Old Age Pension Hike Expected

Ontario Participation in Health Insurance Scheme Key to Pension Move

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA (CP) — Federal authorities are thinking of boosting old age pensions but how widely this may be applied will depend on whether Ontario accepts a federal hospital insurance offer.

The Ontario legislation opens Jan. 28 and there is a belief in federal quarters that Premier Frost will agree to take part in the insurance scheme.

If this develops, it is almost certain Finance Minister Harris will provide $200,000,000 in his next budget to cover the insurance plan during the 1957-58 fiscal year.

It was felt that the funds available for boosting old age pensions would be then narrowed though there might be sufficient to help those in financial distress.

Under the Old Age Assistance Act, the federal government shares with the provinces on a 50-50 basis the cost of a maximum pension of $40 a month to those in the 65-69 age bracket who show financial need.

ALL OVER TO BENEFIT

A pension of $40 a month, based on a pay-as-you-go federal tax contribution, is paid to all those 70 years and over.

About 90,000 Canadians in the 65-69 group get the old age assistance which costs Ottawa $20,000,000 a year.

Increasing the payment to $50 with federal and provincial governments sharing the cost would require an extra federal outlay of $5,400,000.

Of those getting the universal pension about 40 per cent are in financial need. Pensions for these of $50 a month with a means test might require an extra federal outlay of $38,400,000 a year.

It might be difficult to set up means test machinery for those 70 years and over. An easier method would be a blanket increase.

Universal pensions are financed by a two-per-cent tax on personal and corporation incomes and commodity sales. The government could provide the increase without increasing taxes by reducing the amount of income and sales taxes applied to the budget and shifting them to pensions.

Bennett Demands Sinclair Resign

VICTORIA (CP) — Premier Bennett today called for the resignation of James Sinclair, federal fisheries minister and Liberal MP for North Vancouver.

The premier, in an angry flood of words, said Mr. Sinclair's refusal to retract a "false statement" concerning B.C. bridge tolls had discredited him as a Commons member.

The dispute between Mr. Bennett and Mr. Sinclair started last week when the federal minister allegedly told a North Vancouver audience tolls from the Lions Gate Bridge, connecting Mr. Sinclair's riding with metropolitan Vancouver, were being used to finance other bridges in B.C. Mr. Sinclair said one of the bridges being financed in this way was the one in Kelowna, Mr. Bennett's home town.

"If he will not retract I call on him to resign his portfolio. His statement is utterly without foundation, and he stands before the bar of public opinion charged with deliberately trying to mislead the electorate of North Vancouver," Mr. Bennett said.

New Airport Agreement Sought

VANCOUVER (CP) — Mayor Hume and four civic officials will go to Ottawa next month to seek a new agreement concerning the international airport and a low-interest loan of several million dollars for airport expansion.

The delegation will try for a new five-year agreement in which Ottawa will lend Vancouver the money for a new passenger terminal it will need within the next five years.

It's the Berries

PLANT CITY, Fla. (AP)—A strawberry grown by O. E. Goodson is the first to break the four-inch barrier for berries in this area and a lot of other places too.

Goodson raised the fan-shaped No. 90 variety which is 4½ inches across the top, 9½ inches in perimeter and 2¾ inches long.

He got police chief Bob Spooner to verify the measurements. Biggest berry prior to this whopper was one measuring slightly less than four inches across the top.

Prairie Paper To Mark 75th Birthday

BRANDON (CP)—One of Western Canada's pioneer newspapers, the Brandon Sun, will issue a special 12-page supplement today to mark its 75th birthday.

The newspaper was started Jan. 19, 1882, when this south-western Manitoba community was mostly a collection of tents and shacks.

The first publisher was Will J. White, a native of Exeter, Ont., who was 31.

One of the few independent and family-owned newspapers left in Western Canada, The Sun is junior only to the Winnipeg Free Press, the New Westminster British Columbian and the Victoria Colonist.

The newspaper has a circulation of 10,000, reflecting the growth of the city which now has a population of 24,579.

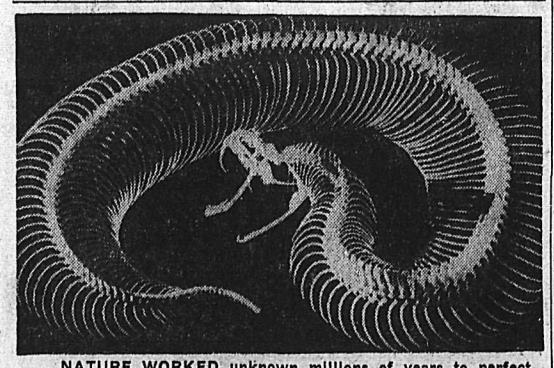
BLAST WRECKS DRY CLEANERS

VANCOUVER (CP) — An explosion in a dry cleaning store here late Friday hurled three persons more than 20 feet onto Main Street and set them to hospital with severe burns.

The blast, believed to have come from a gas heater, set fire to the store, located in the downtown area. Firemen had the blaze under control in less than 20 minutes. The blast wrecked the interior of the store and flung fragments of plate glass onto the street crowded with the 5 p.m. traffic rush. There were no other injuries reported.

STUDENTS EXPELLED

VIENNA (Reuters) — Another wave of student expulsions in Bulgarian universities was disclosed in reports reaching here from Sofia Friday. Many students were reported expelled from Plovdiv University, most of them members of former middle class families or the children of farmers who resisted forced collectivization.



NATURE WORKED unknown millions of years to perfect the skeleton of the gaboon viper, which, engineers say, is a marvel of structure and tolerances. There are one hundred and sixty pairs of hinged ribs which, in life, supported the powerful muscles that gave the viper its speed and power. This is one of the exhibits in the "Anatomy of Nature" display at the American Museum of Natural History in New York.

UN Backs Afro-Asian Resolution

Powder Plant Explosion Kills Six Men

OLYMPIA, Wash. (AP) — A ton and a half of dynamite blew up without warning Friday, killing six men; injuring seven and obliterating a work building at the Pacific Powder Co. plant 11 miles south of here.

The building vanished in a great ball of flame as the jarring explosion stripped nearby trees of their small branches and scattered fragments of the "jell shed" over a half-mile area.

The six men killed all were employed in the jell shed. There, pliable dynamite is stuffed into sticks used in blasting work.

After completing an investigation, Ed Sorger, safety supervisor for the Department of Labor and Industries, said it seemed likely the explosion was touched off by static electricity.

B.C. HIS for Forces Asked

VICTORIA (CP) — The government was asked Friday to widen the scope of the present B.C. Hospital Insurance service coverage to armed forces personnel and their dependents.

A delegation from the B.C. Command of the Canadian Legion, in presenting a brief to Cabinet, said that while servicemen now could become eligible for BCHIS after only 21 days in B.C., coverage was still lacking in some instances. Previous waiting period was one year.

The delegation said, however, that this did not cover the problem of the B.C. servicemen who may be transferred out of the province and on his return and discharge have to wait a year before becoming eligible, despite the fact his family may have lived in B.C. during the period of his absence.

Tried to Arrange Post Mortem Before Her Death

EASTBOURNE, England (Reuters)—A coroner testified Friday that Dr. John Bodkin Adams, accused by the Crown of poisoning three patients, tried to arrange for a post-mortem while one was still alive.

The coroner, Angus C. Sommerville, said the doctor wanted him to arrange a post-mortem for 50-year-old Mrs. Gertrude Hullett the day before she died.

He said Adams told him he was not certain of what Mrs. Hullett was going to die from and he wished to have a private post-mortem examination.

Asked by the Crown counsel whether it was usual to have a private post-mortem, the coroner replied: "Never." Nor, he added, had he ever been asked to arrange a post-mortem before a patient's death.

SOVIET PREMIER Nikolai A. Bulganin greets Premier Chou En-lai, left, of Communist China on the latter's arrival at the Vnukovo airport, Moscow, from Peiping. Looking on is Dmitri Shepilov, Russian foreign minister. Later, Chou voiced his opposition to President Eisenhower's Mid-East plan.
—Central Press Canadian.

World News Briefly

BUDAPEST (AP) — Hungarian anti-Communists continued sporadic armed attacks Friday against police and refused to give up in the face of an intensified crackdown by the Russian-supported government of Premier Janos Kadar.

LONDON (Reuters) — A parliamentary financial watchdog committee criticized Friday the "excessive" amount of taxpayers' money spent on military planes that never left the ground. The committee called for government scrutiny of aircraft manufacturers' profits.

OTTAWA (CP) — The reported imminent appointment of German Lt.-Gen. Hans Speidel as commander of NATO land forces in Europe is no shock to the defence department. Officials say Canada's military ties with West Germany —and with another former enemy, Italy, have grown stronger.

All three are members of the North Atlantic Treaty Organization and Germany and Italy have received millions of dollars worth of Canadian military equipment.

OTTAWA (CP) — Canada is reducing its contingent to the UN Emergency Force in the Middle East.

Air Force headquarters announced Friday night eight of the 12 Flying Boxcars used to ferry UN troops to Egypt from Italy are returning home. Five have already returned and three are expected.

CAIRO (AP) — Egypt, Saudi Arabia and Syria were reported Friday offering Jordan money and arms to replace the British subsidy that supported the old British-officered Arab Legion. The plan was reported by a source close to the Jordanian delegation here.

The offer was seen as an Egyptian attempt to head off application of the Eisenhower Doctrine. Egypt fears the U. S. military- economic plan will isolate it.

DETROIT (CP) — A censorship fight appeared to be building up Friday following Detroit police action against a book by novelist John O'Hara.

Police Commissioner Edward S. Piggins banned the novel Ten North Frederick from Detroit's book-shelves "in any form."

MOSCOW (AP) — The Soviet Union and Communist China jointly condemned President Eisenhower's Middle East policy Friday and pledged that area "any necessary support" to avert aggression and interference in their affairs.

OTTAWA (CP) — Financing of the $375,000,000 natural gas pipeline from Alberta to eastern Canada now appears solid, Trade Minister Howe said Friday night.

BRITISH NURSES LOOK TO CANADA

By KEN METHERAL
Canadian Press Staff Writer

LONDON (CP)—British nurses have joined the queue of Britons trying to emigrate to Canada.

Each week upwards of 80 British nurses are filling out application forms for entry to Ontario alone, says Henry Donaldson, Ontario director of immigration in London. The total for all Canada is estimated to exceed 100 a week.

Donaldson says Ontario wants at least 1,000 nurses from Britain this year. "They are wanted urgently and we can place all the nurses we can get."

Hanna Appeals Deportation Order

VANCOUVER (CP) — A deportation order was made against Christian George Hanna here Friday, but the 23-year-old migrant's lawyer filed notice of appeal.

The deportation order was made by the immigration department following a 2½-hour hearing before a one-man board.

Donald White, counsel for Hanna, having filed an appeal with the department, now must prepare a brief which immigration authorities wish filed by Monday. The appeal may be heard by Immigration Minister Jack Pickersgill or by a three-man board.

While he awaits the decision to determine whether he may remain on Canadian soil after 15 months of sea, Hanna will be kept under detention in the immigration building here.

KILLS SISTER

LONDON (Reuters) — A truck driver knocked down a woman in an accident Thursday night, ran to call an ambulance and returned to find he had killed his 19-year-old sister. Jack Fennel had been waiting for his sister Ellen, outside the gates of the factory where she worked to give her a lift to meet a boy friend. When she did not arrive, he started to drive away, when he felt a bump.

"I think she must have seen me drive off and ran up to the truck to call me," he said.

Sweet Tooth Filling Going Up

VANCOUVER (CP)—Candy makers here say they will either have to hike their prices or cut weight, following a 35-per-cent increase in the cost of sugar since last November.

A price raise for candy is expected, probably in the next month.

Ice cream manufacturers are standing pat during the winter's low production and will see how the increase in sugar prices affects them in warmer weather.

Pensions, Not Culture—Low

OTTAWA (CP) — Social Credit leader Low opposed Friday establishing a Canada Council to promote a $100,000,000 aid-to-culture program because money is needed to increase pensions.

However, the government proposal received the support of CCF leader Caldwell and Opposition leader Diefenbaker, although the latter had reservations about government plans for the council operation.

Prime Minister St. Laurent disclosed during Commons debate on a resolution to set up the council that it will pay only half the cost of expanding university buildings and equipment. He also said capital grants to universities would be limited to advancement of the arts, humanities and social sciences.

Mr. Low said he is reserving judgment on the legislation, which will be introduced following approval of the resolution. But his present view was that the timing is wrong.

Reasonable Level Of Costs in BCHIS Urged

VANCOUVER (CP) — Provincial Health Minister Eric Martin says the province must maintain a "reasonable level of costs" in the British Columbia health insurance program "because we want to maintain our present high level of services."

Mr. Martin told a service club meeting Thursday that since 1951, when the three per cent sales tax was introduced in B. C. to pay for hospital expenses for residents, the government has paid an increase to $30,000,000 from $16,000,000 in health scheme costs.

"If costs increase to a much greater extent, we're going to be taxed right out of the hospital care field."

Chronic Cases to Come Under BCHIS

VICTORIA (CP) — A limited form of B.C. Hospital Insurance coverage for persons suffering from chronic ailments will go into effect within a year, Health Minister Eric Martin predicted Friday. The minister at the same time criticized Liberal leader Arthur Laing who said earlier this week most of the burden of the new plan would fall on the municipalities.

"He doesn't know the first thing about it," said Mr. Martin. "He's just trying to muddy the issue."

GUYS AND DOLLS BANNED IN HOLLAND

AMSTERDAM (Reuters) — The Netherlands board of movie censors Friday banned Guys and Dolls from being shown in Holland. It is reported they felt the "save a soul" mission depicted in the story might be construed as being the Salvation Army.

CAN PREDICT SEX

MINNEAPOLIS (AP)—University of Minnesota doctors Friday confirmed the accuracy of a new technique for positive determination of a baby's sex before birth through study of the fluid surrounding the unborn.

Dr. Edgar L. Makowski, presenting the report to a university hospital staff meeting, said the technique was successful in determining the sex of 44 cases studied in 1955.

DOLLAR UNCHANGED

NEW YORK (CP) — The Canadian dollar was unchanged at a premium of 4 1-16 per cent in terms of U. S. funds. Pound sterling 1-16 lower at $2.79¾.

Israeli Withdrawal Asked Within 5 Days

By LLOYD McDONALD
Canadian Press Staff Writer

UNITED NATIONS, N.Y. (CP) — A proposal that the United Nations Emergency Force fill the gap left by Israeli withdrawal from the Gaza Strip and the Gulf of Aqaba had major support Friday night after Canada endorsed the idea in the General Assembly.

External Affairs Minister Pearson urged support for such a move as part of the latest resolution calling on Israel to withdraw her forces behind the 1949 armistice line.

Pearson stressed the need of something more than another withdrawal call to stabilize the Suez situation.

The resolution, put forward by 24 African-Asian countries including the Arab bloc, asks the UN secretary - general to report on a final Israeli withdrawal within five days.

The original draft of the resolution would have called for sanctions against Israel if the withdrawal was not completed in that time. The sanctions idea was dropped.

WOULD MOVE UN FORCE

Canada and a number of other powers were reported favoring a resolution which would move UN troops into the disputed areas. The idea died when the United States told the assembly it would back the Afro-Asian resolution.

Britain joined Canada with a call for international control of the Gaza Strip between Israel and Egypt and free navigation in the Gulf of Aqaba from which Israeli shipping was barred by Egyptian guns before the invasion.

State Minister Allan Noble told the assembly Britain would support any "acceptable form of internationalization."

Henry Cabot Lodge supported international control Thursday while telling the assembly the U.S. would vote for the Afro-Asian resolution.

The Russian delegate said the Soviet Union, too, would cast its vote for the resolution.

That assured its passage and with this prospect in view Pearson asked for the floor Friday to reiterate the need for long - term action to give the resolution greater effect.

Edens Sail For N. Zealand

LONDON (Reuters) — Sir Anthony Eden sailed for New Zealand Friday for a long rest while Prime Minister Harold Macmillan virtually completed the new government lineup.

Eden boarded ship for the 35-day voyage through the Panama Canal. His doctors told him he has abdominal symptoms similar to those he suffered in 1953 before a series of operations.

Macmillan completed the appointment of the last of 29 junior ministers.

One of the most significant was that of Sir Edward Boyle, 33, who resigned as economic secretary to the treasury as a protest against Anglo - French intervention in Egypt.

His return as parliamentary secretary to the minister of education is seen as a bid to show that past differences in the Conservative party over Suez policy are being forgotton in the interests of unity.

Missing Teller Caught in Check

TORONTO (CP) — A routine check of a car bearing Manitoba licence plates led to the arrest early Friday of William Aitken, 18-year-old bank teller, for theft.

Aitken had been the object of a widespread search since the disappearance of $7,051 from a midtown branch of the Imperial Bank 10 days gao.

Recovery of Miners' Bodies Expected Soon

By GERRY McNEIL
Canadian Press Staff Writer

SPRINGHILL, N. S. (CP) — Workers gingerly scouting No. 4 colliery of the Cumberland Coal and Railway Company were expected to bring up shortly the bodies of 26 men trapped there following an explosion Nov. 1.

This northern Nova Scotia mining town relaxed after mine safety crews opened the pit Friday; mine officials had said there was danger of another gas explosion.

Thirty-nine men lost their lives in the Nov. 1 explosion. Eighty-eight others were rescued.

The safety men, wearing gas masks, entered No. 4 from adjacent No. 2 mine. They were reported ahead of schedule in their efforts to clear the mine for investigation.

Dominion Steel and Coal Company coal chief Harold Gordon, mining engineer Donald McFadgen and deputy mines inspector Arthur Phillips followed the first rescue crews, noting details to be considered at a royal commission inquiry next month.

Cumberland is a Dominion Steel subsidiary.

WAS SEALED OFF

No. 4 was sealed off in November to allow fires to burn out and avoid a second explosion.

Relatives felt renewed grief as they waited for the bodies of loved ones to be identified and brought to the surface in steel caskets.

Labor Minister Pyke, a native of Springhill, said "the town won't be itself until those men are brought out and properly buried."

He lost a brother in the explosion.

B-52s Circle Globe In Under 45½ Hours

MARCH AIR FORCE BASE, Calif. (AP) — Three B-52 strato-fortresses lifted the U.S. Air Force to a new pinnacle in aviation Friday with a 45-hour, 19-minute non-stop round-the-world flight.

The first of the eight-engine jet bombers set down here at 10:19 a.m. The others rolled in at 80-second intervals.

It was the first such non-stop flight by jets. Average speed was about 525 miles an hour.

The three planes streaked over the March Air Force Base runway in formation, circled and came in smoothly. They rolled 6000 feet down the runway, then lumbered back to cheering acclaim by a thousand airmen, relatives and reporters.

Gen. Curtis Lemay, commander inchief of the Strategic Air Command, met the 27 crew members and pinned the Distinguished Flying Cross on each.

Maj.-Gen. Archie J. Old, Jr., commander of the 15th Air Force and commanding the lead plane, was the first to step down and commented the flight was "a routine training mission."

CAN H-BOMB ANYWHERE

The air force said it was a demonstration of its "capability to drop a hydrogen bomb anywhere in the world."

Five strato-fortresses took off from a base near Merced, Calif., at 1 p.m. Wednesday in secrecy that wasn't broken until Thursday night.

Gen. Lemay said one of the planes landed in England "as planned"; another in Labrador "not as planned." He did not give the reason for the Labrador landing.

The three bombers looped the globe by way of Newfoundland, French Morocco, Saudi Arabia, the coasts of India and Ceylon, the Philippine Islands and Guam.

Off the Malay Peninsula, the bombers made a mock bomb drop. The planes were unarmed.

The planes, which have a range of 6000 miles, were refueled in flight by KC-97 aerial tankers. The number of refuelings was not revealed.

The Boeing-built B-52 is billed as America's first-line heavy bomber. It has a ceiling of 50,000 feet, a top speed of 650 miles an hour and can carry a bomb load of 20,000 pounds.

And in This Corner...

WASHINGTON (AP)—J. T. Pyle, U.S. aviation safety chief and an expert flier, unexpectedly added 15 minutes to his log of more than 4000 hours in the air. He got stuck in an elevator.

Although he has piloted civil jet transports, the automatic elevator controls were too much for him. He resorted to an emergency telephone on the elevator and a mechanic finally got him out.

PUEBLO, Colo. (AP) — Patrolman Paul Johnson proved his bravery Thursday to his son, Ronald, 3.

Ronnie had his doubts about having his tonsils removed.

So daddy had his tonsils out too.

Now neither is talking.

SAN FRANCISCO (AP)—A "mysterious box" of powder was left behind by a Turkish passenger in a United Air Lines plane Thursday. Officials called police.

Deputies took it to Stanford University for identification.

In the library, Miss Bedia Jamil of Iraq read the Arabic inscription, promptly dipped her fingers into the powder, extracted an object and popped it in her mouth.

"This is Turkish delight," she said, "made from the leaves of the manna tree and combined with egg yolk and pistachio."

Then she interpreted the Arab inscription on the box: "Good for a sad heart."

LONDON (Reuters)—A candy box stuffed with jewelry worth £15,000 was returned to its owner Friday through the mail. Mrs. Lillian Antrobus, a wealthy widow, packed the jewels in the chocolate box to avoid attention during a train trip. She forgot the package and left it in the train. An unknown passenger picked up the box and spent 11 pence on postage to mail it.

Derby Prizes Awarded At Rod, Gun Banquet

TRAIL — Prizes to Derby winners along with 21 consolation draw prizes were distributed to senior and junior members at the 16th annual banquet of the Trail Rod and Gun Club attended by over 180 Friday evening.

Copping first and second prizes in the Columbia River Trout Junior Derby were Jack Wallington and Fred Barron. In the Arrow Lakes senior derby for trout, A. Maripidi came first with a 12 lb., 8 oz. fish.

R. R. Ramsden was second and special prize was presented to Mrs. Ramsden as the only woman conteseant in this group to catch a trout.

Columbia River and Arrow Lakes Char Derby was won by C. Armstrong with an 11 lb., 4 oz. fish. S. L. Thompson came up with a 17 lb., 4 ouncer to win in the largest trout or char contest.

Largest white tailed deer, R. Weishaupt, 10 points, 17½-inch spread; largest mule deer, O. T. Jader, 12 points, 24-inch spread; largest blue grouse, E. S. Thompson, 2 lbs., 6 ozs.; largest willow grouse, W. Edwards, 1 lb., 5 ozs.

Welcome to visitors was extended by acting Mayor F. E. DeVito and by D. D. Morris on behalf of Cominco.

Fred Barsley, president of B. C. Federation of Fish and Game clubs spoke briefly commenting that 12 or 14 thousand organized in an area of 210,000 licensed fishers and hunters, as in B. C., was not enough.

John Wellton, president of West Kootenay Rod and Gun Club noted the increase in membership in the last three years. The club now has 503 seniors and 86 juniors. Frank Maher, game biologist of Cranbrook also addressed the meeting.

Presentations were made to Mario Scodellaro, membership chairman and Eddie Trembly, secretary for their activities throughout the year.

Commissioner F. R. Butler of the B. C. Game Department, guest speaker, told what the department is trying to do in the preservation of the wild life of B. C.

Odds... and Ends

... by M. D. B.

As I came to work the other night I met a boy at the News door and tucked in the front of his jacket was just about the cutest pup you'd wish to see. The boy, I found out his name, was Bruce McFarlane, obligingly slid his jacket zipper down so I could get a better view of this epitome of doghood that he had got a "pretty good deal" on. He said they had gone to a man who is an authority on dogs to see if they should cut his tail off or not and the man said not to touch his tail because the dog was part Labrador.

• • •

Bruce said he couldn't see much sense in cutting off dog's tails anyway for, he reasoned, if they weren't meant to have tails why did they have them? I agreed thoroughly with this reasoning as any sensible person would.

• • •

Before long there was quite a gathering around him and we learned the pup was only six weeks old. During all this adulation and while we touched his silky ears and rubbed his head soft as down, little pup got rather tired of it all, closed his eyes and went to sleep. Bruce zipped up the zipper and away he went—the happiest boy in town at that moment, I'll bet. So ends this dog's tail. (This column has certainly gone to the dogs lately.)

• • •

A friend out Harrop way, who has written to tell me they enjoy this column because it so often deals with "the ordinary little things," has kindly sent me the following verse — author unknown, which sums up their feelings in the matter, and strikes an answering chord with me.

THE LITTLE THINGS

"It is the little things that count so much,
The half-forgotten fragment of a song,
The memory of twilight hours, the touch
Of friendly fingers, warm, and kind and strong;
A verse we read and dreamed with for a while
The funny, futile games of childhood years,
All pass in swift review; and though we smile,
The smile is touched with just a glint of tears.
These are the precious things of memory,
The pictures in the scrap book of the heart,
The book whose pages we so love to see,
Faint images that tear the soul apart.
Some eyes perhaps, would smile to know that such
As these few little things could count so much."

Chamber of Mines Re-Elects Doelle

Members of the Chamber of Mines of Eastern B.C. elected Henry E. Doelle for a third term as president Friday night. Mr. Doelle is managing director of Sheep Creek Mines, and president of the B.C. Mining Association.

H. E. DOELLE

Other active officers named were vice - presidents, G. A. Gordon, general manager, Canadian Exploration; J. B. Shannon, manager, Reeves - MacDonald; and W. R. Hunter, longtime associate of the Chamber; executive committee, J. W. Peck, provincial mines inspector, Nelson; R. H. Dill, Vincent Killeen, W. W. Ferguson, H. Swartzenhauer, Ed Haudedahl, J. Boyce, J. Marquis, N. R. Sardich, F. W. Cartwright, A. Derdahl, J. Crockart, D. Norcross, T. G. Nelson, R. Palmer, P. Lincoln, H. Whitely, John Alexander, Don Edwards.

E. W. Florendine is secretary - treasurer.

Following honorary positions were awarded: patron, R. D. Perry, CM and S; president, Hon. W. K. Kiernan, Minister of Mines; vice - presidents, Hon. W. D. Black, Provincial Secretary and MLA for Nelson - Creston; Randolph Harding, MLA for Kaslo-Slocan; and Mayor Joseph Kary of Nelson.

Attendance was cut down because of bad weather. Several regrets from members who were unable to attend had been received.

Mr. Florendine read the minutes of a special meeting Oct. 27 when a banquet was arranged in connection with the Canadian Institute of Mining and Metallurgy to honor Dr. H. V. Warren of the University of British Columbia, who visited Nelson in November. The dinner had been arranged for Nov. 17 in a local hotel, but was cancelled because mining industry heads would have been unable to attend as there was a mining school at Kimberley the same day.

The secretary-treasurer suggested a banquet be held "as soon as it is convenient," and a member said it should be held about April, during better weather. No definite decision was made.

Under new business, one prospector suggested that a supply of contour-surface, and geological maps be kept on hand at the office here. The secretary-treasurer said he had ordered some books for members, and they are still on hand. Maps, he said, are available on order.

Mines Inspector Peck said the Department of Mines edits several free publications. Prospectors' maps are made up in Victoria and kept as up to date as possible. Geological maps can be ordered through the Federal Department of Mines, at Vancouver or Ottawa.

SIDEARMS DISCUSSION

Mr. Florendine has been asked to write the B. C. attorney-general R. W. Bonner asking why prospectors have been allowed to carry sidearms for years, and the privilege was suddenly taken from them. It was pointed out, however, the police feel small revolvers could easily get into the wrong hands. Matter was raised by Mrs. E. B. Bivar of Salmon Arm, only woman at the meeting.

"Very few people realize what a .22 sidearm can do for a man out on the hill," one prospector said. He mentioned that a revolver can be used to get food while out in the bush, but thought a prospector should also have a heavier weapon for defence.

Feeling of the meeting was that prospectors should be allowed to carry ample protection, and sidearms give a feeling of security, especially when a person is alone in the forest.

Mrs. E. B. Bivar, who does considerable prospecting in the Big Bend area, stated she had been allowed to carry a revolver for many years but the B. C. attorney-general had recently taken away that privilege from prospectors. She pointed out that it was sometimes easier to carry a revolver than a rifle. The secretary-treasurer said there was no reference to "revolvers" in the Game Act and that the best weapon for a prospector would be a .22 rifle. Others dissented.

The Vancouver Chamber of Mines has taken the matter up with Mr. Bonner, but no results have been noted so far.

R. O. Leslie Dies, Aged 62

Richard Osgood Leslie died suddenly at his home at 203 Silica Street Friday evening at the age of 62.

Born in London, England, in 1894, Mr. Leslie migrated to Okanagan Landing with his parents in 1908, where he lived until enlisting in 1914 at Vernon, with the 2nd CMR. He served in England and France and was discharged in 1918.

On his return to Canada he completed a course qualifying him as a B.C. land surveyor and he followed this profession at Vernon for a time until joining the B.C. Forest Service there. He was sent to Nelson as forest ranger and remained with the forest service until 1932 when he returned to private practise as surveyor in Nelson until joining the land registry office in Nelson in 1938 as a surveyor.

In August, 1941, he enlisted with the RCAF and held the rank of flying officer and was stationed at Trenton, Ontario, and Coal Harbor, B.C. Discharged in 1945, he returned to the land registry office in Nelson.

He married the former Louise Pearl Sinclair at Nelson December, 1933. He was a member of the Canadian Legion. He is survived by his wife, one daughter, Miss Barbara Leslie at University of B.C., and one son, David, at Royal Roads, Victoria, and one sister, Mrs. W. A. Graham of New Westminster.

More Help Needed for Hungarians

Another appeal for relief to Hungarian refugees who are, or will be coming here was issued Thursday by Magistrate R. S. Nelson, magistrate of the Nelson Hungarian Refugee Committee.

There are now more than 20 of the refugees in Nelson, including 15 men who came in December, and two engaged couples who arrived Wednesday night. Most of those who arrived in 1956 now have homes and jobs.

Mr. Nelson said "we understand more will be arriving in the city from time to time", calling for accommodation, financial assistance and employment. He thought "less financial assistance will be required" if help offers are listed with the Committee or Immigration Department.

"These people are found to be in need of work, clothing, underwear suitable for outdoor labor, rubbers, mitts, socks, etc. Our clothing committee, under the chairmanship of Dr. W. C. Murphy, is doing a splendid job in the receiving, sorting, and supplying of used clothing to the needs of these people, but there is a shortage of men's work clothing. We are in need of financial assistance so they may go to work."

Mr. Nelson asked lodges, clubs and other groups to consider this need. "Many of your members may know of employment available, if not immediately, within the very near future, or of suitable homes willing to take in one or two married couples for a time. If they are unable to finance the extra expense they should contact the Immigration office in Nelson." With married couples expected to come in spring, the committee would also like to know of furniture and dishes that could be used "when the time came."

Cash donations, for which receipts will be given, should be sent to R. A. Jack, treasurer. Accommodation and employment offers should be listed with the Immigration Office or Mr. Nelson, and clothing will be picked up by W. B. Christie or arrangements can be made with Dr. Murphy.

HAWKS, WINGS ON TV TODAY

CHICAGO (AP)—Chicago Black Hawks are host to the second-place Detroit Red Wings in a National Hockey League match today. That will be televised nationally.

Victorious in only 8 of the 42 the last-place Hawks have 1-5-1 record for the season against the Red Wings, who trail front-running Montreal by four points in the standings.

Rev. G. W. Lang Takes Over at St. Saviour's

New voice in St. Saviour's Pro-Cathedral is that of Rev. G. W. Lang, who first mounted the pulpit Sunday to succeed Very Rev. T. L. Leadbeater, who was transferred to Calgary.

George Warren Lang and his family, including four children, came to Nelson from Victoria, where Mr. Lang was senior assistant priest in Christ Church Cathedral, head church of the Victoria Diocese, where Mr. Leadbeater also served before coming here.

Tall, bespectacleed Mr. Lang, Vanocuver - born and educated, started for a career in medicine, but changed to the ministry.

After graduating from high school in Vancouver, Mr. Lang headed for the University of Manitoba to add MD to his name. After two years, a spiritual experience changed his life, and he retraced his steps to University of British Columbia, graduating in Arts in 1933. He then attended the Anglican Theological College of B.C., on the UBC campus, finishing in 1935. During this time, his family, which had moved from Kitsilano to Point Grey, which is nearer UBC, attended St. Helen's Anglican Church.

TO CALGARY

The new rector's first ministerial call was to St. Stephen's Church in the Calgary diocese, as Curate to Dr. Cecil Swanson, former dean of Christ Church Cathedral, Vancouver. On April 25, 1935, St. Mark's Day, he was made a dean by Archbishop DePencier, Bishop of New Westminster at that time, at services at Vancouver.

Another Saint's Day that occupies a special place in Mr. Lang's life is St. Barnabas' Day, June 11, 1936, when he was ordained priest by Right Rev. L. R. Sherman, at that time Bishop of Calgary, in St. Stephen's Church, Calgary.

On July 7, 1937, Mr. Lang interrupted his ministerial work briefly to marry an Edmonton girl, Catherine Jean Samwell, then also in Calgary. They now have three daughters, 16, 13, and four and an eight-year-old son.

The young couple went to Strathmore, Alta., about 35 miles east of Calgary, where Mr. Lang took over the pulpit of St. Michael's and All Angels' Church. After that, they moved on to a five-parish charge St. Peters' Okotoks, about 25 miles south of Calgary, and St. George's, Turner Valley oil fields. While there, the Langs saw this field become self-supporting, and Mr. Lang started a church at Hartell, in the southern part of the oil field country. He said it is still functioning strongly as a community church.

ENLISTED IN ARMY

Mr. Lang enlisted in the second battalion (Reserve) Calgary Highlanders in 1941, and rose to the rank of lieutenant. Due to a shortage of ministers in the Calgary diocese, he was not able to go overseas.

Next move for the deep-voiced rector and his wife was to Red Deer, Alta., about half-way between Calgary and Edmonton. They came to St. Luke's parish there in October, 1943. He became a rural dean there in 1946. In 1953, he was appointed as an Honorary Canon of the Calgary diocese, and occupied St. Peter's stall in the Cathedral of the Redeemer. Mr. Lang explained this made him a member of the Cathedral chapter, although he continued at Red Deer until 1954.

During nine months of his term at Red Deer, Mr. Lang served as padre of the local Rotary Club. After a six-month ministry at St. Paul's, Edmonton. Mr. Lang assumed the position of senior assistant priest to Rev. P. R. Beattie, rector of the Cathedral at Victoria, now Bishop of Kootenay. Here, he worked very closely with Archbishop H. Sexton, head of the Anglican communion in B.C.

After that came Nelson, and Mr. Lang and his family are gradually settling into life here.

EASIER COUNT

Currency in Canada changed from pounds and shillings to dollars and cents in 1858.

Busy Year Indicated In Red Cross Reports

Extent of work done by Red Cross organizations in Nelson was outlined Tuesday night at the annual meeting of the Nelson branch, Canadian Red Cross Society. Members gathered in the Chamber of Commerce building.

Three schoolboys, Martin Horswill, John Tulloch and John Christie outlined Junior Red Cross activities at their schools. Among the accomplishments cited by Central School during 1955-56, were cards to Kootenay Lake General Hospital, scrapbooks and afghans made to be sent away, and teas served to parents. The sum of $108.47 was raised for work such as the crippled children's fund. Nelson Junior High groups reported about 600 members, with total donations of $361.19 during the last year, and expenses of $130.

First to acknowledge the boys' reports was Col. Scott, who told them, "there won't be any reports better written or read" at the meeting. He asked the students to tell their classmates of the work their Red Cross money is doing, including a "goodly sum" used to buy comfort bags for Hungarian refugees. Some of these bags have already been flown to Vienna from Vancouver.

Miss R. Paterson, a teacher on exchange from Dartmouth, N.S., said she is "very pleased" with Red Cross work in the schools here.

No action was taken on a suggestion from the retiring chairman that women of the branch arrange to staff the campaign office during the annual financial appeal, which starts early in March.

President G. A. Hoover will represent the branch at the provincial annual meeting Feb. 26 and 27, to be held in Vancouver. Col. G. A. Scott explained that each branch may have a delegate for every 100 persons, maximum five, but that expenses of only one person are paid by the Society. He emphasized the value of the meeting to anyone who could go, and said it features special speakers and round-table sessions.

First committee head to report was E. W. White for disaster relief. He said there were no disasters last year, and hoped the committee "may continue with good fortune."

The civil defence co-ordinator for this area invited questions, but there were none.

Retiring treasurer A. R. Burnie presented an oudited statement showing the condition of the branch's finances. Recepts during the 1956 campaign were $8,213.98; expenses nil; remitted to head office $7856.98; transfer to operating expense account $30; leaving $327 in the bank. Balance in the campaign expense account was $10; the operating expense account contains $4.43; and the peasetime account balance is $59.45. Mr. Burnie, who leaving Nelson soon for Vancouver, will be succeeded as treasurer by W. Forsythe, his successor as Bank of Montreal manager.

Mr. Hoover said a "great deal of credit" was due to those who helped with the campaign, and was pleased the drive had cost the branch nothing. Thanks were extended to Mr. Burnie coupled with regret at the fact he is leaving Nelson.

SUCCESSFUL CLINIC

Mrs. Stanley Morris reported 646 pints of blood were collected at the Nelson blood donor clinic June 11 and 12. Mrs. Morris said there had been a request to have a clinic at Riondel, since it was thought 100 pints could be obtained there. Col. Scott thought the venture would be too expensive, and wondered if it would be possible to bring the donors to Nelson, even at Red Cross expense, as is done elsewhere. Kimberley and Creston clinics are handled from Alberta.

Miss Jean Hood, R.N., said there had been three home nursing classes last year, two for teenagers. She also reported on the loan cupboard operated at KLGH. Miss Flora MacLean, who heads this committee, is in Hospital for surgery, and Miss Hool said she is doing well.

Patients leaving the Hospital may borrow wheelchairs, crutches, canes and other necessities from the loan cupboard.

Mr. Hoover expressed satisfactio nat the publicity given the branch through Mr. Pearson and The Daily News.

Civic recreation director J. R. Johnson was introduced to the meeting, along with Dr. K. I. G. Benson, new Selkirk Medical Health officer, and G. M. Chilton, manager of a loan company. The two latter were nammed to the executive committee.

Mr. Johnson estimated about 15 children passed their water tests in August, but blamed the cold lake water for poor attendance. He reminded the group, however, that a pool was being built at Lakeside Park, which might help correct the problem. Mr. Johnson said his predecessor, Thor Andreasson, had spoken at the schools during Water Safety Week. It is hoped thsi will be repeated.

Chairman of women's work, Mrs. C. W. R. Harper, was absent due to illness, and her report was read by Mrs. Stanley Morris, who acted as secretary at the meeting. The ladies said 206 knitted articles and 1200 dressings went to Vancouver last year.

Tiger Jones Wins

CLEVELAND (AP) — Ralph (Tiger) Jones, Yonkers, N.Y., middle-weight, won a unanimous 10-round decision Friday night over Hardy (Bazooka) Smallwood of Brooklyn in a nationally televised boxing match. Jones weighed 156, Smallwood 158½.

SCOTS WIN 3 AT WINNIPEG

WINNIPEG (CP)—The touring Scottish curlers, beginning the last half of their 20-game cross-Canada Strathcona Cup matches Friday, edged five Manitoba rinks 32 in matches and 62-46 in points. The Scots cut into the large Canadian lead in the series, and after an official check it reads 692-443.

The visitors were lead by J. F. (Jock) Waugh, who scored his second win over Manitoba rinks. He defeated two - time Canadian champion Ab Gowanlock of Dauphin, 18-6. Thursday Waugh defeated H. Hindle of Winnipeg 15-10.

Other Scottish wins were W. G. Piper over Jack Howatt of Glenboro, 19-9 and J. McWhirter over Errick F. Willis of Winnipeg, 11-9.

Mel Jenkins of Winnipeg eased past William Mitchell 9-8 while the second Manitoba victory was scored by Cam Haig, also of Winnipeg, over W. S. Henderson, 13-6.

Thursday Manitoba took four of the five matches.

Honor Stibbs for Red Cross Work

Assistance of many people in promoting work of the Canadian Red Cross Society was acknowledged Thursday night, when the organization's Nelson branch held its annual meeting in the Chamber of Commerce.

Present to voice their appreciation to the branch were three provincial executives from Vancouver, provincial president E. C. Marsden, women's work chairman Mrs. A. G. Mercer, and commissioner Col. G. A. Scott.

Duty falling to Mr. Marsden was presentation of an honorary membership in the Canadian Red Cross Society to N. C. Stibbs for his past achievements. The medal and pin were presented to R B. Morris, a past president, and awards committee chairman for many years, who will pass the award on to Mr. Stibbs.

Citation on the award, read by Col. Scott, mentions that Mr. Stibbs had been president of the Nelson branch for five years, vice-president for two years, campaign manager for six years, and has also done other branch work. It is signed by George Aitken of Winnipeg, chairman of the central executive.

FAILURE TO REPORT ACCIDENT BRINGS FINE

Penalty of $25 and costs was levied on a 57-year-old Glade man, W. J. Voikin, when he was found guilty of failure to submit a motor vehicle accident report to police within 48 hours. Stipendiary Magistrate William Evans returned the verdict Friday in provincial court.

Police said Voykin's vehicle was involved in a collision with another motor vehicle Oct. 27 near South Slocan. RCMP asked him several times to file a report, but he failed to do so, it was stated.

Voykin, resident of Canada all his life, pleaded not guilty, saying he didn't understand the matter.

At Kimberley Skiing's a Night School Course

"BEND YOUR KNEES, keep your body relaxed and skis straight," is advice of Sam Wormington, right, instructor of Kimberley's night school class in skiing, while students watch his demonstration. Night school courses are tremendously popular in Kimberley (450 persons are enrolled in 1956-57 in a wide variety of subjects), and now ski classes have been introduced for the first time in B. C. Thirty persons enrolled for the first lesson, and more were expected to take up the hickory sport.

FINED $300 FOR SERVING MINORS

VANCOUVER (CP) — A beer parlor waiter was fined $300 here Friday after he was convicted of serving beer to three minors, one of whom showed an older sister's birth cirtificate.

The three girls, aged 20, 19 and 16, were given suspended sentences and placed on probation.

Magistrate Oscar Orr said anyone who looks under age should not be served liquor.

Native of Kaslo Dies at Victoria

KASLO—Richard Hughes, 64, a resident of Victoria for the last three months, and formerly of Port Alberni, died in Veterans' Hospital in Victoria. He was born in Kaslo, and survivors include his half-brother, Hugh McDonald of Vancouver, and half-sisters, Mrs. Jessie McLaren of Kaslo and Mrs. E. C. Denning of Seattle.

Requiem Mass was celebrated Wednesday, and interment was in the Veterans' Cemetery at Victoria.

Coal Production Up Four Per Cent in '56

FERNIE — The Crow's Nest Pass Coal Company Ltd. reported increased production in coal and coke during 1956 according to tonnage figures covering operations at Elk River and Michel Collieries. The two collieries produced 1,063,247 tons of coal. This was an increase of 41,300 tons or about four per cent above the production of 1955. Elk River showed a decline of 12,503 tons. The increase at Michel colliery was 53,803 tons.

Coke produced at Michel by-product plant during 1956 amounted to 189,212 tons as compared to 177,030 tons in 1955. This was an increase of 12,181 tons or approximately seven per cent. Complete tonnage figures are shown in the following tables.

STUDENTS WIN ESSAY PRIZES

VANCOUVER (CP) — Winners of prizes in the 1956 essay contest of the Canadian Pulp and Paper Association throughout B.C. were announced by the Association Friday.

The contest, called for essays outlining the value export markets to B.C.'s pulp and paper industry.

Among winners were: Zone 1 — junior: Violet Erris, Grand Forks; Janet Rosemary Lousley, Creston; Diana Frances Delcourt, Kelowna.

Sculptors Vie In B.C. Contest

VICTORIA (CP) — B.C. sculptors have responded enthusiastically to the centennial sculpture competition, centennial officials said.

Brochures advising of the competition for the $20,000 commission have been sent to major art centres throughout Canada.

The sculpture will be provided from funds contributed by B.C. school children and will be erected on the grounds of the Legislative Building here.

Sculptors submitting models to the competition have been instructed to remember the theme should be "youth," the committee said.

Panel of judges to decide the commission includes Clive Campbell, deputy minister of public works; Dr. Harold Campbell, deputy minister of education; Dr. Lawrence Harris, member of the group of seven; Fred Amess, principal of the Vancouver School of Art, and B. C. Binning, chairman of the Fine Arts Committee of the University of B.C.

Prizes of $250 will be awarded the three final entries.

Vancouver Getting Electric Eels

VANCOUVER (CP) — Two electric eels which pack enough wallop to literally fell a horse will arrive in Stanley Park Aquarium within two weeks.

Besides their electric qualities, the eels secrete a substance which is the only known antidote to a type of poison gas.

With a total charge of 250 volts — about 100 volts for each foot of their length—they have been known to knock down a horse crossing a stream in their native habitat of Brazil. One end of eel is positive and the other negative.

The poison gas they offset is a type used in wartime and has been developed on both sides of the iron curtain. It affects the nerves.

DEATHS

Halifax—Martin L. Livingston, 63, advertising manager of the Halifax Chronicle - Herald and Mail - Star.

TROUT DECLINE TO BE DEBATED AT SALMO MEET

SALMO — The dwindling Kamloops trout population of Kootenay Lake is expected to spark lively debate at the West Kootenay Rod and Gun Clubs zone meeting here this weekend.

Salmo club is host for the first time to the meeting, which will open tonight, and continue Sunday morning and afternoon, concluding with a banquet for delegates Sunday night. Meetings will be held in the Legion hall.

Frank Butler, B.C.'s Game Commissioner, will head an official party from the Coast which will include research authorities on the province's sport fish. Dr. Peter Larkin, F. B. Smith, biologist in charge of hatcheries, and R. G. McMynn, chief fisheries biologist, will be coming.

Resident biologists Frank Maher in fisheries and Glenn Smith in game from Cranbrook; inspector C. E. Estlin of Nelson and game wardens R. A. (Ted) Rutherglen of Nelson and P. D. Ewart of Castlegar, will also be present.

Sportsmen - delegates of various district Rod and Gun Clubs, numbering more than 20, will come from the Arrow Lakes, the Slocan, Kootenay Lake communities from Kaslo to Creston, Nelson and Kokanee, and the Trail area.

A. R. McPherson, Undertaker at Cranbrook, Dies

CRANBROOK — A resident here since 1927 and owner-manager of McPherson Funeral Services Ltd., Angus Roderick McPherson died suddenly at St. Eugene Hospital Thursday morning.

He was born at Spruce Grove, Alta., and began undertaking work at Edmonton where he lived for 10 years. In 1927 he came here to work with F. M. MacPherson both in his garage operations and mortuary service, and about 1940 he became sole operator of the latter service.

He had been named this year's chairman of the board of stewards of the United Church, a board on which he had served for many years. He was a member of the Rotary Club and treasurer of the fund established by a small group during war years for keeping local service people o nactive duty supplied with cigarets and other comforts.

His wife, Iva, survives him at their home here, his mother, Mrs. E. M. McPherson in Vancouver; six sisters, Mrs. Keith Hildebrand, Berkley, Calif., Mrs. J. Horgan, Mrs. R. Blackwood, Katherine, Frances and Jean, and four brothers, Wallace in Vancouver, George in Edmonton, Charles in Burbank, Calif., and James in Toronto.

Funeral will be at the United Church Monday, Rev. R. H. Woollam officiating, assisted by Rev. F. D. Wyatt, and cremation will follow.

FESTIVE OCCASION

LONDON (CP) — More than 100 gallons of beer were given away to mark the opening of a Stratford district tavern.

Kimberley Rallies Help For Refugee Coal Miners

KIMBERLEY—Five single Hungarian men arrived in Kimberley Thursday and have been billeted in three private homes. These are above the quota of 18 for whom applications have been filed.

All coal miners, the men will stay in Kimberley until permanent employment is found for them. The relief committee will appeal to the Community Chest, municipal government and the service clubs and lodges for financial aid. Also needed are heavy underwear, stockings, shoes, overshoes and gloves.

Department of Education English classes will be held for these people twice weekly under the sponsorship of the IODE Chapter.

Nakusp Chamber Will Keep Pressing for Radio Booster

NAKUSP — Various town and district improvements were topics on the agenda at Thursday night's meeting of the Nakusp Chamber of Commerce.

The president, Victor Smith, welcomed the new owner of the Leland Hotel, Ernest Davidson of Vancouver.

A discussion on the necessity of the new wharf took place. A committee was named to draft a plan of the type of wharf required here. This will be presented to the dominion government authorities.

The nuisance ground again came up for discussion. It was decided to ask for an exchange of property, as the present site is located too close to the school playground.

The Chamber decided again to present a resolution regarding the need for a booster station to the annual meeting of the Associated Boards of Trade and Chambers of Commerce of Eastern B.C. Assistance in establishing dentists in outlying districts will also be sought in another resolution.

Two resolutions were read from other Chambers, one asking for legislative action to keep cattle off highways and the other asking that the luxury tax on automobiles be removed. Both resolutions won the Nakusp Board's approval.

Further information is awaited on findings in the Kaslo-Slocan rail abandonment. The Chamber is prepared to take action as soon as this information is received.

The Chamber's annual March of Dimes campaign returned $68, the secretary reported. Special mention was made of the Boy Scouts tag day which realized $27 of the total.

"LITTLE MISS HUNGARY", BORN AT TRAIL, IS CANUCK

TRAIL—A nine-pound baby girl with a luckier destiny than she might have had, arrived at the Trail-Tadanac Hospital Friday morning.

Born to Mr. and Mrs. Tibor Halmai, she is the first child born in the Kootenays to Hungarian refugee parents. She automatically becomes a Canadian citizen by birth.

The Halmais, who also have a seven-year-old son, have been staying with Mr. and Mrs. William Irvine while Mr. Halmai looks for a job. The couple arrived in Trail before Christmas.

Advertising In Newspapers Attracts Women

WINNIPEG (CP) — National advertising in the women's pages of large prestige newspapers have greatly contributed to the build up of respect which now is adding selling power in the Canadian industry, E. Clarke, Shuswap Okanagan Dairy of Vernon, B.C., said here at the Dairy Farmers of Canada's 15th annual convention.

Mr. Clarke said the national brand of advertising, effectively used by the automobile industry, has shown that this policy greatly adds to sales throughout the nation.

But he said for advertising to be successful, there must be a good product, a fair price and the product must always be available.

Selling points in any campaign which appears on women's pages must make the woman think she is buying with self-confidence, self-expression and that she is feeding her family well.

If we are going to sell people more milk and other dairy products we have to show what it does for "them."

BONNINGTON GROUP FIXES UP SCHOOL GROUNDS

BONNINGTON—Election of officers was held at a public meeting of the Bonnington-Corra Linn Recreation Commission. J. H. Jerome is chairman for his third term, E. A. Jones is secretary, Trevor Crossley, treasurer, and J. H. Ridge and F. McKim, board members. Robert Stangroom of Nelson, regional consultant of the Community Programmes Branch, was present.

It is planned to meet the heads of all clubs and plan with them for better programs and held in an advisory capacity if necessary.

At present school grounds and equipment are getting attention. It is hoped, when weather permits, to paint the finished equipment and complete this project.

South Slocan To Meet On Scouting Future

SOUTH SLOCAN — An important meeting of the South Slocan-Bonnington Parents' Auxiliary to Cubs and Scouts will be held Sunday. Scoutmaster George Penniket hopes as many parents as possible will attend the meeting, which will have a bearing on the future of Cubs and Scouts in this district. Only two parents attended a meeting for the same purpose before Christmas.

Employee Suggestions Worth $1245 to Cominco

TRAIL—A total of $1245 was paid by the Consolidated Mining and Smelting Company of suggestion award winners. The 87 "on the job" suggestions which earned cash awards were submitted by employees at the Company's Trail and Kimberley operations.

Tom Reid, with the engineering trades at Tadanac, received the highest award for suggesting a modification to the pumps used in pumping molten lead. The new idea earned Mr. Reid $145. Jim Douglas was the next highest award winner with his $125 prize. Bill Perkin and Alec McDicken were tied for third place on the list with $50 awards. F. L. Rhodes of research and development received an additional $25 for a suggestion he submitted last year which originally earned $35.

Awards ranging from $5 to $30 were received by the following employees at the Company's Trail operations: R. E. Tyson, T. D. Cowlin, A. A. Simonson, E. A. Thorne, D. M. L. Shorting, A. P. Davies, W. K. Pitt, S. D. MacIsaac, J. Niven, J. Powell, J. H. Clements, G. Ermacora, A. S. Root, H. H. Green, W. K. Sinclair, M. H. Smith, R. E. Spain, J. M. Fleming, A. F. Dafoe, J. Ranger, W. Gohn, J. E. Lloyd, L. G. Ranson, W. E. Stickley, J. Jarden, W. P. Haw, G. L. Finlay, S. Jefferson, R. O. Shimell, M. J. Vetere, E. Nofield, D. A. Barclay, A. F. Matovich, G. Zentner, J. C. LaRocque, P. G. Merlo, G. W. Pillar, P. C. Berry, J. Logelin, N. Hiebert, E. Wirsch, A. G. Santano, W. J. Woodridge, D. F. Hanes, J. B. Howard, R. J. Carpenter, A. W. Read, A. R. Bath, W. D. Cake, G. W. Nyman, C. W. Evans, W. S. Bentley, N. N. Couch, L. Elmes, L. A. Grunerud, G. E. Bradley, E. B. Deadmarsh, G. Seafoot, F. Clarke, J. Rae and R. F. Healey.

At Kimberley the highest award of $30 each went to two men: J. W. Rogers and W. Popovich. Mr. Rogers employed with the Sullivan Mine suggested better transportation arrangements for mixing boxes. Mr. Popovich at the Sullivan concentrator suggested modifications to packing trays.

Other awards ranging from $5 to $20 were earned by: R. N. Kadin, L. B. Lorass, N. G. Lindgren, J. Morrison, R. Lafortune, J. J. Forrest, R. H. Mitchell, P. O. Sicotte, R. Holland, A. C. Volk, C. A. M. Watson, W. A. Spence, G. E. Hardy, J. Evans, H. S. Hughes and G. L. Thompson.

BOY REPORTED HIT RUNNING FOR BUS

CAMPBELL RIVER, B. C. (CP) —Paddy Odowichuk, 7, of the Big Rock area south of here, was taken to hospital here Friday after being struck down by a car. He suffered fractures to the leg and hip and possible facial fractures. He is reported to have run in front of the car to board a school bus.

Nakusp Man Fined

NAKUSP—M. Moher of Nakusp was fined $75 when he pleaded guilty in court here to a charge of supplying liquor to a minor. Magistrate W. G. Hempseed heard the case.

Winnipeg Grain

WINNIPEG (CP) — Winnipeg grain cash prices:

Oats, No. feed, 72⅝.

Barley, No. 1 feed, 1.00½.

Explosion Traps Five Miners

ANCHORAGE, Alaska (AP) — Five miners were trapped underground Friday by an explosion at the Evans-Jones coal mine, 61 miles northeast of here.

It was not immediately known whether the men were dead or alive. Rescuers were trying to reach them. The site is in a remote area.

K. S. Edgell Heads Edgewood Farmers

EDGEWOOD—K. S. Edgell was elected president of the Inonoakin Valley Farmers' Institute when the group met at the home of T. deGans for the annual meeting. H. O. Cooper was elected vice-president, R. N. Donselaar secretary-treasurer, and the directors are T. deGans and W. L. Hopp.

Trade Union Problem for Canada

Mr. Macmillan, the new British Prime Minister, in his television address to the people of Britain, made it perfectly clear that the British government still believes that its action in Suez was justified and that while it intends to be a strong ally of the United States it will not be a satellite of that country.

For some time previous to the Suez crisis, Europe as a whole had been dubious of American policy. Undoubtedly the greater part of the defence of that continent has been undertaken by the Americans, but there has always been the feeling that her main object was to protect herself. This is perfectly right and legitimate since at the same time she protects Europe.

Like the rest of the world, the European countries were surprised when Britain and France attacked Egypt, but they at least were able to understand their action. America's anger they regarded as due partly to an inability to understand the European point of view.

This drift away from America and towards greater unity in Europe has been noticeable for some time. Mr. Macmillan, even before he became Prime Minister, was strongly in favor of it. It is probable that he will now take steps towards that end by joining in a customs union with Britain's neighbors.

But undoubtedly the greater part of this movement gets its impetus from the economic advantages of such a union. Trade is fundamentally a matter of the exchange of goods. All countries find it difficult to exchange goods with America. They can buy; but American tariffs are so restrictive that they cannot sell to her. This has resulted in two money blocs, sterling and dollar. It would be possible for Britain to expand her trade with the other countries in the sterling area very much to her advantage.

This European union will be a limited one. It is unlikely that it will ever, because of strong nationalistic feelings, become anything more than a loose federation of states concerned only with trade.

As a member of the Commonwealth, Canada will be affected by this proposed customs union. The matter will undoubtedly come before the next Commonwealth Prime Ministers' meeting, and probably as the most important topic of discussion. Because of her proximity to and dependence on American markets, Canada will be in a more difficult position than other members of the Commonwealth. A sincere endeavor should be made to understand the difficulties of the sterling area and if possible bridge the chasm between it and the dollar area.

Athabasca Tar Sands: Historic Event

The development of a profitable process for extracting oil from the vast reserves of the Athabasca tar sands is a story of far greater importance than just one more triumph for business initiative and human inventiveness.

It is an event of world-wide significance, and the world will be watching intently the progress of this venture in the months and years to come.

What it means, in simple terms, is that in the last resort the Western world has a reserve of available oil large enough to free it from reliance on other sources.

The oil contained in the sand is estimated at anywhere from one hundred to three hundred billion barrels. No-one is exactly certain how much there is, but the experts are agreed on one thing: the sands contain an amount of oil probably equally to, or perhaps larger, than all the rest of the world's proven reserves combined.

The political implications of this enormous resource, and a suitable process of extracting it, are clear. If the world situation should deteriorate to the point where Middle Eastern oil supplies are in jeopardy, the West at least knows where and how to get its own.

Just how valuable this can be is being demonstrated in a small way by the petroleum stortage occasioned in Western Europe by a shutdawn of the Suez Canal.

On a peacetime development basis, however, it will be many years before the Athabasca development assumes the stature of a major world oil producer. Market conditions at the moment are not conductive to more than a careful, long-range development plan. But developed the tar sands will be, and there seems no doubt that in time the area will become one of the giants of the oil industry.

Calgarians in particular and Canadians generally have reason to feel additional satisfaction with the news. In the first place, development of the tar sands is bound to enhance greatly the country's position among oil producers. In addition, the principal developing firm, Royalite Oil Company, is distinctively Canadian in character. It was established here thirty-six years ago when Turner Valley was the only oilfield of consequence in Canada. It has remained almost exclusively a Canadian company.

Royalite officials, working with a smaller company which introduced the extraction process to them, had sufficient vision to recognize the great possibilities before them. And the city of Calgary can be excused for taking some pride in the fact that the man who devised the extraction process is a Calgarian, Mrs. Gordon Coulson.

Apart from political importance, the tar sands story is proof that Canadians do not always look to others to invest in their faith in the country.—Calgary Herald.

Insurance Facts

Canada ranks highest among all countries in the world in the ratio of life insurance owned to national income. Canada's percentage is 128% as against the second country, the United States, 111%.

According to the Canadian Life Insurance Officers Association, who have recently published a book entitled "Canadian Life Insurance Facts — 1956," it is estimated that at the end of 1955 there were six and a half million policy holders in Canada with the average policy holder owning life insurance to the amount of $4,100.

Since 1926 — the first year for which statistics are available — one dollar in every five saved by the people of Canada has been saved through life insurance companies.

It is also interesting to note that life insurance is one of Canada's most important "exports." More than one million five hundred thousand people in sixty different countries own policies in Canadian companies, in the amount of $7.9 billion.—Canadian Chamber of Commerce Newsletter.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy.

D. M. C., Trail—Could you supply me with head office address of Dr. Scholl's Foot Specialists?

The correct address is the Scholl Manufacturing Company, Ltd., Toronto, Ontario.

A. N. A., Slocan City—Can you tell me what years Lester and Frank Patrick logged the Little Slocan Valley? What was their father's first name? What American League does Lester Patrick's son now manage?

The Patricks logged the Little Slocan in the years 1906-1909. We are making further inquiries regarding their father's name. Lester Patrick's son Murray is general manager of the New York Rangers of the National Hockey League; his brother Lynn is general manager of the Boston Bruins of the National Hockey League.

Reader, Nelson—If one takes teachers' training at the University of Toronto, can that person teach in British Columbia after receiving a B.A. degree? What salaries are received by teachers in Toronto and Hamilton?

Anyone who has received a B.A. degree and taken teachers' training at University of Toronto, can teach in British Columbia after applying for permit at Department of Education, Parliament Buildings, Victoria. We are making inquiries regarding salaries.

Inquirer, Nelson—Is there anywhere in London, England, one can obtain a copy of the Ottawa Citizen?

F. A. Smyth, 34 Ludgate Hill, London, E.C. 4, is the London agent for the Ottawa Citizen. Copies can also be seen in Canada House, Trafalgar Square, London, S.W. 1; Alberta House, 37 Hill Street, London, W. 1; B.C. House, 3 Regent Street, London, S.W.1; Ontario House, 13 Charles II Street, Haymarket, London, S.W. 1; Saskatchewan, 28 Chester Street, Belgrave Square, London, S.W. 1.

Reader, Nelson—In my knitting book, in instructions for making child's sweater, the closing direction is "seam st." As the garment is seamless, and there is no key to abbreviations, I am wondering if you can tell me what that means?

We are indebted tot Mrs. A. E. B., Nelson, for the following information: "Seam stitch is just what it imlpies—a stitch that shapes garment, substitute for seam. Where indicated, put wool over needle, knit one, then wool over needle again, continue next section. Full explanation of seam st. is given in the Beehive Knitting Book." We are also indebted to Mrs. E. L., Nelson, and Mrs. W. A. B., Nelson, who explain the "seam st." as indicating purl stitch down front and back, the purpose being to guide knitter when narrowing—say for shaping armholes, for instance.

Narcotics — Two-Sided Problem

To be a drug addict is not a crime in Canada. According to some medical authorities, drug addiction is not even a disease—it may be a form of illness—but rather a "symptom of character weakness or personality defects." So it is wholly a matter for provincial authorities, who in opinion of a Senate committee ought to get busy and set up treatment centres.

Unlawful possession of narcotics is another matter; penalties under the Opium and Narcotics Act run up to seven years, and for trafficking as high as 14 years, with fines, and at discretion of the convicting court a whipping. The Senate committee of 1955 recommended stiffer penalties up to life imprisonment for importation and trafficking.

Evidently the proposition is that if 14 years is not a deterent, a life term may be. It would effectively deter the convicted person, anyway. But Commissioner Nicholson of the RCMP, which has the duty of fighting the drug traffic, told the Senate committee that enforcement alone will never end it. He advocated compulsory treatment of addicts, and the subsequent committee report recommended provincial legislation to this end.

Some provinces, including Ontario and British Columbia, have made a start on treament centres; Ontario a year ago opened one at Mimico, with capacity of 25. The problem demands, however, combined efforts by medical, social and enforcement bodies. Parliament should not just toss in penalty ammendments to the Narcotics Act and let it go at that.—Toronto Telegram.

Alaskan Landmarks Destroyed by Fire

ANCHORAGE, Alaska (AP) — Four Anchorage landmarks in the downtown business district were destroyed Thursday night by a fire which raged out of control for several hours, threatening other structures in the area.

Heavy smoke, held to the ground by a thick fog, and icing of hose lines in the five to eight degree weather, hampered firemen as the flames ate thrugh a saloon, market, floor covering place and an electrical supply store.

One unidentified firefighter collapsed from smoke inhalation and was treated at a local hospital.

One of the first places hit by the fire was the old Malamute Saloon, centre of much of Alaskan folklore. It, like the other three buildings, was a false-front, one-storey frame structure and offered practically no resistance to the flames.

The buildings fronted on Fourth Avenue about a block and a half from the city hall and other important buildings.

Cause of the fire was not determined immediately. Extent of the loss could not be estimated although unofficial sources said it probably would run "well over a hundred thousand dollars."

Much of the effort of the firemen was devoted to saving adjoining structures, including the old Union Club, a widely known bar and card room.

Business Spotlight . . .

St. Laurent To Speak at Annual Construction Industry Meeting

By FORBES RHUDE
Canadian Press Business Editor

The construction industry — estimated to account for 20 per cent of all Canadian activity and to directly employ 500,000 people — will hold its annual get-together in Toronto next week.

The occasion is the meeting of the Canadian Construction Association, with a national membership of 1100 individuals and firms drawn from all 10 provinces.

About 1200 representatives—including wives of delegates — are expected to attend this year.

Discussions will cover such matters as housing, winter construction, apprenticeship, materials, tendering, contractor relations and labor relations.

PRIME MINISTER TO ATTEND

Maj.-Gen. H. A. Young, deputy minister, department of public works, will speak on federal construction projects, and R. G. Johnson, president, Defence Construction (1951) Ltd. on defence construction.

Prime Minister St. Laurent will address the annual dinner Monday night.

Preliminary seminars and committee meetings will be held over the weekend, and the main convention sessions Monday to Wednesday. In addition to plenary sessions, a large part of the three days will be taken up with sectional meetings devoted to the special problems or interests of the various divisions of delegates — contractors, road builders, manufacturers, suppliers.

Last year's construction activities are estimated to have involved expenditure of more than $6,000,000,000 up $1,000,000,000 from 1955.

Allan Turner Bone of Montreal, elected president at the association's annual meeting in Winnipeg last January, expects that this year's expenditures will run five to 10 per cent above 1956.

He describes the industry as "the backbone of Canada's post-war economy" and notes that it has increased its physical volume each year since the war, with a present volume well over twice that of 1946.

The industry must set its sights for still higher volume, Mr. Bone states, if it is to meet the needs of Canada's expanding economy and increasing population.

Vice-presidents elected at last year's Winnipeg meeting are Tullis N. Carter of Toronto and H. J. Ball of Kitchener, Ont.

Host to this year's meeting is the Toronto Builders Exchange — formed in 1867 — the largest builders' exchange in Canada, with 730 members, and the oldest in North America.

A-G Suggests On To Ottawa Mail Campaign

VICTORIA (CP) — A personal mail campaign to other parts of Canada was suggested by Attorney-General Robert Bonner on Thursday night as a means of spreading the Social Credit doctrine for the coming federal election.

Mr. Bonner, heading a group planning the Socred "on to Ottawa" march, disclosed no details of the party's strategy in a speech t the Greater Victoria Federal Council of the Social Credit party.

However, he singled out the federal "program of deliberately restricted credit" and "limited aid" to Trans-Canada road building as two points prospective candidates might attack.

Strong poll organizations, there are 169 polls in the Greater Victoria electoral area, positive and constructive policies, the best possible candidates and "a great deal of desperate enthusiasm" are requisites for ensuring Social Credit success across Canada, he said.

He also asked B.C. Socreds to spread the word when writing letters to friends or relatives in other parts of Canada about what they honestly feel is the political picture here.

Something else people might tell their friends about what they feel is that there has been no effective alternative to the Liberal party for 21 years, Mr. Bonner said.

"We're all in favor of a two-party system; there seems to be some disagreement as to which two parties they should be," he added.

Object To Royalty Attending Fox Hunt

LONDON (AP) — The League against Cruel Sports Friday scolded the Queen for permitting her children to watch the "beastly, loathsome pastime" of fox hunting.

A resolution passed unanimously by the league's executive committee said Prince Charles, 8, and Princess Anne, 6, are being taught to believe fox hunting is a "decent, civilized form of entertainment".

Charles and Anne attended the start of the West Norfolk hunt Thursday at Harpley, near Sandringham, the Royal Family's country residence, where they have been spending an extended Christmas holiday.

Weather Radar for CPA New Aircraft

VANCOUVER (CP) — Canadian Pacific Airlines announced Friday that it is having $325,000 worth of new airborne weather radar installed in 13 new aircraft under construction in the United States and England.

CPA said it will be the first commercial Canadian airliner to use the radar.

It will be installed in all CPA's new overseas aircraft — eight Super DC-6B airliners and five Bristol Britannia turbo-prop aircraft.

Pope's Condition Reported Good

VATICAN CITY (Reuters) — A routine medical examination of the Pope Friday by Professor Antonio Gasbarrini, a leading Italian physician, showed the Pontiff's health to be "most satisfactory", an authoritative source said. Prof. Gasbarrini was one of the specialists called in to treat the Pope when he was gravely ill two years ago.

UBC Graduate Heads Mineral Division

OTTAWA (CP)—Dr. S. C. Robinson, 45, has been appointed chief of the mineralogy division of the geological survey of Canada, it was announced Friday. He succeeds Dr. Eugene Poitevin, who retired last November.

A native of Pincher Creek, Alta., Dr. Robinson is a graduate of the University of British Columbia and Queen's University.

An enjoyable pot-luck supper was held by Past Chiefs of Nelson Pythian Sisters prior to their first meeting in January. Seventeen were present at the home of Mrs. E. Olson, Front Street. After the business meeting, photographs were taken and games and contests played. Gifts were exchanged by the members. Committee in charge was Mrs. E. Swanson and Mrs. Elsie Morgan. Refreshments were served by the hostess, Mrs. Olson.

• • •

Mrs. R. Kendall of White Rock is visiting her son-in-law and daughter, Mr. and Mrs. I. M. Way, 514 Second Street. Mrs. Way's brother, Cpl. Arthur Kendall of Comox, who was also a visitor, has returned.

• • •

Mr. and Mrs. Alex Nairn and daughter, Beverly, formerly of 519 Silica Street, have returned to Winnipeg where they will reside. They were accompanied by Mrs. Nairn's mother, Mrs. Keeping, who will also live in Winnipeg.

• • •

Mr. and Mrs. George Campbell, Latimer Street, have left for Kitimat where Mr. Campbell is employed with the Hudson's Bay Company.

• • •

A whist drive and social evening was held Thursday evening by members of the Twilight Club. Ladies whist winners were Mrs. M. Eberle and Mrs. J. Johnson while men's first was won by A. Endersby. A bowl of candies donated to the club was set at each table. Prizes were donated by Mrs. M. Rich. Refreshments were served.

• • •

Mr. and Mrs. W. B. Melneczuk, 212 Chatham Street, will be at home Tuesday on the occasion of their 50th wedding anniversary, from 3 p.m. on.

• • •

Miss Maizie Jones of Penygros, Carnarvonshire, North Wales, is visiting Mrs. David Laughton, 909 Edgewood Ave. Miss Jones was an employee at the Nelson post office before leaving Nelson 30 years ago. She is spending a year visiting in the United States and Canada and spent some time with a brother, Walter, at Warner, Alta. From here she will go on to Victoria and plans to return to Britain in July.

• • •

Mrs. Norman Fawcett of Mission, B.C., is visiting her parents, Mr. and Mrs. W. B. Melneczuk, 212 Chatham Street, who celebrate their 50th wedding anniversary Tuesday.

MARRIED IN a nuptial mass in the Cathedral of Mary Immaculate were Pasqualina Maglio, youngest daughter of Mr. and Mrs. A. Maglio, and Siegfried Fredrick Bredl, son of Mr. and Mrs. Anton Bredl of Munich, Germany. St. Joseph's School Choir sang during the signing of the register. —Renwick photo.

Granite Road WI Busy On Centennial Recipes

Recipes for the centennial cookbook were submitted, and more were promised, when the January meeting of the Granite Road Women's Institute was held at the home of Mrs. B. Norcross. As another centennial project, history of the district is being chronicled by Mrs. Robert Pickering and Mrs. H. Ronmark.

Conveners elected are Mrs. G. K. DeLong for cultural activities, Mrs. C. Ironmonger for agriculture and Mrs. M. Doerkson for handicrafts.

Mrs. DeLong reported that the girls' club sold all but two of the candles made. The girls are now busy making and embroidering articles for sale later on.

Mrs. W. Leahy reported that the Scouts and Cubs are holding a bottle drive today. The boys sold most of the Christmas cards. Plans for an active year have been made. WI members will make signal flags for the Scouts.

In a review of Christmas activities, it was learned that 114 children received a gift and candy bag each from Santa at the Christmas party, two patients in Mount St. Francis Infirmary were given gifts, 19 parcels were sent to patients at Essondale, and a hamper was given to a family.

After the meeting adjourned a social evening was enjoyed by members and visitors. Mrs. DeLong was in charge of entertainment. Contest winners were Mrs. J. Avis, Mrs. Crowley and Mrs. Harry Ronmark. An exchange of gifts was held. Co-hostesses were Mrs. J. A. Cullinane, Mrs. W. Anderson, Mrs. J. L. Archibald, and Mrs. R. H. Jerome.

Women Liberals Name Slate

KIMBERLEY — Mrs. J. Wardrope was elected president of the Kimberley Women's Liberal Association for 1957, with Mrs. R. Garbutt as vice-president and Mrs. A. E. Oliver as secretary-treasurer.

The group will again give a scholarship to a Kimberley High School graduate entering the teaching profession.

IODE Award Goes To Victoria Teacher

VICTORIA (CP) — Post-graduate study in London on a $2000 IODE scholarship has been awarded Victoria College English instructor Miss Ann Saddlemyer. She was awarded one of the four post-graduate overseas scholarships from War Memorial II by the Dominion IODE.

Bonnington

BONNINGTON — Miss Gail Jerome visited her father and brothers at their Bonnington home.

John D. Jerome spent four days at his home here, and is now en route to Hong Kong, Singapore and Bombay.

James Nixon and family from Osoyoos have taken up residence in a power company residence at Lower Bonnington.

J. Gilker Jr. and family have moved from Nelson to Corra Linn.

AS CHAIRMAN, Miss Elizabeth Janzen of Kitchener, Ont., became the first woman to preside over a national political convention in Canada when she took the chair at the opening of the Progressive Conservative convention in Ottawa in December. Miss Janzen is president of the Progressive Conservative Women's Association. —CP photo.

The Doctor . . .

Balance Needed For Daily Diet

By DR. HERMAN K. BUNDESEN

Do you have good stomach habits?

You do if you also have good eating habits. Your stomach, you see, becomes adjusted to the way you eat. It gets to expect a certain amount of food at each meal.

Those of you, who skip breakfast entirely, or have only a cup of coffee and a doughnut, may soon develop bad stomach habits. The same is true for all of you who eat a light lunch.

Unfortunately, there are many persons who eat little or nothing for breakfast or lunch. They seem to subsist chiefly on coffee and maybe a ham sandwich and piece of pie until dinnertime.

Keep this up long enough and your stomach actually will rebel at eating things substantial in the morning or at noon.

Under such circumstances it means that you must get all of your basic seven foods (we've discussed these from time to time) at the evening meal—a virtual impossibility.

YOU NEED BREAKFAST

Even if you could eat all these vitally needed foods at one meal, it would not be a good way of supplying nourishment. The plain truth is that you need a substantial breakfast. There's no doubt about it.

Even though you sleep most of the hours between dinner and breakfast, you are burning up calories at a fairly rapid rate. In fact, you use between 1200 and 1500 calories during this period.

Consequently, your fuel supply is pretty low in the morning. You can replenish it by eating fruit or fruit juice, buttered bread and an egg or enriched cereal. Sometimes an egg or cereal is a good idea. Drink some milk, too.

DRINKING COFFEE

Now I have nothing against coffee; I drink it myself. But it should not take the place of milk or any other important food. Drink it in addition to, rather than instead of others.

If you eat a full breakfast (cereal and an egg, plus the other foods), you probably can do with a light lunch and then a full dinner. With a medium breakfast, eat a medium lunch and a full dinner.

If a light breakfast is necessary for some reason, then I advise eating the biggest meal at noon and a faily light supper.

Entries Too Slow

VANCOUVER (CP) — Wanted: Someone to write stories for the B. C. centennial anthology. Editor-in-chief, Dr. R. E. Watters said Friday manuscripts are only trickling in despite substantial prizes and prompt payment for accepted submissions.

B. C.'s 100th birthday book will offer a picture of the province, its people and their way of life, past and present. Top prize for previously unpublished material is $1000. The submission deadline is March 31, and the book is due to be published in the spring of 1958.

Our Father's Business

A few short days ago our country was in the grip of a strike. Few, if any, communities in our province were not affected in some manner or another by the dispute. I am certain that the feeling of relief was almost universal when a reconcillation was effected and the strike ended. By Adam's sin, man was separated from his Heavenly Father. Although man was at fault we read in the prophet Isaiah the words of God who wishes to be reconciled with His erring children, "Come now, and let us reason together, saith the Lord: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool."

In those first two words, "Come now" we see revealed God's great love; love so great that it has been written, "When God loves, He loves a whole world and when He gives, He gives His own Son.

"Let us reason together." God is greatly desirous of being reconciled with man. His Son died on the cross of Calvary and by His victory over the grave, opened the way for us to be reconciled to God. The rest is up to us, but man has allowed the ghastly snare of self-righteousness to keep him from His Heavenly Father. When man is willing to realize that in God's sight "all our righteousnesses are as filthy rags" (Isaiah 64:6) and will humble himself, ask in true heart repentance, God's forgiveness for his sins, then the reconciliation will be complete. When God forgives our sins, we will be as new creatures, for Paul when he was writing to the Corinthians, said, "Therefore is any man be in Christ, he is a new creature, old things are passed away; behold all things are become new.

Lieut. G. Grice.

Legion Auxiliary Serves Supper

About 20 people enjoyed a potluck supper held Thursday night in the Legion Hall by members of the Ladies' Auxiliary to Nelson branch of the Canadian Legion. Convener was new president Mrs. A. O. Allen.

Several members could not be at the function due to illness and accident, but those who attended enjoyed a pleasant evening. Games followed the meal.

Pythian Sisters Name Mrs. Norcross

Past Chiefs of Nelson Pythian Sisters elected a new slate of officers for the 1957 season at their first meeting of the year last Wednesday.

Mrs. F. Norcross has taken over the duties of president and Mrs. N. Norcross is the new vice-president. Mrs. James Bereau has been elected secretary-treasurer.

A hearty vote of thanks was extended to retiring president Mrs. L. Ott in appreciation of her efforts during the past year.

Make the Home Personal, Aim At Originality

VANCOUVER (CP) — There is no greater folly for the housewife than to confine her overstuffed sofas and Edwardian relics to the basement of her ultra-modern home, says a prominent designer and architect.

George Nelson, 48, New York says there is too much catering to the opinion of the neighbors in home decoration. This, he said, is "like saying Shakespeare shouldn't be read in a modern living room."

Strict conformity to the rules in modern homes makes them dull. "The home reflects the housewife's personality, and she shouldn't alter her taste for the sake of the neighbors.

"The dullest house on the street is the one where the housewife carries the picture-window idea throughout the house just to please her neighbors."

WRITES BOOKS

Mr. Nelson talked with reporters while in Vancouver for a speaking engagement. He has written a number of books on the subject of home design and has been awarded several international prizes.

Lately, he said, he has been toying with gadget ideas for the kitchen of the future. One such item he believes will show up is a business-machine cookbook.

"Tomorrow's cookbook will be in the form of coded business-machine cards that will be fed into electronic machines which will automatically translate and prepare the recipe into the desired dish," he said.

Edgewood Institute Collects Recipes

EDGEWOOD — Various questionnaires for the provincial WI's Centennial cookbook were discussed at the meeting of the Edgewood-Inonoaklin Women's Institute held at the home of the president, Mrs. R. N. Donselaar. Besides recipes this book will contain early histories of all communities in B.C. where there are Institutes.

More material was distributed to be made up into articles for a sale on St. Patrick's Day. A donation of $25 from the Canadian Legion towards the street lighting project was accepted with thanks. An endeavor is being made to have the monthly charge for these lights added to the taxes. A "thank you" letter from a former member now in Mount St. Francis Infirmary for a Christmas gift sent to her, was read.

Cranbrook Nurses' Chapter At Membership, Activity Peak

CRANBROOK — Mrs. Fred Barnhardt is new president named at the annual meeting of the Cranbrook Chapter of the Registered Nurses' Association. Other officers elected were Mrs. David Meeks and Miss Nancy Lee vice-presidents, Miss Marian Lewis treasurer and Mrs. William Huxtable secretary. Appointed to standing committees for the year were Mrs. Charles Ferguson, Mrs. Charles Vram and Mrs. Gordon Legrandeur for telephone notification, Mrs. M. C. Pennington and Mrs. Kent Smith courtesy, Mrs. D. Stone for visiting work, and Mrs. Maurice Mackay, Press.

In year's work within the Association, chapter delegates attended the Canadian Nurses' biennial meeting at Winnipeg and the B.C.R.N.A. meeting in Nanaimo. All resident nurses in Cranbrook area were listed. The Chapter arranged a mutual private nursing help plan among families of members who required it.

Professional matters dealt with at the monthly meetings included qualified guest speakers on arthritis and its treatment, on alcoholism, the Salk vaccine program and mortuary service. Community work included membership in the Kootenay Handicapped Children's Society, sponsorship currently of a St. John Ambulance Home Nursing course, establishment of a public loan cupboard at the nurses' home to supply nursing equipment required in homes, and support of a Red Cross appeal for a fund for Greek nurses' uniforms, and the United Nations International Children's Emergency Fund. The chapter reached a peak of membership and average attendance at meetings.

The chapter is nominating its member, Mrs. Charles Ferguson for the post of second vice-president of the B.C.R.N.A. East Kootenay councillor Mrs. Lorne Kyle of Kimberley was a speaker at the meeting, reporting on provincial R.N.A. work of the past year.

Denies Atom Drives Natives From Homes

MELBOURNE (Reuters) — A gvernment minister Friday denied aborigines were forced out of their homes by atomic and rocket ranges.

Supply Minister Howard Beale said it was not true that the natives were told to "get out and keep moving" when an atomic testing ground and a rocket range were set up in western Australia.

A committee of the Parliament of the province of Western Australia stirred up a controversy several weeks ago with accusations that the natives were driven from their home areas and were living under "the worst conditions of the world."

Beale said the British atomic testing site at Maralinga was uninhabited, He said no natives were found there and therefore none were interfered with.

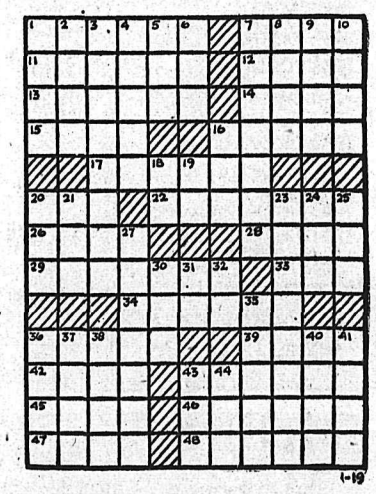
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

U A O T A O M M S R T U J Y O E H J O G D Y O

U A O J P Y Z V E L G M F — U O L L F T D L.

Yesterday's Cryptoquote: BETTER TO SINK BENEATH THE SHOCK THAN MOULDER PIECEMEAL ON THE ROCK—BYRON.

BIRTHS

BUDVESEL — To Mr. and Mrs. Stanley Budvesel of Nelson, at Kootenay Lake General Hospital, January 17, a daughter.

HELP WANTED

Why Settle for Less Than
$14,000 IN A YEAR

The days are gone when a "few thousand" a year salary was enough for a man to take care of his family, buy a new car, and "salt some away for the future."
If you are a middle-aged man who has reached the "ceiling" on your earnings and now want to make good in a new field, we can make you a fine offer to join our organization, where top men are paid up to $22,000 in a year.
Our volume is expanding at a terrific rate. We have an opening in the Nelson area for a man over 45. The man we want must be high grade (not high pressure), ambitious and sincere. Earnings are paid in advance, no investment is needed, no collections, no deliveries.
Write a personal letter to our PRESIDENT, Dept. C-12, P.O. Box 1373, Fort Worth 1, Texas.

DECKHAND
KOOTENAY LAKE FERRY
DEPT. OF HIGHWAYS, NELSON

Salary: $233 per month. Preferably some marine experience; physically fit and alert. Applicants must be British Subjects; usual veterans' preference. For further information and application forms apply to the Chairman, Civil Service Commission, Parliament Buildings, 544 Michigan Street, Victoria, not later than February 6, 1957.

EXCELLENT OPPORTUNITY for profits right now selling finest line of calendars. Also advertising specialties and decalcomania transfers. High commission. For full or part time salesmen. Reply Kedco Products, Brockville, Ontario.

HELP WANTED — FEMALE

LEARN HAIRDRESSING
Woman wanted, greater opportunity. Better pay. Pleasant work. Catalogue free — Write:

Metals Prices

NEW YORK (CP)—Spot prices: Lead, NY 16. Zinc, East St. Louis 13½. Silver, NY, 91⅜.

The ground where Cardiff Castle stands in Wales was first fortified by the Roman in AD 75.

MARKET TRENDS

NEW YORK (AP) — The stock market, battered down in a late wave of selling, took its worst beating Friday since Oct. 31, the day of the British-French attack on Egypt.

Rising Canadian stocks included Distillers-Seagrams, up ⅝, and Aluminium Ltd., ahead ⅛. On the downside were International Nickel 1⅛, Granby Mining ½, McIntyre Porcupine ¼, Canadian Pacific ⅛.

TORONTO (CP) — Earlier gains wilted under selling pressure in heavy closing trading and the stock market closed lower on index. Gains and losses, however, were about balanced

Activity was high at the open and it continued that way for the whole session. Volume of 7,289,000 shares was the heaviest since May 7, 1956, the last time total sales exceeded 7,000,000 shares.

MONTREAL (CP) — Most industrial sections were hit by losses that ran to a point and more in moderate trading on the Montreal and Canadian stock exchange.

Banks were a nexception as Royal jumped 1⅝ and Commerce a point. Calgary Power firmed 1 among utilities. Base metals eased.

Calgary Livestocks

CALGARY (CP) — The cattle market closed strong and active at the stockyards Friday as 300 cattle and 10 calves were offered. Bulk of the very light offerings was good butcher steers and heifers.

Good and choice butcher steers and heifers steady to strong; good steers over 1200 lbs., discounted at $1 or more per hundredweight; medium to good cows steady; canners and cutters and bulls fully steady.

There were insufficient stocker and feeder steers on offer to establish reliable quotations; veal and butcherweight heifer calves fully steady.

Choice steers 18.25 to 18.75; good 16.50 to 18; medium 14 to 16; common 12 to 14, heifers, good 14 to 15; medium 12 to 13.50; common 10 to 11.50, good cows 9 to 9.50, medium 8.25 to 8.75; common 7 to 8, canners and cutters 5.50 to 7; good bulls 11 to 11.75 common to medium 8 to 10.50; good feeder steers 16 to 17; good stock steers 15 to 16.50; common to medium 12 to 15; good stock steer calves 15.50 to 17, good butcherweight heifer calves 15.50 to 17; good to choice veal 17 to 19, common to medium 12 to 15.

Empress Makes Port With Faulty Engine

LIVERPOOL (Reuters) — The Canadian Pacific flagship Empress of Britain, troubled by a fault in the port engines, berthed at Gladstone dock shortly after 3 p.m. Friday.

Captain Stanley W. Keay radioed for tugs to stand by Thursday night to help the ship up the Mersey, but she was unable to berth because of the tide and anchored at the Mersey bar.

The captain said the delay had been caused by a fault in the cowling of the low pressure turbines in the port engine.

It was expected the trouble could be repaired in time for the Empress to sail next Friday on schedule.

Zone Curling Playdowns Start at Trail This Morning

TRAIL — Zone curling playdowns, from which will emerge West Kootenay's representative in the B.C. bonspiel in Nelson next month, will get under way at 8 a.m. today at Trail Curling Club.

Thirteen rinks are to compete for the zone title. Draw will take place at 7:45 this morning. The 13 rinks include one each from Riondel, Emerald Mine, Salmo, Castlegar, Rossland and Trail Shift Curling Club, three from Nelson and four from Trail Curling Club.

All games will be 12 ends with an extra end in case of a tie. The competition will continue Sunday. Zone winner will advance to the B.C. 'spiel and provincial winner to the Dominion finals at Kingston, Ontario.

Trail rinks in the event will be skipped by Reg Stone, A. M. Chesser, Reg Robinson and Bob McGhie.

Skip of the Shift Club rink will be Gil LeMoel, and of the Riondel rink, John Chesser.

Members of Nelson's three rinks will leave for Trail early this morning. Twelve Nelson curlers are Jim Harvey, skip, Rod Carmichael, Rudy Boates and Doug Winlaw; Art Waters, skip, Les McEachern, Dave Meakins and Bill Stern; Milt Ryalls, skip, Don Porteous, Don Bennedetti and Ron Nash.

Names of skips of other rinks were not available Friday night.

The SHORT CIRCUIT

By JOHN SHORT
Sports Editor

Although names have long been a fleeting commodity in this writer's warehouse of memories, quotable quotes remain longer in the ample space between my ears.

Many statements in past years have been attributed to famous—or infamous—athletes, to this effect:

"When I can't make the moves I used to make, I'll quit. They'll never have to slice the laces of my skates to get 'em off."

Terry Sawchuck said it, too.

And if the present situation remains static, the starry goaltender will become one of the few to heed that vow. Terry was named Tuesday to the National Hockey League's first-half, all-star team.

That same afternoon, he announced his retirement from hockey. The Boston Bruin management suspended him Tuesday evening, and Terry returned to his home in suburban Detroit, where he arrived Friday.

Appearances indicate he will not return to active duty, thus fulfilling his promise to hang up his gear when he felt himself moving toward the escalator that leads down the hill of athletic senility.

Officially, no statement has been made, either by Sawchuk or the Bruin organization. But Terry, whose netminding wizardry led a Toronto scribe to paraphrase a tongue-twister thusly: "How many pucks could a Sawchuk chuck if a Sawchuk could chuck pucks?", has not deviated from the course that leads to retirement.

Sawchuk's retirement comes at a time guaranteed to increase the rate of fallout of Milt Schmidt's hair. At the time of Sawchuk's illness — a wierd, weakening disease with the unlikely tag of mononucleosis (sounds like a decay preventative) — Bruins were in first place.

Experts throughout the NHL circuit hastened to their calendars and circled the date with black pencil as the day the Bruins lost the NHL championship. But, surprise of surprise, Sawchuk returned seven games later and found Bruins right where he had left them, atop the six-team heap.

* * *

A little-known puck - blocker named Norm DeFelice had filled in adequately but without brilliance as Bruins won three and tied one of the contests through which Sawchuk remained on a mass of feathers known to long-time initiates as a hospital bed.

DeFelice played Thursday night at Boston as Bruins tied Detroit Red Wings 2-2, and he blocked 34 shots, eight more than rival Glenn Hall. The youngster's netminding cannot be lambasted on the grounds that he is not doing the job expected of him, but the guessperts expect Boston to release a statement concerning a trade within the near future.

Of course, if DeFelice backstops the club to second-place (no goalie could help Boston catch Montreal Canadiens), perhaps the deal will never materialize.

At present, Harry Lumley is the No. 1 choice in most educated quarters as the man most likely to replace Nimble Norman, who had ridden the bench for half the season in the American Hockey League before plugging the Boston gap.

* * *

Harry Missildine, a Spokane hockey writer, told yours truly Wednesday evening that there is absolutely no foundation to the pending rumor that Sawchuk had been approached by Grant Warwick and offered half of the Consolidated Mining and Smelting Company to play at Trail.

* * *

SHORT'S BRIEFS: Bill Freno, Dunc Jamieson, Ron Gorsline, Jack Morgan, Ron Brown, Bob Pickering, Tillie Mores, Barry Carmen, Roy Peleso and Sam Simnoff, members of Queen's Hotel of the Nelson Commercial Hockey League, journey Sunday to New Denver where they will oppose a combined aggregation from New Denver and Silverton in an exhibition game . . . Seems there isn't much organized hockey through that area and the Nelson squad is more than willing to help the district all-stars show their wares before home fans.

* * *

ADD THINGS I would like to be there to see: Murray Parker completely recovered from his broken wrist. The big guy's value will show to even better advantage since Leafs won't have him around to rely on when going gets tough . . . Look for Dave Stewart, the raw-boned rookie rearguard, to pick up a fair share of the slack left by Parker's absence.

B.C. Rink to Montreal for Historic Event

A curling foursome representing British Columbia will leave this weekend for Montreal to participate in celebrations marking the 150th anniversary of the Montreal Curling Club, Jan. 22-25.

It is believed the Montreal club is the oldest sporting club with a continuous history in North America. The principal feature of the event will be a knock-out competition, with subsidiary events, between 16 rinks. These rinks will include one representative from each of the 11 zones which now compete for the Dominion championship, one rink from Scotland's Royal Caledonian Curling Club, two rinks from the United States and two rinks from the host Royal Montreal Curling Club.

The B.C. rink will include P. F. McIntyre of Trail, Frank Petursson of Victoria, N. E. Jefferson of Vancouver, formerly of Trail and R. M. Ballard of Vancouver.

Rinks will compete for the Duke of Edinburgh trophy. His Royal Highness, an honorary life member of the club, has consented to lend his patronage to the birthday celebrations and to permit prizes to be presented in his name.

Buses To Transport Skiers This Weekend

Third weekly round of ski lessons, being jointly sponsored by Silver King Ski Club and The Nelson Daily News, will be held today and Sunday at the ski hill, a mile and a half south of Nelson on Ymir Road.

Some 227 have signed up for the free lessons and to accommodate all, lessons are now being held on Saturday as well as Sunday.

Badges of merit are to be awarded monthly during the lessons.

Large number of skiers who are flocking to the hill on Sundays has created a parking problem. RCMP have stated that too many cars are being parked on the highway. Any cars parked on the highway in future will be subject to being towed to Nelson at the owner's expense, police stated.

In an attempt to solve the problem, the ski club has arranged for two buses to transport skiers. Buses will leave the Greyhound depot Sunday at 9:30 a.m., and 12:30 p.m. Nominal fares will be charged.

It is a five-minute hike from Ymir Road to the ski slope.

MURRAY PARKER

Absence of Murray Parker To Hurt Leafs

Reduced to three defencemen because of the broken wrist incurred Wednesday in Spokane Coliseum by Captain Murray Parker, Nelson Maple Leafs seek tonight at Civic Arena to protect third place from Mike Buckna's Rossland Warriors.

Leafs rallied in the face of considerable adversity during Wednesday's 6-5 loss to the league-leading Flyers of Roy McBride, slicing away at a three-goal deficit to the score of 4-4 on Jim Pilla's tally within 30 seconds of the third period's opening faceoff.

But a victory was not in the book, apparently, because Art Jones and Rock Crawford restored a two-goal that Leafs barely missed erasing. They entered the game without the services of Archie Gaber, Fritz Koehle and Marsh Severyn.

It is doubtful if Gaber will suit up for tonight's contest, but Koehle and Severyn are almost certain to be in uniform. To partially compensate for Parker's absence, playing-coach Pat Egan will remain at centre (if Gaber returns) and will operate along the bline-line if Gaber is not available.

Warriors enter Civic Arena with a goaltender considered by some to be the best in the league. After the recent showings of Galloping Gus Adams, many Nelson fans might be inclined to scoff at such a lofty rating in favor of the Golden Greek.

JERSEY JOE SAYS MARCIANO PUNCHED HARDER THAN JOE

JAMESTOWN, N. Y. (TP) — The man who fought them both twice, says Rocky Marciano was a harder puncher than Joe Louis.

"I should add, though," said Jersey Joe Walcott, "that they were two different types of punchers. Marciano could knock you kicking with one punch but he had to get his shot—get you set up right if you see what I mean. Louis was more dangerous with either hand. He'd set you up with one type of punch and chill you with another. Louis had more polish and could flurry better. But, speaking strictly of hard punching, once Rocky got you where he wanted you, good night!"

"I ought to know, don't you think?" said Old Joe, now a wrestling referee.

DOUBLE LOSSES

Marciano stopped Jersey Joe in the 13th of their first meeting and in the opening round of their controversial return at Chicago, May 15, 1953.

Louis, then champ, took a close decision over Walcott in December, 1947, a climax to Jersey Joe's rags-to-riches comeback after ring retirement.

The Brown Bomber kayoed Joe in the 11th, six months later.

Jersey Joe is associated with the police department, aiding its campaign against juvenile delinquency in Camden, N. J.

Someone mentioned current champion Floyd Patterson and Joe said:

"That boy is here for a long time as heavyweight champ. He'll be one of boxing's really good champions. Got a few weaknesses, like that leaping righthand punch. But he'll be all right. That hoppin' right of his can get him in trouble against good, young fighters. They'd pull away and sucker him with a counter."

Who has the best chance to dethrone Patterson?

"That Pastrano fellow (Willie Pastrano) because he is fast, got a fine left jab . . ."

I'd rate Eddie Machen as his next most dangerous rival right now because he hits pretty hard. But Patterson would be too fast for him."

Two Nelson Aggregations Enter Bonspiel

Two Nelson rinks leave here Wednesday evening to participate in the Women's Kootenay Bonspiel at Creston, Thursday, Friday and Saturday. One rink will be made up of Mrs. R. Little, skip; Mrs. E. Eckmier, third; Mrs. I. Eckmier, second and Mrs. H. Morris, lead. The other will be comprised of Mrs. J. Chandler, skip; Mrs. A. Nuyens, third; Mrs. R. Bicknell, second and Mrs. B. Gray, lead.

Due to the absence of the above-named two teams, activity for Nelson Women's Curling Club this week has been reduced to two matches Monday and another pair Tuesday.

The draw follows: Monday: Mrs. Craig vs Mrs. Macintyre; Mrs. Hesse vs Mrs. Little.

Tuesday: Mrs. DeGirolamo vs Mrs. Chandler; Mrs. Kubin vs Mrs. Craig.

Last week's results in Sharpe Cup Competition were:
DeGirolamo 15, Kubin 14
Chandler 8, Little 5
DeGirolamo 9, Hesse 11
Craig 9, Chandler 14
Kubin 7, Little 8
Macintyre 2, DeGirolamo 18
Craig 8, Hesse 12
Macintyre 11, Kubin 5

Badminton Play Here Sunday

Badminton play is slated for the Civic Centre Sunday afternoon. Plans were indefinite Friday night but Nelson Badminton Club officials stated players from Kaslo, Riondel, Crawford Bay and Procter are to visit Nelson Sunday.

Inter-club social play, followed by refreshments, will probably be held, but if enough players turn out a tournament is a possibility. Nelson players were asked to be at the hall at 12:30 p.m. Sunday.

WITH STANE AND BESOM

Following is next week's draw at Nelson Men's Curling Club:

Monday 7 p.m. — L. Peerless vs W. Tickner, A. Ried vs R. F. Wallace, J. Thom vs H. Farenholtz, E. C. Hunt vs A. S. VanSacker, A. Ronmark vs W. Tozer.

9 p.m. — F. Carmichael vs N. Jennejohn, J. McMurchy vs R. Bruce, E. Leeming vs W. Gold, W. Triggs vs E. Ramsbottom, A. B. Gilker vs W. Duckworth.

Tuesday 7 p.m. — H. Ronmark vs M. B. Ryalls, N. Lutkiwich vs L. McEachern, J. Sutherland vs A. Waters, H. Moore vs L. J. Maurer, J. Leeming vs J. Haines.

9 p.m. — J. Harvey vs R. Carmichael, D. Cathcart vs N. Sardich, R. F. Wallace vs R. Palmer, R. Chandler vs J. Bailey, W. Marr vs D. Meakins.

Wednesday — Business Girls Club and hockey game.

Thursday 7 p.m. — E. C. Hunt vs W. Duckworth, A. VanSacker vs A. B. Gilker, R. Bruce vs A. Ronmark, D. Cathcart vs L. Peerless, R. Carmichael vs W. Triggs.

9 p.m. — J. Leeming vs J. McMurchy, W. Tozer vs J. Haines, R. Carmichael vs N. Sardich, M. B. Ryalls vs W. Tickner, J. Harvey vs Waters.

Friday — Students' curling.

Mystery Surrounds Terry's Retirement

DETROIT (AP)—Scowling one minute and smiling the next, controversial Terry Sawchuk came home Friday while his abrupt retirement from big-time hockey remains unsolved.

The Boston Bruin goalie, three times the Vezina trophy winner as the National Hockey League's finest goaltender, gave just one clue to reporters who gathered to meet his early-morning train from Boston:

"Sickness has nothing to do with my retirement," he said. "Can't a guy quit a game?"

The origin of Sawchuk's split with the Boston club was known only to the club, to the 27-year-old goalie and possibly to a few of his closest friends. Sawchuk called a press conference for Monday noon at his home but made no promises to reveal anything pertinent.

NO EXPLANATION

The crew-cut veteran of seven NHL campaigns offered no explanation of his decision Tuesday to quit hockey, followed quickly by suspension by Boston coach Milt Schmidt.

Neither would he discuss his disappearance in Boston until he boarded a train Thursday afternoon. As he left for Detroit, where his wife and two children reside, he was curt with reporters and said, . . . "I'm gonna sue four Boston newspapers for what they said when I get home."

He didn't discuss it Friday, but he was ready to battle it out with reporters and photographers. Sawchuk threatened to give one writer "a punch in the nose" when pressed to "give us something to go on, Terry."

FEELS FINE NOW

Someone suggested that Sawchuk might have been put back in the Bruin lineup too quickly after he was sent to hospital two weeks with mononucleosis a blood disease.

"I felt fine then," he said. "And there's nothing wrong with me now. I'm just quitting, that's all. Isn't a guy allowed to do that?"

Sawchuk said the blood ailment was contagious and claimed it had spread to others on his club and two Toronto players.

In Toronto, Maple Leaf manager Hap Day said no Toronto player has contracted infectious mononucleosis this season.

"Hugh Bolton, Bob Hassard, Gord Hannigan, and Rudy Migay have all had the sickness, which is commonly known as glandular fever, while playing for the Leafs," he said.

"However, it was in different seasons, and the disease did not spread to other members of the club."

WEAKENING

Doctors here said the disease is a weakening, strength-sapping ailment that often requires six to eight weeks for complete recovery.

Sawchuk said he believes he has had "a touch of this mononucleosis for about three years."

Detroit writers who have known Sawchuk since he spent five seasons with Detroit Red Wings, figured the whole issue was a personality clash between Sawchuk and Schmidt.

Minor Hockey Schedule

Monday, 5 to 6—Rangers vs Bruin Bantams.

Tuesday, 8 to 9—Canadiens vs Hawk Bantams.

Friday, 5 to 6—Canadiens vs Hawk Pee Wees.

Saturday, 1 to 2—Bantam Pool.

2 to 3—Rangers vs Bruin Pee Wees.

3 to 4—Bruins vs Hawk Bantams.
