AFL-CIO Ousts Teamsters Union

Out Until Hoffa, Alleged Corrupt Officials Dropped

WASHINGTON (AP)—The AFL-CIO executive council Thursday suspended the International Teamsters Union until James R. Hoffa and other allegedly corrupt officials are ousted from the truckers union.

The suspension was announced by AFL-CIO President George Meany who said the Teamsters, largest AFL-CIO unit, failed to rid itself of corruption.

Meany said the vote for suspension was 25 to 4. He declined to name the dissenters.

Asked whether the Teamsters had done anything to correct wide spread corrupt conditions, as previously charged by the AFL-CIO and the Senate rackets investigating committee headed by Senator John McClellan (Dem., Ark.) Meany replied, "no."

Meany said the suspension action means that the 1,500,000-member Teamsters organization cannot be accepted back in good standing in the parent federation unless it boots out the teamsters president - elect James R. Hoffa.

Meany and the council ruled that unless the Teamsters consent to ousting Hoffa and meet other clean up conditions, expulsion of the union from AFL-CIO ranks will be recommended to the AFL-CIO convention in December.

RIGID INVESTIGATION

Meany also said other newly-elected teamsters officials, including Owen (Bert) Brennan, Detroit, and John O'Rourke, New York, should stand a rigid Teamsters Union investigation.

Hoffa, who would succeed Dave Beck, and the others were elected at a recent Miami convention which Judge F. Dickinson Letts ruled Wednesday was rigged to pick Hoffa. Letts has barred the officials from taking office until the case is tried on its merits.

Meany spoke after the 29-member AFL-CIO executive council held a three-hour closed session to decide whether the Teamsters had met AFL-CIO conditions for a cleanup. The AFL-CIO, among other things, had demanded that the union toss out Hoffa.

PLEAD FOR DELAY

Hoffa and other Teamsters bosses pleaded Thursday for a one-year's delay in their threatened ouster. But rather than promising specific reforms, they stressed mainly how bad it would be for labor for their union—largest in North America—to be kicked out of the AFL-CIO.

Hoffa angrily stalked out of the federation headquarters building shortly before the verdict was announced. He refused to talk to reporters.

Meany said he and his council members regretted considerably having to punish the AFL-CIO's largest affiliate.

"However, we are sworn to uphold the AFL-CIO constitution. The constitution requires and the members of the Teamsters Union are entitled to have a clean union," the council's statement said.

POSING BEFORE going behind closed doors for a top level conference at the White House are (from left) Secretary of State Dulles, President Eisenhower, Prime Minister John G. Diefenbaker and Canadian ambassador Norman Robertson. Mr. Diefenbaker is believed to have helped influence Eisenhower to propose a pool of scientific resources of the western allies.

Medical Plan Effective Soon

VICTORIA (CP) — The new medical plan for provincial civil services—with the government paying half the cost — will go into effect almost immediately.

A formal agreement was approved by the cabinet to become effective Nov. 1, but the first premiums will be deducted from this month's pay cheques.

Directors of the B.C. Government Employees Medical Services meet this weekend to formally ratify the agreement.

May Lose Arm

VANCOUVER (CP) — A 16-year-old boy was in danger of losing an arm Thursday after it was shattered by a blast from a shotgun he and another youth were trying to steal.

The second youth, a 19-year-old, has been charged with breaking and entering.

Ice Ends Peace Ferry Trips

FORT ST. JOHN, B.C. (CP) — A struggle to replace the Alaska highway suspension bridge which collapsed at Taylor Flats, B.C., with a ferry was frustrated Thursday when ice froze over the Peace River.

The Canadian Army, which operates the Alaska highway system, worked all night in 11 - degree weather to keep a 60-ton ferry moving across the river but ice finally won. Two scow tugs aided the freight-hauling ferry.

The nearest Peace River crossing is about 200 miles south. Taylor Flats is about 35 miles from Dawson Creek, mile zero on the highway.

A 460-foot span of the 2200-foot bridge, largest on the highway, crashed into the river when a weakened anchor block slipped in the sandy shale bottom of the river bank.

Army engineers were reported to have said Wednesday they hope the rest of the bridge, "now only scrap," will collapse on the ice.

Meanwhile, overworked charter pilots have been filling in for truckers who hauled supplies and equipment to Alaska over the bridge.

No Serious Decline Seen

VANCOUVER (CP)—The chairman of the Canadian Bank of Commerce said Thursday there would be no serious decline in the Canadian economy next year.

James Stewart of Toronto, here to receive an honorary degree from the University of British Columbia, told a reporter Canada's high level of capital construction and natural resource development will fall in 1958.

"But this shouldn't cause alarm. The huge construction program for industry hasn't left enough room for other vital construction.

"Instead of a decline I think we'll see a switch—to roads, hospitals, schools and housing," he said.

$100,000 DAMAGE

VICTORIA (CP) — Damage was estimated at $100,000 Thursday after an early morning fire which destroyed most of the Manning Timber Products sawmill on the waterfront here.

Fire department officials said the blaze could have spread to the entire waterfront if there had been a strong wind.

Vancouver Accused of Violating Lord's Day

VANCOUVER (CP) — The City of Vancouver has been named by its own prosecutor as a violator of the Lord's Day Act.

A police commission meeting Thursday heard that prosecutor Stewart McMorran had placed evidence with the attorney-general about the use of a city-owned pitch-and-putt golf course in Stanley Park on Sundays.

The police commission put off for later decision a request by Brig. William Murphy, one of its members, that action be taken against radio broadcasting stations and the Vancouver symphony orchestra for violations of the Lord's Day Act.

Vancouver Mounties of the Pacific Coast Baseball League have been fined $150 on three counts following Sunday doubleheader games last summer.

Brig. Murphy made his motion with this comment:

"It is now our duty to enforce the Lord's Day Act in every particular. It is inconceivable that we should enforce the act against one and not others, and I for one will have no part of it."

Included in the motion was a suggestion that the commission lay aside its passive role and actively seek and prosecute offenders.

More Eligible For $28 Rebate

VICTORIA (CP) — The government Thursday made a new "interpretation" of the provincial Home-Owner Grant Act, relaxing the application of the $28 tax rebate.

The action was taken on the eve of the annual Social Credit convention, where the rebate is expected to be one of the most contentious issues.

Under the new order sent out to municipal tax collectors, the $28 now will be paid to homeowners who have another house on their property which is rented.

It is a complete reversal of another order which went out Sept. 20 making the opposite interpretation.

Cycles 3000 Miles

TORONTO (CP)—A 73-year-old grandfather arrived in Toronto Thursday after bicycling 3000 miles from Vancouver to deliver a letter to Mayor Phillips.

Richard E. Smith left Vancouver June 15. He said he made the trip "because I like to keep fit."

Mayor Phillips was at a meeting when Mr. Smith arrived and the letter, from the Mayor of Fernie, B.C., remained undelivered. Mr. Smith said he will try again today.

During his 127-day trip, Mr. Smith often slept in the open, cooking by the roadside.

He took 61 days off as rest periods, actually cycling 66 days. He averaged 45 miles a day, but on his best day put 130 miles behind him.

Parliament Thursday

By The Canadian Press

The Commons passed by a vote of 138 to 3 the government resolution on cash advances to prairie farmers for farm-stored grain.

Trade Minister Churchill said the $150,000,000 program will cover the current crop year's output; the federal treasury will bear interest charges.

Rt. Hon. James G. Gardiner (L-Melville) Hazen Argue (CCF-Assiniboia) and Victor Quelch, (SC-Acadia) gave their parties' qualified approval.

Labor Minister Starr and Hon. James Sinclair (L-Coast-Capilano) engaged in a hot exchange over responsibility for current unemployment.

Senate government leader John T. Haig said another general election inside of a year is necessary fo reffective government.

FRIDAY

The Commons meets at 11 a.m. (EDT) to debate proposed pension increases and cash advances on farm-stored grain. The Senate is adjourned until 8 p.m. Tuesday.

NO DIFFERENCE IN GAS PRICES

VANCOUVER (CP) — This city is paying the same price for natural gas as cities in the United States states Pacific Northwest, Westcoast Transmission Company Ltd. said Thursday.

Westcoast vice-president D. P. McDonald said the "city gate" rates at the boundaries of Seattle, Portland and other areas of the U.S. Pacific Northwest are the same as at Vancouver.

Two Groups To Map Knowledge Pool Plan

Eisenhower, Macmillan See Eye to Eye; Anglo-U. S. Relations Strengthened

By GEORGE KITCHEN
Canadian Press Staff Writer

WASHINGTON (CP)—Britain and the United States reached basic agreement Thursday on steps needed to rally free world strength against the growing challenge of Soviet power.

Prime Minister Macmillan and President Eisenhower announced the setting up of two study groups, headed by British and American officials, to work out specific recommendations for the pooling of knowledge in atomic and missiles fields.

Midway through their three-day conference, the two leaders issued a joint statement indicating great strides have been made in the restoration of the Anglo-American relationship so badly strained by Britain's venture into Egypt a year ago.

They announced the formation of two committees:

1. To make "recommendations in the field of nuclear relationships and co-operation," headed by Sir Edwin Plowden, chairman of the British Atomic Energy Authority, and Lewis L. Strauss, chairman of the U. S. Atomic Energy Commission.

2. To make recommendations "in the field of military defence, particularly those problems dealing with missiles and rocketry." This group is headed by Sir Richard Powell, British permanent defence secretary, and Donald Quarles, U.S. deputy defence secretary.

There was no immediate indication whether the two groups would operate only for the duration of the current talks or whether they would be permanent.

TALKS END TODAY

However, they are expected to make their recommendations to the president and the prime minister before the talks end today.

There was no indication whether the two leaders discussed Soviet gains in the crisis-ridden Middle East, but it was assumed they did.

While the two committees are confined to British and American officials, a British spokesman indicated that the strength of the free world would be embraced in the decisions which finally will come out of the big two meeting.

The joint statement said Eisenhower and Macmillan and thier foreign secretaries "stressed the fact that this meeting is being held to study ways in which our two countries can be of greater service to the free world, and towards that end, how our joint resources can be pooled and utilized to maximum efficiency."

MODIFY ACT

Peter Hope, foreign office spokesman and Macmillan's press officer, told a briefing conference with British correspondents he does not expect the McMahon Act which bars the exchange of atomic information, will be repealed, although he sees a likelihood that it will be modified.

The president and the prime minister plan a two-hour plenary session with their aides at the White House this afternoon before Macmillan flies to Ottawa.

Paul Henri Spaak, secretary-general of NATO, will take part in the Eisenhower-Macmillan talks today, the White House announced.

STRIKE ENDS

LONDON (Reuters) — Striking London dock tally clerks agreed on Thursday to return to work this morning.

The strike by the 485 cargo checkers had stopped work on 12 ships and left another 11 undermanned.

OTTAWA (CP) — Defence Minister Pearkes indicated Thursday that the headquarters of the 1st Canadian Infantry Division will be disbanded.

He announced that Maj-Gen. John Rockingham, division commander, will take over the army's Quebec Command in December.

Sommers Fails to Appear

VANCOUVER (CP)—Robert E. Sommers, former British Columbia lands and forests minister, failed to appear Thursday for medical examination ordered by a judge to decide whether his 22-month-old slander suit against a Vancouver lawyer should be further adjourned.

His non-appearance may mean dismissal of the case when it reopens Monday.

Dr. Russell Palmer, specialist in internal medicine, was to have examined Mr. Sommers at his office at 2:30 p.m. or at any other time and place agreeable to the two. under an order made Monday by Mr. Justice J. V. Clyne of the B.C. Supreme Court.

Dr. Palmer's secretary said Thursday she understood Mr. Sommers had not been in touch with the doctor and that Dr. Palmer had made a report to the registrar of the court.

Reporters and photographers waited outside Dr. Palmer's office for the former minister to arrive but there was no sign of him by 2:50 p.m. when they were ordered from the building by a management official who said they might upset patients.

Bing Crosby Weds Kathy Grant

LAS VEGAS, Nev. (AP) — Bing Crosby and the pretty brown-eyed starlet he began dating three years ago surprised friends and fans Thursday by driving here and getting married.

Crosby and Kathy Grant obtained a marriage licence shortly before 9 a.m. and said they were driving to Yerington, Nev., 350 miles north, for the ceremony.

Instead, they went to St. Ann's Roman Catholic church here and were married by Msgr. John J. Ryan.

The singer told The Associated Press in a post - ceremony telephone conversation:

"We didn't tell anyone we were going to marry. I called my mother this morning to tell her we were going to the church. I haven't called the boys yet. I'll do that now.

"We're leaving at noon for the (Crosby) ranch at Elko. We'll stay there this weekend, but I've got to be back Monday to tape a radio show."

Plan $28 Million Schools Program

VANCOUVER (CP)—A $28,785,000 five-year school building program for this city was unveiled Thursday.

Reginald Atherton, school board chairman, told the civic bureau of the Board of Trade city taxpayers will be asked to approve a referendum for that amount in December. It will be in addition to a $72,000,000 five-year plan for general city development that will go before the voters at the same time.

Farmers May Get Interest-Free Cash for Part of Stored Grain

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA (CP)—The government unveiled Thursday before a receptive Commons its $150,000,000 program to provide Prairie farmers with interest-free cash on a portion of their farm-stored grain. Opposition groups, while critical, indicated they will support its passage.

The scheme, outlined by Trade Minister Churchill, would cover only a portion of the grain produced this fall. It would provide farmers with 50 cents a bushel for wheat, 35 cents for barley and 20 cents for oats, up to a maximum for the three grains combined of six bushels for each specified acre.

Interest charges would be borne by the federal treasury with the Canadian wheat board, Crown agency for marketing grain, bearing administrative costs. In essence, the administrative costs would be borne by Prairie farmers.

MAXIMUM ADVANCE

The maximum cash advance any individual farmer can get will be limited to $3000. The wheat board, responsible for handling the scheme, would get repayment by deductions from the farmers' eventual grain deliveries.

The scheme, which had been rejected by the previous Liberal administration, formed one of the election platform planks of Prime Minister Diefenbaker.

At the night sitting, Mr. Zaplitny said the cash advances proposal is a limited way of helping Prairie farmers dispose of their grain.

He suggested three other aid measures: A bold program of storage space construction for 300,000,000 bushels of grain; Canadian leadership in development of an international food bank, and removal of tariff barriers to trade.

Russ Raps U.S. as UN Notes Birthday

UNITED NATIONS, N.Y. (AP)—The United Nations celebrated its 12th birthday Thursday by parading its infant army in Gaza and receiving praise and blame from kings and commissars.

The world organization's shortcomings were freely acknowledged by its staunchest defenders. Secretary-General Dag Hammarskjold called the UN "imperfect and experimental . . . but a significant step toward a better organization of human society."

India's Prime Minister Nehru told a UN Day gathering in New Delhi:

"But for the UN, there would have been one or two major wars in the past 12 years."

The Russians — condemned by the UN for crushing the Hungarian revolt—seized on the anniversary to attack U.S. participation in the UN.

"It seems that some American political circles have decided that the UN as an international organization should be turned into a sub-division of the U.S. state department," said the Communist party newspaper Pravda.

The Communist radio in Budapest broadcast a statement by the Hungarian UN League accusing the General Assembly of going along with "lies and insults against the Hungarian government despite the protests of millions of Hungarian citizens."

In Iran, two climbing teams raced toward the top of a peak in the Elburs Mountains for the honor of placing a flag there. Eighty-two colored balloons, each tagged with the name of a UN member, were sent aloft at Bangkok, Thailand.

In Japan a UN flag was planted atop snowy Mount Fujiyama. Mexico held a bicycle race.

BATTERED DURING the Normandy landings 13 years ago, Caen, France, is still rebuilding, with the accent on modern design. The most futuristic of the new structures is this giant "roundabout" building under construction in the centre of the city. The strangely shaped, "ice-cream cone" design will house a water tower, city municipal offices, a market place, dispensary, and public baths.

Trail, Rossland Lead Canada . . .

Architects, Engineers Top Money Makers

OTTAWA (CP)—Income tax statistics issued Thursday show that in 1955 consulting engineers and architects were Canada's top money earners and taxpayers for a second consecutive year.

A 130-page revenue department tax analysis called the Green Book shows that the average income of Canadian taxpayers rose in 1955 to $3535 from $3433 the previous year. Number of Canadians in the $100,000-a-year and over income bracket jumped to 460 from 370 in 1954 and 250 in 1953.

Lawyers and notaries continued in second place with average incomes of $12,243. In 1954 lawyers and notaries earned an average income of $11,925.

The third-place spot in 1955 continued to be occupied by medical doctors and surgeons. They earned average

POOREST PAID

Nurses remained at the bottom of the 16 occupational classes into which the document divides taxpayers. They earned an average income of $2,081, up from $1,993 in 1954 and $1,883 in 1953.

Accountants continued in fourth place with an average income of $9,315, compared with $8,672 the previous year.

Second last position in the list is occupied by Canadian taxpayers receiving pensions. They earned an average income of $2,938, down from $3,097 in 1954.

The average income of pensioners in 1955 was $857 higher than the average for nurses.

A few other averages for 1955 with 1954 figures in brackets: dentists $8,554 ($7,896); salesmen $4,868 ($4,607); business proprietors $5,095 ($4,971); fishermen $3,613 ($4,154); and farmers 3,457 ($3,525).

Fishermen in 1955 earned an average income $541 less than in 1954. For farmers the reduction in average income was $68.

The figures are based on tax returns made by 3,558,650 taxpayers whose taxes totalled $1,148,800,000—an average of $323 a taxpayer. Some of the report's figures are based on a 10-per-cent sample of returns.

BIGGEST GROUP

The report shows that the group of workers which provided the government with the bulk of its income tax revenue were those known as Employees — a word covering office workers, policemen, firemen, civil servants, office boys and bank clerks.

Of those who paid taxes in 1955, a total of 3,161,250 were employees, up from 3,023,000 in 1954. They earned an average income of $3,294, compared with $3,204 the previous year.

Total income tax contribution to the federal treasury by this group was $847,600,000, up from $817,500,000 in 1954. They paid an average tax of $268.

Number of taxpayers who earned less than $1,000 a year declined to 29,200 from 29,780 in 1954.

Trail and Rossland, B.C., continued to hold the top spot as the cities whose resident taxpayers had the nation's highest average income—$4,113.

However, Sault Ste. Marie, Ont. in 1955 took over second place from Sudbury and Copper Cliff, Ont. Sault Ste. Marie was in 13th place in 1954.

PRINCE GEORGE 3RD

The average income for Sault Ste. Marie was $3,985, up from $3,593 the previous year. Prince George, B.C., was in third place with $3,936 and Sudbury and Copper Cliff in fourth position with $3,897.

Prince George was not listed in 1954 statistics which are limited to cities with more than 5,000 taxpayers.

Sarnia, Ont., was in fifth place with an average income of $3,894. In 1954 Sarnia was in third place at $3,690.

HENRY BORDEN, Toronto lawyer, has been named to head a royal commission set up by Prime Minister Diefenbaker to study resources development in Canada.—CP photo.

JOSEPH MCKENNA REPRIEVED

VANCOUVER (CP) — Joseph McKenna, 21, due to be hanged Nov. 5 for the murder of John Henry Donaldson in a city cabaret has been reprieved until Dec. 17.

Mrs. Justice Alan Maclean made the order in supreme court Thursday following a supreme court of Canada decision extending McKenna's time to apply for leave to appeal until Nov. 4.

Eagles Hold Whist

Ladies' Auxiliary to Eagles Lodge and the members of the Lodge sponsored an enjoyable evening of whist Thursday night.

Those winning prizes were Mrs. W. Sommers, ladies' first prize, Mrs. A. VanRuyskensvelde, second prize; Oscar Nelberg, winner of the men's first, and Bill Zelenluk, second. Refreshments were served after presentation of the prizes by the Auxiliary.

Conserve and Develop Nelson, Departing Minister Exhorts

"Get Above Underground Politics," Allan Suggests in Chamber Address

"Conserve Nelson. Develop Nelson and make her the real Queen City. Do nothing and allow nothing to tarnish her crown that she may stand with honor and progress in the Canadian community."

These were Rev. John N. Allan's concluding remarks in an inspiring and thought-provoking address to Nelson Chamber of Commerce's monthly luncheon Thursday at the Hume. Mr. Allan, president of Nelson Ministerial Association, pastor of First Presbyterian Church, and a Chamber member is to leave Nelson soon for a new charge in the Fraser Valley.

Asking and answering the question: "What's wrong with Nelson?", Mr. Allan remarked: "Nothing more than any other place, but, some improvements might be mentioned which would help the city and the area to develop."

The first consideration he mentioned was conservation "but it takes time to educate people to its necessity." Quoting Dr. H. A. Dunlop of Seattle he defined conservation as the "maximum use with the minimum of abuse" and the fullest development of natural resources to the greatest good of the people possessing them without the element of irreparable destruction.

MISSING THE BOOM?

Applying this to Nelson, Mr. Allan said in replacing old building as the need arose that a definite town planning program of architecture and construction should be adopted by City "in order that Nelson should develop practically and aesthetically into a city worthy of its matchless surroundings. This would show the fullest development and maximum use of the city's own potential without destroying its beauty for the generations to come."

Mr. Allan questioned that the Kootenay was participating in the fullest degree in British Columbia's industrial boom.

"Other areas of B.C. and previous underdeveloped areas on the continent have actively sought placement of industry and have been remarkably successful.

"Could not the same be done here?

"The tourist industry is good insofar as it goes," he said, "but against the income therefrom must always be placed the money that was spent by residents outside of their own area and the net result is not always as favorable as might be presumed.

"What is Nelson attempting to do to fill the gaps caused by removal of certain industries and transportation facilities from this area?"

Mr. Allan suggested that with the resources of unpolluted air, good water, electric power, highways, railways, timber, minerals and coal, industry could be attracted here and establish large enterprises. Land for them was available in the surrounding territory and roads "so much desired could quite easily follow" on the placement of industry.

"Don't just sit down and wait. Advertise in the East and elsewhere that the advantages of the area might be known so that we can positively develop the resources on hand."

"STAND AND BE COUNTED"

The third point the speaker dealt with was the conservation of mental and spiritual energy of a community and the question of honor.

When people used others to their own advantage and caused others to be exposed to taking undeserving blame, "a dishonorable situation exists.

"Why then not get above underground politics and devious influences and have each and every one stand up and be counted for what his true opinion is. When you have men and women in fear of one another and when hatred is abroad you sap the life of the city and thereby the country and are in the dishonorable position of the destruction of individual personality."

This was "abuse of human energy." Men and women of honor in public life could bring about the "end of the ruinous influences and improve community life for the good of all."

Mr. Allan, who was introduced by Rev. E. Donovan Jones and thanked by Chamber president M. B. Ryalls, thanked members for their companionship and said:

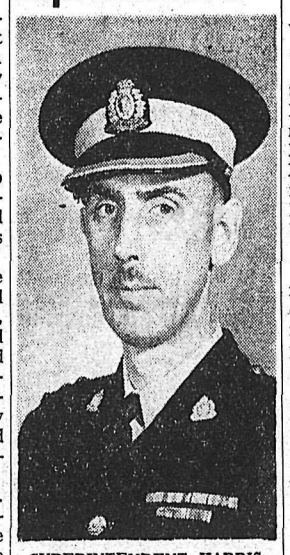
"I hold a high regard for Nelson and will always retain happy memories of my time in the Kootenays."

Guilty of Negligence

CRANBROOK — Anthony Macri of Marysville was found guilty Thursday night of criminal negligence in the death May 29 of Harry Hughes following a car accident.

The assize court jury added a recommendation for leniency. Macri was remanded by Mr. Justice A. M. Manson for sentence at conclusion of the assize session.

Harris Made Superintendent

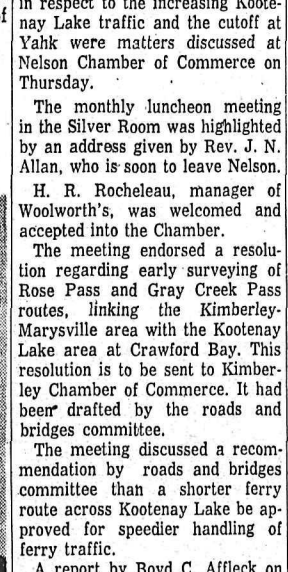


SUPERINTENDENT HARRIS

OTTAWA — J. B. (Hap) Harris, former RCMP inspector at Nelson, was one of three new superintendents appointed by the RCMP Thursday. The three promotions were all in its Ottawa headquarters and suburban Rockcliffe.

Superintendent Harris, 46, a native of Charlton, Ontario, and officer commanding "N" training division at Rockcliffe since his transfer there earlier this year, was inspector of Nelson subdivision from 1950 to 1954. He was made a sub-inspector in 1946 and an inspector in 1948.

He was transferred from Nelson to Calgary in 1954 and to the Ottawa area post in May this year. He has over 25 years' service with the force including posts at North Battleford, Winnipeg, various Ontario detachments, the Criminal Investigation Bureau at Ottawa and a term overseas with the RCMP Provost Corps during World War II. He came to Nelson from Winnipeg.



MEZZO SOPRANO Betty Allen will open the 1957-58 Nelson Concert Series tonight at Capitol Theatre. The widely-acclaimed singer will present a varied program ranging from songs of early Italian and English composers to contemporary compositions.

Ferry Landing At Queen's Bay Recommended

Recommendation of a shorter ferry route across Kootenay Lake and moving of the ferry landing to Queen's Bay from Balfour was proposed in a report prepared by Boyd C. Affleck and read at the Nelson Chamber of Commerce noon luncheon meeting Thursday. Mr. Affleck suggested adapting the present wharf for use as a ferry landing and construction of a short access road from the foot of the Queen's Bay hill.

"There are good conditions for "the bay is protected from storms" pile-driving in the bay beside the wharf," the report stated, and to a certain extent. It added that a floating breakwater would be feasible, and mentioned as an extra advantage that the road from the present landing at Balfour to the proposed site is now completely paved.

This landing would cut the distance across the lake in half and enable the ferries to maintain 30-able them to avoid troublesome minute service. It would also encurrents and fog conditions at Procter Outlet. The roads and bridges committee recommended that representations be made to the Provincial Highways Department soon in regard to this matter.

LONG PROJECT

The Panama Canal was begun by the French in 1882 and finished by the United States in 1914.

Chamber Urges Survey Of Rose, Gray Passes

Resolution regarding the early surveying of Rose Pass and Gray Creek Pass routes, letters concerning the disposition of the Nelson ferry, and completion of Richter Pass route and recommendations in respect to the increasing Kootenay Lake traffic and the cutoff at Yahk were matters discussed at Nelson Chamber of Commerce on Thursday.

The monthly luncheon meeting in the Silver Room was highlighted by an address given by Rev. J. N. Allan, who is soon to leave Nelson.

H. R. Rocheleau, manager of Woolworth's, was welcomed and accepted into the Chamber.

The meeting endorsed a resolution regarding early surveying of Rose Pass and Gray Creek Pass routes, linking the Kimberley-Marysville area with the Kootenay Lake area at Crawford Bay. This resolution is to be sent to Kimberley Chamber of Commerce. It had been drafted by the roads and bridges committee.

The meeting discussed a recommendation by roads and bridges committee than a shorter ferry route across Kootenay Lake be approved for speedier handling of ferry traffic.

A report by Boyd C. Affleck on this matter was read. (See story elsewhere).

It was proposed that representations be made soon to the provincial highways department concerning it.

A letter received from the Harrop Social Credit group regarding placing of the Nelson ferry at Harrop after the West Arm bridge has been opened was referred to the roads and bridges committee for consideration.

A request from the Osoyoos Board of Trade for endorsation of a resolution regarding the Richter Pass road was read. The resolution "strongly urged the provincial government to resume work on this road on a contract basis. The letter pointed up the importance of the route by stating that it would cut off 23 miles of the Southern Trans-Provincial Highway near Osoyoos.

A recommendation was endorsed that the junction at Yahk be altered and the sharp corner eliminated where the road turns down towards the Boundary. A semi-circle or 'Y' shaped junction was previously suggested by the roads and bridges committee.

An invitation to members of the Chamber of Commerce from the West Kootenay Boundary Farmers Institute to attend their meeting to be held in Nelson was read and filed.

M. B. Ryalls announced plans for a banquet to be held at 6:15 p.m. on the day of the opening of the West Arm Bridge, the banquet to be attended by Premier Bennett and at least four other Cabinet members. Hon. P. A. Gaglardi and Hon. W. D. Black are expected to be among those attending. Tickets will be sold for the banquet, and seating is limited to 500 people.

Mr. Ryalls said that there will also be a free skating party for the children with treats being given to those attending. The Nelson Fire Department will assist the Chamber in sponsoring this party. The banquet and party are for the benefit of all residents of Nelson and district. The bridge opening is expected to take place at 2:15 on November 7.

Mr. Allan urged the members to do their utmost to develop Nelson's potential resources while conserving the best characteristics the city already possesses. (See story elsewhere on this page.)

Washington May Ease Tight Money

NEW YORK (AP) — The New York Times said Thursday in a Washington story that the federal reserve system has decided to ease its tight money policy.

There was no immediate comment from the reserve board.

The decision does not involve as yet, the Times says, any change in the basic policy of restraint. It adds:

"But it is a significant switch toward less pressure on the nation's banking system."

LOOKING OVER STORY of pending retirement of E. H. (Ned) Hanley, standing, are M. A. Martyn, Nelson branch manager, and E. S. (Ted) McEwen, general superintendent, of North American Life Assurance Company. —Daily News photo.

District Representatives Bid Ned Hanley Farewell

"If I had to do it all over again I would want no better calling and no better company," E. H. (Ned) Hanley, retiring assistant general manager in charge of agencies, of North American Life Assurance Company, told representatives of the Nelson branch office Thursday afternoon.

They had come from Kimberley, Cranbrook, Penticton, Kelowna and Vernon for a special meeting in connection with Mr. Hanley's coming retirement, and with their wives they gathered at the Hume for a farewell event.

With Mr. Hanley is E. S. McEwen, general superintendent. Both are from the head office of the company in Toronto.

Mr. Hanley, introduced by M. A. Martyn, branch manager here, and Mr. McEwen, told the gathering that in his 39 years with the company he had "travelled every step you are travelling today, every square foot of this territory, when there were no roads and Baker Street was a quagmire ever time it rained."

Mr. Hanley was branch manager in Nelson from 1923 to 1927. He was one of the organizers of Nelson Gyro Club.

SURVIVAL ASSURED

He stressed the need of the men "following in my footsteps," to learn to recognize the opportunities of today's world. It would not be a case of "clear sailing ahead," but he reminded them that the world had survived two wars, epidemics, the market crash of 1929, the hungry thirties, and would survive the cold war between jealous nations.

"One race that will never die, is the race of decent people, who are ever seeking peace."

With his "zero hour" approaching, he said the past would always be a pleasant memory — "the best guide for the future is the light that shines over our shoulders from the past."

It was because of his associates that he would carry away memories for he could not "possibly have survived without your teamwork."

Mr. Hanley also spoke on Nelson and district progress, theme of an interview in Wednesday's Daily News.

He received a gift from the gathering, presented by Aaron Walde of Cranbrook, senior member among district agents.

BOSTON (AP)—Bob Robinson of Calgary Thursday night placed second in the wild brahma bull riding contest at the 26th annual world championship rodeo.

Jim Shoulders of Henryietta, Okla., was first.

In the saddle bronc riding, Bill Ward of Angel's Camp, Calif., was first and Ellie Lewis, Penticton, B.C., second.

Salmo Water System To Be in Use Soon

SALMO — With every likelihood of its new water system being ready for operation at the beginning of December, the Salmo Village Commission is in the process of establishing rates.

Under the proposed rates, the basic charge for domestic units, stores and offices, would be $3.75 a month. This and rates for other consumers such as hotels and schools were set at a special meeting Wednesday night, and will be incorporated in a bylaw which will be ready for presentation at the Commission's next regular meeting.

Installation of the system, which ratepayers approved this year, is running ahead of schedule and is considered entirely satisfactory.

Cranbrook Aims For Orderly Hallowe'en

CRANBROOK — Positive and negative action toward orderly behaviour by the youth of the community on Hallowe'en has been undertaken by two young men's groups of the community.

Kinsmen will offer free organized indoor entertainment at the Eagle Hall the evening of October 31. Early part of the evening will be reserved for the youngsters when movies will be shown, costumes judges for prize awards, and free treats issued. At 9 p.m. teenagers will be welcomed to a free dance where refreshments will be served, costumes will be optional and prizes will be awarded again.

To help curb activities of those not attending these events, the Junior Chamber of Commerce members have volunteered to repeat their Hallowe'en patrol of the city during the danger hours to assist the RCMP in holding vandalism to a minimum.

Bank Suspects Not Thought To Be Killers

PETERBOROUGH, Ont. (CP) Provincial police said Thursday it is highly unlikely that James Watson, 17, and Elmer Armstrong, 35, who pleaded guilty Wednesday to a bank robbery in Norwood, Ont., were involved in the slaying of J. J. Walter Bridges Oct. 9 in Blind River, Ont.

An unemployment slip in Watson's possession, stamped Oct. 9, shows he was at Thompson Lake, near The Pas, Man. Armstrong worked there until Oct. 12.

Mr. Bridges, of Strathclair, Man., manager of the Blind River branch of the Royal Bank of Canada, was shot during a holdup attempt.

Tom Kennedy, 20, of Havelock, Ont., said he and Watson operated construction machines in northern Manitoba, 900 miles from Blind River, about two days before the Blind River robbery.

MAYOOK FARMER DIES, AGE 75

CRANBROOK — Farm operator at Mayook since 1914, Sozony Bednorski died at St. Eugene Hospital at the age of 75 years. Born at Skala, Poland, he came to Canada and Ontario in 1906, continuing to Western Canada eight years later. Along with farming, he worked as railway sectionman at Wardner until his retirement in 1944 after which he continued his home at his farm.

Surviving him are his wife, Maria at their home, two sons, Philip in Cranbrook and Nichols in Brandon, Man.; two daughters, Mrs. Jack Kennedy at Fernie and Mrs. John Olynik at Skala, Poland, eight grandchildren, one great-grandchild, and a sister, Mrs. M. Bulkot in Cranbrook.

Russian Bura Grim Game

MOSCOW (AP)—Few Russians ever heard of Russian roulette but they know of a game called bura.

The game is played with cards and under one set of rules the loser must take the life of an innocent person.

In some cases the loser must pay with his own life.

An outbreak of juvenile and adult delinquency in Grozny has for a time taken the attention of the Soviet press from American delinquency. Now the story of Dimitri Nisanov, 18, is told by the newspaper Soviet Russia.

Nisanov won a game of bura. When his friend Jacob Ashurov could not pay his losses, Nisanov took Ashurov to the banks of the Sunzha River and stabbed him to death.

Nisanov quickly became Russia's juvenile delinquent No. 1 but no announcement has been made on his fate.

The youngster was raised on Moscow Street, a kind of Communist skid road where the fast ruble boys of the oil and industrial city gang up and plan, as the Soviets say, "embezzlement, swindling, falsifying and other machinations."

Young hooligans hang out on the corner or at the market and plot how to live high without working.

They avoid work, drink too much vodka, gamble, steal from the baazar, speculate with state lottery bonds, fence stolen goods, work the black market in fruit and laundry bluing, and finally they turn to bura.

Rhode Island, smallest state in the United States, is 48 miles long and 37 miles wide.

Three Year Safety Record Set By Cominco Boiler Shop Employees

TRAIL — The clanging of hammers and buzzing of machinery stopped a little earlier than usual a few days ago in the boiler shop area at the Tadanac operations of the Consolidated Mining and Smelting Company. About 200 employees, including those from the welding shop, blacksmith shop and chain gang gathered for doughnuts and coffee while special honors and congratulations were bestowed upon their fellow employees.

Individual presentations of leatherette utility first aid kits, totalling 90, were made to personnel of the boiler shop section on behalf of Cominco for having attained a full three years without a lost time accident. The gifts, bearing the inscription in gold letters, "Cominco engineering trades, boiler shop safety award, half million hours accident free," were presented by engineering trades superintendent E. H. Gautschi assisted by shop foreman Setty D'Arcangelo and two senior employees, Wally Hocking and Joe Taylor.

J. B. Biker, supervisor of the safety and hygiene department, quoted figures that showed a steady decrease in lost time accidents since 1946.

"I congratulate you, your supervisors, and the men in the boiler shop," he continued, "on the occasion of having worked over three years with a total of nearly 540,000 man-hours without a lost time accident. This accomplishment is noteworthy in view of the variety in your work. It is possible to work without accidents as shown by many other operations and now you, too, have successfully demonstrated your ability to go safely about your daily work. It is hoped that with your present planning and safety education that you will continue to operate without accidests. We wish you all success in your efforts, and congratulations to your whole team."

J. Wood, trades superintendent at the boiler shop; M. S. Bowen, senior safety inspector, and C. Calkin, union representative, offered congratulations for the achievement of what was termed "a wonderful safety record."

1835 Eligible To Vote Dec. 12 At Cranbrook

CRANBROOK — A total of 1835 names have been enrolled on the Cranbrook Voters List for the municipal election which will be December 12 this year. The list covers property owners, resident electors, and tenant electors, and is up from the 1956 total of 1760 owing more to increase home ownership than to increased population.

The list has now been posted at the City Hall for a check of names by those entitled to vote, and eligible voters not included can be added at the Court of Revision of the voters list at the City Hall November 1.

Nomination Day for Cranbrook is December 2.

Len Dixon Named Salmo Fire Chief

SALMO — In elections of new officers of the Voluntary Fire Department for the coming year, Len Dixon was named chief and William Taylor, the assistant.

Mrs. Mergens, 22, Dies at Victoria

KIMBERLEY — Word has been received of the death in Victoria of Mrs. Mickey Mergens, 22, the former Dorcas Caldwell of Kimberley.

She is survived by her husband and infant daughter at Victoria, her parents, Mr. and Mrs. Alex Caldwell of Calgary, a brother, Sandy with the RCAF at Winnipeg, her grandmother, Mrs. Jean Morrison of Kimberley, an uncle, L. Patience of Montreal and four aunts, Mrs. V. Bird, Victoria, and Mrs. F. Walde, Mrs. F. Botterill and Mrs. W. Jones, all of Kimberley.

Musical Ride Won't Be in Trail

TRAIL — The limited time the RCMP musical ride will be in B.C. for centennial celebrations does not permit a change in the intinerary, L. J. Wallace, B.C. Centennial Committee chairman, has advised the local centennial committee which had asked that Trail be included in the schedule. Some areas, such as the Peace River, had to be excluded completely from the ride and band tours, he stated. The RCMP band, however, will play in Trail.

Typing Popular Subject At Cranbrook Night School

CRANBROOK — Excellent response to the Department of Education offer of adult education night school courses has resulted in enrollment of 122 persons in the various courses offered, in addition to the large enrollment of woodworkers in the lumber grading course the department sponsors jointly with the Southern Interior Lumber Manufacturers Association.

Largest enrollment is in typing, shorthand and bookkeeping. Other courses for which classes have been established regularly are English for new Canadians, with Joe Albo of Mount Baker School instructor, square dancing, Scottish folk dancing, weight-lifting and women's physical fitness classes.

Though enrollment in these classes which are at Mount Baker and Tenth Avenue Schools week nights is well above the minimum requirements most are still accepting registration of additional students. Ernest Rowe is director of night school for the School Board in making arrangements for the classes.

Sportsmen's Show Would Be Cranbook's Event-of-Year

CRANBROOK — A community-sponsored annual Sportsmen's Show in late September as proposed by the Cranbrook Junior Chamber of Commerce has met with interest as outlined in the past two weeks by Jaycee committee chairman Frank Neads, he reported at the Jaycee meeting this week. The emphasis would be on hunting and fishing as the area's main recreational resource, and the program would offer indoor and outdoor exhibits and competition to guests.

The Jaycee committee proposes to circulate the suggestion widely among service clubs and other organizations for the next several weeks to gauge the general support in putting on the late September program annually to establish a Cranbrook event comparable to Kimberley's annual Snow Fiesta.

The Cranbrook Chamber of Commerce has already given unanimous approval to the proposed show. When the plan has been put before all organizations, Jaycees propose to call a general meeting, probably in January, to name a board of directors for the initial Sportsmen's Show in September, 1958, around the opening week of the hunting season.

MLA Speaks To Club On Natural Resources

NEW DENVER — B.C.'s natural resources, and the problems relevant to their distribution, development and perpetuation, were dealt with by Randolph Harding, MLA for Kaslo-Slocan, in an address to the New Denver-Silverton Kinsmen Club. His talk centred on the forest industry and the Slocan report recently made public.

Reports were heard from Dr. William Chornobay who attended the Fall council of Kinsmen Clubs in Vancouver, and from Const. Stan Kary who attended a workshop of the B.C. Foundation for Child Care, Poliomyelitis and Rehabilitation.

Kimberley PCs Elect Richardson

KIMBERLEY — J. F. Holms, Progressive Conservative organizer addressed a group of Kimberley and district Conservatives in the Union Hall, outlining the campaign last spring which saw the present federal government elected. He stressed the need for an active local body.

Officers elected were president A. T. Richardson, first vice-president Mrs. F. Burrin, second vice-president W. B. Fulton, secretary-treasurer W. K. McRae, and executive C. Swan, Mrs. W. B. Fulton, H. Webber, C. Backstrom and F. Burrin.

Cuba Goes To The Aid of Movie Houses

HAVANA (AP) — The Cuban government is stepping in to help movie theatres stay open.

Cubans who like to go to the movies have been steering clear of them after dark because of terroristic bombings. The drop in receipts has been so serious that theatre owners got a suspension of tax collections on all tickets sold. The usual levy of $2.75 on every 100 tickets will not be applied for 90 days.

Store owners also have been complaining of bad business. Movie houses and stores have been favorite targets for supporters of rebel leader Fidel Castro, who wages sporadic guerrilla war with government troops from his hideout in the Sierra Maestra mountains.

The bombings have caused extensive property damage and resulted in the killing or wounding of many Cubans.

PRIMITIVE WEALTH

Blocks of salt are still used as currency among certain tribes in the Sahara desert.

Wynndel Scoutmaster On Year's Leave

WYNNDEL — Frank Merriam has asked for leave of absence for a year as Scoutmaster here.

At a group committee meeting at the home of Mr. and Mrs. G. Lowery, a committee was set up to interview a possible Scoutmaster and assistant for the troop, as there are at least 18 boys. Mr. Merriam has offered to help the new Scoutmaster for several months and will also serve on the group committee. The Wynndel Recreation Society, the sponsors, will be asked to appoint a director to serve on the Scout committee at the annual meeting.

A bronze arrowhead course was planned for patrol leaders and seconds this weekend at Summit Creek, with A. Fletcher in charge. Aerial tramways and other Scout tactics will be demonstrated at this course.

CRANBROOK MAN TRANSFERRED TO PORT ALBERNI

CRANBROOK — David Sargent, formerly of the Cranbrook local office, National Employment Service, has been promoted and transferred to the Port Alberni office as supervisor of employment, it has been announced by W. McKinstry, regional director, Unemployment Insurance Commission, Vancouver.

Born and educated in Manitoba, Mr. Sargent came to the Kootenays in 1952. From 1951 to 1954 he served with the RCMP. He joined the Commission at Cranbrook in January, 1955.

Mr. Sargent is married and he and his wife, Mary, have one boy, David, age three.

His hobbies include riding and camping, and he is also a keen follower of hockey.

Russia Has No Monopoly on Brains

Russia's success with her satellite has gone far to convince the world that she is a far more dangerous adversary than was originally thought. It has also shown up the deficiencies of the West in its scientific achievements. The result has been considerable perturbation in official circles in Washington and London.

It was just coincidental that the Queen was visiting in the U.S., but it was a most fortuitous circumstance at that particular moment. The prime minister of Britain will visit Mr. Eisenhower shortly and it is suggested the president should visit Britain. All this indicates the concern with which the Russian success with its satellite is viewed in Western circles.

While the Russians have been busy with their scientific researches, they have also been more than busy with their propaganda. The intention of this was clear—it was to keep the West concentrating on this propaganda instead of on the prime business of scientific research.

In this they have been much aided by the West which has done far too much answering back to Russian accusations. What the West needs to do now is less talking and maintain a cool climate free from over-much fear. This may be difficult for the inculcation of fear has been the aim of many so-called educational bodies.

But having established that the West will not be stampeded by fear, it must take steps to ensure that it can keep ahead of Russia in scientific achievements.

If there is one thing which is perfectly clear today it is that no one country has the monopoly of brains. In proportion smaller countries have just as much as the larger one. In the aggregate the West has more good scientific minds than Russia. The problem is how to make the most effective use of them.

The United States, and Canada too, have always thought themselves self sufficient, but the hard facts of life after destructive war has convinced Europe that it needs more co-operation among its nations. There is much more co-operation between European nations than there is between Canada and the U.S.

It is gratifying to find that America and Britain are coming closer together as the danger increases, but the problem also concerns the smaller nations of the world. A meeting between the heads of the British and the Americans is all to the good, but some way should be found to include discussions with all European nations and to draw upon their scientific manpower for the common good.

Hope for Housing

All Canadians will be glad to see the Canadian Construction Association settle down next month to find a way to provide houses that can be bought by Canadians with incomes of less than $5000 a year. These are the men with the information and experience necessary to do the job.

There are only three ways to get the cost of housing down. One is to reduce the cost of financing. At the moment, this seems a pretty unrealistic goal. Money is scarce and other uses are clamoring for it. Short of subsidy, housing has to pay the going rate. Just about every indirect method of reducing financing costs has already been put into operation.

The second way to get housing prices down would be to reduce land costs. There may be some hope for relief from land tax if municipalities get a better tax deal this fall; but it's a slim hope, and it's offset by the virtual disappearance of serviced land in most areas. Municipalities will have to incur heavy expenses to open up additional areas for housing — and that means higher taxes.

The only remaining way to bring house prices down is to reduce the cost of the house itself. There's been a lot of lip-service paid to this idea since the end of the war, and a few successful stripped-down Model-T houses were actually built. But the vast majority of homes have been loaded with gimmicks, built by methods that date back to the twenties, and priced for the above-average income.

This is not very surprising. The market for housing was buoyant, and most buyers wanted a relatively conventional house with all the built-in gadgets supplied. Only a builder with holes in his head would have spent the time and money necessary to develop something the customer didn't want.

Now, however, the upper-income housing market appears to be narrowing, partly due to shifts in our pattern of population. This is the moment for real attention to the problem of designing and producing a low-cost livable house. The middle-income and low-income market can pay off in volume what it hasn't got in ability to pay high unit prices. The builder who can tap this market will never by crying the blues.

— Financial Post.

Churchman Would Abolish Divorce

Divorce laws create more misery, frustration and sin than the unhappy marriages whose evils they were designed to eliminate, a leading Presbyterian churchman believes.

The public's attitude is already shifting toward the position that divorce should be abolished altogether rather than allow the present "tragic decay" of our marriage institutions to continue, Rev. J. V. Langmead Casserley claims in the current issue of Maclean's.

"Is it better to have more adultery and sexual delinquency combined with a strong and stable matrimonial system," the article asks, "or rather which constantly increased the proportion of tragically unsuccessful to successfull marriages?"

On both religious and sociological grounds, Dr. Casserley argues, the lesser evil is a stable matrimonial system even at the cost of accepting lower standards of sexual morality.

Although the New Testament stigmatizes adultery as a sin, the Gospels explicitly forbid divorce in exceptionally strong terms.

Now, on purely secular grounds, it is being proved that the divorcing habit has altered for the worse the entire social climate in which marriage takes place.

"The question more and more arises whether our civilization has not made a basic tragic mistake. We have created legal machinery to remedy obvious unhappiness and it has turned out to be the cause of an even more widespread and insidious source of unhappiness than it has succeeded in abolishing."

The B.W.I. and Canada

The West Indies will only achieve real value as a market if they are developed to the stage where their three million inhabitants can afford to buy our goods. This means not just giving them preferences for the exporting of their products to this country and the provision of adequate shipping facilities to carry them, but also financial and technical assistance for the proper development of their resources and for the taking advantage of climatic conditions for more extensive food production.

For many years Britain has been pumping funds into the area for the betterment of its economy and it will continue to do so in the transition period from colonial to self-governing status. But the United Kingdom cannot be expected to continue to carry this burden alone, particularly during its period of economic pinch at home.

There will be some in Canada who will oppose Canadian help, but it is our view that a great majority in this country will endorse any measures Ottawa devises to assist this new and struggling young sister. Certainly it appears that such a program has become a matter of bi-partisan policy adopted after thorough consideration. We hope that, now that Canada has committed itself to a readiness to assist, it will show by our deeds that it is sincere.—Halifax Chronicle-Herald.

Why India Stays In

One of the remarkable facts of world politics is that independent India remains a member of the British Commonwealth. This is true also of Pakistan, Ceylon, Malaya and Ghana.

Why has India stayed in the family? Here is part of a recent answer:

There are more Englishmen in India today than there were in the heyday of British rule. There is more appreciation today of British thought and ways of life than there ever was in the past . . . The basic cause of India's staying in the Commonwealth is in the realm of ideas and attitudes rather than that of 'commodities and services . . . The Congress party fought the British but has faithfully adopted the political and legal constitutions that are the proudest part of the British heritage . . . Its leader Mr. Nehru is the stoutest champion of the British connection . . . I believe that the Commonwealth will grow in numbers and prestige . . . The Commonwealth will stand for racial equality, peace among nations and economic development of the underdeveloped countries of the world . . . The empire, to the extent that it remains a memory, will be a selective memory of pleasant things characteristic of the best of British culture and civilization . . . In such a Commonwealth Britain will rank as leader by virtue of her seniority and of her contributions, political and economic, to the welfare of the peoples of the Commonwealth.

This is not a right-wing British Tory speaking. The sentences quoted are from an article by Dr. V. K. R. V. Rao, Indian economist and diplomat. It appears in "Caravan of India," published by Mr. Nehru's government and distributed by the Indian information service, Ottawa. What Dr. Rao says is worth pondering by anyone who questions whether the Commonwealth has purpose or value. — Financial Post.

Revealing Remark

The Canadian-American ministerial conference in Washington has ended with a lengthy communique and a revealing remark from the U.S. Secretary of Commerce, Sinclair Weeks. Apparently in the belief he was speaking to the U.S. news reporters rather than Canadian, he remarked: "We fixed 'em."

The intent of such a remark will be carefully noted by Canadian government officials and Canadians doing business in the United States. It indicates, that, in matters of trade and business, the American Government proceeds on the basis of hard bargaining; that its primary guiding principle is the interests of the United States, and that is the only basis on which it operates.

Mr. Weeks may have made a slip in this case, but he has indicated in a most revealing way the touchstone of U.S. trade policy. In doing so he has given an instructive reminder to the members of the new government at Ottawa, that Washington's interest is for visitors who have a quid pro quo.

It follows that, in dealing with the American Government, Canadian officials should realize that business proceeds on the basis of "nothing doing except when there's something in it for us." It follows, moeover, that Canada should give continuous study to means to increase our trade with the United Kingdom.—Toronto Telegram.

Three Time Options In Trailite's Viewpoint

A Trailite who is a bit of a hobbyist on time, has taken The Daily News to task on an article which appeared Oct. 4, dealing with a movement to have West Kootenay placed on Mountain Standard Time the year round.

He suggests one paragraph contains some misinformation in stating, "according to the meridian, West Kootenay is naturally situated in the Mountain Time Zone, a large portion of Alberta located as far west and further west than Nelson and Trail is included in Mountain Standard Time the year round."

The writer claims that, "according to the division of time zones by meridians, Time Zone Eight (Pacific Time) starts at meridian 112½ and extended to meridian 127½. In terms of geography, Pacific Time ought to start 75 miles east of Calgary, and extends west to a point off the B.C. coast. The West Kootenay district is very close to the middle of Time Zone Eight, or in other words, Pacific Standard Time."

According to Nelson Chamber of Commerce information, and that in the files of The Daily News, meridian 120 west is the centre of the eight-hour zone. Nelson is in west longitude 117 degrees 17 minutes, or two degrees 43 minutes east of this centre line.

Meridian 120 west cuts North and South along the western Alberta boundary and strikes through B.C. between Hedley and Keremeos.

The Trailite continues:

"Again according to meridians, Time Zone Seven (so-called Mountain Time) has its mid-point rather near Regina. It would seem that Mountain Time proponents are endeavoring to distort the picture — altering scientific fact to suit their opinions.

ARTIFICIALLY MOVED

"When time zones were established, it was impractical to have half of Alberta on Saskatchewan time and half on B.C. time. Because their interests and commerce are more closely allied with this neighboring Prairie province, the western boundary for "Mountain Time" was artificially moved from mid-Alberta to the B.C. boundary — not the 120th meridian. (It happens to be the 120th in the northern part of B.C., but as the boundary cuts east in the southern part, it diverges from that meridian.)

"If the West Kootenay were to have Mountain Time, then at noon in the Winter, the sun would be just about dead above the Saskatchewan Legislature and would distort our day to a somewhat unreasonable extent.

"The next alteration in time came when the East Kootenay, on their own option (possibly partly because of their proximity to and commerce with Alberta) swung on to Mountain Time.

"Then B.C. voted to go onto Daylight Saving Time.

"So the time question is not two-fold here. There are proponents for Mountain Time. There are proponents of Pacific Daylight. And there are proponents of Pacific Standard, without Daylight Time in the summer.

"As for public opinion, I don't think anyone really knows. In the Village of Warfield, a recent straw vote ran three to one in favor of Pacific Daylight Time. In the Trail Times letters ran about seven to one against Mountain Time. At a service club meeting in Trail, given three options, the members voted almost equally for all three options.

"It appears to me that since there are really three options, not two, we ought to stay with the compromise, Pacific Daylight Time, even if we have to suffer that enormous inconvenience of changing the clock twice each year. In face of the three points of view, it would be most undemocratic to force upon a large dissenting segment of the public one or the other of the extremes in time."

ON THE JOB

HERTFORD, England (CP) — Hertfordshire's policewomen made a total of 88 arrests last year, says a county council report.

Airline Makes Record Flight

JOHANNESBURG, South Africa (Reuters)—A DeHavilland Comet III jet airliner arrived here Thursday from London— a distance of more than 6000 miles—after a flight lasting 13 hours and one minute.

The flight, the first here by a Comet III, was expected to be recognized as the first official record time for the London-Johannesburg hop.

In July, 1951, a Comet jet on a proving flight covered the distance, with stops at Cairo and Entebbe, in an elapsed time of 17 hours, 33 minutes and flying time of 15 hours, nine minutes.

Police Protect Colombo Workers

COLOMBO, Ceylon (AP)—Striking dock workers returned to work Thursday in Colombo harbor under heavy police protection.

Pro-government dockers walked out Wednesday after a clash with members of a Trotskyite dock union who have been staging a slowdown in the harbor since last week.

Your Individual HOROSCOPE

By Frances Drake

Look in the section in which your birthday comes and find what your outlook is, according to the stars,

For Saturday, October 26, 1957

MARCH 21 to APRIL 20 (Aries) —A happy, stimulating day for work, play, healthy outdoor activities, study, research. Be mindful of family needs, community affairs.

APRIL 21 to MAY 21 (Taurus)— Venus in fine aspect. A good time to exploit your talents, artistry. Good indications for profitable sales, smart buys. Enjoy some healthy recreation.

MAY 22 to JUNE 21 (Gemini)— Most encouraging rays for worthwhile activities. Capitalize on your ingenuity and artistry where you can.

JUNE 22 to JULY 23 (Cancer)— Benefic influences. Whatever your plans, they can have at least some success; you can have a fruitful day. Avoid fretting, worry.

JULY 24 to AUGUST 23 (Leo)— You can garner good ideas and enjoy happy doings now. Make time for your family, good friends, some social obligations.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Enjoy diverting activities, good reading and music now. Essential work is also sponsored, may be highly rewarded. Be the judge of what you must do; give mind, body some rest.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Similar to Taurus today. Generally good prospects. Don't fret; don't abuse health by assuming more burdens than you should. Enjoy a hobby.

OCTOBER 24 to NOVEMBER 22 (Scorpio) — Grand indications in your sector now. Avoid procrastination; don't overdo either. Make plans calmly and sensibly and carry them through and you will reap benefits, have fun.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — With your Jupiter favorably situated, you should have a fine day. Gains indicated through sound money transactions, good business deals and property interests, smart buying and selling.

DECEMBER 22 to JANUARY 20 (Capricorn) — Much can be accomplished now and new assets are indicated. Enjoy some relaxation.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Friendly vibrations. Day will be generally rewarding for those who put sound effort and intelligent management into it. Don't neglect details but don't be fussy either.

FEBRUARY 20 to MARCH 20 (Pisces) — Set a high goal, then see how close you come to attaining it. Friendly aspects.

YOU BORN TODAY are bright and engaging, have a strong, magnetic personality; great capability and many talents. You are fond of music, all the arts, and perhaps the sciences; could be clever at mechanics, building; interested in large organizations and management of groups; may be too exacting at times. Patient understanding and the ability to take advice as well as give it are requisites. Improve your talents daily. Birthdate: Georges Jacques Danton, French patriot.

I like Ella's ways. When she says she's got to be goin' she don't keep me standin' at the door half an hour while she finishes talkin'.

Four Riondel Brownies 'Fly Up" to Guide Company

RIONDEL—Four Brownies of the First Riondel pack joined 34 of their playmates for the last time in the fairy ring. The Brownies met with their leaders, Brown Owl Jean Shannon, Tawny Owls Rita Holmes and Sylvia Bay and Packie Christl Carl for the last supper together. After grace was sung, Guides Valda Downing and Lynn Butler served the meal. District Commissioner Irene Jensen, an honored guest, presented a second year service star to Elizabeth MacDonald and third year service stars to Leanne Collins, Kathleen Gendron and Margaret Morris.

Guides marched into their horseshoe formation. Eleanor Shannon, Helene Wacheck and Monica Linn were the color party. Proud mothers watched as the four Brownies, Penny Fiedler, Margaret Morris, Kathleen Gendron and Leanne Collins shook hands and saluted all their friends in turn bidding them goodbye. Lastly they saluted their leaders. District Commissioner Jensen pinned on their wings. Each of these Brownies had succeeded in passing tests and had obtained her Golden Hand which entitled her to Brownie wings. Brown Owl Shannon presented each of the girls with their Brownie diploma and a gift from the pack, then she led each in turn over the stepping stones up to the gateway to Guides.

The district commissioner spoke briefly to the Guides, then presented the following proficiency badges for tests successfully passed: Patrol Leader Christl Carl, rabbit keeper, hostess and needlewoman badges; Patrol Leader Cathy Maida, woodcraft emblem, hiker, tracker, pioneer, astronomer, handywoman, swimmer and health proficiency badges; Seconder Lynn Butler, cook's badge; Seconder Anne Sweeney, hostess and swimmer badges.

The women's suffrage amendment to the U.S. constitution was passed by Congress in 1919.

Strawberry Desserts Can Be Made All Year

By ALICE DENHOFF

Strawberry season is no longer just a few short weeks. The berries are now available all year round, ready to be used in many interesting desserts. Some of these recipes come from distant lands.

For example, from Austria, here's a Strawberry Pancake that can be made with frozen California strawberries, grown and processed in selected areas of California.

To make the Pancake, sift together ½ cup all-purpose flour, ¼ teaspoon salt, teaspoon granulated sugar. Combine 2 well-beaten eggs and ¾ cup milk, mixing well.

Add the sifted ingredients and mix well. Heat 2 tablespoons butter in 10-inch skillet.

Add egg mixture and cook over low heat (about 1 minute) until mixture pulls away from sides of pan.

Sprinkle with 2 tablespoons confectioner's sugar. Fold over and turn on to a serving platter. Serve pancake with a package frozen strawberries thawed.

ICE CREAM PIE

To make Strawberry-Rhubarb Ice Cream Pie, drain a package frozen sliced strawberries, thawed, reserving syrup.

Combine syrup and a thawed package rhubarb, undrained. Heat to boiling point, stirring occasionally. Simmer 5 minutes or until rhubarb is tender.

Combine 2 tablespons cornstarch and 2 tablespoons sugar; blend.

Add a small amount of hot fruit mixture to cornstarch mixture; blend.

Add to remaining hot mixture and cook over low heat, stirring frequently, until thickened and clear. Add strawberries; mix well and chill.

Scoop 1 quart vanilla ice cream into a 10-inch crumb or baked pastry shell and top with the fruit sauce.

About the Town

PHONE 1844

Mrs. R. A. Jack, who is leaving Nelson with her husband and family in November, was honored Wednesday night by members of her bridge club when they met at the home of Mrs. G. B. Arnesen, 620 Mill Street.

Mrs. C. Haycroft of Willow Point, who was a patient in Vancouver General Hospital, is now staying in Victoria with her brother.

Engagements

Mr. and Mrs. William Cowan of Ayrshire, Scotland announce the engagement of their daughter Elizabeth Clelland, to Mr. A. D Farrow, 713 Carbonate Street, Nelson, B.C. The wedding to take place at St. Paul's-Trinity United Church in Nelson on Saturday, November 30th, 1957 at 11 a.m., with Rev. E. Donovan Jones officiating.

Kaslo Legion LA Plans Yule Party

KASLO — The usual Christmas tree party for the children 12 years and under of branch and auxiliary members will be held this Yuletide, the Ladies' Auxiliary to Kaslo branch of the Canadian Legion decided at its monthly meeting.

A contest and tea will be sponsored, proceeds to be divided equally between the Legion-sponsored Boys' Town soon to open, and the Christmas tree party.

A committee was named for the Remembrance Day distribution of poppies.

It was decided to continue evening meetings.

Two new members from Ainsworth were initiated into full membership.

SUN PEEK — Arlene Kleta, a visitor from Chicago, curls her straw hat to provide picturesque vignette effect while seeking protection from the strong Nassau sun.

Badly Behaved Child Unwelcome As Visitor

By DR. G. C. MYERS

Many mothers write me of the difficult times they have with the tot of 2, 3 or 5 when they take him visiting. Usually it is pretty clear from their letters that the child in question needs better home discipline.

I have often advised some of these mothers to make no more calls with the youngster until they have better control of him at home. It's embarrassing to the hostess and mother, and hard for the child, when he must be punished while he is a guest. In many instances, cutting short the visit would be better.

He must learn to respect No, said in a moderate tone — just once! Every mother should try to manage her child so well at home that he won't be any trouble away from home.

In any strange house, there are many things to fascinate the toddler. If he is undisciplined at home, he may grab or handle these things unless his mother catches and holds him bodily.

If she has a decent regard for the rights of her hostess, the mother will try to keep her tot from harming anything in the home of her hostess. But, alas, how many mothers with undisciplined tots don't even try to intercept the child when he attempts to handle fragile possessions?

These are the most unwelcome guests I know.

It is apparent that every mother should teach her child the meaning of No at home and that he is not to touch or handle things that don't belong to him. She should do this not only to protect her own property, but also to protect the property of her friends and other people.

But, no matter how well your tot may be trained at home to respect the possessions of others, he may show off when he is a guest or when you have guests, and try to get special attention.

TOO MUCH ATTENTION

One reason for this is that he may have been talked about or shown off too much by you, or been given too much attention at other times from the family or friends.

If there is a brother or sister near his age, they may vie with each other for attention.

Another reason might be that this child has not played enough with other children of his age.

Improvement, at best, can only come gradually. He can be helped most by normal experiences at home.

Riondel Sale Success

RIONDEL — The local association to the Girl Guides held a successful bake sale. This event specialized in pies. A cake baked by Mrs. Jensen was won by Susan Downing.

Ottawa Plans New Rule in Old-Age Pensions . . .

Recipients May Holiday Abroad Six Months and Keep Pensions

OTTAWA (CP)—Canada's old age security pensioners can look forward to the possibility of vacations or other absences abroad—without loss of pensions — of double length now permitted.

That is one of the changes proposed by the federal government along with the planned increase to $55 a month from $46 in the federal pension paid to all those 70 and over.

The government has said it plans to extend to six months from three the permissible length of temporary absences from Canada without loss of payments.

However, the way this rule is applied a pensioner conceivably will be able to be out of the country for eight months without loss of pension.

ONCE A YEAR

Under present regulations, pensions are continued for absences of up to five months. They are paid for the month of departure, the month of return, and up to three intervening months. However, this three-month payment is allowed only once in a calendar year.

Under the new plan, a pensioner might leave the country Jan. 1 and return Aug. 30 without losing a cent of pension. He would be paid for those two months and for the six intervening months. But, as now, there could be no more than six such months spent entirely out of Canada in a single calendar year.

Thus a pensioner might go south for the winter from Oct. 1, 1957, to May 30, 1958, without loss of pension, being paid during the six intervening months. But since four of those months would be in the new year, the pensioner could not start another extended vacation abroad before October, 1958, without loss of pension.

(The Canadian Press reported erroneously Tuesday that the period of permissible absences without loss of pension would be reduced to three months from six, instead of being increased from three to six.)

COST BOOST

No estimate has been made of the likely cost of the change. But the $9 monthly boost to $55 in the federal pension is expected to add $90,000,000 to the present $450,000,000 annual cost of that program. The pensions are paid from a special federal fund.

Approximately $9,000,000 more could be added to annual federal outlays if all provinces accept a parallel proposal to make a similar increase to $55 in maximum monthly payments to the needy aged between 65 and 69, the disabled and the blind. Cost of welfare programs to those groups is shared by federal and provincial governments, and the annual federal bill now runs at $38,000,000.

The boosts in the old age security pensions and in the shared welfare programs, together with present annual outlays of $454,000,000 for family allowances, would push the federal social security bill over the $1,000,000,000 mark.

Ottawa Makes Grant for B.C. Hospital

OTTAWA (CP)—A grant of $77,310 has been made for construction of a new hospital in Surrey, B.C. The health department announced Thursday that the new 65-bed hospital is expected to be completed next May.

CIF Plans To Keep Public Well Informed

TORONTO (CP) — The Canadian Institute of Forestry Thursday took steps to ensure the public is informed about the profession and what it does.

In the final session of their convention, the foresters passed a resolution "that the CIF . . . study the proposals put forth with respect to public relations and public education and recommend a course of procedure."

G. S. Allen, dean of forestry at University of British Columbia, said:

DO FINE WORK

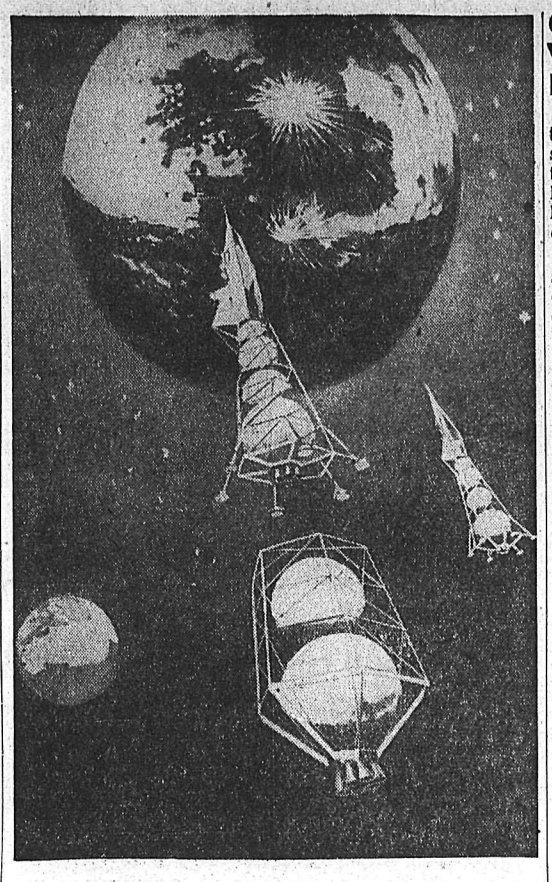
"Organizations such as the Canadian Forestry Association, the Quebec Forestry Association and the Canada Pulp and Paper Association are doing fine work in carrying the story of forestry to the general public.

"In spite of this the public is uninformed."

He summarized the proposals put forth during the three-day convention, including formation of a public relations and speaking course for foresters, a full-time manager-public relations official, education of the press and other communications officials, more emphasis on education in high schools and 4-H forestry clubs and better and larger staffs and equipment in forestry schools.

The most important factor of all was the individual forester's attitude towards the public.

Keep Your Eye on Classified!



SPACE TRAVEL, started by the Russians in their launching of a small earth satellite, may become almost routine within a few decades. One U.S. scientist, Darrell C. Romick, who worked for five years on Goodyear Aircraft Corp. plans for a three-man satellite to travel to the moon, says that a manned space ship could be put into the heavens within eight years. Here is an artist's conception of the Romick "Meteor Junior" on its way to the moon.

Member For W. Kootenay Chides Resources Minister

OTTAWA (CP) — Resources Minister Alvin Hamilton was rapped Thursday by a CCF member for shying away from a question on boundary river negotiations with the United States.

He made no answer to repeated Commons queries by Hon. Jean Lesage, former Liberal resources minister, as to whether meetings have been held with U. S. minister on the subject. It involves mainly power development of the Columbia River flowing from British Columbia into Washington.

Mr. Hamilton merely referred to his recent statement in which he said negotiations had been carried on. When Mr. Lesage asked whether there had been actual meetings, the minister replied:

"The dangers of the minister speculating on that are obvious."

H. W. Herridge (CCF — Kootenay West) commented that Mr. Lesage, when minister, had kept Commons members fully informed on the matter. It would be in the interests of the Commons for the new minister to follow Mr. Lesage's example.

WITH THANKS

MANCHESTER, England (AP) —Railway conductor Fred Banniser found a purse containing £3,829 ($10,721) in a coach Wednesday. The well-dressed woman who claimed it some time later tipped him half a crown (35 cents).

BRIGHT IDEAS

LONDON (CP)—More than 3000 suggestions for improvement of service were received from the staff of London Transport last year. Seven hundred employees were given awards for their ideas.

Capetown Students Welcomed Aboard Russ Tovarishch

CAPETOWN, South Africa (Reuters) — Two Capetown University students swam out to the Russian training ship Tovarishch to board her on a bet — and ended up by having brandy and a meal in the captain's cabin.

The students, both experienced skin divers, made the bet Tuesday. One was spotted by a guard on the ship, who threw him a rope and hauled him aboard, a friend of the pair said Thursday.

Home Owners Could Close Up Airports

MONTREAL (CP) — Someone who likes his sleep could tie up Canada's major airports, a Toronto lawyer says.

Alastair R. Paterson, who specializes in aviation law, said there is no Canadian law in existence "which could conceivably be a defence if a court were told that the noise of aircraft landing, taking off, running up or flying in a particular approach pattern was a nuisance . . . "

He said if a property owner could satisfy a court that the right was being interfered with by the to quiet enjoyment of his property operation of an airport or airplanes, in all probability an injunction would be granted and the offenders could be sued for damages.

Mr. Paterson, speaking at the joint meeting here of the Canadian Aernautical Institute and the United States Institute of the Aeronautical Sciences said the problem of aviation noise laws is urgent and immediate, especially in Canada and the U.S.

He said aircraft makers are working to develop efficient mufflers for today's big and noisy airplanes, but until such devices are available something should be done by legislation to give airplane operators some legal protection.

Agrarians Quit Stockholm Gov't

STOCKHOLM (AP)—The Agrarian party Thursday quit the Socialist-Agrarian coalition government of Socialist Premier Tage Erlander.

The cabinet is expected to resign within 48 hours but King Gustaf Adolf is expected to ask the Socialists to form a new government.

The walkout of the Agrarians, however, left the Socialists a few votes short of a majority in the 231-member lower chamber of parliament.

The Agrarian decision to quit a coalition that has ruled Sweden for six years was reported based largely on a dispute over a sweeping pension plan, which the Agrarians oppose.

MAIDSTONE, England (CP) — More than 8000 sheep and 1000 head of cattle were sold at Maidstone Fair this month.

Lynch Hopes Russ Seek Equality Not Power

TORONTO (CP) — Russia's influence in the United Nations is increasing, Charles Lynch, CBC correspondent at the UN, said Thursday.

"The UN, now that it has 82 member nations, now that it has so many delegates whose skins are not white in color, no longer is a place where the Western nations can be sure of a majority for their proposals," he said in a speech prepared for the Empire Club of Toronto.

"The West has always negotiated from a position of strength in the General Assembly—but those days are fast disappearing."

Mr. Lynch said he believes the Russians are playing on the Arabs, the Africans and the Asians "in a more skilful way than the United States.

The current dispute between Syria and Turkey was a case in point.

WORST SUSPICION

Mr. Lynch said the worst suspicions of the West are that the Russians are looking to the day when they can conquer the world.

"I prefer to think that she will be content to be treated as an equal, that she is as horrified at the prospect of hydrogen war as we are that she has no intention of starting such a war to achieve world mastery, that she knows that from such a war no nation would emerge as master."

Turning to Canada's role in the UN, he said: "Our geographical position as a new world country, and our unusual ties with the United Kingdom and the United States, give Canada a position that goes beyond any building up of our own ego.

It is up to us to decide how to use that position . . ."

Concluding, Mr. Lynch said the United Nations has many imperfections.

"It is perhaps a poor thing and we of the West no longer can call it our own. But it does seem to be better than fighting it out with bombs . . ."

WINDS DELAY PLANES

NEW YORK (AP) — Westerly winds as strong as 90 miles an hour delayed the arrivals of overseas airliners Thursday at Idlewild airport from 2 to 3½ hours. At least 21 inbound flights were affected.

5 DIE IN CRASH

OAKLAND, Calif. (AP) — An automobile moving at an estimated 90 miles an hour, crashed into a concrete abutment killing five young men here Thursday. The 1957 model car virtually disintegrated.

Farmer's Wife Accustomed to Snakes in Tub

MOOSBANK, Sask. (CP)—Mrs. Oswald Booth wasn't particularly surprised to find a four-foot garter snake in her bathtub. Snakes have become routine in the Booths' farmhouse, close to this community 40 miles southwest of Moose Jaw.

The snakes arrived four years ago, and the Booths haven't been able to get rid of them. This year has been the worst. In one day, Mr. Booth threw 45 out of the basement. They slither in anywhere there is an opening.

The unwanted guests are harmless garter snakes, usually less than two feet long. The one that wanted a bath however was four feet long and 1½ inches in diameter.

Fortunately neither Mrs. Booth nor her 14-year-old daughter Sharon is afraid of the reptiles. Mrs. Booth won't touch them, but Sharon sometimes picks one up to get rid of it. Mr. Booth kills them when he can.

UNUSUAL YEAR

The Booth farm seems to be the only one plagued with snakes in this area, but Mrs. Booth's sister, living 20 miles to the south, has killed as many as 75 in two days during a particularly big outbreak.

An abnormally dry summer brought the snakes out in large numbers. When the sloughs dry out, they seek cover in a house, and at the Booth farm they crawl behind books on into dark corners.

The snakes are stubborn, too. When Mrs. Booth found the one in the bathtub, she waited for it to crawl down the drain, then popped the plug in. But the snake popped right back up, forcing up the plug.

They are looking forward to colder weather, when the snakes will disappear. Meantime, says Mrs. Booth, "we'll just keep throwing out our household livestock."

OIL HUNT ON

TUNIS, Tunisia (Reuters) — The American Conorada Oil Company has decided to invest $3,500,000 in oil prospecting in Tunisia. The Tunisian government recently awarded Conorada prospecting rights over a large area south of Gasa, on the Tunisian-Algerian border.

He feels well because he knows he is well

He's fit as a fiddle. His Imperial Oil regular medical examination has just told him so.

He knows that Imperial's health improvement plan is tops in Canada.

He also knows that if he does get sick his company will keep on paying him for weeks.

Besides this, in B.C. Imperial contributes 50% toward a family medical and surgical plan.

And there are many other good things at Imperial, such as: earnings above the Canadian average—steady jobs—survivor benefits and group life insurance—annuities—savings in cash or stock—university scholarships. And all these are reasons . . .

. . . why people say

IMPERIAL

is a good place to work

Market Trends

NEW YORK (AP) — A tug-o'-war between bulls and bears after Wednesday's rally left the stock market irregularly higher at the close Thursday.

It was a turbulent day with turnover of 4,030,000 shares compared with 4,600,000 Wednesday when the market staged its greatest one-day recovery in 28 years.

The high - speed ticker tape, swamped by a series of big opening blocks and a spilling-over of intense demand from Wednesday, ran late for an hour and 36 minutes in the morning. The tape was seven minutes behind transactions at the worst.

Traders out for a quick profit on Wednesday's wide upward swing were unloading but buying enthusiasm ran high.

The Associated Press average of 60 stocks rose 50 cents to $157.20 with the industrials up 70 cents.

Best performer among Canadian issues was Walker - Gooderham, which closed 1¼ higher. Granby Mining was up ¾. Losers included Aluminium Ltd., 1⅛, tional Nickel, &, and Distillers-McIntyre Porcupine, 1½, Interna-Seagrams, ⅜, Canadian Pacific ended the session unchanged.

On the American exchange the pattern also was irregularly higher. Losers included Pacific Petroleum.

TORONTO (CP) — Profit-taking almost turned the stock market to the downside Thursday after it had attempted to carry Wednesday's sharp advance into a second session.

The market opened with a burst of rising prices but before noon the upward motion had stopped and selling for profit quickly reduced the early gains.

The first hour trading was so busy that the high - speed ticker tape fell as much as 12 minutes behind floor transactions but as selling displaced buying, the tape caught up.

The industrials index, which zipped ahead 4 points in the first hour, had almost that entire gain wiped out before the end of the day, closing with an advance of slightly less than one-quarter of a point.

Gains in industrials and western oils held a narrow edge over losses but the mining list had about as many declines as advances. The base metal index lost nearly 1½ points and western oils had a gain of slightly more than one - half point. Golds were a shade higher.

Industrial gains ranged to five points, led by Page-Hersey Tubes at 100. There were several gains of between one and two points. Most of the losers were the stocks which scored the main gains in Wednesday's big drive, the largest in Toronto Stock exchange history.

High-priced mines moved down in a 1½-point range with a majority of senior base metals losing about a point. Uraniums were mixed with some strong gains and a few heavy losses.

Western oils were the hardest-hit by profit-taking but they still managed to record some sizeable gains, ranging to 40 cents. Calgary and Edmonton slipped almost a point.

CRAWLEY, England (CP) — People moving into Crawley New Town have a choice of 249 different types of houses and flats.

STILL AGROUND

MONTREAL (CP)—Water has penetrated the No. 2 hold of the grounded coastal freighter Guard Mavoline but officials said Wednesday night she is expected to be refloated within several days. The 800-ton Canadian vessel was stranded Tuesday after a collision with the Norwegian freighter Hemsefjell.

Herridge Raises Question On Imported Cull Apples

OTTAWA (CP) — Agriculture Minister Harkness said Thursday he has ordered a study to see what can be done to prevent importation of cull apples from the United States.

H. W. Herridge (CCF — Kootenay West) raised the question in the Commons.

Mr. Harkness said that former Liberal agriculture minister Gardiner advised him Wednesday of one shipment of cull apples, and investigations were being made to see whether any other shipments had been made.

The topic of apples was one of several farm matters raised during the Commons question period.

Mr. Harkness declined to answer a question by E. G. McCullough (CCF — Moose Mountain) as to whether Ontario winter wheat will be covered by the proposed price stabilization measure.

L. H. Lewry (CCF—Moose Jaw-Lake Centre) asked when the government intends to set up the proposed inquiry into price spreads of farm products. He said the price of No. 1 flour in Western Canada is $7 a hundredweight while farmers receive $2 a hundredweight for wheat.

Prime Minister Diefenbaker said an announcement will be made "in due course" but indicated it will not be until after passage of currently-proposed legislation on cash advances for farm-stored Prairie grain and on increased old age pensions.

Coast Labor Expert Will Keep Away From Senate Committee

VANCOUVER (CP) — A labor expert wanted for questioning by the Senate rackets committee in Washington said Thursday he will not go.

Dr. Louis Checov, labor expert and psychologist now living in Vancouver, told a reporter he received what he termed an "appear or else" telegram from committee chairman John L. McClellan last week, and a long-distance telephone call from committee counsel Robert Kennedy.

He said he told Kennedy he would make a decision on whether to appear at the committee hearings. "Now I have decided I definitely will not go. I'm not big enough to protect myself before this committee . . . They want me to be the goat—a clay pigeon."

The committee wants to question Dr. Checov about his role in a 1954 union - management fight involving Nathan Shefferman, an associate of deposed teamster boss Dave Beck, and the Whirlpool Corporation.

Dr. Checov said he was hired to keep the union out of the Marion, Ohio, plant of the Whirlpool Corporation, which manufactures electrical appliances. He was working for Shefferman at the time.

Dr. Checov, 34, a graduate of the University of British Columbia and the University of Washington, returned to Vancouver in April and set up the firm of management development associates.

He became an American citizen in 1956 but says he now wants his Canadian citizenship back.

Imperial Oil Earnings Up

TORONTO (CP) — Imperial Oil Ltd. reports its estimated net earnings for the nine months ended Sept. 30, 1957 were $58,421,000, or $1.85 a share, compared with $51,138,000 — $1.62 a share — for the same period last year.

The company, in its nine-month report, said that average net crude oil production during the period was 101,594 barrels a day, up slightly from last year's figure, despite the decline in exports for each month.

Crude oil processed at refineries averaged 279,417 barrels a day, up five per cent over the preceding year. Sales of products and processed crude averaged 273,418 barrels a day, and represented a three-per-cent rise. The major increase occurred in gasoline.

A. V. Roe Names New Directors

TORONTO (CP) — A. V. Roe Canada Ltd. now holds about a 73-per-cent interest in Dominion Steel and Coal Corporation Ltd., Sir Roy Dobson, chairman of Roe said Thursday at the company's annual meeting.

The meeting approved a by-law to increase the number of directors from eight to 10, and W. B. Scott of Toronto, vice-pres$dent of Wood, Gundy and Co. Ltd., and C. W. Webster, Montreal financier and a director of Dosco, were added to the board. Other directors were re-elected.

In reply to a question from a shareholder, Sir Roy said Roe at July 31 held 646,800 shares of Algoma Steel Corporation Ltd.

B.A. Strike Fizzles Out

BUENOS AIRES (AP)—A 48-hour general strike called by 62 unions ended at midnight. The government and the press both called it a failure.

Newspapers termed the outcome a victory for the government of provisional president Pedro E. Aramburu. Aramburu stood fast against the strikers' demands that the government lift its wage freeze to meet soaring living costs.

Business spokesmen promised Wednesday that they will cut prices to help the government's drive to increase production.

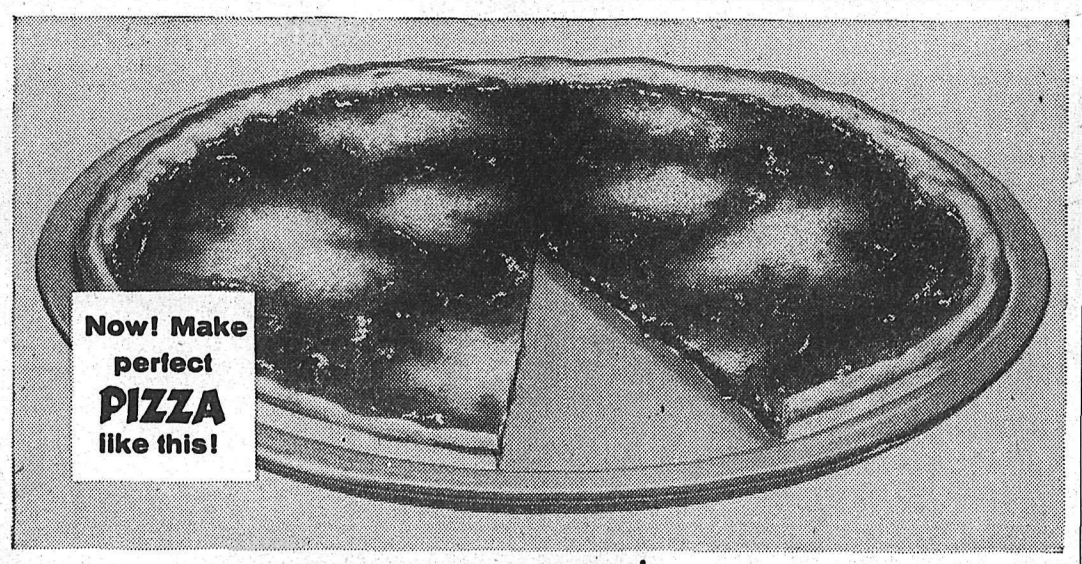
The government charged that followers of ousted dictator Juan Peron inspired the strike.

U.S. Missile Hits Test Plane

WASHINGTON (AP)—The U.S. Air Force Thursday reported a Bomarc long-range interceptor missile had knocked down a drone plane more than 100 miles out over the Atlantic.

The target test was made Wednesday from Patrick Air Force Base, Fla. The air force said its powerful new missile reached a height of more than 60,000 feet before making a direct hit on an unmanned B-17 plane.

Bomarc missiles, now in production by the Boeing Aircraft Company, have an effective range of up to 300 miles, travelling at speeds more than 2½ times that of sound.



CHEF BOY-AR-DEE*
PIZZA PIE MIX
complete with zippy Italian-style cheese

So quick! So easy!
Just mix water, yeast and pizza flour mix. Let rise 15 minutes. Spread on baking sheet or pie pans. Pour sauce over top. Sprinkle with cheese —and it's ready for the oven.

Delicious — real Italian style!
You get pizza in the true Italian tradition—crispy brown crust, bubbling with rich sauce and savory cheese. A delight for lunch or supper. Great for a late evening guest snack.

All the makings in one package.

Canada, Australia Fourth Behind Yanks in Canada Cup

TOKYO (AP) — Canada and Australia were tied for fourth place today as the leading United States team of Sam Snead and Jimmy Demaret teed off for the second round of the international Canada Cup competition.

Snead and Demaret were paired with the runner-up Japanese twosome of Torakichi Nakamura and Koichi Ono before a gallery expected to reach more than 10,000.

The Canadian combination of Stan Leonard and Al Balding was still in strong position behind the third place South African combination. Leonard shot a one-under-par 71 in the first round, Balding a 74.

Snead, the hero of the Japanese fans because of his tremendous drives, fired a competitive course-record breaking 34-33—67 and Demaret equalled the mark with a 36-33—69 for a combined score of 136 in the opening round Thursday. This was five strokes better than the fine 141 total racked up by the surprisingly Japanese.

Nakamura, a 43-year-old teaching pro, carded a 33-35—68 and Ono a 37-36—73, over the 6,895-yard, par 72 Kusumigaseki layout.

FOUR-DAY AFFAIR

The tournament is a 72-hole,

FOUR-DAY AFFAIR

The tournament is a 72-hole, four-day affair with the Canada Cup team and international trophy individual championships to be determined simultaneously. The team crown, won a year ago by Snead and Ben Hogan in Surrey, England, is decided on the aggregate scores of the two players representing each country.

Only seven players in the star-studded field of 60 professionals from 30 nations managed to beat Kasimigaseki's par. Besides Snead, Nakamura and Demaret, par - wreckers included four who fired 71s. They were young Harold Henning of South Africa, Leonard, Juan Querellos of Brazil and Celestino Tigot of the Philippines.

Peter Thomson of Australia, winner of three British opens in a row, was consistency itself with a par 72, which included 16 pars. His partner, young Bruce Champton, shot 73.

Wales, England and Brazil were tied at 146, followed by Argentina with 147 and Ireland 148.

SPORTS

Inventor Has Hopes For Starting Pair

CAMDEN, N.J. (CP)—A young inventor who names his horses after his children and friends, hopes Saturday, Oct. 26, is as lucky a day for him as was Saturday, Oct. 19.

George Lewis, who with his wife operates the George Lewis Stables, saddled two horses in different divisions of the split Garden St$te trial last Sat7rday. One, Martin's Rullah, named for the Lewis' son, Martin, won his section.

The other, Music Man Fox, named after Harry Fox, New York agent in the music business, finished in a deadheat for first in the second division of the trial. Both colts are entered Saturday in the Garden State Stakes, the richest horse race in the world.

Lewis, a 35-year-old native of Baltimore who invented a process of moulding plastic boots, feels sure that one of his two-horse entry will upset the experts and romp home with the top slice of the $275,150 gross purse of the Garden State. Top money, based n 12 starters, would amount to $156,332.50.

TWELVE STARTERS

The place horse in this jackpot for two-year-olds vets $55,332.50. Third money is worth $36,272,50 and fourth amounts to $13,272.50.

The field should consist of 12 starters, with the possibility of a 13th if the track is fast.

Maince Chance Farm's Jewel's Reward looms the favorite at approximately 2-1. One of four $10,000 supplementary entries, Jewel's Reward, to be ridden by the earned $1 0,320 for Mrs. Elizabeth Graham.

The rest of the proable starting field is made up of Misty Flight with Eddie Arcaro up, Nadir of the Claiborne Farm, Willie Hartack aboard; Terra Firman, to be ridden b18L. Gillithe jockey; Yemen, Ted Atkinson up; Isendu, Harold Grant the rider; Chance It Tony, to bzn My Warrior, Sam Boulmetis the probable jockey, The Ambitwixt, Dave E4b up. Bill Harmatz has the reins on Music Man Fox and Steve Brooks is slated to ride Martin's Rullah.

Spectators Welcome Dodgers

LOS ANGELES (AP) — Big league baseball flew into Los Angeles and a tumultuous welcome Wednesday night.

Hundreds of spectators strained against ropes as the chartered plane carrying the vanguard of the Los Angeles Dodgers set down on the international airport runway.

A U.S. senator was jostled unnoticed in the crush. Even an old National League umpire, Beans Reardon, was smiling.

President Walter O'Malley was the first of the 28 Dodger officials aboard the plane to face the throng. His beaming Irish face was greeted with a loud roar.

Junior Gilliam was the only ball player aboard the twin - engine plane. But slugger Duke Snider, who lives in suburban Compton, was on hand to greet his associates.

Other players, including Pee Wee Reese, Gil Hodges, Gino Cimoli and Roy Campanella, are expected to arrive before a civic luncheon on Monday.

Two Withdrawn From Running Of Handicap

LONDON (AP) — Scamperdale and Baron's Folly were scratched Thursday from the Oct. 30 running of the Cambridgeshire Handicap, cutting the field to 39 for the mile and an eighth horse racing classic at Newmarket.

The Cambridgeshire is the race on which the last Irish hospitals sweepstake of the year is based.

Fairy Stone, a three-year-old owned by Mrs. John W. Hanes of Ben Tulloch Farm, New York, is the 10-to-1 favorite.

Other high rated contenders include Stephanotis, Primera, and Heritiere at 100-to-7 each; Loppylugs, 100-to-6; Precious Heather, 18-to-1 and Veleta, Pundit, Variety King, Westmarsh, Roll Away, 20-to-1.

Coach Certain Of Sigurdson's Pro Potential

MONTREAL (CP)—Coach Larry Sullivan of McGill Redmen is confident that in Len Sigurdson of Winnipeg he has a football player who could move into a professional team's lineup right now.

"Why not?" asked Sullivan as he eyed his players at practice Wednesday. "Len has lots of ability, is very agile for a big man of 215 pounds, and loves to play."

Because of lineup problems Sullivan has been using Sigurdson as offensive centre and defensive tackle "and he has been doing a great job for us although he is a natural guard."

Sullivan credits the 25-year-old Winnipeg husky with being a big factor in the Redmen's 2-1 record at the half-way mark of the Senior Intercollegiate football season.

Sigurdson is a fifth-year engineering student and is due to graduate in the Spring. He has also been a standout player on the Redmen's hockey team.

Fights

By The Associated Press

Manila—Gabriel (Flash) Elorde, 133½, Philippines, outpointed Leo Alonzo, 132¾, Philippines, 12 (for Philippines lightweight championship).

ANCIENT AUTO

LONDON (CP) — Oldest car entered for the London-Brighton "Old Crocks" race, on Nov. 3, is a single-cyclinder three-wheel Benz, built in 1888.

Vancouver Meralomas Confident

VANCOUVER (CP) — With only one victory needed and only one game to play, Vancouver Meralomas are confident of the B.C. Junior Big Four football championship for the second straight year.

Winner will play Edmonton Huskies here Nov. 2.

A game against Burnaby Spartans Wednesday night was cancelled because of bad weather and Meralomas coach Denny Veitch said it was just as well because his team has been seriously weakened by flu. Meralomas have held only one practice in two weeks because of sickness.

Final game of the season is with CYO Saturday and Veitch is confident it will result in the Meralomas as holding on to the title they won last year.

Montreal Forward Despatched To AHL

MONTREAL (CP) — Montreal Canadiens announced Thursday that forward Stan Smrke is being sent to Rochester Americans of the American Hockey League subject to immediate recall.

Smrke, 29, was brought up to the National Hockey League Canadiens in the middle of last season from Chicoutimi Sagueneens of the Quebec Hockey League. He got into only a few games because of a knee injury.

Meanwhile, Canadiens expect to be at full strength for the first time this season when they meet Boston Bruins here Saturday night.

Pink Velvet's Workout Pleases Chalk-Eaters

TORONTO (CP)—One terrific workout doesn't mean a pot of gold but the talk around the stables Thursday was that a homebred, and a filly at that, could take the big money in Saturday's $60,000 Canadian championship at New Woodbine.

The cause for jubiliation is a spirited filly, Pink Velvet by name and owned by Toronto's Bill Beasley. Pink Velvet disdained the mud and slush Wednesday to gallop 1⅛ miles in 1:51.1, the fastest training move over nine furlongs ever recorded in Canada.

The sprint made the railbirds consult their form charts. It wasn't too surprising to chalk-eaters because Pink Velvet has won eight races and more than $60,000 this season and is considered by some criticis the best mare to perform on a Canadian course in the last 30 years.

FOREIGN FAVORITES

Pink Velvet's sprint was made just a few hours before a couple of pre-race favorites arrived on the scene from the United States —Find, owned by Alfred Gwynne Vanderbilt, and Wise Margin from the Sam Tufano Stable.

Find, winner of $651,354 in its career—$229,550 of it so far this season — and the veteran Wise Margin with total earnings of more than $300,000 made their appearance at the $13,000,000 track almost unnoticed. The clockers were still talking about Pink Velvet's workout.

The age-for-weight race over one mile and five furlongs has attracted a field of about 10 horses, including four from Canada. The starting field will be known Friday when owners pay $500, the final acceptance fee.

If 10 start, first-place money will be about $60,400, equalling Pink Velvet's earnings this year.

The foreign contingent already here besides Wise Margin and Find includes Spinney, which won the $100,000 Santa Anita maturity for owner Louis Rowan this year and at the same meet placed second in the $100,000 San Juan Capastrano handicap and third in the $100,000 Santa Anita handicap.

WIFU Rushing Score Beaten By Edmonton's John Bright

REGINA (CP) — Fullback Johnny Bright of Edmonton Eskimos has netted 1,501 yards along the ground to surpass by 61 yards the western football conference individual rushing record for one season set a year ago by teammate Normie Kwong.

Statistics released today (Thursday) by Bill Hawreylak of Regina, chief WIFU statistician, show Gerry James of Winnipeg Blue Bombers in the runner-up position with a net gain of 1,045 while Kwong is third with 931.

By Bailey of the B.C. Lions is next in line with 783 yards while Winnipeg's Leo Lewis has netted 727, Edmonton's Jackie Parker 697 and Bobby Marlow of Saskatchewan Roughriders 612.

Rounding out the top 10 are Al Valdes of Calgary Stampeders with a net gain of 499 yards, Saskatchewan's Jack Hill with 466 and Calgary's Howard Waugh with 443.

Statistics cover all games to date with each club having played 14 times.

PARKER'S AVERAGE TOPS

Parker has the best average carry among the top 10 groundgainers. The Eskimo ace has carried the ball 92 times for an average carry of 7.5 yards. Lewis is averaging 6.8 yards on 107 carries, Bright 6.3 on 236 and James six even on 174.

Valdes is averaging 5.2 yards per carry and Kwong, Hill and Waugh 5.1 apiece. Bailey is averaging 4.9 yards and Marlow 4.8.

Edmonton's Don Getty owns the best passing mark, completing 61.7 per cent of 102 aerials B.C.'s Maury Duncan has completed 55 per cent of 198, Calgary's Nobby Wirkowski 53.1 of 160, Winnipeg's Ken Ploen 52.3 of 130, Saskatchewan's Frank Tripucka 50.8 of 299 and Parker 49.5 of 111.

Tripucka has thrown the most touchdown passes, 12, and has had the most intercepted, 25, a league record.

CAMERON BEST RECEIVER

B.C.'s Paul Cameron is the leading pass receiver, catching 50 of 31 aerials for a completion average of 96.7 per cent. Saskatchewan's Larry Isbell has caught 27 of 29 and teammate Stan Williams 25 of 27.

Winnipeg's Ernie Pitts leads in total yards, latching onto 31 of 39 for 626 yards. Calgary's Dean Renfro has caught 23 of 41 for 556 yards and the best average pass, 24.1 yards. Renfro and B.C.'s Jerry Janes are tops in touchdown passes with five apiece.

B.C.'s Vic Chapman leads the tickers with an average hoist of 42.7 yards on 112 punts. Calgary's Ted Duncan is averaging 42 yards on 110 kicks, Isbell 41 on 101. Edmonton's Bill Walker 41 on 65 and Winnipeg's Gerry Vincent 40 on 98. Four of Isbell's punts have been blocked while Chapman, Duncan and Vincent have each had one blocked.

Lewis is leading in kickoff returns with an average of 32.3 yards on 24 runbacks while Winnipeg's Gordie Rowland is tops in punt returns with a 7.5 average on 46 runbacks.

B.C.'s Ted Hunt has the best convert average, making good 19 times on 23 tries for 82.6 per cent. times on 23 tries for 82.6 per cent Edmonton's Joe Mobra has kicked the most converts, 45 in 56 attempts.

Ottawa Lightweight Prospect Faces Ninth-Ranked Contender

NEW YORK (AP) — Gale Kerwin of Ottawa gets his big chance in Madison Square Garden when he meets Johnny Busso, ninth-ranking lightweight contender, tonight.

"I intend to make the most of the opportunity," said the rangy, 22-year-old Kerwin, now living in Valley Stream, N.Y. "This is something I've been dreaming about for a long time."

Kerwin, a 5-8, 140-pounder, was elevated from the semi-final to the main event when Italian Paolo Rossi and then Ernie (Sonny Boy) Williams of Washington, D.C. were stricken with the Asian flu.

Although Kerwin is inspired and full of hope, bookmakers made the 23-year-old Busso the 13-5 favorite.

The New Yorker, about the same size as Kerwin, is an aggressive fighter with more experience than his rival. A pro five years, Busso has a 30-5-1 record, including 14 knockouts.

A pro 3½ years, Kerwin has shown vast improvement in the last year. He has won eight of his last nine. The loss was by decision to undefeated Carlos Ortiz but Kerwin had the New York boxer on the floor. Since that one he outpointed Rocky Randall in 10 and stopped rugged Tony DiBiase in five.

B.C. Association Making Affair During Centennial

VANCOUVER (CP) — The British Columbia track and field association is making tentative plans to bring some of the world's great athletes to Vancouver for a centennial track and field meet next June 6-7.

The meet would be tied in with year-long celebrations of B. C.'s 100th anniversary.

Bob Osborne, president of the centennial sports committee, said Wednesday: "We are still presently in talking stages. We feel that within the next few weeks we'll be able to start getting things really rolling."

Mr. Osborne Wednesday returned from Victoria where he attended a meeting with B. C. track and field president Bob Hutchinson. Highlight of the meet would be a dream mile in which 12 of the world's top milers would be asked to participate. They would include Derek Ibbotson, present holder of the 3:57.2 world's record, Ken Wood and Brian Hewson, all of Britain.

Milers from Finland, Sweden, Czechoslovakia, Australia and the U. S. also would be invited. Russia's Valadimir Kuts, who holds the world record for the 5000 meters, is mentioned for the 5000 and the two miles.

AL Attendance Up 4 Per Cent

CHICAGO (AP) — American League attendance this season jumped almost four per cent over last year and, for the seventh time in the last decade, passed the 8,000,000 mark.

Total home attendance for the eight baseball clubs was 8,196,218, compared with 7,093,683 last year, the league disclosed Thursday.

Although the champion New York Yankees led all clubs in attendance of 1,497,134, the runner-up Chicago White Sox turned in the biggest increase over the previous year, 135,578, with a fourth-place total of 1,135,668. The Yankees increased 5350 over last year.

Second in total attendance were Detroit Tigers with 1,272,346, followed by Boston Red Sox with 1,181,087. The Tigers picked up 221,164 this year and the Red Sox increased 47,929.

Fifth behind the White Sox were Baltimore Orioles, who climbed 128,380 to a total of 1,029,581.

THIS TOOHY HAS NERVE!

MONTREAL (CP) — Montreal's mushrooming Phooey on Toohy club, unofficial but always vociferous, won't like this but . . .

Ralph Toohy of the Hamilton Tiger-Cats, the man whose prance onto the field as the 13th player last Saturday is declared to have ruined Montreal Alouettes' budding and winning touchdown over the Cats, telephoned the Alouette offices.

"I would like two tickets for our game in Montreal this Saturday," said the unabashed Mr. Toohy.

General Manager Gorman Kennedy, dazed and reeling, mumbled something about a sure sell-out of the 22,984 seats. Recovering a bit later, Kennedy said: "Just to show him there are no hard feelings we'll try to find them for him."

LEAGUE LEADERS

By The Canadian Press

New York Rangers' Andy Bathgate moved into a fifth-place tie among National Hockey League scoring leaders Wednesday night and became the league's biggest playmaker. His single assist gave him a total of seven assists and eight points.

The leaders:	G	A	Pt
M. Richard, Montreal	7	6	13
H. Richard, Montreal	6	6	12
Moore, Montreal	4	6	10
Beliveau, Montreal	4	6	10
Bathgate, New York	1	7	8
Horvath, Boston	4	4	8
Harvey, Montreal	1	6	7

Bornastar Wins Spinster Stakes

LEXINGTON, Ky. (AP)—J. Graham Brown's Bornastar, a 9-to-1 shot, won the first renewal of the $76,050 Spinster Stakes Thursday at Keeneland, beating favored Pucker Up by two lengths.

The four-year-old daughter of Alibhai raced the 1⅛ miles in 1:49 1-5. Searching was third and Bayou fourth.

Bornastar paid $20.80 and $3.20, with no show betting. Pucker Up returned $2.20.

Freak Tally Shoves Wings Into Fourth

DETROIT (AP)—Norm Ullman's second goal of the game, with six minutes remaining, brought Detroit Red Wings a 4-3 victory over Boston Bruins Thursday night in a penalty-splashed National Hockey League game.

NORM ULLMAN

Ullman got the winning marker on a freak play. Boston goalie Don Simmons tried to catch Gordie Howe's 50-foot bullet, but juggled the puck which dropped behind him. Ullman made a racing dive into the play and speared the loose puck into the cage.

The big goal spoiled a Bruin rally which saw centre Don McKenney score twice to offset a 3-1 deficit.

THIRD DEFEAT

It was the third straight defeat for the Bruins. The setback prevented Boston from forcing a first-play tie with idle Montreal.

By winning their second in a row, Detroit moved past idle Chicago in fourth place.

Referee Red Storey called fourteen penalties—nine on Boston. All were minors except a 10-minute misconduct to Detroit goalie Terry Sawchuk for his protest of Boston's initial goal.

Detroit scored twice and Boston once while the defence was shorthanded.

DETROIT TAKES LEAD

Detroit jumped to a 2-0 lead in the first 10 minutes. Dutch Reibel cashed a power play goal when Simmons lost his sharp angle shot and then kicked the loose puck into the cage.

Alex Delvecchio followed up with a rising 40-footer. Vic Stasiuk clicked for Boston's first goal midway in the second period.

Ullman offset that with his initial goal, a short kill of Delvecchio's pass out while Boston was shorthanded.

McKenney scored twice in a row, beating Sawchuk from close range late in the second period and then swatting in Stasiuk's passout to tie the score at 14:07 of the final.

Regals Bounce Stamps, Catch Tie For First

SASKATOON (CP) — Saskatoon-St. Paul Regals climbed into a tie with Winnipeg Warriors for first place in the Western Hockey League's Prairie Division Thursday night by defeating Calgary Stampeders 7-2 before 3000 fans. It was the Saskatoon opener for Regals, who will play half of their home games at St. Paul.

Gerry Couture and Ray Ross paced Regals in the victory, each with two goals. Ralph Keller, rookie, Reg Primeau and Lyle Willey notched the other Regal goals. Bob Kabel drew four assists.

For Calgary the scorers were Steve Witiuk and Fred Hucal, who each had an assist as well.

SPUTNIK HAS INFLUENCE!

LONDON (AP)—Racehorse owner Sir Victor Sasson Wednesday named one of his yearlings "Bleep." The colt was by Pinza out of Satellite.

The SHORT CIRCUIT

By JOHN SHORT
Sports Editor

A boy with an ideal is closer now to fulfilling that ideal than he ever thought he would be at this stage of his development.

Don Holmes is the boy's name, and he has wanted for as long as he can remember to play professional sport. Currently holding down the No. 1 position as netminder of Flin Flon Bombers, Don is still a long way from professional hockey, but the door is ajar and his foot is holding it that way.

When one looks at Don Holmes, he sees in the eye of his mind every boy who has ever gone through minor hockey ranks. At times eager, at times likely to find himself a little fed up, he is now doing what two years ago he vowed he would do—if he could.

Don is big, rough and has the attitude that can make him a star. It is far too early at this stage of the game to consider any junior player a coming star, but one can't help but hope.

Slim Porter and his aides of the Nelson Minor Hockey Association —who do a wonderful job, as you all must realize by now—helped develop young Mr. Holmes. He has come up through the ranks, and, if it becomes necessary, he has another year of juvenile eligibility.

Because he is eligible for another year of juvenile, chances are better than good that he will be retained by the defending Memorial Cup Champions. Bombers, under-rated almost everywhere but in Flin Flon, upset the highly-touted and highly paid Ottawa Junior Canadiens in the finals last year.

One of the mainstays of that victorious aggregation was George Wood, currently eating rubber for Penticton Vs of the Okanagan Senior Hockey League. With Wood due to graduate, Bombers officials last season began to look for netminders who might develop to Wood's competence.

Don Holmes is one answer. Written in the Flin Flon Miner, local newspaper, are phrases such as these:

". . . On last night's performance, the great goaltending job would have to be awarded to Don Holmes, the Nelson, B.C. boy. He came up with some good saves while his club was two men short during the second period and looked sharp again in the third while under pressure. Holmes appears to have a good pair of hands and can make those big saves from close in . . .

. . . Don Holmes . . . has been slightly more impressive between the pipes to date . . .

. . . Although it's a little early to say anything, Kirk (Bob Kirk, Bomber Coach), did go so far as to say he liked the way the lanky product handled himself between the pipes . . .

. . . So far, Holmes remains the best bet to fill the boots left vacant by Memorial Cup netminder George Wood . . ."

High praise, that. And all, probably, well-deserved. One obstacle remains, and only Don can hurdle that, as he has all the others facing him.

Because he registered with the British Columbia Amateur Hockey Association, Holmes is considered an import under SJHL rules. Before Christmas, each club is allowed three; after Christmas, one must be pruned.

Will Don be one? Betting in this corner is that — if he works — the answer will be no.

Short's Briefs: Two hat-tricks were scored when Spokane Flyers edged Nelson Maple Leafs 5-4 at Civic Arena Wednesday night . . . Mickey Maglio scored one, but everyone knew that. Dave Gordichuk scored the other. Originally, defenceman Tom Hodges received credit for Spokane's second goal, but an official correction gave Gordichuk the goal and Hodges an assist. The public-address announcer failed to notify the fans. . . . Art Godfrey has guaranteed to present a hat to Mickey for Wednesday's performance. Presentation will take place between periods of Nelson's next home game, against Trail Smoke Eaters Nov. 2 . . . Every other Nelson player who scores three goals in one game on Nelson ice this season will be similarly rewarded.

Three-quarters of the area of Greece is covered by mountains, lakes and rivers.

Tambellini, Rypien Count Pair Each as Smokies Dump Spokane

TRAIL — A supposedly-fading veteran and a definitely-rising youngster combined Thursday to push Trail Smoke Eaters into a tie with Spokane Flyers at the top of the WIHL.

Johnny Rypien, who labored last year under Mike Buckna, for Rossland Warriors, and Adolph Tambellini, considered by many to be the WIHL's best bet for a professional hockey career—if he wants it — scored two goals each before John Zahara replied in Smokies' 4-1 victory over the defending league champions.

Trail's victory was their second against as many defeats, while for Flyers, it was their first loss. They have won two, including an 8-6 win over Trail in their opener at Spokane last Saturday night.

Tambellini's tallies were both assisted by linemate Gerry Penner, another with pro possibilities. Second Trail tally came with Flyers' Larry Plante in the penalty box. Defencemen played an integral part in each of Tambellini's goals, as Ray Hamilton aided on the first and Gord Robertson on the second.

Flyers only 24 hours earlier had played a rugged game in Nelson, which they won 5-4, while Trail had a 48-hour layoff after their 8-3 defeat in Rossland Tuesday night. Flyers were much less effective than they had been in their Wednesday victory.

Zahara's tally was his second in as many nights, and his rookie linemates, John Goodwin and Lloyd Maxfield, drew assists to spoil Seth Martin's shutout aspirations. Only 94 seconds remained in the second period, and Martin in the finale was unbeatable.

Lineups:

Spokane—goal, Sofiak; defence, Luke, Lancien, Plante, Hodges, McLaren; forwards, Whittal, Beattie, Bodman, Gordichuk, Zahara, Goodwin, Nadeau, Kubasek, Maxfield.

Trail—goal, Martin; defence, Hamilton, Conn, Andre, Robertson; forwards, Hockley, Ferenz, Tambellini, Penner, Bursaw, Godfrey, E. Secco, L. Secco, Rypien.

First period—1, Trail, Rypien (Ferenz) 3:18; 2, Trail, Tambellini (Hamilton, Penner) 10:44; 3, Trail, Tambellini, (Robertson, Penner) 16:20.

Penalties: Conn :05; Plante 15:-26; Sofiak (served by Gordichuk.)

Second period—4, Trail, Rypien (Hockley) 7:55; 5, Spokane—Zahara (Goodwin, Maxfield) 18:16.

Penalty—Nadeau, 10:34.

Third period—No scoring.

Penalties—None.

DON HOLMES, the boy who left Nelson this fall unconvinced of his ability to stick with the Flin Flon Bombers, appears to be on the way to proving even to himself that he can stick in the rugged Saskatchewan Junior Hockey League.

NELSON COACH EGAN HOPEFUL OF CALL FROM RELEASED ROCK

As the bane of all newspapers—the deadline — approached Thursday night, Nelson Maple Leaf Coach Pat Egan was waiting hopefully for a call from Calgary.

When (and if) the telephone rings, Egan will speak to Rock Crawford, hard-shooting forward recently released by the Spokane Flyers. Egan has realized that he cannot continue successfully with such an impotent third line as the one he centred as Flyers downed Nelson 5-4 at Civic Arena Wednesday night.

The Nelson playing-coach placed the call Thursday after Roy McBride of Spokane had given assurance there were no strings on the ex-professional. Crawford, who played in the Western Hockey League with Calgary Stampeders and Vancouver Canucks, was approached last season after being waived out of professional hockey to show his wares here.

But, he cast his lot with Spokane's money-belt.

McBride has imported a mixture of youngsters and veterans which he hopes will carry him to the Allan Cup championship this year. Among the missing was Rock Crawford, as apparently the competition was simply too tough.

When Egan telephoned, Crawford's wife said he would return the call at midnight. As you read this, Egan will have his decision, one way or another.

Only a few Leafs worked out Thursday, as Egan was generally pleased with the showing Nelson put up before losing to the defending league-champions, who, incidentally, oppose Nelson in Spokane Saturday night.

Murray Parker, Wendy Keller, Cliff Shockey, Egan and Jim Pilla skated on the Civic Arena ice surface, with Arnold Sherwood of Nelson Intermediates skating primarily for pleasure.

Shorthanded as they have been since Jack MacAuley and Norm Ryder left for Calgary after Nelson's only victory of the season, Leafs may find the situation even worse Saturday on Flyers' spacious home-ice. Garth Lipsack was heavily-checked by Larry Plante in the second period Wednesday, and didn't return.

Although rumors prevailed Thursday that the speedy right-winger's leg was broken, further developments indicated he had suffered only a severe twist of the ankle.

Top-Notchers Pilot Horses In "Canadian"

TORONTO (CP) — Two of the continent's top jockeys, Ralph Neves and Joe Culmone will arrive in Toronto today to ride in Saturday's $60,000 Canadian championship stakes at New Woodbine. Neves is flying from Pasadena to ride Find for A.G.V. Vanderbilt. Culmone is flying from Philadelphia to ride Samuel Tufano's Wise Margin.

Despite the possibility of a muddy track for Saturday's race, 13 starters are expected in the long run of one mile and five furlongs. Trainer Nick Julius announced he intends to start Dorene's Lad which will carry the colors of Clifford Bennett and James G. Cowan of Toronto. Dorene's Lad will be the only Canadian bred horse in the race.

Alston, Reese Sign for '58

LOS ANGELES (AP) — Los Angeles Dodgers Thursday night announced the signing for 1958 of manager Walt Alston and team captain Peewee Reese.

Alston, signing for his fifth year with the Dodgers, and Reese his 16th Dodger contract, each receive in the neighborhood of $35,000.

ANNOUNCE DATES OF GRID FINALS

TORONTO (CP) — Dates for the eastern and western intermediate football finals were announced here Thursday by Bill Fry, secretary-registrar of the intermediate council of the Canadian Rugby Union.

The eastern final will be played in Halifax Nov. 16, and the western final will be either Nov. 16 or 17 in Fort William or Winnipeg.

Fry said the Canadian final will be played Nov. 23 in the home of the eastern champion.

HMCS Shearwater Flyers, unbeaten in six games to date, are favored to win the Maritime championship. The Maritime champion meets the winner of a Quebec-Ontario playoff for the eastern title. Lakeshore and Verdun are still in the running in Quebec while Ontario will be represented by either Brantford or East York.

The western title will be decided by a playoff between the intermediate winner in B. C. and the Manitoba-Lakehead champion.

Snead, Partner Falter; Japanese Pair in Lead

TOKYO (AP) — Erratic Sam Snead Thursday fell victim to one of his famous blowups, skying to a two-over par 74 and the Japanese forged to a two-stroke lead over the United States in the second round of the international Canada Cup golf competition.

Tatikichi Nakamura stocky Japanese champion who is an oriental version of Gene Sarazen, fashioned his second straight 68, four under par, and his partner, Koichi Ohno shot a 70 to give the host team a two-round total of 279.

Snead scattershot a 74 while a 71 by partner Jimmy DeMaret gave the Americans a total of 281.

Par for the 6895-yard Kasumikaseki golf course is 36-36—72.

SOUTH AFRICA THIRD

South Africa's young team of Gary Player and Harold Henning moved into contention with two sub-par round which gave them a total of 283, two strokes back of the Americans.

Player shot a 69 and Henning a 70 for the second round.

In fourth place came the Wales tandem of young David Thomas, who matched Snead's first round record score of 67, and Dai Rees, who got his second straight 73. They had a total of 286.

The Americans started the day with a five-stroke lead.

Sam's troubles began on the first hole where he got his first bogey of the tournament.

He missed a four-foot putt on the 13th, took a bogey on the 14th, missed another four-footer on the 15th and then climaxed his day of misery with a double bogey six on the 16th where he left his ball in a trap.

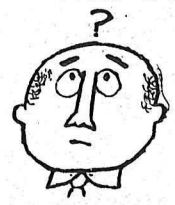
Nakamura topped the individual lead for the international trophy with a 36 hole score of 136. Demaret and Thomas who carded 140 were followed by Snead at 141 and Stan Leonard of Canada with 142.

Championships are decided on both individual and team basis over the four-day, 72-hole route ending Sunday.

PERUVIAN PEAKS

Seven peaks of the Andes in Peru are all more than 19,000 feet high.

What has age to do with borrowing money?



Age in a company spells experience. Because HFC is backed by 79 years' experience, you may borrow with confidence. You get prompt attention, repayment terms tailored to your needs, peace of mind about money matters. Do as two generations have done. Borrow with confidence from Household Finance.

PUBLIC NOTICES

POUND DISTRICT ACT

WHEREAS notice has been duly given of the intention to constitute as a Pound District, certain land in the vicinity of Salmo, which may be more particularly described as follows:

Commencing at the north-west corner of Block 20, of Lot 273, Kootenay District; thence due east to a point due north of the most northerly north-east corner of Sublot 45, of Lot 1237, Plan X. 70 on file in the Land Registry Office, Nelson; thence south to the said most northerly north-east corner of Sublot 45; thence southerly, easterly and southerly along the boundaries of said Sublot 45 of Lot 1237, Plan X. 70 to the north-east corner of Sublot 39 of Lot 1236, Plan X. 69; thence southerly along the easterly boundaries of Sublots 39 and 38 of said Lot 1236, Plan X. 69, to the south-east corner of said Sublot 38; thence westerly and northerly along the boundaries of said Sublot 38 of Lot 1236, Plan X. 69 to the north-east corner of Block 36 of aforesaid Lot 273; thence westerly and southerly along the boundaries of Sublot 36 of Lot 273 to the south-east corner of Sublot 37 of aforesaid Lot 1236, Plan X. 69; thence westerly along the southerly boundaries of said Sublot 37 of Lot 1236, Plan X. 69 to the edge of the bed of Salmo River on the left bank thereof; thence in a general northerly direction along the said edge of the bed of Salmo River on the left bank thereof to the most southerly corner of Block 17 of aforesaid Lot 273; thence in a general north-westerly direction along the south-westerly boundaries of Blocks 17 and 20 of said Lot 273 to the aforesaid north-west corner of Block 20 of Lot 273, being the point of commencement:

AND WHEREAS objections to the constitution of such proposed Pound District have been recorded:

THEREFORE NOTICE IS HEREBY GIVEN that the majority of the proprietors of land within the above-described district must, within thirty days from the posting and publishing of this notice, forward to the Minister of Agriculture their petition in the form required by Section 5 of the "Pound District Act", or otherwise such proposed Pound District will not be constituted.

NEWTON P. STEACY,
Minister of Agriculture.
Department of Agriculture,
Victoria, B.C.
October 9th, 1957.

NOTE: The word "proprietor" in the "Pound District Act" means any holder or occupier of land under whatever tenure, or any superintendent, overseer, servant, or other person acting for and on behalf of such holder or occupier.

NOTICE TO CREDITORS

Italian Doctor Wins Nobel Medicine Award

STOCKHOLM (AP) — The 1957 Nobel prize for medicine was awarded Thursday to Dr. Daniel Bovet, Swiss - born Italian scientist who pioneered in the development of antihistamines and turned the poisoned arrow into a tool for the surgeon.

The award, approximately $42,000 from the foundation established by dynamite inventor Alfred Nobel, is the first Nobel prize to Italian medicine in 50 years. The selection was made by Sweden's Royal Caroline Institute of Medicine.

Reporters who brought word of the award to the 50-year-old scientist's home in Rome were told he was in bed recovering from Asian flu. His wife said he "has been working very very hard" on studies of the effects of tranquillizers on humans.

Bovet for years sought a check against histamine, the irritant whose release in the body by pollen or other disturbing factors causes hay fever, rash, eczema, asthma and other allergies.

In 1937, with a Swiss colleague, he produced the first anti-histamine, 929f or thynoxy-ethyl-diethylamine. This pioneer work, the Nobel Foundation said, together with similar experiments in other parts of the world, led to the development of the all-embracing field of anthihistamines.

After his work on allergies, Bovet took up the search for an anaesthetic which would subject the patient to less strain and at the same time permit complete muscular relaxation for periods of extensive surgery.

He discovered that curare, by controlled injection into the blood stream, produced a paralysis which was ideal for some kind of surgery. Subsequently Bovet developed a series of synthetic curare drugs which now are considered landmarks in the history of anaesthetics.

Ottawa Calls Off Sale Of Indian Reservation

SARNIA (CP)—Chippewa Chief Lloyd Williams announced Thursday that the proposed sale of 2800 acres of the Sarnia Indian reserve land to New England Industries Incorporated was officially called off in Ottawa Tuesday.

The official breakdown of plans to sell the property for $8,000,000 came at a meeting between officials from the company and the federal department of Indian affairs.

The collapse of sale negotiations brings to an end company plans to turn the site into an industrial development and also to provide the Indians with a model village.

Chief Williams said he has been informed the company is willing to negotiate a settlement with individual members of the band to compensate them for any losses or damage suffered through the breakdown of the deal.

It is understood that Ward Leroy, superintendent of Indian affairs here, will be asked to prepare a list of Indian claims against the company.

New England Industries was reported to have blamed the collapse of the multi-million dollar deal, apparently sealed last March 21, on the failure of its potential customers to purchase plant sites on the reserve as promised.

Man reserve Indians, using land options as security, have purchased cars and other expensive items in expectation that the options would be picked up.

A. P. "BERT" MORROW

Appointment of Albert P. 'Bert' Morrow as general manager of the Pacific National Exhibition at Vancouver, has been announced by W. J. Borrie, president of the fair. Mr. Morrow succeeds some months ago. Mr. Morrow V. Ben Williams who resigned is well known in British Columbia business and community service circles.

British Judge Explains When Wife Not Cruel

LONDON (AP)—A British judge says a wife who throws pots and pans at her husband isn't cruel—if she misses.

Judge Sir Seymour Karminski granted George Edward Sprigens, 36, a divorce Wednesday on grounds of desertion by his 36-year-old wife Gladys.

But he rejected Sprigens' allegation of cruelty because, the judge said, although Mrs. Sprigens hurled almost every form of domestic utensil at him she almost invariably missed.

"I regard the throwing of these articles not as something done to hurt her husband but as something done to relieve her own temper," the judge said.

The couple separated after a quarrel in which each threw a cup of tea over the other.

SINGAPORE (Reuters)—Singapore city health officer Dr. H. R. Morrison, said today that epidemic diphtheria is raging in this British Crown colony. Since January this year there have been 409 cases with 52 deaths, he said.

Soviet Forces Train on Turkish Border

MOSCOW (AP)—Soviet forces under Marshal Konstantin Rokossovsky on the Turkish border Thursday were reported training to use atomic weapons.

The report was contained in the latest issue reaching here of the newspaper Dawn of the East, published in Tiflis, capital of Soviet Georgia. It was Tiflis radio which announced Wednesday night the appointment of Rokossovsky to the Trans - CAucasus command.

Both reports obviously were intended to show the Soviet Union's readiness for any trouble on its southern border in line with Russian propaganda claims that the Middle East is on the brink of war.

Movie Gossip . . .

Inger Stevens, Sweden's Latest Gift To Hollywood, Dislikes Comparisons

By BOB THOMAS

HOLLYWOOD (AP) — Being a Swede, Inger Stevens has naturally been compared with Ingrid Bergman. Being fresh-faced and blonde, she has been compared with Grace Kelly.

"Though they are complimentary, I hate comparisons," says Inger. "I suppose they are the result of a laziness of description; people can't think up new adjectives, so they make comparisons. But I'd rather be known as Inger Stevens."

My bet is that she will get her way. Already she has made a fine impression as Bing Crosby's leading lady in Man on Fire. She went on to Cry Terror with James Mason, and now is playing opposite Yul Brynner in The Buccaneer.

What does she have?

She is strikingly beautiful, as Bergman and Kelly were. She is also a convincing dramatic actress. And Inger is warm and friendly, which the two noted expatriates were not.

What's more, she's got a dimple!

"Yes, I've always had it," she sighed. "I'm not so sure it's an asset. My grandmother used to say a dimple was a sign of a structural deficiency."

Inger is full of interesting notions. At lunch she took her fruit juice with a chaser — "the body can't absorb juice in such concentrated form." She is a great one for bran muffins and yogurt, and her lunch consisted of juice, green beans and rice. But you can't knock such a diet when you see the results on her.

Inger came to the United States at 10, lived in both Manhattans—New York and Kansas. She grew up in the latter, where her father was a teacher at Kansas State Agriculture College.

"I've been supporting myself since I was 15," she related. "I've done everything, including taking inventory at Montgomery Ward in Kansas. What fun it was—counting wool socks with the temperature 115!"

She went back to New York and tried her hand at modelling, posing for toothpaste commercials and acting in television. The latter gave her seasoning (as it did Grace Kelly) and brought her to the attention of movie makers.

CANADIAN TO PAKISTAN

KARACHI (AP) — Brig. W. J. Lawson, judge advocate general of Canada's department of national defence, arrived here Thursday for a three-day visit to Pakistan. He will meet Pakistani's judge advocate general and other officials of the defence ministry.

Aussies Expect Royal Family Year From Now

SYDNEY, Australia (AP)—The Sydney Sun reports from London Thursday that the Queen, Prince Philip and Princess Anne may visit Australia in October or November next year.

It says Prince Charles is unlikely to accompany his parents because there is no long school holiday at that time.

In Canberra, an Australian government spokesman said no plans are being made for a visit to Australia next year of the Queen and Prince Philip and their children.

Burns Inspects UNEF Troops

GAZA (AP)—UNEF troops Thursday held an impressive parade to mark United Nations Day at the Gaza airstrip near the demarcation line separating this narrow refugee-packed strip from Israel.

All nine nations serving with UNEF were represented at the parade by a token force of about 50 officers and men.

UNEF commander Maj. - Gen. E. L. M. Burns of Canada, wearing a white uniform and two rows of medals, took the salute.

Gen. Burns told the troops UNEF has the honor of carrying out in this part of the world the purpose of the UN charter.

UNEF, by carrying the task laid down for it by the General Assembly, had "at least kept people from being killed or wounded," he said.

SURGEONS' AID

Ether, a powerful anaesthetic, is produced by distilling alcohol with sulphuric acid.

Judge Blocks Delays in Hoffa Trial

NEW YORK (AP) — Federal district Judge William B. Herlands Thursday denied motions seeking delays in trial of James R. Hoffa, president - elect of the teamsters union, on perjury and wire-tapping charges.

The defence motions contended that recent publicity given the union chief would make it impossible for him to obtain a fair trial at present.

The cases will appear on the federal court calendar Friday for the purpose of setting trial dates.

COLUMNIST DIES

MONTREAL (CP) — Jean Marie Morin, 43, education columnist for the Montreal daily La Presse, died in hospital early of a cerebral hemmorhage. Mr. Morin was a founder and first president of L'Union Canadienne des Journalistes de Langue Francaise. He also was a former vice-president of la Federation Internationale de la Presse Catholique.

Fleming Urges Canadians To Be Canadian

OTTAWA (CP) — Finance Minister Fleming says Canadians are the "most restless and most travelled people in the world."

In an address to the Canadian Tourist Association convention, he said governments and the tourist industry must impress on Canadians that there is as much to see in Canada as there is abroad.

This country must also promote the individuality of the Canadian people as a tourist attraction.

"We must be distinctive, not a copy of others, to attract tourists from abroad. We pay no compliment to ourselves or the United States by trying to make Canada a copy of the U.S."

Tourists visiting Canada spend roughly $350,000,000 a year, but Canadians on holiday and business trips, mainly to the United States, are spending $500,000,000.

Leaders Pay Tribute to UN

OTTAWA (CP)—All four party leaders Thursday paid tribute in the Commons to United Nations on its 12th anniversary and expressed hopes that it will do more for world peace in future.

Prime Minister Diefenbaker said this is a day of "rededication to its principles." The UN "is an institution that we believe is necessary in its preservation for the maintenance of peace."

Liberal Leader St. Laurent said not all the hopes for the UN have been realized. But "it has served a useful purpose and is still one of the main hopes for most of civilized humanity" for peace.

Both CCF Leader Coldwell and Social Credit Leader Low agreed with Mr. St. Laurent that the UN has not proved all it was hoped it would.

But it had provided a place to discuss mankind's problems rather than going to war about them. There were hopes it would play a more influential role in future.

Next Colombo Meeting To Be In Washington

SAIGON, Viet Nam (Reuters)—A 21-nation Colombo plan conference Thursday decided to hold the next annual meeting in Washington.

The decision wound up the four-day meeting of the organization to promote the economy of Southeast Asia countries.

It was understood the delegates decided to meet next in the United States because it has donated the largest portion of about $3,500,000,000 in external air granted since 1950.
