He was born in Norway 75 years ago and came to Canada in 1914. He had lived in Cranbrook district since 1916 and for the past 16 years in Cranbrook where he was intermittently employed by the city works department. He had no relatives here, but is survived by nephews in Saskatchewan.

THREE FINED FOR HOTEL DISTURBANCE

CRANBROOK—Hostilities which broke out at a downtown hotel on January 30 and resulted in charges against three persons, were discussed at city court hearings Monday and all three pleaded guilty to causing a disturbance. James and Joe Allison of Cranbrook were each fined $10 and $4.50 costs, and James Donald Green of Creston was fined $20 and $4.50 costs.

Nelson Compensation Board Office One of Victoria Delegation's Aims

TRAIL—Albert King will be one of a delegation of four Mine, Mill union officials to meet the provincial cabinet in Victoria Friday, Mr. King, who leaves here Wednesday evening, declared that the number one item on his agenda will be to protest the "shilly-shallying" of the Workmen's Compensation Board and seek the establishment of a board office in Nelson to deal with *West Kootenay claims.*

Other members of the delegation will be from the union's district headquarters in Vancouver. K. A. Scott, president of the Canadian council; Harvey Murphy, regional director, and E. A. Walker, secretary, will call on the cabinet.

Meanwhile Mine, Mill union members in Butte, Montana, won the first round in a legal battle against the Steel Workers of America. According to an Associated Press report, District Judge John McLarnin restrained the CIO union from "interfering in any way with possession" of the Butte miner's hall.

Members of the Mine, Mill union reclaimed possession of the hall *Jan. 31* when they ousted the steel union. A pro-steel union faction in the Mine, Mill union had earlier taken possession of the hall.

The judge directed both unions to press for a National Labor Relations Board referendum to enable the Butte miners to decide in a "free and secret ballot" which union would represent them.

He also said that in case of the "failure, refusal or inability" of the NLRB to conduct such an election by March 1, the court will appoint an impartial board of its own, including a representative from each union.

Judge McLarnin's decision Monday came in a suit by John Clark, Mine-Mill president, and other *officials against Joe Mason,* president of the Butte local of the steelworkers.

The court said the order was issued "to avert a clear and present threat to the peace and quiet of this community."

AUSTRALIAN BUSHMEN DO NOT WEAR HEARING AIDS!

HEARING AIDS represent progress in civilization. They are a badge of intelligence and consideration on the part of the wearer, and that's too much to expect of an Australian Bushman.

Now here's the important question: Are you or some hard-of-hearing friend *acting* like a Bushman by not wearing a hearing aid?

Some people in our highly civilized society refuse to wear a hearing aid because of their enslavement to false personal vanity. These otherwise intelligent men and women *think* that they can hide their hearing loss. They don't realize, or want to admit, that their deficient hearing is obvious—*and a tremendous burden*—to friends and associates who have to repeat and shout *to make themselves understood.* Their deafness is more obvious *without* a hearing aid than with one.

Because they cannot hear, these people give the impression that they are dull and backward . . . many lose their friends . . . lose their jobs . . . even jeopardize their lives and the lives of others because while driving autos and crossing roads they miss the warning sounds and signals that guide us safely through everyday life.

We are sure you'll agree: *that's an enormous price to pay for false vanity!*

If you have been a "hesitant" hard-of-hearing person, we urge you to join the hundreds of thousands of progressive people wearing Zenith Hearing Aids. You will be helping *yourself* to a fuller, happier life. And you will be removing the burden of your hearing loss from *others around you*—they will appreciate your consideration.

NEW 3-TRANSISTOR ZENITH "ROYAL-T"® IS CANADA'S GREATLY-WANTED HEARING AID

The small, smartly-styled "Royal-T" operates for only 18¢ per month instead of $4.50 to $9.00 a month for vacuum-tube aids. Greater-than-ever clarity! One tiny, 18¢ "A" battery operates the entire aid for a full month in average use—no "B" battery, no tubes! Only $135 (bone conduction accessory at moderate extra cost). 10-Day Money-Back Guarantee. *You can't buy a better hearing aid at any price...ask any Zenith owner.*

See classified telephone directory for name of nearest Zenith Dealer. Or write for literature and local dealer list: Zenith Radio Corporation of Canada, Ltd., Dept. BG5, 1165 Tecumseh Rd., East, Windsor, Ontario, Canada.

Amanda Bests Ann

To the Editor of The Times, London:

In submitting my annual statement of the 10 most frequently selected Christian names given to children whose birth was announced on the front page of The Times, it is of interest to observe that in 1953 Ann (e) was deposed from the first place for girls after a lengthy period of supremacy. A newcomer to the favorites for girls is Amanda, a poetical name of the first Elizabethan age.

The figures for 1953 are:

Boys			Girls		
John	(1)	157	Mary	(2)	138
David	(2)	103	Ann (44) or Anne (89)	(1)	133
Richard	(3)	93	Elizabeth	(3)	119
Charles	(5)	86	Jane	(4)	105
Michael	(7)	80	Margaret	(5)	77
Peter	(6)	77	Susan	(7)	70
Andrew	(9)	72	Caroline	(6)	55
James	(4)	68	Sarah	(8)	51
Nicholas	(8)	58	Clare	(15)	30
Christopher	(12)	54	Amanda	(12)	29
Robert	(12)	54			
William	(11)	54			

The figures in parenthesis indicate the places occupied in the list for 1952.

Among other Christian names that showed increase in popularity in 1953 were Jeremy and Jonathan for boys, and Louis and Patricia for girls. On the other hand, Anthony, Julian, Roger, Simon, Diana, Janet, Jennifer and Miranda receded in favor.

I remain, Sir, yours faithfully,

J. W. LEAVER.

Cranmore 45, Park Ave.,
Ruislip, Middlesex.

Blood Donations Will Fight Polio

Red Cross Blood Donor Clinics this year will be seeking additional blood donations for gamma globulin, the remarkable new treatment for dread poliomyelitis.

Gamma globulin, whose effectiveness in its use against the crippling polio has been proved again and again, can be made only from human blood, and the Canadian Government, looking to next summer, the "season" of polio, has asked the Red Cross to get all the blood it can, to be made into g.g.

Polio is no respecter of persons. It aims at children, and inoculation of them with g.g. before the season arrives is the aim of government health authorities. To accomplish this, it is obvious that thousands of donations must be obtained.

LETTERS TO THE EDITOR

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Drop Fourth Team From Playoff, Make Known Players' Pay

To the Editor:

Sir—I have read so much in the sports columns regarding saints and devils in various players, predominantly Bobby Kromm, that I am beginning to think the publicity Kromm is receiving is a little overpowering the situation.

It would appear by the reports of the Jan. 30 "farce" that he was a regular villain, but I am afraid it is asking too much to expect him to stand and smile while Bruno Pasqualotto takes at least three swings at him. Nobody can honestly say that he wasn't struck at least three times before defending himself. And if anyone cares to notice Bruno on the ice, you will see that if any opposing player ever brushes against him he swings around, ready to fight, and completely ignores the actual play.

Don't think I regard Kromm as an angel. To all appearances he would sooner fight than eat. He is not alone in this department, and his ability to play outstanding hockey is heavily in his favor. Let's not have so much bawling about the referees. The Jan. 30 game was handled expertly, and you are never going to get better refereeing for any price. All we need for better hockey is to drop the bottom team from the playoffs and let the second and third play off to meet the first in the finals, and then there will be something to play for.

And why not make public the players' wages, so the people can decide if they are fair or not? After all, we are paying them—partly at least. Seems to me Appleton and the Koehle brothers should be the highest paid for Nelson.

S. A. MYERS.

Box 367, Nelson.

Forbid Them Not

To the Editor:

Sir—The Hans Christian Andersen film recently shown at Creston, and greatly admired, has awakened early memories of a song published some 70 years ago:

THE NEW KINGDOM

Two little friendless children, comrades more than a year;
One sold flowers by the door steps, the other swept a crossing near.
She was a staid little lassie, her hair kissed gold by the sun;
He was a curly-haired laddie, brim full of laughter and fun.
And when the lights from the city told that the night had come,
She would tell him a wonderful story she had heard—of a Kingdom called Home.
Roses that cost not a penny grew in her garden fair;
Lilies that never faded grew in winter there.
Over a golden threshold, children were always at play;
Nobody sang for money, so nobody sent them away.
And when she had finished her story, they wished that stranger would come,
And show them the beautiful pathway that leads to the Kingdom called Home.
One night when the snow was falling, he came for the old sweet tale;
But her voive began to falter, her face grew wan and pale.
One kiss on the gold-crowned forehead; he knew that the stranger had come
To show her the beautiful pathway that led to the Kingdom called Home.

The showing of this beautiful picture has awakened youthful, memories among the people of Denmark. One in our midst now is giving her spare time in making of artificial roses.

Was it not true that the greatest Teacher we have ever had rebuked His disciples publicly for trying to send the children away, saying, "Forbid them not, for such is the Kingdom of Heaven."

G. T. MOIR.

Creston, B. C.

Your Horoscope

Average good fortune is indicated for you in the next year, but be tactful and diplomatic. A profound intelligence, strong will and much good nature, bringing popularity, seem most likely for the child born today.

Reader, Nelson—Do you know any amusing games suitable for a grown-up birthday party?

We are a little low on information of this kind, as so far our experience has been limited to straws and pork-and-beans, and toothpicks and life-savers. For the first, place an uncooked bean on one chair at one end of a room and at the other end place a second chair. Then, with the straw in mouth, inhale a breath, pick up the bean, rush across the room holding your breath, and park the bean on the other chair. The trick, of course, lies in holding the breath. If you let it go one tiny bit the bean falls off. For the second piece of fun, take a toothpick between the teeth and hang a life-saver on it; your job is to transfer the life-saver to your opponent, who also has a toothpick between the teeth. There are also games made up of writing down a long word and making other words out of it—the more the merrier, and the most the prizewinner. Perhaps other readers have ideas?

E. A., Cranbrook—Please advise me where I can obtain a book that contains calories in all foodstuffs?

Most standard cookery books contain this information, such as the White House Cookery Book, The American Women's Cook Book, and so forth, obtainable at any book store or drug and book store.

Reader, Kimberley—Have Ymir Yankee Girl mine stocks any value?

We are informed they have no value.

C. S., Deer Park—A man who can't read or write is unable to get a driver's licence in the United States. Can a man who cannot read or write get a driver's licence in Canada?

An applicant for driver's licence in Canada must be able to read the questions on the examination papers put before him, and also to read all signs on highways and district roads.

One Man Edgewise

It is 145 years since Simon Fraser of the North West Company discovered the river that bears his name.

What would he say if he came down through the Fraser Canyon today?

In 1808 he wrote:

"We had to pass where no human should venture. Yet in those places there is a regular footpath impressed, or rather, indented upon the very rocks by frequent travel. We had to pass many difficult rocks, defiles, precipices, through which was a kind of beaten path traversed by the natives, and made possible by means of scaffolds, bridges, and ladders, so peculiarly constructed that it required no small degree of necessity, dexterity and courage in strangers to undertake.

"For instance, we had to ascend precipices by means of ladders composed of two long poles placed upright with sticks tied crossways with twigs: upon the ends of those others were placed, and so on to any height: add to this that the ladders were often so slack that the smallest breeze put them in motion, swinging them against the rocks, while the steps leading from scaffold to scaffold were often so narrow and irregular that they could scarcely be traced by the feet without the greatest care and circumspection. But the most perilous part was when another rock projected over the one we were clearing. The descents were, if possible, more difficult: in those places we were under the necessity of trusting our things to the Indians—even our guns were handed from one to another. Yet they thought nothing of it: they went up and down these wild places with the same agility as sailors do on board a ship."

—Government News.

It's Been Said

If a man love the labor of any trade, apart from any question of success or fame, the gods have called him.—Robert Louis Stevenson.

Subdividers cutting out trees irk the North Vancouver (B. C.) North Shore Press, which says: "Several cases of subdivisions being 'denuded' have been witnessed to date, and it is high time that this practice is stopped."

Today's Bible Thought

All time in civilized lands is dated from his birth, yet he came in the form of a servant and performed humble, indeed menial, tasks.

Inflated egotism characterizes very little men, not really great ones.

Jesus . . . began to wash the disciples feet.—John 13:5.

I don't know what ails folks, but I do know this. There's somethin' bad wrong when so many manufacturers can get rich sellin' headache cures.

Capital Memo

BY JAMES K. NESBITT

VICTORIA—Next Tuesday the guns will roar and Lieut.-Governor Clarence Wallace will arrive at the Legislative Buildings to open another session of the Legislature.

There'll be the usual fuss and feathers, all the pomp and circumstance—the big show that this capital loves so dearly.

That night, at Government House, the lights will gleam, and B. C.'s top officialdom will sit down to dine in the State dining room with the Lieut.-Governor. The State Ball will follow.

The annual state ball causes many an ache in the breasts of socially ambitious people. Just about everybody wants to go to the State Ball, Victoria's most glittering social function. But there's only room for 500 to dance comfortably in the ballroom, and so many people are disappointed.

At this period of year some people absent themselves from the capital. They go to California, so that if someone should ask them: "Were you at the State Ball?" they may reply, "Oh, no, my dear—we couldn't go—our annual vacation in the South, you know." When all along they weren't invited.

NOT A DEBATE

In time-honored fashion the session will drag along for almost a month, as member after member rises to take part in the Throne Speech debate. Everybody will say that, isn't all the talking awful and that it should be stopped, but, of course, everybody will keep right on talking, hoping in this way to make an impression on the folks back home. Then will come the budget, and then the speechifying will start all over again in the budget debate, in which the budget will hardly be mentioned at all. This is just an excuse to make speeches. And it won't be a debate. There'll be few interruptions to members' set speeches.

The government's legislative program is a bit hazy yet. Premier Bennett seems determined to make this what he calls "a P.G.E. session." He's set on starting the Squamish-North Vancouver extension; it'll get under way by June and take 18 months.

There shouldn't be too much in the way of politics discussed at the session. A general election's a long way off! The Liberals, naturally enough, will crow about their victory over Finance Minister Gunderson in the Victoria by-election last November. They'll rub it in, and Social Crediters will have to sit there and take it. They'll reply that Liberals and CCF'ers ganged up to beat Mr. Gunderson. A new kind of coalition, will say the Premier—a coalition between Liberals and the CCF. Mr. Bennett always says that when he sees Liberals and CCF'ers joining against Social Credit.

And there'll be the usual questions from the opposition — about what on earth is Social Credit anyway. Health and Welfare Minister Martin will attempt to explain, but Mr. Bennett and his attorney-general, young Mr. Bonner, who don't know what Social Credit is, and don't care either, will shush Mr. Martin. They don't want Mr. Martin making any theoretical speeches about Social Credit. Mr. Martin has a way of getting the government into hot water when he makes a pop-off speech.

Some back-bench Social Crediters are said to be somewhat annoyed with the government. They think the government does too much without consulting the back-benchers.

Here's a case: some SC back-benchers think they should have been consulted before the Premier announced that the 10 per cent tax on drinks by the glass would be thrown out. It's known Mr. Chant, a former Alberta cabinet minister, who thinks he should now be in the B.C. cabinet, is particularly annoyed, and may attempt to lead a bit of a revolt against the Premier.

However, back-benchers always feel that way about the government they support. They feel they should be consulted on every government move. This, however, is nonsense; how can it be done?

If that were done the MLAs would have to be in session day in and day out. A government is elected to make decisions, and recommendations to the Legislature. It shouldn't have to get in touch with every MLA before it can move.

But in caucus, there are always back-benchers who like to get up and howl about dictatorship in the government they support. These howls leak out, and so gets around the buzzes that there's revolt in government ranks. However, it's never anything to worry about.

Tell Grim Story Of Snow Wastes

ANCHORAGE, Alaska (AP) — What is it like to be hurled into space and marooned on the snowy wastes of Alaska?

Six airmen who were catapulted into the air last Friday when a United States air force C-47 "disintegrated" in flight have told of their experience.

They were among 16 men on the plane. Searchers have found the bodies of three. Seven are still missing, among them Lt.-Col. W. West-Watson of the British joint military services mission on the U.S. army staff at Washington.

A ground party which battled deep snow 15 miles to the scene of the crash from the little town of Curry, 75 miles northeast of here, Monday night reported it had found three bodies.

The six rescued men talked with reporters at nearby Elmendorf air force base after being flown to safety.

All six suffered exposure, shock and various cuts and bruises when they parachuted into the blizzard-bound wilderness.

None of them could explain the accident, which happened on a flight from Elmendorf to Fairbanks, 275 miles to the northeast.

HIT DOWN-DRAFT

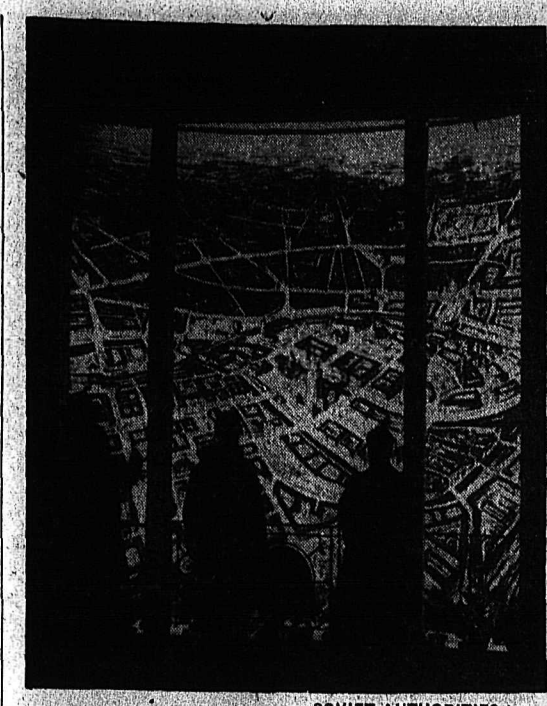
Airman Edward J. Fox, 22, who was lying on a pile of baggage when disaster struck, said: "We seemed to hit a down-draft and the next thing I knew I found myself in the air. I looked down and saw the plane and some of the other guys flying underneath me. I pulled the cord on my parachute and landed."

Three survivors were picked up at the site of the wrecked plane. They had joined in after reaching the ground and walked through snow to the smashed craft for Arctic survival gear and food rations.

The other three were spotted 15 miles from the scattered wreckage of the C-47, wallowing through deep snow.

Both trios constructed makeshift shelters and huddled together Friday night in below-freezing temperatures awaiting dawn and rescue.

Two veteran Alaska bush pilots, Cliff Hudson, and Don Sheldon, played key roles in the rescue. Hudson first sighted the downed plane late Friday. His find spurred the search and Sheldon later landed his light plane twice in a blinding snowstorm to take survivors to safety.



SOVIET AUTHORITIES turned on the charm for the Big Four foreign ministers conference, according to western newsmen who say that everyone was bewildered by it all. For example, champagne and caviar are on the menu, left, for the correspondents in the East Berlin press centre. Visitors were taken on a tour of the East Berlin city hall exhibit of Bulgarian art. Above, a guide explains to visitors how future Berlin looks on Communist charts. The sketch gives the illusion of looking at an actual view of the city from a window.

BABY'S COLDS

Help Nature To Fight Them Off

Medical Science denies there is any such thing as a cure for colds—only Nature herself can do it. So when baby's sniffles, or stuffy breathing warn you of a cold's presence—cooperate at once with Nature.

See that baby is kept warm, gets plenty of sleep and take extra care that the bowels are thoroughly cleared of harmful wastes. To do this without upsetting baby's whole system and further weakening it, try Baby's Own Tablets. Mild, yet act promptly in getting rid of irritating materials that make baby restless and feverish.

One Nova Scotia Mother says: *"My baby of 26 months caught a nasty cold so I tried Baby's Own Tablets and she threw this cold off quicker than ever before. I certainly am for Baby's Own Tablets from now on."* Equally good for restlessness and peevishness resulting from irregularity at teething time, for constipation, digestive upsets and other minor infant troubles. Get a package today at drugstores.

Salads Lend Variety To February Meals

By MARGARET CARR

It gives me such a nice feeling to look out the window at 6 o'clock in the evening and be able to actually see. And it's now when I know Spring can't be too far away, that I suddenly begin to enjoy the Winter. For February, I find is usually a pretty nice month with lots of warm sunlight, and the after-Christmas colds finally gone from our midst.

Right about now the family seems to particularly enjoy salads in any way, shape or form. Children and grown-ups too enjoy their meals so much better when there is plenty of variety in their daily menu and salads make a welcome change from the usual stew and pot roast.

OLIVE TOMATO ASPIC

1 bouillon cube
2 cups tomato juice
¼ bay leaf
3 or 4 whole cloves
1 slice onion
1 envelope gelatin
2 tablespoons cold water
1 tablespbon lemon juice
½ teaspoon salt
Black pepper
1 cup ripe olives
½ cup diced celery
Salad greens
Mayonnaise
Hard-cooked eggs

Combine tomato juice, bouillon cube, bay leaf, cloves and onion, and simmer 15 minutes. Strain. Measure 1¾ cups. Soften gelatin in cold water and dissolve in hot tomato mixture. Add lemon juice, salt and pepper. Cool until slightly thickened. Slice ½ cup olives into large pieces. Fold diced olives and celery into thickened gelatin. Turn into oiled moulds or loaf pan and chill until firm. Unmould on salad greens and garnish with mayonnaise, sliced hard-cooked eggs and remaining olives. Serves 6.

COTTAGE CHEESE SOUFFLE SALAD

1 package lemon gelatin
1 cup hot water
½ cup cold water
1½ tablespoons vinegar
½ cup mayonnaise
¼ teaspoon salt
Dash of pepper
1 cup chopped raw spinach
¾ cup cottage cheese
1/3 cup diced celery
1 tablespoon chopped onion

Dissolve gelatin in hot water. Add cold water, vinegar, mayonnaise, salt and pepper. Blend well with rotary beater. Pour into refrigerator freezing tray. Quick-chill in freezing unit of refrigerator (without changing control) 15 to 20 minutes, or until firm about 1 inch from edge but soft in centre. Turn mixture into bowl and whip with rotary beater until fluffy. Fold in spinach, cottage cheese, celery and onion. Pour into individual moulds. Chill until firm in refrigerator (not freezing unit) 30 to 60 minutes. Unmould and garnish with salad greens and tomato wedges. Serve with additional mayonnaise. Serves 4 to 6.

FRUIT SALAD WITH LEMON CREAM MAYONNAISE

2 oranges, peeled and sliced
½ pound grapes
1 grapefruit, peeled and sectioned
1 red apple cut in wedges
Salad greens

Arrange chilled fruit on serving platter or individual salad plates. Serve with lemon cream mayonnaise, made by combining 1/3 cup mayonnaise, 1½ tablespoons icing sugar and 1/16 teaspoon salt. Whip 1/3 cup heavy cream and fold into mayonnaise. Makes 6 servings.

Vivien Leigh Breaks Wrist, To Take Rest

LONDON (AP) — Actress Vivien Leigh was ordered Tuesday to take a short holiday from the stage after breaking her wrist during a performance Monday night of her latest London smash hit.

The 40-year-old star slipped and fell five minutes after the curtain went up on "The Sleeping Prince," but played the show through before being taken to a hospital.

Her husband, Sir Laurence Olivier, who co-stars in the play about an American show girl in London in the early 1900s, was at her bedside for most of the morning.

He said he had been unaware that his wife had injured herself, noticing that something was wrong only when Miss Leigh failed to take off a pair of white gloves as directed in the script.

It was not known how long Miss Leigh will be off the stage. Meantime her understudy will fill in.

Movie Gossip...

Peter Lorre, Back in Hollywood, To Appear in Next Disney Film

By BOB THOMAS

HOLLYWOOD (AP)—The title of this story is "The Ghoul Goes West," and concerns my favorite living Charles Addams character, Peter Lorre, who is back in filmville after a considerable absence. A little man with a large sense of humor, he takes a wry view of his own fortunes.

Lorre left town four years ago for a number of reasons. For one thing, the film business was in a slump. Also, he had long wanted to set up his own film team to make movies but couldn't manage to do it here. But most of all he wanted to escape being a Peter Lorre type.

MOST IMITATED

"In England, where I went highbrow and did some readings of Edgar Allen Poe and others, they billed me as 'the world's most imitated actor,'" he reported. "And it's true, I guess. I'm easy to imitate. All you need are the soft-boiled-egg eyes and the bedroom voice. The imitators would be run out of business if it were not for myself, Edward G. Robinson, Jimmy Cagney, Ronald Colman and a few other easy marks."

He laughed about the old Spike Jones record, "My Old Flame," which featured a Lorre imitator.

"Some people even said that I had come to a pretty low point when I had to do such work as that," he said.

He recalled appearing on a radio show with Spike. His mimic faced Lorre and was supposed to do the number, but couldn't emit a sound. He was that scared.

Lorre's European jaunt helped him vacate the pigeonhole Hollywood had stuck him into. He realized his ambition of setting up his own production team and made "The Lost One" in Germany. It has already won a number of international awards.

He made a couple of films in England and then teamed up with his old "Maltese Falcon" pals, Humphrey Bogart and John Huston in "Beat the Devil," which was filmed in Italy.

"That one was a healthy departure from my Hollywood roles," he commented, "and so is my next picture. I'm going to do '20,000 Leagues Under the Sea' for Walt Disney, and the role is not a heavy at all."

Win a '54 Ford Skyliner!

plus special bonus prize of 250 gallons of gasoline!

3 CONTESTS...3 CARS... 231 OTHER PRIZES!

Still time to enter 2nd and 3rd Contests

2nd Contest starts February 7, ends midnight February 20, 1954.

3rd Contest starts Feb. 21, ends midnight March 6, 1954.

(1st Contest ended midnight February 4, 1954.)

78 prizes given away every 2 weeks!

1st PRIZE New 1954 Ford Skyliner, plus 250 gallons of gasoline as a special bonus prize if 2 Parkay "yellow end flaps" accompany your entry.

2nd PRIZE Westinghouse DFR-84 "Frost Free" Refrigerator.

3rd PRIZE Combination Radio-Phonograph, or 21" TV Set.

4th PRIZES 10 Westinghouse Roaster Ovens.

5th PRIZES 15 Westinghouse Steam-Dry Irons.

Plus 50 prizes, each consisting of 6 pairs of "Powers Model" 60-Gauge Nylons.

A FUN CONTEST FOR THE WHOLE FAMILY!

If you owned a parrot, what would *you* name it? That's the problem The Great Gildersleeve and his pals are up against!

They don't want to call it "Polly." That's too ordinary. So Gildy is calling on his Canadian friends to help out with an appropriate name for this green-feathered pet.

Your whole family will have fun suggesting names—and you may win a wonderful prize. See listing at left.

Here's all you do: Go to your grocer's and buy a package of Kraft's delicious Parkay Margarine. Tear off the yellow end flap and mail it to Parkay with your suggested name for the parrot. Use the entry blank on this page or obtain extra entry blanks with complete rules from your grocer.

You can enter as many names as you wish.

BONUS PRIZE FOR FORD SKYLINER WINNERS

It's easy to qualify for a special bonus prize. Just include with your entry the yellow end flap from two (2) packages of Parkay Margarine instead of one. Then if your name for the parrot is awarded a first prize, you will receive a bonus of 250 gallons of gasoline for your shining new 1954 Ford Skyliner.

(Your entry will receive the same consideration for First Prize if only one end flap is enclosed. The only difference is you will not be eligible to receive a special bonus prize of 250 gallons of gasoline.)

KRAFT'S PARKAY spreads smoothly even when ice cold!

You'll love the way Kraft's Parkay Margarine tastes! And you'll love the way it spreads—even when you take it ice cold from your refrigerator! Grocers carry Parkay in handy Color-Kwik bag, regular 1 lb. pack and 2 lb. economy size.

Don't delay! Enter today! Enter often!

CLIP THIS ENTRY BLANK TODAY!

Mail to Parkay Margarine, Box 2310, Terminal "A", Toronto, Ontario. Enclose the yellow end flap from any package of Parkay Margarine. To be eligible for the special bonus prize of 250 gallons of gasoline for Ford Skyliner winners, enclose two yellow end flaps.

My name for the parrot:
My own name:
Address:
City: Prov.
Grocer's name and address:

Get additional entry blanks from your grocer or use plain pieces of paper.

Sectarian Dispute Mars Royal Color Ceremony

CANBERRA (AP) — Prime Minister R. G. Menzies Tuesday personally intervened in an effort to settle a sectarian dispute which threatens to mar the Queen's presentation of new colors to the Royal Military College of Duntroon Feb. 17.

Forty Roman Catholic students have been told they cannot attend the presentation parade without violating their church law unless the army modifies plans for the Anglican chaplain-general to consecrate the colors before the Queen presents them.

SEEK SOLUTION

Menzies conferred in Melbourne with senior Catholic chaplains in an effort to seek a solution but refused to make a statement afterwards.

Meanwhile senior public servants who are members of the Catholic church announced that they are returning the government's invitations to watch the ceremony. The Canberra parish administrator said no direction had been given in parish churches but his parishioners knew their churches' view and he "presumed they would decline."

Explosives Found In Mailbox

LONDON (Reuters)—A stick of high explosive gelignite dropped in a mailbox here Tuesday aroused special police precatuions against the possible spread of a Scottish Nationalist bomb-planting campaign to London.

Police removed the explosive from a west London mailbox safely after receiving a mysterious telephone call of warning. But the lack of any detonating attachment convinced Scotland Yard authorities that the incident was intended merely as a demonstration.

Up to now the British capital had escaped the bomb-planting tactics of the radical Scotsmen, but a number of mailboxes bearing the royal cypher of "E II R" have been demolished by explosives in Scotland.

Page Diogenes . .

TOKYO (AP)—A Japanese street sweeper sorting a pile of roadside trash Tuesday uncovered a bundle containing 800,000 yen—about $2000, or roughly his pay for 13 years. Juji Nakadai, 34, turned the money over to police, who restored it to a Chinese business man. Nakadai was given a reward of 80,000 yen.

PHONE 144 FOR CLASSIFIED

Mrs. Fairclough Finds Members "Thin-Skinned"

OTTAWA (CP)—Mrs. Ellen Fairclough says the Commons is becoming "namby-pamby" and members of the cabinet too thin-skinned.

Mrs. Fairclough, Progressive Conservative member for Hamilton West, made the comment Monday night during debate on a government bill to increase first-class postage rates one cent an ounce.

She withdrew a statement that Postmaster General Cote had been "purposely misleading" in replying to a question asked by Frank Lennard (PC, Wentworth).

BEWILDERED LADY

She added:

"I am becoming so used to the thin skins of government members that I would hesitate to cause them any inconvenience or worry. If my remark does not meet with the minister's approval then I am very sorry. . . .

"I must say, though, that it amazes me—just amazes me—the things they can dish out and the things they cannot take. It seems to me we are getting . . ."

Acting Prime Minister Howe:

"It's wonderful to be a woman."

NAMBY-PAMBY

Mrs. Fairclough: "It seems to me we are becoming a very namby-pamby crew. When I read some of the Hansards of a few years ago . . . it seems to me this House is losing its character when members cannot indulge in ordinary remarks which are likely to slip out in the heart of debate without being called to order."

Air Force Bases Stay —Churchill

LONDON (Reuters) — Prime Minister Churchill told the House of Commons Tuesday U. S. Air Force bases would continue in Britain "so long as they are needed in the general interest of peace and security."

He was answering Labor left-wingers, Tom Driberg and Emrys Hughes, who claimed these bases were dangerous to Britain's security. Other Labor members supported the prime minister's view against their colleagues.

Emanuel Shinwell, minister of defence in the last Labor government, said the Opposition was "not prepared to run away" from the decision to have the bases in Britain which it took when in power.

Area of Quebec province is 2600 square miles smaller than France, Germany and Spain combined.

Surging Crowd Alarms Queen

LISMORE, Australia (Reuters)—Several women were reported injured here Tuesday night when a huge crowd which had gathered to welcome the Queen and the Duke of Edinburgh broke through police lines.

Some 50,000 persons were massed outside the hotel when the royal couple appeared on a balcony. Lines of police and troops were pushed aside as the cheering crowd pressed forward.

The Queen looked down anxiously at the jostling throng and was seen to touch the duke's arm.

Gov't Workers Walk Off Paris Airports

PARIS (Reuters)—Meteorologists at the two Paris airports of Orly and Le Bourget went out on strike Tuesday but bad flying conditions rather than an absence of weather reports disrupted normal air traffic.

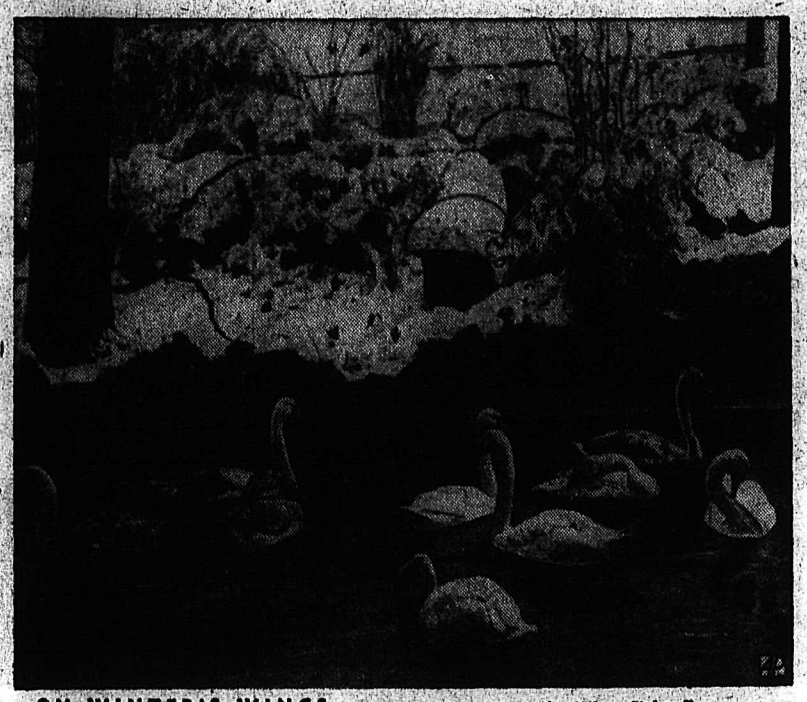
The strike call, originally launched by all three major French trade union groups to back wage claims, was pressed only by the Communist group. The Socialist and Catholic union leaders agreed to wait a few days in the hope of a negotiated settlement.

But the bulk of the rank-and-file followed the Communist lead and only a skeleton security service was working.

International airlines operating out of Paris reported that the stoppage did not interfere with services, but fog and rain had stopped all take-offs for the time being.

TOUR UNINTERRUPTED

PARIS (AP)—A strike of French government meteorological workers called Tuesday will not interfere with Prime Minister St. Laurent's departure on Wednesday for Bonn, continuing his world tour. The RCAF crew handling his plane has made arrangements to get weather information from London and Duesseldorf.



ON WINTER'S WINGS — Swans swim on lake in Milan, Italy, Zoo, as snow blankets the city. The water did not freeze despite temperatures that dropped below zero.

Drill for Core Of Ripple Rock

OTTAWA (CP)—Scientists have started to examine cores from a hole drilled under Ripple Rock, the dangerous navigation hazard in Seymour Narrows between the mainland and Vancouver Island and 150 miles north of Vancouver.

The examination is being conducted by the National Research Council in connection with federal efforts to find a way to remove the rock from the channel used by Pacific coast shipping.

Trade Minister Howe said Tuesday in the Commons that a hole has been drilled from the mainland side of Seymour Narrows under the rock. The rock is about 1400 feet from the mainland.

Mr. Howe said drill cores now are being examined by NRC scientists. It was expected that they would be able to make a report in about two months.

Sweden Says Russ A-Bomb Store Up

STOCKHOLM (Reuters)—A Swedish defence staff publication said Tuesday Russia is turning out about 100 atom bombs or atom shells a year.

The publication, "Contact with the Armed Forces," made the statement in a 60-page review of Russia's armaments. It did not give its source.

8000 Sign for Toll Highway

PRINCE GEORGE (CP) — More than 8000 residents of the Prince George area have signed a petition asking the federal government to begin construction of a proposed toll highway between this northern B.C. centre and the Alberta border. The petition will be taken to Victoria next week by Ray Williston, Social Credit member of the legislature for Prince George.

11 Arrested for Espionage, Oslo

OSLO, Norway (Reuters) — Security police Monday night confirmed that 11 persons, including at least two women, have been arrested on charges of espionage for an unnamed foreign power.

Police denied Oslo newspaper reports that espionage activities had taken place in the uranium pile and atomic research centre at Kjeller.

Newspapers here claim the spy ring reported to Russia on atom research and the delivery of American arms to Norway.

Police named the leader of the spy ring — under observation for some time — as Asbjoern Sunde, 44, wartime Communist underground resistance leader, now held in custody.

Rain-Drenched Queen Speaks to Servicemen, Widows and Orphans

By GOMER JONES

NEWCASTLE, Australia (Reuters) — Drizzling rain drenched Queen Elizabeth Monday as she ducked from under an umbrella to smile at water-soaked thousands cheering her arrival here.

Wearing only a thin silk dress, the young monarch risked the rain the moment she stepped from her train and stood uncovered in the downpour to give her spectators a good look.

She dodged under an umbrella a moment later for a drive to Newcastle's city hall in an open car.

But both the Queen and the Duke of Edinburgh were soaked by the time they reached the shelter of an awning at the hall. So was the cheering crowd estimated at 250,000.

Rain swept over the royal couple's car again as they drove to an open-air rally of ex-servicemen and war widows and orphans.

QUEEN DRENCHED

But the Queen, already soaked, passed up the duke's offer of a raincoat and cheerfully settled for the umbrella again. When the rain decreased, she motioned the duke to put the umbrella down.

Damp, but smiling, she thanked the city for a "wonderful welcome" in a speech at the town hall and urged her audience "to build and strengthen the greatness of Australia and the British Commonwealth as you have done in the past."

The duke also made a speech in the rain, telling the rally of exservicemen and women that they had rendered "immense service" during the two world wars and in Korea.

The sun came out as the royal couple drove on for another open-air appearance before 40,000 wet school children, and a trip to a blazing steel mill blast furnace gave them a chance to dry out later.

The Queen told the school group she wished they could meet her own two children, Prince Charles and Princess Anne.

CONTINUE TOUR

Then, after the visit to the steel works, she and the Duke boarded a plane to continue their journey through New South Wales state. They started the tour this morning from Sydney.

A promise that every effort will be made to ease the next stage of the Queen's Australian visit came today from Melbourne. Premier John Cain of Victoria said his cabinet will try to relax the strain of constant royal engagements and huge crowds.

The royal tour liaison officer in Melbourne warned bluntly that any person throwing anything — even flowers—at the royal car would be arrested and held liable for a £20 fine.

May Expect Too Much of Canada

OTTAWA (CP) — Senator James A. MacKinnon said Tuesday that southeast Asia may be "expecting too much" from Canada.

The Alberta Liberal, a former trade minister, returned from a personal three-month, 30,000-mile tour of the Far East.

"The people over there have heard a lot about Canada and have a very high opinion of this country," the 73-year-old senator said in an interview.

"But perhaps they are placing us on too high a pedestal. I am inclined to think the Asian countries are expecting too much from this country."

ASIA IMPRESSED

Senator MacKinnon said the feeling he got was that the Asian people considered Canada as the leader of the world's smaller nations. They were impressed with Canada's role in world affairs.

"But we're not ready to take over the job of the United States in world affairs," the senator added.

Canada contributes $25,000,000 a year towards the economic development of south and southeast Asia.

Sun Life Ups Policyholder Dividends to $24½ Million

Continues to sell more life insurance than any other Canadian company — $576 million new business written in '53

A higher dividend scale which for the fifth consecutive year will again reduce the cost of life insurance for the holders of two million Sun Life of Canada policies, is announced by George W. Bourke, President, in his Annual Review of the Company's business for 1953. Dividends to policyholders during 1954 will amount to $24½ million, 11% more than in 1953 and an increase of more than 50% over the last five years. Most policyholders carrying participating plans with the Company will benefit by this increase, with the largest payments being distributed in respect of policies longest in force. New life insurance issued during the year amounted to $576,946,000, an increase of $31 million over 1952, and the largest amount for the year of any Canadian life company. New Group insurance included in the above figure amounts to $170 million, an increase of more than $5 million over the previous year. This rising volume of business was spread over world-wide territory in the nearly 30 countries covered by Sun Life service.

In his survey of the figures for the year, Mr. Bourke comments on the manner in which life insurance meets the responsibilities of its purpose. The Sun Life of Canada, he said, has paid $2,729,000,000 in benefits since the first policy was issued in 1871, and during 1953 no less than half a million dollars was paid out by the Company each working day. Total amount paid during the twelve month period was $125,057,000.

GROUP BUSINESS UP 17%

New annuity contracts during the year included individual annuities and group pensions guaranteeing payments of more than $4 million per annum. Total annuity payments to be made by the Company either immediately or in the future, through group pension plans and individual contracts, increased to $126 million per annum. Total Sun Life insurance in force at the end of 1953 amounted to $5,678,000,000. Group insurance included in this figure is $1,751,000,000, an increase of 17%. The growth of Group insurance and pension plans reflects the business and industrial expansion of recent years during which time the Company, a pioneer in this form of insurance, has retained a leading position, protecting many hundreds of thousands of employees of business and industrial organizations throughout North America.

The total amount of life insurance and annuities in force in the various countries in which the Sun Life operates is now: Canada, $3,334,035,000 or 45% of the total; United States, $2,628,581,000 (36%); Great Britain and other Commonwealth Countries, $1,169,339,000 (16%); elsewhere throughout the world, $215,015,000 (3%).

Total assets of the Company reached $1,829,790,000 at the year end, being an increase of $87 million during the twelve-month period. These assets, carefully invested and well diversified, are made up of: Bonds — Government, Provincial and Municipal, 28.7%; Bonds—Public Utility, Industrial, etc., 41.6%; Preferred and Common Stocks 6.0%; Mortgages 14.4%; Cash and Miscellaneous, 9.3%. The interest rate earned on the Company's funds during 1953 was 3.90% as compared with 3.84% in the previous year, an increase for the fifth consecutive year.

LIFE INSURANCE AIDS HOME BUILDING

During 1953, the Sun Life bond investment was increased by more than $52 million, mainly in the industrial and public utility fields. The amount of mortgage loans expanded by almost $30 million making a total mortgage investment of $262,960,000. Of this amount, $176 million is invested in 41,700 home mortgages. During the last eight years, the Sun Life has loaned $335 million on mortgages.

Discussing the function of life insurance as reflected in the continued progress of the Sun Life, Mr. Bourke mentioned that life insurance ownership today is more widespread, and on a larger scale, than ever before. Canadians now own more than $20 billions of life insurance, more than double the amount at the end of World War II. However, the amount per capita is not yet sufficient to give fully adequate and necessary protection, and there is still great need for the average family to own a larger amount of life insurance. "Time has proven that it is only through life insurance that the majority of individuals can meet the problems which death and old age create in loss of income", summed up Mr. Bourke. "There is no substitute for life insurance".

A copy of Sun Life's complete 1953 Annual Report to Policyholders, including the President's review of the year, is being sent to each policyholder, or may be obtained from J. R. Fleming or L. W. G. Macklem, Local Representatives; or O. P. Larsen, Salmo.

ENTER TODAY! $21,000 IN PRIZES!

Electronic Fingers Scrape Bed of Mediterranean for Ill-Fated Plane

By JAMES NORRIS

ELBA (Reuters)—Electronic fingers from a fleet of British naval ships are groping over the muddy floor of the Mediterranean for clues that could affect Britain's future in the air.

Dogged searchers are pressing the latest marvels of modern science into use as they probe the sea bottom for the wreck of one of Britain's proudest airplanes, the trail-blazing Comet jetliner which plummeted into the ocean here Jan. 10.

Criss-crossing the water expanse where 29 passengers and six crew members plunged to their deaths, an armada of salvage ships is slowly dragging up the relics of the disaster—a wing panel, a woman's water-soaked suitcase.

But the chief object of their search still lies submerged and undetected beneath hundreds of feet of water. Divers, sonic detectors and underwater television have been unable to spot the main body section of the ill-fated Comet.

NO SOLUTION

Somewhere in the crumpled mass of the Comet's engines and central fuselage expert engineers hope to find the cause for the plane's crash —which brought the grounding of all Britain's prized Comets.

A careful check on all the grounded planes has yielded no solution.

There have been reports that sabotage may have caused the Elba crash, but only evidence from the wreck itself can answer the question of what caused it.

Four Royal Navy ships, seven Italian trawlers and private salvage vessels are inching over the ocean mud with the patience of a detective at the scene of a crime. But watchers straining to peer into television screens so far have seen only vistas of mud and fishes peering curiously into a deep-diving camera. Divers have been unable to identify anything for the fleet's underwater grapples.

The search has already taken 18 days and yielded few tangible results, but naval officials say curtly that there is no time limit.

HISTORIC JOB

The size of the fleet and the intensive use of scientific detectors have already made the operation the most expensive salvage attempt of its type in history. One of the television cameras, specially designed to operate 3000 feet under water, was manufactured in seven hectic days for the job.

Determined salvage experts are planning to keep on spending time and money until they bring home the evidence.

One set forth the navy's needle-in-a-haystack problem by noting: "If the width of the area in which we have to operate is a few hundred yards, the job may only take us weeks."

"But if its width is four miles, then it may take us four years."

Canada Depends On Human Factor

MONTREAL (CP) — Canadians were urged Tuesday to get out from under their top-hat restraint and really sell Canada to foreign tourists.

The Royal Bank of Canada says in its current monthly letter that courtesy is as important as scenery if the tourist industry is to be expanded.

"The human factor is the only thing which can destroy what Canada provides for travellers to enjoy," the bank says. "When travellers return home what they say about their reception and treatment will do more to determine how many tourists we get in the next five years than will all the advertising that money can buy."

Above all, Canadians must remember to act like Canadians and not greet tourists with shows of what they expected to leave behind.

"The tourist who has come all the way from his home is not going to be satisfied with a copy, however good it may be (and some are pretty bad) of what he is accustomed to seeing. There is a Canadian way of life, and visitors should be shown it."

MUST DO SOMETHING

"We have the market: Our own 14,812,000 people, and 160,228,000 people in the United States, and travelling people from all other continents," the bank says.

"Canada has the merchandise: It is the second largest country in the world, with 3,845,774 square miles of prairie, mountains, lakes, streams, and forests, as beautiful as can be seen anywhere.

"But we must do something if we are to encourage travel: Make access easy by highway airway, railway and seaway; get and keep our living facilities for visitors up to date in a superior way; train the personnel of all services in courtesy and efficiency; tell the people in Canada and elsewhere about the superlative attractions we have, and make it easy for people to find them."

Permits Headstones On Sailors' Graves

MOSCOW (AP)—The British embassy Tuesday said it has been informed by the Soviet foreign ministry that headstones have been placed on the graves of 27 Allied seamen and servicemen who died on a wartime convoy run and were buried in Murmansk.

The British Imperial War Graves Commission provided £525 for the headstones, and the British embassy negotiated permission to place the memorials over the graves.

Small Boy Uncovers Hidden $2000

BURNABY (CP)—An eight-year-old boy stumbled on more than $2000 in stolen money orders Sunday while engaged in a snowball fight in a churchyard here.

Wayne Malone discovered the cache in a till drawer in the snow under an ornamental tree. The money orders, stolen from a drug store Saturday, were turned over to RCMP. More than $450 in cash and postage stamps is still missing.

Britons Begin to Eat More Meat

LONDON (Reuters)—Beef-loving Britons tucked away more meat in 1953 than they did the year before, but they are still far below their pre-war average.

Consumption of meat in 1953 averaged 80 pounds a person, 11½ pounds more than in 1952, but 18 pounds under the pre-war average, the Commonwealth economic committee reported Monday.

Consumption of ham and bacon—which are figured separately—is almost back to the 28-pound pre-war average, however, at 26 pounds.

BOSTON, England (CP) —John Carey, who looks older than his 16 years, had a ready excuse for being late to school in this Lincolnshire town. He said he was stopped and questioned en route by two military policemen who mistook him for an army deserter.

Trade Resumed With British Colonies

OTTAWA (CP) — Resumption of unrestricted trade in newsprint, fish, potatoes, and other products with British colonies in the West Indies was announced Tuesday by Trade Minister Howe.

Mr. Howe announced in the Commons that the United Kingdom government has lifted West Indies import restrictions on the following Canadian products:

Newsprint and craft paper; dried, smoked, pickled, canned and salt fish; cheese and powdered milk; onions, potatoes, split peas and meats. Restrictions on animal feeds also have been lifted in all colonies except British Guiana.

NEW ORLEANS (AP) — Five children, including two sets of twins, died Monday when flames destroyed their three-room shack here. Officers said the mother, Jessie Lee Farrell, 23, was en route to a grocery when the fire broke out.

In 1804
Mister Lemon Hart first imported and blended the RUM which is today a household word.

Always milk in the house with handy Milk Powder

When the day's supply of milk is running short, Milk Powder is a real convenience! It's easy to mix a quart or a cupful of milk to add flavour and food value to your cooking. Milk Powder is an excellent, inexpensive source of complete protein, calcium, riboflavin, Vitamin A.
In many recipes, you do not need to reliquefy Milk Powder: just mix it with the dry ingredients. When using it to drink, you'll find its flavour improves after standing overnight in the refrigerator.

TO RELIQUEFY MILK POWDER:

1 To make 1 cup, sprinkle ¼ cup Milk Powder on 1 cup lukewarm water.
2 Beat or shake until Powder dissolves.
3 Pour into container, cover and store overnight in refrigerator. This improves consistency and flavour.

For Marie Fraser's free booklet of tasty, tested Milk Powder recipes write:

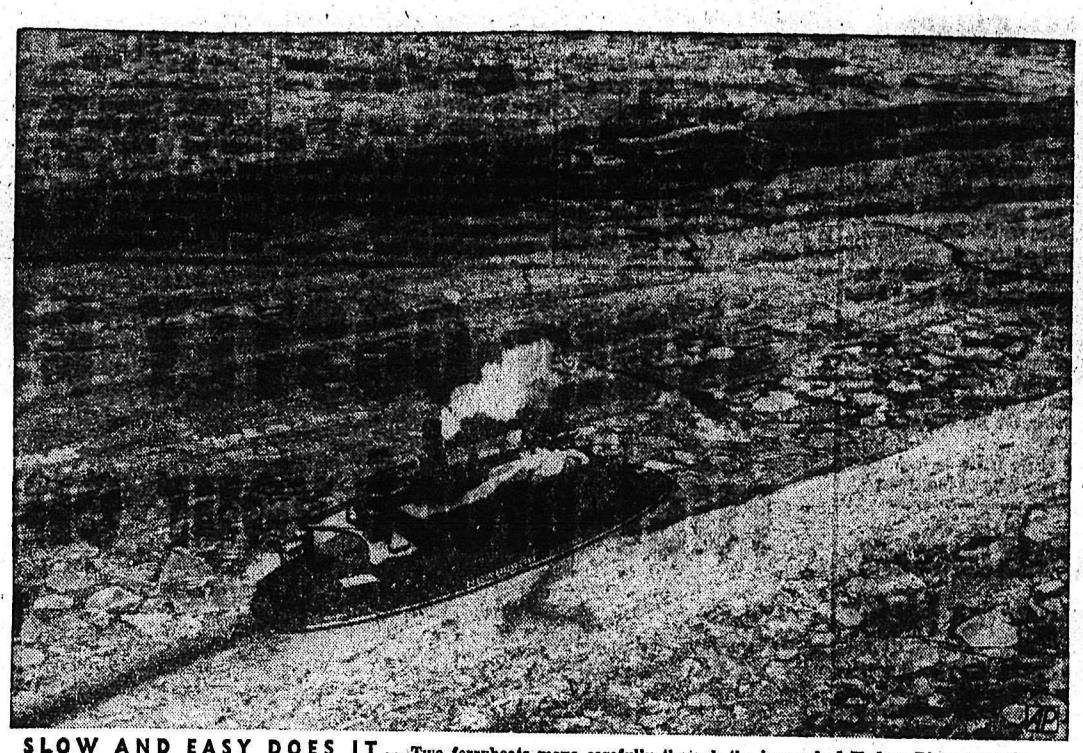
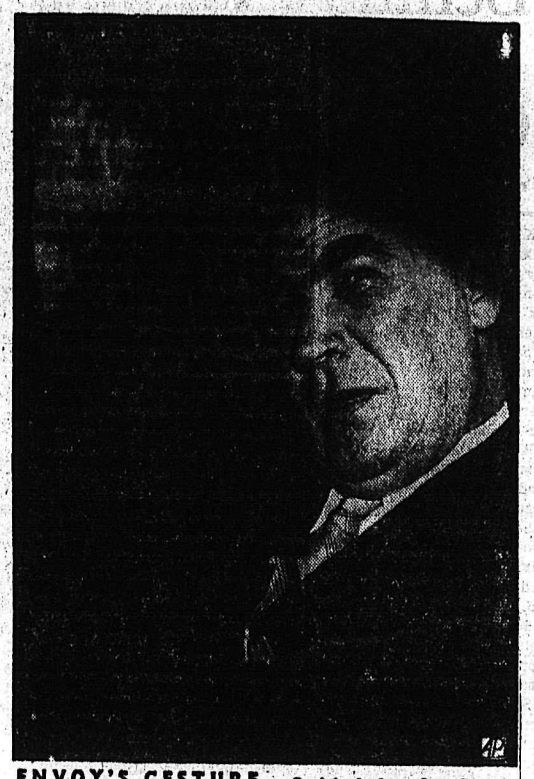
QUEEN OF DIAMONDS— Barbara Ann Scott, ice revue star, wears the $100,000 tiara with which she was crowned Queen of Diamonds by diamond manufacturers in New York. Tiara was formerly owned by the Austrian Imperial family.



SLOW AND EASY DOES IT — Two ferryboats move carefully through the ice-packed Hudson River near Newburgh, N. Y., after a frigid Canadian air mass caused temperature to drop 22 degrees to nearly zero in less than ten hours.



ENVOY'S GESTURE — Soviet Ambassador Georgi Zarubin appears to wave as he leaves Washington talk with Secretary of State John Foster Dulles on atom pool plans conference.

RACKET TO RIFLE — Australian tennis star Lewis Hoad, fresh from his Davis Cup triumphs, leaves a Sydney army depot with full kit after reporting for infantry training.

BACK TO THE FOREST — Bambi, a year-old buck deer, is roped for removal to a forest preserve after being reared from fawnhood by Rock Island, Ill., arsenal employes.

NAVY UNIT HEAD —Vice Adm. Felix L. Johnson, U.S.N., retired, has taken over as chairman of Naval Reserve Evaluation Board, succeeding the late Adm. W. H. P. Blandy.

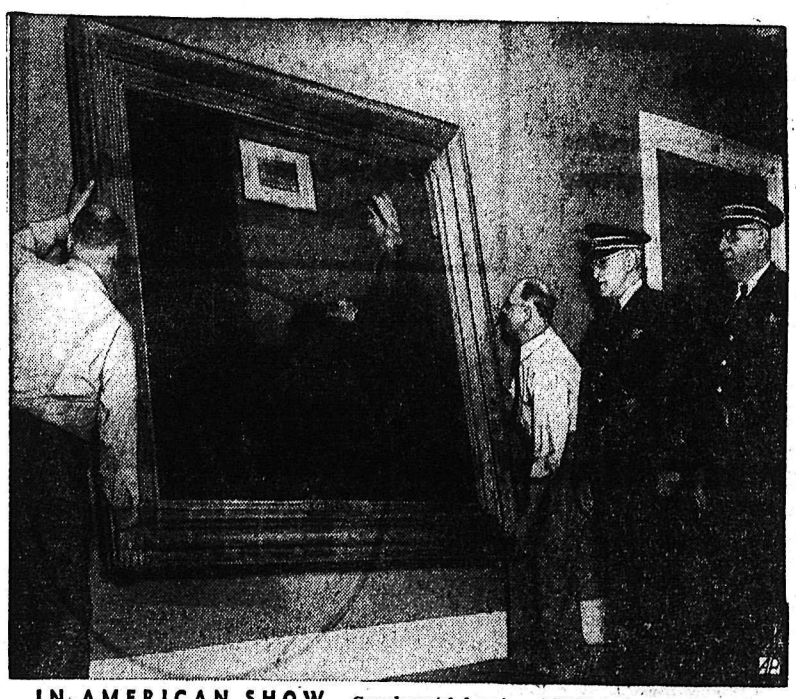
BELLS OF G. B. S. — Gillian Gray examines spring dumbbells which belonged to late George Bernard Shaw, at St. Albans, England, auction rooms where they were up for sale.

MOVING FAITH — Hal Hyde welcomes visitors at Barnwell, S. C., to the dedication of a Presbyterian Chapel, a 40-foot trailer providing religious services for small communities.

NEW PRESIDENT— French President Rene Coty wears the gold chain and sash of Grand Master of the Legion of Honor in inauguration at the Elysee Palace, Paris.

TWO PROGRAMS AT ONCE — Twins Jean, left, and June Steinert watch different shows on Du Pont Duoscopic TV receiver, using polaroid glasses and individual phones.

DESIGNER GOES NATIVE — Designer Margaret Newman studies patchwork made by Edna Jim in Seminole village at Miami, Fla., where she adapts Indian costumes.



IN AMERICAN SHOW — Guards watch hanging of "Whistler's Mother," valued at $500,000 and loaned by Paris Louvre for exhibition of American artists' works at Chicago.

NOT SO NUTTY — Dick, squirrel-about-town in Ann Arbor, Mich., gets a walnut from market cashier Mary McGrew. Dick shows up as often as eight times a day for food handouts.

WITH THE GREATEST OF EASE — A lion jumps over three bears in this act of trainer John Steinhoff featured in the Apollo Circus at West Berlin, Germany.

Behind the Glass

With MAX DES BRISAY

KIMBERLEY — The Hotelmen's mixed bonspiel, which will get under way on the Chapman Camp and Kimberley ice lanes Friday has so far received 45 entries. With entries open until February 10, it is expected that the limit of 60 will be reached before closing date. That window uptown looks mighty attractive with the display of prizes for the three competitions.

With the second qualifying round robin series practically completed, leaders of the various sections in regular club play are:

Section A—Each game 8 points for win, nine rinks in section. Cimolai 5-1, 40 points; Archibald and Nesbitt 4-2, 32 points; Jordan 4-3, 32 points.

Section B—Each game eight points for win, eight rinks in section. Livingston 7-0, 56 points; Harrison 4-2, 32 points.

Section C—Each game seven points, for win, eight rinks in section.

James 6-1, 42 points; Morrison 5-1, 35 points; Vance 4-2, 28 points.

Section D—Each game six points, for win, eight rinks in section. Maartman 5-1, 30 points; Adams and Anderson 5-2, 30 points; Silverwood 4-3, 24 points.

Section E—Each game five points for win, eight rinks in section. Pederson and Twells 4-2, 20 points; Moscovitz 4-3, 20 points. Rinks with the highest scores in points will be grouped into the top section in the final round, commencing next week; the various other sections will be formed from those obtaining lesser points.

B. C. BONSPIEL

Elsewhere in this paper results of play in the B. C. 'Spiel will be found. We see Reg Stone capturing the grand challenge and those "Cominco silver curling stones" (the only cup and prize that Reg and his boys have been unable to win in past bonspiels).

Last season in Vernon, it was Hobbs of Kelowna; in 1952, Frenchy D'Amour defeated "Pop" Bates and in 1951 in Nelson it was Jim Harvey of Nelson who took Reg out, and so on back over the years.

In one of our first columns of the year we touted John Cameron's rink as a potential B. C. champion; we also picked Otto Gill, as a "dark horse" representative of the Trail Club. From the right field bleachers (we are a few miles away) it figures in our books in a fight down to the wire with Cameron and Chesser of Trail, bunching with Tinling of Vancouver and Jordan of Kimberley.

Our "dark horse" is still the same—Gill! Spent some time looking for a good stout tree with substantial limbs before we could figure it down to Cameron and Tinling with Cameron nosing Tinling in a close finish.

Elks Edge Smokies 4-3; Now Second in League

KAMLOOPS—Four goals in the opening period was the margin that moved Kamloops Elks into second place in the OSAHL for the first time this season when they slipped past Trail Smoke Eaters of the WIHL 4-3 here Tuesday night.

The game was a wide open, fast passing affair that sent the full house home happy.

Elks broke fast in the opener with Andy Clovechok and Bud Evans blinking the light once each while Don "Slats" Slater, playing a driving game, beat Seth Martin twice.

Smokies came back in the second frame with playing coach Moe Young breaking the goose egg at 2:50 and Apps Dorohoy making the scoresheet read 4-2 at the six-minute mark.

Both Hal Gordon in the Elk net and Martin in the Trail pipes held all attacks until 13:51 of the third frame when Young whistled the rubber past Gordon from just inside the blueline.

With a possible tie on the fire, Young pulled goalie Martin at 18:30 when Kamloops' Bud Evans was thumbed to the penalty box on a tripping call.

Trail pushed hard with every man up but Elk coach Ken Ullyot proved a master at getting the face-off drop and Kamloops controlled things until the final whistle sounded.

SUMMARY

First period — Kamloops, Clovechok (Ullyot) 4:43; Kamloops, Slater (Denny, Milliard) 6:37; Kamloops, Evans (Fischer, Clovechok) 12:37; Kamloops, Slater, 19:42.

Penalties—None.

Second period — Trail, Young (Kuzma, Shabaga) 2:50; Trail, Dorohoy (Hamilton) 6:00.

Penalty—Swarbrick.

Third period—Trail, Young (Shabaga) 13:51.

Penalties — Robertson, Hryciuk, Maniago, Evans.

Weinmeister Lions Line Coach

VANCOUVER (CP) — Arnie Weinmeister, one of the all-time great tackles of professional football who recently left New York Giants of the National Football League to play with the B.C. Lions, has been named line coach of the Lions.

Bill Warwick Leads Scoring

PENTICTON, B. C. (CP) — Bill Warwick of the Penticton V's remained atop the Okanagan Senior Hockey League scoring leaders during the past week, even though he missed a few games.

Bill, along with brothers Grant and Dick, were forced to leave for Regina where their seriously ill father died Friday. They returned here Tuesday.

Bill leads the scoring race with 82 points, four more than Vernon's Jack Miller, according to league statistics released here Tuesday. The statistics include games played up to Feb. 5.

THE LEADERS:

	G	A	Pt.
W. Warwick, Penticton	42	40	82
J. Miller, Vernon	26	52	78
G. Agar, Vernon	27	44	71
D. Culley, Kelowna	28	42	70
J. Middleton, Kelowna	25	42	67
M. Durban, Kelowna	31	35	66
G. Warwick, Penticton	30	35	65
J. McIntyre, Penticton	21	44	65
D. Butler, Vernon	26	35	61
J. Milliard, Kamloops	26	29	55
D. Warwick, Penticton	14	39	53
B. Ballance, Vernon	20	32	52

GOALKEEPERS' AVERAGES

I. McLellahd, Penticton	174	3.35
D. Stevenson, Kelowna	60	3.75
H. Gordon, Kamloops	222	4.27
J. Sofiak, Vernon	251	4.84

Stone, Ryalls Rinks Vie For B.C. Playdown Berth

TRAIL — The battle for the Grand Challenge event in the 59th annual B. C. Curling Association Bonspiel narrowed down to the fours Tuesday night with two veteran West Kootenay skips staging a close battle for the right to claim the vacant berth in the B. C. playdowns.

The play of Trail's Reg Stone and Nelson's Milt Ryalls has overshadowed the rinks of Otto Gill and Johnny Cameron in the primary event. Both Gill and Cameron have already claimed berths in the featured playdowns event while Stone and Ryalls are vieing for the vacancy created by the absence of Mel Strickland.

Ryalls kept his hopes alive Tuesday night in the eights by eliminating Trail's J. D. Rae from the event with an 11-6 victory. Ryalls was favored to take his game from the comparatively unknown Trail entry while Stone faced the powerful Fred Tinling of Vancouver.

A second night capacity crowd in the Trail Curling Club watched as 1953 champion Stone battled twice before knocking Tinling out of the race. Tinling, always a threat, held a 3-0 edge at the end of the second end and was two up on Stone in the sixth. Stone's rink overcame a shaky start in the sixth to tie the game, but dropped behind again as Tinling slipped home for a point in both the seventh and eighth ends.

SCORES SIX-ENDER

Stone finally claimed the game from Tinling on the strength of a six-ender in the ninth. Scattering his rocks through the house the stogy-smoking Stone built up his lead and was tied with Tinling after rocks by lead Hunt McKay and second Buzz McGibney were left in the house. Brother Roy Stone followed with his rocks and Stone then cleared Tinling's final rock from the house to sweep the end counting six.

Sticking to a knockout exhibition in the tenth Tinling conceded defeat when the possibility of a tie was ruled out.

Stone faces his toughest challenge of the event Wednesday in his game with clubmate Johnny Cameron while Ryalls clashed with Otto Gill. A win for Cameron and a win for Ryalls would eliminate Stone while Ryalls must win his game if Stone eliminates Cameron. If both rinks win they'll meet in the finals with the winner going into the playdowns. In the advent of a loss for both Ryalls and Stone a sudden death playoff will determine the playdown entrant.

Meanwhile play entered the fours of the secondary Trail Cup event with three playdown rinks still in the running. Bung Cartmell defeated another playdown rink, Lin Valair of Vernon, 8-5 to enter the semi-finals while both Harold Jordon of Kimberley and Ray Ottem of Kamloops remained in the running. The Ed Murdock rink of the Trail Shift Curling Club also entered the fours with an 11-7 win over R. Patterson.

E. L. Jones, competition committee chairman, announced that a redraw for all playdown rinks will be held at Trail Curling Club lounge at 5:30 Wednesday night. Skips of playdown rinks or their representatives must attend these draws.

In the event that either Milt Ryalls of Nelson or Reg Stone of Trail have not been declared the playdown representatives before the draws, a blank will be entered into the draw prior to the Thursday opening of the playdown event.

DeGirolamo Rink Triumphs Twice

Results of Women's Curling Club Esling Basket play Monday and Tuesday:

Mrs. T. A. Wallace 12, Mrs. A. J. Hesse 10

Mrs. M. DeGirolamo 8, Mrs. E. N. Mannings 7

Mrs. T. McGovern 10, Mrs. R. Little 7

Mrs. M. DeGirolamo 10, Mrs. M. L. Craig 4

Draw for the remainder of the week:

Thursday—Mrs. T. A. Wallace vs Mrs. R. Little

Friday—Mrs. A. J. Hesse vs Mrs. E. N. Mannings; Mrs. T. McGovern vs Mrs. M. L. Craig.

Four Cage Teams In Action Tonight

Play in the Nelson and District Basketball League will resume Wednesday evening when the league-leading Notre Dame Pups play host to the Pros and Castlegar tangles with the Cloverleafs.

Although these games can not change the standing, both Castlegar and the Cloverleafs could move higher up the ladder. At present the Pros are sitting in second place, behind the Pups, with Castlegar in third and the Cloverleafs in the basement.

Leafs Play Flyers; Wingy Johnston to Be Absent Tonight

	W	L	T	F	A	Pct.
Kimberley	19	15	4	193	167	.572
Trail	19	18	5	179	195	.512
Nelson	20	23	2	209	212	.484
Spokane	23	26	7	237	231	.435

With the WIHL playoffs just around the corner, Nelson Leafs sit in third place—that is they do after you work out their home average and their away average, add them together and divide by two in the weird mechanics that govern WIHL statistics.

The above averages are for the playoff positions, but do not include Trail Smoke Eaters' game in the Okanagan Tuesday night.

Nelson Leafs on Wednesday night face Flyers in the Civic Centre arena.

The Leafs will ice the same team that downed the Smokies Saturday except for Herb Lovett, who will not see action.

Eric Paterson will be in the nets, with Willie Schmidt, Ernie Gare, Lloyd Ailsby and Red McCarthy on defence.

One line will see Bruno Pasqualotto and Bill Haldane working on the wings between Don Appleton. On another line, Mickey Maglio and Marty Burton will work the wings with Marlowe McDonald. The Koehle brothers, Fritz and Red, will flank Don Appleton and Coach Willie Schmidt.

The Flyers will be minus Coach Wingy Johnston, who will be sitting out the first of a two-game suspension, resulting from the Flyers' last appearance here.

All eyes will be on Bill Haldane, who will be going after his 250th goal since coming into the league eight years ago.

A 250-goal man playing is Hughy Scott of the Flyers, who notched his 250th last Sunday night.

Hawks-Wings Game Feb. 25

OMAHA, Neb. (AP) — Chicago Black Hawks and Detroit Red Wings will play a regularly scheduled National Hockey League game in Omaha Feb. 25, it was announced Tuesday.

The game was transferred here from Chicago and is billed as one of several special sporting events here on the 100th anniversary of the city's founding.

Ferguson Rising Distance Runner

NEW YORK (CP) — Canada's Rich Ferguson, improving in the steady competition of the current indoor track season, is emerging as one of the top distance runners on the circuit.

The 21-year-old Toronto student, who holds an athletic scholarship at Iowa University, made his best showing of the season in the Millrose Games at New York Saturday when he finished second to the redoubtable Horace Ashenfelter in the two-mile event.

Rocket Nets Puck 32 Times in 52 Games

MONTREAL (CP) — If Maurice (Rocket) Richard keeps to his present goal-getting clip he will have a total of 43 at the end of the current National Hockey League season.

Montreal Canadiens' 32-year-old right-winger, now in his 12th campaign, is still showing oldsters and youngsters alike the art of putting the puck into the net. This is the sixth season in his career he has scored 30 goals or more.

In 52 games this season the Rocket has fired 32 goals, an average of .615 a game. That's the pace he maintained the 1948-49 campaign when he scored 43 goals in the full 70-game season.

Richard's record-making all time total, now at 379, is far ahead of any other active player in the NHL.

HOWE IN LEAD

However, Gordie Howe of Detroit Red Wings is showing the way to the Rocket and all others in the tussle for this season's point-scoring honors.

The leaders:

	G	A	Pt
Howe, Detroit	21	37	58
Richard, Montreal	32	20	52
Lindsay, Detroit	18	29	47
Geoffrion, Montreal	25	21	46

New York	20	25	7	119	147	47
Chicago	10	39	5	104	182	25

Ski Slants . . .

By SITZMARK

You never saw kids having so much fun as a gang of pint-sized plank artists Sunday on the ski tow. At first only a few of the more experienced would take hold of the tow rope while the others just looked and wished. By afternoon they were all riding up and skiing down faster than the senior skiers.

It's a good sport for kids and we certainly urge all parents to see that their children who have skis get out and use them. If you think it's dangerous, come along with them and we know you'll get a kick out of watching. You never see any squabbles on the ski hill; everyone helps everyone else.

Clare Blakeman was sporting a shiny red nose Sunday. He did a lovely smackpuss going over a little bump — couldn't understand why such a little bump could cause so much trouble; so tried it again—result, another smackpuss.

Noticed on the ski hill . . . Orice Higgs, one-time ace jumper from Revelstoke, taking some lessons from son Gary . . . Iris and Earle Hooker and their small fry getting their ski legs. Iris looks like a natural skier, too. Rose Smith and Bob enjoying the outing. Rose says skiing is less dangerous than dodging hockey pucks.

Phil Hoskins still keeps in shape by skiing to the Silver King on Saturdays and tow skiing on Sundays. We wondered how Don Elder kept his legs in shape for climbing mountains to hunt deer but now we know—he's a whiz on skis.

Wonder where Dick Gelinas and his pals are these days? Round them up, Dick, the skiing is good.

A lot of folks who live downtown judge the snow conditions by the weather on Baker Street—this is a mistake. We hope to have quite a few more weeks of good skiing above the golf links, so we urge you to get out the planks and join us for some fun. What if your christies are a bit rusty, so are ours.

A special invitation is extended to parents to come and watch the young fry—or better still, get your skis and join them.

Britons Lag by 200 Runs in 2nd

BRIDGETOWN, Barbados (CP)—England's touring cricketers, bothered by effective West Indian bowling and by the derisive outbursts of the crowd, trailed by more than 200 runs in their second test match at the close of play Tuesday.

Following the West Indies who ran up a first innings total of 383, the visitors batted cautiously on a good pitch to take their overnight total of 53 to 181 for nine wickets at the end of the third day of the six-day match.

The West Indies, victors in the first Test, bowled 80 maiden overs as English batsmen concentrated on protecting their wickets. Their defensive tactics brought repeated jeers from the crowd.

Len Hutton, England's top scorer took more than 4¾ hours to put on 72 runs before he was dismissed while trying to hit out. Tom Graveney batted more than two hours for his score of 15.

PIRIE TO PASS UP BE GAMES

By ARCH MacKENZIE

LONDON (CP) — Gordon Pirie, the lean young distance runner Britain regards as her athlete of the moment, threw another bombshell into the lap of the Amateur Athletic Association when he said he would skip the British Empire games at Vancouver this Summer.

Pirie's decision was based on what he called the strain of travelling to Vancouver at a time when he wants to guard his physical development and build for a meeting with Emile Zatopek of Czechoslovakia.

Beating Zatopek, who bested him at the 1952 Olympics, has become something of an obsession with Pirie.

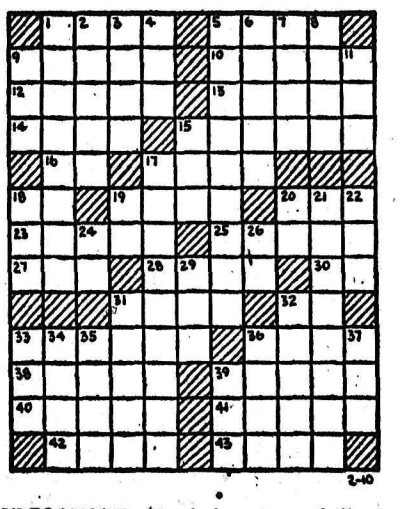
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X E
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

IUC PETHAGN TL TOH WETTS MCS NIMIC MHG NUMSTKN. CTI NOW-NIMCIAME IUACPN—NUAHEGB.

Yesterday's Cryptoquote: A MAID THAT PARAGONS DESCRIPTION AND WILD FAME—SHAKESPEARE.

Market Trends

NEW YORK (AP) — Heavy trading and higher prices among aircrafts highlighted an otherwise steady stock market.

Canadian issues were mixed. Ahead were McIntyre, and Dome Mines and Hiram Walker. Canadian Pacific and Distillers Seagram were both down.

TORONTO (CP) — Most groups were stronger in moderate trading toward the close.

Industrials were in the lead, followed by golds and base metals. Western oils were mixed.

MONTREAL (CP) — Prices followed an irregularly higher trend in slow trading.

Steels, banks, papers, utilities and senior oils were higher while miscellaneous industrials, beverages, senior metals and carriers were narrowly mixed.

LONDON (Reuters) — London generally continued their upward trend following Monday's active dealings which resulted in the largest turnover for seven years.

Seaweed Used As Farm Fodder

OTTAWA (CP)—Attention poultry farmers. The National Research Council says you can substtiute cheap seaweed for ground oats in the rations for growing chickens and laying hens.

The council said Tuesday that the Dominion experimental farm at Nappan, N. S., has been experimenting with seaweeds as a substitute for animal feeds and soil fertilizers.

It has been shown at Nappan, said the council, that kelp meal (dehydrated ground seaweed) may be incorporated up to 10 per cent in the feed of growing chicks and laying hens.

This can serve as a substitute for ground oats or as addition to a balanced ration if soybean meal is also adde dto provide enough protein.

Similar experiments have been carried out at Nappan on the growth and fattening of bacon hogs. Seaweed meal may form up to six per cent of the ration from a weight of 40 pounds to maturity of the animals.

Between 40 and 50 per cent of dried seaweed is carbohydrate, which in turn is made up of cellulose, starch and a large amount of polysaccharides, found only in seaweeds. Polysaccharides are able to retain moisture and thus serve as a soil conditioner. They also contain calcium and magnesium phosphates and traces of iodine and cobalt.

Delnite Mines, Ltd. Nears Settlement

TORONTO (CP) — A basis for settlement of a strike of 300 miners at Delnite Mines Limited at Timmins was reached Tuesday in Labor Minister Daley's offices.

The settlement proposals which were not announced, were reached by the company and officials of the United Steelworkers of America (CIO-CCL) representing the workers, in a meeting with Mr. Daley.

Terms of the proposal have yet to be presented to the union membership for ratification.

The union has agreed to call a meeting of Delnite employees at Timmins not later than Friday to consider the settlement proposals," Mr. Daley said.

Miners struck at Delnite last Aug. 26 in demands for higher wages and the union checkoff.

Calgary Livestock

CALGARY (CP) — Cattle and calves 500. Trade active; good to choice butcher steers and heifers showing better action due to light receipts; fair to medium butcher cattle no better than steady; cows and bulls steady; good stocker and feeder steers nominally steady; good light veal calves steady.

Good to choice butcher steers 16 to 17.25, common to medium 11 to 15.50; good to choice butcher heifers 14 to 15.50, common to medium 10 to 13.75; good cows 9 to 9.50, common to medium 7.75 to 8.75; canners and cutters 5 to 7.50; good bulls 10 to 10.75, common to medium 8.50 to 9.50; good stocker and feeder steers 14 to 15, common to medium 10 to 13.75; good to choice veal calves 21 to 23, common to medium 12 to 20.

Grade A hogs closed 50 cents higher Monday at 32.75. Sows were 25 cents higher at 19.75 liveweight and 25.65 dressed.

Good lambs 20-20.75.

Roger W. Babson

NEWS TO CARRY BABSON SERIES

The name Roger W. Babson is synonymous with success in business and in investing.

Mr. Babson's accomplishments are based on a thorough knowledge of history, a seriousness of purpose and an awareness of today's events in the light of the future. Thus, he is always ahead of the times.

Each Thursday the Nelson Daily News will publish Babson's Authentic Statement. Look for it on this page.

Be sure to read this feature each week and be ready to cruise with the good weather and ride out the storms!

Rockets, Cougars Play to 2-2 Tie

Minor Hockey Leagues provided high entertainment in three well-played games over the weekend. The Cougars and the Rockets fought to a 2-2 tie while the Quakers won 4-1 over the Broncs and the Bantam Reps downed the Cubs 6-4.

In the Rockets-Cougars contest, the Rockets took a one-goal lead in the first frame when B. McCandlish scored unassisted. In the second period each club counted one goal, with Fred McClelland scoring from Hugh Hooker for the Rockets and Doug Farenholtz unassisted for the Cougars.

The Cougars tied the game in the third when J. McMaster beat Dave Neilson after taking a pass from V. Goldsbury.

In the Quakers-Broncs game the Quakers took a two-goal lead in the first on counters by Peterson and B. Burdenie with Smith drawing an assist on the second goal.

In the middle session, F. Bradley and Anderson scored for the winners with C. Palmer drawing an assist on Anderson's counter. K. Moffat scored the only Bronc counter on an assist from Bob Harrison.

The teams battled through a scoreless third frame.

In the third game, the Bantam Reps, after taking a 2-1 lead in the first, advanced it to 5-1 by the end of the second, holding on throughout the final for their 6-4 win.

Skapple counted two goals for the Reps with the others going to Nudd, Benedetti, Oebbs and Atwell.

Watson, Bill Gibbon, Dinham Drew and Tom Hufty counted the goals for the Cubs.

Russian Skiers To Vie For Honors

FALUN, Sweden (AP)— Russia is expected to challenge the three Scandinavian powers — Norway, Sweden and Finland—for top Nordic honors in the world skiing championships opening here next Saturday.

The Russians have sent full teams in both men's and women's divisions and are conceded good chances in events which put a premium on raw strength and condition.

Good-Bye Army Hello Dodgers

BROOKLYN (AP) — Don Newcombe, the Brooklyn Dodgers' "pennant insurance" for 1954, celebrated his release from the U.S. Army Monday by returning his signed contract to the Dodgers.

Disclosing that the giant Negro pitcher had telephoned him earlier with the glad tidings, Dodger vice-president E. J. (Buzzie) Bavasi did not announce terms of the contract.

"Don got a well deserved raise," Bavasi said. "He's had the contract for some time now but couldn't sign it until he was discharged from service."

Newcombe won 20 games and lost only nine in 1951 when the Dodgers were nosed out of the National League pennant by New York Giants in a three-game playoff.

U. K. Firm Buys Western Gypsum

WINNIPEG (CP) — Sale of Western Gypsum Products Limited to British Plaster Board Limited of London was announced Tuesday by J. E. Spear, president and general manager of the Winnipeg firm. He said the sale price was $3,000,000.

Western Gypsum has plaster mills and wallboard plants in Winnipeg and Calgary and its main mine is at Amaranth, Man., 120 miles northwest of Winnipeg. It employs some 200 persons.

The British company is the largest manufacturer of gypsum products in the United Kingdom. It has plants in Eire, South Africa and France.

Western Gypsum, which has mining properties in British Columbia as well, was established in 1929 by the late J. R. Spear and the late H. D. McLaughlin. Its gross revenue in 1953 totalled $3,666,000. Last year it mined 90,000 tons of gypsum at Amaranth.

BIG EEL

The conger eel varies in length from three feet to as much as 10 feet.

Walcott Hits a 6 And 28 Fours

BRIDGETOWN, Barbados (CP)— England's cricketers, chasing a West Indies total of 383, lost two first-innings wickets for 53 runs before rain ended the second day's play in the second test match here Monday.

Once again it was the little spin bowler, Sonny Ramadhin, who struck the blows for the West Indies. With the total at 35, he dismissed Willie Watson and 10 runs later he had Peter May caught.

Len Hutton appeared to be in his best form and was not out for 34 when the rain came.

Feature of the West Indies innings was the great knock by Clyde Walcott, the giant Barbados all-rounder. He carried his Saturday score of 147 to 220 and hit a six and 28 fours, batting for six hours and 37 minutes.

It was his highest score against England, beating his 168 in the Lord's test in 1950.

West Indies won the first test by 140 runs.

In a friendly match completed before the second test, the Tourists defeated the Barbados eleven by one wicket. Barbados scored 389 and 179 while England scored 373 and 196 for nine wickets.

Teen-Aged Girl In Dog Derby

By CECIL SMITH
Canadian Press Staff Writer

OTTAWA (CP) — A pretty, 17-year-old high school girl, with litle experience but rich in determination will be at the starting line today for opening of Ottawa's two-day 66-mile international dog derby.

Sandra Stiles, in her third year at Ottawa's Nepean high school, will compete with more experienced male drivers for the gold challenge trophy and $1000 cash prize. A record 26 contestants are entered in the derby which winds up Wednesday afternoon.

YOUNGEST MUSHER

The youngest musher in the race, the five-foot-five brunette has taken over the racing reins from her father, Herb Stiles who has been racing and breeding dogs for several years at their suburban Britannia Heights home.

Maglie Hopes For Good Year

NEW YORK (AP) — Pitcher Sal Maglie passed some good news to New York Giants Monday along with his signed contract.

"I'm feeling better than I have in two years. I hope to have a good year."

Back trouble plagued Maglie last season when he fell off to an 8-9 won-lost record. In the three years previous he posted marks of 18-4, 23-6 and 18-8.

Bonners Ferry Loses Ground To Creston Club

CRANBROOK — The Bonners Ferry Wildcats lost ground in their International Basketball League lead as the visiting Creston Imperials edged them 61-58.

With four more games to play Bonners Ferry holds only a one-game lead over the Creston and Kimberley clubs now tied for second place in East Kootenay International Basketball League play.

Keith Jenson was the big wheel for Creston, sparking his team with 20 points. Les Posten worked 15 of the Wildcats points.

While Creston held the lead at the half by 15 points the locals came on in the third quarter to tie it up. With the score alternating back and forth in the final minutes, time ran out for the Bonners Ferry quintet.

Injury Keeps St. Laurent Out Indefinitely

MONTREAL (CP) — Montreal Canadiens management announced Monday night that defenceman Dollard St. Laurent will be out of action indefinitely because of a shoulder injury and will be replaced by Jim MacPherson.

St. Laurent was injured late in Sunday night's National Hockey League game in New York, when Canadiens defeated the Rangers 4-1. Reports reaching hear said St. Laurent was boarded by Nick Mickoski and it is feared the Montreal defenceman suffered a chipped bone in his shoulder.

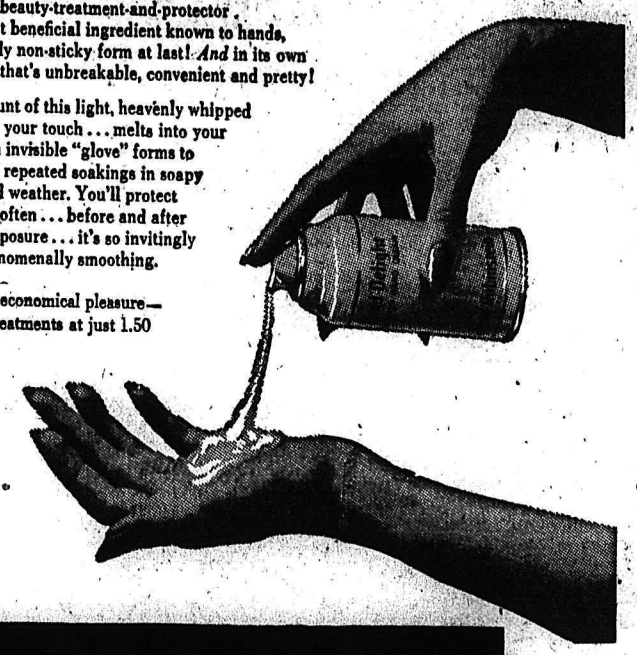
Helena Rubinstein invents whipped cream for soft, inviting hands!

HAND DELIGHT

Put your hands in Helena Rubinstein's capable hands and they'll lead a softer life than they've ever known. Her new Hand Delight is a beauty-treatment-and-protector, made with the most beneficial ingredient known to hands, now in a completely non-sticky form at last! *And* in its own pressure atomizer that's unbreakable, convenient and pretty!

Just the right amount of this light, heavenly whipped cream fluffs out at your touch . . . melts into your skin in no time. An invisible "glove" forms to guard you through repeated soakings in soapy water, through cold weather. You'll protect your hands with it often . . . before and after dishes, laundry, exposure . . . it's so invitingly fragranced, so phenomenally smoothing.

Hand Delight is an economical pleasure— up to 200 beauty treatments at just 1.50



MANN DRUGS LTD.

$292,738 in Month's Building

Building permits issued during January numbered 11. The estimate of spending on building provided in the authorizations was $292,738.71. Nelson School District No. 7 project, a $276,000 addition to the Junior High School, was represented in the largest permit.

Building permits were issued to:

John Ashcroft of 712 Gordon Road to re-roof a fuel shed, $40.

Mrs. A. Ritchie of 721 Josephine Street, to take off old joint wainscot and put on veneer and congowall. Also to drop ceiling from 10 feet to eight feet six inches, insulate and put in two cupboards, $548.71.

K. W. Dixon of 701 Front Street to erect a five-room bungalow with full basement, $9900.

Leonard Nelson of 273 Baker Street to extend an inside wall, $250.

Pentacostle Assemblies of 708 Baker Street to alter the present washrooms and add four Sunday School class rooms on the West side of the basement and three on the East side of the basement, $300.

E. V. Allen of 815 Fourth Street, to finish attic and lay floor and wallboard, $300.

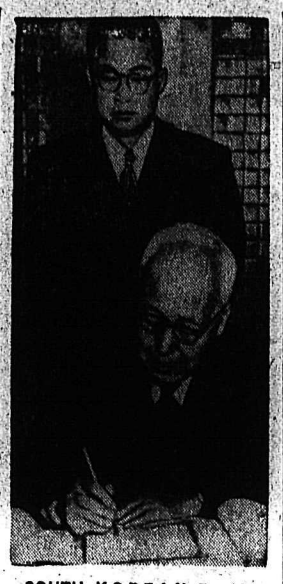
Art Ranniger of 466 Baker Street to move store partition 10 feet, $25.

Madden Hotel of 525 Ward Street to drop the ceiling in the stair landing to build an office, $175.

W. E. Armson of 696 Baker Street to hang a neon sign in front of the Greyhound Building over the part occupied by Armson's Cafe, $1200.

W. C. McDonald of 217 Gore Street to build a Marine Service Station, $4000.

Nelson School District No. 7 of 1201 Josephine Street to build a school, $276,000.



SOUTH KOREAN President Syngman Rhee signs the first draft of the United States-Republic of Korea mutual security treaty at his home in Seoul. The treaty calls for either country to aid the other in the event of an attack. A U.S. spokesman said the pact would not apply if South Korea is the aggressor.

B. C. Radio Urged to Strike Balance 'Twixt Commercial, CBC Extremes

VANCOUVER — B. C. radio men were urged at their annual dinner at the Hotel Vancouver to regain control of the programs their stations broadcast if they want to resist the onslaughts of television. Richard G. Lewis, editor of the trade paper, "Canadian Broadcaster & Telescreen", charged that the radio men have permitted the advertising agencies and their clients "to relieve them of a large share of the responsibility for their programming and to pay them for the privilege." He said that "this tendency to over-commercialize at the expense of entertainment has its parallel on the other side of the fence, which is just as disastrous. This," he said, "is the CBC's inclination to place the education of its listeners over their enjoyment.

"Newspaper publishers employ professional journalists—if I may be forgiven the word—to write their articles and features," he said. "They leave their advertising writers in the advertising department and their professors in their classrooms. Radio has to set its sails on a similar tack if it is going to keep in the swim. A way will have to be found to keep advertising people out of the studio and program people out of the advertising department . . . I would dare to suggest that the prime function of a program should be neither to sell nor to educate. These things should be secondary objectives. First and foremost, a program must please," he said. "Then, paradoxically perhaps, its selling or educatine powers will be all the greater.

Lewis told the radio men they cannot be all things to all men. He suggested that they would be better to cater to all of a certain segment of society than to some of all segments. As an example of what he was advocating, he cited the fact that, in Havana, Cuba, "there is an extremely large number of private enterprise stations which," though they derive their whole revenues from advertising, are highly specialized. For example," he said, "one Havana station broadcasts nothing but opera, another drama, and so forth. He went on to suggest that a similar situation exists in the magazine publishing field.

He made a strong plea for what he called "characters" on the radio, advocating to his audience that they "throw away the jelly moulds and fashion the people who write and speak their words on a custom made basis."

Teachers Doing Good Job Says Dr. Mackenzie

VANCOUVER (CP)—Despite the fact that a major share of Canada's education burden is borne by inexperienced young girls fresh out of high school, contemporary teachers are doing a better job than those of a half century ago, Dr. Norman A. M. MacKenzie asserted Monday.

The president of the University of British Columbia said many people should not be overly critical of young teachers because "maybe that's the best we can do considering the nature of the profession and the salary payments."

But if this is the case, he told the Vancouver Board of Trade advertising and sales bureau, "then we should not be surprised if they are not able to do all we'd like them to do for our children."

FAIR COMPARISON

A fair comparison between standards today and a half century ago, Dr. MacKenzie said, shows that present-day students are much better equipped and adapted for the world in which they are to live and teachers are doing a better job of instruction than was the case about 50 years ago.

Defining education as "every influence brought to bear on a human being, all that affects, shapes and moulds the individual," the UBC president said the home remains the most important single factor in education. And the church, he added, is still important but schools are increasingly assuming duties formerly held by the church and home.

Dr. MacKenzie concluded that it was not enough to assume that problems of education would be solved by criticizing schools and teachers, but rather, the only way to improve the system was to effect a change in society.

Kelowna Production Pleases Suter, Drops Word of Advice to Audience

KELOWNA, B.C. (CP)—Adjudicator Graham Suter told the cast of Kelowna's Little Theatre group here Monday night that their British Columbia regional drama festival entry "Ah Wilderness" was well done, full of promise but a little inclined toward burlesque.

The three-act comedy is by Eugene O'Neill.

Mr. Suter criticized the stage facilities of the Empress Theatre here —where the production was presented—as "hysterical" because of the difficulties of arranging the sets. Of the principal players he said Charles Patrick who played the part of the father, Nat Miller, was gifted with "great humor and charm."

SINCERE PERFORMANCE"

In assessing Dagny MacGregor who played opposite Patrick in the role of Essie the mother, Suter said she suffered from bad voice production but was good although a bit young in the part.

Jack Weintz as the son Richard was described as giving a "sincere performance" and was an actor who understood his role. Director Frank Bishop was credited with good stage sense but had "pushed the comedy a little on the low side, which rather blunted the delicacy of the story."

In "adjudicating" the audience, he found no program rattlers or late comers but asked them to try to develop "an appreciation for the more subtle bits of the theatre."

Allied Navies in South China Sea

SINGAPORE (AP)—British warships sailed Tuesday for a destination in the South China Sea to rendezvous with American and French vessels for the Allies' first big naval games in the area since before the Second World War in the Pacific.

Exercise Sonata, involving merchant ships and aircraft is intended to train the three Allied navies in submarine attack, hunting and detection in the waters of southeast Asia.

As a result of the 10-day exercises the three navies hope to devise methods to keep open trade routes in case of war and also to perfect general staff co-ordination.

Cracks Down on Unpaid Postage

OTTAWA (CP)—The post office is cracking down on government departments which haven't been paying their postage bills, it was learned Tuesday.

The matter first came to light when the estimates for the 1954-55 fiscal year were tabled in the Commons last week.

Under the external affairs department, a $50,200 item is shown for postage though there was no such appropriation in the previous year.

A post offcie official explained that the external affairs department used postage meters to stamp printed matters and then neglected to send a cheque to the post office department to cover the amount. The external affairs department's bill was comparatively large in this regard because it sends a good deal of printed matter overseas.

The official said a few other departments also were neglecting to pay for such postal services but he did not name them. He added that the amount of money involved was not large.

Falman Dismissed On Impaired Charge

VANCOUVER (CP) — The case against Gregory Fahlman, aged 33, charged with impaired driving, was dismissed by Magistrate John Scott in police court here.

Fahlman was arrested Dec. 11 by police traffic officers who stopped his car. A passenger in the car, Provincial Liberal leader Arthur Laing, was subsequently charged with being intoxicated in a public place. Magistrate Scott also dismissed the case against Laing.

The magistrate dismissed the case against Fahlman after hearing 11 witnesses and the accused, but said, "I think the officers did a proper thing in bringing him into the police station."

Step Up in Crime Wave at Coast

VANCOUVER (CP) — The tempo of Vancouver's crime wave was stepped up Monday night as harassed police officials reported eight burglaries, a holdup attempt and a smash-and-grab robbery.

Loot in the burglaries included drugs, cash, a truck and tools, and police have made several arrests in connection with the attempted holdup and the smash-and-grab.

Total value of the loot was not known, although about $100 was taken from an excavation firm. The money was contained in a safe, along with company books. A truck used to haul the safe away was found abandoned.

Grab Watches Worth Close To $1000

VANCOUVER (CP)—Smash-and-grab thieves looted a south Granville street Jewelry store of close to $1000 worth of watches Monday night. The Barnes Jewelry robbery was the third smash-grab attack on the lower mainland in as many days.

Strange Bedfellows

FARGO, N. D. (AP)—Joseph T. Friscia, 20, Lindenhurst, N. Y., who admitted taking a Canadian youth across the North Dakota line along with an elephant, was placed on probation for three years in court Monday.

Immigration officers said Friscia brought Donald R. Pringle into the U.S. in July, 1953, at Portal, N. D.

Friscia is an animal trainer and transporter. At the time he picked up Pringle, who was hitchhiking, he was hauling a circus elephant and told Pringle to get in with the animal.

He might have received a $2000 fine or five years in prison, or both, but the court noted it was a first offence and decided to be lenient.

"I hope you learn a lesson from this," Judge C. J. Vogel said.

EASTERN CLOTH

The fine cotton cloth known as muslin is said to have first been made at Mosul in old Mesopotamia.

U. K. Buys More Canadian Salmon

OTTAWA (CP) — The United Kingdom is boosting its 1954 purchases of Canadian canned salmon, spurred by a dollar-producing "buy British" campaign among British Columbia industrialists.

Fisheries Minister Sinclair announced in the Commons Tuesday the U.K. government has decided to make a bulk purchase "considerably larger" than the 205,000 cases Britain bought last year.

He did not indicate the amount, but he said that in 1953 Britain bought $4,250,000 worth of Canadian salmon. In 1952, it bought none because of shortage of dollars.

British authorities here said the new order is expected to run around $4,900,000 or a little more. They said Sir Andrew Jones, head of the former British food mission in Ottawa, now is conducting negotiations with B.C. business men.

The 1954 boost, Mr. Sinclair said, resulted largely from a series of moves initiated last year by B.C. fish packing interests to stimulate two-way trade with Britain.

SENT TRADE MISSION

After the British chancellor of the exchequer, Richard Butler, had suggested the Canadian fishing industry buy more British goods to finance fish sales, the B.C. packers sent a trade mission to the U.K.

By last August, Mr. Sinclair said, the B.C. industry had prepared orders for $4,500,000 worth of new purchases of such items as tinplate, mechanical equipment for boats and fishing gear.

The minister made clear the Canadian purchases from Britain were not linked to British purchases under any conditions of sale. There was no suggestion of a barter arrangement.

However, the Canadian purchases had been drawn to the attention of Mr. Butler, who was "frankly delighted."

Mr. Sinclair also quoted Peter Thorneycroft, president of the British board of trade, as expressing belief this was the first time "that a whole industry had made a deliberate effort to help the British to earn more dollars."

"In view of this happy outcome," Mr. Sinclair said, "I can assure you that the fishing industry of B.C. will continue to press its 'buy British' campaign."

Opposition Leader Drew, welcoming the purchase announcement, said the Canadian action was of the type the Progressive Conservatives have been urging the government to take.

Assessment Work On Eight Claims

Certificates of work were issued to only one person during January from the Mining Recorder's office. R. C. MacDonald completed assessment work on the Oxide numbers two, five, six, seven and eight, "Donnie," "Patricia", and "Limonite."

Shorter Skirts For CWACs

OTTAWA (CP)—The Canadian Women's Army Corps doesn't come right out and say so in so many words but it strongly implies that the navy and air force girls are way behind the fashion times.

In fact, some CWACs say they think the Wrens and WDs look like "potato sacks" in those long skirts.

Long, that is, in comparison to CWAC skirts.

The CWAC recently shortened skirts an inch so that they now are 14 to 16 inches from the floor, depending on height of the girl.

The CWAC said Tuesday it was not following any Paris or New York fashion. It simply prefers shorter skirts for its 1200 reservists because it thinks they make the uniform look smarter.

The Wrens and WDs say they aren't contemplating any change in the length of skirts. Standard for both services is 11¾ to 14 inches from the floor—in the case of the Wrens, from the desk. There now are 197 full-time Wrens, 628 in the reserve. There are 3200 regular WDs and 700 reservists.

NAVY SURVEY

There may be some rumblings of discontent among the Wrens about the longer skirts because the navy is making a quiet survey to find out if the girls want a change. No alterations are in prospect right now, however.

Added zip has recently been put in the Wren uniform by way of a moulded hat, replacing the old model which used to flop over like a pancake.

As far as men in the services are concerned, they'd like to see a return to the early wartime skirts that showed some knee.

One RCAF male officer said:—"Please don't emphasize that WD skirts are longer than the CWACs. The army will get all the recruits."

Charge Logger With Theft of Watches

VANCOUVER (CP) — Keith Leroy Moffat, 20-year-old logger, was charged Tuesday with the theft of nearly $1000 worth of watches from a south Granville street jewelry store Monday night.

Moffat was arrested a half-block from the store by a beat constable who was attracted by the sound of breaking glass.

Police said they found two women's watches, valued at $150, in the man's possession.

The Barnes Jewelry robbery was the third smash-grab attack on the lower mainland in as many days.

N.Y. Jews Against Israeli Draft Law

NEW YORK (AP) — A shouting crowd of about 3000, including many rabbis and seminary students, demonstrated Monday at the Israeli consulate to protest a law conscripting women in Israel for the army.

Police had to call for reinforcements before they could disperse the marchers. No one was injured, but several patrolmen and participants were knocked down in the crush.

Bearded, black-coated rabbis occasionally climbed on top of parked automobiles to address the group. Marchers carried signs with such slogans as "don't draft women" and "support a government that opposes religion?"

DEATHS

By The Canadian Press

PHILADELPHIA — Emile G. Perrot, 81, architect and pioneer in the production of reinforced concrete.

BIRMINGHAM, Ala.—Dr. James S. McLester, 68, former president of the American Medical Association and an international authority on nutrition.

BLOOMFIELD, N. J. — Air Force Maj. Michael Brezas, Second World War ace with 24 German planes to his credit, whose death in Korea Friday was announced Monday.

Senators Threaten Coffee Speculators

WASHINGTON (AP) — Investigating senators said Tuesday they will subpoena lists of large traders and speculators on the New York coffee exchange unless exchange officials and brokers supply them voluntarily.

Chairman Glenn Beall (Rep.—Md.) of a Senate banking committee told reporters this after coffee brokers balked at making public lists of their customers.

Beall said the senators, seeking causes for sharp increases in coffee prices, want to check the volume of speculation in the U. S. against coffee price increases from November through January.

JOINT WINNERS

MONTREAL (CP) — Douglas Stewart Ellis, dean of engineering at Queen's University, Kingston, Ont., and Richard E. Chadwick of Montreal, chairman of the board of the Foundation Company of Canada, Monday were chosen as joint winners of the Julian C. Smith Medal for 1953-54. The medal is presented each year by the Engineering Institute of Canada for "achievement in the development of Canada."

Canada Eases Carribean Trade Restrictions

OTTAWA (CP) — Canada's $40,000,000 market in the Caribbean has been opened to free trade in a dozen commodities ranging from newsprint to fish.

Trade Minister Howe brought this move to the attention of the Commons Tuesday as he announced continuation in 1954 of the Canada-British West Indies trade liberalization program. He described the lifting of the curbs as "an encouraging sign for the future."

Under the liberalization program Canadian exports are granted quotas for shipping a wide range of goods into the BWI market. Quotas are based on half the average amount sent in the years 1946-48 inclusive in the case of goods considered essential and 40 per cent in the case of less essential items.

These same quotas are being continued in 1954. However, a number of items previously on the restricted list now can be shipped into the BWI market from any part of the world without restriction.

NORMAL TRADE ITEMS

Added to the classification of open general licence are: newsprint; kraft paper; dried, smoked, pickled and salted fish; onions; potatoes; cheese; powdered and canned milk; split peas, meats; canned fish and animal feeds in the case of all colonies with the exception of British Guiana.

All these are items which Canada normally sells to BWI. Last year they amounted to about $10,000,000 of the $40,000,000 worth of Canadian goods absorbed by the British colonies.

Set New Record In Home Building

OTTAWA (CP) — Canada set a record of 96,839 new dwelling units built in 1953.

The bureau of statistics reported Tuesday the figure—a preliminary one—was 23,752 above the previous year's end 7824 more than the previous record of 89,015 in 1950.

Counting 3824 units added by conversion of existing buildings, a total of 100,663 sets of living quarters were added to the country's dwellings.

At the year-end, the bureau reported, there were 59,923 uints still under construction, 4234 more than a year earlier. The number under construction was up in all provinces except Nova Scotia, Prince Edward Island and Quebec.

DOMINION UPSURGE

The 1953 construction upsurge was common to all parts of the country, but there was wide variation in the gains in different provinces. For the first time more new units were built in Alberta than in British Columbia. Alberta's total of completed new uints jumped 59 per cent to 9854 from 6204, while British Columbia's rose more moderately to 7944 from 7028.

Saskatchewan's total climbed 92 per cent to 4047 from 2630, while Manitoba's showed a smaller advance to 4794 from 3142. Ontario's total rose to 35,173 from 27,461, and Quebec's was one-third greater at 29,803 against 22,407. Totals for the Atlantic provinces were: Newfoundland, 1480 (1131 in 1952); Prince Edward Island, 182 (42); Nova Scotia, 2160 (1811); New Brunswick, 1402 (1231).

French Assembly Watches Berlin

PARIS (AP) — The French National Assembly went back to work Tuesday after a month's vacation but most deputies' eyes and ears were turned toward Berlin rather than their tasks at home.

For it was at the Big Four foreign ministers conference, in the German metropolis that some action might develop on two problems that interest the French most —the Indo-China war and the proposed European army.

Although parliamentary sentiment in favor of some kind of settlement in Indo-China is growing daily, the deputies realize they must find someone to negotiate with before their hopes can be realized.

Calling All Parents, Schools Open Sept. 7

VICTORIA (CP)—Parents worrying about the Sept. 1 early opening date for provincial schools can relax.

Education Minister Robert Bonner said Tuesday opening will take place the day after Labor Day, Monday, Sept. 6. Children will be back at their desks Sept. 7.

The change followed representations made the education department by parent-teacher groups and individual citizens who believed the early opening date would interfere with holidays.

Painters Seek Raise

VANCOUVER (CP)—About 900 painters in Vancouver, New Westminster and other lower mainland areas will seek a 35-hour week with no reduction in take-home pay, the painters' union announced today.

A similar demand was made last week by 3000 lower mainland carpenters.

PLAYING WITH MATCHES, BABY DIES OF BURNS

PENTICTON, B.C. (CP)—David Tattrie, two-year-old son of E. S. Tattrie, died in hospital here Monday night from burns suffered when his clothes caught fire earlier Monday. Police said the child apparently was playing with matches when his clothes ignited.
