Vol. 55 — NELSON, B.C., CANADA—FRIDAY MORNING, JULY 20, 1956 — Not More Than 6c Daily, 10c Saturday — No. 75

WEATHER FORECAST

KOOTENAY: Scattered clouds forming Friday afternoon with a few thunderstorms in southern districts late afternoon and evening. Continuing hot. Winds light. Low, high at Cranbrook 50 and 90, Crescent Valley 50 and 95.

U.S. Withdraws Dam Cash Offer

Had Offered Egypt $54 Million Grant To Assist Building of Hydro Project

WASHINGTON (AP)—The United States Thursday withdrew its offer to give Egypt money needed to build a huge dam on the Nile River.

The state department announced this decision after State Secretary Dulles had talked for 50 minutes with Egyptian Ambassador Ahmed Hussein.

The formal announcement said: "Development within the succeeding seven months since the U.S. offer in December have not been favorable to the success of the project, and the United States government has concluded that it is not feasible in present circumstances to participate in the project.

"Agreement by the riparian states has not been achieved, and the ability of Egypt to devote adequate resources to assure the project's success has become more uncertain than at the time the offer was made."

The United States offered Egypt a grant of $54,600,000 last December to help meet part of the cost of the $1,300,000,000 project. Britain, at the same time, joined in the deal, offering $15,400,000.

The World Bank pledged a $200,000,000 loan.

The sudden action left the way clear for Russia to step in—if it can and desires—to aid President Gamal Abdel Nasser's government in launching the huge irrigation-power project.

The formal statement did not say so but the United States had been growing cooler toward the dam project as it studied Nasser's friendliness with Russia and his big arms purchases from the Communist bloc.

CROP MORTGAGED

Dispatches from London Thursday said Nasser's government is believed to have mortgaged its important cotton crop for some years to come to pay for the jet bombers, fighters, tanks and guns it is getting from Red Czechoslovakia. Cotton is the basis of the Egyptian economy.

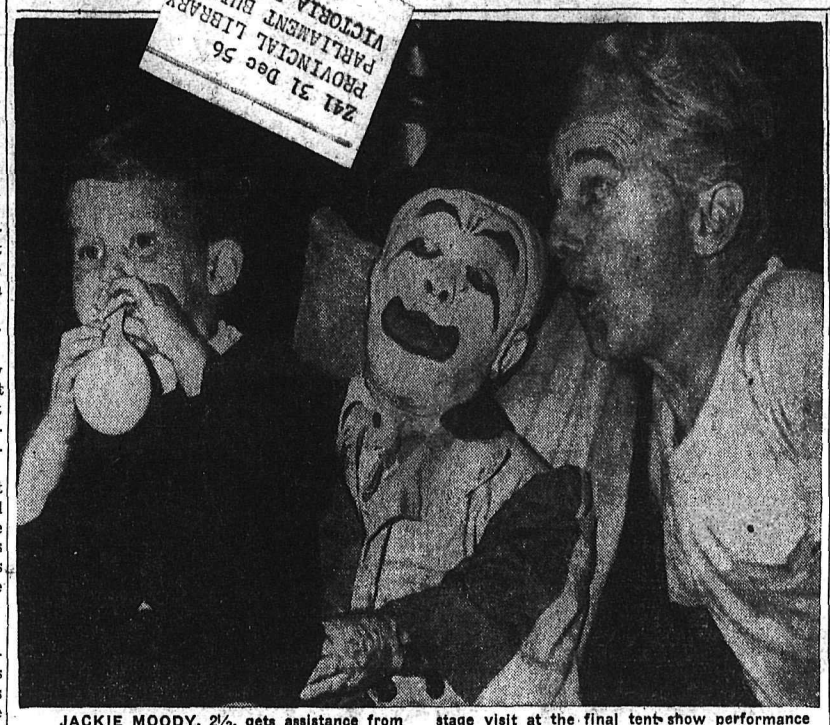
The London dispatches said the foreign office had some doubts about Egypt's ability to pay for its share of harnessing the Nile.

In withdrawing the offer, the American government offered to help Egypt and other Middle East countries develop some new plan later for using Nile river waters.

Further, the state department proclaimed its readiness to continue foreign aid to Egypt.

"The United States remains ready to assist Egypt in its effort to improve the economic conditions of its people and is prepared through its appropriate agencies, to discuss these matters within the context of funds appropriated by the Congress," the department announcement said.

Responsible officials said one of the critical factors in the American decision was Egypt's move in more than doubling weapons purchases from the Communists during the last six months.



JACKIE MOODY, 2½, gets assistance from Ringling Brothers, Barnum & Bailey Circus clowns Paul Jung, right, and Prince Paul as he attempts to puff up a balloon during a backstage visit at the final tent-show performance of the "Biggest Show on Earth" in Pittsburgh, Pa. The circus plans no further performances under the canvas.—AP Wirephoto.

British House Backs Gov't Cyprus Policy

Lloyd Says Church Backing Terrorism Fearing Outcome of Secret Ballot

LONDON (Reuters) — The House of Commons Thursday night endorsed the government's policy in the troubled Mediterranean colony of Cyprus by a majority of 73.

By 319 votes to 246 it rejected a Labor motion seeking to reduce the money supplies of the colonial office as a means of protesting the Cyprus policy.

The vote followed a debate in which Aneurin Bevan, Labor party spokesman, pleaded with inhabitants of Cyprus and Greece to refrain from further violence in order to force the British government to adopt a "sensible" policy.

If the Cypriots stop violence, Bevan said, the government still "be stripped naked of any further excuses."

Terrorism, he said, has enabled the Conservatives to say they could not surrender to violence, without presenting a policy.

ACCUSES CHURCH

He was answered by Colonial Secretary Alan Lennox-Boyd who said the government finds it hard to get understanding in Cyprus because Cypriots believe a future Labor government in Britain would grant self - determination to the island since this is the policy at present advocated by the Labor party.

He said it is "important that Cyprus should be disillusioned as soon as possible on that score," since he did not believe a future Labor government would do this.

The government's case was presented earlier by Foreign Secretary Selwyn Lloyd who charged that the Greek Orthodox Church is backing terrorism in Cyprus because it is afraid of losing its political power there.

"The terrorists, aided and abetted by the Orthodox Church in Cyprus, have created a state of affairs in which it requires great courage for any individual Greek Cypriot not to toe the Enosis line."

Lloyd said the church does not want to allow the normal process of secret ballot because it might thereby lose its political power.

He was defending the government's handling of the terrorist campaign for union with Greece which is raging on the Mediterranean island.

Red-Faced BBC Explains Ghost

LONDON (AP) — The embarrassing affair of the ghostly critic was solemnly explained away by the BBC Thursday night as a case of a button that wouldn't work.

Listeners to a BBC overseas news broadcast in Cyprus heard the announcer say that Lord Radcliffe and the mayor of Nicosia met in conference Thursday, but that politics were not discussed.

Then, seconds later, a suave "ghost" voice added: "In other words—it was a dead loss."

This, in the current situation of British politics, was dynamite. Radcliffe's mission is to help solve the touchy Cyprus dispute.

A BBC spokesman explained that the item was the last paragraph in the news bulletin and the announcer thought he was off the air when he made his private comment.

He had pressed the desk button which cut off the microphone—but it didn't work.

Caccia British Envoy To U.S.

LONDON (AP) — Britain today named Sir Harold Anthony Caccia — an old friend of President Eisenhower — ambassador to the United States. He will succeed Sir Roger Makins.

Caccia, who pronounces his name "Catcheh," takes over what is regarded as the top job in Britain's overseas diplomatic service.

A career diplomat since 1929, with a reputation as a brilliant thinker on foreign relations, he is at present deputy undersecretary of state in the foreign office.

The 50-year-old diplomat was a member of Eisenhower's staff at supreme headquarters during the Second World War. From June, 1950, to November, 1954, he was British high commissioner and minister to Austria and had a leading role in the negotiation of a treaty of independence for that country by the four occupation powers.

He accompanied Prime Minister Eden to the Big Four "summit" conference in Geneva last year and has attended the main international conferences in which Britain was represented since that time.

New Contract to End Steel Strike Discussed

PITTSBURGH (AP) — The three biggest steel companies in the United States were reported Thursday to be discussing with the United Steelworkers a new contract offer for three years' duration in an effort to end the 19-day strike.

The offer was said to represent modifications in wage and other benefit proposals originally submitted by the companies. The union was believed cool to the proposals.

PGE NOT FOR SALE

VICTORIA (CP) — The government isn't interested in selling the Pacific Great Eastern Railway, Premier Bennett said Thursday.

"There have been lots of nibbles," he said, "but the government is not interested in selling . . . to anyone."

He said two former B.C. premiers and two former cabinet ministers will be invited to travel on the inaugural PGE train from Vancouver to Prince George late in August.

The invitations will be sent to former premiers Byron Johnson and John Hart as well as former Education minister H. G. Perry and former Finance minister Herbert Anscomb.

All four men were strong supporters of the PGE.

Mercury Soars To Record Highs

VANCOUVER (CP) — Temperatures reached record levels for the year throughout British Columbia and the northwest United States Thursday.

High spot in the province was 106 degrees at Lytton, 100 miles northeast of Vancouver. At Kamloops, 200 miles northeast of here, the mercury reached 101 degrees and at nearby Ashcroft it was 100.

Readings on the coast also set records for the year. Vancouver's official reading—83 degrees—was taken at the Sea Island airport while unofficial downtown readings 12 miles away were 89 and 90. Victoria recorded 88.

Forecasters said the hot weather would last through Friday before cooling off.

At Pendleton, Ore., the temperature was 104 degrees while at Portland it was 102 degrees. Seattle recorded 94 degrees and at Yakima, in eastern Washington, it was 101 degrees.

Parliament Thursday

By The Canadian Press

Defence Minister Campney said the navy's 14 new destroyer escorts will cost about $322,000,000—nearly three times the original 1950 estimate.

Maj.-Gen. G. R. Pearkes, VC, opposition military critic, urged the government to start thinking about withdrawing Canadian forces from Europe.

J. Wilfrid Dufresne (PC-Quebec West) charged the goat mascot of the Royal 22nd Regiment is on the army payroll.

Dr. Pierre Gauthier (L-Portneuf) replied all upkeep costs for the goat come from a regimental fund maintained by the solidiers themselves.

Owen L. Jones (CCF-Okanagan-Boundary) called for a halt to formation flying in the RCAF; it was dangerous and impracticable.

Poznan Workers Still On Strike

BERLIN (Reuters) — Workers at the big Stalin factory at Poznan, Poland, staged a sit - down strike following failure of the June uprising to settle their grievances the West German news agency DPA reported Thursday night quoting a traveller from Poland.

The traveller said the strike was still on when he left Poland at the end of last week. Troops were confining the workers to the factory premises in an attempt to force them into submission, he said.

WOMAN'S BODY RECOVERED, TWO OTHERS SOUGHT

REVELSTOKE, B.C. (CP) — The body of one woman has been found and search is under way for two more in the Goldstream River in which a car plunged from the Big Bend Highway, 65 miles north of here.

Identity of the three has not been completed, but police indicated they may have been tourists from Ontario.

The badly decomposed body of the woman, believed about 60 years old, was found on the river bank and buried here Thursday without an inquest.

Police found three hats scattered along the bank of the river at the scene of the accident.

Police believe the mishap occurred last Friday. The woman's body was spotted Saturday by a passing motorist.

Police said the skidmarks indicated the car, travelling north from Revelstoke, failed to make a sharp turn just before a highway bridge over the Goldstream.

NEHRU-TITO REPORT TODAY

BRIONI, Yugoslavia (AP) — Prime Minister Nehru of India and Egypt's President Nasser concluded talks Thursday night with President Tito of Yugoslavia on Middle East, Algerian, disarmament and German problems.

Tito said a joint declaration of their stand will be made public simultaneously today in Cairo, Belgrade and New Delhi.

Nasser and Nehru left for Cairo immediately after the 12 hours of talks ended.

TAXI FARES AT COAST GOING UP

VANCOUVER (CP) — Taxi fares in Vancouver will rise 20 per cent Aug. 15.

Vehicles for hire board has approved application of Vancouver Taxicab Operators Association, supported by the drivers' union. City council is expected to ratify the recommendation Aug. 7.

Association president N. F. Taggart said it was the first increase in five years.

Drivers backed the plea because it will give them 10 percent increase, Union secretary C. A. Gower said most drivers were making only $40 a week now.

Minimum fare will rise from 45 cents for two-fifths of a mile to 55 cents for one-third of a mile, 10 cents for each additional third-mile.

Flat rate will rise from $3 to $4 an hour or 30 cents a mile, whichever is greater.

Average $1 fare will become $1.20.

Mr. Taggart said rising costs of equipment and maintenance forced the operators to seek the increase.

No 'Blackboard Jungles' In U.K.

LONDON (Reuters) — The "blackboard jungle" is almost non-existent in Britain, an educational survey said Thursday, despite reports of individual schoolboys brandishing knives and razors or pinning teachers against the wall and knocking them down.

These reports did not indicate the presence of a jungle, the report said, only "a weedy undergrowth."

The survey was composed on the basis of replies to questionnaires from 300 secondary schools.

A spokesman for the National Union of Teachers, which conducted the survey, said there is a "good atmosphere" in most schools and a friendly relationship between teachers and pupils.

However, these were examples of vandalism cited by some of the schools:

A tough boy pinned a teacher against a wall; another galloped around his school brandishing a knife; another threw his teacher to the floor and held him there at knife-point; several boys at one school ganged up and hit inexperienced teachers.

Other schools reported finding spring knives, open razors, devices for firing needles, rubber hoses, filed knives, clubs and brass knuckles.

BENNETT HEDGES ON ELECTION

VICTORIA (CP) — It is not likely a Fall session of the House will be called to bring in legislation as a result of the Sloan Royal Commission on forestry, it was indicated Thursday.

Premier Bennett said the possibility of a Fall session has not been ruled out, but said "we don't want to hurry the commissioner at all."

It will probably take Chief Justice Gordon Sloan several months to make a report on the marathon hearings, and another couple of months for the government to study it.

Vancouver Attacks Traffic Situation

VANCOUVER (CP) — The recent increase of traffic mishaps here will be met with an intensive step-up of a police enforcement training program.

Comparing 1956 traffic statistics with those of 1955, Supt. Ralph Booth said:

Traffic fatalities are up 70 per cent. So far this year 20 people have been killed. This time last year, the death toll was 12.

Young Fur Traders Arrive In Canada

WINNIPEG (CP) — Eighteen Scottish youths arrived here on their way to Canada's northland where they will learn the business of fur trading and merchandising.

The boys, ranging in age from 18 to 22, were brought to Canada by the Hudson's Bay Company and will be given on-the-job training at the company's northern trading posts. At the end of a three-year period those with ability will become post managers.

DOLLAR LOWER

NEW YORK (CP)—The Canadian dollar was 1-32 lower at a premium of 1 15-16 per cent in terms of U.S. funds. Pound sterling 3-16 lower at $2.79 17-32.

McKeon Had Drunk Vodka Corporal Says

By BEM PRICE

PARRIS ISLAND, S.C. (AP)—A brother drill instructor testified Thursday that Staff Sgt. Matthew C. McKeon drank vodka and napped before leading six marine recruits to death in a swamp.

Cpl. Richard J. King also told the court martial board that the recruits of the ill-fated platoon 71 had been given 10 hours swimming instruction.

McKeon, 31, is the former drill instructor who led the 74-man platoon in column of twos into the marshes near Ribbon creek about 8:30 p.m. April 8. Six were drowned.

McKeon is charged with involuntary manslaughter, oppression of recruits and two counts of drinking on duty.

For the first time Thursday the usually impassive McKeon smiled when his lawyer became mixed up over marine terminology. He also spoke his first word in court.

He was asked by the court whether he agreed to a concession by his civilian lawyer that six marines were led to their death by him.

McKeon grabbed a microphone and almost shouted "yes."

EXTRA INSTRUCTION

Under cross-examination, King was asked, "Isn't it true that extra instruction is encouraged on the part of drill instructors . . . to assist the recruits in becoming good basic marines?"

The slender and blonde corporal replied smartly, "Yes sir!"

Defence lawyer Emile Zola Berman contends that the night march into the savanna grass and water of the tidal marshland was in reality "extra instruction."

King was the fourth of five witnesses to take the stand in the steaming school auditorium converted to a court room.

HAMMARSKJOLD IN MIDDLE EAST

By RONALD BATCHELOR

BEIRUT, Lebanon (Reuters) — Dag Hammarskjold flew into the Middle East Thursday for the second time in three months to face a renewal of the war of nerves which has been threatening the uneasy armistice between Israel and the Arab states.

The United Nations secretary general will find that the peace he helped to achieve on his mission last April, with unconditional cease - fire pledges from both camps, has become even more precarious.

A Western diplomat said here Thursday the current nerve war is "as dangerous as anything I have seen in the Middle East for the past year or so."

BOY HELD IN MAN'S SHOOTING

EDMONTON (CP)—John Hominiuk, 30, was shot and killed Thursday while working on the roof of a house he was building in the city's southside.

Police are holding an 11-year-old youth for questioning and have seized a .22-calibre automatic rifle.

Police traced the path of the bullet to a row of houses a block away, where they found an 11-year-old boy hiding and in tears.

The dead man, his wife and two children, had planned to move into the new house Hominiuk was building.

Wins Scholarship

VANCOUVER (CP) — A $1000 metallurgy scholarship offered by the Western Canada Steel Ltd. has been awarded to Donald F. Gunning, 21-year-old student at University of British Columbia.

Nice Variety Of Lettuce

SEATTLE (AP) — Mrs. H. Wilson Arnold went to the supermarket Wednesday, but she got more lettuce than she bargained for — $722 worth.

When she opened the grocery bag, there it was in neat, little bills, alongside the real lettuce.

She phoned the police, who discovered a supermarket clerk had confused the "lettuce" with the real thing.

The supermarket got its "lettuce" back, and an embarrassed clerk wound up with a "beet-red" face.

Waitress Charged In Hit-Run Death

SPOKANE (AP) — A 30-year-old Spokane waitress was charged with negligent homicide Thursday in connection with the traffic death of little Catherine Norgard Tuesday.

The woman, Mildred J. Crass, was also charged with driving under the influence of liquor.

Changes Proposed in Canada Penal System

OTTAWA (CP) — Co-operation of the provinces looms as the key to a proposed overhaul of Canada's system of corrections and remissions of prison sentences.

Far - reaching recommendations for establishment of a national parole system and policy have been made by a special four-man committee which investigated for the federal government the country's parole system.

Its 90-page report, containing 44 recommendations, was tabled Thursday in the Commons by Justice Minister Garson, who has said previously he plans to call the provincial attorneys-general to a conference to discuss how the committee's suggestions can be implemented.

The need for such a conference and provincial co-operation was made evident in some of the major proposals of the committee headed by Mr. Justice Gerald Fauteux of the Supreme Court of Canada.

Mr. Garson said Thursday the government is awaiting the views of his departmental officials on the best way of implementing those recommendations which come under federal responsibility.

Later it probably would be necessary to confer with the provinces on the best way of integrating federal steps with those committee recommendations the provinces might see fit to implement.

The committee proposed that prisoners sentenced to more than six months' imprisonment be kept in federal penitentiaries, and those committed for shorter periods be kept in provincial jails. At present, the dividing line is a two-year sentence.

Freight Rate Hike Illogical — Herridge

OTTAWA (CP) — H. W. Herridge, CCF Commons member from British Columbia, today described as "unsound and illogical" recent railway freight rate increases on B.C. lumber.

He asked Transport Minister Marler whether there have been any protests.

Mr. Marler said he does not agree with the terms used by the member for Kootenay West, and added there has been "no particular condemnation" of the increase since it was allowed by the board of transport commissioners.

Thomas Barnett (CCF-Comox-Alberni) complained that the rate differential on lumber from Vancouver Island mills has been increased from three to six cents a hundredweight. Mr. Marler said he will take note of the matter.

Townsend Returns

LYDD, England (Reuters) — Group Capt. Peter Townsend, rejected suitor of Princess Margaret, flew Thursday from Lydd Airport to return to his air attache's job in Belgium after completing preparations for his round-the-world trip in a British-built jeep. He will start out this fall.

MARILYN MONROE and Sir Laurence Olivier have a private word during Marilyn's London press conference July 16, no doubt with some connection with the pair's forthcoming movie to be made in England.—AP Wirephoto.

And in This Corner...

SPOKANE (AP)—The fan went out in the drunk tank of the Spokane city jail Wednesday—and so did most of the drunks.

Police court judge Lower turned most of the men free when he learned they were confined in a sticky central cell in 90-degree weather with little air circulation.

TOKYO (AP)—"Need help desperately. Have killed four."

The radioed message came from the sealed baggage car of the speeding Kagoshima-Tokyo express as it bore down on Osaka station.

Railway police burst into the car at Osaka with drawn pistols and riot sticks in hand. White-faced baggage conductor Masao Nagai explained he meant poisonous snakes, not bandits.

Police found none.

Between Osaka and Kyoto, Nagai killed two more vipers. Outside Nagoya four more stuck their heads out of a wicker basket.

At Tokyo, railway officials pulled the car out of service for further search. Then reptile dealer Zenkichi Asami admitted a broken and now empty-container originally held 34 of the poisonous snakes. They were to be used to make a "youth restorative."

VANCOUVER (CP) — Two police officers here are keeping quiet about their adventure with a half-full peppermint oil bottle and a mysterious explosion at the police station.

The officers picked up the bottle while investigating a safe-blowing at a Vancouver bakery. They took it back to headquarters but, reasoning that the contents smelt strongly of peppermint while explosive nitroglycerine is tasteless and odorless, decided the exhibit was useless and threw the bottle into the incinerator.

Two days later the incinerator exploded while the janitor was emptying the waste paper baskets.

"Craziest thing of all," reported the dazed janitor, "was that the whole thing smelled of peppermint."

WINNIPEG (CP)—The Charbonneau family had reason to celebrate Thursday. It was the 30th wedding anniversary of Mr. and Mrs. Gabriel Charbonneau, the 55th birthday of Mr. Charbonneau, the 26th birthday of his son Norman and the second birthday of his granddaughter Gail.

Only 10 p.c. Of Taxes Unpaid

Less than ten per cent of the city's tax levy, and not 40 per cent, remained unpaid after deadline day Monday. In Thursday's Daily News it was reported that 40 per cent of the taxes were yet to come.

Of the $391,702.50 current tax levy, $353,423.16 has been paid and $38,279.34 is yet to be paid.

Sight Restored To Bob Woods

BILLINGS, Mont. (AP)—Bobby Woods, 21-year-old ring veteran from Spokane, could see again Thursday, but whether delicate surgery performed on the retina of his right eye will be a complete success will not be known for at least a week.

His surgeon said it "looks encouraging but we will not know whether the retina will stay in place until Woods is able to move around."

When the bandages were removed, Woods could see the surgeon's face.

The emotional impact brought tears to the eyes of the young fighter, veteran of 94 pro bouts.

The doctor said that he had not given Woods any encouragement on success of the surgery, and Woods almost had convinced himself that he never would see again.

The surgeon explained that Woods would be gradually permitted to move about in bed and probably would be allowed to stand on his feet within a week.

At that time the bandages will be replaced with "pinhole goggles" which will force him to move his head rather than his eyes.

Woods has a cataract on his left eye which should be removed within a year, the doctor said. He added its removal would not be any ordinary cataract operation and would be difficult because of other injuries to the left eye.

Two Escapees Caught, Seek One

VANCOUVER (CP)—Two young escapees were apprehended about three hours after they escaped from suburban Oakalla prison farm late Wednesday night.

Ralph Michel, 18, and John Burke, 17, were recaptured in downtown Vancouver at about 12:30 a.m. Thursday. A third man, Alec Ham, 23, was still at large.

The three men, serving time for breaking and entering, took advantage of Vancouver's 80-degree heat to make their escape.

They cut the screens from ventilators, crawled up through them to the roof of the low building, and dropped to the ground over a barbed-wire fence.

Prison officials said the ventilators had been left open to give prisoners some relief from the heat in crowded cellblocks.

10th Anniversary Celebration Planned By Kiwanis

Plans for a 10th anniversary celebration were discussed at Kiwanis Club's meeting at the Hume Thursday night. The club was officially launched in October 1946, and it is planned to have the celebration in October.

Next Thursday the Silver Room will be given over to the Social Credit League, and instead of holding a meeting, club members are planning an inter-club visit to Castlegar Tuesday.

A guest was Robert D. Hobson of West Vancouver, former Nelson resident, who is holidaying here. He was introduced by his brother-in-law, George Latta. Mrs. Hobson was a member of the Royal Bank staff here in the 1930s.

President Frank Eberle read a communication from Kiwanis International stating that a Californian, Claude E. Taggart of Rialto, had been formally recognized as the 250,000th Kiwanian at a special ceremony in San Francisco. International President J. A. Raney of Indianapolis presented a plaque to Mr. Taggart before 800 club presidents and district officers during the 41st annual convention.

Herridges Sail In September

H. W. Herridge, MP for Kootenay West, and Mrs. Herridge will sail on the Homeric for England September 22. It had been previously reported that they would be leaving August 22.

Mr. Herridge will return to this riding between the time the house prorogues and his sailing time. Mr. and Mrs. Herridge expect to spend three months in England.

ASSAULT CASE ADJOURNED

CRESTON — The trial of Mrs. Elvira Laurino of Nelson, charged with assault causing bodily harm, was adjourned until July 30 in provincial court here Tuesday.

Charges were laid against the 22-year-old woman by Dominic Arcovio of Nelson, who suffered several knife wounds on July 8.

The case had been previously adjourned until July 17, when Mrs. Laurino appeared in provincial court in Nelson July 10. She was released on $500 bail.

Appearing for the defence was A. G. Cameron of Trail.

Autopsy Indicates Death By Drowning

TRAIL (CP) — An autopsy Thursday indicated that 38-year-old Mrs. Bert Daku of Riverdale drowned from a fall into the Columbia River Tuesday. Causes of the fall is unknown. Police believe she may have fainted or suffered a slight stroke.

Archbishop Johnson To Dedicate Chapel

Lady Day, August 15, has been chosen for the dedication of the new chapel at Notre Dame College at Nelson. Most Rev. Martin W. Johnson, D.D., Co-adjutor Archbishop of Vancouver and founder of Notre Dame, will conduct the ceremony, assisted by Bishop McCarthy and the clergy of the Nelson and Trail deaneries of the diocese.

The ceremony, to which the public is invited, will commence at 4 p.m. The blessing of the new building will be followed by Pontifical Low Mass celebrated by His Grace. This will be Archbishop Johnson's first visit to Nelson since he assumed his duties in Vancouver in March 1955.

The erection of the college chapel completes the first phase in the new buildings program undertaken three years ago to furnish adequate accommodation for Notre Dame. The present year has witnessed the completion and exterior decoration of the original classroom building and the opening of a college residence with room for 60 men.

The dedication of the chapel, which is designed in contemporary style, will provide facilities for college worship and the religious training of the students.

For the past two years an intensive financial campaign, originally launched by Archbishop Johnson, has been carried on throughout the Diocese of Nelson to obtain funds necessary for this construction.

Notre Dame Chapel, designed by architects Paul E. Smith and partner of Trail and built by Louis Maglio of Nelson, features the modern exposed laminated truss, with sharp-pitched roof construction. The walls are of native stone with glass-block insets to assure ample natural lighting. The pews, seating 140, are in British Columbia fir, while the altar is a mosaic of rich imported woods. A second altar is placed in one of the two sacristies. Provision has been made for the later addition of shrines on either side of the sanctuary. A small choir loft, confessional and cloak room are located at the rear of the building. The chapel will be open each day of the academic year for liturgical functions and private devotions.

Exercises for the Laywomen's Retreat beginning August 17 and for the Laymen's Retreat August 24 will be conducted in the new chapel. The clergy of Nelson Diocese will make use of chapel facilities for their annual retreat August 20-24.

Five Planes To Invade Nelson

Nelson is to be invaded from the air Saturday morning. But it's to be a friendly invasion of five Vancouver planes with from 16 to 20 people, including the pilots, their wives and passengers. They will land on the Nelson airstrip, which is reported in good condition, about 10:45 a.m.

The reason for the "fly-in" as it is called, is primarily to promote interest in flying. It is also a tour of familiarization of the country, to create good will and to promote the use of secluded airports.

The planes are all light aircraft flown by their owners, some on business as well as pleasure. Two or three pilots are flying salesmen.

Members of the fly-in will probably attend the Stampeders' football game, after which there will be a beach party. A tour of the city will be afforded them if time permits. Sunday morning they will leave for Trail, returning to Vancouver late in the afternoon.

Henry Stevenson and Art Stevens are in charge of arrangements.

NELSON RESIDENT since 1928, Dr. Annie Smith, 215 Innes Street, celebrated her 89th birthday Tuesday. In her hand she is holding the Kaisar-I-Hind medal presented to her for outstanding public service during her years as medical practitioner in India.

Koolaree Echoes

Happy Day No. 3 — Cabin 1 walked away with all the honors in the water sports day at Camp Koolaree.

Winners of the various events were:

Free Style dash — 1, Bruce Smith; 2, Stephen Drew; 3, Jun Takenaka; backstroke — 1, Wayne Adams; 2 Bob Bolstad; 3, Gordon Piper; plunge for distance — 1, Bob Bolstad; 2, Bruce Smith; 3, Jimmy Little; alarm muster — 1, Cabin 5; 2, Cabin 1; 3 Cabin 7; washing relay — 1, Cabin 4; 2, Cabin 1; 3, Cabin 6; dishpan race — 1, Jun Takenaka; 2, Bruce Smith; 3, Allan Waddell; broom race — 1, Stephen Drew; 2, Wayne Adams; 3, Fred Massey; Cabin boat race — 1, Cabin 1; 2, Cabin 2; 3, Cabin 4.

Happy Day No. 4 — Wednesday was treasure hunt day and Alec Wallach was the hawk eye as he found three clues for his cabin. Cabin 5 won the hunt as the boys found five cluess all together.

The treasure was found by Martin Horswill, who not only won points for his cabin but also a watermelon.

Cabin 5 took the lead in the softball competition with three wins credited to them, but Cabins 1 and 7 are on their heels with two wins apiece.

B.C. FIRM INSTALLS TELETYPES

Newest automatic teletype communication system in B.C. switched into operation Monday from Vancouver headquarters of the Finning Tractor and Equipment Co. Ltd.

The service, first of its type installed by B.C. Telephone Company, links Finning's main office with branches at Chilliwack, Cranbrook, Kamloops, Nelson, Prince George and Vernon.

Relaying messages to the Dawson Creek branch and to the Caterpillar Company at Spokane is also possible with teletype automatic despatch system, known in industry as "Tads."

It will allow Finning to provide faster supplying of parts to branches scattered throughout the province.

Unique point of the direct, private circuit is that messages are prepared on perforated tape. The electronic equipment then automatically routes each to its proper destination.

Branch teletype machines will require less attendance and will receive and despatch messages at 75 words a minute, a 25 per cent increase over the system previously used by Finning.

More Campers At Nisei Camp

Campers are arriving daily from all parts of B.C and Alberta at the all-Japanese camp, Nisei Kootenay Camp, 16 miles East of Nelson on Kootenay Lake.

Under camp director Tom Tazumi, the camp is the only one of its kind in Western Canada.

The campers have been kept busy with their Bible study classes, sports, swimming and games. The camp will continue until Monday.

Some of the young people from the camp will participate in the evening service at the Presbyterian Church in Nelson Sunday.

Two B.C. Men Win CMHC Fellowships

OTTAWA (CP) — Fellowships have been awarded 11 Canadians by Central Mortgage and Housing Corporation for post-graduate study in community planning.

The fellowships, for study at Canadian universities, are valued at $1200, the corporation announced today. Winners include Edward Dohun, Winnipeg, P. D. McGovern, Vancouver; and J. B. Sharpe, Victoria.

Kitimat Workers To Choose Union

KITIMAT, B.C. (CP) — About 2000 aluminum workers here will choose between two rival unions in a vote July 30-Aug. 2.

The outcome will end a two-year struggle between the Allied Aluminum Workers' Council and the United Steelworkers of America.

Both unions are distributing pamphlets to workers, many of them written in Portuguese, German, Italian, and Greek, as they attempt to reach many of the new Canadians employed at the Aluminum Co. of Canada smelter.

Wally Ross, an official of the steelworkers union, said "Alcan workers have never had the right to choose between the two unions."

The steelworkers' application for a certification vote last year was turned down by the labor relations board which ruled that the applicants "were not a complete bargaining unit."

The steelworkers are also pressing for inclusion of Kitimat firefighters, hospital employees and first-aid attendants in the bargaining unit.

The Aluminum Council is urging the board to allow workers hired after May 14 the right to cast ballots in the certification vote.

When setting the dates for the vote last week, the labor board ruled that a worker must have been on the payroll before May 14 in order to be eligible.

G. E. MAYNE SUCCEEDS LISTER

MONTREAL (CP) — Appointment of G. E. Mayne as vice-president of the Prairie region of the CPR was announced Thursday. The appointment takes effect Aug. 1. Mr. Mayne succeeds C. E. Lister, who is retiring.

Mr. Mayne has been general manager of the Prairie region since November, 1955. Prior to that he was general manager of the eastern region at Toronto.

Mr. Mayne joined the CPR as agent at Sulphide, Ont., in 1918. In 1951 he was appointed general superintendent of the Alberta district, Calgary.

ABINGTON, Pa. (AP) — Mrs. Edmund Roberts, 27, of nearby Roslyn, Wednesday night gave birth to her third consecutive set of twins. She gave birth in hospital to a seven-pound, 12-ounce boy and three minutes later followed with a seven-pound, one-ounce boy.

Mrs. S. Best, Early Okanagan Settler, Dies Here

Early settler of the Okanagan district and active community worker, Mrs. Susanna Best, died at Kootenay Lake General Hospital Thursday morning after a long illness. She was 81 years of age.

Mrs. Best, who has resided with her son-in-law and daughter, Mr. and Mrs. J. P. MacDonald, at 524 West Gore Street in Nelson for the past four years, was noted for handicrafts in knitting, crocheting and needle work, having won many prizes at West Kootenay exhibitions.

Mrs. Best was also an active community welfare worker, having worked for the Canadian Red Cross in both World Wars.

Born in Coe Hill, Ont., in 1874, Mrs. Best moved with her family to Saskatchewan as a youngster and in 1891 moved to the Okanagan where she was one of the early settlers.

She resided at Creston with a daughter and son-in-law from 1928 to 1945 and also at Kamloops for three years before moving to Prince Rupert, where she lived until 1952. In that year she moved to Nelson, where she has since resided.

Mrs. Best is survived by four daughters, Mrs. Anna Bardenhagen of Calgary, Mrs. J. McMann of Ventura, Calif., Mrs. C. F. Oland of Bowser, B.C., and Mrs. J. P. MacDonald of Nelson; one sister, Mrs. T. A. Sharpe of Salmon Arm; two brothers, Richard Blackburn of Enderby, B.C., and William Blackburn of Salmon Arm; also 11 grandchildren and 17 great-grandchildren.

Funeral services will be held in Nelson.

30 Doukhobor Children Have Whooping Cough

CASTLEGAR (CP) — Whooping cough has broken out in the Castlegar area among Doukhobor children.

The disease has been most prevalent among pre-school children. West Kootenay health officials said aobut 30 cases have been reported.

The public health nurses, Jean Oliver and Betty Johnson, have held an immunization clinic at Castlegar, but officials said it has not been well attended.

Health officials estimated that only between 30 and 40 per cent of the children in these areas have been immunized against whooping cough.

Home-Building Pace Continues

CRANBROOK — With the delayed building season for 1956 now in full swing, report to the City Council by building inspector, Fire Chief James Gordon lists 13 permits issued last month including eight new dwellings. Total estimated value of the projects covered by the permits is $101,950.

This brings to $301,600 the total estimated value of building current in the city for the year so far, most of which is new housing.

Cranbrook Raises City Speed Limit

CRANBROOK — Amendment to the city streets and traffic bylaw which would raise the speed limit in the city to a maximum 30 miles an hour from the present maximum of 25 miles an hour is being prepared on instruction of the City Council. This action is being taken on recommendation of the Department of Highways, but the new limit does not come into effect until the amendment is passed and incorporated into the bylaw.

Lively Time Spent as Scouts From Salmo, Riondel, Join in Camping

SALMO—A successful summer camp was held by the First Salmo and First Riondel Troops at Honeymoon Ranch on the east shore of Kootenay Lake, seven miles north of Riondel.

The Scouts arrived by boat. Food and equipment were relayed from shore to campsite. The day was spent setting up camp and getting acquainted.

Each patrol of six boys cooked its own meals and set up separate campsites. Such a system offers a remarkable lesson in the problems, the opportunities and the joys of organized community living, and teaches the boys to be self-reliant.

The program included Scouting activities such as woodcraft, pioneering projects, obstacle courses, wide games, field games, tracking and stalking, gadget making, nature study, swimming, boating, overnight hikes, and, of course, campfires.

INDIAN DAYS REVIVED

Special projects were made by each patrol, which included bows and arrows, sweat houses, tomahawks, tepees, and fire by friction.

The boys prepared for their overnight hike with each patrol going to different locations with sealed instructions as to what to do and look for. The Owl Patrol under Patrol Leader Leslie Jensen made outrigger canoes and paddled up the east shore to their campsite. Their biggest fish was caught by Gerry McLeash, but Eddy Petersen received the highest award at campfire for the biggest one that got away.

The patrols returned with samples of rocks, plants, live insects and marine life. The Beaver Patrol did itself proud by displaying live lizards, snakes, beetles, bugs and butterflies. Hugh Downing being chief catcher.

Pioneer Day saw the Owl Patrol stealing the show with a 150-foot aerial tramway down to the lake. The Rams, under Patrol Leader Tom Johns, made a drawbridge which required three miles of lashing ropes.

The Crows, under Patrol Leader Ken Erickson, built a swinging derrick on a tree, and the Beavers, under Patrol Leader Don Shannon, erected a counterweight bridge.

On Obstacle Day, Patrol Leader Ken Erickson led the Crow Patrol to victory. Each patrol was required to spend 15 minutes at the different obstacles. The first obstacle was to move an atomic pile around a given course without setting off a chain reaction. Then each patrol had to move a cup of water over a branch 15 feet from the ground without touching it with their hands. The third test was to send wood to a patrol member stranded on an island 50 feet away by means of a rope and small pail. Obstacle No. 4 was to follow a rope trail blindfolded through water and over rocks. The last test was to set a string on fire which was two floats 20 feet out in the lake.

The last day was spent breaking camp. The Owl Patrol under Patrol Leader Leslie Jensen second, Kurt Torgaard, Noland Fisher and Gerry McLeash was awarded a shield for scoring the most points.

They were closely followed by the Crow Patrol, only six points behind. Next came the Rams, and then the Beavers.

TOP SCOUT

Ken Ericksen was voted the best Scout at camp.

The success of the camp was due largely to the leadership, example and attitude of the patrol leaders, who filled their patrols with enthusiasm which proved contagious. The patrol leaders were: The Owls, Leslie Jensen; The Crows, Ken Ericksen; The Rams, Tom Johns, and The Beavers, Don Shannon.

The leaders at camp were: Ron Erikson, Assistant Scoutmaster of the First Salmo; Bill McLay, Scoutmaster of First Salmo; Herman Nielson, Scoutmaster of the First Riondel, and Ed Shannon and Bill Dodass of the First Riondel Scouts.

Those attending were Paddy Bensen, Don Barker, Marvin Kelly, David Bourdon, Ron Stard, Leslie Jensen, Noland Fisher, Kurt Torgaard, Gerry McLeash, Eddy Peterson, Tom John, Bobby Power, Hugh Sauter, Wayne Kelly, Ken Ericksen and George Wilson of Salmo; Harvey Christenson, Larry Derbyshire, Gordon Ross, Don Shannon, George Lawley, Hugh Downing and Wilson Tod of Riondel.

Moyie Socreds Choose Delegates

MOYIE — Representatives to attend the coming nomination meeting in Cranbrook were chosen by the Moyie Social Credit group meeting at the home of Mr. and Mrs. E. J. Sylvestre.

Those who will attend the meeting on behalf of the Moyie group will be Mr. Sylvestre, Neil Roberts, Kenneth Keighley and Harold Roberts.

SOUTH SLOCAN CHILDREN GO TO CAMPS

SOUTH SLOCAN — Camping is popular among the children, as evidenced by the number of youngsters attending various camps.

Stephen and Michael Brewster, Pat Latondras and V. Stohoski have all returned from a trip and session at Camp Lourdes.

Attending the Junior Boys' Camp at Koolaree are, among others, Reg and Dean Box, Mark Hall and Sammy Fisher.

Mrs. C. M. Murray is one of the most enthusiastic campers at the Girl Guide camp at Deer Park. A young 72, she is the Guide leader at South Slocan for the first Bonnington and South Slocan Guide troop.

Pioneer Lodge Contract Price Under Revision

KIMBERLEY — No contract has been awarded as yet for construction of a second unit of eight single apartments for Pioneer Lodge, Kimberley's accommodation for elderly people.

When the Pioneer Lodge Committe met Wedensday night, members considered the sole tender received when bids were called—one in the amount of $32,000 from Fabro Building and Supply Company of Kimberley. The Committee had hoped that the extra accommodation could be built for around $21,000.

The tenderer has been asked to reconsider costs, and a further quotation and alternative proposals are being sought from a Vancouver firm on wiring and heating.

Mrs. Violet Burrin, alderman, who heads the Council's health and welfare committee, is chairman of the Pioneer Lodge Committee. Several organizations are helping the project.

Greenwood In Throes of Building Boom

GREENWOOD — With an upsurge in mining and other activity in this district, Greenwood is experiencing a land and building boom.

Building permits issued for the first six months of 1956 amounted to $162,120, compared to $13,300 for the same period last year.

City Council recently received applications for purchase of a total of 70 lots. Applicants were McClay Construction Company, Ltd.; F. Mahoney, Mrs. E. C. Webster, E. R. Brown, Albert Millar, Harold J. Latreille and H. McDonald.

Applications for water licences to pump 300,000 gallons a day from Boundary Creek will be forwarded to the Water Rights Branch. Applications for water pipe crossings under the transprovincial highway will be forwarded to the highways department.

An application to buy No. 5 building has been submitted, but as Council considered the amount offered as being inadequate, a committee was appointed to discuss the matter further with the applicants.

Near-Record Safety Month For Cominco

TRAIL—During the special May safety month at The Consolidated Mining and Smelting Company, nine lost time accidents were reported. Accidents occurred during 1,396,000 man hours worked, or 6.4 accidents per million man hours worked. During safety month in 1953 a record of six accidents per million man hours worked was established.

No accidents were reported during the safety month at the Trail chemicals and fertilizers division and engineering services; Sullivan concentrator and fertilizer department at Kimberley; HB Mine at Salmo and Con Mine at Yellowknife.

READ THE CLASSIFIED DAILY

Lumber Operations Swing Into High Gear

CRANBROOK — An afternoon shift to double the daily output of the semi-stationary St. Mary's Lake sawmill of Crestbrook Timber Ltd. went into operation this week as the industry went into high gear following spring breakup. Lumber from this mill is trucked the 37 miles to the planer and dry kiln at the Cranbrook plant.

Construction of an eight-mile extension road up St. Mary's River as access to a recent 33,000,000 foot timber sale the company bought is under way with assistance of a logging contracting firm, Burnside and Johnson, who will establish their logging camp on the location when the road is completed, to aid in supplying logs for the St. Mary's Lake sawmill on its stepped-up production program.

Officers Named By Natal PTA

NATAL — At the last meeting of the Michel-Natal Parent-Teacher Association held in the Elementary School prior to the holiday season, officers were elected for the 1956-57 term.

President is Ian Dufour of Sparwood; vice-president, Mrs. Terry O'Neill of Natal, and treasurer, Mrs. Mary Putich of Natal. A secretary will be elected at the opening meeting of the fall term.

Michel Miners To Hold Picnic; Yule Treats Over

NATAL — Michel local, United Mine Workers of America, has decided to hold an annual picnic instead of giving a Christmas gift to children, thus ending a 40-year tradition.

The picnic will be held August 12 at the Crow shelf.

Before the Christmas holidays each child in the district and the children of those employed at the Michel mines from Fernie and the Crow's Nest under the age of 15 have received a small sum of money. Last Christmas eligible children received $1 each. In previous years they had received $1.50. The number of children eligible has been increasing steadily until now it is near the 100 mark, and for this reason the change to an annual picnic has been made.

Wins Drama Award

WHITE ROCK, B. C. (CP) — A Leon and Thea Koerner Foundation scholarship for the University of B. C.'s 1956 summer school of the theatre has been awarded to Jill Taverner of White Rock. She won a $50 award for her work in the dramatic arts.

One of First Japanese Storekeepers At Vancouver Dies at New Denver

NEW DENVER — Sakuyoshi Yoshinaka, age 79, died at The Pavilion after a lengthy illness.

Born in Japan, he came to Canada 60 years ago to Vancouver. He was one of the first Japanese to have a store business of his own in Vancouver.

In later years he was employed at sawmills around Vancouver until illness overtook him in 1942. He was moved to New Denver from the coast during the war.

He is survived by his wife in New Denver, one son in Japan, George in Alberta, four daughters, Mrs. Nishikawa and Mrs. Kitaguchi in Alberta, Mrs. Kiyaye in Toronto and another daughter in New York. Several grandchildren survive.

Funeral services were held in the Japanese Hall, Mr. Tahara officiating at the Buddhist rites.

More than 60 bridges span canals in Hamburg, great seaport in West Germany.

Parents, Public Must Back Schools

A letter from the chairman of the School Board reproduced elsewhere on this page is worthy of the attention of all citizens. It deals with rumors that have been current for some time regarding the conduct and efficiency of the high school.

These rumors must, without doubt, have been started by pupils and it is remarkable how much credence is given by parents to the idle and unsupported allegations of children. In one case, not connected with the high school, rumors among adults which seriously affected the character of a teacher were traced to a 12-year-old boy of delinquent nature.

How harmful rumors and gossip can be must be fresh in the minds of citizens since the last civic election when candidates of irreproachable conduct were defeated by a whispering campaign. When such rumors are circulated regarding the high school they can be just as pernicious, since the efficiency of the school depends to a large extent upon the degree of confidence it enjoys.

The Board wisely appointed an independent committee to deal with the matter, and that committee did not attempt to race or deal wih rumors, but concentrated upon an evaluation of the school on the basis of performance by students, not only in school but also in their subsequent years in university. The result, as given in their report, is not only a justification of the high school staff, but should be a source of gratification to everyone.

In the high school, more than in any other school, success depends upon the individual ability and effort of the student. The subject matter is of such quantity and of such a difficult nature that all students cannot expect to pass on to university, even of good average ability, without effort, and no amount of effort will overcome lack of ability in all cases. The chairman of the Board asks parents to use their common sense and not expect the impossible, either from the teachers or from their children. There are today many good and satisfying opportunities in life for those who cannot attend university.

When, however, the Chairman of the Board says that teachers should be more specific in advising parents of their children's abilities, he is touching on a delicate subject. No parent can be told that the pupil is incapable of doing the work, but probably he feels that the present-day parent and pupil need a little stiffening by the truth, however unpleasant it may be.

Nelson schools have always been highly regarded throughout the province for their high standard of achievement in education. With the excellent staffs the schools have today, there is no reason to believe that standard will not be maintained, but to function happily they must have the sincere support and appreciation of the parents and the general public.

?Questions? ANSWERS

Open to any reader Names of persons asking questions will not be published There is no charge for this service QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy

M. T., Nelson—Can you tell me when the Annable Block was built?

1910-1911.

Wondering, Nelson—I wish to write to a friend who works for the CPR in an Alberta city. Not knowing street address, how would I write through the company?

Address the letter to your friend in care of Canadian Pacific Railway, at the town where you know he is working. Or address it in care of the Personnel Department, CPR Offices, Calgary, Alberta.

A. B., Cranbrook—I would like to know if a war veteran who is getting a disability pension would get the $40 old age pension when he is 70 years of age?

Everybody at the age of 70 years is eligible for the old age pension without a means test.

Song Lover, Boswell—Is there a store in Nelson that sells the song "Mexicali Rose"?

Ben Sutherland's Music Store, 645 Baker Street, Nelson; Nelson Electric Co., Ltd., 574 Baker Street, Nelson; McKay and Stretton, Ltd., 532 Baker Street, Nelson, would order the song for you if they don't have it in stock.

A. K., Salmo—Our reader, J.E.B., Kimberley, was wanting to buy sheep's wool that had been washed and carded to use when filling a comforter.

M. L., Castlegar—Please print recipe for old-fashioned dill pickles done in a crock.

Put some dill, a few wild cherry leaves and horseradish in a crock alternately with layers of washed cucumbers. When crock is full cover with brine made of three-quarter cup of salt to one gallon water, boiled and cooled. Put a plate over them and a weight on top. Have brine at least one-and-half inches over pickles.

Bubble Pickers

There are not enough sceptics in Canada today, and the few there are tend to become cynics as they survey the credulous. Too many people are blowing bubbles, not enough are pricking them. People are too ready to believe anything which is beyond their comprehension. One even wonders if the new thronging to churches is less a return to God than an abdication of mental responsibility. A willing suspension of disbelief is a threat to intellectual development. Man did not rise to his present eminence over other animals because he denied his brains. The prime responsibility of human beings is to use their heads, and the first requisite for discharging that responsibility is an active practice of scepticism.—Peterborough Examiner.

Marilyn Monroe, Oo Be She?

F. B. PEARCE

London — Marilyn Monroe's invasion of Britain is being planned with all the secrecy of a wartime second front operation—with a horde of press agents "reluctantly" contributing to the security arrangements.

After arriving by air, Miss Monroe, her brand new husband, Arthur Miller, and the rest of the entourage will "take to the hills."

The lover's hideaway will be Lord Moore's stately Georgian home in Surrey, 30 miles from London. There the Millers reportedly will be well protected by personal bodyguards.

At London airport, the riot barriers were to go up.

There was to be no news conference at the airport although some photographs might be taken. Marilyn may talk to the press on Monday.

And all you people who have been complaining that there is nothing colorful in the news have something to cheer you up. Of course there is more color than news in the item and nothing like that ever happened to me. Did the Daily News come out with something like this when I went to Britain last year?

"Mr. Pearce's one man and his wife invasion of Britain has been planned with all the secrecy of an elopement, with leading citizens expressing their gratification.

"After arriving by steerage the happy couple will take to the wilds. Their hideaway will be in the wilds of Lincolnshire in a hundred-year-old cottage reputed to be the birthplace of Ebenezer Scrooge. Lincolnshire police will be on the alert until the Pearces return."

WHY THE FUSS?

So why all this fuss about Marilyn Monroe? What is she anyway? Take away her blonde hair and what have you got? A bald headed woman. And when you take that away a brunette would look better to any man.

Then there are those curvaceous charms we hear so much about. They don't appeal to everyone. My friend Betty, who is 13, saw her in a show and when I asked how she liked Marilyn she said, "Oh, she is alright but she shows her . . ." and then she stopped and I said "curves?" "Yes," she said, "she shows her curves too much' but I rather think it was maidenly modesty which stopped her from saying the word she thought of. What are curves anyhow? I have curves, too, but does anyone make nice remarks about them? Not in this family.

And why all this fuss about blondes? Despite the fact that it may increase international tension my belief that it is an American plot to discredit brunettes and history. Was Cleopatra a blonde, did "the face that launched a thousand ships" have a mop of tow at the top, did the moonlight in Verona gleam on Juliet's golden ringlets? Not at all. They all had raven tresses and they did not need press agents either. It was long after Helen was dead that "'Omer smote is blooming lyre" and Shakespeare never met Juliet.

OO BE SHE?

So the Millers are going to a "hideaway in the hills" of Surrey. Well, take Route A 23 from London and you'll be there in half an hour. Ask the oldest inhabitant of the village for Marilyn and he will most likely say, in broad English, "Marilyn Monroe? Oo be she? Us ain't never heered on 'er. Where be she tu? Lord Moore's 'ouse? Rackon oi did hear tell squire 'ad let t'ouse to some foreigner. 'ts about a miol atter ye pass "Pig and Whistle." Be sure to ask the oldest inhabitant. Everyone else speaks BBC English.

As for riot barriers they haven't been needed since our gallant lads left Aldershot and Marilyn will not have a news conference—not if she lives up to the traditions of blondes who can hardly read a weather report — but some photos will be taken. Yes, and we will be expected to swoon with pleasure, but me, I'd rather have a picture of any of the dark haired lassies in kilts and tartans who paraded on Victoria Street today.

(Editor, Are you sure Juliet had black hair?)

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars,

For Saturday, July 21, 1956

MARCH 21 to APRIL 20 (Aries) —When work and essentials are over, enjoy relaxation. Don't be an over-doer! Romantic and family interests top the favored list. Avoid too much pressure physically or mentally.

APRIL 21 to MAY 21 (Taurus) — Unless necessary, sidestep long and tedious activities now. They help neither disposition nor mentality. Supplement outdoor pursuits with some good reading.

MAY 22 to JUNE 21 (Gemini) — Make practical plans for the future. You can think better when not distracted by outside interests. Self-control and concentration important. Yes, you do gain your happiness in accomplishing.

JUNE 22 to JULY 23 (Cancer) — Dircet efforts (business or recreational) along familiar paths for best results. Your exuberance is infectious and is a good salesman for you. Use it effectively, but in an unaffected manner.

JULY 24 to AUGUST 23 (Leo) — Powerful influences predominate. Don't try to swim gainst the tide of righteousness or honest public opinion. Your inherent good qualities should be brought to the fore-front, made to count.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Don't waste time on trivialities. Extend some of your thoughts and desires beyond usual channels. Something new, different and worthy of you is called for. Curb an inclination toward egotism.

SEPTEMBER 24 to OCTOBER 23 (Libra) — There are tendencies toward procrastination now. Don't yield to them. If your goal is a distant and difficult one, do not be discouranged, extended effort brings lasting gain. Cheers!

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Energizing rays suggest that you be up and doing — not necessarily in strenuous activity but something "different." Park your worries elsewhere. Enjoy wholesome, entertaining interests.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Don't become involved in situations that are snowballng with detail. Plan activities so that you have some free time for recreation. Visit with friends, relatives, neighbors.

DECEMBER 22 to JANUARY 20 (Capricorn) — Coordinate ideas so that you may reap the full benefit from efforts. A lost day can never be relived. Chart your program with zest, discernment, conscientiousness. Keep a watchful eye on your goal.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Capitalize on your talents. They will not develop unless exercised. Look to old friends for advice when troubled. Have faith in your ability to cope with problems. Tact!

FEBRUARY 20 to MARCH 20 (Pisces) — Generate the enthusiasm needed for day's schedule (work or play). A "wet blanket" is never popular. Harmonious surroundings are helpful. Avoid a tendency to make caustic remarks, criticize unjustly.

YOU BORN TODAY are conservative, enterprising, progressive and capable of holding a position of authority in government, business, any undertaking that is honorable, enlivening and productive. You often succeed as politicians, lawyers; may learn toward a scientific field, or have unusual mechanical ability. Many great artists and actors were born in your Sign. You can be entertaining, interesting in conversation. Curb tendencies to argue or contend needlessly; they may alienate friends, make enemis. Work hard for high ambitions. Birthdate: St. Philip Neri, Ital. saint, founder of the Oratorians.

Last Count Gives Zuazo Election Lead

LA PAZ, Bolivia (AP)—The official count has confirmed the election of Hernan Siles Zuazo as president of Bolivia. It also spells an end of the Communist and the Trotskyist parties as registered groups.

Siles and his National Revolutionary Movement received 786,729 votes, the Communists 12,273, and the Trotskyist Workers Revolutionary party 2329.

The figures for the last two parties were less than four per cent of the valid votes, and they will be stricken from the list of registered parties.

Daughter Born To Olivia De Havilland

PARIS (AP)—American movie star Olivia de Havilland gave birth to a daughter in Paris Wednesday.

Miss de Havilland married Pierre Galante, a French movie reporter, April 2, 1955.

Canada Displays Airborne Recorder

TORONTO (CP) — Canada has taken the wraps off its new airborne profile recorder, a Canadian-developed gadget for surveying huge tracts of terrain from the air. It currently is being displayed at the International Congress of Photogrammetry in Stockholm.

The National Research Council began developing AP Rin 1947. The machine "combines a highly accurate radar altimeter to measure the terrain clearance and a very sensitive pressure altimeter to measure variation in aircraft flying height above sea level."

Nelson Students Win Marks Above Provincial Average Board Finds

To the Editor:

Sir—I would appreciate it very much if you could allow me the use of a small space in your valued newspaper in order to inform the public of certain pertinent facts that should prove of interest to all parents of children attending our schools.

For quite some time your Board of School Trustees has heard rumors regarding the situation at our Senior High School, and while the Board has never had any concrete evidence laid before it, it was felt necessary to try and deal with these rumors in as democratic a manner as possible.

It is fully understood by your Board that unsubstantiated rumors can quickly develop into gossip, which is one of the most destructive and vicious pastimes indulged in by the human race; so, to clear up this situation once and for all, the following procedure was adopted:

A Special Committee was formed eight months ago consisting of two Board members, the Inspector of Schools and one private citizen, who were to gather all pertinent facts and details and to give a full report to the full Board by June 30, 1956. This report was handed to the Board at a special meeting held June 27, and here I would like to congratulate the committee for a difficult job well done. The report dealt fully with the students of Grade X this year, and going back as far as 1954-55 to the students of that year who commenced attending the UBC.

Statistical records from the University proved beyond the shadow of a doubt that our graduates attending UBC obtained marks well above the provincial average for all students; also, out of all students attending there had been only one failure, and this student left the University. These statistics did not include, of course, the students attending other centres of learning, but from what the Board was able to ascertain, these students were doing as well as any others.

Doubtless there is a number of students from the Nelson High that for one reason or another could not attend the University, even though they had the academic standing to do so. However, I am more than pleased to say that now there are facilities in existence in the form of bursaries—scholarships—loans from the Provincial Government, etc., that enable the academic student to proceed immediately toward his chosen career, be it medicine, engineering, or any other degree.

They say "the proof of the pie is the eating of it," and your Board is happy to tell you that our High School is turning out a very fine type of student who, if of the academic kind, is proving to be good university material. We are looking forward to a better year this year, as there is a full staff of experienced, capable, qualified teachers, and with the added facilities of the new building we are sure we can expect good results.

It must be remembered, too, that the success of our schools is not only dependent on our teachers, but also the quality of the students who attend the school. All parents are proud of their children, and rightly so; but they too must remember that all children are not alike, and the percentage is small of those capable of taking the University program and completing it successfully.

This percentage has varied little over the years, and parents must realize fully that even though they are ambitious for their children, that not all of them are of University material. It is better to be a good truck driver than a poor doctor, and students who lack the academic qualifications can certainly round out their High School program by taking the General Course. Teachers, too, must be more specific in advising parents of their children's abilities in order that misunderstandings will not arise at a later date.

It is the God-given right of every child to get an education, and your Board is doing all in its power to make this possible for every child in the district.

In closing, may I add one more remark. In future your Board will ignore all rumors, and no complaint will be dealt with unless it is in writing or by a personal attendance at a Board meeting.

All School Board meetings are open to the public, and anyone who wishes can attend and lay their complaints before the whole Board, who will give immediate attention to even the smallest detail.

GEORGE MERMET (Chairman)
Board of School Trustees,
School District No. 7 (Nelson).

Bein' poor ain't so bad. The part that makes you suffer is bein' poor and tryin' to look like you are rich.

Says Credit Squeeze Hard On Builders

CALGARY (CP) — Calgary's largest building company Wednesday announced it has had to lay off a quarter of its labor force because of a lack of mortgage funds.

Ellis V. Keith, president of Keith Construction Company, said 82 men had been laid off.

"It's a very serious situation," he said. "If we had the mortgage money we could go ahead, because the market's there."

"I've talked to other builders, and they are in the same boat. The credit squeeze has finally caught up with us this week and we've run out of mortgage funds."

About the Town

By Alice Stevens

PHONE 1369 OR 1844

Mr. and Mrs. L. G. Catley and children, Margaret and Douglas, 702 Observatory Street, have returned from a vacation in Banff, Calgary, Edmonton, Saskatoon and Regina.

• • •

Mr. and Mrs. F. Walker, Bevanne Apartments, have as guests Mrs. Walker's brother and sister-in-law, Mr. and Mrs. F. Dodge of Seattle and Mr. and Mrs. S. Dodge of Guam.

• • •

Members of the Senior Circle of Cathedral of Mary Immaculate met Wednesday afternoon at the home of Mrs. George Chaluk, 714 Silica Street. Sixteen were present and prizewinners were Mrs. F. Boyd and Mrs. Edith Edgar.

• • •

Mrs. William Kalyniuk, Cedar Street, a Kootenay Lake General Hospital patient, is progressing favorably after an operation.

• • •

Mr. and Mrs. S. J. Beatty and twins, Carolyn and Billy, of Fresno, California, are visiting the former's parents, Mr. and Mrs. W. B. Beatty, 230 Baker Street. Also visiting is Miss Fay Beatty who is with the Air Force in Trenton.

• • •

Miss Enid Etter leaves today for New Zealand.

• • •

Guests at the home of Mr. and Mrs. L. G. Catley, Observatory Street, are the latter's mother and sister, Mrs. B. Hughes and Miss Gwenyth Hughes who returned with them from their Saskatchewan and Alberta vacation. Miss Hughes will spend three weeks in Nelson prior to sailing for France where she will teach for two years at an RCAF station.

• • •

Mr. and Mrs. Ross Luttrell and daughter, Martha, of Vancouver, are the guests of Mr. and Mrs. Kerby Grenfell on the North Shore.

• • •

Mrs. Bob O'Neil and children, and Denise Belson, have returned to New Westminster after spending the past week with Mr. and Mrs. Charles McEachern, 904 Victoria Street.

Engagements

Mr. and Mrs. R. J. Mulley, South Slocan, announce the engagement of their daughter, Joan Eleanor to Ronald Hamilton Marshall, son of Lieut. Comm. and Mrs. J. H. Marshall, 985 Oliver Street, Victoria. The wedding will take place August 18 at 3:30 p.m. in St. Matthew's Church, South Slocan.

Kaslo Honors Cleric, Wife

KASLO — A farewell party was held at the home of Mr. and Mrs. F. Bate by the congregation of St. Mark's Anglican Church for Rev. W. S. Beames and his wife, who are leaving soon for Naramata. Mr. Beames is retiring from active ministry.

R. Hewat, who has been warden at St. Mark's for more than 30 years, voiced the regret of the parish at losing the Beames, and Rev. Dr. H. K. Johnston of St. Andrew's United Church spoke of the neighborly relationship that existed between the two churches. Miss Elizabeth Giegerich presented Mr. and Mrs. Beames with a gift in the form of money.

New Denver

NEW DENVER — Dr. and Mrs. William Chornoboy have as their guests Dr. Chornobay's parents, Mr. and Mrs. Steve Chornobay of Endeavour, Sask., his three nieces, Jane and Sherley Tataryn of Endeavour and Gale Pushko of Transcona, Man.

Dr. and Mrs. Joe MacKittan of Missouri, who have been guests of Dr. and Mrs. William Chornoboy, have left to visit relatives.

Mr. and Mrs. Paul Pasemko of St. Paul, Alta., and Miss Millie Pasemko of Wetaskiwin, Alta., are the guests of Dr. and Mrs. William Chornobay.

Mr. and Mrs. Walter Tattrie of Vancouver were visiting the former's brother Neil Tattrie and his niece, Mrs. R. E. Crellin. Mr. Tattrie will be at the Van Roi Mine, Silverton, for a month.

Mr. and Mrs. Neil C. (Buster) Tattrie and two children Allan and Susan of Victoria are the guests of the former's father Neil Tattrie and his brother-in-law and sister, Mr. and Mrs. R. E. Crellin.

Mrs. C. W. Nelson has left for Vancouver to visit for a month her son and daughter-in-law, Cpl. and Mrs. G. R. Nelson.

Mr. and Mrs. William Martin and Elaine, Wayne and Stanley are on a two weeks holiday motor trip through Alberta.

Mrs. Don M. Edwards and three children left for Vancouver to visit relatives and friends. On their return will take up residence in Nelson with D. M. Edwards.

Mr. and Mrs. Leslie R. Campbell are on a holiday in Vancouver.

Mrs. Vera R. Kitchener, who was the local telephone representative has left for Vancouver to take up residence.

Mrs. George Newborn and her mother Mrs. James Forsythe left for Vancouver and Seattle on a holiday with relatives and friends, they were accompanied by Mrs. Forsythe's two granddaughters, Mary Phyllis and Ginny Forsythe, also Mrs. V. R. Kitchener.

BOSWELL — Visiting Mr. and Mrs. Jack Pryke are Mr. and Mrs. James Pryke and their five young daughters from Calgary.

Refrigerator Pies Ideal in Summertime

By ALICE DENHOFF

One way to salute the spring and summer months is to treat the family to refreshing refrigerator pies — refreshing not only to taste but to make since they require no baking. The secret of really delicious refrigerator pies is fine ingredients and pure, not synthetic, flavorings that remain true and fixed no matter how chilled the pie becomes. Use cookies or wafers for the crusts.

For a beautiful banana pie to take care of 6 servings, soften envelope plain gelatin in ¼ cup cold water.

Take 1-3 or 2-3 cup sugar and 2 egg yolks. Stir in 1 cup cold milk. Cook over low heat until mixture coats a metal spoon, stirring constantly. Stir in softened gelatin.

Meanwhile, beat 2 egg whites until they stand in soft peaks. Gradually beat in remaining 1-3 cup sugar and fold into custard.

Fold in 1 cup sliced bananas, teaspoon pure vanilla extract, and ½ cup heavy cream, whipped. Turn into a 9½-inch pie plate, lined with vanilla wafers (takes about 1½ boxes — 2 ounces each—vanilla wafers). Chill until ready to serve.

For a fancy affair, garnish with whipped cream, sliced bananas and maraschino cherries.

PARTY FARE

To serve 6 with Vanilla Charlotte Russe Pie, soften tablespoon unflavored gelatin in ¼ cup cold water.

Add ½ cup hot milk, 1-3 cup sifted confectioners' sugar and one-sixteenth teaspoon salt. Mix well, then chill until mixture begins to thicken.

Stir in 1 cup drained, crushed pineapple.

Beat 2 egg whites until they stand in soft peaks. Beat in tablespoon granulated sugar and fold into gelatin mixture.

Then, fold in teaspoon vanilla extract and 1 cup heavy cream, whipped. Turn into 9½-inch pie plate lined with 3-ounce package lady fingers. Chill until firm and ready to serve.

ENTICING DESSERT

For an enticing dessert to serve 6, boil together ½ cup each sugar and water until mixture spins a thread.

Add one-sixteenth teaspoon salt to 2 egg whites and beat until stiff. Gradually beat the sugar syrup into beaten egg whites.

Whip 1 cup heavy cream until almost stiff. Add teaspoon pure vanilla extract and beat until stiff. Fold into egg-white mixture.

Turn into a Chocolate Cookie Crumb Crust. Freeze until firm and ready to serve.

To prepare crust, combine thoroughly 1 2-3 cup chocolate cookie crumbs and ¼ cup butter or margarine. Press mixture evenly over bottom and sides of 9-inch pie pan. Chill.

Natal Couple Attend Reunion in Manitoba

NATAL — Mr. and Mrs. John Desjardins and family returned to their home in Michel after attending the 50th golden wedding anniversary of the former's parents, Mr. and Mrs. Arthur Desjardins at St. Amelie, Man.

The reunion for the first time was attended by all the family of the parents, consisting of nine sons and six daughters and their children. Of 100 grandchildren, believed to be a record in the Dominion of Canada, 87 were present for the gala celebration.

PRETTY MAIDS all in a row are these members of the Queen City Twirlers, being trained by Mrs. D. R. Mealey to complement the Nelson City Band. The girls are, left to right, Sheila McGovern, Helen Neighbor, Carol Ann Locatelli, Holly Hinitt, Janice Clerihew, Joanne Stewart, Karen Heglund and Jennifer Paterson. The majorettes have been going through the paces since organization last October, weekly practices being held.

—Daily News photo.

Pretty Young Majorettes Bring Gay Spirit to Nelson's Parades

Everybody loves a parade, the saying goes. And it goes without saying that everybody loves majorettes, especially when they're young, winsome and smart-stepping like the Queen City Twirlers.

Assuring Nelson of parades with pep and vitality, 11 young girls are being trained by a local woman. They range in age from six to 15 years, and present a pretty picture as was seen during the recent Bonspiel parade last week when they made their first public appearance.

The girls are eager to turn out for any civic events. If enthusiasm counts for anything, they are likely to steal the show, for they have an abundance of that.

GO THROUGH PACES

With practices one night a week they have been skilfully trained in strutting, twirling, balance and precision. This fall they will learn drill routines which will enhance their already superb performance. Special attention will be given to acrobatic twirling, with splits, backbends and kicks.

The young woman responsible for all this is Mrs. Dan Mealey who began as a majorette when very young with the Medicine Hat Junior Band 21 years ago. She has been a professional majorettes for 16 years. Her skill has been transferred to the young ladies who are likely to be seen often making a colorful addition to Nelson parades.

WOMAN WORKS FOR 68 HOURS IN BOX FACTORY

KITCHENER, Ont. (CP)—Susan Schlarlach, 80, who has worked at a box factory here for 68 years, says people used to be made of sterner stuff than is the present generation.

"The bosses know they can depend on us oldsters," she said. "The young ones come and go. They don't care if they work or if they don't."

White-haired and still spry, Miss Schlarlach said she started working for the firm when the employers manned the office without aid and often worked in the plant, too. She has watched the company grow from 25 employees to 100, with an office staff of five.

"Jobs were plentiful in the old days but we used to mind what the bosses said," Susan explained. "We were scared of them but today the young ones talk back more than we will even yet."

BEGAN FOR NOTHING

When Miss Schlarlach started work she received no pay for the first week. The next week she got one dollar. The third week she made $1.25 and that remained her weekly wage for some years.

Employees worked 11 hours a day. Today Miss Schlarlach puts in eight hours. Although she has been given permission to work just a couple of hours a day she won't give in.

"I keep up," she said. "Some days it's hard—others it isn't so bad but I won't give in. It's better than if I'd quit and sit around doing nothing."

New Denver

NEW DENVER — Mrs. William Sharp and three children are visiting the former's parents in North Vancouver and other relatives.

Mrs. E. Landreville returned to her home after three months in Trail with her son E. Landreville and daughter, Mrs. Harvey.

Mr. and Mrs. Hughie Sinclair and son David returned to their home in Vancouver after visiting the former's mother for two weeks.

John Huntley and Pat Landreville have returned from the Stampede in Calgary.

Hugh W. MacKenzie of Victoria is the guest of his son-in-law and daughter, Mr. and Mrs. John Greenan.

Mr. and Mrs. N. C. Mortoson of Edmonton are the guests of their son-in-law and daughter, Mr. and Mrs. Ray Burkett.

Mr. and Mrs. John Wood and family have moved and taken up residence on Eighth Street in the home of Mrs. Margaret Doyle.

Mr. and Mrs. G. Harper of Toronto are staying at the Glacier View Auto Court. Mr. Harper is at the Cody Reco Mine.

Mr. and Mrs. George Kent have moved and taken up residence on Sixth Street.

Britain exported a record total of 3524 well-bred dogs of many species in 1955.

Wheelchairs No Handicaps To Two Business Women At Coast

VANCOUVER (CP) — Successful careers as executives have been developed by two young women here who carry on their duties from wheelchairs.

Miss Katharine Cook, 29, and Miss Beverley Thomas, 24, are president and secretary-treasurer, respectively, of Katharine Cook Limited, a public stenography firm.

"We met while in Vancouver General Hospital and were organized along with three other paraplegics by Roy C. Douglas, a Vancouver businessman whose son, Peter, had become paralyzed by a broken neck at the same time," said Beverley.

GROWING STAFF

The group sold preferred stock to raise capital and then went into business, with the two girls the only active members. They opened three years ago in a little office with a staff of two besides themselves. Now they have six full-time and five part-time employees.

"It never occurred to either of us to give in to our handicaps," said Katharine. "I had just completed my degree at the University of British Columbia that spring and planned on a teaching career. That September I came down with bulbar and spinal polio. I was in hospital three years.

"The realization that I could never walk again came slowly. There was no shock. But even when I did realize it I didn't feel as though my life ended or anything. I knew I would find something."

Miss Thomas had planned to be a medical missionary to the Belgian Congo and was well on her way to realizing that ambition when she broke her neck in a swimming accident. There followed 14 months in hospital.

By ALICE ALDEN

THE SOFT WELL MADE DRESS of sturdy but lightweight fabric that is handled with an urbane air, is an excellent choice for the traveller who plans to spend some time for city stopovers. Nettie Rosenstein is responsible for this one, an excellent choice for smart daytime wear in town. It is of very lightweight navy and white silk tweed softened by a lace-frilled white organdie collar and cuffs. The skirt is worked with deep, unpressed pleats in front and back.

Union Suit Motif Appears In Rome Show

By CELE WOHL

ROME (AP) — Granddad's long-sleeved knitted union suit, dyed a fashionable black reappeared Wednesday as one of the newest continental fashion items.

Imaginative handbags shaped like guitars and mandolins also drew the eyes of international fashion buyers and writers gathered for the accessories bazaar that opened Rome's fall and winter fashion showing.

The union suit motif was repeated in a tight-fitting wool jersey displayed for wear under a rough brocade tunic.

Other accessories included heavily hand-embroidered after-ski pants appliques with clean-shaven mouton and lamb great-coats dyed 18 different colors, trimmed with grey fox.

Luigi Faraoni, dressmaker to Empress Soraya of Iran, inaugurated the major showings with a large collection of suits and coats. He drapes his suits to set off long, slim figures with waistlines where they ought to be, skirts slender and hip-hugging, shoulders slight.

BLACK FOR EVENINGS

Most suits are coupled with almost matching coats of solid color. The suits are of faintly discernible plaids or nubby two-tone tweeds. Where suits are shapely, Faraoni coats are as straight as can be seen head-on, moderately low-belted behind.

His colors are tricky to describe. Red and green woven together is a favorite. The result is a muddy, autumn-blur tint. Pale gold and sand tones are used, too, trimmed with ocelot.

Silverton

SILVERTON — Mrs. M. Deuel has returned to her home after several weeks vacation spent with relatives in Revelstoke.

M. V. Allen has returned from visiting Penticton.

Dr. and Mrs. Jack Colwell and family, who have been the guests of Dr. Colwell's uncle, T. M. Leask, Mrs. Leask and son Bud, have left for their home at Campbell River.

Harry Fortherby of Port Alberni has been the guest of Mr. and Mrs. P. R. Welch.

Mr. and Mrs. P. R. Welch have as their guests Mr. and Mrs. Frank Lloyd and son Glen of Penticton.

Sandra Fairhurst left for Camp Galilee for 10 days training.

Mr. and Mrs. J. Steele left for Saskatoon to attend the wedding of their eldest son Lance to Miss Joan Weiers. En route they will visit with relatives and friends at Nanton and Calgary then continue to Edmonton to meet their son John who will accompany them to Saskatoon.

Crawford Bay

CRAWFORD BAY — Mrs. E. Lytle has returned from Cranbrook where she and her children visited her sister, Mrs. Frank Hill.

Miss Jo-Anne Lytle and Keith Lytle are spending a week's holiday in Cranbrook with their aunt, Mrs. Frank Hill.

Mrs. Bruce Hawkins and children have returned from a two-week holiday with friends in Vancouver.

CRAWFORD BAY — The Women's Institute has reported that a total of $53.75 was subscribed by district people in the cancer fund campaign.

'Bouncing' Baby Getting Exercise

"The only way a young baby can exercise himself is by crying, kicking, and waving his arms and legs about," says Dr. Alan Brown, and Dr. Elizabeth Chant-Robertson, in an article in Health Magazine, official publication of the Health League of Canada.

When the baby is very small, they say, he should be placed in the middle of a firm bed for a period each day, with all restricting clothes removed, and allowed to kick and look around. As he grows older, an adult can help to develop the baby's muscles by grasping his hands and pulling him gently to a sitting position several times. Another simple exercise is for the adult to hold baby's feet, and let him push against the hands.

When the child is old enough to crawl and stand, he can be placed in a play pen. On sunny days the play pen can be put outside, so that the child will get some fresh air. Drs. Brown and Chant-Robertson stress the importance of fresh air for babies right from the beginning. Among other beneficial things fresh air will help the baby to sleep soundly and have a good appetite.

Baby's room should always be aired while he is sleeping. The window can be opened at the top and at the bottom; a window board or a blanket tacked across the bottom will prevent draughts. If the baby is born in the summertime, he can be put outside to sleep during the day as soon as he is six weeks old. In fact, he should be outside as much of the day as possible.

A winter baby is put outside at three or four weeks of age, and a wise mother will put cream on the baby's face to prevent chapping.

Salmo Notes

SALMO — Mr. and Mrs. G. H. Garraway and family of the Emerald Mill are spending their holidays visiting Kamloops and Vancouver.

The Cede Eshes are moving to their home in Salmo from Sheep Creek.

Advertising Hits New High

TORONTO (CP) — Advertising in new highs, according to Einar V. Rechnitzer, president of the Canadian Association of Advertising agencies and of MacLaren Advertising Co., Ltd.

"Newspapers are still the number one medium, as they always have been," he declared.

The view was quoted in Canadian Markets, official paper of the Canadian Daily Newspaper Publishers Association, which carried his comments on a forecast of a 65-per-cent increase in newspaper advertising volume by 1965, made by Karl T. Finn, president of the Newspaper Advertising Executives Association.

Mr. Finn, who is advertising director of the Cincinnati Times-Star, said the increase would reflect the "greatest resurgence of newspaper advertising in all history." He spoke at the association's annual meeting at Victoria.

The prospect of continued gains for dailies is as clear or clearer in Canada as it is in the United States, Mr. Rechnitzer said.

DEATHS

By The Canadian Press

Ottawa — Frederick W. S. Galbraith, 73, *former associate* editor of Hansard, the verbatim record of parliamentary debates.

Rochester, N. Y. — William Cowan, 42, a carnival fat man who weighed 645 pounds.

Vancouver — Jack McLaughlan, 53, nicknamed "The Cat" for his panther-like speed in the wrestling ring.

MUFFLED MUSIC

SCARBOROUGH, England (CP) Bandsman Dick Blaney blew on his sousaphone but no sound came. He dipped his arm inside the instrument and pulled out a pigeon.

STOCK QUOTATIONS

Market Trends

NEW YORK (AP) — Selected issues went their own way in a mixed stock market which was the narrowest and lightest market in more than two weeks.

The Associated Press average of 60 stock rose 10 cents to $188.30.

Hudson Bay Mining led Canadian issues on the New York exchange with a jump of two points. Walker-Gooderham followed, up ⅜. Aluminium Ltd., slipped three, Distillers-Seagram was down ¼ and Granby Mining ⅛.

TORONTO (CP) — A last-hour rally failed to pull the stock market from its first decline in more than a week but eased the lower trend. Base metals and western oils, which had index losses through most of the session, advanced narrowly.

Industrials, down 1½ points at one time, closed one-half point lower after nine straight days of solid advances. The section had touched 17 all-time index highs during the first three days of the week. Western oils had nine record marks on their index in the *same period.*

MONTREAL (CP) — Industrials on the Montreal and Canadian closed irregularly lower to end the current upward swing. Price changes ranged to three points in both directions during a session of moderate trading.

Steels softened. McColl eased a point and Imperial was off 1⅛ in the refining oils. Base metals, papers, utilities groups and beverages were mixed.

El Pen Roy dipped 17 cents as Consolidated Halliwell advanced 15 in a mixed mines and western oils section.

Europeans Buy Javelin Shares

MONTREAL (CP) — John C. Doyle, president of Canadian Javelin Ltd., has announced the sale of the bulk of a recent $19,965,000 issues to Canadian and European investors.

Mr. Doyle said five-sixths of the issue, consisting of a $16,500,000 bond issue of Canadian Javelin's railway subsidairy and 231,000 Canadian Javelin shares at $15 per share, has been sold to varicus European investors through the underwriters, Stahl, Miles and Company Ltd. of Edmonton.

The remaining block of $2,750,000 of bonds plus $579,000 of stock was offered in Canada and already has been partly sold.

At the request of the European investors, Mr. Doyle said, application is being made to list the bonds of the subsidiary Wabush Lake Railway Co. Ltd. on the Edmonton stock exchange. The exchange already carries Canadian Javelin stock.

how different can a light rum be?

Amazingly different!

For this is Columbus White Label rum. The *light* rum that mixes with citrus juices, sparkling water or ginger ale. To cocktails it adds a new dry twist. On the rocks it's smooth and mellow — in a word: *versatile.*

This rum will fascinate you. The difference amaze you. Try Columbus White Label rum and see for yourself how different a *light* rum can really be!

COLUMBUS White Label RUM

P.O. for M.P.'s

If you have written your local Member lately, your letter found its way to the new aluminum mail box recently installed in the Parliament Buildings, Ottawa. With their attractively bevelled and sanded doors, these lock boxes look handsomely at home in the vaulted corridors of the Centre Block.

Imagination boggles at the tonnage of praise and blame that will flow through these boxes in years to come, to M.P.'s and Senators yet unborn. Meanwhile we find it fitting that a metal that has become such a vital part of the nation's economy should grace the nation's legislative halls.

SPORTS

Atmosphere Brightened As Injuries Decrease

The football fortunes of Calgary Stampeders seem to run in cycles.

Earlier in the week it appeared nothing could go right. Everytime one looked up, a hopeful Stamp was being escorted off the field complaining of one or more injuries.

But in the past few days, the pendulum has swung the other way, apparently.

Most recent piece of favorable news came Thursday afternoon when Buck Watson hobbled onto Civic Recreation Grounds with a big grin over his face.

Big Buck, who favorably impressed railbirds early in the training season with his size, speed and aggressiveness, said he would probably be ready to go within three weeks.

The hefty import tackle with the Alabama drawl realized, of course, that a layoff of that length would seriously hamper his efforts to crack the maximum of 12 imports that would be carried by Coach Jack Hennemeier.

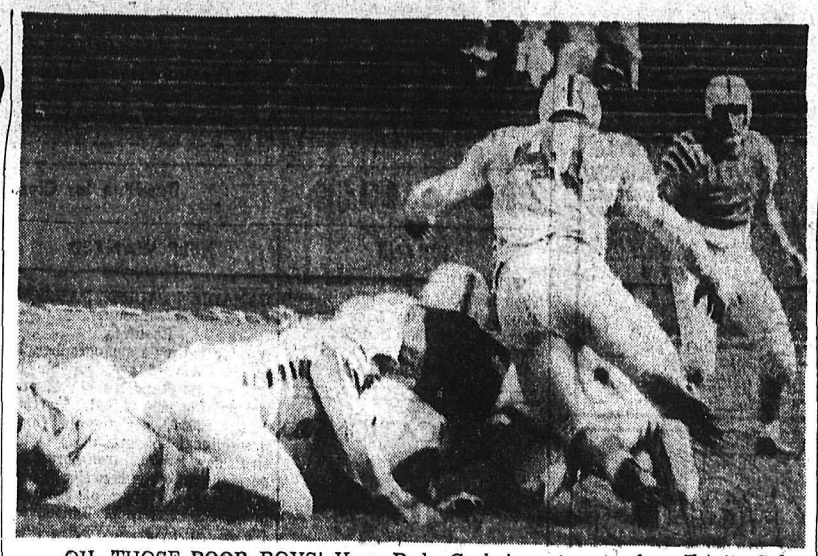
Not only did the prescribed rest figure to hurt his timing, it left the door even wider ajar for such relative unknowns as Bryan Burnthorne, Bill O'Hara and Marshall Jones to cast a big vote in their favor.

BOTTOMS INJURED

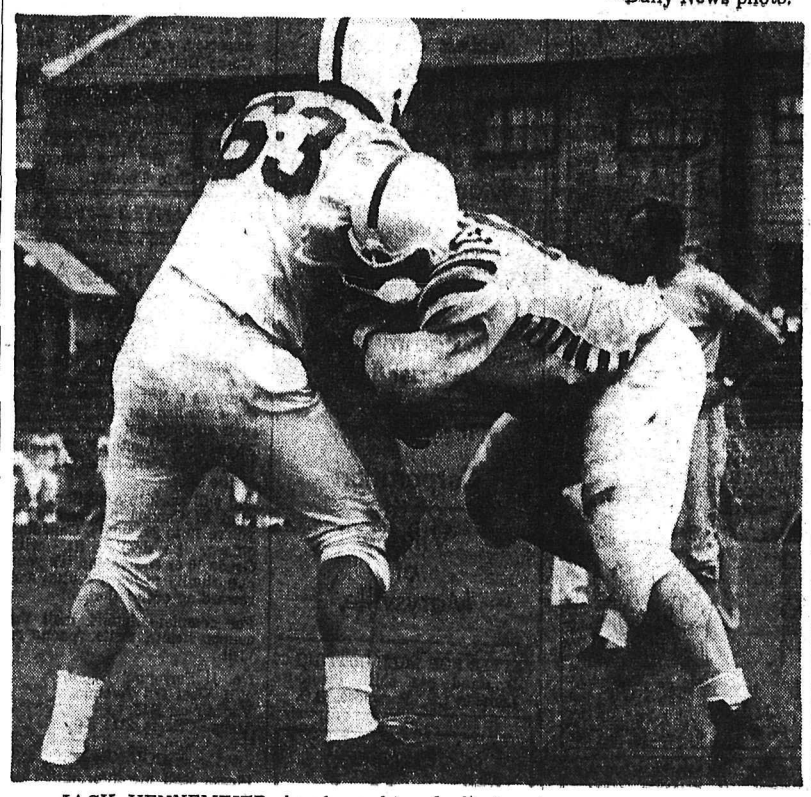
Hennemeier's Canadian contingent received another kick, however, when Lynn Bottoms, the scrappy halfback, hurt his thumb in the morning workout. The injury is such that Lynn can neither catch passes, take handoffs or make tackles with his usual precision.

Joe Pagliei, the hard-running hard-rock from Clemson College, North Carolina, was running in old-time form, appearing completely recovered from his charley-horse. But John Prendergast, the Canadian centre who was so effective during his first year in Stampeder livery during 1955, was hobbling about with a similar injury, which he incurred at the morning practice.

Recently - arrived centre John Bognar looked especially sharp during the afternoon passing workout. Rather small at 195 to bear the punishment a lineman must undergo, Bognar indicated he cared not a whit as he ran through, over and around blockers to harnass passers Don Klosterman, Bill Stevenson and Ed West.



OH, THOSE POOR BOYS! Huge Duke Cook, import centre from Trinity College, Texas, is seen in mid-air looking somewhat like a guided missile (or muscle) as he lands atop the pile of fellow Calgary Stampeders. That was just a practice, too. Things are expected to become even rougher and harder-fought Saturday afternoon when the first intra-squad game is played at Civic Recreation Grounds. —Daily News photo.



JACK HENNEMEIER, hands on hips, looks intently at another part of Civic Recreation Grounds while two of his front-wall mastodons push one another around in blocking practice. Jack, along with assistant Calgary Stampeder coaches Tommy Thompson and Otis Douglas, has been pushing the squad hard ever since their arrival in Nelson July 8. First intra-squad game goes Saturday afternoon at Civic Recreation Grounds.—Daily News photo.

Squad Game Rosters Named

KELOWNA (CP) — Coach Clem Crowe has paired off Arnold Galiffa and Don Gottlob to match quarterbacks Tony Teresa and Primo Villanueva in Saturday's intra-squad game here Saturday night.

In announcing the line - up, Crowe said he endeavored to balance the teams as much as possible. It will be the first real test of power plus brains since the 60-odd footballers opened their training camp here two weeks ago.

By placing Galiffa and Villanueva opposite one another, it was the first indication that "silent" Crowe may work Primo into a half-back position so that the post of quarterback can be filled in the event Galiffa is injured later in the season. Galiffa has indicated by his workouts that he will again win the position.

Villanueva likes calling the plays and his ability as a runner makes him an ideal man for the system.

Brain Mulhern will not see action. The fullback gave his ankle a bad twist in Wednesday's scrimmage, and here's a possibility he may have fractured a bone. X-rays have been taken, but at the best he may be out of action for at least two weeks.

Roy Jensen, Canadian - born centre, will not report to Lions until July 27, the day of the cancer benefit game at Empire Stadium. Jensen is under contract with a Hollywood Movie Studio as a technical supervisor.

It might have been the terrific heat—the mercury soared to 96 Wednesday—but coach Crowe was far from satisfied with the day's effort.

"They were ragged out there. They made lots of mistakes. But we'll correct them within a few days," he said.

NAME CANADIAN DAVIS CUP UNIT

MONTREAL (CP) — Canada's Davis Cup team that will take on the United States will be made up of three veterans and one newcomer, it was announced Thursday.

Newcomer Lawrence Barclay of Vancouver and Montreal was named to the team with Bob Bedard of Sherbrooke, Que., Canada's top tennis star, Don Fontana of Toronto and Paul Willey of Vancouver, members of previous Davis Cup teams.

WHIPPER STILL CHAMP

VANCOUVER (CP)—Toronto's "Whipper" Billy Watson Wednesday night retained his world heavyweight championship wrestling title when he wrestled to a draw against Lou Thesz from California.

PETE KARPUK CANNED AGAIN

OTTAWA (CP)—Colorful Pete Karpuk Thursday was cut from Ottawa Rough Riders, the second time in his explosive football career that he has been bounced from the club.

Coach Frank Clair Thursday said halfback Karpuck, who once jumped from the bench to tackle an opponent headed for a touchdown, and halfback Mike Maruska, who came to Riders last year from Regina, have been fired for breaking an 11:30 p.m. curfew.

Karpuk played seven years with Riders. He was given the gate in mid-season two seasons ago by coach Clem Crowe for loafing on the field.

Karpuk's career has been marked by two colorful incidents. In a final game in 1951, he ran off the bench to tackle Toronto Argonauts Uly Curtis who was headed for a touchdown. In 1948, when Riders and Calgary Stampeders met in the Grey Cup game, he and another Ottawa player allowed a loose ball to bounce into the hands of a Calgary player who set up the winning touchdown.

Adcock Drives Home Eight Runs As Milwaukee Trounces Giants

By The Associated Press

Joe Adcock, Milwaukee's power guy, became the first major leaguer to drive in eight runs in one game this season as the Braves retained their two-game lead in the National League with a 13-3 decision over New York Giants. Second-place Cincinnati smacked third-place Brooklyn 7-2.

Adcock got the job done with two home runs, one a grand-slammer, a double and a single as Milwaukee made it nine out of 10.

The Redlegs, winning on Gus Bell's sixth - inning home run, pushed the Dodgers six games out of the lead.

18th and 19th homers of the season. He now has had two grand slams in seven days and a total of nine home runs in the last 11 games.

INDIANS LOSE

The Yankees reclaimed a 10½-game bulge as Washington defeated runner-up Cleveland 5-4 on Eddie Yost's ninth-inning home run—his second of the game. The fourth-place Chicago White Sox, however, finally shook off their losing streak, which had staggered through 11 games, with a 3-2 decision over Baltimore.

Yost's bust-up homer, off reliefer Cal McLish, gave Bunky Stewart his fourth victory after two-hit relief pitching over 7 1-3 innings. The Tribe had scored its runs off starter Hal Griggs. Washington, previously shut out twice by Mike Garcia, got to the right-hander for two runs in the sixth, then added Yost's home run in the seventh before a walk and Clint Courtney's triple tied it in the eighth.

PIERCE COPS 14th

The White Sox perked up behind Billy Pierce, who broke Baltimore's winning streak at six games with a six-hitter for his 14th victory. Pierce, who has lost four, is tied with New York's Johnny Kucks as the majors' winningest pitcher this year. It was his 11th straight against the Orioles. Minnie Minoso's double and a single by Dave Philley scored a run in the first off ex-Sox righthander Mike Forniles. Singles by Nellie Fox, Ron Northey and Philley got the other two runs home in the third.

Bell's 18th home run, with a man on, overcame Brooklyn's 2-1 lead manufactured on Gil Hodges' 20th homer in the top of the sixth. The Redlegs iced it with four in the seventh.

Early Wynn's Jaw Not Fractured

WASHINGTON (AP) — It's a marvel, but Early Wynn's jaw didn't crack from the impact of a screaming line drive that socked him at Griffith Stadium Wednesday night.

Wynn, who started the second game of a doubleheader for Cleveland, was clipped on the chin by Washington shortstop Jose Valdivielso's smash in the second inning. Sixteen stitches were required to close the gash, but X-rays Thursday showed there was no fracture.

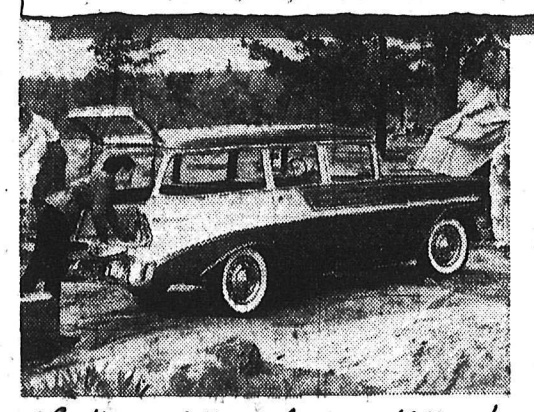
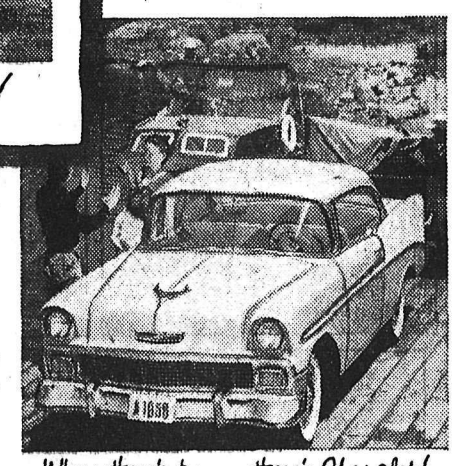
There's never been a car so gay, so eager—so ready to go! Chevrolet loves to travel, and looks it!

Yessir, you pick a *terrific* traveller when you choose Chevrolet! That's something you sense the minute you ease it out into traffic . . . just a nudge of your toe, and you can feel this great road car say "Let's go!" You'll thrill to the responsiveness, the rock-steadiness of the Chevrolet ride, the sweet and sure control! There's a Chevrolet waiting for you now. Come try it.

A General Motors Value



Load 'er up, point 'er at pleasure, and let 'er go! Chevrolet takes the miles like she owned them!



Where there's fun — there's Chevrolet! Perky, perfect partner for a weekend of play!

It's the car with the **SAFETY "FIRSTS"!**

Unbeatable way to go places—
CHEVROLET
there's nothing like it for value!

Play Safe

on the highway this week-end

Keep alert while you drive—chew gum!

Alert drivers are safe drivers. Avoid drowsiness and driving jitters. Chew gum while you're behind the wheel. Chewing helps relieve strain and tension—helps keep you feeling fresh and alert.

Chew any brand you like, but chew while you drive. Naturally we recommend refreshing, delicious Wrigley's Spearmint Gum—for lively, full-bodied flavor and real, smooth chewing enjoyment!

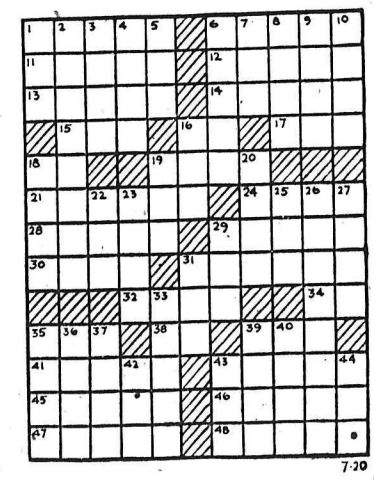
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
Is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

EV WTY VOH WVJT ME TFRWTEE UHVJT; MFR UOHT ME AVWR GVH TJTH—KTHHLIP.

Yesterday's Cryptoquote: THE HEART CAN NE'ER A TRANSPORT KNOW, THAT NEVER FEELS A PAIN—LYTTELTON.

PUBLIC NOTICES

MINERAL ACT SECTION 22
NOTICE OF SALE OF
MINING EQUIPMENT
By Public Tender

Pursuant to Section 22 of the Mineral Act, tenders are invited for the purchase of the following: abandoned plant and mining equipment on the former Boulder City Group of mineral claims formerly held by Clubine-Comstock Gold Mines Ltd., and located on Boulder Creek, in the Nelson Mining Division:

All buildings including former cook-house, engineering office, dry, two-storey bunkhouse, compressor house, blacksmith shop, ore bin and utility buildings.

Several hundred feet of three inch pipe and several hundred feet of light gauge track.

Tenders must be submitted by registered mail, accompanied by certified cheque for the full amount of the tender together with Social Services Tax, and will be received at the office of the undersigned at Court House, Nelson, B.C., on or before 5:00 p.m., on the 13th day of August, 1956. The highest or any tender will not necessarily be accepted and such tender as may be accepted will be on the condition that the equipment is to be used for mining purposes.

Dated at Nelson, B.C.,
this 12th day of July, 1956.
K. D. McRAE,
Gold Commissioner,
Nelson Mining Division,
Nelson, B.C.

AUCTION OF TIMBER SALE
X-72152

There will be offered for sale at public auction, at 1:00 p.m. (local time) on Monday, August 13th, 1956, in the office of the Forest Ranger, Kaslo, B.C., the Licence X 72152, to cut 317,000 cubic feet of sawlogs, on an area situated near the South Fork of Kaslo Creek, Kootenay District.

Three (3) years will be allowed for removal of timber.

Provided anyone who is unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the District Forester, Nelson, B.C.; or the Forest Ranger, Kaslo, B.C.

Oldtimers' Plan . . .

Illumination Sought For Sproat Monument

The long-proposed monument to be erected near Sproat's Landing and annual Oldtimers picnic occupied most of the discussion at the Nelson and District Oldtimers Association annual meeting Monday night.

A letter written to West Kootenay Power and Light Company by association president A. Kirby was read at the meeting, requesting the erection of a spotlight to mark the location of the monument.

Mr. Kirby pointed out in the letter that the idea behind the proposed monument was "to commemorate the memory of the first residents of this district, the Arrow Lakes Indians, and the early pioneers.

"The principal camp site of the Indians was at or adjacent to Sproat's Landing on the Columbia River, just below Brilliant, where there are still remains of a burial ground of these people, who were noted for their musical talents," the letter read.

"These were followed by our early pioneers who came from the Columbia River, landed at Sproat's Landing and walked into the Kootenays.

"Of the three most notable view points in this part of the country, the one above Verigin's tomb at Brilliant, overlooking Sproat's Landing, is the most prominent."

The letter requested the Company to install a pencil electric light above the proposed monument. Company officials were invited to meet with the Association executive within the next two weeks.

In reporting the meeting, secretary and historian, R. G. Joy recalled that it was on a visit to the Knights of Pythias Lodge in Castlegar about 1948 when one of the members, an offer in the Lodge, while visiting Twin Rivers Lodge, suggested that a monument be erected to the memory of the pioneers of the 1880's to 1893, who travelled by boat, canoe, horseback and on foot to Nelson.

The Twin Rivers Lodge expressed its willingness to erect a suitable cairn or monument. It intended to build the monument at Castlegar and then erect it at or near Sproat's Landing and place a bronze plaque on it with the names of the pioneers.

The site was chosen and authorities were informed of the intentions. Various obstacles arose and it was in 1949 that the idea was given to Castlegar. Now a reserve for a park for the use of the public is also anticipated as well as a reserve for the use of the Indian population.

The members were also informed by the president that H. W. Herridge, MP for West Kootenay, was also informing the proper authorities and may possibly get financial aid for the project and also for the proposed museum.

The annual association picnic to be held on July 25 at Lakeside Park was discussed. Ross Fleming will again bring along his recorder for stories from oldtimers. If weather is unsuitable the picnic will be held indoors, at either the Civic Centre Arena or the Church of the Redeemer Hall.

A minute's silence was observed in the memory of the association members in Nelson and district who have died this year.

Koolaree Echoes

Impressive opening ceremonies for the junior boys' camp session at Camp Koolaree highlighted their first day at camp Saturday.

After the chapel service Jack Steed was made new chief of the junior boys' camp.

Sunday was the day of the annual indoor track meet, held in place of swimming because of the rain. The meet features such events as the ten-yard dash, consisting of winding ten yards of thread around a nail; aquatic race, one player feeding another a cup of water by spoon. Cabin 7 won the standing broad jump when one of its contestants measured an 11-inch running shoe. The meet was won by Cabin 3 with the highest number of points.

At campfire Sunday night Big Chief Jack and Dennis Stanley led the boys in singing many negro spirituals while Cabin 6 tested the campers' Bible story knowledge in charades.

The first Bible study class was held the following morning under the direction of Jack Steed, Pat Burroughs, Dennis Stanley and Rev. Donovan Jones. The subject this year is "Trails That Lead To God."

Project groups also got underway with the boys making cord belts, driftwood subjects, woodpecker knockers and miniature Indian paddles. Another group of campers led by Dennis Stanley are developing some of the mountainside behind the camp and making a map of it.

Names and leaders for the cabins were also chosen on the second day of camp. They are: Cabin 1, "Zambesis" — little chief, Sheldon Atwell; scribe, Dean Box; Cabin 2, "Comanches" — little chief, David Freeman; scribe, Gerry Whitley; Cabin 3, "Tamaracoutas" — little chief, Fred Massey; scribes, Robert Smith and Norman Kuhn; Cabin 4, "Iroquois" — little chief, Jun Takenaka; scribe, Bill Irvine; Cabin 5, "Mohichans" — little chief, Alec Wallach; scribe, Jimmy Little; Cabin 6, "Apaches" — little chief, Martin Horswill; scribe, Allan Mainland; Cabin 7, "Sioux" — little chief, Scott Hamilton; scribe, Allan Waddell.

Monday afternoon Cabins 1, 2, 7 and 4 hiked West to Ferguson's Point and Cabins 3, 5 and 6 hiked East to Atbara.

Plan New Stamps For British Isles

LONDON (AP) — Scotland, Wales and Northern Ireland are to have their own postage stamps, the House of Commons was told Wednesday. So are the Channel Islands and the Isle of Man. The basic design, said Postmaster-General Charles Hill, will be similar to that now used throughout Britain, with the head of the Queen the main feature. The new stamps, however, will have borders suitable to the regions they are sold in, Hill said. He asked artists to submit designs.

Canadian Dental Schools Accepted

TORONTO (CP)—Canada's five dental schools have been recognized by the accrediting agency of the American Dental Association, it has been announced. It is the first time the association has placed schools of another country on its accredited list. The five dental schools are the Universities of Toronto, McGill, Montreal, Alberta and Dalhousie.

Odds . . . and Ends

. . . by M. D. B.

Have you noticed how hard it is these days to keep your mind on the task at hand? A glimpse of a lazy white cloud ambling across the blue, a flash of a butterfly's wing or the glimmer of sun on the lake is all that's needed to set you off on some rosy train of thought. The dish water gets cold, you add up the same column of figures three times and they never come out looking like Marilyn Monroe, or you forget you're using the typewriter and your fingers stray off onto some sort of tune like "Summertime".

* * *

"It's the heat," you say and pull yourself back to reality for another five minutes before another "spell" hits you. We could call it summer complaint if that weren't already the name given to something else.

* * *

The only remedy for this strange illness that assails us seems to be cold drinks and more cold drinks, and the patient should be moved into the shade with the feet slightly elevated. These are the days when ads for Bermuda shorts and sports shirts appeal to the businessman who wears his shirt drawn tight around his neck with a narrow piece of material called a tie and coat and trousers of woollen material to add to his warmth and itchiness. Transition of men into sensible summer clothing is coming, but how slowly.

* * *

Not only that it's holiday time, either you're just going or coming and both fill your thoughts with airy fantasy. If you've just been of course you have a few envelopes of snaps that you can exhibit to your co-workers. It bores them, but it does wonders for you, this recalling of "those happy carefree having - a - wonderful-time-wish-you-were-here days." Those who haven't been yet have their travel folders within easy reach and will bore you with what route they think they'll take and what they're going to see. Oh, everyone is boring these days. In fact anything that isn't swimming, fishing, weiner roasting and such is boring and almost too much for us.

* * *

These are the be-kind-to-dogs days—a good big pan of water will make you a friend for life and you may save some poor canine from going crazy with the heat. As for me, you can make mine a mint julep—it might save me too.

SCOTTISH PICNIC TO HONOR KIMBERLEY PIPER

COEUR D'ALENE — Angus Scott, piping instructor from Kimberley, will be honored at the annual Scottish picnic to be held at Coeur d'Alene Lake July 29.

A number of district Scotsmen are planning to attend the picnic as special guests of the St. Andrew Society of Coeur d'Alene.

The Inland Empire's Angus Scott Pipe Band will make its first public appearance at the picnic which will feature all types of Scottish folk dancing, piping and traditional songs of Scotland.

Mr. Scott will not make the trip from Kimberley this year, but, in the words of picnic officials, "his spirit will make the dancng and the piping just a bit better."

The night before the picnic, a dance will be held in the Coeur d'Alene city park, sponsored by the Rodeo Association and Scottish picnic committee. A rodeo will add to the entertainment for visitors on Saturday and Sunday.

In charge of arrangements for the event is Mrs. John McKay, who is also in charge of billeting of visitors.

West Coast Seamen Approve SIU Merger

VANCOUVER (CP) — One of the most vigorous disputes in Canadian labor history ended this week when the independent West Coast Seamen's Union approved a merger with the Seafarers' International Union.

The WCSU was the only remaining trace of the old Canadian Seamen's Union which crumbled several years ago in a battle with the SIU.

Aim of the merged union will be to raise living standards of all men operating coastal shipping.

IN MEMORIAM

In loving memory of Kenneth Sillers, a dear son and brother, who passed away July 20, 1955.
We do not need a special day
To bring you to our mind
The days we do not think of you
Are very hard to find.
They say time heals all sorrow
And helps us to forget
God gave us strength to take the blow,
But what it meant to lose you, dear,
No one will ever know.
But the hearts that loved you dearly
Are the ones that won't forget.

To those that have their son,
Cherish him with care;
You'll never know the heatache till
You see his vacant chair.
Ever remembered by Mother, Dad, brother Lyle, sister Ann, Ray and family.
Mrs. W. Golla.

FUNERAL NOTICE

BEST — Funeral services for the late Mrs. Susanna Best will be held at Thompson Funeral Home Saturday at 2 p.m. Rev. E. Donovan Jones will officiate and interment will take place in Nelson Memorial Park.

RED CHINA MAY ORDER TRACTORS

LONDON (Reuters) — Communist China has ordered a number of sample tractors from the British firm of Massey - Harris - Ferguson Ltd. with an understanding that big orders will follow if they are suitable, a company spokesman said here Thursday. The number is believed to be 100. The spokesman said that an exceptions clause governing embargoes on trade with Communist countries had been invoked to make the deal possible.

Few Changes In Migratory Bird Regulations

OTTAWA (CP) — Migratory bird regulations for 1956 are almost unchanged from last year, the Canadian wildlife service of the northern affairs department announces.

Open season for game birds is the same as in 1955 in the four Maritime provinces, the Yukon and the Northwest Territories. The provinces of Quebec, Ontario, Manitoba, Saskatchewan, Alberta and British Columbia have made only slight changes in opening dates.

Amendments to the regulations this year mostly are confined to boundary revisions in Quebec, Manitoba and British Columbia. In all areas the length of open seasons remains virtually unchanged.

The Ontario and Manitoba governments have decided to protect ducks and geese on the first day of hunting.

Hunters in the two provinces may not fire at ducks and geese until noon of the opening day. Manitoba had a similar regulation last year.

In all other provinces hunters on opening day may fire on ducks and geese one-half hour before sunrise. After opening day, hunting in all provinces opens one-half hour before sunrise.

The noon opening in Ontario and Manitoba is designed to give birds some protection against the normally heavy opening-day kill.

B.C. has approved a change in daily bag and possession limits.

It still will be legal for a hunter in B.C. to possess 40 ducks, but 20 or more must be at his home or in a cold-storage locker. A hunter may not possess more than 20 birds while on a hunting trip.

Quebec, Manitoba and B.C. have revised boundaries dividing hunting districts.

In Manitoba the boundary line dividing the northern and central districts becomes the 55th instead of the 57th parallel. Three districts in B.C. have been subdivided into five.
