Washouts, Slides Block Rail Lines

3 Trains Halted in Fraser Canyon; Hundreds Stranded; KV Line Hit

VANCOUVER (CP)—Two days of heavy rain and gale force winds have taken a heavy property toll in western British Columbia.

Hundreds of train passengers were stranded Tuesday as mud and rock slides along with washouts blocked three rail lines.

The rain-swollen Mamquam river, near Squamish, 30 miles north of here, on Howe Sound, swept thick-brown, debris-laden flood waters into the town. Twelve families were evacuated. The river rose eight feet overnight.

Basements were filled, cars were stranded in flooded streets in the north end of the town, southern terminus of the government-owned *Pacific Great Eastern Railway.*

The business section of Squamish escaped damage.

Thirty persons were trapped aboard a CPR Medicine Hat-Vancouver passenger train between Hope and Brody on the Kettle Valley line 110 miles east of here.

TRACKS BURIED

In the Fraser Canyon, three CNR continental passenger trains, both eastbound and westbound, were halted near Boston Bar by a series of rock and mud slides that covered mainland tracks.

And on the PGE, washouts occurred between Lillooet and Alta Lake, disrupting service between Squamish and Lillooet in the Cariboo country 110 miles northeast of Vancouver.

A highway bridge was wiped out near Squamish and a nearby railway span endangered.

On Vancouver Island, a rock slide on the Parksville-Port Alberni road threatened 30 bus passengers. They were saved by quick-thinking bus driver Mike Bewza.

"I heard an awful rumble," said Bewza, who had halted his bus to clear rocks from the highway. "I jumped into the bus and backed out of there."

Within minutes the slide covered 30 feet of road with mud and rock to a depth of four feet. Workmen cleared the road Tuesday.

CPR and CNR officials said eastbound trains were scheduled to leave Vancouver on time Tuesday night. They will be routed over the CPR mainline through Spences Bridge.

BUILD CAT-WALK

Major efforts were centred on the train in the Coquihalla Canyon where No. 67, the Kootenay Express *westbound from Medicine* Hat and Lethbridge, was trapped.

CPR officials said they hoped to build a cat-walk over the main washout, 13 miles east of Hope, to allow the stranded passengers to continue their westbound trip in another train.

There is plenty of food on the train and telegraph communication is being maintained.

The storm dumped an inch of rain on Vancouver, nearly two inches in the Fraser Valley and between one and two inches on most Vancouver island districts.

OTTAWA (CP) — CCF Leader Coldwell has cancelled a speaking engagement at Hope, B. C., scheduled for Tuesday night.

Party headquarters here said they had received a telegram addressed at Hope from Mr. Coldwell saying he was marooned by a washout and couldn't make the engagement.

Mendes-France Makes Power Bid

Scores Faure Gov't For Proposing Early Election; Says Change Needed

By HAROLD KING

PARIS (Reuters)—Former premier Pierre Mendes-France Tuesday fired the opening shot in his campaign to return to power at the head of a powerful left-wing coalition government.

He flayed Premier Edgar Faure's government for proposing a general election in December—seven months before statutory time.

Faure's call for early elections was calculated to forestall Mendes-France's campaign to win voter support through the winter months for his program.

The former premier said in his new daily newspaper L'Express that the French people would "not allow themselves to be duped by the supreme expedient" of a snap election.

Mendes-France pointed to what he called France's series of international setbacks in the last week, including the repudiation of ex-emperor Bao Dai in Viet Nam, the anti-French vote in the Saar plebiscite and the native rebellions in French North Africa.

CHANGE NEEDED

He said the pro-German vote Sunday in the Saar "reminds us cruelly that only a complete change in politics and habits can save us from decadence."

Faure conferred with party leaders of his cabinet coalition and later told reporters he would not make the government's general policy a matter of a confidence vote.

This served as a blunt rejection of Mendes-France's demand for scrapping the December election plan.

Ironically, Faure and Mendes-France are leaders of the Radical party and worked closely together in Mendes-France's regime from June 1954, until last March.

WANTS NEW MANDATE

Officially, Faure sought to justify his call for early elections on the basis of the North African situation. He argued a new mandate is needed to enable parliament to take unpopular decisions such as sending more troops to North Africa.

Faure suffered one blow Tuesday night when Radical party deputies, his own party, decided almost unanimously they could agree to December elections only if changes were made in the electoral laws. This, in effect, would make elections this year impossible.

Another faction opposed to December elections argued that the Communist vote would jump because of the recent callup of reservists to serve in North Africa and the fear other groups may be called up early next year for the same purpose.

Pykerete Demonstrated in Winston Churchill's Bath

OTTAWA (CP) — Admiral Earl Mountbatten Tuesday recalled how he tossed the ingredient for Habakuk" in the bathtub beside Sir Winston Churchill.

Habakuk was the secret Second World War scheme for building huge floating airfields from which to fly air cover for the invasion of France.

The ingredient was "pykerete," a mixture of pulp and seawater out of which the floating bases were to have been built in Newfoundland. It was named after a man named Pyke on Mountbatten's staff who discovered it.

Earl Mountbatten, then chief of British combined operations and now first sea lord and chief of naval staff, related to the Canadian Club how he first presented the scheme to Churchill and later to the 1943 Quebec conference.

IN RIGHT SPOT

He said he took a block of pykerete in a thermos jar to Quebec, Churchill's country home. He was told by the butler that the prime minister was in his bath.

"Good, that's just where I want to see him," Mountbatten recalled saying to the butler.

"Dickie, what the hell do you want?" he quoted Churchill as saying when he appeared in the bathroom.

Mountbatten popped the block of pykerete into Churchill's steaming-hot bath. It floated and didn't melt.

"The prime minister was absolutely delighted," Mountbatten said.

The scheme never bore fruit, he said, because of the increasing production of long-range aircraft. The Azores provided the needed field in the Atlantic and the United States was building large numbers of aircraft carriers for use in the Pacific.

RUNWAYS FROZEN

The floating fields would have carried runways 3000 feet long and refrigeration plants to keep them frozen as hard as concrete. They would have been powered by a dozen electric motors and been capable of a speed of four or five knots.

Mountbatten said sections of such a field were actually constructed.

FORCED LANDING

HALIFAX (CP)—A C-46 freight aircraft made a forced landing in the northern Quebec wilderness Tuesday but spokesman for the owners, Maritime Central Airways said the crew had been spotted and apparently were not injured.

He said the two-engined craft had landed on muskeg between Knob Lake, Labrador, and Fort Chimo, Que., after it ran out of fuel. The crew members were sighted from the air by two company planes and would be picked up today.

Pasha Demands Sultan's Return

RABAT, Morocco (Reuters) — Pasha Hadj Thami el Glaoui of Marrakesh Tuesday night dropped a political bombshell by demanding the immediate return to the Moroccan throne of exiled Sultan Mohammed Ben Youssef.

El Glaoui led the pro-French campaign resulting in the removal of nationalist-minded Ben Youssef from the throne in August, 1953.

The pasha, powerful feudal over lord of thousands of warlike Berber tribesmen, also played an instrumental part in the enthronement of Moulay Ben Arafa in succession to Ben Youssef.

Under French pressure, Ben Arafa was succeeded this month by a four-man throne council. The Istiqlal nationalist movement has declared this council "illegal" since it has four members instead of the three agreed upon at a French-Moroccan conference in Aix-Les-Bains last August.

Tuesday, the Istiqlal refused an invitation from premier-designate Fatmi Benslimane to join the first representative Moroccan government. The nationalists based their refusal on their opposition to the four-man council.

Believe Crew Bailed Out

KENDAL, England (AP) — A United States Air Force B-29 carrying a crew of 10 crashed on land near here after sending a distress signal while over the Irish sea, police reported early Tuesday.

"We believe all members of the crew bailed out of the aircraft before it crashed," a spokesman for the Westmorland county police said. "We are organizing a search for them now."

SWEDISH RESEARCH scientist, Prof. Axel Hugo Thorell, 52, has been awarded the 1955 Nobel prize for medicine. Thorell's work for the past 20 years has been on the action and structure of enzymes, minute organic particles that cause chemical transformations in plants and animals. His prize is a coveted Nobel plaque and $36,720.

Canadian Says Moscow Magnificent

MONTREAL (CP) — An RCAF corporal found Moscow an eye-opener — main streets wider than Winnipeg's Portage avenue, tall apartment buildings, a stadium that would make a fine setting for the Grey Cup game and an exhibition park that dwarfs the famed "Ex" in Toronto.

Cpl. Bruce D. Nolan of London, Ont., is a communications and radar technician aboard the RCAF aircraft that took External Affairs Minister Pearson to Moscow and the Far East.

The 26-year-old airman promised 412 Squadron at Rockliffe, Ont., that he would write his impressions. Air Transport command at nearby Lachine released the letter Tuesday.

Cpl. Nolan wrote that "Moscow is magnificent, the people are friendly and we are being treated like kings."

IMPRESSED BY SIZE

His first impression of the city was its vast size — the wide streets, apartment buildings of 10, 12 and 15 storeys, the university building where 7000 students can be accommodated.

The main lobby and the grand staircase of the Sovietska Hotel were "like a scene from an MGM spectacular." The rooms were tastefully decorated and each had a radio, telephone and writing desk. Some had TV sets.

The Bolshoi Theatre, where the Canadian party saw the ballet Don Quixote, "was excellent and the ballet was fabulous." Then there was the circus, a permanent affair in Moscow. One clown strongly resembled Charlie Chaplin and "was equal to Chaplin at his best."

In Exhibition Park each building "is a work of art." It was there that school children, shy at first, followed and then crowded around members of the RCAF crew, laughing and talking with them.

The party also visited the tomb of Lenin and Stalin, and Nolan said preservation of the Russians' bodies "beats anything the Egyptians did."

Britain Awaits Mop-Up Budget

LONDON (CP) — R. A. Butler, chancellor of the exchequer, today outlines "operation mop-up" in his fifth budget, a supplementary one.

Before a Labor party opposition anxious to dig into what it considers a prime opportunity, Butler will announce the "series of economic measures" he considers necessary to absorb the excess pounds, shillings and pence responsible for Britain exceeding its means.

He is expected to blunt consumer demand and attempt to spark exports, with higher purchase tax on autos and other "luxury" commodities. He also is expected to set a good example by trimming the government's own spending.

Several targets have been picked out in pre-budget speculation.

Defence, which takes one-third of government budgetting, already is under scrutiny. Food and agriculture subsidies, costing more than £300,000,000 annually, are others.

In housing, local authorities have been warned that some tenants in municipal housing estates can afford to pay more rent. This may mean the government, which has been encouraging the building of 300,000 or more dwelling units a year, may decide to concentrate on slum clearances.

Nationalized industries may feel the Butler pinch.

This budget is regarded as the toughest task the golden boy of the Conservative party has had since becoming chancellor four years ago.

YOUNG JOHNNY STREET takes a last look at his Weimaraner pup which he is giving President Eisenhower for his farm at Gettysburg, Pa. Ike wants the dog, a male, as a mate for a female Weimaraner now on the farm. Johnny is the son of Dr. and Mrs. Richard Street of Long Beach, Calif.—AP Wirephoto.

Archbishop Against Change in Church Stand

LONDON (Reuters) — Princess Margaret and Group Capt. Peter Townsend met again Tuesday as the Archbishop of Canterbury, Dr. Geoffrey Fisher, frowned on moves to alter the Church of England's attitude towards divorce.

The 25-year-old princess' rumored romance with Townsend, innocent party in a divorce and father of two children, has stimulated an old controversy about the church's rigid stand against the remarriage of divorced persons and has alarmed orthodox churchmen.

The archbishop told questioning reporters at Manchester that "a reasonable church does not change its teaching every few minutes." He referred them to a pamphlet he wrote last December.

In the pamphlet, the archbishop said it was the duty of the church to give guidance to divorced people — "but that does not mean that the church should remarry them. That would be asking the church to compromise the one way in which it can give a clear testimony to our Lord's standard for their sakes."

Townsend made his call at Clarence House, Margaret's London home, earlier than usual as the princess fitted in her daily meeting with him at 2:30 p.m. — between a rush of royal engagements brought about by the state visit of the president of Portugal. Townsend stayed for two hours.

Says 30 Saw Youth Kicked To Death

VANCOUVER (CP) — A crowd of about 30 people stood and watched as a 21-year-old man was kicked to death Aug. 20, an Assize Court jury was told Tuesday.

George Burns, witness at the murder trial of Robert Graham, 24, told the court the people stood around "yelling and screaming" while William Holman lay helpless in a service station lot.

Graham, a miner, is charged with the murder of Holman.

Burns was with Holman and another friend, Archibald Mathieson, *on the night of the fight.*

Mathieson and Burns both identified Graham as the man they saw kicking Holman.

Four Lost Presumed Dead

VANCOUVER (CP) — Four of five men lost in a Pacific Western Airlines plane between Kemano and Kitimat Aug. 3 were officially presumed dead Tuesday.

Mr. Justice A. M. Manson made the orders regarding Col. MacGregor Macintosh, manager of Construction Industrial Relations, David Milton Owen, Vancouver barrister, Kendall Roy King and Edward Norman Bell, pilot and co-pilot of the ill-fated plane.

The fifth man was Albert Patrick Gorman, an executive of the Saguenay-Kitimat Co.

The men were travelling to a *labor relations meeting in Kitimat.* No trace of the plane has been found despite a prolonged search.

Ottawa Pessimistic on Outcome of Geneva Meet

OTTAWA (CP) — The capital takes a gloomy view of prospects for the Big Four foreign ministers conference starting Thursday at Geneva.

Informants said Tuesday they see little hope of the Russians accepting German reunification even with the West offering to enter a mutual security arrangement with the U.S.S.R. and its major satellites.

They added, however, that it is difficult to be positive about the conference's outcome and recalled how the Russians agreed suddenly this year to withdrawal from Austria.

Canada has been mentioned as a member of a 15-country mutual security pact together with Britain, the United States, France, Italy, Belgium, a reunited Germany, The Netherlands, and Luxembourg on the NATO side and Russia, Czechoslovakia, Poland, Hungary, Bulgaria and Romania.

Canada is not committed to participate in any such pact, being put forward to sound out the Russians. The important points are the nature of the guarantees involved and the fact that the U.S. would be a member of any such arrangement.

If a European security pact could be worked out and Canada did become a member, Canadian participation would have to be ratified by Parliament.

Couple Are Mom and Dad To 34 Foster Children

BOWMANVILLE, Ont. (CP) — Thirty-eight persons are living in an eight-room farm home here on little more than $55 a week, it was learned Tuesday.

That is the income of Bert Whyte, a General Motors Company employee.

He and his wife, Bertha, are dad and mom to 34 foster children and two of their own in a stone farm home west of here.

For seven years the kindly couple has been receiving youngsters of all ages. They were broke *when they started and their debts* now are bigger than ever.

And the children are still arriving. They've come from New York City, Toronto, Detroit, London, Ont., and the Bowmanville area. Last weekend six more arrived and more are expected.

DOOR ALWAYS OPEN

But the middle-aged pair voice no complaints. They say they believe it their Christian duty to look after the children and they have never shut their door to a needy child.

Mrs. Whyte said she doesn't mind making 35 beds a day, packing lunches for 12 school-going children, washing 300 diapers at a time or mixing batches of rolls and doughnuts by the hundred

The Whytes received family allowances for only two of their charges. Out of Mr. Whyte's $55-a-week come 14 quarts of milk and a dozen loaves of bread daily. The farm grows its own vegetables, fruit, and keeps hens and cows.

Last year the Whytes began their project in earnest. They be*came registered as an infant's* boarding home with the local medical officer of health.

Bertha Whyte said the dormitory was built only this week on a foundation laid by her husband. His friends at the General Motors plant, out on strike, turned out to help do the job.

"These children are hungry for love and we're trying to give it to them," said Mrs. Whyte.

40 Entered in Cambridgeshire Handicap Today

By JOHN FARROW

NEWMARKET, Eng. (AP) — Forty horses were still in the field Tuesday night for the 113th *running of the Cambridgeshire* handicap stakes today—one of the biggest betting races of the British season.

It is going to be a mad scramble over the 1⅛ mile Newmarket track. The Cambridgeshire always attracts big fields. The record was in 1951 when 45 thoroughbreds contested the historic race.

The last Irish sweepstakes of the year is based on the race. British bettors try to couple the Cesarewitch winner with the Cambridge winner for the "autumn double."

EYE TURK'S BLOOD

Manati, owned by Robert Sharples, has been favorite for some time. He's a big, strong three-year-old with plenty of speed and stamina. Three wins in four starts this year have made him a fancied entry. But some experts think that Turk's Blood, a four-year-old owned and trained by Pat Beasley may oust Manati from favorite spot before the start.

Turk's blood has been coupled in a flood of doubles with Curry, winner of the Cesarewitch.

The only U. S.-owned horse in the race is Robert Sterling Clark's Ticonderoga. The Upperville, Va., owner's three-year-old bay colt is a longshot in the betting.

An overseas threat expected to put up a good showing is Prince Aly Khan's Novento, the French-trained four-year-old.

Midelfin was scratched from the race Tuesday.

Heavy rians have soaked the track, but it was clear Tuesday and experts expect the turf to be "good." This news brought a flood of bets for Manati Tuesday night at a betting callover at London's Victoria Club, and odds on the colt shortened from 19 to 2, to 8-1.

Turk's Blood also came in for good support and went from 10-1 to 9-1.

Woman Lawyer Named Juvenile Judge At Coast

VICTORIA (CP)—Miss E. Lorraine Johnston, Vancouver lawyer, has been appointed a judge of the family and juvenile courts.

The appointment was announced Tuesday by Attorney-General Robert Bonner.

Miss Johnston will succeed Judge W. H. S. Dixon. A judge in the Vancouver family and juvenile courts since 1947 who has moved up to the position of senior judge recently vacated by Magistrate Gordon Scott.

Miss Johnston received her bachelor of arts from the University of B.C. in 1940 and her law degree from Dalhousie university in 1944.

Bank Dividends Up

MONTREAL (CP) — Two leading Canadian chartered banks, the Royal Bank of Canada and the Bank of Montreal, Tuesday announced increases in dividend payments for the current quarter.

*The Royal Bank of Canada an*nounced an increase of 7½ cents to 45 cents from 37½ cents in addition to a bonus of 20 cents a *share, payable Dec. 1, 1955, to* shareholders of record at the close of business Oct. 31, 1955.

Bank of Montreal announced *shareholders of record Oct. 31,* 1955, will receive an extra dividend of 20 cents a share on $10 par capital stock, payable Dec. 15, 1955, *as well as a quarterly dividend of* 35 cents in an increase of five cents. The regular dividend is payable Dec. 1, 1955.

GAVE MONEY AWAY

HAMILTON (CP) — A bookmaker who was said by his lawyer to like playing Robin Hood was jailed Tuesday. Arthur Ford, 55, was fined $500 and sentenced to serve 14 days, convicted of bookmaking. Ford's lawyer claimed his client raked in money as a bookmaker, then gave it away to charity and to in-laws.

BANDIT GETS $80

WINNIPEG (CP) — A well-dressed young man Tuesday night beat up the proprietor of a hardware store and made off with approximately $80.

Suburban St. James police said the assailant may be the same person involved in the armed holdup of a St. Vital coffee shop Monday night.

Princess Royal Sails for Home

MONTREAL (CP) — The Princess Royal Tuesday ended a 27-day visit to Canada.

She boarded the Empress of France shortly before the scheduled 11 a.m. sailing time and said farewell to government and civic officials.

A 21-gun salute boomed out over the harbor as the ship moved out into the St. Lawrence river channel.

She returned here Sunday from Vancouver.

To Hang For Bludgeon Slaying

WINNIPEG (CP)—Donald Earl Hambleton, 25, Monday night was found guilty of the May 28 bludgeon slaying of 66-year-old caretaker James Henry Wolrich.

Mr. Justice Ralph Maybank sentenced Hambleton to be hanged Jan. 11.

The Assize Court jury deliberated for more than five hours before bringing in its verdict.

CHARGED WITH MURDER

NORTH BAY, Ont. (CP)—Percy Olmstead, 30, Tuesday was charged with the fire-murder of his wife whose body, and those of their three sons, was found in the embers of their home 10 days ago. Not represented by counsel, he entered no plea and was remanded in custody for hearing at Sturgeon Falls Thursday.

Toronto Uncovers Slum Empire

TORONTO (CP) — Crown officials drew on an infrequently-used *section of the Criminal Code on* Tuesday in their latest move to prosecute the alleged operators of a downtown Toronto slum empire.

Behind closed doors a special court heard 20 crown witnesses who will be called to testify in proceedings against four Toronto *men.*

The witnesses were required to testify under oath before justice of the peace Crawford W. Guest. *They can be prosecuted for per*jury if their evidence differs when the case goes to trial.

*In custody since an early morn*ing *police raid Monday are* brothers Charles and William Ingwer, Steve Feron and Linus Coghlan. They were booked jointly Monday on 23 charges of keeping common bawdy houses and remanded without bail until today.

Crown officials said a possible 92 charges may be laid but the number will depend on evidence recorded Tuesday.

The slum empire is reported to consist of 90 houses in Toronto's depressed lower Jarvis Street section.

NATO Council Approves Policy

PARIS (Reuters) — The Atlan*tic pact council Tuesday* approved the Western foreign ministers' policy for Thursday's Genava Big Four meeting, but in a day-long *discussion suggested* a number of minor alterations.

A NATO spokesman said Tuesday night: "It is clear some changes will be made" in the Western brief.

He said the proposed changes are in form and not in substance and concern mainly the manner of presentation of the Western case.

The NATO spokesman said U.S. State Secretary Dulles wound up the discussion. He read a message from President Eisenhower sending warm greetings to the council and declaring his continued dedication to the Atlantic pact.

WINS $1750 DAMAGES

VANCOUVER (CP) — Settlement of a claim arising out of a clossion in Surrey on Oct. 8, 1954, gives Elaine Jones, 20, of Duncan, $1750 general damages.

She was a passenger in the car of James Henry Connor, 4025 Maywood, Burnaby, when it was in collision with an auto owned by Alex Johnston, of Cloverdale, and driven by Francis William Nicklin of Kelowna.

Mr. Justice Wood authorized the injured girl's father, George Jones, Duncan boat builder, to accept $2676 offered by Johnston to cover the general damages and $916 medical and legal expenses.

And In This Corner . . .

WINNIPEG (CP)—After six weeks' work in putting it up, construction workers now are busy tearing down a huge new supermarket here.

Three walls were up and the steel girders were in place. Then someone discovered it was being built on the wrong lot.

An official of the Industrial Leaseholds Ltd. of Toronto said Tuesday it was a "$20,000 error."

PONTIAC, Ill. (AP)—Fred Goodman had a perfect reason to be excused from jury duty.

Called up to hear the case involving drunken driving charges, he told Judge J. H. Benjamin in Livingston county court:

"But judge, I'm the defendant."

Council Jottings

Mayor Joseph Kary and Finance Chairman Arthur Foster will appoint a town planning commission.

City Council Monday night authorized the mayor and Alderman Foster to appoint the commission.

Fire Chief Elwin S. Owens recommended the house which was part of the Marsden estate, on Vernon Street, should remain empty until removed. The chief studied the building on request of city council which had received a request for use of the building for display of art club items. The building in the 400 block was recently purchased by the city for $6700.

• • •

Another letter from the fire chief said he had no objection to Hood Bakery equipment being moved to their Baker Street premises provided the floor weight was distributed. The chief inspected the building at request of council.

• • •

Council approved payment of a $100 bill for removal of the stone bus depot at Nelson Avenue and Gordon Road. The demolition crew of the fire department removed it.

• • •

Request from the Nelson Recreation Commission for $100 to repair a trampoline, was granted.

• • •

Council cancelled a $10 deposit account for connecting Imperial Order Daughters of the Empire electric lights and granted them $5 to cover monthly electricity costs. The IODE, as a service organization, had asked they be excused from paying electricity charges at their new store in the IOOF building on Kootenay Street.

• • •

W. W. Bennett, 711 Nelson Avenue, will be informed that council is "taking temporary steps to clear a hazard" that has been created at the back of his residence by water runoff and backed up water. Mr. Bennett wrote council saying a culvert had not been cleaned this year and it was backing water up and creating a swamp.

• • •

A letter of thanks will be sent Miss Eileen Cross and Howard Meredith for the assistance they gave in decorating the Hume silver room for the city council luncheon honoring Premier W. A. C. Bennett and cabinet members.

• • •

A quotation from Park-O-Meter Corporation of Canada, Ltd., Toronto, on 230 parking meters valued at $86.50 each, was referred to the transportation committee.

• • •

A stop sign will be erected to control traffic going South at the intersection of Second and Behnsen Streets. There is only one sign there for traffic going North at present.

Songs of Nation Reveal Morals, Kinsmen Are Told

Nelson Kinsmen were entertained by an unusual combination of anecdotes, satire, and piano technique of concert calibre at their dinner meeting Tuesday night.

Their guest entertainer was the Rev. Elgar Roberts, church organizer of the Baptist Union of Western Canada, who was introduced to the meeting by Rev. K. Imayoshi of the Nelson Baptist Church.

Mr. Roberts' program consisted of three piano solos, concert versions of the Kings College March, Onward Christian Soldiers, and the Assurance March. These splendid renditions were separated by amusing anecdotes of his experiences in church work.

Highlight of the program was a story with piano accompaniment satirizing the disturbing manners of a few typical church-goers.

His final comment was "You can tell the morals of a nation by the songs that it sings."

Mr. Roberts is presently working on the Christian Life Crusade of the Baptist Church and is conducting Sunday School booster club rallies in Nelson this week.

Mrs. McCauley Of Taghum Dies

Mrs. Minnie McCauley of Taghum died at the Kootenay Lake General Hospital Monday night at the age of 74 years.

She was born at Portadown County, Armagh, in Ireland, on July 22, 1881, and came to Canada in October of 1920. She married Henry McCauley at Seaforth, Ontario, and came to Taghum with her husband where she had lived since.

Her husband farmed at Taghum and worked at the Lambert Lumber Co. planing mill. He predeceased her in 1942. She has lived with her brother-in-law, Fred McCauley, and niece, Miss Doreen McCauley, for the past five years.

At Taghum she was known as Aunt Min to her many friends and neighbors.

Besides her brother-in-law and niece of Taghum she is survived by several nieces and nephews in Ireland and New Zealand.

ASKS GOV'T MAINTAIN ACCESS ROAD

Contractor L. S. Simmonds must have a committment in writing from the provincial government that it will maintain the section of his Rosemont subdivision access road that will lie on city property before council will negotiate transfer of the city property to him.

Council made the decision after receiving a letter from Mr. Simmonds asking the land be transferred to his name for road building purposes. The access road will come down from Rosemont subdivision on the South side of government road connecting to Railway street.

Mr. Simmonds has opened 34 lots for home building, installed roads and plans to develop a playground for the area, formerly the old Hall Mines smelter site.

POWER OUTPUT CONTINUES UP

Continued increase in the consumption of electrical power in Nelson and district was illustrated in the September report of the City Power plant, received at City Council Monday night. September report which showed an increase in every category with the exception of station service, follows:

Kilowatt hours generated were 2,727,400 as compared to 2,425,400 in September, 1954, an increase of 12.45 per cent; average load was 3788 kwh, as compared to 3368 in the same month last year, an increase of 12.45, peak load was 6200 kwh, and in September of last year, it was 5400, showing an increase of 14.81; minimum load was 1800 kwh, as compared to 1600, an increase of 12.50; while 10,650 kwh, as compared to 10,850 kwh, a decrease of 1.84.

Trail Plans For Remembrance Day

TRAIL — Squadron 531 Trail Royal Canadian Air Cadets will join the Canadian Legion annual Remembrance Day parade and service to be held at the cenotaph on Nov. 11.

Assembly will take place outside Odeon Theatre. Services at the cenotaph will commence at 10:30 a.m.

The RCAC will also join the annual remembrance church service to be held in the Trail Junior High auditorium 7:30 p.m., Nov. 6.

Eighteen cadets reported for the Rotarian coniferous tree planting project over the weekend.

$200 Fines For Impaired Driving

Two $200 fines were levied against district motorists in provincial court here for driving while their ability was impaired by alcohol.

C. O. Severeid of Kaslo was found guilty of the charge by Magistrate William Evans after pleading not guilty and was fined $200 and costs and Peter N. Repin of Castlegar pleaded guilty to the charge and was similarly fined.

M. V. Pasacreta of Nelson was fined $10 and costs for exceeding the speed limit on Granite Road. He pleaded guilty.

$25 FINE FOR SPEEDING

W. F. Hill of Nelson was fined $25 in city court here for exceeding the Nelson Avenue speed limit October 20. He pleaded guilty before Magistrate William Brown.

Fred Sookorukoff of Nelson was fined $1 and $2.80 costs when he pleaded guilty to failing to pay a parking meter ticket. Ticket was issued October 4.

IN NEW POST . . . Howard E. Campbell, newly appointed Canadian Trade Commissioner for Jamaica, B.W.I., formerly of Nelson, is pictured at the Myrtle Bank Hotel in Kingston, following talks with a group of visiting Canadian investors.

Trail Hospital Trims Staff To HIS Standard

TRAIL—Trail-Tadanac Hospital is now staffed within the BCHIS limits, board members were informed Tuesday evening. But with 130 patients in the hospital the staff would be under great pressure, it was said. Sixty-four graduate nurses are at present on the staff. BCHIS requirements are for 60.

A special BCHIS consultative group is expected to arrive in Trail at Nov. 15.

Concerning revision of the Unemployment Insurance Act, it was thought that the new act will exempt hospital employees. Members felt that the only view that can be taken on this matter is that there will be no change until such time as there is an order-in-council revising the act.

Hospital deficit for September amounted to $3542.59, an increase of $679 over August.

Curbs For Arterial Highways In Nelson Under Study

The city will estimate costs for curbs needed on provincial highways 3 and 6 through the city and will forward them to Highways Minister P. A. Gaglardi for approval.

Mr. Gaglardi gave Mayor Joseph Kary a verbal committment when he was here with the cabinet Saturday that the curbs would be built, the mayor told Council Monday night, suggesting the estimate be made.

Possibility of the city contracting the construction and the provincial government paying for it was discussed by councillors. Council felt the public works crews could not do the work themselves without detracting from their own programs in the city.

Commerk Hockey Starts Sunday

First league games of the Nelson Commercial Hockey League will be played in Nelson next Sunday morning at the Civic Arena.

Queen's Hotel will face Buerge Motors at 8:30 a.m. and the Glade entry will play the Civic Hotel at 10:30 a.m.

Junior Chamber To Attend City Council Meeting

Nelson Junior Chamber of Commerce will attend the next regular city council meeting, November 7, as a body. The Jaycees moved to do so after hearing an address by Mayor Joseph Kary at their meeting Monday night. The mayor urged the Jaycees and all Nelson citizens to attend council meetings. The Junior Chamber is endeavoring to become better acquainted with civic affairs prior to the December civic elections. Henry LeMoigne was named chairman of the civic affairs committee.

The chamber decided to send letters of thanks to Premier W. A. C. Bennett, city council and the Senior Chamber in connection with the recent visit here of the B.C. cabinet.

A letter will be written to city council asking that police protection be provided in the Civic Theatre area on Saturdays when children are coming out of the afternoon show.

The Junior Chamber will again sponsor an appearance here this season of the Rossland Light Opera Players, subject to financial arrangements being made. February 18 is the possible date of the appearance.

Jaycee Peter Ziemers was named to investigate possibilities of the group carrying out a Christmas light-up campaign.

Effective speaking course under John Hanson and membership drive under Alan Ramsden is progressing, committee reports indicated.

In hope of better attendance at meetings, the Jaycees moved to meet in future on Thursday nights. They also moved to cancel office space rented recently on Front Street.

Irwin Black introduced a new member, Kenneth Frederickson, manager of Simpsons-Sears.

Council Grants 10 Licences

Council granted 10 business licences, an exception number for one meeeting. They rejected two. Licences were granted to: Andrew Slater, R.R.1, Nelson, for a plumbing and heating licence subject to the approval of the plumbing inspector; W. N. Bowcock, 171 Baker Street, for an oil burning service and repair; Jean Pierre Rivers, 696 Baker Street, licence for a dining lounge and cafe and retail trading; Empire Dry Cleaners, 327 Baker Street, for dry cleaning, pressing and mending. Applicant was Steve Maco; Household Loan Corporation of Canada, 608 Baker Street, applicant was Ralph M. Brighty; Peter Leslie, 1724 Falls Street, for recharge, sales and service on fire extinguishing equipment; Pacific Inland Express Co., Ltd., Box 230, Nelson, for stopping their trans-Canada trucks in Nelson and unloading freight for the district into warehouses; E. W. Fahlman, 515 Vernon Street, to operate six bowling alleys and a coffee shop; Ever-Lite Fluorescent Ltd., 214 Hall Street, for sale of fluorescent and incandescent lights and fixtures.

Licences were refused to Frederic Studios, Vancouver, for peddlers licence to take and sell photographs and to Roger Gain, 419 Latimer Street, for a peddlers licence for selling electrical appliances, furniture and plumbing.

Alderman Coventry Tells Petitioners . . .

Re-Zoning Job for Planning Commission

FRED FACCA
. . . of Natal, second year student at Notre Dame College, is new president of the college Student Council.—Vogue photo.

To designate a new commercial zone in Nelson would entail redrafting of the zoning by-law Alderman J. H. Coventry told a delegation of two at city council Monday night.

If this is to be done then "the whole city should be reviewed, a big job, he felt, that should be undertaken by a town planning commission for the whole of Nelson "is due for considerable expansion."

Re-zoning discussion arose when delegate Gordon Burgess enquired whether the city was considering re-zoning in Fairview in the near future.

Mr. Burgess was under the impression a petition from Fairview citizens was asking re-zoning. The petition signed by 30 property owners instead requested council to "refrain from granting any permission to Superior Motors to build on the Rothery Estate until we have had an opportunity to get together and discuss this mutual problem."

Council found the petition out of order as the garage had not yet requested permission to construct a building nor had it presented a petition indicating willingness of neighboring property owners to have the garage built.

"If the people in the neighborhood petition council to establish a commercial area, council could then act on it," Acting Mayor Arthur Foster advised.

Dance Expert to Conduct Clinic

Leslie H. Boyer, leading square dance instructor of the Pacific Northwest, will conduct the square dance clinic to be held in the Nelson Junior High School gymnasium on Nov. 26.

The clinic is being sponsored by three Nelson square dance clubs, the Beaux and Belles, the Buttons 'n Bows, and the Gingham Swing-'ems in co-operation with the Community Programs Branch of the Department of Education.

Local square dance enthusiast and chief organizer of the clinic, Jimmie James, hopes to invite squares from other clubs despite the limited facilities available.

In addition to instruction in established forms of square dancing, Les Boyer will introduce serveral new round dances.

Mr. Boyer comes well qualified to instruct in the art of square dancing. In 1950 he was presented the Inspirational Award Trophy for his work as a teacher and promoter of square dancing in the state of Washington.

He is past president of the Folk and Square Dance Federation of Washington and the Northern Area Callers and Leaders Council.

For the past three years he has been master of ceremonies of the Penticton Peach Festival's popular square dance jamboree.

Second Increase For Transit System

Nelson Transportation System showed its second straight increase in revenues in a report received at City Council Monday night. Revenues in September were $2904, as compared to $2853 in September of last year.

Report, with the 1955 figure shown first, was: Fuel consumed 1549 gallons and 1587 gallons; miles travelled, 6159 and 6535; passengers carried, 36,768 and 35,803.

Humphries Head Scout For Rangers

NEW YORK (CP)—Jack Humphries, for the last six years head of Toronto Maple Leafs' setup for scouting hockey talent among minors, has been appointed head eastern scout for the New York Rangers of the National Hockey League.

Murray Patrick, Rangers' general manager, said Tuesday Humphries succeeds Carson Cooper, who died last summer.

Procter Skating Club Organized

PROCTER — The Procter skating club this season is headed by Mike Radulovich, who is also president of the Students' Council, and the meeting in the school elected Herman Unger as vice-president.

Mrs. F. Bonacci agreed to serve a second term as secretary-treasurer. William A. Henke was asked to act as the club's representative to the Procter and District Recreation Commission and an executive of three, C. Ferguson, F. Bonacci and Thor Sandberg was named. Fees will remain the same, $1 per person per season and $2 per family. The charge of 25c for non-members or visiting hockey players will be enforced and hockey will be restricted to Saturday and Sunday mornings only.

New hours were approved and the rink will be cleared of skaters at 9:30 Sunday to Thursday evenings inclusive and at 11 on Friday and Saturday nights. Rules will be posted in the club house.

The purchase of a better stove was approved. The executive was instructed to enquire about the feasibility of installing a light meter, to arrange about hauling of firewood, and to try to hire a supervisor. A new floor and door, as well as more pipe and hose are needed. Some money is on hand and if the collection of fees is not sufficient to meet these expenses the executive will arrange a fund-raising project. Cribbage parties served this purpose last season and a square dance was suggested as a further means. Mrs. Garner reminded the women present that the meeting of the Ladies Aid at Mrs. A. Ogden's home has been moved up one day to enable Procter to aid Harrop in their WI bazaar Nov. 2. To further happy community relations Harrop families are invited to join the skating club.

The secretary was asked to write a letter of thanks to the retiring president Clarence Walton, who added the duties of volunteer ice-maker to his usual duties.

15-POUND FISH CAUGHT ON 6-POUND LINE

GRAY CREEK — It wasn't only the sight of the shining 15½-pound Kamloops salmon that delighted the heart of the fisherman, W. LaPlante, it was the fact that his skill and the casting line of six pounds test had won the battle. The fish was caught at the mouth of Gray Creek on Sunday with a Gibbs Stewart No. 3 and is the largest of the many that Bill has been catching lately.

Suspected Thief In "Poor Condition"

VANCOUVER (CP) — A suspected car thief found unconscious in a demolished car was in "poor" condition Tuesday.

Under police guard in hospital is Marcell Simard, 22.

He suffered a fractured skull and other injuries when the car he was allegedly driving smashed into a steel trolley pole in the 1500-block Main.

Police swore out a warrant charging him with auto theft but have been unable to serve it because of his condition.

Former PG Mayor Dies

PRINCE GEORGE — Alexander M. Patterson, 74, mayor of Prince George from 1927 to 1944, died in hospital here Monday.

Mr. Patterson came to Prince George prior to the First World War and had been in business here.

Large Paper Mill Under Consideration

BURNABY (CP) — Establishment of a $5,000,000 paper mill employing 250 persons is under study by the Sidney Roofing and Paper Co. Ltd. of Victoria.

Council was told of the development Monday by letter. The company's letter said a Burnaby site was one of several locations in the greater Vancouver area now under study.

The company said it proposed to start construction in 1956.

Rossland Sewer Work Near Done

ROSSLAND — A request by Fred Simister to erect a neon sign was read at city council and granted subject to regulations.

G. W. Hertig made application for a certificate of subdivision. This was referred to the city assessor to investigate.

A bid of $20 by Roy Holm was made for some shacks on the old J. Urquhart property. Dates for the court of revision in Rossland have been set for Feb. 1 and 2.

All sewer work for this year will wind up with the completion of the Pinewood sewer project, according to Ald. A. H. Keffer.

Ald. H. L. Christian reported that three loads of soil have been taken to Jubilee Park. He also said that the floor was nearly all out of the arena and ice making would be begun soon. The back of the cenotaph needs a final clean up, and would be done this week.

Ald. W. Keane reported the new civil defence room was finished except for lighting fixtures and completion of the plumbing.

The cost of constructing sidewalks in Rossland will soon be known to be used as a guide for future work. Ald. Lloyd Austin considers the block of sidewalk just completed on Washington Street a good job. Council decided to send a letter to the junior-senior high school advising that the sidewalk is completed and it is now up to the school to see that the students use it.

Ald. Austin suggested that fine material for road repair be stored behind the board of works garage, so it will be readily available for roads break-up next spring.

The new equipment bylaw will be published shortly and voting on the bylaw will take place on November 7.

Nakusp PTA To Aid In Hallowe'en Plans

NAKUSP—At the regular meeting of the Nakusp Parent-Teacher Association Monday evening at the Nakusp elementary school, Mrs. Levitt's room was awarded the parent attendance prize of $1.

The ways and means committee reported that plans were finalized for telephone cards to be held November 3. Mrs. LaRue, convener for ways and means, outlined the proposed program to raise funds throughout the year.

It was reported that $20 had been turned over to the treasurer from the sale of cookbooks. There are still 204 books for sale. It was reported that one outlet has made a total sale of 185 books.

The usual donation to the Chamber of Commerce Christmas treat was made and the secretary was instructed to write the chamber with several suggestions regarding a change of program for future years. It was felt that the picture show fell short in supplying the type of program required for this time of the year as there were always two picture programs each week.

Regarding a request for assistance from the Recreation Commission in holding the Hallowe'en night, it was decided that the PTA would give assistance and a committee under convenership of Mrs. V. Smith was appointed to work out details.

The CNIB tag day will again be handled by the PTA with the senior students of the elementary school doing the tagging and with Mrs. Bruce offering her home as the clearing station.

Some discussion on hot lunches took place and due to the lack of adequate facilities for serving 120 pupils the matter was dropped.

Mr. Thygesen gave an interesting report on the district PTA convention at Castlegar.

BEAVER THREATEN WATER SUPPLY

NAKUSP — On Saturday the town water supply was in danger of being cut off by a family of beavers.

At the reservoir, about 3 miles from town, the beavers had begun construction of a dam for their winter quarters.

A game warden was called in and with the assistance of Emil Newbrand one of the beavers was trapped. The other was frightened away and the dam broken down so that the reservoir again filled up to keep Nakusp supplied with the necessary water requirements. Nakusp has an adequate water system for domestic use but there is no substitute system so that a beaver dam at the intake could play havoc with the supply.

Deanery Meet At Trail Wednesday

TRAIL — A supper meeting on Wednesday night will open the first Anglican deanery conference for some time, to be held in St. Andrew's Church hall. The conference is for clergy and laymen. It had been reported Tuesday the deanery would open Thursday night.

The annual women's auxiliaries deanery meeting will be held on Thursday at Castlegar, not Friday as reported. A Camp Galilee meeting will also be held at Castlegar Thursday night.

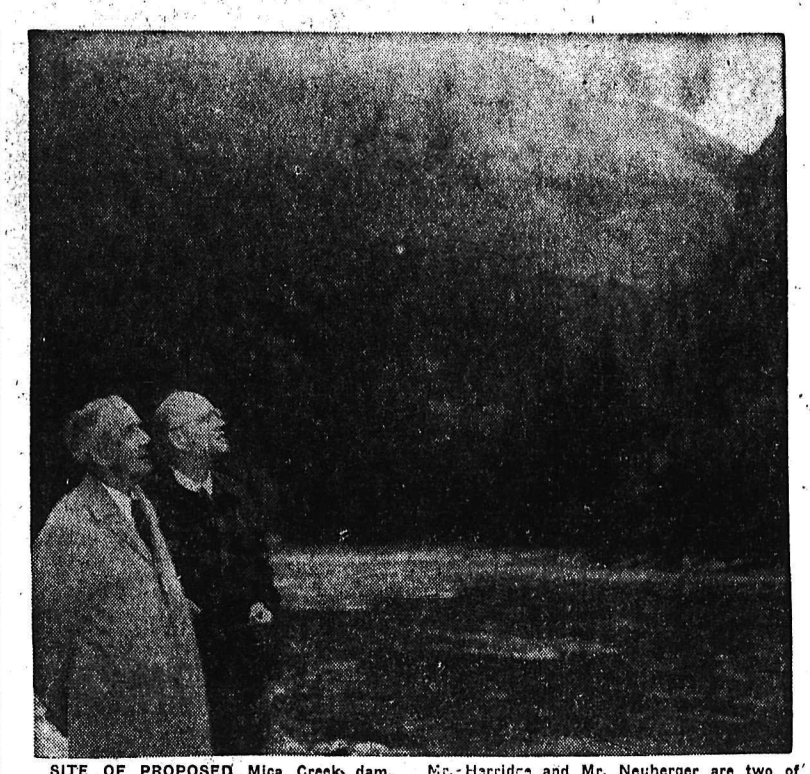
FOR A LASTING SHINE



SITE OF PROPOSED Mica Creek dam, which many observers believe is the key to development of the Columbia River's vast power potential, is viewed here by H. W. Herridge, MP for Kootenay West, and Senator Richard Neuberger of Oregon. Mica Creek dam, 82 miles North of Revelstoke, is considered one of the most important development possibilities on the Columbia. It would provide both storage and on-the-site power. It would make the river's controlled low water flow five times greater. Mr. Herridge and Mr. Neuberger are two of many individuals who have shown extreme interest in the Columbia's development. In the last week, the senator made a tour of proposed dam sites on the river and has also discussed its development with Kootenay people. Most recently, Mr. Herridge spoke to the Nelson Rotary Club Monday of its vast potential and the international and national attention it is attracting.

Bennett Defends Cabinet Tour

VICTORIA (CP) — Recent trip of the provincial government to Kamloops and Nelson was called a "good investment" by Premier Bennett.

He was replying to criticism by Vancouver CCF MLA Arthur Turner who said it was a waste of government funds for the cabinet to hold meetings in other parts of the province.

"This is the petty type of criticism you get from the CCF. Perhaps that is why they haven't gotten anywhere," the Premier said.

"It's a good investment for the cabinet to see the country, and it's taking the government to the people."

He estimated the trip cost $500. The cabinet held two official cabinet meetings, one in Kamloops and one in Nelson.

FIRE DESTROYS GARAGE, TRUCK

NATAL — A fire of unknown origin completely destroyed the large garage owned by Joe Chismer of Chismer's Bus Lines of Natal. The garage was built only a few years ago for the purpose of housing the buses that are operating throughout Natal-Michel. Although no buses were in the garage when destroyed by fire, a dump truck owned by John Latka of Natal, was destroyed by the fire. The garage was situated just west of Natal. The amount of damage was not disclosed but it was reported that the garage was only partially insured.

SEVERAL AUTO ACCIDENTS AT CRANBROOK

CRANBROOK — Auto entanglements led to a number of difficulties during the ideal autumn weekend and resulted in extensive property damage but no serious injuries to the people involved, though deer were killed.

In the city Saturday evening, Mrs. Archie Blair escaped with minor injuries when she was struck and knocked down by a car while crossing the Cranbrook Street pedestrian lane on the highway into Cranbrook near Central School.

At least three cars in three separate highway areas of the Cranbrook district collided with deer resulting in each case in death for the animal and extensive damage to the cars involved though no occupants were hurt.

Sunday morning Gothard Sombriski put a freshly greased car on his service station apron. When the operator looked again, the car, property of Mrs. Denise Balbouer, was gone.

He promptly notified the RCMP who joined him in the pursuit. The missing car was overtaken 15 miles east on the southern transprovincial highway, and the operator is in custody here.

Blowout on a side-road in Perry Creek district threw a car operated by a Mr. Penny off the road and into a tree damaging it extensively. About 1:30 a.m. Monday, J. C. Grindle of Calgary, approaching Cranbrook failed to negotiate the curve at the railway crossing three miles north of the city. Two tires blew out which threw the car into the ditch. He was not injured. On Sunday afternoon Frank Whitehead, operating a half-ton truck, missed the approach to the Wycliffe bridge on the Kimberley highway and damaged the vehicle.

Operator of a car which missed the six-mile crossing on the Kimberley road a week ago, and was ditched, J. E. Jacques pleaded guilty to operating a car without due care and attention and was fined $15 and costs.

District KCs At Fernie Social

NATAL — Attending a social evening sponsored by the Knights of Columbus, Fernie Council No. 2206, at the Catholic hall Sunday evening, were Mr. and Mrs. Joe Katrichak, Mr. and Mrs. P. J. Chala, and Rev. Father L. Trainor representing the Natal-Michel Knights of Columbus.

As October 23 was set aside as Communion Sunday for the members and families of the Knights of Columbus and in order to make this day more impressive, the clergy from the Crow's Nest Pass area were invited to attend the social held in their honor. An invitation was also extended to the members of Father Lacombe Council of Pincher Creek.

Lloyd Hamilton of Fernie, District Grand Knight, acted as chairman throughout the evening that included entertainment, vocal solos, games and square dancing. During the entertainment, Mr. Hamilton gave a brief but touching address pertaining to the lifetime work of the clergy.

Pincher Creek Council extended an invitation to the members of the Fernie Knights of Columbus to attend a meeting and social function to take place at Cowley, Alberta, the middle of next month.

PROCTER GIRLS JOIN CADETTES

PROCTER — Five Procter girls, Sandra Fitchett, Nancy Stoochnoff, Leone Friesen, Lynn Ferguson and Millicent Dvorak have joined the air force cadettes and will be members of the band, playing chanters and bagpipes. Along with Procter's six sea cadets they bring to 11 the number of regular riders of the necessary 20 needed to procure a weekly bus service to Nelson.

It has been learned from Rev. Father R. D. Anderson that Boy Scouts meet at St. Saviour's on Monday nights also and boys that want to join this troop could have access to the bus facilities. Commissioner Don Ure of the Boy Scout Association will speak on behalf of this idea at the Procter PTA meeting Wednesday evening.

Parents of the sea cadets have formed a group headed by N. C. MacLeod to arrange a means of transportation for sea and air cadets and cadettes from Procter and Balfour and all along the North Shore.

Natal Hockey Meeting Sunday

NATAL — Natal-Michel Coal Kings of the Alberta-British Columbia Hockey Association will hold their annual meeting at the Michel Hotel on Sunday. The club will re-organize for the 1955-56 hockey season and officers will be elected for the coming term.

From all indications it appears that the Coal Kings will start the season off on the right footing after more than holding their own during last year's operations. The Coal Kings this coming season will consist chifely of young players strengthened with a few veterans which will be moulded into a strong contender.

Holding Suspect

VANCOUVER (CP) — Police were holding a suspect Wednesday in connection with a $694 safecracking at the Canadian Legion branch in Mission, B.C., Oct. 10. The suspect was picked up by city detectives and RCMP in a rooming house here.

NEW URANIUM STRIKE MADE ON SNOW CREEK

BURTON — A new uranium strike has been made on Snow Creek near Burton, reports Walter Isaacs. A sample from the Uranium King group of claims was sent to the department of mines and ran .052 per cent U308, he reported. A spectro-chemical analysis also showed Columbium cerium yttrium ytterbrium lanthanum and tin.

Since the first sample was sent, other outcrops have been found and higher assays are expected from them, he said. About 40 claims have already been staked in the area.

Must Be No Halt in Trans-Canada Road

Federal authorities have expressed concern that the proposed 4600-mile Trans-Canada Highway is little more than one-quarter complete after five years of work. There is no hope that the target date of December, 1956, will be even halfway met and extension of the agreement whereby the Dominion treasury pays half of the contract amounts is being suggested.

Not only should the arrangement be extended, but some means of speeding construction should be decided upon. None of the provinces have approached completion of their individual sections of the route. Ontario with 1412 miles of highway route to construct, had paved 329 miles by Aug. 31. Saskatchewan had paved 271 of its allotted 414 miles; Alberta 187 of 292 miles, British Columbia 174 of 692 miles and Manitoba 136 of 309 miles. British Columbia next season, according to Premier Bennett when he spoke in Nelson, proposes ambitious additions to its part of the program. It cannot, of course, hope to carry through the over-500 miles of road-building required in a single year.

There is every justification for the Dominion government to continue its part in the program. Canadians want their own cross-country highway, and until they have it governmental revenues in the form of gasoline and other taxes will continue to be drained away by the highways across the border, defence needs and commerce will not be best served. A Trans-Canada Highway is a matter of good economics and pride.

Cream Off The Whisky Bottle

The Dominion Government, which has little to do with the alcoholic beverage business except to tax it, gets nearly two-thirds of the revenue to the public treasury from it.

The latest complete report shows that in the fiscal year ended March 31, 1954, total revenues of Dominion and provincial governments from the control and taxation of alcoholic beverages came to $346 millions, up $3 million.

Ottawa's share of this revenue was $184.1 million, provincial and territorial governments got $161.5 millions. This works out at 53.3 per cent for Ottawa, 46.4 per cent for the provinces and 3 per cent for the territories.

But not included in the Ottawa total of revenue is the 10 per cent sales tax, which probably produced another $10 million for Ottawa.

University Education Not For Everyone

Dr. Smith points out that university education and the degree to which it usually leads are not for everybody, any more than "everybody" might be qualified to play on a National Hockey League team. "University work," as he puts it, "demands special qualities of industry, energy, imagination, analysis, synthesis, understanding and vision." For that reason, he states he does not believe it to be reasonable to attempt to provide a so-called university education for a maximum percentage of those who obtain their senior matriculation. Nevertheless, even with a more scientific qualification process, such as the Scholastic Aptitude Test used in most of the leading American universities, the problems of accommodation, teaching staff and conditions of employment for professors and instructors are very large.

By far the most serious factor in the situation is lack of financial support. The taxation policy of the Dominion Government has had a pronounced diminishing effect on private donations to endowments for higher education. The resources of the Provinces are for the most part strained to sustain the obligations which they now have to fulfill. It is logical, therefore, that the Dominion Government, as the chief beneficiary of higher education, of its leadership, its scientific contribution, and its influence on the increment of wealth in the country, should contribute liberally to the support of colleges and universities.

At present the Government provides a grant amounting to 50 cents per capita in each Province, which is divided among specified degree-granting institutions according to the number of students in full attendance. If the universities are to meet the obligations which are fast overtaking them, it is essential that this unconditional support be increased. Grants in aid of research in all fields ought to be rationalized and distributed on a basis which permits the most effective and economical use of facilities and human talent.—Toronto Globe and Mail.

Let Them Be

(Vancouver Province)

Ottawa is going to build a village for the Eskimos who are employed around the air force base at Frobisher Bay on Baffin Island. Ottawa explains that the Eskimos now live in tents in summer and igloos in winter. We can't help wondering if the Eskimos might not remain a lot healthier in their traditional habitations. After all, generations of Eskimos wintered in igloos long before Ottawa came along with its pre-fabs.

Bonnets

(Montreal Star)

Events on the international front are exerting an impact on France's milliners. From the Parisian hat houses comes word of Chinese and Japanese motifs, with a spot of Siamese influence thrown in.

Being innately allergic to ladies' lids, we can only say there is the utmost cause for alarm at the intelligence emanating from the boulevards. Listen to this! A hat designed like a Japanese pagoda. Another fashioned as a Chinese footstool. And there are Siamese topknotes, whatever they are.

There is, however, one relieving note in this Asiatic madness. There is a Frenchman who likes to be known as the "Mad Hatter of Paris" who has turned out the "spaghetti bonnett". Cooked and curled on a tulle base, the spaghetti is said to look like heavy lace. Then he has glued on orange peel, which smells like fruit cake and looks like rough straw.

That's sensible. You can have your hat and eat it, too!

Watch Your Language

TERRIFIC—(te-RIF-ik)—Adjective: Exciting, or adapted to excite, great fear or dread; terrible; appalling. Origin: Latin—Terrificus, from Terrere, to frighten, plus Facere, to make.

Interested, Nelson—Could you please repeat horoscope for October 10?

People born on this day are a combination of the practical and the artistic. They can do especially well in any occupation that puts them in the public eye or brings them in contact with others with whom they can get along well, especially during working hours. During leisure time they are apt to be so independent that they may oppose others and sometimes cause the very lack of harmony they so much dislike. Their strength of will and clean-cut habits are great assets for success. They should not indulge pet likes to an extreme and mar what should be a very useful and happy life.

E. W., Nelson—Can you tell me who represents the Wear-Ever saucepans in this area?

J. S. Schleppe represents the Wear-Ever Company in East and West Kootenay. His address is 2050 Sixth Avenue, Trail.

F. H., Castlegar—Where can I take a nurses' aide's course in B. C.?

Vancouver General Hospital, Vancouver; Vocational Training School, Hastings and Homer Streets, Vancouver.

Housewife, Nelson—About a year ago you printed a recipe for making jelly from rowan berries. I have mislaid it. Would you please print it again?

One quart berries, one quart water. Simmer together about 15 minutes, strain juice, and to every pint add one pound of sugar. Boil slowly about 50 minutes.

F. D., Nelson—Just to settle an argument, can you tell us if Dr. Schweitzer accepted the Nobel Prize?

Dr. Albert Schweitzer has devoted the proceeds of the Nobel Peace Prize ($33,840) to constructing a hospital at Lambarene.

Verse

Shades of Autumn

Shades of Autumn will ever hold
A lasting taste for me,
That ties my fibres to the fold
Where I belong; I am not free.

Nature is gripping, charming, boring never;
There's no withholding, useless hoarding.
The wonder of Fall is music forever,
Both fulfilling and soul-rewarding.

Colors marching on the hills,
Ever increasing, warm and true:
Up, over and yonder the color spills,
Like remaking cold grey into blue.

Oh! could I but lift up, and going
Amid its glorious treasure,
Dressed as it, be alive and glowing,
Savoring, studying, at my leisure.

The belonging would be my reward—
A share in the perfection I see;
Privacy, solitude it would afford.
Alone with my God I would be.

—BARBARA CORRIE.

Press Comment

Movement of people from the farms is only temporary, suggests the Hamilton Spectator. "These Canadians are flocking into the city to make enough money to go back and live in the country."

External export markets are important, concedes the Ottawa Journal. "But a national economy chained to them entirely or out of all proportion to the home market can be precarious. The past few years must have taught us that."

Dr. O. M. Solandt is going to the CNR from the Defence Research Board, observes the Vancouver Sun. "Right off we could suggest that Dr. Solandt's first job of research could be devoted to discovering how to put on a pair of trousers in an upper berth. Or maybe to showing how six-footers can fold comfortably into a standard railway berth."

It's Been Said

If we would have anything of benefit we must earn it, and earning it become shrewd, inventive, ingenious, active, enterprising.—H. W. Beecher.

Paper Makers' Union Scoffs at Reasons for Newsprint Raises

ALBANY, N.Y. (AP)—The president of the International Brotherhood of Paper Makers (AFL) said Tuesday the only reason for the increases in the price of newsprint is that newsprint manufacturers "know they can get more" money for it.

"This, after all the nonsense about costs, is the only reason why any price is raised," Paul L. Phillips said in a statement.

The union claims to represent 75,000 workers in 33 states and six Canadian provinces.

Phillips said: "It has become a popular notion that, when workers in any industry secure improvements in their wages, there must be a corresponding increase in the price of the goods they make."

He said that Sir Eric Bowater, head of the Bowater Paper Corp., had expressed this sentiment in a recent press conference at which Bowater predicted a general raise in the price of newsprint.

"This is utter nonsense, particularly in the newsprint industry, and the manufacturers and publishers know it," Phillips declared.

SMALL PAPERS HIT

Since Bowater's prediction, two Canadian manufacturers, St. Lawrence Corp. and Abitibi Power and Paper Corp., have announced $5 price increases—from $126 to $131 a ton (U.S. funds) delivered in New York. Both companies attributed the move to rising costs of operation.

"What he (Bowater) should have said, and what he undoubtedly was thinking, is that the companies are going to charge more for newsprint because they know they can get more."

Phillips said his union was concerned about newsprint prices because a general price increase would deal "a crippling blow" to small newspapers and non-commercial publications.

LEFT DEAD SON IN LONG GRASS

SEATTLE (AP) — Homicide Capt. Charles A. Rouse said Monday he was told by Mrs. Alice Peters, 29, in a recorded interview that she found her small son dead in her apartment last Wednesday and placed the body in a grassy vacant lot.

Two young boys playing in the area found the body of two-year-old Donald Hubert Peters Sunday afternoon.

The father, Alphonse Peters, is a logger in the Douglas, B.C., area. Mrs. Peters told Rouse three other children are with the father.

Rouse quoted her as saying she returned from her work in a tavern to find two of the kitchen stove burners turned on. "I had forgot to put up the ironing board so he couldn't get into the kitchen. I found Donnie. I didn't know what to do. I didn't tell anybody. I drank."

She told the captain she picked up the body and carried it in her arms to the vacant lot and laid it in the tall grass.

She also said she had borrowed $50 recently to go to Canada for the child after her estranged husband had written that he intended to give him away.

Queen and Duke To Visit West Africa

LONDON (AP) — The Queen and the Duke of Edinburgh will visit Nigeria in February, it was officially announced tonight.

The royal couple probably will fly both ways, the announcement said. It added that the Queen hopes to visit other British territories in West Africa "in due course."

Bridge Wiped Out Near Squamish, B. C.

SQUAMISH, B. C. (CP) — The rain-swollen Mamquam River rose eight feet during Monday night, wiping out a highway bridge four miles north of here and endangering a railway bridge nearby.

The 150-foot wooden bridge collapsed while workmen blasted log jams in an effort to save the railway bridge. Loss of the railway bridge would isolate about 400 persons.

Four of the 30 families living in a subdivision between the bridges were evacuated to Squamish after deep water ran through the area.

The town itself was in no immediate danger of flooding because of new dikes built earlier this year. However, school was cancelled for the day.

All Pacific Great Eastern trains northbound from Squamish were cancelled.

Dickson To Fill New Defence Post

LONDON (Reuters) —Prime Minister Eden Tuesday named Marshal of the RAF Sir William Dickson, 57, as the "strong man" of Britain's new streamlined defence forces.

Eden told the House of Commons that Dickson will take over the newly-created post of chairman of the chiefs of staff of the navy, army and air force.

PGE Bids Received

VICTORIA (CP)—Emil Anderson Construction Co. submitted low bid of $1,098,500 for construction of 27 miles of Pacific Great Eastern line from mile 82 to mile 109 north of Prince George. Mannix Ltd. submitted a bid of $1,278,985. The contract is expected to be awarded this week. Dominion Bridge submitted a low tender of $827,491 for construction of superstructure on two bridges over the Fraser and Salmon rivers near Prince George

Reforestation plantings in Iceland include young lodgepole pine from British Columbia.

Eisenhower Takes First Short Walk

DENVER (AP) — President Eisenhower took his first "walking steps" Tuesday since he suffered a heart attack a month ago.

The President walked several times between his bed and a nearby easy chair as part of the program of convalescence outlined during the weekend by his doctors.

Molotov Hopeful of Conference Results

BERLIN (AP) — Soviet Foreign Minister Moltov said Tuesday he hopes the Geneva conference will bring a further lessening of world tension.

He made the declaration shortly after arriving from Moscow en route to Geneva, where he meets Thursday with the foreign ministers of France, Britain and United States.

"We sincerely hope," Molotov said, "that the foreign ministers conference will result in a further decrease of international tension, and justify the hopes of the peoples striving for peace and security."

His words, reported by the official East German news agency ADN, were addressed to East German Prime Minister Otto Grotewohl, who headed a greeting delegation at the airport.

Dulles Expects To Visit Tito

PARIS (AP)—U. S. State Secretary Dulles plans to talk with President Tito Nov. 6 at Brioni, an island off northwestern Yugoslavia.

Dulles told his plans to reporters as he came out of a meeting with the North Atlantic Treaty Organization foreign ministers Tuesday.

Asked why he is going to Yugoslavia, Dulles smiled and said: "I've never been to Yugoslavia before."

He also plans to visit Vienna Nov. 5.

Supper Nets $91 For Hall Roof

LISTER — October meeting of Lister-Huscroft Women's Institute discussed the chicken supper and the annual bazaar. The chicken supper, sponsored by the WI, was held in Deer Lodge Hall. Proceeds amounted to $91. This amount will be donated to Deer Lodge Club for the repairing of the hall roof.

Natal Notes

NATAL — Mr. and Mrs. Fermino Fabbro of Natal accompanied by the latter's mother, Mrs. M. Gatto, of Sparwood, were recent Calgary visitors.

Mr. and Mrs. Lorne Mullett and family of Sparwood were visitors across the border in Kalispell, Mont.

Mr. and Mrs. T. Taylor of Michel accompanied by Mr. and Mrs. N. Mirkovich were Cranbrook visitors. The former spent the day at the home of their daughter, Mr. and Mrs. T. Fabbro while the latter met their son, Joe, who arrived by plane from Kitimat, B. C., to spend a short holiday with his parents at Michel.

Henry Androlick returned to his home at Michel after spending a two week visit at the coast.

Mr. and Mrs. David Cividin and family left Michel to take up residence at Vancouver.

Discovers Way to Shrink
Painful Piles

Here is a nice, clean, easy way to get real relief from the nagging distress of swollen, painful piles without the inconvenience of ointments, pile pipes or suppositories.

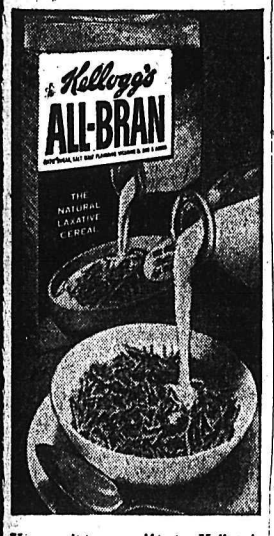
The secret is in taking just one small Hem-Roid Tablet, with water, two or three times a day. Works through effective INTERNAL action. Quickly eases constipation, relieves itching, soreness and pain. Helps shrink piles and permits them to heal.

Why suffer needlessly when Hem-Roid offers you so much. Get a package today. See for yourself how nice Hem-Roid is to use, how effective it is and how much more comfort it will quickly bring you.

All drug stores, Low cost. Money refunded if you are not 100% pleased.

IF IRREGULARITY IS YOUR PROBLEM

TRY NATURE'S GREAT FOOD COMBINATION FOR FITNESS AND RELIEF OF CONSTIPATION



You owe it to yourself to try Kellogg's All-Bran and milk as an aid to health and regularity. Here is a safe, natural way to improve your "intestinal tone"—so essential to comfortable regularity. All-Bran, made from whole-wheat bran, contains natural food bulk which corrects the *cause* of constipation due to insufficient bulk. It is also an excellent dietary source of niacin, necessary for normal functioning of the body. Kellogg's has been making and improving All-Bran for nearly 40 years. There is only *one* All-Bran, Kellogg's—the *original* laxative cereal, milled for maximum effectiveness. We'll prove to you that All-Bran and milk will give gentle relief from constipation in 10 days, or double your money back. Kellogg's, London, Ontario.

Hallowe'en Party, Yule Program Planned for Harrop Children

HARROP—Mothers of children attending Harrop school met with teacher Fred T. Mamchur to discuss plans for a Hallowe'en celebration and Christmas program.

It was decided to hold a costume party for the Harrop school children and district pre-schoolers on Hallowe'en night in the school. Prizes for the masquerade and games will be purchased by Mrs. V. Rowley and Mrs. C. McNown, made possible by a generous donation from the Community Centre. Mrs. M. Paulhus, Mrs. W. Ogilvie and Mrs. D. Fairbank were chosen to form a program committee which will meet again during the week to map out the evening's games. Traditional apple contests will be abundantly supplied with MacIntosh apples from Fred Franson's ranch.

There will be a contest for best carved pumpkin jack-o-lantern, bingo games, and good food to complete the fun.

Plans for a Christmas concert and treats from Santa Claus were discussed. It was decided to continue with the practice of a door-to-door canvass for funds to start immediately and to meet again in three weeks to complete arrangements. This collection committee is composed of Mrs. W. Ogilvie, Mrs. Rowley, Mrs. M. Paulhus, Mrs. Fransen, Mrs. T. Rutherglen and Mrs. R. Laidlaw.

MEET TEACHER

The mothers enjoyed this first group discussion with teacher Fred Manchur, who has come to Harrop this year from Nakusp. Mr. Manchur was born in Saskatchewan, where he grew up and started his teaching career. His last school was at the Premier Mine at Stewart, B.C., on the Alaska border about 100 miles north of Prince Rupert where the snowfall has measured 48 inches in one day. The highest tidewater mountains in the world are at Stewart.

MUSICAL ABILITY

Mr. Manchur has keen interest and ability in art, woodworking and music. Musical instruments in the schoolroom include the piano, a violin and a mandolin, with any one of which he accompanies the pupils in their lively daily song periods.

While at Stewart, he received a service pin for work with the Junior Red Cross which he has organized again at Harrop. Junior Red Cross work isn't new to this school which proudly displays certificates and badges awarded in earlier years but it had been dropped for the past two. All the children have joined the Junior Red Cross and elected John Laidlaw for their first president. Other officers are Bertie Fitchett as secretary, Judy Anderson as treasurer, Darlene Ward convener of health committee, Lynn McNown of library committee and Clara Stevens and Thorald Fransen of service committee.

The school this year has 32 pupils, with 12 in Grade 1, the largest beginner class for many years. Grades 2, 3 and 4 have 8, 7 and 5 pupils respectively. There are 16 boys and 16 girls and no two have the same name, which Mr. Mamchur considers very remarkable.

The afternoon's meeting was further enlivened by a baby clinic conducted by Public Health Nurse Miss Iris Williscroft. Several babies and toddlers received inoculations.

Sirdar Notes

SIRDAR—Mr. and Mrs. A. G. Garner who have been visiting Mr. and Mrs. W. Eliuk for a few days, have returned to their home at Procter. Mr. Garner is a well known painter and painted some scenes of Sirdar and also did a little hunting.

Frank Bryant has left for Vancouver to meet his sister Mrs. C. Benfield whom he has not seen for 36 years. She will arrive from Australia with her daughter, en route to England where they will visit other members of the family.

Mrs. H. Haymes of San Francisco is staying with her parents Mr. and Mrs. R. Heap for their golden wedding anniversary.

Stanley Hiese of Mission City visited Mr. and Mrs. Charles Black.

South Slocan

SOUTH SLOCAN — Mr. and Mrs. Sam Isberg of Cloverdale, who were visiting Mrs. Isberg's brother in Swift Current, are guests for a few days of Mr. and Mrs. E. H. Greavson.

Fall flowers, fruits and vegetables decorated St. Matthews Church for the annual harvest festival. Mrs. C. Murray of the Naomi Club was in charge of decorations. The fruit and vegetables will be taken to the Men's Hostel and Kootenay Lake Hospital in Nelson.

Mrs. K. G. Mulloy and baby Wendy of Vancouver are the guests of Mr. and Mrs. R. J. Mulloy for a few weeks. They came from Vancouver by plane.

Kaslo Girl to Be Married at Coast

KASLO — A group of friends gathered at the home of Mrs. J. W. Hand when Miss Arlene McKilligan, bride-elect, was the guest of honor at a miscellaneous shower. Miss McKilligan was seated in a specially decorated chair, with peach and white streamers extended from a silver bell. Lovely corsages were presented to the bride-elect and to her mother, Mrs. M. W. McKilligan, by Miss Joan Lowndes.

Three contests were played, first prize in a "memory" contest going to Mrs. Berle Kazun and the consolation prize to Mrs. G. M. Lanterman. In a "spice smelling," contest, Mrs. McKilligan captured first prize and Mrs. B. Tate the consolation. Miss Lynne Smith won first prize in "name the tree" contest and Mrs. McKilligan was awarded the consolation prize. Many useful and beautiful gifts were presented to the guest of honor in a decorated basket, by Miss Roberta Gilker, Miss Joan Lowndes and Mrs. F. D. Wood. The bride's mother, Mrs. McKilligan assisted in unwrapping the gifts and passing them to the guests.

The party was sponsored by the local B.C. Telephone Company staff of which Miss McKilligan was a member. Miss McKilligan left for Vancouver, accompanied by her parents. Her wedding to a former Kaslo man, Frank J. Carney, will take place in the Holy Trinity Cathedral in New Westminster Saturday. They plan to take up residence in Burnaby where Mr. Carney is employed.

New Denver

Mr. and Mrs. J. A. Greer returned after three weeks' holiday visiting their son-in-law and daughter, Mr. and Mrs. Earl W. Bingham, in New Westminster, and son and daughter-in-law, Mr. and Mrs. Fred A. Greer, in Vancouver.

Mrs. Bessie Irwine, who was on the nursing staff of the Slocan Community Hospital, left by bus for Edmonton.

Lister Notes

LISTER—Irwin Hobden of Penticton visited his home here for a few days.

Gary Lanoville, after a month's leave with his parents, has left for Gimli, Manitoba.

Granton Sherik is home after being in Creston hospital for a month.

New Denver Club Marks Hallowe'en

NEW DENVER — The Harmony Club's Hallowe'en party in Knox Presbyterian Church basement here was enjoyed by young and old.

The room was recorated with balloons and Hallowe'en cut-outs. Games, square dancing and ducking for apples were on the program.

10 Tables In Play At Whist Drive

NATAL — The members of the Mount Carmel Society of Natal held a successful women's whist-drive in the St. Michael's Hall at Natal with ten tables being occupied. The winners were, first, Mrs. Gwen Myles, Natal; second, Mrs. B. Gaskell, Michel, third, Mrs J. Jenkins of Natal.

Bride Showered

NATAL — A miscellaneous shower was held in the IOOF Hall at Natal recently in honor of Mrs. John Porco (nee Ellen Whiting). The evening's entertainment consisted of games of bingo and whist.

The guest of honor was the recipient of many beautiful gifts.

Mrs. Porco is now residing at Calgary.

Whist Drive Held

NATAL — The WA to the St Paul's Anglican Church held a ladies' whist drive in St. Paul's Church hall at Michel with eight tables occupied. The winners included Mrs. George Mannion, Michel, first; Mrs. Don Filly, Sparwood, second. The consolation prize went to Mrs. Joe Balko of Natal.

Michel Hospital Fashion Show is Great Success

NATAL — The third annual fashion show sponsored by the *Ladies Auxiliary to the Michel* Hospital held in the St. Michael's hall at Natal proved a huge success.

In charge of the fashion show were Mrs. J. E. Mitchell and Mrs. Bea Mogielka. Assisting the models were Mrs. R. Glasgow of Sparwood and Mrs. Ken Stewart of Fernie with Mrs. Stan Grocutt as pianist. Miss Gillard of Fernie acted as commentator.

Junior models included Kathy Kaufman, Steve Romano, Cheryl Tabor, Ila Borzato, Trudy Zanico, Pam Cheston, Dina Henderson. Teen age models included Brenda English, Kathy Howe, Evelyn Letasy, Bertha Lalonde. Senior models included Miss Wilma Taylor, Mrs. George Sofko, Mrs. P. Kusnir, Mrs. N. Graham, Mrs. S. Stephenson, Mrs. D. Sears, Mrs. J. Gaskell, Mrs. I. Dufour, Mrs. E. Bakken and Mrs. H. Holub.

Hostess for the afternoon tea was Mrs. R. Carusco with serviteurs being Mrs. B. Lyne, Mrs. C. Haigh and Miss Margaret Grocutt. Kitchen convener was Mrs. Nancy Gaskell assisted by Mrs. T. Wright, Mrs. T. Findley, Mrs. R. Hughes, Mrs. L. Tustian, Mrs. S. English, Mrs. W. Winstanley, Mrs. N. Tabor and Mrs. N. Mihalynuk.

The rummage table was looked after by Mrs. A. Podrasky and Mrs. John Halko. In charge of the home cooking were Mrs. D. Theslie and Mrs. R. Marsh. In charge of the tea tickets at the door and the contest were Mrs. B. M. Davey and Mrs. L. W. Lowe. The winner of the teddy bear which was donated by Mrs. Jean Mitchell of Michel, was won by Mrs. L. Tustian of Michel.

In the evening a mixed whist-drive was held with eighteen tables being occupied. In charge of the whist-drive were Frank McVeigh, J. K. Mitchell, Tom Findley, John Raymond. The following winners were announced: women's first, Mrs. A. Dicken, Fernie; second, Mrs. W. Beard, Michel; third, Mrs. C. Matson, Natal. Men's first, Norman Hughes, Michel; second, Ed Bakken, Sparwood; third, Mrs. Jean Mitchell (playing as a man), Michel.

New Denver WI Makes Donations

NEW DENVER — Donations were voted by the New Denver Women's Institute at its monthly meeting in Legion hall. Members voted $10 to the New Denver Volunteer Fire Brigade and $10 to the Slocan Comunity Hospital Ladies' Auxiliary buying committee to purchase something for the hospital.

Miss M. H. Butlin informed members that $49.50 had been collected on the tag day for the Canadian National Institute for the Blind.

A wreath will be bought for the Remembrance Day service here.

Mrs. A. E. Thomas gave a report on the bursary fund meeting.

Cards were played, Mrs. John Bowron and Mrs. Harry Yolland winning first prizes, and Mrs. R. M. Ross and Mrs. H. T. Butler, consolation prizes.

Duchess of Windsor Arrives New York

NEW YORK (AP) — The Duchess of Windsor arrive dfrom Europe Tuesday on the liner United States and declined comment on either England's current royal romance or her own rift with author Cleveland Amory over the writing of her autobiography.

The Duchess plans to remain three weeks, during which time she will confer with her publisher. The Duke was not with her. He remained at their home near Paris.

False Teeth Often Have a Certain Odor!
Soak your plates in Polident daily to avoid "Denture Breath"

Polident is the specially designed cleanser that keeps false teeth—and breath—clean and fresh always. Follow these simple rules.

1. Never use a brush on them! Your dental plates are much softer than natural teeth. Brushing wears down fitting ridges so they get loose.
2. Never use soap or toothpaste! They can leave film which collects bacteria and food particles, a major cause of offensive "Denture Breath."
3. Use a soaking-type cleanser made for false teeth only . . . Polident! Polident is the denture cleanser recommended by more dentists than any other. No brushing, no handling of soapy plates that can slip and break. Polident gets where a brush can't reach. Best of all, Polident always leaves false teeth odor free. Get the world's largest selling denture cleanser, Polident, at your drug counter.

SPORTS

Around the KOOTENAY in Sport

By BRUCE McLEAN

You could have heard a pin drop in the Maple Leaf dressing room last night as the players filed into the room singly or in groups of two or three.

With expressions of intense pre-occupation they prepared themselves for the evening's practice.

Occasional attempts at conversation or a joke were made but always the others were silently concentrating on a loose skate or shoulder pad or were repeatedly sighting down a hockey stick that was as straight as wood can be.

Sporadically and still silent they stomped up the stairs to the rink. The clowning and jostling usually seen during warm-ups to practices was neither seen nor heard.

And then Charlie Rayner appeared on the ice, circled the rink alone for a few minutes and then blew his whistle.

This was it!

The entire class had flunked an exam the night before. The result marked on each exam paper was the same, 10-1.

Tutor Rayner knew why they had flunked and the blast of his whistle signalled the players that he was going to tell them why.

The players skated reluctantly to the lecture corner of the rink forming a semi-circle and Rayner skated in front of them staring silently at the ice. Then he began.

He threatened, he criticized, he scorned, and he demonstrated. Players adjusted loose skates and shoulder pads again or peered down die-straight hockey sticks. Others looked at the ceiling, but not one of them missed a word.

The words "ten-to-one" were heard frequently.

Then Charlie raised his voice saying "Alright now, let's go!" And the practice began with the players showing much more zest than they had five minutes earlier.

Such are the vicissitudes of hockey.

With the completion of the $275,000 Cominco Gymnasium, opened several days ago, the Trail Memorial Centre reached grand and all-inclusive proportions. The Cominco Arena, initial structure of the project, was built by Cominco at a cost of $500,000 and given to the city of Trail in 1949. Since then an eight-sheet curling rink and a children's skating rink have been constructed with funds raised by public subscription.

The new gymnasium can accommodate 900 spectators. A steel truss roof, similar in principle to that of the hockey arena, allows an unobstructed view from every seat. Ample lighting is supplied by 32 750-watt lamps.

The hard maple gym floor measuring 132 feet by 59 feet is cushioned on a layer of cork two inches thick. It is marked out for basketball and several badminton or volleyball courts. Floor insets also provide for high bar, rings, springboards and vaulting horses.

In addition to the main gymnasium there is a smaller one with facilities for boxing, wrestling and barbell work and separate dressing rooms and showers. Space is also provided for squash and handball courts. And there is a steam room for those wrestling in vain to subdue the bathroom weighing scales.

In close co-operation with the Trail Athletic Association and the YMCA, the Parks Board is arranging a tightly scheduled program for the gymnasium. Competitive sports will include basketball, volley ball, badminton, boxing nad wrestling. There will be gym classes for all ages, barbell session, and play periods for the tiny tots. Folk and square groups and teen age sock dances will also be allowed use of the new gym.

The Parks Board also hopes to accommodate concerts, recitals and other cultural activities as well as conventions and political rallies of all kinds.

With an eye to the future, Cominco has enclosed the area between the hockey arena and the new gymnasium. This space will allow the Trail District Recreational Projects Society to complete its Memorial Centre program with a public library and lounge.

EXTRA TICKETS

LONDON (CP) — Someone hit the jackpot in buying a subway ticket from an automatic vending machine. Tickets and coins showered across the booking hall.

PUTTING ALL of his heft into the effort is Paul Anderson, 22-year-old student from Toccoa, Ga., who competed in 27-nation weight-lifting championships in Munich. Anderson holds the world's weight-lifting title, but the team championships were won by Russia. Anderson lifted a fabulous 1130 pounds to better by 66 pounds the official record held by another American, Norbert Schemansky.—Central Press Canadian.

Flyers in Leaf Sights Tonight In Bid to Square 10-1 Humbling

Goaded by a burning urge to atone for their 10-1 defeat taken in Kimberley Monday night, the Nelson Maple Leafs will be out for a decisive victory tonight when they host the Spokane Flyers.

The Flyers, who have been downed twice this season by the Maple Leafs, will be strengthened defensively by Jack Lancien, who received his re-instatement to amateur status Monday.

The traditional WIHL formula, win at home and lose away, is taking effect already this season. The Maple Leafs are the only team to win a game on foreign ice so far. The Leafs defeated the Flyers 7-3 in Spokane last Saturday.

White Sox Get Long-Ball Hitter Doby in Trade

CHICAGO (AP) — Chicago White Sox' 18-year search for a reliable clean-up hitter apparently ended Tuesday when they obtained slugging Larry Doby from the Cleveland Indians.

In their biggest deal since the departure of trade master Frank Lane to St. Louis Cardinals several weeks ago, the Sox gave the Indians shortstop Chico Carrasquel and outfielder Jim Busby. It was a straight player transaction.

The Sox, who have finished third in the American League race the last three years, long have had a weakness in the No. 4 spot in the batting order. They haven't had a consistent long-ball hitter since Zeke Bonura drove 440 runs across home plate for them from 1934 to 1937.

Doby, the first Negro player in the American League, potentially fills the bill. The 30-year-old veteran of eight full seasons with the Tribe has a major league lifetime batting mark of .286 and a slugging average of .502.

He has blasted 202 homers and driven in 731 runs. Last season, despite a wrist ailment, he hit .291 in 131 games. His RBI total was 75.

OSHL Hockey Results

Kamloops 6, Kelowna 4

SUMMARY

First period: 1. Kelowna, Jones (Pyett, Durban) 10:32; 2. Kamloops, Milliard, 16:32.

Penalties: Asleson, (2); Pyett, Milliard, Conway (misc.), Kirk.

HAWKS BLANK BRUINS 2-0

ST. LOUIS (CP) — Goalie Al Rollins registered his first shutout of the National Hockey League season Tuesday night as Chicago Black Hawks blanked Boston 2-0 to move into a three-way tie for second place with the Bruins and New York Rangers.

In one of four Chicago home games shifted to St. Louis by agreement, 5668 fans saw the Hawks handle the Boston attack with ease.

After a scoreless first period, rookie Hank Ciesla, up from St. Catharines TeePees of the Ontario Hockey Association Junior A group, fired the first goal midway through the second frame. Veteran Johnny Wilson added the insurance marker late in the final session.

Rollins, who didn't get a shutout all last season, handled 33 drives to 30 for Terry Sawchuk in the Boston nets.

SUMMARY

First period: No scoring. Penalties: Panagabko 12:20, Fogolin 17:08.

Second period: 1. Chicago, Ciesla (Lalonde, Woit) 9:28. Penalties: Boivin, Mortson (minor and major) and Bonin (major), Woit.

Third period: 2. Chicago, Wilson (Stanley) 16:47. Penalty: Leswick.

Stops:

Sawchuk	11	9	10—30
Rollins	8	14	11—33

Fights

By The Associated Press

New York—Ludwig Lightburn, 138¾, British Honduras, outpointed Hocine Khalfi, 136½, Algeria, 10.

New Orleans—Charley Joseph, 159½, New Orleans, stopped Sammy Walker, 154, Holyoke, Mass. 8.

That Explains It

Returning dejectedly from a 10-1 trouncing in Kimberley, the down-trodden Maple Leafs were frequently beset by disparaging wisecracks. Many of the jibes were accepted in silence, but the goal-tender turned one aside as deftly as he does a puck.

As the team crossed Kootenay Lake a ferry crewman asked Vincent Fink, team executive member, what had happened to his hockey team. Before Mr. Fink could reply, Gus quipped, "Aw, they wouldn't give us the puck to play with."

Carpenter Leads WIFU Scoring With 85 Points

WINNIPEG (CP) — Ken Carpenter, bruising Saskatchewan Roughrider halfback, maintained his lead in the individual scoring race in the Western Interprovincial Football Union and also created a touchdown scoring record for one season.

The former Cleveland Browns star boosted his scoring total to 85 points by scoring two touchdowns last weekend against British Columbia Lions. His 17 touchdowns betters by one the previous record of 16 set by halfback Tom Casey of Winnipeg Blue Bombers in 1952.

Statistics compiled by The Canadian Press for games up to and including Oct. 24 show Carpenter has an eight-point bulge over runner-up Buddy Leake, Bomber quarterback. Leake's total comes from five touchdowns, 26 converts, seven field goals and five singles.

Place-kicking tackle Bob Dean of the league-winning Edmonton Eskimos closed ground on the two leaders, pulling within three points of Leake. Dean has 30 converts, 14 field goals—both tops in the league—and two singles for his 74-point total.

Joe Aguirre of Riders, 1950 and 1954 scoring champion, held fourth spot with 67 points.

Only changes in the standings were the advance of Calgary's Tom Miner from eighth to seventh place and the appearance in the top 10 leaders of Winnipeg halfback Gerry James, now tied at 10th with teammate Leo Lewis.

Robinson-Olson Bout Postponed

CHICAGO (AP) — An ankle injury to challenger Sugar Ray Robinson has postponed his title bout with champion Bobo Olson from Nov. 4 until Dec. 9, the International Boxing Club announced Tuesday.

The 15-round middleweight title match at the Chicago Stadium will be televised Dec. 9 as it was to be on Nov. 4, also a Friday.

The postponement was announced by Truman Gibson, secretary of the IBC.

Gibson said Robinson suffered the ankle injury Sunday and when it swelled subsequently, it was decided to postpone the match.

Brown Succeeds Branch Rickey As Pirates' General Manager

PITTSBURGH (AP) — Handsome Joe L. Brown, son of famed movie comedian Joe E. Brown, became general manager of the pennant-hungry Pittsburgh Pirates Tuesday with a promise to get the team "back in the race and into the world series."

"The job, of course, is a great challenge to me, but I think it is a challenge that can be met," said the 37-year-old successor to Branch Rickey Sr. Brown's contract for one year at an undisclosed salary makes him one of the youngest top executives in the major leagues.

Rickey, who will remain in an advisory capacity, will serve as board chairman. His son, Branch Jr., also retains his post of vice-president in charge of minor league clubs.

Brown, a protege of Rickey since he was 16, said his first big job will be to name a new field manager to succeed Fred Haney who was let out the day before the 1955 season ended.

Haney Tuesday signed as a coach with Milwaukee Braves for one year.

ON ROAD BACK

Brown said he is inheriting a fine organization—"one that has passed the corner" on the road back from the National League cellar. The Pirates finished last last year but were playing good ball with some steadily improving youngsters at the end of the season.

MAUREEN WINS $95,000 IN DAMAGE SUIT

SAN DIEGO, Calif. (AP)—The leg injury which Maureen Connolly Brinker said ended her tennis career brought her $95,000 in a damage suit jury verdict Tuesday.

Mrs. Brinker, 21, who as the teen-age "Little Mo" Connolly won most of the world's important women's championships, had asked for $265,000.

She charged in the suit that her amateur career was wrecked and her hopes for professional profits blasted when she was brushed from her horse by a concrete truck July 20, 1954.

J. S. Dempsey Dies

TORONTO (CP) — James S. Dempsey, 68, expelled from the Progressive Conservative party during the Ontario election campaign earlier this year, died Monday night of a heart attack. He ran in his home riding as an independent Progressive Conservative and won re-election.

BARBARA TO WED

HAMBURG, Germany (Reuters) — German tennis star Gottfried von Cramm, 46, and 42-year-old heiress Barbara Hutton will marry in Paris shortly, a source in von Cramm's export-import firm said here Monday. The source said the marriage would take place in a registry office in not less than two weeks. Miss Hutton has been married five times previously, von Cramm once.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR THURSDAY, OCT. 27, 1955

MARCH 21 to APRIL 20 (Aries) —Several planets, well aspected now, augur for a beneficial and productive day if activities and tasks are managed smartly, intelligently and quietly. Plan for future advancement.

APRIL 21 to MAY 20 (Taurus) —Friendly help from many quarters this stimulating day. Personal affairs, heart interests, home and family matters honored. Look forward; heed good advice.

MAY 21 to JUNE 21 (Gemini)— Not a wholly stimulating period for mental tasks, study and research, but it is a promising period for YOUR work and activities. Calmness, patience and good humor are essential.

JUNE 22 to JULY 23 (Cancer)— Strong influences from your Moon, Venus and Saturn are very encouraging for artistic and home interests, handling foods, farm supplies, mechanical and industrial trades.

JULY 24 to AUGUST 22 (Leo) —You can make headway now in your special occupation and in matters allied to it. Labor, trades, activities requiring high skill, electronics, aeronautics, mechanical activities generally advance.

AUGUST 23 to SEPTEMBER 23 (Virgo)—Personal matters, trades, industry, most branches of government, state and federal, military affairs under benefic aspects. Do not worry; keep going ahead.

SEPTEMBER 24 to OCTOBER 23 (Libra)—You may find studying, writing and other mental work not as easy as on some days, but sound, practical and useful activities are supported. You can gain; advance in YOUR interests now.

OCTOBER 24 to NOVEMBER 22 (Scorpio)—Don't permit contention to interfere with your ambition and achievement. This is a period for greater doing, getting ahead in work, conferences, planning, management. Don't overdo, however.

NOVEMBER 23 to DECEMBER 22 (Sagittarius) — Money matters may seem a little more difficult and results slow in coming, but keep on working for high goals and don't permit obstacles to defeat good aims. A good day on the whole.

DECEMBER 23 to JANUARY 21 (Capricorn) — Your Saturn and other planets, in auspicious positions now, should prove stimulating. Turn your very best effort to whatever your demands, duties. Don't be timid; graciously go forward to attain.

JANUARY 22 to FEBRUARY 20 (Aquarius) — Be brief in statements but not rudely so. It is important now to cut needless red tape and get down to essentials quickly—but not nervously. System, consistency and affability are needed.

FEBRUARY 21 to MARCH 20 (Pisces) — Don't strive after the unreasonable now, but do put in your claim for work "well done".

YOU BORN TODAY attract opportunity and friends. Be sure you do not send either or both away by being too forceful in expressing opinions or a too-knowing attitude. Scorpio natives are among the brightest and most capable folks, but often show superior attributes in an unattractive way. Be humble, as the truly great usually are, and never let flattery or smooth-talking individuals sway your good judgment. You can achieve distinction and monetary gain in whatever field you labor as long as you permit your finer traits to rule. Birthdate: Theodore Roosevelt, 26th U.S. President.

Copywrite, 1955, King Features.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Proposes Paper Industry for Alaska Company

CUMBERLAND, Md. (AP) — Senator J. Glenn Beall (Rep. Md.) said in an interview he will ask interior secretary Douglass McKay about the possibility of developing an American newsprint industry in Alaska.

Beall made the statement on the heels of a nannouncement of a price increase of $5 per ton in newsprint by the Abitibi Power and Paper Company of Toronto, effective Nov. 1. Last week the St. Lawrence Corporation announced a similar increase.

Beall said he would ask McKay what tracts of land are available for production of pulpwood in Alaska and would seek the secretary's views on the idea of newsprint production in Alaska.

"There are thousands of acres of timber in Alaska that I feel certain are satisfactory for pulpwood production."

Calgary Livestock

CALGARY (CP) — Trade was active on heavy offerings on the livestock market Tuesday. Offerings, including 2400 cattle and 200 calves up to 11 a.m., were mostly medium quality grass cattle and a few good butcher steers and heifers. Choice steers were scarce; good butcher steers steady, heifers generally steady; cows steady; good butcher steers 18-19; medium 16-17.50; common 10-15.50; good heifers 16 to 17.50, medium 13.50 to 15.50; common 11-13; good cows 10-15.50, odd heifer cows up to 12; medium 8.75-9.50, common 7.75-8.25; canners and cutters 5-7.

Good stocker and feeder steers generally steady; good stock steer calves steady to 50 cents higher. Good feeder steers 16-17, good stock steers 15.50-16.50, common to medium 13-15; good stock steer calves 16-17.50.

Veal and butcherweight calves up 75 cents; good and choice veal 16.50-18; common to medium 13-16; good butcherweight calves 14.50 16. Hogs steady Monday, 20.85 A grade; sows 10.50 to 11.50 liveweight. Good lambs gained 25 cents, 15-16.25.

Winnipeg Grain

WINNIPEG (CP) — Cash grain prices: Oats, No. 1 feed, 71¼; barley, No. 1 feed 1.03¾.

Bowater Indicates Newsprint Hike

NEW YORK (CP) — Sir Eric Bowater, president and chairman of Bowater Paper Corp., Ltd., of London, has indicated his company will raise its newsprint prices for North American customers shortly because of mountaing production costs.

In an interview published by the New York Herald Tribune, Sir Eric said, however, that the amount and timing of the price increase has not yet been determined.

The head of one of the world's largest newsprint production concerns, Sir Eric also announced that "some newsprint price rise in the United Kingdom is inevitable before the end of the year."

4 BOYS HELD

VANCOUVER (CP)—Four teenaged boys were captured by police Tuesday after they abandoned a stolen car here following a police chase.

Const. Murray Jackson, driver of a one-man patrol car, captured three of the boys in a foot chase after they left the stolen vehicle. Other officers called to the scene picked up the fourth suspect.

Venezuela in 1954 produced 31,000 tons of rice, virtually meeting domestic demand.

Chalk River Reactor Said World's Best

SASKATOON (CP) — The NRX reactor at Chalk River, Ont., is the best in existence today for nuclear research or testing of atomic power, said J. L. Gray, vice-president of Atomic Energy of Canada Limited.

Mr. Gray, a graduate of the University of Saskatchewan and a former member of the faculty, told the Saskatoon branch of the Society of Professional Engineers that it is a source of pride to Canadians who developed the reactor that India chose this type to others it could have had from the United States. India will get the Canadian-type reactor through the Colombo plan.

Mr. Gray expressed faith in the safety features of the Canadian reactor. As an experiment, scientists tried to blow it up and failed, he said. There could be a chemical explosion with the reactor at Chalk River but not an explosion, he said.

Pearson Lands In Calcutta

CALCUTTA (Reuters) — L. B. Pearson, Canadian Minister for External Affairs, arrived by air from Singapore on a 10-day visit to India.

Pearson flew here in a British Overseas Airways plane. His own aircraft, an RCAF North Star, developed engine trouble and is held up in Kuala Lumpur, Malaya, for repairs.

Pearson, who is returning home from the Colombo Plan conference in Singapore and talks with Kremlin leaders in Moscow, will also meet the premiers of India, Pakistan and Egypt.

A week from today he will formally open the "Canada Dam" at Messenjore, about 160 miles from here. The dam was named in appreciation of the contribution made by Canada toward the West Bengal reservoir project.

Market Trends

NEW YORK (AP) — A moderate decline Tuesday snapped the stock market's string of seven straight daily advances.

Canadian stocks were higher. McIntyre, Hiram Walker and Distillers Seagram each advanced ¼ and Dome Mines gained ⅛. Alone on the downside was International Nickel, off one point.

TORONTO (CP) — Industrial stocks attempted a sally into higher territory on the Toronto exchange Tuesday but found the going difficult and closed thoroughly mixed. Other groups followed a similar pattern, although the base metals recorded a half-point index gain on the strength of some fractional advances among seniors.

Best industrial demand was for utilities, financial institutions and liquors. Top individual advance was by Niagara Wire Weaving, $3 to 46 on a 25-share block.

MONTREAL (CP) — A narrowly-mixed trend prevailed at the close of a fairly active session on the stock market Tuesday.

Bank issues leaped ahead with advances ranging to three points Two leading Canadian banks announced increased dividend payments. Utilities gained narrow ground while beverages showed silghtly higher tendencies. Senior oils and base metals were mixed within a limited scope.

LONDON (Reuters) — Although Wednesday's autumn budget was a dominating influence in the London stock market, sentiment was helped Tuesday by Wall Street advances and the appearance of some favorable company statements.

Among engineerings, good gains were recorded in Babcock and Wilcox and Tube Investments.

In newsprints, Bowaters reacted on profit-taking following on last Monday's sharp rise.

NOW AMBASSADOR — James B. Conant, former U. S. High Commissioner, has been confirmed by the Senate as Ambassador to new sovereign Republic of West Germany.

The Highways

Trans-Canada — Agassiz-Rosedale ferry subject to following restrictions, trucks limited to five tons gross weight, ferry will not operate between 5 p.m. and 6 a.m., due to extreme high water. Revelstoke West rough in sections owing to heavy rain, open at Three Valley every even hour, ferry in operation during closure hours. Big Bend fair to good, 10,000 pound gross load limit, three to four inches of snow, plowing, carry chains. Canadian highway Parksville-Alberni slide at Cameron Lake, open for one-way traffic.

Cariboo— Good to McAllister, fair northerly. Hart good to fair, rough Mile 110 to Mile 125, some slippery sections due to overnight snowfall, one inch wet snow Dawson Creek area.

Lytton-Lillooet—closed by rock slide Mile 30, expect to reopen soon.

All other B. C. roads generally unchanged.

NEW DELHI (CP)—The government of India proposes to institute 30 national research fellowships of post-doctoral standard, with a view to encouraging steady development of research in science and technology in the universities and other institutions.

RAIN HALTS APPLE PICKING; 80 P.C. UNDER COVER

KELOWNA (CP) — Apple picking in the central Okanagan was again brought to a halt Tuesday by heavy rain.

Packinghouse managers estimated that about 80 per cent of the crop in the Kelowna district is under cover. Harvesting of Delicious, Jonathans, and Winesaps is now under way.

No damage was reported to apples when the temperature slipped to a low of 24 above during the weekend but growers are anxious to get the balance of the crop in within the next week to avoid heavy frost.

SUMMERLAND STUDIED FOR BOOSTER STATION

PENTICTON, B.C. (CP) — O. L. Jones, MP for Okanagan-Boundary, said Monday Summerland was one of about 20 sites being considered for CBC booster stations.

Summerland is about 12 miles north of here.

Mr. Jones made the announcement at a luncheon given for CCF leader M. J. Coldwell, currently on a speaking tour of B.C.

Russia Offers A-Power Plant To Indonesia

SINGAPORE (Reuters) — Russia has offered to set up an atomic power plant in Indonesia by April 1 next year, the Ceylonese commissioner for Singapore and Indonesia, M. P. Saravanamuttu, said Tuesday.

Saravanamuttu was speaking at a press conference given by Prime Minister Sir John Kotelwala of Ceylon on his arrival here. He said the atomic power plant would produce 2500 kilowatts of electricity.

Kotelawala, who is on his way to pay a state visit to Australia and New Zealand, stopped to spend the night here with Singapore's governor, Sir Robert Black.

DEATHS

By The Canadian Press

Vancouver — Dr. Donald E. H. Cleveland, 65, promnient Vancouver skin specialist.

Calgary — Dr. Harry Gostick Taylor, 79, a member of the committee which inaugurated the first medical association in Alberta.

Toronto — James S. Dempsey, 68, who was expelled from the Progressive Conservative party during the Ontario election campaign earlier this year.
