WEATHER FORECAST

Kootenay: Cloudy with scattered showers Thursday. Winds south 15. Low-high at Cranbrook and Crescent Valley 25 and 58.

Royal Welcome for Pearson in Moscow

By SIDNEY WEILAND

MOSCOW (Reuters) — External Affairs Minister Pearson flew here from Berlin Wednesday and declared it is important that Canada and Russia—"neighbors across the North Pole"—should work for "peace and understanding."

The Russians gave Pearson the red-carpet treatment, underscoring the significance accorded to this first visit of a foreign minister from a western hemisphere country since the beginning of the cold war.

On hand when Pearson arrived were Foreign Minister Molotov and deputy Soviet foreign minister Valery Zorin.

Later Pearson, accompanied by Canadian Ambassador J. B. Watkins, paid a courtesy call on Molotov.

Pearson, accompanied by his wife and government officials, is visiting the Soviet Union in the course of a trip that so far has taken him to London, Paris and Berlin. He will fly out of Moscow next week by way of Basra, Araq, for the Colombo Plan conference in Singapore. The minister is also expected to return to Paris later this month for the NATO council meeting.

. . . External Affairs Minister Lester B. Pearson.—Photo by Charles Wormington, Kimberley.

EYES ON MOUNTIE

One member of Pearson's party who attracted considerable attention was a scarlet-coated corporal of the Royal Canadian Mounted Police, Frank Brien of Moosomin, Sask. Brien, a strapping six feet, two inches tall, captivated the Russians at the airport.

Pearson said in a brief address that he wanted to see something of the life and work of the Soviet people, "who were our courageous fighting allies in two world conflicts."

He said he was looking forward to an exchange of views on world problems with Soviet leaders, which would better enable them to understand their respective points of view.

Pearson declared Canada and Russia have common problems in the extent and nature of their national resources, "and the crying need for their peaceful development in the interest of the peoples."

While in Russia, Pearson may meet with Premier Bulganin and Communist party secretaris Khrushchev, both on vacation at present. Diplomatic circles believe such talks might provide the West with some indication of Russian thinking in advance of the Geneva Big Four foreign ministers conference.

Pearson's visit was hailed by the newspaper Izvestia as "a new and important step forward in the promotion and consolidation of Canadian-Soviet ties."

The Soviet government newspaper said that in the "absence of serious conflict of interests between the two countries," a basis toward "fruitful co-operation," was possible.

Izvestia welcomed Pearson's Ottawa statement that he was hoping to discuss trade with Russian leaders in Moscow.

"An extension of trade may improve relations in general between the Soviet Union and Canada," the paper continued.

Izvestia claimed conditions also were favorable for the promotion of Canadian-Soviet cultural relations.

"It is hoped Pearson's stay in Moscow will contribute to the consolidation of the Geneva spirit," the newspaper added.

CANADA TO BUILD SMALL REACTOR

CHALK RIVER, Ont. (CP) — Canada has decided to build a small, low-cost experimental atomic energy reactor for research into problems still preventing construction of economical electricity-producing atomic power plants.

Atomic Energy of Canada Ltd. announced Wednesday that Canadair Ltd., of Montreal has been awarded a contract to prepare a design and a cost estimate for a "swimming pool" experimental atomic energy reactor. The machine is expected to cost between $250,000 and $300,000.

CONSUMERS GROUP MEETS

MONTREAL (CP) — The Canadian Association of Consumers Wednesday opened its eighth annual meeting as delegates from nine Canadian provinces heard reports covering such varied topics as toys and textiles, laundering and labelling.

Says Mulligan Got Nest Egg From Gamblers

VANCOUVER (CP) — Mystery woman Helen Douglas told the Tupper royal commission Wednesday that police chief Walter Mulligan six years ago claimed he had a $38,000 "nest egg" obtained from gamblers.

She also told the commission on being recalled as a witness that she and the chief planned to live on a secretly-bought farm in the Fraser valley when he left the police force.

Miss Douglas, recalled to the royal commission into the 750-man Vancouver police force for cross-examination, said chief Mulligan told her of the money in 1949 when she claims they broke up a five-year relationship.

She said the chief told her the money was in cash and, under questioning by commissioner R. H. Tupper, admitted the chief told her the money came from gamblers.

WROTE SPEECHES

The grey-blonde woman, about 40, also told of ghost-writing speeches chief Mulligan made to church groups.

Three weeks ago, she testified she enjoyed an association with chief Mulligan from 1944 to 1949 and received from him presents and money.

The 30th day of the hearings was also highlighted by commissioner Tupper's rejection of counsel John G. Gould's demand that the commissioner stop cross-examining witnesses.

Mr. Tupper told Mr. Gould, counsel for chief Mulligan, that it was his duty to ferret out information.

Liquidating Loans Urged by UBCM

PRINCE GEORGE, B.C. (CP)—The Union of B.C. Municipalities Wednesday telegraphed Premier Bennett attending the federal-provincial conference in Ottawa, to urge revival of self-liquidating loans to municipalities.

Some years ago the federal government made low-interest loans available to municipalities for revenue producing projects such as water and sewer systems.

It was basically a depression measure, intended to ease unemployment.

Today municipalities want similar loans for two purposes — to provide work at times of low employment, and to obtain lower-cost financing of major municipal projects facing many B.C. communities as result of post-war growth.

Later the convention will discuss another proposal for lower cost financing — the creation by the provincial government of a revolving fund from which municipalities could borrow.

ALBERTA PLAN

It is suggested B.C. follow the Alberta plan which authorizes creation of a fund "up to $100,000,000" from which loans are made to municipalities at rates varying from 2½ to 3½ per cent.

Village of Warfield, near Trail, presenting the resolution, suggested such a provincial fund would be most valuable for small projects which could not be economically financed by ordinary means.

In still another move toward financing municipal projects, the convention asked that they be permitted to transfer idle money from tax sale lands reserve to local improvement accounts. This plan would, in effect, create a small revolving fund within a municipality.

Gaglardi Says Should Finish No. 95 in 3 Years

KIMBERLEY — Hon. P. A. Gaglardi addressed a dinner meeting here Wednesday attended by *Highway 95 committee and Board* of Trade members from Creston, Fernie, Golden, Cranbrook, Kimberley, Windermere district and Kalispell and Whitefish, Montana.

Highway 95 committee previously had presented a resolution to the minister asking for a complete rebuilding of Highway 95. With Kingsgate-Yahk section under contract, they asked concentration on Radium to Golden section. While reiterating that he makes no promises, the minister of highways assured the meeting that "if I can't complete highway 95 in three years, I'd like to know the reason why."

He assured the Fernie delegation that Elko-Rooseville cutoff, now *surveyed, will be reconstructed* next year and the Kingsgate-Cranbrook sections will be completed within one year. Springbrook bridge is in estimates for 1956, he said. Replacement of this narrow temporary bridge has been requested for some years.

Senator G. M. Moss of Whitefish, Montana, speaking for the United States delegation, said British Columbia underestimates what good highway connections with Northeastern states would mean to the province in vacationists' dollars.

After arriving by plane at Windermere, Mr. Gaglardi motored to Golden from where he inspected present reconstruction of Kicking Horse section of Trans-Canada. He then motored to Kimberley on Highway 95, Thursday he goes to Fernie to inspect Elko-Roosville section, will also inspect Kingsgate-Yahk section, then to Invermere to address Windermere District meeting.

The chairman of the Kimberley meeting was Fred Ingram of Chapman Camp, secretary of Highway 95 committee. Other speakers were Leo Nimsick, MLA Kimberley, R. O. Newton, MLA Columbia, and Dr. F. E. Coy, chairman of Highway 95 committee.

Work Out Plan To Fight Incendiarism

VANCOUVER (CP)—Spurred by a fire which claimed four lives, Vancouver civil defence authorities and the fire department are working out a plan to combat incendiarism.

The action came on the heels of Tuesday's West End fire which destroyed a nearly - completed apartment house and two rooming houses. Four tenants of one house died.

Officials investigating the fire said Wesnesday they have not yet ruled out the possibility of arson.

DOLLAR UNCHANGED

NEW YORK (CP) — The Canadian dollar was unchanged at a premium of 1 1-32 per cent in terms of U.S. funds Wednesday. Pound sterling ⅛ of a cent higher at $2.78⅞.

B.C. Code to Bring Equality, Black Tells

PRINCE GEORGE, B.C. (CP) — Municipal affairs Wesley Black said here Wednesday the drafting of a new municipal code for B.C. *has been made more difficult* by the rapid growth of the province.

Speaking to the Union of B.C. Municipalities, representing nearly 100 per cent of the organized areas.

Mr. Black suggested that the code may not only bring greater equality between the cities, but also between individual properties, within the cities.

CHANGING PICTURE

As proof of the changing taxation picture he said that only one-tenth of the tax revenue now comes from property compared with one-third in the 1930s.

Among basic problems in the new code he listed:

Meeting the problems created by the raid spread of urban areas into rural areas, including water supply, sanitation, roads, etc.

Planning for future development so as to direct municipal growth to best advantage.

Finding a good solution to the special problems created by the growth of urban areas within large municipalities.

Establishing sound administration and organization.

URGED CAUTION

Mr. Black urged caution in setting special boards and commissions for specific jobs within municipalities. He warned that this movement, borrowed in part from the United States, may damage "the broad concept of local government we have followed, and he suggested the trend be reversed, getting back to the idea of "one body, and one body only, responible for the provision and administration of all locally provided services.

Expansion Plan Announced

TACOMA (AP)—An expansion project at Kaiser Aluminum and Chemical Co.'s Tacoma plant, expected to cost about $2,250,000, was announced Wednesday by plant manager C. P. Love.

Eighteen new aluminum reduction cells, capable of producing 10 million pounds of aluminum a year, will be installed in the plant.

Production from the new reduction cells is scheduled to start in May of next year.

Sentence Newsman

ROME (AP) — An Italian court Wednesday sentenced American journalist Donald Allan to six months in prison for stabbing an Italian he thought had seduced his wife. The Italian, Adalberto Spinosa, had brought Mrs. Allan home at 4 a.m. from a foreign press club ball. He recovered. Allan has served more than that time awaiting trial and is expected to be freed.

MODERN ARMS take a back seat in Cyprus where British Tommies find clubs and shields best suited for keeping order during recent general strike in Cicosia.—AP Wirephoto.

Ottawa Refuses Provinces' Cry for Bigger Tax Share

Outlook For Compromise Darkens As St. Laurent Says Gov't Won't Boost Taxes To Meet Demands

By HAROLD MORRISON

Canadian Press Staff Writer

OTTAWA (CP)—The federal government Wednesday refused to bow to provincial demands for a bigger share of the federal tax pot and the outlook for an immediate compromise darkened.

Prime Minister St. Laurent indicated on emerging from the third day of talks with the premiers that his government will not boost taxes to accommodate provincial demands.

"We are proceeding on the lines that the same tax rates will apply as now," he told reporters.

The premiers spent the day touching on farm problems and then began a round of discussion on Mr. St. Laurent's proposal to ditch the tax rental pacts and replace them by a new formula under which the provinces would return to the direct tax field. Federal equalization payments would bring the yields of low-income provinces to the per capita level of the wealthier ones.

PROGRESS NIL

One provincial informant said virtually no progress was made in federal-provincial tax bargaining.

Premier Douglas of Saskatchewan said that, as far as he was concerned, the tax rental pacts were dead. The only choice the provinces had was to sign an agreement with Ottawa to maintain uniform rates in return for federal collections of provincial tolls, or have the provinces collect their own taxes.

"The only bargaining open is possibly on the rate scales," he said. "We still hope the federal government will allow an increase in provincial rates."

Under the federal formula, provincial rates would be equivalent to 10 per cent of the federal levy on personal income, 8½ per cent on corporation tax and 50 per cent on succession duties. Federal levies would be reduced by a similar amount to prevent a rise in over-all taxpayers' tolls.

STAND UNREALISTIC

Premier Frost of Ontario said discussions were on "the unrealistic relation of federal proposals to what is needed." He said the talks were good-humored but "very forcible."

Premier Duplessis of Quebec predicted "there will be no definite decision at this conference."

"We will have to take the figures back and study them carefully."

Some conference delegates have been critical of the fact that under the federal formula, Quebec would get a boost of $40,000,000 a year in revenue through federal equalization payments.

Quebec informants said earlier in the day that the province will let Ontario carry the conference fight. Quebec will offer no proposals of its own.

THIRD CONFERENCE

All premiers agreed that another conference will have to be called this year—the third in 1955—to continue horse-trading with the federal administration on the tax issue.

Mr. St. Laurent said that fiscal talks could be continued today, if any premier had anything more to offer, but it appeared from his remarks that he felt that discussion at this stage had drawn to an end.

The premiers likely will touch on other issues today and then probably terminate the conference tonight when they will meet at Mr. St. Laurent's residence for dinner.

Mr. St. Laurent said the thing that proved "distasteful" to some provinces was not the formula itself but the end result. They wanted more money.

"We always get back to the fundamental principle — it's not the formula but the amount of money involved."

WON'T BOOST TAXES

But there was just so much money in the federal pot, he added. There were a lot of good things which could be done in Canada, but they would require twice as much money as could be obtained through available tax revenue. And he wasn't going to raise taxes.

There still was some hope that some scheme better than either the tax rental pacts or the new formula could be found but so far "nothing better" has emerged.

Under the formula some provinces would get more money than they now receive from the tax rental agreements and some might get less. Mr. St. Laurent said there would be an adjustment so that no province would get less than it would have received in tax rentals in 1956. The current five-year rental agreements expire in March 1957. The proposal is that the new formula would then become operative.

B.C. PROPOSES FEDERAL COMPENSATION

While Mr. St. Laurent suggested nothing better had been found than the formula, Mr. Frost said *"a most interesting" proposal was* that made by Premier Bennett of British Columbia.

The B.C. proposal would provide federal compensation or equalization grants to six of the less wealthy provinces and allow *"realistic rates" so that the other* four wealthier provinces could raise revenue without compensation payments. Federal officials said the B.C. formula would still mean bigger cuts on the federal treasury and this the treasury could not stand.

NEW GOV'T FOR GREECE TODAY

Public Works Minister To Seek Confidence Vote

ATHENS (Reuters)—King Paul Wednesday asked Public Works Minister Constantine Karabanlis to form a new government following the death of Greece's strong man prime minister, Field Marshal Alexander Papagos.

The king asked Karamanlis to try to solve the Greek government crisis after the acting prime minister, Stephen Stephanopoulos, presented the present *government's resignation. Stephanopoulos* was chosen acting prime minister by Papagos only a few hours before he died.

Karamanlis is a handsome 45-year-old lawyer who has successfully steered clear of political squabbles while winning popularity for carrying out reconstruction projects in Athens and fostering land reclamation projects in rural areas.

He is a political moderate, and anti-Communist. He is grateful to Western post-war aid to Greece, but sensitive about taking advice from foreigners.

Karamanlis said in a broadcast that his government will be formed and sworn in today and will seek a vote of confidence in parliament next week.

The 72-year-old military hero died Thursday night after eight months of illness, leaving his country faced with an explosive foreign policy issue on the Cyprus dispute and political uncertainty over his successor.

The prime minister's body was taken Wednesday on a gun carriage from his home to Athens cathedral, to lie in state till Friday morning, when the funeral will take place with full military honors.

Rebels Threaten Supply Lines

By MICHAEL WEIGALL

FEZ, Morocco (Reuters) — Two French Army columns Wednesday fought their way through a ring of sharp-shooting Moroccan rebels to link two French bases in the rebellion-torn Riff mountains.

But powerful rebel forces continued to push in on both base towns and threatened to slash the supply lines of battling French troops in the rugged mountain terrain.

One column had been pinned down for 24 hours in a narrow gorge by withering rebel fire. The fierce resistance forced it to fall back to the French base at Boured after one unsuccessful attempt to pierce rebel lines.

In another attempt Wednesday, however, the column broke through to join up with a column of armored cars from a Moroccan Spahi regiment, sent from the beleaguered base of Aknoul.

Aknoul itself, under heavy rebel pressure, was holding out Wednesday night. Reinforcements and supplies streamed in over the one twisting mountain road still open to some 2000 French troops in the area.

Plan $2 Million Shopping Centre

SPOKANE (AP) — Plans for a $2,000,000 shopping centre in the suburnan Spokane Valley area were announced Wednesday.

The 10-acre site will include a supermarket and parking for 700 cars.

Preparing For New Leaders

BUENOS AIRES (AP)—Argentina's new provisional government Wednesday night was reported preparing to hand over the Peron-organized General Confederation of Labor (CGT) to new leaders.

The 6,000,000-member organization, backbone of the ousted dictator's political strength, is being torn by an internal struggle for power between Peronista and anti-Peron leaders.

Government circles said the necessary papers for the hand-over are being drawn up. There was no immediate indication who would assume control.

"... MODERATION, THAT'S ALL"

VANCOUVER (CP) — Moderation in all things, advised Dr. W. T. Lockhart of Ganges, B.C., at 88 the oldest physician attending a convention here.

Any formulas for longevity, sir?

"Young man," he said, laying down a strong-smelling pipe, "I've been smoking since I was 12 and in my time I've drunk enough to float the Vancouver Hotel (a half-block, 17 storey *structure*).

"Just never take too much of anything at one time, that's all."

FOOD SHORT IN TAMPICO

Flooded Roads Block Movement Of Supplies

MEXICO CITY (AP)—Despite earlier reports of a fall, the flooded Panuco River continued its deadly rise at Tampico Wednesday. Additional heavy rains in the interior threatened new disasters for the devastated city.

MEXICO CITY (AP)—The flood *waters of the swollen Panuco river* started going down today but the devastated city of Tampico is running short of food.

This word was flashed by emergency radio from the port city, seven hours after telephone communication were cut by the flood waters.

The National Bank of Mexico, which has its own radio network, transmitted a message saying all but three of the city's stores were under water.

The message said the city had run out of flour and all bread stores were closed.

The government oil company, which has refineries in Tampico, *reported over its radio network* that the flood waters began to fall slowly during the day.

Tons of food flown into the area are piled up at Tampico airport with floods blocking the roads out of the port.

Tampico's 11,000 residents and 50,000 refugees also lack sufficent medical supplies, water and electric power.

Former Fight Idol Dies In Flophouse

MONTREAL (CP)—Leo Paradis, a homeless down-and-outer, died Tuesday.

Even his roomies in a 50-cents-a-night house on St. Dominique Street never knew that Leo Paradis was Leo (Kid) Roy, once the idol of Montreal fight fans, a chunky battler who held both the Canadian featherweight and lightweight Canadian championships and fought the world's best.

Kid Roy was born Leo Paradis in Lowell, Mass., in 1901. From 1922 to 1930, the major part of a fighting career of 100 or so professional bouts, he became one of the greatest crowd-pleasers in Canadian and eastern United States rings.

In a quarter of a century he earned $126,000. Paradoxically the bright lights dimmed, then obliterated his career.

Hospital, Doctor To Appeal Order

SPOKANE (AP) — A hospital and a doctor, ordered to pay $50,100 to a man who claimed he was held illegally in a psychiatric ward for nine days, filed notice of appeal Wednesday to the State Supreme Court.

Andrew J. LaForce, a retired lieutenant-commander in the navy was given the award by a Superior Court jury. He contended he was lured to the hospital on the pretense his estranged wife wanted to see him and then was confined in the psychiatric ward.

St. Luke's Hospital, Superintendent Lawrence G. Trousdale and Dr. Robert A. Wetzler, a psychiatrist, were the defendants who filed the appeal notice. LaForce is a graduate of the U.S. Naval Academy at Annapolis.

VANCOUVER (CP) — Vancouver's building boom is expected to top the record year of 1953, *officials said Wednesday. The total* up to Sept. 30 was nearly $42,000,000, almost $3,000,000 more than in the same period in 1953. Total construction in that year was worth $50,748,757.

8 WOUNDED IN STRIKE RIOT

NEW CASTLE, Ind. (AP) — A march by 5000 sympathy demonstrators on the Perfect Circle Corporation foundry Wednesday erupted into violence. Gunfire left eight persons wounded.

State police closed the small *piston ring plant where city police* and non-strikers had battled CIO United Auto Workers and theid sympathizers, many of whom came here from other states to take part in the demonstration.

A state police officer was hit on the head by a rock thrown from the crowd. Demonstrators shouted threats at Lieutenant - Governor Harold Handley.

President Has "Excellent" Night

DENVER (AP) — President Eisenhower put in an "excellent night" on the recovery road Tuesday night and a happy morning digging into a gift package from his grandchildren — a package heavy on bubblegum.

The doctors said the president, still in the 14-day danger period of his heart attack, awakened "refreshed and cheerful" after 9½ hours of almost solid sleep.

And In This Corner . . .

PRINCETON, B.C. (CP)—Dusty Sidonia and Dempsey McInroy brought down a doe here and game warden Allan Gill couldn't do anything about it.

The doe had a fully developed set of antlers. Mr. Gill said it was only the third female deer with antlers found in this southern British Columbia district in 20 years.

SPRINGFIELD, Mass. (AP)—When a colony of bees attempted to find winter quarters in the porch of her home Wednesday, Mrs. Henry E. Turcotte rose to the occasion in perhaps novel fashion.

After more conventional measures failed, she unlimbered her vacuum cleaner. In a twinkling, the buzzing squatters were drawn into the interior of the buzzing contraption, then dispatched with carbon monoxide by attaching the cleaner to an automobile exhaust.

TOKYO (AP)—Another Tokyo burlesque house is going legit.

France-za announced that next Monday it will abandon nudity—In Japan, strip tease is all strip and no tease—for "original light comedy."

It's the 13th burlesque house to fold since the end of the Korean War.

Ninety unclad beauties are displaying their physical assets where once there were more than 1000.

One theatre used to parade 100 beautiful nudes on stage at one time. Today it has 20.

One weeping girl, jobless with France-za's closing, talked desolately of suicide because "my whole life is a failure." She was all fo 18.

"Quit crying," chided a 25-year-old veteran of the strip stage. "All we got to do is learn to wear clothes."

500 Teachers To Convention Here

Nelson will play host to over 500 West Kootenay teachers next week at the annual convention to be held on Oct. 14 and 15 in Nelson. Schools in the area will be closed on Friday, Oct. 14.

The convention provides an opportunity for teachers of various districts to come together and discuss their mutual problems. Sectional meetings will be held in all subject fields, allowing the teachers to participate as well as receive useful information. Last year the convention was held in Trail.

The Convention Committee headed by C. Loomer has arranged an interesting two-day program for the delegates. Demonstration lessons, discussion groups, displays, luncheons and speeches will occupy the visiting teachers.

Three luncheons will be held on Friday. Dr. H. L. Campbell, deputy minister of education, will give a talk to the principals. Mr. Campbell's topic will be "Current Trends in Education". At the general luncheon, Miss Sadie Boyles, King Edward High School, will be the guest speaker. Miss Boyles will talk on "Canada's Maturing Culture." Dr. J. L. Robinson, University of B.C., will speak to the Social Studies teachers on "The Place of Geography in Canadian Culture."

On Friday evening a public meeting will be held in the Capitol Theatre. Rev. C. Imayoshi will give the invocation followed by an address of welcome from Mayor Joseph Kary, George Mermet, chairman of the board of school trustees, Nelson district No. 7, and a representative of the Parent Teachers Association. The guest speakers will be Dr. H. L. Campbell and Dr. J. L. Robinson. Dr. Robinson has spent a great deal of time in the Arctic, and his topic will be "The Canadian Arctic". He will also show films taken while he was there.

Saturday morning will be given over to a general B.C.T.F. business meeting, followed by luncheon during noon hour. W. E. Frame, superintendent of education, Alberta, will speak to the counsellors and teachers of Health and Personal Development. B. Harford, inspector of schools, will be the guest speaker of the general luncheon. The English teachers will have as their luncheon guest P. G. Penner, Vancouver Normal School.

The convention will end with a banquet followed by a dance at the Civic Centre on Saturday night. The guest speaker will be W. E. Frame. The topic will be "A Reply To Our Critics."

Union, Bridge Men Seek End To Strike Today

West Arm bridge officials and union officials will meet in Nelson today to attempt settlement of a piledriver's strike that has slowed construction work.

Business Representative of the Piledrivers, Bridge, Dock and Wharf Builders Union, AF of L Stewart Allan of Vancouver, business representative of the Operating Engineers Union Local 115 M. L. Parr, and a representative of the carpenters union will meet officials of Poole Engineering and Raymond Construction Company.

Union piledrivers walked off the job Tuesday protesting employment of non-union men on the piledriver. They were joined by the Operating Engineers, who went out in sympathy.

Company officials hired a non-union crane operator and the piledriver began operating again Wednesday, drove one pile, and broke down. Officials expect it would be operating again today.

Bridge Work Will Close Argenta Road

Bridge work will close the Howser-Argenta road in the Lardeau for three days in October. A public works crew will be working on the bridge at Hincks October 5-7.

Man Thrown 24 Feet in Collision Here

Vehicles driven by Jack Brinley and A. P. Jeffery were extensively damaged in a collision Wednesday evening at the intersection of Second and Behnsen Streets in Nelson. Chester Christensen, riding in the rear of the delivery truck driven by Jeffery, was thrown 24 feet and suffered shock and abrasions.

Brinley was driving east along Behnsen Street and Jeffery south on Second Street. Both vehicles jumped the boulevard after the impact and came to a stop on the sidewalk, Jeffery's truck hitting the parked truck of Allan Jarvis. The damage to Jarvis' truck was slight.

Brinley, Jeffery and Christensen were taken to the Kootenay Lake General Hospital where Brinley and Jeffery were treated for light injuries and released and Christensen held for observation.

Few Lardeau Bull Elk for Hunters; 9-Day Season Confined to One Area

If you are one of those hunters who has spotted an elk roaming hereabouts and had visions of a fine steak and a full freezer when the season rolls around, forget it.

The only elk that will be available to the hunter are those in the Lardeau area, that is North of a straight line due East and West through Kaslo. All elk elsewhere in the West Kootenay are protected by a closed season. Further, the Lardeau season is for bull elk only.

Elk, originally planted in the Lardeau, have now roamed to the Nelson, Slocan and Crescent Valley areas. These animals are protected.

The Lardeau season is for nine days only, October 29 to November 6 inclusive.

Game Warden Ted Rutherglen, who has conducted several counts of elk in the area, believes hunters will be disappointed if they invade the Lardeau in any numbers this year. There are few bulls there now, and certainly nothing near the numbers of last season when the first open season was declared.

There are lots of cows and calves, the warden said, but from his investigations he believes that if there are five or six kills it will be all that can be expected. Migration has been the principal cause of the Lardeau depletion, the bulls showing a greater propensity to move than the cows.

Bull elk from the North Kootenay valley have now been spotted in the area from Woodbury creek to Winlaw.

Second Street Work Progresses

Extensive widening is underway on the 700 and 800 blocks of Second Street. This will create a main approach to Lakeside Park.

One sidewalk has been laid along the two blocks and forms for the second are being constructed.

Forms are also in for a sidewalk on the North side of the 600 block of Vernon Street.

Contractors have removed forms from the boulevard on the 500 block of Vernon Street.

New Canadians Warmly Welcomed By Judge, Students, Nelson Citizens

Before half a gallery of high school students and with the warm welcome of His Honor Judge E. P. Dawson and a group of Nelson citizens, 15 new Canadians took their oaths of allegiance in the Nelson Court house Wednesday afternoon and received their citizenship certificates. They also received a package of five booklets containing information on Canada.

The new citizens, who came from New Denver, Slocan City, Fruitvale, Nakusp, Trail, Salmo, Roindel and Nelson, held bibles in their hands and repeated after Judge Dawson the oaths of renunciation and allegiance. "This is one of my pleasantest duties," His Honor remarked.

Regent Mrs. A. Dalgas on behalf of the Kokanee Chapter, Imperial Order, Daughters of the Empire, welcomed the group as new citizens and Immigration Convener Mrs. R. Palmer gave each an IODE certificate. Standard Bearer Mrs. George Schupe also attended the ceremonies.

Alderman Arthur Foster, on behalf of city council and all communities from which the new citizens came, urged them to participate in civil affairs and provincial and federal government.

C. W. Ramsden, Nelson Daily News general manager, urged them to accept their responsibilities as citizens for in so doing "you will get the most from the Canadian way of life," he said. As Chairman of the Rotary Club International Service Committee, he urged any who needed the service as new Canadians to get in touch with members.

Lee stressed the value of education and urged new citizens to have their children make full use of Canadian facilities and opportunities.

Those receiving their citizenship were:

Mrs. Miye Yotsukado, New Denver; Mrs. Kiku Kiyono, New Denver; Mrs. Polly Argotoff, 406 Beasley Street, Nelson; Mrs. Fusako Yammoto, Slocan City; Mario Maglio, 711 Houston Street, Nelson; Mrs. Esterina Maglio, 711 Houston Street, Nelson; Lars Erik Landstrom, Box 271, Fruitvale; Mrs. Shung Quai Wong, P.O. Box 134, Nelson; Nels Harry Nelson, 805 Cherry Street, Nelson; Mrs. Anna DuMont, Nakusp; Francesco (Frank) Naccarato, 16 Schofield Road, Trail; Mrs. Maria (Mary) Rossi, 510 Richard Street, Nelson; Czeslay (Chester) Boczkowski, 705 Victoria Street, Nelson; Mrs. Mah Wong Shee (Wong King Ying) 515 Hall Street, Nelson; and Mrs. Hedwig Trachsel, Emerald Mine, Salmo, B.C.

Mrs. Laine Joveski of Riondel arrived too late for the ceremony, but received her certificate later.

District Road Work Goes Ahead

Highway construction work is going ahead in the district.

At Crescent Valley one and-a-alf miles of reconstruction work is under way, at Nelway two miles of reconstruction from the border toward Nelson is under way and crews are widening and improving the Harrop-Procter highway.

A shovel will be taken to Crescent Valley later this Fall to clear away sluff from a slide area, District Engineer A. L. Freebairn said Wednesday.

Tenders have been called in the construction of two bridges, one at Curzon and one at Goatfell on the Southern Trans-Provincial Highway in Cranbrook district. They call for delivery and erection of structural steelwork, including fence posts and panels, floor plates and protection angles.

Decision Reached On Bridge Site Property

Board arbitrating a dispute between the provincial government and James W. Ringrose over the value of property owned by Mr. Ringrose on Nelson Avenue, has reached a figure which will be announced shortly by the provincial government.

The arbitration board composed of William Evans, Boyd C. Affleck and chairman W. J. Sturgeon sat three times, hearing its first evidence August 29.

The Ringrose property stands in the way of the new west arm bridge approach and is to be purchased by the government.

Brother of Nelson Woman Dies in Accident

A prominent Kincardine, Ontario, citizen who died as a result of injuries received in a car accident near Ottawa was a brother of Mrs. Frank Casemore of Nelson.

He was Oran Westell, 64, whose death came as he began what was to be a fortnight's holiday with his son John.

Mr. and Mrs. Westell, with Mrs. Mamie Calvert, had gone to Ottawa for a holiday and their son, PO John Westell, was driving when their car missed a turn on a fog-shrouded road and plunged into a ditch. Mr. Westell received fatal injuries, his wife a fractured wrist and shock, Mrs. Calvert minor injuries and the driver a fractured hip.

Born in Clandeboys, Mr. Westell had spent most of his life in Kincardine. On his return from overseas service with the 18th Battalion, he was active in formation of the GWVA and later in its successor, the Canadian Legion, in which he held numerous offices. He was head of the Poppy Day committee.

He was named harbour master at Kincardine and also served with the post office staff. He was looking forward to his retirement from that post shortly.

He was a veteran member of Kincardine Fire Department and was concluding his initial term as member of Kincardine Public Utilities Commission. He belonged to the Church of the Messiah and Kincardine Local Association, Canadian Boy Scouts.

Surviving are his wife, son John, with Royal Canadian Navy, Ottawa; daughters, Mrs. J. M. Jarrell, St. Catharines and Mrs. Rae Steward, Penticton; a brother Earl, Detroit; and sisters, Mrs. William Tout, Kincardine and Mrs. Frank Casemore of Nelson.

THE DRAKE AND THE GANDER

Nelson Daily News' new week end comic and feature section has given one subscriber more fun than even we planned.

The Puzzle Page editor got a little mixed on his "Mating Call," apparently. Anyway his opposite for "Drake" in the contest feature was listed as "goose" in the answer section and it gave a sharp-eyed reader a chance for a little joshing in the following form:

"The drake quacked,
The gander hissed,
Oh boy!
The "Daily News" has missed!"

However, though the publication may have missed with the drake, the supplement certainly didn't miss with the readers. There have been numerous 'phone calls and communications of approval to show that. From the calls to the News office, it was evident the much-appreciated TV schedule, carried in the newspaper as a daily service for readers was missed by scores when it was omitted from the supplement. It will continue to be published daily.

J. Marsden, 86, Dies at Mount

A district resident since 1910, John Marsden, 86, died Monday night at Mount St. Francis Infirmary.

Born at Manchester, England, he came to Canada in 1910 and was employed at Gerrard and Summit Lake as a steam engineer. He later settled at Meadow Creek.

Mr. Marsden's only son, Christopher, was killed in World War I. His wife predeceased him in 1944 and a brother, Christopher, in 1926. The funeral will be held at Kaslo Saturday.

Handicapped Society Progress Noted Throughout Kootenay

TRAIL — Twenty-one organizations were represented at the annual meeting of the Trail branch of the Society for Handicapped Children Wednesday. Directors installed to serve a two-year term were Carl Billingsley, Angus Wilmot, Otto Carlbeck, Mrs. J. H. Bailey, Mrs. F. Jones and Jack Varcoe. Serving another year are Mrs. Heather Keighley, J. C. Urquhart, Harold Lins, Dr. R. Clark, Mrs. Hugh Beckett and Joe Palyga.

A check for $300 was presented to the Society by Dr. W. C. Bradshaw on behalf of the Trail-Rossland Shriners, money realized from their Stars of Tomorrow show.

R. B. Morris, President of the Nelson branch, reported considerable activity in that city during the slightly more than a year since organization. A school had been started in a small way following the same pattern as in Trail. Sponsored by the Nelson branch, organization had been commenced in Creston and eight members appointed to serve on the board of directors.

Dr. W. J. Endicott reported Kimberley as doing a good job starting a school, and undertaking to organize branches at Cranbrook and Fernie. A statement of policy of what can be expected from the proposed new home will be presented at the next meeting, which is to be held in Nelson.

Reports of various committees were presented to the meeting.

"SHALL WE MAKE A NEW RULE OF LIFE FROM TONIGHT?"

Lack of Enthusiasm Closes Procter Hall

PROCTER — Public apathy and lack of enthusiasm have resulted in the temporary closing of the Procter community hall. At the annual general meeting for the election of a new slate only seven Procter residents and eight from the immediate district attended. The retiring officers found themselves pressured into position for a second time last year, but felt they have earned a rest. It was impossible to elect a new slate since no one was willing to accept nomination for secretary-treasurer and there was no alternative but to close the hall.

A special meeting has been called by the retiring president, Colin Major, for Tuesday, Oct. 18, and unless more active interest is aroused it promises to be a quiet year socially in Procter. Not only is the hall used for social events but is also available for meetings, and indoor sports and serves as a gymnasium and auditorium for the Procter Superior school.

The hall was built about 1939 and has housed such numerous ventures that the hardwood floor had to be replaced this year. The hard-working committee of five consisting of Colin Major, William A. Henke, Mrs. C. Fitchett, Mrs. I. Persello and M. D. MacKinnon achieved this goal. Mrs. Fitchett, who as secretary-treasurer has handled publicity, made attractive posters, lent her decorative touch in the hall itself and needed the entertainment committee conjuring up ideas as well as taking care of the arrangements. The flower show inaugurated by Mrs. Fitchett has become an annual event and has proved a money-maker and this alone has been favorably supported by the residents.

However, at the dances only a handful of local adults turn out and the committee has had to depend on otusiders for gate receipts. At the school initiation dance last week only four parents attended. Somewhere along the way the community spirit has expired and only at the popular square dance sessions has the old-time fun been in evidence. It is hoped that fresh workers will volunteer and revive the hard-time dances, masquerades, Al Capp night, and card parties with all the neighbors enjoying the cut-up caper of Master of Ceremonies Bob Stevenson.

The Parent-Teacher Association and the skating rink club have met with the same lethargic treatment this season and in both cases election of officers was impossible.

First Aid classes with an enrolment of over 60 to be taught by H. W. Aitchison of the Department of Mines, and Cpl. A. Borodula of the RCMP are scheduled to start Nov. 8 provided the community hall is reopened. Anyone over 12 is eligible.

Chairman Henke requested that as many residents as possible attend the special meeting of the community hall society for the purpose of re-electing a new board and reopening the hall. Failing this there will be no badminton or basketball, no dances, socials or square dances, no first aid classes and no shows or physical education periods for the school students.

Van Roi Development Proceeding; Silverton Mill Being Rehabilitated

Although more than 300 feet from its main objective the new tenth level crosscut at the Hewitt Mine of Sloean Van Roi Mines Limited has opened lead and zinc mineralization, reports L. G. White, mining engineer in charge.

While the ore development program proceeds, the company is rehabilitating its mill at Silverton in readiness for resumption.

At last report the No. 10 level crosscut had been advanced 72 feet and the last 20 feet had exposed a shear or fault zone striking parallel to and located about 40 feet in the hanging wall of the shear containing the main ore shoot.

Mr. White says the lead and zinc occur in brecciated quartz over a width of four feet within the shear.

A previous drill hole cutting what appears to be an extension of the same zone 150 feet to the east of the new crosscut, returned assays of 44.6 oz. silver, 5.2 per cent lead and 3.8 per cent zinc over a core length of 1.6 feet.

The object of the new crosscut is to provide drill stations and a site for a proposed development winze to explore the main oreshoot at depth. One hole drilled from the 10 level horizon cut the oreshoot 80 feet below the level, exposing a core intersection of 24.9 feet, containing 24.3 oz. silver per ton. 4.3 per cent lead and 11.4 per cent zinc. It is expected to have the 400-foot drive completed by October 28. Diamond drilling will be started by the first week in November in conjunction with preparatory work for winze sinking.

Milling of an additional 800 tons of development ore from the winze being sunk on the third level South West section of the Van Roi mine will be completed during the first week in October, the report states. A recent shipment of handsorted highgrade ore from the winze returned a net return from the C.M.&S. smelter of $135 per ton. The mill-feed will average 15 ounces silver, 12 per cent lead, and 8 per cent zinc.

Ottawa To Pay Trail Property Taxes in 1955

TRAIL — The federal government will pay Trail property taxes for the first time in the city's history in 1956, Acting Mayor Rennison forecast at Monday night's council meeting.

He explained that the new federal building for which a $438,000 building permit has been taken out would likely push the assessed value of federal buildings and property over two per cent of the total Trail assessment.

Until this year the government only paid taxes on assessed values which exceeded four per cent of the total assessment in a community.

The other main federal building in Trail is the armory.

Mr. Rennison said that while federal taxes would be welcome he still felt it was unfair of the government not to pay taxes on the first two per cent of assessed value. The policy worked a hardship on smaller municipalities.

45 p.c. Minimum Award Standard

NEW DENVER — At the meeting of the Bursary Committee which was held in the High School a full discussion was held on the standard of the Bursary Award. It was decided by all present that the standard should be set at a minimum of 60 per cent rather than the "B" average of the past as the "B" average was rather indefinite in its meaning. The Award is to be made retroactive to two years. The past Committee to look into the records of the past two years to determine if a student of 1953 and 1954 would be eligible. This year's Award has not been decided to date.

Approximately fifteen members and interested persons were present. Mr. J. Clarkson, Principal of Elementary School, Mr. Norman Brookes, Mrs. Elsie Wilson of Silverton and Mrs. F. Fairhurst were given a vote of thanks for their work in the past on the Committee.

Elected to the new Bursary Committee were Mr. B. McGorman, Mrs. P. McCrory, Mrs. M. Thring, with one vacancy to be filled from Silverton. The alternates are Mrs. A. Thomas of New Denver and one to be chosen from Silverton.

Fruitvale to Take Action on Sewerage Plan

FRUITVALE — Dr. J. A. MacKay and R. F. Davis, representing the Fruitvale Rotary Club, which has been studying the problem of sewage, presented their findings to the Village Commissioners at this week's meeting.

Dr. MacKay stressed the part the sewage has played in the spread of jaundice in the area and both felt that a proper sewerage system would eliminate this hazard as well as the spread of other diseases.

The Village Commissioners assured the representatives that the problem of sewerage had been under study for the past few months and that a survey was being made of the district, and as soon as this data was in, together with estimates of costs, etc., action would be taken. It was hoped by the commissioners that such action would be taken in the early part of the new year.

Commissioner Otto Schewe reported that the lanes and other sideroads had received gravel and been graded, and that necessary culverts had been completed Work has been started on the road between Highway 3A and the United Church, going past the Catholic Church, and this included the deepening and widening of the ditch along the present road to take care of the spring runoff.

Fourteen of the new street lights have been installed, Commissioner Jack Nuttall reported, and the remainder from Hillcrest Avenue to Bluebird Corner are now being installed.

Commissioner Patrick Rochford reported on a recent health unit meeting and spoke of the resolution regarding a model milk by-law for municipalities. This will be studied by the Commissioners before aciton is taken.

The RCMP will be asked to enforce the village bylaw on hitchhiking to the fullest extent.

Jule V. Lewis is representing the village at the Prince George conference of UBCM being held this week.

C.C. Officers Named at 'Forks

MIDWAY — The Grand Forks-Greenwood constituency of the B.C. Social Credit League has elected K. P. Dondale, president, of Grand Forks; First Vice-President, J. Olinger of Beaverdell; Second Vice-President, W. E. McArthur Jr. of Greenwood; Third Vice-President Mayor O. Stephenson of Grand Forks; Secretary, Mrs. W. E. McArthur, Jr. of Greenwood; Treasurer, W. C. Gibbs of Grand Forks.

Various resolutions were passed, and the Secretary instructed to forward them to headquarters.

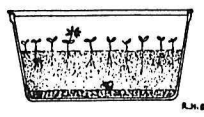
Washed with ZERO in comfortably cool water, your finest woollens won't shrink, mat or pull out of shape. At your local drug, grocery and wool shops. For Free sample, write Dept. 3Y, ZERO Soap, Victoria, B.C.

A Gardening Tip from WESTERN HOMES & LIVING



PLASTIC SEED GERMINATOR

Many seeds are hard to germinate without a greenhouse to maintain the exact degree of humidity. Good results can often be obtained, however, if the seeds are planted in a plastic food container with a tight-fighting cover. Fill half full with a mixture of sand and peat or vermiculite on top of a quarter-inch layer of ground charcoal. Dampen the mixture lightly after planting, then replace the lid. Place the container on a convenient window sill . . . do not remove condensation which forms inside. When the seedlings have formed they may be transferred to a cold frame.

—ROBERT H. SAVERY

Dennis Quinn has exchanged Executive position with Mark Kennedy as Financial Secretary for an interim period of three months, and will remain on as Trustee. A permanent stenographer has been hired and the office will be open every day, Monday to Saturday, until 5:30 p.m.

Trusting These Changes Will Be of Value To the Interest of the Membership. We Appreciate Your Continued Support.

OCTOBER 3rd, 1955 FROM OCTOBER 3rd, 1948
COMMEMORATING THE "DECLARATION OF INDEPENDENCE"

Plans for New Kimberley School Being Considered

KIMBERLEY — Aiming at occupation when the fall school terms starts in 1957, Kimberley District School Board is giving consideration to preliminary plans for the new senior high school to house Grades 10 to 13 inclusive which will relieve the pressure at P. J. McKim High School now accommodating both junior and senior classes. School district ratepayers gave strong endorsation to a bylaw in 1954 authorizing construction of additional school accommodation over the next five years at a total cost of $528,000.

About a fourth of this is in process of expenditure in adding four classrooms at Lower Blarchmont elementary school and two at Marysville elementary school which will be ready for occupation within a few months.

Major part of the bylaw sum was to be for the separate senior high school cost of which was estimated at $315,000 at that time to accommodate 320 to 360 pupils and provide fifteen rooms including five classrooms, library, gymnasium, industrial arts, household economics and commercial studies space.

Increase in enrolment indicates a 1957 senior high school count of 450 to 500 pupils which will require increase in the accommodation space of the new school, and an increase in building materials cost indicates necessity for an upward revision in cost estimate for the project.

The new building will be centrally located on an eight-acre elevation overlooking Coronation Park and the Civic Centre on which clearing of brush will be done this fall. Preliminary architect's plans are also under way.

Streamlining Cranbrook City Office Procedure

CRANBROOK — Establishment of a cash register system with one cashier handling all monies received at the city hall will head a streamlining of office procedure at the city hall recommended by City Clerk G. M. Robertson following several months survey aimed at increasing office efficiency. At present separate clerks of the various departments handle these transactions, requiring separate departmental receipts and separate accounting for cash balance and deposit daily. Cashier services will prevent interruptions to the clerks engaged in other phases of their work and eliminate duplication of efforts among departments.

Additional recommendation by Mr. Robertson endorsed for implementation by the city council is merging of the billing and receipting for electricity and water payments, which provide more than half the city's whole revenue. Electricity meters on the city system in the past five years have increased from 1519 to 2035, and the amount they paid from $132,555.23 to $210,462.45 last year and water revenue in that time has risen to $57,041.60 from $45,599.97.

Water billing has been quarterly and electricity billing monthly with separate bills and separate receipts from the separate departments. Under the new method one bill will be issued monthly for both utilities, payable to the city cashier where a single receipt will be issued. Further streamlining of accounting procedure for this will be discontinuation of the discount at present offered for early payment for both these services. Last year discounts in these two departments, requiring special accounting, came to a total of $14,799.44 which could be applied either to general city operations or be the basis for a rate reduction for the utilities.

Changes authorized by the city council after long consideration of Mr. Robertson's report which was approved by the Department of Municipalities and the city auditors, will go into effect next January 1.

BREAK WITH TRADITION

KING'S LYNN, England (CP)—Tavern owners in this Norfolk town are serving iced beer because of United States servicemen stationed nearby. An old customer of the Barley Mow Inn said: "It's a good idea. Who wants to drink warm beer this hot weather?"

JAPANESE GOODS

Japanese exports increased from $103,000,000 in 1946 to $1,707,000,000 by 1954.

Immunization Cuts Infectious Disease Toll

Thirteen years ago, in Canada in one year there were 2804 cases of diphtheria, with 287 deaths; six cases of smallpox, with no deaths; 19,082 cases of whooping cough, with 416 deaths. That same year saw the birth of an effort to remind all Canadian parents to immunize their children against these diseases. The success of this effort, sponsored by the Health League of Canada in co-operation with departments of health throughout the country, lies in the figures for 1954: 208 cases of diphtheria, with 18 deaths; no cases of smallpox and no deaths; 11,600 cases of whooping cough, with 157 deaths. Last year there were six deaths among 1088 whooping cough patients and no deaths from either smallpox or diphtheria.

The remarkable success of Canada's Salk vaccine program this year has served to focus public interest on the value of modern immunization techniques. Through the co-operation of Federal, provincial and municipal health authorities, close to one million Canadian children have received protection against the paralytic effects of this great crippler. Before the onset of next year's polio season it is hoped to extend this protection to 3,000,000 children in the most vulnerable age groups.

Canadian parents are urged to provide to their children the benefits of immunization against such diseases as diphtheria, whooping cough and smallpox. These hazards to health that once took such a heavy toll have been effectively curbed, largely as the result of widespread immunization.

Midnight Traffic Light Danger

One of the dangers of these Baker Street after-midnight traffic lights that has probably not been given enough consideration is that of the occasional driver they halt falling asleep at the wheel while waiting for a change.

The Dodgers did it, and we're glad.

* * *

Just when we were getting world tension eased off along came the World Series.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

Reader, Nelson—How many shillings are there in the English pound? And how many shillings in the Australian pound?

There are twenty shillings in the English pound and twenty in the Australian pound—but at market value the Australian pound is lower than the English.

C. H. B., Nelson—Are the seeds of laburnum trees poisonous?

Yes.

H. W. P., Nelson—Could you give me the ballistics on the 6.5 mm. Swiss cartridge? How does it compare with the .303 British or .30-06? Also, where could one buy repairs for toys, such as wheels for toy truck?

6.5 mm. Swiss cartridge: Muzzle velocity, 2160 feet per second; muzzle energy, 1660 foot pounds; drop at 300 yards, 13.9 inches. British .303: Muzzle velocity, 2290 feet per second; muzzle energy, 2270 foot pounds; drop at 800 yards, 12.5 inches. .30-06: Muzzle velocity, 2700 feet per second; muzzle energy, 2840 foot pounds; drop at 300 yards, 5.1 inches.

For extra toy parts, try the Toy Department, Hudson's Bay Company, Granville Street, Vancouver.

A. B., Nakusp—Is there any Government department that has some measure of control over a small creek passing right across Nakusp townsite every spring and damaging private property?

We refer you to the Water Rights Department, Court House, Nelson.

E. V. D., Slocan—Is it possible to buy a TV set powered by a battery? Is the Pend d'Oreille River at Waneta the boundary between Canada and the United States, or is the boundary further south?

There does not appear to be a TV set *operated by batteries on sale yet.* The Pend d'Oreille River crosses the boundary near Waneta. Waneta is just about on the boundary.

Marriage No Cure

Psychiatrists sometimes expound theories which seem peculiar to the average person. But, also, sometimes they say things which seem sound common sense.

Sir David Henderson, an English expert, counsels young men and women marrying just because they think marriage will remedy what ails them. It isn't so. Marriage is more likely to aggravate rather than cure nerves or other such maladies.

This stands to reason. To make a success of marriage a young couple should be well-adjusted, healthy and normal. A young man or woman unhappy due to personality faults or nervous troubles is unlikely to be happy very long in marriage. Such an individual is more apt to make the other partner unhappy also.

Happiness comes from within oneself. Marriage does offer the opportunity for the partners to contribute to the happiness of one another. But no man can make a woman happy if she naturally is of an unhappy or unbalanced disposition; and no woman can make a man happy if he is temperamentally unhappy or maladjusted.—Windsor Star.

Bribery of Councils

A Scarborough Township councillor accuses a Toronto development company of endeavoring to bribe council members by leaving $500 cheques in sealed envelopes on their decks.

This isn't the first such instance in the Toronto area. Back in the early 1930s several members of the York Township Council and a contractor were convicted of accepting and giving bribes.

There always are private firms sufficiently lacking in ethics to use bribery to get favors from governments. If allowed their way they would undermine governmental honesty and even democracy itself. Members of councils, legislatures and parliament, and officials of the governments, must ever be on their guard.—Windsor Star

It's Been Said

Wit should be used as a shield for defense rather than as a sword to wound others.—Fuller.

From an Oldtimer's Notebook

—BY R. G. JOY—

Historian, Nelson and District Oldtimers' Association

Thought often comes while you work. It is best to set it down right away for thoughts flee as quickly as they come. What are they about? It would take some concentration to record them. I am as perhaps some of you know, as well as an amateur writer an amateur musician. Some years ago I was acquainted with a professional violinist and paid him for some lessons. He praised me for my enthusiasm. Said he, "you get more pleasure as an amateur in your efforts than I get in mine in return for money."

I still get pleasure in putting my feelings, both sad and joyful, into the vibration of the strongs. If a friend says something that pleases I express my feelings in the notes of the violin. Sometimes I imagine the violine is not in the same mood as I and then our efforts are brief. If a friend expresses a thought which seems to touch my heart strings, then both violin and I rejoice together. I miss my partner of many years, my late wife. Then again, I have reached the years when one is supposed to retire and be known as one of the past.

May I tell you of my compensations for being elderly. It is the visits of many children who say wonderful things so much because of their frankness. When I ask them their names they answer with their first names. Then with some reluctance they tell me their surnames and surprisingly I find I am entertaining a descendant of old friends. Then I tell them little incidents that those grandfathers and I experienced. The trustfulness, the criticism of the child is so honest it is like a gift of the gods.

I have one little chap with whom I have an infinity at times. He brings a chum, I have never seen them quarrel yet. I hear them coming and the voice of the younger reaches my ear before the door is opened. "Mr. Joy," he says, and comes nestling up to me. He does not care if my clothes do not have the guinea stamp. He gazes at the candy jar and recently it was empty. It was evidently Wednesday afternoon. I made the excuse the store was closed. "Yes", he said, "the store is closed." He sat in my big chair and he talked of many things.

He came over a little early one day and opening the door said. "Having your breakfast, Mr. Joy?" "Yes," I said. "Have you had yours?" "Yes," was the answer. So then you give your candy.

Later three young girls about 11 years old came in. "We've been hungry for candy all week," one of them advised. "What's the matter with the violin?" I had it on the sideboard all trussed up with clamps. One of them said "I'm going to take violin lessons next year, Mom said." I told her she should make a good violinist. Her father was welsh and her mother was of French extraction, both musical. Then I gave them their first lesson in the names of the various parts of the violin. What happened to it Mr. Joy and I said the belly has come away from the ribs and I showed them the neck and then the scroll and the bridge and the finger board, the nut and the keys, I said, inside was the sounding post which must be properly made to get the right tone.

The man with the beard from California has gone to Creston to look for the vision of the Garden of Eden, but he was present when my young friends came in. He burst forth into verse setting forth the innocence of childhood. I quoted one of Guest's, and here it is:

"God bless the little children
Their simple winning wiles
Make life a path of roses of
hopes and brightest smiles.
No music like their voices, so
full of blithesome glee
Makes life a path of roses of
love and harmony."

Crean Elected President CCC

WINNIPEG (CP)—J. G. Crean of Toronto Wednesday was elected president of the Canadian Chamber of Commerce, succeeding G. S. Thorvaldson of Winnipeg, president for the last year.

Mr. Crean is president of Robert Crean and Co. Ltd., hat manufacturers.

Raymond Dupuis of Montreal was elected national vice-president and O. B. Thornton of Montreal, chairman of the executive council.

Life Sentence For Raiding Barracks

READING, England (AP)—Three members of the underground Irish Republican Army were sentenced to life imprisonment Wednesday for raiding a British army barracks and stealing large quantities of arms and ammunition.

A band of armed men posing as British soldiers raided an army depot at Arborfield, England, Aug. 13. The only ones captured were Joseph Doyle, 30, of County Wicklow; Donald Murphy, 23, of Dublin, and James Andrew Mary Murphy, 20, of London.

The raid was the first large-scale IRA operation in Britain in several years, although the IRA has been active in Northern Ireland.

London Tries Rain Making

LONDON (Reuters)—Meteorologists Wednesday exploded silver iodide crystals into the air in a new series of rain-making experiments.

The experiments, on a plain 80 miles southwest of London, followed one of the driest summers in history.

"Rain is officially forecast for London," a meteorological office spokesman said. He added: "It is possible that a small proportion of what falls will be the stuff we are making."

Letters to the editor have been received with typewritten signatures. Actual signatures are required on all letters for publication as evidence of good faith.

Finds Plan For Fairview Church Contrary To Interdenominational Co-operation Policy

To the Editor:

Sir—The Anglican Church and the United Church in Canada have for many years sought ways of working co-operatively to economize on the financial and spiritual resources of their widely scattered congregations, so similar in outlook and activity. One result has been an understanding that whenever possible in local centres, overlapping and duplication of church buildings and services is avoided, and many rather thrilling examples of interdenominational relationships have been built up.

It is most surprising, then, to read that the local United Church intends to erect a new building a few feet away from an Anglican church which has been commonly regarded as the "community church" in Fairview, and whose minister has served the community faithfully for so many years. It is hard to believe that property has been bid for and plans made without any consultation with the Anglican minister or congregation.

It is surely a commendable thing in these days that many people feel free to attend a neighborhood church of a denomination other than their own. It is recognition that the underlying faith is common to all, and external differences are secondary.

Recently the two United Churches in Nelson, each with fine traditions of its own, voted to join together. It would be pity indeed if the first major move they make is to splinter out and set up another building at the very doorstep of an old established church in Nelson.

The burden of responsibility for such a move falls not only on this generation but on the next and the next. It is to be hoped that before it is too late the earnest advocates of the proposed building will see it as an insult to fellow Christians and a move contrary to the best religious trends of our times.

HUGH HERBISON.
318 Second Street,
Nelson, B. C.

Wants Depot Canopy

To the Editor:

Sir—When are we going to get the long-promised canopy over the bus lanes? We are approaching the winter with its snow and rain.

C. H. BEBBINGTON.
Nelson, B. C.

Potential Doctors

(St. Thomas Times-Journal)

Canada has a high ratio of doctors to the population, while some countries, particularly in the Middle and Far East, are woefully short. McGill University had 1500 applicants for admission to the medical school, and could accept only 115. As in the case of food supplies, the medical services are ill distributed.

Press Comment

Increased fares won't solve the slipping revenue problem of the streetcars and buses, states the Ottawa Journal. Some assistance must come from the general taxpayer. After all, "it is worth something to the man who may not use a streetcar or bus twice a year to have that service available on any occasion when his private transport fails him."

The circus was the only public spectacle at which men and women sat together in ancient Rome.

FIRST LADY RESIGNS CANCER POST

Mrs. Frank M. Ross, C.B.E., wife of B.C.'s new lieutenant-governor, has resigned as president of the B.C. Division, Canadian Cancer Society. Frank Brown, C.B.E., the first vice-president will act as president pro tem until the next meeting of the board of Directors.

B.C.'s new first lady said she will maintain an active interest in the fight against cancer while chatelaine of government house in Victoria.

The cancer society sponsors research to help solve the lethal mystery of cancer, education programs to alert people to its dangers and a welfare fund to assure none need forego diagnosis and treatment because of lack of funds.

In a letter to Cancer Society Units throughout B.C., Mrs. Ross said her resignation "does not mean that my association with the B.C. division will end."

Peter Abelard, the 12th-century French philosopher, operated his own school when 21 years old.

Philpot-Sparkes Vows at St. Paul's

A double ring ceremony at St. Paul's United Church united in marriage Mr. Joseph Henry Philpot, son of Colonel and Mrs. D. Philpot, and Miss Dorothy Evelyn Sparkes, daughter of Mr. and Mrs. A. G. Sparkes. Rev. G. W. Payne officiated.

The bride was attired in a white paper taffeta gown with dolman sleeves, Peter Pan collar, bouffant skirt trimmed with daisies. She wore a fingertip veil and a pearl-studded tiara. The bride's and bridesmaids' gowns were made by the bride's mother.

Matron of honor, Mrs. J. Gold, wore a white lace ballerina length strapless gown, net bolera and a coronet of flowers. Junior bridesmaid, the bride's sister, Miss Vicki Sparkes, on whose birthday the wedding occurred, completed the all white wedding by being attired in white tiered taffeta trimmed with daisies, and a Juliet cap.

Best man was Mr. David Hayden, and Mr. J. Gold and Mr. W. Rider were ushers.

The bride's mother wore a midnight blue figured dress, lime accessories and a pale yellow corsage of mums. The groom's mother wore a soft brown dress, dusty pink accessories and a corsage of pink mums.

Baskets of gladioli and mums decorated the altar. The bride's flowers were roses and stephanotis, matron's of honor, roses and sweet peas, and the bridesmaid's, roses and blue statis.

Telegrams from the groom's three sisters who were unable to attend were read at a reception at St. Paul's Church Hall. Mrs. S. W. Whittaker, the groom's aunt poured at the bride's table.

Mr. Payne proposed the toast to the bride. The bride's table was decorated with a three-tiered wedding cake, silver candlesticks, gladioli and the top of the cake was decorated with a loving cup of sweet peas.

For her going-away outfit the bride chose a pale blue suit, navy blue accessories and pink carnations. The couple planned a honeymoon trip to Victoria. On their return, they will reside at Cranbrook.

Out-of-town guests were Miss H. State of Vancouver, Mrs. A. Hayden and Mrs. J. Laurie of Cranbrook; Mr. and Mrs. J. MacFadden of Trail and Mr. and Mrs. S. Whittaker of Riondel.

HOBBY CLUB HONORS BRIDE

KOOTENAY BAY — A pretty shower was held in the club room by members of the Kootenay Bay Hobby Club and ladies of the community for bride Mrs. William Bennett.

The decorations were carried out in autumnal shades, pine boughs and cones were used in combination with red berries and colored leaves. The flower bouquets were from the garden of Mr. Graham-Brown. The basket containing the gifts was beautifully decorated by Mrs. Helen Riseborough. The hostess of the evening was Mrs. Graham-Brown.

Guests were entertained by poster contests, prizes being won by Mrs. H. Levine, Mrs. L. Inman, Mrs. Morton-Humble and sister of the bride, Miss June Willis and Miss B. Brown. There were 20 guests present and 23 gifts were opened by the bride.

Recital Includes Canadian Music

LONDON (CP) — It was almost all-Canada night in Wigmore Hall when pianists Evelyn Eby and Reginald Bedford of Hamilton included two Canadian compositions in their first London recital Sept. 22.

The talented husband-and-wife team added "Three Sketches" by Violet Archer of Montreal and "Legend of Slieve Bloom" by Maurice Lowe of Vancouver to a program that included works by Brahms and Rachmaninoff.

The Times reviewer found Lowe's work "the most interesting and well written." "Three Sketches," he said, "has less musical personality."

Sirdar Notes

SIRDAR—Mr. and Mrs. Gutron of Vedder Crossing were visitors to Mr. and Mrs. Charles Black en route to Borden Camp.

Mrs. Hubner was at Radium Hot Springs for a few days.

Mr. and Mrs. W. Eliuk were visitors to Bonners Ferry.

Mrs. S. Pascuzzo has returned from a three months visit to Vancouver, where she was the guest of her daughters.

Princess Royal Tours Hospital

MONTREAL (CP) — The Princess Royal smiled through the window of a hospital nursery Tuesday at a one-hour-old baby and the child's mother immediately decided to name the little girl after her.

The baby, who yawned in reply, was shown to the Princess as she toured the Montreal General Hospital after officially opening the building.

The royal visitor was introduced to the baby's mother, 22-year-old Mrs. Louis Charbonneau of Montreal who said later she would name the child, her first, Mary.

Princess Mary spoke an Eskimo word when she was introduced to 19-year-old Mrs. Piengott of the Northwest Territories who speaks no English.

DOES IT HURT?

She asked, "Atatat", meaning "does it hurt?"

The young patient, whose appendix had been removed, smiled broadly in reply. Nurses had tied big yellow ribbons to her black braids for the occasion.

After signing the visitors' book, she stopped in the corridor to smile at four-year-old Brant Bisseel who grinned shyly.

"He's sweet," she told his father Dr. E. W. Bissell of Manning, Alta., who is in training at the hospital.

From the hospital, the princess drove to the armouries of the 11th Signal Regiment of the Royal Canadian Corps of Signals, of which she is colonel in chief. She is making the 25-day visit to Canada at the invitation of the corps.

There she unveiled a plaque, which was draped with a Union Jack, in memory of the officers and men of the signals corps who were killed in action.

Greenwood

GREENWOOD—Mrs. Betty Cox of Greenwood will take over the Greenwood Brownie Pack, with the assistance of Mrs. M. McArthur and Mrs. G. Jeffrys. There are 18 Brownies in the pack.

Miss P. Bartle has also taken over Company No. 1 of the Guides and their meeting will be held on Friday evening.

Mr. and Mrs. Glen Betts have taken up residence in the United Church manse and Mr. Betts will serve the Greenwood and district field for the next year.

Mayor W. E. McArthur is attending the UBCM meeting in Prince George.

The Ladies' Aid of the United Church is planning a Thanksgiving bake sale. An extensive program of renovation is planned for the manse, and all means of raising funds for this project will be taken into consideration.

Deer Park

DEER PARK—Mrs. F. Briggeman and her mother, Mrs. Ora Wires of Portland, Oregon, who is spending a holiday in Deer Park, were visitors to Trail, the guests of Mr. and Mrs. J. V. Briggeman.

Dr. A. Schwartzenhauer has returned to his home in Portland, Oregon after spending a few days at the home of his parents.

Mrs. E. Jewell and son William of Spokane spent a week in Deer Park. While here they spent some time hunting and fishing.

Visitors to Deer Park included Mrs. R. Worley and grandson Bob, son Mr. Frank Worley of New Orleans (U.S. Merchant Navy); also many visitors from Saskatchewan.

$154 COLLECTED BY AUXILIARY

NAKUSP — The ctober meeting of the Ladies Auxiliary to Canadian Legion at Nakusp was held in the lower Legion club room on Monday. Previous to the meeting a chicken supper was enjoyed by the members with 32 members in attendance. There were 29 members present at the meeting. Application of two new members, Mrs. Marie Gordon and Mrs. Edith Bartlett were received and accepted. Report was given on the Rummage Sale and was very successful.

The members collected $154.45 for the Salvation Army, also made a donation of $10 for this worthy cause.

There will be a church parade for all members on November 6 from the Legion Hall.

New Denver

NEW DENVER — Douglas R. Godfrey of the public works office, returned from his holidays, motoring to Spokane, Salt Lake City, Yellowstone National Park, Great Falls and Calgary. His parents, Mr. and Mrs. J. D. Godfrey of Revelstoke, accompanied him on the trip.

Mr. and Mrs. L. R. Campbell attended the anniversary of Mrs. S. Fulcher and twin sister, Mrs. A. Guild, on their 75th birthday at the home of the former's son, Kenneth Fowler of Montrose.

James Manly, student minister, who conducted services in New Denver's Turner Memorial United Church and at Silverton and Slocan City for the summer months, preached his farewell service Sunday then left to visit his father in Wellington, B.C., before going to Union College, Vancouver.

Mr. and Mrs. J. A. Greer have left for the coast, where they will visit relatives and friends and attend the wedding of their son Fred to Miss Margaret Davies on Oct. 8 in Vancouver.

Mr. and Mrs. Thomas Shaw returned home from 10 days' motor trip to the Okanagan, Wenatchee, Spokane and Coast points.

Silverton Notes

SILVERTON—Mr. and Mrs. J. Wrightson have returned to their home at Saskatoon, having been the guests of Mr. and Mrs. J. L. Wilson and Lloyd. Mr. Wrightson is Mrs. Wilson's brother.

Mr. and Mrs. J. McDearmid of Spillimachine visited Mr. McDearmid's mother. She returned with them after spending the summer at her home here.

A series of hobo teas is being staged by the Auxiliary to the Girl Guides for the purpose of raising funds for equipment. These are being well patronized and are proving successful.

Mr. and Mrs. T. H. Wilson had a surprise visit from Mrs. Ann Woods of Vancouver. Mrs. Woods spent her girlhood here and has written many short stories on events that happened in the village during that period.

Mrs. Bell of McCauley, Manitoba, is visiting with her daughter, Mrs. C. Nixon, Mr. Nixon and family.

Mr. and Mrs. R. Welch of Vancouver are spending a vacation with their son Bob, Mrs. Welch and family.

Mr. and Mrs. T. M. Leask, accompanied by Mrs. Leask's mother, Mrs. Janet Graham, have returned after spending a few days at Spokane.

Kettle River WI Formed

ROCK CREEK—At a meeting held in Rock Creek, the Kettle River District Women's Institute was formed.

The hall was tastefully decorated with fall leaves and flowers, and presiding for the occasion was the vice-president of the Rock Creek WI, Mrs. Henry Madge. Also present were Mrs. E. J. C. Roylance, vice-president for the provincial board, and Mrs. R. W. Chalmers of Thrums, who first visited Rock Creek in 1917 on WI work at that time.

The officers for the new Kettle River District WI are: President, Mrs. W. E. McArthur, Jr., of Greenwood; Vice-President, Mrs. F. Plant of Grand Forks; Secretary-Treasurer, Mrs. M. L. Sommers of Rock Creek; Directors, Mrs. C. Fillmore of Main River, and Mrs. R. McCutcheon of Carmi.

Mrs. Chalmers gave an interesting talk on fairs, and explained that the work must be done by each member within two years, with exception of a quilt, which might take longer.

Mrs. Roylance expressed sincere thanks to Mrs. Chalmers for her interesting talk, and also paid tribute to her for her very fine work in the Women's Institute.

India's cotton textile industry celebrated its centenary in 1954.

NO LONGER ON THE SECRET LIST, the U.S. Navy's newest air-to-air guided missile, "The Sparrow," is looked over by Lt. John Brady of the Marine Corps Air Facilities, at the Rocket Society Exhibition in Los Angeles. It is 12 feet in length and is designed to be fired from a plane, instead of the ground. Its mission is to seek out and destroy enemy aircraft by means of electronic control.

CIF Elects Slate Of New Officers

SASKATOON (CP) — J. W. B. Sisam, dean of the faculty of forestry at the University of Toronto, Wednesday was elected president of the Canadian Institute of Forestry at its national convention here.

Elected vice-president was G. W. I. Creighton of Halifax, deputy minister of the Nova Scotia Department of Lands and Forests.

Board of directors includes: D. Nayswith, Manitoba section; Dr. C. G. Riley, Saskatchewan section; R. D. Loomis, Rocky Mountain; Dr. D. C. Buckland, Vancouver; D. N. Radcliffe, Vancouver Island; P. J. Klotz, Cariboo, and John Walters, Okanagan.

LIFE INSURANCE

A record total of more than $2,000,000 new life insurance policies were sold in the United States in 1954.

Horsepower and HORSE COLLARS

An English sports car that has set 100 world records for its class uses aluminum in its bodywork and in parts of the chassis. ... And a French company is making lightweight aluminum collars for draught horses.

Just goes to show that in this age of aluminum it isn't just the newest marvels that make use of aluminum but some of man's oldest inventions, too. Which is one of the reasons why we have already started work on expanding the ingot capacity of our new development at Kitimat from its present 91,500 tons a year to 331,500 tons.

ALUMINUM COMPANY OF CANADA, LTD. (ALCAN)

Predicts Hike In Price Of Newsprint

NEW YORK (AP)—An increase in the price of newsprint "in the foreseeable future" is forecast by the head of one of the world's largest newsprint manufacturing empires.

Sir Eric Vansittart Bowater, chairman of Bowater Paper Corp. Ltd., of London, declared: "It's a fact that during the past three years and three months costs of production have risen appreciably for the newsprint manufacturers. In my opinion, we can't continue to absorb these mounting costs."

Sir Eric, whose company operates a $60,000,000 newsprint mill at Calhoun, Tenn., and has extensive Newfoundland holdings in his worldwide organization, made his remarks at a press conference.

RECORD HIGH

The American Newspaper Publishers Association has reported that newsprint consumption reached a record high for the month of August and for the first eight months of 1955. Trade sources have attributed the increased consumption to higher newspaper circulations and a rise in consumer advertising, resulting in fatter papers.

Britain's TV Meets Snag

LONDON (AP)—Britain's new commercial television network is running into difficulties after only two weeks in business. It can't sell advertising time on morning shows designed for housewives.

For the third straight day, the Independent Television Authority morning telecasts went out Wednesday without commercials.

But spokesmen for Associated Rediffusion, the independent company which puts on the programs in the London area, say they are not discouraged.

"You've got to remember that you're breaking new ground," said program director Roland Gillett.

The big state-owned BBC television network, which carries no *advertisements, runs only test patterns* in the morning. It feels that women, have too much to do around the house to sit down and watch before lunch. Its first program begins in mid-afternoon.

Advertisers say the big reason they won't buy time in the morning is that they don't believe people are watching.

PHONE 1844 FOR CLASSIFIED

Eight Years For Selling Drugs

VANCOUVER (CP) — Walter Billon, 31-year-old mill worker, was sentenced to eight years in prison Wednesday for trafficking in narcotics.

Magistrate Oscar Orr said the convicted man had been "helping other people do what amounts to murder," and said he hoped the sentence "might strike terror into the hearts of other people."

One of the largest heroin seizures in B. C.—36 ounces—was made by police when Billon led them to a cache after his arrest Sept. 11.

The drugs were valued at more than $250,000 on the underworld market, prosecutor Wilfrid Heffernan said.

Toss Out GM's Strike Appeal

TORONTO (CP)—Ontario's labor relations board has thrown out the application of General Motors of Canada which sought to have the strike started two weeks ago by its 17,000 employees declared illegal.

The announcement Wednesday said three of the five members of the board who ruled on the case were split in their views.

Chairman Jacob Finkelman and Dave Archer, a labor representative, found the union had complied with Ontario labor laws before striking.

TEAMS CARRY ON

George Ferguson, representative of the management, dissented.

Throughout the legal battle, direct negotiations between GM and the auto union have carried on. Bargaining teams still have to clean up local plant problems at Oshawa and Windsor before again tackling monetary issues affecting every striker.

The company sought to have the strike declared unlawful because of the wording in a five-year agreement with the union which expired June 11. The company said the union did not give it an official 60 days' notice to "terminate" the contract. Instead it had merely asked to have the contract "amended".

The union insisted it had complied with the law by waiting seven days after a conciliation board had handed down its report before striking Sept. 19.

British Labor Asks Changes

LONDON (Reuters) — Sweeping changes in the structure of the Labor party are called for in a special report published Wednesday. It charges that Labor lost the election last May through bad organization.

The biting report, drawn up by a committee appointed by the party leadership, is likely to bring bitter recrimination at Labor's week-long annual conference opening Monday.

In a blunt analysis containing 40 recommendations, the report says:

"Even a limited improvement in organization would have won us the election, if only by a narrow margin."

BAD BLASTING

The 30,000-word document gives Labor's organization its worst blasting in party history. And a major row is brewing over widespread "leaks" of the critical report, since sections of it have already appeared in newspapers here.

The report expresses "deep concern" at evidence that Labor is an "aging party" and that in the vast majority of areas it is "entirely failing to appeal to youth."

Conservatives had been able to mobilize far more young people for active work than Labor.

Britain eported radio parts to the value of about $84,000,000 in 1954.

Seek Guatemala Oil

WASHINGTON (AP) — American oil firms are showing a "tremendous amount of interest" in oil exploration rights in Guatemala, a Guatemalan government oil consultant says. Norman Meyers, a member of the law firm which helped prepare Guatemala's new oil code, said "half a dozen" American firms already have representatives on the spot in Guatemala.

Royal Family Criticized

LONDON (Reuters — The Lord's Day Observance Society, a strict sabbatarian body, has censured the Royal Family for joining in sports on Sundays.

In its quarterly magazine, Joy and Light, the society says: "It *is with very deep sorrow that we* have to record that His Royal Highness the Duke of Edinburgh has this summer frequently indulged in sport on the Lord's day in spite of all the appeals which have been made to him."

It added that on Sunday, July 17, the Queen, the Queen Mother, and the Duchess of Kent watched the Duke playing polo at Windsor.

"With such an example from the throne—and many have quoted the example to justify all manner of Sabbath desecration—is it any wonder that the nation treads the broad road of secularism?"

BIG IMPROVEMENT

Since 1926 deaths from tuberculosis per 100,000 of population have been reduced by 84 per cent in Canada.

Martin Appeals To UN Against New A-Weapon

UNITED NATIONS, N.Y. (CP) — Canada appealed to the United Nations disarmament sub-committee Wednesday to help erase the "terrible threat" posed by the intercontinental ballistics missile.

Health Minister Martin, chairman of the Canadian delegation, told the sub-committee in effect that something must be done now to halt development of the weapon.

The sub-committee, composed of representatives of Canada, Britain, the United States, France and Russia, was understood to have taken the matter under consideration.

Russia and the United States are reported working to perfect such a weapon which, travelling at thousands of miles an hour and carrying an atomic warhead, would be one of the ultimates of push-button warfare.

Vancouver Taking Lead In Chest Race

VANCOUVER (CP) — Vancouver took the lead from Winnipeg Wednesday in the Community Chest race. Collections have reached 36.6 per cent of the record $1,779,000 objective. Collections reached $651,927 here during the second day of the campaign. Vancouver, Calgary, Edmonton and Winnipeg are competing to score the highest percentage returns. Winnipeg collections for the two days was 35.4 per cent.

If Vancouver holds the lead until Oct. 21, Mayor Fred Hume will wear the Winnipeg mayor's top hat in the Grey Cup parade in November.

Forest Lawn Loses Appeal

OTTAWA (CP) — The Supreme Court of Canada Wednesday dismissed an appeal by Forest Lawn Cemetery Co. Ltd., Burnaby, B. C., from a British Columbia Appeal Court decision that 48 acres of land may not be used as a cemetery.

The court upheld an Appeal Court ruling that the municipality has the right to decide whether the company can use the land as a cemetery.

The company in May, 1953, purchased 143 acres of land in the Burnaby area and received permission from the municipality and the provincial government to use it as a cemetery. Later the company purchased 48 adjoining acres and began using the land for the same purpose without the approval of the municipality.

UPHOLD SUPREME COURT

The B. C. Supreme Court granted an injunction to the municipality restraining the company from using the land as a cemetery and ordering it to remove the remains of persons buried there. The injunction was granted on grounds that the municipality had full control over the use of the land.

The Supreme Court decision was upheld by the Appeal Court.

Haile Selassie was crowned Emperor of Ethiopia on Nov. 2, 1930.

Refuse Convicted Robber's Appeal

VANCOUVER (CP)—John Waslylenchuk, 44, convicted bank robber, failed Wednesday in his appeal against a life sentence.

The court of appeal dismissed an appeal against his conviction for the armed robbery of a branch of the Royal Bank of Canada and the life sentence by Mr. Justice H. S. Wood at the New Westminster assizes.

Two companions, William A. Babcock, had pleaded guilty and were sentenced to 20 years and 21 strokes of the paddle.

All but $100 of $27,900 stolen was recovered.

Dr. E. W. Boak To Head BCCMA

VANCOUVER (CP)—Dr. E. W. Boak of Victoria will take over Friday as president of the B. C. section of the Canadian Medical Association.

He succeeds Dr. Frank Turnbull of Vancouver.

President-elect, to succeed Dr. Boak one year from now, is Dr. Gordon Johnston of Vancouver.

Dr. Peter Lehmann, also of Vancouver, was elected to the post of secretary-treasurer.

The elections were made on the second day of the 55th annual convention of the BCCMA, which ends Friday.

New Beauty Care

3 ways better for your skin

Cleans, softens, brightens your skin in a way no cream—or soap—alone can do.

Noxzema will help bring you complexion loveliness you'd hardly dare to hope for. In *days* it will help your skin look cleaner, clearer than ever.

How Noxzema Works

1. It cleans like soap (it's *greaseless*—washes off with *water*) but it doesn't dry skin.
2. Softens like cream, but doesn't clog pores . . . never feels sticky or greasy.
3. Helps clear skin . . . heal unattractive blemishes because it's *medicated*.

Make Noxzema your regular beauty cream—*feel* and *see* the difference in your skin!

Don't miss this offer—save ⅓—big 6-oz. jar only 98¢. Limited time only. Get Noxzema today—at any drug or cosmetic counter.

BCHIS Still Causes Grave Concern To Canadian Medical Association

VANCOUVER (CP) — Grave concern over certain policies of the B.C. Hospital Insurance scheme voiced one year age by the B.C. section of the Canadian Medical Association, remains unchanged, BCCMA said Wednesday.

The association, in convention here, said the present system of overall coverage through general revenue—the five per cent sales tax—only encourage over—utilization of hospital.

STATE HOSPITALS

Present administration of the scheme, the association said in a statement, also tends to create "state hospitals."

"The citizen has no sharp reminder, in the way of a bill sent to him, of the need for keeping hospital costs lower. In the previous scheme, when individuals paid the premiums, they were reminded of increased costs by a comparable rise in premium payments, BCCMA said.

The present system of administration, by the BCHIS board, creates a hospital "run on bureaucratic principle from Victoria . . . in which decisions are made at a desk." Decisions affecting hospital development, staff and other matters should be made by "responsible citizens, lay and medical, residing in a given community."

Decisions are "not infreguently . . . made on a purely arbitrary basis, with too little information about a problem," under systems similar to the BCHIS.

"Already hospitals are finding that their policies are dictated from Victoria because Victoria is paying the bills."

Level of hospital budgets should be decided by men who are qualified to evaluate the advantage of a new theatment. These men can only be doctors or scientists, BCCMA said.

The association said a national health plan "would be a tragedy if it was operated the same as the BCHIS, where the medical association is held at an arm's length."

An advisory committee of doctors would provide an answer to such a problem, the statement said.

MARTIN SURPRISED

Later, health minister Eric Martin was surprised when told of the association's statement that dictated policies from desks in Victoria were keeping hospitals out of step with the march of medical science.

"As long as hospitals continue to pay increased wages—$3,500,000 in the last three years — it is necessary to maintain strict supervision of the costs of addition and services," Mr. Martin said.

"It is impossible for the taxpayer to meet higher rates of increase.

The government has no intention of retarding progress. On the contrary, better hospitals are being built and better staff and services being maintained."

Grant Reeve To Seek Re-Election

NORTH VANCOUVER (CP) — Grant Currie, who resigned last month as reeve of the district of North Vancouver, will seek re-election Oct. 15 "to protect my honesty and integrity."

Mr. Currie, elected by a 1,000-vote majority last December, resigned following criticisms from district council members.

He said his firm had sold $54 worth of goods to the district while he was in office, but that the sales were not solicited by his company.

PAKISTAN RUBBER

KARACHI (CP)—Rubber produced in experimental farms in East Pakistan has been used successfully in experimental manufacture of rubber soles, doormats and table mats, officials said. Rubber plantation was started in East Pakistan in 1952 with imported Malayan rubber seeds.

BRITISH COLUMBIA INTERIOR VEGETABLE MARKETING BOARD

NOTICE

to

Registered Owners

In District No. 11

Nelson - Trail

The ANNUAL MEETING of the REGISTERED OWNERS for the purpose of electing one (1) *delegate to represent them* during the coming season will be held in the WOMEN'S INSTITUTE ROOM, CIVIC CENTRE, NELSON, B. C., ON THURSDAY, OCTOBER 27TH, 1955, AT 8:00 P.M.

ALL REGISTERED OWNERS are urged to attend this meeting at which a Member of the Board will be present.

The B. C. Interior Vegetable Scheme requires that all owners register with the Board and defines an Owner as any person registered in the books of any Land Registry Office as the owner in fee-simple of any land within the area, and includes the holder of an agreement to purchase land from the Director of Soldier Settlement (or his predecessor, the Soldier Settlement Board) or Director, Veterans Land Act, and who in any such case grows or causes to be grown for sale upon such land, comprising one-quarter of an acre or more, any regulated product, and any holder of a lease of land in the area, of which land not less than three acres is used for growing any regulated product for sale and which lease is for a term of three years or more.

ALL OWNERS are required to register with the Board. Those persons not registered may obtain the necessary forms by writing to the Secretary, B.C. Interior Vegetable Marketing Board, 1476 Water Street, Kelowna, B. C., and in the case of a lessee, should produce evidence as to his lease.

NOTE: Any owner who has not registered can at the time of the meeting file with the Chairman a statutory declaration showing that he is qualified to be so registered.

BY ORDER OF THE BOARD, DATED at KELOWNA, B. C., this 15th day of SEPTEMBER, 1955.

Suspect Childish Diseases Behind Some Types of Nervous Disorders

CHICAGO (AP) — A possible clue to the cause of some types of epilepsy, cerebral palsy, spastic paralysis and feeble-mindedness is reported by a team of University of Illinois researchers.

Dr. Frederic Gibbs and two colleagues say new findings with a "brain-wave machine" suggest the possibility that certain neurological disorders of unknown cause may be late results of common virus infections of childhood, such as measles, mumps and whooping cough. They reported to the 24th annual meeting of the American Academy of Pediatrics.

The new studies "re-emphasize the need for finding improved preventive measures for common virus infections of childhood," Dr. Gibbs told a reporter, adding:

"Some important advances already have been made. And recent advances in the prevention of polio justifies hope that prevention in the whole field of virus diseases will eventually be greatly improved."

BRAIN-WAVE STUDIES

In their report to the Academy, the researchers said that they had found evidence that encephalitis, or brain infection, commonly occurs in "supposedly uncomplicated cases" of measles and other prevalent virus infections of childhood.

The evidence showed up, they said, in "brain-wave machine" studies of 700 children at Chicago's Municipal Contagious Disease Hospital.

They said that the number of cases in which the brain infection persists is small. But in such persistent cases, convulsive seizures and neurological defects might show up several years or more after the child had recovered from *his measles or other childhood* virus disease.

They declared that the machine offers a valuable aid to such work because, for one thing, "it makes the cerebral disorder evident, even when it is in a clinical silent phase."

MOSTLY DESERT

The Sudan, with an area of nearly 1,000,000 square miles, has a population of 8,800,000.

Delay Sentence On Wire, Cable Firms

TORONTO (CP) — Sentencing of 10 wire and cable companies convicted of operating a price-fixing combine has been delayed until at least Oct. 31.

Crown prosecutor John Arnup said Wednesday, representatives of the companies are scheduled to appear in Ontario Supreme Court Oct. 31 but the decision on penalties may be further delayed, pending judgment on an appeal by five rubber companies similarly convicted.

New Zealand's kiwi, a flightless, tailless bird, is about the size of a chicken.

Says Canadian Had His Fun

LONDON (CP)—Police officials say it is unlikely that any charge will be laid against Lewis Bradford, 41-year-old Canadian exlumberjack who scaled scaffolding to the top of Parliament's clock tower Sunday.

"I don't think we'll follow it up," said an officer. "He's had his tuppence worth."

Bradford, who was born in Fort William, Ont., clambered up thin steel repair scaffolding around *the 320-foot clock tower at the* Houses of Parliament. He was brought down by a squad of agile policemen and taken to hospital.

British newspapers reported Bradford made the dangerous climb to gain publicity for "the housing problem".

CHANGING HABITS

BONN (CP)—Official West German *reports show cigaret consumption* now is 12 per cent higher than before the Second World War, but consumption of pipe tobacco has dropped by 65 per cent. Cigars are also less popular, down 35 per cent.

ANCIENT TANNERS

Goatskins were used by nomad tribes in Palestine for sandals and waterbags as early as 2,00 BC.

CONFIDENTIALLY YOURS
—by Byrne Hope Sanders

MONTREAL, October 6th—Soft, pretty hands . . . are the result of faithful care—the constant use of Campana's ITALIAN BALM after *every* exposure to weather—water—work. You need only *one drop* rubbed quickly into your hands—that's all. And now Italian Balm—can be bought in the household size with a thumb pressure dispenser which releases just the right amount . . . No twisting—no turning to seal the bottle—no leaking—no fuss! Just press lightly—and there you have it—the exact amount for your hand care. Ask for Italian Balm with the dispenser—69c at all drug counters.

So Many Mothers . . . seem to give their children everything . . . yet they're careless about the one *most important* aspect of child health—regularity. Do take my advice and keep the child's laxative CASTORIA on hand. Its action is like normal, satisfactory habits. Castoria is clinically approved for youngsters—and they *like* the flavor. So watch your child carefully—keep Castoria on hand for any upsets. You'll find you can keep away many childish troubles with its regular use. Large bottle 45c. Economy, family size 75c.

Home Life . . . it seems to me, has *so many* pleasures tucked away in simple little chores . . . like getting one's home snug for the winter. That means storm windows — and, believe me, it's *really* a pleasure to see how quickly you can get them sparkling clean with WINDEX SPRAY. I find it *by far* the fastest and best glass cleaner on the market. *Swish!* Spray it on. *Whish!* Wipe it off lightly. Windex leaves no waxy film on the window—no gritty dust on the sills. *Wonderful* for all glass surfaces! Get the handy 6 oz. bottle and sprayer today. Or the big economy 20 oz. bottle at grocery, hardware or drug stores. It's *very* economical!

One Minute To Make a scrumptious banana cream pie filling! It *does* sound unlikely, doesn't it? But it's *easy* with ROYAL INSTANT PUDDING AND PIE FILLING! Royal's exciting new *Banana Cream* flavor has the delicious taste of fresh golden-ripe bananas . . . and you'll find it the *creamiest, smoothest* pie-filling you ever tasted! Only takes you a minute to prepare . . . there's no cooking, of course! And with Royal Instant there is never a lump, film, or starchy taste. Make a banana cream pie the easy Royal way tonight! And *do* try Royal's other new fruit flavor—Strawberry Cream!

This I Know—that you can't get a finer shampoo for yourself, or your daughter, than WOODBURY COCOANUT OIL SHAMPOO. I know it . . . because this is a *natural oil* shampoo . . . that washes hair shining clean, but does not "dry" it by removing natural oil. . . . You'll find your hair soft and pretty, easy to manage, *right after the shampoo.* Your hair will have body and life, because Woodbury's gentle action actually helps to *preserve* your hair oils. . . . So many women buy Woodbury Shampoo for their families that it can be sold for much less than any other quality shampoo. So—won't you try it yourself—*this week!*

Atchoo! . . . "Bless you!" we murmur when someone in our family sneezes . . . but then having learned what a fine aid MENTHOLATUM can be in helping to clear up symptoms of a head cold, we use it faithfully. You'll find, too, when a bothersome head cold clogs your nostrils and disturbs your breathing that Mentholatum's medicated vapors will quickly cool and soothe the irritated membrances. Spread some liberally inside each nostril — then sniff *well back!* Soon, soreness eases, local congestion and swelling is eased. ***Write for a FREE GENEROUS SAMPLE offer to*** Confidentially Yours, 1411 Crescent St., Montreal.

Happy, Healthy—Adorable! . . . Nothing so enchanting as a small baby — and nothing better for baby than Certified AYLMER BIB ORANGE JUICE. Like all Aylmer Baby Foods, this orange juice is very, *very* finely strained—so that your little one can start with it, and have no feeding disturbances. Aylmer's Bib Orange Juice is rich in Vitamin C—so essential for growth and well-being. . . . You'll find that baby will thoroughly enjoy the delicate flavor of the sun-ripened oranges that are used exclusively. Bib Orange Juice is very low in cost—and very convenient to use. It's your best buy!

Do Try This "Quickie". A Date-Nut Loaf that's really flavourful, moist and truly delicious. You'll find it keeps fresh for a long time!

DATE-NUT LOAF

2 cups sifted all-purpose flour
¼ cup sugar
4 teaspoons baking powder
½ teaspoon salt
1 egg, well-beaten
2/3 cup milk
½ cup CROWN BRAND Corn Syrup
2 tablespoons MAZOLA Salad Oil
½ cup chopped nutmeats
½ cup chopped dates

MIX and sift first four ingredients into a bowl. COMBINE egg, milk, CROWN BRAND Corn Syrup and MAZOLA. ADD to dry ingredients and mix just enough to blend. FOLD in nutmeats and dates. TURN into well-greased loaf pan (9½ x 5½ x 2½ inches). BAKE in moderate oven (350° F.) 50-55 minutes or until done. LET stand until cold before cutting; store in tightly covered container. NOTE: Raisins may replace the dates, if desired.

it's PERFEX SPECIAL TIME!

SAVE 10¢ on every 64 oz. jug of PERFEX BLEACH

The same dependable Perfex quality — the only difference is the price! Now, save 10c on every Perfex jug and put this famous bleach to work in your home — it whitens, disinfects, deodorizes in kitchen, bathroom, laundry. It's B.C.'s favorite bleach — made right here, preferred by B.C. homemakers because it's always safe, mild, gentle.

NEW FISHING REGULATIONS NOT IN EFFECT YET

Fishing regulations as outlined by fisheries biologist Frank Maher to the Nelson Rod and Gun Club Monday night will not become effective for some months, Mr. Maher explained Wednesday.

The regulations so far are only proposed. They must yet be government-passed in November, and after being passed would not become effective until February.

Report of Mr. Maher's talk in Wednesday's Daily News might have been interpreted by some sportsmen as being in effect now, he felt.

Calgary, Vs Play to Tie

CALGARY (CP) — Calgary Stampeders of the Western Hockey League were forced to come from behind twice in an exhibition game Wednesday night to gain a 3-3 tie with Penticton V's, world's amateur champions.

Jack MacDonald, Bill Warwick and Jack McIntyre scored for Penticton. Calgary scorers were Steve Witiuk with two and Bill Shevtz.

Before a crowd of 3147 fans, Penticton was backed by the expert netminding of Ivan McLelland and kept the erratic-playing Stampeders off stride over most of the distance.

V's gained a 1-0 lead in the first period and held a 2-0 edge at the end of the second session. Stampeders rapped in two goals in the first eight minutes of the third period to tie the count but V's came right back with another to forge ahead again.

RELEASE TWO

PHILADELPHIA (AP) — Philadelphia Phillies Wednesday announced the unconditional release of veterans Eddie Waitkus and Harry (Peanuts) Lowrey.

Close Scores Mark Soccer

In two soccer games played at the Civic recreation grounds, the Rangers and the Wanderers fought to a 0-0 tie in the first game. Both teams played an exciting game with neither of the teams dominating the play. The outstanding players for the Rangers were Sergent, Borch and Portlance, while on the Wanderers, Brown, Leslie and MacGillivary were the stalwart members. MacKinnon and Moore were the referees.

The second game was more decisive, the Hotspurs defeating the Celtics 1-0. The first half was somewhat disorganized, but certain players showed good ball handling. In the second half both teams settled down to produce good football, and the Hotspurs went on to score the only goal, by Atwell. Atwell, Corbett and Lee were the stalwarts for the Hotspurs, and for the Celtics, Powell, Miller and Carter were outstanding.

25 Try Out With Notre Dame Pups

Coach Harp of the Notre Dame Pups looks mighty happy over basketball prospects this season. With 25 aspirants to the Notre Dame colors showing up at practice he had every reason in the world to be.

He confided that the Pups this year will be the "fastest" team Nelson has ever seen. Even in the light practice of the afternoon the group as a whole looked good and with harder practices to come they should prove even better. Paddy Bell, second highest scorer of last year's Pups, along with Bernie Sylvester, a guard on last year's first string, are returning to the floor. Larry Wolfe of Trail, Larry Bouchir of Mission City, and Ron LaBrosse of Chewelah, Wash., were the most outstanding of the new players to date.

The group is to be cut by 13 players over the next few practices with the remaining 12 players doing their utmost to stretch last year's winning streak of 9 games to an even greater amount. The Pups haven't been defeated since their Okanagan trip early last January, when they lost out to the Penticton High Lakers in a very tight tussle.

The Pups, who play their first home game November 18 against an unannounced team, are now dickering with Mount Royal College and Calgary Tech for a home-and-home series. That in all probability means two trips to the Oil Country, each trip of four days duration with two days travelling time and a game each day there. This means that the Alberta teams will play a total of four games here — four games which Coach Harp feels will prove that mountain air is healthier than the dust of the prairies.

Happy Dodgers Home Bound

By JACK HAND

NEW YORK (AP) — Nobody threw a ball Wednesday except owner Walter O'Malley and the "ball" he threw for his Brooklyn Dodgers finally quieted down in the wee small hours.

Happy Dodgers were scattering to the far corners of the land to wait for the mailman to deliver their first winning world series cheques. It will be months before they lose the warm glow of that first hard-fought victory.

New York Yankees, who accepted defeat as calmly as they have greeted 16 series triumphs, also lit out for home to pack their bags for the exhibition tour of Japan, starting Saturday.

Some of the Dodgers were going to jump right into more baseball in the winter leagues or the exhibition circuit. Don Newcombe, the 20-game winner who failed in his only series start, was co-captain with Willie Mays of a group getting ready for an exhibition tour.

AMOROS GOES HOME

Sandy Amoros, the speedy little Cuban who made the game-saving catch on Yogi Berra in Tuesday's finale, was headed for home. He will play with Mike Gonzales' Havana club in the winter league which opens its season Friday.

Don Zimmer, the Dodgers' part time second baseman, is expected to play with the Santurce team in Puerto Rico.

Johnny Podres, pitching star with two "big" victories for the Dodgers, will be home Saturday for a big party at Mineville, N.Y., an adjoining hamlet to Witherbee, the iron mining town in the Adirondacks where he lives.

Manager Walter Alston had arranged to appear on a network television show Saturday night but the folks back home in Darrtown, O., were geared for a heady reception.

Casey Stengel spent hours in the Yankee press room Tuesday night, replaying the series with anybody who wanted to listen. Time after time he paid his respects to Dodger pitching by Podres and Clem Labine and the "fella in centre field (Duke Snider) who hits all the home runs."

Heavy Jockey For Favored Nashua

NEW YORK (AP) — Nashua will be an odds-on favorite today when he meets three rivals in the 63rd running of the famous Lawrence Realization at Belmont Park.

The $25,000-added Lawrence is a 1⅛-miles test for three-year-olds, and will be the longest distance Nashua has been asked to travel in his spectacular career. The big bay colt from the Belair stud of William Woodward, Jr., also must pack his greatest weight, 130 pounds.

With four starters, the race will be worth $27,550, the winner netting $18,500.

WIN EXHIBITION GAME

HERSHEY, Pa. (AP) — Boston Bruins of the National Hockey League defeated their American League farm club, Hershey Bears, 6-1 in an exhibtion game Wednesday night at the Hershey arena.

The Hershey club lost two of its first string players in the final pre-season contest.

Strikes and Spares

With a holiday lapse Monday because of Thanksgiving Day, Men's Commercial Bowling League resumes Oct. 17, with the schedule as follows:

Oct. 17, 7 p.m. — 12 vs Champions; Hilltoppers vs Kootenay Laundry; Industrial Plumbers vs CP Diesels.

9 p.m. — Vultures vs Thunderbirds; Mel Buerge Motors vs Alley Cats; Dark Horses vs Burns.

Oct. 24, 7 p.m. — Burns Lumber Jacks vs Mel Buerge Motors; Vultures vs Alley Cats; 12 vs Dark Horses.

9 p.m. — Kootenay Laundry vs Industrial Plumbers; Champions vs Hilltoppers; Thunderbirds vs CP Diesels.

Oct. 31, 7 p.m. — Dark Horses vs Thunderbirds; Kootenay Laundry vs Burns; Hilltoppers vs Vultures.

9 p.m. — Champions vs Alley Cats; 12 vs CP Diesels; Mel Buerge Motors vs Industrial Plumbers.

Nov. 7, 7 p.m. — CP Diesels vs Alley Cats; Industrial Plumbers vs Champions; Mel Buerge Motors vs 12.

9 p.m. — Hilltoppers vs Dark Horses; Vultures vs Burns; Kootenay Laundry vs Thunderbirds.

Nov. 14, 7 p.m. — Champions vs. Vultures; Dark Horses vs Mel Buerge Motors; CP Desels vs Kootenay Laundry.

9 p.m. — Industrial Plumbers vs 12; Alley Cats vs Thunderbirds; Burns vs Hilltoppers.

Nov. 21 7 p.m. — Alley Cats vs Burns; 12 vs Hilltoppers; Thunderbirds vs Industrial Plumbing.

9 p.m. — Dark Horses vs Vultures; CP Diesels vs Mel Buerge Motors; Champions vs Kootenay Laundry.

Nov. 28, 7 p.m. — Kootenay Laundry vs Dark Horses; Champions vs CP Diesels; Vultures vs Mel Buerge Motors.

9 p.m. — Hilltoppers vs Alley Cats; 12 vs Thunderbirds; Industrail Plumbers vs Burns.

Dec. 19, 7 p.m. — Champions vs Thunderbirds; Mel Buerge Motors vs Hilltoppers; CP Diesels vs Burns.

9 p.m. — 12 vs Kootenay Laundry; Industrial Plumbers vs Vultures; Dark Horses vs Alley Cats.

Jan. 9, 7 p.m. — Dark Horses vs Industrial Plumbers; Vultures vs 12; Kootenay Laundry vs Alley Cats.

9 p.m. — Burns vs Champions; Diesels vs Hilltoppers; Thunderbirds vs Mel Buerge Motors.

BASILIO TO DEFEND TITLE

BOSTON (AP)—Carmen Basilio will make the first defence of his welterweight boxing championship against Boston's Tony De Marco in a 15-round bout Nov. 30 at the Boston Garden, it was learned Wednesday night.

The official signing for the rematch between the two sluggers will take place today.

The bout will be co-promoted by matchmaker Sam Silverman of the Callahan AC and the International Boxing Club.

Basilio won the title from De Marco on a 12th round TKO in a slugfest last June 10 at Syracuse, N.Y.

Successor For Preacher?

ABILENE, Tex. (AP) — Elwin (Preacher) Roe no longer is in the National League but there's a young pitcher coming up who's destined to get the same nickname.

He's Lyndall McDaniel, 19-year-old Hollis, Okla., farm boy, who is a $50,000 bonus rookie with St. Louis Cardinals. He is now at Abilene Christian College studying the Bible.

He isn't decided about actually being a minister but he says:

"By going into major league baseball I'll get to know more people. It'll give me a chance to take christianity into baseball, and I can decide later about preaching."

Season Starts Tonight . . .

NHL Openers in Detroit, Montreal

By The Canadian Press

The National Hockey League, after the greatest off-season trading bee in its 38-year history and coaching shifts that affected half of the six teams, opens its new season on two fronts tonight.

At Detroit, the Red Wings—with only nine players left from last season's Stanley Cup champions—meet Chicago Black Hawks, given a thorough overhaul after finishing in last place for two straight years.

The other premiere is at Montreal where the Canadiens and Toronto Maple Leafs, lone holdouts against the wholesale player trades will whittle one contest off their 70-game schedules.

New York Rangers get rolling Friday night at Chicago and Boston Bruins see action for the first time the next night at Montreal.

18 PLAYERS INVOLVED

Detroit won the NHL title by two point over Montreal last season and went on to take the Stanley Cup by downing Toronto and then the Canadiens. But general manager Jack Adams spotted signs of wear and tear.

One of the biggest shakeups sent agile Terry Sawchuk, the league's all-star goalie, to Boston Bruins. Other swaps with the Bruins, Chicago and New York involved 18 players.

Left with the Red Wings after the purge are forwards Gordie Howe, Ted Lindsay, Dutch Reibel, Alex Delvecchio, Bill Dineen and Marty Pavelich and defencemen Red Kelly, Bob Goldham and Marcel Pronovost.

Filling the vital spot in goal is Glen Hall, called up from farm club Edmonton Flyers of the Western Hockey League.

23-YEAR ABSENCE

The new-look Chicago team—even their uniforms have been altared—will be directed this season by canny Dick Irvin, returning to the Black Hawk coaching job after a 23-year sojourn with Toronto and Montreal.

The Hawks picked up forwards Tony Leswick, Glen Skov and Johnny Wilson and rearguard Benny Woit from Detroit. Irvin hopes they will bolster Chicago's poor defensive record last season.

Montreal and Toronto, in the main, are going with the squads that took them into second and third positions, respectively, in the 1954-55 campaign.

With Hector (Toe) Blake replacing the departed Irvin, Canadiens are standing pat with their highscoring forwards and capable rearguards.

KENNEDY RETIRES

The retirement of centre Teeder Kennedy after 13 seasons is the biggest change in the Maple Leaf lineup. Coach King Clancy looks to pivot man Billy Harris and left winger Dick Duff, a pair of high-scoring juniors last season, to take up the slack.

Muzz Patrick, now general manager of New York Rangers after last season as coach, figures the return of high-scoring Wally Hergesheimer, a stronger defence and deeper bench strenght will lift the Rangers from their fifth place position of last year.

Hergesheimer, a consistent 20-goal man, was sidelined early last season with a fractured leg, has impressed the new Ranger coach, Phil Watson, with his play in exhibition games.

POCKET ROCKET JOINS CANADIENS

MONTREAL (CP) — Les freres Richard—the 34-year-old Rocket and the 19-year-old Pocket Rocket—will be tossed at Toronto Maple Leafs tonight when Montreal Canadiens open the new National Hockey League season at the Montreal Forum.

Canadiens management announced Wednesday night that Henri, brother of the famous Maurice, will make his NHL debut with the Habitans.

The 157-pound little centre, who is still eligible for junior hockey, will play three games on lend-lease basis. Then the management will decide whether Henri will be signed to a contract and made a full-fledged professional and regular member of the club.

NEW FACES IN COUGAR LINEUP

VICTORIA (CP) — Victoria Cougars, who hustled to a second-place finish in the Western Hockey League last season under coach Bill Reay, will present a lot of new faces as well as a new coach this season.

Gone are 10 of the 16 players who were on the club roster at the end of last season, including the two leading scorers, centre Ed Dorohoy, now with Seattle Americans, and right winger Andy Hebenton, sold to the New York Rangers.

Also missing are two of the club's best defencemen, Pete Durham, who set a league goal-scoring record for his position, and Walter Clune. They'll be missed because, despite the fact the missing players scored 160 of Victoria's 237 goals last season, the big problem for Cougars is defence. Their fortunes will depend on how well their rookies turn out.

Eddie Olson and Skip Teal are two newcomers counted on to supply most of the punch lost with Hebenton and Dorohoy. Wayne Brown, who scored 49 goals for Seattle in the 1953-54 season but Seattle in the 1953-54 season but missed all but three games last season because of a broken ankle, is expected to make up any difference.

AHL SCORING CHAMP

Olson, American Hockey League scoring champion for two of the last three seasons and all-star centre for Cleveland Barons, has succeeded Reay as player-coach and should be a big help. He's versatile and can fill in at either wing or on defence, where he played one AHL season and part of another.

Says Tournaments Secret of Success

LONDON (AP) — Dai Rees, 42-year-old captain of Britain's Ryder Cup team, Wednesday pinpointed the reason for American golfing successes — tournament experience.

"The Americans play between 40 and 50 tournaments a year," he told a BBC television audience. "We play only about 14 or 15. Thus they become shot makers, able to improvise.

"They reach concert pitch and can save a stroke or so. We play in a tournament one week and then return to our club the next week, listening to the trobules of Mrs. so and so and her husband."

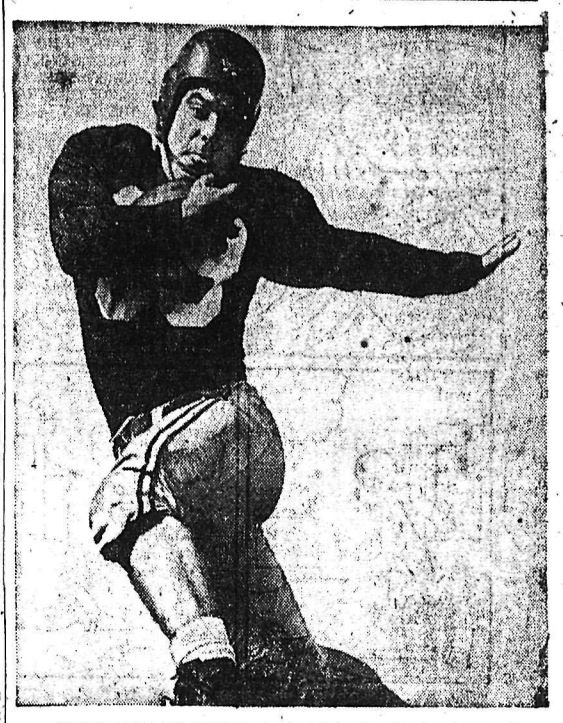
$180,000 Escalator For Maple Leafs

TORONTO (CP)—Conn Smythe, president, and members of his Toronto Maple Leafs hockey club of the National Hockey League officially opened the $180,000 escalators in Maple Leaf Gardens Wednesday. Team captain Sid Smith and goaltender Harry Lumley cut the official ribbon, and team members climbed aboard for the first ride.

Bantam Reps Work Out Friday

First try out practice for the Nelson Minor Hockey Association's bantam reps will be Friday afternoon at 5 o'clock. With only five holdovers from last season's team, a big turnout of new recruits will be looked forward to by Coach Slim Porter.

Last season's players available include Fred McLelland, Bob McCandlish, Ernie Wah, Clare Palmer and Hughie Hooker. Other players expected out along with any newcomers include Danny Lang, Tom Kiever, John Blunt, Bernie Arcure, Noel Cutler, Ron Abrahamson, Dick Gelinas, Tom Ramsay, Gary Peerless, Bill Harrison, Gary Kilpatrick, Gary Higgs, Shelly Atwell and Carl Hennig.



WHEN PAT ABBRUZZI checked into the Montreal Alouette camp, he was a virtual unknown. But with the Big Four season in full swing, the Rhode Island bruiser now looms as the find of the year in Canadian football. The league's top scorer, the Alouette halfback also has picked up more than 500 yards rushing in five games to lead the league in that department.
—Central Press Canadian.

Flyers' McBride On Hunt for Heavies, Left Wing Patrollers

Spokane Flyer manager Roy McBride is being hampered by a shortage of defencemen and left wingers at the team's current workouts being held in Spokane's Elm Street Ice Arena. But he is quite satisfied with progress so far. "Naturally our condition needs improvement," said McBride, "but I thought just about everybody looked in fine shape for this early."

Rookie John Panagrot is the Flyer goal-tending candidate to date. The broad-shouldered goalie is a rarity in his profession. He plays right-handed which means that he wears his catching mitt on his right hand.

Flyer veterans Ralph Luke, Danny McDougald and Jack Lancien are the only defencemen now in camp. Tom Hodges, another ex-Flyer, has been released from the Winnipeg Warriors' training camp and is expected to report Friday. Bud Dais, ex-Spokane junior, recently released from military service, will also try out.

Bruno (The Bear) Pasqualotto, a rugged defenceman who has seen action with both Trail and Nelson, is also slated to bolster the Spokane defence.

McBride reports that the Flyer first line will be centred by Frank Kubasek, with the king-sized Lorne Nadeau on left wing and Jack Miller on right wing. Nadeau weighed in at 208 pounds and hopes to lose six or eight of them before the exhibtion opener next Tuesday in the Colliseum against the Penticton V's.

Other centremen on hand are Red Tilson and a fast and powerfully-built Saskatoon rookie, Art Jones.

For right wingers McBride has former Spokane pucksters Doug Toole, Hughie Scott, Wingy Johnston, Carl Cirullo and Nadeau.

It is not known what players McBride has up his sleeve for left wing.

The Flyers, who play their first league game at home on October 16, have already sold 750 season tickets for regular WIHL season play.

Curlers Gear Up for Play

Following a meeting with the Civic Centre Commission in which an agreement was made for fees for the coming winter, the Nelson Curling Club executive will now swing into a campaign to get new members and bring the club back to its previous status in numbers and interest. The season will commence November 1 this year and will run to March 15.

For the first two competitions the members are permitted to form their own rinks with the stipulation that each rink formed must have one novice curler. A curler new to the club is not a novice if he has belonged to any other club. The move is designed to keep a fresh crop of starters in the game. Under this setup it would be possible for three skips to group together in one rink but they would have to bring in a novice with them.

Jim Harvey is chairman of the membership committee.

Within the past few days the handles for the new rocks arrived and the club now has matched rocks for ten sheets of ice. Only recently it found a sale for the 15 pairs of rocks which cleaned the club out of its old sets.

CLASSIFIED ADS GET RESULTS

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes, and find what your outlook is, according to the stars,

For Friday, October 7, 1955

MARCH 21 to APRIL 20 (Aries)—"Your" planet Mars is very auspicious aspect now — indicates vigor, renewed interest in activities, and strength of will — all of which must be directed carefully! Make this day count.

APRIL 21 to MAY 20 (Taurus)—A hectic pace can impede progress. It also jeopardizes health. No worrying!

MAY 21 to JUNE 21 (Gemini)—The planet Mercury, important in your zodiacal sector, is beneficially aspected today. Be ready but not over-eager; keep busy but do not strain; be pleasant and tolerant, and not too impulsive.

JUNE 22 to JULY 23 (Cancer)—Life is full of obstacles — and so much the better if one is to enjoy the fruits of well-earned success, happiness. Strive with the future in mind.

JULY 24 to AUGUST 22 (Leo)—While vibrations are somewhat negative in your sector today, you will have numerous opportunities to gain ground through continuance of past good effort and by making improvements. Try.

AUGUST 23 to SEPTEMBER 23 (Virgo) — Do not be impulsive or hasty now. Enthusiasm can lead one astray if not controlled.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Better methods and an improved system can help you make headway now. If anyone can find them, Libra can — so DO.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Note Aries and Virgo. Your indications similar. You may not make rapid progress today but what you do make should be solid.

NOVEMBER 23 to DECEMBER 22 (Sagittarius)—Industry, trades, professional careers, art, music and charitable activities share many fine vibrations. But you will have to be alert, accurate, and not strained.

DECEMBER 23 to JANUARY 21 (Capricorn) — Don't force matters or become disgruntled, even if you feel justified. Look at things from the other fellow's viewpoint — especially if he is not feeling up to par.

JANUARY 22 to FEBRUARY 20 (Aquarius) — A few of the ways in which you can advance your interests under today's somewhat tricky influences; careful calculation, steady but not hasty effort, and accuracy.

FEBRUARY 21 to MARCH 20 (Pisces) — Keep in touch with outside interests; don't get into ruts which impede advancement. Shun questionable schemes and those who promote them. It is better to lose graciously than win unfairly.

YOU BORN TODAY are a roundly capable individual, with the talent and personality needed in a position of trust. In a position where you must follow others' orders, you will also do a splendid job. You weigh things carefully before beginning, analyze more than many do, and thus often reach surer decisions. Though by nature refined, proud and artistic, you may be wont to over-indulge pleasures, overspend. A dispassionate reasoner, you would make an excellent judge. Birthdate of: Jas. Whitcomb Riley, noted poet.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

"Do It the Easy Way"

LONDON (CP) — Working on the principle that noise annoys barnacles, naval scientists have evolved a device to keep barnacles from settling on ship's hulls. It sends out high-frequency sounds, inaudible to humans.

Market Trends

NEW YORK (AP) — The stock market made a strong advance Wednesday, its second straight since the big Monday break.

Canadian issues were dull. Canadian Pacific gained ⅛ while International Nickel lost ⅝.

TORONTO (CP) — Industrials marked up a nominal advance on the Toronto stock exchange Wednesday as business quickened after Tuesday's slow session. Mines were mostly mixed and western oils moderately firmer.

Papers were the strongest industrial group. Most other groups were mixed to a little higher, but steels and financial institutions moved down. Bank eased.

MONTREAL (CP) — Pulp and paper issues spearheaded an industrial drive to slightly firmer territory on the stock market Wednesday. Price movements were narrow in most instances and advances were confined to major fractions. The market was buoyant the sessions progressed.

Mines were generally lower in a 5-cent range in featureless trading.

LONDON (Reuters)—Gilt-edged issues were well received in the London stock market Wednesday following the speech of treasury chief R. A. Butler. They showed gains of up to three-quarters of a point.

Among rails, Canadian Pacific was firm and other transatlantic issues moved up following the Wall Street overnight recovery.

Calgary Livestock

CALGARY (CP)—On offer up to 11 a.m. on the Calgary public stockyard: 1250 cattle, 120 calves.

Tuesday's sales: 1112 cattle, 119 calves, 410 hogs, 134 sheep.

Receipts were mixed in quality with no undue activity. No strictly choice dry fed steers were sold early. Medium and good grades of grass steers were steady with the odd strictly choice dry fed heifer

Odd choice steer 19.50; good 17.50-18.50; medium 15-17; common 10-14.50. Odd choice dry fed heifers 19; good 16-17.70; medium 14-15.50; common 9-13.50. Good cows 9-9.80; odd heifery cow higher; medium 8-8.75; common 7.50-7.75. Canners and cutters 47.50. Good bulls 9.50-10; common to medium 8-9.

Good feeder steers 16-17; good stock steers 15-16.50; common to medium 9-14.50; good stock steer calves 14-16; good to choice veals 15.50-17; common to medium 9-15.

Hogs sold steady Tuesday at 20.50 for A grade; two loads 16 liveweight rail grade for eastern shipment; sows steady 10.50-12.25 liveweight.

Good lambs 15-16.

The market will be closed Thanksgiving Day but the usual facilities will be provided for the handling of livestock.

SWEDISH ORE

Sweden's export of iron ore reached 6,530,000 tons in the first half of 1955, against 6,140,000 tons a year previously.

Start First Aid Classes Nov. 8

PROCTER — At a recent meeting of the West Arm Life Saving Society held at Holiday Inn, Procter, H. W. Aitchison of the Department of Mines demonstrated two types of life-saving equipment. He pointed out that a resuscitator is not approved by the medical profession in Canada unless operated by a medical student, but an inhalator can be used. The cost of an inhalator is half that of a resuscitator and thus two could be purchased with the funds raised and one placed either side of the West Arm.

The Society decided to request free use of the Procter community hall for the purpose of holding first aid classes to be instructed by Mr. Aitchison and by Cpl. Alex Borodula of the RCMP. The first meeting is scheduled for Tuesday, November 8, and anyone over 12 years of age is eligible. Classes are free with only a charge of $1.05 for the first aid manual. Enrolment includes the four districts of Balfour, Longbeach, Harrop and Procter. The books have been ordered and will be available at the classes.

Trail Building Over Million

TRAIL — Construction statistics to date this year in Trail are over the one million dollar mark with the issuing of a $438,000 permit for construction of the federal public building.

The figure to date is slightly ahead of the total for the first nine months of last year. The federal building permit was the largest of 30 issued in September totalling $459,883, compared to $99,815 a year ago. Total for the year to the end of September is $1,095,206, compared to the 1954 nine-month total of $1,030,195.95.

FUNERAL NOTICE

PARENT — Mrs. Louise Parent, died at Trail-Tadanac Hospital Monday evening at the age of 78. Requiem Mass will be sung at St. Rita's Church, Castlegar, at 10 a.m. Friday morning. Carberry's Funeral Home is in charge of arrangements.

Extra Minerals May Hurt Farm Cattle

SASKATOON (CP)—A word of caution for farmers who believe a little extra mineral is beneficial to cattle was sounded here by Dr. D. G. Dale of MacDonald College, Montreal.

He said the animals can bet extra fluorine with the extra mineral and this could bring the fluorine intake near the danger point.

Dr. Dale, sounding the warning note during the Canadian Veterinary Medical Association meeting here, said several Quebec and Ontario dairy herds were found last year to be suffering from chronic fluorosis.

Following this discovery, changes were made in the Feeding Stuffs Act designed to eliminate the hazard in future. But, said Dr. Dale, government regulations cannot cover all circumstances.

The Feeding Stuffs Act was amended in 1954 to limit the amount of fluorine that can be present in feeding stuffs sold in Canada for cattle, sheep, swine and poultry. Protein and mineral supplements also were covered as far as cattle were concerned.

In dairy cattle, it had been established that dental fluorosis could be produced when the intake was as low as one milligram of fluorine per kliogram of feed a day. It was felt that economic damage did not occur until the intake approached two milligrams per kilogram a day.

Kaslo Road to Get Gaglardi's Consideration

KASLO—City Council has approved disbursements for the month of August amounting to $5787.92.

Highways minister P. A. Gaglardi, in his reply to a letter from council, assured his full assistance in next year's estimates regarding standardizing and surfacing the Kaslo-Balfour road.

A report was read of the B.C. *lands survey, defining boundaries* of property on the south side of Kaslo River, being sold to the public works department for storage of public works equipment.

The council decided to supply building paper for the second floor of the hatchery, prior to insulating with sawdust.

Vigorous Police Job For New Service Dog

DOG WITH A DIFFICULT TERRITORY

Dog with a difficult territory to cover is new RCMP service dog "Tye."

The jet-black German Shepherd comes to Nelson to take over from retired RCMP dog "Wolf" a territory noted in police circles across Canada for the number of dog cases each year and their difficult nature.

The cases have ranged in the last year from tracking down desperate escapees from Nelson provincial jail who were wielding a long, wicked butcher knife, to tracking a murderer who packed a shotgun, up a mountainside near Fruitvale. In other years dogs have been put on the trail of arsonists and terrorists after blastings and burnings. Almost routine are the calls to trace lost children, lost hunters and missing persons.

Retrieving discharged shells, stolen money and goods, and uncovering liquor caches in a given area are vital parts of a service dog's work.

To these ends "Tye" has already received extensive training from his dog master Constable Gordon Scorgie at the RCMP training school at Sidney, Nova Scotia.

But he must be kept at a high efficiency point so each working day is devoted to about two-hours of training.

Constable Scorgie working with Wolf's dog master Cpl. S. A. Rammage puts the dog on practice trails anywhere in the district, lays caches for him to find, (they often use pennies and the dog will pick them up in his teeth and return them), or puts on an arm guard and order him to attack.

A TRAIL EACH DAY

Tye can find a still deep in the woods and practices by locating empty liquor bottles and he can pick up the scent of a lost child and track him through woods, water and thick underbrush as long as there's scent to be found. He follows at least one trail a day laid by his master or Cpl. Rammage.

But most impressive is the *dog's obedience training.* At a soft word from his master he sits, plays dead, remains rooted as his master goes on. At the snap of the fingers he will jump to follow his master. After each exercise he returns to the police car. The dogs are trained when called to neatly circle their masters and heel at the left side.

The training "keeps the restless dogs under control," Constable Scorgie explained. Dog masters can train their dogs all the standard tricks from sitting up and begging to shaking hands, he said. "Wolf could tell you his age by barking," Cpl. Rammage said, adding "It's easy, you hold your unseen hand by your side and extend a finger for each bark he's to make."

RCMP service dog names are always short including Tye's. The dog master and former dog master explained a short name is essential to terse commands and calling over a distance.

Constable Scorgie before becoming Tye's master was stationed at Winnipeg, Charleswood, Portage la Prairie, and Norway House. He is originally from Meota, near North Battleford, Saskatchewan.

FAMED CHAPEL

LONDON (CP) — The chapel royal at St. James' Palace will be re-opened for services next month after being closed four years for repair of bomb damage caused in 1941. The Queen may attend the first service in the 450-year-old chapel on Oct. 9.
