Defence Drive To Continue

21-Gun Salute For Eisenhowers

President To Address Parliament And Confer With Cabinet Saturday

OTTAWA (CP)—A battery of guns will fire a 21-gun salute today when President and Mrs. Eisenhower arrive by special train for a two-day state visit.

External Affairs Minister Pearson and Hon. Douglas Stuart, United States ambassador to Canada, left Ottawa by train Thursday night to greet the president when he reaches the border shortly after dawn today.

The President will be welcomed at Union Station by Governor-General Vincent Massey and Prime Minister St. Laurent with his cabinet ministers. He will review a guard of honor and place a wreath on the national war memorial before leaving for Rideau Hall, official residence of the governor-general.

In the afternoon Mr. and Mrs. Eisenhower each will plant a tree in the Rideau Hall grounds. That evening, 100 guests will sit down at a banquet given in honor of the President by the governor-general. Some 300 persons will attend a reception afterwards.

The President will tackle the serious business of his visit Saturday, first addressing a joint session of the Commons and Senate and then conferring with the cabinet.

Officials said it is probable Mr. Eisenhower will speak partly in French during his 15-minute address to Parliament. He has said he will dwell on problems common to both countries and officials here reason he will discuss chiefly continental defence and trade relations.

Saturday evening, the President will give a dinner at the U.S. embassy in honor of the governor-general and prime minister. This will be another white-tie affair.

After a small reception which will come after the dinner, the President and his party will leave by train to return to Washington.

IWA PRESENTS DOCUMENT

Charges Against Lumbermen Cited In Brief

VICTORIA (CP)—A secret document allegedly containing proof of union-smashing activities by interior lumber operators was presented to the British Columbia cabinet Thursday by representatives of striking interior lumber workers.

The group also presented the cabinet with a brief outlining its charges against the Interior Lumber Manufacturers' Association.

At Premier W. A. C. Bennett's request, the delegation held up publication of both brief and document.

The group which had representatives present from the International Woodworkers of America (CIO-CCL) and the B.C. Federation of Labor, will meet the cabinet again Tuesday.

SETTLERS WANT U.K. CONTROL KEPT IN KENYA

By RONALD BATCHELOR

NAIROBI, Kenya (Reuters) — Kenya's 30,000 white settlers called Thursday for strict immigration, land tenure and education laws to maintain British control over the African colony.

The settlers gave the first full explanation of their views in an unprecedented manifesto prepared by the 14 elected white members of the colony's legislative council.

"Whatever changes in the constitution there may be, it is necessary to maintain British guidance and control, and it will be desirable for all groups to participate in the government," the statement said.

Britain is considering constitutional changes which would eventually lead to self-government in Kenya after Mau Mau terrorism is crushed.

LEVEL WHATSHAN LAKE TO BE RAISED

VICTORIA (CP) — The B.C. Power Commission has called tenders for clearing a narrow strip around Whatshan Lake to allow raising the lake level four feet.

This will permit additional storage in the lake, the reservoir for the Whatshan power project. Water flows through a mile-long tunnel from the lake to the power plant on the shores of Lower Arrow Lake.

Deadline for tenders is Nov. 30.

Tenders have also been called for clearing of a portion of a Whatshan-Nakusp transmission line. Clearing is needed only to Burton. From there the line will follow the highway.

Guaranteed Wage Pact "Best In B.C."

VICTORIA (CP)—An agreement described by a Victoria Union official as "the best in B.C." was signed in Nanaimo this week by Inkster and Roberts Builders Supply Ltd. and local 507 of the Carpenters and Joiners Brotherhood (TLC).

Victoria Midgley, international representative of the union, said the firm is the first of its type in the city to provide a guaranteed annual wage.

The basic rate is guaranteed, but all 12 employees are paid a higher rate.

Under the new agreement they will receive two weeks annual holiday with pay, nine statutory holidays with pay, and medical and surgical benefits.

So Now They Think The Kilt Immodest

TORONTO (CP)—A 15-year-old Toronto girl who holds 300 Scottish dance medals says kilts may be on the way out as dress for the dance because they show bare knees.

Patricia Ewen, considered Canada's top Highland Fling performer, recently returned from Edinburgh where she won a trophy as the best dancer from overseas.

Dancers competed in revised dress — a white blouse, laced jacket and "very long" skirt. Patricia says contest officials hope the new dress will be adopted the world over because they believe it improper to show knees.

TINY ARABELLA CHURCHILL, granddaughter of Britain's prime minister, Sir Winston Churchill, makes an appealing picture in her junior bridesmaid's dress at the wedding of the Hon. Teresa Fox-Strangways to Lord Galway. The three-year-old appears a little bewildered by it all.—Central Press Canadian.

Judge Recommends Psychiatric Treatment

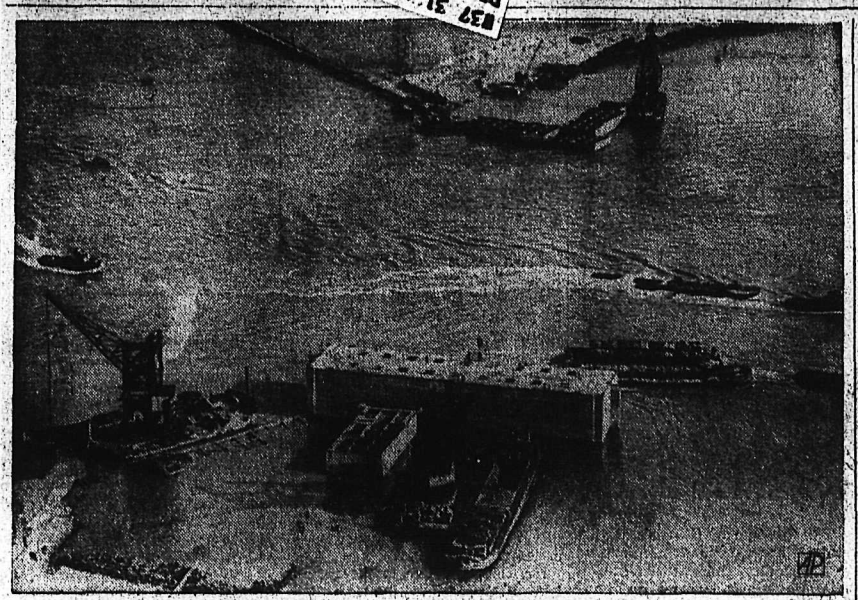
VANCOUVER (CP)—In an unusual judgment for British Columbia courts, Mr. Justice J. F. Davey on Thursday sentenced a youth to an indeterminate term as a criminal sexual psychopath.

Sentenced was Theodore Steele, 18, convicted of attempted rape of an 11-year-old girl. On this charge, he received a five-year sentence.

"I recommend that he be given proper psychiatric treatment and also treatment by a trained psychologist if that is necessary to give every chance of taking his place in society," said Mr. Justice Davey.

Steele was arrested after several young children had been molested in the Point Grey district.

He will appear in city police court Nov. 17 for sentence on a charge of contributing to the delinquency of a six-year-old girl Sept. 8, the same day the attempted rape occurred.



A HUGE CONCRETE CAISSON, built by British as part of an artificial port in the Normandy invasion, is manoeuvred into position to help seal off the last of the major gaps in Holland's flood-destroyed dike system. Three other similar caissons each as big as a seven-storey building, will be swung across the breach in the Ouwerkerk dike, one of many breaks in the disastrous storm floods earlier this year.

Arab-Israeli Truce Meet Urged

By FRANCIS W. CARPENTER

UNITED NATIONS, N.Y. (AP)—Israeli delegate Abba Eban proposed Thursday an immediate meeting of political and military representatives of Israel and Jordan, with Palestine truce officials here in an attempt to prevent further border raids.

He expressed to the United Nations Security Council his government's "profound and unreserved regret" for the loss of "innocent" lives at Kibya, Jordan, in a raid Oct. 14 in which 53 Arabs died.

Nevertheless, it was reported that Britain, the United States and France will put before the Security Council next week a resolution censuring Israel for the Kibya raid.

Palestine truce observers reported Israeli armed forces carried out the raids, but Israel denied the army was involved. Eban blamed the Kibya incident and other violence on the Arab "political, economic and military siege" against Israel.

Atomic Reactor To Generate Electric Power Under Study

CHALK RIVER, Ont. (CP)—Atomic Energy of Canada Ltd., and the Ontario Hydro Electric Power Commission are studying the possibility of building an atomic reactor for generation of electric power.

Dr. W. B. Lewis, vice-president in charge of research and development for the crown-owned company, said a "feasibility study" has been started to determine whether such a project would be practical.

"No firm decision has been made as yet to build such a reactor," Dr. Dewis said. "It's still in the idea stage."

Graydon Remembered In Commons

OTTAWA (CP) — Friendly and likeable Gordon Graydon, who died recently after being elected for the fifth time as Commons member for Peel, Ont., was lauded in the House Thursday by spokesmen of all parties.

Prime Minister St. Laurent described Mr. Graydon, deputy House leader of the Progressive Conservatives and one-time acting House leader, as "one of the outstanding personalities of the house."

TRADE SCHOOL GRADS

WINDSOR, Ont. (CP)—Eighteen students of the Ford of Canada trade school Thursday night were awarded diplomas during graduation ceremonies which followed four years of study and training. Frederick Wright, 23, of Saskatoon was among those receiving special awards. The graduates included Wilbert Wirth of Vernon, B.C.

Women Members Greeted by House

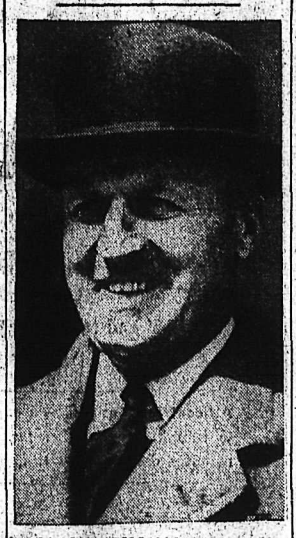
OTTAWA (CP) — Four women members of Parliament took their places in the Commons Thursday at the opening of the new session, giving the House the largest feminine representation it has ever enjoyed.

Baskets of roses placed on their desks and a desk-thumping ovation from male colleagues awaited them as they filed in—three of them for the first time in Parliament.

Mrs. Ellen Fairclough, 48-year-old Progressive Conservative from Hamilton West, is back for the second time.

The new women members are two Progressive Conservatives, Sybil Bennett, 49-year-old member for Halton; and Margaret Aitken, 45-year-old Toronto journalist from York-Humber constituency, and a lone Liberal, Mrs. Ann Shipley, 53, member for Temiskaming.

The Senate, too, has more women this year. Senators Cairine Wilson and Iva Fallis have been joined since the last session by three other women: Mrs. Nancy Hodges, 65-year-old Victoria journalist; Mrs. Muriel McQueen Fergusson, 54, of Fredericton, and Mrs. Marianna Beauchamp Jodoin, 71, of Montreal.



QUICK REMOVAL of Gen. Sir John Winterton (above) as Allied commander in Trieste is best way to ease anti-British rioting in Italy, the United States has been told by the Italian government, reliable sources in Rome said.

Patricias Due Home Saturday

CALGARY (CP) — The 3rd battalion, Princess Patricia's Canadian Light Infantry, is due in Vancouver Saturday aboard a United States Navy troop ship from Korea.

This will be the first time returning Canadian Korean veterans have landed at Vancouver since the Patricia's 2nd battalion, the first Canadian unit to go to Korea, returned home towards the end of 1951.

The battalion, some 750 strong, is expected to arrive in Calgary, where a mass reception is planned, on three special trains Sunday.

Personnel for British Columbia will break off in Vancouver. Other personnel for Edmonton and Saskatoon will leave Vancouver on a special train.

Water Levels

Kootenay Lake water level Wednesday 7.55 feet above zero and Thursday 7.58.

WEIDEN, Germany (AP)—Three Germans were held Thursday on charges that they stole more than 50 tons of metal landing strips from a United States airfield and smuggled the material behind the Iron Curtain.

Plywood Mills Lay Off 500

VANCOUVER (CP)—Five hundred employees have been laid off in the Vancouver and Port Alberni plywood mills of MacMillan and Bloedel, Ltd., company officials said Thursday night.

They attributed the lay-offs to curtailed fir plywood production necessitated by the first drop-off in 20 years in an annually-increasing Canadian demand for plywood.

New production schedules in Vancouver and Vancouver Island mills calls for operation of a full first shift and a partial second shift five days a week.

Crews will be called back to work as soon as market conditions improve, probably about the first of the year, company officials said.

Reporter Tells Of Gambling House

VANCOUVER (CP)—The Vancouver Province says in a front page story today that a plush gambling establishment is operating in suburban West Vancouver.

The establishment, said the Province, is complete with peep-hole doors, green baize tables, dice and card games.

An "invitation" card is necessary to gain entrance, and credentials are well scrutinized.

The Province reporter, Dan Illingworth, who visited the "spot," said it is located in a smart, two-storey house.

He found a modern-style bar, with the bartender serving "Scotch, rye or gin." Some drinks were "on the house."

The reporter was not permitted to play after his references had been checked by telephone, but he was told:

"But don't worry. You can come back. Bring somebody with you to introduce you next time."

The Province added: "The information has been passed on to Reeve Hugo Ray of West Vancouver."

Young Escapee Nabbed At Coast

VICTORIA (CP)—A 17-year-old juvenile who escaped from a Manitoba detention home and who police say staged a lone-wolf crime wave across Western Canada since Aug. 31 has been arrested here.

Police chief John Blackstock said the youth faces several charges. He had admitted to three breakins and if found guilty will serve his sentences here before being returned to Manitoba.

He is also wanted in connection with offences in neighboring Saanich.

The youth was fleeing a one-year sentence in the detention home. Chief Blackstock said he "worked" his way west, in trouble all the way.

TRANSPORT CRASHES

14 Military Personnel, Six Civilians Die

BUENOS AIRES (AP)—Twenty persons were killed Thursday when a four-engine military transport and a small military aircraft collided 200 miles northwest of Buenos Aires.

The accident occurred near the town of Maximo Paz, not far from the border of Sante Fe and Buenos Aires provinces. The mutilated bodies of military personnel found in the wreckage were taken to the morgue in Rosario, the nearest city.

The air ministry listed eight officers, six non-commissioned officers and six civilians, including two women, as the victims. Two vice-commodores, second highest rank in the Argentine air force, died in the collision.

Ask No Change In Compensation Act

VANCOUVER (CP)—Major business and trade organizations asked today that the Workmen's Compensation Act be left unchanged at the next B.C. legislative session.

Spokesmen submitted two briefs outlining the views of five groups to Labor Minister Lyle Wicks at his first round table conference on the act here.

He is scheduled to hold a similar meeting tomorrow with representatives of the two biggest provincial labor groups, the Trades Union Congress (TLC) and the B.C. Federation of Labor (CCL).

The unions have asked for amendments to the act to improve compensation to injured workmen and their dependents. Mr. Wicks has indicated the act will be opened at the next session.

Organizations represented at today's meeting were the B.C. division of the Canadian Manufacturers' Association, the Vancouver Board of Trade, the B.C. Chambers of Commerce, the Industrial Association of B.C., and the Okanagan Federated Shippers' Association.

The CMA brief said that because industry was in "a high cost position" and finding it "increasingly difficult to market its products, we request that the act be not reopened at this time."

Canadians Win Praise On TV

LONDON (CP)—A couple of Canadians, writer Lionel Shapiro and actor Macdonald Parke, won critical acclaim Thursday for their contributions to the British television play, "The 23rd Mission."

Shapiro's Armistice Day story of an American father seeking an airman shot down in Belgium seven years earlier was seen by Britain's TV millions Wednesday night. Parke, veteran Canadian actor who once played football for Toronto Argonauts, took the part of the father.

"One of the neatest and most touching short plays of the year," writes The Daily Express critic, Leonard Mosley. He says Parke made the father a "most sympathetic" figure.

The play was the second written for British TV by Shapiro, former Montreal newspaper man.

Parke, formerly of Cornwall, Ont., and Toronto, has done more than 1000 broadcasts on British radio.

Warren Stanhope of Vancouver, known in Canada as Warren Sutton, also had a small part in "The 23rd Mission."

DOLLAR UNCHANGED

NEW YORK (CP)—The Canadian dollar was unchanged at a premium of 2 7-32 per cent in terms of U.S. funds. Pound sterling down 1-16 at $2.81.

MONTREAL (CP)—The U.S. dollar closed at a discount of 2 5-32 per cent in terms of Canadian funds, unchanged. Pound sterling 2.74 15-16, down 1-16.

House Told $2 Billion To Go Toward Nation's Military Strength in '54

By DAVE McINTOSH
Canadian Press Staff Writer

OTTAWA (CP)—Canada's defence drive will continue at its present rate next year, the throne speech opening the 22nd parliament forecast Thursday.

The 1200-word speech outlining government policy and projected legislation was read in English and in French in the Senate chamber by Governor-General Vincent Massey.

The main floor of the Senate was jammed with government, civic and diplomatic dignitaries as the governor-general, in white-plumed hat, entered and took his place on the dais. He arrived at the Parliament buildings in an open carriage with RCMP escort as a 21-gun salute was fired.

The public galleries also were jammed. Members of the Commons crowded behind the bar of the Senate—no Commoner is allowed beyond that point. Senators occupied the two front rows on both sides of the high, gold-ceiling chamber.

The speech, read in clear, measured tones by the governor-general, said:

"Much remains to be done before there can be a permanent and durable peace in the world. My ministers therefore consider it would be unwise for the free nations to slacken our efforts to build up and maintain the necessary strength to deter aggression and they intend to continue to work to that end."

Defence this year is costing $2,000,000,000, half the entire Canadian budget, and officials said that roughly this same amount will be spent in 1954. There may be increased expenditures for some phases of defence, less for others.

The speech dealt first with defence, international affairs and the United Nations before taking up home matters.

It described the North Atlantic Treaty alliance as one of the cornerstones of Canadian foreign policy, promised continued technical assistance and rehabilitation funds for underdeveloped countries and expressed the hope that a political conference would bring peace to Korea.

BOAST TECHNICAL AID

The government already has told the UN it is prepared to increase its technical assistance from $800,000 this year to $1,500,000 in 1954. Canada since 1945 has put more than $206,000,00 into UN emergency relief and technical assistance. Besides this, it has contributed $75,000,000 in the last three years to the Colombo Plan for capital development and technical assistance in south and southeast Asia.

Though Canada's total volume of foreign trade had reached record levels, dollar shortages in many countries had continued to create problems for some Canadian exporters. Countries could best achieve economic strength and security through freer trade and overseas investment policies and the government was continuing efforts to bring about progressive reduction of trade restrictions.

Major policies on the home front mentioned in the speech were an expanded housing program, added financial help for hog producers, more fish markets, an assistance program for totally disabled persons.

The new housing program would be undertaken by increasing the supply of mortgage money so that more persons with moderate incomes could build their own homes. A 10 per cent down payment on the first $8000 of the lending value of a new house likely will be a feature of the housing legislation, together with longer periods in which to repay loans.

AID FOR DISABLED

The speech said plans for rehabilitation of totally disabled persons are being worked out with the provinces and that a bill providing for an assistance program for such persons will be introduced. Officials said later that some 20,000 totally disabled persons between the ages of 18 and 65 likely will get pensions not exceeding $40 a month.

Parliament will be asked to resume its unfinished job of revising the Criminal Code. The speech also said a committee of penal experts has been appointed to examine and report upon methods of parole and remission of sentences.

The speech forecast some changes in veterans' legislation but officials said they will not be major ones. They will deal with "some extension" of benefits.

Before the throne speech ceremony in the senate, Rene Beaudoin, 41, Liberal member for Vaudreuil-Soulanges, near Montreal, was chosen unanimously as Speaker of the Commons.

Previously, Senator Wishart Robertson fo Nova Scotia had been appointed Senate speaker.

WARDEN GIVEN CENSORS RIGHTS

VICTORIA (CP) — Oakalla Prison Warden Hugh Christie has been given power to open and censor all letters to and from prisoners under revised regulations for B.C. jails.

Under the old regulations, the warden had to get consent to open and examine letters from the prisoners. Under the new regulations, consent is not necessary.

It states: "Letters, which in the opinion of the warden, contain may be destroyed, returned to the sender, or withheld until imprisonment expires, at the warden's discretion."

BABY DIES IN FLAMING HOME

SEATTLE (AP)—An 18-month-old baby boy died in his flame-swept West Seattle home Thursday after his five-year-old sister and three-year-old brother tried unsuccessfully to pull him from his high chair, and ran out of the house themselves.

He was Dale LeFleur, son of Mr. and Mrs. Jack LeFleur. The mother had gone down the street to look at another house to rent.

Acting Fire Chief Frank Hanson said Sharon, 5, told him Gary, 3, had been lighting some matches.

DeGaulle Calls for NATO Pact Revision

PARIS (Reuters)—Gen. Charles de Gaulle in one of his rare policy statements Thursday called for revision of the North Atlantic Treaty Organization to lessen American influence and urged France to explore the possibilities of an agreement with Russia.

The wartime resistance leader, now officially divorced from politics, held a press conference here. He bitterly attacked plans for a European army with German participation, and said France must go on fighting in Indo-China, although peace prospects should be investigated on an international level.

De Gaulle also directed some sarcastic comments at Britain, noting that she was urging France to ratify the European army treaty although she had no intention of joining it herself.

He said that what is needed is a strong confederation of European states, including Britain, in which each participant would retain its national character and sovereignty. He contended that a strong grouping of this nature is essential if Germany is to be brought into the western camp.

Canada, U.S. Team Up to Encourage Greater Trade

OTTAWA (CP) — Canada and the United States Thursday established a joint committee on trade and economic affairs in an attempt to forestall future friction and promote greater trade between the two countries.

The unprecedented step to promote a "healthy" flow of trade across the Canada-U.S. border was completed in a signing ceremony at Washington at 10:30 a.m. EST today. Ambassador A. D. P. Heeney signed for Canada; State Secretary Dulles for the U.S.

On the commitee, which will consider all matters "affecting the harmonious economic relations between the two countries," will be Canada's External Affairs Minister Pearson, Trade Minister Howe, Finance Minister Abbott, and either Agriculture Minister Gardiner or Fisheries Minister Sinclair.

American members will include Mr. Dulles, Treasury Secretary Humphrey, Agriculture Secretary Benson and Commerce Secretary Weeks.

And in This Corner . . .

DOVER, England (Reuters)—Local authorities Thursday banned persons in "unusual attire" from playing cricket on the municipal grounds.

The ban was approved after alderman J. Williams said he was appalled last summer to see "two or three chaps playing in ordinary suits."

"One fellow was actually wearing a blazing red jersey," he added.

The accepted cricket uniform consists of white shirt and flannels.

HAMILTON, Ohio (AP)—The number "11" already has a place in the life of the one-day-old son of Mrs. Henry Saylor.

He was born at 6:11 a.m. on the 11th month and the 11th day at Mercy Hospital Wednesday.

He weighed 11 pounds, 11 ounces.

The parents reside at 611 South Eleventh Street.

TORONTO (CP)—The University of Toronto's "character war" took a new turn Thursday. Someone bricked up the main entrance to Trinity College.

Ever since university president Dr. Sydney Smith called for more individuality and less conformity among students in a speech last month, the tempo of goings-on has increased.

Two weeks ago the engineers staged a pantie raid on St. Hilda's girls' residence. Then someone stole the architect's model of Trinity's new wing. The Trinity provost, Rev. R. S. K. Seeley, reported his chair missing.

The bricks were blocking Trinity's entrance early Thursday. No one knew who put them there.

Dr. Smith declined to comment.

SPOKANE (AP)—Earl E. Mackey, 21, wanted to play policeman.

He fastened an official-looking radio aerial to his car and he pasted red cellophane over the spotlight. Then he drove out and ordered another motorist to "pull over" for travelling too fast.

The other motorist happened to be a real life policeman, Lawrence E. Carley.

Thursday, Mackey was sentenced to 10 days for impersonating an officer.

Nelson Man Heads New Kootenay Real Estate Agents Association

Inaugural meeting of the Kootenay Real Estate Agents Association in Nelson saw election of T. D. Rosling of Nelson as first president.

The association was formed in conjunction with Kootenay Insurance Agents Association's first meeting since its organization here last March. The meetings at Chamber of Commerce rooms were attended by 27 delegates from throughout the area.

Vice-President is J. M. Falkins of Cranbrook and secretary-treasurer is T. C. Lambert of Nelson. Directors are Gaston Hertig of Rossland, Maurice Klinkhammer of Cranbrook, F. Holmes of Kimberley and Cyril Bell of Kimberley.

Delegates to the combined meetings were welcomed by Mayor Joseph Kary.

Executive of the insurance group is A. K. McAdams of Nelson, president; J. M. Falkins of Cranbrook, first vice-president; Cyril Bell, second vice-president; R. A. Phillips of Nelson, secretary-treasurer.

RISK PLAN

Much of the discussion at the insurance meeting centred on the assigned risk plan, which is for car drivers over or under the ages normally acceptable to insurance companies and how it fits in with the financial responsibility law where in co-operation with the motor vehicle branch driving records are reviewed and insurance is either granted or denied on the basis of the records.

REDUCES WAIT

Difficulty had been that persons in this class had had to wait about three weeks after applying for insurance and this was being rectified by the assigned risk plan under which applications could be approved quickly.

Motor vehicle branch was co-operating by providing driving records and was contemplating a checkup system of its own, but was being impeded by a "terrific" backlog caused by the increasing population in B.C., it was explained at the meeting.

It was also felt that cost of vehicle inspection, also sought by the agents, should be borne by the province. Such inspection is sought, it was explained, because at present a licence was often issued to a car purchaser with nothing known about the condition of the car. The licencing system was described by one delegate as mere "taxation." Cited was one case where a motorist was involved in an accident half an hour after taking out a licence, the cause due to faulty brakes in a car just purchased.

Government control of licencing the point where persons applying for licences are immediately acceptable to the insurance companies is the aim of the group.

A spokesman said the association was organized to see that insurance agents do as good a job for the public as possible and to place "sore points" before the proper authorities for correction.

$2 MILLION SASKATCHEWAN LOSS

Saskatchewan's provincial government auto insurance plan was also discussed and it was pointed out that latest figures showed that the province's losses were such that it was necessary for the government to subsidize the plan by $2,000,000. It was felt that a healthy increase would be required to bring the Saskatchewan plan to the point where it would operate on a statistical basis, felt essential for successful operation.

Delegates were:

Cranbrook — J. M. Falkins, B. Johnson, M. Klinkhammer and W. D. Gilroy.

Rossland — G. Hertig and E. C. S. Freeman.

Trail — D. Currier, C. Bell, T. Cummings, J. Skinner, R. Crowe, R. Pincott and F. Piester.

Castlegar—R. Couchman.

Salmo—O. Larsen.

Nelson — T. D. Rosling, Bernard Kelly, J. B. Brown, M. B. Ryalls, Mrs. D. E. Bennett, A. K. McAdams, R. A. Phillips, R. P. Gildsy, C. W. Appleyard, T. C. Lambert, W. Kalyniuk and S. C. Latornell.

New officers will be elected at a meeting next Spring.

T. D. ROSLING

Cominco Begins Operation Turkey

TRAIL—One of Canada's strangest bird migrations has started again. Relax, birdwatchers! This migration won't appear in any book on our wild feathered friends because these birds are domestic turkeys and they'll be coming to the Kootenays not on the wing but by refrigerated freight.

Word of the movement was announced by Consolidated Mining and Smelting Company. "The management has authorized distribution of turkeys at Christmas time to all married employees, and also to those single employees who maintain a home in which they reside and support one or more dependents."

4-MONTH JOB

Those in charge of the annual "Operation Turkey" sometimes wish the prime birds would arrive under their own power. It's a four month job, starting in September, to locate and order enough turkeys to grace the tables of Cominco families each festive season. Some of the gobblers, about 1500, are being raised in B.C. Close to 6000 will come from Alberta ranches. Last year three refrigerated freight cars were needed to move the Alberta shipment and the picture will be about the same in 1953.

Most of the birds will go to Trail and Kimberley. But as Cominco's other operations from Tulsequah and Yellowknife in Canada's far north, to Calgary and Blondel in the south, employee family tables will sport the toothsome gobblers. Arrangements are also being made for turkey distribution to married pensioners and wives of employees carried on Cominco's Military Roll.

Details of actual distribution to employees have not been announced as yet. Trail and Kimberley employees entitled to a turkey will receive cards in December and pick-up centres will be announced about a week before Christmas.

So, birdwatchers, that's the story. One more thing . . . nobody is going to watch these turkeys very long. Less than two months from now they'll be on their way south down thousands of eager throats.

George W. Maloff Dies At Calgary

George W. Maloff of 3705 Centre "B" Street, North West Calgary, died in the Holy Cross Hospital on Saturday at the age of 68. He is survived by his wife Tania.

Services were held at the Church of the Evangelical Christians on November 3 with Rev. F. Filipchok officiating.

READ THE CLASSIFIED DAILY

Council Hears of New Recreation Plan

A letter informing city council the provincial government has set up a Community Programs Branch within the Department of Education to stimulate and assist in organization and co-ordination of public recreation centres has been received by Nelson council. The letter was turned over to the Civic Centre Commission through Alderman George Eckmier.

An amendment to the Municipal Act allows city councils to set up local recreation commissions to co-ordinate public recreation, the letter explained. Provincial grants-in-aid will be given such commissions, it said.

Nov. 26 Chest Meet Planned

Plans for a general meeting of those interested in forming a Community Chest in Nelson were prepared in the Council Chambers Thursday night.

Under the chairmanship of Ald. J. H. Coventry, the several organizations represented decided to hold a public meeting November 26. All voting delegates from all service clubs and interested organizations will be asked to attend.

An interim executive of Ald. Coventry, J. R. Corner and Ald. Arthur Foster were appointed to keep things moving until the general meeting.

Mr. Corner spoke to the gathering on the advantages and difficulties of setting up a Community Chest. The Chest is designed to take care of all charities under one central body. The organization solicits funds once a year and administers them, doing away with numerous drives throughout the year.

Dec. 10 Civic Election Day

Nelson municipal elections will be held December 10 with City Clerk Reeve W. Harper returning officer.

City Council has passed a resolution naming December 10 election day in Nelson with Civic Centre Auditorium as polling centre. Nominations will be received in the City Clerk's office at city hall up to December 1.

Salmo Village Clerk R. Street Passes At 71

Russell Hugh Street died yesterday at the Kootenay Lake General Hospital at the age of 71.

Born in Kitchener, Ontario, he moved to Southern Manitoba in his early teens with his parents. He attended St. John's College in Winnipeg, and later moved to Southern Saskatchewan where he resided in various localities before moving to Calgary where he lived until 1933 before coming to Salmo. Here he was village clerk since 1950 when he succeeded David John.

He is survived by his wife, Mrs. Street of Salmo, one daughter, Mrs. H. Adams of Vancouver; two sons, L. F. Street of Salmo and J. C. Street of Riondel; one sister, Mrs. Nan Nichols of Vancouver; one brother, C. F. Street of White Rock and eight grandchildren.

Appointments To Accounting Firm

A change in name from Campbell, Shankland & Imrie to Campbell, Shankland & Co. is announced by the oldest established firm of chartered accountants in Nelson. Retirement of G. D. Imrie, CA, and admission of John C. Ryan, CA, and George T. Jewell, CA, to partnership in the Kootenay area is also announced.

Mr. Ryan has been associated with the Nelson office of the firm for the past four years and will continue to reside in Nelson.

Mr. Jewell has been attached to East Kootenay offices of the firm for the past five years and has assumed managership of the Cranbrook office as resident partner.

The firms' affiliations with Trail and Okanagan offices will continue.

Gets New Shoes

John Deere will have a new pair of snow shoes to plow Nelson streets with.

City council has authorized purchase of a $160 set of snow treads for the city's small tractor to replace a worn-out set. The tractor plows city streets during the winter.

The cabbage palm trees of the West Indies often grow to a height of 100 feet.

Many At Rites For Mrs. Tinkess

KASLO—Last rites were held in St. Andrew's United Church at Kaslo for Mrs. Margaret Ann Tinkess who died at the home of her son, J. Russell Tinkess, in New Westminster Monday.

Born at Gravel Hill, Stormont County, Ont., in 1867, Mrs. Tinkess resided in Central Butte, Sask., before moving with her late husband, John Henry Tinkess, and one son to Kaslo in 1920.

In 1952 Mrs. Tinkess moved to New Westminster where she resided with her son and daughter-in-law, Mr. and Mrs. J. R. Tinkess, until her death.

Rev. Allan Dixon of Trinity United Church, Nelson, conducted the service, with Mrs. S. H. Green presiding at the organ. The church choir was also in attendance.

Many lovely flowers were a tribute of love and friendship from her friends. Two hymns were sung: "Forever With the Lord," and "Abide With Me."

Survivors are four sons, F. W. Tinkess of Saskatoon, Sask.; Earl Tinkess of Moyie Spring, Idaho; J. R. Tinkess of New Westminster, and G. W. Tinkess of Kaslo; two adopted daughters, Mrs. D. Bayne and Mrs. T. Varcoe, both of Vancouver; 15 grandchildren and 14 great-grandchildren.

Relatives from out of town in attendance were F. W. Tinkess of Saskatoon, Mr. and Mrs. E. E. Tinkess and Mr. and Mrs. Gerald Tinkess of Moyie Spring, Idaho, Mr. and Mrs. J. R. Tinkess, Mrs. James R. Tinkess and Mrs. T. Varcoe, all of Vancouver, also a granddaughter, Mrs. G. Cunningham of Salmo.

Active pallbearers were R. Gilker, E. Aldous, W. H. Dunn, G. H. Baker and Cameron Clark.

Honorary pallbearers were G. S. Baker, F. W. Speirs, S. E. Fyfe, A. L. MacPhee, J. Paterson. Interment was in the family plot in upper city cemetery.

FRUITVALE CHILD BAPTISED

FRUITVALE—During the closing part of the Sunday School hour here Sunday Archdeacon B. A. Resker conducted baptismal rites for the infant daughter of Mr. and Mrs. R. F. Davis, giving her the names of Lynn Margaret. Godparents of the baby are Mr. and Mrs. James Davis, uncle and aunt of the infant.

Following the service a family dinner was held at their home, with Archdeacon Resker, Mr. W. Byington and the baby's grandmother, Mrs. H. Davis, present.

Gets Public Support . . .

$175,000 Castlegar District Center Would Include Artificial Ice Rinks

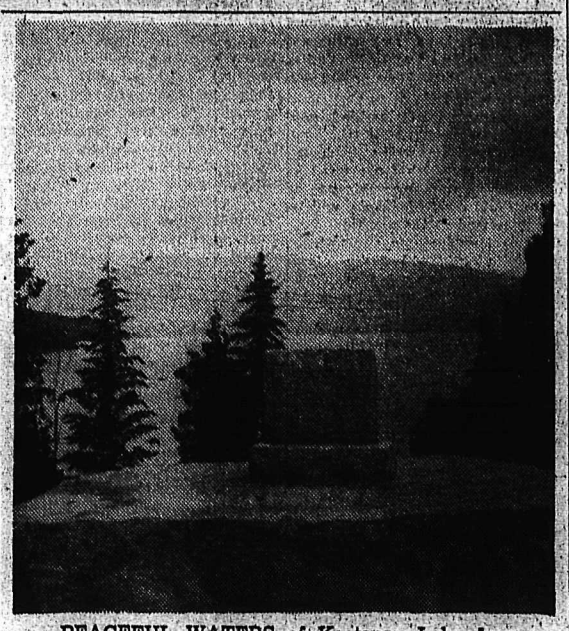
CASTLEGAR — Proposal of Castlegar and District Projects Society to build a district centre at Castlegar won the overwhelming support of a public meeting in the Coronation Hall here.

Some 300 Castlegar, Kinnaird and Robson residents attended the meeting and almost all expressed enthusiastic support of the project. David Campbell, Projects Society president, was chairman. He explained the arena which the society is hoping to build would be similar to one recently completed at Fernie and would cost about $175,000 complete with artificial ice plant.

It would have a skating rink, two curling rinks, dressing rooms, meeting rooms and housing for such projects as the Sea and Air Cadets. The society now have about $30,000 available with which to begin.

Mr. Campbell said a committee will be set up immediately to make a canvass for further funds. A possible location for the district centre is the village property south of the B.C. Forest Service station in Castlegar. The front 10 lots of this property can be sold with ample room remaining for the district centre.

Pledges for regular donations towards the project were signed by several of those present.



PEACEFUL WATERS of Kootenay Lake form a backdrop for this plaque at Riondel dedicated to Thomas Hamill. The plaque was presented to Riondel by Nelson and District Oldtimers Association and erected by Cominco to honor the pioneer who was assassinated June 1, 1885, on an exploration trip. The murder stemmed from a mining claim quarrel which resulted in a lawsuit.

Last Rites Held For Miss D. Clever

NEW DENVER—Knox Presbyterian Church was filled for funeral services for Miss Dora M. Clever, who died in Slocan Community Hospital here Nov. 2. Rev. D. A. MacKellar officiated.

Mrs. Thomas Steenhoff was organist. Hymns sung were "Unto the Hills" and "Safe In the Arms of Jesus."

Pythian Sister choir sang "Blessed Be the Tie That Bind."

Pallbearers were J. E. Kenneth, J. A. Greer, Neil Tattrie, A. L. Harris, Lindsay Carter and Fred H. Angrignon.

In place of flowers friends were asked to send donations to B.C. cancer fund.

Pythian Sisters of Lucerne Temple No. 17, New Denver, conducted services at the family plot in New Denver Cemetery.

Miss Clever was born in New Denver and had resided here all her life except for short absences. She was owner and manager of New Denver Meat Market. She was 56.

At Fernie Remembrance . . .

Turning Cheek to God-Haters Would Mean Annihilation

FERNIE—Citizens of Fernie packed Vogue Theatre Wednesday for annual Remembrance Day services. Led by the Legion Band, a parade, which had assembled at the Canadian Legion Hall, marched to the Cenotaph on the Provincial Court House lawns. Here wreaths were laid by Mayor Tom Uphill, the Legion and representatives of many organizations in the city. Following sounding of the "Last Post," the parade moved to the theatre where services were conducted by Legion Chaplain, Rev. R. E. M. Yerburgh. Lieut. G. Holden of the Salvation Army gave the scripture reading, while prayers were said by Dr. N. Hughes of Knox United Church.

"To fulfil our Lord's precept to turn the other cheek, may be right where individuals are concerned, but where a powerful nation or group of nations is concerned and a group hates the Lord God and His ways, such an attitude could mean the utter annihilation of all that is good in the world, the annihilation of Christian religion," stated Mr. Yerburgh in his address. "We are justified in using forcible measures when necessary for the repression of evil," he said, "but we may not take the initiative, but must be prepared to resist the forces of evil."

"Ordinary people everywhere long for peace and the Communists know this for they bait their traps with the ever-appealing lure of peace, even though the peace they offer is synonymous with slavery. Always there are some who accept the bait and in all innocence join Communist front organizations with alluring titles. Remembrance Day should not become a day of beautiful sentimentality. It should have a dynamic quality. We should press forward until the Four Freedoms are established in every part of the world, with its peace never again to be shattered by tyrant, dictator, fool or hothead."

"Only as a Christian people," Mr. Yerburgh continued, "can we make our maximum contribution in maintaining world peace. The Iron and Bamboo Curtains, appear impervious to Christianity, but countries living in the shadows of these curtains should not be driven into the Communist camps. Japan, for example, must trade to exist. We must admit her goods in reasonable competition with our own. This is a practical application of Christianity for if we are too selfish in maintaining our luxurious standards of living at all costs, then Japan, and to a lesser extent, many European nations, will be forced into and welcomed by the Communist zones. We must take Christian action, not only in theory, but even when it touches our pockets as well."

LEGION TOLD . . .

Peace Hinges On World Gov't

FERNIE—"Hope of peace in the world lies in an international outlook and not in the narrow national point of view," stated Harry McKay, principal speaker at the Fernie Legion dinner which opened Remembrance Day observances here Tuesday evening.

He said the causes of war were invariably "an excess of nationalism whereby reason is overpowered by emotion.

"The United Nations must be made to succeed. The preamble to its charter had brought forth ideals of the highest order. They were an entirely new concept contrary to everything we had been brought up on. Its entire viewpoint was not national but international and world wide.

"The United Nations was not likely to succeed in our lifetime," he continued, "but a new generation growing up with a more international outlook and the breaking down of national viewpoint and prejudice will bring world government. Member nations will relinquish their national sovereignty to such a world government of which they will be a part. International law then will be a reality and capable of enforcement. However, for the United Nations to be effective all existing nations must be members and all must be subject to their obligations under the charter," Mr. McKay felt.

Present bickering between Eastern and Western blocs was encouraging as it showed nations preferred to do their fighting with words on chamber floors rather than on the battlefield. The chief worry is not the past success or lack of success of the United Nations, but the number of people who are ready to give up hope for the United Nations, or who will not accept the idea of world government. The fact that it is new and that its greatest benefits will be received by future generations must be remembered and appreciated," Mr. McKay said. "If we fail to support the United Nations, without putting forth a more worthy vehicle of peace, then we have failed in our duty to those who have paid the supreme sacrifice."

WORK AT NARAMATA OUTLINED

FRUITVALE—Rev. R. McLaren was guest speaker at the supper meeting of the Fruitvale As One That Serveth Club Wednesday evening. Later in the evening, he spoke at an open meeting in the church, giving the aims and purpose of Naramata Christian Fellowship Training School of which he is the principal.

F. H. STEELE PROMOTED

GRAND FORKS — Word of the promotion of Frederick H. Steele, head of the RCMP detachment at Grand Forks, was received here Tuesday. He has been in police work for 22 years, having joined the RCMP at Regina in 1931, and was promoted from corporal to sergeant.

From 1934 to 1951 Mr. Steele served with Trail Detachment. In 1949, when city police were taken over by the RCMP in that city, he was promoted from Constable to Corporal.

Mr. Steele, his wife Kathleen and his daughter Doreen moved to Grand Forks in 1951 when he was transferred to head the Detachment. Another daughter, Patricia, is employed in Trail.

The Nelson-raised officer is a son of the late George W. Steele, former member of the North West Mounted Police, who died last year.

J. C. Hall New Legion President

TRAIL. — Second world war RCAF veteran J. C. Hall was elected president of the Canadian Legion's Trail branch Monday night. Mr. Hall will hold the post throughout 1954.

The new president joined Trail branch in 1947 and since that time has held numerous offices in the organization. This year he served as general chairman of the Remembrance Day committee and worked on the club committee.

H. P. Cann replaces S. W. Davis whose term as trustee has expired. Other two trustees are J. F. Millican and A. M. Sutherland.

J. C. Russell Legion's service officer, drew attention to availability of members of his committee to those who wish advice or information on any subject dealing with veterans affairs.

225 Attend Annual Rod and Gun Banquet

ROCK CREEK — Fifth annual banquet of Greenwood and District Rod and Gun Club held at the Rock Creek Hall was an outstanding success.

About 225 members and friends attended from all parts of the district to meet socially, enjoy the banquet catered to by Rock Creek Women's Institute, hear special messages from interesting game men and see films of excelelnt value.

Tim Forshaw, president of the club, acted as chairman.

Guest speakers were Commissioner Frank Butler of Vancouver, Hume Ritchie, secretary of the Zone Rod and Gun Club, Commissioner James Cunningham, Bus Wilkins, president of Grand Forks rod and gun club, Henry Hetting of Vancouver, Gordon McMynn of Midway, and G. L. Pop of Vancouver. A representative of Penticton Rod and Gun Club was also present. They were seated at the head table, accompanied by Mrs. Hume Ritchie, Mrs. Gordon McMynn, Mrs. Jim Forshaw and Mrs. Bus Wilkins.

An entertaining color film on game and fishing, taken by Mr. Pop on his travels in B.C. and the North, were shown. A second picture was a more technical film of the same nature with humorous commentating done by Mr. Cunningham. At intermission William Hatton rendered a song accompanied by Mrs. Cummin Abel at the piano.

The banquet was held in a setting of artistic greenery and flowers and driftwood novelties done by Mrs. V. Martin with Huckleberry Finn and his companions taking the spotlight.

Hospital District
? Questions ?
we are asked

Q. How was the estimated cost of the new hospital arrived at?

A. Information was secured as to the cost of other hospitals recently built, or in the course of construction. Advice was also sought from architects. Rough estimates were then made in the following proportions:

120-bed hospital with expandable central facilities (includes architect's and consultant's fees)	$1,560,000
Site, water and sewer installations, fixed equipment, nurses' home (if necessary), incorporation of hospital district	240,000
	$1,800,000

Q. What will happen to the present hospital?

A. The Board will dispose of the present hospital for some non-hospital purpose. The money obtained will be used to reduce the total amount to be raised by the community (i.e.: City and District together). Because it is impossible to estimate how much will result from sale of the old building, this figure has not been taken into account at all when compiling estimates.

A District Work Well Worth Supporting

Arthritis and rheumatism are essentially "democratic" diseases. They strike regardless of pocket and social standing. And when they do strike they can terminate the useful lives of their victims—unless those sufferers can get immediate and effective help.

The organization that gives that help is the Canadian Arthritis and Rheumatism Society. The Nelson unit, established in 1951, has since given over 1491 treatments to patients of the Edgewood, Nakusp, Kaslo-Slocan, Salmo and Nelson areas. These treatments have helped 916 patients, and currently under treatment are 90 district persons.

In addition to treatments locally, CARS sends patients to Vancouver for courses designed to restore their economic and physical independence. If patients are unable to pay they are not turned away from the clinic's door. Payments are only requested when there is ability to meet the cost.

The clinic here is located in the annex building to Kootenay Lake General Hospital.

The B. C. division of CARS, established only in 1949, now leads North America in the number of mobile treatment units, manned by trained physiotherapists, in operation. They serve the area from Alberni to Fernie and from Revelstoke to the United States border. One operates out of Nelson. Their work, like that of the clinics, is a work of mercy. It is a work well worth supporting.

District Traffic Warrants Bridge

Rush hour traffic still lines up on the West Arm ferry approaches, and no one can claim this is the peak of the tourist travel season. Just one more illustration of the need for a bridge simply to handle the domestic traffic, let alone the transprovincial stream.

Be Seen To Be Safe

Wearing of dark clothes by pedestrians required to use district highways for walking is an invitation to danger. Light clothes, a light cap, and, best of all, a carried flashlight, help eliminate after-dark hazards.

Your Horoscope

Watch finances closely; do not make doubtful investments, and you will make gains in the months ahead. Endeavor to obtain value for money spent. Traits of thoughtfulness, perseverance and industriousness may characterize the child born today.

It's Been Said

Open biographical volumes wherever you please, and the man who has no faith in religion is the one who hath faith in a nightmare and ghosts.—Edward George Bulwer-Lytton.

LETTERS TO THE EDITOR

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Suggestions For Radio

To the Editor:

Sir—Radio station CKLN does a better-than-average job, but some listeners may agree with me that it could be improved by the addition of a few more programs. Like Toronto's Symphony "Pops" Concert and the "Happy Gang" and a more complete coverage of CBC Sunday programs.

The firms selling records as advertised by Earl Warren would do a much better business if he made a wider choice instead of repeating the tripe we have already heard several times during the day.

For some busy people, hearing a record on the radio is an easy way of making a choice.

Will some of your other readers give their views?

Appreciative Listener,
MARY E. R. WILLIS,
RR No. 1, Nelson, B. C.

Looking Backward

10 YEARS AGO

From the Nelson Daily News, Nov. 13, 1943

The Kaslo Women's Auxiliary to the Canadian Legion held their November meeting in the club rooms, Mrs. H. T. Driver in the chair.

Some eight members of the Creston Curling Club met in Creston Motors to see about the repair of the Club building and some other minor construction. President Ivan Staples was in the chair.

25 YEARS AGO

From the Nelson Daily News, Nov. 13, 1928

East Trail Improvement Association will be assured by the City Council that requested signboards identifying the streets in East Trail will be placed in position by the City as soon as possible.

Under the auspices of the Central Slocan Valley Branch No. 89, Canadian Legion, a special memorial service was held at Appledale Sunday.

50 YEARS AGO

From the Nelson Daily News, Nov. 13, 1903

Fernie is growing, and becoming ambitious, too. An agitation is now on there for incorporation.

The annual harvest of sleds is being gathered by the police. Eight are already in custody, and, unless there is a sudden and unlooked for change in small-boy nature, more will soon be added.

A Bird Called Peter

(Christian Science Monitor)

England has often been called a nest of singing birds, but what about the talking ones? A seafaring nation is bound to have parrots, and a nation with second sons and first cousins in Australia is bound to have budgerigars.

Take Peter, for instance. Peter is a budgerigar who flew out of his master's house at Newcastle-under-Lyme and disappeared. Later he was discovered by a bank manager at Stoke-on-Trent, sitting on a wall (the bird, not the manager), and was taken home by his discoverer. When the latter went on a holiday, he left his feathered guest in charge of a charwoman, whereupon Pete rdecided that the lark was over, gave his name and address to the charwoman, and was duly returned to his rightful owner.

This casual episode is in the genuine English picaresque tradition. It suggests the insouciance of Mr. Toad in "The Wind in the Willows" or perhaps H. G. Wells' "The Adventures of Mr. Polly". The bird, the banker, the charwoman, and "the mystery of the missing owner"—here are all the ingredients for an Agatha Christie thriller or an Alfred Hitchcock chase.

But note the eminently practical ending, the bird's utilitarian common sense that knew that a lark's a lark, enough's enough, and there's no place like home. England has indeed loosed a flock of singing birds and daring explorers on the world, but the heart of one small budgerigar belongs to Newcastle-under-Lyme.

? Questions ? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. Questions WILL NOT BE ANSWERED BY MAIL, except where there is obvious necessity for privacy.

J. C. A. Creston—Can you give me the address of the Phillips Electric Razor Company?

This would probably be the Phillips Electrical Works, Ltd., Toronto, Ont.

Mrs. H. K., Nelson—Can you give me the name of a good eye specialist in Spokane? I would like to know very soon, because I am taking a trip there shortly.

Dr. Anthony, National Bank Building, Spokane; Drs. Hotsett and Richter, Medical Centre, Spokane 4.

K. M., Slocan—Where can I write for information on advertising in the field of commercial art?

The B. C. High School Correspondence Division has a 20-paper course on commercial art. Fees, for persons 20 years of age or over, are $10 per course. The complete course includes arrangement or layout of advertisements; different forms of styles of type and hand-lettering; borders derived from the alphabet, using manuscript pen; drawing, proportion, spacing, arrangement; problems of balance and spacing; illustrations, imaginative drawings; arrangement of illustrations with lettering; weight and proportion in lettering; drawing and use of block letters in modern advertising; typographical layout; printers' rules; decorative cuts and motifs; book-cover designs; line-and-zinc-cut styles; color combinations; the poster, illustrative and lettering posters; appeal dominance in mass, movement, tone, color; theory and psychology of color.

This 20-paper course presupposes that the student has already had some training in drawing and color-work, such as supplied in Art Course 10, which covers design, balance, rhythm, emphasis in color; composition; capitals, poster technique, commercial packaging, commercial design. For full particulars and pamphlets write to the High School Correspondence Division, Dr. E. E. Lucas, Weiler Building, Victoria, B. C.

Snow in B.C.

On the West Coast it may be thought a little early to begin talking about snow. But British Columbia is a big Province, with wide variations of climate. If the States of Washington, Oregon, California, New Hampshire, Vermont, Rhode Island, Massachusetts and Connecticut were all rolled into one, they still would not equal British Columbia in size. Our terrain is rugged, and many of our highways reach skyward in crossing the ranges. When it is raining at tide-water in November, it may be snowing at some of the high points on the interior roads, such as the Allison Pass on the Hope-Princeton Highway, the Monashee Pass between the Okanagan and Arrow Lakes, on the John Hart Highway, or around Golden on the Trans-Canada. And when and wherever it starts to snow, the Department of Public Works must be ready for it.

In the winter of 1951-52, for example, there was an exceptionally heavy snowfall, but 12,000 miles of roads were kept open. To accomplish this, the snow-ploughs travelled 343,000 work-miles, or more than ten times the distance around the world.—B. C. Government News.

Try and Stop Me

By BENNETT CERF

In Berlin's Soviet zone, a German was assigned to labor in a factory which was supposed to ship parts for baby carriages to Moscow. Having a baby himself, he resolved to pilfer enough parts to construct a carriage of his own. A fellow workman, aware of his scheme, asked him a few days later, "Well, have you got that carriage rolling yet?" The German scratched his head and said, "It's the most astonishing thing. I've got all the parts, but no matter how I assemble them, they make a machine gun!"

* * *

Tales of Londoners' heroism during the Nazi blitz are legion, but there was one worthy citizen who had a special grievance against the German planes. He was found in a mass of rubble and smoking ruins, waving a doorknob and screaming, "Bloody blighters! They blew a saloon right out of my hands!"

Merit Alone Warrants Investigation Of Jumbo Pass Route, Golden Told

To the Editor:

Sir—In your issue of Nov. 3 you published a letter from the Golden Board of Trade Highway Committee setting forth its ideas on Trans-Canada Highway location and construction across the Columbia River basin.

This committee seems to have seen the brief which I presented a few weeks ago on this subject to a group of Boards of Trade which was interested in the question, and which had made three exploratory surveys in quest of definite information. There is no evidence in the committee's letter that it has fully read or fully understood the brief, but it is very evident that it (the committee) does not like it (the brief).

The offending brief was necessarily condensed and did not mention a number of points which perhaps could profitably be stated now, if only to show that the brief was not based wholly on "hearsay and wild ideas".

(1) The Dominion Government publication, "The Selkirk Range in British Columbia", edited by A. O. Wheeler, FRGS, on page 419, describing the first CPR explorations of the Illecillewaet River in late May, 1881, by Major A. B. Rogers and his nephew, Albert Rogers, states that the party crossed the river on a snow bridge, made by an avalanche, 150 feet above the river bed. On page 165 of the same book, describing Sir Sanford Fleming's trip through Rogers Pass in September, 1883, mention is made of the same bridge, still in place but minus the arch, three summers after the Rogers party had seen it. On the same page of the same book, Mr. Walter Moberly is quoted from his journal as having crossed a similar snow bridge, further up the Illecillewaet, in September, 1865, at an elevation of 250 feet above the river.

THREE SNOWLESS MONTHS

(2) On page 414 of the same book, the snowfall at Glacier House on the railway near Rogers Pass was stated to average 36 feet, five inches annually, and to occur in every month except June, July and August.

(3) The CPR locating engineers were fully aware of the above circumstances, but built through Rogers Pass rather than around the Big Bend as they had first intended.

To an unprejudiced observer it would appear that since neither of these routes is wholly desirable, the suggestion, even at this late day, of an alternative route should be welcomed and its possibilities thoroughly investigated.

It seems as though the Golden committee did not realize that the brief and its supporting resolution asked merely that these investigations be made. On account of the novelty and audacity of the proposal on which the whole Jumbo Pass route is based (a valley level tunnel through the narrow backbone of the Purcell Range), no investigation of this route has ever been made by the British Columbia Public Works Department, although it has abundant information about each of the others. The investigation requested might cost about as much as would a half mile of the completed highway.

ON MERIT

The Golden committee's letter seems to demand that no such investigation be made, and that the highway be relocated and standardized along any route that passes through Golden, irrespective of the merits of any others. I am sure that as good citizens of British Columbia and of Canada they do not really mean that.

The Committee's letter deliberately and repeatedly misrepresented the brief in claiming that its hidden purpose was to divert the Trans-Canada Highway from Revelstoke to Nelson. The one shred of truth on which this hypothesis could be based is that I happen to live in Nelson at present. Had I mentioned as my residence any of my former homes, at Fort George, New Hazelton or Vancouver, all might have been well. The brief did mention the benefit to West Kootenay traffic of being able to reach the Trans-Canada Highway at Howser, but that benefit would apply equally to Kaslo, Creston, Trail, Salmo, New Denver, Nakusp and a score of other Kootenay centres.

The cold, hard fact is that the residents of South-West Kootenay are not vitally interested in the location of the Trans-Canada Highway in British Columbia except that they want to see it built in the best possible place and without any waste of our money.

When the Southern Trans-Provincial Highway is completed over the Creston-Salmo and the Kinnaird-Paulson-Cascade cutoffs we will have a better East-West highway than anything the Trans-Canada can offer to us.

The recent Boards of Trade explorations were undertaken with a completely open mind on my part, and I definitely refused to recommend the Earl Grey Pass route on account of its unfavorable aspects. I equally definitely recommend the thorough investigation of the Jumbo Pass route on account of its favorable aspects.

BOYD C. AFFLECK.

Korean Waif And Friend Arrive At San Francisco

SAN FRANCISCO (AP)—A rugged 35-year-old navy bachelor and the chubby little Korean waif he took off the streets of Inchon more than a year ago have finally made it to the United States.

After weeks of battling red tape, the pair — both of them smiling shyly — arrived aboard a navy flying boat from Honolulu.

Four-year-old Lee Kyung Soo was wearing a uniform just like that of Chief Boatswain's Mate Vincent T. Paladino, a veteran of 13 years in the U.S. Navy.

Paladino, who hopes to adopt the orphan, said the first time he saw Lee, "I decided to take him out of the cold and clean him up.

"Lee feared me. It was two months before he would believe I was a friend and another month before he smiled."

Gunman Fires At Coast Storekeeper

VANCOUVER (CP)—A masked gunman fled angrily from a small grocery store he attempted to rob Wednesday night, firing a shot at the proprietor, S. E. Sharp.

The gunman entered the store while Sharp an dhis wife were in their living quarters at the rear of the store. Mrs. Sharp spotted the masked man and locked the adjoining door to the front of the store.

The bandit fled when he found the store empty and the rear door locked. He fired a shot at Sharp when the proprietor attempted to give chase.

London Deals With Jewel Smugglers

LONDON (Reuters)—Mrs. Chaja Glatt was fined £2000 and given a six-month jail sentence for trying to smuggle $33,000 worth of diamonds to Belgium in her girdle. Her husband, Polish-born diamond merchant Hersch Mellich Glatt, was given an 18-month sentence for trying to smuggle the diamonds and for evading duty on $3000 worth of Swiss watches.

They'll Do It Every Time — By Jimmy Hatlo

Today's Bible Thought

Poor laborers once were miserably mistreated. In Christian lands the last fifty years have seen amazing improvement in this regard. The teachings of Jesus of Nazareth are gradually winning against selfishness.

Withhold not good from them to whom it is due.—Pr. 3:27.

Aunt Het

Joe says his marriage ain't constitutional. The constitution says a man can't be punished twice for the same offence, and he gets it every day for marryin' Sue.

COAST WEDDING OF INTEREST IN WYNNDEL

WYNNDEL—A wedding of interest to Wynndel district was that of Patricia Grace Jordan and Gordon Arthur Eakin who were married in Cliff Avenue United Church in Vancouver. Rev. William A. Guy performed the ceremony.

The bride is the only daughter of Mr. and Mrs. David A. Jordan of North Burnaby and the groom the youngest son of Mr. and Mrs. R. G. Eakin of Vancouver. The groom is from Prince George.

Miss Joyce Thrower was maid of honor and Robert Eakin, brother of the groom, was best man. Mervyn Jordan, brother of the bride, and Jim Milton were ushers.

The young couple will make their home at Prince George where the groom is employed. Gordon Eakin received his education in the elementary school at Wynndel and his high school at Creston. Mrs. R. Eakin of Wynndel is his grandmother.

Windermere LAs Plan Bazaar

INVERMERE — Christmas is in the air at November meetings of the district Ladies' Aids to the Lady Elizabeth Bruce Memorial Hospital. Junior Ladies Hospital Aid at Windermere is taking the lead again this year in organizing the annual Christmas bazaar at which Edgewater Hospital Aid and the Senior and Junior Hospital Aids at Invermere will hold stalls.

General convener of the bazaar will be Mrs. Hal Bavin of Windermere. Mrs. Vivian Droge is convener of the refreshment committee. The Invermere Senior Ladies Aid will have charge of the home cooking stall.

The bazaar will be held in the evening this year to give business men and women an opportunity to patronize the event. Bazaar will be held in mid-December.

Plans were made at the November meeting of the Windermere group held at the home of Mrs. Norman Anderson of Windermere.

Arrangements were also made for a dance to be held at Windermere. Mrs. Leo Richer will be convener.

November meeting of the Invermere Senior Ladies Aid to the hospital was held at the home of Mrs. Harry Bartle in Invermere when plans were finalized for the home cooking stall for the bazaar.

Wynndel Notes

WYNNDEL — Mr. and Mrs. A. Freed have returned from a trip to Edmonton.

Mrs. M. Hess and family were visitors to Nelson.

L. Habart of the RCAF is home on 26 days' leave with his parents, Mr. and Mrs. C. Habart.

A meeting of the Ladies' Aid was held in the home of Mrs. J. J. Thompson when final arrangements were made for a sale of work and tea to be held in mid-November.

South Slocan Holds Harvest Thanksgiving

SOUTH SLOCAN—St. Matthew's Church was filled for Harvest Thanksgiving. Sermon was conducted by Canon W. J. Silverwood who spoke on the "Blessings of Harvest."

Mrs. Frank Scott was organist.

Church decorating was done by Mrs. J. Murray, Mrs. Sherratt, Mrs. L. R. Hammond and Mrs. C. J. Fenwick. Decorations of jams and fruits were sent to homes for the aged in Nelson and the flowers to Kootenay Lake General Hospital.

NEW MEMBER WELCOMED TO CHURCH GROUP

NEW DENVER—Mrs. R. E. Crellin was welcomed to St. Stephen's Anglican Church Helpers' Auxiliary at a meeting held at the home of Mrs. Vera R. Kitchener.

Eight members were present for the meeting presided over by president Mrs. John A. Bonner.

Wild Game For Dinner

All wild game is better with a tart sauce to bring out its natural flavor.

SAUCES FOR WILD GAME

Tart or acid jellies and sauces are most fitting for game. Currant and wild grape are universally acceptable, as are oranges and many varying orange sauces. Orange juice may be substituted for water in most game recipes with gratifying results. Melted currant jelly poured over a game roast 10 minutes before it is taken from the oven will point up the flavor if no other sauce is to be served with it. Bread sauce is particularly suitable for use with game birds.

BREAD SAUCE

2 cups milk
½ cup fine stale bread crumbs
1 onion
6 cloves
½ teaspoon salt
A few grains cayenne
3 tablespoons butter
½ cup coarse stale bread crumbs

Add the fine bread crumbs and the onion stuck with cloves to the milk in a double boiler and scald for 30 minutes. Then remove the onion and add the salt, cayenne pepper and 2 tablespoons butter. Brown coarse crumbs in remaining tablespoons of butter and sprinkle over sauce.

COLD ORANGE SAUCE

6 tablespoons currant jelly
3 tablespoons sugar
Grated rind of 2 oranges
4 tablespoons orange juice
2 tablespoons lemon juice
¼ teaspoon salt
Dash of cayenne

Put jelly, sugar and orange rind in bowl and beat well. Add remaining ingredients and stir until blended thoroughly.

Fruitvale LA Greets Member

FRUITVALE — Application of Mrs. James McClure as a member was accepted by the Ladies' Auxiliary of the Canadian Legion Branch 196 at their regular meeting held in the Legion Hall. President Mrs. G. D. Stoutenburg was in the chair. Another application was received and turned over to the Investigating Committee.

During the business period plans were made and approved by the meeting for several members to put on a "Talent-Night" on November 27, in the form of a carnival. Proceeds from this will go towards the Children's Christmas Party on Dec. 21. Mrs. H. Higgins and Mrs. F. Peitzsche are to arrange details of the Christmas party.

Members approved renewal of membership in Kootenay Society for Handicapped Children and also purchasing of paint for the kitchen. Purchase of plastic curtains and rods were authorized and the President asked Mrs. G. D. MacKenzie and Mrs. Peitzsche appointed to attend them.

Mrs. F. Kalusik and Mrs. C. Lilydale were appointed to the Nominating committee, replacing Mrs. Peitzsche and Mrs. Metcalfe who are willing to stand for office.

Mrs. F. Middleton of Trail, third vice-president of B.C. Provincial L.A. and Mrs. Allen of Nelson, Zone Ladies' Auxiliary President will be invited to attend the next meeting of the Auxiliary.

Members were reminded of Roll Call of members in good standing at next regular meeting and to have their nomination slips into the committee not later than that meeting.

A social hour followed the meeting with Mrs. H. Higgins, Mrs. L. Kalusik and Mrs. F. Walker serving refreshments. Mrs. H. Higgins was the winner of a contest.

LIVE BOMB

TROWBRIDGE, Wiltshire, England (CP) — Ten-year-old Michael Gliddon picked up an object in a field and carried it to school. His teacher was horrified to see a live bomb. Police removed it safely.

New Denver

NEW DENVER—Mr. and Mrs. F. Jack Klein and family of Nelson were visitors at the Clever home and also attended the funeral of Miss Dora M. Clever. Mrs. Klein is a sister of the late Miss Clever.

Ted Clever and his brother-in-law, F. J. Klein, were visitors to Spokane to meet the former's sister, Mrs. R. Balston of Kansas City, U.S.A., who came for the funeral of her sister, Miss Dora M. Clever.

Mrs. R. Kelsall of Victoria and her brother and sister-in-law, Mr. and Mrs. Ted Clever and daughter Barbara of Vancouver, were here for the funeral of their sister, Miss Dora M. Clever.

Mrs. J. H. Russell of Nelson visited her son-in-law and daughter, Mr. and Mrs. Percy Cutler and family, and her son and daughter-in-law, Mr. and Mrs. Frank Russell and family.

Rt. Rev. Bishop Hugh Embling is on holiday in the Okanagan.

Mrs. A. Ekvall of Ailx, Alberta, and her daughter, Mrs. Grant Bennett and two children, Bobbie and Sherry of Mirror, Alberta, are visiting the former's son-in-law and daughter, Mr. and Mrs. William Mott and daughter Barbara.

Mrs. John Taylor was a Nelson visitor.

Mrs. William Stephen has returned to her home after a week's holiday in Spokane and Nelson.

Mrs. Thomas R. Flint has returned from Calgary, where she visited her sister, Mrs. J. Paterson, for three weeks.

Constable and Mrs. W. G. McLauchlin and two children, Rita and Brian, are visiting relatives in Nelson.

William Bell and his sister, Miss Beatrice Bell, of Rosebery were Nelson visitors.

Mrs. J. Greenen has returned to Glacier View Auto Court after a week in Vancouver visiting friends.

Mr. and Mrs. G. H. Croy and two sons were Nelson visitors.

Mr. and Mrs. Ed Munn of Nakusp were visitors at the homes of Mr. and Mrs. John Taylor, Mr. and Mrs. Harry L. Taylor and two daughters and Mrs. E. A. Reynolds and daughter, Miss Gladys L. Reynolds.

G. Birtles and two grandchildren, Judy and Geno Boudier, were Nelson visitors.

Mrs. Joseph Kaucher was a visitor to Nelson.

Glen Emary has returned from Nelson, where he attended the B.C. Telephone Union telephone meeting.

Mrs. James A. Greer has returned from Vancouver, where she was a delegate to the B.C. hospital convention. She also visited for two weeks with her son-in-law and daughter, Mr. and Mrs. Earl Bingham, in New Westminster.

Mrs. Denver Shannon and son, and daughter-in-law, Mr. and Mrs. Ted Shannon and family of Trail, were New Denver visitors.

Mrs. Ivan M. Flint and two sons, Allan and Ricky, have returned to their home after three weeks in Carbon, Alberta, with the former's parents, Mr. and Mrs. A. E. McAlpine, and at Penhold RCAF base with her husband, Ivan M. Flint.

Miss Beverly De Rosa has joined the staff of the New Denver Meat Market.

Mr. and Mrs. Ted Clever and daughter, Barbara, have returned to their home in Vancouver after a few days in New Denver visiting the former's brothers and sisters.

William J. Balbirnie of Lillooet was the guest of his parents, Mr. and Mrs. W. G. Balbirnie. He was accompanied back by his wife and three children, Joan, Dale and Billie, who have been with the former's parents for three months.

Mrs. R. Kelsall has returned to Victoria after a few days in New Denver with her sisters and brothers at the Clever home.

Mrs. R. Balston has left to visit her brother-in-law and sister, Mr. and Mrs. F. J. Klein and family in Nelson before returning to her home in Kansas City, U.S.A.

Joe Calgari and Mr. McRae from the General Construction Co. at Needles power development were visitors to New Denver, guests of the Taylor family.

Mrs. M. E. Aylwin and son Charlie Aylwin have returned to their home after several weeks visiting the former's son-in-law and daughter, Mr. and Mrs. C. R. Tippie and family at Invermere. They also visited Mr. and Mrs. Ernest Doney and two daughters in Cranbrook.

Miss Velma Jean George has left to spend her holidays in Kansas City with Mr. and Mrs. R. Balston and family.

Johnson Scores Policy Socred School Financing

(Editor's note: These statements by former premier Byron L. Johnson are published as a public service. The same space is available to any other informed authority who might wish to deal with the same matter.)

By BYRON L. JOHNSON
Former Premier of B.C.

This is the second in a series of articles dealing with provincial finance with particular reference to the Socred claim that they had reduced the provincial debt by 34 million dollars since taking office. In the first article I showed where our sinking funds were up to the amount required by statute—a $3,000,000 surplus in the sinking funds which is being held to retire bonds which are due, 1956 and 1957, and $5,000,000 cash in the bank when the Liberals left office provided for a loan which expired in December, 1952, making a total of $8,000,000 for debt reduction funds over and above the amount required in the sinking fund, on hand when the Socreds came into office.

Now I am going to deal with a special item of $3,500,000 which the Liberal government made available out of surplus revenues in the budget, 1952, to assist our school boards throughout the province to build schools to meet the ever-increasing need for schools for our children.

At the same time the Liberal government made available to the local school boards for the same purpose $6,500,000 out of current revenue in the fiscal year 1952-53, making a total cash contribution of $10,000,000 out of surplus and current revenue to our school boards in that year. Here was a real pay-as-you-go policy as carried on under the leadership of Mr. Hart as head of the Coalition government, and under myself from 1947 to 1952 as leader of the Coalition government and the Liberal administration which followed Coalition.

BELONGED TO BOARDS

I have enquired and have been informed that the $6,500,000 in the current account has been allocated to the school boards. What I find it difficult to understand is the cancellation of the $3,500,00 (the balance of the $10,000,000 which the Liberal government made available to the school boards) and returning the cash to the provincial treasury.

This money, in reality, belonged to the school boards. The Socred government changed the policy of providing half the cost of schools in cash to one whereby the school boards are required to borrow 100 per cent of the money required—the provincial government guaranteeing the bonds and paying the interest and sinking fund on 50 per cent of the borrowing. I am quoting from Mr. Gunderson's budget speech of February, 1953 when he said:

"By the adoption of this policy, the 1952 appropriation of $3,500,000 for school construction purposes is no longer necessary, and a bill has been submitted to this House for its cancellation."

What does this mean? It means that the Socred government took $3,500,000 in cash away from our school boards, put it into the provincial treasury to help in their so-called debt reduction, and have instructed the school boards to borrow in full for schqol building purposes. In other words, they have put $3,500,000 in cash, which belonged to the school boards, back into the provincial treasury and have instructed the school authorities to borrow this money and issue their bonds.

It is a fact that the provincial government are guaranteeing the payment of the interest and sinking fund and will pay half of the interest and carrying charges. But the indisputable fact remains that the Socred government are compelling junior governments to borrow the money for the provincial government's share—50 per cent of the cost of school construction. These borrowings will not appear as a direct obligation of the provincial government—hence the claim that the Socreds have not borrowed any money.

If the school-building program in the 1953-54 period is comparable to what it was estimated to be in 1952-53—that is $20,000,000—it will be necessary for the school boards to borrow $20,000,000 this year. Of this, $10,000,000 will be for the account of the provincial government, as they are paying the interest and sinking fund on one half of the amount borrowed. As I have said, this will not appear as a provincial borrowing, and the Socreds, in order to keep up their oft-repeated phrase of pay-as-you-go policy, have made it necessary for local boards to borrow $10,000,000 this year to cover the 50 per cent contribution of the provincial government in addition to the $10,000,000 which the school boards borrow for their own account.

Frankly, I believe the honest and straightforward thing to do was the policy carried out under Mr. Hart and myself as government leaders—to make direct grants of 50 per cent, either by borrowing provincially when funds were not available out of surplus or current account, and not burden our local governments with excessive borrowing, as is the case now.

NEW HIGHWAY

There is one other item I would like to discuss at this time. That is the appropriation which was made under the Liberal government—setting aside $3,000,000 for the purpose of constructing a new highway from Squamish to West Vancouver. For some reason best known to the Socred government this bill, to my knowledge, has not been repealed. This can mean only one thing—either the cash is in the bank or it is invested in bonds under Section 9 of the Revenue Act. It will be interesting to the people of British Columbia to know in these two items with which I have dealt today there was available for the Socreds when they took office:—

School appropriation returned to Treasury	$ 3,500,000
Squamish appropriation, not used	3,000,000
	6,500,000
Plus sinking fund (Article I of this Series)	8,000,000
Making the score in surplus funds	$14,500,000

I am sure the people of West Vancouver and Squamish will be interested to know that without creating any new debt — but by using the $3,000,000 set aside by the Liberal government — a start can be made on this very important road. As I have said, the cash is either in the bank or invested in Dominion Bonds under Section 9 of the Revenue Act.

In the next article I will deal with the current position of the provincial government at the time of the general election in June of last year and at the time the Socreds took office August the first.

Remember in the two articles I have shown surplus cash available to the Socreds when they came into office of $14,500,000.

Mossadegh Demonstrators Killed in Street Fracas

TEHRAN (AP)—Two demonstrators were killed Thursday by police gunfire as thousands of supporters of ex-premier Mohammed Mossadegh took their ousted leader's case into the streets.

Gangs shouting "long live Mossadegh" roamed main thoroughfares despite heavy police and troop guards at main squares and intersections throughout the city. By noon at least 20 demonstrators had been arrested. Several had been severely clubbed by police under orders to take "drastic action" in maintaining order.

The city's main bazaar, which houses hundreds of tiny stores and booths, was about half shut down. Soldiers with fixed bayonets patrolled the labyrinth of covered passageways throughout the huge shopping area, long a centre of Mossadegh strength.

Despite the widespread street agitation, many of the city's activities continued normally.

OUT OF SIGHT

At the university of Tehran, classes settled down after a jittery start when isolated students shouted pro-Mossadegh slogans and then ducked out of sight.

The strike call had been noised about for more than a week by Communist and pro-Mossadegh leaders as a demonstration of support for the 73-year-old Nationalist leader now facing an army court-martial on treason charges.

Mossadegh, ousted in a royalist revolt Aug. 19, is accused of defying Shah Mohammed Reza Pahlevi, trying to overthrow the monarchy and illegally dissolving parliament.

The court-martial hearing, which opened Sunday, is discussing whether the five-man military tribunal is competent to hear the charges.

LECTURES COURT

Mossadegh again lectured his court-martial Thursday on modern politics—although several times cautioned by the chairman to stick to the point.

He told the court "I had no intention to become Shah or president. I have always been loyal to the Shah. What could I do if I became Shah or president? What's the use of being president? You all know the name of Nehru as prime minister of India but none of you know the name of the president of India."

The Indian president is Rajendra Prasad.

Japanese Clean Up Tokyo Morals

TOKYO (AP) — A Japanese foreign office spokesman said Thursday that there has been some success in stamping out what a United States labor representative, Richard L. G. Deverall, called "shocking sex, narcotic and alcoholic conditions" in Japan.

Deverall, AFL representative in Japan and former chief of labor education in the Far East under Gen. MacArthur, said in Chicago Wednesday that drinking and misconduct is rampant among U.S. troops in Japan.

The foreign office spokesman said that largely as a result of work by Japanese and American authorities the number of prostitues around Chitose air base has dropped from 3000 to 1500 and the number of brothels from 596 to 390 in two years.

There was no comment from U.S. military authorities.

PHONE 144 FOR CLASSIFIED

BEAUDOIN ELECTED SPEAKER OF HOUSE

OTTAWA (CP)—Rene Beaudoin, 41, Liberal member of Parliament for Vaudreuil-Soulanges, Thursday was elected Speaker of the House.

In a brief sitting before formal opening of Parliament, the Commons unanimously elected Mr. Beaudoin as its presiding officer.

The Quebec member, Deputy Speaker in the last Parliament, succeeds Hon. W. Ross Macdonald, who has become government leader in the Senate.

Mr. Beaudoin's election as Speaker was moved by Prime Minister St. Laurent and seconded by Hon. George Drew, Opposition leader—the traditional method. Leaders of the CCF and Social Credit groups endorsed the choice.

All commended the new Speaker for his "fairness and impartiality" during the last Parliament, at which he often presided over the House.

OSLO (CP) — A prolonged drought in northern Norway late this summer dried up many wells, causing a severe shortage of drinking water in some rural districts.

There are 4 basic types of defrosting . . .

Only FRIGIDAIRE offers you all 4!

- SELF-DEFROSTING
- AUTOMATIC
- RE-SET
- MANUAL

DEFROSTING is not the most important thing to look for when you buy a refrigerator—not by any means!

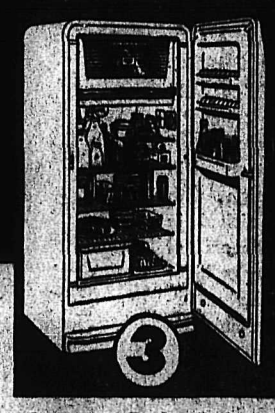
But the way Frigidaire meets all your defrosting requirements shows what you can expect in full value at your Frigidaire dealer's.

You can buy your new refrigerator at your Frigidaire dealer's knowing that you not only get such tried and proven dependability advantages as Frigidaire's famous Meter-Miser mechanism. You get all the other benefits of General Motors leadership, which mean the latest, most complete selection in beautiful cabinet design and every practical, useful convenience feature.

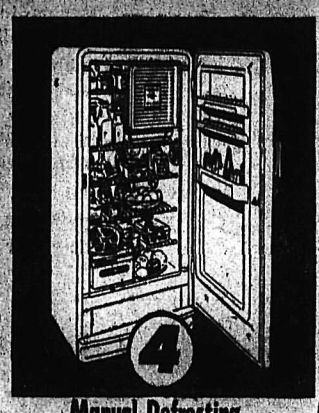
Visit your Frigidaire dealer's and see for yourself!

1 ONLY Frigidaire has Cycle-matic Self-Defrosting!
No controls to set. No jars or pans to empty. Defrost water is evaporated automatically! Gets rid of frost before it even collects—without heaters, timers, buttons. Has a separate food freezer where frozen foods never thaw . . . rust-proof aluminum shelves that roll out all the way. Cycle-matic Model DS-106 shown has 10.6 cu. ft. food space. Also 9 cu. ft. size.

2 Conventional Automatic Defrosting
Refrigerator defrosts every 24 hours, defrost water evaporates, automatically! Never needs attention. You get it in the outstanding, medium-priced Frigidaire 9 cu. ft. Master Model MS-90 (shown here) with full-width Freezer Chest, Roll-to-You Shelf.



3 Automatic Re-Set Defrosting
Lets you defrost lightning-fast any time you like! Just touch the button. Mechanism starts again automatically when defrosting is complete on this Frigidaire 8.6 Master Model MS-86, with full-width Freezer Chest, big Hydrator.



4 Manual Defrosting
The defrosting you set yourself. While defrosting, refrigerator stays cold to protect food, yet lets excess frost melt away. It's in three Standard Models: 8.8 cu. ft. SS-88 shown.

A Great Family of Household Appliances now bear the famous trade-mark 'Frigidaire'
- Refrigerators
- Electric Ranges
- Food Freezers
- Automatic Washers
- Electric Clothes Dryers
- Electric Water Heaters
- Dehumidifiers
- Room Air Conditioners
- Delco-Heat

U.K. Fears Summons May Blacken Prestige

LONDON (AP) — West Europe's editors trotted out their big black headlines again Thursday to tell readers the latest developments on the subpoena of ex-president Truman in Washington's Harry Dexter White case.

But the only extensive editorial comment was in Britain, where papers of all political shades declared to appear before the House of Representatives committee on un-American activities will blacken the name of the United States in the court of world opinion.

One or two continental papers blamed President Eisenhower for what they called a new Republican attack on the former president.

Communist papers cited the subpoena to show the "hysteria" in the U. S.

In Paris, the left but non-Communist paper Combat attacked Eisenhower for "lifting the brake on extreme right-wing republicanism."

KREMLIN LAUGHING

"Where," it asked, "is the man who knew so well how to solve high command conflicts when he headed the campaign in Europe?"

Said Franc-Tireur, another Parisian leftist paper: "The men of the Kremlin must be laughing hard.

"What authority can the U. S. president have in the world, at Bermuda or elsewhere, if he shows such weakness before the most delirious demonstrations of intolerance and hysteria?"

The London Daily Herald, Labor, described the incident as the "crowning folly of the witch hunters," and the Liberal News Chronicle said it was "an exhibition of political rowdyism."

The Conservative Financial Times termed the call for Truman to testify "plainly a political move, the direct consequence of election losses."

In comment from behind the Iron Curtain, Moscow radio said the U. S. has established a new "record of stupidity and political cynicism."

Socialist Paper Scolds Duke

EDINBURGH (Reuters) — The Scottish Socialist weekly, Forward, today called the Duke of Edinburgh "the royal meddler" and attacked him for "an intolerable intrusion into political affairs."

In an article entitled "royal meddler" it was referring to a speech on education the duke made last week while being installed as chancellor of Edinburgh University. He spoke of draft service in the armed forces as a "very important character — building experience."

UP IN ARMS

Forward countered: "The question of national service is one of the many issues on which Labor will fight the government in the new session of Parliament—yet a member of the Royal Family has chosen this moment to make a speech favoring the indefinite retention of conscription.

"The Duke of Edinburgh said he considered national service was right in itself. This was a remarkable statement — for not even the present government has dared to use this argument.

ANALYSES SPEECH

"The duke repeated the quite fatuous statements that conscription was 'character-building,' that it was 'the final stage of a student's education' and that it 'knocked the rough edges off people.'

"The first statement is accurate, although the public's interpretation is likely to be rather different from the duke's. The second indicates that the duke has a rather unusual definition of the term 'education,' while the latter only demonstrates his passionate militaristic desire for uniformity.

"It would be kind to describe the duke's intervention as unhelpful—in fact far too kind. It was an intolerable intrusion into political affairs."

Texas Oil Company Leases Land In Washington State

LOS ANGELES (AP)—A spokesman for the Texas Co. confirmed Thursday that the oil company has leased "several thousand acres" of land in Kittitas and Yakima counties in Washington State.

J. A. Falkenberg of the company's land department said:

"The Texas Co. has no comment on immediate plans but presumably will have geological studies with a view of future drilling."

Texas is the second major company to confirm leasing operations in the Kittitas-Yakima area.

Grant Valentine, geologist for Shell Oil Co. announced at Elma, Wash., Wednesday that Shell had leased considerable acreage in the same area for future exploration.

Blackfly Plague At Sea Resorts

LONDON (AP) — Eight English seaside resorts appealed Thursday for government aid against a plague of blackflies which hitch-hiked across the Atlantic on floating seaweeds.

Millions of the insects have appeared on the beaches of Brighton, Worthing, Hove, Littlehampton, Bognor Regis, Shanklin, Lyme Regis and Ventnor.

Bug experts say the flies are a type common along the eastern coast of North America. They are believed to have made the crossing on seaweed carried by the Gulf stream.

Seattle Applies For Power Plant On Pend Oreille

WASHINGTON, D.C. (AP)—The city of Seattle has applied to the U.S. Federal Power Commission for preliminary permit for a hydro-electric plant on the Pend Oreille River below the Canadian border in northwestern Washington state.

Preliminary permits do not authorize construction. They give an applicant priority while surveys and investigations are made to clear the way for a project licence.

The application said the proposed plant would include a 300-foot dam and a power plant of 570,000-kilowatt capacity.

Lady Hayter Meets Mrs. Molotov

MOSCOW (Reuters) — Mrs. Vacheslav Molotov, wife of the Soviet foreign minister, played hostess at a tea party for Lady Hayter, wife of the British ambassador to Moscow.

The embassy, in a statement today, described the gathering as "very pleasant." It arose from Lady Hayter's request for an opportunity to call on Mrs. Molotov.

No one could recall the last time a British envoy's wife had been thus entertained. The party was held in Moscow's Spiridonovka Palace, where the foreign ministry's official receptions take place.

Rumored Pakistan, U.S. Alliance Has India Worried

NEW DELHI (AP) — The Indian press is reflecting increasingly the Nehru government's concern over a possible Pakistan-United States military alliance.

The press comment says any attempt by the United States to help Pakistan will be considered an act unfriendly to India.

Speculation over possible U. S. military aid to Pakistan followed the departure of Pakistan's commander in chief, Gen. Ayub Khan, on a visit to the United States. A denial by Khan, who is on his way home, that such an agreement has been signed has failed to reduce Indian concern.

S. Africa Appoints New Commissioner

PRETORIA (Reuters)—Wentzel Christoffel du Plessis, who defeated the late Gen. Jan Christian Smuts in the 1948 general election, has been appointed South African high commissioner in Canada, it was announced Thursday.

He succeeds A. A. Roberts who will retire at the end of this year.

Sir Ashley Clarke Leaves For Rome

LONDON (AP) — Sir Ashley Clarke, Britain's new ambassador to Italy, left by air Thursday for Rome where anti-British demonstrations over disputed Trieste have clouded relations between the two NATO Allies.

Sir Ashley was named Sept. 18 to succeed Sir Victor Mallet.

LONDON (CP) — A painting that was purchased for 30 shillings ($4.20) some years ago has been sold for £1375 here. It is an Italian rural scene painted by Filippo Palazzi in 1862.

False Teeth Often Have a Certain Odor!

Soak your plates in Polident daily to avoid "Denture Breath"

Polident is the specially designed cleanser that keeps false teeth—and breath—clean and fresh always. Follow these simple rules.

1. Never use a brush on them! Your dental plates are much softer than natural teeth. Brushing wears down fitting ridges so they get loose.
2. Never use soap or toothpaste! They can leave film which collects bacteria and food particles, a major cause of offensive "Denture Breath."
3. Use a soaking-type cleanser made for false teeth only . . . Polident! Polident is the denture cleanser recommended by more dentists than any other. No brushing, no handling of soapy plates that can slip and break. Polident gets where a brush can't reach. Best of all, Polident always leaves false teeth odor free. Get the world's largest selling denture cleanser, Polident, at your drug counter.

One of the largest crowds in Trail's history, 2000 residents, gathered for Remembrance Day services at Trail cenotaph. One hundred and fifty veterans of three wars marched from the Canadian Legion to the cenotaph where Legion president C. F. Middleton read the roll of honor. Organizations, business firms and individuals laid 50 wreaths for the fallen. Rev. D. W. More of East Trail led the crowd in prayer. Main address was given by Rev. Jack Rogers, president of the Ministerial Association. Four bands, the Legion Band, Maple Leaf Band, Trail Pipe Band and Balmoral Pipe Band, took part.

Four local reserve force members of the 24th HAA Battery under the command of Lieut. G. B. Fullerton stood at the base of the cenotaph. They were Gunners S. W. Littlewood, John Wizinsky, E. G. Maurielle and D. D. McKinnon.

Cadet units, Legion members and the Ladies' Auxiliary, Scouts, Guides and reserve armed forces personnel featured in the parade.

TRAIL CHOIR WINS ACCLAIM DURING SECOND B.C. TOUR

TRAIL—With a song on their lips and delight in their hearts 33 members of Trail male chorus took to the highway by truck and cars about ten days ago for a week's tour of Okanagan points and Vancouver.

High aclaim and excellent reports are coming back to Trail from the towns and cities visited by this enthusiastic group. "The choir was excellent"; "The audience was enthusiastic"; "The conductor was brilliant"; "Conductor Fogh Dohmsmidt drew the utmost from his 30 voices, not only through his musicianship but through the richly varied program he chose which ran from sacred music and operatic arias to folk songs and Negro spirituals". These are the acclaims in various reports.

In the Kelly-Douglas auditorium in Burnaby a crowd of five or six hundred clapped for many encores. It was reported that after the final selection and three call backs hardly a person had made a move towards the exit, an unusual demonstration of deep interest.

Kathleen Rose Sinclair, lyric soprano accompanying the chorus, came in for special acclaim, especially with her rendering of Victor Herbert's "Italian Street Song" which she sang alone and then with the chorus. Her full power and range were emphasized in this glowing melody.

Leaving in six cars and a half-ton truck on a Monday morning, the choir stopped first at Summerland where they sang in the Junior high school auditorium. They were requested to stay over and sing to the children Tuesday morning.

On Tuesday afternoon they sang in Vernon to a fair crowd and on Wednesday in Kelowna to a full house.

Thursday at Penticton 700 school children heard the choir in the afternoon while grown-ups had an opportunity to hear them in the evening at Knox United Church.

AT VANCOUVER

The group left their cars at Penticton and travelled by bus to Vancouver singing merrily all the way. Following their final engagement they enjoyed a day about Vancouver before returning to Trail.

The group made a similar trip about two years ago with great success.

It is hoped the chorus will be able to make this a yearly event and take in an even wider scope.

On the tour were Conductor Hans Fogh Dohmsmidt; accompanist, Gwen Kay; guest artist, Kathleen Rose Sinclair; first tenors, J. Ramsay, R. Harmston, F. Morrison, M. Cavasin, D. Langille, R. Lawrie, P. Vacca and R. York; second tenors, R. Gardner, W. Ruck, H. Fargery, W. Diamond, F. Cooper and H. Allen; baritones, J. Titsworth, M. Byington, B. Thurber, E. Newman, J. Little, J. Dalziel and L. Freeman; bases, E. Rowlands, J. Carr, D. McKenzie, A. Broom, C. Nesmith, W. Hallman, W. Douglas, W. Maze and J. Turner.

LONDON (CP) — Sir Edwin Plowden, chief planning officer to the British government and chairman of the economic planning board, has retired from service.

Trail Edges Spokane Flyers To Regain League Top Spot

TRAIL—Holding a one-goal edge for almost 20 minutes of play the Trail Smoke Eaters moved back into the front running position in the Western International Hockey League Thursday night by stopping the surging Spokane Flyers 6-5.

Leaning heavily on their two-goal edge going into the final, the Smokes got off to a poor start when the Flyers boxed them in their own end. Weak clearing set up the Flyers' fifth and final tally. Bill McNally, with two goals to his credit, set the play when he cleared from the corner onto the stock of Gino Rozzini. Rozzini passed out towards the Trail net and Johnson lifted a high shot past Seath Martin.

Both teams closed the gate at that point and despite some spectacular rushes, there were few scoring threats. Trail held a wide margin of the play as the Flyers showed the only strength in the Tilson line.

Taking their front running position seriously, the Flyers held a comfortable 3-1 lead at the end of first period as the Tilson-Ramsden-Scott line hammered the Smokies from deep in their own zone. The clock was still heading for the one-minute mark when Tilson converted a passing play from close in on rookie goalie Seath Martin. Tilson took Ramsden's pass from Scott behind the Trail defence to have a clear shot for the first tally. Bill Ramsden's drop pass from Hugh Scott almost duplicated the first Spokane goal and a poor clearing pass by Kenny Cook set up the third Spokane tally. Gino Rozzini took Cook's attempted pass deep in the Trail zone and fed it to Johnson who delivered the pass back to McNally parked directly in front of Martin and split the pads.

Despite the score the Smokies held their own on the play, but it wasn't until Shabaga dug a loose puck out of the corner and relayed to Moe Young at the blue that the Smokies picked up their first goal. Young screened a long drive from the blue and Laurie Bursaw tapped in the rebound off the goal post.

It was anybody's game in the wide open second, but by the end of 20 minutes of play it was all Trail. Coming up with a sustained drive, the Smokies tied it up after Gordie Sinclair carried from the Trail blue and soared in unmolested on Fodey. Young netted the equalizer when he caught the open right side of the net on a three-way play, with Shabaga taking Corrado's pass from the boards then clearing it out to the Trail coach, Bill McNally, picking up his second of the night, fired a shot that never left the ice to beat Martin on a 20-foot angle shot.

With the Flyers again in the lead, the Smokies opened the drive that eventually gave them the lead. Laurie Bursaw, giving with a tremendous spurt, took Turik's pass at the blue and cut in sharply to clear the net with a wide open drive on Fodey. Turik sliced through centre after Kromm and Cook had carried the length of the ice and broke in on Fodey, rifling a close-in waist-high drive that almost entered from the centre of the net.

But it was Johnny Rypien's tally that brought fans to their feet in the dying minutes of the period. Rypien, carrying the puck in the Spokane zone, lost it in front of the Spokane net, but retrieved it after stick checking Hugh Scott.

Rypien couldn't quite control the slow rolling puck as it slid towards Fodey. As he came in Fodey prepared for a blistering drive, but instead Rypien barely nicked the puck and it just managed to cross the goal line for the sixth Trail counter of the game.

Lineups:

Spokane—Goal, Fodey defence, Luke, Grebinsky; centre, Tilson; wings, Ramsden, Scott; subs, Reeve, Carlson, McNally, Toole, Rozzini, Hodges, Johnson, McDougall.

Trail—Goal, Martin; defence, Corrado, Cook; centre, Shabaga; wings, Bursaw, Young; subs, Rypien, Kuzma, McCulley, Turik, Cavanagh, Kromm, Paolone.

Referees: Merlo, Wheatley.

Summary:

First period—1, Spokane, Tilson (Ramsden, Scott) :53; 2, Spokane, Ramsden (Scott, Tilson) 8:29; 3, Trail, Bursaw (Young, Shabaga) 12:56; 4, Spokane, McNally (Johnson, Rozzini) 16:42. Penalties: none.

Second period—5, Trail, Sinclair 6:25; 6, Trail, Young (Shabaga, Corrado) 8:20; 7, Spokane, McNally (Reeves, Rozzini) 8:40; 8, Trail, Bursaw (Turik) 16:55; 9, Trail, Turik (Kromm, Cook) 17:21; 10, Trail, Rypien 19:35. Penalties: Luke, Grebinsky.

Third period—11, Spokane, Johnson (Rozzini, McNally) 13:05. Penalties: Grebinsky 2, McCulley, Hamilton, Sinclair, McNally.

Gavilan To Defend Title Against Bratton

CHICAGO (AP) — Two of boxing's most furious little bombarders, Kid Gavilan of Cuba and Johnny Bratton of Chicago, meet for the third time in a 15-round showdown for Gavilan's welterweight crown at the Chicago Stadium tonight.

The 147-pound title fight will be televised nationally, but blacked out locally, a fact expected to lure more than 17,000 into the arena.

A capacity 19,400 would produce a net gate of about $150,000.

Bratton fought a 10-round, non-title draw with Gavilan here in November, 1951, after the kid from Cuba had stripped Johnny of his NBA crown with a 15-round decision in New York five months earlier.

Gavilan, who had been promised a shot at Bobo Olson's middleweight title, is an 8-to-5 favorite in man-to-man betting to turn back Bratton's challenge.

Four Teams Open Hoop League

The initial games in the newly formed Nelson City Basketball League were played Wednesday evening with the Pros and the Notre Dame Pups copping their first wins.

The Pros won the hard way, rallying to come from behind, barely squeezing out a 21-20 victory.

With the Cloverleafs holding a 12-7 margin at the half-way mark the Pros but on pressure in the last half and with Pat and Morris Renwick playing stellar ball they managed to win.

Renwick led the Pros in scoring by notching 10 points while brother Pat bucketed nine. Gibbert was the most consistent performer in the scoring column for the Cloverlears, notching 10 points.

The final game featured the smart passing attack of the Notre Dame Pups. This, plus occasional bursts of speed, befuddled the Castlegar Seniors' defence.

Although Reed Hicken and Rennie Mitchell were standouts for the Castlegar squad's cause, they alone could not cope with their more aggressive and speedier opponents.

The Godderis brothers, Gene and Bud, spearheaded the Pups' attack, with Gene living up to early season predictions by dumping the ball for 18 scoring points. Brother Bud contributed his share to the cause by getting 11.

For Castlegar Rennie Mitchell paced his team by collecting 16 of the 29 points made by the club.

With the season under way Notre Dame hopes to not only play in the league but to play exhibition games as well. This Saturday will see them meet the Rossland High School team at the Civic.

Canadiens Nip Hawks 4-2

MONTREAL (CP) — Maurice Richard shot his eighth and ninth goals of the season Thursday night, leading Montreal Canadiens to a 4-2 victory over Chicago Black Hawks in a game marked by roughness and bickering and a game misconduct penalty to Bernie Geoffrion of Montreal.

The penalty to Geoffrion was imposed for pushing referee Frank Udvari into the boards late in the third period. It carries an automatic fine of $50.

Calum Mackay and Paul Masnick, who scored his first goal of the season, were the other Montreal marksmen. Gus Mortson and Larry Wilson scored for the Hawks.

UNBEATEN ON HOME ICE

Canadiens' win kept their home string of victories for the season intact, running it to nine. The smallest crowd of the season was on hand, 13,920.

Thirteen penalties were called, seven of them to Montreal. Twice George Gee of the Hawks was involved in a two-player penalty, once when he and Richard were waved off together and the second time when he and Lach tangled.

In the opening period, while Jankowski was serving a penalty, Richard took Geoffrion's perfect pass and beat goalie Al Rollins from close range. In the second period, with the Hawks again short-handed, Richard took Elmer Lach's pass, hopped around Gus Mortson and let go with a knee-high shot.

Mortson scored later in the period, taking Gerry Couture's pass-out while uncovered in front of the net.

Mackay made it 3-1 in the finale on Ken Mosdell's goal-mouth pass from the side and Masnick deflected Meger's shot past Rollins for the last Montreal goal.

Larry Wilson tipped in Jimmy McFadden's shot with less than two minutes to go.

With Stane and Besom

First games in Nelson Curling Club's new season resulted as follows:

W. Tozer 12, R. F. Wallace 11.
M. B. Ryalls 11, A. B. Ronmark 9.

J. R. Bailey 10, E. Mason 12.

Eileen Kennedy Sets Pace As Bowling Records Fall

Three season bowling marks tumbled off the record board Wednesday evening with Eileen Kennedy marking up a new ladies single mark and the Irvine team breaking both the team single and aggregate marks.

Eileen with a 348 single eclipsed the old mark of 325 set earlier in the season by Helen Storey. Kennedy after opening the game with a strike, came up with a spare in the second and then rolled seven straight strikes, before blowing the tenth frame. Had she had two more strikes in the final frame she would have reached the much-sought 400 score.

The Irvine team led by Kennedy shattered two records rolling a single of 1026 and an aggregate of 2850. Previously the Maloney team held the single record with a 1009, while the Storey quintette held the aggregate with a 2805.

TOP AGGREGATE, TOO

Kennedy also captured individual aggregate honors with her 659. Mary Ross also bowled over 300 rolling a 306 for an aggregate of 616.

Others hitting the 600 mark were Mildred Batley 602, Mabel Irvine 628, Dot Waterer 649 and Lena Koehle 612.

After the competition in the first round, the Morris team went to the top of the league standing with 24 points followed by Waterer with 23½, Maloney and Speirs 22½, MacDonald and Porteous 21, Korbin 20, Irvine 18½, Storey and Jarrett 18, Lyon 17, and Koehle 14.

With the first round completed Dot Waterer led the bowlers with a 211 average followed by Betty Maloney 202, Lena Koehle 185, Betty Wicken 180, Berna McKay 177, Dot Lyon 176, Irma Nadeau 176, Pearl Farenholtz 172, Fern Porteous 172 and Helen Storey 170.

Bowlers hitting the 200 mark on the final night of the first round were Pearl Farenholtz 200, Fern Porteous 213, Nat Byres 224, Sadie Brown 264, Dot Hird 220, Marcel Black 227, Irma Nadeau 218, Helen Morris 202, Elizabeth Korbin 274, Ethel Rogers 230, Alpha McGinn 204, Ann Jones 225, Betty Maloney 254, Marg Affleck 231, Joyce McGary 208 and Olive Craig 206.

VARIETY CLUB

Gwen Macrone took all the honors with the top single of 296 and an aggregate of 656. Winning team was the Rum Dums with a 953 single and a 2553 aggregate.

Bowlers hitting the 200 mark Dot Norfield 205, Hertha Smith 240, Marg Laughton 235, Lois Chapman 222, Hazel Leeming 213, B. Sutherland 258, Marg Giles 256 and Billie Moore 206.

In the league standing the Dead-end Kids lead with six points followed by Rum Dums five, Hot Shots and Giggling Gerts three each and the Bell Ringers and the Mad Haters with two each.

MEN'S COMMERCIAL LEAGUE

Dyne Macrae with his top-ranking performance was a big cog in his team's lineup as the Queens captured the team honors.

Macrae with a 324 single and a 698 aggregate was high for the evening while the Queens came through with a 1120 single and a 2970 aggregate.

Others hitting the 600 aggregate mark were Don Iceton with a 666, Jack Ringheim 625 and Charlie Symmonds 627.

FIRST PLACE TIE

The victory for the Queens sent them into a first place tie with Buerge's with 26 points. The Mowatt's are their closest rivals sporting 21 points.

The big 10 bowlers in the league are Joe Sikorski with a 234 average followed by Bob MacDonald 220, Carl Locatelli 219, Don Iceton 214, Jake Koenig 214, Bill Hille 213, Bill Day, Les Hood and Bill Horner 209 each and Doug Hall 207.

Enright Named to Vessels' Spot in WIFU Finals Opener

By AL VICKERY
Canadian Press Staff Writer

WINNIPEG (CP)—Darrell Royal ran his finger down the list of halfbacks on the Edmonton Eskimos' roster, stopped at the name Ray Enright, and exclaimed:

"He's the one."

Which means that Royal has named Enright to a starting half position in the deciding game of the best-of-three Western Interprovincial Football Union finals against Winnipeg Blue Bombers at Edmonton Saturday night.

The 24-year-old Enright—son of a famous father, Jimmy, an Eskimo star in the 1920s—will take over the right half spot left vacant due to injuries to all-star Billy Vessels and homebrew Don Simon.

Vessels, all-American from Oklahoma, aggravated a previous back injury here Wednesday as Esks dropped a 21-17 decision to Bombers, tying the series at a game apiece. He missed the opener, which Esks won 25-7, and probably will sit out the third contest. Simon, who replaced Vessels in the first game, suffered a severe knee and ankle injury Wednesday when hit on a savage block in the third quarter by Bombers' Jack Jacobs. He's through for the season," said Royal, as he prepared to take off by plane for Edmonton.

The youthful coach, named as mentor of the 1953 WIFU all-star team, said he thought it would be a "tough" game Saturday.

CARTER OFFERED $35,000 BOUT

BOSTON (AP)—Boxing promoter Sam Silverman said Thursday he has offered Jimmy Carter, lightweight champion, $35,000 to defend his title against Teddy (Red Top) Davis of Hartford, Conn., in the Boston Garden, Dec. 12.

Silverman said Davis' victories over George Araujo of Providence and Tommy Collins of Boston made him the logical contender.

Carter knocked out Armand Savoie of Montreal in the fifth round Wednesday night in a title bout in Montreal.

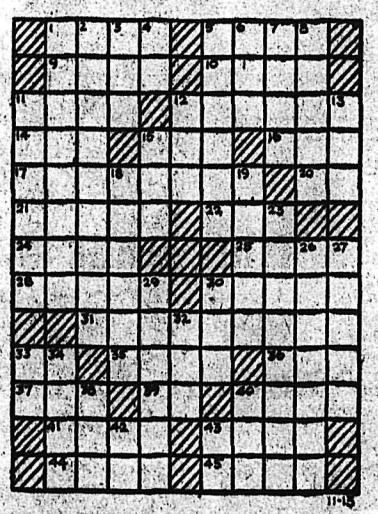
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X E
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Nickel Profits Show Decrease

TORONTO (CP) — International Nickel Co. of Canada Ltd., and subsidiaries reports a net profit of $41,252,680 (American) for the nine-month period ending Sept. 30. This was a decrease from the net profit of the corresponding period of 1952, which was $45,683,360.

Net profit for the three-month period ending Sept. 30, was $12,047,085, compared with $12,145,133 for 1952.

Market Trends

NEW YORK (AP)—Demand for steels stimulated a moderate advance.

Buying gradually spread from steels to virtually all sections of the market.

Canadian stocks were mixed. McIntyre gained and Dome Mines advanced. International Nickel and Hiram Walker each dropped and Canadian Pacific and Distillers Seagram were unchanged.

TORONTO (CP) — Price groups closed mixed.

Base metals joined industrials on the gaining side but western oils and golds were still lower. Uraniums were higher.

MONTREAL (CP) — Trading was active and prices better.

Several issues gained a point or more but fractional increases were the rule.

LONDON (Reuters) — London was generally firm.

Industrials were firm. Oils attracted interest, particularly Anglo-Iranian.

Finance Companies Cautious Over Automobile Deals

TORONTO (CP)—A splurge on automobile buying during this year has prompted Canadian finance companies to refuse many deals they would previously have taken in stride.

"We've still got the money," one finance company spokesman said. "But we're just being a little more cautious to whom we lend it. There are roughly 15 per cent more applications for car financing than last year. The number of poor risks its greater, but the ratio hasn't changed."

Canadians have bought more than $1,000,000,000 worth of new cars this year and have borrowed about $300,000,000 to help pay for them.

On Fifth Birthday Prince Charles Becomes Realm's No. 1 Schoolboy

By ROBERT JONES

LONDON (AP)—Chubby Prince Charles celebrates his fifth birthday Saturday with his life as a schoolboy about to begin.

The little heir to the throne acquired a governess last week to start teaching him the three R's. She is Miss Catherine Peebles, 31, former governess of Prince Michael, son of the Duchess of Kent.

British law says every child must start his education by the age of five — and Charles is no exception.

At first he will be taught at home. But he may get a crack at public school life by the time he is 10. If he does, Charles will be the first heir to the throne ever to get the typical schooling of a blue-blooded British boy.

Traditionally, the young sprigs of the Royal Family are carefully screened in their early years from contact with the outside world.

The Queen was 18 before she mixed with people of her own age at a wartime officer's training course for the Auxiliary Territorial Service.

King George VI, the Duke of Windsor and their father, King George V, all were 15 before they left their tutors to become cadets at Dartmouth Naval Training College.

But the Duke of Edinburgh, who attended a preparatory school in England when he was nine, is reported to favor a less sheltered upbringing of his son.

NO TIME FOR CLASSICS

Prince Charles will not have to spend much time studying Latin, mathematics, science and English literature. But he will have to learn French and German. He must know geography. He will have to delve deeply into economics and social studies, and he should become an expert on constitutional history and government.

Later, perhaps, will come the traditional stint as a naval cadet—although at the moment he shows more interest in soldiers than sailors—and a few terms at either Oxford or Cambridge.

He's a bright lad and he's been taking a few unofficial lessons from his mother and nurse Helen Lightbody. Already he can count up to 100 and sign his name in capital letters.

U.S. Needs Oil Imports, McKay

CHICAGO (AP)—Interior Secretary Douglas McKay told the petroleum industry Thursday not to seek "special favors" in the form of government curbs on oil imports.

McKay, in a talk prepared for the American Petroleum Institute's annual convention, stressed that such restrictions might weaken friendly oil-producing nations whose economies the U.S. has been trying to strengthen.

"ASK NO FAVORS"

He said the oil industry has "never asked for special favors" and added: "I'd like to see the record stand that way."

Most of the oil industry, contending that foreign crude and residual oil have been cutting into its domestic business, has urged congressional action to limit such imports. The House this year defeated a bill by Representative Richard M. Simpson (Rep.-Pa.) to do so. The Eisenhower administration opposed the bill, pending a broad study of foreign trade problems, but the issue seems certain to come up again next year for decision by Congress.

NOT ENOUGH OIL

McKay said the United States does not have enough oil to fill its daily needs, "and we have no immediate prospect of getting enough."

"For self preservation in peacetime . . . we must have some imports," he said. "Beyond that, we cannot afford to take action with respect to imports so that nations now supplying us with those imports will no longer be able to buy from us."

Italy's Premier Flies To Turkey

ROME (AP) — Italy's premier and foreign minister, Giuseppe Pella, flew to Turkey Thursday on a friend-making flight that many Italians apparently hope will help ease the troubled Trieste situation and aid in its solution.

The visit was arranged before bloody rioting blazed out at Trieste last week, bringing death to six.

"Nonetheless," said the Christian Democrats' Il Popolo of Rome, "while it is not in direct relation with the crisis of Trieste itself, the trip comes happily at a moment whose opportuneness is evident."

BRAMBER, England (CP)—Men are outnumbered four to one in this Sussex village. There are 80 women to 20 men on the main street alone.

Says British Soldier Joins East Germans

BERLIN (Reuters) — An unnamed British soldier has gone to East Germany and asked for political asylum, the East German news agency ADN reported Thursday.

ADN quoted him as saying: "I have come voluntarily and I do not want to return to Britain. I ask for permission to stay and live in your republic. I will do all I can to prove my loyalty towards your government and your people."

15 Years Sentence For Gun Battle

TORONTO (CP)—Russell Benstead of Winnipeg and Alfred Pidgeon of Tillsonburg were each sentenced Thursday to 15 years in prison for their part in a running gun battle with police in which a companion was killed and two officers injured.

They pleaded guilty to charges of resisting arrest and causing grievous bodily harm.

Benstead, a 19-year-old youth who police said went under the alias of Russell Wolfe, and Pidgeon, 25, were arrested Aug. 13 after the pre-dawn car chase through west-central Toronto.

Their car, which at times hit 85 miles an hour, went out of control and smashed into the fronts of three stores and a theatre. William Atkinson, 18, of Tillsonburg was killed when thrown from the car.

OKAY SOVIET IMPORTS

WELLINGTON, N.Z. (CP)—Licences allowing the first import of Russian goods since before the Second World War will be issued next year, Minister of Commerce Jack Watts announced Wednesday. The imports will consist of canned fish.
