NELSON, B. C., CANADA—FRIDAY MORNING, SEPTEMBER 14, 1956 — Not More Than 6c Daily, 10c Saturday — No. 122

WEATHER FORECAST

Kootenay: Sunny, winds light. Low-high at Cranbrook and Crescent Valley 40 and 75.

Today's Exhibition Program

Here is today's program in the West Kootenay Agricultural and Industrial Exhibition:

10:00 a.m.—Opening of the gates.
2:00 p.m.—Floor show.
7:30 p.m.—Floor show.
10:30 p.m.—Draw for prizes.

All children free admission from 1:30 p.m. to 5:00 p.m.

2000 at Opening Of Exhibition

Before a crowd of approximately 2000 spectators, Mayor Joseph Kary officially opened the eighth annual West Kootenay Exhibition in the Civic Arena Thursday night.

"The value of the Exhibition cannot ever be assessed in figures," Mayor Kary said. "We realize that its very existence is an inspiration and a satisfaction to all of us. The value of the Exhibition in every department, is much greater than the few dollars that they may win in prizes. This merely contributes in a small way to some extent of their particular undertaking or hobby. The real value lies in the fact that it is an opportunity to exhibit and to let others see what one is capable of and to see what others are doing and make genuine comparisons.

"It is a well known fact that unless opportunities of this nature are provided, one's enthusiasm will lag and it will gradually diminish through the lack of common interests. We are all human and if we have done something which we feel merits praise or comparison with the work of others, we must have the opportunity to make that comparison and measure ourselves against our fellow men and women in order to test the value of our own work. And it is in this way, that the Exhibition provides an outlet; and opportunity, a means of encouragement to continue and to improve so that perhaps we will achieve greater success in whatever venture we may have undertaken."

FAST FLOOR SHOW

Then the floor show started Flap-Jack and Flip, two clowning trambolinists, threw each other in, over and under a spring canvas and threw eggs at the audience; chihuahuas and terriers piggy-backed, climbed ladders, and stood on two paws. The master of ceremonies cracked jokes and sang, accompanied by a versatile four-piece combo from Trail; and the Shepard Brothers, bell ringers, who have picked up the art from the "older generation," enthused the on-lookers and granted an encore by tunefully ringing Swiss Bells.

Winners of the nightly prizes were Rose Dahlstein, Mrs. A. V. Rowley and E. Boyes, all of Nelson.

The homegrown Exhibition gave the crowds that filed through the gates their annual eyeful of what people are making and doing in West Kootenay.

Quality outshone quantity in the multitude of competitive exhibits. Strong district support was particularly evident.

Colorful merchants' display booths, banking aisles in the curling rink, drew constant streams of visitors.

Outside on the recreation grounds, parents treated their youngsters to plane whirls and rides on the ferris wheel, merry-go-round, and adults tried their luck at games operated by the Hockey Booster Club.

SHOW SKI HILL

The up-and-coming Silver King Ski Club took prominence among organizations sponsoring booths in the commercial section. In the afternoon, Mrs. Robert Emory and Mrs. Fred Whiteley explained to interested onlookers features of the club's scale model of the proposed ski hill and tow, and distributed literature on the club's plans. At another booth, the club showed ski films and slides.

The Consolidated Mining and Smelting Company, which has presented outstanding displays at past Exhibitions, depicts progress from 1906 to 1956 by intriguing models, the whole encircled by an operating electric train.

The Senior and Junior Chambers of Commerce, the postal department, the Canadian National Institute for the Blind, the schools and the Nelson Film Council—all these and others—have put up attractive, eye-catching displays. There were some absentees among organizations, however, including the Chamber of Mines of Eastern B.C.

Animals, favorites at any fair, were present in the unusual form of a pair of nutria, fur-bearers from South America which are being bred locally.

The eight-months-old youngsters, with coats resembling those of beavers, munched carrots while their exhibitors warned the people against poking fingers through the wire netting of the pen.

Councillors were among enthusiastic Exhibition-goers. Mayor Joseph Kary, who represents his firm at its booth, forsook his culinary capers of pancake cooking to write out free tickets on a contest. His was one of the few free ticket or give-away attractions.

Ald. George Eckmier, who makes gardening his leading hobby, wandered among floral exhibits at the Western portion of the arena. The alderman's flowers were among the spectacular array of blossoms on exhibit. Vegetables, a goodly number of which were entered by growers in district communities, added to the splash of color.

As usual, the crowds lingered longest over the great variety Civic hall—over the baking, the canning, the needlework, the hobby collections.

The men (and women) paused to admire Louis Hanic, Sr.'s, beautiful inlaid women's writing table, made during winter months from an original design in the style of Sheraton. Mr. Hanic used reclaimed wood from old furniture. Even the handles came from an old oak chest of drawers. He finished the table by French polishing, a declining skill in which he has volunteered to instruct a class, free of charge.

A big blue ribbon signifying a first place award hung from the table, and from Danny McKay's driftwood table with inset plant holder, alongside.

Hobby collections included a handsome collection of polished stones entered by lapidary Dr. J. V. Goresky of Castlegar, V. C. Owen's picture composed of postage stamps; Wayne Cameron's assortment of medals, to mention a few.

The Goreskys made prize-winning a family affair. Mrs. Goresky carried off prizes in a number of sections, and Eileen Goresky captured prizes in the intermediate section.

DISTRICT STRONG

Out-of-towners were noticeably to the fore in the needlework and other handiwork departments. Entrants such as Mrs. H. Carlson, president of the Kaslo and District Women's Institute; Mrs. A. Swalski of Riondel, Mrs. M. Hillestad of Renata, Mrs. P. S. Popoff of Slocan Park, Mrs. Bill Arthur of Mirror Lake, Emma Elasoff of Salmo, and Mrs. J. S. Scott of Robson brought honors to their communities with their champion exhibits.

Many of the exhibitors showed versatility with their talents. Miss Lillian Hickey, for instance, coupled wins with her petit point with copperwork entries which recevied the judges' nods.

Junior competitors made a big showing. Youngsters who earned themselves the cash awards include Bob Ringrose, Bonnie MacDonald, Catherine Collinson and Karen Owens.

Quality of home baking and canning, according to one convener, was way up from last year. Bread entries far exceeded those in the 1955 Exhibtion.

ARCHBISHOP DIES

LONDON (AP) — Archbishop Edward Myers, 81, a close friend and associate of the late Bernard Cardinal Griffin, died at his home here Thursday. The cardinal died seven weeks ago. Archbishop Myers was coadjutor of Westminster and in line to administer the affairs of the Roman Catholic archdiocese after the death of the cardinal.

JET SERVICE

MOSCOW (Reuters) — Tickets were on sale Thursday for the first scheduled service by a Russian TU-104 jet passenger airliner, which will start thrice-weekly flights from Moscow to Irkutsk, Siberia, on Saturday. Tickets for the 2787 mile flight will cost 1078 rubles (about $260 at the official exchange rate).

SIX ASPHYXIATED

SEVILLA, Spain (AP) — Six men died of asphyxiation while trying to put out a grass fire a few miles northwest of here Thursday. They were overcome when a sudden shift in the wind rolled heavy smoke back to envelop them.

U.K. Gov't Backs New Suez Plan

Egypt Steps Up Military Plans

CAIRO, Egypt (Reuters) — Egypt told the United Nations Thursday that Britain and France must share the blame for any delay in Suez Canal traffic following the withdrawal of non-Egyptian pilots this weekend.

At the same time, Egyptian authorities announced stepped-up military preparations and tightened security at key centres.

President Nasser Thursday conferred with his political advisers on Egypt's reply to the Anglo-French-American plan for a canal users' asscoiation announced Wednesday by the British government.

The three-power scheme—under which the association would pilot ships through the canal, collect shipping tolls and pay compensation to Egypt — was branded "an act of provocation" by government information chief Abdel Kader Hatem.

"RISK OF CONFLICT"

NEW DELHI (Reuters) — Prime Minister Nehru Thursday warned Britain that her plan for a Suez canal users' association involves "grave risk of conflict" with Egypt and urged her to drop it.

In an address before the House of the People, Nehru called the plan "surprising," and added that the government of India "deeply regrets this development."

Says CBC Doesn't Hamper Private Broadcasters

MONTREAL (CP) — A McGill University professor said Thursday CBC broadcasting regulations do not in any way hamper the private broadcaster from "leading a full, rich commercial life."

"They're doing quite well, thank you," said Prof. F. R. Scott, spokesman before the Fowler royal commission on broadcasting on behalf of the Canadian Association of University Teachers.

400 TO MARCH IN BISHOP FUNERAL

TORONTO (CP) — Full military honors will be accorded today to the late Air Marshal William (Billy) Bishop, VC, one of the greatest airmen in the history of warfare.

More than 400 RCAF members will march in slow time and with muffled drums around the flag-draped gun carriage which will carry the Owen Sound, Ont., hero from Timothy Eaton Memorial Church—a United Church—to St. James cemetery for cremation.

The ashes will be returned to Owen Sound.

19 KILLED

ALGIERS (Reuters) — French troops have killed 19 Algerian insurgents in a battle in the rugged Aures mountains of eastern Algeria, according to reports reaching here Thursday. A French unit lost three men Wednesday when a group of 20 insurgents staged an ambush 20 miles east of Algiers.

Severely Burned

FORT ST. JOHN, B.C. (CP) — Howard Graham McCrae, 39, of Westlock, Alta. severely burned Tuesday when a naphta line exploded at a natural gas well here, is in fair condition in hospital.

McCrae, who works for a local public utility company was showered with liquids in an accident during a routine switchoff from one gas well to another. The well was owned by Pacific Petroleums.

RICE FROM RUSSIA

COLOMBO (AP) — Ceylon will import rice from the Soviet Union for the first time ever, to help bring the island country's reserve stocks up to standard, official sources said Thursday. The shipment of 12,000 tons, due before the end of next month, is a loan, which Ceylon will repay in December.

DEBT RISES

LONDON (Reuters) — Britain's debt to the European payments union, clearing house for European trade, rose by £3,001,428 to £116,108,571 as a result of last month's transactions, the treasury announced here Thursday. Britain's net deficit for the month totalled £16,319,286.

Says Bennett Knew of Corruption Charges

VANCOUVER (CP) — A former Social Credit official's claim that Premier Bennett was aware of corruption charges against one of his ministers long before they landed in the courts has injected new strife into the heated British Columbia election campaign.

The allegation was made by Ernest Allistone, former president of the Point Grey Social Credit constituency association, who is running as an Independent candidate in the same riding in the Sept 19 provincial election.

It touched off a wordy exchange between Mr. Allistone and Noel Murphy, president of the B C. Social Credit League, who denied the charge. In a rapid exchange Mr. Allistone termed Mr. Murphy "a stranger to the truth" and the Social Crediter questioned Mr. Allistone's "honesty and integrity". In a campaign address Tuesday night Mr. Allistone said that a Social Credit member whom he did not identify told a party conclave at South Shaughnessy in August, 1955, that Lands and Forests Minister R. E. Sommers was guilty of "corruption and dishonesty."

Mr. Murphy issued a statement Wednesday saying: "I flatly deny Mr. Allistone's allegations. There was never such a complaint brought before me by anyone."

MARGARET LIKELY TO COME FOR B. C. CENTENNIAL

OTTAWA (CP) — Princess Margaret's first official visit to Canada likely will be a trip to British Columbia but not a cross-country tour.

The 26-year-old sister of the Queen has been invited to participate in B.C.'s 1958 centennial and a highly-placed informant says she has indicated informally that she wants to come.

However, the trip is not yet official and no announcement may be made for some time. The princess now is preparing to tour East Africa starting Sept. 21.

EQUAL PAY ACT EFFECTIVE OCT. 1

OTTAWA (CP) — The Female Employees Equal Pay Act, passed at the last session of Parliament, will come into force Oct. 1, the labor department announced Thursday.

The legislation provides equal pay for women doing the same work as men in industry under federal jurisdiction. About 73,000 women workers, or about one-eighth the 600,000 women engaged in industry, will benefit from the act. It applies to those working in such interprovincial or international enterprises as railways, communications, airlines, radio and banks.

Women employed by the federal civil service — numbering about 60,000 — and female industrial workers in Ontario, Saskatchewan and British Columbia already have equal pay status.

Can't Draft Anti-Noise Bylaw

VANCOUVER (CP) — It is impossible to draft an anti-noise by-law that will bring an automatic conviction because there is no satisfactory basis for measuring noise, corporation counsel Russell Baker said Thursday. He was instructed to find ways to make a noise abatement by-law passed in 1938 more effective.

TO DISCUSS NOMINATION PLANS WITH PM

MOOSE JAW (CP) — W. Ross Thatcher, federal member of Parliament for Moose Jaw - Lake Centre who was elected as a CCF supporter, changed to an Independent and later crossed the floor to sit with the Liberals, says he will discuss with Prime Minister St. Laurent the constituency in which he will seek nomination in the next election.

B. B. Scott, president of the Assiniboia Liberal Association, has asked Mr. Thatcher to allow his name to be placed before the nominating convention in Bengough Oct. 4.

Mr. Thatcher, however, has placed himself in the hands of the Moose Jaw-Lake Centre Liberals should they nominate him for that riding to contest the coming general election expected next year. So far he has received no invitation from this group.

He said he will go to Ottawa to discuss his nomination with the prime minister and cabinet ministers.

Mr. Thatcher lived at Limerick in the Assiniboia riding before moving to Moose Jaw.

$100,000 DAMAGE SUIT LAUNCHED

EDMONTON (CP) — A $100,000 damage suit in behalf of a victim against his murderer's estate has been launched in the trial division of the Alberta Supreme Court.

The case arises out of the multiple murder - suicide last June at the farm home of John Clark, former member of the Alberta legislature. Clark shot seven persons and then committed suicide at Erskine, 110 miles southwest of Edmonton.

Mrs. Josephine Anderson of McLennan, Alta., is suing the Clark estate in behalf of her son George, Clark's farm hand, killed in the mass slaying.

Clifford Main, acting for Mrs. Anderson, has filed a suit for $50,000 general damages, $50,000 exemplary or punitive damages and $237 for funeral expenses and costs.

The plaintiff alleges Anderson "suffered pain and suffering and loss of prospect of life" through Clark's act.

NEW YORK (CP) — Canadian dollar was 3-16 higher at a premium of 2½ per cent in terms of U.S. funds. Pound sterling unchanged at $2.78 5-16.

UN Consultation Promised Before Force; Dulles Supports Association

LONDON (CP) — Prime Minister Eden's government Thursday won a vote of confidence in its Suez policy after the prime minister had promised that, barring emergency, the United Nations would be consulted before force was employed against Egypt.

A move by the opposition Labor party to censure the government was defeated in the House of Commons by 321 votes to 251. A second vote, expressing confidence in the government, was carried 319 to 248.

After the vote, James Griffiths, deputy leader of the Labor party, said the promise "extracted . . . . from the prime minister has served and saved this nation."

Keynote of the Labor attack throughout the two-day emergency debate was whether Britain intended to use force to get ships through the disputed canal.

DEMANDS PLEDGE

Hugh Gaitskell, Labor party leader, kept pressing for a pledge that force would not be used except after reference to the UN Security Council.

The prime minister replied: "If such a pledge or guarantee is to be absolute, then neither I nor any British minister could give it. No one can possibly tell what will be Egyptian President Col. Nasser's action either in the canal or in Egypt.

"Nevertheless I will give this reply which is as far as any government can go:

"It would certainly be our intention, if circumstances allowed—that is, except in an emergency—to refer a matter of this kind to the Security Council."

There was thunderous cheering at this.

Eden continued: "Beyond that, I do not think any government could possibly go. But the government must be the judge of the circumstances."

The government, too, must be allowed to judge, in the light of its continuing talks with other governments, what is the best moment at which it may become advisable to have recourse to the Security Council, Eden said.

In a parallel debate in the Conservative - dominated House of Lords, a censure motion on government policy was defeated by a vote of 145 to 18.

WAR NO SOLUTION

Before Eden's closing speech in the House, Gaitskell said: "Going to war with Egypt would probably lead to the fall of Col. Nasser but it could not possibly be regarded as solving the problem of the Middle East as a whole."

He said there was a possibility of successful negotiation which might involve some loss of face by Nasser as well.

"If we can get world opinion more on our side, Col. Nasser is not in a position to ignore it," the Labor leader said.

At the outset of his final speech, Eden denied charges of "warmongering" but said true and lasting peace could not be bought at the price of "surrender of rights to outside pressure and force."

Eden referred to the events in 1938 which preceded the Second World War and said: "The majority of the country did not agree with us then."

BACKED BY CHURCHILL

Turning toward former prime minister Sir Winston Churchill who sat near him, Eden said:

"My right honorable friend tells me he agreed with me then—and he tells me he agrees with me now."

There were loud cheers from government supporters us the elderly statesman nodded assent.

Eden predicted that Nasser's next step undoubtedly would be an attack on Israel if he were successful in his Suez action.

In the Commons debate, Foreign Secretary Selwyn Lloyd pledged his government's determination that unrestricted control of the Suez Canal must be kept out of the hands of "one government or one man."

As he spoke, shipowners from the main seafaring countries using the canal met here to discuss the practical implications of the British, French and American plan to set up a users' association which would run ships through Suez.

Lloyd told the Commons the plan has "full United States support and participation."

In Washington, State Secretary Dulles voiced his support for the proposed association, though he said the United States had no intention of shooting its way through if Egypt blocks the canal.

In Ottawa, Acting Prime Minister Howe said Canada has the Suez crisis under study and has asked Britain for more information on the new proposal.

MISGIVINGS ABROAD

The opposition speakers in the Commons debate repeatedly showed uneasiness that the government's strong policy is causing disquiet among other Commonwealth countries.

NOTE FROM RUSSIA

The crisis was pointed up in these other developments:

1. Soviet Premier Nikolai Bulganin, whose government has backed Nasser's seizure of the canal, sent personal notes to Prime Minister Eden and French Premier Guy Mollet reported to advise them against the use of force. Diplomatic informants said the tone of the notes was friendly.

2. India's Prime Minister Nehru who leads the thinking of the neutral Asians, denounced the users' plan. He said Eden's speech announcing it "appears to close the door to further negotiations."

3. Israel hailed the Western plan, which Mollet has said will mean freedom for the ships of all nations. That would include the Israeli vessels Egypt has barred under an economic blockade.

4. In Copenhagen, parliamentary sources said all Denmark's major political parties are cool to the users' plan and that a majority against it was evident at a meeting of the foreign policy committee.

5. Prime Minister Solomon Bandaranaike of Ceylon, like India a member of the British Commonwealth, charged Britain has taken "a giant stride" toward war.

Soviet Fisheries Group Fly East

VANCOUVER (CP) — British Columbia says goodbye today to five friendly Russians who arrived nine days ago as strangers and leave with a wealth of goodwill and a host of admirers.

Soviet Fisheries Minister Alexander A. Ishkov and his four colleagues fly east after the longest provincial tour of their three-week visit to Canada and a study of Canadian fishing methods in the ocean which he said interests them most.

After a few days in Ottawa they will travel to Halifax to board their super-fisheries vessel for the voyage home.

The veteran minister, who was appointed by Stalin 16 years ago at the age of 35 and has held his job through three regimes, struck his hosts here as an expert in his business with an amazing grasp of detail rather than as a politician or diplomat.

SET BRISK PACE

He gained the respect of fishmen along Canada's rugged Pacific coast for his extraordinary fund of technical knowledge.

Mr. Ishkov set the brisk pace for the tour of fishing communities and packing plants with an often - repeated "poshli-poshli"—"let's go."

A father of three children, he often spoke of problems which will face the next generation.

The minister always speaks through an interpreter, usually English student Eddie Vardumin, last year's Moscow University gold medallist in English who is making his first trip outside Russia.

But Mr. Ishkov has learned at least one English word—"Goodbye." He never uses it with finality.

"It is your turn now, you must come to Russia," he usually tells his hosts with a slight bow when taking his farewell.

To a newspaper man who asked "when shall we see you again?" he replied, "In Moscow."

Report Incorrect

WASHINGTON (AP) — The defence department Thursday told Senator Joseph McCarthy (Rep. Wis.) that no Russian group had visited the Distant Early Warning radar line being built across northern Canada.

McCarthy last week wrote Defence Secretary Charles Wilson expressing "grave concern" over a magazine report that a party of Soviet fisheries experts had been permitted to inspect the radar line at the invitation of the Canadian government and with the consent of the department.

The defence department, in reply said "the report is incorrect."

Bible Film To Be Shown

The story of the Bible from the days of Moses to modern times is told by a film to be shown in Nelson Sunday night.

St. Saviour's Church is participating in a series of rallies sponsored by the British and Foreign Bible Society for the showing of the picture.

The film, produced by the Society, portrays the faith, vision and heroism of those who gave their lives to pass on to posterity the Bible. The showing at the Memorial Hall will follow the Pro-Cathedral evening service.

CD Exercises For Fair Goers

Two rescue demonstrations will be staged under emergency conditions by the Kinnaird civil defence rescue team on Civic Recreation Grounds Saturday at 4:30 p.m. and 10:30 p.m.

To illustrate the necessity of a civil defence program in the community not only in the case of war, but also for every day occurrences, J. G. James, speaking for the team, stated it will be assumed that a gas main behind the Civic grandstand has exploded, blowing up part of the bleachers.

The team will rescue "two severely injured men" from the roof of the Civic Centre building and the roof of the grandstand. Two methods of lowering injured persons, the rope lower method and the ladder hinge method, will be demonstrated. Determination of the method used will depend on the height of the building, and the severity of the injuries.

THREE-DIMENSION

BOLOGNA, Italy (AP) — Italy next month will issue the world's first three-dimension postage stamps. Postal Minister Giovanni Braschi said special viewing glasses will be needed to appreciate the stamps, which salute Europe's coal-steel pool and Italy's entry to the United Nations.

"Lefty" says

DEAR FOLKS:

Mr. Bennett refuses to admit that his contingent borrowings must be included in any true statement of the provincial debt. Nevertheless, all of it bears the guarantee of the people and must be paid by them. A man cannot free his family of debt by placing all his obligations in his wife's name and all his savings in his own name. The true facts are that our provincial debts have increased over 50% under Social Credit.

Government Good Housekeeper In Financial Handling - Black

CRESTON—The road program had been the outstanding achievement of the Social Credit government, Hon. W. D. Black, provincial secretary and MLA for Nelson-Creston, said at a campaign meeting here Thursday night.

He stated that during the 1956 fiscal year, upwards of 80 million dollars would be spent on roads and highways. He was speaking before an audience of 110 persons at the Prince Charles High School auditorium.

Mr. Black stated that money for road construction was being paid out of revenue. The government had instituted a no-borrowing policy for roads and public buildings.

The speaker noted that in refutation of remarks by opposition candidates, of the first five constituencies with the highest allocations for roads, four of them had been represented by opposition members. Number two on the allocation list was Nelson-Creston, the only one of the five represented by a Social Crediter.

He remarked that in the next fiscal year an even greater amount of money would be spent on roads and highways. He dealt at length with the government's debt reduction and stated that whereas in 1952 the per capita debt amounted to $164, it was now $87.62.

He added that if the expansion continues in the province, the Social Credit government intends to eliminate the debt entirely. The minister explained contingent liabilities, stating that there was borrowing for these projects, but that they were being paid off by those who used them, not by the taxpayers as a whole. These liabilities included the PGE, the Power Commission and the proposed toll highways and bridges. Some of the debt which the Social Credit government was attempting to pay off included fifteen million dollars borrowed for unemployment proceeds in the 1930s. He likened government financing to handling of one's personal budget.

He felt that the ideal situation was the pay-as-you-go policy, if at all possible, and he felt that the present government had been a good housekeeper in this respect. The most important aspect of debt reduction was that it enabled the government to enter into the guaranteed field. It was the government's hope that one day it would enter the field completely in a matter of guaranteed borrowing.

Mr. Black felt that B.C.'s hospital insurance was now a model for study by other provinces and by Ottawa. The government "has not forgotten the individual" — he cited old-age assistance, the highest in Canada; increases in mothers' pensions, assistance for the blind.

As minister of municipal affairs and provincial secretary, he had over 50 statutes to administer. Municipalities of B.C. held the most advantageous position of any in Canada. He said it would be a happy day when he would be able to pilot the new municipal act through the legislature. He was introduced by Howard Horne, now attending University of Alberta, son of the late Joseph Horne, one of the earlier leaders of Social Credit in Creston.

Duhamel Trial On Castlegar Thefts Adjourns

Case against Raymond Arthur Duhamel, 28, of Port Coquitlam, who operates a concession with Baddeley Brothers shows, was adjourned Thursday until 10 a.m. Saturday in City Police court. Duhamel is charged with being in possession of stolen goods worth less than $50 from August 4 to 10. He pleaded not guilty.

William. W. Dunnett, steward of Branch 170, Canadian Legion, Castlegar, testified that when he came to work Monday, August 6, he found the back door to the stock room broken open. Two bolts had been broken and the lock forced. A quantity of liquor had been taken, and about 20 cartons of cigarets were missing. A rifle, fishing rod and shotgun, which the Legion had purchased for prizes, were also missing from the furnace room.

Also facing charges are Oliver Kenig, Emile Letourneau and Clifford Duhamel, brother to Raymond.

Kenig told Leo S. Gansner, the prosecutor, that Duhamel asked him to drive him to Castlegar in his truck Aug. 5, arriving there about 7:30 p.m. They had dinner, and drove around until 9 p.m. when they separated. Kenig remained in the truck until about 10:30, parked across from the Legion. Then Clifford brought back some cardboard boxes and asked Oliver to help load them into the truck. He did not say what was in the boxes.

On reaching the Lakeview Cabins at Balfour, where Duhamel was staying, Kenig met Raymond Duhamel, his wife, and Mrs. Clifford Duhamel. He said Ray, Cliff and Oliver carried about three boxes from the house. They took about 12 cartons of cigarets from the boxes, and Kenig carried a box containing about six of the cartons back to his truck. Clifford Duhamel told him to "take them home," and Ray asked if they had been shopping. His brother answered "yes."

Kenig said that, after leaving the Duhamel cabin, he noticed more articles in the back of his truck, including a red fishing rod case, rifle and shotgun. He said that none of these articles were in the truck when he left for Castlegar. Kenig had earlier pleaded guilty in another court to possession of a stolen automatic but told defence counsel G. B. Arnesen that he did not have the gun with him on the trip to Castlegar.

Constable Gerald E. Jelly of the Nelson RCMP testified that he and several other officers spotted Raymond Duhamel driving a car in Nelson August 9. He was taken to the police office. Constable Jelly identified a cardboard box on the counsel table as being the one he found in Duhamel's car. Duhamel said it was part of his stock. Contents of the box were cigarets totalling 84 packs.

Corporal Alex Sutherland, also of the Nelson RCMP, testified that he searched a cabin at the Rainbow Resort at Balfour, registered to C. A. Duhamel and family, August 9 and found liquor, cigarets and a fibre glass fishing rod, all in a cardboard box. He saw Raymond in the Nelson police office about 5:30 p.m. that day and Duhamel claimed to have bought the liquor and cigarets from someone in Vernon and the fishing rod in Vancouver but could not recall the name of the store.

Others giving evidence were Corporal G. R. Cline of the Castlegar RCMP who received the complaint, William C. Shay, Castlegar liquor vendor, and Corporal Philip Boulton of the Nelson RCMP.

Mr. Gansner asked for the adjournment to Saturday morning so that he could decide whether to call further witnesses. He said he is anxious to start theft proceedings Friday morning against Oliver Kenig, Emile Letourneau, his stepfather, and Clifford Duhamel, Ray's brother, so that witnesses, many of whom have come from great distances, will not be further inconvenienced.

Many Vote at Advance Poll

"A considerable number exercised their franchise" at the advance poll at the Chamber of Commerce rooms Thursday, H. H. Hinitt, returning officer, reported Thursday. The advance poll will be held again today and Saturday. It is conducted for those who are leaving the city and will not be adjacent to polls on election day.

OLD FAVORITE

AUCKLAND, N.Z. (CP)—Space fiction writers are all right in their way, but they came nowhere when children here were asked to vote on their favorite author. Leading the poll from start to finish was Robert Louis Stevenson, author of "Treasure Island" and other adventure stories, who died in 1894.

OTTAWA (CP)—Four warships of the 1st Canadian Escort Squadron will sail from Halifax Sept. 19 on a two-month training cruise that will take them to ports in the Azores, Ireland, Britain and Continental Europe, the navy announced.

Fairview United To Hold Services In St. Paul's

The official board of St. Paul's-Trinity United Church has loaned the Fairview United Church the use of the old St. Paul's United Church, Rev. H. R. Whitmore, the new minister, announced Thursday.

The first services to be conducted by Mr. Whitmore will be held this coming Sunday. It is hoped that the Sunday School will be organized for the following Sunday.

An announcement will be made next week in connection with the Fairview United Church.

Clifford Easy Passes at 52

Well known for his support of Boy Scout and church work, Clifford Anthony Easy, aged 52, died Thursday morning in Kootenay Lake General Hospital. He had been in hospital only a few days.

Canadian Pacific Railway depot agent, Mr. Easy came to Nelson with his family in September, 1944. He had joined the CPR 35 years ago, beginning Sept., 1929, in the Vancouver depot. He married the former Eleanor Daum Sept. 2, 1939.

While health permitted, Mr. Easy was an ardent worker in St. John's Lutheran Church, of which he was a member, and in the Boy Scout movement. He was chairman of the 3rd Nelson Scout Troop.

Mr. Easy was born in New York City Sept. 2, 1904, and came to Canada as a boy.

He resided at 110 Union Street.

Besides his wife, he is survived by two sons, Chuck, 13, and Paul, 11, and his mother in Vancouver.

J. H. Langley Dies in Nelson

Joseph Henry Langley, who for nearly 30 years operated a small confectionery store on Vernon Street until it was demolished to make way for the new post office, died in Kootenay Lake General Hospital Thursday morning. He was 79.

Mr. Langley opened his store in the 1920s after cooking for various logging camps in British Columbia for a number of years. It was a popular spot with children during war years when candy supplies dwindled.

Born in London, England, Sept. 6, 1877, he came to Canada when a young man and was a cook in Ontario logging camps before coming to B.C.

It is not known if there are surviving relatives.

Farm Stabilization Board To Help Farmers Proposed By Strachan

About 150 people attended a CCF meeting Thursday night in the Nelson Legion Hall. Robert Foxall was chairman. Provincial CCF leader Robert Strachan was featured speaker.

Boyd C. Affleck, CCF candidate for Nelson-Creston in the coming provincial election, said he would do everything possible to keep natural properties, such as forests and power developments, from falling into the hands of one or two people. He said that electric and gas companies are bypassing people in sparsely-settled areas because they can make more money in large centres. "There is no justice in penalizing a man who lives in a small community," Mr. Affleck said.

He admitted that he had at first supported the Columbia River power project, made in cooperation with the Kaiser Company of the United States, but had seen the error of his ways.

"A person who can't change his mind is not safe to represent you," Mr. Affleck warned. The candidate also stated that there must be a better committee to correlate highway and bridge construction. Referring to complaints by Creston fruit farmers about restricted markets, he said the only answer given by the Government was that "the day of the small farmer is over." The CCF according to Mr. Affleck, will support the small farmer because he is "the backbone of the country."

CRITICIZES SPENDING

Mr. Strachan, who represents Cowichan - Newcastle, said the people must look for honesty in their governments. He reminded the people that the Social Credit party is spending millions of dollars more on advertising for this campaign than all the other parties. The B.C. Social Credit party also contributed about one-quarter million dollars to the Saskatchewan election fund, although it knew, even at that time, that an election was coming up in B.C. According to Mr. Strachan, Social Credit officials were preparing radio spots last February. He called on Premier Bennett to tell the people exactly where this money was coming from, and what the Social Credit party has promised in return.

Mr. Strachan interpreted the initials "S.C." as "dollars and cents to those who want to control the province."

On the matter of natural resources, Mr. Strachan said there is clearly a need for public power, because "wherever power goes, industry goes." Premier Bennett's proposal to allow the Kaiser Company to develop the Columbia River power project, which was rejected in Ottawa, would have given 80 per cent of the power to the United States. The Opposition agitated for removal of forest management licences, and this was done only after the Social Credit has issued two or three more.

Mr. Strachan said that four companies control nearly all the timber in B.C. now, as compared to about 15 ten years ago. Within a few years, these four companies would be united into one. Responsibility for replanting, access roads, and other elements connected with the woods, should be turned over to the B.C. Forest Service.

In the matter of agriculture, Mr. Strachan said the present government was subsidizing steel, mining, forest and other industry that didn't help, so, "why shouldn't the farmer get some of the gravy?" He proposed setting up a farm stabilization board to help farmers make ends meet, and appointment of a Minister of Cooperatives. Proper utilization of natural resources could lower farm taxes, and Mr. Strachan pointed out that Saskatchewan, under its CCF government, realized 8.4 per cent on forests in a 10-year period up to December 1955, but B.C., which produces about three times as much timber, received only 3.92 per cent. It was not necessary to keep the sales tax at five per cent so that the B.C. Hospital Insurance Service could operate, Mr Strachan said, pointing out that Sales Tax funds go into general revenue, and money is allocated to the B.C.H.I.S. "from time to time."

Vote Campaign Takes New Twist

In its drive to get ratepayers out for the vote on sale of the city gas plant to Inland Natural Gas Company Sept. 21, Junior Chamber of Commerce has worked up a novel contest during the West Kootenay Exhibition.

The person coming closest to guessing the number of votes cast in the vote will receive an all-expense paid trip for two to Spokane on the weekend of Oct. 6. The couple will have rooms at the Ridpath Hotel and will also receive two tickets to the Louis Armstrong show.

There's just one catch; you have to be a ratepayer, eligible to vote, and you must have voted to win the prize.

Cranbrook Blitz for Memorial Home Today

CRANBROOK — Final details for the "Friday Blitz" which will ask donations to the Dr. F. W. Green Memorial Home Society fund from every household in Cranbrook and its outskirts were arranged at a meeting of 65 women canvassers at the Legion.

Ways and means chairman for the drive, Dr. Laird Wylie, addressed the group, stressing the ideal of the project originated by Dr. F. W. Green. He said Dr. Green's proposal was that this permanent comfortable home for this district's elderly citizens no longer able to maintain their own, should be provided by their fellow citizens.

Jaycees have volunteered support of promotion of the drive with Bill Hume Jr. and Jack Allen attending the meeting. They will have a loudspeaker tour through the city during the Friday Blitz which will continue through afternoon and evening, and will maintain transportation available for canvassers whose headquarters will be the office of Ron. Bailey, Memorial Society secretary-treasurer on Tenth Avenue.

Proceeds from the Blitz will all be brought to this office for tally so that an early report can be given to the citizens of Cranbrook of the volume of their support. Local requirement for realization of the $75,000 home for 28 permanent residents is $50,000, and small contributions from every Cranbrook friend of the late Dr. Green in memorial tribute could put the fund total at $25,000, the halfway mark. Fund now stands at over $23,000 on concerted efforts of supporting organizations and substantial individual volunteered donations.

Heartening rural support has come from Wardner where Mrs. Harry Thompson will captain three volunteers in their own community service, and from Wycliffe where donations will be accepted and receipted at the general store and post office.

Ballet Booked For Trail Series

TRAIL — Royal Winnipeg Ballet will appear in Trail early in February, it was announced by the Trail and District Celebrity Concert Association.

The ballet, making its third appearance here, replaces dance soloist Paul Draper.

The Association, has scheduled four concerts for the winter, and membership drive will get underway next week. Members of the Women's Musical club will handle ticket sales as in previous years.

Canadian soprano Lois Marshall who has gained fame at home and abroad will appear November 5.

Phillipe Entremont, young French virtuoso pianist performs on stage here December 7.

The performance of the Winnipeg Ballet February 15 will be given.

Brilliant duo pianists Mervin Stecher and Norman Horowitz will appear on the final program April 6.

New Staff at Natal RCMP Detachment

NATAL — A change in the RCMP Detachment personnel at Natal was made recently when Constable R. W. Duncan of 100 Mile House, B.C., took charge from Constable V. Geldrich who was transferred to Cloverdale. Also a recent arrival to fill the two-man detachment of Natal was Constable Clare Provost who arrived from Grand Forks.

MRS. KING, WIFE OF FORMER MLA, PASSES

GOLDEN — Well-known in the Columbia Valley where she lived for 65 years, and in Victoria where her husband was long-time Member of the Legislature for Columbia constituency until retirement in 1952, Mrs. Thomas King died after a short illness. She was 72 years old.

Her parents came from Port Hope, Ont., and brought their family to settle in 1892 and she grew up in Golden. She became the wife of Thomas King 55 years ago and their home has been in Golden continuously since then.

Surviving her are her husband here, two daughters, Mrs. D. Gould of Vancouver and Mrs. F. Barlow of Golden, four sons, Norman, Howard, Gordon and Ronald, all in Golden, and her sister, Mrs. D. M. Keays of Golden.

The funeral took place at St. Andrew's United Church and burial was in Golden Cemetery.

Board Wants Booster Station

INVERMERE — Windermere District Board of Trade, which has been investigating radio interference in the valley for some time, is now asking that a booster station will be installed to insure more satisfactory radio reception for the district.

The matter was a major matter of the agenda of the September Trade Board meeting.

Dr. F. E. Coy, chairman of the Highway 95 committee, appointed to attend the North American Highway Association annual meeting to be held at Banff next week. The local board of trade has joined the North American Highway Association.

An invitation has been extended by the board to the B.C. Society of Engineers to send one of their members to address a meeting later this year on Columbia River affairs.

400 Entries in East Kootenay Big Game Trophy Competition

CRANBROOK—Three mountain sheep have already been entered by successful hunters in the second annual East Kootenay Game Trophy competition for which over 400 entries have already been sold.

Cranbrook Rod and Gun Club was originator of this competition, open to non-resident hunters also, designed to draw attention of district residents to the fact that East Kootenay provides one of the best remaining big game stands on the continent. This year club sponsorship continues, with Kimberley, Fernie and Canal Flat Rod and Gun Clubs supporting it as well through sale of entries.

Seven entries in the competition last season, recorded under standard Boone and Crockett measurement regulations, qualified for entry in the North America championships at New York, and Steve Romanick's mule deer, which won the Cranbrook Hotelmen grand championship trophy in the competition placed 15th on the continent. The Hotelmen's trophy will continue to be top award for the current competition, and ceramic scale models of mule deer, whitetail deer, mountain goat, mountain sheep, caribou, elk and moose will be awarded for the top entry in each of these classes. Winners will be announced and trophies and supporting prizes presented at the annual banquet here in February at which about 400 are expected.

Regulations require the hunter purchase his entry prior to September 1, or not later than purchase date of his hunting licence. This year competition rules call for the competitor to do his own measuring according to the Boone and Crockett rules, retain the head, and submit only measurements. The club's trophy committee will then officially measure the top entries 60 days after the kill, according to Boone and Crockett rules.

Entries are available wherever hunting licences are sold, and proceeds from the entries will all go back into the competition fund for competition administration, and purchase of the trophies and the prizes which will be offered in support of them.

NEW TEACHERS TAKE UP DUTIES AT NEW DENVER

NEW DENVER — Teaching staffs of Lucerne junior-senior high school and the elementary school have been announced by the school board.

James Minnis of Rossland has been named principal of the Lucerne high school. Others on the staff are Frank Rouvier of Vancouver, Miss Jane Rutherford of Ottawa, William McLean of Vancouver and Mrs. J. W. Mathewson of New Denver.

John A. Clarkson is principal of the elementary school, with Mrs. E. Kynock of Silverton, Miss G. C. Wright of Victoria, Fred Manchur of Nakusp, Miss Pauline Halkowski of New Westminster, Mrs. H. Myers of Nakusp, Miss Dawn Bowing of Ladner and Miss Deighton of Oliver as teachers.

LONG DISTANCE 'PHONE SERVICE TO RADIUM GREATLY IMPROVED

INVERMERE — Long distance telephone service at Radium was improved this summer by installation of new telephone circuits by B.C. Telephone Company.

Three additional lines were installed between Invermere and Radium in order to handle the annual increase in long distance calling during the tourist season.

Company officials rated the project top priority. Completed in June, the work was supervised by construction gang foreman, Bob D'etcheverry.

Radium has been a separate exchange during the summer months for a second season. During the winter Radium calls are handled through the Invermere exchange. Radium exchange is now closed.

Forum Planned at Cranbrook For Candidates; Two Accept

CRANBROOK — Candidates in next Wednesday's provincial election have been invited to speak Saturday evening at a non-partisan public forum under sponsorship of the Woodworkers Industrial Union of Canada, with union business agent Ray Masse as chairman.

Mayor R. E. Sang, Social Credit candidate, will be unable to participate, he said, because he is already booked for a television show at Kimberley Saturday night. He thought it would be unfair to send a representative or written speech.

L. T. Nimsick, CCF candidate for re-election to the legislature, and Vince Downey, Liberal candidate, accepted the invitation and it was decided to proceed with plans for the forum.

Each speaker will be allowed 20 minutes in support of his election, then each speaker will be given ten minutes in the same order for rebuttal of the other two speakers. When this is concluded the meeting will be thrown open for the audience to question each of the speakers on pertinent matters of his speech.

Local Buyers Snap Up Cranbrook Debentures

CRANBROOK — Though the issue is not yet printed five per cent debentures of nearly $10,000 for local improvement bylaws of two years ago authorized but not sold have attracted purchasers of all but $1650 so far. Purchases are made through the city clerk's office. Unsold debentures will remain locally available for 30 days after printing some time this month.

City Council has considered and filed without decision a recommendation made by provincial Town-Planning Committee chairman Dieter-Naumann with regard to the big vacant circle left at the east end of Baker Street where the demolished former provincial government building was located. Mr. Naumann proposes a public square there to define eastern business section limits on the theory it would prevent any undesirable dispersal through the city of the commercial area which still offers enough space to serve a city four times the present population.

Delegate from the Farmers' Institute protesting high pound fees and fines for cattle wandering in the city was heard, but no action was taken by the City Council.

Proposed land transfers between the city and Crestbrook Timber Ltd. aiming toward improvement of the safety factor for aircraft using the municipal airport was discussed and correspondence is being renewed. City arrangements will be made for appointment of a director on the B.C. Aviation Council.

Notification has been received from J. E. Brown, provincial deputy minister of municipalities, of his official visit to the city hall here Monday.

Council Moving Wisely on Chlorination

Much of the work of the City Council is done in committee, and reports of the City Council show that the matter of chlorination and the prevention of the city water supply has been under study for some time by the Health Committee, and that measures have now been taken to safeguard the supply and decrease the possibility of pollution.

At the same time the Council has decided to have independent tests made of the water. This is accepted practice in such cases, and the Council would be failing in its duty if they were not carried out. This is in no way a reflection on the Medical Health Officer, and in any case the personal feelings of any individual have no place in the discussion.

There is a great deal of public ignorance regarding pollution. They are told that bacteria are present in the water, but what particular kind is not stated, or whether they are harmful, nor whether there is a seasonal increase in the rate. It would be interesting to know at what time of the year it is highest, and if there are reasons for this.

The fact that the Council has not rushed into chlorinating the water supply does not indicate that they are opposed to this, but rather that they wish to stand on sure ground. While there are many people in favor of chlorination, there are just as many who are opposed to it. Eventually the Council will have to make a decision on the matter, but in the meantime they are doing the right thing in proceeding thoroughly with a study of the matter.

New Look in Russia Affects Women

The new look in Soviet Russia goes deeper than most observers believed it would when first announced. It has affected the women.

Reports from inside Russia are that the women are awakening at last. It started off with a recent style show which British clothes makers staged, and which drew record crowds in Moscow. Pictures of the event show the Soviet women with rapt looks on their faces as they watched the models promenade along a long raised walk, with seated spectators on each side.

Shortly afterward the Soviet top officials announced that the role of women workers would be lightened.

These may be small matters, but they are significant ones.

When the women get aroused the Soviet leaders had better look out.

Maybe some of the after-effects of the visit of Red farm leaders and others to America are beginning to show.

No one can know just how much these Russian visitors told when they returned home, but they certainly had plenty to tell if they dared tell it.

Suppose those Soviet farm officials who visited the U.S. a year ago had told in detail about the typical American homes they visited. About the electrical appliances and modern conveniences found in them. They must have told something about the thousands of well-dressed women they saw on the streets.

And about well-stocked super-markets, clothing stores, modern drug stores, everything. It would certainly start a wave of unrest if they did.

The fact that the new attitude of the Red leaders started about the time these visitors returned home would indicate that their reports may have had something to do with it.

It wasn't many years ago that Soviet bosses were predicting that western economy would collapse soon and Communism, having proven its superiority would take oevr the world. They aren't talking that way now. The leaders have publicly acknowledged that their analyses of our economy were wrong.

It even looks in some spots as though they may be trying to imitate us.

Whatever the reason, a leaven of some sort seems to be working behind the iron curtain.

And the women are providing at least some of the leaven.—Penticton Herald.

Viruses, Bacteria Not Same Thing

The difference between viruses and bacteria is pointed out in a short article in the current issue of Health Magazine, official publication of the Health League of Canada.

A "virus", strictly speaking, is the cause of an infectious disease and the term was used before any was actually discovered.

Bacteria are small cells—really plants—which can be seen under the microscope and grown on a suitable substance. Consequently, they are readily identified. They cause, among other diseases, tuberculosis, boils, scarlet fever, and some forms of pneumonia.

Viruses, as the term is used now, are less than 1/1600 of a millimetre across. They are tiny particles which can only be seen under an electron microscope, if at all; they can only grow inside living cells. They cause such diseases as measles, smallpox, and infectious jaundice. They are much harder to identify than bacteria.

Both bacteria and viruses are capable of causing pneumonia — consequently, pneumonias are classified according to their cause.

Fire Prevention Postage Stamp To Be Issued

Hon. Hugues Lapointe, Postmaster-General, has announced details of a special issue postage stamp that will emphasize the importance of reducing the needless waste caused by preventable fires. The stamp will be issued on October 9, during Fire Prevention Week.

Each year fires in Canada result in the loss of hundreds of lives, as well as millions of dollars in property value and disruption of economic activities. The postage stamp is being issued in support of National Fire Prevention Week to focus special attention on this national problem. Active interest on the part of the public in the elimination of fire hazards will greatly reduce this unnecessary loss of life and property.

The postage stamp will be of 5 cents denomination and printed in two columns, black and red. The design is the work of Arthur Price, an Ottawa artist.

New Position Of the CCF

The greatest danger to democracy is the belief that there is virtue in error when multiplied by ballots.

When mass denial of equality of opportunity reaches the extreme of refusal to permit earned inequality, it is natural for the political levellers of human aspiration and achievement to turn to gambling as the means of chancing upon unearned inequality and social recognition.

The new position of the CCF, as declared at its recent convention in Winnipeg, calls for co-existence of free enterprise and public ownership. "Public ownership is the best means of breaking the stranglehold of private monopolies," says the declaration.

It would have been more accurate to have said that private enterprise is the best means of breaking the stranglehold of government owned and government sponsored monopolies, for if such monopolies were exposed to the competition of private enterprise they would cease to be monopolies, and would have to compete in the market by giving satisfactory service at acceptable prices.

So long as the CCF favors labor monopolies, farm marketing monopolies, and government monopolies it can hardly expect the voters to take its opposition to private monopolies very seriously.

Monopoly is an evil in itself and it can't be sanctified by placing it in the hands of selected groups of citizens or of the government itself.—The Rural Scene.

Press Comment

There are, in round figures, 225,000,000 copies of daily newspapers printed and circulated every day of the year. If they are really as bad as a lot of people seem to think, what a dreadful condition the world must be in.—Peterborough Examiner.

Pithiest resolution on the preliminary list for British Labor party's annual conference at Blackpool is one that asks that Labor party members who accept peerages should be deemed to be associating with a proscribed organization.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars,

For Saturday, September 15, 1956

MARCH 21 to APRIL 20 (Aries) — Evenly balanced effort will do what extra spurts at odd moments won't. A happy heart, willingness important. Avoid controversy, irritation. Be your gracious self.

APRIL 21 to MAY 21 (Taurus) — A well-planned schedule can lead to new gains. Your practicality should aid in eliminating waste motion. Whether at work or play, don't strain. Seek congenial associations.

MAY 22 to JUNE 21 (Gemini) — Smart planning and good management will put the balance of favor your way, bring fine benefits. Be practical in all matters and you will have a real chance to achieve.

JUNE 22 to JULY 23 (Cancer) — Versatility is your gift from the Moon, which dominates your Sign. An interest in art, theatre, community events, home affairs should be your goal today. Bring happiness to others less fortunate.

JULY 24 to AUGUST 23 (Leo) — Moderation should be emphasized this day, since there are tendencies toward quick, sometimes careless, movement. Resist a temptation to dominate. You are happiest when handling responsibility. When you taste success, be tactful with others.

AUGUST 24 to SEPTEMBER 23 (Virgo) — You are essentially a logical, systematic person. By keeping things in order you can progress rapidly forward. Relax in free time.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Avoid moodiness even if things go away. Rather, continue efforts with renewed vigor. In free time, engage in a hobby, good reading, worthwhile lectures, civic affairs.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Pace yourself according to just demands AND your physical ability. Don't become involved in unworthy schemes. You have discriminative power; USE it. Work for happiness ahead!

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Where duties and good sense permit, do a complete aboutface. Make a novel, interesting program to give you a change of routine, fresh ideas. Be tactful in conversation; guard health.

DECEMBER 22 to JANUARY 20 (Capricorn) — Exercise finesse to get the most out of your efforts. And don't lose your ambition. All the world loves a DOER. Go after those goals.

JANUARY 21 to FEBRUARY 19 (Aquarius)—Knowledge of what's expected of you can help bring about fine gains. Put yourself sincerely to tasks and responsibilities, and profit healthily. Have faith and don't worry.

FEBRUARY 20 to MARCH 20 (Pisces) — Scales tip in your favor IF you show the right spirit, attitude, careful judgment. Work diligently and others will cooperate.

YOU BORN TODAY are a combination of artistic temperament and practicality; have the talents needed for success and personal prestige. Along with this capability and these fine gifts go responsibilities, which you realize, too. Handle them judiciously. You also have some faults, as has everyone. Yours may be few, but as with those who have few, they are pronounced. Curb yours daily or they will throw an unhappy shadow over your home life. Among your admonitions: soften analytical tendencies, and remember: criticism that hurts seldom achieves its purpose. Keep good humor out front.

"Daring" Styles

VIENNA, Austria (Reuters) — Women of Czechoslovakia will be wearing "daring" skirts and hats the shape of pots this fall, says an issue of the magazine Lidova Demokracie. The skirts would be split at the sides, the magazine said, "with the splits sometimes reaching up to the waist."

Market Trends

NEW YORK (AP)——A promising early advance turned into irregularity in nervousness over the Suez Canal crisis but steels, aircrafts and selected oils ended the stock market session with some good advances.

Among Canadian issues on the New York stock exchange, Distillers Seagram was down ¼ and International Nickel up 1.

TORONTO (CP) — The stock market suffered its seventh straight setback Thursday as the major indices touched their lowest mark in three months.

As the session progressed, trading bogged down and closed almost 800,000 shares behind the previous day's total. Final volume was 3,264,000 shares against 4,009,000.

Observers said the lower trend was mainly due to the Suez Canal situation, which has kept buyers on the sidelines in a wait-and-see attitude.

MONTREAL (CP)—The Montreal and Canadian stock exchanges closed lower again in moderate trading. However, the decline was not as drastic as in the previous two sessions and there was a sprinkling of fractional gains throughout the industrial list.

Donohue and Powell River each lost a point in the papers while Consolidated and Great Lakes improved ½. Base metals moved lower, led by Noranda with a one-point loss. In the steels Atlas dipped ¾.

IS THIS PROGRESS?

Is it progress when the annual take from the highest provincial Sales Tax in Canada soars unchecked to $198.00 for every household in B.C.?

Is it progress when your highway dollars are squandered in a politically expedient patchwork program, with amateur planning and cost-plus, machine-rental patronage?

Is it progress when the government claims to have reduced the "direct debt" of the province, while actually that debt (including "contingent liabilities"—for every cent of which you, the taxpayers, are directly responsible) has been increased by $88,000,000; with an additional $113,000,000 authorized to be borrowed?

Is it progress when the government turns its back on farmers' problems—undermines local municipal, school and hospital boards—insults the intelligence of the voters in the calling and conduct of this election?

a LIBERAL government will immediately...
reduce the Sales Tax by 20%, without any affect on hospital and social service payments — build more and better roads at lower cost, by appointing an independent Highway Commission and letting contracts by competitive tender only — take the direct action necessary to restore the farm economy — restore local autonomy to municipal, school and hospital authorities — restore dignity and integrity to the conduct of public affairs in British Columbia.

This IS progress!

20-20 Vision Needn't Mean Perfect Sight

By Dr. Herman N. Bundesen

Don't take it for granted that your eyes are perfect just because you have 20-20 vision.

This common misconception, unfortunately, gives many persons a false sense of security and prevents them from seeking eye care which they really need.

Frequently, after a brief screening test, a person will be informed that he has 20-20 vision.

All this means is that you can see at a distance of 20 feet what normal vision sees at that distance. It means that you have sharp eyesight when viewing distant objects.

Years ago, 20 feet was chosen as the standard for such tests because light rays are virtually parallel at that distance.

Quite frequently a person who has such sharp vision is farsighted. He may also be nearsighted or have other eye defects.

The 20-20 verdict doesn't indicate how good your sight is for reading and other close-up work, how good is your side vision and dark adaptation and how much teamwork there is between your two eyes.

READING DIFFICULTY

Actually, in a large proportion of the seeing problems encountered today, especially those associated with reading difficulty, definite trouble exists along with 20-20 vision.

A vision rating of 20-20 means that your eyes are perfect only if you also have normal side vision, good sight for colors, are able to read clearly at a distance of about 15 inches and have normal healthy eye tissues.

All of these things can't be determined with a simple eye chart test. Only an eye specialist can tell you whether your vision really is perfect. Don't accept a 20-20 verdict as the final word.

Drapeau in France

PARIS (AP)—Mayor Jean Drapeau of Montreal and his wife arrived by air Thursday for a five-day official stay as guests of the Paris municipal council. They will later make a thorough tour of France, visiting on their way a village in central France from which the Drapeau family emigrated to Canada in 1665.

Wynndel Notes

WYNNDEL — Mr. and Mrs. Ed Firth of Lethbridge are guests of the former's parents, Mr. and Mrs. J. J. Firth.

Mr. and Mrs. Marterms, who have been guests of Mr. and Mrs. Belton, have left to visit Calgary.

A. Schade, who has been manager of the Wynndel Branch of Creston Valley Co-operative Association has left to take a position with a Creston garage.

Opening meeting of the Fall season of the Community Club was held in the Memorial Hall. Mrs. Jack Wigen was appointed the Club's representative to Canadian Arthritis and Rheumatism Society. Mrs. Schade, who is leaving the district, was presented with a gift.

Shower Given For Kaslo Nurse

KASLO — A miscellaneous shower of interest to many was held at the home of Mrs. C. H. Hewat in honor of Mrs. L. Riedel, the former Miss Kathleen Abey, one of the nurses at the Royal Victorian Hospital whose wedding took place recently in Riondel. The matron and nursing staff attended.

Mrs. E. Hooper brought the gifts into the room in an ore car, suggested by the groom. Games were played, and prizes were awarded to Mrs. K. Russell and the bride's mother, Mrs. R. H. Abey of Riondel. Mrs. C. R. Higgens of Nelson, former matron of the hospital, attended. Miss Abey had been on the staff of the Royal Victorian Hospital in Kaslo for three years.

No Fire Danger

TORONTO (CP) — The wind began carrying a heavy oil slick out into Lake Ontario Thursday and police said any danger of fire in Toronto harbor had disappeared. The slick cavered apparently resulted from a faulty hose coupling as 150,000 gallons of oil was being loaded board a freighter last weekend.

Fruitvale WI Reconvenes

FRUITVALE — The first meeting of the Fruitvale Women's Institute was held recently at the home of Mrs. R. Webster. Mrs. H. Godin, president, welcomed the eight members, one new member, Mrs. John Newton, and Mrs. E. Haines, a visitor.

Mrs. F. M. Peitzsche gave a brief summary of the June convention. She and others reported on an international picnic held at Sullivan Lake, which they attended as guests of the Homemaker Clubs of that area.

Mrs. R Leckett reviewed the Institute's history, which extends over more than 50 years. Members are still holding to the purpose outlined at the original meeting, to enrich the lives of the women, bringing to them knowledge of how to get the most out of life for themselves and their families.

Plans were laid for a bake sale in a local store on September 28.

The Institute will once again meet at night, starting with a meeting on October 3 at Mrs. Godin's home.

Balfour Notes

BALFOUR — Mr. and Mrs. K. Chandler, proprietors of "The Tillicum," entertained their staff at the annual dinner party. Many students are employed who leave to attend school at UBC, Nelson and other points. Miss M. Iwanika, who is leaving to be married in October was an honor guest and was presented with a gift from the staff. A musical evening and dancing were enjoyed.

Mr. and Mrs. Chris Randall and son, who have spent the summer here, left for Vancouver. Mr. Randall will attend UBC.

Mrs. Richard Renwick of Trail was the guest of her daughter and son-in-law, Mr. and Mrs. Chris Randall.

Mr. and Mrs. Hudson Oakley returned from a two weeks motor trip to Vancouver.

W. P. Kapak was a business visitor to Vancouver.

Mr. and Mrs. A. E. McGillivary have returned from a two weeks visit to Calgary.

Mrs. A. W. Perry-Leake is a patient in Kootenay Lake General Hospital, Nelson.

Fruitvale Legion LA Names Slate

FRUITVALE — The Ladies' Auxiliary to Fruitvale Branch, Canadian Legion, made plans for a bazaar in December at its meeting recently. Twelve members attended and Mrs. F. M. Pietzsche presided.

Executive vacancies were filled by acclamation, including Mrs. F. M. Peitzsche, president; Mrs. Adam Wagner and Mrs Hugh McCutcheon vice-presidents; Mrs. A Toupin, secretary; Mrs. S. McDonald, Mrs. R. Underwood, and Mrs. F. Kalusick, members of the executive council. Mrs. H. Barlock, past president, installed the new officers, with Mrs. G. Stoutenberg assisting as Sergeant-at-Arms.

Members approved a donation to the zone typewriter fund, and also discussed plans for the coming Zone Convention. They also endorsed the executive's action in arranging catering with "B" Branch of St. John's WA.

Auxiliary members are looking forward to hearing a discussion of pensions, with particularly as they apply to veterans' dependents, by the Fruitvale pension officer, at their next meeting.

Fruitvale Notes

FRUITVALE — Mrs. F. M. Peitzsche returned this week from a business trip to Vancouver.

Mr. and Mrs. Hugh McCutcheon are leaving this week for a two-weeks trip to Vancouver and California.

Bronze Memorial Planned for Trail Building

TRAIL—At the monthly meeting of the Trail District Recreational Projects Society, the directors approved plans for the placing of bronze lettering on the wall inside the main entrance of the Memorial Centre, dedicating the building as a memorial to those who gave their lives in the world wars. The work is expected to be completed in time for dedication ceremonies to be held in November.

Alex Brokenshire, chairman of the membership campaign, will be contacted and given an opportunity to join the society. Plans are also under way to complete the canvass of the businesses in Trail.

W. D. Crowder, secretary, reported membership totals at the present time as 2342 individuals and 87 businesses. Arrangements are being made for a continuing display in a prominent location downtown where layout plans for the library, Butler Park and other projects will be on display.

EOKA Men Kill Greek Cypriot

NICOSIA (AP) — Two masked EOKA gunmen stalked into a coffee shop Thursday and in a wild shooting episode killed one Greek Cypriot and wounded four other men.

One of the wounded was the target of an attack three months ago. The shooting took place in late afternoon in the village of Triko, near the east coast.

It followed the recent pattern of reprisal slayings by EOKA against their fellow countrymen whom the underground has marked as "traitors."

The killing raised to 153 the total deaths since the start of the EOKA campaign of violence for union with Greece 18 months ago. Of these, 52 were Britons and 84 Greek Cypriots. The rest were various nationalities including 12 Turkish Cypriots.

First of the great Arctic explorers was John Davis of England, who reached west Greenland in 1587.

Big Growth in Concert Series Movement in British Columbia

The concert series movement in the smaller urban centres of British Columbia is growing by leaps and bounds.

Very definite evidence of this was given in Nelson Thursday by George Zukerman of Vancouver, executive director of Overture Concert Association.

He visited Nelson in connection with the current week-long campaign for memberships in the 1956-57 season of the Nelson Association. More than 20 canvassers are hoping to sell more than 500 tickets.

Nelson, genial Mr. Zukerman points out, was a "pioneer" in the venture in this province with its initial series last winter.

From the lone start of Nelson last season, Overture Concert Association has now extended its scope to Revelstoke, Oliver, White Rock, Salmon Arm, Williams Lake, Quesnel, Terrace, Kitimat, Gibson's-Sechelt, Grand Forks and Prince Albert, Sask.

Mr. Zukerman had just come to Nelson after helping Grand Forks to organize its association.

If Nelson meets its objective of 500 members, it will be one of the most strongly supported associations of the group. Kitimat, where about 350 subscriptions were expected, excelled itself by a membership of 700.

Each town, Mr. Zukerman points out, will select artists of its own choice, according to its purse. The central association, of which he is executive director, acts as representative for the communities in negotiations for all and any artists.

"Already," he says, "I'm lining up the 1957-58 season. The earlier one plans, the better the bookings."

While Overture Concert Association engages a number of Canadian artists, the predilection is by no means exclusive. Many fine United States artists will be coming this season.

"Overture Concerts present a wonderful opportunity for musical enjoyment in the B.C. centres," Mr. Zukerman enthuses. "It is something which will grow in importance each year."

All in all, he expects a total of between 5000 and 6000 listeners in B.C. in the coming season.

Russians Trounce Swedish Hoopsters

BOLOGNA, Italy (AP) — Russia's basketball team trounced Sweden 114-30 Wednesday night in the West's first glimpse of the cage power the Russians will take to Melbourne for the Olympic Games.

The triumph was scored without the use of Vasily Akhtayev, the Russians' seven-foot, six-inch centre who has been labelled a hindrance rather than an asset by some basketball critics.

New FAO MEMBERS

ROME (AP) — Two newly independent African Arab countries, the Empire of Morocco and the Republic of the Sudan, were admitted to full membership on Thursday in the United Nations Food and Agricultural Organizations.

They raised the count of FAO members to 74.

ARCHAEOLOGIST DIES

LONDON (Reuters) — Prof. John Garstang, one of Britain's leading archaeologists who unearthed an 8000-year-old village which Arabs believe is the site of the Garden of Eden, died in Beirut on Wednesday, it was learned here Thursday.

Garstang, 80, was returning to Britain from a vacation cruise and had recently been ill.

Arms to Iraq

BAGHDAD (AP) — —A defence ministry spokesman said Thursday heavy military equipment is expected to arrive in Iraq next month. Part was purchased by the defence ministry and the rest was supplied under American military aid, he said.

Probe Church Fire

MANSEAU, Que. (CP) — Fire Thursday destroyed the Roman Catholic Church in this quiet little Nicolet country community and the suddenness of the outbreak led provincial police to launch an investigation. Sacristan Armand Antil told police he had made a tour of the church at 11:30 a.m. The fire was discovered 15 minutes later and was burning so fiercely nothing could be saved.

Voters Dissatisfied With Socred Regime, LPP Candidate Asserts

"Many former supporters of Social Credit are not going to vote Social Credit on September 19," says Tom Mountford, LPP candidate for Nelson-Creston. Mr. Mountford said he has come to his conclusion after numerous discussions with Nelson electors while visiting with them in their homes.

Mr. Mountford continued: "Naturally, most people did not tell me how they were going to vote, but the majority of voters with whom I discussed the issues of the elections with were very much of the opinion that Social Credit should not be returned to office. This feeling was expressed more strongly by those who claimed they had voted for the Socreds in the last election. My opinions of the outcome of the elections were not formed by talking only to supporters of the LPP but mainly as a result of talks I had with people who were total strangers to me."

Mr. Mountford, who had spent four days electioneering in Nelson, returned to the Creston end of the riding Thursday morning. He said the strongest criticisms of Premier Bennett's government centred around the government's forest policy as well as its favoritism to American big business interests as shown in the proposed Columbia River deal with the Kaiser interests. He said he also found a surprising amount of indignation over what many electors termed "Bennett's attempt to buy their vote for a $28 tax payment."

The LPP candidate claimed that every voter he met in Nelson was extremely critical of the premier's refusal to proceed with the Sommers case before he called an election. Mr. Mountford said "rightly or wrongly they feel that once the election is over the whole business will be hushed up. They feel that this is the reason the snap election was called."

Election Highlights

VANCOUVER (CP) — Spokesmen for the five parties contesting British Columbia's Sept. 19 provincial election were asked whether they favor abolition of the ex-parte injunction in labor disputes.

This is how they replied:

CCF leader Robert Strachan and Labor-Progressive (Communist) party chief Nigel Morgan — yes; labor minister Lyle Wicks and Progressive Conservative campaign manager Gowan Guest — no; Liberal leader Arthur Laing — the Labor Relations Act should be amended to provide that an injunction cannot be issued without "special" leave of the court.

SURREY, B.C. (CP) — Speaker of the House Tom Irwin told a meeting of ratepayers here that "we do not claim to have created the prosperity of this great province.

"We claim to have set up the facilities so that the people of B.C. may benefit from the boom."

Mr. Irwin, who is again seeking election in the Delta riding, displayed a newspaper advertisement by Chief Electoral Officer F. Hurley stating "you may vote for only one candidate on the ballot. You simply mark an X with lead pencil opposite the name of the candidate of your choice. Do not use figures 1 2 3 4 etc. or your ballot will be rejected."

This is absolutely wrong, Mr. Irwin said.

"Section 79, Sub Section 1 of the Elections Act states you may vote for as many candidates as you wish so long as you do not vote for more candidates than are to be elected in the riding," he said.

VANCOUVER (CP)—Highways Minister P. A. Gaglardi challenged a meeting here to question him on the Sommers-Sturdy case but there were no askers.

Mr. Gaglardi addressed two meetings, supporting Social Credit candidate in Vancouver Centre and Vancouver East.

After receiving no questions on the Sommers-Sturdy issue Mr. Gaglardi said:

"This is an honest government; if it wasn't I wouldn't be with it. After all I have to face God one day."

He suggested that no Liberal government could undergo the close scrutiny the Social Credit government in Alberta was subjected to after the last Alberta election.

At both meetihgs, the highways minister criticized the Press.

"People have been calling me all day saying they know Social Credit candidates are addressing meetings but they don't see it in the papers. You have to come out and commit mayhem, smear someone or call them crooks."

Mr. Gaglardi said he would not tear down other people's integrity to get his name in the paper.

He heckled reporters telling them not to take notes as their stories would not be published.

FORT ST. JOHN, B.C. (CP) — They do things differently in Peace River North riding where an air of graciousness threatens to dominate the election.

Philip F. Tompkins, fiery veteran of the First World War, started it when he pledged support, and that of his many followers, to Margaret L. Murray running as an independent after she was spurned by the Social Credit movement.

Mr. Tompkins wrote a formal letter pledging support after he himself had been turned down by the Social Credit nominating convention.

Meantime Mrs. Vera W. Loucks, CCF candidate, has taken to campaigning with a copy of her recently-published poems under her arm. The volume was printed by rival candidate Mrs. Murray, who runs a newspaper.

Social Credit nominee H. E. Roche owns a string of trotting horses and vows the result of the election is as unpredictable as a horse race.

BURNABY, B.C. (CP) — The chairman of a Social Credit campaign meeting that was reported to have turned into a shouting match denied Thursday there had been any disturbance.

Ed Trotter, who was reported to have been heckled so badly that he had to shout to be heard, said there was no disturbance at what he termed "a perfect meeting."

There was a question period during which he said he was never in trouble at any time. He said he was happy to have persons among the 300 present ask the questions they did.

Earlier reports said Mr. Trotter ended the uproar by calling for the singing of "God Save the Queen."

"The only reason we played it at that time was that we had to be out of the school building at 10 o'clock," he said.

Speakers at the meeting were William Philps and Ken Hoffman, Social Credit candidates in the two-member riding of Delta in the Sept. 19 provincial election.

VICTORIA (CP) — Premier Bennett says the government wanted a new mandate to set up new departments and to appoint additional cabinet ministers to keep pace with the growth of the province.

Speaking at a Social Credit rally, the premier said he could not say what the new departments would be.

He also said the government needed a wider choice of members from which to select "good cabinet material."

He gave as reasons for calling the election Sept. 19: a desire for public confidence to pass the $28 homeowners tax rebate; repeated election queries by the "highly intelligent men who work in the press gallery," making it clear an election campaign was already under way; to make further progressive changes in the government of the province.

The addition of four additional seats in the house, bringing the total to 52, including "two important" seats in the Peace River, "which is worth billions of dollars to B.C."

LIGHTS DIM OUT

Mr. Bennett was at the peak of his fighting form when the lights in the theatre flickered and went out. Only a dim glow remained.

Ald. Don Smith, candidate in Victoria, took over from the premier and led the audience in community singing while B.C. Electric Co. crews replaced a burned-out transformer.

In the middle of the blackout a group of city policemen rushed into the theatre "to prevent panic." An elderly woman was assisted from the theatre.

A Socred candidate on the stage kept a flashlight on a portrait of the premier while the lights were out.

Air Commodore Dies

PETERBOROUGH, Ont. (CP)—Air Commodore Geoffrey Stuart O'Brian, retired, flier in both world wars and former director of cadet training for Ontario, died here Wednesday. He was 61. Early in the Second World War he commanded the first British Commonwealth Training Plan unit, later commanding a flying training school at Hagersville, Ont.

PGE Superintendent Resigns Office

VANCOUVER (CP) — David J. Patterson, superintendent of the Pacific Great Eastern Railway for two years, said today he handed in his resignation last Friday and it will take effect Sept. 21.

The 58-year-old former Canadian National Railways employee said he resigned "because of old age." He said he will take a holiday before looking for another job.

He would not say whether his resignation was connected with reports of strife within the staff of the publicly-owned railway, which has been expanded in recent years.

Keeping His Word

NEWPORT, R.I. (AP) — A man who was born in Scotland, had a Welsh name, and became an American naval hero, John Paul Jones, made a promise to the people of Kirkcudbright, Scotland, which was recently fulfilled. Jones promised he would restore to the Scottish town silver looted by his men in 1778 when they raided the area. U.S. Destroyer John Paul Jones last week delivered a silver tray to Kirkcudbright officials.

Seek Treasure In Great Lakes

HAMILTON (CP)—There's gold in them thar *Great Lakes*—or so a group of skin-diving enthusiasts believe. They aim to prove their theory by searching the murky bottom of Lake Erie for shipwrecks.

The members of the Hamilton Sub-Mariners Club are first going after a $120,000 cargo of gold believed aboard the steam packet Clarion which went down with all hands nearly 47 years ago. She sank somewhere off Point Pelee in Lake Erie.

The $120,000 in gold is small stuff compared with the total wealth lying on the bottom of the Great Lakes, said Bob Peters, secretary of the sub-mariners. He estimates the sunken caches as *"worth millions of dollars"* to those who find them.

Members of the club are being aided in their first hunt by Bill Eastman, a Dundas resident whose *hobby is collecting data on Great* Lakes shipwrecks.

He volunteered to supply charts and information about the Clarion's probable position. Mr. Eastman said he believes "there is more sunken treasure in the Great Lakes than there are people interested in looking for it."

During a four-day storm in 1913 he said, 43 ships sank and in 1916 a one-day storm sent 21 craft to the bottom.

Records show that the Clarion, a package freighter connecting points on the Pennsylvania Railroad System, was on her last seasonal trip when she foundered Dec. 12, 1909. A crew of 32, a cargo of flour and $120,000 in gold were lost.

The sub-mariners were formed last February and plan to start looking . . . where?

That's a secret in the tight-lipped tradition of all treasure hunters.

French-Speaking Doctors Meet At Jasper

EDMONTON (CP) — More than 265 doctors and wives from eastern Canada and the Atlantic seaboard of the United States stopped here for several hours Thursday on their way to Jasper for the 26th meeting of the Association of French-Speaking Physicians of Canada this weekend.

They were greeted at the station by the Alberta minister of economic affairs, A. R. Patrick, Dr. Andrew Stewart, president of the University of Alberta, and Dr. L. P. Mousseau of Edmonton, chairman of the conference.

Dr. Mousseau said the choice of Jasper as a site for the conference was a "gesture of good-will towards the English - speaking provinces." The western trip will bring "closer co - operation between English and French-speaking doctors."

Bonner Honored By Fire Chiefs

VANCOUVER (CP)—Attorney-General Robert Bonner of British Columbia and Mayor Fred Hume of Vancouver have been made honorary members of the Canadian Association of Fire Chiefs and the Vancouver fire department at the association's annual meeting here.

Mr. Bonner told the chiefs that persons in their service realize there is a new role they must prepare for in the event of international trouble.

"The first shock of civil defence as it affects lives and property would not only be taken by civil defence personnel but by the services represented here."

He said the national security of Canada depends on the fire chiefs and their men.

The chiefs showered gifts on Vancouver Fire Chief Hugh S. Bird, their newly-elected president, and his wife.

The chief told some 250 delegates that when he was married 25 years ago he could only afford an $11 engagement ring, so he asked the annual gift to the host chief be a diamond ring for his wife. It was.

However, the chief received several other gifts including a white Stetson from Calgary.

Buried Six Hours

PETERBOROUGH, Ont. (CP) — Uranium miner Basil O'Grady, 48, was rescued Thursday after being buried in tons of underground work for six hours at the Bicroft Mines, 60 miles north of here. He suffered only a cracked rib and bruises.

There are 220 miles of electric wiring and 30 miles of piping in the liner Empress of Britain.

These days most people work under pressure, worry more, sleep less. This strain on body and brain makes physical fitness easier to lose—harder to regain. Today's tense living, lowered resistance, overwork, worry—any of these may affect normal kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest, that "tired-out" heavy-headed feeling often follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Ask for Dodd's Kidney Pills at any drug counter. 53

The Dickens you say...

Maybe Charles Dickens was gazing into a crystal — or aluminum — ball when he made this prediction a century ago about a strange new metal called aluminum. He wrote:

"What do you think of metal as white as silver, as unalterable as gold, as easily melted as copper, as tough as iron? . . . In proportion as the cheap production of aluminum becomes more and more an established fact, the more we shall find it entering into household uses — for travelling purposes, for instance, for which its lightness is no small merit."

Very good, Charles — especially that bit about cheap production. That day has arrived, as Alcan's vast production and world sales prove.

Five Players, Both Teams Fined for Football Brawl

WINNIPEG, (CP) — Commissioner G. Sydney Halter of the Western Interprovincial Football Union announced Thursday that both clubs and four players have been fined as a result of a fourth-quarter fracas bere Monday night in a game between Saskatchewan Roughriders and Winnipeg Blue Bombers. A fifth player also was fined for an earlier alternation.

The Winnipeg club was assessed $200 for permitting bench players and members of the coaching staff to rush out on the field during the melee. The Saskatchewan club was fined $100 for a similar offence.

Four players ejected for their part in the skirmish were fined $25 a piece. They were Paul Anderson and Mel Beckett of Riders and Ron Kelly and Steve Patrick of Bombers.

Tackle Martin Ruby of Saskatchewan was fined $50 for rough play earlier in the second half.

Large Argentine Promises to Beat James J. Parker

VANCOUVER (CP) — Edgardo Romero says he will lick Canada's heavyweight champion James J. Parker here next Thursday if he doesn't catch cold.

Romero, a 240-pound Argentine, claimed on his arrival here Wednesday from San Francisco that it was a cold that floored him the first time he met the Brantford, Ont., fighter in New York three years ago.

The six-foot-one Romero is on a 30-day leave from the United States Army base at Ford Ord, Calif. His enlistment expires in December.

Romero, who lost his first fight against Parker by a decision, said his wife, a San Francisco night club entertainer whom he married in June, will be here to see him win this time.

PRO RANKS LOSE POWELL TO KELOWNA

KELOWNA (CP) — Ray Powell, high scoring centreman of the Quebec Aces in the Quebec Hockey League, has quit professional hockey, He said Thursday.

Powell made the decision after being offered an attractive position with a Freight Company at this interior British Columbia city.

The six-foot, 170-pound centre broke into professional hockey in 1943 with Pittsburgh. He played 31 games with Chicago of the National Hockey League in the 1950-51 season. He scored seven goals and 15 assists for 22 points.

Powell set a U.S. hockey league record in 1949-50 when he cored 48 goals and 58 assists with Kansas in a 61-game season. In 1951-52 season Powell set an American League record when he scored 35 goals and 52 assists with Providence. That season he was named first all-star centreman of the league.

RUSS OLYMPIANS WORKING OUT IN CLOSED STADIA

VANCOUVER (CP) — Russian Olympic athletes are working out in enclosed stadia at temperatures they will encounter in Australia in November and December, Australian sports promoter Ted Waterford said here.

Waterford, on his way home after publicizing the Olympic Games to be held in Melbourne during the Australian Summer, said the Russians "will be completely acclimatized before they go."

He said Melbourne will put over the Olympics in spectacular fashion, with beautifully - prepared facilities only a mile from the downtown area.

Waterford said he would like to see Olympics with professionals and amateurs mixed. He said there are pros and amateurs on the same cards in Australia, where he runs "the biggest cycling races in the world."

Lions Certain To Pad Rivals' Bank Accounts

VANCOUVER (CP) — B.C. Lions will undoubtedly pay the maximum amount of $15,000 into the Western Interprovincial Football Union treasury this fall to help WIFU clubs with smaller gate receipts, Lions general manager Phil Webb said Wednesday.

In three league games this season, attendance for Lions' game here averaged 29,312 compared with 25,150 in eight home games last season.

Under the new share-the-wealth arrangement the league is experimenting with, the league's average attendance will be computed at the end of this season. Each club will contribute 25 cents for each admission over the average. Clubs drawing less than the average will receive 25 cents for every customer they are under.

The maximum a club will shell out is $15,000.

On last year's attendance, it was estimated Lions would have paid out $14,700 and Edmonton and Winnipeg about $100 each. Saskatchewan Roughriders would have received $7000 and Calgary $8000.

Pennell Assigned To Vancouver

VANCOUVER (CP) — Centre Gordie Pennell was asisgned to Vancouver Canucks of the Western Hockey League Wednesday following a National Hockey League deal between New York and Chicago.

Pennell and Jim Conacher changed clubs. Pennell went to the Rangers and was placed on the Canuck roster for the 1956-57 season.

Last season Pennell wound up regular WHL play with only one goal and 11 assists but got four points in the playoffs.

BACKFIELDERS JOIN STAMP CAMP

CALGARY (CP) — Don Bailey and Jerry Musetti, reinforcements badly needed by Calgary Stampeders football club, arrived by plane Wednesday night.

Bailey, former Penn State quarterback, put in brief stints with Hamilton and Ottawa of the Big Four last year. He has been showing up well at the Washington Redskins camp this season.

Musetti, a halfback from Michigan State, was one of the last cuts of the Washington squad.

Sugar Bowl Hoop Tournament Assured

NEW ORLEANS (AP) — The Sugar Bowl announced Thursday it would stage a 1956 basketball tournament despite the withdrawal of three teams because of Louisiana's ban on inter-racial athletics.

Houston, Alabama and Virginia Tech will replace the teams. The fourth team will be Kentucky.

After the Louisiana legislature passed a law prohibiting athletic contests involving Negroes and whites, St. Louis, Dayton and Notre Dame left the tournament.

Tie Games Taboo In Coming Season

All Western International Hockey League contests will be played to a decision during the 1956-57 season, it was decided at a league meeting in Nelson Wednesday evening.

League President Joe Vingo said Thursday that such a plan was a good one. "Having seen Kimberley's final game of the season here last year when the teams received permission to play a sudden-death overtime period, I think that was the most exciting hockey we had all year," Joe said.

He also commented upon the co-operation shown by all teams as the league stated its intention of having a special night set aside for hockey in each WIHL town.

Nelson is scheduled for 16 Saturday dates at home, seven Wednesdays and one Tuesday. The Tuesday date is the annual New Year's Day game that has attracted considerable attention throughout this area every year.

Referring again to the overtime sudden-death idea, the president said the sudden-death period would begin immediately after a 10-minute rest at conclusion of the third period. "And," he added, "the game will continue until somebody scores. But no period will exceed 20 minutes in length."

At conclusion of the regular meeting, a meeting of the president and vice-presidents was held to discuss the possibility of neutral referees for the coming season.

Although it is definite that neutral referees will be used, Dr. Vingo said he was not yet certain who they would be.

JUVENILES TO MEET

Gary Allbright, recently-appointed sports director of CKLN, said Thursday night that an unofficial gathering of all youngsters interested in playing juvenile hockey this season would be held tonight at the radio station.

CLARIFY HOCKEY SETUP AFTER LEAGUE MEETING

Schedule difficulties having been ironed out at a closed meeting Wednesday night at which each of the four Western International Hockey League centres was represented, Nelson Maple Leaf executive member Norman Stibbs announced Thursday evening that Nelson will be represented in WIHL competition during the 1956-57 season.

Stibbs said the requested addition of one home game in February, for which Leafs yielded an earlier date, had assured the entrance of Nelson, promising a four-team league.

Although he was in no position to name the man most likely to coach Nelson this year, he stated that Ed Kryzanowski would not handle the job.

HELP COMING

Kryzanowski, formerly with the Boston Bruins of the National Hockey League and Providence Reds of the American Hockey League, was recommended by Harold (Baldy) Cotton, Boston's chief scout.

Stibbs added that Nelson will have a five-man executive working on the problem of keeping senior hockey in Nelson this year. It is generally known that Jack MacMillan, Fred Lipsack and George Benwell have assisted Stibbs up to now. The fifth member's identity will remain unknown until early next week.

It is hope, Stibbs said, that information regarding the likely playing coach will be forthcoming about the same time.

In correspondence with Kryzanowski, Stibbs was told that the Fort Frances, Ont., native had recently accepted a position as physical education instructor at Atikokan, near Fort Frances.

Stibbs said his return letter had left the door partially ajar for negotiations, if necessary, for next year.

Cotton said he would be pleased to direct prospects in this direction, with the understanding that his commitments to Boston and the Boston chain came first.

Further information can be expected after Lipsack's return from Vancouver, Stibbs concluded.

Aussie Hoad Wins Singles, Splits Doubles

TORONTO (CP) — Lew Hoad of Australia Thursday defeated Sven Davidson of Sweden, 6-3, 4-6, 6-4, 6-1, in the international invitation tennis tournament.

Hoad then teamed with Hugh Stewart of Pasadena, Calif., to defeat Davidson and Luis Ayala, of Chili, 7-5, 6-3, 4-6, 6-1, to win the men's doubles.

In the Hoad - Davidson match, Hoad broke Davidson's service 10 times while his own was broken on eight occasions in a match that produced 13 deuce games.

The 28-year-old Davidson, beaten by Hoad in the finals of the French title, couldn't cope with the Australian's lob shots.

SPLITS OPPONENTS

In the doubles match, Hoad split Ayala and Davidson frequently as he fired volleys between them that neither could reach.

In the first two sets Ayala and Davidson had play tied 3-3 but both times their opponents pressed on to win.

Ayala and Davidson again tied 3-3 in third set, but this time they grabbed service breaks, held their own and won. Ayala won a love game with his cannonball service.

Peterborough Petes Enter Senior Final

HAMILTON (CP) — Peterborough's high - plying Trailermen Thursday night qualified for the Canadian senior lacrosse finals for the sixth straight time when they defeated Hamilton Burners 14-12 in the sixth game of the best-of-seven eastern Canada finals.

The Trailermen lacked the services of their playing coach, Ike Hildebrand, and forward Denny Peterson was missing from the Hamilton lineup.

Easterners Sweep Boxla Semi-Final

WINNIPEG (CP) — Paced by John Coleman, who fired three goals and collected two assists, Brampton Excelsiors roared from behind to edge Manitoba All-Stars 10-8 Thursday night and take the best-of-three Canadian junior lacrosse semi-finals in successive games.

Brampton won the first game Tuesday 8-6. The Ontario team will play Vancouver Mount Pleasant Legion at Vancouver Tuesday in the first game of a best-of-seven final series.

WINNIPEG GERMANIAS TOP TORONTONIANS

WINNIPEG (CP)—Winnipeg Germanias defeated Toronto Thistles 4-1 Thursday night in a sudden-death Canadian soccer semi-final game which turned into a fracas in the last 15 minutes when a Toronto player slugged and kicked the referee.

The game was a replay as a result of an overtime 5-5 tie Wednesday night. Germanias now move into the sudden-death final against Vancouver Halecos at Vancouver Saturday.

Outside right Jack McKinnon of Toronto went berserk when referee Hubert Huizinga sent teammate Freddy Gear out of the game for name-calling.

Youthful Golfer Registers Eagle

Walt Apostoliuk slammed a perfect tee shot into the cup on the fifth green at Nelson Golf and Country Club Wednesday night. But even the hole-in-one was not sufficient to pull Walt even with par figures over the par-33, nine-hole course.

Playing with Harold (Baldy) Mayo, Walt circled the course in 37, four over par. Others witnessing the shot were Don McLennan and a visitor, R. W. Bartlett.

Only two other eagles have been collected on the 178-yard fifth. George Barefoot did it in 1954 and Leo Atwell, this year's president, duplicated the feat last year.

Apostoliuk hit the drive with a six-iron.

New York Rovers Sign Player-Coach

NEW YORK (CP) — Doug Adam, high scoring left - winger from New Westminster, of the Western Hockey League, has been appointed player-coach of New York Rovers.

Now 33, Adam set the WHL record for most goals in a season, 53, while with Tacoma in 1949-1950.

YOUTHFUL CANADIAN ENTERS SEMIS AT U.S. AMATEUR

LAKE FOREST, Ill. (AP) — Toronto's Gerry Magee Thursday reached the semi-finals of the United States amateur golf championship in pursuit of a crown Canada last held nearly a quarter of a century ago.

The surprising young car salesman came from behind twice in the quarter-finals for a 2-and-1 win over Ted Gleichmann of Ventura, Calif. Gleichmann three-putted three greens on the front nine and lost the match on the short 17th where he missed the green and then pitched over.

Magee's real test comes today when he tees off with Charles (Chuck) Kocsis of Royal Oak, Mich., in the 36-hole semi-finals. Kocsis is nearly twice Magee's age—43 to 22—and is playing in his 14th national.

GIANT-KILLER

But the youthful Torontonian, runner-up to Moe Norman of Kitchener, Ont., in this year's Canadian Amateur, already has done his share of giant-killing in this tournament.

He disposed of Hillman Robbins and Walker Cup ace Don Cherry in earlier rounds, then edged the formidable Neil Croonquist of Minneapolis 1 up in Thursday morning's fifth round.

Overwhelming tournament favorite is defending champion Harvie Ward, Jr., of San Francisco, seeking to become the first man to put two U.S. amateur titles back-to-back since Lawson Little did it in 1934 and 1935. Magee's hopes are for the first Canadian victory since 1932, when Ross (Sandy) Somerville of London, Ont., won in Baltimore.

Ward pinpointed his shots in the teeth of gusty, 25-mile-an-hour winds over the Knollwood Club course to enter the semi-final round against Joe Campbell, a flaxen-haired all-round athlete from Purdue University.

Ward, firing sub-par golf after faulty putting gave him one over pars on the first two holes, eliminated Arnold Blum of Macon, Ga., 3 and 2. Campbell put out Sargio Fontanini of Des Moines 2 and 1.

Spahn Wins 200th as Braves Sweep Twin-Bill From Phillies

By The Associated Press

Milwaukee's clutch - hitting Braves jumped two full games ahead in the National League pennant race Thursday, sweeping a two - night doubleheader from Philadelphia—winning 3-2 in 13 innings and 4-3 in 12—while Brooklyn's second place Dodgers were idle.

Third-place Cincinnati defeated Pittsburgh 5-4, but fell 3½ games behind.

Southpaw Warren Spahn, who doubled home the first two runs, gained his 200th major league victory in the nightcap for the Braves after giving up home runs to Jim Greengrass, Andy Seminick and Ted Kazanski in a battle with Robin Roberts.

AARON SPARKS BRAVES

Hank Aaron drove home four runs for the night, driving in the winning markers in both games. His 25th home run broke a 2-all tie in the nightcap 11th, and after Kazanski's shot tied it again, Henry lofted a bases-loaded sacrifice fly to get the job done in the 12th.

Two walks by Ben Flowers, relieving Roberts to start the 12th, and one by Curt Simmons set up Aaaron's clincher.

In the opener, Henry doubled home one run as the Braves, held to one hit for six frames by loser Jack Meyer, counted two for a seventh-inning tie. Then after Danny O'Connell was hit by a pitch, Aaron tripled him home to win it in the 13th. Taylor Phillips won in relief of Bob Trowbridge.

The Redlegs scored twice with the help of George Crowe's pinch home run to tie the Bucs 3-all in the seventh, then overcame a 4-3 deficit with two in the ninth. Roy McMillan doubled and scored the tying run on Ray Jablonski's pinch single. Then Gus Bell doubled and Frank Robinson singled to bring Jabbo across with the winning marker. Frank Thomas' 22nd home run broke the 3-3 tie for Pittsburgh in the seventh.

St. Louis snacked New York 5-0 in the only other NL game.

In the American, New York's first-place Yankees, riding in on Mickey Mantle's first September home run, reduced their "magic number" to five for a pennant clinch and Chicago's Billy Pierce became the league's first 20-game winner since 1954.

RED WINGS SIGN FOUR

SAULT STE. MARIE, Mich. (CP) — Centre Alex Delvecchio, wingmen Lorne Ferguson and Marty Pavelich and defenceman Marcel Pronovost Thursday signed their 1956-57 hockey contracts with Detroit Red Wings.

The National Hockey League club now has signed eight men from last year's squad.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

PUBLIC NOTICES

NOTICE OF TENDER

Sealed tenders addressed to the undersigned and endorsed "Tender for the Construction of a Customs Office, Residence, single garage and other related work at Roosville, B.C." will be received until 3:00 p.m., Friday, October 5th, 1956.

Plans, specifications and forms of tender may be obtained upon request from the Chief of Accommodation Branch, Customs and Excise Division, Department of National Revenue, Ottawa.

Tenders will not be considered unless made on these forms and in accordance with the conditions set forth therein.

Each tender must be accompanied by a certified cheque on a chartered bank in Canada payable to the Receiver General of Canada as specified in the form of tender for 10% of the amount of the tender.

The Department, through the Chief of Accommodation, will supply blueprints and specifications of the work on a deposit of the sum of $10.00 in the form of a certified cheque payable to the order of the Receiver General of Canada. The deposit will be released on return of the blueprints and specifications within a month from the date of reception of tenders. If plans and specifications are not returned within that period, the deposit will be forfeited.

D. Sim,
Deputy Minister.

TRAIL ACID PLANT STILL FREE OF ACCIDENTS

TRAIL — Cominco's nitric acid plant employees at Trail completed their eleventh accident-free year of operation in August. The period represents nearly half-a-million man-hours of work. While establishing their record they have produced more than three-quarters of a million tons of nitric acid for Cominco's chemical fertilizer processes.

Although other Cominco plants employing more men have chalked up a greater number of man-hours worked without a lost time accident, none has operated accident-free for so long a period.

The paint shop at the Sullivan concentrator at Kimberley is not classed as an operating plant, but its employees have recorded 21 years without a lost time accident.

United Church Elects Moderator

WINDSOR, Ont. (CP)—Rt. Rev. Dr. James Thomson, elected Wednesday night as moderator of the United Church of Canada, isn't afraid of ambitious schemes.

Immediately after his election to the two-year office, he confided he would like to see all Christian peoples united. But his immediate aim and the task of the United Church, he said, is to minister to the people of Canada.

Dr. Thomson was elected on the fifth ballot after a 90-minute election fight.
