B.C. To Complete Highway By 1960

Completion By Deadline Promised By Gaglardi; Project a "Triumph Of Imagination over Engineering"

SPENCES BRIDGE, B.C. (CP) — Highways Minister Gaglardi ended his tour of the Fraser Canyon stretch of the Trans-Canada Highway Thursday and promised it will be completed by the 1960 deadline.

The minister, who made a two-day tour of the 160-mile section from Vancouver, eating in construction cookhouses and examining latest work, said the project is a "triumph of imagination over engineering." He flew on to look over his department's projects north of Kamloops.

More than $80,000,000 already has been spent on the B.C. section of the highway, which ultimately will stretch 557 miles from Vancouver to the Alberta border and cost about $167,000,000, the minister said.

During the tour he decided to end regular two-hour closure of the road at Tank Creek after hearing complaints from tourist operators that it has damaged their trade. He said the traveller is generally "getting through satisfactorily."

Mr. Gaglardi expressed satisfaction with progress of contracts except at Hope, Tank Creek and Spences Bridge where he said the surfaces were poor and there had been delays.

He said the two-mile section at Siska, completed two years ago, has become "a mess". He commended construction of two walls which have pushed the Fraser River 10 feet back from the old road. The walls, of concrete and steel, cost $1,000,000 each.

Of projects yet to be completed he mentioned two tunnels, 450 and 900 feet long, the new $4,000,000 Alexandria Bridge, filling-in of the Styoma Creek gorge and spans at Nine Mile Creek and Siska Creek.

He said the whole project will be completed "without borrowing a penny." It is being paid for half by the federal government and half out of provincial revenue except for a 10-mile stretch 90 per cent of which will be paid for by federal funds, he said.

Sloan Commission Completes Inquiry

VICTORIA (CP) — Chief Justice Gordon Sloan has completed his report on the Royal Commission inquiry into the B.C. forest industry.

Officials of the Queen's Printers said today all type has been set and printing will start Monday. It is expected to be completed in six or seven weeks.

The Chief Justice, who heard 8,000,000 words of evidence during the 18-month hearing, has been turning the manuscript over to the printers progressively.

The complete report will be 900 pages long, and will be printed in two volumes. Five thousand copies will be printed.

Trade Delegation

PEIPING (Reuters) — Trade Minister Yeh Chi Chuang has agreed to allow a British trade delegation to come to China, a spokesman said Friday. No date has been announced for the visit.

So He'll Try The Air Force

VANCOUVER (CP) — A former police inspector who once commanded an outpost in the Mau Mau country of Kenya, South Africa, is three inches too short for the city's police force.

Joe Wittin, 24, a native of Birmingham, England, came here in 1956. He now is working as a salesman.

Wittin is 5 feet 6 inches tall, three inches short of the city limit.

Now, he said Friday, he's considering joining the RCAF.

Rare Whooping Cranes Raising Families

OTTAWA (CP)—Three young couples are raising their young in the wilds of Wood Buffalo Park, unaware that the world is watching.

The couples are whooping cranes—one of the rarest birds in existence—and they have hatched three chicks.

The births, announced gleefully Friday by the Canadian Wildlife Service, bring the population of the whoopers to 31, the highest it's been since 1951.

The rust-brown chicks were first spotted by federal biologist Nick Novakowski of Fort Smith, N.W.T., from a government plane flying 500 feet above the inaccessible nesting grounds.

SEVEN ADULTS SEEN

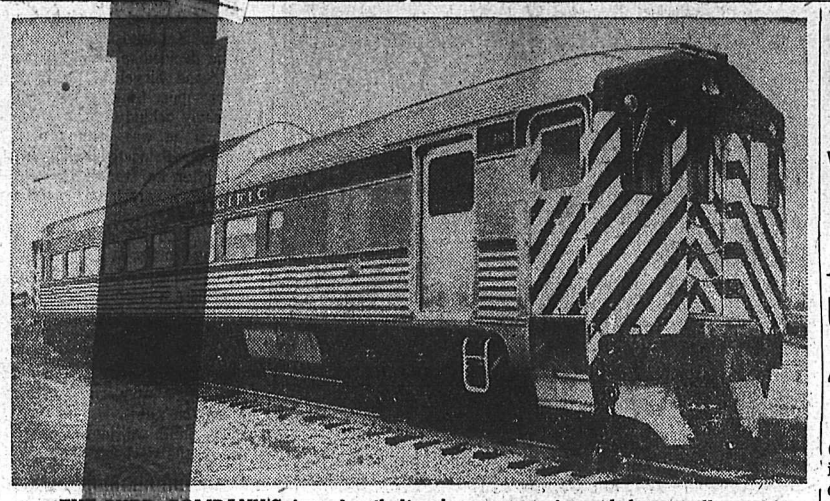
Novakowski said he spotted seven adult birds with the chicks. The odd bird seemed to be alone.

Officials said one chick probably came from each of the three couples because whoopers rarely have twins.

The nesting area in the park is in a 17,000-square-mile sanctuary straddling the boundary of northern Alberta and the Northwest Territories.

Meanwhile, in an attempt to increase the population of the rare bird—in danger of extinction—two other chicks are being reared in captivity in New Orleans Audubon Park.

There were 28 whoopers in 1956, 21 in 1955, 24 in 1954, 21 in 1953, 25 in 1952, 31 in 1951, 34 in 1950 and 30 in 1949.



THE BUDD COMPANY'S famed rail diesel cars as pictured here will go into service on the Canadian Pacific Railway Kettle Valley line between Vancouver and Medicine Hat, Alta., cutting the present running time by six hours; by approximately 2½ hours between Vancouver and Penticton and about six hours between Vancouver and Nelson. The "Dayliner" type trains will seat 71 passengers, have a 14-foot baggage compartment, and separate toilet facilities. Air-conditioned, with reclining swivel seats, the rapid deceleration and acceleration has made the new CPR trains popular in other parts of Canada and will provide better all-round service for this area, CPR officials state.

500 B.C. Nurses Threaten Strike

By MARTIN TAYLOR
Canadian Press Staff Writer

VANCOUVER (CP) — Almost 500 British Columbia nurses are threatening to stop work in Canada's first official nursing strike.

On Monday 53 nurses at Penticton are due to stage the first of three threatened walkouts called in protest against refusal of hospital to grant wage increases approved by conciliation boards. The hospitals say they do not receive enough money from the provincial government to pay the increases.

At New Westminster 215 nurses employed by the Royal Columbian Hospital are to go on strike July 30. And 230 nurses at Vancouver's St. Paul's Hospital will hold an official strike vote Monday.

The nurses have promised to maintain emergency services if the strikes take place. A small staff would be on duty for maternity, urgent surgery and accident cases and other nurses would be on call to augment it. New patients for non-urgent operations would not be accepted.

Miss Evelyn Hood, personnel services director of the B.C. Registered Nurses Association, said Friday the main point at issue is whether arbitration recommendations should be made binding on hospitals.

Even though nurses agree to abide by the decision of a conciliation board, the hospitals can ignore them, she said.

"Nurses are not the sort of people who like to go on strike. But we should lose all the ground we have covered if we did not demand what has been recommended."

Nurses' pay in B.C., at $230 to $252 a month, is higher than in most provinces but lower than that of many untrained hospital orderlies and many commercial stenographers and other office workers, she said.

SEEK $275 MINIMUM

The Association seeks a montly minimum of $275. It says teachers with the same length of training receive $300 minimum.

To Set New Election Date

QUEBEC (CP) — The provincial government will set a new election date for the Montreal suburb of Ste. Genevive where a municipal election was cancelled after all the ballots vanished.

Premier Duplessis said at a press conference the provincial cabinet has extraordinary powers to deal with the situation which he described as "unprecedented to my knowledge."

The election was scheduled for last Monday.

DENIES SEEKING CCF SUPPORT

OTTAWA (CP) — Fred Whitehouse, president of the Civil Service Federation of Canada, Friday denied saying that his group counts upon the support of CCF leader M. J. Coldwell in its efforts to persuade the federal government to grant collective - bargaining rights to its civil servants.

In a letter to State Secretary Fairclough he said his federation "has never played politics and if our present policy is maintained we never will play politics." It hoped that if the Commons should ever discuss improvements in the system for negotiations on civil service matters all parties would support the federation's position.

Reduced Foreign Aid Bill Passed

WASHINGTON (AP) — The House has passed a $3,116,833,000 foreign aid authorization bill, cut $727,800,000 below President Eisenhower's request.

The vote Friday climaxed a week of hot debate over the overseas aid program in which the House alsso voted down major Eisenhower proposals to put the aid program on a long-term basis.

The bill now goes to Senate-House conference for compromise with a Senate-passed bill much closer to Eisenhower's original request. The Senate cut only $375,000,000 from the administration bill and it approved some long-term aid authority.

COUNT ON COMPROMISE

Eisenhower and State Secretary Dulles were counting on the Senate-House compromise committee to rescue some foreign aid projects severely trimmed in a final hectic day of House voting.

Specially hard hit in the long session that ran into the evening hours were Eisenhower programs for a new development loan fund and for economic aid to support defence programs of U.S. allies.

Instead of the $900,000,000 Eisenhower wanted for defence support in the coming 12-month period, the House voted 155 to 174 for only $600,000,000. The Senate bill provides $800,000,000.

It limited Eisenhower's proposed new development loan fund to one year, instead of the requested three years and set a $50,000,000 ceiling for the program.

Grandmother Stops Kidnappers

TORONTO (CP) — A grandmother prevented the kidnapping of her eight-month-old grandson Friday night when she surprised two men in the infant's home and ran screaming toward the carriage, fainted and fell across it.

Mrs. Beatrice Rice told police she went into the kitchen to check the baby, sleeping in a carraige, and spotted a tall, dark man reaching for the baby.

Another man, she said, stood nearby. As she ran toward them one of the men hit her on the arm and she fainted, falling across the carriage.

The men fled, chased by Reginald Rice, the baby's father who raced to the scene when he heard his mother's scream.

KINGSTON, Ont. (CP)—Police said a 20-year-old convict identified only by his last name, Millard, escaped Friday night from the federal penitentiary near here.

19 Killed in Train Wreck

AVIGNON, France (AP) — A Nice-Paris express loaded with vacationists roared onto a sidetrack near here at 75 miles an hour Friday and derailed in a burst of scalding steam, killing 19 persons and injuring 80.

Many of the injured are in critical condition.

Rescue teams poured onto the scene near this Rhone Valley town. The dead and injured were taken to hospitals in nearby Orange and others were brought to clinics here.

As the locomotive and nine cars ripped off the tracks a shattered rail end speared the boiler releasing a scalding torrent of steam over the dead and injured. The engineer survived.

Grant Malay Independence

LONDON (AP) — A bill granting the federation of Malaya independence within the Commonwealth Aug. 31 was given final approval by the House of Commons Friday. Now the legislation goes to the House of Lords for action. No difficulty is expected there.

FOUR-YEAR-OLD Billy Mulvihill of Glendale, Calif., said to be the youngest person to climb Japan's majestic Mt. Fuji, appears on one of its slopes with a larger-than-himself walking pole during his hike with his father, U.S. air force S/Sgt. William Mulvihill. The youngster said that he liked the climb but that he got a little bit cold during the 11,000-foot ascent.

Canadian Scouts Arriving in Britain for World Jamboree

By KEN METHERAL
Canadian Press Staff Writer

LONDON (CP)—The skies, figuratively speaking, are raining Canadian Boy Scouts on Britain.

In the last two days almost 250 Canadian Scouts have landed at London airport, heralding the start of a two-week, transatlantic operation that will carry 1500 youngsters from all parts of Canada to the World Scout Jubilee Jamboree camp opening at Sutton Coldfield in Warwickshire Aug. 1.

From Moncton Friday came 55 boys from New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland.

Thursday 60 Alberta and British Columbia Scouts arrived via the polar route from Vancouver and late Thursday night 114 boys disembarked from the first of a number of flights originating in Toronto that will carry youngsters from Saskatchewan, Manitoba, Ontario and Quebec.

SOME ABC AIRLINERS

Many of the chartered airliners carrying the Scouts are participating in the Canadian government's Air Bridge to Canada scheme to transport British emigrants to Canada.

The Canadian boys are spending their first few days in Britain at the homes of British Scouts, many of whom enjoyed the same type of private hospitality when they went to Canada two years ago to attend the World Jamboree at Niagara-on-the-Lake in Ontario. The Canadian contingent will be billeted in about 50 communities in Surrey.

On July 30, three special trains will carry the Canadians to Sutton Coldfield, near Birmingham, where for two weeks they will join more than 30,000 Scouts from all parts of the world in a series of camping activities.

The camping program will be strictly non-competitive.

"One of the main objects of the camp is fraternization—mixing together and exchanging ideas on Scouting," said G. R. Bryson, of London, Ont., a spokesman for the Canadian contingent.

French Gov't Wins Vote of Confidence

Bill Gives Increased Police Powers To Deal With Terrorists; Premier's Downfall Forecast for October

By HAROLD KING

PARIS (Reuters)—The five-week-old government of Premier Maurice Bourges-Maunoury Friday won a vote of confidence on a demand for increased police powers to deal with Algerian terrorists within France.

The 280-to-183 vote for the 42-year-old premier lifted him over his last hurdle before the National Assembly begins its two-month summer recess late next week.

This will assure France of a government through the height of the tourist season. But most observers predict the fall of Bourges-Maunoury's regime sometime in October.

In effect, the government's whole policy in dealing with the 31-month-old nationalist rebellion in Algeria was on trial. The specific vote, however, was on a bill giving police special powers to halt the growing menace of assassination and blackmail by rebel agents against the 300,000 Algerians living in France. In the first six months of this year, 73 Algerians were killed and 198 wounded in the Paris region alone.

French authorities now will be empowered to set up internment centres and to enter private homes at night.

After an all-night debate on the measure Wednesday, it looked as though the government would not survive the confidence vote. Even up to the last minute, newspapers were predicting only a narrow victory for the two-fisted premier who, when he was defence minister, helped to launch the anti-rebel campaign.

News of bomb outrages in Algiers Friday helped to swing the vote in favor of the government. Former foreign minister Georges Bidault told the assembly that if special measures were not taken, the same terrorism in Algeria would hit Paris.

Foes of the new police measure, mostly Communists and Socialist leftwingers, declared it would be a threat to civil liberties and would lay the basis for a fascist-type state.

SUPPORT PREMIER

But the Moderate Conservatives, most of the Socialists and Popular Republicans and the majority of Bourges - Maunoury's Radicals, rallied behind the premier.

There had been some doubt earlier about the vote of the Conservatives, advocating a firm policy in Algeria, following the disclosure Thursday that the government had made contact with Algerian rebel leaders.

A French foreign ministry spokesmen said the contact had been made in Tunis with Algerian labor union leaders to determine "the present attitude of the insurgents to possible negotiations with the French."

The government's majority of 97 was not considered as impressive as it looks. Twenty-nine deputies offiically abstained btut more than 100 others — many of them foes of the government's Algerian policy — did not vote.

In the government's favor Friday was the wish of the deputies to avoid a political crisis before the start of their summer recess.

The special police powers approved Friday are valid only during the lifetime of the present government. Its successor will have to seek their renewal if the powers are still needed.

U.S. Tries Atomic Rocket

ATOMIC TEST SITE, Nev. (AP) — The U.S. Air Defence Command blasted the sky with its new atomic rocket Friday and declared the first launching from an airplane a complete success.

The air-to-air rocket burst in the clear blue sky over the southern Nevada desert at 8 a.m. It was launched from a Northrop F-89 Scorpion jet fighter at an altitude of more than 15,000 feet.

Following the firing, the Air Defence Command said it was "fully successful, including accuracy and effects experiments."

The target was a predesignated point in space.

Lt.-Gen. J. H. Atkinson, commander of the Air Defence Command, in congratulating the crews of the three planes in the launching formation, called the atomic rocket "the best weapon we have."

The pilot of the launching plane, Capt. Eric Hutchison of Webster City, Iowa, said he and his radar observer, Capt. Alfred Barbee of Wild Rice, N.D., felt "very little physical effect from the shock of the rocket's detonation."

He said he thinks the escape manoeuvre followed in Friday's test could be used successfully under combat conditions. The plane was a mile distant when the rocket exploded.

Five members of Air Defence Command were directly under the rocket when it exploded. They said their experience proved to be nothing unusual.

How Did the Bull Feel?

ST. CATHARINES, Ont. (CP)—Imagine finding yourself face to face with a snorting bull in a field rimmed by an electrified fence.

Especially if you'd just descended there by parachute from an airplane. With yards and yards of blood-red parachute silk draped over the landscape and you smack in the middle.

Such was the unlikely fate of Bill Wedekind, 22, of Virgil, Ont. He had no inkling when he went to Municipal airport late Thursday to practice parachute jumping that he was about to become history's first airborne matador.

The wind changed when Bill jumped. Instead of coming down gently on the airfield, he got blown into the field and came to light in a billow of red silk in the hostile neighborhood of the bull.

EXCHANGED STARES

Wedekind said he sat there waiting for the bull to go away. The bull didn't budge but stood 20 feet distant and gazed back, somewhat phlegmatically. Occasionally, he snorted.

"Don't be scared," Wedekind said he reminded himself. "After all, you have a knife."

He said he pulled it out, looked at the two-inch blade. He put it away and loked at the bull.

Along about this time, he noticed the fence. He also noticed it was electrified.

He smiled reassuringly at the bull and tried to gather in all that red silk. But there was too much of it.

Then he began edging toward the fence.

The bull looked on with interest.

Wedekind reached the fence. He scrambled through but says he doesn't remember how he avoided the live wires.

Prince George Girl 18th Polio Case

VANCOUVER (CP) — An 18-year-old Prince George girl suffering from a "mildly paralytic" form of polio was flown here from the central B.C. city Friday.

She is the province's 18th polio case this year.

Ask Strike Vote

KITIMAT (CP) — Carpenters here have asked for a government-supervised strike vote.

A strike by the 550 members of Local 1081, Carpenters Union, would tie up the Aluminum Co. of Canada's expansion program. The carpenters work for 14 contractors.

Ernie Rodda, union business agent, said he hopes the vote will be taken Monday.

DOLLAR REACHES NEW HIGH

NEW YORK (AP) — The Canadian dollar set a new high since 1933 for the sixth straight day Friday.

In terms of U.S. currency, the Canadian dollar closed at 1.05 9-32, up 3-64. This compared with an all-time high of $1.05⅝ in U.S. money in November, 1933.

Investment in Canada by U.S. industries and individuals is behind the strength of Canadian currency.

Four Eskimos Die In Measles Epidemic

EDMONTON (CP) — Four Eskimos have died in the last two days in an epidemic of measles complicated by pneumonia at Coppermine in the Northwest Territories on Coronation Gulf 900 miles north of Edmonton.

Dr. L. C. Davies of Edmonton, zone superintendent for the northwest territories, said Friday the epidemic broke out at Aklavik, N.W.T., at the mouth of the Mackenzie River, and then spread through coast villages to Coppermine.

CAIRO (Reuters) — Egyptian newspapers reported Friday that rocket guns and other "surprise" weapons will go on view at a military parade July 23, marking the fifth anniversary of the Egyptian revolution.

Budget Passed

LONDON (Reuters)—The House of Commons Friday finally passed its finance bill—giving legal effect to last April's budget proposals which reduced taxation by about $100,000,000.

Leaders Gather as Aga Khan Buried

ASWAN, Egypt (Reuters) — The Aga Khan was buried Friday near the bank of the Nile in a grave lined with rich oriental carpets.

The 79-year-old spiritual head of 20,000,000 Moslem Ismailis was mourned by 500 vividly - garbed leaders from Asia and Africa who came to the ceremony.

The snowy marble tombstone, carrying the simple Arabic inscription "Here Lies Prince Aga Khan," was lowered into its temporary resting place while the new sect leader, 19-year-old Prince Karim and his father, Aly Khan, looked on.

Later the coffin will be moved to a mausoleum being built on a nearby hill chosen by the Aga Khan himself.

The Aga Khan died in his Swiss villa a week ago Thursday.

The 45-minute funeral service was conducted under a scorching afternoon sun in a temperature of 115 degrees.

Ismaili leaders came from Burma, Pakistan, India, Tanganyika, South Africa and Kenya to participate in the final services.

One of the official guests at the funeral was Tanganyika Governor Sir Edward Twining, first high British official to visit Egypt since hostilities last fall.

Prince Aly Khan told reporters Friday his son Prince Karim, the new Aga Khan, will not return to Harvard University for his senior year but probably will enter the American University of Beirut, Lebanon.

And in This Corner . . .

WATERLOO, Ont. (CP)—One travelling salesman was slightly off course Friday.

He arrived here and stopped his car to ask Constable Matthew Peppert the way to the Mack Molding Company on Taylor Street.

Constable Peppert said there was no Taylor Street in Waterloo. He asked to see the salesman's order book.

It was then the salesman discovered that the street he wanted was in Waterloo, Que., 500 miles from Waterloo, Ont.

WOLVERHAMPTON, England (AP)—An embarrassed policeman explained to the judge Friday why his two prisoners hadn't shown up in court when their names were called. The lock on the jail door had jammed.

"At the moment, we can't get them out," the policeman reported.

The court recessed for 20 minutes while a locksmith was summoned. He removed the lock.

Fire Chief Gives "Final Warning"

Fire Chief E. S. Owens has issued a "final warning" to motorists about right-of-way for emergency vehicles on public streets.

The new Motor Vehicle Act requires that, on the approach of fire trucks or cars, police cars, and ambulances responding to an emergency call, all other traffic shall pull to the right-hand side of the road, clear of the intersection, unless otherwise directed by a police officer, and remain there until the emergency vehicle has passed.

The Act also states that no traffic, except other emergency vehicles, shall follow within 500 feet of a fire truck or car or park within 500 feet of where firemen have gone in response to an alarm.

Fines provided range from less than $10 to not more than $500.

Odds . . . and Ends

by M. D. B.

Over the cafe clatter I have my supper and occasionally come by some interesting conversations. You can scarcely call it eavesdropping, for there I sit and with my ears picking up sound waves as usual it is understandable that I am going to hear things whether I want to or not.

* * *

There were three travellers try-to outdo each other on these "little towns where you can get the best such and such" stories. One said when you go to Merritt be sure to go to such and such a place you can get the dandiest home made sugar cookies. I missed the name of the establishment so when I go to Merritt I shall have no idea where to go for those melt - in - your - mouth cookies.

* * *

Another one said you ought to go to such and such a little town in the evening, boy, what a time you could have. There it was, I'd missed the name of the town and just what sort of a time could be had I also missed, so I gave up on their conversation before getting too frustrated and turned my attention to a group of fishermen.

* * *

One was telling how he had been all over the lake, used every kind of lure and bait and what have you, and he'd come away skunked —for the first time on that lake he'd been skunked. This fish story was a change from the usual big-one-that-got-away tale or the dimensions of the one they ate for breakfast that morning.

* * *

Meantime two or three RCMP had strolled in and appeared to be taking quite a ribbing for an alleged ungallantry, alleged to have taken place on the highway, allegedly near Salmo. I know I am going out on a ledge telling you this, but I figured with all those "alleges" in there they wouldn't be able to pin anything on me.

* * *

And speaking of the Mounties. It is interesting to note that the American tourist has but to snap his shutter to get them into their Sunday best for a color shot. For myself, I have always regretted the disappearance of those scarlet tunics. A person could still fancy the last frontier had not yet been pushed back and that the days of Nelson Eddy and Jeanette MacDonald and Rose Marie had not retreated to such a far distant past. Yessir, they sure looked smart in those outfits, I wonder why they changed.

THIS IS "FASMO", a turtle these youngsters found in Anderson Creek under the Fell Street bridge. "Fasmo" caused consternation among her discoverers by laying four eggs. The children are Maureen Fox, 8, daughter of Sheriff and Mrs. Tom Fox; Terry, 7, and Bob, 11, sons of Mr. and Mrs. J. Viggers of Victoria who are visiting the Fox family; and Murray Lashmar, 8, son of Mr. and Mrs. Bert Lashmar. "Fasmo" is now in a special pool in the Fox garden and her eggs are nestling in sand. Mrs. Fox is reading up on turtles in a library book in event of turtle's "blessed event."—*Daily News photo.*

Sons Arrange Meeting With Premier Bennett

TRAIL (CP)— William Moojelsky, secretary of the reformed faction of the Sons of Freedom Doukhobors, said Friday an interview had been arranged for Friday night with Premier W. A. C. Bennett to discuss the sect's contemplated move to Russia.

Mr. Moojelsky said passports have been obtained for a delegation of Doukhobors who would visit Moscow soon to make arrangements for migration.

The delegation will leave, he added, as soon as Moscow has indicated its readiness to open negotiations.

Asked what motivated the Sons' desire to leave Canada, Mr. Moojelsky said he did not believe that any other country in the world would accord an ethnic group the treatment the Doukhobors have received in B.C.

"The Russians wouldn't kidnap our children as the government of British Columbia has done."

He said conditions at the New Denver dormitory school where Freedomite children are confined, are rapidly worsening. He claimed that retaliatory measures have been taken against the children since the Doukhobors' declaration that they wanted to go to Russia.

TRAIL—Premier Bennett wound up his visit in Trail at an informal gathering held at the Crown Point with Rossland-Trail Social Credit group acting as hosts.

The premier had words of praise for Trail city council who had lunched with him and taken him about the city earlier.

He mentioned how council had taken over a "poor situation, put the house in order financially" and was commencing to work from there.

In a round-table discussion with council members, co-operation was promised. Trail's problems were unique, the premier felt. It was felt that the west entrance was the priority problem with the bridge coming next. The question of a government building was also brought up.

Minister of Mines K. W. Kiernan and local member R. E. Sommers also attended the luncheon with council.

HARRISON OFF TO U.S. ON ROTARY BUSINESS

Harry D. Harrison of Nelson leaves today for Evanston, Illinois, where he will attend the Rotary International committee meeting to discuss further development of the world-wide organization.

At Evanston, Mr. Harrison will meet Rotary's international secretary George Means and four other members of the Foundation Committee from Philadelphia, Los Angeles, Kansas City and New Orleans. "The objective of the Rotary Foundation," explains Mr. Harrison, "is the fostering of tangible and effective projects which have as their purpose the furthering of better understanding, and friendly relations, between the peoples of different nations."

The idea developed in 1917 at the Rotary convention held in Atlanta, Georgia. But it was 1928 when what is now known as the Rotary Foundation was established.

Since that time, Mr. Harrison reports, voluntary subscriptions amounting to $4,860,000, donated by Rotarians and other individuals throughout the world, have enabled Rotary to expand their interests in providing opportunity for the development of advanced education and common understanding.

AWARDS TO STUDENTS

Rotary Foundation fellowship for advanced study started a program in 1947 of carefully selecting college students, from all parts of the Rotary world, and awarding fellowships for one year of advanced study in universities of countries other than their own.

This world-wide project has been acclaimed by government officials, educators, and experts in the field of international relations, as a decisive step in the achievement of world peace, he said. Rotary reports show that, since 1947, fellowships for advanced study were awarded to 954 young men and women from sixty different countries.

"These alert young men and women, deeply concerned with the many problems confronting them as leaders of world affairs of tomorrow, realize that there can be no international peace unless there is international understanding. They realize that international understanding cannot be gained unless there is an exchange of international thinking, that can be brought about only by travel and study in countries other than their own.

"The Rotary Foundation has also done much for the relief of distressed Rotarians," relates Mr. Harrison. "Over 12,000 food and clothing packages have been sent to former Rotarians, their wives and their children, in war-devastated countries.

REXINITE FAMILIES

"Families have been reunitied, prisoners of war have been helped, displaced persons have been located, and temporary shelter has been obtained. Self-sustaining businesses of former Rotarians have been assisted, through the efforts of the Rotary Foundation."

Mr. Harrison has served on the Canadian advisory committee and the extension committee of Rotary International. He is past district governor of District No. 153 which includes part of Eastern British Columbia, Eastern Washington, and Northern Idaho. He is past president of Nelson Rotary Club, and has served in many capacities in the local club and on district committees.

The Rotary Foundation Committee is one of the special committees of Rotary International and is appointed by the president. It meets at Evanston on Monday and Tuesday of next week.

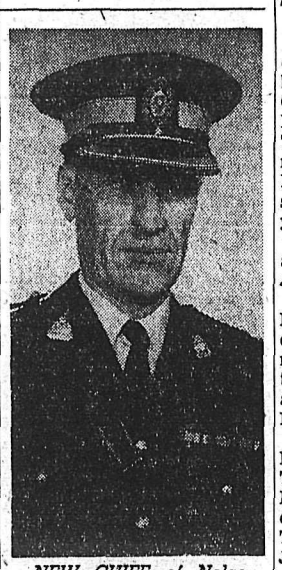
NATIONAL MACHINERY CO. LIMITED
Granville Island Vancouver 9, B.C.



NEW CHIEF of Nelson subdivision, RCMP, is Inspector E. S. W. Batty, recently arrived with his wife and family from Vancouver. He replaces Inspector H. E. Bloxham, now at Prince Rupert.

Find Donaldson, Being Returned

Police in Nelson reported Friday that B. M. (Don) Donaldson, Nelson man who had been missing for over a year, has been arrested in Toronto.

He has been charged with theft of a government vehicle and is being returned to Nelson by RCMP to face the charge.

Mr. Donaldson, who was an employee of the provincial government finance department, left Nelson June 5, 1956, supposedly on a business trip to Nakusp, in a government car. He was expected to return two days later but did not and had since been the object of a search by RCMP.

Tumbling Exercises Start Monday

Three playground supervisors will give instruction in tumbling exercises at Lakeside Park starting Monday morning.

Lydia Walton, Barbara Hellekso nand Judy Seaby attended tumbling exercises held at the Civic Centre during the Winter months. They will pass along some of their knowledge gained at these classes to interested youngsters on weekday mornings during the Summer at Lakeside Park playground. In the afternoon the girls will be in charge of regular playground activities at the park.

Although no regular swimming classes will be held, any youngster interested in furthering his swimming ability can get additional training from the three lifeguards on duty at the pool. J. R. Johnson, recreation director, hopes that a number of boys and girls will take this opportunity to gain further experience in the water during the next weeks.

Vancouver Man Cycling To Ontario

TRAIL — "Where there's a will, there's a way."

Richard E. Smith, 73, of Vancouver, wanted to visit his son in Kapuskasing, Ontario. So he decided to pedal all the way, and bicycled into Trail about supper time Friday, considerably behind time.

When he was coming over the Hope-Princeton highway, just after he started the trip June 15, a carrier on the bike broke loose, causing the bicycle to go out of control. A passing motorist took Mr. Smith to hospital for treatment of bruises and abrasions.

After two weeks' rest in Princeton, Mr. Smith resumed the long journey feeling hale and hearty. He has found people "wonderful" everywhere he goes.

Mr. Smith will leave for Nelson on the weekend.

Awards Given At Camp Lourdes

Awards and crests were handed out at the conclusion of the first boys' session at Camp Lourdes Catholic Boys' Camp on Kootenay Lake, three miles from Nelson. The first session saw 80 boys enrolled, majority from Nelson and East Kootenay area. The second session now in progress has 113 youths. The awards were:

Best KP group, Group 2; KP award, Wally Fulkco.

JUNIOR AWARDS

Aquatic, Bill Meighen; Boxing, Mike Barone; Initiative, John Bitonti; Gentlemanliness, Ray Deanna; Leadership, Greg Hansen; Entertainment, Leslie Fidler; Track and Field, John Bachlet.

INTERMEDIATES

Aquatic, Lorne Rokosh; Boxing, Dale Dickson; Initiative, Cary Thacker; Gentlemanliness, Dale Poirier; Leadership, Danny Weber; Entertainment, Tom Buckley; Track and Field, Barry Stack.

JUNIOR-INTERMEDIATES

Aquatic, Gary Dickson; Boxing, Ken Evano; Initiative, Bernard Kromout; Gentlemanliness, Peter Faulkner; Leadership, Jim Murphy; Entertainment, Paul Buckley; Track and Field, Bob Tremblay.

SENIOR AWARDS

Aquatic, Bob Durkin; Boat Race, Grant Wyles; Boxing, Helmuth Baschok; Track and Field, Wally Fulkco; Gentlemanliness, Rod Pelletier; Leadership, Jim Kissinger; Initiative, Earl Rouck; Entertainment, Vern Rokosh.

Lourdes crest, Paul Rummelhart.

Pipeline Firm Wants To Know Of Repair Jobs

Officials of Dutton-Williams Brothers, who are laying natural gas pipeline for Inland Natural Gas, have asked the public to telephone them direct at their Nelson office if there are any small repair jobs the pipeline crews should attend to.

During a meeting Thursday with acting mayor Ald. C. F. Blakeman, Dutton-Williams officials reaffirmed their desire to leave the city in as good condition as possible. The company is now finished in Nelson except for connecting up some services.

Williscroft Construction Company are putting ditches into final shape, using hot mix bought from the city plant. Recently councillors expressed dissatisfaction over the attention being given ditches after the pipes had been laid. Works superintendent E. E. Olson said Inland will be held responsible for any ditch settlements occurring within 18 months after the Williscroft Company has completed its contract.

Want To Know Local Centennial Plans

B.C. Government Travel Bureau has advised the Nelson Chamber of Commerce it would like to get a "general idea" by August 1 of events planned here to commemorate B.C.'s centennial next year. The Bureau hopes to prepare a calendar of province-wide events.

WKP & L Appointments for Lambert, McMynn, Sylvest

R. G. Anderson, president and general manager of West Kootenay Power and Light Company Limited, has announced the following staff appointments:

A. A. Lambert, chief engineer; J. D. McMynn, rate and contract engineer, and A. C. Sylvest, electrical engineer.

Mr. Lambert graduated in 1925 from the University of British Columbia in civil engineering. He joined the engineering staff of the Company at South Slocan in 1926, and has participated in the design of several of the hydro plants on the Kootenay River. In 1952 he was transferred to Trail as design and hydraulic engineer, which position he has held until his present appointment.

Mr. Lambert is a member of the Association of Professional Engineers of B.C. and the Engineering Institute of Canada. He has served as a past member and chairman of the Board of Commissioners of the Village of Kinnaird. Mr. Lambert is married, with three children, and resides at Kinnaird.

Mr. McMynn graduated in electrical engineering at the University of British Columbia in 1934. During that year he joined the Company at Trail, and for the period between 1939-1950 served as superintendent of the Okanagan division. In 1951 he was transferred to Trail as assistant to the general manager, which position he has held until his present appointment. Mr. McMynn is a member of the Association of Professional Engineers of B.C. and is an active member of the Trail Rotary Club. He is married, with four children, and resides at Warfield.

A. C. Sylvest graduated in 1946 from the University of Alberta in electrical engineering. Following

A. A. LAMBERT

graduation he was successively associated with Shawinigan Engineering Company, Consolidated Mining and Smelting Company of Canada Limited and the B.C. Power Commission. Mr. Sylvest joined the Company in April, 1957. He is married, with two children, and resides at Castlegar.

Tenders Called For Salmo Water System

SALMO — Village commission has called for tenders on a new distribution system. The bids, which close August 1, are contingent upon the Village receiving assent of the Lieutenant - Governor-in-Council on installation of the system, and accepting a satisfactory tender on debentures.

The system, approved recently by ratepayers, consists of installing about 3000 lineal feet of eight-inch mains, 12,750 lineal feet of six-inch mains, and 5700 lineal feet of four-inch mains, also hydrants, valves, fittings, and water service connections. A water pumping station and concrete footings for a wood stave storage tank will also have to be built.

Designers are Associated Engineering Services of Vancouver.

Paving Monday On Third Street

Paving work should start Monday on Third Street from Cottonwood to Kokanee Street, works superintendent E. E. Olson said Friday night.

Mr. Olson estimated there is about a half day's work remaining on paving of about two and one-half blocks of Nelson Avenue around Gordon Road, near one end of the new bridge. This is being paid for by Poole-Raymond, general contractors of the bridge. The portion being paved will be a city street after the bridge is in use. Mr. Olson said it will be a one-way street, up, mainly for access to Lakeside Park.

SPORTS

REDMEN CONTINUE MONOPOLY OVER NELSON BOXLA SQUAD

Rossland Redmen Friday strengthened their bid for a share of first-place in the West Kootenay Lacrosse Association as they led almost all the way at Civic Arena to defeat Nelson Kokanees, 14-11.

Playing without the club's top scorer, Keith Harrison, Nelson received a pleasant boost from the five-goal performance of Harry Mason. The speedy Mason, a fine floor-general and playmaker, indicated with Tuesday's display that he has regained the form that made him one of Nelson's few legitimate offensive stars last season.

Even with Mason scoring five times — and Captain Ron Hill kicking in with three — Nelson led only in the first quarter. But the Redmen scored seven times in the second to construct a lead that dwindled but never quite disappeared.

Pete Bourchier scored five times for the defending B.C. Senior B champs, and Wiggie Davis added four. Bill Ling picked up three and Ray Scott and Bill Ferry tallied once each.

Also scoring for Nelson were Laurie Kubin, with two, and Jack Miller, with one.

Five penalties were assessed by referee Jack Gallicano, three to Nelson. Kubin's first goal came with Scott serving penance, while Mason and Bouchier matched counters with Kubin in the penalty-box.

Newcomers Vern Grant and Jim Wormald played well for the third-place Kokanees, but fine defensive play combined with their unfamiliar surroundings to keep them from scoring. Chuck Milne of Rossland and Jack Duck of Nelson, the rival netminders, played well.

LITTLE LEAGUE ROUNDUP

FIREMEN 7, TOM BOYS 6

Firemen came through with their third win in the final Babe Ruth League game at the Queen Elizabeth Park last Thursday evening. The Firemen overcame a 6-2 third period lead of the Tom Boys to tie it up in the fifth and then, in the seventh, they scored the winning run on a hit and a double.

Dave Elwin who came on to relieve starting pitcher Bruce Blakeman was the winner for the Firemen. Dave Borch who took over for starter Dick Gelinas of the Tom Boys absorbed the loss. Blakeman yielded two hits and Elwin one for the winners while Gelinas gave up two hits and Borch three for the Toms. Only extra base hit of the game was Jim Young's double in the seventh.

KINSMEN 23, LIONS 10

Kinsmen trounced the Lions 23 to 10 in the third and deciding semi-final game at the Queen Elizabeth Park Friday evening to win the best-of-three series two games to one. The Lions took the opener last Wednesday 6 to 5, then the Kinsmen came back to win the second 7 to 1 and then wrap up the series with a big 23-10 win Friday.

The game was a free-hitting affair with quite a few errors and was high lighted by the tremendous come back of the Kin who were down nine to one going into the last half of the third. Doug Seaby who started for the Kinsmen got off to a bad start and nine runs from six hits crossed the plate before Ken Dewar went in to retire the side.

From there on the fastballing Dewar kept the Lions off the score sheet until the last inning when they squeezed through their other run. Doug Seaby gave up six hits, and three walks. Ken Dewar allowed one hit, gave one pass to first, hit one batter and struck out eight. Mac McQuair, hurling the first four innings gave up 13 hits, walked five and struck out five.

Dave Beatty, taking over for the balance of the game, was nicked for four hits, walked one and struck out one.

Mark Hennig pounded out a triple and Dayton Kline a double for the Lions extra base hits. For the Kin the Dewar brothers Ken and Gord banked out a double each.

There were two casualties in the game, Timmy Allen the hustling little shortstop for the Lions injured a finger in making a stab for a line drive while Chuck Owens collided with Ken Dewar in fielding a foul ball getting a bruised cheek. Umpires were Carmen Hancock at the plate, Murray Parker at first and Frank Cherenko at third.

Frenchman Beaten By Aggressive Rory

SYRACUSE, N.Y. (AP) — Rory Calhoun, persistent White Plains, N.Y., middleweight, bulled his way to a unanimous decision over Germinal Ballarin, a clever Frenchman with a well-groomed moustache, in a 10-round match at War Memorial Auditorium Friday night. Calhoun weighed 160, Ballarin 159.

CIUDAD TRUJILLO (AP) —The Dominican republic is accepting 5000 Jewish refugees from Egypt. A government announcement said they will be given agricultural and industrial jobs.

Ibbotson Shatters Mile Mark

Clocked in 3:57.2, Briton Cops "Mile in a Million"

By MILTON MARMOR

LONDON (AP)—Derek Ibbotson, a genial RAF electrician, set a world record for the mile at 3:57.2 Friday and three others in the race also ran under four minutes.

The recognized record is 3:58 made by John Landy of Australia June 1, 1954.

Following Ibbotson to the tape in the widely heralded "mile in a million" were Ron Delany of Villanova and Ireland, 3:58.8; Stanislav Jungwirth of Czechoslovakia, 3.59.1 and Ken Wood of Great Britain, 3:59.3.

A fifth man also broke the four minute barrier at almost the same time. Running in Stockholm, Dan Waern of Sweden was timed in 3:59.3.

HIGHLIGHT OF MEET

The special mile race in London's White City Stadium before a roading crowd of 35,000 was the highlight of the opening of a dual meet between New York and London.

Only last week Ibbotson failed to qualify for the finals of the British track and field championships when he finished second in his heat in 4:15.9. Friday he was unbeatable.

For many years the four-minute mile was considered unattainable. Then on May 6, 1954, Dr. Roger Banister of Great Briton, running in an obscure meet at Oxford, broke through the psychological barrier in 3:59.4. Now that time has been bettered on a score of occasions.

Derek is no newcomer to the record ranks. On June 15 of this year he ran the mile in 3:58.4, second fastest up to then. He also has a 3:59.4 to his credit and in the Olympic Games he finished third to Vladimir Kuts of Russia in the 9,000 metres although his time of 13:54.4 was well under the Olympic record of 14:06.6.

SEVEN IN RACE

There were seven men in the special mile race. Michael Blagrove of Great Britain set the early pace with Jungwirth at his heels. They tore by the first quarter mile in :55.3, and hit the half mile in 1:58.8, a fast race in itself.

Half way through the race the order of running was Blagrove, Jungwirth, Ibbotson, Delany, Gewandowski, Wood, and Alan Gordon of Britain. Jungwirth, who recently set a world record for 1,500 metres of 3:38.1, jumped in front and Blagrove faded on the third lap. Jungwirth reached the the quarters mark in 3:00, and soon after Ibbotson turned on the gas.

Even Stefan Lewandowski of Poland, who finished out of contention in fifth place, was timed in 4:00.6.

LAST LAP "AGONY"

After the race, Ibbotson recovered his breath and told newspapermen that the first lap was "agony."

"I had never run a 55-second lap in my life before and I didn't think I could last, but after that things settled down," he said.

He was asked if the mile record was his ambition.

"No, I really want to set a new world three-mile record," he replied. The mark is now 13:14.2 by Sandor Iharos of Hungary, but Ibbotson has come close to it.

Until Friday the most brilliant mile race ever run occurred in this same stadium on May 28, 1955, when three men broke under four minutes. Laszlo Tabori of Hungary won that race in 3:59, with Chris Chataway of Great Britain second in 3:59.8 and Brian Hewson of Great Britain third in the same time.

Rocky Road For Hoad

FOREST HILLS, N.Y. (AP) — With his back squarely against the wall in his first tournament as a professional tennis player, Lew Hoad takes on Tony Trabert today in Jack Kramer's tournament of champions.

If Trabert, bothered by severe blisters on his racket hand, should beat Hoad, and Pancho Gonzales scores his expected victory over Pancho Segura, the champion will be decided even before the final day.

He would be Gonzales and the long-awaited clash between big Pancho and Hoad on Sunday would amount to nothing more than an exhibition.

There still is a chance for Hoad. But in order to keep it he must defeat Trabert. If Gonzales beats Segura, big Pancho's match with Hoad will mean something.

Flam in Rally To Top MacKay

CHICAGO (AP) — Top-seeded Herb Flam turned back a stiff challenge and the only foreign survivor was ousted in Friday's quarter-finals of the U.S. National Clay Courts tennis tourney.

Defending champion Flam was facing defeat from the 1957 National Collegiate champion, Barry MacKay of Dayton, Ohio, when he rallied from a 4-2 deficit in the second set to triumph 6-1, 6-5, 6-4.

In the women's division, top-seeded Althea Gibson brushed aside Jeanne Arth of St. Paul, Minn., 6-2, 6-3, to win a semi-final berth in the lower bracket.

PGA Enters Semi-Finals

DAYTON, Ohio (AP) — Match-play terror Walter Burkemo and golf's young capitalist, Dow Finsterwald, slashed into the semi-finals of the upset-strewn PGA championship Friday with Lionel Hebert and Don Whitt.

This quartet survived a humid and shower - spattered double round of eliminations at the Miami Valley Golf Club which saw the ouster of three - time winner Sam Snead, leading money winner Doug Ford, National Open champion Dick Mayer and Tommy Bolt.

In today's 36-hole semi-finals, the bullish Burkemo, finalist three of the last six years and winner in 1953, meets Hebert while Finsterwald, the year's third leading money winner, opposes Whitt, an obscure young pro from Alameda, Calif., who is a sophomore member of the tour.

BROKE UP BROTHERS

The 38-year-old Burkemo from Franklin, Mich., broke up a possible all-brother semi-final when he eliminated Lionel's brother, Jay Hebert, 2 and 1, after beating the veteran Henry Ransom of St. Andrew's, Ill., in the morning, 5 and 4.

Lionel, 29-year-old unattached pro from Lafayette, La., where he was born, put out Mike Souchak, the former Duke University football player, 2 and 1. Lionel then beat Claude Harmon, master of the famed winged foot club of Mamaroneck, N.Y., 2 and 1.

Finsterwald, wiry, 27-year-old son of an Athens, Ohio, attorney, cut the props from under the favored Snead in a fourth round match, 3 and 1, and then out-lasted the amazing 51-year-old Chorney Sheppard of West Newton, Mass., 2 up.

BELFAST (CP) — The 151-year-old Northern Ireland Medical Society will have its second woman president later this year when Dr. Olive Anderson of Belfast succeeds to the post.

Stampeder Intra-Squad Game Lineups Listed

Today is the day Calgary Stampede officials begin the final phase of their task of separating the men from the boys.

Ever since the Western Internationla Football Union club arrived in Nelson to begin training, head coach Otis Douglas has said he would make no official decisions in regard to personnel until he had seen them "under fire."

His task has been simplified more than somewhat because several Canadians and one American — Elmer Willhoité — departed on the presumption that they couldn't make the club. Another Yank, Pete Bello, was forced to call it quits when his pair of infected heels failed to respond to treatment.

This evening's game will be the only intra-squad game played by Stamps this season. They leave town next Friday morning and oppose B.C. Lions at Empire Stadium Saturday night in their first pre-season exhibition tilt.

REDS

Ends — Bryan Engram, Ernie Warlick, John Pyeatt.

Tackles — Floyd Harrawood, Jack Lamb, Bob Griffis, Wes Ediger, Tom O'Brien.

Guards — Ron Allbright, Alex Macklin, Bob Geary.

Quarterbacks—Jim Finks, Rusty Fairly, Bill Stevenson.

Halfbacks — Al Valdes, Dick Gregory, Barry Cyr, Jim Harryman, Eddie Simms.

Fullbacks — Al Pollard, Gerry Baker, Alex Yakunin.

Flying Wing — Dean Renfro.

WHITES

Ends — Jack Gotta, Pete Turko, Willie Roberts, John Prendergast.

Tackles — Fred Miller, Vince Vidas, Dick Huffman, Gerry Fairley.

Guards — Tony Pajaczkowski, Harry Langford, Porky Brown.

Centres — Doug Knotts, John Borger.

Quarterbacks — Jimmy Stehlin, Ted Duncan, Joe Huske.

Halfbacks — Ron Clinkscale, Jimmy Morse, Baz Nagle, Ed Meadows.

Fullbacks — Don Caraway, Ron Stewart, Bob Stringer.

Flying Wings — Harvey Wylie, Lynn Bottoms.

Canadian Crews Oppose Americans In Rowing Meet

PHILADELPHIA (AP) — Four crews from Canada will compete with top American oarsmen here today and Sunday in the 83rd annual national rowing championships on the Schuylkill River.

The regatta will be over the 2000-metre Olympic course and is sponsored by the Schuylkill Navy. There are 95 entries for the regatta, largest in years. All four Canadian crews are from St. Catharine's, Ont., rowing club.

Jack Kelly Jr., U.S. Olympic star, will not defend his singles sculling title although he is rowing in other events.

Probable Pitchers

NEW YORK (AP) — Today's probable major league pitchers: (won-lost records in parentheses):

Don Fontana Saves Split For Canada's Cup Team

By GEORGE FRAJKOR
Canadian Press Staff Writer

MONTREAL (CP)—The unheralded members of two Davis Cup tennis teams came through Friday with unexpected victories as Canada and Brazil split the opening first-round North American zone singles matches.

Carlos Fernandez, 19-year-old rookie playing his first Davis Cup game, downed Canada's veteran Bob Bedard 9-7, 6-8, 6-3, 3-6, 7-5 in the first match and Toronto's Don Fontana, 26, pulled out a 4-6, 6-2, 6-3, 3-6, 6-3 win over Brazilian captain Armando Vieira in the second.

Both captains had predicted a singles split but not in this way. Bedard, 25, was expected to win a walk over Fernandez, whom he beat in straight sets three weeks ago in England, and Vieira was supposed to make hash of Fontana, called by Canadian non-playing captain Gordie MacNeil the most under-rated player in Canada.

Bedard, playing cautiously and unaggressively in the first game, ended the match on a disappointing note when he double-faulted to set up match point, then double-faulted the match.

POWERFUL OVERHEAD

Fernandez banged away with a powerful overhead smash—he did not miss an overhead all day — and dropped a short chop shot just over the net to Bedard running on the Mount Royal Court.

Fontana, the lanky Toronto lad with a serve that tore grass off the court, aced Vieira eight times — three times in a row at one point — in crushing the experienced Brazilian who had beaten such international players as Mervyn Rose, Budge Patty and former Wimbledon champion Jaroslav Drobny.

Vieira was practically in tears after the match, claiming the clacking of press gallery typewriters and telegraph keys threw him off his game.

Twice in the third set he halted play while he protested to officials about the noise. Referee Jacques Vadboncoeur ordered him to keep playing.

B.C. Roads Supreme Test for Driver

Over in Europe they have just completed the Grande Prix with a car making the trip with an average speed of 186 miles per hour. Here in B.C. the RCMP have just announced new plans to trap speeders and from the amount of scolding publicity on speeding one gathers that the motorist who wishes to drive fast is a person of questionable mentality.

With all its wealth of winding, tricky, mountainous roads, B.C. lends itself admirably to those who would wish to demonstrate their skill and daring. Undoubtedly the forty miles over the pass from Rossland to Grand Forks would be an excellent test for reliability of cars and driving skill. In fact no better use could be made of it. It is certainly not a road for pleasure driving.

But if a longer course is needed, cars might start from Vancouver to Vernon on No. 1 Highway, cross the Monashee and follow No. 6 to South Slocan thence by No. 3 to Rossland and over the Cascades to Vancouver. The cars would be subjected to all kinds of roads, with all sorts of hill climbing thrown in. More than once the drivers would meet Mr. Gaglardi's apologies and gain a better appreciation of our roads and add their voices to ours when we ask for better roads.

But with all this emphasis on the unlawfulness of speeding, it looks as if we are trying to breed a class of rider who will always be content to drive at fifty miles an hour in the jet age, and who will have little skill and no daring and whose buoyant spirit will be throttled by the slogan "Safety first."

But a 1000-mile road test is a slightly possible thing of the future. In the meantime the Okanagan Auto Sports Club has arranged for the first international hill climb for sports and racing cars to be held at Westbank on Labor Day. It will be a miniature affair for almost all the road is within view of the spectators, but it should have plenty of thrills for drivers and spectators.

The cars used will be the cream of high speed cars with speeds of from 90 to 160 miles per hour and will tax all the nerve and daring of their drivers.

It is this which makes these trials so valuable. There is still a place in the world for skill and courage and confident daring.

The Hornblowers Again

The Birmingham bobbies had to dig deep into their statute books recently, and they came up with a dilly. They arrested a young man who had been pressing his suit with a pretty bank cashier a little too ardently, under a 14th century law prohibiting the "blemishing of the peace."

The "blemisher" was arrested after he had played an accordian in a blackface act outside the bank, put on dark glasses as a blind musician and given voice to love songs, rushed into the bank in tennis shorts and turned somersaults in front of an astonished staff.

After the young man had been rejected by the object of his affection—"I do not want to know him"—and ordered to put up a $75 bond against his good behavior for the next while, he was moved to comment:

"It is all finished. Perhaps it was just a bit of poison that had to come out."

We're glad about that, because with the toxic influence stricken out, the blemishes will, no doubt disappear.

Unfortunately, however, we have suddenly become possessed of a wicked idea ourselves. We like the sound of this word "blemish." It has a nice roll to it. It is very descriptive indeed of a situation we have here in Trail, just such a situation as the 14th century English lawmakers must have had in mind. Our peace is being blemished, to, every Saturday afternoon and every other afternoon upon which drivers of caravans of wedding cars find it necessary to upset atmospheric conditions and drive away evil spirits by the metaphoric clanging of cymbals and literal blasts of off-key instruments during their parade through the streets.

We think the peace is being fractured and who knows but that somewhere under the dust and cobwebs there lies hidden an ancient statute defining penalties for shattering as well as blemishing.

There was a time in North America, as well as Europe, when such demonstrations of witchcraft (and since we can't find any other explanation, this horn-honking must have the exorcising of devils as its purpose) were rewarded summarily—by a dunking in the nearest pond.

We don't advocate that: all we ask is that the mayor brings the civic statutes into line with those of 14th century England and prescribes suitable punishments for blemishers of the peace.—Trail Times.

Burma's Call To Capitalism

In discussion of Asian policy, Burma is usually lumped with India and Ceylon as a socialist-bent neutral. But the Burman government has frequently travelled its own road with marked independence of approach.

The latest instance of such nonconformity is Premier U Nu's plan for more private enterprise and less socialism in Burma.

The premier, speaking "from practical experience", said that he no longer wished to see the "government's finger in all sorts of economic pies". He said that the proliferation of state enterprise resulted in many cases in lack of efficiency and might lead to graft.

Whether U Nu's words will have a really far-reaching effect on Burma's recent march toward socialism remains to be seen. But his thoughts have doubtless had some impact already, for he is greatly respected in Burma both for his idealism and his practicality.

Premier Nu wisely refuses to see everything as black and white. He carries on an unrelenting campaign against Communists in Burma while taking a realistic view of the need to do business with the government in power in neighboring China.

And now he proposes to restore a balance between socialism and capitalism in his country—having the government carry on only those enterprises which cannot efficiently be handled privately, and leaving the bulk of business to private concerns or joint private-state companies.

As U Nu's deputy premier says, "We are prepared to do whatever works." This is the sort of invitation to competition which Western capitalism should not pass by.

—Christian Science Monitor.

He who is only just is cruel. Who on earth could live were all judged justly?—George Gordon Byron, English poet.

Press Comment

We have reached the stage in our national life, observes the Woodstock (N.B.) Sentinel-Press, "where we can no longer boast of our youth or plead out of mature responsibilities."

No one will quarrel with Finance Minister Fleming's declaration on "waste and extravagance in government" says the Edmonton Journal, but, it is a little dubious of the proposed methods. "Perhaps Mr. Fleming has discovered a magic formula to tax less, spend more and maintain the buying power of the dollar. The whole world awaits its revelation."

Mr. Drew's appointment as Canadian High Commissioner in London is firmly approved by the Montreal Star. "With the exception of Washington, London is Canada's most important diplomatic post. The advent of a Conservative administration also apparently means that fresh efforts will be made to expand Anglo-Canadian and Commonwealth trade. It is as well, in these circumstances, that the new High Commissioner should be in close tune with his government at home. Mr. Drew is obviously such a man."

Significantly Mr. Diefenbaker has mentioned the desire to retain friendship and harmony with the United States, points out the Victoria Times which observes: "Any other course would be dangerous, if not impossible, for Canada. But the pronouncement by the prime minister at least helps to set the record straight and brush out some of the hostile references made during election time to our powerful neighbor. Most specifically he has underscored the point that Canada's position as a link between Britain and the United States is not to be disturbed."

INFLATION

In Washington, a great deal of thought and study is being given to the problem of inflation, and considerable alarm has been expressed. The cost of living in Canada has been rising faster than in the United States, so inflation is certainly no less a problem here than there. Between April 30, 1956, and April 30, 1957, the cost of living in Canada rose 4.5 points; that is, $4.50 was filched from every $100 in bank accounts, insurance policies, pension funds and other savings.

—Edmonton Journal.

PLEASE! NOT "JOHN"!

Mr. Diefenbaker is reported to have used the "call me John" technique already, during has stay in London. A newspaper called him "Mr. Prime Minister" and Mr. Diefenbaker is said to have come right back with, "My name's John. What's your name? George? Okay, George."

We hope the story is not true. Tactics like this won't get a Canadian or anyone else anywhere in Britain or Europe. They are a bit old-fashioned over there. People don't use first names within the first ten minutes of acquaintanceship the way they do over here. They don't feel the need for it, presumably. They feel that personal dignity demands certain formalities and that warm friendship does not suffer thereby.—Kingston Whig-Standard.

STAY INDOORS

Now you can buy expensive umbrellas or canvas cabanas to shield you from the sun while sitting on your expensive patio. This used to be taken care of more cheaply by just staying indoors.—Hamilton Spectator.

TRACKS IN SAND

The modern youngsters may not leave any footprints on the sands of time—only tire tracks.—St. Thomas Times-Journal.

German Tourist Traffic Increases

Tourist traffic in West Germany continues to rise, according to the German Tourist Information Office. Figures compiled by the Federal Bureau of Statistics show that in 1956 visitors from abroad stayed longer in Germany than in any year since the war, pin-pointed by the larger increase of overnight reservations—10.5 per cent—over that of an 8.1 per cent rise in foreign tourist registrations. American guests again led all other foreign visitors in overnight stays with 10.9 per cent more than in 1955.—German Tourist Information Service.

Watch Your Language

MONGREL (MON-grel): Noun—Progeny resulting from the crossing, originally of two, now of several, breeds, such as dogs; anything of mixed breed—often disparaging; a cross between types of persons or things. Adjective—Of or pertaining to an impure or mixed breed or race; of mixed origin or character; of no definite kind or type.

Violent Storm Kills Ducks

REGINA (CP) — Thousands of birds were killed in Saskatchewan's violent hailstorm Wednesday and fall hunting may be severely affected.

Saskatchewan Museum of Natural History officials today surveyed a 40-mile stretch from Regina Beach, 45 miles northwest of Regina, to Boharm, eight miles west of Moose Jaw, and reported widespread carnage.

"In open sloughs and field areas, the ranks have been so thinned as to affect fall hunting severely," said Richard Fyfe, museum extension director. "In one small slough, we counted 44 dead ducks and one willet."

Birds survived better in heavily-treed areas. Many rabbits and small animals also may have been killed.

Cold-Shoulders Disarmament Plan

U.K. Disappointed By Zorin's Answer

LONDON (AP)—Russia today cold-shouldered a British plan designed to speed east-west negotiations for a partial disarmament treaty, a British official source reported.

The British had asked that experts of the five negotiating powers seek detailed agreements on the main elements of a disarmament pact—elements that already have in the British view been agreed on in principle.

These included reduction of force levels, cuts in armaments, air inspection, and ground observation measures and a moratorium on nuclear weapons tests.

DISAPPOINTING REPLY

The British informant said Valerian Zorin of Russia, without actually rejecting the proposal, gave what the British delegate described as a "disappointing reaction" to it.

Zorin's statement on the British plan was given at a 90-minute session of the sub-committee of the United Nations disarmament commission, which has been meeting here since March.

The British informant said Cmdr. Alan Noble, the British delegate, described Zorin's statement as "a negative reaction to eminently practical suggestions" which Britain had put forward to speed the work of the UN group. Canada, Britain, the United States, France and Russia are the other members of the sub-committee.

Canadians Buy More on Credit

OTTAWA (CP) — Canadians bought "unprecedented" quantities of merchandise on credit in 1956, the bureau of statistics said. At the end of the year the amount owed for instalment plan purchases also had reached a record level.

The bureau said that for the first time the amount of sales financed and the balance outstanding at the end of the year each exceeded $1,000,000,000.

Retail instalment financing in 1956 totalled $1,248,347,000, an increase of 28 per cent over $977,078,000 the previous year. The balance outstanding at the end of the year was $1,035,376,000, up 31 per cent compared with $791,099,000 in 1955.

Of the total, Ontario accounted for 40 per cent, Quebec 24, Alberta 11, British Columbia 10, the Atlantic provinces 8, Manitoba 4 and Saskatchewan 3 per cent, Quebec, Saskatchewan, Alberta and B.C. each had a higher share of the total than in 1955.

Financing of consumer goods accounted for $924,687,000, or 74 per cent of the total, as against 78 per cent the previous year.

Bonn Approves West Treaties

BONN (Reuters) — The West German Bundesrat (upper house) has unanimously approved ratification bills for the six-nation European common market and Euratom atomic pool treaties.

The bills were approved by the Bundestag (lower house) earlier this month and now only need signature by the federal president to become effective.

Approval by the French National Assembly earlier this month paved the way for ratification by the other nations—West Germany, Italy, Belgium, The Netherlands and Luxembourg.

The common market will be established in 15 years by gradual abolition of trade barriers between the member countries.

The atomic community will coordinate atomic development of the member states, undertake joint research, and be the legal owner of all nuclear fuels in the area.

Telegram Sunday Edition To Stop

TORONTO (CP)—The Telegram announces it is discontinuing its Sunday newspaper. The final issue will be published Sunday, July 28.

John Bassett, Jr., publisher, said in a statement published in the daily newspaper that high publishing costs plus a disappointing circulation and advertising response led to the decision. The Telegram launched its Sunday edition last March 17.

The announcement said that effective Saturday, Aug. 3, the paper will resume publication of a weekly feature section with its Saturday edition.

The Telegram was the only Canadian English-language paper published seven days a week.

Attorney-General Kelso Roberts of Ontario declined comment on whether the Telegram's decision to discontinue the Sunday paper will affect a charge laid against it under the Lord's Day Act which forbids Sunday business except for works of mercy and necessity.

Charges also were laid against the Toronto Star, Toronto Globe and Mail, radio station CKEY and the CBC.

The charges stand adjourned in Toronto magistrate's court pending an appeal by the CBC to the Supreme Court of Canada that it is not subject to the Lord's Day Act.

Saboteurs Damage Covent Garden

LONDON (Reuters)—Fruit dealers arriving at London's strike-bound Covent Garden central market Friday found warehouses and trucks had been damaged by "saboteurs" during the night.

A spokesman for the employers said the damage was done to help along a strike that has threatened to tie up distribution of fruit and vegetables to London and outlying districts. The strike was called to protest a new plan for handling supplies.

RECIPE OF THE WEEK

By MARY MOORE

If I never taste a better chocolate cake than this I will be satisfied until the day I pass beyond. Marianne made it yesterday morning intending to serve it for dinner at night. But you-know-who came home for lunch, spotted it, and it was a goner.

RED CHOCOLATE LAYER CAKE

Have shortening at room temperature and measure into the large mixing bowl ½ cup of it. Into the sifter measure 2 cups sifted cake flour, 1 1-3 cups sugar, 1¼ teaspoons baking soda, 1 teaspoon salt and sift these over the soft shortening. Add ¾ cup milk and begin to beat either by hand or electric mixer. If in electric beater beat 2 minutes. If by hand about 250 strokes with wooden spoon. Now add 2 large unbeaten eggs, 3 squares melted cooking chocolate, 1 teaspoon vanilla and 6 tablespoons milk. Under electric beater beat 1 more minute; if beating by hand beat 150 strokes with wooden spoon. Pour into two 9-inch layer cake tins which have been lined on bottom only with buttered wax paper. Bake at 375 degrees F. 30 minutes. Look at cakes after 25 minutes of baking and touch gently at centre to see if they are done. Allow to stand in pans for at least 15 minutes before turning out on racks to finish cooling. When cold spread between layers **Cream Filling:** In top of double boiler mix together 3 tablespoons cornstarch, 5 tablespoons sugar, and ⅛ teaspoon salt. When mixed stir in 1 cup hot milk until thick. Transfer to double boiler and cook 15 minutes stirring occasionally. Add 1 beaten egg and stir 2 minutes. Remove from heat and add ½ teaspoon vanilla. Spread between layers when cool. **Frosting:** 4 tablespoons butter, 2 cups icing sugar, 1 tablespoon each lemon juice and cream. Beat until light and airy, then apply to top and sides of cake.

Mary Moore Has Ideas For Cooling Drinks

By MARY MOORE

Dinner had not been over for more than an hour. The dishes had not been washed and put away for more than half an hour when somebody broke out with "I'm thirsty. What is there to drink?"

We had just finished what seemed like a gallon of iced coffee (see below) so I smugly sent them to a jarful of lime syrup I had made from the lemon syrup recipe. They are constantly catching me when I am trying to whomp up surprises, but this time I managed to elude them. The lime syrup was a complete surprise and success and when the yield was toted up later the drink per glass turned out to cost less than half the price of concentrated frozen juices.

LIME (OR LEMON) SYRUP for limeade or lemonade:

Two cups sugar, 2 cups water, 12 limes (or 6 lemons). Grate the rind on coarse grater or shredded from the washed limes (or lemons) and add it to the sugar and water and bring to boiling point, when sugar will be disolved. Remove from heat and add all of the juice squeezed from the limes (or lemons) after it has been strained. (If you do not mind the membrane in the syrup don't strain it). Leave the grated rind in the syrup. Chill Use about ¼ tumblerful of this, and some ice and fill with water or soda water. The soda water and a sprig of mint are for special occasions.

Somehow it seems to add elegance to our summer suppers in the garden when we finish up with a tall frosty glass of lemonade.

ICED COFFEE

Make double strength coffee by the same method as you usually use for hot coffee. Fill tall glasses to almost overflowing with ice cubes. Pour boiling hot double strength coffee directly over the ice until glasses full to within 1 inch of top. For a professional touch, invert a teaspoon, bowl side up, over the glass and very slowly pour 1 tablespon heavy cream over it. This method disperses the cream and when it runs over the spoon bowl onto the surface of the coffee it stays in a layer on top. Insert your straw through this layer of cream and sip. Nectar. If you use sugar in your iced coffee add it before giving it the cream treatment.

FRUIT PUNCH FOR A CROWD
(20 to 25 servings)

Six lemons, 12 oranges, 4 fresh limes, 1 cup each sugar and water, 2 cups pineapple juice, 1 quart ginger ale, 1 pint soda water. Squeeze the juice from lemons, oranges and limes. Chill. Boil sugar and water for 5 minutes. Chill. Just before serving add chilled pineapple juice, ginger ale, 1 pint soda water. Squeeze the juice from lemons, oranges and limes. Chill. Boil sugar and water for 5 minutes. Chill. Just before serving add chilled pineapple juice, ginger ale and soda water, and then pour over ice in punch bowl. If desired grated rind from some of the lemons and oranges may be added, when an additional ½ cup of sugar will be needed. If desired, garnish punch in punch bowl with wafer thin slices of oranges and red and green maraschino cherries.

PUNCHY TEA

Two cups each sugar and water, and strong fresh tea, juice of 4 oranges and 4 lemons, grated rind of 1 orange and 1 lemon, ½ cup pineapple juice, 2-3 cup grape juice. Boil grated rinds with the sugar and water 5 minutes. Add all remaining ingdedients. Chill. Serve 1 part of this syrup to 2 or 3 parts water an dice.

While raspberries are in season would you like to make some old-fashioned raspberry vinegar to stash away for winter consumption?

RASPBERRY VINEGAR

One quart white vinegar, 4 quarters raspberries, sugar, water. Wash 2 quarts of the berries, drain well, cover with the vinegar, let stand 2 days in cool place, covered. Crush the berries with the potato masher and strain through a cheesecloth, pressing to extract as much of the liquid as possible. Pour this juice over the other 2 quarts of berries and let stand for 2 days.

(Note: buy 2 quarts berries fresh for first operation; buy second 2 quarts of berries fresh on the day of the second step. In other words, do not buy 4 quarts berries and allow two of them to wait and get stale and soft until needed). Strain, measure. Heat juice slowly and to each 2 cups of juice add 2 cups of sugar. Boil for 15 minutes, skimming when necessary. Pour into sterile jars or bottles and seal. When serving time arrives next winter use about 2 or 3 tablespoons of this raspberry vinegar to ceah glass; filled with ice cold water or soda water.

OF SPECIAL NOTE in musical circles in this city was the recent wedding of the former Carroll Joan Coventry, daughter of Mr. and Mrs. J. H. Coventry, and Herbert Edgar Klein, son of Mr. and Mrs. David Klein. The choir of Fairview United Church sang for the service, and the Boys' Studio Choir was heard at the reception. The couple will make their home at Little Prairie, B.C., where the groom is school principal.

—Renwick photo.

Our Father's Business

DIVORCE AND REMARRIAGE

The usual discussion about divorce and remarriage does not go back for enough. Possibly the first sin about the whole problem is the putting away in the first place—the putting away that breaks the union between two hearts which had been made one according to God's plan. These broken pieces sometimes seem a mending by attachments to other broken pieces, or to incomplete lives, and the result is usually a patched up affair unsatisfactory to God and men.

Many times small children are cut off from parental love and care, and deprived of many blessings that should of been theirs. Here is possibly one of the contributing causes for juvenile delinquency. Married couples should not break up in the first place. This is a step in the wrong direction. God halts us right here. If there was no ptuting away, there would be no problem of remarriage.

God is displeased with this sort of thing. Marriage is divinely ordained of God, and the desecration and violation of the happy home spoils the picture of the heavenly home, and the relationship of our heavenly Father to His earthly children.

Jesus said, "From the beginning of creation God made them male and female. For this cause shall a man leave his father and mother, and cleave to his wife; and they twain shall be one flesh: so then they are no more twain, but one flesh. What therefore God hath joined together, let no man put asunder.

Whosoever shall put away his wife, and marry another, committeth adultery against her. And if a woman shall put away her husband and married to another, she committeth adultery."

God made one wife, one man in Eden. We must not argue against the plan that God has made, but let us accept it without reservation and hesitation.

—Rev. Reuben Iwanson

Salmo Notes

SALMO — Jack Clappison of Drumheller, Alta., visited Mr. and Mrs. Ed. Avery on his way to Vancouver.

Miss Audrey Sproulle of Winnipeg is visiting Mr. and Mrs. Jack Teague.

Mr. and Mrs. Chet Bush left on a trip to Seattle, Vancouver and Vancouver Island.

LONDON, Ont. (CP) — A new era in social welfare work began here when more than 60 groups united to form one weflare council. The new body is designed to co-ordinate all community services and needs.

Natal Couple's Son Marries

NATAL — Of interest is the recent wedding in Abbotsford of Roberta Belle, daughter of Mr. and Mrs. A. Brian Thompson, and Edward DePaoli, son of Mr. and Mrs. G. DePaoli of Natal.

Rev. H. P. Collins, assisted by Rev. A. L. Elliott of Newton, conducted the candlelight ceremony in Trinity Memorial United Church.

The bride wore a princess line gown of embroidered net over satin with a sweetheart neckline. Her chapel veil was held by a juliet cap, and she carried a gardenia-decked Bible.

She was attended by her sister, Mrs. Reg Webb, Miss Georgina Daly, of Vancouver, and Miss Dolly DePaoli, the groom's sister. The attendants were gowned alike in ballerina dresses of champagne taffeta.

Mr. Ralph Tortorelli of Mission City was best man, and ushers were Mr. Reg Webb of New Westminster and Mr. Dino DePaoli, Mr. J. Anderson was organist and Miss Joyce Humphries of Vancouver, soloist.

At the reception in the church hall, the bridal toast was proposed by the bride's uncle, Mr. Bob Jay. The couple spent their honeymoon in the Bridge River country, before making their home in Vancouver.

GUIDE ACTIVITY AT NEW DENVER ENDS TILL FALL

NEW DENVER — The Girl Guides, Brownies and Association of New Denver has adjourned for the summer months.

At the final meeting of the Girl Guides, a number of guests and parents witnessed a ceremony in which Roberta Heslip and Georgina Stewart received their tenderfoot badges and six girls, Mildred Augustine, Marcia Strebchuk, Maureen McRory, Carol Jones, Faye Cutler and Diane Clever received their second class badges.

Captain Grace Butler, on behalf of the Guides, present Clifford Uphill with a "thank you" pin in recognition of his assistance in instructing the girls in their badge work. Mildred Augustine was presented with farewell gifts by the Guides and the Presbyterian Church choir. A. D. McKellar gave a talk on the value of the Guide training and congratulated the girls on their efforts.

Brownies who were successful in obtaining their golden bar were Mary Phyllis Forsythe, Marjorie Buckham, Gerry Strebchuk, Betty Ann Heslip and Beverly Steenhoff. For their final wind-up the Brownies had a weiner roast at Bigelow Bay.

The Girl Guide Association meeting was held at the home of Mrs. H. Clever. Mrs. Q. A. Forsythe gave a convention report of the Girl Guide Association annual meeting held in Trail. The possibility of the Guides and Brownies camping was discussed.

COOL OFF BURNING FEET
Even when your burning, aching feet won't let you walk another torturing step — you're only moments away from cool foot comfort when you use BUCKLEY'S WHITE RUB. Sore, swelling, burning feet become cool and fresh the moment you apply this cooling, medicated vanishing cream. Biting corns and calluses soften. Even cracked skin is soothed. Get happy feet. Get BUCKLEY'S WHITE RUB now — Sold everywhere — only 59¢.

"You Wanted To Know . . ." Department

(Conducted by Mary Moore)

QUESTION: Our WA is catering for a wedding and would like some assistance as to quantities of food to prepare. Sixty guests and six waitresses: Potato salad, jello salad with fruit cocktail and celery in it; cottage cheese with pineapple in it; potato chips, parsley and lettuce to garnish plates; grapefruit and pineapple juice for serving as they leave the reception line; instant coffee (their choice); cabbage salad—not jellied. Thank you. Mrs. C.S.

ANSWER: Potato salad 9 quarts; 12 to 14 packages of jello powder if fruit cocktail is measured as part of water allowance; same for jellied salads with cottage cheese and pineapple; potato chips — the amount is optional but a pound will serve 8 liberally; 6 to 8 heads of iceberg lettuce; about 1 pound of parsley; you will allow about 4-ounce servings of the grapefruit and pineapple juice. If these juices are to be mixed when served you will need a little over 6 quarts to give each guest one 4-ounce serving. So if you plan to serve both grapefruit juice and pineapple juice and give the guests a choice you will have to use your own judgment — but these juices are very popular so plan on serving two or three 4-ounce servings each. Instant coffee depends on how strong you intend to serve it. Make this test: Measure 1 tablespoon and dissolve it in 1 cup boiling water. If that strength suits you when it comes time to make it, measure out 1 cup instant coffee and to it add 3 quarts boiling water. That amount will serve 20 people one 6-ounce serving each. Make three times this amount to serve 60 guests. Cabbage salad 8 to 9 quarts. Good luck. P.S. Add only 2 quarts boiling water to one cup instant coffee if you want the coffee to be stronger.

(Letter from Mona M. W. giving cake similar to one requested recently by a reader.)

EMERALD ISLE CAKE

Shortbread Crust: One - third cup butter or shortening, ¼ cup icing sugar, 1 teaspoon vanilla, 1 cup sifted all-purpose flour, ⅛ teaspoon baking powder, 1 cup strawberry jam. Method: Cream butter and sugar until light and fluffy. Add vanilla, sift flour, add to butter an dsugar mixture. Mix until crumbs form. Pack into 8 - inch square pan lined with paper. Spread jam over shortbread crust.

Cake: One-third cup butter (or shortening), ¾ cup sugar, 2 eggs, 1½ cups cake flour, 2 teaspoons baking powder, ½ teaspoon salt, ½ cup milk, 1 teaspoon vanilla. Method: Cream butter and sugar, add eggs and beat well together. Add sifted dry ingredients with milk and vanilla. Blend well. Pour over jam filling. Bake in moderate oven at 375 degrees Fahr. for about 45 minutes.

Frosting: Top with 7-minute or icing sugar frosting, putting two tablespoons of mint jelly into frosting to give it the green touch. Decorate with green cherries cut up in small pieces.

ANSWER: Thank you, Mona. I hope the reader who was requesting this cake sees your recipe.

Fruitvale Notes

FRUITVALE — Mr. and Mrs. Joe Seifrit and family have returned from Calgary where they attended the Calgary Stampede.

Miss Merle Gordon has returned from Naramata where she attended a short course at the Christian Fellowship Training School.

Miss Jacqueline Payette and Miss Doreen Mauchlin are attending summer school at Victoria sponsored by the Community Programmes branch of the Department of Recreation. They are representing the Fruitvale Recreation Advisory Council.

Mr. and Mrs. Donat Morissette and family have returned from a holiday at Plamondon, Alta.

Mr. and Mrs. Ralph Leckett are holidaying in Seattle and other western points.

Ranch Hand Proves She's Capable Boss

HIGH RIVER, Alta. (CP)—The top hand at Happy Valley Ranch is attractive, hard working, capable—and feminine.

Working in a man's domain isn't new to Muriel MacLeod, 22-year-old daughter of Mr. and Mrs. H. B. MacLeod of High River, 30 miles south of Calgary.

Last spring she was the only girl to graduate from the faculty of agriculture at the University of Alberta.

How did the agriculture students like having a female invade their classes?

ONE OF THE BOYS

"They were a little suspicious at first," Muriel says, "but when they realized I was really serious and meant to stick to it, they were wonderful. All of them — even the professors — treated me just like one of the boys!"

When Muriel entered the faculty of agriculture, she had plenty of good practical experience behind her. At the age of two she began riding bareback and she made her first cattle drive when she was six.

Four years ago, under her mother's supervision, she took charge of the family ranch, 30 miles west of Nanton, for the summer. Since then summer "holidays" for Muriel have meant rising at 5 a.m. and riding an average of 30 miles a day over the thousands of acres comprising Happy Valley Ranch.

In the afternoon, she takes "time out" to do some fencing, take salt to the cattle or shoot coyotes, but later on she's back at work again until bedtime — about 10 p.m.

"Calving out" the cows is the first job that greets her when she returns from university in the spring and it means riding every day to inspect the cows, get the new, weak calves moving and put caustic on their horns to save dehorning later.

She also supervises spring branding, helps in separating cattle and in the haying.

Her trim figure, laughing blue eyes and curly hair make it difficult for the cowboys who work with her or her classmates at university to treat her exactly like one of the boys.

The Canadian Federation of Agriculture has confidence in Miss MacLeod's knowledge of agriculture. She has been offered a position for this fall as director of research and editor of the National Farm Radio Forum Guide, published in conjunction with the CBC national farm radio forum.

"It's a wonderful opportunity," she says. "And it would be good experience for me. There's only one thing wrong — I'd have to leave the ranch and live in Toronto.

"Oh, well, there'll always be holidays!"

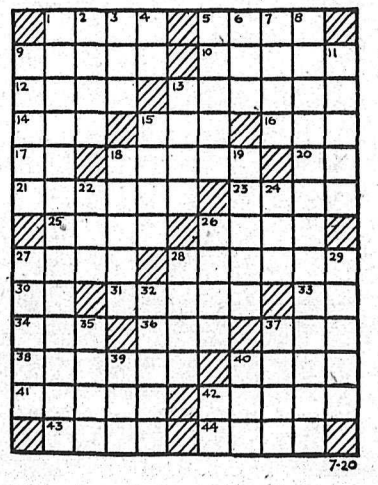
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

S I C S Q U Q O U W N I Q O N Q P B C U L

Q O U U Q B N Y U N L Q . G M Q P U Q N P B I U

Q O S I U U I U W Z — O U L S B A .

Yesterday's Cryptoquote: APT ALLITERATION'S ARTFUL AID — CHARLES CHURCHILL.

PUBLIC NOTICES

"PROVINCIAL HOME OWNER GRANT ACT"
(B.C.S. 1957, Ch. 25)

To Resident Owners of Eligible Residences:

Municipal and Provincial Collectors have been advised that the Provincial Government will reimburse local governments for credits of up to twenty-eight dollars afforded on the current year property taxes to resident owners, otherwise eligible, where ONE, TWO or THREE single rooms are rented within the household of such owners.

This interpretation is designed to implement the INTENT of the Legislature that the grant credit be afforded to PURELY non-commercial residences or those with a LIMITED commercial rental income.

W. A. C. BENNETT,
Minister of Finance
July 17th, 1957.

Salmo Lad's Odd Jobs Pay Way To Jamboree

SALMO — Henry Thomas John, a 15-year-old senior high school student of Salmo, will have the honor of being the only Scout from the Kootenays to attend the Jubilee Jamboree Scout Camp to be held at Sutton Coldfield, Warwickshire, England. This camp will be held from August 1 to 12 and Scouts from all over the world will be represented.

Tom was born in Victoria, while his father was in the forces but has spent 12 years in Salmo. He has been active in Cub and Scout work since he was eight years old and for the past year has been a Scout troop leader under Scoutmaster Douglas Leake. He was presented with his Queen Scout badge on June 23 by District Scout Commissioner G. A. Gordon.

Tom will have only part of his expenses paid by the Scout Association, so he has been busy earning extra money ever since he found out that his application was accepted. To do this he has shovelled snow, mowed lawns, worked at a store and did any other odd jobs he could find.

Mr. and Mrs. John will take him as far as Vancouver Sunday. On Wednesday he will leave the Vancouver airport aboard a DC 6-B aircraft chartered from the CPA. They will fly the Arctic route and arrive at Heath Row Airport, London on Thursday.

While in England, Tom will visit Miss Ainsley, a sister of Mrs. Grace John, who lived in Salmo for some time. He will also visit relatives of his mother's, the former Margaret Dawson, who was born in England.

COUSIN GOING OVER

The Johns considered it quite a coincidence on looking over the passenger list, to notice that Richard Hyde of Westholme, a cousin of Tom's, will be on the same plane flight.

Lorne J. Avery, assistant Cub commissioner of Nelson district and holder of the Wood Badge in Cub leadership, will also attend the Jamboree. He has been active in Cub and Scout work for a number of years, attended the World Jamboree in Ottawa in 1949 as a Scout and in 1955 attended the Jamboree at Niagara-on-the-Lake as an assistant Scout leader.

He is a member of the J.I.M. headquarter's staff, which includes leaders volunteering their time and service — all at their own expense, including travelling—to assist in the administration and services required in this work. He will be working with 1300 Canadian Scouts and 34,000 Scouts from all over the world.

Canadian Boy At School With Charles

By ALAN HARVEY
Canadian Press Staff Writer

LONDON (CP) — If Andrew Smith ever gets a schoolboy urge to toss a paper wad, he'd better aim carefully. He might accidentally connect with a royal noggin.

Andrew, a nine-year-old Canadian, goes to the same school as Prince Charles. In fact, he sits just a couple of desks away, and had his picture on newspaper front pages the other day taking part in a sports program with the heir to the throne.

Both are students at Hill House, a preparatory school on Hans Place in fashionable Knightsbridge. The headmaster is Stuart Townend, a retired army colonel who has pleasant memories of running for England on a winning relay team at the British Empire Games at Hamilton, Ont., in 1930.

"We've always had Canadian boys here at Hill House, ever since we started the school in 1951," says Townend. "They're no trouble at all."

GOOD STUDENT

Andrew, a robust boy with short-cropped fair hair, is the only son of Air Vice - Marshal Douglas Smith, chief of the Canadian joint staff in London. Townend says the Canadian boy is a "good average" student and one of the school's strongest swimmers.

Andrew is unconcerned at having such a celebrated classmate as Prince Charles. He's gone swimming at Buckingham Palace a few times, but he and the other boys make no special concessions to the world's most famous schoolboy.

"They don't look at it the same way we do," says Air Vice-Marshal Smith formerly of New Westminster, B.C., and Vancouver.

Hill House is a day school, costing £90 a year not counting lunch. There are 102 pupils. The nine boys in Andrew's class study subjects ranging from the three Rs to physiology, which sounds fairly advanced for nine - year-olds. Smith says his son knows more about "what makes us tick" than he does.

Andrew doesn't say much about school. He is mechanically inclined and he'd rather play with his meccano set.

Chess Organizer Refuses $150

TORONTO (CP) — Bernard Freedman, organizer of the world junior chess championships to be held here Aug. 3 - 18, said he will refuse to accept a $150 city contribution toward the costs of the tournament.

Freedman said the amount constituted an "insult" and "the city shouldn't try to hand out crumbs."

"If they don't want to make the championship a dignified presentation, we will not accept anything."

Freedman said he understood the $150 was to include the cost of a trophy to the chess winner.

"The trophy should be a decent one and be given by a public body but this is ridiculous."

Lumber Company Adds Equipment

CRANBROOK — Cranbrook Timber Ltd. has added a new installation to its Cranbrook plant at the yard here in a horizontal resaw which cuts lumber to one-inch dimension and can handle up to 100,000 board feet a shift. This operation in lumber manufacturing has been carried out in the past in the planer building with a vertical resaw.

A new electrically operated resaw unit is located in a platform extension northward of the yard green chain. A building has been constructed around it and a crew of about six men is employed in this section. Lumber emerging from the resaw goes either to the dry kilns located in the planer yard, or to Wardner for yard drying and stockpiling.

Kinnaird Finances In Good Order

KINNAIRD — J. M. Macbeth, auditor, present at a recent meeting of the Kinnaird Village Commission, said the village is in a good financial position and that he was pleased with operations.

Percy Owles has been approached regarding purchase of land for addition cemetery property, and the village plans to get an option on two or three acres.

CUTS RED TAPE

DEVON, England (CP) — Devon county council is to streamline its committees and cut administrative costs. "A vast amount of paper dealing with tin-pot matters is being sent out to county council members, and I think it's quite wrong," said finance committee head J. A. Day.

Ex-Nakuspian Donates Land To Launch Club

NAKUSP — A few years ago the Dominion Government put a ban on the anchoring of boats and boathouses to the government wharf here. Since then, the Nakusp Launch Club has worked steadily to provide local facilities for moorings.

Now the club has announced that it has completed arrangements for the acquisition of extra property giving all the foreshore accommodation needed

This has ben made possible by transfer of property, donated to the club by Charles Howarth of Calgary, who formerly operated the Arrow Lakes Lumber Company in Nakusp.

Recent improvements to the right of way make it possible for Launch Club members to park their cars on this property.

More satisfactory access to the floats and boathouses will be provided in the club's plans. The beach property will also be cleared up.

Apes Break Out Of Toronto Cage

TORONTO (CP) — A chimpanzee, an ape with "the strength of three men" broke out of the monkey house at the east - end Riverdale zoo today, scattered a crowd and clawed at a keeper before employees cornered him in a building on the grounds.

A guard said: "This could have been mighty dangerous, especially if he had got at any children. This chimp has the strength of three men."

The four-foot chimp, smaller than a gorilla but powerful enough to tear a man to pieces if enraged, is called George. The male and a female named Lulu took out from the monkey house about 8 a. m.

Keepers snared Lulu and shoved her back into the monkey house. But George went into a rage and eluded the staff.

The public was cleared from the area.

Keeper George Stewart said the aroused chimp, a native of equatorial Africa, clawed him across the chest and tried to bite him.

Then the ape bolted for the bird house, ripped open a steel door to the pheasants' cage and the pheasants fled.

Six keepers finally cornered George in the building.

Street Oiling Plans Cancelled

FRUITVALE — Plans for oiling village streets have had to be cancelled for this summer, the Commissioners learned at their meeting this week. No machinery would be available until late August, too late to be of benefit.

Discussion on the progress of widening the Columbia Garden Road revealed that work is temporarily halted. Ratepayers along the road on the whole had been most co-operative, donating the required footage feeling that it would benefit their property as well as the road. Some, however, have held out wanting "exorbitant" prices for their land, it was stated.

The new grader is expected to arrive in about three weeks time, village clerk, Donat Morissette reported.

Mining Scene Livens, Utica Installing Mill

KASLO—A limited amount of mining activity is taking place in this area.

The Triumph Mines Ltd., which adjoins the Western Mine to the West of Kaslo is carrying out a diamond drilling program which is being sponsored by the Intermountain Petro-Mining Company of Calgary.

The company opening the old Daybreak Mine above the Cork Mine on South Fork of Kaslo Creek is making good headway in opening old tunnels. This is one of the oldest mines in the district, but has been tied up for years owing to a dispute over ownership.

The Utica mine is building a mill. Work has already started and machinery is expected next week.

Talks, Tours Interest Visiting Scientists

TRAIL — Eminent men of science from all parts of the country joined in discussions Friday at the Central Research Laboratory of the Consolidated Mining and Smelting Company here.

It was a continuation of the program held in connection with the previous day's opening of the new south wing of the laboratory.

Later in the day the visitors toured the chemical and fertilizer plants and went to the Waneta power plant. A dinner at the Golf Club was held in the evening.

Scientific guests who came from across Canada to attend the opening were F. R. Archibald, Falconbridge Nickel Mines Ltd.; B. Benson, Sherritt Gordon Mines Ltd.; Dr. W. J. Biermann, University of Manitoba; J. E. Breeze, B. C. Research Council; Dr. S. D. Cavers, University of B.C.; Dr. John Convey, Department of Mines and Technical Surveys; Dr. D. C. Downing, Shawinigan Chemicals Ltd.; G. S. Farnham, International Nickel; Dd. W. L. Ford, Pacific Naval Laboratory, DRB; Dr. P. E. Gishler, Canadian Chemical Co. Ltd.; Dr. G. W. Govier, University of Alberta; Dr. N. H. Grace, Alberta Research Council; Dr. H. C. Gunning ,University of B.C.; Dr. J. Halpern, University of B.C.; Dr. R. M. Hardy, University of Alberta; Dr. J. G. Hooly, University of B.C.; H. M. Howard, University of B.C.; R. W. Klinck, B.C. Research Council; Dr. G. A. Ledingham, National Research Council, Saskatoon; E. O. Lilge, University of Alberta; Dr. A. E. MacDonald, University of Manitoba; Dr. I. R. McHaffie, Canadian Industries Ltd.; Dr. J. B. Mawdsley, University of Saskatchewan; A. F. Mohri, Steel Co. of Canada; Dr. Frank Noakes, University of B.C.; R. H. Rimmer, Aluminium Labs Ltd.; Dr. C. S. Samis, University of B.C.; Dr. G. M. Shrum, B.C. Research Council; Dr. J. W. T. Spinks, University of Saskatchewan; T. L. Sturgess, Department of Industrial Development, Trad and Commerce; Dr. P. C. Trussell, B.C. Research Council; Dr. J. F. Walker, Department of Mines of B.C.; Dr. O. J. Walker, University of Alberta; Dr. T. E. Warren, Saskatchewan Research Council; Dr. M. Wayman, Columbia Cellulose Co. Ltd., and Dr. R. H. Wright, B.C. Research Council.

$4500 Contest To Swell Funds For Green Home

CRANBROOK — The Dr. Green Memorial Home Society has chosen a new car as top prize in the bingo it will sponsor August 10. The Society ways and means committee under chairman George Dougall has named chaimen for the various committees arranging the affair which will offer prizes totalling $4500 in retail value.

Edward Gummer is general chairman with assistance of Robert Willis. Finance chairmen are Mr. Gummer and Ron Bailey, arena manager George Jealous, equipment manager H. C. King, advance ticket sales chairman Mrs. I. L. Grant, advertising and publicity chairman George Pelton, and master of ceremonies J. S. Johnston.

Cranbrook's six service clubs and the Canadian Legion are being asked to volunteer a total of 60 people to help with preparations of the Arena for the game, and to run off the bingo. Other prizes offered are a fibre glass boat, a camping outfit of tent, cots and sleeping bags, a rotary power mower, a sewing machine and a children's plastic swimming pool. There will also be a $50 cash prize for advance sale tickets.

Net proceeds of the event, to be added to the total of contributions so far of $27,000, will be matched by the Canadian Legion under its current offer of contributing an equal amount of net proceeds of any event sponsored by an organization, business or individual during July, August and September on behalf of the fund.

Hoffa Acquitted

WASHINGTON (AP) — Teamsters union leader James R. Hoffa was acquitted of charges of conspiring and bribing to plant a spy within the Senate rackets committee.

A federal court jury of seven men and five women returned its verdict four hours and 45 minutes after it had received the case.

The jury foreman replied "not guilty" as the clerk asked him the jury's verdict on each of three charges against the midwest boss of the teamsters union.

Hoffa's acquittal may bolster chances as a possible successor to Dave Beck as president of the teamsters, the largest union in the United States.

One spectator shouted "God bless this judge and jury" when the verdict was given.

The short and stocky, black - haired Hoffa, 44, stood erect and looked straight ahead as the jury filed in.

By its verdict, the jury believed Hoffa's denial that he plotted with Hyman I. Fischbach, a Miami lawyer, to induce John Cye Cheasty to get a job with the Senate rackets committee in order to feed Hoffa its secrets.

In submitting the case to the jury, U.S. district judge Burnita S. Matthews admonished the jurors to reach a verdict "without sympathy or prejudice."

Four More Polio Cases Reported

OTTAWA (CP)—Four new cases of polio were reported in Canada in the week ending July 13 but this year's death toll remained at four compared with five at the same date last year, the health department said. Three of the four new cases were paralytic.

Polio cases from Jan. 1 to July 13 numbered 53, of which 32 were paralytic. In the corresponding period last year there were 83 cases, including 53 paralytic ones.

The five-year 1952-56 average for the Jan. 1-June 13 period is 304 cases, with 136 paralytic cases.
