Kootenay—Cloudy Friday afternoon with snow commencing in the evening. Remaining very cold. Light northerly winds. Low and high at Cranbrook, 20 below and 10 above; Crescent Valley, 10 below and 20 above.

Nehru Rebuffs U.S., Britain Over Kashmir

AKOLA, India (Reuters)—Prime Minister Nehru delivered a sharp attack Thursday on Britain and the United States over the Kashmir issue.

The two countries jointly backed a United Nations Security Council resolution on Kashmir Wednesday which Nehru termed "collective aggression or collective approval of aggression."

In an address here to an election rally of 400,000, he did not mention the United States by name, but of Britain he said:

"British imperialists tried to divide our people. They sowed disunity among Hindus and Moslems and others. The result of this policy of divide and rule was the creation of Pakistan."

Britain and the United States, along with Cuba and Australia, presented a United Nations Security Council resolution to send the Council President to the Indian sub-continent to try to solve the dispute.

Russia voted the resolution and the U.S. immediately introduced a new one asking that Council President Gunnar Jarring of Sweden, examine any proposals which in his opinion were likely to contribute to a settlement.

Nehru termed the new American resolution just a different form of the vetoed one.

He said India will not allow a single foreign soldier to set foot on her soil, "whatever might happen and whatever will be the consequences of his stand of ours."

"If any country invades Kashmir it will not only be an invasion of Kashmir but an invasion of India."

COLLECTIVE AGGRESSION

Nehru, in a later interview with the Press Trust of India, described the four-power resolution at the UN as "collective aggression or collective approval of aggression."

Nehru said a peaceful settlement with Pakistan is possible if other countries do not interfere and do not encourage aggression.

No Guarantee—No Withdrawal Says Israel

A STREAM OF WATER is played on the burning Katy Jane rest home at Warrenton, Mo. The old folks home became a funeral pyre in minutes for at least 70 persons. Cause of the fire was undetermined. One eyewitness said it seemed the entire two and one-half story brick building was aflame in three or four minutes. Searchers poured water on sections of the ruins and then continued to probe through debris for bodies.—AP Wirephoto.

Still Aims for Understanding With U.S.; Wants Freedom of Aqaba, Gaza

By ROBERT TUCKMAN

JERUSALEM (AP)—Prime Minister David Ben-Gurion Thursday night turned down President Eisenhower's demand for an immediate Israel withdrawal from the Gaza Strip and Gulf of Aqaba.

At the same time, the aging Jewish leader announced Israel will make a new effort to reach an understanding with the United States on the Middle East crisis.

Addressing Parliament after a cabinet meeting, Ben-Gurion said anew that Israel must have guarantees of freedom of navigation in the Gulf of Aqaba, plus security against raids from the Gaza Strip.

"No matter what may happen, Israel will not submit to restoration of the status quo in the strip," he said.

Before last October's invasion Egypt controlled the strip, formerly a part of Palestine, under the 1949 armistice terms.

President Eisenhower called on Israel to meet United Nations demands that Israel withdraw from Gaza and from the Sharm el Sheik area overlooking the mouth of the Gulf of Aqaba. He in effect held over Israel the threat of U.S. backing for punitive sanctions by the United Nations.

Thursday in Washington, Eisenhower appealed to American Jewish leaders to use their influence with the Israeli government.

In London, the president's statement came under fire from labor members of the House of Commons. The foreign office said Britain feels Israeli withdrawal should be combined with a UN guarantee of free passage in the Aqaba Gulf.

DOOR NOT CLOSED

The 70-year-old Israeli prime minister told parliament:

"We hope the door is not closed to further discussion. The government has decided to make further effort to reach an understanding with the United States."

He said of the Aqaba gulf coast:

"Israel has no need and no desire to occupy the desolate coastal strip of the Tiran straits. But she cannot withdraw from the area without effective security guarantees that the Egyptian dictator's acts of violence against her shipping—which the United Nations has tolerated for years—will not be repeated.

"Israel dare not unconditionally abandon the defence of her rights and her security in the straits."

"As for the Gaza Strip, it should be made certain that Egypt will not return to that area, either directly or indirectly, and the United Nations and Israel should arrive at an agreed settlement which will guarantee security for Israel and her settlements in the south and Negeb, will provide for the rehabilitation of the permanent residents, impoverished during the period of Egyptian occupation, and will pave the way for a solution of the problem of the refugees by the United Nations.

"Israel is prepared to help in the rehabilitation of the local inhabitants and to contribute to the maximum of her ability to the solution of the refugee problem."

Ben-Gurion added:

"The government of Israel has declared that Israel does not consider herself in a state of war with Egypt and is prepared to sign a treaty of non-aggression, which shall prohibit all acts of hostility on a basis of mutuality."

UN Should Offer Security Britain Feels

LONDON (Reuters) — Britain urged Thursday that an Israeli withdrawal from Gaza and the Gulf of Aqaba should be tied to United Nations action assuring Israel's security in the two areas.

At the same time, official quarters gave "qualified approval" to President Eisenhower's address Wednesday night warning that UN pressure must be applied to Israel for a withdrawal. But they continue cool toward the idea of sanctions.

Britain's appeal for UN action co-ordinated with an Israeli withdrawal was made in a prepared statement from the foreign office a few hours before the government was questioned in the House of Commons about Eisenhower's new statement.

Both Labor and Conservative members expressed concern over U.S. policy toward Israel. A Labor spokesman sought a declaration that Britain is not committed to U.S. policy.

Ontario Firms Pay Double Tax

By HAROLD MORRISON

OTTAWA (CP) — Ontario's new corporation income tax means, in essence, that companies in that province will be the only ones in Canada paying double taxes federal authorities said Thursday.

It may also mean, they said, that some new companies planning to open in Canada may shy away from Ontario and locate elsewhere, leading to a greater decentralization of industry.

But they doubted that there would be any great exodus from Ontario, which, in the eyes of the experts, is considered one of the most fruitful industrial markets in Canada.

One authority said the increase to Ontario corporations is only two per cent of taxable income and that is not such a great charge that it would scare many of them out of the province.

Ontario announced a rate of 11 per cent on corporation taxable income ,two percentage points higher than the nine per cent which companies paying a provincial tax can deduct from federal assessments.

Crows Giving City Folk the Bird

ALBUQUERQUE, N.M. (AP) — Rio Grande Valley crows apparently have decided the city offers the best opportunities.

The rascals are cluttering alleys, peering into garbage cans, raiding back yard gardens, dive-bombing cats and dogs, stealing anything they can haul off and making life miserable for late-sleeping humans.

Anyone who hasn't been jolted upright in bed lately by a raucous croak near the bedroom window, probably can expect it soon.

Since there are laws against blasting these noisy jerks out of the trees inside the city limits, there is nothing to do but turn over in bed and think evil thoughts.

Board Rules in Favor Of Rail Abandonment

OTTAWA (CP) — The board of transport commissioners said in a judgment released here Thursday it approves abandonment of a CPR branch line in the Kootenays on economic grounds.

The board announced January 14 that it had granted the railway the right to abandon a 33-mile branch line known as the Kaslo subdivision between Kaslo and New Denver. The branch line also includes a section running between Parapet and Sandon.

The board said some $200,000 would have to be spent by the railway this year to rehabilitate the line. Annual maintenance costs would be heavy due to mountainous terrain.

However the volume of business presently offered to the CPR in the area did not economically justify operation of the line. Main industry along the line was mining but mines in the area were unable to operate economically at present ore prices.

"It must be considered that the mines are of a marginal nature for the present, with no concrete assurance or guarantee that they will again flourish," the judgment said.

Anne, Charles Welcome Parents

LONDON (CP)—Curly - haired Princess Anne pushed the future king of England aside Thursday and bolted up an aircraft ramp to welcome home her royal parents.

Anne, a sprightly 6, whisked past Prince Charles, 8, and a host of dignitaries in her dash to greet Queen Elizabeth and the Duke of Edinburgh in the privacy of the plane that brought them from a state visit in Portugal.

Charles and the dignitaries — including Prime Minister Macmillan—looked slightly nonplussed for a moment but then the heir to the throne took off after his sister to hug their parents. They hadn't seen their father since he started a world-circling tour four months ago.

Despite the exhuberance of the children, the arrival was serene in comparison with the uninhibited excitement in Portugal, which included a carefree ride through the streets of Oporto in a rattling truck intended for press photographers.

Klondike Kate Dies Aged 77

SWEET HOME, Ore. (AP) — Klondike Kate died at her home here Thursday. She was 77.

Her real name, Mrs. Kate Rockwell Matson van Duren, was known to her neighbors but it was as Klondike Kate, the dance hall girl of Dawson City, that she had a continent - wide acquaintance.

She was jalous both of her name and her good character and 10 years ago sued a radio program for referring to her as daughter of a gambler. She asked $50,000 and said afterward she got a "satisfactory" out-of-court settlement.

Born in Kansas in 1880, she went north from Seattle when she was 20. She was fond of telling of her life in the dance hall in the gold rush days.

For the last 45 years she lived in Oregon.

Dockers Oppose Union Leaders

NEW YORK (AP) — East coast longshoremen defied their union leaders Thursday in a one-for-all, all - for - one continuation of a Maine - to - Virginia waterfront strike.

At the same time, New York dockers voted during the day on a master contract negotiated with shippers here in the nine - day strike. A hard core of Manhattan dockers are opposed to its terms and would be delighted to see the rank - and - file scuttle the whole agreement.

William V. Bradley, president of the International Longshoremen's Association (Ind.), had ordered his 45,000 striking dockers back to the piers at 8 a.m. Thursday on the basis of the tentative contract agreement.

However, the ILA in Baltimore was unable to reach contract agreement with shippers there, and 7400 Maryland dockers stayed out on strike. In Norfolk, Va., 2500 others remained idle in a dispute over local contract issues.

In New York, Philadelphia and Boston, thousands of rebellious longshoremen sided with Baltimore and Norfolk in open defiance of Bradley's return-to-work mandate.

It was the most serious defiance of Bradley's authority since a 1954 wildcat dock strike was pulled against his opposition.

Agriculture, Fishing Outlook Bright in B.C.

By LARRY STANWOOD
Canadian Press Staff Writer

VICTORIA (CP) — Optimistic views for the future of agriculture and fishing in British Columbia were expressed Thursday at the 10th B.C. natural resources conference.

The rapid growth of population in the province will provide an increasing market for agricultural products, experts in the field contended, while in the fishing industry, production will be doubled in the next 25 years.

J. S. Allin, supervising agriculturist of the B.C. Department of Agriculture, told the conference that 25,000 persons in B.C. are employed in the industry which in 1955 produced a gross farm income of $120,000,000.

Biggest single enterprise in B.C. farming is dairying, he said.

L. A. Atkinson, assistant general manager of the Fraser Valley Milk Producers' Association, said dairy farms in 1955 produced 768,851,000 pounds of milk at a total sales value of $50,190,000 of which $30,000,000 went to the producers.

A bright future was also predicted for the beef, poultry and egg industry by I. M. McConnon, manager of Burns and Co. in Vancouver.

Carey Maintains He Is Innocent

VANCOUVER (CP) — The Sun today published a 6000-word statement by James Carey, awaiting execution March 19 for the murder of a Vancouver policeman, quoting him as saying that he is innocent "and would cut off my right hand to take a lie detector test and prove my innocence."

Constable Gordon Sinclair was shot down in an industrial area on the fringe of downtown Vancouver Dec. 7, 1955. Joe Gordon, 35, is also under sentence to be hanged for the murder.

Carey's story to a Sun reporter was that he was working as an undercover agent for the RCMP and "if the Mounties had not instructed me to stay close to Joe Gordon, I would not have been with him the night of the murder.

Employment in Primary Industry Drops, Increases in Secondary

VICTORIA (CP) — Employment in British Columbia's primary industries has shown a marked decrease in the last 15 years, M. H. A. Glover, assistant director of the B.C. Bureau of Economics and Statistics, said today.

Mr. Glover, presenting the opening address of the second sitting of the B.C. Natural Resources conference here, said that in the same time employment in primary industry decreased, a corresponding increase of employment was revealed in secondary industry and services.

Today, out of every 100 employed in B.C., 13 work in the primary industries, five in agriculture, four in logging, two in mining, one fishing and one in either trapping or hydro-power.

Eighty-seven of every 100 persons working in B.C. are engaged in transportation, processing, financing or distributing raw materials.

Mr. Glover said British Columbians spend 26 per cent of their income on food, 15 per cent on housing fuel and light; 10 per cent on purchase and operation of cars in Vancouver, although in B.C. as a whole, this is surpassed by expenditure on clothing and household furnishings.

B.C. citizens also spend four per cent of their income on medical care and about three per cent for recreation.

Smoking and alcoholic beverages absorb more than three per cent while reading and education expenditures are less than half of that.

Parliament Thursday

By The Canadian Press

Prime Minister St. Laurent, detailing legislation plans, dropped a hint that the budget will announce an increase in the old age pension.

Defence Minister Campney said U S. jet interceptors armed with atomic rockets will fly over Canada only in a "grave emergency."

Finance Minister Harris announced a federal grant of $250,000 towards construction of a permanent theatre for the Stratford Shakespearean festival.

The Commons approved a government resolution to widen the scope of federal grants paid municipalities in lieu of taxes on crown property.

Judgment Reserved In Eaton Case

VICTORIA (CP) — Judgment was reserved by the B.C. Court of Appeal today in the appeal of Edward Eaton of Langley against a conviction of murdering eight-year-old Caroline Moore on April 26, 1956.

Eaton, a ferry worker was found guilty by an assize court in December of beating a girl to death and leaving her in a sack on the edge of a road near Langley.

Meanwhile, Eaton will wait in "death row" at Oakalla with three other condemned men for the court's decision which will decide whether he will die on the gallows on March 12.

Death row is now full of convicted men — all scheduled to die within the next few months.

Car Production Down

LONDON (Reuters) — British automobile production in 1956 fell by almost 190,000 cars compared with 1955, the Society of Motor Manufacturers announces. Commercial vehicle production also plunged with 42,000 less produced than in 1955.

Edmonton Exchange To Be Boycotted

TORONTO (CP) — The Telegram says the Edmonton Stock Exchange is being dropped from affiliation by Eastern Canadian exchanges. It describes the move as unprecedented in Canadian financial circles.

The story adds that the boycott is said to be "promoted by a feeling that the four-year-old Edmonton mart "is not exactly qualified to do the type of business a stock exchange should."

Edens Arrive In New Zealand

AUCKLAND, N.Z. (AP)—Former prime minister Eden and Lady Eden arrived in Auckland Thursday aboard the liner Rangitata.

This was Eden's first full day up since two shipboard bouts of fever. He told a press conference one bout was mild and the other sharper. Neither lasted long although they left him weak.

Eden limited photographers' activities and granted a brief press conference to a dozen reporters who boarded the ship.

Prime Minister Sidney Holland, Mrs. Holland and Sir William Jordan, wartime New Zealand high commissioner in London, welcomed the Edens.

One-Room School Common in Sask.

REGINA (CP) — Saskatchewan has more one-room schools than Manitoba, Alberta and British Columbia combined, creating an urgent demand for more teachers, Education Minister Lloyd said Thursday in the legislature.

"At the moment there are more than 500 schools with an enrolment of 10 or less and 200 schools with fewer than seven pupils," he said.

During the year Saskatchewan had lost 597 teachers, but only 200 new teachers had entered the province. Higher salaries and better living conditions were needed.

$250,000 GRANT FOR FESTIVAL

OTTAWA (CP) — A federal grant of $250,000 towards construction of a permanent theatre for the Shakespearean Festival at Stratford, Ont., was announced Thursday by Finance Minister Harris.

Mr. Harris read to the Commons a letter he has sent to Wilfred Gregory of the Shakespearean Theatre that the federal government will match the total capital grants of the province of Ontario, "namely $250,000."

The ministre's announcement was met with loud applouse from all sections of the House.

DOLLAR UNCHANGED

NEW YORK (CP) — The Canadian dollar was unchanged at a premium of 4⅜ per cent in terms of U.S. funds. The pound sterling was 1-32 lower at $2.79 27-32.

Radio Signals Being Bounced Off Moon

By DAVE MCINTOSH
Canadian Press Staff Writer

OTTAWA (CP) — Defence Research Board scientists are bouncing radio signals off the moon to gather knowledge about the ionesphere, an electrically - charged layer 50 to 300 miles above the earth.

Scientists concerned with the new project Thursday declined to discuss its defence implications but it is understood to be connected with research into defence against the intercontinental ballistic missile.

Such a missile would travel through space above the ionosphere, which deflects, bends or otherwise disturbs radio signals. Any system devised to detect the flight of an intercontinental ballistic missile will have to "see" accurately through the ionosphere.

Asked by The Canadian Press for an official statement on the project, DRB headquarters said: "The research which uses the moon to reflect radio waves is aimed primarily at studying the characteristics of the ionosphere which in turn affects long-range telecommunications.

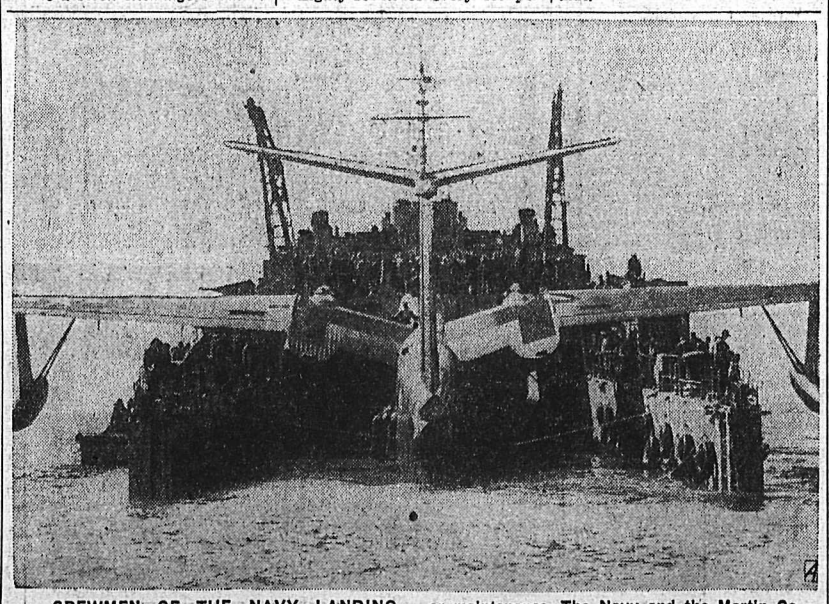
Canada is co-operating with the United States and Britain in the search for a defence against the intercontinental missile. This country's chief part in this research is concerned with missile detection.

When Cat's Away . . .

POMPTON LAKES, N.J. (AP) — This suburban community is finding out the hardway the truth of the old saying, "When the cat's away, the mice will play."

Several weeks ago, the Borough council passed an ordinance licensing cats. Cats without tags were taken to a cat pound.

Now the council is told rats are overrunning the community.



CREWMEN OF THE NAVY LANDING SHIP dock secure all lines after submerging the Ashland's stern well 14½ feet to take in this P5M Martin patrol bomber. Once the big plane is aboard, the Ashland closes her tail gate, pumps out the ballast and steams away with her big bird high and dry, ready for repairs or maintenance. The Navy and the Martin Co., of Baltimore staged the demonstration in Chesapeake Bay, Md., in one of a series of such experiments to help develop a suitable technique and equipment to handle the P6M, SeaMaster, 600 m.p.h. jet seaplane bomber which Martin is building. It was the first public demonstration.—AP Wirephoto.

And in This Corner . . .

COLUMBUS (AP)—Women students at Ohio State University here apparently plan to make the most of "co-ed week" which starts Monday. Highlight of the activities will be a "golddiggers ball."

HOPKINSVILLE, Ky. (AP)—A police sergeant who asked to be demoted so he could "be taken out of the high income bracket" had his wish granted. City council demoted Sgt. Billy Henderson to "Class A" patrolman, cutting his salary from $220 a month to $215 a month. Henderson submitted his request to the council in petition form Wednesday night.

LONDON (Reuters)—There are broken hearts in the London tie trade today—caused unwittingly by the Duke of Edinburgh.

When the duke arrived at Lisbon to greet the Queen at the start of the royal tour of Portugal, correspondents reported he was wearing a tie adorned with hearts.

Seconds later, says the London News Chronicle, an enterprising tie manufacturer switched his two factories from producing ties with a rock 'n' roll motif to a design featuring hearts. The orders came pouring in—1000 dozen the first day.

Then, said the newspaper, came bad news—the duke's tie had reindeer heads—not hearts—on it.

CHESTER, Pa. (AP)—Patrolman John O'Brien thought he was seeing double.

He was.

Parked one in front of the other on a Chester street were two cars with identical 1956 Pennsylvania licence plates—8DK89.

O'Brien notified the owners, Mrs. Jean E. Johnson, and lawyer Paul C. van Dyke, both of Chester. And the owners, in turn, notified the bureau of motor vehicles.

A spokesman acknowledged the error. He said the chances of such a thing happening are about one in 4,000,000.

Duck Lake Reclamation Protested by Sportsmen

TRAIL—West Kootenay sportsmen are ready to "take the gloves off and start fighting."

City council chamber Thursday night was packed with indignant Rod and Gun Club members from the district, including representatives from Nelson.

It was the opinion of the majority of members that not only further reclamation of Duck Lake, near Creston, be stopped but that land already claimed be "returned to the people of British Columbia." Members "could not believe" a statement in a Creston newspaper that Attorney - General Robert Bonner had promised the entire area as a reclamation project.

"We are very foolish if we don't take the glove off and start fighting," exclaimed one member. "The Creston people as a whole do not want this land reclaimed. With the competition of the Salmo-Creston cut-off this district will have a greater interest in this recreational area."

It was pointed out that the International Joint Commission would have to rule on any further reclamation.

"Let's find out what's going on," it was suggested, "where the government stands on this and where the Game Commission stands." In reply to a complaint originating from Creston about a few hundred dollars being spent on a study of the problem by J. H. Munro, federal wild life biologist, one member said:

"What about the thousands and thousands of dollars of government money spent during the floods of 1948 and 1953."

It was suggested that Attorney-General Bonner be confronted with the statement in the paper. As the matter had national interest, it was thought that H. W. Herridge, MP for Kootenay West, should be informed of the facts. The meeting passed a motion that the executive submit a brief to all interested parties concerned regarding reclamation of Duck Lake and that the B.C. Game Commission set the area for wild life management.

HEART FAILURE, EXPOSURE SAID CAUSE OF DEATH

TRAIL—M. Zeboroff of Pourtore, near Trail, died of heart failure and exposure, it was ruled at a coroner's jury held here. His body was found on the Columbia River bank at the rear of Trail's Elks' Hall on Feb. 4.

The verdict was returned at inquest conducted by the coroner, Dr. D. J. M. Crawford. Five witnesses were called. They testified that they last saw him at Bay Avenue and Spokane Street at midnight on Feb. 4.

Police found tracks in the snow that appeared to have been made by Mr. Zeboroff. The tracks followed the river bank from behind the Odeon Theatre to the Elks' Hall.

The police said tracks indicated Mr. Zeboroff had walked into the river twice.

Winning entrant in PTA poster contest, Betty Jane here turns to decorating store window with figures depicting winter sports. Fiesta committee offered prizes for best window decorations, house displays and ice modelling. —Charles Wormington photo.

Art Exhibition "Combines Enthusiasm, Graciousness"

A quarter of the 30 paintings exhibited by Alec J. Garner of Procter were sold within the first two hours of a preview showing Thursday night in the Women's Institute rooms at Civic Centre. About 45 persons attended by invitation. The exhibition is to be open to the public Friday and Saturday.

Mrs. John Erb, president of the art group of Kootenay Museum Society, who was in charge of sales, was "overwhelmed by the buying". It was considered to be one of the finest Garner exhibitions.

Although a few expressed disappointment that no child portraits were shown, the scenes, mostly new paintings of Autumn and Winter landscapes, created an atmosphere of genuine pleasure.

His "Autumn Tapestry", a scene near Sirdar, was one of the most admired pieces. Another much-sought-after canvas was an unnamed mood study of a black willow in Winter. Rating a great deal of favorable comment was "Autumn at Meadow Creek."

Much interest was shown in Mr. Garner's palette knife technique, most outstanding display of which was shown in "Meadow Creek."

Other artists who exhibited were Rev. J. N. Allan, Mr. Allsebrook of Kaslo, Mrs. Fred Blakeman, Rolfe Brock, D. Clarkson, Mrs. June DeGuglielmo, R. A. Denison, E. Dickinson, E. Guilbeault, Rev. E. D. Jones, Jean Linton, Mrs. Lymberry of Gray Creek, and E. Wallace.

Mr. Allan, chairman of the art group, welcomed the guests. He stated that the exhibit indicated "what enthusiasm and graciousness combined can do. Mr. Garner's graciousness and the others enthusiasm" made the showing an outstanding success. Mr. Allan pointed out the need for a permanent home for exhibitions of this kind.

A table of art supplies, in the charge of Mrs. Fred Blakeman, was set up in a corner where beginner artists and interested persons could ask questions concerning art and painting.

Mrs. M. Guilbeault was in charge of admissions while Mrs. Vincent Fink and Mr. Allan welcomed the guests.

Tea was served by members of the art group.

NEW TELEPHONE DIRECTORY CLOSES SOON

Deadline for the West Kootenay Telephone Directory is almost here.

The people who buy your goods and services look in the YELLOW PAGES first. If you haven't made arrangements to be represented in this important section, please contact the B.C. Telephone Company business office AT ONCE.

Any change you wish to make in your present White Pages alphabetical listing should be given to the telephone company NOW.

AND WHILE YOU'RE AT IT . . .

Can people find *your* name in the phone book? Here are a few of the ways in which inexpensive extra directory listings can help—

Business Subscribers:

- List names, addresses and positions of key employees.
- List your firm name in more than one way.
- List the companies your firm represents.
- List your firm in out-of-town directories.
- List after-hours numbers of officials.

Residence Subscribers:

For a very low monthly charge, list additional members of the family, permanent guests or boarders.

Why not order yours to-day?

Fernie Would Up Cougar Bounty; Opposed to Sanctuary in Area

FERNIE — The Fernie Rod and Gun Club elected officers, awarded fish contest prizes, discussed game season recommendations, firearm licences and general game and fish problems at the annual meeting Thursday.

The officers elected were honorary president G. E. Elkinton, honorary vice-presidents, Tom Uphill, MLA, Robert Lynch, Stanley Edgar, Kenneth Stewart and Harry Gardner, president, Percy Starr; vice-president, Archie Fleming; executive committee Norman Pointon, Wilfred Williams, John Hunter, Ernest Baker, Frank Mogielka, Peter Ax, Orlando Carolei, Robert Glover, Harry Haigh, George Rawson, Ed Brown, David Harder, and Martin Baher. The executive officers and committee will name the secretary-treasurer.

Prizes for the 1956 fish contest were awarded in the following classes: grayling, Gordon Murdoch two pounds; Kamloops trout, Bob Glover, eight pounds; bull trout, Bert Saunders, four pounds seven ounces; children's class (any specie) bull trout, Jim Camilli, 11½ pounds.

SINGLE LICENCE

All Rod and Gun Clubs were requested by the Game Department to give their opinions on the establishment of one firearm licence fee of $5 to replace the present fees of $4, $7 and $12. The department felt the change would simplify clerical work without loss of revenue. Fernie Rod and Gun Club supported the plan. Game department report showed that 33 clubs had replied, 24 had favored the idea, two opposed and seven gave partial approval.

The cooperation of the Chamber of Commerce is being sought to study the possibility of installing a fish ladder at the Elko dam.

The Club expressed satisfaction with the formation of the new provincial Department of Recreation and Conservation.

Recommendations for hunting seasons were drawn up for presentation to the East Kootenay Rod and Gun Club Zone convention in March. The club opposes any open season on antlerless game. Recommendations follow:

Black bear, no closed season; grizzly bear, Sept. 1 to June 30, deer, bucks, Sept. 14 to Dec. 1 inclusive; elk, male, Sept. 14 to Dec. 1 inclusive; moose, male, Oct. 1 to Oct. 15; sheep, ram only, Sept. 14 to Oct. 30 with the addition that animal must have three quarter curl. No changes were recommended for the goat, duck or grouse seasons.

The club will press for the cougar bounty to be raised from the present $25 to $40. The club is also asking that the game warden and government cougar hunter immediately take action regarding the reported depletion of a deer herd in the Sulphur Spring area of the Elk Valley. It was reported that a herd of some 60 animals had been reduced by cougar depredations.

The Club decided to continue its policy of resisting strenuously any suggestion of opening any game reserve or sanctuary in the Fernie district. It will also present a resolution requesting that the use of shotguns in hunting deer and big game be prohibited. Evidence was given where moose and elk had been killed by hunters, and in dressing the carcasses it was found that the animal had been previously wounded with a slug fired from a shotgun.

A discussion will be asked for at the zone convention on: 1, possibility of obtaining a new type of licence upon which game wardens upon making a check, could record in some manner such as a punch or endorsement any kill made by a hunter; 2, use by hunters of forestry access logging roads, and 3, the general situation in the south country where it is reported that farmers are shooting deer and elk to protect their open stacks of winter feed.

Delegates named to attend the zone convention in late March were Jack Crabb, Mr. Haigh and Mr. Starr. Alternates are Archie Fleming and Martin Baher.

In reply to a request from Frank Mahe, East Kootenay fish biologist, the Club suggested that Silver Springs Lake, near Elko be used as an experimental lake for the planting of Arctic grayling. Mr. Maher's offer to meet a delegation from the Fernie Rod and Gun Club to discuss the general fish situation and all problems relating thereto was accepted. The executive will arrange a suitable date.

Trail Employees To Get Pay Hikes

TRAIL (CP) — City of Trail employees will get three wage boosts ranging from 10 to 21 cents an hour in various classifications during 1957 by the terms of a new wage and salary schedule agreed upon by bargaining committees of Trail and District Civic Workers Union Local 343 and of the city.

The agreement will run until June 1958.

With an average employment of 50 to 60 men through the year, the extra cost for the taxpayer will be around $10,000.

The grave diggers are the highest paid. Each now earns $2.18 per hour and will receive $2.31 when the pay boosts come into effect.

CRAWFORD BAY — The Anglican Church Guild, meeting at the home of Mrs. B. Linn, agreed to hold World Day of Prayer observances on March 8. Members also decided to buy a collection tray for the church.

NEW ZENITH 50-X 4 TRANSISTOR HEARING AID ONLY $65 COMPLETE

Just imagine! A finest quality 4-transistor Zenith backed by an iron-clad 10-day money-back guarantee of *full* satisfaction, yet selling for one-fourth the price of many comparable aids. AT IT'S PEAK, above, is the fire which roared through the Selkirk Hotel, near Windermere. The early Sunday morning blaze completely destroyed the two-storey brick structure on Highway 95. A popular stopping place for tourists, the owner, Martin Roder, was in Vancouver at the time.

Trail Minister Heads United Church Presbytery

Four delegates to a National Evangelistic Mission conference in Vancouver reported to the Kootenay Presbytery of the United Church at Nelson Wednesday.

R. Criswal of Kimberley described discussions on relating the Christian faith to problems in business, the family, the community and politics. Gordon Ellison of Trail remarked on the knowledge and enthusiasm displayed by the laymen who participated.

Rev. B. Knipe of Creston told the meeting that a mission on family life is planned in the fall.

Rev. E. D. Jones of Nelson reported on criticism of the church for creating the impression that it welcomed only "respectable" people.

The opening worship was conducted by the retiring chairman of presbytery, Rev. E. McPhee of Kimberley.

The new chairman is Rev. James of Trail, with Rev. H. R. Whitmore of Fairview, Nelson, as secretary and Mr. Ross Fleming of Nelson as treasurer.

Rev. H. Johnston of Kaslo reported the Presbytery givings to the Missionary and Maintenance Fund totalled over $20,000 in 1956, an increase of 8 per cent over 1955. He specially congratulated Kimberley congregation for their increase of 100 per cent.

Creston Liberals Return Dr. Fraser

CRESTON — Dr. W. N. Fraser was re-elected to head the Creston Liberal Association at a meeting Wednesday night. Vice-presidents are Aubrey Kemp and V. L. Mosher, and secretary-treasurer is Richard Hood. Others on the executive are Mrs. G. Koftiuk, John Wulffe, Mrs. E. Putnam, Mrs. Kemp, G. Miloux, Mrs. Pridmore, Bert Tooze, N. G. Boyd, and Mr. Farley. Honorary president is Frank Putnam, and honorary vice-president, Peter Miloux.

There was a small attendance at the "enthusiastic" two-hour meeting. Dr. Fraser gave his annual report, and report on membership was made by Mr. Wulffe.

Invitation Extended To Kaslo District

KASLO — Not only Kaslo residents, but also persons living in district places such as Mirror Lake and Shutty Bench, will be invited to attend a Kaslo Board of Trade "ladies' night" meeting May 1 for a discussion of the power question. A Board committee is planning for the meeting, at which it is hoped that an official of the West Kootenay Power and Light Company will be the speaker.

THE 39TH ANNUAL BANFF Winter Carnival was climaxed when Roma Kansas placed crown on head of 18-year-old Marilyn Harrang of Eugene, Ore., first American to gain title of Queen of the Canadian Rockies. Only Kootenay candidate was Windermere's Diane Madson of Radium Hot Springs, comely "Princess of the Purcells."—J. W. McLeod photo.

Sasaki Trophy Presented to Kaslo Scout

KASLO — Approximately 85 boys, their fathers and guests sat down to a turkey dinner Wednesday night sponsored by the Mothers' Auxiliary to the Cubs and Scouts in honor of 50 years of Scouting and Lord Baden Powell's birthday 100 years ago.

A number of constructed items were on display—pioneer models built by the boys for their first class badges.

Rev. D. L. McNutt said grace at the request of Jack Humphris, group committee chairman who conducted the banquet meeting. Guests included John Langley, district Scoutmaster of Emerald Mine; Mayor R. E. Green, William Hendren, Kaslo Recreation Association president, and J. J. McEwen of Nelson. Patrol leader of the Scouts Lance Miller proposed the toast to the Queen, and Dennis Tyers of the Cubs proposed the toast to the memory of Lord Baden Powell.

SASAKI TROPHY

Jack Flamank explained the Stanley Sasaki trophy to the gathering, saying the trophy had been donated by Mr. and Mrs. Sasaki in memory of their son, a member of the troop, who was killed in an accident near Toronto last summer.

The trophy is to be presented to a Scout each year for troop attitude, troop progress, attendance at meetings, behavior, marks and attitude in school.

Ron Baba was chosen for the honor in a closely contested competition.

Mr. Humphris spoke on the motto, "Be Prepared", and the work of Baden Powell.

The life history of Baden Powell was given by Mr. Langley. The original Scout uniform of South Africa, where the movement was formed, has changed little to today. He told of the origin of the Queen Scouts, and the proficiency badges required by the boys in order to earn Queen Scout cords.

The committee and Scouting organizers in this area won praise from Mr. McEwen.

Members of the Association who work hard with the boys—Miss Rose Smith, Rollie Lussier, Neil Johnson, Jack Morris, Les Stilwell and Mr. Flamank—were honored for their work. Members of the Mothers' Auxiliary were thanked, and Mrs. Stilwell accepted a number of pins with Mothers' Auxiliary "As" in the centre. Fathers were thanked for their co-operation and help in the organization.

A short program took place, started by Cubs with a snake dance. Four Scouts gave a quarter-staff demonstration. A film on the Niagara Jamboree was also shown. The boys then held a typical camp fire demonstration, and after Cubs left a film on B. C, was shown.

60-Mile Range . . .

Radio Station May Be Built At Cranbrook

CRANBROOK — Proposed commercial radio station for Cranbrook area, for which Bob Reagh of Lethbridge has been doing preliminary work here over recent week, was given approval by the Cranbrook Chamber of Commerce at its meeting this week. Mr. Reagh's plans are for a transmitter to be located at Twin Lakes, with station headquarters in Cranbrook, and the equipment he proposes would transmit over a range of 60 miles. He reported local preliminary financing support as good, but said the whole plan was contingent on granting of a licence for the station by the Board of Transport.

PACKING PLANT

Other local matters discussed were a proposal by a local stock operator, who was not identified, that a meat packing plant in the Cranbrook area would be commercially feasible, and the urgent need for services of a third dentist in this area.

Cranbrook's 70 merchants will be polled again by the retail merchants' section of the Chamber concerning their wishes about hours-of-operation regulations. January poll on four proposals was inconclusive. Now they will be queried on only two points, whether they favor a system whereby businesses would be closed all day Monday, and operate daily the rest of the week on normal hours and until 8 p.m. Saturday, or whether they would prefer that the city bylaw concerning hours of operations be cancelled and each merchant set his own hours with due regard for the provincially required half-day closing some time during the week.

W. H. Wilson, chairman of roads and tourist affairs, repeated his appeal to the public for hunting pictures to be included in a new Chamber publicity pamphlet now being prepared.

The Chamber will start a new system in March of general supper meetings of the organization the third Monday in each month.

KIMBERLEY — The Chamber of Commerce and the city council have both endorsed the application of a private company to establish a high power radio station to serve the East Kootenay operating at 2000 watts at 570 on the dial. The new company would have studios at both Kimberley and Cranbrook and employ a staff of about 20. The transmitter would be located at Twin Lakes, six miles south of Cranbrook and would face north to serve the Windermere Valley and Golden. Fernie and Creston would also be served.

The company would also operate a mobile radio unit and would broadcast on a 24-hour basis.

Heading the company is Robert Reagh, formerly of Lethbridge, and stock is held by both Cranbrook and Kimberley business men. If the licence is approved, the station should open in August of this year.

Riondel Woman's Father Passes

RIONDEL — Father of Mrs. James (Phyllis) Lemmon of Riondel, Duncan Allan Cameron, 91, of Ganges Harbour, B.C., died in Royal Jubilee Hospital, Victoria. He was buried Monday in that city.

Other relatives are his wife, at home; two sons, Gordon, Vancouver; D. Laird, Seattle, Wash.; six grandchildren and one great grandchild.

Fruit Growers Hear Delegate's Report

RENATA — A general meeting of the Renata Deer Park local, B.C. Fruit Growers' Association, was held in the Renata school to hear the delegate's report of the BCFGA convention. Delegate was Pat Romaine of Deer Park. Others attending the meeting in Renata from Deer Park were H. Coleman, C. Williamson and Mrs. C. Williamson. President of the local is Mr. Romaine, and secretary is A. G. Koch.

Licence Offices To Open Saturday

VICTORIA (CP) — Motor vehicle licence offices throughout B.C. will be open this Saturday from 8:30 a.m. to 5 p.m. to provide motorists with additional opportunity to obtain their 1957 licence plates before the deadline date of Feb. 28, motor vehicle officials said today.

As of March 1 operators of vehicles not displaying the 1957 plates will be liable for police prosecution.

Parents' Attitudes Have Part In Delinquency of Children

In a recent case before the local courts the parents of a juvenile were fined for contributing to delinquency. Their contribution to the delinquency consisted of leaving the juvenile alone in a house for some six weeks with only an occasional visit from them.

The parents' contention was that the youngster was over sixteen and was capable of self discipline. They were apparently ignorant of the law which makes the parents responsible for the behavior of certain juveniles until they are eighteen years of age or that a young person left alone under such circumstance would almost inevitably fall into bad company.

This was an extreme case, but there is a growing opinion that too many parents incline to the belief that their sixteen-year-old children are capable of looking after themselves. This is far from the case as the records of the juvenile court show.

The immaturity of those under eighteen and their lack of experience and judgment often leads them into actions which bring them into trouble with the police. Far from trusting their children completely it would be better if parents were more critical of their behavior, their companions and their absences from home. They are justified in this attitude by the fact that should the young person be found delinquent they are the responsible parties.

It is not generally known that, subject to the discretion of the magistrate, the name of a delinquent can be published. There is an increasing feeling among those most interested in the problem of juvenile delinquents that this should be done. Not to punish or embarrass the delinquent, but because it is felt that many careless and indifferent parents are escaping the public loss of esteem which is their due.

In some parts of the United States this matter of the parents' responsibility in the case of delinquency of their children is carried even farther. They are fined, when the children are convicted in juvenile court, for failing to exercise sufficient control.

The responsibility of parents in the case of juveniles causing property damage is recognized by the courts and they are called upon to repay the loss occasioned, but the time has come when the courts should be able to assess some part of the blame to parents who fail to guide their children in the right way.

Letters to the Editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Working Force Pay Gov't Services Bill, Writer States

To the Editor:

Sir—Replying to a letter of Feb. 13 signed by D. Saddler, I am beginning to wonder if there are any practical people left in this country. There is no question that our monetary system is faulty and leaves a lot to be desired but it was established long before we appeared and will remain long after we are gone, so let's face things as they exist.

As for old age pensions, I think that everyone agrees that a great need exists. No one will argue that the old age pensioners are rolling in wealth and opulence, but the fact remains that any increase to them would mean an increase of taxation to those of us who are the nations working force, and there is a limit to what we can stand.

A lot of people still believe in Santa Claus and that the good old government just cranks a machine and out comes the money. I learned long ago that there is nothing free in this world and even a scrap of paper lying on the ground had been bought and paid for by someone.

A favorite argument of the Saddler school is that during the hungry 30's there was little money available for relief, but when war broke out money flowed like water. This was very true but don't forget that our national debt rose to tremendous heights and we are paying for this spree now and will be paying for generations to come.

There is an increasing demand for government services and handouts and few people realize that it is the working force of the nation who is footing the bill. Mr. Saddler will tell you that the natural resources of Canada should play an increasing part in paying for these services. How does he propose bringing this about — is it by increasing taxation to the primary industries (lumbering, mining, etc.?) in other words the costs of production would be increased and you and I, being the ultimate consumers pay the tax by the increased price of the finished product.

It is time that we started to use a little horse sense in our thinking. There is no political party that can bring about increased pensions and handouts without increased taxation and you can guess who will be paying the shot.

KEN BLAIN

Box 730, Kimberley, B.C.

Brain Development

Mr. Roger W. Babson, economist and statistician, notes that while the pay of many craftsmen has gone up, so has their production, largely as a result of machine power. With teachers, however, he suspects a decline in production.

For this teachers as a class are not blamed. Their time and strength is sapped by the additional "things" forced upon their high school superintendents by "high-pressure textbook salesmen and politicians". But specifically he believes the failure to improve educational production results from neglect to develop students' brains.

Mr. Babson would begin teaching the wander and potentiality of the human brain at an early age; in fact, teach beginners to spell b-r-a-i-n before c-a-t. Report cards would tell of brain development.

But even if this advice were accepted, could it be applied until the high-pressure textbook salesmen hit the market with their brain-development guides, which would be revised and brought out in new editions annually thereafter?—Windsor Star.

It's Been Said

Innocence is like polished armor; it adorns and defends.—Robert South, English divine.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

K.B.R., Kimberley — Would you kindly explain how to use gum arabic in stiffening crochet? Also, in one of the patterns it says to use white glue. Could you give me information on this?

We can find no instructions on how to use gum arabic to stiffen crochet but some of our friends tell us a solution of sugar is just as good. Here is their recipe for the sugar treatment: Nearly fill a two-quart pan with water, add one cup (or less) of sugar and bring to boil. Add corn starch diluted in water to boiling mixture, then remove from stove. If this is too stiff, dilute. Perhaps other readers can help us with the white glue?

Interested Kimberley — We have had no luck regarding where to buy "bees" for bee wine. Apparently few people make it nowadays. Can other readers help?

Reader, Trail—An owner puts his house in the hands of an agent, to be sold. In the meantime a stranger, who does not know of the agent, asks owner to sell the house to him. If owner sells house to this man, must he pay commission to the agent?

We have no legal department but as we understhand it, when a house is entered on an agent's books a paper is signed giving the agent the right to act for owner. In such a case it would be expected that the owner would refer any buyer to the agent.

G. S., Castlegar—What is the address of nearest Welders' Union office?

We have been advised to refer you to the Boilermakers' Union, Vancouver, B.C. That would be sufficient address.

F. J., Kinnaird—What can you tell me about the natural resources of Manchuria?

The soil of Manchuria is one of the richest in the world and produces large crops of soy beans, millet, corn, wheat and rice. The land possesses also great mineral wealth, including iron, gold, coal, magnesite, and oil shale.

Van, Slocan City and Interested, New Denver—If you will let us have your full names and addresses we will put you in touch with someone who can give further information on how to get New Zealand newspapers.

Press Comment

If state patronage of the arts is to do any good at all, declares the Calgary Albertan, "the governing body of the Canada Council must be completely and absolutely divorced from the least hint of partisanship."

Canada is blessed with ample resources of uranium, points out the Windsor Star, which adds: "Within a relatively short time it will be a major factor in our economy and in the lives of all of us. Assurance of almost inexhaustible reserves also is assurance of our industrial future."

If all the demands of local and provincial governments were met, argues the Ingersoll (Ont.) Tribune, there would be no reserve taxes left for the Dominion. "It was a wise provision in the BNA Act that limited the provinces to the power of direct taxation only. Canada would be very foolish to change that provision."

The real danger of foreign domination of our economy, argues the Regina Leader-Post, in commenting on the CPR strike, "is in the U.S. control of Canadian unions, and in the blatant and unabashed use of this power to serve the selfish ends of the international union bosses without regard to the harm done to our national economy."

The Eisenhower plan in foreign policy may not be the final answer either in quality or quantity, says the Victoria times, "but it is an indication that the U.S. president recognizes his involvement in the Middle East problems, and that he is reasserting the leadership which for a time had seemed paralyzed by events in Egypt and the split between the Atlantic partners."

Europe's Common Market Means Economic Reform

By FORBES RHUDE
Canadian Press Business Editor

Agreement among six European countries to establish a "common market" may take future rank as a decisive occasion for Europe and the world.

The agreement — announced in Paris Tuesday—still has a considerable way to go before it becomes effective.

Treaties have yet to be signed and have yet to receive ratification from the parliaments of the countries concerned — France, West Germany, Italy, the Netherlands, Belgium and Luxembourg.

Accordingly, delays may lie ahead.

However, whether or not the agreement heralds an early accomplishment, or turns out to be only one more faltering step, it seems to set a pattern for what must happen some day.

WILL DROP TARIFFS

Under the plan the six countries would do away with customs and tariff barriers among themselves, over a trial period of 12 years, which may be extended for a few years longer. At the same time they would work toward establishment of a unified tariff system on imports from other countries.

The working out of such a change would have complex effects on the countries concerned—accustomed as they are to operating within their own national compartments. Presumably there would be hardship in individual cases and those adversely affected may be expected to register vigorous opposition.

That is a principal reason why the agreement is being given a considerable time for its working out.

Its long-term effect, however, can hardly have anything but an over-all dynamic effect on the European economy.

ECONOMIC RENAISSANCE

Among recent Canadian examinations of the proposed "European integration" is one by Carl Bergithon, general manager of the Canadian Council of the International Chamber of Commerce, in the council's current "Review." He says:

"Once brought to fruition, the plan may well mean an economic renaissance for Western Europe. Resources will be more rationally employed, the domestic market will be much larger, and production of goods on a much larger scale than at present will be possible with attendant savings in costs."

Indications are that the "common market" may be followed by a wider agreement — along somewhat different lines — among 17 European countries, including the current six and Britain.

So far, Canadian comment has been guarded, and if the plan or plans become facts Canadian tariff negotiators and the tariff and sales departments of Canadian exporting firms may sprout some grey hairs.

GOOD FOR CANADA

However, one approach is that over a long-term period, whatever is good for the European economy must in the end be good for Canada.

Mr. Bergithon's review, commenting on the 17-country proposal, says:

"In Canada some fears have been expressed that Canadian exports to the United Kingdom might be adversely affected if Britain were to join the free-trade area. However, agricultural products are specifically excepted from the proposal and these constitute the bulk of our exports to Britain."

The six countries concerned in the agreement have a population of about 165,000,000 and the 17 countries which may ultimately be affected, of more than 225,000,000.

Canada's sales to the six countries totalled more than $262,000,000 in 1955 and her purchases from them about $150,000,000.

Arrest Mass Killer

DAR-ES-SALAAM, Tanganyika (Reuters) — Tanganyika's greatest manhunt ended when police arrested an African constable and charged him with murder in connection with 34 killings. The man was reported to have run amok last week in Malampaka village, near Lake Victoria. The killings started off a hunt by hundreds of police, troops and tribesmen.

B.C. Income Tax Changes Foreseen by CCF Members

VICTORIA (CP) — Possibility of a personal provincial income tax was seen by the CCF party in an omission from the speech from the throne.

The CCF party, following a night sitting of the Legislature, read a prepared "official opposition statement" to the Press.

The Opposition based its assumption on the omission from the throne speech of any mention of renewing the federal-provincial tax agreements, due to expire in B.C. at the end of next month.

"The premier could possibly have the government of B.C. move into the personal income tax and corporation tax field," the statement said.

The statement was originally prepared for delivery in the Legislature by John Squire (CCF, Alberni).

"This House can only assume that it is not the intention of this government to work in co-operation with the federal government in the field of personal income tax," the CCF said of the omission.

Says Four Out of Ten Yielded To Brainwashing

NEW YORK (AP) — A U.S. Army neuro-psychiatrist says that four out of 10 Americans in Korean prisoner of war camps yielded to brainwashing techniques.

Maj. William E. Meyer told a convention of the American Paper and Pulp Association that the POWs "died psychologically" under the effects of shrewd and subtle influences that seldom involved torture.

Meyer, a psychiatrist with the 1st Marine Division in Korea, said weak-willed prisoners succumbed to the brainwashing within 48 hours after it began.

He said the brainwashing was designed for the physical control of prisoners and to make them distrust each other — but did not seek to make Communists of the captives. He added that fewer than one per cent of the Americans were subjected to torture.

Says Salmon Arm Hospital Crowded Firetrap

SALMON ARM, B. C. (CP)—The 34-bed hospital at Salmon Arm was branded an "overcrowded firetrap" by J. L. Jackson, board chairman of the members' hospital society.

For the last five years the board has appealed for a new 50-bed hospital, but the cost has risen from last year's $550,000 to $600,000, he said.

Mr. Jackson blamed local differences on a suitable hospital site for the delay. The hospital board now is waiting for another government report.

Last year the hospital was one of the few in the province to show a surplus.

Phoenix, Ariz. — Mrs. Helen (Ma) Sunday, 88, widow of evangelist Billy Sunday.

Liquor Price Looks Fishy To Harding

VICTORIA (CP) — The Legislature was told a Liquor Control Board price list with the increased prices for Canadian rye and gin was ordered three months before the cabinet authorized its controversial liquor price increase last year.

Randolph Harding said that a printers remark on the last page of the price list showed it was printed in July of 1956.

The price increase, which the government protested when distillers first announced the jump last October, was not approved by the cabinet until December.

"Are you seriously saying that these prices were increased three months before the order-in-council?" demanded Premier Bennett.

"That's the way it looks. I don't know — but it looks mighty fishy," said Mr. Harding.

Mines Minister Kenneth Kiernan said the lists were ordered in lot shipments at various times throughout the year and the prices edited in whenever any changes were made.

ALL BLACK

Attending the Women's Missionary Society Presbyterial in Rossland were Mrs. C. M. Coventry, Mrs. L. G. Catley, Mrs. Vital, Mrs. J. M. Wilson, Mrs. H. T. Harris, Mrs. M. Frost and Mrs. J. Ludlow sr., of St. Paul's-Trinity Church. Those attending from Fairview United Church were Mrs. J. M. Armstrong, Mrs. F. Lowe and Mrs. David Maloney.

* * *

Mrs. Fowler of Fernie is visiting Mrs. S. J. Wagner, North Shore.

Miss Vera Holliday, Front Street, attended the recent performance in Trail of the Royal Winnipeg Ballet.

* * *

Michael Diduck, Victoria Street, has left for Kingsgate where he has been transferred by the Immigration Department.

* * *

Mr. and Mrs. Stanley Harrison of Cranbrook were in Nelson to attend the wedding of their son, Keith, and Miss Pat Bird.

* * *

Miss Naomi Charles of Calgary was a guest at the home of Mr. and Mrs. F. J. Bird, Morgan Street. She was bridesmaid at the wedding of her cousin, Miss Pat Bird.

* * *

John H. Chapman, 922 Tenth Street, has left for Vancouver where he will receive treatment at Shaughnessy Military Hospital. He was accompanied to the Coast by his daughter, Mrs. Charles Barrett, with whom he makes his home. Mr. Chapman, who spent six months in England visiting relatives, returned several weeks ago by plane. He travelled the Northern route via Amsterdam.

* * *

Al Stranquist, new manager of Finning Tractor in Nelson, has taken up residence on Nelson Avenue. He will be joined by his wife and family at a later date.

* * *

Harold Robinson, North Shore, has returned to his home from Kootenay Lake General Hospital.

* * *

Mrs. G. Creelman of Wardner was in town to attend the Harrison-Bird wedding.

* * *

Mrs. Florence Couch has left Kootenay Lake General Hospital where she has been a pateint.

GUIDE MOVEMENT FLOURISHING IN SLOCAN

NEW DENVER — Ten New Denver Girl Guides under the leadership of Captain Grace Butler and Lieutenant Olga Will are meeting twice monthly in the Presbyterian Church basement. Three new girls are working for their enrollment pins, and the other are continuing work on their first class.

Nearly all the girls in New Denver No. 1 Brownie Pack are ready for their uniforms, having passed their enrolment tests. Captain Butler of the Girl Guides attended a meeting and enrolled Marjorie Buckham and Beverly Steenhoff. The girls will soon be starting work on their golden bar, and will receive instruction in darning at their next meeting. The Brownies sold second-hand paper - backed books in various stores. Their project was successful and theiy raised sufficient money to pay for their per capita tax and insurance. There are 13 Brownies and the attendance is amazingly good. The leaders, Mrs. Agnes Mathewson, Brown Owl, and Mrs. Daisy Larrimore, Tawny Owl, find the girls "most enthusiastic."

Crawford Bay

CRAWFORD BAY — J. G. James, square dance instructor from Nelson, was at the home of Mr. and Mrs. W. Foster to select sets to be entered in the Blossom Festival at Creston in May.

QUILTING PARTY In this picture is comprised of industrious members of Nelson Women's Institute. They are working on another quilt for the Nelson Hostel for Aged Men, which has received several of the gayly patterned bed coverings from the group in the past. All members lend a hand in cutting and assembling the squares. —Daily News photo.

Extremely Busy Year for WMS; Allocation Raised, Clothing Sent

ROSSLAND—From Greenwood to Fernie delegates assembled Tuesday, Wednesday at Rossland, in St. Andrew's United Church, to attend the Kootenay Presbyterial of the Women's Missionary Society. About 45 delegates registered.

Mrs. L. C. Johnston of Castlegar, president, opened the Tuesday afternoon session with worship, followed by greetings from the Rossland Auxiliary given by Mrs. P. Swift. She concluded her remarks by presenting the president with a corsage.

Many fine reports were presented by the various secretaries of many departments, who reviewed the work for the year as it had been reported to them by the seven afternoon and two evening auxiliaries, two federations, mission circle and numerous groups in the United Church which are affiliated with the WMS. Mrs. H. Wilson of Fernie, the treasurer, reported that the sum of $2900 as an allocation to the provincial branch of the WMS had been raised and sent in from the groups in the Kootenays.

An interesting report was read by Mrs. J. W. Hicks of Creston as supply secretary. Over 2000 pounds of good, warm clothing were shipped to Korea from the Kootenay groups, and well over 300 pounds to Indian schools and hospitals in British Columbia. Kits for vacation schools conducted in out-of-the way centres, were assembled by some groups. Others made mattress covers, curtains, drapes, bedding and layettes for United Church schools and homes. A special shipment of 99 Christmas gifts and 40 good books was mailed by another auxiliary. All supply work was sent to needy centres both at home and overseas, with a Christian desire to alleviate suffering and unhappiness. Over 120,000 pounds of goods were sent to Korea, from all of the women's groups in the United Church in B.C. last year. A charge of 10 cents per pound is made for shipping rates, so that in itself is a large sum.

"BEST READ"

Mrs. M. T. Harris reported for the literature department that the Federation of St. Paul's-Trinity Church of Nelson, was to be awarded the title of "The Best Read Group of the Year," and would receive a book award from Toronto. A total of 600 missionary books had been read by all of the Kootenay groups in 1956.

Mrs. C. M. Coventry of Nelson presented a plea for fulltime workers in the church in her report as candidate secretary. The type of personel that could best be placed in fulltime work must be well educated in laboratory, nursing and teaching, she said, in order that the positions may be adequately filled. A special plea was made for a nurse to go immediately to India, who will be entrusted with the training of young Indian girls as nurses for a three year period.

A skit, "We Must Share," was enacted by five Nelson women, which gave an insight into the WMS financing policy and explained how the Dominion Board distributed money raised by groups of women all across Canada, so that it would be put to its greatest use at home and in foreign mission fields.

At the supper hour, the delegates were entertained at a banquet in the hall. Special guests were introduced by Mrs. Swift, and a vocal solo was given by Mrs. H. Benson, accompanied by Mrs. J. Carr. As Mrs. Johnston is retiring as president of the Presbyterial, Mrs. F. H. Lowe of Nelson presented her with a leather handbag on behalf of all Kootenay Auxiliaries in appreciation of her "splendid leadership."

The evening session took the form of a public worship service. The Castlegar delegates led in worship and the choir under the leadership of Louis Freeman attended. A mixed quartet comprised of Mrs. R. Castle, Mrs. Benson, Mr. Carr and C. Lambert added to the worship hour with the singing of "God So Loved the World." Rev. Lloyd C. Hooper of Fruitvale spoke of his interesting years as a missionary in Nigeria, and laterly of his ministry among the Indans on Queen Charlotte Islands. His unusual presentation and the many curios which he extracted from his pockets and camel-hide suitcase kept the listeners spell-bound.

Wednesday morning the delegates assembled when the Nakusp Auxiliary led in worship. Mrs. A. Ashton of Trail presented a memorial service honoring members who had died during the year.

SCHOOLS FOR LEADERS

During October, three schools for leaders had been organized. Representatives from each of the schools in Grand Forks, Castlegar and Nakusp spoke of the success of the venture, and all expressed the need for such gatherings again this year. Delegates from the East Kootenay expressed regret that they had been unable to have a school and recommended that one be held this Fall.

An interesting and provocative discussion under the leadership of Mrs. Coventry sparked many a question, under the heading "The Church Studies Women's Work."

A tremendous interest is being shown in the merging of women's missionary work and the work of the local church at home. For the first time women in the church are able to combine the greater task of the church to spread the Gospel and at the same time to attend to the needs of the church that she attends. In several centers of the Kootenays and many other places, amalgamation has taken place and federations are the result.

For the concluding session the Nelson delegtes led in worship.

Election of officers was held and the following will hold office for the ensuing year: past president, Mrs. Johnston; president, Mrs. Lowe, Nelson; first vice-president, Mrs. L. G. Catley, Nelson; second vice-president, Mrs. J. A. Wilson, Nelson; third vice-president, Mrs. J. M. Clarke, Wycliffe; record secretary, Mrs. F. M. Peitzsche, Fruitvale; corresponding secretary, Mrs. J. M. Armstrong, Nelson; treasurer, Mrs. Wilson, Fernie; assistant treasurer, Mrs. J. C. Urquhart, Rossland; Christian stewardship, Mrs. D. Maloney, Nelson; mission circle, Mrs. Clarke, Wycliffe; C.G.I.T., Mrs. L. B. Beduz, Kimberley; explorers, Mrs. M. Whistlecroft, Kimberley; mission bands, Mrs. R. Foote, Kimberley; associate members, Mrs. E. J. Lipsett, Castlegar; supply Mrs. J. W. Hicks, Creston; community friendship, Mrs. J. J. Sutherland Cranbrook; literature, Mrs. Harris, Nelson; baby bands, Mrs. G. Santano, Castlegar; candidates, Mrs. C. M. Coventry, Nelson; periodicals, Mrs. W. Ronald, Grand Forks; Christian citizenship, Mrs. G. Elder, Nakusp; Press, Mrs. Catley, Nelson.

An important department in the work of the WMS that of community friendship, reported a successful year. Calls to folks in their homes numbered over 600, while an excess of 2000 hospital calls were made by members.

Reports were presented by all of the secretaries responsible for work among the younger groups, namely baby bands, mission bands Explorers and Canadian Girls in Training. All report progress, and the assurance that children are not forgotten in the missionary effort of the United Church.

Grand Forks Auxiliary extended an invitation to the Presbyterial to assemble there in 1958.

Crawford Bay

Ardele Sanders celebrated her ninth birthday at her parents' home with eigth school friends.

A successful tea and bake sale at the door amounted to $9, and was held in the hall. Tickets sales Mrs. A. W. Lymbery donated $5 as she could not be present. Bake table brought in the sum of $16. This money is to buy a world flag for the Guides.

Mrs. Gilroy and Mrs. Baker are patients in the Kaslo Victorian Hospital.

Scout Founder's Birthday Marked

WYNNDEL — Seated in a horseshoe arrangement, 175 Brownies, Guides, Cubs, Scouts and Rovers along with their leaders commemorated the memory of Baden-Powell's birthday 100 years ago. In the centre of the horseshoe were Eric Jacks, District Scout Commissioner, Mrs. C. R. Cotton, District Commissioner for Girl Guides, A. Fletcher, district Scoutmaster and Mrs. Allan Staples, district Guider, with the guest speaker Ven. B. A. Hesker, Assistant District Commissioner of Trail-Rossland and Castlegar.

An audience of over 100 persons joined the young people and their leaders in a service expressing their tribute to Baden-Powell.

RENATA WI CELEBRATES ANNIVERSARIES

RENATA — A birthday cake with nine candles, baked by hostess Mrs. M. Rohn in women's institute colors of gold, white and green, was interesting feature at ninth anniversary meeting of Renata Women's Institute.

It was also the diamond jubilee of Women's Institutes. First WI was formed in February, 1897, by Adelaide Hoodless at Stoney Creek, Ont.

"Thank you" letters were read; also acknowledgement of a donation sent to the Queen Alexandria Solarium "Book of Memories" in memory of a Renata resident.

Entertainment was provided with Mrs. J. Dyck singing "Memories", a piano duet by Mrs. P. Warkentin and Miss Barbara Rohn, and several piano selections by Miss Rohn. Members and visitors joined around the piano in a sing-song. Contest winner was Mrs. Dyck.

Deer Park

DEER PARK — A social evening sponsored by the Deer Park Women's Institute was enjoyed by residents of Deer Park and visitors from Renata, Broadwater, Syringa Creek and Trail. Bingo was played for a short while, and the rest of the evening was taken up with dancing. Music for dancing was supplied by J. Friesen and P. Doell of Renata, C. Phelps from Deer Park, and S. Pearce of Trail. Refreshments were served by members of the Institute.

Mrs. F. Briggeman has returned to her home after visiting Trail, where she was the guest of Mr. and Mrs. J. V. Briggeman.

Mrs. M. Stainton, daughter Jean and son John of Castlegar were visitors to Deer Park and Renata. In Deer Park, they were the guests of Mr. and Mrs. C. Williamson.

While on a fishing trip at Broadwater, L. Nyman of Rossland made a catch of three large Kamloops trout.

Cranbrook Nurse Becomes Bride Of Kamloops Man

CRANBROOK — Colene Roberta, only daughter of Mr. and Mrs. Coleman Reid of Cranbrook, became the wife of Reginald Laird Palmer of Kamloops, youngest son of Mr. and Mrs. F. E. Palmer of Kamloops at a double ring evening ceremony at the United Church here, Rev. Ray Woollam officiating.

The bride was given in marriage by her father, and wore floor-length brocaded taffeta with a Chantilly lace bridal veil and carried red roses. Mrs. Lorne Bigeland and Miss Joan Flynn, nurses from Kamloops were her attendants in identical turquoise taffeta gowns, and the bride's niece, Roylene Little was flower girl in pink taffeta. Groomsman was Mrs. Harold Palmer of Kamloops and ushers were Mr. Wayne Haddad and Mr. Garry Reid of Cranbrook.

Organist was T. S. Beynon, and soloist was Mrs. M. E. Coutts of Calgary.

A reception for about 75 guests at the IOOF hall followed the ceremony. The bride's mother wore pink embroidered lace with navy accessories. Mr. James Tully of Sinclair Mills proposed the toast to the bride. Assisting at the reception were Mrs. George Haddad and Mrs. Robert Barr of Cranbrook, and Mrs. John Rahal and Mrs. Ross Colgur of Fernie.

The couple left by car for Seattle and Vancouver, the bride wearing a white wool dress with scarlet accessories. They will make their home in Kamloops where the groom is with a contracting firm.

The bride grew up in Cranbrook where she completed high school, then graduated from Royal Inland Hospital Nursing School at Kamloops, and has been with the staff there since her graduation.

Out-of-town guests were Mr. Victor Haddad and daughters and Mr. Peter Reigh of Kelowna, Mr. and Mrs. Lorne Bigeland and Miss Joan Flynn of Kamloops, Mrs. Muriel Coutts of Calgary, Mr. and Mrs. John Rahal and Ken, Mr. and Mrs. William Lindenberger and family, Mrs. Philip Rahal, Mr. and Mrs. Albert Marasco, Mr. and Mrs. Ross Colgur and Miss Sandra Scales of Fernie, Mr. and Mrs. William Young, Mrs. McGill and Charles Maisonneuve of Kimberley and Garry Reid of Salmo.

Harrop WI Marks Founder's Day

Harrop and District WI held their monthly meeting at the home of Mrs. Bouillet. To celebrate Founder's Day, a resume of Adelaide Hoodless' work was read.

Twenty knitted squares for blankets were collected from members to be sent to aid Hungarian Relief.

A roll call on household hints produced good results. Suggestions for the year's entertainments were discussed.

The Arts and Crafts group met and decided to continue with rug making, raffle work, stuffed toys and a freindship teacloth was started with those present embroidering their names.

Crawford Bay WI Arranges Concert

CRAWFORD BAY — Planning for a concert and dance to be presented April 26 occupied the attention of Crawford Bay Women's Institute members when they met recently at the home of Mrs. R. Humble.

Mrs. Hawkins and Mrs. Humble are directors for a play to be presented. Mrs. Willis is lunch convener, and Mr. and Mrs. Lucian Pratt will be dance conveners.

A committee consisting of Mrs. Riley, Mrs. Humble, Mrs. W. Fraser and Mrs. Halliday was formed to complete details for a Guide mother and daughter banquet tonight.

Mrs. Havertock brought to attention of the meeting a Guide Company Flag to be bought for the Crawford Bay Group.

Mrs. Willis handed in $3.32, given to her by an anonymus donor to be sent to the Children's Hospital at Vancouver.

Standing committee conveners were elected.

They are Mrs. Fraser, agricultural; Mrs. Halliday, publicity and citizenship; Mrs. Haverstock, social welfare; Mrs. Vance, home economics, and Mrs. Hawkins, cultural. Mrs. Riley took over sunshine committee; Mrs. Haverstock will present a program at the March meeting.

Mrs. Humble and Mrs. Haverstock intend to visit the school to get co-operation for the giving of a merit award to the best two all-round students of the year. A boy and a girl will be given a holiday at which ever camp they chose at the end of school term.

SPECIAL TEA

RENATA — Sixteen women celebrated Valentine's Day at a tea at the home of Mrs. P. Warkentin. Mrs. J. Dyck won a prize for best hand-made valentine, and a contest gift went to Mrs. M. Rohn. Proceeds will be used for cemetery upkeep.

Spokane Holds Off Rossland To Even Best-of-Seven Set

ROSSLAND—League champion Spokane Flyers evened their best-of-seven Western International Hockey League semi-finals with Rossland Warriors at one game apiece by defeating Warriors 2-1 here Thursday night.

League scoring champion Art Jones and centre Frank Kubasek accounted for Spokane's tallies. Jones' marker was his first of the series.

Gil Desrosiers scored the lone Rossland marker midway through the final frame. Vic Lofvendahl shot on John Sofiak and the Flyer netminder fell to the ice and laid along the goal-line. Desrosiers slapped the puck under Sofiak's leg as it sat uncovered in the crease.

Warriors pulled netminder Reno Zanier with a minute and 25 seconds remaining in favor of an extra attacker, but were unable to even the score.

ZANIER MVP

Between the second and third periods, Red Heywood of the Warrior Booster Club presented Zanier with a bouquet and a clock in honor of his being selected as Warriors' most valuable player.

Of the 10 penalties handed out by officials Al Tolkko and Terry Cavanagh, six went to Warriors. Steve Chorney received a misconduct penalty with 11 seconds to play in the second period for jeering the officials from the Rossland bench after Lofvendahl and Dave Gordichuk had been jugged for roughing. Lofvendahl and Gordichuk engaged in a high-sticking joust each in the period. They were sent to the cooler on that occasion, also.

FIRST PERIOD SCORELESS

Following a scoreless first frame, Flyers began to click around the Rossland net in the middle stanza and managed to score twice, Kubasek and Jones notching the tallies.

For the opening marker, Kubasek popped a rebound from a shot by defenceman Jack Lancien into the mesh to the left of Zanier.

The second tally came almost seven minutes later with Lofvendahl, who Thursday received his long-awaited release from Nelson Maple Leafs, in the penalty box serving his second minor penalty of the encounter. Jones scored with an assist from Gordichuk.

Spokane—goal: Sofiak; defence: Luke, Lancien, Plante, Crawford; forwards: Beattie, Bodman, Jones, Zahara, Gordichuk Nadeau Kubasek, Cirullo, Todle.

Rossland—goal: Zanier; defence: Short, Lofvendahl, Ferguson, Fletcher; forwards: Birukow, Lucchini, Lenardon, Chorney, Andrews, McIntyre, Rypien, Desrosiers, Hyssop.

SUMMARY

First period — No Scoring.

Penalty: Bodman 4:48.

Second period — 1, Spokane — Kubasek (Lancien, Cirullo) 7:28; 2. Spokane — Jones (Gordichuk) 14:17.

Penalties: Lofvendahl 5:24; Lofvendahl 13:12; Gordichuk 17:24; Ferguson 17:24; Chorney (misconduct) 19:49; Ferguson 19:49; Gordichuk 19:49.

Third period — 3. Rossland — Desrosiers (Lofvendahl) 9:09.

Penalties: Kubasek 5:40; Crawford 9:46; Lofvendahl 10:45.

Outlaw Bonspiel Draw

Following is the draw for the Outlaw Bonspiel, which starts Saturday at 2 p.m. and continues until the final draw at 5 p.m. Sunday:

SATURDAY

1 p.m. — Old Timers Game.

Badminton Draw Released

Members of Nelson Badminton Club entered in the annual club championships which are scheduled to take place at Civic Centre Sunday will battle through seven hours of competition before champions are decided in the five classes.

Draw chairman Bruce Latremouille asked especially that players scheduled to compete in the first draw—at 9 a.m.—put in an appearance at 8:30 to change in order to be on the courts on time.

As Bruce pointed out, a delay at the beginning of such a lengthy tournament would compound until finally the whole timetable was out of kilter.

The draw follows:

MIXED DOUBLES—First Round

9 a.m. — Roger Kirby and Jane Miller vs Bruce Latremounille and Eunice Fulton; Bob Thompson and Tove Kindt vs Wilf Brueis and Pauline Butling; Mike Stewart and Githa Male vs Fred Westfall and Ginny Waldie; Al Larsen and Helen Butling vs Ed Hearn and Marion Quirk; 10 a.m.—Bill Hamilton and Dorothy LeRoy vs Grant Hazelwood and Florence Nutter.

Second Round

9 a.m. — Harold Mayo and Jean Stringer vs Jim MacDonald and Bea MacDonald. 11 a.m. — Fred Thompson and Dorothy Thompson vs winners of Kirby-Mille vs Latremouille-Fulton.

MEN'S DOUBLES—First Round

10:30—Jim MacDonald and Harold Mayo vs F. Westfall and Alec Garner; Hamish Gavin and Wilf Brueis vs Fred Thompson and Roger Kirby; Al Wilson and Bruce Latremouille vs Jim Cummings and Bill Hamilton; F. Robinson and G. MacKenzie vs M. Stewart and B. Bishop.

Second Round

10:30 a.m. — Marvin Wilson and Stan Donaldson vs Grant Hazelwood and Warren Garner; Bob Thompson and Al Larsen vs Ed Hearn and Bob Collinsin.

WOMEN'S SINGLES

First Round

10 a.m. — Dorothy Thompson vs Pauline Butling; Jane Miller vs Florence Nutter.

WOMEN'S DOUBLES

First Round

11 a.m. — Eunice Fulton and Jean Stringer vs Helen Butling and Tove Kindt; Florence Nutter and Dorothy LeRoy vs Pauline Butling and Marion Quirk.

Semi-Finals

Jane Miller and Dot Thompson vs winner of Nutter-LeRoy vs Butling-Quirk; Githa Male and Bea MacDonald vs winner of Fulton-Stringer vs Butling-Kindt.

MEN'S SINGLES—First Round

9:30 a.m. — Bob Collinson vs Hamish Gavin; Marvin Wilson vs Fred Westfall; Al Wilson vs George MacKenzie; Mike Stewart vs Ed Hearn; Wilf Brueis vs Fred Robinson.

10 a.m. — Stan Donaldson vs Roger Kirby; Al Larsen vs Warren Garner.

11 a.m.—Bill Hamilton vs Grant Hazelwood.

Grands Grab Lead With 9-4 Victory

FERNIE — Coleman Grands took over top spot in the Alberta-British Columbia-Montana Hockey League when they trounced Fernie Rangers 9-4 here Wednesday. Coleman has 20 points, two more than Great Falls Americans. Fernie dropped into a third place tie with Cranbrook Selkirks.

Barry Fraser, Walter Tymchina and Ted Kryczka each scored twice for Coleman with singletons going to Bob Lybacki, Albert Gettman and Ron Collings. Joe Bossio and Wilf Ashmore divided Fernie scoring.

Ontario Rinks Engaged in Sudden-Death 'Spiel Final

By AL VICKERY
Canadian Press Staff Writer

WINNIPEG (CP) — British Columbia defeated Northern Ontario 11-8 Thursday night on the final round of the Dominion High School Curling Championships to force a sudden-death playoff between the northerners and Ontario. Ontario whipped Nova Scotia 6-3 to finish in the first-place tie with seven wins and two losses.

B.C.'s Bob Nesbitt of Kimberley used two big ends to gain his victory over Carl Konefal of Port Arthur, scoring a five on the fourth and a four on the sixth.

The game ended with neither skip shooting his rocks as the house was clear and B.C was three-up coming home. Konefal had no possible chance of dragging a rock in front into the house.

Nesbitt's five-ender came when Konefal was narrow on his final rock and knocked a B.C. guard into the house. Nesbitt then drew to the eight-foot circle for the fifth counter, and a 6-3 lead.

Northern Ontario came back with a three on the fifth to tie the score but gave away a four to drop behind 10-6. Konefal's last rock went between two B.C. rocks sitting on the 12-foot ring and out of the house. Nesbitt came through the same narrow port with a lighter rock and stuck for his four.

Meantime, Ontario skip Ian Johnston made Nova Scotia's Allan Kenney quit on the 10th with four rocks still to come—two for each.

Johnston, 17-year-old shotmaker from Kingston Collegiate, kept the house clear on the final end to protect his three-up margin in the low-scoring game. Ontario's two-enders on the fifth and seventh were the highest counts of the contest.

Saskatchewan and Manitoba tied for third place, one back of the leaders with records of six wins and three losses apiece.

Saskatchewan's Ron Paulson scored his sixth straight triumph by beating Prince Edward Island 9-6 while Henry Riendeau of Virden bested New Brunswick 13-5.

Quebec shunted Alberta down to fifth position in the final standings by downing the Westerners 7-5.

Thursday morning, New Brunswick handed Ontario its second loss, an 8-7 verdict as Johnston missed a game-winning take-out with his last rock. Northern Ontario took over top spot by defeating Alberta 9-7.

Saskatchewan humbled Quebec 14-6. Manitoba defeated Nova Scotia 13-5 while Prince Edward Island upset B.C. 11-8.

F-l-a-s-h

WINNIPEG (CP) — Ian Johnston, 17-year-old skip from Kingston, took out Northern Ontario's shot rock with his final stone and stuck for an 8-7 Ontario victory in a sudden-death playoff early today for the Dominion high school curling championship. The two rinks had finished the regular nine-draw schedule tied with records of seven wins and two defeats.

SPORTSMEN'S DINNER POSTPONED

Hesitation of the paying public to react favorably towards the Sportsman's Dinner that was originally planned to take place tonight has caused postponement of the affair.

Cecil Hughes, speaking for the combined 1954-55, 1955-56 executives of Nelson Maple Leafs, said the $50-a-plate dinner was postponed "for a short while" to see if they can complete the sale of tickets.

Mr. Hughes said approximately 30 tickets remained to be sold.

He added that the final outcome will be known within two weeks, as a decision will be made before that time as to whether or not the affair will go on.

Proceeds were to help pay off the sizeable deficit incurred by Nelson's Western International Hockey League franchise during the past two seasons.

Red Dutton, president of Calgary Stampeders of the Western Interprovincial Football Union, has promised to speak at the gathering if and when it takes place.

WITH STANE AND BESOM

Dick Palmer's aggregation whipped a rink skipped by L. J. Maurer 9-3 at Nelson Curling Club Thursday night in a D Section playoff as regular club curling ended for the season.

Results of final inter-club matches were:

H. Hinnit 9, R. Bruce 13;
R. Chandler 7, N. Jennejohn 13;
W. Gold 9, W. Triggs 6;
R. Palmer 10; H. Moore 5;
E. C. Hunt 10, J. Haines 8.

In matches tonight, at 7 p.m. D. Meakins meets E. Ramsbottom in a section B playoff while L. Peerless opposes Palmer in the semi-final for section A and D.

At 9 p.m. J. Leeming's rink meets the Meakins-Ramsbottom winner in the section B and C semi-final.

Three Undefeated Rinks at Nanaimo

NANAIMO (CP) — Three rinks remain undefeated as the first day of the B.C. Ladies' curling playdowns came to a close here Thursday night.

Mrs. A. Miller of the Vancouver Pacific Club, Mrs. H. Tegart of Salmon Arm and Mrs. M. Holm of Nanaimo have all posted three successive wins.

Pocket Rocket Paces Canadiens to Victory

MONTREAL (CP) — Montreal Canadiens and Detroit Red Wings battled to a 3-3 tie Thursday night, the Richard brothers and the powerful Detroit pair of Ted Lindsay and Gordie Howe looking after all the scoring.

The saw-off left Canadiens still eight points behind the Red Wings in the National Hockey League race.

The teams cut loose from the start and there was seldom a let-up. Canadiens twice held a lead but two fast goals by the Red Wings in the third period put them in front until less than two minutes from the end when Henri Richard scored the tying goal.

The Pocket Rocket counted twice for Montreal and his big brother Rocket once. Lindsay scored two of Detroit's goals and Howe one.

HOWE LEADS

Howe also collected two assists, his three points giving him a seven-point margin over Montreal's Jean Beliveau for the scoring lead. Beliveau failed to get a point. Lindsay, with an assist along with his two goals, remained two points behind Howe.

It was a see-saw affair in the final period until the Wings hit for the puck in front and Howe rammed it past goalie Jacques Plante at 12:42.

Lindsay gave Detroit a 3-2 lead only 23 seconds later, driving in Howe's passout with a 25-foot slap shot.

The two Richards drove in deep for the final goal, Rocket firing from an angle and Henri jabbing in the rebound at 18:09 from just outside the crease.

ESKIMOS SIGN ROOKIE, VETERAN

EDMONTON (CP) — Edmonton Eskimos of the Western Interprovincial Football Union announced Thursday they have signed newcomer Edmon Gray of the University of Oklahoma Sooners and hold-over Roger Nelson, a former Sooner. Both are tackles

Nelson will be starting his third season with Eskimos. He came here in 1954 but sat out the 1955 season to study dentistry. He rejoined the club last year. He is 24, weighs 230 pounds and stands six foot one.

Abandon Search For William Dix

SECHELT, B.C. (CP) — Search for William Dix of Vancouver, missing since a boating accident early Saturday morning, has been called off, RCMP said Thursday.

"Local residents and boat-users have been advised to keep a look-out, but official search has been called off," said an RCMP officer.

The 39-year-old sales manager of Neon Products of Western Canada Ltd., is believed to have been drowned in the same accident that took the life of assistant Sun publisher Sam Cromie.

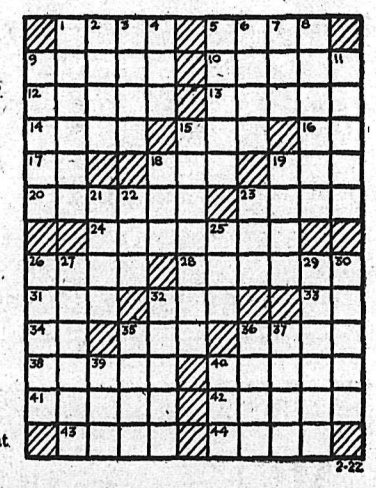
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

Z N Z Q N C J D E Z G W Z R W P D Z F Q
Z N X C Q D X U F Q D W O O F S W Q D F S.
Q X P Z Q R W — L W D D W P F Q S

Yesterday's Cryptoquote: IT IS A COMELY FASHION TO BE GLAD, JOY IS THE GRACE WE SAY TO GOD—JEAN INGELOW.

Market Trends

NEW YORK (AP)—The stock market ended a holiday-shortened week Thursday with a decline that cancelled Wednesday's rise—the only one to the week.

It was a sluggish decline, unmarked by any particular selling pressure.

Rising Canadian stocks included Canadian Pacific, up ¼, and Dome Mines, ahead ⅛. Dropping off were Aluminium Ltd., down 1¼, International Nickel, off ⅞, Hudson Bay Mining, down ½ and Distillers-Seagrams, ⅛ lower.

TORONTO (CP) — The stock market was a little lower Thursday at the close following a dull, listless session of extremely cautious trading.

Industrials recorded an index gain of a few decimal points but there were more losses than gains.

Base metals lost nearly a point on their index, which closed at a 1956-57 low of 202.84. Western oils were down more than one - half point on their index.

Observers said traders were dealing cautiously in view of the holiday in the United States Friday. Americans celebrate George Washington's birthday and the financial houses will be closed.

MONTREAL (CP) — Industrials mixed irregularly on the Montreal and Canadian stock exchanges. Price movements were fractional with few prominent exceptions.

Base metals were generally lower. Most paper held firm. Banks were down.

Oils and utilities were mixed in minor fractions. Mines were irregularly lower.

No Car For Charles

PARIS (AP)—The Renault auto works said Wednesday it wanted to give Queen Elizabeth a miniature — but operating — automobile for Prince Charles when she visits Paris in April. Buckingham Palace said "no," explaining that British law forbade anyone under 18 to drive and the eight-year-old prince must set a good example.

Discuss Water Control at Conference . . .

Guy Constable, Creston, Urges Action On River Banks' Erosion

By LARRY STANWOOD
Canadian Press Staff Writer

VICTORIA (CP) — Improved loggings methods and government-financed dredging of river beds were emphasized here as means to spike the annual widespread damage from floods in British Columbia.

Most of the afternoon session of the 10th B.C. Natural Resources conference was devoted to papers on the use and control of water.

Philip G. Haddock, associate professor of forestry at the University of B.C., blamed logging road construction for much uncontrolled flooding and subsequent erosion and damage to watersheds.

"It has been estimated that over half of the watershed problems attributable to logging are the result of road construction," Prof. Haddock told the conference.

"Roads and skid trails may occupy 10 per cent or more of logging areas. They lay the soil bare, compact it, and collect water."

He said access roads should be built scientifically to provide adequate drainage. Skidding methods should be devised so as to "disperse runoff rather than concentrating it."

Good forest management, he said, is vital in flood control and prevention of soil erosion by flooding:

1. Use ridges or benches for road locations in preference to side hill slopes, even if steeper grades are required.

2. Keep road surfaces built up with rock to avoiod rut formation.

3. Ensure bridges and culverts large enough to carry unusually high flows and constructed to prevent blocking by debris.

4. Don't skid downstream channels or ravines and don't yard logs across streams.

Guy Constable, president of the Kootenay Valley Associated Drainage Districts and J. L. MacDonald, B.C. Diking commissioner, both called for action on retaining major rivers within their banks to prevent erosion and flooding, in preference to building more dikes.

Mr. Constable warned of the "danger" that Kootenay farmlands in southeastern B.C. would be subjected to if the proposed Libby Dam is built on the Kootenay River in northern Washington.

Several thousand acres of fertile land reclaimed by diking the silt-laden Kootenay River in B.C. would be submerged by backed-up water from such a dam, he said. Furthermore the project would wipe out many miles of Great Northern Railway tracks in southern B.C., "a major factor in our economy.

"Let them do what they want with the Columbia River, but leave the Kootenay alone," said Mr. Constable. "That's the way our farmers feel."

He said flooding of reclaimed land in the Canal Flats and Creston areas takes place regularly along with river banks erosion. This could be prevented by regular dredging of the river bed and rock work on the banks.

"It is a matter for co-operation between the districts and appropriate government authority."

Because there was no authority to co-ordinate the efforts of various interests doing work on the Fraser, the issue had become confused.

While some government aid — both provincial and federal — is given to improve and maintain dikes, there was no money or authority to combat the cause of erosion on the dikes by the river itself.

Mr. MacDonald said: "Policy will have to be set up before any agency can formulate a program to combat erosion and its threat to the dikes of the lower Fraser Valley.

The tremendous increase in population and industry under the shadow of the dikes demanded "the highest degree of dike protection."

A U.S. speaker described how much of the flooding in Washington and Oregon has been eliminated by the "multi-use" of big hydro power projects.

He said many characteristics of the Fraser River are similar to those of the Columbia River in northwest states, and B.C. could likely profit from experiences on the Columbia. The two rivers have similar runoff patterns. On the Columbia, he said, the runoff is completely controlled by manipulating the great grand Coulee Dam reservoir.

Rainmaking Had Small Results On B. C.'s Coastline Humidity

VICTORIA (CP) — Rainmaking activities in the coastal area of B.C. produced no change in rainfall and appeared to have no influence at all, a report tabled in the legislature said.

The report, prepared by the B.C. Research Council, denied the claims of operators that there had been appreciable increases in rainfall due to their cloud-seeding operations and said, in effect, that interior agricultural and coastal tourist industry operators have nothing to fear.

"No change in rainfall as a result of seeding has been proved in any area," it was stated. "The effects, if any, of seeding have been small and are undetectable by the methods used."

EFFECTS STUDIED

When the rainmaking started officials in the tourist industry voiced fears that it would ruin their business.

Effects of rainmaking in four areas were studied before the report was handed down. The concern employing rainmakers were the B.C. Power Commission, which hope dto increase its water supply in the Campbell River watershed; four timber companies on the west coast of the Island who hoped to cut the forest fire hazard; and the B.C. Electric and the Powell River Company on the mainland.

The companies doing the jobs were Water Resources Development Corporation and the North America Weather Consultant.

Australia Protests Damage To Memorial

CANBERRA (AP) — Australia has protested to the Egyptian government against destruction of the Australian-New Zealand war memorial in Port Said and damage to the British Commonwealth war memorial cemeteries in Port Said and Suez.

Foreign Minister Richard G. Casey said Australia reserves the right to appropriate redress. He said the memorial in Port Said had been dismantled either manually or by dynamiting, while headstones were damaged and trees uprooted in the cemeteries.

Conference Not To Discuss Wenner-Gren

VICTORIA (CP)—The Wenner-Gren proposal to develop the Rocky Mountain Trench area in Northern B.C. is not likely to be discussed at the 10th B.C. Natural Resources Conference which opened here Wednesday.

Attorney-General Robert Bonner, who officially opened the conference, referred briefly to the proposal announced in the Legislature last week.

But, he said, there is no advantage in discussing the proposal further at this time since "no concrete plans have been put forward."

The proposal — which calls for an aero survey of the 40,000-square-mile trench belt North of Prince George and construction of monorail railway to connect with the Pacific Great Eastern Railway — in merely in the "exploratory" stage, said Mr. Bonner.

Members of the conference suggested Mr. Bonner's remarks precluded discussion of the subject.

School Maps Criticized

VICTORIA (CP) — Criticism of B.C.'s school maps was voiced here by R. I. Ruggles, instructor of geography and geology at UBC. He told the natural resources conferences:

"I am sorry to state that except for the B.C. geography manual for social studies 32 in the schools, I have not yet seen a social studies text in which a comparable amount of thought and effort was put into designing and drawing the maps as was put into the writing of the text or even the selecting of photographs.

"This can be levelled at the college text field also."

He urged as a "deserving" project for B.C.'s centennial, the inauguration of an "historical-geographical" atlas on the province's first 100 years.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find wath your outlook is, according to the stars,

For Saturday, February 23, 1957

MARCH 21 to APRIL 20 (Aries) —Your Moon, Sun and Neptune, in good aspects now, promises a highly satisfying day. However, don't rush into things without study, knowledge and good planning.

APRIL 21 to MAY 21 (Taurus) —Be alert, worthy of trust placed in you. Much depends on how you you look at prospects, opportunities at hand. You can have a productive, fruitful day.

MAY 22 to JUNE 21 (Gemini) — Get off to a flying start this splendid day. Results could surprise if you give your best efforts and don't do anything to offsett possibilities. Don't be too restless, change-able.

JUNE 22 to JULY 23 (Cancer)— Auspicious rays should stimulate your interest and desire to accomplish big things. Realize the opportunities before you and don't be timed or undecided in action. Try to lighten the burdens of another.

JULY 24 to AUGUST 23 (Leo) —Concentrate on essentials to get maximum results now. Avoid anxiety and impatience; neither will help and both can do great harm. Household and family matters under good vibrations.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Generally encouraging rays for professional pursuits and mental work although you may not be as full of unusual ideas, as you generally are. Think before making decisions.

SEPTEMBER 24 to OCTOBER 23 (Libra) — This day favors bettering present occupational conditions rather than making expansive plans for the future. Ask and grant favors, aid where you can.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — A warning for today: don't be careless in property transactions, spending, assuming debts. Otherwise day is encouraging, helpful.

DECEMBER 22 to JANUARY 20 (Capricorn) — Your Saturn warns against foolish recklessness. If careful, you can enjoy a happy, pleasant day and weekend.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Heed advice to Sagittarius. Be sensibly money-conscious now. There's no need to be penurious, just wisely careful. Healthy sports, hobbies strongly sponsored.

FEBRUARY 20 to MARCH 20 (Pisces) — Your Neptune honors your specific interests and the tasks for which you are fitted. Join family and friends and help make this a really joyous period.

YOU BORN TODAY are staunch, dependable, highly talented, and capable, with strong leanings toward the artistic or scientific fields. You can lead ably or work with and for others earnestly, conscientiously; are ingenious at planning ahead, courteous; make able instructors, teachers. You have retentive memory, agreeable personality, are capable of gathering much knowledge and can apply it usefully, gainfully if living true to your finer characteristics. Birthdate: Sam'l Pepys, Eng. diarist; George F. Handel, famed composer.

Key to British Columbia's Vast Development Said Due to Hydro

VICTORIA (CP) — The key to British Columbia's economic development is hydro, Tom Ingledow, vice-president of the B.C. Electric Co., told the 10th annual Resources Conference here.

His speech, read by executive assistant R. M. Bibbs, said that less than one-tenth of the province's hydro possibilities have been realized. He said there is enough hydro to satisfy B.C.'s needs for the next 20 years.

"In the province's present state of development, gas and oil for electric generation are no substitute for hydro power," he said.

"For the future then, the vast expansion seen in our B.C. economy will require the development of additional sources of electrical energy at a rate greatly exceeding the rest of Canada."

FOREST PROTECTION NEEDED

P. G. Haddock, associate professor of forestry at the University of British Columbia, told the conference that "protection forests" may be necessary to reduce the danger of floods, soil erosion and avalanches in B.C.

Prof. Haddock said that to control water runoff from B.C. forest land the main need is an "increase in an awareness of watershed values; a recognition of areas of actual or potential damage."

The use of synthetic chemicals as a means of increasing water absorption properties of soil was predicted by Prof. C. W. Rowles, head of the UBC's soil science department.

He said such chemicals "open up a new field and undoubtedly the future will bring many new developments." Expense limited their use now.

He called for greater use of vegetation to stabilize soil subject to runoff conditions.

"In almost all sections of the province serious runoff and soil erosion damage is evident."

Over 40 Hospitals Receive B.C. Grants

VICTORIA (CP) — Grants in aid totalling $32,000 have been approved for distribution to more than 40 hospitals throughout B.C., Health Minister Eric Martin announced Thursday.

Largest of the outright grants, made to help defray costs of repair and renovation, was $5000 to the Royal Columbia Hospital in New Westminster.

Stock Fraud Charge Denied

NEW YORK (CP) — The New York Times Thursday quotes Charles R. Stahl, 35, as denying charges of stock fraud in connection with the operations of a Canadian mining company.

The dispatch from Rio de Janeiro, quotes Stahl as saying he will appear in court in New York March 21 "to defend my good name."

A New York court order, granted Monday, has tied up New York assets of Stahl, Miles and Company Ltd., of Edmonton, a brokerage firm formed by Stahl and Marcel Adam Miles of Edmonton.

Last November Stahl resigned as chairman of the New York brokerage house of De Ponet and Company Inc. That firm, along with the Edmonton company, traded in stock of Green Bay Mining and Exploration Ltd., of which Stahl was a director.

HEAVY LOSER

"I was the principal believer in this company and in the end I was personally the heaviest loser," Stahl said in Rio de Janeiro.

The stock originally was sold in Canada and Europe at 60 to 75 cents a share, Stahl said. Stahl's purchases were made at an average of $10 a share.

The stock rose to a peak of $12.50 last summer and then dropped to its present quotation of 50 cents. Stahl estimated the loss to himself and his family at $4,000,000 to $5,000,000.

Green Bay owns lithium deposits in Manitoba. In a prospectus issued by De Ponet, Stahl warned that the stock was speculative and was recommended only to "sophisticated persons."

TWO PAY FINES

Juvenile court judge William Evans fined two Fruitvale men Wednesday when they appeared in court on charges resulting from an all-night drinking party last month at Salmo.

George Nick Chernenkoff pleaded guilty to contributing to juvenile delinquency and was fined $100 or in default 14 days in jail. William Gordon Alexander also pleaded guilty and was fined $50 or in default 14 days.

John Alexander Metcalf of Salmo pleaded not guilty to the same charge and decision was reserved for a week.

Four 16-year-old girls, also involved in the case, were placed on probation when they appeared in juvenile court last week.

Delegates From 75 Nations to Study Canada's Mine Resources

OTTAWA (CP) — Mining delegates from 75 countries will study Canada's mineral resources in a big cross-country plane-and-train tour next fall.

About 800 persons are expected to make the tour during the sixth Commonwealth Mining and Metallurgical Congress which opens at Vancouver Sept. 8 and ends 32 days later at Halifax.

Travelling by three or four special 18-car trains, they will inspcet steel mills, chemical plants, petroleum and natural gas installations and other mineral industries. Meetings in eight cities are planned.

Eight planes will be chartered for a 3700-mile tour of mines and plants in northern British Columbia, the Yukon, the Northwest Territories, Saskatchewan and Manitoba. Plane trips also will be made to the iron mines of Newfoundland and Northern Quebec.

The conference is sponsored by the Commonwealth Council of Mining and Metallurgical Institutions at the invitation of the Canadian Institute of Mining and Metallurgy.

The congress says that, in addition to hundreds of inquiries from Commonwealth countries, it has received many from Iron Curtain countries.

Plans call for a much more elaborate tour than that made by 300 delegates in 1927 when the congress last was held in Canada.

Major meetings are scheduled for Vancouver Sept. 8-9-10, Edmonton Sept. 16-17, Winnipeg Sept. 19-20, Toronto Sept. 27-28, Ottawa Sept. 30, Montreal Oct. 1-2, Quebec Oct. 3-4 and Halifax Oct. 8-9.

Hospital Annual Set for March 19

Annual meeting of Kootenay Lake General Hospital Society will be held March 19 in Memorial Hall.

J. A. Cullinane, E. M. Stiles, Miss Carmen Horton, Henry LeMoigne and R. D. Barnes will comprise the nominating committee.

New ARRIVALS

Magic Leaf
Cleans your silverware while you wash your dishes.

French Fry Potato Cutters
One quick stroke makes two dozen perfect chips.

Lunch Kits
Made of polyethylene, these are acid-proof, easy to clean, and durable.

T.V. Snack Tables
Light-weight, folding, inexpensive.

Telephone Cord Covers
Keep the kinks out of your telephone and electrical cords.

Johnson's Blem
Removes scratches, burns, white rings on your furniture.

Lamorene
Cleans your rugs quickly and thoroughly.

Canmasters
Opener and pourer, all in one. Ideal for fruit juice or milk cans.

Hercolite Tumblers
5 and 9 oz. size. Will not chip, break or shatter in normal use.

Fatigue Mats
Made of sponge rubber, these make life easier while ironing, dishwashing, etc.

Rubber Stair Treads
18" x 10". Only ..... 39¢

Vacuum Washers
Ideal for washing blankets, sheets, etc.

A Complete Stocks of Steele Briggs Seeds for those who like to plant early.
