WEATHER FORECAST

Kootenay — Increasing clouds Friday with showers in the afternoon and evening. Little change in temperature. Light winds. Low and high at Cranbrook and Crescent Valley, 35 and 60.

"No Progress" in Suez Talks — Pineau

Foreign Minister Back to France Saturday; Fawzi Still Optimistic

By FRANCIS W. CARPENTER

UNITED NATIONS, N.Y. (AP)—Foreign Minister Christian Pineau of France announced Thursday night there has been no progress in secret Suez talks with Foreign Minister Mahmoud Fawzi of Egypt. Pineau said he is leaving for Paris Saturday.

Fawzi, however, held out some hope for a Suez solution.

Pineau, leading in the Suez discussions, made his announcement as he left the fourth private session with Fawzi, Foreign Secretary Selwyn Lloyd of Britain and Secretary-General Dag Hammarskjold of the UN.

Asked whether a basis for negotiations was found, he said: "Not yet. Just a lot of words."

Fawzi, leaving the conversations in Hammarskjold's 38th-floor office, was asked whether he thought something could be accomplished.

STILL OPTIMISTIC

"I think so," the Egyptian said. He reiterated his intention to stay here as long as necessary.

Lloyd merely told reporters there will be another meeting of the conferees today at 9:30 a.m.

Lloyd issued a statement saying: "We are still engaging in exploratory discussions. They have not yet finished. I cannot yet say whether they are likely to succeed. Time, however, is short."

Hammarskjold said nothing.

Diplomats indicated that Fawzi has not put before the Western ministers a concrete proposal and the West is not inclined to put any more cards on the table until they hear from the Egyptian.

While some diplomats professed to feel optimistic, the fact that Pineau is leaving is seen as an indication that little progress, if any, has been made.

The Egyptian said earlier that a serious effort is being made "in many directions" to end the dispute.

Fawzi told reporters he will remain here as long as necessary and Egypt would be happy if a definite solution could be found. If not, he added, the conferees and others working on the problem should try at least to lay a basis for a solution.

"There is a serious effort being made in many directions in order to reach a peaceful solution," Fawzi said. "Nobody could come out and propose it be resolved in any way but peaceful without being psychoanalyzed." He pledged himself to continue working for a "constructive" and "friendly" solution.

IKE'S STAND INTERESTING

Fawzi said he was glad to hear the press conference comment of President Eisenhower that the president would appear before the Security Council if he felt it would help solve the Suez issue.

British Foreign Secretary Selwyn Lloyd, informed of Eisenhower's comment, said it was "interesting."

THIS WAS THE SCENE at the United Nations Security Council in New York as Egypt rejected the British-French Suez Canal control plan and suggested instead creation of a body to negotiate a settlement of the dispute. Left to right, seated, are: Soviet Foreign Minister Dmitri Shepilov; British Foreign Secretary Selwyn Lloyd; U.S. Secretary of State John Foster Dulles, and Egypt's Foreign Minister Mahmoud Fawzi. In second row between Dulles and Fawzi is Henry Cabot Lodge, U.S. delegate to the UN. —AP Wirephoto.

Says Time for More TV Stations

OTTAWA (CP) — It is time for second televisions stations in Canadian viewing areas, CBC board chairman A. D. Dunton told the Royal Commission on Broadcasting Thursday.

The CBC's head man said he feels the time has arrived to abandon the existing single-channel policy, with some qualifications.

One condition, he said, should be that in areas with two TV stations, one should be a CBC station.

The federal government now reserves six major cities for exclusive CBC-TV operation. Private operators run outlets in 28 other centres.

CBC general manager J. A. Ouimet told the commission that the CBC hopes that television coverage will be extended to another 10 per cent of Canada's population with a "reasonable expenditure." That would raise coverage to 90 per cent.

Capital spending of $11,000,000 would be needed to get the extra 10 per cent, spread during three years.

Sentenced for Graveyard Spree

PORT ALBERNI, B.C. (CP) — William Harold Nelson, 18, one of four young persons charged with offering an indignity to a human body, Thursday was sentenced to two years less a day definite and two years less a day indefinite.

A plea of guilty was entered after Nelson's counsel decided not to reapply for a change of plea.

Nelson will serve his term in the young offenders' unit at Oakalla prison farm in Burnaby.

Maximum sentence for the offence is five years.

Alma Doreen Lochner, 19, and David Windsor Ferguson, 19, are scheduled to appear in police court here Friday on similar charges.

Another girl, 17-year-old Jean Gibson, was remanded Wednesday to appear in police court Oct. 18.

Nelson was convicted following the removal of a body from the pauper's grave in a cemetery in neighboring Alberni Sept. 23.

The body, buried about two months, was dug up and dragged with logging chains behind a car. Crosses were uprooted in the veterans' section of the tree-shaded burial ground during the ghoulish Sunday night raid.

To Reopen Talks

CALGARY (CP) — The International Chemical Workers' Union, local 465, moved today to reopen negotiations with the Consolidated Mining and Smelting Co. of Canada Ltd. as Alberta Nitrogen Plant employees rejected a company wage offer by a decisive vote Wednesday.

Elgar Higgin, president of the local, said the employees did, however, accept the Sloan formula which stipulates all employees must pay union dues whether they become members of the union or not. All workers may vote in the election of union officers but non-union members cannot vote on union business.

Fear Reprisal Attack on Israel

JERUSALEM (AP) — A reprisal attack against Israel was feared Thursday night in the wake of a seven-hour border battle that left a Jordan police station in ruins.

By official count of both sides 59 were killed and 25 wounded in the artillery and hand-to-hand clash before a UN ceasefire demand ended the shooting at 5 a.m. A UN truce organization announcement put the number of Jordanian dead at 448. Other reports said as many as 160 were killed.

Young King Hussein of Jordan sped to the scene and personally directed his troops in the fighting in the Judean hills. With unrest mounting in his small kingdom, there was speculation in Arab capitals that Hussein might launch retaliatory raids in an effort to strengthen his position.

INADEQUATELY PREPARED

Hussein sent out fresh appeals for military help. He talked several times by telephone with Lebanese President Camille Chamoun. Jordon faces a critical election in 11 days. Adding to the unrest in his country, Jordan army officers are openly grumbling that Hussein's military preparations are inadequate.

The Israelis said their forces attacked Kalkilyeh police station, one mile inside Jordan and 62 miles northwest of Jerusalem, as a reprisal for the recent slaying of two Israeli farm hands. Before the fighting ended, a Jordan announcement said, Jordanian artillery bombarded three Israeli settlements near Kalkilyeh and inflicted heavy losses.

Maj.-Gen. E. L. M. Burns of Canada, chief UN truce observer, finally prevailed on both sides to observe his ceasefire call. Burns reported the clash to Dag Hammarskjold, UN secretary-general.

EXPECT AID FROM IRAQ

WASHINGTON (AP) — United States officials expect that Iraq will soon send about three brigades of troops into the territory of her Arab ally and neighbor, Jordan. The aim would be to strengthen the Jordanian government against collapse.

The United States is reported to consider the move — initially proposed by Jordan — a good idea. Yet it is recognized here that a shifting of military forces in that explosive region of the world could set off a new Middle Eastern crisis.

Authorities estimated that the number of Iraqi troops who might be involved if the move developed would be about 3000.

Question 27 in Boy's Slaying

TORONTO (CP) — Police said Thursday they have questioned 27 persons in connection with the slaying of Gary Morris, 9, whose body was found Wednesday in a lonely waterfront area.

All suspects had been released. They included a 15-year-old boy who said he was in the district where Gary disappeared Saturday. Police took a mould of his teeth and said they would be compared with teeth marks found on Gary's throat.

Meanwhile Mayor Nathan Phillips scheduled a meeting with Police Chief John Chisholm to discuss the possibility of posting a reward for the boy's slayer. Detectives swore out a warrant for murder against an unknown person.

BODIES FOUND IN WRECKAGE

EDMONTON (CP)—The bodies of two RCAF officers have been found with the wreckage of their CF-100 jet-fighter plane, the RCAF said Thursday.

The occupants were identified as the pilot, FO Robert Frost-Hunt, 22, of New Westminster, B.C., and the navigator, FO Leonard Neumeyer, 24, of Laurier, Man.

Their aircraft went missing late Wednesday during a routine cross-country training flight from its base at Cold Lake, Alta., 150 miles northeast of Edmonton.

KILL 80 REBELS

ALGIERS (AP)—French forces Thursday claimed killing 80 Algerian rebels in two days of fierce fighting in the Grade Kabylie mountain area east of here. Seven battalions of infantrymen, two of paratroopers, artillery, armored cars, planes and naval vessels participated in the operation that began Tuesday morning and ended Wednesday night.

Athalmer Man Dies From Fall

CALGARY (CP)—A 50-year-old Athalmer, B.C., man died Thursday afternoon in hospital here from head injuries suffered in a fall at Invermere, B.C., last weekend.

James Gunn was taken to Calgary Saturday for special neurosurgery after falling over a cliff in his home district.

Persons who found him believed that the man, who was unmarried, had lain unconscious at the foot of the cliff for some hours. A postmortem is being conducted.

His only known relative is a sister living in Stratford-on-Avon, England.

SAYS RUSSIA NOT CONTENDER IN LUMBER MARKET

VANCOUVER (CP)—Russia is not a contender for world lumber markets, says a British Columbia forester just returned from an 8000-mile tour of Russia's forest industry.

Angus McBean, chief forester for MacMillan and Bloedel Ltd., says Russia needs the bulk of her forest output for her own economy, mostly to rebuild in European Russia where cities were devastated during the Second World War.

Mr. McBean, with six other Canadian lumbermen, travelled from Archangel in the north to the Black Sea.

In return a party of Russian timbermen now are in Canada to tour the country's forest industry.

Mr. McBean said the output a man-hour in the Russian timber industry does not approach Canadian standards but Russia is improving rapidly in efficiency.

Princess Margaret Goes Shopping

DAR es SALAAM, Tanganyika (Reuters) — Princess Margaret managed to sandwich in a few minutes of shopping Thursday between official visits to a hospital named in her honor and a garden party in the afternoon.

After selecting a small ebony pig and a set of table mats— as gifts for her nephew Prince Charles, and Princess Anne — she smiled her thanks when the shopowner, Mrs. Nrgjs Dastur, refused to accept payment.

She officially opened a 1000-bed, £1,000,000 hospital, named in her honor the Princess Margaret Hospital and Training Centre, and laughed as she watched trainee dentists practising on dummy sets of teeth known as "phantom heads."

Educationist Dies

MONTREAL (CP) — Hon. Wilfrid Bovey, 73, member of the Quebec Legislative council and a top-ranking educationist, died here after a lengthy ilness.

Would Immunize All Immigrants

WINNIPEG (CP) — Winnipeg's civic health committee is drawing up a resolution asking federal authorities to require all immigrants to be immunized against Diphtheria.

The decision to draw up the resolution was made at a meeting Wednesday when Dr. R. G. Cadhan, the city's deputy medical health officer, said his department was "a little concerned" about the number of Diphtheria cases in the city.

Nine cases of the disease have been reported this year, six of them in one family. A six-year-old German boy died of the disease. There had been no cases of diphtheria in Winnipeg since 1953.

30 Chinese Die in Hand-to-Hand Battle

British Troops Called Out to Help Put Down Rebellious Mobs; Rioting Shifts to "Little Shanghai"

By JOHN RODERICK

HONG KONG (AP)—Thirty workers were killed in a hand-to-hand battle between Communist Chinese and anti-Communist Chinese in Hong Kong's mainland factory village of Tsun Wan, the government announced Thursday.

Frenzied fighting between Chinese mobs and police claimed at least 14 other lives.

The two-day death toll in rioting was set at 44 in an announcement by acting Governor E. B. David.

Officials said the worst of Hong Kong's rioting shifted Thursday night to Tsun Wan, known also as "Little Shanghai." It is in the New Territories under Hong Kong control.

Of the 44 dead, 10 were known to have died Thursday in continuing rioting in the northwest Kowloon section of this British crown colony. The mainland area borders Red China. Four others had been killed in the early stages of the rioting.

FIGURES REVISED

David had said earlier that at least 100 were slain in the factional clashes in Tsun Wan.

Thousands of anti-Communist Chinese ran amok Wednesday when a Chinese housing official of the Hong Kong government started ripping down nationalist flags. From clashes with police, the mobs progressed to scattered attacks on foreigners and finally engaged in bloody battles with Chinese Communists.

David finally called out British troops Thursday night to help Hong Kong's 6000 Chinese, British and Pakistani police and the civilian police reserves to put down the rebellious mobs.

LIKE MARTIAL LAW

Kowloon, mainland part of the British crown colony is under conditions resembling martial law. A curfew was clamped on its 1,500,000 people from 7:30 p.m. to 10 a.m.

Police arrested 165 persons and in hospitals were 143 injured.

FACTORY AREA

Tsun Wan has a number of small enamelware and textile industries built by refugees from Red Shanghai. But the biggest industry is the South China Iron Works, most of whose employees are pro-Communist.

David, acting governor in the absence of Governor Sir Alexander Grantham, said the centre of the frenzied rioting and pillaging by Chinese mobs shifted to Tsun Wan, four miles from the centre of Kowloon, Thursday night. The character of the disturbances also had changed.

He said the trouble "now appears to involve inter-faction fighting between members of the left and right wing movements.

"This fighting is reported to have taken place at a number of factories, principally textile factories in and around Tsun Wan, and very considerable damage is reported."

David said the town now is "fairly quiet." Other sectors also were reported orderly, for the time being at least.

A DEAD CITY

British troops went into action late Thursday when rioting broke out in the Sham Shui Po sector of Kowloon. Gas grenades exploded almost continuously for 45 minutes before the crowd was scattered.

Kowloon, an area covering 3¼ square miles, is a dead city under the curfew. All buses and taxis stopped movement. Restaurants, movies and public places closed.

Bayonet-carrying British soldiers patrolled the streets

Acting Governor David in a broadcast advised Chinese to cancel trips to their ancestors' graves today, the annual Chung Yeung festival.

PLANES HEAR SOS SIGNALS

NEW YORK (AP)—Pan American World Airways reported early Thursday that three of its planes crossing the Atlantic heard distress signals from a United States Air Force plane, missing with 59 Americans aboard.

The four-engined military transport was reported lost early Wednesday morning on a flight from Britain to the Azores.

Pan American dispatchers at Idlewild Airport, working on a chart, fixed the position of the downed aircraft as 158 miles north of the Azores.

The airline said its first message arrived at 10:15 p.m. Thursday night from Pan American flight 71. The plane was then 900 miles north of the Azores.

STRONG SIGNAL

The second message, at 12:15 a.m. today, was from Pan American flight 65, also bound for New York. The plane reported a "very strong SOS received." The plane was then 560 miles north of the Azores.

The third message was received at 12:23 a.m. from flight 115. It also picked up an SOS message. Its position was reported as 360 miles west of the Azores.

The homeward bound plane, loaded with military personnel, vanished somewhere between England and the Azores. Its last message was from a point about 180 miles southwest of the westernmost tip of England.

The Liftmaster then was "presumed down" and the search was launched.

CONTROL SYSTEM TO COVER BANKS

VANCOUVER (CP) — A new split-second control system, designed to blanket Vancouver's 124 banks, will go into operation Monday.

The system, which will be standard throughout the city and fringe district patrolled by the RCMP, will reduce the escape chances of bank bandits, police officials believe.

In announcing the move, officers said detailed information will not be made public but they went this far:

Large maps of all banks have been made and will be filed in the radio room at police headquarters.

The maps also show five block areas surrunding the banks. A radio operator will be able to tell at a glance where all patrol cars are and dispatch them immediately to strategic positions in a large cordon in the area with the bank at its core.

Files Motion on Two Languages

OTTAWA (CP) — A Liberal Commons member has taken action aimed at having English and French more specifically defined in the constitution as the official languages of Canada

Bona Arsenault, French -Speaking member for the Quebec constituency of Bonaventure, filed a motion to that effect Thursday with the clerk of the Commons. He said he will introduce it at the next session of Parliament.

9 DEAD IN CRASH

CAMPBELTOWN, Scotland (Reuters)—Rescue climbers found five bodies strewn on a desolate mountainside Thursday, raising to nine the toll in an overnight air crash there. An RAF Neptune patrol plane crashed into a sheer rock cliff in mist and darkness.

VISITS BRIGADE

SOEST, West Germany (Reuters) — Lt.-Gen. Harold E. Pyman, commander of the 1st British Corps in Germany, visited the 6000-man Canadian Brigade group here Thursday, his first visit to the unit since his appointment a few weeks ago.

ODLLAR HIGHER

NEW YORK (CP) — Canadian dollar was 1-32 higher at a premium of 2⅝ per cent in terms of U.S. funds. Pound sterling unchanged at $2.78½.

MONTREAL (CP) — U.S. dollar today closed at a discount of 2 17-32 per cent in terms of Canadian funds, up 1-32. Pound sterling $2,71⅜, unchanged.

HOWE GOES TOURING

OTTAWA (CP) — Trade Minister Howe is to have an audience with Emperor Hirohito during his two-week goodwill tour of Japan. The 70-year-old minister announced Thursday he leaves Vancouver by air Oct. 21, arriving in Japan Oct. 23. He completes his tour Nov. 7.

JOURNALISTS DUEL

ROME, Italy (AP) — Two Fascists duelled with swords and wounded each other Thursday and then refused to exchange apologies after they quit fighting. The duellists were Giorgio Almirante, a Fascist deputy and co-editor of the daily Secolo d'Italia, and Count Vanni Theodoranig, editor of the Fascist weekly, l'Asso di Bastoni.

LEGAL AUTHORITIES have speculated that President Eisenhower may make Scovel Richardson, above, the first Negro to serve as a federal district judge in the continental United States. An opening exists on district bench in St. Louis, Mo. Richardson, 44, is chairman of the U.S. Parole Board.—AP Wirephoto.

Canada's Population on Upswing . . .

Small Cities Apace With Rapid Growth

OTTAWA (CP) — Some of Canada's smaller cities are keeping pace with the big centres — and at times surpassing their rate of growth — in the country's steady population rise.

Saskatoon, for instance, increased its population by 33 per cent in the five years up to last June 1, Drummondville, Que., had a population gain of 84.2 per cent, Regina 24.5 per cent, Fredericton 12.6 per cent and little Prince George, B.C., 121 per cent.

That was the picture drawn Thursday by the bureau of statistics in a further interim report on its census taken last spring — the first national count ever taken on a five-year basis. Previously the census was made every 10 years.

NOT COMPLETE

The report was only a partial list of Canada's communities. (City of Nelson was not included on the partial list). The final tabulation is expected to show the country's population at or near the 16,000,000 mark, compared with 14,000,000 at the 1951 census.

Today's findings showed that while the big cities might add their tens of thousands of people, some of the smaller centres proportionately were doing as well or even better.

Saskatoon increased to 70,843 persons from 53,268; Drummondville to 26,424 from 14,341; Regina to 88,797 from 71,319; Fredericton to 18,037 from 16,008 and Prince George to 10,395 from 4703.

Their rates of growth surpassed those of some big cities hemmed in by suburbc. In the same period Montreal expanded 6.5 per cent, Vancouver five per cent, Winnipeg 8.5 per cent and Hamilton 10.7.

Here are the figures of some B.C. centres, with the 1951 census count in brackets:

Cranbrook 4459 (3621); Kelowna 8924 (6517); Nanaimo 12,570 (7196); Penticton 11,790 (10,548); Port Alberni 10,164 (7845); Prince Rupert 10,381 (8546); Revelstoke 3386 (2917); Rossland 4315 (4604); Trail 11,319 (11,430); Vernon 8874 (7822); Campbell River 3006 (1986).

Dawson Creek 7407 (3589); Fort St. John 1883 (884); North Kamloops 4351 (1970); Kitimat district municipality 8759 (not incorporated in 1951); Langley district municipality 12,281 (12,267); Maple Ridge district municipality 12,432 (9691).

Australia Tests to Aid Canadian Armed Forces, Civil Defence

By DAVE McINTOSH
Canadian Press Staff Writer

OTTAWA (CP) — Canadian scientists and servicemen are gaining knowledge at the atomic tests in Australia which will be of value to Canada's armed forces and civil-defence organization, A. H. Zimmerman said Thursday.

Chairman of the Defence Research Board, just returned from the atomic trials at Maralinga, Australia, he said in an interview that the dozen Canadian scientists there are, for the first time, measuring heat and blast from the "shots."

Mr. Zimmerman said the British and Australians, conducting the tests, had high praise for the Canadian scientists and for the Canadian Army's No. 1 Radiation Detection Unit, also participating.

SAW FIRST SHOT

Mr. Zimmerman witnessed the first of the four "shots." It was fired from a steel tower and was about the size of the A-bomb which hit Hiroshima in 1945.

He said he was seven miles from the firing site but felt the heat from the explosion.

Canadian scientists at Maralinga are headed by Dr. J. A. Carruthers of Strathroy, Ont. The scientists are all drawn from the Defence Research Board.

The 22-man service unit is commanded by Maj. R. E. Macdonald of Sydney Mines, N.S., and includes five RCAF members.

Mr. Zimmerman said measurements taken by the Canadian scientists at the tests will have application to the armed forces and civil defence.

He said Maj. Macdonald and his team will return with information which will help the army devise atomic-battlefield tactics. The teams are expected home in mid-November.

And in This Corner...

WINNIPEG (CP)—The police traffic department here plays no favorites when it comes to parking restrictions. Thursday two police cruiser cars were tagged while parked in front of a police station.

Traffic Inspector R. J. Montgomery said the drivers of the cars would have to pay $2 fines.

CINCINNATI (AP)—A clinic to study means of eliminating unnecessary paper work was held by 108 local federal government department heads and assistants Wednesday.

Each person was given 124 printed pages of instructions on how to cut down paper work.

SARANAC LAKE, N.Y. (AP)—Chuck Pandolph, who lost a world series bet, stood on a plank ready to pay off by jumping into the Saranac River after the final game.

Forrest Morgan, who won, stepped out to hurry Morgan with a push.

The plank broke.

Winner and loser both went in.

LOS ANGELES (AP)—Auto hubcaps, like calves, are going to be branded in this part of the West, says the Los Angeles police commission.

The commission Wednesday approved a plan to stamp hubcaps with tiny licence numbers. This would help reduce the $1000-a-day loss to car strippers, the auto theft detail said.

LOS ANGELES (AP)—Customers at Woody Trigg's bar looked up from their drinks and saw a skunk standing in the doorway.

No, it wasn't the spirits—the little stinker was real.

All conversation stopped. "All you could hear were the ice cubes rattling in the glasses," Trigg said.

The 19 customers left hurriedly while Trigg and waitress Ruby Day, after an odorous chase, finally trapped the skunk in a rest room.

Authorities who carted the little rascal off to the animal shelter said it apparently strolled in from a park across the street.

UBCM Conventions Worth Weight In Gold, Mayor Tells Jaycees

Union of B. C. Municipality conventions are "worth their weight in gold," Mayor Joseph Kary told Nelson Junior Chamber of Commerce Thursday night in the Shamrock Grill.

His Worship had attended several UBCM conventions. At the one held in Penticton on Thanksgiving weekend, he invited the gathering here in connection with Nelson's diamond jubilee next Fall. The invitation was extended on behalf of the City of Nelson and the Association of Kootenay Municipalities. Nanaimo has been "gunning" for the convention for several years.

Mayor Kary said the Jaycees can play "a tremendous part" in the convention, including serving as guides and transporting delegates. This help was lacking at Penticton. The speaker expressed the hope that the Jaycees would do as good a job as they did in helping with the gas bylaw.

Actual dates have not been set. The convention will probably be held in the latter part of September or early October. "We can do a bang-up job," the mayor said. "Nelson has some of the finest facilities for conventions available anywhere. However, we can't lose sight of the initiative."

UBCM members represent 116 areas, spread over the province. Each has its own local association, such as the Association of Vancouver Island municipalities and the Association of Kootenay Municipalities. The aim is "to work co-operatively with other governments." Senior governments are guided to a large extent by the information from city councils.

Officials from the department of municipal affairs "listen in" on the sessions and are available for consultations.

RECEPTIVE TO IDEAS

There were 550 delegates at Penticton, including four from Nelson, plus Mayor Kary, who is on the executive. A city can send as many members as it wishes, but only has a certain number of votes. Most areas also send their clerk, solicitor and engineer. In the last three or four years Mayor Kary said, "the provincial government has been most receptive to the ideas of the UBCM, and has given good legislation from them."

The Mayor touched briefly on some of the more than 90 resolutions that were dealt with. He said that better terms have been written into the education formula, and that "everyone is pleased" with the new Assessments Equalization Act. Main thing, however, was the promised revision of the Municipal Act, about 1000 statutes written about 50 years ago, which "have not kept pace with growth." The new act will probably become legislation at the next sitting in Victoria. The UBCM executive set up an 11-man committee after their 1955 convention at Prince George to work with the B.C. government on the new legislation.

Last year, the union succeeded in having municipal representatives "sit in" with provincial and federal authorities on tax agreements and other questions.

SPLIT ON TAX

The convention was "split right down the middle" on the proposed $30 municipal services tax. Nelson and many other municipalities voted against the measure because it is another "nuisance" tax, and will force people to live outside the boundaries. However, most of the other municipalities voted in favor of it.

The Shops Regulation Act which was also written many years ago, will "almost certainly" be repealed entirely, putting the onus on private businessmen under present labor laws, the Lord's Day Act, and other legislation.

The Penticton arena was divided into sections for the convention. Delegates were in one section, eats in another, and entertainment in a third section. Mayor Kary and the other delegates had to sit on hard steel chairs for about nine hours every day, but the business was so important that they hated to leave.

His Worship said new rulings may make it possible to have canisters with advertising placed at city street corners, a measure which the Union has been seeking for several years.

A resolution to restrict operations of the Public Utilities Commission, presented for the third year in a row, was passed.

The provincial government is also revising acts to facilitate incorporation of mainland cities, greater Trail, and other areas.

In spite of strong objection from many quarters, the election day may be changed to the second Saturday in December. Mayor Kary thought this was a poor choice, since it was "the last payday before Christmas, when most people would want to do all their shopping."

Coast and rural delegates voted for the measure.

Municipal superannuation plans and changes in qualifications for elected civic offices were also discussed.

MANY IDEAS

The mayor said that a council member will be appointed convention chairman, and the Jaycees have promised to do all they can. Mayor Kary reminded the meeting that "word of mouth is the best advertising," and said that important celebrations, such as the opening of the North Shore bridge, and turning on of natural gas, might be tied in with the convention.

In thanking the speaker, Nick Voykin said the matter would be turned over to the Civic Affairs commitee as soo nas it is organized. President Don Porteous echoed the sentiments.

A letter will be sent to City Council asking for a once-a-day bus service to the Vancouver Street area, which is just on the Nelson boundary. The service is sought for older residents of the area. Original motion was that service be extended to the Upper Rosemont district, but Mayor Kary said this would be impossible without a great deal of difficulty and expense.

A letter was sent to Fire Chief E. S. Owens acknowledging his part in the recent Jaycee "clean up, paint up" drive. Chief Owens had asked for the letter in connection with a national fire department competition.

Alan Ramsden said the Social Welfare Branch was "very concerned" over the lack of foster homes for teen-agers in Nelson. He emphasized the youngsters were not delinquents, and said this was a "pressing issue."

The chairman said the executive is considering a hockey night in the Civic Arena, with money going to the hockey association.

After the meeting, members adjourned to their "Effective Speaking" class, with guest leader Bain Oliver of the Toastmasters' Club

The Highways

No. 3—Cascade, Rossland, Trail, Castlegar, Nelson, Balfour—good. Kootenay Bay, Creston, Goatfell, Cranbrook, Fernie, Crowsnest — good. Two Pay Fines

A Nelson motorcyclist, William Kichard, paid $20 and costs in city court Thursday when Stipendiary Magistrate William Evans found him guilty of speeding on Stanley Street on the night of Sept. 27.

Kichard pleaded guilty when he appeared Oct. 3, and was remanded to Thursday. Warren Ferguson defended him.

For parking a car in a no-parking zone in front of the Civic Centre Sept. 24, M. Porco was fined $5 and costs in city court Wednesday. He pleaded guilty.

Early Resident Revisits Nelson

Mr. and Mrs. Percy L. Joy of Vancouver visited his brother, R. G. Joy, 904 Josephine Street, after nearly 40 years' absence from Nelson.

Percy Joy, 70, came from England to Nelson in 1909 and was employed by his brother at Joy's Store on Mill Street and Josephine, by A. S. Horswill Sr., Dominion Express Company and the Hudson's Bay Company. He was a member of the Nelson Rowing Club and with another brother, the late C. H. Joy, was winner of the diamond sculls about 1912.

Percy Joy was also a leading expert with the rifle team that practiced at the government rifle range, now Cottonwood City. He was a volunteer fireman at the old fire hall on Observatory Street.

He was employed as a salesman at Vancouver by the Heinz Company and by various wholesale grocery firms at Vancouver, and was also store detective for a leading store.

His eldest son has a responsible position with Woodwards Ltd.

Mr. Joy expressed pleasure at Nelson's growth and in its modern buildings.

James Bird Laid at Rest

Fellow Canadian Pacific Railway workers were among the many friends who attended funeral services for James Bird, 78, retired pioneer railway conductor who died Sunday at Mount St Francis Infirmary.

The services were held Thursday afternoon at the Thompson Funeal Home, Rev. E. Donovan Jones officiating. At the graveside, Masonic rites were conducted by R. R. McCandlish, acting chaplain. Mr. Bird was a life member of Fidelity Lodge No. 32, A.F. and A.M., Trail. Interment was in the Masonic plot at Nelson Memorial Park.

Hymns sung were "Psalm 23" and "Abide With Me." Mrs. W. A. Manson was organist.

Honorary pallbearers were George Clerihew, R. A. Peebles Robert Smith, Joe Gallo, Albert Kinahan, Emil Wilhelm, L. L. Boomer and T. Mansell, while active pallbearers were T. H. Mansfield, John Robb, E. J. Nicholls, W. H. Phillifent, F. J. Dickinson and A. T. Richards, all members of Nelson Lodge No. 23, A.F. and A.M.

Adjourn Inquest

GRAND FORKS, B.C. — Inquest into the death of John Chahley, kelled in a highway accident near Christina Lake, has been adjourned pending the release from hospital of Kitch Bannatyne of Trail. Mr. Bannatyne was injured in the accident; a third man, Bernard Bosinski of Grand Forks, was thrown clear.

Mr. Chahley died instantly when the car in which the three men were riding left the road and plunged into the river at Christina Lake. The injured man, believed to be the driver, and Mr. Chahley were pulled from the wrecked vehicle by occupants of a passing car.

The three had been on a hunting trip and were returning from Grand Forks to their cabin at Christina Lake.

Mr. Chahley is survived by his wife and four children.

MANY AT RITES FOR MRS. CARNE

Willow Point and Procter residents were among the many attending a funeral service at the Thompson Funeral Home Thursday afternoon for Mrs. H. C. (Frances) Carne, 66, who died at Mount St. Francis Infirmary Sunday. Rev. Canon W. J. Silverwood officiated.

Hymns sung were "The King of Love My Shepherd Is," and "Rock of Ages." Organist was Mrs. W. A Manson.

A M. Major, G. D. Barwis, W Donaldson, W. P. F. Green, R Thompson and J. Horrigan were pallbearers. Interment was at Nelson Memorial Park.

THREE ENTERPRISING LADS received awards of honor Wednesday for being tops among 200 newspaper boys who serve the increasing number of Nelson Daily News readers. Left to right are Jimmy Carter, Reggie Box of South Slocan and Marvin Smith, receiving congratulations from C. W. Ramsden, right, Daily News general manager. J. W. Smith, circulation manager and the father of Marvin, looks on. The certificates were given by the Canadian Circulation Managers' Association in connection with National Newspaperboy Week.

MRS. SAUNDERS AT SLOCAN CITY FIVE YEARS

Mrs. Catherine Weir Saunders, 40, wife of Charles A. Saunders, who died Wednesday at Mount St. Francis Infirmary, had been a resident of Slocan City for five years.

Mrs. Saunders was born in North Vancouver on July 30, 1916, and was married in Vancouver in 1940. After living at Cranbrook for a few years, they came to Slocan City in 1951.

Her husband and one son, Neil, survive at home. There are four sisters, Mrs. Maud Blake, North Vancouver; Mrs. Robert Speers, 100-Mile House, B.C.; Mrs. Margaret Samuel, Ashcroft, B.C.; Mrs. Jean Dinwoodie, Newton, Sask.; and one brother, Neil Livingston, 70-Mile House, B.C.

6000 Concerts Given by Don Cossacks

There's a grand night of sparkling entertainment in store next Tuesday when the Kiwanis Club of Nelson brings the famous Don Cossack Chorus and Dancers to town.

These 25 Cossacks from the Don region were organized in 1927 in Prague. First patrons were Thomas Lasaryk, president of Czechoslovakia, and Edouard Benes, foreign minister.

Wearing the military uniforms of old Cossack soldiers, the Don Cossacks, under Nicholas Kostrukoff, have performed stately religious music, stirring folk melodies, and exciting dances all over the world, including Vienna, the San Francisco World's Fair and New York's Carnegie Hall. They have given 6000 concerts in 65 countries on six continents, travelling on 107 different ocean liners.

The General Platoff Don Cossack Chorus and Dancers are also well-known for their many records and radio appearances.

GIANTS SELL VETERAN HURLER

NEW YORK (AP) — New York Giants sold Jim Hearn, a 33-year-old right-handed pitcher, to Philadelphia Phillies of the National League Thursday. The purchase price was not disclosed.

Giants purchased two farmhands from Minneapolis of the American Association, outfielder Willie Kirkland and righthanded pitcher Curt Barclay. Kirkland drove in 120 runs while collecting 37 homers. Barclay had a 15-11 record.

Oldtimers' Historian Recalls Early-Day Nelson for Kiwanians

Nelson, as it was 67 years ago when he came here from Revelstoke, was entertainingly described by R. G. Joy to Kiwanis Club at the Hume Thursday night. Mr. Joy is historian of the Nelson and District Oldtimers Association.

Mr. Joy's story was liberally sprinkled with colorful anecdotes of incidents and characters of Nelson's pioneer days. He arrived in Nelson April 7, 1889, after a boat journey down the Arrow Lakes to Robson, he recalled. The trip required eight or nine days, because the boat had to be pulled over the many sandbars. Passengers left the boat to help pull the boat.

He named businessmen here in those days and told humorous stories about each. Today, he said, many people call on him who were related to pioneers of Nelson now passed on, or who were interested in their histories or the histories of the Silver King mine and mines of the Slocan. They came from many parts of Canada and the United States.

He described the first hotels, CPR buildings after construction of the railroad between Robson and Nelson, the first school, and the stores that served the men who sought their fortunes in the hills.

Mr. Joy at first lived on the CPR flats and recalled that a large tree formed a bridge across Cottonwood Creek which had to be crossed to reach what is now Vernon Street.

TRIED GRAVEL HERE

Near the present gas works, the gravel deposits were once washed by gold seekers, he said, for a cedar dam that had been used for this purpose had been found there years ago. "They got very little gold," he said.

The first hydro wheel on Cottonwood Creek was operated by a butcher. It was built to operate a sausage grinder. The first electric light plant which derived its power from the creek was operated by a company, of which John Houston, first mayor of Nelson, was president. In July, 1893, electric lights were on at the corner of Baker and Stanley Streets for the Dominion Day celebration.

That year saw depression set in and hotels once filled by men who had come to join the rush to the Silver King and the Slocan, were lonely, silent places. The town was "almost deserted," he said, and "hard years" were experienced.

"Nelson's beginnings were humble," he concluded, "but those pioneers were the reason for its prosperity of today."

WHY DO Most People Buy TV Sets from M: & M:?

Here Are Some Reasons:

1. All sets are line-tested.
2. 3 months' warranty at absolutely no cost to you—no parts—no labor—no limit to number of service calls during this period.
3. All service by fully qualified technicians who were trained in all branches of electronics.

These reasons are increasing our sales, and made it necessary for us to double our service department's space.

Everything we sell can be bought on Mc & Mc BUDGET PLAN.

Castlegar Organizes Branch of Society for Handicapped Children

CASTLEGAR — Twelve directors were elected to the newly-formed Castlegar branch of the Kootenay Society for Handicapped Children. The meeting, which was well attended by representatives of all organizations and service clubs in the area as well as many other interested individuals, heard committee chairman L. Korody recount the progress already made towards the forming of such a branch, this work having been undertaken by the Castlegar AOTS.

Mr. Korody said much credit went to the public health nurse, Miss Jean Oliver, and to the school teachers throughout the district for their help in the registering of those who would be eligible for the school for handicapped persons.

C. Billingsley, representing the Trail branch of the Society, spoke on the purpose of the drive to obtain a home for handicapped children in the Kootenays, and gave a brief word picture of the daily routine in the Maple School at Trail.

J. B. Varcoe, Trail branch director, spoke on organization procedure. He foresaw no great difficulty in fund raising, as people were always eager to help the cause. The department of education also grants about $250 per child per year.

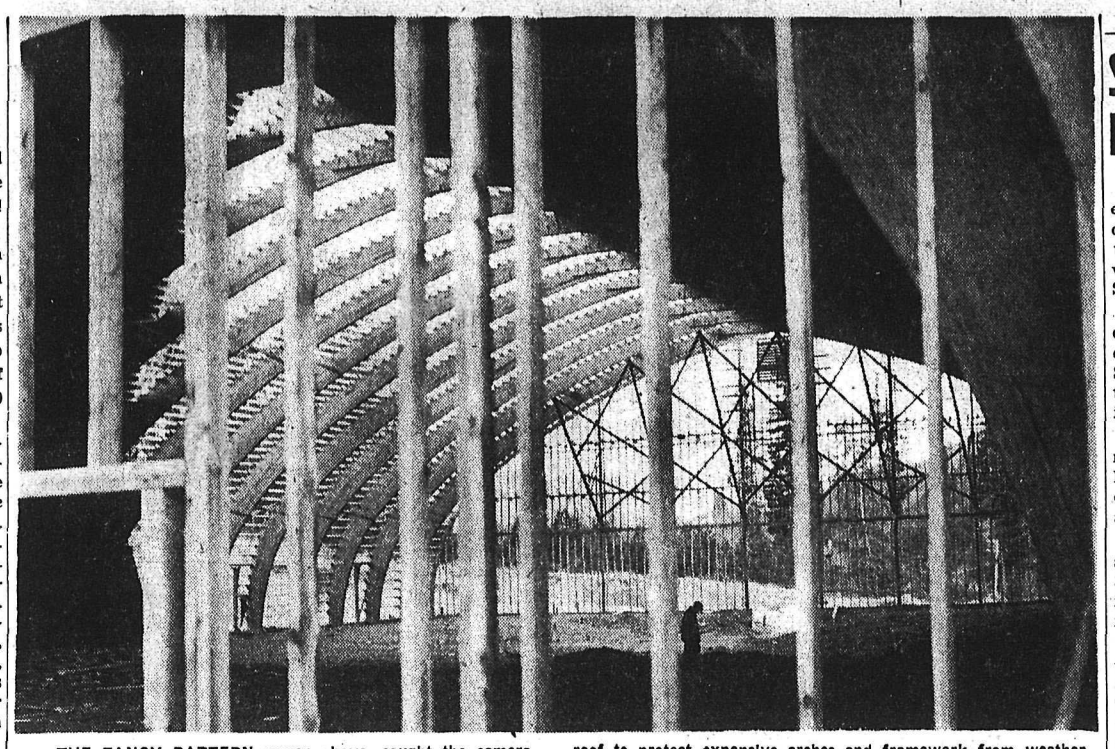
The meeting unanimously endorsed the formation of a Castlegar branch of the Society for the handicapped and elected to the executive slate Mr. Jorody, B. Cherrington, Mrs. J. Randall, Mrs. W. Evans, Mrs. Gleboff, L. E. Cantell, C. Onions, Mrs. L. Bridgeman, Mrs. J. MacBeth, Mrs. R. West, N. Latta and Mrs. P. Corbett. Chairman of the meeting, held in the St. Alban's Parish Hall, was L. E. Cantell. The directors will meet Monday to appoint their officers, the meeting to be held in Mrs. West's home.

Hon. W. D. Black Out of Hospital

PENTICTON — Hon. Wesley D. Black has returned to Victoria from Penticton where he was unable to address the 53rd convention of the Union of B.C. Municipalities owing to mild illness. Doctors said his ailment was not of a serious nature. He was in hospital for a few days.

BIG CHANGE

SOUTHEND, England (CP) — Last year's hot summer brought the municipal treasury of this Essex seaside resort £5647 in beer sales. "We don't expect the same amount this year," said an official. The 1956 summer had almost incessant rain.



THE FANCY PATTERN woven above, caught the cameraman's fancy when he looked inside the rink being constructed at Castlegar. The Projects Society and its volunteer workers are racing against oncoming winter to get aluminum sheeting on the roof to protect expensive arches and framework from weather damage. A sizey crew turned out last weekend, and it is hoped that more volunteers will help get the rink built this weekend. —Daily News photo.

Bowell Heads Underwriters

TRAIL — Douglas Bowell was elected president of the Kootenay Life Underwriters at their monthly luncheon meeting held here recently.

Other officers elected were vice-president Gerald Sylvester, secretary-treasurer Richard Morrison, and Albert Maida, Nelson vice-president. The new executive appointed E. C. Hutchinson program chairman.

Reg Harris, branch manager for Dominion Life for Vancouver Island and regional vice-president of the B.C. Life Underwriters' Association, spoke on "ideas which helped me sell business."

He said that there were two types of salesman, one who was interested primarily in the monetary gain, and the other who was prepared to work for what he wanted. The successful life underwriter was the latter type, because his job was one of service—to help people to provide funds to take care of a need.

Every prospective purchaser of life insurance should be given opportunity to voice his opinions, he said. Salesmen should be good listeners.

Ainsworth To Hold Masquerade Dance

AINSWORTH — A Hallowe'en masquerade dance will be held at the Ainsworth Community Hall October 27.

Teachers Meet in Castlegar Today

CASTLEGAR — "A Time for Reassessment" is the theme of the two-day convention of 500 teachers in West Kootenay schools, opening today in Castlegar.

Dean N. Scarfe, head of the new B.C. College of Education, will speak tonight, and his address will be of prime interest to the convention.

Other speakers from the Coast will address the teachers on various subjects relating to the profession, and there will be panel discussions and regular business meetings.

Immigrants Win Scholarships

LONDON, Ont. (CP)—Two Chinese immigrants are earning a reputation as promising art students since coming to Canada six years ago.

Onn Chin, 21, and Ken Wong, 15, have been awarded scholarships by the Western Art League. They were chosen from among technical school art students for the $25 scholarships because of their classroom records, and were prize winners at the Western Fair here in junior art competitions. They had to learn a new alphabet and a new way of writing when they came to Canada. They also had to learn new art techniques since all the work they had learned in China was in watercolors.

FROM RICE FARMS

Ken Wong attended public school in China and when the Communists began reorganizing the farmlands the Wong family farm of 2½ acres was amalgamated with other properties, the area then being turned into small communal holdings. His family sent him to Hong Kong, and shortafter he left for Canada.

Onn Chin also lived on a rice farm and left China in 1951. His talent for art showed itself early. In Canada, he won a prize at nearby Petrolia for a picture with fire prevention as its theme, and then won a prize in the senior group of art classes at Williams Memorial Art Museum.

Both say they intend to make art their profession.

Natal Man Attends Convention in Ohio

NATAL — Samuel English, president of the Michel Local, has been attending as a delegate of the Michel miners at the international convention of the United Mine Workers of America at Cincinnati, Ohio. At the last convention four years ago the Michel miners were represented by Simon Weaver of Natal, secretary of the Michel Union.

Turn Historic Alberta Church Into Museum

EDMONTON (CP) — Within a stone's throw of Edmonton's busiest downtown intersection, a tiny, little-known church is a unique storehouse of Alberta's early history.

Built in 1873, the George McDougall church was the city's first public building. In the years since it has been a college dormitory, a janitor's home and more than once it has been in danger of demolition.

Today, the lumber-covered log church, gleaming with a fresh coat of white paint, is a museum. Its walls are decorated with pictures of the province's beginnings and paintings of the first Protestant missionaries in the west.

PRESERVATION A MIRACLE

"It's more or less a miracle the church has been preserved at all" says Curator Rev. G. G. Pybus. "People have little use for old log buildings these days."

Originally built on a hill overlooking the North Saskatchewan River, the Methodist Church was constructed with the assistance of Hudson's Bay Company employees. Being the only Protestant church in Edmonton, it served for many years as a place of worship for all Protestant denominations.

At the beginning of the century the church was put up for sale and was about to be used as a farmer's granary when it was bought for $100 and given as a gift to the newly-founded Alberta College. The college removed a small gallery inside, built a second floor and converted the church into a dormitory.

HOME FOR JANITOR

In 1912 the dormitory was taken over as a home for the college janitor and remained as such until about 1935, when it was abandoned. Considered by the Alberta College board as a white elephant, on one occasion it was slated to be torn down and "thrown into the river."

But due to the efforts of a vigorous church committee, the old Wesleyan church was restored and in 1946 opened its doors again—as a museum. In 1954, it was moved for the fourth and last time to the east side of 101st Street, less than 100 yards from Jasper Avenue and only a few paces from its original site.

SOUTH SLOCAN ANGLICANS CALL FOR BETTER CHURCH ATTENDANCE

SOUTH SLOCAN—A renewed effort to get better attendance at church services and to improve the church's financial position will be made by parishioners of St. Matthew's Anglican Church

The congregation meeting was conducted by J. D. Yeatman, vicar's warden. Rev. Canon W. J. Silverwood was unable to attend but had asked for suggestions and opinions.

It was disclosed that about $1000 minimum is needed each year to keep the church open. To the end of September, receipts had amounted to only $600.

Attendance at services held on successive Sundays. at 11 a.m., 3:30 p.m., 9 a.m. and 7:30 p.m., is down, the 3:30 p.m. service being very poorly attended.

"It costs as much for the vicar to hold a service for three or four people as it does on a Thanksgiving or Easter Sunday when those three or four can't get in the door," stated Mr. Hammond.

The parishioners in attendance were forthright in their desire to keep the church open and to have Canon Silverwood continue as vicar.

Noel Brown, long-time resident of the district, summed up by saying, "I can remember when this church was built 40 years ago, and all the work and self-sacrifice that people put into it. We cannot let them down now by closing the church."

SUGGESTIONS MADE

Suggestions for improving attendance ranged from setting of a more regular time for services, to holding of a panel discussion within one service a month.

It was pointed out that the parish is a mission field, receiving financial aid from elsewhere, and is not self-supporting.

An exchange of pulpits with clergymen of other denominations to meet needs of St. Matthew's mixed denomination congregation, was also suggested. Holding Sunday School at the same time as church services might boost attendance at both, it was also stated

Letters will be sent to all families of the parish asking for financial and active support, and Mrs. Hammond, with help from others, will form a welcoming committee to inform new residents of church services.

Kimberley Boy's Condition 'Good'

KIMBERLEY — Melvin Lewis Downing, 13, who was injured in a shooting accident here, is in good condition in Kimberley, but will eventually go to the Coast for further treatment.

A bullet from a .22 calibre rifle severed the main nerve in one arm and entered one lung. The bullet was removed in an operation, but use of the arm is impaired.

The teen-ager was out with another boy when the rifle was fired acidentally as they attempted to dislodge a jammed cartridge.

More People Needed for Civil Defence

There is a somewhat cynical English saying, "In times of peace prepare for war," and in these days when war may mean the use of the atom bomb or that super horror, the hydrogen bomb, preparation for war is not only a matter of keeping all the armed forces in a position to wage war effectively, but also of making plans for the safety of the civilian population.

It is always difficult in times of peace for the general population to visualize the extent in which war may involve them. Even in England with all its experience in the last war there is an apathy towards taking preparatory measures to ensure some degree of order in the face of disaster, and in Canada there are only a few ready to sacrifice some of their spare time in Civil Defence. These few, however, are laying the ground-work for an organization which in time of emergency will be of the utmost importance to the country.

Undoubtedly the focal point of any attack on British Columbia would be Vancouver and the destruction of that city would paralyze the province. Should such a thing occur there would be a flight of population from the nearby communities to inland points. It is to meet such an emergency that individual Civil Defence organizations have drawn up plans which have been consolidated into a master plan to deal with the evacuation of refugees from Coast areas.

The Vancouver organization believes that it can evacuate people out of the city at the rate of 300,000 in eight and a half hours and that the Okanagan would be faced with receiving these. After the Okanagan had found places for as many as possible the West Kootenay would receive the remainder and Nelson would be expected to care for 30,000. The figures are impressive, but probably over optimistic. They take no account of panic and disorder nor of the fact that only one road leads to the Southern Interior. In such an emergency there would be the inevitable traffic jams due to stalled cars or other accidents. And in the case of evacuation to Nelson it is doubtful if a procession of cars could negotiate the hairpin turns of the road between Cascade and Rossland. In time of war it is by no means certain that the U.S. would allow refugees to cross her border.

From all this it is evident that there is a great need for more workers, people who in the time of emergency know what needs to be done and are prepared to do it. To deal with panic more are needed, to control traffic every mile of road will need someone in command and there are hundreds who in some way or other can be of service. The Civil Defence organization is doing good work. Its greatest handicap is the lack of volunteers. It is to be hoped that more will join the organization.

Uniting Behind Diefenbaker

An all too rare sense of real political service is exhibited by George Hees, 46-year-old MP for Toronto Broadview, in his statement from Trail, B.C., confirming his intention not to run at this time for the leadership of the Progressive Conservative party. He will throw the full weight of his very substantial support and influence to John Diefenbaker.

As a former president of the Progressive Conservative Association of Canada, Mr Hees has criss-crossed the country at least three times in the past three years and spoken in more ridings than any other Conservative MP. He is on a first-name basis with more than 75 per cent of the Conservative party workers who may be counted as prospective delegates to the convention in Ottawa. He stood an excellent chance of winning the leadership for himself had he decided to run and had he conducted the forthright, aggressive campaign typical of his political life.

Acting in what he believes to be the highest interests of his party, Mr. Hees has exemplified a sense of political responsibility not too common in Canada or in other democratic countries. His action will have an immediate unifying effect on the Conservative party and will put it in a stronger position for the next general election than it could possibly have held had Mr. Hees and Mr. Diefenbaker, the two outstanding contenders for the leadership, fought a hard and divisive campaign between them.

At 61, Mr. Diefenbaker has twice before been a candidate for the leadership. On both occasions he was defeated by provincial premiers who the party believed would bring to it the strength and prestige of their records as successful provincial administrators and vote-getters. Events proved delegates and party organizers were wrong.

In the House and outside, John Diefenbaker has been a peerless fighter, concerned chiefly with those deep and fundamental principles of freedom upon which our whole democratic system rests. Though a "lone wolf," he has always been touched with that imponderable quality known as "glamor," which enabled him to come down from the West as a Progressive Conservative winner from such an unlikely riding as Prince Albert.

Mr. Hees' withdrawal from the leadership race and his open and strong support for John Diefenbaker, combined with the support that the Saskatchewan MP already had, makes Mr. Diefenbaker's selection virtually certain.

Mr. Hees is to be congratulated on this move, which will bind his party closely together at a time when its unity was never more important. Mr. Deifenbaker has earned his chance to lead the Progressive Conservatives, and with the aid and support of such men as George Hees he can look forward to crowning his already distinguished political career with still wider and more useful service.—Toronto Telegram.

Press Comment

POOR HOSPITALITY

There are many fine, moderate-priced tourist accommodations in Canada which serve good meals and give a sense of welcome. But there are hundreds of others which just get by, offering indifferent service, giving the holidayer the impression he is fortunate to have a roof and a meal, making no effort to display the hospitality of Canada.—Ottawa Journal.

?Questions? ANSWERS

Open to any reader. Names of persons asking questions will not be published. There is no charge for this service. QUESTIONS WILL NOT BE ANSWERED BY MAIL except where there is obvious necessity for privacy

Ball Fan—In a professional baseball game does one particular player on the field call to catch a fly ball, or is it left up to each individual player?

On fly balls hit to the infield the catcher usually makes the decision, but if the ball is hit to the right side the shortstop may call it, depending upon the situation. On most professional teams the centrefielder is instructed to handle anything he can reach, with the result that he usually makes the calls. All the above information, naturally, comes with the understanding that when two, or more players, are in equally good position to handle the ball, they decide on the spot.

Lonely, Passmore—Small events are usually permitted when proceeds go to such purposes as you outline.

R. R., Nelson—I washed my little boy's Indian wool sweater and the red pattern ran. Can you tell me how I can bleach this out without bleaching other colors also?

Can other readers help?

T. T., Fruitvale—To what address would I have to submit an advertisement in a leading Ottawa daily paper? What is the paper called? I suppose there are many there but which would you consider the most popular?

There are two newspapers published in English in Ottawa: The Journal and The Citizen, both evening publications. Ottawa is sufficient address for both newspapers.

Puzzled Immigrant, Nelson—Why is the current baseball World Series called as such? It is obviously confined to North America.

It is obvious that the teams meeting in the World Series are superior to any other units. No national significance can be taken from the name.

Letters to The Editor

Letters to the Editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the signature and address of the writer. Unsolicited correspondence cannot be returned.

Trainmen Oppose Year Round Fast Time

To the Editor:

Sir—In accordance with news stories and editorials appearing in your paper on the subject, please be advised that the Brotherhood of Railroad Trainmen in Nelson, Trail and vicinity are unalterably opposed to Mountain Standard Time in this area on a year around basis.

FRED H. LOWE

Secretary-Treasurer,
Lodge No. 558, B. of R.T.

Press Comment

ORCHESTRAS NEED SUPPORT

Symphony orchestras are not money-makers. This is a gross understatement, because not a single one in North America pays its way.—Ottawa Citizen.

HUGE POPULATION

If our prophets are anywhere near accurate, the Canadian scene in the not far distant future will be almost unrecognizable from a population standpoint. — Montreal Star.

Watch Your Language

DIGRESS — (di-GRESS) — verb transitive, to turn aside; to deviate, especially from the main subject in writing or speaking. Origin: Latin—Digressus, past participle of Digredi, to deviate from. Di plus gradi, to step, walk.

It's Been Said

Busy not yourself in looking forward to the events of tomorrow, but those of the days which Providence may assign you neglect not to turn to advantage.—Horace.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Saturday, Oct. 13, 1956

MARCH 21 to APRIL 20 (Aries)—Good aspects from Mars, Jupiter and the Sun should hearten you and heighten ambition. Be sure that your objectives are worthy ones. Finances, sound business, labor favored.

APRIL 21 to MAY 21 (Taurus)—A day in which you can acquire unusual recognition for your fine talents and capabilities if you apply them as you should. Favors, increased salary, furthering one's prospects indicated. Be acquisitive.

MAY 22 to JUNE 21 (Gemini)—Government and military matters, hard tasks under sturdy, vigorous influences. New and unique ideas can further your progress.

JUNE 22 to JULY 23 (Cancer)—Gains to be made through real estate, sound business and financial transactions. Labor, domestic affairs, activities concerned with public welfare highly honored.

JULY 24 to AUGUST 23 (Leo)—Excellent indications now. Be ambitious, eager to advance (honorably, of course), and don't permit lapses in your usually good record. Don't strain health, however.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Fine influences for study, teaching, reporting, all mental work. Laborious duties are also favored, as are art, science and research.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Big issues and small ones (often very important) are both favored by fine, vigorous aspects. Of course, you must be attentive, give your best efforts. Rest some in free hours.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — You folks, when at your best, enjoy a stimulating day, plenty of competition, new offerings, challenges. Here's your day and the prospects and encouragement are strong. Good cheer!

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — Scientific studies, research, medicine, chemistry, tutoring, surgery among highly favored activities. Your innate love of knowledge and appreciation of values can bring many benefits.

DECEMBER 22 to JANUARY 20 (Capricorn) — Some careful planning will greatly facilitate a good outcome to this day. You have fine ability for doing well at your specific interests. Remember this.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Extend yourself and your activities. Push ahead but heed others' rights. Day has hidden opportunities; seek them out.

FEBRUARY 20 to MARCH 20 (Pisces) — You can make further ascent up that ladder of achievement during this helpful, generous period. Be attentive to your special duties. Attend to important matters first, then the lesser ones. Relax, too.

YOU BORN TODAY are by nature kindly, generous, helpful. You think nothing of making sacrifices for your family and others will stand as firm for their rights as for your own and are fearless in defense of the "underdog." You choose friends for their qualities, not their wealth or prominence good! You can accomplish in a big way at a profession, religious life, in a trade, farming, industry. You are honorable, despise trickery and disorder.

King Features

CNR Goes Along With the Fun

MONTREAL (CP) — The letter from the Canadian National Railways said: "Dear Sir, we are sending you a locomotive whistle."

In Keflavik, Iceland, Lt-Col. Floyd B. Whitlow, commanding officer of the U. S. 57th Fighter Interceptor Squadron received the letter, read it and then read it again, to make sure. Why, he wondered was the CNR sending him a locomotive whistle?

The letter said the whistle was being delivered to him by the RCAF. An RCAF squadron makes stopovers at the NATO installation in Iceland when delivering jet fighters to Europe.

Also, said the letter, FO Gus Gagné, commander of the RCAF detachment at Keflavik Airport, would duly present the whistle in person when it arrived

NO DETAILS, ONLY WHISTLE

Col. Whitlow called FO. Gagne. "What's this about a whistle?"

"Oh, yes, colonel. I have it right here, came in last night. Where do you want me to deliver it?"

Pressed for details, FO. Gagne had none, only the whistle.

Col. Whitlow began getting somewhere when he checked his own unit.

It turned out that some weeks ago, Capt. Robert Hartl and Lieut. James Cooney were on a mission with the RCAF when weather conditions forced them to land in Montreal. While there the American and Canadian airmen compared notes on different types of aircraft of each country.

Capt. Hartl remarked that when loaded with fuel, his jet flew like a Baldwin locomotive, except it didn't have a whistle.

FO. Ken Smith of the RCAF, through Sqdn. Ldr. E. Trotter, arranged to correct the situation.

CNR PLAYS ALONG

They got in touch with vice-president S. F. Dingle of the CNR. He agreed to go along with the game and supply a "billy" locomotive whistle.

The CNR dug up an old three-foot whistle, polished, painted and mounted it on a stand and then asked the RCAF to deliver it on their next mission to Iceland.

After hearing the story Capt. Whitlow said he would be happy to accept the whistle on behalf of the squadron. The whistle, an engineer's cap and bandanna were formally presented to the 57th by FO Gagne at a squadron party.

Shop crews hooked up a compressed air unit to the whistle and now it stands in the 57th area where it is used to sound military formations.

"It's nice to hear a locomotive whistle again," said one airman, "but what a heck of a way to sound reveille."

McGill Works on Fall Allergies

MONTREAL (CP) — McGill University researchers are making headway against the allergy involved in hay fever and asthma.

A team of 14 young scientists, headed by a medical doctor and a physical chemist, is hard at work on the causes of the allergic reaction that makes autumn weeks a misery to thousands every year. Continuous research is under way in the university's Donner Building for medical research. Already a dozen papers have been published on the project, and scientists all over the world are calling for results.

RELEASE HISTAMINE

Allergy symptoms occur when allergens, entering the body, release a substance called histamine, a powerful agent normally held in suspension by body cells. Anti-histamine compounds are frequently used to relieve symptoms. The McGill researchers' aim is to discover just how the allergy reaction is produced, why some people are immune to it, and what can be found to stop it.

There is no final solution yet. Some sufferers get relief by taking skin injections to de-sensitize the blood to specific allergens. Others dose themselves with a variety of drugs to relieve the worst of the symptoms.

The best medical advice is still to meet the problem by avoiding it. Don't go near that ragweed.

CLEAN PIGGERIES

COSFORD, Eng. (CP) — Residents of this Suffolk village have been told they can keep pigs in their back gardens, providing the "number of pigs and the manner in which they are kept do not cause a nuisance."

To Include B.C. Community In TV Circuit

TORONTO (CP) — Trans-Canada Telemeters Ltd., a subsidiary of Famous Players Corporation, announced Thursday it plans closed circuit television for three widely-scattered communities.

Town council of North Battleford, Sask., 80 miles west of Saskatoon, has approved a $200,000 system in principle. The company must receive formal ratification from council.

An official of the company said Thursday it plans to instal a system in Kenora, Ont., and Kitimat, B.C., at some future date.

In North Battleford and Kenora, the company would provide programs piped through wires from a community television antenna. Later it would originate movies in a studio and pipe them over a second wire. Set owners would pay a monthly rental for the service.

In Kitimat only the second system would be used.

Later the company plans a pay-as-you-see system whereby subscribers would deposit a coin in their sets to receive programs, the official said. The programs would be scrambled over the wires and unscrambled when the coin is deposited.

In North Battleford it was announced the system would be available in about a year.

Trace Missing Man to Montreal

LOS ANGELES (AP) — L. Ewing Scott, wanted on theft and forgery charges in connection with the estate of his long-missing wife, has been traced to Montreal.

Det.-Sgt. Ward Hallinen, sent by the Los Angeles sheriff's office after it was discovered 10 days ago that Scott entered Canada May 14, says he has now tracked the 60-year-old Scott's movements through July 15.

At that time, he left Ontario, supposedly for Montreal, Hallinen reported.

Scott disappeared from Los Angeles while under indictment on 13 counts of forgery and grant theft involving the $650,000 estate of his wife, Mrs. Evelyn T. Scott, who has been missing since May, 1955. He forfeited $25,000 bail.

Hallinen said he has learned that Scott was seen in expensive hotels in the Toronto area and that he obtained Ontario plates for his car and an Ontario driver's licence under the name of R. E. Scott.

Hallinen said he plans to go to Montreal to see if he can pick up the trail.

Ike Will Appear if Needed Before U.N.

UNITED NATIONS, N.Y. (AP) —If President Eisenhower should ever sit on the UN Security Council he would be the first leader of a big power to do so.

The president told a press conference in Washington Thursday he would appear before the council if he felt that could help solve the Suez crisis.

In the current Suez Canal debate seven members are represented by their foreign ministers. There is a rule of procedure that would permit Eisenhower to participate even without going through a formality required of permanent delegates.

PEGGY WRIGHT PRESIDENT OF BAPTIST CGIT

Members of the Canadian Girls in Training at First Baptist Church have appointed officers for the new season.

They are president, Peggy Wright; vice-president, Marilyn Kary; secretary, Reneta Kreig; treasurer, Muriel McNabb; reporter, Patsy Wright; social convenor, Verna Krieg.

The group fulfilled chevron requirements prepared by the national CGIT committee. This award is based on semi-yearly reports of group activities, and the chevrons are public recognition of good work on a balanced program. The girls can win a chevron every year, but leaders wear only one chevron.

Newlyweds To Reside in Nelson

The former Lucy Plensky, daughter of Mr. and Mrs. Plensky of Nanaimo, became the bride of Robert Beck of Nelson in a United Church ceremony, recently.

The bride was attired in a grey suit with navy accessories. Her corsage was of pink carnations.

The bridesmaid was Miss Joan Marchi of Slocan City, a friend of the bride. She wore a blue princess-style dress with white accessories. Her corsage was of pink and white carnations.

Mr. Sam Maginton of Nelson was best man.

A reception was held at the home of Mr. and Mrs. Waginton where many friends gathered.

Telegrams were read by the couple and also by the bridesmaid and best man.

After a honeymoon in Vancouver and Nanaimo, the couple will take up residence in Nelson. The bride and groom are both employed by the Canadian Pacific Railway.

MAN'S WORLD

BRIGHTON, Eng. (CP) — The local horticultural society is organizing a special class for men —knitting.

Delegate Named to Anglican WA Meet

NEW DENVER — Miss L. Meinardus was appointed delegate to the Anglican Woman's Auxiliary meeting to be held at South Slocan today when St. Stephen's WA held its monthly meeting at the home of Mrs. Q. A. Forsythe.

Mrs. J. L. Wilson, Mrs. M. E. Emerson and Mrs. R. Fairhurst were welcomed as prospective members. The Bible reading was given by Mrs. E. A. Reynolds, and Miss L. Meinardus read a verse. Mrs. G. Harper and Miss G. C. Wright were welcomed as guests.

Coax Young to Eat With New Breakfast Idea

By ALICE DENHOFF

Food patterns change with the seasons. So if your brood has been skipping breakfast, the changing season should be the signal to change their breakfast pattern.

Everything steps up — school activities, work and play. Appetites are sharpened, too, by the brisk, cool air.

GOOD BREAKFAST

A good breakfast provides about one third of the food needed for the day and is nutritionally of vital importance. Milk, cereal and fruit combine to make an entirely adequate breakfast, even if a simple one, provided enough of each food is taken. But, of course, the thing is to add to and vary the basics, to provide little surprises so that the meal becomes a pleasure rather than just a set rite.

The youngster who balks at cereal will become a real fan if cereal is topped with brown sugar and a few raisins. The little girl who just won't drink her milk will ask for a second glass if her mother adds something to it.

CHOCOLATE DRINK

With Chocolate Honey Milk, one doesn't have to be a little girl to enjoy it.

To prepare, stir ¾ cup water into ½ cup cocoa. Cook to a smooth, thick paste.

Add ¾ cup honey. Reheat.

Add ¼ teaspoon salt, teaspoon vanilla, tablespoon butter. Mix well. Store in covered jar in refrigerator.

When ready to serve, add 2 or 3 tablespoons to 1 cup of hot or cold milk.

Those who balk at just plain old eggs, served in the usual boiled, poached or fried ways, are delighted when served shirred eggs cooked in one of Nature's containers — green peppers or tomatoes. They are healthful, different and delicious. This recipe for Savory Shirred Eggs will serve 3 to 6.

How to KEEP FIT after 50

In the old days fifty seemed the signal to slow down—take things easy—watch your diet—get more rest. It's still good advice. But these days you can face fifty with many interesting and active years ahead,—active, that is, if you can avoid backache and the "tired-out" feeling, due to kidney and bladder disorders, that often develop around that age. For more than 60 years Dodd's Kidney Pills have been helping men and women of all ages to keep kidneys and bladder in good order,—helping them to feel better, to work better, and get more fun out of life. If you are approaching fifty, or past it, Dodd's Kidney Pills may help you, too. You can depend on Dodd's. 54

GLAMOR TRIM

Add a sparkling touch to your fashions this easy, thrifty way! Small and larger motifs of pearls, rhinestones, sequins—to sew on blouses, sweaters, collars, pockets.

Pattern 731: Transfer of 16 motifs in 4 designs from 1¾ x 1¾ to 4¼ x 6 inches. Glamor trim!

Our gift to you—two wonderful patterns for yourself, your home—printed in our Laura Wheeler Needlecraft book for 1956! Dozens of other new designs to order — crochet, knitting, embroidery, iron-ons, novelties. Send 25 cents for your copy of this book NOW—with gift patterns printed in it!

LONDON (CP) — A notice outside the headquarters of a religious group in London reads: "Location of Hell Discovered. Welcome."

For green pepper containers, just cut off top, remove seeds to make a cup, parboil 3 minutes in boiling water, drain. To do whole tomatoes, just cut off tops, scoop out center(not too generously). If you're not using vegetable containers but just plain ramekins, then simply grease sides and bottoms with butter or margarine.

Whatever vegetable is used, salt and pepper the inner surface. Slip an egg into each prepared cup. Season top with bits of butter, lemon juice and, if desired, a dash of powdered thyme and basil for flavor. Place on baking pan.

If green pepper or ramekin is used, surround with hot water. Bake at 350 degrees F. until eggs are set, about 15-20 minutes.

Don't irritate child's intestines with "too-strong laxatives"

Science at last has developed Children's Own Tablets for your child's protection — No cramps! No gripes! No bad taste!

Stop using harsh laxatives that may irritate the tender walls of your child's intestines, causing cramping, griping, or weak, uncomfortable feelings. Large, harsh, adult-size laxatives are often too strong for children. They work, but they may irritate the delicate membranes in the intestines. Medical science has at last developed Children's Own Tablets — clinically-tested for children's needs . . . just strong enough . . . not harsh . . . in tablet form, pleasant-tasting, easy to take! Relieves upset tummy, too. So try Children's Own Tablets today — made by the makers of Baby's Own Tablets. See if they are not the answer to your child's laxative problems.

Children's Own TABLETS

Recipes . . .

Skillet Meals Delicious For Cool Weather

By MARGARET CARR

Cool weather calls for substantial meals and one of the best shortcuts we know is to build those meals around skillet main dishes.

The gentle braising of well-browned meat in a covered skillet brings out goodness and flavor guaranteed to satisfy the huskiest appetites.

Main dishes made in a skillet and combining a savory meat with potatoes, rice or a starchy vegetable, are practically meals in themselves. The little addition needed to round out the meal can be whipped together in mere minutes.

FRIED CHICKEN VICHYSOISSE

1 frying chicken, cut up
½ cup flour
1 tsp salt
⅛ tsp. pepper
1 tsp. paprika
¼ cup butter or margarine
¼ cup lard
2 cups thinly sliced potatoes
¾ cup sliced green onions
2 chicken bouillon cubes
1 cup hot water
1 cup sour cream

Coat pieces of chicken with flour to which seasonings have been added and fry to a golden brown in the butter and lard. Pour off excess fat. Push chicken pieces to centre of pan and arrange sliced potatoes in circle around chicken, salting potatoes lightly. Sprinkle onions over all, add bouillon cubes dissolved in hot water, cover and simmer for 30 minutes, until chicken is tender. Remove cover, pour sour cream over chicken and continue to cook over very low heat for about five minutes, until mixture is heated through. Makes four servings.

BARBECUED ROUND STEAK

2 pounds round steak, cut ½ inch thick
¼ cup flour
1½ tsps salt
¼ tsp pepper
1½ tsps dry mustard
2 tbsps butter or margarine
1 tbsp brown sugar
1½ tsp Worcestershire sauce
2 tbsps vinegar
¾ cup water
1½ 4-ounce cans tomato paste
1 small clove garlic minced
½ cup chopped onion
½ cup chopped green pepper
¼ cup chopped parsley

Cut meat into pieces about one inch in width and 2½ inches in length and coat in flour combined with salt, pepper and mustard. Brown slowly and evenly in butter in heavy skillet. Add remaining ingredients, cover and simmer for about 1½ hours until the meat is tender. Add more water, if necessary, during cooking to prevent sticking. Makes 6 to 8 servings.

Serve with buttered green limas or over hot noodles or rice, with assorted relishes and crusty French bread.

DEPARTMENT STORES

Canadian women are buying more goods in department stores in every province except Quebec.

A sharp drop in purchases of rayon clothing by Australian women has been reported.

OVERSEAS LINK

HASTINGS, England (CP) — The coat-of-arms of this ancient Sussex town has been adopted by another Hastings in New Zealand.

Sanca Notes

SANCA—Eric Sandeson of Cowley was a recent guest of Mr. and Mrs. F. Holmes.

Dr. and Mrs. Ness have returned from a visit to Vancouver.

Mrs. D. V. West is visiting friends at Erickson.

Mr. and Mrs. Earl Wilson and children of Salmo have been spending a few days visiting the former's parents, Mr. and Mrs. L. Wilson.

Miss A. Bantin of Lethbridge is spending a holiday with Mrs. Saxby-Hawkins.

The Doctor . . .

New Drugs Aid Alcoholics

By Herman N. Bundesen, M.D.

Science has developed a new "keep sober" drug which literally makes the backsliding alcoholic blush all over.

It also makes things safely unpleasant for the drinker and reminds him of his indiscretion in a vivid manner.

REHABILITATION PROGRAM

It's called, Temposil. Doctors believe it may be an aid in keeping alcoholics on a rehabilitation program.

In a recent issue of the Canadian Medical Association Journal, Dr. J. K. W. Ferguson of Toronto tells what happens when a person who has taken Temposil also downs some alcohol.

He says the combination of alcohol and the drug produces "intense flushing of the face and neck and often the whole body, accompanied by a rapid pulse, a pounding heart and also panting respiration."

At this stage acetaldehyde can be tasted or smelled by the subject on his own breath. Sometimes nausea and vomiting follow. And in severe reactions, a precipitous fall in blood pressure may occur, particularly if the patient attempts to stand or sit up.

A severe reaction, Dr. Ferguson says, is a terrifying experience. I think you'll have to agree. But, he adds, the more dramatic symptoms usually subside within a few hours and the patient generally is none the worse after 24 hours.

Many other drugs now generally used to keep an ex-alcoholic on the wagon, may develop unpleasant side effects such as drowsiness, weakness, unpleasant taste, unpleasant breath, body odor or impotence whether or not alcohol is taken.

With this drug, Dr. Ferguson explains, he will experience relatively mild side effects — as long as he abstains. However, he cautions against "frivolous or unsupervised use" of the drug.

Another drug, Meratran, appears to eliminate the urge for excessive drinking of alcoholic beverages among some patients whose imbibing is associated with depression. It was used in tests in conjunction with psychotherapy work.

Science is trying hard to combat alcoholism.

Deer Park

DEER PARK — Mr. and Mrs. Ralph Briggeman and children returned to their home here after spending the holiday weekend at Fernie.

The C. A. Crockett family have moved to Nelson where they will make their new home.

C. T. Williamson returned to his home here after spending a week hunting in the Windermere and East Kootenay district.

Mr. and Mrs. J. J. Reimer of Renata and Mr. and Mrs. W. G. Leslie of Nelson were visitors to Deer Park, the guests of Mr. and Mrs. C. T. Williamson.

Roomy Kitchens Again in Style

OTTAWA (CP)—There's a trend toward the roomy kitchens of grandmother's time, says an interior decorating expert.

Modern styling indicates that kitchens will again provide a centre of activity and leave the living room for formal occasions, says Mrs. Eleanor Brown of Toronto.

Addressing a women's group here, Mrs. Brown also indicated that the latest trends in color decorating are toward pearl greys with red and blue shades.

For accent, the modern colors are lime green and gold. For sophistication, one color with its various intensities proves popular.

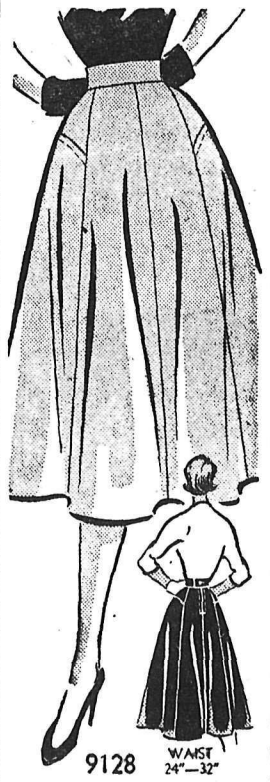
And color is an important consideration when it comes to decorating. Color influences emotions and sound, the decorating expert explained.

For instance, reds can make one jumpy and excited. Or blues can make you feel chilly.

Mrs. Brown suggested that individuals surround themselves with the colors they like.

But she recommended that rooms be decorated with two colors, using a third as an accessory. Light colors — easily kept clean—can be used for kitchen floors. Combining colors of the "same family" give small, low-ceilinged apartments a more spacious appearance.

Dress Up With Marian Martin



Fashion "must" or a fall separates wardrobe! The beautiful flare skirt that teams so well with all your blouses, sweaters, glamorous evening tops. This new style—as easy to sew as it is flattering to wear! Perfect for bengaline, soft woollens, velveteen!

Send THIRTY-FIVE CENTS (35c) in coins (stamps cannot be accepted) for this pattern. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBER.

Send your order to MARIAN MARTIN, NDN, 60 Front St. W., Toronto, Ont.

Riondel Notes

RIONDEL—Mrs. T. Holmes and Mrs. A. Hill spent an enjoyable two-day holiday in Trail recently visiting and shopping.

Miss Judy Case, who is attending business college in Calgary, spent the Thanksgiving holiday with her parents, Mr. and Mrs. Jim Donald and family.

G. Charlton of Creston spent Thanksgiving Day with Mr. and Mrs. V. Gendron.

Mr. and Mrs. G. Sicotte of Harrop visited with their daughter, Mrs. T. Holmes.

Renata WI Hears District Prexy

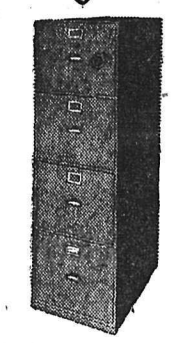
RENATA — A special meeting was held at the home of Mrs. I. Wiebe at which the Kootenay District Women's Institute president, Mrs. Clyde White of Willow Point, and Mrs. R. W. Chalmers of Robson, addressed the Renata WI members. Two Deer Park WI members attending were Mrs. Fred Briggeman and Mrs. E. Williamson.

Mrs. White gave the members a vivid description of the picnic held at Sullivan Lake, Wash., at which 25 B.C. Women's Institute members and 75 American Homemaker's Club women attended. She extended an invitation to another such picnic to be held at Nelson the third Wednesday in July next year. She gave helpful suggestions regarding the Canadian Association of Consumers in relation to group membership. Mrs. Chalmers related several humorous human interest stories. Both talks were helpful and encouraging to a compartively new Women's Institute.

First Fall Renata WI meeting will be held at the home of Mrs. I. Wiebe October 19.

KNOW YOUR BUSINESS

Melting Point?



It's 350° F.—the temperature at which paper records char and become unusable. And when that happens, you may be one of the 43 out of 100 firms that go out of business following a fire. Adds Canadian Names to Resricted List

WASHINGTON (AP) — The United States Securities and Exchange Commission Thursday added 19 companies to its "Canadian restricted list."

The commission describes the list as a roll of firms "whose securities, the commission has reason to believe, recently have been or currently are being distributed in the United States in violation" of legal registration requirements

The newly-listed firms:

Colonial Asbestos Corp., Ltd.

Consolidated Thor Mines, Ltd., Cove Uranium Mines, Ltd., Dubar Exploration Ltd., Fleetwood Yellowknife Mines, Ltd., Great Valley Exploration and Mining, Ltd., Kaiser Development Corp., Ltd., Key West Exploration Co., Ltd., Kirk-Hudson Mines, Ltd.

Lee Gordon Mines, Ltd., Mercedes Exploration Co., Ltd., Ninino Endeavor Co., Ltd., Haitian Copper Corp., Ltd., Obabika Mines Ltd., Quebank Uranium Copper Corp., St. Pierre and Miquelon Explorations Inc., Wainwright Producers and Refiners, Ltd., Westville Mines, Ltd., Winston Mining Corp., Ltd.

REMOVE THREE

SEC also announced it has removed three firms from its previous restricted list "on the basis of representations made and information furnished to the commission."

The three are Crowpat Minerals Ltd., Oil Selections Ltd., and de Coursey-Brewis Minerals Ltd.

The original list issued last April named 135 firms and 14 were added later.

BEAR FACTS

The grizzly bear is one of the most devoted mothers in the animal kingdom — playing for hours with her cub and feeding it choice food.

Winnipeg Grain

Barley, No. 1 feed, 1.01⅞.

Driver's Shoes Raise Question

SYDNEY, Australia (CP) — Should the Duke of Edinburgh's chauffeur wear shoes? That is the question on everybody's lipe in New Guinea.

The duke visits New Guinea in November as part of his Olympic Games tour of Australia. In New Guinea he will travel in the administrator's luxury automobile, a new British-made Princess.

The duke's driver will be the administrator's chauffeur — a "Fuzzy Wuzzy" Papuan in dazzling uniform.

The "Fuzzy Wuzy," who drives barefooted for the administrator, has been told he'll have to wear shoes for the duke. Many people say the order is unnecessary and could possibly be dangerous. Papuans are not used to shoes. The chauffeur's foot could slip at a critical moment — to the peril of the duke.

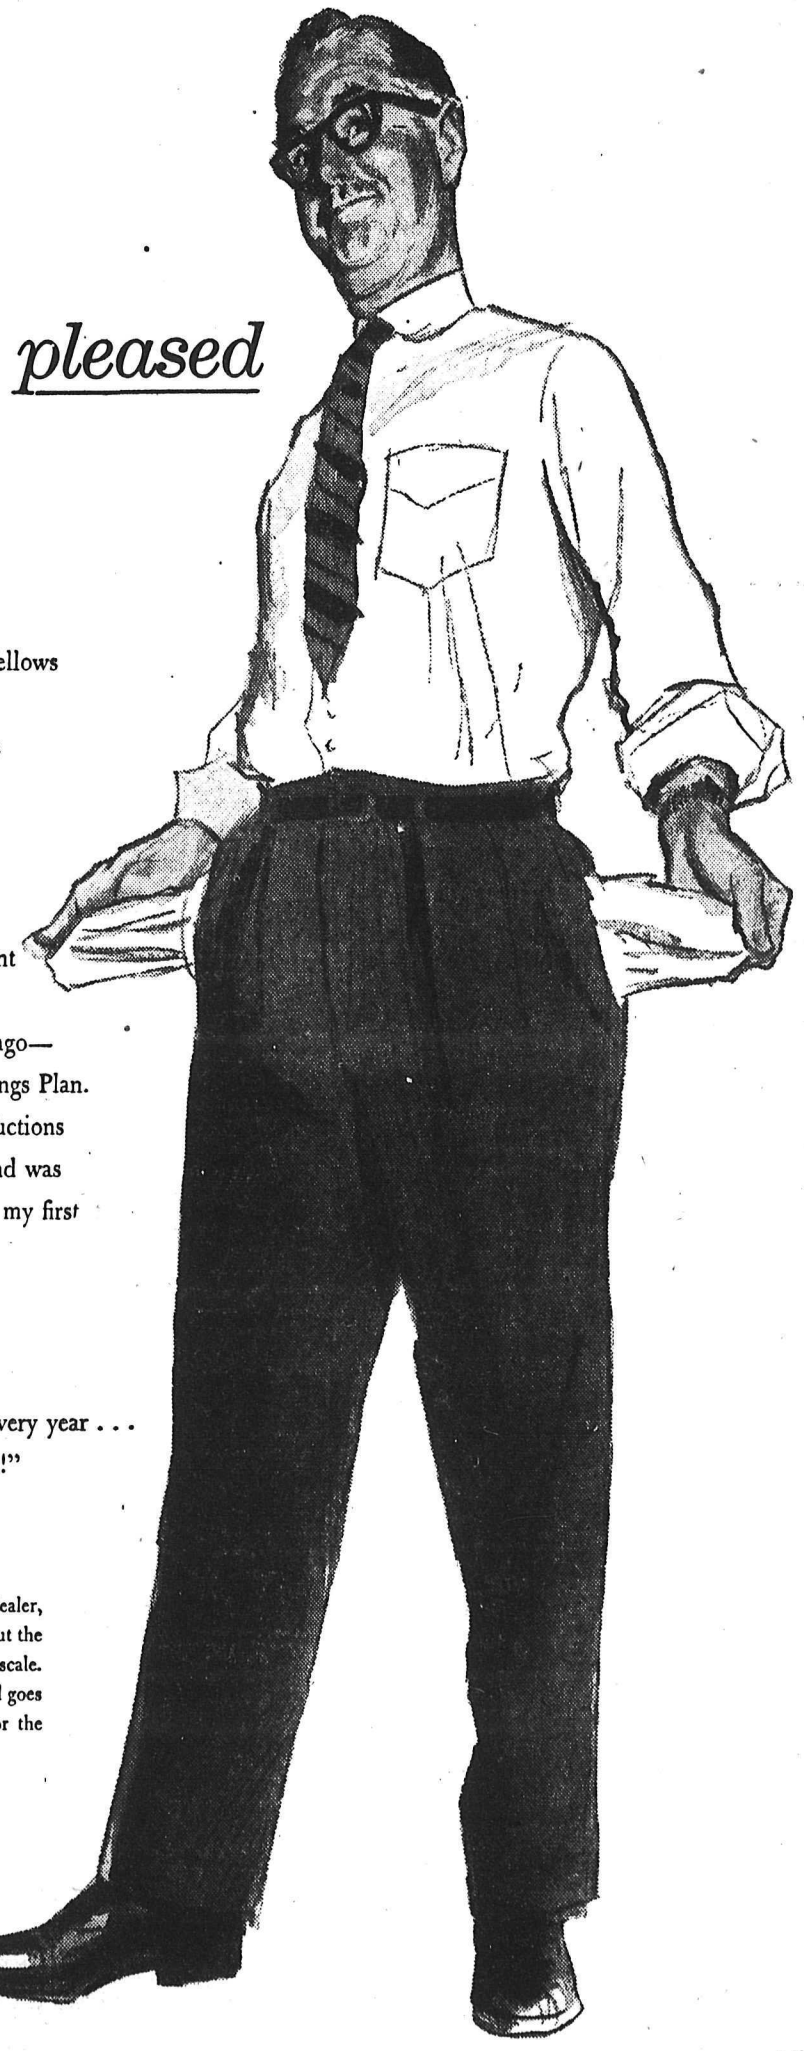
SEE THIS PAPER OCTOBER 17TH

I'm mighty pleased with me!



"You know . . . I'm one of those fellows who confidently stuffs his pay in his pocket . . . only to find that the money magically got itself spent —on what? I never knew.

Then it happened . . .

In what I considered a weak moment I signed up for a couple of Canada Savings Bonds a few years ago— through my company's Payroll Savings Plan. I really didn't miss the regular deductions —not after the first one anyway. And was I a surprised and happy man when my first paid up bonds were handed me!

Money I'd saved!

I'm mighty proud of me!

Naturally, I've kept on doing this every year . . . and I'm doing it again this October!"

Ask your investment dealer, bank or pay office about the stepped-up interest scale. It begins at 3¼% and goes up in steps to 4% for the last 7 years.

The SHORT CIRCUIT

By JOHN SHORT
Sports Editor

Your agent spent shortly more than an hour Thursday afternoon on the soccer field with Joe Johnson and some 20 or 25 youngsters from grades seven and eight.

We were playing soccer.

And I say without fear of contradiction that we were enjoying ourselves.

Joe admitted after the game—the grade eight team won 3-1—that he has been having difficulty attracting youngsters to enrol in the program he has outlined for the winter months.

I expected the friendly Scottish recreational director to have difficulties. But because it was anticipated did not make it any the more pleasant.

In fact, things are much less pleasant. When one knows Nelson's attitude towards personal recreation, he automatically begins hoping something will be done to change it.

But he is hoping against hope.

• • •

Recreational programs are only as successful as the participants are enthusiastic. And on paper, Mr. Johnson's program looks like a fine one, while in discussions almost everyone claims an interest.

Claiming an interest, as so many of Nelson's youth have been doing, seems to me only giving lip-service. Because few have stepped forward to enrol.

It is the same story everywhere.

Last winter, my first in Nelson, hockey was almost the sole topic of conversation. Discussions raged, pro and con, about the virtues and shortcomings of one player or another, the coach and the executive.

But the interest extended no farther than the conversational stage. And the same type of situation is facing Joe Johnson now.

Joe figured, and rightly, that a rock 'n roll class would attract teen-agers by the gross, but at last count, only 42 had registered.

Surely, more than 42 youths of Nelson have "flipped" (is that word still in good standing with the bop-talking set?) over Elvis Presley, Pat Boone, Fats Domino and all the rest of the wriggle-and-wail set.

Where are they?

Golden Rage Now Rozy Haze; Wins $3000

ALBANY, Calif. (AP)—Favored Golden Rage took an early lead and held it to win the $3000 San Mateo Handicap Thursday at Golden Gate Fields.

Golden Rage with Johnny Longden in the saddle, defeated Wind Wings, which challenged strongly in the stretch, by three-quarters of a length.

Wings Cop Opener as Leafs Tie Bruins

Ullman Fills New Post Ably; Scores One Goal, Helps Lindsay to Another

DETROIT (AP) — Detroit Red Wings spotted an early goal to Chicago Black Hawks Thursday and then rallied in the last two periods to win their National Hockey League opener, 3-1.

Victory gave Detroit first place in the standings, since Boston and Toronto tied 4-4 in the night's other opening game. Neither Montreal nor New York has started league play yet.

Norm Ullman and Metro Prystai scored to send Detroit ahead in the middle period and Ted Lindsay fired an insurance tally in the final.

Hank Ciesla clicked for Hawks at 2:29 of the first period while Lindsay was in the penalty box. He slammed home a board pass by Wally Hergesheimer after defenceman Marcel Pronovost and goalie Glenn Hall missed clearing the puck as it drifted slowly across the goal mouth.

ALL CLOSE ONES

The three Detroit tallies also were from close in. Ullman killed a clever pass-out from Gordie Howe early in the second and Prystai converted Alex Delvecchio's goal-mouth pass while Jack McIntyre served a Chicago penalty.

Hawks kept the pressure on until Lindsay's goal on Howe's pass at 15:12 of the third period.

Smith's Late Tally Gives Toronto Tying Goal; Tod Sloan Nets Two

BOSTON (CP)—Sid Smith flipped in Jim Thomson's rebound midway in the third period Thursday night to give Toronto Maple Leafs a 4-4 tie with Bruins in their National Hockey League opener at the Boston Garden.

Tod Sloan, Toronto's 37-goal scorer of last season, got Maple Leafs' first two as Leafs rallied four times to achieve the deadlock.

Smith scored at 8:46 of the final after Rudy Migay had fed a long pass to Thomson, whose shot bounced off goalie Terry Sawchuk's pads.

TORONTO BOUNCES BACK

Boston, weak in passing and in puck clearing, got away only 10 shots against Toronto rookie goaltender Ed Chadwick in the last two periods, of which two were goals.

Al Stanley, Boston defenceman acquired in the off season from Chicago Black Hawks, opened the scoring at 8:11 of the first period with a 55-foot shot. Don McKenney, Jerry Toppazzini and Johnny Peirson each contributed Bruin goals but Toronto always came right back.

Rookie Gary Aldcorn tied the score 3-3 at 14:09 of the second period.

Centennial Committee Names District Aides

Officials of all B. C. sports and athletic organizations have been called upon by the B. C. Centennial Committee to assist in 1958 celebration planning. Professor R. F. (Bob) Osborne, chairman of the Centennial Sub-Committee on Athletics and Sports said, "We hope to contact as many officials of the sporting fraternity as possible.

"We also want to hear from any Local Centennial Committee, anywhere in the province, which hopes to include sports events in its local celebrations."

The committee is anxious to encourage the holding of important sports events such as national and international championships in B. C., during 1958. It will assist in, and encourage the development of present or new provincial championships.

Besides promoting national and international events, the committee hopes to assist in arrangements for inter-city competition and special appearances of outstanding athletes and sports figures.

Corresponding members who have been appointed in various committees to act as liaison in their areas are Dr. George Athans, Kelowna; J. A. Lundle, Powell River; Frederick Bishop, Alberni; H. R. MacKenzie, Kamloops; Charles Cawdell, Prince George; P. J. McIntyre, Trail; Russ Dyer, Chilliwack; F. Martello, Creston; D. Forward, Kitimat; Howard Thornton, Vernon; Bruce Humber, Victoria; Les Edwards, Penticton; Lester Patrick, Victoria; and Pete Maffeo, Nanaimo.

FLYERS RALLY TO STOP SMOKIES IN EXHIBITION

TRAIL—Dave Gordichuk scored three goals here Thursday night to pace Spokane Flyers to an exhibition hockey victory over Trail Smoke Eaters in the last competitive appearance for both squads before they meet Saturday night in the Western International Hockey League opener.

Gerry Penner had flipped home a pass from Dickie Warwick midway through the second period to tie the score before Flyers took over. Gordichuk scored twice and veteran Frank Kubasek once to wrap up the verdict.

Tom Hodges and Adrian Zahara scored the other Flyer goals with Ray Demore and Al DiPasquale tallying for Trail.

Bill Warwick, second of the hockey-playing brothers who recently transferred their allegiance from Penticton to Trail, via Sudbury, assisted on Demore's marker.

Eleven penalties were called, six to the victors. Danny McDougald, who played for Nelson in an exhibition at Civic Arena Monday evening, drew three of the Flyer assessments, including a 10-minute misconduct late in the final period.

LUMLEY AGREES TO HAWK TERMS

DETROIT (AP) — Goaltender Harry Lumley has agreed to terms with Chicago Black Hawks and is to report to Buffalo Bisons in the American Hockey League.

The 29-year-old veteran goalie left Hawks' training camp at Chicago last week for his home in Owen Sound, Ont., after a dispute over his 1956 contract.

Tommy Ivan, Chicago coach and general manager, announced here Thursday that Lumley has signed a new contract, but would not disclose the salary settlement.

Fights

By The Associated Press

CHICAGO—Spider Webb, 156, Chicago, outpointed Charlie Cotton, 154, Toledo, O

SCARBOROUGH, England (CP) — An advertisement in a shop window in this Yorkshire town says: "Youth leaving school wanted for butchering."

Front Office Shaken Up By Chicubs

CHICAGO (AP) — Charlie Grimm and John Holland, Los Angeles general manager, were named vice-presidents of Chicago Cubs Thursday in a shake-up that included resignation by field manager Stan Hack, player personnel director Wid Matthews and business manager Jim Gallagher.

It also was announced that Holland will today name a manager to succeed Hack.

Former catcher Bob Scheffing, who directed Los Angeles to the Pacific Coast League pennant this year, was rumored to get Hack's job.

The appointments were the first made by owner P. K. Wrigley in a housecleaning of Chicago Cubs who finished last in the National League this year.

NEWK ABOARD JAPAN-BOUND DODGER PLANE

NEW YORK (AP) — Big Don Newcombe caught the plane to Japan with Brooklyn Dodger teammates on Thursday after being "lost" for almost 24 hours.

The Newcombe story was headline news overnight when Dodgers' jumbo-sized righthander disappeared after disobeying orders by leaving the clubhouse following his fourth-inning knockout in Wednesday's final world series game against New York Yankees.

Newk's wife was flying to Los Angeles to join the party of Dodger players, officials, and wives who will make the trip. The club plays 21 exhibition games in Japan and en route.

"I knew he was going all the time," said manager Walter Alston. "If not for Newcombe in the series to start with."

SCORING SPREAD OUT

QUEBEC (CP) — Quebec Aces scored two goals a period Thursday night as they ran up a 6-3 win over Montreal Royals in the opening game in the Quebec Hockey League season.

LEICESTERSHIRE WINS

LONDON (Reuters) — Leicestershire defeated Warwickshire 6-3 in a Rugby Union county championship match.

Leake Maintains Scoring Lead

WINNIPEG (CP) — Halfback Buddy Leake of Winnipeg Blue Bombers maintained his lead in the Western Interprovincial Football Union with his accurate toe, but two opposition plunging backfielders were stopping the race from being a runaway.

Ken Carpenter of Saskatchewan and Ed Vereb of B.C. Lions are deadlocked for the runner-up spot. Vereb scored three touchdowns in Lions' single weekend game to boost his total output to 11 touchdowns. Carpenter has an identical record.

Leafs Have Weighty Problem With Opener Only Day Away

Hockey mentors throughout Canada and the United States — probably in Europe as well — are screaming tirades against overweight hockey players.

Opening games in the various leagues are drawing nearer even as you read this and several hockey teams have yielded to whatever influence leads to additional weight.

Here in Nelson, two of playing-coach Pat Egan's stand-bys are fighting a battle against excess suet. And judging from cries of "the scale's wrong," both are having a tough struggle.

Wendy Keller, hard-working winger, and Murray Parker, last year's most effective defenceman, both checked into camp at the first of the month, obviously a little on the heavy side.

Both are still in that condition, but coach Egan's slave-driver training tactics are beginning to pay off.

WARRIORS WORK HARD

He estimated that the club will be in playing condition by the end of October. He insinuated that if it isn't, he will make it his business (if it isn't already) to find out why.

Meanwhile, Rossland Warriors, who oppose Leafs in their Western International Hockey League opener here tomorrow night, have been hard at work strengthening their club for their inaugural.

It was announced that Gerry Prince, Leo Luchini and Dave Wall, three former professionals, would be in camp soon. No information was available as to whether or not they would appear here Saturday.

Prince and Luchini both spent several seasons in the American Hockey League, while Wall formerly played for Seattle. Luchini played for Vernon and Kamloops in the Okanagan Senior Hockey League while Wall spent part of a season at Kelowna.

Dave Besko, a husky rearguard from Prince Albert, signed Thursday. He will almost certainly be stripped for Saturday's contest.

KOEHLE IN GOAL

Nelson has committed itself on the probable opening line-up. Gerry Koehle will take over the netminding chores that Gus Adams handled so capably last year, with Egan (if his release comes through), Ernie Gare, Marsh Severyn, Parker and Dick Caunt available on the blue-line.

Lee Hyssop, WIHL scoring champ last year, will work at centre between Fritz Koehle and Wendy Keller on one line with Don Appleton pivoting for Archie Gaber, who played two weeks of junior hockey several years ago, and Mickey Maglio.

The third line is expected to see Eddie (Cotton) Schwab at centre between Frank and Dave Joyal. Jim Pilla, Garth Lipsack and Pete Joyal are also listed, but Pete will not play. His knee injury will force him to sit out at least until the middle of next week.

VOTE IN ANTARCTIC

WASHINGTON (AP)—Absentee ballots will be sent by air courier so that 167 Americans near the South Pole can vote in the U.S. election. The men are waiting in Antarctica for the return of a navy expedition.

PUBLIC NOTICES

SEALED TENDERS addressed to the undersigned and marked as to content will be received up to 5:00 p.m. (PST) on the 29th of October, 1956, for a Church Hall for The Building Committee, Trinity United Church, Creston, B.C.

Plans, specifications and tender documents will be available on deposit of $30 at the office of Paul D. Smith & Partner, Architects, Canadian Legion Building, Trail B.C. on the 15th of October, 1956. Deposits will be forfeited if the plans and specifications are not returned in good order on or before the seventh day following the submission of the bids.

Each tender must be accompanied by a certified cheque as specified in the Form of Tender.

The lowest or any tender will not necessarily be accepted.

H. B. Johnson,
Chairman,
Building Committee
Trinity United Church,
P.O. Box 327,
Creston, B.C.

LAND REGISTRY ACT
(Section 161)

IN THE MATTER OF Lot 14 in Block 9, Kaslo City, Plan 393 and Lot 18 in Block 7, Kaslo City, Plan 393.

Proof having been filed in my office of the loss of Certificates of Title 81628-I and 84490-I to the above mentioned lands in the names of Eric Sylvester Aldous and Agnes Thompson Aldous, respectively and bearing dates the 3rd of March, 1950 and the 1st of November, 1950 I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof, to issue Provisional Certificates of Title in lieu of such lost Certificates. Any persons having any information with reference to such lost Certificates of Title is requested to communicate with the undersigned.

DATED AT NELSON, B.C. this 26th day of September, 1956.
L. A. McPHAIL,
Deputy Registrar.

AUCTION SALE
Timber Sale X71336

There will be offered for sale at Public Auction, at 10:30 a.m. local time on October 29th, 1956 in the office of the Forest Ranger, Nakusp, B.C. the Licence X71336 to cut 2,637,000 cubic feet of hemlock, cedar, spruce, balsam, fir and white pine on an area situated on part of Lots 9166, 9169 and 9170 and part of S.T.L. 6908p and vacant Crown land, North fork Slewiskin Creek, Kootenay Land District.

Ten years will be allowed for removal of timber.

Provided anyone unable to attend the auction in person may submit a sealed tender, to be opened at the hour of auction and treated as one bid.

Further particulars may be obtained from the Deputy Minister of Forests, Victoria, B.C., or the District Forester, Nelson, B.C. or the Forest Ranger, Nakusp, B.C.

Gazette August 23rd, 1956

NOTICE TO CREDITORS
WILLIAM WALLACE IRWIN, formerly of Mirror Lake, B.C., DECEASED

NOTICE IS HEREBY GIVEN that creditors and others having claims against the estate of the above deceased are hereby required to send them to the undersigned executor at 626 West Pender Street, Vancouver, B.C., before the 27th day of November, 1956, after which date the executor will distribute the said estate among the parties entitled thereto having regard only to the claims of which it then has notice.

Yankees' Win Swells Red Feather Total

By The Canadian Press

Vancouver's Community Chest campaign is $50 richer because the New York Yankees won the World Series.

Vancouver fisherman A. D. Bowker won $40 in a baseball pool, added $10 of his own and donated $50 to the chest drive, boosting the city's total to $865,715, 38 per cent of a $2,283,000 quota.

Calgary Livestock

CALGARY (CP) — Trading on the livestock market remained active Thursday. Bulk of the fairly heavy offerings comprised medium to good steers and heifers. Balance of the run was mostly replacement cattle.

Good and choice dryfed butcher steers met good demand at steady prices; the odd strictly-choice steer sold up to 21.50; medium to good grass steers were steady to strong; good and choice dryfed butcher heifers were fully steady; common and medium grades were a shade firmer; medium and good cows were 50 cents or more higher for the week; canners and cutters steady to strong; bulls steady; all classes of stocker and feeder steers at steady to strong prices; all classes of calves at fully steady prices.

Choice steers 20.25-21.25; good 19-20; medium 16-18.50; common 10-15; medium to good grass steers 15.50-18; choice heifers 19-19.50; good 16.50-18.50; medium 13-15; common 8-12; medium to good grass heifers 13-15.50; good cows 9.25-10; medium 8.50-9; common 7-8; canners and cutters 5-7. Good bulls 10-10.50; common to medium 7-9.50; good feeder steers 16.50-18; good stock steers 16-17.50; common to medium 12-15.50; good stock steer calves 15-17.50; good handyweight butcher calves 14-16; good to choice veal 15-17; common to medium 10-13.

Hogs steady 28.25 A grade; sows 13.50 liveweight.

Distillers Win Prices Battle

VICTORIA (CP) — Your liquor will soon cost you more.

Attorney - general Bonner admitted Thursday that the B.C. government has abandoned its fight against higher liquor prices because of industry-wide increase of 15 or 16 per cent wholesale.

"We have to face the fact that distillers throughout Canada have found it necessary to increase their wholesale prices," he said. "The increase is no longer limited to a few firms."

Previously the government had sought to block or delay the price hike by refusing to place new orders with Seagram's and Alberta Distillers — the first two companies to raise their prices.

All four western provinces protested the increases but the protest proved ineffectual when seven other distillers announced similar increases.

The B.C. cabinet now has to decide how much of the increase will be passed on to the public.

"The increase will not be immediate," Mr. Bonner said, "as there are moderate supplies of liquor on hand at the old price.

"It is possible there will be no increase for two or three weeks."

Good Medical Report for Stevenson

WASHINGTON (CP) — President Eisenhower's health has been in the news for months, but Thursday the health of his Democratic opponent for the presidency entered the United States election campaign.

Adlai Stevenson's press secretary, Clayton Fritchey, told reporters he was releasing an "excellent" medical report on the Democratic candidate because "we've had a number of queries from newspaper men about Governor Stevenson's last examination."

The report, dated Oct. 2 and signed by Dr. Leander Riba of Chicago, says:

"The examiner was impressed with Mr. Stevenson's negative physical and laboratory findings. The status of his health is noted to be excellent."

NIXON SAID SOURCE

Reporters' queries, Fritchey said, were prompted by a question Vice-President Nixon had asked while he was answering one on Eisenhower's health at a recent press conference. After commenting on the president's health, Nixon added, "By the way, I wonder how Mr. Stevenson's other kidney is today?"

"Mr. Stevenson hasn't mentioned his opponent's health," Fritchey said.

Market Trends

NEW YORK (AP) — A rising stock market was nipped by profit-taking Thursday but still managed to nudge ahead on average.

Several Canadian issues made good advances on the New York Exchange. International Nickel and Hudson Bay Mining both gained 1¼. Aluminum Ltd. was up a point. Fractional gainers included McIntyre, Canadian Pacific and Distillers - Seagram. Dome Mines and Granby Mining each slipped ⅛.

TORONTO (CP) — A sharp rally in the final minutes of trading lifted the stock market to its seventh straight advance. Industrial gains ranged to 2⅜ points, led by Chrysler. Winners of between one and two points included B. C. Power Aluminum, Algoma, Ford A, Imperial Oil, Royal Bank. International Nickel up two points and Hudson Bay, ahead 1½, paced the base metals comeback. Ventures added a point.

MONTREAL (CP) — The Montreal and Canadian stock exchanges closed generally higher again as scattered industrial gains ranged over a point in quiet dealings.

Base metals were strong as International Nickel jumped 2⅜ and Aluminum added 1¼. In a mixed paper section Bathurst A dropped 3¾ while International advanced two points. Banks were firm with Royal and Montreal advancing a point.

Says Lung Cancer Increasing in Women

VANCOUVER (CP)—There will soon be as many cases of lung cancer among women as among men, a Vancouver cancer specialist said here.

Cancer generally and lung cancer particularly is increasing, Dr. J. A. MacDougall told 60 women attending the annual convention of the Canadian Association of Medical Record Librarians.

"Cancer of the lung was a rare disease when I was a medical student," he said. "It was practically unknown in women.

"Today it stands near the top in organ incidence in the white human race."

He said medical science believes the increase is due to agents found in pitch, tar, cigarets, and exhaust fumes, among others.

Driverless Car Kills One Man, Injures Second

CHESTERVILLE, Ont. (CP) — The body of a 70-year-old hired man, Clarence Alguire, was found on a farm near here, lying in a field where a driverless car was circling around backwards colliding with him on each circuit.

Nearby unconscious was William Servage, 62, owner of the farm where Alguire worked. He suffered face lacerations, a crushed chest and a broken arm.

He was taken to hospital in nearby Winchester, where he was said Thursday to be in critical condition.

FOUND BY NEIGHBORS

Neighbors Gerald Gibbons and Charles Flegg discovered the freak fatality, police said. The car, a 1948 model, had its throttle jammed open and gears locked in reverse.

The car was owned by Mr. Servage.

Crown attorney R. P. Milligan of Cornwall, 35 miles southeast of here, said there were no marks on the dead man to indicate he had been struck by anything but the car.

Police said they presume both men were struck by the driverless auto. Thursday they were measuring the car track and trying to determine how the car got out of control.

Doctors Watch Use Of Peyote Drug

NORTH BATTLEFORD, Sask. (CP) — A group of doctors from Weyburn and North Battleford hospitals watched as 25 Stoney Indians used a drug known as peyote in a native religious ceremony here.

The drug, made from the mescal cactus plant of the south-central United States, causes a form of drug hypnosis, resulting in heightening of perception and illusions of physical grandeur.

It has been compared to narcotic drugs in its effects, but it is not recognized as such by police and its importation and use are legal.

"THE MAN'S STORE"

Says CARTB Has Nasty Attitude

OTTAWA (CP) — CBC general manager J. A. Ouimet said Thursday that the Canadian Association of Radio and Television Broadcasters appears to be "systematically and ruthlessly" trying to discredit the publicly-owned system.

Speaking before the Royal Commission on Broadcasting he said that the private broadcasters "suffer from some sort of split personality."

He said the CBC's private station affiliates in radio and television have an understanding and friendly attitude in working together.

But the CARTB, which represents most private broadcasters, appeared to have a "belligerent and nasty" attitude.

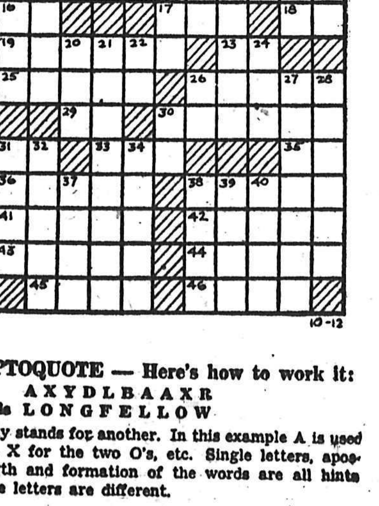
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints Each day the code letters are different.

A Cryptogram Quotation
