Soviet Agrees to "Summit" Talks

GM Duplicates Ford Agreement

Chrysler Next On Reuther's List; Hopes To Spread Plan To Other Industries

DETROIT (AP)—The United Auto Workers (CIO) Monday obtained from General Motors the same guaranteed wage plan it got a week ago from Ford. Today the union turns to first 1955 bargaining with a member of the auto industry's "little three"—American Motors Corp.

Walter P. Reuther, president of both the CIO and UAW, said a similar guaranteed wage plan would be the union's No. 1 demand on Chrysler, last of the Big Three unsigned. He declined to say what would be asked from American Motors, Studebaker-Packard and Kaiser.

However, Leonard Woodcock, UAW vice-president in charge of its American Motors department, told reporters "Yes, we are going to ask the same of American Motors.

UNION GAINS BEACHHEAD

With his new three-year G M agreement, Reuther again established the principle of employer-paid benefits to supplement unemployment compensation of laid-off workers. From this important auto beachhead he hopes to spread it to other industries.

The UAW has 375,000 workers in GM plants, where it won an unconditional union shop along with monetary benefits that it estimated were worth 20 cents hourly to each worker-member.

The International Union of Electrical Workers (CIO), which an hour later won a similar guaranteed wage package for its 35,000 G M employees, declared it "provides a splendid objective" for bargaining later this year with General Electric and Westinghouse.

The present hourly pay scale in the auto industry averages roughly $2.10, with that of skilled workers running up from a base of $2.50. The IUE figures its members averaged $2.21 hourly before the new agreement.

Both still must be ratified by UAW local unions as must that with Ford, to become effective.

Whiterock Club Leads B. C. Drama Festival

KAMLOOPS (CP) — Amateur thespians of White Rock, B.C. captured top honors in the B.C. Drama Festival here Saturday by producing the best play and best actor.

The White Rock Players club won its award for presentation of Bernard Shaw's "The Shewing Up of Blanco Posnet," one of nine entries in the three-day festival.

Robert Henry, in the role of Blanco Posnet, was judged the best actor by adjudicator Betty Mitchell of Calgary, Alta.

Patricia Scott of the Community Players Club, North Vancouver, B.C., captured the award for the best actress in her role of Queen Elizabeth I in the play, "Elizabeth, the Queen."

Big Three Draw Up Peace Plans

LONDON (AP)—Diplomatic officials said Monday a new Allied proposal for guaranteeing all European countries, both Communist and non-Communist, against aggression is nearing completion.

The plan was reported to take into account the possibility of an agreement with Russia on a phased, supervised disarmament program. The information said it is being prepared for submission at the proposed summit conference of the Big Four powers.

British, U.S. and French experts were reported working on the project in consultation with the governments of West Germany and other members of the North Atlantic alliance. A report on it has been drawn up by a working group of the Big Three Western powers in Washington, the informants said.

This will be weighed by the British, American and French foreign ministers who meet in New York Thursday. They expect to discuss it with West German Chancellor Konrad Adenauer now in the United States.

The informants did not disclose details.

CPR Wins Second Award in Row

MONTREAL — The Canadian Pacific Railway today was named the only Canadian railroad to receive, along with 15 U.S. roads, the coveted "Public Safety Activities Award" by the National Safety Council.

Ned H. Dearborn, President of the National Safety Council, in a telegram to CPR president, N. R. Crump, congratulated the railway "on being voted the top award for public safety actitivities." It was the second consecutive time in as many entries that Canadian Pacific has won the award in Canada.

Life Sentence For 15-Year-Old

MONTREAL (CP) — Guy Desrochers, 15, Monday was sentenced to life imprisonment for the slaying of an elderly farm couple at Val Morin, Que., last Oct. 18.

The youth showed no emotion and kept his head lowered and his arms folded as Mr. Justice Wilfrid Lazure pronounced sentenced.

Desrochers last week pleaded guilty to a reduced charge of manslaughter arising from the fatal shooting of Josephat Therrien and his wife, both 65.

Gilles Boisjoly, a 14-year-old companion, last December was acquitted of the shooting of Mr. Therrien. He is scheduled to stand trial for the murder of Mrs. Therrien during the fall assizes of Court of Queen's Bench. He is free on bail.

Doctors To Discuss State Medicine For Canada

TORONTO (CP) — The fourth British Commonwealth medical conference begins today with Canadian delegates preparing an answer to demands for a form of compulsory state medicine for Canada.

Officials said Monday the medical profession will take its "most positive stand yet" on the form of health insurance it feels most suitable for Canada.

HERE IS A GENERAL VIEW of the scene of death and havoc at Le Mans, France, following the collision of two sports cars in a 24-hour endurance race. One car burst into flames and hurtled into group of spectators killing 82 and injuring 71. Workers remove one of the bodies in left foreground. Smoke rises from burning car on other side of fence in centre.—(AP Wirephoto via radio from Paris).

Discussion of Satellite States on Taboo List

By SIDNEY WEILAND

MOSCOW (Reuters)—Russia has notified the West she agrees with proposals to hold a "summit" meeting in Geneva, Switzerland, next month, but indicated she will not discuss the status of East European satellite states or the activities of international communism.

Acceptance of the Western invitation to a meeting of the heads of the Big Four governments in Geneva, opening July 18, was announced in a 250-word note delivered Monday to the British, American and French embassies.

The West suggested the dates July 18-21. Russia's formal agreement was to the opening date, but left undecided the duration of the conference.

MAY EXTEND MEETING

Western observers here think Russia may try, when the conference opens, to propose an extension of the time of the meeting, presumably in an effort to go more deeply into some problems at the "summit" stage.

The Western powers want the Big Four leaders to prepare the way for more detailed consideration of the problems by the foreign ministers. The United States has been reported particularly in favor of confining the Big Four meeting to about four days.

Russia's intimation of what she is not prepared to talk about at Geneva came in a 1000-word statement issued Monday by Tass, the official Soviet news agency.

The statement criticized U.S. State Secretary John Foster Dulles for his demand that the position of Soviet satellite states be on the agenda, together with the "activities of international communism."

The Tass statement asked: "How would Mr. Dulles regard the raising at the Four Power conference, for example, of the question of 'the activities of international capitalism?'"

The Tass statement asserted: "It should be clear to all that no 'problem of the countries of Eastern Europe' exists because the peoples of these countries, having overthrown the rule of the exploiters, have established in their countries a people's democratic government and will not allow anyone to interfere in their domestic affairs."

The formal Soviet note to the West powers raised neither of these questions, but reiterated the general principles of the Soviet approach to the Big Four meeting.

It declared the aim of the conference is to "reduce international tension" and to "strengthen mutual confidence in relations between states."

Unions Refuse to Call Off Strikes

SINGAPORE (CP) — Left-wing union leaders Monday refused to call off a wave of strikes until the Singapore government releases five Chinese unionists and a high school teacher arrested as suspected Communists.

They rejected a demand by David Marshall, chief minister of the British crown colony's first elected government, for an immediate return to work.

A government spokesman claimed the left-wing unions had failed in their bid to achieve a general strike. He said only 15,606 workers were out, compared with more than 70,000 claimed by the unions headed by Lim Chin Siong, one of the three People's Action party members in the legislative assembly.

Surveys by newspapers and observers indicated that about 30,000 of Singapore's 130,000 manual workers failed to urn up Monday. But it was not possible to estimate how many other workers were made idle by the stoppages.

Most office workers reported for duty despite severely curtailed transportation caused by a strike of 2000 bus drivers and conductors. This strike began Saturday, in sympathy with a conductor involved in a court case.

France Suspends Auto Racing

PARIS (CP)—The French government Monday night suspended all automobile racing in France until much stricter regulations can be worked out following Saturday's Le Mans crash in which 82 persons were killed.

A government spokesman said new regulations to make racing a safer sport will be studied. He added the government hopes to draw up the stricter rules in co-operation with other countries where races are held regularly.

A deputy in the national assembly submitted a written question asking the government to explain what action it plans to take to assure the safety of the public at such races. The deputy, Francis Caillet, also asked why the race was continued after the disaster.

In Le Mans a judicial investigation was under way.

Peron Warns Against Rioting

BUENOS AIRES (AP)—President Juan Peron warned in a broadcast Monday night his supporters would suppress "with all energy" further riots between Roman Catholics and their opponents.

New fighting broke out in the Plaza de Mayo in downtown Buenos Aires late Monday, a few hours before Peron spoke. It was in the plaza that 28 persons were injured in weekend clashes between Roman Catholics and government supporters. No one was injured Monday night.

A crowd of demonstrators shouting "Peron yes, priests no," marched on the metropolitan cathedral and the palace of Argentina's cardinal Monday night to plant an Argentine flag atop the palace. They were driven back by Catholic churchmen guarding the edifice.

Federal police had raided the palace, searching the rooms of Luis Cardinal Copello and arresting 430 persons inside. Thirty-seven other persons were reported arrested Sunday night and Monday.

The government has charged Catholic demonstrators burned an Argentine flag Saturday night and destroyed a plaque honoring Mrs. Peron.

Police accused those arrested of plotting to burn or damage the historic cathedral adjoining the cardinal's residence and then turn the blame on Peronistas.

Peron met his cabinet for 1½ hours, but no report was released.

One Way To Liven Sunday

ORANGE, Conn. (CP) — The storekeeper called police and told them to drop around if they wanted to arrest him for doing business on Sunday.

"I've got some customers here and I don't want to keep them waiting," he explained.

Chief Carl Peterson, anxious for a test case of an old Connecticut blue law, hurried over gratefully and made the arrest. Six other co-operative storekeepers also were nabbed.

Police needed help from the merchants, who were also anxious for a test case, because things are so slow on Sunday in this little town that police were having a hard time getting to see a merchant make an illegal sale.

One That Didn't Get Away

WINNIPEG (CP)—It took Alf Knoll nearly a year before his Father's Day present paid off. But it got him a 33-pound northern pike, biggest caught in Manitoba this year and 13 pounds under the world record.

To get the four-foot fish he had to take an unexpected swim.

Mr. Knoll's wife gave him a fancy fishing plug last Father's Day. He first used it Sunday at Nutimik lake in eastern Manitoba.

He hooked the fish after a few casts from the shore and played it in a 45-minute struggle.

Then his line broke. So Mr. Knoll jumped into the lake, grasped the pike and towed it to land.

11 Directors for Victoria College

VICTORIA (CP) — Education Minister Ray Williston announced Monday appointment of an 11-member, all-male governing body for Victoria College, which will direct the institution's affairs after Sept. 1, 1956.

Members include Stuart Keate, publisher of the Victoria Daily Times, and a member of the University of British Columbia Board of Governors; Judge J. B. Clearihue, the second UBC appointee; UBC president Dr. N. A. M. MacKenzie; and Dean S. N. F. Chant of the faculty of arts and science.

Appointmnet of the new board is the result of legislation enacted at the spring session of the legislature establishing Victoria College as a second institution of higher learning in B.C., closely affiliated with the University of British Columbia.

Eventual effect of the move will be expansion of the college, integration of arts and science and education, and closer ties with UBC and the provincial education department.

B.C. Hospital Association Demands Bennett Attention

VANCOUVER (CP)—Attendance of Premier Bennett at a meeting June 24 to protest the recent government hospitals wage freeze order was demanded here Monday by the B.C. Hospital association.

Action of the 76-member organization followed a notice to executive secretary Percy Ward that the premier "would be unable to attend" the meeting of 16 delegates.

The government was notified immediately it was essential that the premier be present to thrash out the problem created by the May wage freeze order.

Delegates said they would be prepared to set another date at the convenience of the premier.

Their brief calls on the government to reconsider the wage freeze directive or hospitals will either have to "repudiate their legal and moral obligations" in refusing to pay wage increases awarded earlier, or reduce staff to cut costs.

And that "would be a detriment to their service to patients," the brief says.

Four Drown as Ship Founders

ALERT BAY, B.C. (CP) — Four of six persons aboard a mission ship were drowned when the disabled vessel piled on a reef off the east coast of Vancouver island last Friday.

The two survivors, an Indian missionary, Stacey Peters, and a member of his congregation, Price Bruce, were rescued Monday from wind-swept Midsummer island, 200 miles north of Vancouver.

"We prayed and prayed," said Mr. Peters, "we were without food for 48 hours."

They used a rusty oil-can to haul drinking water from an island creek.

The mission party left here Friday afternoon on a series of gospel services in Indian villages along the reef-studded coast.

The body of a young girl, identified only as Barbara Jean, was washed ashore, but no trace has been found of Wilson Wallace, Mrs. Paul Rufus and four-year-old Floyd Dawson, grandson of Mrs. Rufus.

DOLLAR UNCHANGED

NEW YORK (CP)—The Canadian dollar was unchanged at a premium of 1 17/32 per cent in terms of U.S. funds Monday. Pound sterling up ⅛ of a cent at $2.79⅜.

MONTREAL (CP)—The U.S. dollar closed at a discount of 1½ per cent in terms of Canadian funds, unchanged. It took 98½ cents Canadian to buy $1 American. Pound sterling $2.75 3/16, up 3/16.

U.S. dollar bid 98½, asked 98 17/32.

Adenauer Aligns Germany With West

By JOHN A. SCALI

WASHINGTON (AP) — Chancellor Konrad Adenauer arrived Monday for talks with President Eisenhower and declared he will turn down any Soviet move to neutralize West Germany in the cold war.

"My countrymen are ocnvinced a close and loyal partnership with the peoples of the free world on the basis of the treaties which have recently come into force is the best means of maintaining peace and freedom," he said.

Adenaurer, tanned and vigorous despite his 79 years, said his people consider their newly-ratified Atlantic Pact alliance with the West "the best means of obtaining the peaceful reunification of Germany in freedom."

The Big Four conference, as well as a Russian invitation for Adenauer to visit Moscow, are prime topics of conversation when he meets President Eisenhower and State Secretary Dulles today. Later in New York Adenauer meets the Western Big Three foreign ministers. In London on his way home he sees Prime Minister Eden.

Climbers Celebrate Mountain's Conquest

By PETER JACKSON

DARJEELING, India (Reuters)—Beer flowed freely inside a mountain hut at the nearby village of Tonglue Monday night as the conquerors of 28,146-foot Mount Kanchenjunga celebrated their victory over the world's most formidable mountain.

Dr. Charles Evans and his team of British mountaineers plodded into Tonglue through a gray mountain mist, weary happy men. Evans is a Liverpool surgeon.

The climbers, who May 25 and 26 scaled what had been the world's highest unclimbed peak, had a meal of hot soup, steaming Irish stew and beer.

In the homes of the Sherpa tribal porters in the shadow of the towering, ice-clad Himalayas, prayers of the elders for the climbers' future mingled with the noise of feasting of young people of the tribe.

A warm welcome for Evans came from Tenzing Norkay, the Sherpa guide with whom Evans had participated in the successful 1953 Mount Everest expedition, in which Tenzing and Sir Edmund Hillary of New Zealand reached the summit.

Tenzing rushed up to Evans, put his arms around the doctor, and held him in a long, tight embrace. Then he presented Evans with a sacred shadu, a white Tibetan shawl.

Evans described the final ridge as the worst part. It is solid rock and they found it possible to climb it only on the last day of the assault.

CAMP AT 27,000 FEET

The conquest was "hellish hard work" said 24-year-old Joe Brown, one of the four to reach the summit.

They described their seven-hour battle to reach the peak from Camp 6, a two-man pup tent perched on a ledge 26,900 feet above sea level.

"It was a bit of a rush," Band said. Because they had to reach the tent before the light failed, they turned right around and started down again.

On the way down, their oxygen gave out. But this enabled them to jettison the 23-pound oxygen sets.

TWO GROUPS MADE IT

The next day their feat was duplicated by two other climbers, who spent an hour at the summit.

Kanchenjunga, which has claimed eight lives in five previous expeditions, became the highest unclimbed peak when Everest, the world's loftiest mountain, and K12, the second highest, were climbed in 1953.

Ship's Passengers Stuck in Britain

LIVERPOOL, Eng. (CP) — Some women passengers from the 22,000-ton Cunard liner Saxonia sat on their luggage and pondered their next move Friday night after the ship's voyage to Montreal was cancelled because of an unofficial seamen's strike.

About 500 passengers had to leave the liner Monday. Some planned a charter flight at a cost of $140 each to Canada, the same as the Saxonia fare.

Others took taxis and went hotel hunting. Many travelled home in buses and the few trains still running in rail-struck Britain.

KOREA HONORS ALBERTA NURSE

TORONTO (CP) — The Korean Red Cross has named a nurses' residence at Seoul after Alberta-born nurse Helen McArthur, who has worked for the last year as associate relief co-ordinator for the League of Red Cross Societies in that country.

McArthur hall was named in Miss McArthur's honor, the Korean Red Cross said, because her inspiration and counsel contributed so much to its completion."

WOMAN LOSES SUIT AGAINST BCE

VANCOUVER (CP)—Mrs. Effie Jones has lost her suit to collect $3.84 from the British Columbia Electric Company.

The suit was dismissed Monday in small debts court by Magistrate Howard Fremlin. He awarded the BCE costs of $1, the usual in small debts court.

B. C. Flood Risk Increasing

VANCOUVER (CP) — Risk of floods in British Columbia grew Monday as water resources officials reported the Columbia and Fraser rivers at higher levels.

The Columbia showed a rise of seven feet since Friday and the Fraser was up 5.75 feet at Prince George, 400 miles north of here.

"We now are in the critical period," said a spokesman for the federal water resources division here. "This rise will continue for at least three more days. If it goes on at this rate, we shall be worried by that time."

Hot weather of recent days has melted one of the heaviest snowpacks on record for this time of the year.

And In This Corner . . .

NORTH BEND, B.C. (CP)—Only two students graduated from the North Bend senior high school although the school had its highest enrolment in years.

A. Schmidt, principal, explained that so many pupils moved away that the senior high school was left nearly empty.

The two graduates were Shirley and Shiela McCormick. Shirley gave the valedictory address.

PORTHCAWL, Wales (AP)—It may sound crazy to the French but George Loughlin is in trouble for eating snails.

George, 45-year-old news stand operator, sat in his club extolling the snail as a tasty dish.

So a fellow clubman walked into the garden, brought back a dozen snails and said: "Eat them."

Now there's a world of difference between a slimy British garden snail and fine fat snails that Frenchmen eat.

For George, however, this was a point of honor. Rather than swallow his pride he swallowed the snails—and apparently enjoyed them.

Not so the committee of Porthcawl's United Services club. They ordered George suspended for three months "for causing consternation to other members."

BOSHOP, Calif. (AP)—The United States forest service says an unidentified woman helped control a forest fire by doffing her skirt.

She and her husband discovered the blaze in Rock creek canyon, a forest service spokesman said.

The husband used the skirt as a bucket to carry water from the creek and check the fire until rangers arrived and put it out.

Forest Hearings Open Here Today

The royal commission on forestry headed by Chief Justice Gordon Sloan will commence three days of sittings here this morning.

The commission on B.C. government forestry policy and forest management licencing will commence sittings at 11 a.m. and will continue Wednesday and Thursday. The commission will later sit for three days each at Penticton and Kamloops.

F. G. Hart is commission secretary.

Last Rites Held For C. Thorbergson

Funeral services for Christopher Martin Thorbergson, 49-year-old miner who died in Nelson Thursday, were conducted at Thompson Funeral Home Monday morning by Rev. W. J. Fletcher of Bethel Tabernacle and Rev. G. W. Payne of St. Paul's United Church.

Hymns sung were "The Old Rugged Cross" and "Abide With Me." Organist was John Anonby. Interment was in Nelson Memorial Park. Pallbearers were Gilbert Anonby, John Anonby, Ross Pennoyer, John L. Wood, Harry Campbell and Donald McNutt.

Youth Convicted

TRAIL—A 16-year-old youth was sentenced to an indeterminate term in the Boys' Industrial Home at Brannan lake, near Nanaimo, when he was convicted of threatening police with a loaded weapon.

Parker Williams, juvenile court judge, heard the case.

The youth was arrested Friday night when, following a family argument, he grabbed a loaded .22 calibre rifle and threatened suicide.

Composing Room Foreman at News Leaving for Coast

S. N. FAWCETT

S. N. Fawcett, composing room foreman at The Nelson Daily News, leaves Thursday for Vancouver where he will continue in the printing trade.

Mr. Fawcett entered the service of the News Publishing Company 26 years ago. He was first in the composing room, later in the job printing department, and then returned to the newspaper side of the company's operations.

In 1954, he was honored for long service with a presentation by Major Robert H. Green of Victoria, company president.

On his last shift as composing room chief Monday night, fellow employees gave him a leather travelling bag. His successor, R. L. Jarrett, made the presentation.

A native of Nelson, Mr. Fawcett has been foreman since 1946.

His wife and three children, Ann, Ronald and Jane, will join him later at Vancouver.

15 From Nelson To Cadet Camps

Fifteen Nelson boys will be among 1100 teen-age British Columbia and Alberta army cadets attending four major camps in the two provinces this Summer in the largest program of cadet training ever undertaken in the Army's Western Command.

Youngsters from 90 corps will converge on camps at Vernon, Vancouver, Sarcee, near Calgary, and Banff. Largest camp will be at Vernon, where 600 boys will undertake a seven-week training period July 4 to August 20.

Each boy at Vernon camp will receive $100 cadet trades training bonus, $20 as pocket money during camp and $80 "nest-egg" checks after camp.

Members of Nelson's two cadets corps, from the Senior and Junior High Schools going to camp are M. Wolfhard, V. Smith, M. Horswill, L. Atwell, B. Acres, B. Trickett, K. Jennings, J. Zaleswoski, G. Longden, M. Bennett, R. Abrahamson, H. Nielson, R. Sturgeon, K. Tattrie and D. Mawer.

Herbison Heads Teachers' Group

Hugh Herbison of Nelson High School has been elected president of the Nelson District Teachers Association. He succeeds G. E. MacNeill.

Other officers elected were Mrs. B. MacLean, vice-president; Miss Carol Proudfoot, secretary; Howard Meredith, treasurer; and R. J. Patrick, public relations officer.

District Council delegates elected were H. Mang, F. E. Parsons, Mr. MacNeill, R. Loewen and Mrs. MacLean.

Funeral Held For J. S. McDowell

Funeral service for John Scriver McDowall, 67, who died in Lethbridge Tuesday were conducted at the Thompson Funeral Home Monday afternoon by Rev. Allan Dixon of Trinity United Church.

Hymns sung were "Breathe On Me Breath of God" and "Abide With Me." Organist was Mrs. W. A. Manson. Pallbearers were members of Kootenay Lodge No. 16, I.O.O.F. Interment followed in the I.O.O.F. Plot of Nelson Memorial Park.

Wrestling Saved Lives

QUINCY, Mass. (AP) — Two men playfully wrestled to keep warm Sunday when they were trapped for an hour in the freezing temperature of an ice plant. Napoleon Martell, 75, and Tony Terraglia, 24, were trapped when a heavy door locked shut behind them. An hour later, Adono Vanassono, 47, arrived to buy some ice and heard the cries for help. He called police and firefighters, who pried open the doors with crowbars.

POOCH HITCHES A BUS RIDE

If anyone between Nelson and Fernie is missing a little part terrier, black and grey dog, the Greyhound bus line can tell them where it is.

Bus driver Tony Melusi of Nelson found the little dog asleep under the bus seat on the Kootenay Lake Ferry MV Anscomb Sunday. Ticket agent Mrs. Gladys Cook is caring for the dog at Nelson.

It is believed the dog may have climbed on the bus at Fernie. In the seven years Mr. Melusi has driven the route it is the first time he has found an animal on the bus.

Dogs are not allowed on the buses.

Cominco Men May Get 5-Cent Pay Hike

TRAIL (CP) — Tentative agreement on a 1955 contract was reached here Monday between two locals of the International Union of Mine, Mill and Smelter Workers (Ind.) and Consolidated Mining and Smelting company after seven weeks of negotiations.

A joint statement by bargaining representatives said the new proposal would be submitted to company and union officials this week.

The proposal involves five main changes in the 1954 contract including a five-cent-an-hour general wage increase ond a new group insurance plan increasing insurance from $2,500 to $5,000.

Another proposal calls for a four-week paid holiday for employees with the company for 25 years.

The union also asks that contribution by Cominco to benevolent societies be increased to $1.50 a month and a fifth change will limit to two years the maximum leave of absence allowed for an employee appointed to a union position.

Lardeau Softball Nine Beats Kaslo

KASLO—Many fans from the Lardeau valley accompanied their softball team to Kaslo and cheered their boys as they crept past Kaslo for an 18-16 win.

In the first inning both Kaslo and Lardeau registered one run. In the third Kaslo added eight runs. In the next two innings Lardeau failed to score while Kaslo registered three more runs in the fourth. In the fifth, Lardeau scored five runs to one for Kaslo.

MYRES HOMER

Lardeau added one more in the sixth when Sam Myres homered. In the seventh and ninth, Lardeau chalked up two runs in each while Kaslo scored one in the eighth and two in the ninth.

F. H. Abey of Meadow Creek umpired the game with Alex Gripich of Lardeau as first and second base umpire.

On the Lardeau lineup were Art Waite as catcher and Toby Gripich pitching, also Lloyd Hegland, Stan Kisby, Clarke Waite, Roy Abey, Clarke Blysack and Simmons. The Kaslo lineup had Eric Lindwell, pitching and C. Severied, catching, Clarke Bowker, W. McKilligan, L. McHardy, Arne Klett, M. Shinmoto, Frank Carney, Don McKilligan, Paul Chardon, M. Halleran, D. Mulvey and Ben Surina.

RITES HELD FOR 'FORKS INFANT

GRAND FORKS — Sixteen-month-old Keith Allan Talarico, only son of Mr. and Mrs. Ace Talarico, died suddenly Saturday in Grand Forks Community Hospital. He was born in Grand Forks.

Besides his parents he leaves his grandparents, Mrs. Robert Forshaw of Midway and Mr. and Mrs. Sam Talarico of Grand Forks, and several relatives including seven uncles and aunts.

Funeral services were conducted Monday afternoon at Holy Trinity Anglican Church, Rev. D. L. Greene officiating. Mrs. W. H. Cuff was organist and hymns sung were "When He Cometh" and "Jesus Loves Me". Interment was in Evergreen Cemetery.

Pallbearers were Fred Starchuk, William Zoellner, K. A. Honholt and Idris Morris.

Credit Unions Greet New Governors

The West Kootenay Chapter of Credit Unions held its monthly meeting at the Civic Centre. Highlight was the welcoming of governors E.W. Hemingson and Ole Almaas from the newly-organized Salmo Credit Union. Together with credit unions in process of organizing at Brilliant and South Slocan, this will bring the total number of credit unions in West Kootenay to 15.

Main subjects under discussion were the recent successful officers' school at Castlegar and slight revision of the disposition to be made of the fund to assist convention delegates.

P. E. Poulin Installed New Gyro President; New Governor Guest

P. E. Poulin was installed president of the Nelson Gyro Club Monday night before approximately 70 Gyros, their wives, and guests at the annual installation of officers and ladies' night in the Hume Hotel Silver Room.

"You are the symbol of Gyro spirit and fellowship," B. C. Affleck said, as he handed Mr. Poulin the gavel for the 1955-56 term. Mr. Affleck also installed first vice-president D. H. Greenwood, while C. H. Hamilton officially installed secretary E. G. Taylor, V. C. Owen installed treasurer R. C. Emory and T. Swendson, sergeant at arms G. B. Arneson.

P. E. POULIN

Four directors, J. G. James, J. P. Horswill, A. J. Larsen and G. W. Barnes were installed by Gyro club member F. H. Smith.

A presentation was made to past president P. H. Hoskins by president-elect Poulin on behalf of the club and Mrs. Hoskins was presented with a corsage.

"Gyro friendship" was the topic of speaker R. B. Morris who emphasized the importance of fellowship in Gyro. "We are not organized especially for community service, but for friendship," he said. Speaking of the attributes of friendship, Mr. Morris likened friendship to the varying links of a chain. "I urge you all to keep the chain in good repair through Gyro," he said. "We should keep the ideal before us that we must put more into Gyro than we take out of it," he concluded.

MANY ACTIVITIES

Outgoing president Hoskins reported on the year's activities which included Gyro Park improvement, an increase in funds to go towards a room in the new Nelson and district hospital, support of a Little League baseball team, and the Spring Hoedown as well as a number of social gatherings.

Newly elected governor for district number eight, J. M. Falkins of Cranbrook, outlined the progress of Gyro and increase in number of Gyro clubs in the past year. He reported that two new clubs had been formed in the Eastern United States and two clubs were about to be formed in Montana.

A farewell gift was presented by P. H. Hoskins to Mr. and Mrs. A. E. Norris, who will be leaving soon for Castlegar.

Secretary elect E G. Taylor spoke on "things I'd like to see in Gyro" and made numerous suggestions on behalf of the newer members of the club.

Master of ceremonies E. A. Mann turned the program over to the Gyroettes as Mrs. J. G. James, Mrs. R. C. Emory, and Mrs. E. A. Mann accompanied on the piano by J. W. Bagnall, chose Mr. Gyro for 1955, V. C. Owen, in a humorous beauty contest.

B. C. Mining Men Meet in Nelson

Mine operators from all parts of the province attended the monthly meeting of the B.C. Mining Association in Nelson recently. The meetings are usually held in Vancouver, but once a year a meeting is held elsewhere.

H. E. Doelle of Nelson, president, conducted the discussions on problems pertaining to the mining industry.

Later a get-together took place at the office of the Chamber of Mines of Eastern B.C., where the Chamber's ore exhibits, particularly those of rare minerals, drew much favorable comment. H. C. Hughes of Victoria, chief inspector of mines, expressed his admiration for the splendid exhibits.

FLOOD HAZARD STILL EXISTS

The snow survey bulletin of the B.C. water rights branch at June 1 says there is still sufficient snow to cause a flood hazard if melting is greatly accelerated by much warmer conditions. Continuation of May's cool weather would allow runoff to proceed without rivers reaching danger levels.

Melting during May proceeded slowly and was confined to lower elevations. Snow above 4500 feet was largely unmelted at June 1 and the snow water content diminished only 10 per cent during May. Consequently, discharges of the major rivers are still below normal.

Case Involving Police Car Remanded

Howard Bush of Nelson pleaded not guilty to a charge of driving without due care and attention in City court Monday following an accident Saturday in which he was in collision with the city police car. The case was remanded to June 17.

Constable James Crozier was driving east in the 600 block on Baker Street and Bush was pulling out from the curb when the accident occurred. Police car fender was badly damaged and Bush's car only slightly damaged.

Mr. Bush said that he was well out from the curb and, that the police car had hit him. He appeared before Magistrate William Brown.

FALSE ALARM RUNG

A false alarm called the Nelson Fire Department to the corner of Stanley and Innes Streets Sunday at 2:45 p.m. Fire Chief E. S. Owens reported that the person responsible for turning in the alarm has not yet been discovered.

F. A. RUPPEL BURIED HERE

Funeral services for Frederick August Ruppel were held from the Thompson Funeral Home Monday. Mr. Ruppel had been a Nelson resident for 29 years. He died at Mount St. Francis Infirmary June 9.

Rev. G. W. Payne conducted the service.

One hymn, "Unto the Hills Around," was sung. Mrs. W. A. Manson was organist. Cremation followed.

Mr. Ruppel was born in Germany September 14, 1876. He was 78.

Watch Kept on District Creeks

The department of public works is keeping a close watch on district creeks and fingers crossed that their waters won't go on the rampage.

A few have been splashing roads, but these have been shored up with a few sandbags as a precautionary measure, an official at Nelson said Monday. Kokanee, Duhamel, Cottonwood and others are being patrolled.

At present there is no danger of overflowing, "but if the water comes much higher we might have a little trouble," the official said.

A flood potential exists, but the weather holds the answer as to whether or not that will break loose.

TRAIL PIONEER F. J. MORAN DIES

TRAIL—Frank Benjamin Moran, 80, of 1120 Green Avenue, died in his sleep at his residence early Monday morning. An active community worker, Mr. Moran was particularly well known for his lay leadership in Knox United Church.

Born in De Bruce, state of New York, Mr. Moran moved to Everett, Wash., in 1906, to Marysville, B.C., in 1908 and to Trail in 1910.

He worked in the copper furnaces of Consolidated Mining and Smelting Company of Canada Ltd. from 1910 to 1930. He was made foreman of the hydrogen plant from 1930 to 1945, when he was transferred to Tadanac, working there until his retirement in 1945.

Mr. Moran was a member and a past master of Fidelity Lodge No. 32 AF & AM and a past district deputy grand master of Masonic district No. 7.

He is survived by his wife, Jessie; and one daughter, Frances Marion, at home.

Nelson Dietician To Tour Europe

Dietician at Kootenay Lake General Hosuital for the past two years, Miss Mary Jean Poole will leave Nelson Wednesday for her home in Lethbridge before embarking on a six-month tour of Europe.

Miss Poole and three other girls, two of whom were fellow graduates from the University of Manitoba, will meet in Winnipeg for a reunion and leave Quebec City together aboard the SS Franconia July 6.

After docking in LaHavre, the four girls will tour France, Switzerland, Italy, Spain, the Netherlands, the Scandinavian countries, Germany, England and Scotland.

In Jeep Accident . . .

Man Dies After 27 Years on One Lookout

A man who is believed to have set a record for length of service as B.C. Forest Service lookout man, died Sunday following an accident on a lonely logging road East of his farm near Flagstone, in East Kootenay.

F. B. M. Petersen, who was starting his 27th year as lookout man at Craven Lookout about 20 miles South-West of Jaffray, died in Fernie Memorial Hospital after being injured in an accident with the jeep he was driving. The jeep was believed to have plunged down a 50-foot bank. A companion, Samuel Phillips, was not seriously injured.

An inquiry will be held.

WIDELY KNOWN

Mr. Petersen was in his 65th year and was widely known in the East Kootenay. He took great pride in being the first to spot a fire and his promptness in detecting and reporting fires contributed greatly to forest fire suppression in the Elko district.

At the time of the accident Mr. Petersen had been working around the Elko Ranger Station waiting for the snow to go from his lookout so he could begin the Summer watch. He had gone to his home for the weekend when the accident occurred.

It was believed he was driving up an old logging road near his farm to a vantage point from which he could look over the valley for fires, when his jeep left the road.

A lookout man's life is a lonely one, but Mr. Petersen, who was a great nature lover, compensated this by making friends with a large number of mule deer that spent the summer near his lookout. He packed salt up to them, first on his back and in later years in his jeep.

Many of the deer returned so regularly over the years that he named them. A prized photo of his was one taken at the lookout of a group of large bucks, each with a beautiful set of antlers still in the velvet.

Mr. Petersen was born in Oslo, Norway, May 1, 1890 and came to Canada in 1914. He has no known relatives.

TOP STOREY OF HIGH SCHOOL TO GO FIRST

Removal of the top storey of the present Nelson High School during the Summer months and renovation inside during the Winter is planned. Tenders for the job, approved by Nelson School District property owners, will be called soon.

The old school will be used for elementary grades after its renovation, being replaced as a high school by the new building rising in upper Fairview.

Students Make Trip to Rlondel

Forty-eight Central School students made a trip to Rlondel Saturday by chartered bus and the "Moyie" for a sports day. The Division Four Class of Grade Five took part in races, treasure hunt, swimming and softball. The outing was completed with songs and team yells on the return trip on the boat.

The group was divided into six teams, Flyers who placed first, Jets who were second, Eagles who were third, Panthers, Race Bugs and Cannon Balls. Captains of the respective teams were John Waterer, Judith Waterer, Bob Patterson, Anne Norkoss, Danny Sjoberg and Pam Clark. Students were accompanied by teachers H. Meredith and Miss M. Kinnaugh.

The group left at 7 a.m. and returned at 7:30 p.m. The trip was educational, Mr. Meredith said, in that it was possibly the last chance most of the students will have to ride "Moyie".

Coal Company Steps Up Output

FERNIE—Collieries of the Crows Nest Pass Coal Company Ltd. showed increased coal production of 13,097 tons during May as compared with May of last year.

The comparative figures are 84,825 tons in May, 1955, and 71,728 tons in May, 1954. The increase at Elk River Colliery amounted to 3995 tons. At Michel colliery the increase was 9102 tons.

Coke production at Michel by-product plant increased 2875 tons during the same period.

Complete production figures follow:

Coal Production	May 1955	May 1954
Elk River	21,350	17,355
Michel	63,475	54,373
Total	84,825	71,728
Coke Production		
By-Product	13,785	11,130
B.P. Breeze	1,355	1,135
Total	15,140	12,265

Church Filled for Wallace Funeral

St. Paul's United Church was filled Monday as friends gathered to attend funeral services for sportsman and curling enthusiast Thomas Arthur (Pop) Wallace. There was also a profusion of floral tributes.

Rev. G. W. Payne officiated at the service for the man who founded high school ourling in B.C. and worked throughout his life to make better sportsmen of youths.

Two hymns, "Unto the Hills Around" and "Abide With Me," were sung. Mrs. T. J. S. Ferguson was organist.

Honorary pallbearers were Robert Wallace, Earl Hendry, William Young, Edward Dingley, James Cameron, A. M. Chesser, Howard Bush, J. W. McClelland and N. R. Sardich.

Active pallbearers were William Marr, John Thom, Walter Waite, J. C. Loomer, Michael Petaske and Jack Edwards.

Interment was in Nelson Memorial Park.

Mr. Wallace was born at Woodbridge, Ontario, in 1888 and died at his home in Nelson Friday. He was 66.

COMINCO MEN ADDRESS MEET OF ENGINEERS

TRAIL—A glimpse of the possibilities of development relative to the Consolidated Mining and Smelting Company was given by Ernest Mason at the annual dinner of Kootenay branch, Institute of Professional Engineers, held in the East Trail Guide hall. He spoke in the absence of R. W. Diamond, honorary president.

Larry Piper, superintendent of engineering, commented on the Institute's progress, and J. Kitchin representative of the hospital board spoke on the hospital's financial status.

E. Moore, local branch president was chairman and introduced the guests.

Kenneth Hughes entertained members with feats of magic, and a film was shown on Cominco's Kootenay Lake power line span, for which Mr. Mason gave the commentary.

Kimberley Boy Drowns As Season's Toll Rises

KIMBERLEY — A slough near Summer Subdivision, Kimberley, Saturday claimed the life of a 15-year-old boy, to bring the total deaths by drowning in the East Kootenay over the past week, to four.

Dead is George Alcide Griffioen, son of John Griffioen of Summer subdivision and Mrs. Griffioen of Nelson. The boy was playing with several other children when he slipped off a log into five feet of water. His companions ran for help and a man working nearby got the boy out and started artificial respiration.

The Kimberley fire department also responded with an inhalator but their efforts and those of Dr. R. Neve proved futile. A coroner's inquiry is to be held.

George was born in Kimberley Sept. 19, 1939, and was in Grade VI at the elementary school. He is survived by two brothers and three sisters at home, his grandparents, Mr. and Mrs. A. Avoledo and an aunt, Mrs. Neil McDonald, all of Kimberley.

Funeral services will be held on Wednesday.

Castlegar May Buy Garage for Office, Firehall

CASTLEGAR — The Hi-Way Service Garage at Columbia Avenue and Pine Street in Castlegar may be purchased by the village for conversion into a village office and firehall. The village has secured a 45-day option on the property for which it would pay $20,000.

However, the village's purchase depends on whether the McColl Frontenac Oil Company will exercise its prior purchase rights on the property, owned by W. P. Fomenoff. The Company has first chance to purchase the garage within 60 days from the time it is put up for sale.

The garage could be put to almost immediate use as a firehall and the office part with some addition could be easily converted to use as a village office, it is felt.

For the $20,000 the village would purchase the building, equipment, machinery and merchandise.

Both village Clerk A. T. Horswill and village auditor J. M. Macbeth have said the purchase could be financed out of current revenue by careful management.

The Board had previously considered purchase of the old Co-op Transportation Society Garage but decided this was not as centrally located as a firehall should be.

If the present deal falls through, the construction of a village office and firehall on the former Coronation Hall property, may again be taken under consideration.

Funeral Today for Kimberley Miner

KIMBERLEY — The funeral will be held today for Arthur Gilbert, Kimberley resident from 1929 to 1951, who died at Tranquille.

Mr. Gilbert was born March 26, 1902, at Marbleton, Que. He operated lumber camps in that province until 1929, when he came west to Kimberley. He was employed at the Sullivan Mines and concentrator until 1951, when he went to Kitimat to work until taking ill 2½ years ago.

Surviving are his wife, Mrs. Lillian Gilbert of Marysville, one son, Leslie, of Kimberley and two grandchildren, also by his mother, Mrs. Maria Gilbert and two sisters, Mrs. Frank Sulton and Mrs. Flora Westman, all of Ontario, and another sister in the United States.

Trail Orchestra To Aid Fire Fund

TRAIL — Trail Symphonnette Orchestra will hold a concert at Gyro Park June 22. A collection will be made under the direction of Teen Town Mayor Douglas Byers and the entire proceeds will go to the Nelson Strathcona fire relief fund.

Nelson Mayor Joseph Kary will be introduced by Mayor E. G. Fletcher of Trail and will give an outline of what has already been done in the way of relief for the fire victims.

Along with the Symphonettes under the direction of Tom Reid, guest artists will include Mrs. Jean Ellison, soprano, and Ronald Groom.

Deer, Bears Invade Gray Creek Gardens

GRAY CREEK—Numbers of deer and bear have been seen in orchards and gardens. There has also been one larger animal, elk or cariboo.

Three bears have fallen to Peter Stewart's marksmanship.

STUDENTS AT McKim High School in Kimberley, members of the Junior Red Cross Council are pictured presenting a check for $50 to the Kootenay Society for Handicapped Children. They raised the money at school. Left to right are Sandra Bain, Evelyn Binnie, Walter Voradsky, Norma Woods, Eleanor Russell, Council president; W. Mason, treasurer, and R. Lytle, chairman of membership, for the Society in Kimberley; Jackie Blain, Joan Evans, Ellen Mitchell and Lynn Oliver. —(Charles Wormington photo).

36 Students Graduate From Rossland School

ROSSLAND—The auditorium of the Rossland Junior-Senior High School was filled for the graduation exercises when 36 graduates, 15 boys and 21 girls, received their certificates.

E. Davies, principal, was chairman and expressed pleasure at the interest shown by the large attendance.

Winners of the various awards were as follows: Bob Douglas, the chemistry prize, presented by Dr. M. M. Wright, and the mathematics prize from the American Association of Teachers of Mathematics, presented by Mr. Davies; Lillian Plotnikoff and Eleanor Svarich, the nursing awards from the Rossland Nurses' Association, presented by Mrs. Eugene Topliffe; Bernadine McLellan, the home economics prize from the Ladies' Orange Benevolent Association, presented by Mrs. Y. Baril; Daniel Ryan, the fine arts award from the Rebekah Lodge, presented by Mrs. G. Nash, Leo Comesotti, the citizenship award from the Kinsmen Club, presented by E. G. Fodor; and Paul Jarvis, the public speaking prize from the Pythian Sisters, presented by W. S. Potter.

Bob Douglas, president of the Student Council, presented major letter awards to Leo Comesotti, Joan Messer, Don Bruneski and Joanne Marzocco, and a minor letter award to Diana Thomas. Mr. Potter presented Dob Douglas with a major letter award, his third year in a row; and honor certificates to Joan Messer, Diana Thomas and Don Bruneski.

Winner of the PTA scholarship, presented by president Mrs. C. L. Brown, was Joan Messer; while Bob Douglas won the $100 scholarship of the IUMMSW presented by C. Skinner.

A scholarship from the school board, and one from the Co-op Transportation Society and Credit Union, both dependent on departmental examinations, will be presented later.

Presentation of certificates was made by Inspector J. G. Kirk, who gave an inspiring address to the graduates, wishing them success and happiness in their chosen fields.

Valedictory address was given by Grant Gibson, who presented the school with a tape-recorder as valedictory gift on behalf of his classmates.

Entertainment was provided by the high school band, under the direction of B. Turvey and by Miss Kathleen Moore with two piano solos. Earlier in the evening a graduation banquet was held.

Graduates were as follows: Donald Bruneski, Denise Courville, Karen Driscoll, Wayne Ferrey, Clyde Gordon, David Henry, Famey Ingster, William Jovanovic, John Kosiansic, Joanne Marzocco, Joan Messer, Bernadine McLellan, Lillian Plotnikoff, Dan Ryan, Joan Skinner, John Sodja, Diana Thomas, Alan Woodhouse, Leo Comesotti, Robert Douglas, Maureen Feeney, Grant Gibson, Margaret Gordon, Carol Hocking, Paul Jarvis, Marilyn Kambick, Valerie Martin, Anita Meek, Ron MacAulay, Joan Peebles, Marguerite Richards, Joy Schmid, Tom Smith, Eleanore Svarich, Barbara Turner and Donna Woodruff.

Turtle Mountain Is Quiet Again

FRANK, Alta. (CP) — Turtle Mountain calmed down Sunday.

There was no rock fall and only a small amount of smoke or dust rose from the limestone formation in the Crow's Nest Pass of southwestern Alberta. The behaviour was considered "nothing unusual."

Last week clouds of steam or dust began appearing over the jagged peak of the 4000-foot mountain. Strange rumblings were heard and black mud was believed seen running down the mountain's side.

Turtle mountain has a tragic record. An estimated 80 persons were killed 52 years ago in Frank when a rock slide wiped out the coal-mining town.

Nakusp Chamber Arranges Forum

NAKUSP — The Nakusp Chamber of Commerce will endeavor to bearing on the back a tourist map sell local merchants letterheads of the district, it was decided at a recent executive meeting.

A forum of incorporation has been arranged for the next meeting. A civil defence officer will also be present. The board of appeal representatives was proposed by the Chamber for the regional town planning. These consist of three resident land owners who would serve for a two-year period. Those named were Joe Crowell, Jim Ferguson, Herb Miller and alternative Vic Smith.

The board will support the application of Fred Levitt to operate a marine service provided that regulations are adhered to.

The air harbor licence is to be renewed.

William Waldie of Castlegar will attend the next meeting and give a report on the Associated Boards meeting at Grand Forks.

It was reported that the plans for the new nuisance grounds had not yet been approved but a report should be in shortly.

Mr. Smith reported that it was not possible to change the Nakusp Development District's setup for billing to include a charge for street lights. It was possible, however, to incorporate as a district for street lighting purposes.

The Board had no reply to its request for a resident dentist.

Kimberley Man, J. W. Sims, Dies

KIMBERLEY—Funeral services will be held Wednesday for Harold John Westley Sims, 47, who died in Kimberley and District Hospital Sunday.

Born at Alix, Alta., he came to Kimberley with his parents in 1924. An employee of the Consolidated Mining & Smelting Company, he was also a member of the city volunteer fire department and was an ardent hunter and fisherman.

He is survived by his wife, three sons, Jack 12, Paul 10, and Michael 8; his father J. W. Sims and three sisters, Mrs. W. Brown, Arlene, and Nola, all of Kimberley.

FORMER EMPLOYEE CHARGED WITH HOTEL THEFT

INVERMERE — Roy Francis Patrick Scott, apprehended in Calgary appeared in Invermere district police court Monday charged with stealing approximately $1500 in cash and checks from a safe in Hotel Invermere one week ago. He pleaded guilty and was remanded to June 20 for sentence. A large portion of the money was recovered and checks have been returned.

Scott was a former employee of Hotel Invermere, having left some weeks ago.

Four Divorce Petitions Granted at Rossland

ROSSLAND — Mr. Justice James L. Coady presided at a Supreme Court sitting in Rossland, for his first time here.

Four divorce actions were heard with divorces granted to Pacifico Milan of Rossland from Ancillo Milan, Joseph De Girolamo of Kimberley from Josephine de Girolamo, Walter Romas of Trail from Alice Elizabeth Romas, and Jean Ethel McKimmie from Gordon William McKimmie. Two actions were heard under the Testators Family Maintenance Act.

Retail Merchants To Organize

KIMBERLEY — Invitations have been issued retail merchants of the East Kootenay district to attend a meeting here Wednesday for the purpose of organizing an East Kootenay branch of the Retail Merchants' Association of Canada.

Guest speaker will be H. C. Boulton of Vancouver, secretary-manager of the Canadian Association.

Procter Area Has Possibilities For Industry

Major improvement of the Harrop-Procter road may be applauded as more than just a better service for residents of the scenic West Arm area. In the long-range view it improves access to a site that has possibilities for industrial development.

The immediate Procter area, now a supply point for an agricultural area and a resort centre, has always had possibilities for industry. It provides good location where the West Arm corners off from the main Kootenay Lake; it has communication, railway, road and water connection and the amenities for a pleasant townsite. Agricultural supplies are readily available from the neighboring section. To realize on these advantages it needs to catch the attention of an industrial concern whose plans its attractions might fit.

Any improvement, such as a better road, helps to do just this.

In any case, the new road will relieve residents of one of their chief complaints. The onus for helping to speed the project has been placed upon property owners of the area by a government request to make easements and right-of-way available.

Is Rigid Nighttime Traffic Light Control Of Real Advantage?

Traffic and parking controls call for a good deal of sensible application. Otherwise they affront the intelligent driver and tempt the more headstrong to defiance.

The most casual vigil in the later hours of any evening will see pedestrians often, and sometimes a driver, disregard the stop lights in the Nelson business section. They do so because the controls simply do not make sense at that time of night and stage of traffic movement. The lights at that time no longer serve as a safety feature because there simply is not enough traffic to warrant their use.

When the lights were first installed there was some excuse for their full operation beyond the daylight and rush hours. There was the matter of developing driver and pedestrian habits in their use. That stage must surely have passed.

The stop-and-go lights are extremely useful during the day or during other periods of heavy traffic movement. A more reasonable schedule of use would prevent them from becoming a nuisance during other periods. Stop and go controls during the dark of night on sparsely populated streets seem slightly ridiculous to the visitors and do not inspire the co-operation of walkers or drivers who are abroad. Their use after the rush period of an early evening could well be controlled by the discretion of a reliable officer rather than a rigid schedule.

In Kubla Khan's Day Too

Disclosure by the income tax board that a still-un-named firm sought tax deductions for a lavish retreat for the rest and entertainment of its friends has raised some excitement in certain quarters.

The problem seems to have arisen before. As evidence we cite the Coleridge saga about Kubla Khan.

"In Xanadu (CANADA?) did Kubla Khan
A stately pleasure-dome decree;
Where Alph the saced (ST. LAWRENCE?) river ran
Through caverns measureless to man
Down to a sunless sea."

Later on, we come to what appears to be a description of a hydro-electric power project.

"And from this chasm, with ceaseless turmoil seething
As if this earth in fast thick pants were breathing,
Amid whose swift half-intermitted burst
Huge fragments vaulted like rebounding hail,
Or chaffy grain beneath the thresher's flail."

And the poet goes on:

". . . mid this tumult Kubla heard from far
Ancestral voices prophesying war."

That must refer to the income tax board.

Later we get to the point where, having been exposed to softening influences, the officials decide to undertake construction projects.

"A damsel with a dulcimer
In a vision once I saw;
It was an Abyssinian maid,
And on her dulcimer she played,
Sining of Mount Abora. (OR SOME DAM PROJECT SOMEWHERE?)
Could I revive within me
Her symphony and song,
To such a deep delight 'twould win me,'
I would build that dome in air,
That sunny dome! Those caves of ice!"
(NORTHERN ROAD CUTS?)

The poem closes with instructions to see that the officials sober up before returning to their jobs.

". . . Beware! Beware!
His flashing eyes, his floating hair!
Weave a circle round him thrice,
And close your eyes with holy dread,
For he on honey-dew hath fed,
And drunk the milk of Paradise."

Gee whiz! What some contractors go through!—The Financial Post.

Verse

He Was Our Boy

He was our Boy—there could be no other—
Tender, gentle and bright.
No dumb animal feared his ten-year-old steps;
To him went their hearts on sight.
Forced to work by a Government that didn't care,
Each day at three-thirty with him I longed to be—
Playing ball, sharing a comic, an adventurous walk by the sea:
But at least with him, my beloved; and these same longings did he share,
Such soft, fair of hair and heavenly blue of eyes,
This child of beauty came to sister and I as the greatest gift from Paradise.
Light of heart, merry of step, intrigued with wonder by joke and song,
Needing us deeply, our presence, as we needed him,
And understanding why our poverty was long.
No Muse chose a sweeter messenger, no Ireland chose a tenderer son;
But to us mere category was not enough to describe
Our carefree relationship as one—
All three for each other forever and a day.
Sister and I weep now our earthly tears—
A trio has been severed while Heaven stands by—
One that was holy and wanted only better laws to live,
Not to die.
Yet still as the gentlenesses in Nature must know—
One of their finest cannot come to such end.
Though earthly eyes tell us one thing, they tell not God's truth as He sees.
Such joy cannot die—catastrophe win—no matter what varied beliefs:
For he was joy and its depths sent on earth,
Sweet individual living on and on—
Dancing and singing in Heaven somewhere, waiting for two who make three.

—R. S.

Reader, Nelson—Please tell me how to make mint tea. My grandmother in Ontario used it for indigestion, but I have lost her recipe.

Mint tea: Take teaspoon of dried mint or half a dozen leaves freshly gathered and put into a breakfast cup. Mix together in a little water half teaspoon of ground ginger and baking soda. Add to mint, fill cup with boiling water, cover with saucer and put under cosy for ten minutes.

Newcomer, Revelstoke—To settle an argument, how many canals are there in Canada?

Six: Between Fort William and Montreal; from Montreal to the international boundary via the Richelieu near Lake Champlain; from Montreal to Ottawa; from Ottawa to Kingston; from Trenton to Lake Huron; and from the Atlantic Ocean to the Bras d'Or Lakes in Cape Breton. These canals open to navigation from the Atlantic about 2000 miles of waterways.

R. W. C., Kaslo—When a request is made in a funeral notice not to send flowers, is there any other sign one can make to show sympathy for the bereaved?

In those circumstances many friends send a card or flowers to the chief mourner after the funeral.

Puzzled, Nelson—When one gets an invitation written in the third person, how does one answer it?

The answer should be written in the third person, strictly speaking; but if the invitation comes from a close friend a less formal reply would be in order.

Investor, Nelson—Please print brief list of activities held by the Hudson Bay Mining and Smelting Company.

Operates mine and smelter near Flin Flon, Manitoba. Copper, zinc, gold, silver producer, 673 claims—424 in Manitoba, 249 in Saskatchewan. Owns all issued stock of Churchill Power Company, Northern Manitoba Power Company, and Northern Power Ltd. Hudson Bay Exploration and Development Company is a wholly-owned subsidiary. Various other claims (locations not detailed) include 2406 held by the Hudson Bay Exploration and Development Company.

The happiness of married life depends upon making small sacrifices with readiness and cheerfulness.—John Selden.

Press Comment

We could get more tourists and get them to stay longer, says the Fredericton Gleaner. "But we cannot do it simply on our natural attractions. Scenery alone can be boring to tears."

Your Horoscope

Provided you practise a little restraint and tactful patience, your year should be mainly successful. A quick, shrewd, enterprising individual is likely to be noted as today's child grows. Business success seems probable.

It's Been Said

Anyone intrusted with power will abuse it if not also animated with the love of truth and virtue, no matter whether he be a prince, or one of the people.—Jean de la Fontaine.

Stiffer Vaccine Standards Not Pleasing to Dr. Salk

WASHINGTON (AP)—Dr. Jonas Salk says the United States public health service's new and stiffer manufacturing standards for his polio vaccine "will preclude deviation from the procedures originally intended."

Earlier troubles with some commercial lots of the vaccine may have developed, he says, "because the phrasing of the minimum (government) requirements allowed for differing interpretations."

Salk expressed these views in a telegram to the U.S. surgeon-general, Dr. Leonard Scheele, made public Monday. He did not directly criticize the health service, but indicated that he disagrees with some sections of its "white paper" report on the polio vaccine program.

CAN'T AGREE IN FULL

"I recognize that this represents your views and those of your staff," Salk said, adding there are points both "wherein I concur and wherein I do not."

The health service report, released last week, said the troubles developed when production of the vaccine was shifted from the laboratory to a full-scale commercial operation.

In a statement that some have viewed as critical of Dr. Salk's theories, the report said that "the process of inactivation (which renders the polio virus in the vaccine harmless) did not always follow the predicted course."

"Where problems have arisen," Salk said, "this has been because practice has not taken full cognizance of all the theoretical considerations that apply. This could occur because the phrasing of the minimum requirements allows for differing interpretation."

The health service call in Salk and other scientists for consultation after some inoculated American children developed polio. Out of their discussions came a stiffer set of standards for manufacture of the vaccine.

Premiers Agree To June 20 for Ottawa Meeting

OTTAWA (CP)—The majority of provincial premiers heard from so far favor the June 20 date suggested by Prime Minister St. Laurent for a preliminary two-day meeting in Ottawa to consider the federal offer to share in unemployment relief costs, it was learned Monday.

The prime minister made the suggestion in telegrams to provincial premiers last Thursday, but the absence of some of the provincial heads has delayed their replies. The number of replies received was not revealed.

Premier Campbell of Manitoba was reported to have requested the meeting be delayed until after a Manitoba by-election June 27.

Prime Minister St. Laurent is expected to report to the Commons when all replies are received.

Soldier Claims Pianothon Win

BRANDON (CP) — A Tired but happy soldier from Camp Shilo, Man., pounded the final note of "Melody of Love" at 8:30 p. m. Sunday and claimed a world record for non-stop piano playing after performing steadily for 48 hours.

Pte. Donald (Tiny) Bird, a stocky 235-pound pianist who has never taken a lesson, was cheered by about 1500 persons as he completed his long "pianothon" in a nearby drive-in dance hall. Cars jammed the highway for nearly a mile.

Pte. Bird's only comment after he stopped playing was: "I'm dead tired."

LEGS AND FEET SORE

His legs and feet were swollen from the two-day ordeal on a hard, wooden bench but he managed to hobble away. He was helped to a waiting car which took him to Velva, N. D., where he opens a 14-day stand in a night-club.

He eclipsed his own Canadian record of 26 hours, 35 minutes, set May 21-22 at a Winnipeg restaurant.

Pte. Bird said he would be willing to try another stint in the future.

"If anybody can beat 48 hours, I'll do it again and try to top the new mark. I don't think I could have done it without the crowd, though. The people were terrific."

Pte. Bird, who started playing the piano on his own from the age of five, began his marathon with "Melody of Love" and finished with it. In between he ran through a long repertoire of classical and jazz songs.

He almost quit after 45 hours when it took ice packs to keep him from slipping into unconsciousness.

Ottawa Divorce Mill Busy

OTTAWA (CP) — The parliamentary divorce mill is operating full blast this session.

Records have been established in the number of divorce and annulment petitions received and those recommended for approval or rejection by the Senate Divorce Committee.

The committee received 473 petitions for divorce or annulment from Quebec and Newfoundland, the only provinces without divorce courts, and so far has recommended that 407 be granted. Judgment is pending on two cases, five were rejected, 11 withdrawn, and 48 have been set over until the next session.

Petitions approved by the committee represent a gain of 25 over the 382 divorce bills granted in the 1953-54 session, and compare with 282 in 1952-53 and 312 in 1952. Petitions received this session are up 11 over last year.

APPROVAL NEEDED

The divorce bills recommended by the committee still must receive Senate and Commons approval before they are given royal assent and become law.

The 407 divorce petitions recommended for approval include five annulments, a new high. There were three annulments last session.

The record five divorce petitions rejected by the committee compare with three refused last year. All of the petitions turned down were from Quebec.

Urges NHA to Make Home Building Easier for Lower Bracket Income

MUSKOKA, Ont. (CP) — Easier methods of home buying were advocated Monday by W. G. Malcom of Winnipeg, president of the Canadian Construction Association.

Addressing CCA's central Canadian regional meeting, Mr. Malcom said motor cars, television sets and other appliances are competing with the housing dollar. Their easy-financing, new-model and other merchandising procedures would have to be adopted by the housing industry if it was to compete and find new and continuing markets.

Provision of National Housing Act mortgages for existing houses would greatly aid "trade-in" housing transactions, Mr. Malcom said.

Canadian housing legislation still had considerably more stringent credit terms than in the United States and other countries, and there was much room for further extension. Few Canadian families with income of less than $4000 a year could own their own homes under NHA arrangements.

Existing provisions in NHA for replacement of slum accommodation had scarcely been used. There was serious shortage of serviced land for new houses, yet existing facilities were being used by substandard dwellings. Whereas housebuilding had stabilized since 1952, cost of land for NHA homes had gone up an average of 41 per cent in 1954.

Development of new techniques permitting economical construction and transportation in Canada's vast North would also open up new markets. Canadian builders had won contracts in the United States in cases where Canadian tenders were accepted. Under the Colombo Plan, Canadian contractors were working in far-off points such as Ceylon and Pakistan. Similar opportunities might exist in foreign projects financed by the World Bank.

He urged designers and owners to time projects to enable more winter-time work and thus reduce seasonal unemployment.

A basic, obvious requirement for increased programs was maintenance of construction costs at levels that would attract investors.

There should also be special apprenticeship training programs, because, while there was no shortage of contractors, there was an overall shortage of skilled employees.

"Everyone with a stake in the industry's welfare," said Mr. Malcom, "has a responsibility to see that more is given in return for the building dollar—that we build more for less."

They'll Do It Every Time — By Jimmy Hatlo

Today's Bible Thought

He shall not fail nor be discouraged, till he have set judgment in the earth, and the isles shall wait for his law.—Isaiah 42:4.

That was an amazing prophecy spoken twenty-five hundred years ago. The isles did indeed wait for his law and hundreds of millions are guided by his law. It is the world's only hope.

Aunt Het

Ella always says she was just kiddin'. But I notice she always gets her feelin' relieved before she explains that she didn't mean it.

Try Ostrex for new pounds, lovely curves, new pep, today. All druggists.

SCIENCE SHRINKS PILES NEW WAY WITHOUT SURGERY

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!".

The secret is a new healing substance (Bio-Dyne*)—discovery of a famous scientific institute.

Now you can get this new healing substance in suppository or ointment form called *Preparation H**. Ask for it at all drug stores. Satisfaction guaranteed or money refunded.

Giant Rummage Sale Adds $319 to Fund

The Strathcona fire relief fund is $319 richer because of the big three-day rummage sale of left-over articles of clothing given by Nelson district residents to the survivors.

If the generosity with which people gave new and used belongings to the relief drive amazed organizers, so did the total proceeds from the rummage sale.

"We were surprised that we made as much as we did," Mrs. A. E. Dalgas, convener, said Monday. All the surplus of items of apparel were sold.

Mrs. Dalgas expressed thanks to the women of many organizations (churches, service groups and hospital), who helped with the sale.

Gray Creek Notes

GRAY CREEK — Mrs. Horst Wirsig and Mrs. George Botham are visiting their mother in Alberta.

Mr. and Mrs. Alvin Heckman and family have driven from Van Nuys, Calif., to stay with Mr. and Mrs. Murray at Kootenay Cottages.

Mr. and Mrs. C. C. Feenie have left on an extended visit to Saskatchewan and Alberta. They will be guests at Jubilee celebrations at Macklin, Sask., at Meadow Lake and at Saskatoon. Mr. Feenie went to Saskatchewan in 1902. He will renew many old friendships.

New Power Project

FREDERICTON, N. B. (CP- — Premier Hugh John Fleming poked a button Saturday and set off a dynamite blast and start the conquest of the St. John river that flowed placidly far below the grassy knoll at his feet.

The premier launched construction of the multi-million dollar Beechwood power project and promised further development of the province's minerals in New Brunswick.

READ THE CLASSIFIED DAILY

Faces Operation To Win Lover

PORTSMOUTH, England (AP)—Dawn McFarland, 17, had her leg cut off—to win her boy friend's love.

Dawn had polio when she was a baby. As a result, her left leg was shorter than her right.

She couldn't dance, run or go cycling — things that 20-year-old Gerald Manly liked to do.

Last year Gerald went to Malaya with the army.

"Soon afterwards," Dawn told a reporter Sunday, "I decided to do something about my leg.

"I went to hospital and persuaded the doctors toamputate it. suaded the doctors to amputate it. ficial leg from the knee down and can walk miles and dance and do anything other girls do."

When she knew the operation was a success, Dawn wrote Gerald.

His reply—an engagement ring and a letter saying, "We'll be married as soon as I get home."

45 Present at Brownie Banquet

A total of 45 mothers and daughters were present at the mother and daughter banquet of the Third Nelson Brownie Pack in Trinity Church hall last week.

District Commissioner Miss Greta Curwen addressed the girls and enrolled Wendy Golling, Jean Haukaas, Ann Dixon and Eileen Ogden.

After the blessing by Captain Miss Dorothy Peirson, and dinner, Grey Owl Arlene Duxbury taught the girls a Chinese toast and Sheila Duxbury, packee, supervised "musical chairs."

Welcoming address was given by Mrs. H. Lust, Tawny Owl and Mrs. J. A. Duxbury, Brown Owl, introduced the visiting Guide and Brownie leaders and Brownies.

One year service stars were presented to Darlene Percival, Donna McGary, Donna Drew, Lorraine Haworth, Uharada Middleton, Margaret Rushby and Joan Chatfield. Sylvia Bruggencate received a two-year star while golden bars were presented to Margaret Rushby, Donna McGary, Donna Drew, Lorraine Haworth and Sylvia Bruggencate.

Margaret Rushby, Lorraine Haworth and Donna Drew received their golden hands and will "fly up" to girl guides in the Fall.

Brownies of the Third Nelson Pack hiked out to Mrs. Lust's home Saturday for their wind-up of the season.

The Golden Hand girls lit a fire and weiners and marshmallows were roasted.

Lorraine Haworth won the uniform inspection prize, having had the highest marks for the past six months.

United WMS Tea Attracts Crowd

In a setting of lovely Spring blooms, the United Women's Missionary Society held a well-attended tea in St. Paul's church hall, with Mrs. C. M. Coventry as convener.

Mrs. F. Lowe and Mrs. J. C. Chambers received the guests, and Mrs. J. A. Wilson was cashier. The lace covered tea table was centred with mauve, yellow and white flowers in a crystal and silver bowl, flanked by cream candles in crystal holders.

Tea pourers were Mrs. A. R. T Dixon, Mrs. G. W. Payne, Mrs. C Gansner and Mrs. J. T. McKinley. Low bowls of pansies graced the small tea tables and servers were Mrs. M. T. Harris, Mrs. E. C. Horton, Mrs. G. R. Pickering, Mrs. M. Frost, Mrs. N. C. Stibbs, Mrs. E. Swanson, Mrs. J. M. Armstrong, Mrs. J. Halliwell, Mrs. W. R. McDonald and Mrs. J. R. Andrews.

In charge of the home-cooking table were Mrs. R. J. Patterson, Mrs. J. H. Blunt and Mrs. P. Beatt.

Assisting at the North Shore table of sewing, knitting, cards and novelties were Mrs. George Currie, Mrs. Fred Neale and Janet Neale.

Donations Voted At Boswell Meeting

BOSWELL — When the Women's Club held its June meeting at the home of Mrs. J. Karpowich, the secretary gave a statement of the Community Picnic held at Goat Creek. A donation of $5 was voted towards the decoration fund for the Memorial Hall, as well as a balance of $15 from the recreation cheque. A present of a "Piggie Bank" with donations from all the members, was sent to Mrs. N. Bainbridge for her new baby girl.

An invitation to attend the July meeting at the home of Mrs. Paul O'Sullivan was sent to Crawford Bay and Gray Creek members of W.I.

HOLLYWOOD (AP) — Shapely Jane Russel nursed a sprained right ankle Monday after slipping and falling during the filming of a bathtub scene Saturday. An attendant at the 20th Century-Fox studio hospital said Miss Russell's injury was not serious.

Trucks Not To Blame

LOS ANGELES (AP) — A strike of truckers in 11 western states, besides tying up long-haul trucking for 24 days, has shown that the trucks are not important contributors to the Los Angeles smog problem, Wade Sherrard, director of the California Trucking Associations, said that during the strike, which ended Saturday, the Los Angeles area suffered one of its smoggiest periods.

TRUCKERS BACK TO WORK AFTER STRIKE

LOS ANGELES (AP)—Long-haul trucking resumed Sunday after settlement of a strike and shutdown which paralyzed operations in 11 western states for 24 days.

Thousands of drivers, dockmen and office workers received notices to return to work after Saturday's announcement that trucking companies and AFL drivers had ratified the new contract.

Suspect Wrecks Press Camera

VANCOUVER (CP) — Robert Joseph Tremblay, 33, formerly of Montreal, one of four men charged with attempted murder, made a vicious attack on the press photographer here Monday.

When photographer Bill Cunningham of the Vancouver Province snapped his picture after a court appearance. Tremblay charged the cameraman and smashed the camera with a few powerful kicks.

Executives of the Province said charges against Tremblay are being considered.

Tremblay and the three other men, Charles Talbot, 36 Marcel Frenette, 28, and Lucien Mayer, were charged in a case police said appeared linked with the narcotics racket here.

They were remanded for a week when they appeared in court Monday. Earlier, bail was set at $20,000 each.

Tremblay was the only one of the four to raise bail.

The four were charged with attempted murder Sunday following a brutal attack early Saturday on 29-year-old Thomas Kinna, identified by police chief Walter Mulligan as a drug addict.

Tremblay, Frenette and Talbot were arrested Saturday, a few hours after Kinna was found lying in the Great Northern Railway yard with both legs broken. Mayer was picked up Sunday night.

Kinna told police six men attacked him as he walked through Vancouver's industrial district early Saturday. He said five men held him, while the sixth beat him with an iron bar.

Police authorities said the attack on the drug addict appeared to be a new outbreak of violence in the struggle between rival gangs for control of the illicit narcotics traffic here.

ATTEMPTS SUICIDE BEFORE EXECUTION

VANCOUVER (CP) — Lawrence B. Vincent, 29-year-old carnival worker, Monday attempted to take his life in the death cell in Oakalla prison.

He was under sentence to be hanged early today for the strangulation slaying of Donna Lee Corbett, 12, at Quesnel, B. C., Sept. 12, 1953.

Prison authorities declined to disclose details of Vincent's attempted suicide, but it was indicated he had taken poison.

He was rushed to the jail hospital, where doctors dumped out his stomach and gave all the emergency treatment for poison.

He was pronounced out of danger three hours after he was taken to hospital.

English Speaking Union Entertains CCC Past President

LONDON (CP) — The English-Speaking Union Monday gave a luncheon at the Savoy Hotel in honor of Francis Winspear, past president of the Canadian Chamber of Commerce.

Sir Frank Lee of the British board of trade, a government department, was chairman.

Winspear, born in England, was educated in Calgary and now is director of the Edmonton branch of the English-Speaking Union, an organization which recently embraced Canada in its activities.

Send Cathro Appeal To Supreme Court

VANCOUVER (CP) — Notice of appeal for Donald Keitch Cathro, sentenced to hang for the January murder of a Chinese grocer, was sent to the Supreme Court of Canada in Ottawa Monday.

Cathro, 26, was one of two men sentenced to hang for the murder of Ah Wing. The other man convicted was Chow Bew, 42.

The Court of Appeal here Thursday rejected by a narrow margin the appeals of Cathro and Bew.

Bew's counsel announced that a Supreme Court appeal would be made soon.

Consider Export Increase to U.S.

OTTAWA (CP) — Ways of increasing Canadian exports to the United States were under discussion Monday at a meeting of Canadian trade commissioners in the U.S. and senior officers of the trade department.

A department announcement said the meeting will provide a chance to discuss over-all trade outlooks and consider additional services that can be offered Canadian businessmen.

The visiting trade commissioners are from offices in Washington, New York, Chicago, Detriot, Boston and New Orleans.

Confucius, the Chinese sage, lived 73 years—from 551 to 478 B.C.

SPORTS

Outlaws Defeat Nakusp 15-6

NAKUSP — Nelson Outlaws added another game to the win column at the expense of the Nakusp squad Sunday 15-6.

The score was not too indicative of the play, the game being a close affair until Nelson scored nine runs in one inning when Nakusp could not seem to do anything right.

Southpaw Stan Grill went all the way for the Outlaws while Nakusp was forced to bring in three chuckers.

Leading hitter was Outlaws' Ed Isakson, who hit four for five while Tom Marshall led in runs scored with four. Extra base hits went to Ed Desrocher of Nakusp, who hit two triples, while for Nelson, Isakson tripled and doubled and Win Storgard smashed a double.

Both clubs came up with some fine fielding plays, with the Outlaws drawing the plaudits of the large crowd with three double plays.

The Nakusp team will be going all out to reverse the decision when they meet Outlaws in two games here next weekend.

28 COUNTRIES IN OLYMPIC SOCCER

AMSTERDAM (AP) — Twenty-eight countries have entered the 1956 Olympic soccer competition at Melbourne, the Olympic Committee of the International Football Federation announced Monday.

Eight Wimbledon Favorites Named

LONDON (CP)—Three Australians and three Americans are among the eight favorites named Monday night for the Wimbledon lawn tennis championships opening Monday.

The Australians are Ken Rosewall, seeded second, Lew Hoad, fourth, and Rex Hartwig, fifth. Tony Trabert of Cincinnati is seeded first and other favored Americans are Vic Seixas of Philadelphia, third, and Budge Patty of Los Angeles, seventh.

Jaroslav Drobny of Egypt, defending champion, is sixth and Sven Davidson of Sweden eighth.

Rosewall, Hoad and Hartwig all won matches Monday as the London grass courts championships—final tuneup for Wimbledon — got under way.

Don Fontana of Toronto lost to Gardnar Mulloy of Coral Gables, Fla., 6-1, 6-4.

In the Wimbledon women's division Doris Hart of Coral Gables was seeded first and Louise Brough of Beverly Hills, Calif., second.

Seixas and Trabert are seeded No. 1 in Wimbledon's men's doubles. Hartwig and Hoad are seeded No. 2.

Seixas and Miss Hart are favorites in the mixed doubles.

IRVING, Tex. (AP) — The afternoon nap of Lance Morrison, 5, was short-circuited Sunday when he swallowed an electric fuse while resting in bed. His parents rushed him to a hospital. Doctors used their x-ray machine to spot the inch-long, pencil-sized fuse and decided the smooth glass-and-metal object would do little harm.

WEST KOOTENAY women's golf champion is Mrs. Reg. Stone of Trail, left, who successfully defended her crown at the Nelson Golf and Country Club Sunday. With her is the runnerup, Mrs. G. McCallum, also of Trail. The Hazelwood Trophy accompanies the title.—(Daily News photo).

UBC Rowing Shell Strays to France

HENLEY-ON-THAMES, England (CP)—The University of British Columbia eights crew from Vancouver Rowing Club practised twice Monday despite its missing shell.

The British Columbians took to the Thames at 10 a.m. and 4 p.m. in a shell borrowed from the Leander Club, and pronounced the 1¼-mile straight stretch of racing water "just about the best in the world."

They are entered in the Grand Cup event of Royal Henley June 29-July 2. They arrived Friday to find their shell, shipped by sea, was at Cherbourg, France, due to the British dock strike.

"The latest is that we may not get it till Friday now," said manager Don Laishley of Nelson, B.C. "However, we can keep on practising with our borrowed shell, although it's a lot different from our own."

He said it still isn't known whether the Canadians will enter the one-day Marlow regatta Saturday, to have been their tuneup event.

"Some of the boys have colds, what with the change in climate, but nobody is at all sick," he said. "The people around here are sure terrific."

Michel Wins 2nd Straight

MICHEL—Scoring all their goals in the first half while holding the visitors to a single goal late in the second half the Michel Buffaloes romped to a decisive 4-1 win over the Kimberley Canadians in a well played Crow's Nest Pass Football League encounter at the Natal Ball Park Sunday afternoon.

The win was the second straight of the season for the Buffaloes who kept their undefeated record intact while Kimberley, who managed a tie with the strong Lethbridge Legion a week ago, suffered their second defeat of the young season. Michel continued to press throughout the first half and managed to take advantage of every opening to score four times in the first half while holding the opposition scoreless. The second half was played on more even terms with a Kimberley scoring the only goal in the second half with less than a minute to go when Dutchy Volgaar robbed McVeigh in the Michel goal of a shutout when he managed to get hold of a loose ball in front of the goal just before the game ended.

Right wing Frankie Mitchell with two goals headed the Michel scorers while Harvey Travis and Irvin Mitchell completed the first half onslaught with single encounters. The youth movement this year injected into the Michel eleven has started to finally pay dividends.

Next weekend Michel Buffaloes travel to Fernie to take part in the Central Cup games in a knockout series with all five teams in the CNP League participating. Michel at present is heading the league with two wins and no losses. The game was refereed by Fred Vensie of Michel assisted by linesmen Jimmy McFarlane of Kimberley and Ken McFarlane of Michel.

Trail Cricketers Edge Out Nelson

Trail Cricket Club scored 101 points to Nelson's 96 in a three and one half hour match at the Civic Recreation Grounds Saturday to cop top place in the series by a one-game lead.

One of the finest games of the season, spectators witnessed outstanding events in bowling, batting and fielding, and an exciting, close finish.

Trail won the toss and put Nelson in to bat on a firm wicket. Len LeRoy and Dick Mulloy added a great deal to the batting strength of the Nelson team as Mulloy scored 16 runs, including three fours before Markland claimed his wicket. LeRoy was undefeated at the end of the innings for a stylish 37 runs which included four fours and the rest in singles. Vital hit one ball out of the grounds for a six.

The Trail innings were highlighted by some hard hitting by Bowen whose score of 38 included a six, hit high into the bleachers, and four fours. His innings came to a close when after hitting the ball for a certain boundary his hard shot was spectacularly caught by Vital, fielding 10 yards away. The game was all tied up when Kennedy played a gentle stroke and quickly scampered down the wicket to produce the winning run. Four runs later the Trail team were all out for 101. Dick Mulloy turned in a good bowling performance, taking six wickets in five overs for 12 runs.

Nelson innings: Butling b Haldane 7, Underwood lbw Haldane 7, Walker c Haldane b Lambert 1, Adcock b Haldane 9, LeRoy not out 37, Mulloy lbw b Markland 16, Vital c Bowen b Lambert Wait c Bowen b Haldane 1, Drew b Lambert 1, extras 5, total 96. Trail bowling — Haldane, 4 for 21; Lambert, 4 for 39; Markland 2 for 31.

Trail innings: Markland b Butling 4, Lambert b Vital 4, Haldane run out 19, Bowen c Vital b Mulloy 38, Jackson b Mulloy 17, Yolland lbw b Mulloy 0, Brown b Mulloy 1, Kennedy c Middleton b Underwood 13, Higgins lbw b Mulloy 0, Longden b Mulloy 1, Smith not out 0, extras 4, total 101. Nelson bowling —Butling, 1 for 41; Vital, 1 for 20; Underwood, 1 for 24; Mulloy, 6 for 12.

READ THE CLASSIFIED DAILY

Denies Cards Sale Rumors

ST. LOUIS (AP) — August A. Busch Jr., owner of St. Louis Cardinals, branded as "perfectly ridiculous" Monday night a front-page story in the New York Herald-Tribune that the ball club was up for sale.

"There's no more truth to it than there is a man in the moon," he said.

Kamloops Boxla Gives Up Ghost

KAMLOOPS, B.C. (CP) — Senior box lacrosse has folded in Kamloops.

O. J. Armishaw, president of the Kamloops lacrosse club, said Monday the club had no option but to withdraw from competition. He said that lack of interest by the fans was directly responsible for the step.

Friday night, when a scheduled game was to have been played here against Vernon Tigers, only eight members of the local team were on hand, with Vernon having the same number. Just before the game was due to begin, it was cancelled. Only about 24 spectators were in the arena.

The Klippers withdrawal leaves the interior league with only two clubs, Kelowna and Vernon.

British Cricket

LONDON (Reuters) — Cricket close-of-play scores Monday:

England 334, South Africa 181 and 148, England won first Test match by an innings and 5 runs.

Hampshire 224, Yorkshire 62 and 119, Hampshire won by an innings and 43 runs.

Lancashire 260, Middlesex 94 and 153, Lancashire won by an innings and 13 runs.

Surrey 245 and 109, Essex 143 and 30 for 3.

Oxford University 181 and 145 for 6, Worcestershire 230 for 7 declared.

Leicestershire 132 and 123 for 4, Warwickshire 292.

Sussex 361 for 7 declared and 107 for 4, Cambridge University 232.

Gloucestershire 157 and 101 for 4, Glamorgan 228.

Walls Decisions Gilliam in Ten

TORONTO (CP) — Earl Walls, Canadian heavyweight boxing champion, scored an unimpressive 10-round decision Monday night over Billy Gilliam of New Orange, N.J., in the main event of a professional boxing card here.

There were no knockdowns in the fight and neither boxer threw any dangerous punches. Both Walls, from Toronto, and Gilliam had to be separated from clinches many times throughout the bout and the crowd of 2500 stomped for action during the final four rounds.

Walls' left eye was swollen in the fourth round but it didn't give him much trouble. Both boxers had bloody noses in the 10th.

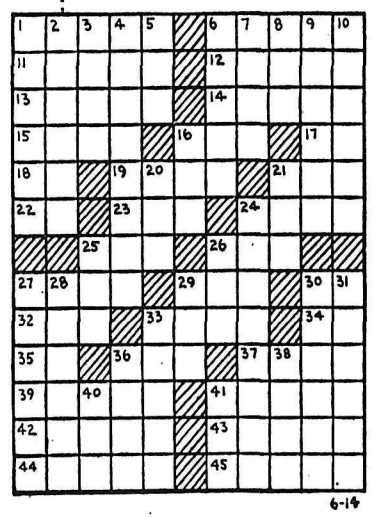
Yesterday's Answer



DAILY CRYPTOQUOTE—Here's how to work it:

A K Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

C P K D V I K V P N R Z Z K W U O W R V P I
K W R J K K V U K W U W V Y Y U P I G C Z
G H W R F X G P E — X V Z K G P.

Yesterday's Croptoquote: GENTLE TO OTHERS, TO HIMSELF SEVERE—ROGERS.

Porcupine Mining Marks Anniversary

TIMMINS, Ont. (CP) — The 50th anniversary of the staking and recording of the first mining claim in what became the Porcupine gold mining district was marked last week with the unveiling of a bronze plaque on a cairn erected by the Porcupine chamber of commerce. The cairn was built on the banks of the Frederick House river, 20 miles east of here and 10 miles north of the claim staked May 15, 1905, and recorded 11 days later. The plaque's inscription records that the greatest gold producing area in the western hemisphere developed from the staking by the late Edward Orr Taylor, in whose name the ground was entered in the records of the mining recorder at Haileybury.

ANCIENT MAPS

Oldest maps in the world are believed to be the Babylonian clay tablets of about 2300 BC in the British Museum.

Rosslander Wins Architect Prize

SEATTLE (AP) — R. S. Cameron of Rossland, B.C., was named Sunday as winner of a $50 first place award among architecture students at Washington State College. The annual competition is sponsored by brick and clay products organizations.

The margay of the South American forests is a tiger-cat about the same size as a domestic house cat.

Choir Gives $50 To Fire Relief

Nelson Civic Choir presented a check for $50 to the Strathcona Fire Relief Fund, proceeds from a recent concert at the Capitol Theatre.

The concert, enjoyed by a small but appreciative audience, included vocal solos by Miss Margaret Tait, soprano; Roland Anderson, tenor; *piano solos by Martin Brown of* Notre Dame College, as well as a selection from the Civic Choir quartette consisting of Mrs. Al Thiessen, soprano, Mrs. Doris Wright, alto, Colin Baker, tenor and Al Pagdin, bass. Choir selections included, "Carmena," "Fair Phyllis I Saw," "Lullaby of Life," "To Sing Awhile," "Flow Gently Sweet Afton," "Then 'Round About the Starry Throne," "Evening Pastorale," "Skip to My Lou," "Let There Be Music," "God Be in My Head," and "Dear Land of Home."

Officers for the coming season have been elected as follows: Jack Steed, president; Mrs. Doris Wright, secretary-treasurer; Miss Bette Cowan, librarian; and section heads: Mrs. Al Thiessen, sopranos; Mrs. W. G. Johnston, altos; Jack Martin, tenors; and John Niven basses. Mrs. Hugh Herbison will continue as accompanist, and Eric Iles as conductor.

At a recent social gathering a gift was presented to the former Miss Shelagh Hopwood, now Mrs. H. Single, in honor of her marriage.

Man Divinely Sustained

How the real man of God's creation is divinely protected, maintained, and sustained was brought out in the Lesson-Sermon entitled "God the Preserver of Man" at Christian Science services Sunday.

Keynoting the Lesson-Sermon wts the Golden Text from Isaiah (43:2:3) "When thou passeth through the waters, I will be with thee; and through the rivers, they shall not overflow thee; when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee. For I am the Lord thy God, the Holy One of Israel, thy Saviour."

Among the passages read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy was the following: "The divine Mind that made man maintains His own image and *likeness.*"

The Scriptural selections included the following from Psalms (40:11); "Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me."

SEEK MISSING MAN

RICHMOND, B. C. (CP)—RCMP at Richmond are still searching for William Ellis Newton who disappeared while working on a dredge in the north arm of the Fraser river Thursday. They believe the man drowned. Extensive dragging operations by three tugs have been *fruitless.*

BLUEBELL NO. 1 mine rescue team captured the Mine Safety Appliance shield in the mine rescue competitions of the West Kootenay Mine Safety Association at Lakeside Park Saturday. This is the second consecutive win for the Riondel five-man team.—(Daily News photo).

Rotary Illustrated as Tremendous Force for Peace to Nelson Delegates

Development of "the force we have in Rotary and of the possibilities we have in men united in one goal, *that of establishing* international goodwill and world peace" as a persoal task of all members was brought home to delegates attending the great world-wide gathering of Rotary in Chicago two weeks ago.

Nelson delegates Harry D. Harrison and Carl Mutchler found the tremendous gathering of 14,855 from 64 countries of the world an inspiration and a testimonial to the worthy objectives of Rotary International, *Mr. Harrison told* Nelson members in a luncheon meeting report Monday.

All were there—sufficient in number to comprise a small city—for the common objective of building higher ethical standings in their daily business lives and working for world-wide understanding.

Hon. Lester Pearson had done "a great job for Canada" in speaking on cementing relationships between Canada and the United States, Mr. Harrison said. United States vice-president Richard Nixon appealed for an effort for man to "live together instead of dying together."

The world's people, Mr. Nixon had said, were not spurning western help, but what they were asking most was for understanding.

"It is your job and mine," Mr. Harrison concluded his report, "to strive with the other 450,000 members united in Rotary for the goal of international good will and peace."

Mr. Harrison described the various functions that filled the week *of the golden anniversary* Rotary International conference. The near 15,000 attending were all accommodated at meetings in Chicago Stadium.

An "impressive and magnificent prelude" was a performance by a 120-piece Chicago symphony orchestra and a Purdue University choir. Later, the Saskatchewan golden jubilee choir, under Don Cowan, former Nelsonite, performed and won "the greatest applause I have ever heard at such a gathering." Mr. Cowan met the Nelsonites and sent greetings to many he knew here.

Movement of delegates from hotels to the stadium taxed the Chicago taxis and a fleet of buses, Mr. Harrison said. It frequently took 1½ to 2 hours to make the trip.

During the conference it was announced that a Rotary club had been established in a 92nd country, Ethiopia.

COLCHESTER, England (CP) — Essex police converted a double-decker bus into a travelling road safety display. The lower deck houses an exhibition and safety films are shown on the upper deck. In 87 different towns a total of 26,000 persons visited it.

111th Battery News

Part One Orders by Capt. H. T. Gumbert, officer commanding, 111 HAA BTY RCA CA M:

Duties—Orderly officer, 14 June 55, Lieut. FWM Drew; orderly sergeant, Sgt. E. J. Heroux; duty driver, L/Bdr J. Denholm; canteen orderly, Bdr R. McGhie.

Training—As per syllabus.

Parades—All ranks will parade at 1955 hours; dismissal at 2155 hours.

Summer Camp — All personnel take note that the annual training camp will be held this year at Esquimalt from August 11 to August 21, inclusive.

Visits—S/Sgt Mason, senior NCO (admin.) and Sgt Major Desireau of the 24th HAA RGT RCA Trail visited the battery on 10 June 55.

Twilight Club To Have Summer Picnic

*Nelson Twilight Club will con*tinue its activities during the summer it was decided at the regular meeting in the Memorial hall.

Card parties and social evenings will be held as usual, but the annual North Shore trip will be substituted by a picnic at Lakeside Park.

Market Trends

NEW YORK (AP) — Another new high was scored Monday by the stock market, making it five out of the last six sessions.

Canadian issues were mostly higher. McIntyre added two points, Canadian Pacific gained ⅝ while Hiram Walker and Distillers Seagram both advanced ⅛. International Nickel slipped ¾ and Dome Mines remained unchanged.

TORONTO (CP)—A spurt of late buying pushed industrial issues to record peaks following a steady, day-long advance at the Toronto stock exchange.

Trading picked up speed as the heavy demand for uraniums sent half a dozen issues climbing sharply. The volume was 8,674,000 shares.

MONTREAL (CP)—Prices were irregularly higher at the close of *active trading on the stock market* Monday.

Papers, beverages and senior oils moved to higher ground while banks and base metals leaned narrowly forward. Steels were easier and miscellaneous industrials were mixed.

LONDON (Reuters) — Operators proceeded cautiously in the stock market under the influence of the labor situation. Falls of up to ¼ were recorded in gilts on renéwed fears of dearer money.

The industrials were uncertain. Profit-taking brought a number of sharp falls while a selective demand *resulted in several firm features.* Steels were mixed while engineerings were generally easier.

Turks Warn Britain

NICOSIA, Cyprus (Reuters) — Cyprus' 100,000 Turks have warned Britain that if this island colony is handed to Greece, "the whole Middle East will be turned into an area of chaos and destruction." The warning was contained in letters *sent to British cabinet mem*bers by Fail Kutchuk, general secretary of the Cyprus Turkish National party.

GREAT SNAKES

The Indian cobra, which grows up to six feet long, is not usually dangerous unless attacked.

SHELL

The Greater the need for High Octane
The Greater the need for TCP

Today's engines deliver more power than ever before—and with greater economy, too!

They're high compression engines. They're built to squeeze more power out of every drop of the high octane gasolines they require.

But high octane alone will not keep these engines delivering their full power. They must be protected against the harmful effects of deposits that build up in combustion chambers.

The reason is this:

When your engine warms up, these deposits warm up, too—glow red hot. And these glowing particles act like hot coals—ignite the gasoline mixture ahead of time . . . before the pistons reach proper firing position. This is called pre-firing and means that power works *against* you instead of *for* you.

In addition, these same deposits have another power-wasting effect: They foul spark plugs, causing your engine to miss.

Engineers will tell you there's nothing more wasteful of power and gasoline than pre-firing and spark plug "miss."

But there is an answer—there's *one* high octane gasoline that gives you *all* the advantages of high octane without the power-crippling effects of these deposits—Shell Premium Gasoline with TCP*.

TCP, the Shell-developed additive, fireproofs the deposits so that they no longer cause pre-firing. No longer can they glow red hot and ignite the gasoline mixture. And TCP stops spark plug "miss," too. Your spark plugs do the job they are supposed to do.

Start getting the full power built into your engine. Get Shell Premium with TCP. It's the most powerful gasoline your car can use!

*Shell's trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

SHELL
Only Shell Premium Gasoline has both TCP *and* High Octane!
