

PM Statement Nearly Assures '53 Election

Second Non-Confidence Vote Downed
101 To 47; Oct. Election Forecast

OTTAWA (CP)—Prime Minister St. Laurent says the record of his Liberal government will be placed before the Canadian people "within the next few months," thus practically ensuring a federal election this year.

Mr. St. Laurent made the brief reference Monday to an election—his strongest forecast to date—after George Drew, Progressive Conservative leader, reiterated opposition charges of government waste, extravagance and inefficiency.

The exchange between the prime minister and Mr. Drew brought the first break in the budget debate which has taken most of the Commons' time since Finance Minister Abbott presented his budget Feb. 19.

Then at the night sitting the debate came to a sudden end as members voted 101 to 47 against a Progressive Conservative motion of non-confidence. By the same count the Commons endorsed the main government motion to go into committee to study budget resolutions on which bills will be based giving effect to budgetary changes.

The Progressive Conservative motion said the government had taken no steps to deal with waste and inefficiency; had given no tax relief to those who need it most; had offered no encouragement to farmers; had refused an independent inquiry into defence administration and accounting.

Earlier members had voted 108 to 44 to defeat a CCF motion of non-confidence based on the budget. The motion termed it a rich man's budget and regretted:

1. That tax cuts were made retroactive to Jan. 1 for corporations but not for income taxpayers.
2. That exemption levels were

doubled for the corporation tax rate but those for income taxpayers were left unchanged.

3. That credits allowed shareholders for dividends were doubled but no comparable credits were given the workers.

The resolutions preceded legislation to give effect to budgetary changes, including an 11-per-cent cut in income tax effective July 1—5 1/2 per cent on the year—abolition of the \$250 annual radio licence fee, and the cheque-stamp tax and a four-cent decrease in the tax on cigarettes.

All votes were along straight party lines with the Progressive Conservatives, CCF and the Social Crediters lining up against the Liberals. P. E. Gagnon (Ind.—Chicoutimi) voted against the government each time.

Mr. St. Laurent's election reference was believed to lend strength to a Fall election, probably in October. The dates of Monday, Oct. 5, or Monday, Oct. 12, have been mentioned around Parliament Hill.

Report from Victoria

BY JAMES K. NESBITT

VICTORIA—The great mystery of this session of the Legislature is this: Will there be another election this year, and if so, when?

MLA's can hardly wait to find out. Premier Bennett—the only one who knows—is giving no hint anymore. Has he changed his mind?

There are two vacancies now—Lillooet and Point Grey. If the House this session adds three more seats there could then be a little election—five byelections. That would be a good test of public opinion and Social Credit could doubtless win the five.

That may now be the Premier's idea. He's a good gambler, has an uncanny sense of political timing. He has always jumped at the right moment, and the various jumps over anything and anyone, got him to the top of the heap in a hurry.

MLA's are suspicious types when it comes to elections. They trust nobody. Oppositionists are particularly suspicious of the government, for it's the government that runs elections. We heard a lot of this suspicion talk the other day. One member said the ballot boxes are never locked securely enough.

CCF'ers don't like the alternative system of voting. If we had the old system last June the CCF today would be the government. Social Crediters like the new system, for it got them there. The alternative system was designed by Liberal and Conservative in coalition. The idea was to put one of the old parties in power, with the other in opposition, thus immobilizing the CCF. But along came Social Credit and everything went into reverse—for Liberals and Conservatives.

MUNE, STRAITH THINKS
Liberal Mr. E. T. Kenney the other day could find no vote for the election he said everybody says is coming this year. Are we, or are we not, going to have an election? Mr. Kenney would like to know, please. Nobody told him. Mr. W. I. Straith seemed convinced the election will be in June.

Mr. Straith, being a good lawyer, tried to find out in a roundabout way. He tried to get Agriculture Minister Kiernan to tell him when milk price controls will be off. The connection between milk prices and an election? Mr. Straith feels control of milk will lower the price of milk, and that will make a hit with the public, and so the election will be a week after milk prices are decontrolled. Mr. Straith said that

Just at the end of the debate the Premier arose. He seemed about to make a great announcement. He paused, smiled, said: "The government will endeavor to have an honest election." Ah—this it said everybody. The date? "Yes, an honest election—when we have one," said Mr. Bennett and sat down, enjoying the frustration he had created.

TRUCK KILLS TOT
KELOWNA, B.C. (CP)—A five-year-old girl was killed here Saturday when she fell beneath the wheels of her father's truck in the driveway of their home.

The victim was Shirley Casorfo, daughter of Mr. and Mrs. Martin Casorfo.

A Canadian Abroad...

Lincoln, Byron Barricaded Against Coronation Throng

BY BRUCE HUTCHINSON

LONDON—In this cold spring of Coronation year a Canadian's first hours on the British Isles are likely to be chilling—a chill penetrating beyond the skin into the spirit.

The Canadian feels like a stranger in a strange land, a stranger in the heart of his own Commonwealth.

We had come back to England in company with the high-class riff-raff of this kingdom returning from its winter holiday in Bermuda, and outraged, if you please, because it was compelled to live on the same ship with some private British soldiers and their families.

There was a degree of confusion as the customs shed. Trucks were not valises were mislaid. Then, at once the sprawling, amorous stuff of England suddenly led. All the lost luggage appeared miraculously from nowhere, two

hundreds of passengers found themselves on a luxurious train and the burgeoning spring landscape of England was rushing past at eighty miles an hour.

Instantly at Home

Here, to a Canadian, was a symbol and microcosm of England's life. There had been grumbling. Everything seemed to be in chaos; nothing in its proper place. But somehow the inchoate process of this island moved faster and more smoothly than the efficient assembly-line system of the new world.

Escaping from our shipboard companions out of the port drawer, we instantly felt at home in that genial mass of masonry and memories called London. We had ceased to be foreigners. We were back in the Commonwealth. The masonry and the memories embraced us as friends and brothers returning home.

On the eve of coronation—the last we shall ever see in our lifetime—London presents a curious spectacle, outwardly and inwardly. The golden crocuses, the yellow

tassels of witchhazel are bloom, the buds of lilac and daffodils are fattening in a thousand courtyards and window boxes but they are engulfed in the rank wood-and-steel growth of coronation stands along the processional route.

The bronze figure of Abraham Lincoln hard by the Abbey—an American honored by a land which recognizes no frontiers in the realm of human genius—is carefully guarded by wooden barricades until only his grooved and tragic face broods above the rising tide.

They have sheathed Byron too, in a cell of planks—a wise precaution when so many fair ladies will soon fill these streets.

No Holiday Mood

London, out of long experience prepares grimly for its largest festival. There is no visible mood of holiday in London; rather the look and manner of a people who have a job to do and have just realized, rather late, its huge dimensions and complexities.

Rightly or wrongly the economists can argue about that. London feels that things are a little better

this spring. More goods are off the ration, the tensions of state control have been gingerly eased by a cautious government, the dollar reserves have risen almost to the minimum point of safety and perhaps Eden and Butler can convince the American Congress that Britain wants trade not aid.

But the improvement is slight. The prospects appear bleak and will remain so for a long time on an island with no large resources but a foundation of coal supporting fifty million people by nothing but a miracle. For the first time since the industrial revolution England knows now that it is poor.

A Little Resented

The new world, caricatured as a land of millionaires is envied, a little resented and suspected of dangerous international adventures. Anyone who has moved directly from New York to London is shocked by the gross misunderstanding between the two great peoples. Each is a caricature and travesty to the other.

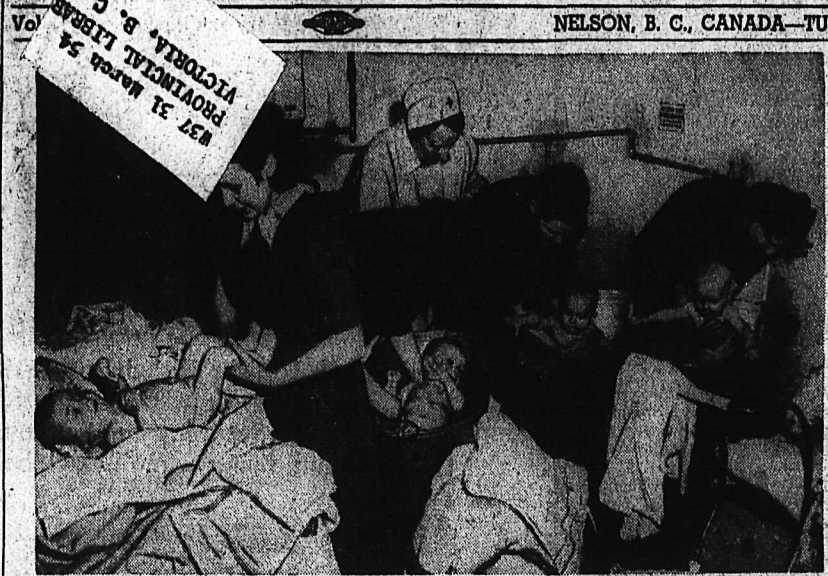

In his usual middle position the

"HERO TITO" ...

Police Guard Tito During Visit

Performer Recalls Grand Hoax

OLDENBURG, Germany (CP)—Otto Witte, 81, a retired fire-eater and sword-swallower, Sunday celebrated the anniversary of a glorious day 40 years ago when he ruled Albania just for the fun of it.

In 1913 he dressed up as a Turkish prince and hoaxed the whole nation for two days.

All the people of Albania were eagerly awaiting the arrival of Turkish Prince Halim Eddin to take over the country's reign. Witte and a friend made themselves look very Turkish and presented themselves at court.

Everybody bowed and scraped and then Witte and his friend took the salute from the guard of honor. On March 15 Witte was crowned king of Albania in a ceremony at Durazzo.

The next day the real prince showed up and was put out to discover he was too late for his own crowning. Witte dug a hole in the palace garden, buried his Turkish uniform and bolted.

Bennett Promises Alcoholism Study

VICTORIA (CP)—Premier Bennett said Monday the Attorney-General's department will study the general question of alcoholism during the coming year.

In reply to a question on the legislature's order paper from Harold Winch, CCF leader of the opposition, Mr. Bennett said no investigation has yet been made of drunk driving problems since such action was requested a year ago by a resolution in the legislature.

Confession Enough For Conviction

OTTAWA (CP)—A man who confesses to murder can be convicted on that confession alone, the Supreme Court of Canada has ruled.

There is no law, it added, which says that a jury must be cautioned by the judge of the "danger" of convicting solely on the basis of the confession when there is no corroborating evidence.

It made the ruling Monday in a six-to-one majority judgment rejecting the appeal of James Kelsey, 29, of Welland, Ont., sentenced to be hanged April 14 for the slaying of a Welland taxi-driver, Sam Delibashich.

LONDON (AP)—President Tito of Yugoslavia, the first head of a Communist state to visit Britain, arrived by ship Monday for talks on Western defence plans in the Balkans.

Resplendent in naval uniform and gold braid, the smiling Red ruler was greeted by the Duke of Edinburgh, Prime Minister Churchill and Foreign Secretary Eden.

Immediately Tito was surrounded by swarms of police—many wearing bullet-proof vests. Scotland Yard imposed security precautions without recent parallel in Britain.

Tito told his well-wishers that he hoped his five-day visit "will greatly contribute to the further strengthening of the friendship, mutual understanding and collaboration between our two nations."

Among subjects expected to be discussed are Balkan defence, economic aid, Trieste and Yugoslavia's relations with Italy and the Vatican, and possibly a formal pact of a political, economic or military nature.

British officials are interested in Tito's evaluation of the impact of Stalin's death on world affairs. Yugoslavia was expelled from the Russian-led Cominform in 1948 for being too independent.

Tito arrived in British waters Sunday aboard the Yugoslav naval training ship Galeb. His journey up the Thames was delayed four hours by fog.

CHURCHILL, DUKE
At Westminster pier, in the shadow of Parliament, he stepped ashore, was greeted by the Duke of Edinburgh and turned to shake hands with Churchill, who had quietly dropped his partly-smoked cigar into the river.

Streets leading to the pier were closed to traffic. Crowds lined the embankment and Whitehall, the street on which many government buildings are located, but police maintained close supervision.

The precautions were dictated by fear of Communists fiercely loyal to Moscow, Tito-hating British Fascists and many Yugoslav monarchists who are living in British exile.

Standing on a plush red carpet, Tito made a brief speech of greeting before driving away in a bullet-proof car with Churchill to the Prime Minister's residence at 10 Downing street.

A few minutes after arriving at Churchill's residence, Tito left on foot and led a small procession to a cenotaph in Whitehall where he placed a great wreath of flowers as a memorial to Britain's war dead.

Shouts of "hero, Tito" were heard, recalling the 60-year-old President's acclaim as a partisan leader against the Germans in the Second World War.

Tito's schedule of conferences, dinners and receptions here is being kept secret. The place where he is to stay has not been disclosed. Some time during his five days here he will be received at Buckingham Palace by the Queen and will be her guest at a luncheon.

Seguin Sentence Hiked 15 Years

VANCOUVER (CP)—Henry Seguin, 35-year-old Ontario murder suspect, Monday had a five-year prison sentence increased to 20 years by the B.C. Appeal Court.

He was convicted at Williams Lake, B.C., on a charge of wounding bank manager Leonard Hillier during an attempted holdup. He was also charged with shooting at an RCMP officer when he was surrounded and captured by a police posse North of Williams Lake. In county court he was sentenced to five years.

Attorney-General Robert Bonner appealed the sentence.

The Appeal Court increased the sentence on a wounding charge from five to 20 years.

"Criminals must realize the sanctity of human life and it is fortunate that no one was killed in this case," commented Chief Justice Gordon Sloan.

Seguin's appeal for a new trial, made prior to the attorney-general's appeal, was dismissed by the court.

Seguin is wanted in Maxville, Ont., for the robbery-slaying of a taxi driver last August.

Kenney Says Sommers Discouraging Industry

Charges "Half-Truths"; Tells House Alcan Pays Nearly \$2 Million in Taxes

VICTORIA (CP)—E. T. Kenney, British Columbia Liberal leader, hit back Monday at a speech by Forests Minister Robert Sommers in which the minister branded as "disastrous" the former Liberal government's dealings with Aluminum Company of Canada.

"Never before has so much been distorted by so few to mislead so many," said Mr. Kenney, forests minister in the last government which signed the contract with Alcan for a \$550,000 project in West-Central B.C.

Speaking in the Legislature debate on estimates for the lands and forests department, Mr. Kenney said the Social Credit government was speaking "half-truths."

"Why is this done? ... Just to poison the minds of the people of this province for political reasons."

Mr. Sommers said last week in the House that failure of the Liberal administration to insert in its agreement with Alcan a clause requiring the company to clear land to be flooded by the project was "insulting" and a "terrible injustice" to British Columbians. The minister said it would require \$23,500,000 to carry out the clearing job.

Mr. Kenney said this would work out to \$300 an acre while the agriculture department had given figures showing clearing costs in that area were \$30 an acre.

"I wonder how we can get industry (in B.C.) after the remarks we heard last week," Mr. Kenney said.

Mr. Kenney disputed Mr. Sommers' statement that Alcan was paying \$125,000 a year for water rights. He said Alcan had paid \$1,750,000 in taxes in the last two years.

Several opposition members asked Mr. Sommers how tree enterprise is going to revive B.C.'s falling lumber markets. Mr. Sommers said the department derived 60 per cent of its revenue from forest management licences and timber sales.

15% DROP
He said it was estimated there would be a 15 per cent drop in those revenues this year. He hoped that the situation would get better in a few months.

In reply to a question from Robert Strachan (CCF-Cowichan-Newcastle) on how the government

is assisting in the sale of lumber, Mr. Sommers said the lumber interests have a "most excellent" marketing system of their own. The department of trade and industry and the forestry department are assisting them as much as they can.

Tony Gargrave (CCF-MacKenzie) suggested it might be "hazardous" to leave the marketing problems in the hands of private enterprise. Mr. Sommers replied that he "believed in private enterprise." Mr. Gargrave and Leo Nimsick (CCF-Cowichan) asked if the government was prepared to "step in" if private enterprise did not succeed in solving the marketing problem.

AID IN MARKETING

Premier Bennett said the government will "do all possible to get markets" for lumber.

He said the government had met with the assistant trade commissioner from Britain and would talk to the trade commissioner.

Mr. Sommers said the government would look after those who are out of work as a result of logging camp shutdowns if and when it is necessary.

CCF Leader Harold Winch pressed the minister to expand on that but Mr. Sommers did not answer.

After questions from several CCF members, Mr. Sommers said they were trying to get the government to say it would buy surplus lumber.

"This government represents private enterprise and we think private enterprise is doing a good job."

Hall Mines Smelter Site May Become Subdivision

RCAF Leapfrogs Becher's Brook

MONTREAL (CP)—The RCAF air transport command announced Monday the successful completion of "Becher's Brook Two"—an airlift operation delivering 30 Sabre jet fighter aircraft to the RAF.

A spokesman said the operation was completed during the weekend, using the RCAF "leapfrog" route from nearby St. Hubert via Greenland and Iceland to Prestwick, Scotland.

The delivery was part of an order of more than 350 Sabres from Canada's factory here to the RAF. The first delivery of Sabres arrived in the United Kingdom from Canada more than a year ago.

Becher's Brook, incidentally, is a high water jump considered the No. 1 obstacle in Britain's Grand National steeplechase.

ALCAN CRITICISM

MAY DETER INVESTORS

PRINCE RUPERT, B.C. (CP)—George Vincent, an official of the Aluminum Company of Canada, told a Rotary club meeting here that continuous slumping at the \$550,000,000 Alcan project might have an adverse effect on the thinking of prospective investors.

He termed criticism of the Tweedsmuir Park development as "irresponsible and unfounded."

And in This Corner...

LONDON (Reuters)—Rate passers-by kept noticing the same baby in the same carriage outside a tavern in a crowded London district. The manager inside had dozens of complaints.

Now the carriage has a note attached: "I'm not being neglected—I live here."

The baby girl's mother, Mrs. Rosalind Wilkes, is the wife of the landlord, and a testator at that. "What else can I do. We don't have a back yard here," she said.

JOHANNESBURG (Reuters)—The city orchestra has banned strapless evening gowns for lady musicians in the cause of dignity. "As a precaution" it insists in new contracts operating from next April that the orchestra manager must approve lady members' dresses before they appear at orchestra concerts.

CHICAGO (AP)—Laundry truck driver Nathan Blumenthal, 65, had collected \$85 Sunday when two youths robbed him. Half an hour later he had collected \$10 when another youth held him up.

That is when Blumenthal called it quits for the day.

DEATH TOLL MAY MOUNT TO 13

Five Bodies Found, Eight Unaccounted For in Hotel Fire

PRINCE RUPERT (CP)—Death toll in the King George Hotel fire may reach 13.

RCMP announced late Monday that five charred bodies have been recovered from the smoking debris of the \$100,000 apartment hotel and eight other persons are unaccounted for.

The bodies of a woman and two men were found Sunday and the remains of two more men were discovered late Monday. None have been identified. All are burned almost beyond recognition.

All hotel records were destroyed in the blaze in the four-storey hotel. About 40 people were in the building when the fire broke out.

Police spent the day in compiling a list of known roomers in the hotel, but it was a difficult task.

"Saturday night is a party night in this city and there could have been several persons in the rooms who actually didn't live there," said a police spokesman.

With the exception of one man, all the hotel residents lost their personal possessions.

Mayor Harold Whalen opened a disaster relief fund to care for the homeless, and the Salvation Army came to their aid with food and clothing. The Red Cross arranged for beds at the civic centre.

The grim search for bodies went on throughout the day. A bulldozer and a crane were used to hoist blackened beams while relays of police and volunteer searchers dug in the debris.

RECONNAISSANCE PLANES COULD BELONG TO RUSSIA

WASHINGTON (AP)—United States Air Force officials believe unidentified aircraft, possibly Russian, have made infrequent reconnaissance flights over Alaska and the northern parts of Canada.

The officials, asked about the published reports that the Red strategic air command was making periodic survey flights over North America, said Monday night that the probably-Russian appearances were "less than intermittent and might more accurately be called scattered."

High air force sources added that no aircraft of possible Russian origin had actually been seen and that none had been intercepted by U.S. planes. One official said there was considerable evidence, however, that some Russian flights had been made, but that the evidence pointed to no discernible pattern.

Dentists Advised To Review Prices

VICTORIA (CP)—The Private Bills Committee reported in the legislature Monday that a bill sought by dental technicians which would give them the right to deal directly with the public in making and repairing false teeth is "not in the public interest."

The committee reported that the dental profession "might be well advised to examine and, if necessary, rectify" complaints about prices and procedures regarding purchasing and repairing of dentures.

Believes Pilot True Refugee

COPENHAGEN (AP)—Foreign Minister Ole Bjorn Kraft has insisted that the young Polish pilot who flew a Soviet MIG-15 jet fighter to Denmark is a genuine political refugee without American under-cover connections.

The pilot, Polish Air Force Lieut. Franciszek Jaworski, 21, is expected to be granted political asylum by the Danish government shortly. He plans to go to Canada or the United States later, authorities said.

Canadian is misunderstood by both.

By Englishmen, he is gently accused, rightly I think, of smugness and what the Manchester Guardian calls Olympian detachment but also, in the glamor of the Canadian boom, he is somewhat overestimated for his virtues and often regarded as a kind of superior American with all the vices purged out in an antiseptic northern climate.

To an impoverished England, still standing in a patient queue after fourteen years, Canada has become a legend of opulent and noble dreams.

Nevertheless, as I shall try to show in another report, the intermixture and amalgam of the two English-speaking cultures across the gulf of the Atlantic is far deeper than either side yet realizes. It advances steadily, inevitably, like the main current hidden below the rapids and eddies of the surface.

And it is the true hope of mankind. In the quiet little courtyard outside my hotel window a window cleaner is cheerfully whistling his morning tune. He is whistling, off key, "My Old Kentucky Home."

(This is the first of 30 articles of

pre-Coronation and Coronation Week).

**Nelson Girl Tops as
Interior Test Skater**

Miss Shellah-Lawrence McPhail, daughter of Mr. and Mrs. L. A. McPhail, passed her sixth figure skating test Sunday.

Shellah is now the highest test figure skater in the interior of B.C. She was 14 years old in February, and has her Canadian silver dance medal and her American bronze dance medal. She has been skating for five years and has taken four Summer school seasons with the Mary Rose Thacker Summer school at the Civic Centre here, and has enrolled again for this Summer.

Shellah's activities do not all run to skating. She passed her eighth grade piano and her fourth grade singing last spring with first class honors, is a grade IX pupil and loves dancing. She is on the junior high school rep team for volleyball, and is an ardent hockey and basketball fan.

When the Nelson Figure Skating Club lost its professional to a traveling show, Shellah coached the preliminary tests which were tried Sunday.

**Directors Named
By Rotary Club**

New directors were elected by Nelson Rotary Club at its luncheon meeting Monday in the Hume.

The new directorate consists of D. H. T. Mollison, W. S. Ramsay, David Fairbank, Jack McMillan, K. D. McRae, L. S. Bradley, John McDonald and C. W. Ramsden.

Stanley Dawson, president of Nelson Film Council, told Rotarians that annual membership in the Council is \$1. The group has one projector, and presses two office-owned private projectors into use for showings, which include home screenings for shut-ins.

He showed two films, one "After Prison — What?" depicting work of the John Howard Society in rehabilitating former convicts, and "Accidents Don't Happen," a film pointing up poor industrial work habits.

C. B. Garland, QC, was named chairman of the club's two-man delegation to the forthcoming International Rotary convention in Paris. A. B. Gilker is the other delegate.

**KLGH Annual
Meet Tonight**

Kootenay Lake General Hospital budget for the ensuing year will be presented at the annual meeting in St. Saviour's Memorial Hall tonight. The meeting will elect six board members for two year terms. Retiring members are E. E. Hopwood, R. D. Barnes, C. H. Bland and F. H. Smith. Walter Hendricks who moved from the district last year and W. T. Fotheringham's death created the other two vacancies. From the 12-man board, a chairman, vice-president and treasurer will be elected.

The Weather

VANCOUVER (CP) — Showers in the Southeastern Interior Monday evening accompanied the new weakening storm that gave generous rainfall to the coast Sunday night. Fresh moist Pacific air pouring inland behind the disturbance is resulting in scattered daytime showers and reduced overnight temperatures.

A new storm development about 800 miles West of Vancouver Island will bring fresh Southeast winds and rain to the Northern coast Tuesday morning and to the Southern coast by evening.

**SCHOOL BAND
TO BROADCAST**

A half hour musical program over CKLN Friday evening is planned by the Nelson Senior High School band under the direction of Eric Iles.

The program will widen the band's experience and provide parents and others interested with a chance to hear the group's progress.

The program will include marches, overtures, a rhapsody, a paraphrase and other casual and semi-casual pieces.

**Freed on Charge
Of Shooting Dog**

A charge of wilfully wounding a dog, brought against J. Balding of Cottonwood Street by Dr. R. B. Brummitt was dismissed in Provincial Court here Monday by Magistrate William Evans.

Mr. Balding admitted having shot the dog. He said the dog had been seen around his sheep pen previously, and after firing, he was not aware that the dog was injured. Some youths playing nearby found the dog lying unconscious in the grass the court was told.

Veterinary Dr. J. J. Carney told the court he removed 21 shot-gun pellets from the dog.

Under the Sheep Act, Magistrate Evans said, a rancher is permitted to shoot any dog disturbing sheep or trespassing on the property of the rancher.

R. G. Simms represented the Baldings.

**Eight Divorces
Granted Here**

Eight divorce petitions were granted Monday in a special Supreme Court sitting in Nelson by B.C.'s new judge, Mr. Justice H. W. Davey.

Divorces were granted to: John Lawrence Doyle from Catherine Grace Doyle, F. W. Barry of Kimberley for the petitioner.

William Robert Johnson from Grace Elizabeth Johnson, F. W. Barry for the petitioner.

Murdo Angus Morrison from Bertha Elizabeth Morrison, F. W. Barry for the petitioner. Costs.

Max Paul Kasper from Jean Kasper, G. B. Arnesen for the petitioner.

Rae Martell from Ross Martell, L. S. Gansner for the petitioner. Custody and costs.

Rose Elaine Sherlock from Arthur Ronald Sherlock, J. B. Meagher of Trail for the petitioner. Custody and costs.

Anne Posnick from William Arthur (Alexander) Posnick, J. F. Meagher for the petitioner, Custody and costs.

Diane Winifred Wallach from John Wallach, L. S. Gansner for the petitioner. R. G. Simms appeared for the respondent in the matter of custody. Costs.

The more labels, the more chances the more fun. Bring or mail the labels to Liberty Tel-a-Phone today and every day.

Simple Rules:

1. Write name and address with phone number, if any on the back of the labels from any of the 17 advertised products, if none you will be asked a question over the air and you may write in your answer. Mail or bring it to Liberty.
2. If customer cannot answer the question, she will win an Easter Bunny or Egg. Double the prize for the next day on the first draw.
3. Over \$150 given away in merchandise. Special prizes on these "Tel-a-Phone" items. Clip the tops and join the fun now. Earl will not be prompting on these next questions.
4. YOU CAN WIN AN EASTER CHOCOLATE RABBIT valued at \$8.95 or one of the Largest Blue or Red Bunnies by simply purchasing 85c or more worth of Easter Confections, have the clerk initial your checkout receipt and put your own name and address with phone number on the back. Place in Liberty Tel-a-Phone Barrel. At least 3 biggest Rabbits will be drawn, 1 each Friday program, as well as the 2 Tel-a-Phone items. A question will have to be answered by the lucky winner drawn.

How Many Kinds of Socialism are There?

There's the Socialism of the various democracies that have never abandoned democracy but have merely dabbled on the edges of the Great Experiment.

And there's the Socialism of the Union of Socialist Soviet Republics, which is an all-out, full-scale laboratory experiment in the practical application of the ideas of Marx and Engels.

A world of difference exists between the two.

But is it not true that the difference is mainly in the DEGREE to which the Socialist idea of "Government-run-everything" is applied?

If that is the case, then how much of the Socialist poison can a democracy tolerate and still remain free?

The question isn't one for students and professors to mull over in academic debate. It concerns every living person who today resides in a free democracy like Canada.

BRITISH COLUMBIA FEDERATION OF TRADE AND INDUSTRY

INSTITUTE ELECTS FRANK ...

New Power, Paving Promises Hailed by Boswell Farmers

BOSWELL—The active Boswell and District Farmers' Institute at its annual meeting in Memorial Hall here elected almost an entirely new slate of officers for 1953. They are: S. S. Frank, president; E. Bainbridge, vice-president; Kenneth Wallace, secretary-treasurer; and W. Embree and N. Bainbridge, directors. A Hephner was reappointed auditor, and thanked for his services. Director A. Mackie was in the chair in the absence of the former president, W. Lawson Hephner.

Arrival of electricity in Boswell was especially referred to in the annual report. The power is a much-appreciated and long-awaited facility, it was noted, but it was regretted that so far only settlers as far as the North end of Boswell have been supplied in East shore electrification. However, residents

at Lockhart Creek, La France and Gray Creek are getting more hopeful of an early switch on, as additional wires are being strung.

The Institute supported the B.C. Federation of Agriculture and the West Kootenay-Boundary Central B.C. Farmers' Institutes in the year, and was represented at conferences at Kaslo and Nelson.

DEER NUISANCE

An attempt to secure an extended open season on does was unsuccessful, owing to a late request, but the group will take the matter up again this year.

Deer are too plentiful in this area, and are causing considerable damage on fruit farms, it was pointed out. They have been known to eat strawberry patches and numbers of bulbs.

Ed Bainbridge reported on the Fall meeting of the West Kootenay-Boundary Central Institute which he attended as local delegate, and members were told there was every hope that the Kuskanoow-Wyndel section of the Southern Transprovincial Highway would be standardized this year. The Institute has continually pressed for action on the section.

The financial statement, read by secretary, showed a small balance. The new directors were instructed to meet the local Women's Club to decide whether to celebrate May 24 and Coronation Day separately, or to combine the celebrations.

A.R.M. Barrow Dies at Victoria

JOHNSON'S LANDING — Word has been received here of the death in Victoria of Arthur Robert Maclean, Barrow, well-known former Kootenay man, at the age of 86.

Born in London, England, Mr. Barrow was a land surveyor by profession and came to British Columbia in 1896. He knew the Kootenays well from his early days, but more thoroughly following his retirement.

He lived for awhile at Kingsgate, later at the Kitchener Hotel, from about 1937 at Johnson's Landing for several years, and in 1948 on the North Shore.

He was a familiar figure on Kootenay Lake, visiting his friends by canoe which he paddled alone regardless of weather and his advanced age.

He loved to entertain in his log cabins here, and was a charming host.

He is survived by a daughter, Mrs. Reading of Vancouver.

Funeral services were held in Victoria.

COAST COMPANY TO STAGE PLAY AT CASTLEGAR

CASTLEGAR — The Students' Council of the Stanley Humphries Junior-senior high school is sponsoring a performance of "Hamlet" here Saturday night, by the Everyman Company of Vancouver.

The company recently completed a successful run of "Hamlet" in the coast city and is now taking the play on a tour of the Province.

The venture is the first of its kind for the students' council and if it is successful, will be the forerunner of sponsorship of more road shows.

District Members Hear KP Head At Nakusp Meet

NAKUSP—Trail, Kimberley, New Denver and Nakusp members attended a Knights of Pythias meeting here when Grand Chancellor Mark Beduz of Kimberley made his official visit.

The Grand Chancellor outlined activities of the Knights and urged support of the B. C. Music Festival in which 1000 people take part each year support for the Cerebral Palsy fund and more efforts to increase membership.

As a worker in the Kimberley mine, Mr. Beduz told the gathering, "when I joined the Order I never expected one day to be its leader." He attended Grand Lodge first at Powell River and has missed only one session since.

James Draper of New Denver, Supreme representative, also addressed the meeting.

Creston Club Busy on Musical

CRESTON—The Kiwanis Club of Creston has as its latest project the staging of the musical comedy "Whistlestop." The show follows the pattern of a Broadway musical but the unusual feature of it is that it has been written by two local residents—Tom Matheson and Norton Welch, complete with humorous plot, racy dialogue and gay song and dance numbers. The locale is a mythical town in the Kootenays at about the turn of the century.

Locally produced with an all-local cast, Whistlestop has already been acclaimed by those who have witnessed rehearsals.

The show will be performed in Sandpoint, Ida., on March 28 and it is possible it may be taken to other outside centres.

Vancouver Ballet to Enter Festival

TORONTO (CP) — Nine ballet companies from across Canada have been chosen to present 18 ballets in the 1953 Canadian ballet festival, scheduled for the week of April 27 at Ottawa.

Mrs. H. E. Ranson of Toronto, festival secretary, Monday said Vancouver will send a representative company to present the works of its three choreographers, Mara McBurney, Helmo Heiden and Leonard Gibson. Toronto will be represented by the Willy-Block Hanson dance group and the Janet Baldwin ballet.

The Ottawa ballet and the Ottawa classical ballet, host companies for the festival, will participate. The Elizabeth Leese ballet, the Montreal ballet and the Francoise Sullivan will come from Montreal while the Halifax Theatre ballet will represent the Maritimes.

DUBUC, Sask. (CP) — Spring signs: One farmer here reported his turkey hen made a nest in an outside haystack and has been laying regularly since January. Another farmer found a sparrow's nest with three eggs.

Marysville People Briefed on Courses Offered in Civil Defence

MARYSVILLE — Civil defence plans for this area were outlined at a meeting here by K. Macrae, new civil defence coordinator for the East Kootenay, and Gale Carpenter, village civil defence officer.

Mr. Carpenter announced that instruction classes will be held in Kimberley, beginning in the first of April, with 10 instructors, of whom he will be one, in charge.

Basic training course No. 1 runs for five weeks at one night a week, and from there trainees go on to specialized classes in the departments which appeal most to them.

Classes would be held in Marysville if 30 or more people would attend. Training classes are to be held in Victoria beginning March 30, to which Marysville could send a representative, with all expenses paid by the provincial government. Advanced courses are also held in Ottawa by the federal government.

Mr. Carpenter stressed the fact that civil defence workers are covered for compensation, either in practice or on call.

SEVEN SERVICES

The East Kootenay coordinator said civil defence is a non-military disaster organization which works effectively in flood, fire or war devastation. The organization will help local fire departments build up equipment, he said, and aims to have auxiliary firefighters in each locale.

The organization is divided into seven services—fire, police, warden, rescue, communication, transportation and welfare.

Cpl. Rosenberg of Kimberley will instruct auxiliary police classes when there are 20 registrations, and Mr. Macrae hoped at least one Marysville man would be in the class. H. Nielsen, chairman of the Village Commission, was chairman for the meeting.

Talk on Christian Education Heard By Kaslo Group

KASLO — Representing the Christian Education Branch, Miss Spiller visited Kaslo to give an interesting talk on Christian Education in the United Church Hall, as well as showing films connected with her work.

A film, a true story of the problems of three families, was shown. The audience was separated into three groups, each group to try and find the right solution. Group 1, was under Mrs. W. B. McIntosh, Group 2, under A. L. MacPhee and Group 3, under Mrs. J. J. Strachan. After a given time each read their findings.

A film was then shown giving the correct solutions to the problems.

Refreshments were served by the Service Club and the audience joined in singing many old time songs with Mrs. S. H. Green as accompanist.

DEATHS

By The Canadian Press

Prague — Klement Gottwald, 56, the Communist dictator-president of Czechoslovakia.

Toronto — George Arthur Gazley, 54, publisher and editor of the Canadian Labor Press.

Halifax — E. H. Horne, 27, a Nova Scotia farm boy who discovered one of Canada's most prolific mines — Noranda — after 40 years of lonely toil.

Régina — John Edward McCormack, 38, Liberal member of the Saskatchewan Legislature for Souris-Estevan.

Geneva — Marc Birkigt, 75, founder and head of the Hispano-Suiza company, manufacturers of engines.

Quebec — Mrs. Cyprien Lepage, 85, mother of Quebec radio executives Henri and Paul Lepage.

Ft. Pierce, Fla. — Henry Basil Hall, 52, of Montreal, a manager of the T. Eaton Company, Ltd.

Warwick, Va. — Homer L. Ferguson, 80, one of North America's most noted shipbuilders.

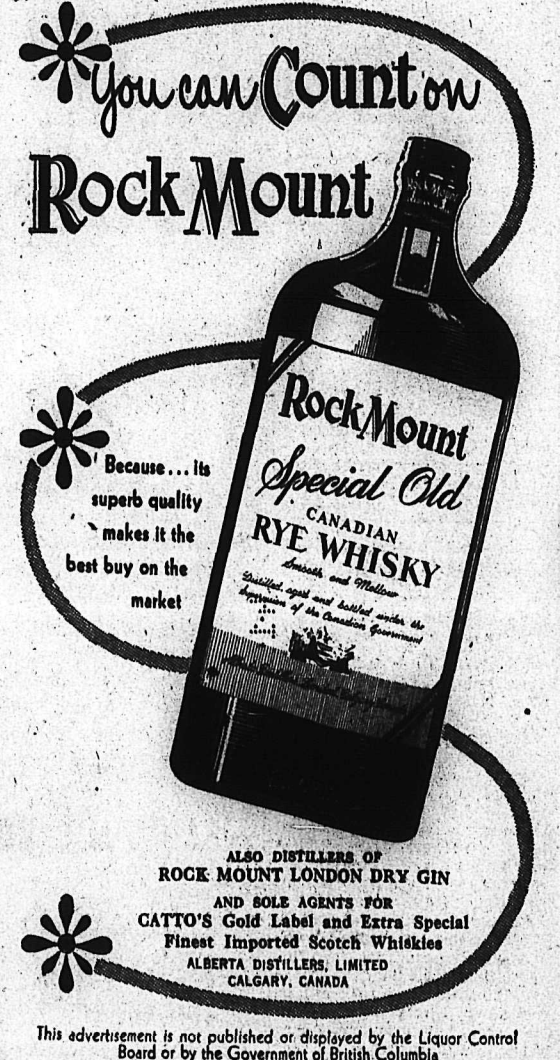

Detroit — William C. Hartough, 53, a copy editor of the Detroit Free Press.

Vienna — Leopold Kunschak, 83, president of the Austrian Parliament since the 1945 liberation of his country.

Calgary — William Robert King, 66, Social Credit member of the Alberta Legislature for Cochrane from 1935 to 1940.

The population of the U.S.S.R. is estimated at 193,000,000, including 2,000,000 Jews.

J. J. Sherbinin, Lumberman of Midway, Dies

MIDWAY—A well-known Boundary lumberman, John J. Sherbinin, died Saturday in Rochester, Minn.

He was president at the time of his death of Boundary Sawmills, Ltd., large lumber business which ships about 30 million feet of lumber annually and employs about 350 men in full operation.

Mr. Sherbinin was born in Saskatchewan in 1908, and came to British Columbia about 1910. He had worked with his father, the late John W. Sherbinin, in the lumber industry all his life. In 1936, they opened a sawmill here, and in 1944 incorporated Boundary Sawmills, Ltd.

He died in Rochester, Minn., at the age of 48. He had been ill for the past three months and was hospitalized for a time in Grand Forks and Sloean as well as Rochester.

After the family came to B. C. his father became manager of the Russian Community Lumbering Enterprises. In 1928, he operated a sawmill in partnership with his father in Crescent Valley before moving to Midway to operate a mill near Ingram Creek, and acquired interests in other logging concerns.

He is survived by his wife, Helen, three sons, John, George and Eli at home; and a daughter, Mrs. D. Owens (Tannie), of Merritt; two brothers, William J., and Pete, also

engaged in lumbering; two sisters, Mrs. N. Hadikin and Mrs. L. B. Zwick, and his mother of Midway, and one granddaughter.

Funeral services will be held here Thursday, and burial will be in the Doukhobor cemetery in Grand Forks.

British Columbia Authors Worth Sampling

How about trying a sample of Canadian writings? It can't hurt you, and, in fact, we recommend it; a great deal of it is just plain good.

Canada is not exactly an author's paradise. The fact is that if Canada wasn't adjacent to the United States where heavier markets exist or Canadian authors weren't a versatile lot able to turn their hand to other than authorship alone their sustenance would be too meagre.

There are some who claim that Canadians just don't read much. We contest that. It might be true to say a good many Canadians don't read much in the way of books; but it is equally true that thousands of Canadians spend much leisure time in the happiness of literature. The sad fact is that they far from often read Canadian authors.

Canada has a number of very fine writers. They are recognized by American publishing houses and the American public, and for obvious reasons they turn to that readership. They have been forced to by economics, and also to avoid the ensnarlment of pseudo-culture existing in some nationally-maintained circles. They do not do so by choice.

Moreover, if you would like to tap a writing source closer to home, British Columbia has some of the best. Try some of these: if it's politics or history, Bruce Hutchison; if it's the outdoors, Roderick Haig Brown; if it's books of the "Kitty" variety, Rosamund Marshall; if it's humor, the crown prince of Canadian humor, Eric Nicol; ballads, R. A. Hood; if it's a slippers and fireplace evening with historic novels, the Kootenay's own, the late Frederick Niven; children's works, Mrs. Catherine Clark. And if your taste still needs tempting, there are two-score others we could recommend without going outside the province.

St. Patrick's Day

St. Patrick's story began with a kidnapping and it didn't get any less interesting as it changed the history of Ireland.

Cothridge Sucat, the historians tell us, was born in 389 AD in Great Britain in the family of a Roman army officer and Christian deacon. It was this boy who was to become Ireland's patron saint.

He was snatched from the home of his father, Calpurnius, in Glamorgan-shire near the River Severn by the Irish King Niall Noigallach and his raiders when 16, and spent his time until 22 under an Irish chieftain at Croagh Patrick in Connaught. Thus his Irish name of Patrick.

Fourteen years he spent in preparation at Auxerre, France, following his escape and, consecrated a bishop in 432, he returned to Ireland to battle heresy. He was successful against Druidism, founded churches, brought

LETTERS TO THE EDITOR

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Thanks

To the Editor:
Sir—I want to thank you very much for the splendid review of my little book, "West Coast Exploits".

CLARA GRAHAM,
Roberts Creek, B. C.

Slocan Asks Fulfilment Of Election Promises

To the Editor:
Sir—In the Interior of B. C. lies the beautiful Slocan Valley, stretching for miles among vast scenic mountains bearing a variety of rich timber. Several running creeks constantly feed the winding Slocan River, with an abundance of brook and rainbow trout, the tourists' paradise. Lumbering is one of the main resources in our lower Slocan Valley, and the village of Passmore is bustling around the clock as the wheels in large industrial mills turn almost continually.

Tourists who are attracted to this valley by our vast lakes, streams and scenery, seldom travel more than a few miles before changing their minds and going back. The reason for this is, of course, the deplorable condition of the roads—washboard, hairpin curves, dust, and blind corners. Tourists stop to inquire at roadside stores only to find that they cannot quench their thirst with cold refreshments, as these are unavailable due to the fact that the valley has no power line and no refrigeration.

Our Slocan River flows into the Kootenay River, where they have several large hydro plants. There power is generated and is sent for hundreds of miles East, West and South, while we, but a few short miles from these giant electrical projects, are still enduring without all the convenience electricity can provide.

Good paved roads and electrical power have been often promised to us by various political parties canvassing before election, but we in the past have been soon forgotten after the election was over and the promises to date were not fulfilled.

It is very unfortunate that a few minor improvements like roads and power have blemished this beautiful valley to such a stage where you seldom see a foreign car on our roads even in the peak of the tourist season. We are looking forward to major improvement in our lower Slocan Valley, and will continue to remind the Government departments that we too are anxious to have conveniences that other districts have so long enjoyed.

N. P. WISLOW.

Looking Backward

25 YEARS AGO

From the Nelson Daily News, March 17, 1928
Trail Smoke Eaters won the first game of the Western Canada Allan Cup semi-finals when they defeated the Delisle Tigers 2-0 in Saskatoon tonight. The game was played before 3000 fans, the largest crowd that has witnessed an amateur game here in years.

Trail's City Hall, after a checkered career of over 30 years' duration, is about to topple. Thursday morning a wrecking crew will commence to tear apart its timbers and to clear the whole structure away, for the site is to provide for the new and more splendid structure that will be in keeping with the present dignity of the city.

Your Horoscope

The time is favorable for work so make every moment count. In the year ahead do not be afraid to adopt new and original business methods. Today's child should prove to be enterprising, energetic and well able to further own interests.

It's Been Said

We are firm believers in the maxim that for all right judgment of any man or thing it is useful, nay, essential, to see his good qualities before pronouncing on his bad.
—Thomas Carlyle.

benefits of Western civilization to the people and then retired to Saul in Ireland as a revered man of Christian good works.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Curious, Trail—Where is the structure with the following inscription on it: "Brethren Dwelling Together in Unity"?

We are indebted to three readers for the following information, F. H. S. Nelson; Callier, Nelson, and Reader, Nelson:

The words "Brethren Dwelling Together in Unity" are on the Canadian side of the arch in Peace Arch Park that spans the border between the State of Washington and British Columbia near Blaine. On the American side are the words, "Children of a Common Mother", and above open gates in the middle of the arch is the inscription, "May These Gates Never Be Closed." For your further information, the children of Vancouver schools donated 10 cents each towards building costs of this arch, and their names are on a scroll embedded in it.

R. A. D., Chapman Camp—Can you please give the address of the Bureau of Standards?

Standards Branch, Department of Trade and Commerce, Parliament Buildings, Ottawa.

T. M. B., New Denver—Kindly print the name of a prominent British playwright.

You do not state whether you are interested in one of the older groups or younger ones. Here are a few names: Noel Coward, Somerset Maugham, Clemence Dane, Emylin Williams, Terrence Rattigan, Philip Johnson, Dodie Smith, J. B. Priestley, Christopher Fry.

Mrs. I. H., Nelson—Is it necessary to send "thank you" notes for wedding presents to everyone, or only to those whom you have not been able to thank personally?

It is considered courteous to write a brief note to all those who have given presents to bride or groom, even if they are close friends who have already been thanked personally.

Library Notes

RECENT FICTION

PHILLIPS, John: "The Second Happiest Day"—A story of the new younger generation, written by the son of John P. Marquand.

GLOETE, Stuart: "The Curve and the Tusk"—The author of "Turning Wheels" has written his fifth novel with an African setting.

DAVIDSON, LOUIS B., and DOHERTY, EDDIE: "Captain Marooner"—Fictionized account of an actual mutiny aboard a whaling vessel in the South Seas. After killing the captain, beside whom even Captain Bligh seems benevolent, the demoralized mutineers took to the beach, and a saner element among the crew delivered the ship to its owners.

HARTOG, JAN DE: "The Distant Shore"—A story of Holland's ocean-going tugboat fleet. Under the title "Holland's Glory", it is famous in The Netherlands, and has been translated into German. The story of Captain Jan is the story of the tugboats, seen through the life of perhaps the most typical seaman of them all.

KNIGHT, BRIGID: "Portrait of a Woman"—The penetrating story of Antonia, a woman in whom desire for possession becomes an overriding passion, driving her from her natural loyalties. Like the author's earlier books, this is remarkable for the interplay of characters.

RAWLINGS, MARJORIE KINNAN: "The Sojourner"—"The Sojourner" is Marjorie Rawlings' first novel in more than 10 years. This new one covers a period from 1880 to the Second World War. Its setting is a farm in New York State, the home of Asahel Linden, the central figure of the story. Told with warmth, power and human understanding, it is characteristic of the author at her best. (By the author of "The Yearling".)

WEAVER, ROBERT and JAMES, Helen, ed.: "Canadian Short Stories"—A collection of 24 short stories. Highly individual in subject and style, they combine effectively not only to embody the vitality and maturity of current Canadian writing, but also to make up a vivid picture of modern Canadian life in all its variety.

WILD, ROLAND: "Nine o'Clock Gun"—An impressive, exciting story, romantic, too, of Nell McKay, who saw the city of Vancouver grow from a clearing in the firs to the third largest city in Canada. It is a novel based on fact, from the sweating labor gangs forcing the last few miles of the CPR to the building of McKay's fine large house on Shaughnessy Heights.

Where on Earth

Did "The Raspberries" Originate?
By TED ATWOOD

There's no mistaking the meaning of "the raspberries." That delicate noise emitted through loosely closed lips is the most clear-cut expression of disgust yet devised by man.

Actually, this cheer in reverse has nothing to do with berries. Back in the 1880's our not-so-Victorian forebears delighted in riding a contraption called the razzle-dazzle. This machine was endowed not only with a stable of merry-go-round horses which revolved up and down, but with a moving platform elevated to pitch and roll like a ship in a heavy sea. To the public it offered a double thrill: dizziness and sea-sickness. Before long, razzle-dazzle passed into the common language as a slang expression meaning "to trick or fool." Later, it was contracted to "razz"; still later, extended to "raspberry," which might more properly be written "raspberry."

In spite of their reputation for forbearance and understatement, even the British indulge in "the raspberries," but they term it "giving or getting the bird." Their slang dates back to early days in the theater when bad actors "got the bird," that is, were hissed off the stage by an irate audience.

Carried to its furthest extreme, "the raspberries" turns into the "Bronx cheer," which, for obvious reasons, takes its name from that borough of New York City where it is practiced loudest and best. In certain baseball stadiums it ranks along with flying pop bottles as one of the most severe hazards of the game. So, when someone gives you "the raspberries," relax; it could be worse!

Farmers Ask for Two-Price Policy

OTTAWA (CP)—The three Prairie farmers' unions Monday asked the federal government for a two-price policy to support all-out food production for the world's hungry.

They urged a divorce of domestic food prices from the lower price levels of international trade.

The request was contained in a 6000-word brief for presentation to cabinet ministers by the Interprovincial Farm Union Council, representing farmers' unions of the three Prairie provinces. The council delegation was headed by J. L. Phelps of Saskatchewan.

BARTER BASIS?

The brief asked that domestic food prices be based on prices the farmer pays for goods and services, and that food surpluses for export be handled separately—even on a barter basis if necessary. "As long as there are millions of people in the world who are underfed," the brief said, "... every encouragement—even emphasis—ought to be placed on an all-out production program to bolster dwindling supplies of much-needed foodstuffs."

"However, if as a result of such a program surpluses are built up, then provisions should be made that such surpluses... are not allowed to interfere with the prices on our home market."

URGES CONFERENCE

The brief urged that a national marketing conference be called to other issues "with particular reference to livestock and dairy production."

It also asked for:

1. A federal-provincial committee to devise "some adequate plan of over-all crop insurance coverage."
2. Immediate action on the proposed South Saskatchewan river power and irrigation project.
3. Government action to keep railway freight rates "in proper proportion. Otherwise there would be no alternative other than... to nationalize the Canadian Pacific Railway, as well as to reorganize completely the financial structure of the Canadian National Railways."
4. A national livestock marketing board, with majority representation for producers, to set domestic meat prices.
5. A farm agency to make long-term loans to help establish young farmers.

Freight Rates Go Into Effect

OTTAWA (CP)—A freight-rate increase of seven per cent went into effect Monday on Canadian railways.

The increase granted last week by the board of transport commissioners, is expected to gross the railways an estimated \$38,000,000 a year.

The rate increases apply on about half the railways' \$1,000,000,000-a-year freight business. However, for coal and coke the increase will be limited to 20 cents a ton.

No increase will be allowed on export grain movements in the West, on international rates between Canada and the United States except on coal and coke and on export-import rates through Canadian ports which are maintained at parity with competing U.S. harbors.

Capital Memo

BY JAMES K. NESBITT

VICTORIA — We're seeing a new Mr. Straith this session. He has been in the House a long time—since 1897, but never before in opposition. For 10 years he was a Liberal and Coalition back-bencher, never saying very much. Byron Johnson picked him as minister of education in 1947, and W. T. Straith blossomed into a first class administrator of a big department and a fine legislative talker on education matters.

Now he's the only lawyer in the Liberal group and much depends on him. We've seen him mad, blazing mad, several times this session, and he's effective that way, for he's raging mad and in control of himself at the same time—a happy combination in a politician.

Looking at and listening to Bill Straith in the House, the thought comes up that the badly bedraggled Liberals could do far worse for themselves and their sagging egos than picking him as leader and giving him the tough job of trying to lead them out of the political wilderness.

Each session, when the provincial secretary's estimates are up, the House hears a lot about the Provincial Mental Hospital at Colquitz. Each year Burnaby's Mr. Ernest E. Winch hounds MLA's into going on a personally conducted tour with him to Colquitz. MLA's come back shocked at conditions they find there, in that seemingly beautiful place that looks like a castle from Wilkins Road—a castle set in magnificent gardens.

This session we've heard MLA's call Colquitz home a snake pit, a black hole of Calcutta, a cattle pen, a dungeon, a sink hole, a place not fit for human beings, a place where dozens and dozens of mentally deranged men are herded together in dark chambers.

Colquitz, to Burnaby's Mr. Winch, represents man's inhumanity to man. He says it's the responsibility of society.

If conditions at Colquitz are as terrible as MLA's say, it amounts—or should—to a first-class scandal.

BRITISH MERCHANT FLEET DWINDLING

LONDON (AP)—Britain, which once carried half the world's seaborne cargoes, fears its once-proud merchant fleet is dwindling dangerously away.

The outlook for vessels flying the Red Duster is "grim" with high taxation, rising wages, shorter working hours and lack of materials all helping to undermine the national shipping industry, the Chamber of Shipping of the United Kingdom said in its 1952-53 annual report.

"Unless present taxation policy is altered the outlook is grim indeed," the report said. "Ships must be replaced as they grow old and fleets modernized."

And despite the fact British shipyards now have record numbers of vessels building, this country is falling behind its competitors in the replacement and modernization of its merchant fleet.

A former Nelson girl is to become a bride shortly in Bremerton, Wash.

TO WEDDING ... Mr. and Mrs. J. D. Wallach, Alex and Susan, leave Thursday for Bremerton, Wash., to attend the wedding of Mr. Wallach's niece, Shirley Jean Wallach, daughter of Mr. and Mrs. Albert Wallach, former Nelson residents. Susan will be a flower girl at her cousin's wedding.

RETURNS ... Miss Muriel Chambers, nurse-in-training at Royal Columbian Hospital in New Westminster, has returned after spending a month's vacation with her parents, Mr. and Mrs. J. C. Chambers, Victoria Street.

HOME AGAIN ... Mrs. Robin McBain of Brilliant, who has been a patient in Kootenay Lake General Hospital, returned to her home Monday.

CRESTON VISIT ... Gordon Gregory, Baker Street, spent the weekend in Creston visiting friends.

HERE FOR FUNERAL ... Mr. and Mrs. L. Spagariol of Trail and Mr. and Mrs. L. Spagariol of Spokane were here to attend the funeral of Mrs. S. Bonacoli of Procter.

IN HOSPITAL ... Mrs. G. H. Gill, 516 Fifth Street, is a patient in Kootenay Lake General Hospital.

Engagements
The engagement is announced of Edna Elizabeth Steed, only daughter of the late Dr. and Mrs. W. B. Steed of Nelson, B.C., to Frederick Albert Whiteley, son of Mr. and Mrs. W. G. Whiteley of Montreal. The wedding will take place at Trinity United Church Saturday, April 11th, at 2:30 p.m.

Boswell Notes
BOSWELL — A card and social evening was held in the hall, sponsored by the Women's Club. Seven tables played cards and the winners were S. S. Frank and Mrs. S. J. Cummings, first and Mrs. F. Holmes and N. Bainbridge, consolation. Refreshments were served by the club. Mrs. Paul L. O'Sullivan, who has been visiting friends at Victoria and Vancouver, has returned.

Never Forget Wiener For Casserole Dish

By MARGARET CARR

The hale and hearty wiener is among the best meat buys on the market. No longer confined to the picnic grounds or any special season, wieners have become a top-flight favorite on any table. It's little wonder that this special meat item enjoys such popularity, for it can be combined with any number of other delicious foods.

For instance, have you tried wieners baked with a stuffing of mashed potatoes, grated cheese and onions.

Another good down-to-earth dish is sauerkraut topped with wieners and heated to tangy goodness.

Or perhaps you'd like to surprise your guests with a late evening snack of hot wieners in buns topped with a sauce made from three parts cranberry sauce and one part horseradish.

Wieners are adaptable to casserole cookery, too. Sliced wieners add wonderful flavor and solid nutrition to macaroni and cheese, canned baked beans and scalloped potatoes.

APPLE WIENERS
3 tablespoons butter
1 tablespoon prepared yellow mustard
¼ cup light corn syrup
2 tart apples, pared and quartered
4 wieners
Melt butter in a frying pan. Add mustard and corn syrup. Mix well. Add apples and wieners. Cover and cook 10 to 12 minutes. Place wieners on platter surrounded by apples. Pour syrup over all. Serves two.

BAKED WIENERS WITH STUFFING
4 wieners
2 tablespoons grated onion
2 tablespoons fat
2 teaspoons chopped parsley
1 cup bread cubes
Salt and pepper
4 slices bacon
Purchase the large wieners. Cut each wiener partially through lengthwise. Cook onion slowly in the melted fat until lightly brown. Add parsley, bread cubes and seasonings. Place dressings in opening in each wiener. Wrap with slice of bacon and fasten with a toothpick. Bake in a shallow pan in a moderately hot oven (375 deg. F.) for 30 minutes or until bacon is done.

This easy-to-use pattern gives perfect fit. Complete, illustrated Sew Chart shows you every step. Send **THIRTY-FIVE CENTS** (25c) in coins (stamps cannot be accepted) for this pattern. Print plainly **SIZE, NAME, ADDRESS, STYLE NUMBER.**

Send your order to **MARIAN MARTIN**, care of Nelson Daily News, Pattern Dept., Nelson.

SLATE RE-ELECTED BY BOSWELL CLUB

BOSWELL — Last year's officers were reelected at the annual meeting of Boswell Women's Club at the home of Mrs. Eric Bainbridge.

Four new members were enrolled. A donation of \$5 was voted to the Red Cross campaign, and Mrs. A. Hepher presented a tablecloth which was won by Mrs. W. Hewett, bringing \$3.50 to club funds. Arrangements were made for a whist drive and social.

A baby shower was given for Mrs. N. Bainbridge, and many gifts were presented to her in a trimmed basket.

Sirdar Notes

SIRDAR — Mr. and Mrs. Ken Kennedy and Mr. and Mrs. H. Van Iderstein have returned to their homes in Vancouver, after visiting Mr. and Mrs. D. Pascuzzo and other relatives here.

Mrs. Lloyd Wright has left for Vancouver where she will be the guest of her son-in-law and daughter, Mr. and Mrs. C. Murnane for a few days.

Mr. and Mrs. F. Pelle, Jr. were visitors to Bonners Ferry, Ida.

Ocean vessels can steam 2000 miles up the Amazon River from the Atlantic to Iquitos in Peru.

Procter Students Hold Square Dance

PROCTER — Procter school Students' Council sponsored a successful square dance party in the school, inaugurating a square dance club which has been planned for some time.

Dean Henzie was master of ceremonies, and W. Henke called the square dances.

Vets Charity Show Defies Lord's Day Observance

WINNIPEG (CP) — Suburban Fort Garry Legion held its veterans' charity show Sunday night despite a police warning that it was contrary to the Lord's Day Observance Act.

In the audience were Chief Arthur Bridgewater and Constable George Budgeon of the Fort Garry police collecting "evidence" on instructions from the office of the attorney-general.

The performers, the Legion and the audience of more than 600 persons allegedly broke the law under Article 6 of the Lord's Day Act of 1906.

KEEP PROMISE

The police caution resulted when Rev. J. C. Matheson, field secretary of the Lord's Day Alliance,

lodged a complaint against the project.

Bill Beedington, Legion president, said after the show that Mr. Matheson's disapproval had cost the Legion about \$125, aside from \$200 expenses for printing tickets and programs.

He said the Legion would get only about \$375 from admissions and a silver collection taken at the concert as a result of the "indignation" and controversy preceding the show.

But because the Legion had promised \$500 to the welfare service, Mr. Beedington said, the difference was made up.

It may cost the Legion even more in fines, he said, "but we're going to plead not guilty."

Business Spotlight

Obituaries on "Business Cycle" Premature, Says One Who Knows

By FORBES RHUDE
Canadian Press Business Editor

"Business cycle" is an elusive and ornery fellow who is always in disagreement with things as they are.

If times are good, he tries to make them bad; if they are bad, he tries to make them good.

He was the wretched character held responsible in large part for the great depression of the 1930s; but when the bottom was reached he became the desirable fellow we meant when we used to say:

"Prosperity is just around the corner."

Just now times are good, and it is feared he may be up to mischief — if, indeed, he still exists. Some people think that by fiscal social and other policies in recent years we have either abolished him or made him helpless. Others are not so sure.

ONE OF THE DOUBTERS

One of those who is "not so sure" is Dr. Arthur F. Burns, recently nominated by President Eisenhower as a member of the Council of Eco-

nomics Advisers in the United States.

Dr. Burns has been director of the National Bureau of Economic Research, a private American non-profit research agency. He has made a special study of "business cycle" and, in connection with his new appointment, recently said:

"Despite the relatively good business conditions of recent years, the business cycle continues to haunt people's thinking."

"The reason is not only a wish to obliterate the human miseries and material wastes of recurring depressions. The reason is also political necessity."

"The old Marxist dogma that capitalism is doomed to collapse on the rocks of economic crisis has become a weapon of propaganda, used adroitly and energetically to confuse the uninformed and to stir discontent the world over."

"Our government U. S. and other democracies have met the challenge by building a variety of defences against depression. How well the defences have been built, no one yet knows."

"For the present, obituaries on the business cycle are romantic expressions of human impatience, not records of solid achievement."

They serve neither the nation nor economics, and may prove seriously harmful if they lead to any relaxation of the scientific work on business fluctuations now going forward in universities and other research centres."

Facial Surgery for Actress Bette Davis

NEW YORK (AP) — Actress Bette Davis is scheduled to have a section of her jawbone removed in an operation Monday. Paul W. Benson, her personal press representative, said she is suffering severe chronic osteomyelitis of the jawbone. She has been at the hospital for more than a week. Miss Davis frequently was ill during the recently-concluded run of "Two's Company," Broadway musical in which she starred.

FARM HELPERS

CHARLOTTETOWN (CP) — To meet an expected shortage of farm labor in Prince Edward Island next Spring application has been made for 35 German workers expected to arrive in April. The workers receive passage money to be repaid later.

Hard Thinking Not Related to Brain Diseases

By RICHARD DAIGNAULT
Canadian Press Staff Writer

MONTREAL (CP) — Growing public belief that statesmen and high-powered executives are more susceptible to brain haemorrhage is unfounded, in the opinion of brain specialists.

Hard thinking, even under the pressure of modern living conditions, is not related to the type of brain disease that killed Roosevelt and Stalin. The well-muscled day laborer, the lazy loafer, men and women in all walks of life and of nearly all age classes are just as likely to fall victims.

That is the view of top-ranking neurologists, who asked to be unidentified. They discussed their views with The Canadian Press at the world-famous Montreal Neurological Institute.

NO. 3 KILLER

Cerebral haemorrhage and related types of brain diseases are considered in many quarters as Canada's No. 3 killer — after heart disease and cancer. In 1951, there were 12,880 deaths attributed to this category, compared with 125,454 deaths from all causes in Canada.

The cause of cerebral haemorrhage is not definitely known. It is generally agreed that the haemorrhage is brought on by the bursting of one or more of the brain's tiny blood vessels. But just how this bursting occurs is something neurologists have not determined.

Except in rare cases where the condition is inherited, most brain haemorrhages are caused by some other condition in the body, sometimes high blood pressure.

Is there then such a thing as wear and tear on the brain from concentrated thinking?

There is a theory that during thinking, parts of the brain which are otherwise active become inhibited or inactive.

On the other hand, all the brain is continuously active among people who do little concentrated thinking on specific problems. In such people thoughts come and go, helter skelter.

In support of this theory — that thinking is good for the brain — neurologists cite the cases of many of today's statesmen who though in their 80s or 70s are still as sharp as middle-aged men. They cite the cases of several university professors and scientists who are advanced in years.

SENILE MIDDLE-AGE

On the other hand, senility is frequently noted at 50 or 60 among persons who make little use of the brain's thinking powers.

In other words, when other organs of the body hold out, thinking men are more likely to enjoy full exercise of their brain at a late age.

Are there any known preventive measures or cures for brain haemorrhage?

There are none known to neurologists that will work with any degree of certainty.

Occasionally in minor haemorrhages partial or complete recovery will occur with little or no medical intervention.

In some cases, brain surgery has been successfully carried out but its effectiveness depends on so many factors that neurologists rarely undertake it in haemorrhage cases.

Present From Nehru To China's Children

CALCUTTA (AP) — A 18-year-old cow elephant, Prime Minister Nehru's gift from India's children to Red China's children, left for Hong Kong by sea Sunday en route to Peking. Aisha is carrying a message from Nehru to Premier Chou En-lai which she has been trained to hand over in her trunk.

BELLS ARE TRIBUTE

FREESTON, Ont. (CP) — The carillon at St. Peter's Lutheran Church here was installed in honor of the 50th wedding anniversary of Mr. and Mrs. Robert Schultz as a tribute from their sons, George and Harold. Installed last Easter, the carillon was played again on the anniversary date recently.

Doctor, Pilot, Fight Waves and Storm to Rescue Injured Logger

CAMPBELL RIVER, B.C. (CP) — A pilot and doctor risked their lives in a 75-mile gale that lashed northern Georgia Strait Sunday to bring a badly injured logger from Thurlow Island to Lourdes hospital here.

The mercy flight was made when B.C. Air Lines received an emergency call from the CCM Logging Co., Vers Cove, on Thurlow Island 40 miles north of Campbell River, that Harvey Lokken, 35-year-old logger, had been badly injured by a falling snag.

Robert Langdon, Air Lines man-

Terminal Operators To Present Proposal

VANCOUVER (CP) — A company spokesman said today operators of five strikebound grain terminals here will approach their workers with a proposal "in several days."

It will be the first break in a deadlock between the 250 striking elevator employees and the terminals that has strangled grain shipments here since Feb. 16.

Lokken had suffered multiple injuries to the head, chest and pelvis, hope is held for his recovery.

Claim Youths Brand Small Boy at Coast

VANCOUVER (CP) — A five-year-old boy was burned on the hip with a hot steel rod wielded by three teen-age youths during the week-end, police reported.

The boy, Ivor Hill, told his parents he was playing on the beach when the incident occurred.

EDMONTON (CP) — J. D. McGregor, president of the Alberta Historical Society, says ancient Indian arrowheads are still abundant in the Edmonton district. They are found near streams or lakes, and often picked up in sand quarries.

PARENTS LOCATED

CALGARY (CP) — Officials of the children's aid department announced Saturday they have been in communication with the parents of three children left in a Calgary nursery Feb. 27.

The father had found a job in another city, they said, and arrangements would be made for the children when the family had become established.

SASKATOON (CP) — Chief Constable Albert Milne, 63, has announced he intends to retire at the end of this year after 43 years with the department. He has been chief constable since 1946 — only the third chief Saskatoon has had in 47 years.

Nova Scotia Port Noted for Cargo Boats, Tankers

SHELBURNE, N.S. (CP) — This South shore port is noted for its construction of tankers and coastal freighters, but its dory builders have also built a reputation stretching far beyond the eastern seaboard.

Even though small-boat craftsmanship is on the wane, Charles Wyman is still turning out the type of dory responsible for many a fisherman's livelihood and sometimes his life.

In his half-century at the trade, Wyman has shipped dories as far as Demerara, Hudson Bay, Northern Ontario and New England states as well as the Maritimes.

The rolling, spaworthy craft, built of native oak and pine, range from 12 to 20 feet long and are widely used by shore fishermen and banking vessels. One of the biggest shipments from the Wyman yards was 40 dories for a Newfoundland fishing schooner.

Some of Wyman's dories served as lifeboats on convoy ships to Europe during the war. One of them carried a crew to safety when their small freighter was torpedoed 72 miles off St. Pierre.

CPR, Sask., End Taxation Dispute

MONTREAL (CP) — Canadian Pacific Railway company announced Monday it has reached a settlement with the Saskatchewan government in a dispute over taxation of lands on which the railroad holds mineral rights.

Details were not announced. However, a CPR spokesman said the company has agreed to drop plans for an appeal to the Privy Council arising from long litigation over the case.

The dispute develops from legislation adopted by the Saskatchewan legislature in 1944 which provided for a tax of three cents an acre on all lands on which mineral rights were held. In addition, the legislation provided for a further tax on producing land, based on the assessed value. If there is no assessment, the tax on producing land is 50 cents an acre.

Easy way to tap sap

CANADIAN farmers know the struggle, at maple sugar time, of hauling the sap to the sugar house — especially if there has been an early thaw. So we were interested in hearing how one farmer, who used aluminum tubing for summer irrigation, also used it as a spring pipeline to carry the sap from his trees to the sugar house some distance away.

Light, strong, easily handled aluminum has a way of stimulating people's ingenuity in their search for short cuts that will save them time and money. Today more than a thousand different Canadian firms are manufacturing articles made from aluminum supplied by Alcan. (Aluminum Company of Canada, Ltd.)

Koreans Against Aid From Japan's Troops

TOKYO (Reuters) — Two thousand Koreans demonstrated in Tokyo today against an alleged secret agreement to send Japanese troops to fight in Korea. Prime Minister Shigeru Yoshida recently denied that any Japanese troops would go to Korea, but the rumor persists.

The demonstrators, who carried North Korean flags, were members of the Communist-influenced Democratic United Front of Koreans in Japan.

Syngman Rhee, South Korean president, has stated he does not want Japanese soldiers in his country.

Silent Red Man Not So Silent

CALGARY (CP) — The Indian is no stoic, says John L. Laurie, a man who in Alberta is known as the Indian's friend.

An evening with an Indian family can be hilarious, Mr. Laurie says. Indians love to spin yarns. Behind the steady, seemingly cold gaze of the Indian there is wit.

He explains that what people take for stoicism is a defence mechanism. The Indian has received so many rebuffs that he would never make an advance for fear of being rebuffed again.

How Mr. Laurie came to be the Indian's friend is told by Ken Liddell in the Calgary Herald.

LIVED WITH INDIANS
As a boy in Ontario he had played with children of the Six Nations Indians. But it was while vacationing 27 years ago that he stayed overnight on the Morley reserve west of Calgary and left with a vague feeling that the Stony Indians there were not getting a fair deal.

He stayed with them in their homes to learn more. He found out that only half of those on the reserve had been to school. There had been a school run by the McDougall Orphanage but it had run out of funds in 1906 and a school built in 1923 was far from adequate.

In 1944 the Cree of the north were planning some protest and they asked the Stonys to join them. The Stonys asked Mr. Laurie for advice. He told them to meet with the Cree.

As a result of the meeting the Indians decided upon an organization of their own, which now includes all the tribes, and they asked Mr. Laurie to be secretary.

REMARKABLE GROWTH
That was in 1944 and at that time there were only three schools for Indians in Alberta, apart from residential schools operated on reserves by churches. Today there are 34 day schools and each has a qualified teacher.

The association has many accomplishments to its credit. The Stonys today have more productive land at Morley and two areas for overflow bands—Nordberg and near Longview. The association assisted in setting up the Charles Camell Hospital for Indians at Edmonton.

The Indians did not forget their friend. Mr. Laurie was adopted by the Stonys in 1940, made Chief White Cloud in 1948. In 1951 the Bloods made him honorary Chief Red Crow and in 1949 the Sargees gave him the name Sitting Eagle.

Actions Speak, Says Gt. Britain

LONDON (AP) — Britain is more interested in the deeds than the words of the new Russian government, a foreign office spokesman declared Monday.

Asked at the regular foreign office press conference to comment on the address to the Supreme Soviet by Prime Minister Georgi Malenkov Sunday, — in which Malenkov reiterated peace talk — the spokesman said:

"We have heard similar speeches before. It is a new government, however, and naturally we shall be interested to see, if their actions are different from previous governments."

The 1952-53 world wheat crop was estimated at 7,235,000,000 bushels, 625,000,000 more than the peak of 1938-39.

SHOUTING IRANIANS carry Prince Ali Reza on their shoulders in Tehran in front of the royal palace during riotous demonstration against Prime Minister Mossadeq. The rioters shouted "give us death or the Shah" during the demonstration in which they drove Mossadeq from his home. As demonstrations continued, Mossadeq ordered arrest of 70 retired and active army officers to gain the upper hand in his war against the Shah's supporters. —AP Wirephoto via radio from Rome

RAF Exercises Over W. Germany

HIGH WYCOMBE, Eng. (AP) — The RAF bomber command will give Communist-controlled territory a wide berth when it launches a gigantic six-day exercise over Western Germany and the Continent at dusk Monday.

This was announced by its leader, Air Chief Marshal Sir Hugh Lloyd, as the air crews made ready to take off. Sir Hugh said the planes, now as always, will not go within 30 miles of the line dividing East and West Germany. They will not use the international corridor to Berlin.

Sir Hugh said the British bombers "will carry ammunition during the exercise as usual."

U. S. JETS PATROL CURTAIN BORDER

WIESBADEN, Germany (CP) — The United States Air Force announced Monday it has rushed its latest-type jet fighters from Britain to patrol the Iron Curtain border.

The F-86 Sabre jets—air force headquarters did not reveal the number involved—had been attached to the 81st fighter wing stationed in Britain. An announcement said the transfer was a temporary measure.

CANADIAN JETS TO NATO

At Ottawa, air force headquarters said there has been as yet no suggestion that Canada's F-86 Sabre jet fighter wing in England should be moved to the Continent in line with the movements of United States Sabre jets to Germany from England today.

Canada now has a three-squadron wing of Sabres in France and England and a third en route to Germany. All are earmarked for NATO roles which means so far that they are not engaged in border patrols.

HUNTERS' TOLL

SYDNEY, N.S. (CP) — A member of the Cape Breton county council urged that the provincial government be asked to increase deer hunters' fees by \$1, using the extra toward a fund to reimburse farmers for slain livestock. Another member suggested an extra \$2, so farmers could also be reimbursed for damage to crops.

RAF Exercises Over W. Germany

BERLIN (AP) — Communist police fired on four persons who inadvertently entered the Russian zone Sunday afternoon while on a walk in the wooded southern tip of the American sector. One of the four, a refugee woman from the Soviet zone, was hit in the leg by a bullet and collapsed a short distance inside the zone.

Malenkov's Aim Appeals to U.S.

WASHINGTON (AP) — The U.S. state department Monday challenged Soviet Prime Minister Malenkov to back up his words on "peaceful intent" by acting to settle the Korean fighting and other East-West issues.

A statement by press officer Lincoln White said that the department received "with interest" Malenkov's inaugural declaration Sunday at Moscow, in part because the name of former premier Stalin was "barely mentioned."

For this reason and because Malenkov apparently recognizes a "latent power for good," among the Soviet peoples, the department said, Malenkov's words were received "with interest by this government."

ACTS TRUE FOLLOW

"Their true significance, however, must be determined by the future action of the Soviet Union and by those under its sway. Protests of peaceful intent are not new from the Soviet Union but words must be weighed against acts."

"The war continues in Korea. Planes on peaceful routine missions are shot down in Germany. Pledges for the independence of Austria continue to be ignored."

"It will be interesting to see how in these and other pressing respects Mr. Malenkov intends to implement his words of peaceful intent."

NEED HISTORIAN

MONTREAL (CP) — Saying that "nothing very much" had been written entirely about Montreal, James Mullaly, past president of St. James Literary Society, said there is need for an extensive history of the city. He said Montreal had never really had a history devoted to itself.

Russian Navy Outpacing NATO

LONDON (AP) — Russia, with the world's second most powerful navy is building more cruisers than all the North Atlantic Treaty Organization powers together, Britain's first lord of the admiralty said on Monday.

J. P. L. Thomas was introducing the navy estimates for 1953-54 in the House of Commons.

"The increase in speed of the Soviet naval construction program has been very remarkable of late," he said.

"At present it includes many de-annually than by all of the NATO more cruisers are now being built destroyers and submarines while forces combined," he said.

POWERFUL CRUISERS

Thomas added that Russia has about 20 "very powerful" cruisers, more than 100 destroyers and more than 350 submarines—making it the second in the world. The U. S. has the largest, but Britain now is third in naval power.

"Russia also has a powerful naval air force. It is no use blinding ourselves to the fact that there is a very strongly armed and efficient Soviet navy," the minister said.

Thomas said that in a few years time the Royal Navy will seek more funds to step up the construction of modern new warships.

But for the time being "we have to see, to the best of our financial ability" that Britain's navy is "fully prepared" in case "war in all its modern beastliness should come."

Nervous Breakdown Grips Vivien Leigh

HOLLYWOOD (AP) — Suffering from an acute nervous breakdown, British actress Vivien Leigh was believed showing some improvement Monday.

Miss Leigh was ordered to bed last week and production was halted on a film starring her. She had just returned from location in Ceylon two weeks ago.

Her husband, Sir Laurence Olivier, has arrived from Europe. A spokesman for Olivier and Paramount Studio said Sunday night there has been some improvement in the actress' condition and work on the film may be resumed in several weeks.

Einstein's Newest Theory Awaits Proof If Holds Physical Truths

By ALTON L. BLAKESLEE, Associated Press Science Editor
PRINCETON, N. J. (AP) — White-haired Prof. Albert Einstein says his new theory, designed to explain everything from single atoms to the universe, is mathematically correct.

But "I have not been able to find out if there are any physical truths in it."

Neither has he been able to determine whether "it is true in the ordinary sense of the word."

The scientist, 74 years old Saturday, discussed his new theory at a press conference.

Einstein, the father of relativity and "Mr. Science" to many people of the world, has worked out a new

unified-field theory which would, in mathematical equations, explain all physical laws—from what goes on in the secrecy inside atoms to the mystery of limitless space and all the stars.

It seeks to tie together in one equation all the truths and forces of gravitation, magnetism and electricity.

He said he has "finished the work on the structures of the equations, but I have not been able to find out if there are any physical truths in it."

"There is a mathematical way of showing which laws are mathematically correct. The meaning is to define the general field theory. The mathematical difficulty is to find out if the whole theory has to do with nature—if it is true in the ordinary sense of the word."

Einstein's theory of relativity, created when he was a young man, based this same difficulty on physical demonstrations or proofs.

Such proofs have been found. One confirmed his prediction, mathematically, that gravity bends starlight.

Malton Robbery Suspect Freed

VANCOUVER (CP) — Leonard G. Sisco, 26-year-old Toronto man, Monday was freed of any connection with the \$214,000 gold robbery from Toronto's Malton airport last September.

Six boxes containing 14 gold ingots were stolen from Malton airport Sept. 25.

Sisco was picked up during the week-end on a routine check of three men and a woman in an Ontario car on a downtown street.

Police said he had been arrested in Toronto following the gold robbery and was cleared of all connection with it. He recently came to the coast.

Prowler Officer Pat Bowe said he linked the man's name with a photograph and name he had seen at police headquarters here in connection with the robbery.

Sisco is still held by police. A minor charge has been placed against him, but police declined to disclose its nature.

TORONTO HOPES FADE
TORONTO (CP) — Hope that the solution of last September's \$214,000 gold robbery mystery was in sight faded Monday.

Earlier police in Vancouver announced that, on the strength of "wanted" posters, they were holding two Toronto men for questioning in connection with the gold theft at nearby Malton. They identified them as William Kenneth Pinkney and Leonard Gordon Sisco, both 21.

After investigation, they said Sisco has been cleared of any connection with the gold robbery. They also said Pinkney is not being held on the gold charge.

The earlier reports from Vancouver R C M P officials in Toronto, who said they distributed no pictures after the robbery.

NOT POSSIBLE SAYS FAROUK'S LAWYER

ROME (CP) — Spokesmen for former King Farouk of Egypt said Saturday only Farouk, and not his estranged wife Nariman, can get a divorce under Moslem law.

Caro d'Amelio, the exiled king's lawyer, said it is "absolutely impossible" for a woman to start divorce proceedings under the Moslem code.

If a Moslem woman wants to end her marriage, d'Amelio said, she must ask her husband to do so. So far, he added, "nothing of this sort has happened."

About 300 different species of oak trees have been catalogued by experts.

Canadian Team in Basketball Contest

ALDO SHOT, Eng. (CP) — A Canadian Army basketball team composed by Lieut. Gordon Webb, group of Lethbridge, Alta., went into training Monday for the opening of the three-day British Army basketball championships.

The championships start Tuesday. Some 20 to 30 teams will participate, though final details have not been worked out.

Canada's entry called the 78 field team, is drawn from the 27 brigade in Germany. The 10-member team, which arrived in Britain Sunday, has won 33 of 34 matches in Germany.

REAL HELP FOR Your Itching Pile OR NO COST

If Hem-Roid, an internal pile treatment, does not quickly ease the itching, soreness and burning pain of your pile—it costs you nothing.

Get a package of Hem-Roid at any drug store and use as directed. You will be pleased at how quickly your pile trouble is relieved. Only \$1.59 for the big 60 tablet package. If you are not 100% pleased, return Hem-Roid 2 or 3 days, as a test, for your money back. Refund agreement by all drug stores.

Around the KOOTENAY in Sport

By LEN WALKER

The Nelson Booster Club really went all out in their fete for the Maple Leafs as anyone who attended their banquet will tell you. The food was great, and the atmosphere of sportsmanship terrific.

The highlight of the evening was the presentation of the Dr. D. W. McKay Memorial Trophy to Red and Fritz Koehle as the team's most valuable and most sportsman-like players. On being presented the trophy, Red said he was the oldest, but Fritz came through with more than a grin on his face when he declared: "Thanks a lot, fellows."

Bill Procter, as head of the booster club, was commended for the fine work he has done in the past year. To his way of thinking he could not be thanked enough for his untiring efforts.

Everyone present came in for some sort of praise, and it seemed that everyone was called on to say something. Why, even Rocky Haley, who is a hard man to get to talk, he got the floor had to be summoned back into his seat. Herb Byett came in for some sympathy. Although the fans were unaware of it, Herb in the last WHL playoff game against Spokane suffered two broken ribs, a cracked toe and a lot of black and blue marks.

Walt Walt, in his short oratory, said that he thought the trophy should have gone to the Koehle brothers' mother, "the most high-spirited fan in Nelson." Glen Smith, the third man on the Koehle line,

declared it great that they should be presented the award for, as Glen stated, he helped make them. Also on tap from Smith was the fact that he was ready to take over Mayor Kary's job as mayor of the city. Mayor Kary himself expressed, on behalf of the citizens, sorrow at the Leafs' semi-final loss, while Leo Atwell praised the sportsmanship of the fans. In his time, here, said he, he had never seen anything like it. The boys were given a great hand by the fans even in defeat.

One of the disappointments of the Saturday night affair was the absence of Ernie Gare, who was in the hospital with a bad throat. But he came in for a great deal of praise when Frank Huffy declared him one of the most outstanding players that Nelson has ever had. The medical staff came in for a share of laudatory mention. Dr. N. E. Morrison declared it was a good year for the players as there were no serious injuries.

Captain Bill Haldane praised all who had anything to do with the club, and made mention of the work of Eddie Ware, who has been with the team three years. Coach Wares for his part termed the team great, and that their harmony greater, and the fans the best. He praised his dressing room staff who, through the season have seen to it that the boys' needs were met.

MURRAY, FOR THE MISSUS

The little speedster, Jimmy Lowe, who had been sitting back quietly all evening, suddenly burst forth with thanks to the wives who sat back night after night while their men were either playing or practicing, but he gave notice to his own Mrs. Lowe that he would be back out there on the ice lanes again next season. Bob Gilhooley said that he had been sure the Leafs had the team this year, but it just wasn't in the book. "Anyway, he was glad to have been a member of a team such as the Leafs."

Lee (Hat-Trick) Hyssop was also given his due, as the first Leaf player ever to win a scoring title. The goaltenders, Rodzinyak, Benedetti and Gibson, all heard nice things of themselves, as did Pasqualotto, Anderson, Malacko and the hockey executive. And the speeches were still coming thick and fast. If I have missed anything, friend W. W. will probably remember, and if he doesn't, speak to jovial Jack Morgan.

Western Fishermen Among Prizewinners

NEW YORK (CP) — Canadians were named among 70 prizewinners in the first section of Field and Stream magazine's 1952 fishing contest. One Canadian was among 70 persons winning honorable mention in the contest's first section.

First prize in each class is a \$100 U. S. bond, second and third prizes win a \$50 bond and fourth a \$25 bond. No cash award went to winners of honorable mention.

Many of the American winners made their catches in Canada with these waters showing popularity: Lake Nipigon, Ont.; Lake St. Clair, Que.; Lake Superior; Grand Caspédia, Que.; Campbell River, B. C. In the brook trout open division, all winning catches but one were caught in Canadian waters and seven of those from Lake Nipigon.

Among Canadian winners were: Hal Denton of Vancouver, first in the Chinook salmon division. Sid Webber of Edmonton, fourth in the brook trout fly-casting division.

Fees, Prizes Cut

RED DEER (CP) — Prize money, entry fees and length of the Alberta Open golf championship have all been cut.

The Alberta Golf Association executive, meeting here Sunday, reduced the Open's jackpot to \$1500 from \$2000, the entry fee to \$7.50 from \$10 and the length of the tournament to 54 holes from 72. The Open is scheduled for the Edmonton Country Club this year.

McKay Trophy for Brothers Koehle

It was a great night for the Koehle brothers, Red and Fritz. Their inspiring hockey had paid off, with the Dr. D. W. McKay Trophy for the most valuable and most sportsmanlike players of the Nelson Maple Leafs for the season 1952-53.

The boys, whose hustling, spirited play has thrilled fans time and again when Maple Leafs have been in action, were themselves thrilled at the core when presented the award by Dr. N. E. Morrison at the annual banquet sponsored by Nelson Booster Club.

The award is the most coveted of Nelson hockey honors. It has been presented to Leaf players nine times since it was posted in the season of 1940-41 in memory of Kootenay's hockey's gentleman Dr. Donald Walter McKay. The late Dr. McKay was one of the sports' sincerest boosters before the war. He was president of the Nelson hockey club and in the late thirties was elected BCAHA chief.

BICKNELL FIRST

The trophy was first won by Len Bicknell, defenceman, in 1941, the following year by Jesse Seaby, goalie. Then it was out of circulation during hockey's wartime hiatus until the season of 47-48 when George Barefoot, defenceman, was the winner, the next season it went to Denny Huddell, defenceman, followed by Spence Tatchell, winger-defenceman, who this season played for the Kimberley team. Jack Kilpatrick, centreman, was the winner in 1949-50 followed by Ernie Gare, defenceman. Last season it was given to the team as a whole for the fine spirit shown in the playoffs when down to rock bottom with injuries, they almost upset the apocryph.

PENALTY KILLERS

Many at the Saturday affair expressed the feeling the award had gone to two of the finest players on the Leafs. When Leafs have played short-handed these boys were noted fighters able to kill off penalties and more than once this season they were known to score while the team played short-handed.

When not called on to kill off penalties the two worked with Glen Smith to form a line that was respected by all the teams of the Western International Hockey League.

They were no slouches on the scoring front. Fritz racked up 25 goals and 18 assists while serving

Walcott Counts on Regaining Title

ATLANTIC CITY, N.J. (AP)—Jersey Joe Walcott rates heavyweight champion Rocky Marciano a better one-punch hitter than Joe Louis was but the old fellow is confident he'll even the score with Marciano April 10.

"I'm going to be the first man who lost the heavyweight championship, to regain it," said Walcott. "I'm going to try and do it in the first round if I can, but I'm going to be prepared to go all the way if necessary."

There is a different atmosphere about Walcott's training camp in nearby Pleasantville than there was before the first fight with Marciano Sept. 23.

Walcott and manager Felix Boccicchio thought they had a clinch in the crude, powerful challenger. The rude awakening came in the 13th round at Philadelphia when Rocky finished off Joe with a right.

Walcott's answer on the question of comparing Louis and Marciano on one-punch power was the tip-off.

"I guess he's (Rocky) better," said Joe. "He puts everything in it. Louis depended on his bargains."

Boccicchio summed up the difference of then and now.

"I underestimated Rocky's punch and his ability to take a punch. We know better now."

Walcott is so determined to get the title back that he finds it difficult to ease up in sparring sessions. Every now and then he spots an opening and lashes out with stunning force.

It's unusual for Walcott to display such viciousness at this stage of training.

Strikes 'n' Spires

Ove Pedersen of the Odd-Fellows and Clyde Mills of the Mis Fits shared the single honors in the Government Bowling League. They both rolled a 257 with Clyde taking the aggregate honors with a 655.

Rose Paulson scored high single for the ladies with a 231, while Ruby Schoeps took the aggregate with a 558. Team honors went to the Tamaracs with a single of 978 and an aggregate of 2723. Doug McKean of the Tamaracs had a 637.

The Tamaracs are presently leading the league with 42 points, followed by the Mis Fits with 38½, Odd Fellows 31½, Termites 28, Joe's Jerks 21, and the Poole Skunks 19.

Jo Ann Morrison leads the top six lady bowlers with an average of 161, followed by Fran James 175, Flo Gill 168, Betty Wicken 166, Ruby Schoeps 159, and Elsie Tait 157.

Men's leaders are Clyde Mills 191, Jim Watson 183, Floyd Jennings 183, Jim James 181, Doug McKean 180, and Howard Phillips 179. Leading high singles for the ladies is Ruby Schoeps with 317, and for the men it is Doug McKean with a 331. Fran James topped the ladies in aggregate scoring with a 693, while the men's leader was Doug McKean with an 803.

In the Mixed Commercial League, Doug Hall rolled the best aggregate, an 817, while teammate Butch Hamakawa's high single was a 337. Isabel Locatelli led the women, scoring a 284 single and an aggregate of 719. Bowling in the 600's were Butch Hamakawa with a 694, Helen Belyk 640, Arvid Schneider 662, Harold Mayo 644, Dyne Macrae 618, and Steve Maco with a 629. Team honors went to the Orange Crush team with a singles of 1089 and an aggregate of 3086.

Dynamos took over first place once again as they picked up four points to give them a total of 72 points. They are followed closely by the Palms with 70. Wigintons are third with 63 and Orange Crush are next with 60.

Dot Waterer, with 221, leads the ladies' big six, followed by Bea Mills with 212, Ollie Watson 201, Isabel Locatelli 200, and Gwen Macrone 196. For the gents it is Bruce Malecolm with 225, Doug Hall 217, Joe Sikorski 216, Bill Klockek 214, and Frank Beresford 213.

Wallace Rink 'Spiel Champs

LETHBRIDGE (CP) — Dick Wallace's foursome of Nelson, B.C., won the second annual Canadian Pacific Express employees' bonspiel here during the weekend.

Wallace amassed 27 points to edge out Pat McIntyre of Winnipeg and Howard Teel of Medicine Hat, who collected 23 and 22 points respectively.

Standings were based on one point for each end won and two extra points for a win.

Other rinks, listed in order of final standing: Charles Cannon, Winnipeg; Chick MacIntosh, Lethbridge; Les Dorsett, Calgary; Eric Johnston, Lethbridge; Jim Gordon, Lethbridge; George Grant, Medicine Hat; J. Fisher, Regina; Gus Malery, Calgary; Ormie Mead, Lethbridge; A. Van Volson, Calgary; Walt Rozeane, Calgary; Bill Stevenson, Regina; Laurie Nicholson, Red Deer; Ed Massey, Calgary, and Jim Castles of Medicine Hat.

Flyers Take First Game of Finals

TRAIL—An excited hockey crowd Monday night in the Cominco arena saw the Spokane Flyers overcome a 2-0 deficit to take Trail Smoke Eaters 4-2 in overtime to grab a one-game margin in the best-of-five WHL finals.

In the Okanagan Senior League Kamloops Elks and Penticton V's battled to a 2-2 draw, leaving V's with a 2-1 lead in their best-of-seven final series. Winners of the two series will clash in the provincial finals.

Flyers and Smokies opened the

first period with that hard-working, close-checking kind of hockey that always pleases the fans. Both teams were fighting hard to take this all-important series and as a result scoring opportunities were few.

At about the half-way mark the persistent Flyers broke through a sturdy Trail defence and started end-to-end rushes which almost resulted in a goal, but Cook responded to a pass fed to him by Kromm and put the Smokies out in front. The score remained 1-0 for the remainder of the period.

PUBLIC NOTICES

(Continued)

DEPARTMENT OF PUBLIC WORKS

ROADS AND SPEED RESTRICTIONS

The undersigned, being a person authorized by the Minister of Public Works in writing to exercise the powers vested in the said Minister under Part II of the "Highway Act" and being of the opinion that the undersigned (1) highways, roads and arterial highways which are within the Rossland-Trail District are liable to damage through traffic thereon, hereby makes the following regulation pursuant to Section 85 of the "Highway Act", effective from one minute after twelve midnight on the morning of Wednesday, March 18, 1953:

No person shall operate any vehicle having a maximum gross weight or axle loading in excess of 75% of that allowed by the regulations made pursuant to Section 85 of the "Highway Act" R.S.B.C. 1948.

The speed limit of vehicles with pneumatic tires is restricted as follows:

Passenger automobiles forty (40) miles per hour.

Trucks and buses twenty-five (25) miles per hour.

Vehicles with solid tires are prohibited.

Dated at Rossland, B.C. this 14th day of March, 1953.

Rossland-Paterson Hwy. No. 22, from the Rossland City Boundary to the International Boundary at Paterson, Rossland-Cascade section of the Southern Transprovincial Hwy. No. 3, from its intersection with the Rossland-Paterson Hwy. No. 22, to the District Boundary in the Rossland-Trail District.

P. B. MacCARTHY,
District Engineer.

NOTICE

"FOUND DISTRICT ACT"

WHEREAS notice has been duly given of the intention to constitute as a Found District, certain land in the vicinity of Sane, which may be more particularly described as follows: All that part of Kootenay Land District extending southerly from the southerly boundary of Lot 888 to the southerly boundary of Lot 883 and westerly from the westerly limit of the Provincial Highway No. 3 to the easterly high-water-mark of Kootenay Lake;

AND WHEREAS objection to the constitution of such proposed Found District has been received from twelve proprietors of land within such proposed Found District;

THEREFORE NOTICE IS HEREBY GIVEN that the majority of the proprietors of land within the above described district must, within thirty days from the posting and publishing of this notice, forward to the Minister of Agriculture their petition in the form required by Section 5 of the "Found District Act", or otherwise such proposed Found District will not be constituted.

W. K. Kiernan,
Minister of Agriculture.

Department of Agriculture,
Victoria, B.C.
February 27, 1953.

LIVESTOCK, POULTRY AND FARM SUPPLIES, ETC.

Rolston Formula Upsets Trail City Budgetting

TRAIL — A frustrated finance committee chairman told city councilmen Monday night that he was stymied and could not at the present time present the city budget.

Alderman L. A. Read said that calculations had been upset since the government had decided to go ahead with the Rolston formula. Another problem to be faced was that the general rate in Trail exceeded the limit set by the Municipal Act. He thought it "very unfair" that the government should introduce such an upsetting formula.

Trail-Tadana Board of Park Commissioners submitted a proposed expenditure amounting to \$44,000 for 1953. The program did not contemplate any new work, but would bring to greater usefulness present projects. The estimate was referred to the finance committee for study.

SIDEWALK SOUGHT

A request from the Emanuel Baptist Church representatives for a cement sidewalk replacing the board walk on Cedar Avenue was favorably received by city council-

ors and referred to Board of Works.

Following a report from the Sunningdale Property Association presenting items for consideration, Mayor E. G. Fletcher said consideration will have to be given in all areas for business expansion.

West Kootenay Health Unit is seeking extra office space. It is hoped that this can be made available when a new government building is erected here.

REROUTING PRISONERS

A temporary cell is being considered by converting a room being used by RCMP to eliminate the necessity of conducting prisoners through the council chambers when meetings are in progress. The engineering department is making an estimate of cost of conversion.

Mayor Fletcher stressed the need for going ahead with the senior citizens home, as quickly as possible. The matter of raising funds is the problem which now has to be faced and a meeting of the committee and commission will be called to coordinate plans.

COUNCIL REFUSES TENDER . . .

Delegation Protests Sale Of Front Street Play Area

TV Programs Service Licenced for Trail

TRAIL—Trade licence was granted at City Council Monday night to John Hepburn and Gordon Fairweather for television program distribution services. Proposed antennaplex system employing co-axial line amplifiers and using local pole facilities to connect to subscribers' residences is to be used. A line-of-sight micro wave link system will be installed at some place outside of Rossland to relay programs to Trail.

Cost of installation will be from \$100,000 to \$200,000. Monthly service charges will be made against each subscriber.

Council to Send Three Delegates To Castlegar Regional Planning Meet

City Council Monday night appointed Ald. J. H. Coventry and G. Q. Lake, public works superintendent, to attend a West Kootenay Regional Area Planning meeting at Castlegar April 9. Mayor Joseph Kary will also attend.

A letter from Trail Town Planning Commission extended the invitation.

"That something should be done in this area to give up properly planned industry, railroads, highways, residential areas, etc., is obvious to all of us who wish to see this area grow in industry and population," the letter said.

"To accomplish this we need to have this area designated as a regional planning area and to have a paid director co-ordinating the services of the government, of industry and of the municipalities."

"The area would consist of Castlegar, Robson, Kinnaird, Tad-

ana, Trail, Fruitvale, Salm, Nelson, Warfield, Montrose, Rossland, in fact the Lower Columbia Valley and West Kootenay area. The area contains about 50,000 people, several large industries, potential farmlands, residential and park areas."

"The cost of such a scheme has essentially to be borne by the municipalities and the government covering the unorganized area. Very little could be done under \$5000 per year and may cost 10 cents per person per year."

"A scheme of having a regional area has recently been discussed with B. C. Bracewell, deputy minister of municipal affairs, who has promised to come to a meeting at Castlegar if sufficient interest is shown."

It was expected a film would be shown, a dinner would be held and the matter discussed with Mr. Bracewell.

15-Minute Zone Denied 'Phone Co.

The B. C. Telephone Company's request for a 15-minute parking area in front of their building on Stanley Street was denied by City Council Monday. The Telephone company said that their patrons find difficulty in obtaining suitable parking space when paying bills.

"What's so terrific about having to walk a block or two?" Alderman Elizabeth Wallach asked.

ABBREVIATED TICKER CODE ON APRIL 8

TORONTO (CP) — Standardization of ticker code abbreviations on all Canadian stock exchanges will go into effect April 8 if trading conditions permit.

The new codes were to have gone into effect March 9, but the heavy market activity of the last six weeks led to postponing the starting date. Now they will be used for the first time April 8 unless high trading volume warrants a further postponement.

NOTICE OF ANNUAL MEETING Annual General Meeting of the Kootenay Lake General Hospital Society will be held at St. Saviour's Memorial Hall on Tuesday, March 17, 1953, at 8 p.m. All members of the Society are requested to attend.

L. CRUICKSHANK, Secretary.

CARD OF THANKS We wish to express our sincere thanks and appreciation to our friends for their kind words and acts of sympathy extended to us in our recent bereavement. Special thanks to the sisters and staff of Mount St. Francis, Dr. J. G. McMurphy, nurses and staff of Kootenay Lake General Hospital for their kind care and attention to Mrs. Bonacci during her illness.

S. Bonacci and family.

FUNERAL NOTICE SHERBININ — Funeral services for the late John J. Sherbinin, who died in Rochester, Minn., March 14th, will be held at his home in Midway Thursday, March 19, at 12 noon. Burial will be in Douglas cemetery at Grand Forks.

FUNERAL NOTICE MacDonald — Funeral services for the late Stephen Lockland MacDonald will be held from the Thompson Funeral Home Wednesday at 7 p.m. Very Rev. T. L. Leadbeater will officiate and interment will be in Nelson Memorial Park.

CITY POWER OUTPUT GAINS

In the monthly report to the City Council of the Bonnington Hydro Plant, February showed an increase in all departments.

Total KWH generated in February was 2,028,400, compared with last year's 2,082,950, an increase of 5.56 per cent. The average load KW also showed an increase of 8.56 per cent. The peak load showed the largest increase, 14.5 per cent. The peak load this year was 5500, compared with 4800. The minimum load showed a slight increase of 3.2 per cent with a figure of 1600 compared to 1550 for the same period last year.

City Pinball Machines Banned To Under-16's

City Council Monday night banned the use of pinball machines to children under 16. A recommendation was presented by the Police Commission.

"I'm heartily in agreement," Ald. Elizabeth Wallach said.

Mayor Joseph Kary said a number of complaints had been voiced concerning "youngsters playing the machines regularly."

"There are times when one can't get into the doors of these places," Ald. W. S. Smith said.

Nelson Resident 24 Years, Dies

Stephen Lockland MacDonald, 63, Nelson resident for the past 24 years, died at Kootenay Lake General Hospital early Monday morning.

Born in Gloucester, Mass. in 1889, he came to Canada at an early age, attended school at Cape Breton Island and later with his family, moved first to Regina and then B.C. In B.C. he lived for a time in Trail and Kimberley before coming to Nelson.

Besides his wife, he is survived by four daughters, Patricia, Kathleen, Jeanette and Margaret, all at home; and one brother, William at Calgary.

Jr. High Plans Orchestra Concert

A group of 35 Junior High school students, who have studied string instruments since last September, will air their talent at a school orchestra concert Wednesday.

The students, all from grade 7, have special training twice a week plus their regular school periods by Eric Iles, Junior-Senior High school music instructor. The group, which includes three cellos and 32 violins will join with the grade 9 brass section. The program will include such pieces as "Purple Shadows," "O Clare De La Lune," "Strings On Parade" and "Abide With Me." Guests will be invited to the program.

Mr. Iles also plans a Spring concert and pageant in the Civic Arena May 1 when the Junior High school band, the Senior High band and the Junior High bugle band will take part. Three school choirs and about 300 students will also participate.

Trail Wolves Lick Vernon 4-3

VERNON (CP) — Trail Wolves edged Vernon 4-3 Monday night in the first of a two-game, total point semi-final series for the B. C. junior hockey championship.

The winner of this series will meet Victoria All-Stars, winners of the Coast championship. Vancouver defeated Victoria 4-2 Monday night but All-Stars won the total-point series 7-6 on the strength of a 5-2 victory Sunday.

Although the Trail-Vernon game was close, the Wolves had the edge in their ability to make their goal plays pay off. Time and again Vernon had the puck in scoring position but their shooting lacked finish.

PROPERTY ENLARGED Construction of sidewalks and a fill had increased the size and a 10-foot fence would eliminate all the problems of selling strategically located parcels of land when put into a playground, another stated.

Playgrounds are a "great asset" not only from the dollars and cents point of view, we hear so much about juvenile delinquency and here is a predominant factor in eliminating this. Humanity comes first," another stated. He offered a contribution toward the cost of erecting the fence.

Q. G. Lake recommended that one lot be retained for an alley outlet.

The first book printed in England was produced by William Caxton in 1477.

Mammoth Coronation Celebration To Aid Castlegar Hospital Project

CASTLEGAR—Castlegar board of commissioners Monday night on the request of a delegation from community organizations are sponsoring a public meeting to organize a mammoth celebration here on Coronation Day June 2. Object of the event would be to celebrate the coronation of Queen Elizabeth and raise money for the proposed hospital at Castlegar.

Representatives of the hospital society, Kiwanis Club, St. Albert's WA, and Evening Guild, Knights of Pythias, Parents Teachers Association, Sororities and Castlegar Co-Op Store attended, and asked that the meeting be held.

The commissioners decided the assembly will be held in Coronation Hall Friday night.

The meeting also approved \$20,500 in building permits, discussed the purchase of a new bulldozer and heard that the Bloomer Creek drainage project is soon to be started. The department of public works has advised that the drainage project which will eliminate the annual flood of the No. 1 school grounds by Bloomer Creek flood waters, has been approved and that 2840 feet of 15-inch culvert pipe ordered. The village is to do the excavation work and backfill involved and the department will install the pipes.

Miss M. Woods Dies After Life Of Nursing

A woman who dedicated her life to nursing and was at one time an anesthetist and supervisor, died at Mount St. Francis Infirmary Monday morning.

Miss Margaret Maud Woods, 78, born in London, Ont., graduated from the Metropolitan Hospital in New York. After many years in Eastern Canada and the United States, Miss Woods came West to Vancouver to nurse and worked from 1931 to 1942 in Vancouver. In 1942 she went to Penitence until 1951 when she came to Mount St. Francis.

She is survived by one sister, Miss Agnes V. Woods at Winnipeg, and one niece, Mrs. W. Muir at Roland, Man.

The funeral will be held at Winnipeg.

Board Pushing Plans for School Additions

Nelson School District No. 7, Board of Trustees is pushing completion of building plans to ensure completion of Hume and Junior High school additions and district school renovations by September.

At a meeting of the Board Monday night Dr. W. K. Massey, chairman of the building committee and W. S. Ramsay, chairman of the management committee, were empowered to phone, wire and, if necessary, to make a trip to the coast to expedite the building program. The program was authorized by School District No. 7 ratepayers last Fall.

Transportation for Salmo students to attend a vocational guidance conference at Nelson High School March 18 will be provided by school buses the board decided.

The Board will also look into present accommodations of men guarding district schools and named trustee Ramsay to investigate. Possibility of providing a small heated building outside the school and flood lights on the corners to eliminate guards staying in the schools was also discussed.
