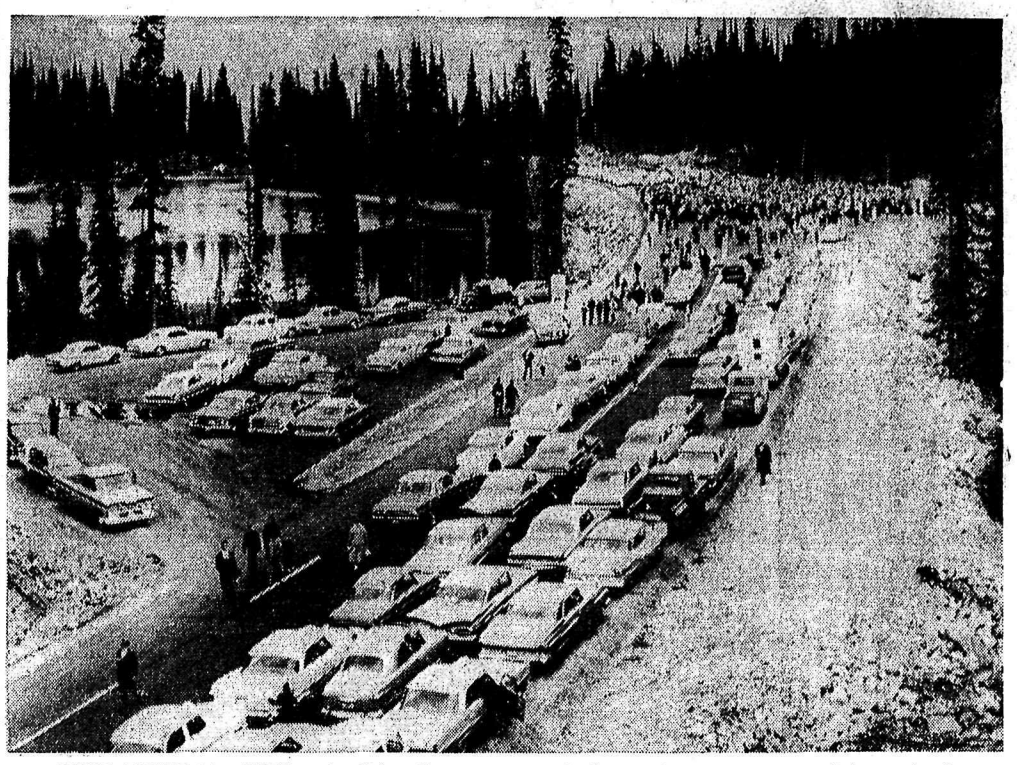
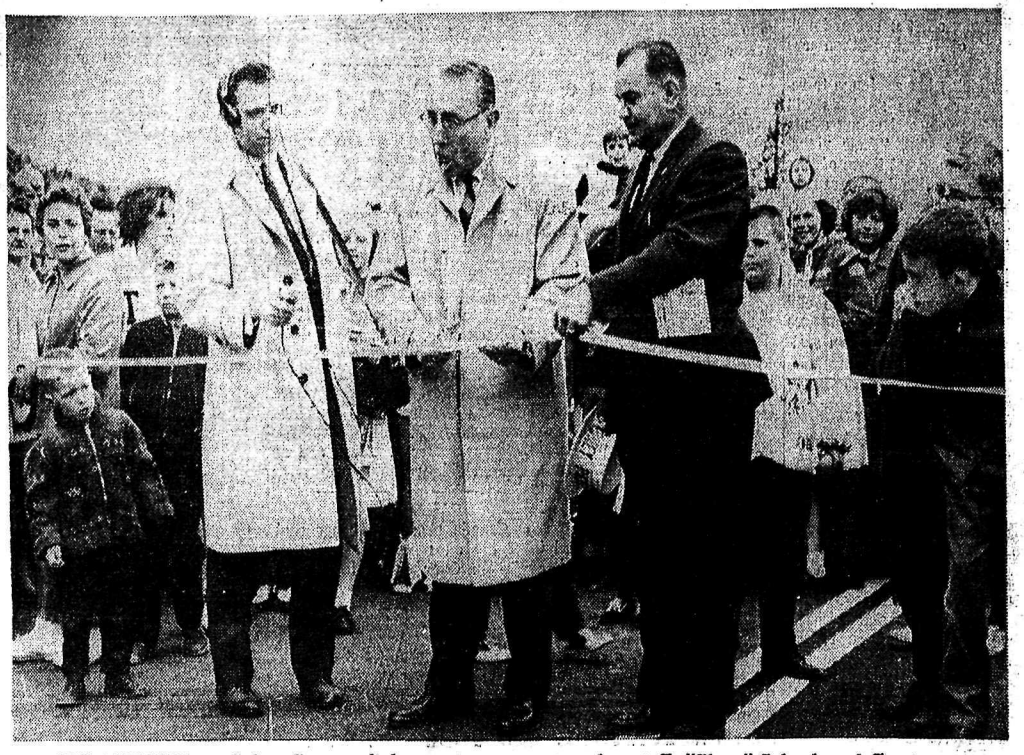
NEWSPAPERS MAKE A BIG DIFFERENCE IN PEOPLE'S LIVES
NATIONAL NEWSPAPER WEEK OCT. 13-19, 1963

Thousands Drawn to Highway Opening



SOME OF THE 2400 CARS at the Salmo-Creston highway link opening Sunday are shown, at left, at Elk's Head Pass. Summit Lake is at left of highway and in upper right crowd stands in front of officials' stand. Cars in foreground are on Salmo side, those beyond crowd on Creston side. RCMP efficiently handled parking and direction of cars following ceremony. — *Photo by Louis Fryling.*



BIG MOMENT at Salmo-Creston link opening came when Hon. W. D. Black, provincial secretary and MLA for Nelson-Creston, cut the ribbon and allowed the thousands of cars to stream through east and west. E. "Slam" Salvador of Creston, president of the Associated Chambers of Commerce of Southeastern B.C. holds the ribbon. (Please see Story Page 2.) — *Daily News photo by Ray Helgeson.*

Longshoremen Aim to Regain Lost Time

MONTREAL (CP) — Longshoremen went back to work on Monday, and prepared for long hours of overtime to overcome the effects of their 10-day strike which ended Saturday.

Shipping officials were confident that within two weeks the ports of Montreal, Trois-Rivieres and Quebec City will be back on a normal schedule and total tonnage shipped this year will be equal, or surpass last year's.

Capt. R. J. Ligtermoet, Montreal's harbormaster, said all 1600 harbor employees are under orders to work as much overtime as necessary to clear the backlog of cargo and grain held up by the strike.

"Montreal's longshoremen are fast workers," he said. "With them working at double the usual rate we can have everything back to normal in about 10 days."

Algeria Claims Was Attacked By Morocco Ground, Air Forces

World News Briefly

JAKARTA (Reuters) —The Indonesian government Monday suspended all commercial radio and cable communications with Malaysia.

A post and telegrah department spokesman told foreign newspaper men here they could no longer submit press material for transmission to Singapore or any other point in the federation.

He said the break was part of Indonesia's "confrontation" policy against Malaysia.

BRUSSELS (Reuters) — Iran signed a three-year trade agreement with the European Common Market Monday.

The agreement was the first purely commercial one negotiated by the Common Market with a non-member country.

It provides mainly for temporary reductions of ECM's external tariff and tariff quotas for products of particular importance to Iran's export trade.

HELSINKI (Reuters) — Hungarian Premier Janos Kadar believes it possible to establish diplomatic relations between Hungary and the Vatican, it was reported here Monday.

Dr. K. Killineen, general manager of the Finnish news agency, said Kadar expressed this view during a meeting in Budapest with five Finnish editors.

He said Kadar believed establishment of relations could result in the opening of a Vatican consulate in Hungary.

VICTORIA (CP) — A Greek freighter found two persons drowned and two other survivors Saturday night in frigid water off Trial Island near here.

It was believed their 15-foot pleasure boat was overturned by a wave or rip tide.

The freighter Aurora spotted the boat and its occupants in the approaching dusk.

Mr. and Mrs. Ronald Salter of Victoria were dead when the freighter picked them up. Allan Echlin, 21, of Revelstoke and Sue Melhuish, 15, of Victoria were rescued and taken to hospital.

WASHINGTON (AP)—The co-chairmen of a businessmen's committee supporting President Kennedy's tax cut program warned Monday that "delay and doubts created by failure to enact the tax bill this year could entail serious economic risks."

In letters to all members of the Senate, Henry Ford II and Stuart T. Saunders aid they "are convinced that prospects for continuing and increasing the recent pace of economic growth will be greatly strengthened by enactment of the tax bill now."

And in This Corner . . .

PLYMOUTH, England (AP) — A union official is using cut-rate panties and hairdoes to attract girls to this union.

"It has always been extremely difficult to persuade women to join our union," said Percy Skinner, 60, president of the Plymouth branch of the Electrical Trades Union. "But now things are different.

"I called on hundreds of shops and hairdressers in Plymouth and persuaded them to give members a discount."

The discounts range from five to 12 per cent.

At one big factory where the union didn't have a girl member a year ago it now has 800, Skinner said.

LONDON (AP) — BOAC planes are being sprayed with lavender perfumes to make disinfection of aircraft more acceptable to passengers.

BOAC explained that many countries insist that planes arriving from other countries be sprayed — to kill disease-carrying insects that may be trapped aboard.

So BOAC began using perfumed sprays.

No passengers have complained yet.

SANDHURST, England (Reuters) — A woman beat five men in a plowing contest here Saturday.

The winner, Miss Freda Pargetter, used a 12-year-old plow to win the championship for the fourth successive year.

ELISABETHVILLE, The Congo (Reuters) — Wives of Negro university students here are facing a big choice — education or divorce.

The women are complaining about students who marry to relieve the strain of their studies, but who no longer want to associate with an uneducated woman once they have graduated.

The wives are either packed off to night school for long hours of evening study — or divorced.

Now the women are demanding education before marriage.

Morocco Says Troops Merely Recaptured Frontier Posts

ALGIERS (AP) — Algeria accused Morocco of sending a massive ground and air force 60 miles into its territory Monday, but Morocco insisted its men only recaptured two frontier posts and there were no casualties.

Algeria's Foreign Minister, Abdelalziz Bouteflika, told a press conference that several thousand Moroccan troops with tank and air support fought Algerian troops all day long.

But in Rabat, capital of Morocco, authorities said the fight was over long before noon and the sector now was quiet.

King Hassan II did not mention the incidents in a speech broadcast from Marrakech. He spoke instead about Moroccan parliamentary problems and forthcoming elections. He did say, however, that Morocco would defend "its dignity and the integrity of its frontiers."

Bouteflika said the Algerian defenders were still in control of the desert outposts of Hassi-Beida and Tinjoud which the Moroccans claimed to have occupied earlier in the day.

He said there was no information yet on the number of casualties. Ten soldiers were killed in a clash in the same area some 1,000 miles southwest of Algiers earlier this month. The two outpost claimed by both nations apparently had changed hands several times since fighting first broke out in the area on Oct. 4.

CABINET MEETC

The Algerian cabinet discussed the situation at an eight-hour emergency session under President Ahmed ben Bella.

It decided to seek mediation of the Addis Ababa Organization of African Unity. The cabinet also sent two high-level emissaries to King Hassan II of Morocco is an effort to reach a last-minute settlement.

Bouteflika described the invasion as a "flagrant violation of the United Nations charter, the principles of Bandung, the statute of the Arab League and the charter of African unity."

Nevertheless, he added, Algeria still hopes for a peaceful settlement of the dispute "with our Arab brothers,"

He paid official tribute to mediation efforts by President Habib Bourguiba of Tunisia and said Algeria has accepted Bourguiba's proposal for a meeting between the foreign ministers of the two nations.

Montrose Woman Hurt In Ontario

NORTH BAY, Ont. (CP) — An 11-year-old Toronto girl was still in critical condition Monday following a four-vehicle pileup that killed her father and brother and a third person Saturday night.

Hospital officials said the condition of Yvonne Lajeunesse was unchanged since she was admitted with head injuries and concussion.

Killed were Napoleon LaJeunesse, 54, his 32-year-old son, Ahurth, and Denis King, 21.

Jennie Hutchison, 73, of Montrose, B.C., was in fair condition with head and internal injuries and a fractured leg.

Patricia Beauchemps, 9, of North Bay, was in fair condition with head injuries. Her father, Bruno, 40, was also in fair condition with a fractured arm and internal injuries.

Police said Lajeunesse's car was apparently out of control when it swung across Highway 17 near here and crashed into Beauchamp's half - ton truck carrying his daughter and Mrs. Hutchison.

15,000 at Piaf Rites

PARIS (Reuters) — Women jostled each other, scrambled over gravestones, and fainted in the Pere Lachaise Cemetery as singer Edith Piaf was buried on Monday.

About 15,000 persons, most of them women in their 50's, jammed into the cemetery. Another 40,000 lined the road leading to the grave where "Piaf"—French for sparrow, was buried.

Legend said Miss Piaf was born in Paris, Dec. 19, 1915, went blind at the age of three and got her sight back four years later after a miracle.

Bouquets were hurled at the hearse as it went to the graveside.

Miss Piaf's death Friday at age 47 from internal hemorrhaging, ended a five-year struggle with ill-health that began with a nearly fatal auto accident in 1958.

Five Killed in Area

Ferry Tolls Scrapped

Rousing cheers greeted Hon. W. D. Black's announcement Sunday that ferry tolls will be lifted November 1 on the Kootenay Lake ferries, MV Anscomb and MV Balfour.

The ferries operate between Balfour and Kootenay Bay on Kootenay Lake, connecting Nelson and Creston, West and East Kootenay centres, respectively.

Mr. Black, provincial secretary, said there would be no layoffs of ferry employees because of abolishing of the tolls.

The announcement came during Mr. Black's address at the opening of the Salmo-Creston highway Sunday.

The opening took place at Summit Lake, approximately the halfway point on the new road, with about 8500 people attending.

Added "Make-Work" Aid Announced for 31 Areas

By DON HANRIGHT

OTTAWA (CP)—The government has pinpointed another 31 Canadian labor markets for special federal spending treatment *this winter in an effort to curb* seasonal unemployment.

Labor Minister MacEachen said Monday in the Commons, and in subsequent elaboration outside the chamber, that the 31 areas will get two kinds of make-work assistance:

1. An increase to 60 per cent from 50 in the government's share of payroll costs under the municipal winter works program.

2. Part of the $7,000,000 earmarked by the government earlier this year for bringing forward public works projects that otherwise would not have been started until next year.

These same benefits will go to the so-called "designated development areas"—35 in all — named last month.

ALSO GET TAX PLUMS

But in addition, the 35 also would get Finance Minister Gordon's proposed tax plums for new industries, including a three-year tax holiday.

The "designated" areas were chosen on the basis of a complicated formula that shows, in effect, that they have had a history of chronic year - round unemployment. The fomula was based on summer unemployment figures.

Mr. MacEachen said that if a province is excluded, it is due to the fact that "economic progress has been taking place relatively in that province."

Of the 31 new areas, only four are in Western Canada — Dauphin in Manitoba and Kelowna, Penticton and Vernon in British Columbia.

There are two in each of Newfoundland, Nova Scotia, Prince Edward Island and Ontario, four in New Bruswick and 15 in Quebec.

Empress Passengers Arrive Annoyed

TORONTO (CP) — Angry and tired after six days of delays, 108 passengers from the liner Empress of Canada flew into Toronto Sunday night by chartered plane.

Dozens of children and several newcomers to Canada were among those who arrived. They were among 409 passengers who went ashore from the Empress at Halifax after she was delayed three days at Quebec by striking longshoremen and then was diverted to the Atlantic port.

It was the first view of Canada for Mr. and Mrs. Curtis Coady and their three children, coming to Toronto from England to settle.

"My first impression of Canada is not pleasant," Mr. Coady said.

Mrs. Lucille Barrett of Toronto, travelling with a year-old daughter, said the delay was disgusting.

"A few passengers actually enjoyed it, but the rest of us were tired and impatient of delays," Mrs. Barrett said. "We thought the government could at least have enforced some laws that we could land."

Twins Buried At Vancouver

VANCOUVER (CP) — The bodies of Dianna and Donna Ring, 15-year-old identical twins slain Monday near Enderby, a North Okanagan Valley community, were buried side by side here Saturday.

About 50 persons attended the quiet ceremony in drizzling rain at North Vancouver cemetery.

Funeral services were held in Vernon Friday in St. John's Lutheran Church. A tearful crowd of 600 watched silently as the two white caskets were carried from the church by Enderby High School students.

The girls were beaten and stabbed to death on a country road leading from where they left a school bus to their home, a summer resort at Mable Creek.

Lawrence Haase, 25, of Kelowna, has been charged with capital murder in the death of Dianna Ring. He is scheduled to appear in court Oct .16.

Time to Run

NEWARK, N.J. (AP) — It was bound to happen some time, and happen it did in Newark Sunday.

Two cars collided head-on and the drivers quickly got out of their vehicles. But they did not meet in in the kind of nose-to-nose shouting match that might be expected to follow such an accident.

Instead they took off as scared rabbits in opposite directions.

Police learned later that each man was driving a stolen car.

Four Die in Traffic, Child in Farm Mishap

Five residents of the Kootenays died accidentally, during the Thanksgiving holiday weekend, four of them in traffic accidents, the fifth in a farm accident.

Killed were Jack William Chernoff, 16, of Erickson, and Murray E. Peck, 19, of Cranbrook near Bonners Ferry, Idaho; Mrs. Eleanor Davies of Castlegar, near Cranbrook; Roderick Alexander McDonell, 60, of Creston, near Creston; and 1½-year-old Nora Ann Atwood at Jaffray, near Cranbrook.

Mr. McDonnell died almost instantly after he was struck by a car on Highway No. 3 just east of Creston village limits about midnight Saturday. RCMP said he was walking on the left side of the highway, facing traffic. Drive of the vehicle allegedly was Donald Nelson Fleming of Coleman, Alta. An inquest was called Tuesday.

Nora Ann Atwood, daughter of Mr. and Mrs. Gilbert Atwood of Jaffray, was killed at approximately 5 p.m. Monday on the farm of Edward Barr near Jaffray.

Police said the little girl was run over by a tractor after she had crawled beneath a front end loader while the machine was stopped.

She is reported to have started out from under as the tractor began to move.

Mrs. Davies died when the car in which she was riding left the road and rolled over on a sharp curve near Cranbrook early Sunday morning.

Police said the accident occurred on the Jim Smith Lake road about one and one half miles south of Cranbrook.

Mrs. Davies was accompanied by her husband. Police are still investigating the cause of the accident and trying to determine who was driving the vehicle.

The deaths of the two young men in Idaho marked the eighth straight weekend that highway tragedy has struck the Creston area.

Chernoff, who would have been 17 on Monday, was driver of the car, which went over a 120-foot bank, police said. Scene of the accident was one-quarter of a mile up the hill from the junction of Highways No. 95 and 11 at Copeland, Idaho.

Peck was in the front seat.

Kevin Nordeau, 16, of Canyon, and Larry Morosoff, 15, of Canyon, back seat passengers, were also injured. Deputy Sheriff R. Goodbar said the car failed to negotiate a turn in the road and plunged over the bank. The bodies were taken to Bonners Ferry and the injured were treated in hospital there. The car was reported a total loss.

An inquest is planned this week.

Peck had just received his acceptance for enlistment in the RCMP. He had been attending first year arts at Prince Charles High School in Creston while awaiting his call.

Chernoff, a popular grade 12 student, was born in Creston, Oct. 14, 1946. He was an athlete, starring in baseball, soccer and hockey.

Besides his parents, Mr. and Mrs. W. Chernoff of Erickson, he is survibed by one brother, Tom, and one sister, May.

Peck was born at Vernon, April 19, 1944, and was raised and educated in Cranbrook. He resided at the home of Sam Morosoff in Canyon while taking his grade 13 courses.

He was also a noted athlete, starring in track and field, hockey *and skiing and liked hunting* and fishing.

He is survived by his parents, Mr. and Mrs. F. Peck; two sisters, Mrs. R. Hawryluk of Ottawa and Mary Ethel in Cranbrook; and one brother, Dennis Phillip of Cranbrook.

Pearson "Sure" Of U.S. Co-Operation

OTTAWA (CP)—Prime Minister Pearson said Monday he is "quite sure" the United States government will co-operate in seeing that Canadian ships under *federal trusteeship won't be har*assed in U.S. ports.

"I can't give the same assurance regarding some American unions and the leadership of those unions," he told the Commons.

New Democratic Party Leader Douglas had asked what assurance Mr. Pearson had received in his Saturday telephone talk with President Kennedy that Canadian ships would be free from "harassment and sabotage."

Replying to other queries, Mr. Pearson said he told President Kennedy that U.S. Labor Secretary Willard Wirtz had made an "unhelpful intervention" in the Great Lakes shipping situation last week, and that AFL-CIO President George Meany had mand "a shocking intervention."

Vocational School To Have Social Impact, Rotary Told,

The real lasting impact of the vocational school will be in the social sphere, Rotary Club was told at its Friday noon meeting in the Hume.

J. H. Knight, school principal said that now the initial impact of capital being poured into the 25-acre site on Silver King road is wearing off, the social implications of the institution are most important.

Cautioning his audience to remember that the students will be adolescents and young adults Mr. Knight said, "their views, their ideals are not those of long established residents. There may be some streets a little noisier, some dance halls more raucous, some lew enforcement units a bit busier."

The $2 million school will mean eight new families in the city and a monthly payroll of $15,000 as well as 100 out of town students in the city.

Mr. Knight wasn't too optimistic about local business meeting the school's material demand.

HOT COMPETITION

"Purchase of supplies and materials? It is going to take a very alert individual in this area to compete with the Coast firms. Government contracts generally go to the lowest bidder," said the former Cominco employee in Trail.

The former J. Lloyd Crowe High School teacher defined the school's aims and student's qualities.

"It (the school) offers training in a socially acceptable, marketable skill," said the 1931 Bachelor of Science graduate of the University of Alberta.

Students are, he said, "those desirous to fit themselves into gainful employment. This vocational school is not, I repeat, is not a repository for rejects."

He said courses will range from two weeks to a couple of years, but most of them will be between a half to one year's duration. The school will be in operation 12 months a year.

He extended an invitation to the club to tour the facilities in December.

Club members were asked to donate colored photographs of Nelson and district to be sent to the Rotary Club in Nelson, Lancashire, England.

Three new members, Cecil H. Jones, John Stevenson and Felix Mueller, were inducted into the club.

The club has contracted to sponsor the opera "Cosi Fan Tutti" in the Civic Theatre on Nov. 12.

Mrs. Morey, Pioneer of Nelson, Dies

Mrs. Hilda May Morey, widow of P. G. Morey, and resident here 50 years, died in Nelson Monday. She was 74.

Born in Ipswich, England, in 1889, she came to Nelson with her parents in 1903, attending school here, then was employed by C. W. Appleyard until her marriage to Percy George Morey in 1912.

She was prominent in Kokanee Chapter, IODE work, and was a member of St. Saviour's Church. She was predeceased by her husband in 1959.

She is survived by two sons, Guy of Trail, and John of Nelson; one brother, Chris Cooper of Los Angeles, and one sister, Mrs. H. C. Mann of Victoria.

J. H. Owens Passes at 70

John Hamilton Owens, 70, Nelson resident for 23 years, died Saturday in Kootenay Lake General Hospital.

Born in County Down, Ireland, he came to Canada in 1911 to Shakespeare, Ont., where he farmed, then moved to Wynyard, Sask., to continue farming. In 1940 he moved to Nelson where he was a security guard until he retired in 1958. He was a veteran of World War I. There are no known relatives.

CANADIA NOIL

Canada produced 61 per cent of the oil requirements of the British Commonwealth in 1961.

Teachers Cheat Death In Plunge Over Cliff

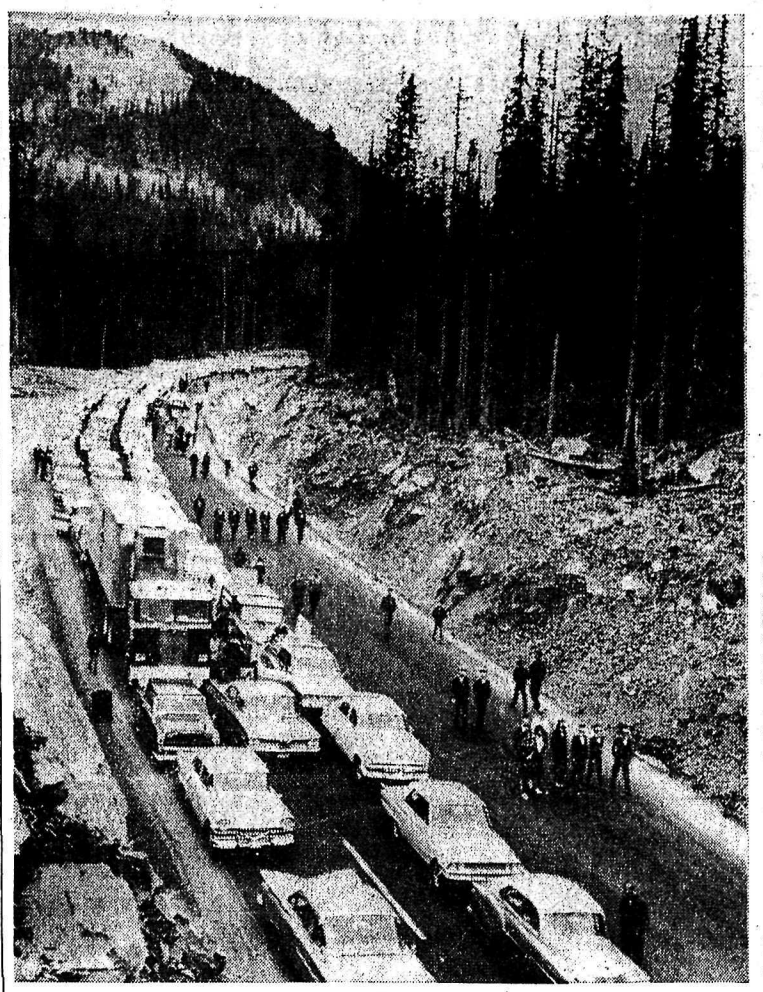
Three young school teachers from Nelson and Castlegar escaped serious injury when their car dropped 400 feet down an embankment at "Suicide Corner" three miles east of Hope.

Driver Mary Ann McKay of Nelson and passengers Sylvia Edwards of Castlegar and Ann Brockington of North Burnaby, who teaches in Nelson, were en route to Vancouver for the Thanksgiving weekend. The car was demolished.

RCMP said 22-year-old Miss Edwards crawled from the wrecked car and back to the highway to flag down a passing car. Both Miss Edwards and Miss McKay, Hume School grade 3 teacher, suffered head injuries. Miss Brockington, 23, who teaches grades 5 and 6 at Hume School, suffered severe bruises, shock and lacerations.

Passing motorists helped Miss McKay to the highway but it took three hours to get Miss Brockington to the roadway on a rescue sled. All were reported in satisfactory condition in hospital at Hope.

2400 Cars at Highway Opening



SALMO-CRESTON highway link opening Sunday drew more than 1200 cars from the Salmo side, some of which can be seen here as RCMP parked up cars three abreast. Creston band members of Prince Charles High School are walking up highway. Big semi-trailer in lineup is presumably the first to go over the new road. Below, Art Godderis, left, and Harold Collinson, both of Cranbrook, hold elk's horns over Mayor George Haddad, who promised to bring the head to the official opening in spring in full payment of his bet against Highways Minister Gaglardi that the link would not be opened this fall. Mayor Haddad also lost his tie to Provincial Secretary Black's ribbon cutting scissors, the mayor insisting that Mr. Black had mistaken his tie for the ribbon.

—Daily News photos by Ray Helgeson.

Link To Boost Economy Speakers Tell Big Crowd

The snip of a pair of scissors through a ribbon stretched across a smooth pavement highway unofficially opened the Salmo-Creston highway Sunday at Summit Lake.

Manning the scissors was Hon. W. D. Black, provincial secretary and MLA for Nelson-Creston who flew to Nelson, then was driven to the new highway for the ceremonies.

About 8500 people in more than 2400 cars witnessed the opening of the new 41.8 mile link between Salmo and Creston, RCMP and Chamber officials estimated.

Originally about 3000 people were expected to attend if good weather prevailed. The weather was cold but they came anyway. Some remained in their cars because of the cool weather or to avoid the long walk to the platform.

Highlighting the ceremonies, which began at 1:30 p.m., was the partial payment of a wager made by Cranbrook Mayor George Haddad. He presented a set of elk antlers to be forwarded to Hon. P. A. Gaglardi, highways minister.

The presentation tied in with a bet. Mayor Haddad offered an elk head to the minister if the highway was opened this year. If the highway was not opened, the minister would have had to pay the mayor with a mess of Kamloops trout and a pair of snowshoes.

On Sunday the antlers shown were to be sent to the minister. At the official opening next spring when the road is fully paved, the elkhead will be presented to the minister.

Mayor Haddad commended the minister on the job done by the department of highways in constructing the highway.

He jokingly remarked he had been promised that Summit Lake, whose name he proposed to change to Elk Head Lake, would be stocked with Cranbrook trout and even suggested that the pass be called after his town.

Speakers at the ceremony included Mr. Black, (see front page story), H. D. Harrison, tourist and publicity chairman of the Associated Chambers of Commerce of Southeastern British Columbia; E. R. McFarland of Creston, first president of the Highway Association, southern route; E. "Slam" Salvador of Creston, president of the Associated Chambers, Mayor Haddad and Frank Rotter of Salmo, one of the original group to trek over the route in 1952.

The program included, after an invocation by Rev. Mr. Hope, the introduction of as many of the original trekkers as were present.

H. T. Miard, deputy minister of highways, sent a telegram regretting he could not attend.

Mr. Salvador set the trend for remarks with his address.

"Not since the coming of the railroad, shortly after the turn of the century," he said, "has there been a development in the Kootenays that will do so much for the future of this great corner of the province.

"Mining and lumbering which are the two basic and most important industries in the area, will undoubtedly benefit from the more direct connection this link provides.

"There is no doubt that the opening of this link will provide a tremendous stimulus to the tourist industry."

He added that the Chambers of Commerce and the boards of trade in the Kootenays must be ready to promote the various district industries and to let other parts of Canada and the United States know what the area has to offer.

Mr. McFarland told the crowd he was glad to see the new road, adding that it was a long time since 1948 when a group from Alberta, southeastern and southwestern B.C., first thought about the southern overland route through the province.

He said he considered the route as a second trans-Canada highway, bringing the Kootenays closer together, and told of the opportunity it would give people in the area to capitalize on the tourist trade in this region.

Mr. Rotter, original trekker, said the link had brought the Kootenays closer and had eliminated many of the bottlenecks the old route presented.

He gave a brief history of the route since 1946 when he and some others first travelled the route on a timber cruising trip.

The first trail, according to Mr. Rotter, was cut by the West Kootenay Power and Light Co. when it surveyed the area for a power line route.

Tribute was paid to the Prince Charles High School Band of Creston, the Cranbrook Girls' Bugle Band and the Creston militia, which served coffee at the opening.

Mr. Black, after annnouncing dropping of tolls on the Kootenay Lake ferries, told the audience movies had been made of the highway, which, he said, will cost about $13,200,000 to complete. He said the actual new highway is 41.8 miles long and Elk's Head Pass at Summit Lake is 5,823 feet above sea level.

Representation from points far and near attended the opening, including Medicine Hat and Lethbridge; Penticton, Keremeos, Cranbrook, Creston, Salmo, Nelson and Trail officially. Spectators came from Alberta and most parts of the Kootenays in B.C.

Also represented was the B.C. travel bureau.

An efficient job by the Royal Canadian Mounted Police saw a smooth, well planned and well operated means of parking the 2,400 cars and of moving them away when the ceremony ended. The R.C.M.P. also patrolled the entire road from Salmo to Creston.

No accidents happened, a remarkable feat in the bumper to bumper traffic after the ceremonies and again at the bridge crossing the Kootenay River near Creston, where traffic was restricted.

The most serious hazards on the route appeared to be flat tires, running out of gasoline and difficulty in starting too warm cars. Dust on the unpaved section of the route, which extends about nine miles, was bothersome but not dangerous.

Most of the cars continued through to Creston or Salmo, although some turned back from either direction at the summit.

With the exception of the unfinished areas, the highway is smooth and three lanes of traffic are permitted on hills. The road is wide and viewpoints are many with large areas to the side of the road available and also paved.

Scenery is plentiful and ever-changing.

The road was open Sunday afternoon and Monday all day until midnight. It is now closed except for four hours a day to allow contractors to work on it.

Traffic hours over the route will be from 1 a.m. to 6 a.m. for ten days to two weeks until work is finished.

Plane Lands Here in Dark

A sensational landing in the dark drew a crowd to the Nelson airstrip Friday night.

U.S. pilot Jack Corry, flying a new aircraft owned by Axel Erickson of Passmore Lumber Co. Ltd., landed the big areo-commander smoothly and without incident.

Robert Leighton of Penticton, also aboard, said Mr. Erickson was impressed at the speed with which Nelson Pilots Association members got to the strip to help light the plane's way with their car headlights.

The $165,000 plane carries about $40,000 in radio equipment.

It had flown from Victoria, stopping at Penticton, and continuing to Nelson in the dark because Mr. Erickson had an urgent appointment.

The twin-engined plane is landed at a speed of about 105 miles per hour, "and he put us on the strip slick as can be," said Mr. Leighton. Nelson pilot Henry Stevenson drove the three men to their hotel.

The trio expressed a hope that the city would install lights for night landings.

In Israel, study of the Bible takes up 20 to 30 per cent of the school curriculum.

J. R. White Dies in Nelson

James Richard White, 57, died at his home on Stanley Street Saturday.

Born in Fisher, Minnesota, in 1906, he moved to Lanigan, Sask., with his parents a year later. They homesteaded there. In 1923 he went to Bemidji, Minn., where he worked in the lumber industry. In 1926 he moved to Great Falls, Mont., where he worked as a mechanic.

He came to Castlegar in 1944 to work as a mechanic until 1955, when he came to Nelson, continuing in this work until retiring because of ill health in 1958.

He is survived by his mother, Mrs. Ethel White, in Trail; one brother, Wilfred, Elfros, Sask.; three sisters, Mrs. Vida Bull, Bemidji, Mrs. Ethel Hayton and Mrs. Edith McIntyre of Trail. He was predeceased by two brothers.

Funeral service will be held in Trail.

Mrs. Garland, 71-Year Kaslo Resident, Dies

KASLO — Marguerite Garland, widow of A. T. Garland, who had resided here for 71 years, died in Nelson Monday at the age of 80.

Born in Milton, Ont., she came to Kaslo in 1892 at the age of nine, attending school there. She also attended school in a convent in Spokane. In 1901 she married Mr. Garland, who predeceased her in 1938.

She is survived by two sons, Ralph of Trail, and Leonard of Kaslo; one daughter, Mrs. Verna Bowker of Kaslo; three grandchildren and four great grandchildren.

AT JAYCEE CONFERENCE — International President of the Junior Chamber of Commerce, Fred West of New Westminster, confers with Oregon delegation at the Jaycee International Relations Institute held in Trail Saturday and Sunday. Left to right are Bill Walts, international director; Gordon Pisacreta, Trail president; Fred West, international president; Cal Bowen, Idaho state president; Andy Callahan, Idaho state chairman of the International Relations Committee; Ron Porter, U.S. national chairman; Bill Strathie, Idaho representative to World Jaycee Conference.

Good Will Engendered By Weekend Jaycee Meet

TRAIL — A boost in common good feeling was felt in Trail over the weekend as sessions of the second annual Jaycee International Relations Institute were carried on.

Speakers included Dr. Ramaradhya of India; Andy Callahan, chairman of International Relations Committee, Idaho Jaycees; Gyanendra Nath of Nelson; Eric Charman, president of B.C. and Yukon Jaycees; J. M. Cameron, Cominco public relations supervisor and a past president of the Jaycees, and Fred West, national Jaycee president.

The institute, held alternately in Canada and the United States, is planned to promote better relations between the two countries.

Tours of Cominco plants were made by the Jaycees and Jaycettes during the weekend.

The national president addressed the gathering following a banquet held Saturday evening in the Legion hall. Mr. West was elected national vice-president in 1962 and was elected president of the Jaycee's 28th national convention in Nova Scotia this year. Born in Scotland he came to Canada in 1952. After serving many years in the Merchant Marines, he settled in New Westminster, where he carries on his own business.

Mr. West spoke on the work and aims of the Jaycees, outstanding of which was to promote the brotherhood of man all over the world.

It is one of the largest organizations of young men in the world boasting a membership of over 360,000.

"Jaycees can play an important and useful part in the great changes that are taking place in the world today," he said.

NON-CONFORMISTS

We must be non-conformists. We are free thinkers and we believe in our creed, and in free enterprise. You and I enjoy the facilities the free enterprise system provides and it wasn't done by conforming.

"Jaycees are contributing towards the building and paving of a great highway throughout the world that is trying to bridge the gap of misunderstanding and produce a better world."

Some of the Jaycees from the United States and Canada returned to their respective homes by way of the Salmo-Creston road, which was opened Sunday.

BACKACHE and RHEUMATISM Pain

After 21 twice as many women as men are made miserable by common urinary irritation caused by a germ, Escherichia Coli. To quickly combat the secondary aches, muscular pains and disturbed sleep caused by Kidney and Bladder Irritations, try taking an internal CYSTEX antiseptic bath for a few days. All you do is take 2 little CYSTEX tablets with a glass of water. In addition to its cleaning antiseptic action, CYSTEX is also an analgesic pain reliever for Rheumatic Pains, Headache, Backache, and muscular pains. Get CYSTEX from druggist. Feel better fast.

Hospital Closure Posing Hardships

KASLO — Some staff members of the Victoria Hospital are undergoing hardships resulting from prolonged closure of the old hospital in Kaslo.

R. H. Gilker, chairman of the hospital board, says that the six-week-old closure has created a financial hardship for some of the 11 persons employed by the hospital and that there is no immediate relief in sight.

All duties of the light maintenance staff have been decreased to about one-third their original load, he said.

The 23-bed, hospital, believed to be over 60 years old, was forced to close its doors August 22 because it lacked a medical doctor.

"Due to the unfortunate record of the medical staff it may be a little while yet before a doctor is obtained," said Mr. Gilker.

"We haven't anything yet at all. We have had several contacts but nothing concrete, nothing we can come right out and say that is final."

He said the enquiries have all come from outside the province.

"We don't know how long it will be closed," said Mr. Gilker, but he was certain it would be reopened. He didn't think the present service of hauling patients 40 miles to Nelson was the answer to the problem.

A $1600 renovation is currently underway at the hospital. The renovation was planned prior to the closure. The kitchen linoleum ("which has been there for years and years") is being replaced with tile, while an escape door is being placed in the children's ward.

FORMER PRISONER

SYDNEY, Australia (AP) — One official who welcomed Japan's Premier Hayato Ikeda o his visit here recently was Alderman D. Griffin, a prisoner of the Japanese for 1298 days after the fall of Singapore in 1942.

$39,000 Hydro Project to Take Place at Golden

GOLDEN — Power distribution lines are being adapted to handle greater amounts of electricity.

Jack Davies of Athalmer, district manager of the B.C. Hydro Power Authority in the Columbia Valley, said Monday that the work is taking place "to keep up with the continually-increasing requirements of the public here."

Changing the town's present 4160-volt system to a 12,500-volt system entails reinsulating of existing conductors and installation of new wood poles, Mr. Davies said.

He added that work on the $39,000 project would begin "any day now" and added that crews would be working off and on for several months.

"It is another step in the Authority's improvement plans for the Columbia Valley, the hydro manager said.

Other current valley work includes re-stringing of the transmission line between Athalmer and Golden to double the line's voltage, and also sub-station alterations along the network.

Canal Flat Bridge Work To Begin

CANAL FLAT — The contract has been awarded for construction of the Canal Flat bridge on the Kootenay-Columbia highway.

Hon. P. A. Gaglardi announced this weekend that a contract in the amount of $118,697 has been awarded to Remington Construction Co. Ltd., of Cardston, Alta., with general work to begin shortly.

MARKET TRENDS

NEW YORK (AP)—The stock market sputtered through an inconclusive session Monday with more minus signs than plus. Volume was the lowest since last Monday.

Special situations produced moves of six to nine points for a relatively few issues. The over-all price range remained particularly narrow from beginning to end.

Steels closed higher although gains were limited to under ½ point for major producers. Rails were down slightly and all other major sections were irregular. Volume dipped to 4,280,000 shares from 4,740,000 Friday.

Basic strength in the U.S. economy was pointed up by the eighth consecutive weekly increase in steel production, better retail sales for early October and a prediction that construction contract awards next year will exceed those of this year.

The narrowness of the market was borne out by the Dow Jones industrial average, which did not show a change of a full point at any time during the session. The final figure was 741.84, up .08.

Among Canadian issues traded, Aluminium Ltd. gained ⅛, Canadian Pacific and Hudson Bay ¼ and Granby Mining ½. Distillers Seagram fell ½, Dome Mines ⅛, Walker Gooderham ⅜ and International Nickel and McIntyre Porcupine ¼.

Prices on the American exchange were also mixed. Canadian Javelin fell ⅛ and Fargo Oil gained 1-16 and Scurry Rainbow Oil ⅞.

MLA Investigates Roads In Answer to WI Request

Some action has resulted from a request of the Granite Road Women's Institute to the provincial government for improvement of Granite Road and Knox Road, used extensively by school buses as well as regular traffic.

Hon. W. D. Black, minister of municipal affairs and provincial secretary, was taken over the roads in question by Mrs. W. C. Leahy, member of the Institute, and Mr. Black termed Knox Road a "cow trail."

This was one of the topics of discussion at a meeting of the Institute held at the home of Mrs .E. Ironmonger.

A letter from the Unitarian Relief Service was read, asking for donations of clothing. The institute had bought wool which was distributed to members for knitting.

Ten dollars was donated towards expansion of the WI program in northern Canada to benefit Indians, Metis, Eskimos and white women.

Plans were made for packing of used clothing and baby layettes October 24 at the home of Mrs. G. R. Pickering.

A nominating committee was named, comprised of Mrs. Pickering and Mrs. Ironmonger.

Refreshments were served.

Aid for Retarded Worthy Objective

One of the most interesting trends of the present decade is the development of community responsibility. There have always been societies and organizations devoted to charitable purposes but now under United and Community Chest appeals, communities combine their appeals for funds. This has many advantages and in no way restricts the initiative of the societies.

Indeed it is often by reason of the initiative of private individuals that governments are spurred to action on a specific problem. An excellent example of this is the Association of Retarded Children in B.C. The Kootenays have been particularly active in providing for such children and the establishment of the Dr. Endicott home in Creston marks the success of their endeavors. It has been preceded by schools in Trail, Nelson and elsewhere to educate such children as much as possible.

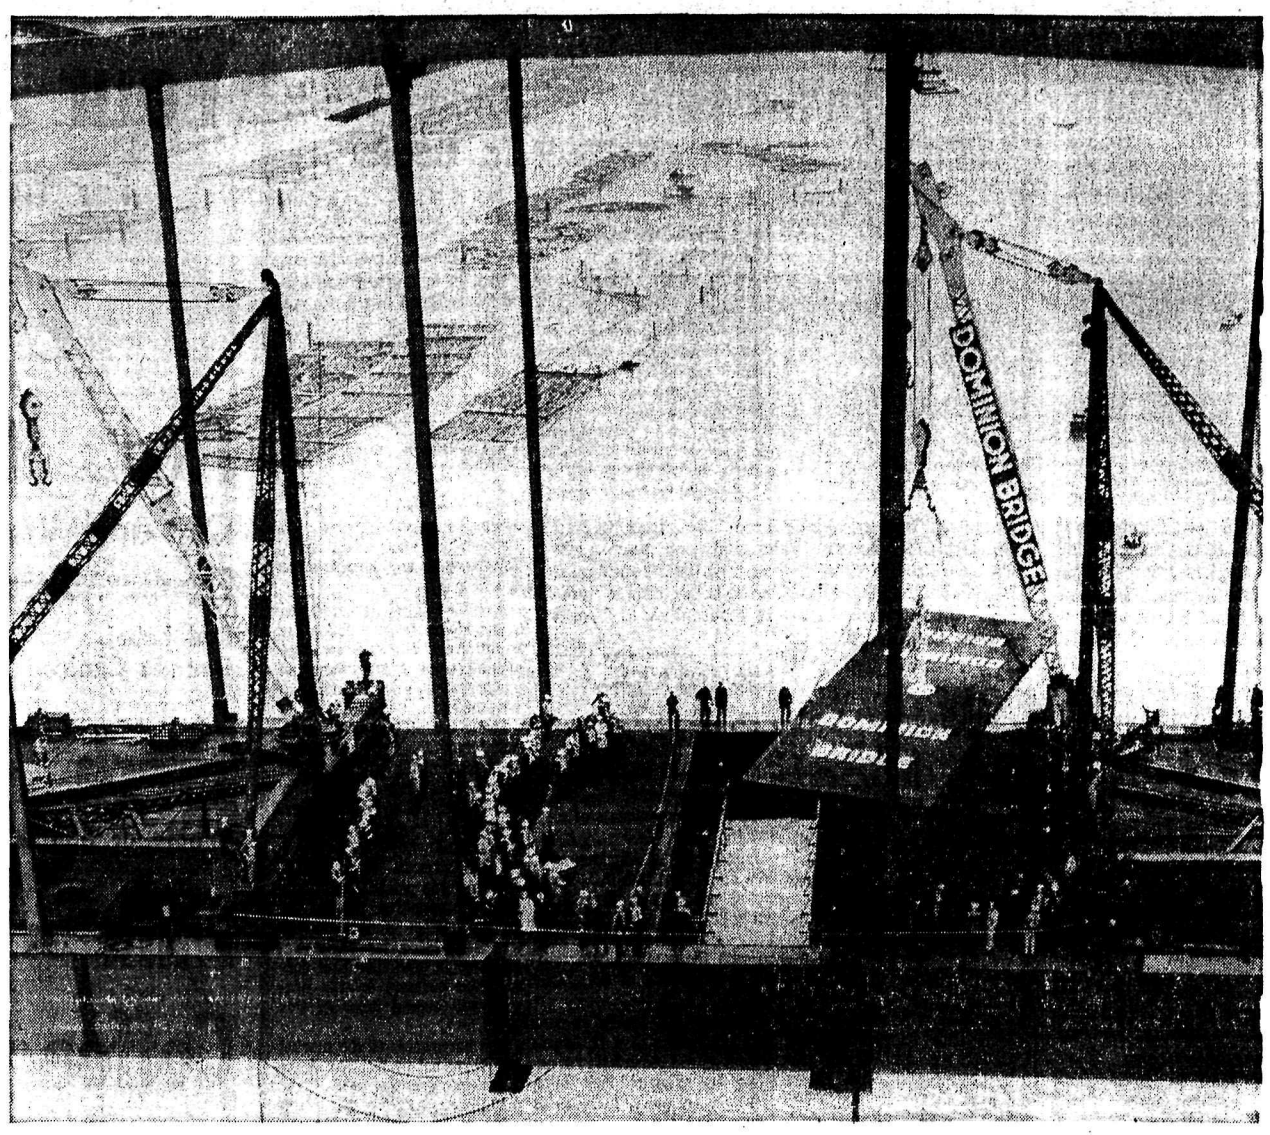
Though there have been women only too ready to offer their services to teach in such schools there has been no specific training for them.

Now the University of British Columbia has established a teacher-training, observation and research centre for the study of behavior and development of handicapped children. The aim is to explore and develop teaching methods and materials which meet the educational needs of children who are retarded.

These methods developed at the UBC centre will be part of the teacher training program in the faculty of education and the result of the research of the centre will be carried to other parts.

The Association for Retarded Children of B.C. has contributed $25,000 towards the cost of opening the centre and the Williamson Foundation made an additional grant of $5000, but there is still an urgent need for funds to deal locally with retarded children.

The retarded children need our practical sympathy.



STEEL WORK PLACED FOR UNIQUE VANCOUVER BRIDGE. Dominion Bridge crews closed gap high over Fraser River last week as they erected last 30-ton deck panel on Port Mann bridge, 15 miles east of Vancouver. Helping to "talk" steel work into place by use of field telephone was Hon. P. A. Gaglardi, B.C. Minister of Highways, assisted by MacKenzie McMurray, president of Dominion Bridge Company. Graceful arch structure is "engineering first" for Canada, being the only one of its kind in North America. It is also world's longest high level, stiffened tied-arch bridge, as well as longest with an orthotropic steel plate deck, and the first on the continent to use this prefabricated deck system.

The Rising Cost of Pensions

One of the first items of business before the resumed Parliament was the introduction of a resolution to grant old-age pensioners a $10-a-month increase to $75. The resolution gained the support of all parties in the House.

The increase will be chiefly paid for with a 1 per cent increase in that part of the personal income tax which is earmarked for old-age security, and the maximum which an individual can pay under this section will rise from $90 to $120.

The government demonstrated wisdom and courage in deciding to increase personal income tax instead of adding to the corporation tax or drawing upon general revenue, and it is unfortunate that in so doing it did not have the support of all political parties. The Conservatives criticized the method of raising funds and one of their number, Mr. Terry Nugent, Edmonton-Strathcona, said, "If we dare to examine the propriety of raising the money in this way we are guilty of prolonging the debate, keeping the poor old pensioners from their money."

Pensions have too long been used as political bribes. Pensioners, together with those receiving related assistance, number more than one million, and with their relatives and friends form the largest and most vocal political lobby in the country. Politicians of all parties have succumbed to their pressure, with the result that in six years the pension has nearly doubled, from $40 a month to $75, while virtually no attention has been paid to the effect of these increases upon the economy, or, indeed, upon the wage-earner.

Nobody would grudge the enlarged pension to those who need it, but the great mass of old-age pension cheques go to people who could not prove need under a means test. The question must be how much of this subsidizing of elderly incomes the nation can afford. Pensions, whether paid from general revenue, corporation or income tax, eventually come out of the taxpayer; but it has been too easy to overlook this fact, and to think of pensions as government handouts, something for nothing. In tying the latest increase to an increase in income tax the government will provide a healthy reminder to the taxpayers, if not to the pensioners, about who foots the bill.

Flat-rate pensions, being unable to take into consideration the vastly varying costs of living across this country, work inequities on many old people. It is to be hoped that this will be the last increase in the flat rate, and that future increases will be related to contributions and earnings.

In his message to the nation at the weekend, Prime Minister Lester Pearson said that if Ontario agreed to co-operate in a federal plan, the present proposed plan could be sent to "a committee (of Parliament) where those in favor of it and those who oppose it outside Parliament could be heard, because this is the way it should be done."

Such exhaustive examination is the only way in which Canadians can achieve a pension plan that will fit their needs, and the necessity of examination becomes the more imperative with this latest increase, which places Canadian basic pensions on a dangerously high level in relation to those of other industrialized nations. Canada can no longer afford to leave pensions in the political arena, at the mercy of pressure groups.

—Toronto Globe and Mail.

Good Work

The Englishman who has formed an organization to plan a celebration for the birth of the Twenty-First Century deserves three cheers and "a tiger".

Perhaps their example will prevent the world from psycho-analyzing itself to death.

The human race has never lacked for prophets of dark disaster. But "under the shadow of the nuclear holocaust", to quote the popular phrase, the doomsday criers have been multiplying like jackals around an old carcass.

To hear them tell it, there is little hope left for earth or its dominant species.

The World Millennial Association is unimpressed. In 37 years, a new century will dawn and the association expects to have the company of human billions at the celebration.

"One of our principal objectives, says Mr. John Goodman, the aptly named secretary, "is to save the world from frightening itself to death."

Cheers, men, and another beaker of the nut brown stuff down the old hatch.—*Edmonton Journal.*

Korean Vote to Decide Democracy, Dictatorship

By CONRAD FINK

SEOUL (AP)—South Koreans vote Tuesday in one of the most crucial presidential elections in the country's history. Democracy vs. authoritarianism is the issue.

Seeking a popular mandate to continue his stern military rule is Chung Hee Park, 46-year-old former general who scorns Western - style democracy and any "low posture" toward the United States.

His strongest opponent is the civil rule party's 67-year-old Yun Po-sun, a former president and wealthy descendant of Korean nobility who pledges democratic rule and efforts toward closer ties with the U.S.

Watching closely are military officers who helped Park stage a coup May 16, 1961, destroying the only true democratic government South Korea ever had.

Voters go to the polls knowing these officers vowed never again to let civilian candidates rule. *There is fear the ballot* box decision could be cancelled once more by the rumble of tanks in the streets.

HUGE U.S. STAKE

The U.S., protector and financial patron of the country, has a huge stake in the outcome.

More than $5,400,000,000 in economic and military aid has been pumped in since 1945 and 20,617 American dead and 103,284 wounded in the 1950-53 Korean War can be added to the cost.

The U.S. State Department has criticized Park as repressive of his opponents but has not publicly backed any candidate.

Many high - ranking officers among the 50,000 American troops stationed here express private support of Park, arguing only he can defend the country against Communist North Korea.

Despite surprising opposition strength, Park appeared confident the voters will give him more than the presidency. Close aides picture him as expecting an overwhelming vote that will constitute a blank cheque to map the country's future.

By his own definition, Park is a soldier and not a deep thinker. He has set forth three distant goals in his writings, speeches and in the actions of his military regime:

1. A political system with strong power vested in a single leader, in the "guided democracy" style of presidents Sukarno of Indonesia and Nasser of the United Arab Republic.

2. State control of industry and business with emphasis on a crash program of industrialization.

3. Greatly reduced dependence on the U.S. and, hopefully, eventual "third force" status for South Korea in the East-West conflict.

ALLEGES CORRUPTION

Park charges past civilian governments with corruption and inefficiency. He says he toppled the government of John M. Chang *because it could not* control pro - Communist agitators.

Yun was president under Chang and stayed in office 10 months after the coup. He was stripped of all power and finally quit after a quarrel with Park.

Park does not deny opposition charges that he runs a police regime.

But, Park says, firm leadership is needed to save the country from ruin.

"We must follow principles more stable than those of a mere democracy," he wrote recently. "We know all too well that Western-style democracy cannot be introduced to Korean society."

An estimated 3,000,000 of the nearly 13,000,000 eligible voters are literate enough to follow such ideological arguments.

CIVIL DEFENCE

The Canadian Civil Defence College has a large library of films and these are available for Civil Defence lectures and courses, and for public viewing when requested.

HUBERT

"He's not near as good as the guy on 14th Street in June of '61."

Italy in Mourning For Dam Victims

By WILLIAM MARAN

BELLUNO, Italy (AP)—President Antonio Segni led all Italy in national mourning Sunday for the yet-uncounted victims of the Vaiont Dam disaster, and the government opened a formal investigation to determine if anyone was to blame.

A few hundred survivors of washed-out villages moved stubbornly back to the alpine valley of mud and buried bodies, where their homes had been, despite warnings that there *might be further landslides on* Mount Toc.

A whole mountainside there crashed down Wednesday night into the huge man-made lake behind the world's third-highest dam and sent a wall of water raging down on Longarone and half a dozen smaller villages.

Exhausted thousands of Italian soldiers aided by United States helicopter crews still were digging up the bodies of the dead, almost all of them unidentified.

1,200 BURIED

By Sunday, more than 1,200 had been buried in plain wooden coffins in a huge cemetery dug out of a cornfield at Fortogna, four miles south of wiped-out Longarone. Belluno province bought the cornfield as an emergency burial ground. It will be lined by simple crosses, like a war cemetery.

Most of the crosses will bear no names. Whole families were wiped out and there was no kin to identify the remains soldiers dug out of the mud.

The total death toll still is not known, but officials said the dead probably included 10 to 14 American citizens who in most cases had returned in later years to live out their lives in their native villages.

Domenico Caruso, Prefect of Belluno, said 1,800 persons are believed dead in Longarone and other flood-swept villages in Belluno province, below the dam. At least 300 others are believed to have died in villages around the reservoir.

But all sources call these figures tentative and the final toll may be higher.

SOLDIERS WEARY

Italian soldiers who have worked day and night in the mud at Longarone since the tragedy were staggering with weariness. At least five collapsed and had to be taken to hospital for treatment.

Helicopters of the 110th Aviation Company of the U.S. Southern European Task Forces, based at Verona, had *flown 60 flights up to Sunday* and brought out more than 1,000 persons found trapped in flood-isolated hilltop and riverbank villages.

Segni and Defence Minister Giulio Andreotti came here Sunday, made a helicopter flight over Longarone and the Vaiont Dam and attended a solemn funeral mass at Belluno's Roman Catholic cathedral for the flood victims.

The Italian president raised his hands to his bowed head, deeply moved, as the mass was celebrated by Bishop Gioacchino Muccin of Belluno in the presence of survivors and relatives of the dead.

Investigation was under way to determine whether the great loss of life might have been avoided. There has been bitter criticism by some who have said authorities knew well in advance that the rain - loosened earth on Mount Toc was beginning to slip.

LIBERAL, LABOR LEADERS WATCH CONSERVATIVES

LONDON (CP) — Weekend statements reflected delight—and some amusement—in the Labor and Liberal parties over the disarray of Conservative *leadership.*

Harold Wilson, Labor leader, and Liberal chief Jo Grimond obviously hope the somewhat undignified jockeying to decide a successor for Prime Minister Macmillan will damage the governing party.

The Conservatives appear to be selecting a beauty queen, said Grimond in a speech. It was appropriate their conference was held at Blackpool, a seaside resort commonly used for such contests.

George Brown, deputy Labor leader, said Conservative leaders were acting like "tarnished, tawdry and faded members of the cast of a touring show, whose catastrophic season has finally ended with the departure of the manager, leaving them all stranded."

Wilson was careful to extend sincere sympathy to Macmillan in his illness but he told a Norwich labor meeting:

"One thing should be clear: The Conservative party are choosing a caretaker, not a *head of government, and it is* vital in the national interest that, whatever government is to lead this country, it must be one which commands, and is seen to command, the support of the country."

Korea Admits To Canadian Wheat Deal

SEOUL (AP)—South Korea's military regime Sunday acknowledged making secret purchases of Canadian and Australian grain that aroused anger in Washington.

Information minister Yim Seung-hi told a press conference 75,000 tons of wheat and barley were purchased to alleviate what he called South Korea's food shortage.

It was reliably reported Saturday that close political aides of strongman Chung Hee Park negotiated the deal and intended to announce it today—one day before the presidential election, in which Park is a candidate.

Government officials, including those in the agriculture and foreign ministries, had at first denied any knowledge of the deal.

MUM ON DETAILS

Emberging from a cabinet meeting, Yim said South Korea won long-term deferred payment terms on the deal, with eventual repayment to be made in kind. He refused to discuss details.

With the United States burdened by wheat surpluses and seeking world markets, South Korea's purchase seemed almost sure to raise a storm of criticism in the U.S. Congress.

There was no explanation from government officials as to why the deals were made so secretly or why government ministries in Seoul were not informed of it.

But reliable sources said the purchases were made from Canada and Australia to make it appear Park was free from U.S. influence.

Wheat on Schedule – Pearson

TORONTO (CP)—Prime Minister Pearson said Saturday night that a longshoremen's strike at three St. Lawrence River ports had an affect on the shipment of Canadian wheat to Russia.

But, he hastened to assure newspaper men, the $500,000,000 worth of wheat promised Russia will be delivered on time.

Mr. Pearson, here for the Toronto Maple Leafs first National Hockey League game of the season, said the government and the people of Canada learned with great satisfaction that the strike had ended Saturday.

He paid tribute to federal mediator Judge Rene Lippe who, he said, had worked tirelessly and effectively in bringing about a settlement.

The prime minister said the government's strike - handling policy has been vindicated, notwithstanding early pressure for compulsory methods that would have been premature and therefore ineffective.

Not only the parties concerned, but the whole country benefits when a settlement is reached by mediation, he said.

OTTAWA (CP) — Transport Minister McIlraith has called for "intensified efforts" to get Canadian grain shipments moving again quickly.

He said Saturday night he hopes an all out effort by longshoremen will "make up for the time lost" during their strike at St. Lawrence River ports.

He said the ending of the strike will enable the ports to swing back into full action and continue their work which "is so vital for our Canadian economy."

The transport minister, who is responsible for the National Harbors Board, said "there will *be no delay insofar as the board* is concerned" in getting the ports back into operation.

Today In History

By THE CANADIAN PRESS

Oct. 15, 1963

Hurricane Hazel roared into the Toronto area nine years ago tonight—in 1954—and left 82 dead and $24,000,000 in property damage within two days of terror. The hurricane had been blowing itself out south of the border when it met up *with a cold front over Lake* Ontario, producing the heaviest rains in southern Ontario's history.

1944—The death of German Field Marshal Rommel was announced.

1917 — Germany's famed woman spy Mata Hari was executed at Paris.

PREPARATION NEEDED FOR BORDER TALKS

NEW DELHI (Reuters)—The leaders of India and Communist China cannot meet to discuss the Sino-Indian border dispute "without adequate preparation," an Indian external Affairs minister spokesman said Sunday night.

The spokesman was commenting on an offer by Chinese Premier Chou En-lai to come here for talks on the dispute.

Chou reiterated his willingness to visit New Delhi for talks with Prime Minister Nehru in an interview in Peking with Reuters General Manager Gerald Long.

In a comment on the interview, a ministry spokesman said if Communist China accepts the Colombo proposals on *the border dispute, "the way is* then open for negotiations at various levels."

In the interview Chou also accused India of provocative activities.

Prairie Farmers Visit England

LONDON (Reuters)—Thirty-five Canadian farmers from Saskatchewan arrived here Sunday from Toronto on a two-day goodwill visit.

They plan to present a bag of wheat to Christopher Soames minister of agriculture, and a medallion to Sir Ralph Perring lord mayor of London.

Norman Roebuck, leader of the group, predicted that the Saskatchewan wheat harvest will be the largest on record It is expected to total 720,000,000 bushels.

The group will fly to Belgium West Germany, Austria, Switzerland and France in a 15-day tour.

Principals of MacNeil-Tedesco Wedding to Reside in Toronto

MR. AND MRS. LYALL MacNEIL OF TORONTO.
Photo by Vogue Studio.

Principals of a recent wedding ceremony which took place at Cathedral of Mary Immaculate in Nelson will make their home in Ontario. Wearing a lovely gown of peau de soie, Margerita Tedesco was escorted down the aisle by her brother, Mr. Fred Tedesco, to exchange wedding vows with Mr. Lyall MacNeil at a pretty September 28 ceremony.

Rev. James Lynch officiated at the service uniting in marriage the daughter of Mrs. J. Tedesco and the late Mr. Tedesco of Nelson and the son of Mr. and Mrs. Donald MacNeil of Calgary.

The bride's gown featured a fitted bodice and chapel train. Sequins and seed pearls accented the scalloped lace sabrina neckline and long, sculpted sleeves. The chapel train fell gracefully from a drop bustle back bow and was trimmed with Alencon lace edging detail.

Her silk illusion veil was held by a crown of double-tiered Venetian lace, spiral crystal and Juliet seed pearl trim. Her cascade bouquet was of red carnations.

Mrs. J. H. Setson, sister of the bride, was matron of honor. White suedine elbow - length gloves and white carnation cascade bouquet contrasted vividly with her floor-length gown of red cherry velvet with matching velvet pillbox hat and shoes.

Mr. Edward Earle, brother-in-law of the bridegroom, was best man.

The mother of the bride wore a blue and black dress with short jacket and blue accessories. Her corsage was of red carnations. The mother of the bridegroom wore a beige knit dress with green accessories and red carnation corsage.

A reception was held in the Cathedral Hall, where Mr. Edward R. Crosby was master of ceremonies. Mr. Crosby proposed a toast to the bride, and telegrams were received from Calgary and Vancouver.

For travelling to the east, where the bridegroom will attend the DeVry Institute of Technology, the bride changed into a navy blue double knit suit with white accessories.

Out of town guests at the wedding were Mr. and Mrs. Donald MacNeil, Mr. and Mrs. Edward Earle, Mrs. John Rasmussen and daughter, Suzanne, all of Calgary; Mr. and Mrs. Edward Crosby and son, Eddie, of Spokane; Mr. and Mrs. J. H. Setso, Mr. and Mrs. Bruno Del Bucchia and daughter, Carol, Mr. and Mrs. W. Vulcano and family, Mr. and Mrs. Tony Poscente and family, all of Trail; Mr. and Mrs. William Vulcano and family of Oliver; Mr. and Mrs. Roy Tedesco and Mr. and Mrs. Ed Kenyena all of Vallican.

Young Nelson Couple Wed in Coeur d'Alene

Of interest here is the recent marriage in Coeur d'Alene, Idaho of Pamela, youngest daughter of Mr. and Mrs. Fred H. Stegeman of Nelson, to John Kenneth De Kock, only son of Mr. and Mrs. Louis C. De Kock, also of Nelson.

Coeur d'Amour Wedding Chapel was the setting for the pretty double ring morning ceremony performed by Rev. V. Carbury, assisted by Messrs. E. V. and William Carbury, all of Coeur d'Alene. Entering to the strains of traditional organ music the happy couple departed triumphantly to Lohengrin's Wedding March.

The bride was lovely in a cocktail-length white peau de soie fitted sheath, enhanced by a full over skirt of pink embroidered white nylon chiffon. A crescent shaped corsage of white feathered pink portrait carnations, mingled with green tulle, emphasized the softly curved neckline of her dress. A large white nylon chiffon and velvet picture hat framed her face. She wore plastic pumps, entone. Her only jewellery was a pair of pearl clips, gift of the groom. She carried a white Bible, given to her by her parents.

Following the ceremony, a wedding brunch was held at the Pancake Paragon.

For travelling, the bride wore a beige boucle suit with matching shoes and carried brown accessories. The bride's gown and suit were styled and made by her. The young couple visited points of interest in Idaho and Washington.

POST-BRIDAL SHOWER

Upon their return the couple were greeted by 32 friends and neighbors gathered at a surprise post-bridal shower given by Mrs. Elmer Kline, assisted by her daughter Mrs. Leonard Mall. Large baskets of dahlias flanked the bridal corner, the focal point being the bride's chair, from which pink and white streamers fanned out across the room. The streamers were secured by pink and white bows and wedding bells above the bride.

Decorations were arranged by her sister, Marna Stegeman.

Highlight of the evening was cutting of a three-tiered wedding cake made by Mrs. Kline and decorated in pink and white latticework and roses, by Mrs. Mall.

The young couple now reside in Nelson, where the bride is attending L.V. Rogers High School and the groom is employed by Beacon Motors.

Unity Exemplified At CWL-WA Meeting

"Unity" was the theme for the October meeting of the Fairview Catholic Women's League.

In line with this theme, representatives from the Church of the Redeemer Woman's Auxiliary, Fairview United Church WA, North Shore United Hall WA and St. Andrew's-by-the-Lake WA, were among those present.

Prior to the meeting, Mass was attended and offered for the Intention of Unity, Brian Klein led the dialogue mass and Mrs. R. J. Petty was at the organ.

The business part of the meeting featured conveners' reports Mrs. Bernard Klein, ways and means convener, reported that a Hallowe'en tea would be held on Oct. 26 at the North Shore Hall.

The program for this special occasion was directed by education convener Miss Reta Campbell. Mrs. Bruce Arlidge introduced Mrs. George Colletti, who gave a lesson and demonstration of flower arrangement.

Winners of the various types of floral arrangements were Mrs. Bernard Klein, Mrs. M. Moisey, Mrs. T. Daloise, Mrs. Ray Poulin, Mrs. P. Klassen, Mrs. J. McGovern and Mrs. D. Cake.

Refreshments were served by St. Anthony's Circle and a social hour was enjoyed.

STRONTIUM 90 UP LAST YEAR

LONDON (Reuters) — Nuclear tests in the autumn of 1961 "considerably" increased the amount of strontium-90 in the bones of children up to four years old in the second half of last year, says a Medical Research Council report published here Sunday.

There were also increases in amounts found in the bones of newborn babies, but children above four and adults showed little change.

Dominican Missionary Speaks to Salmo CWL

SALMO — Problems of serving as a missionary in the Dominican Republic were dealt with by Rev. Father Courtwright in a colorful address to the Catholic Women's League meeting.

The meeting, held at the home of Mrs. Ira Tombaugh, also heard Mrs. J. Delucrezio, Lay Retreat Association coordinator for Nelson area, speak on the women's retreat to be held in Trail, October 25.

Father Cartwright of the Scarborough Foreign Missions Society, served in the Dominican Republic during the ruthless rule of Trujillo. He described the poverty and political turmoil of the country and also gave some humorous sides to his life there.

FAITH VS. SUPERSTITION

Stirring up of the faith of these people and helping them to maintain it, with many obstacles, poverty, communists and vast ignorance facing them, were the missionaries' main problems. Their superstition, spiritism and witchcraft mixed with the Catholic belief added to their chores.

Mrs. Delucrezio, in urging attendance at the retreat, spoke of the "wonderful feeling" one had on completing a retreat. It was a good idea, she said, to take time out for God from the excitement of our daily lives. She stressed that regardless of whether a person was having problems or living a good life, it was still a good idea to give thanks to God.

Rev. D. J. Cullen, parish priest, introduced the guest speakers. Rev. R. Kershaw of Nelson was also a guest at the meeting.

FALL BAZAAR

Ten members attended and formed committees for the fall bazaar. Mrs. Tombaugh, Mrs. David Carty and Mrs. P. H. Stensrud will be conveners. Mrs. James McMorrow and Mrs. George Mund are conveners for Remac. Mrs. Carty will serve at the bake table and Mrs. McMorrow at the linen table.

It was decided to hold a fish pond and a rummage table also. Teenage girls will be asked to serve at the tea tables.

The sum of $75 will be donated to the parish.

Mrs. Godfrey McDonald will look after church cleaning for October.

The November meeting was set ahead to the first Tuesday of the month because of the bazaar and Mrs. Everet Hendriksen asked to have the meeting at her home.

The hostess served lunch after the meeting adjourned.

OBLITERATION OF EVIL LESSON THEME

The obliteration of evil in the redemptive and healing work of Christ was emphasized at all Christian Science churches on Sunday.

Scriptural readings included this verse from Ephesians (5:8): "For ye were sometimes darkness, but now are ye light in the Lord: walk as children of light."

A related passage from the Christian Science textbook was read: "Let unselfishness, goodness, mercy, justice, health, holiness, love—the kingdom of heaven—reign within us, and sin, disease and death will diminish until they finally disappear."

A traditional Thanksgiving Day service was held in all Christian Science churches Monday morning.

A Bible Lesson on "Thanksgiving" was read, opening with a verse from Psalms (33:1): "Rejoice in the Lord, O ye righteous, for praise is comely for the upright." The service also included hymns, prayer and a special period during which church members in the congregation stand up and express their thanks.

ITALY BEST DRESSED

GLASGOW (AP) — Twenty-one tailors from Tokyo, on tour studying men's fashions, stopped dead in their tracks at what they acknowledged was the most arresting sight so far —a highlander wearing a kilt. The verdict otherwise: "The best dressed men we have seen are the Italians."

LOBA Rest Home Nears Completion

Approaching realization is the Loyal Protestant rest home, one of the projects being supported by Fidelity Lodge No. 1116 Ladies Orange Benevolent Association, the Nelson lodge was informed recently by the Grand Mistress of the B.C. Association, Mrs. Bell.

Mrs. Bell visited the Nelson group accompanied by the past Grand mistress of Manitoba, Mrs. Sinclair.

Mrs. Bell also emphasized that welfare and community work is to be supported when possible.

Tea was served after the special meeting.

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—money back guarantee.

Pythians Entertain Grand Chief

Nelson Temple No. 10, Pythian Sisters, entertained their grand chief Mrs. Phyllis Woodward of Rossland on the occasion of her official visit.

Other grand lodge officers present were Mrs. Morris, Mrs. J. Bereau, Mrs. G. Davis, Mrs. C. Fletcher, Mrs. J. Draper, J. Draper and Mrs. A. Rothwell, of Fruitvale, district deputy grand chief. Visitors were present from Salmo, Fruitvale, Rossland and New Denver.

A banquet was held at 6:30 when corsages were presented to Mrs. Woodward and to M.E.C. of Nelson, Mrs. L. Choquette. The regular meeting followed, and Mrs. M. Tames was initiated into the Nelson temple.

A talk was given by Mrs. Woodward, also by Mr. Draper and Mrs. Fletcher. At the conclusion of the meeting, coffee was served, the kitchen committee being Mrs. E. Morgan, Mrs. E. Bereau and Mrs. F. Tough.

Investigates Maternity Leave For Civil Servants

LONDON (AP)—A member of Parliament has promised to investigate a plan under which single girls in the civil service can claim at least two months' sick leave with full pay to have illegitimate babies.

Existence of the plan was disclosed when it drew sharp criticism in a parish magazine. A spokesman for the government treasury confirmed the arrangement.

Sir Cyril Black, Conservative member from Wimbledon, said Sunday he was interested in knowing more about it and added:

"I believe the community should act in a sympathetic manner toward those guilty of moral lapses, but we should eliminate the incitements to immorality so widespread today."

At present civil servants are entitled to two months' maternity leave on full pay during hospital confinement, followed by a further four months on full pay in any 12-month period, said the treasury spokesman.

IN THE FAMILY

Abigail Adams, wife of U.S. president John Adams, was theh mother of John Quincy Adams who also gained the presidency.

Baptist Missionary in Bolivia 29 Years

Namesake of Nelson Mission Circle Speaks at Church Here

Emphasizing the work of others, a missionary after whom a circle of the Nelson First Baptist Church is named, Miss Dorothy Francklin, spoke to members of the church and visitors at the church Friday evening.

iMss Francklin, a registered nurse, has been doing mission work in Bolivia since her graduation from Toronto Bible College in 1934. She was born in England and came to Winnipeg with her family when a small girl. She became a member of Emmanuel Baptist Church and after completing high school and a business course, she took nurse's training at Winnipeg General Hospital.

During most of the time she has served in La Paz, starting the small clinic at Villa Victoria, which has now grown into a church, a children's playground and a night school for the illiterate as well as the clinic — representing a real pioneer enterprise.

Under the Bolivian Pastor, Juan Aguila, the Villa Victoria church of 28 members has two home mission enterprises of its own — one a little way 'up the hill" on which La Paz is situated, and another at Viacha, a neighboring village.

One member is appointed to take the morning services for a month, and to return and report at the evening service at Villa Victoria; then another member takes his place.

A recent issue of the Overseas Digest reports that the church has a practical method of ensuring that its membership roll is kept active. All members were advised that on a certain date, there would be a meeting at which, as a step of re-consecration, each one would sign the new membership list. All the faithful ones attended, and some who had been careless or indifferent responded to the challenge, gave a testimony, and renewed their devotion. Others who did not attend are automatically off the list until such time as they return.

HIGH SCHOOL FOR BOYS

Miss Francklin reports that the night school, which was started for her "street boys," and was carried on for many years, is being discontinued because the government has provided adequate night schools for the district. The gentleman in charge of these schools is the husband of the teacher of the mission school. She is a member of the church, and he is sympathetic to the gospel.

The pastor's wife, Elena Aguila, has been helping Miss Francklin with the clinic and is capable of carrying on the work while she is away on furlough.

Miss Francklin is one of the outstanding missionaries, an unusually fine speaker; she has the gift of enlisting the help of Bolivians and of training them so that they themselves can carry on the work of spreading the gospel.

The evening event was followed by a fellowship service.

MISS D. FRANCKLIN, RN

MILK DROWNINGS

An infant should be watched closely while feeding from a bottle as he may be drowned by milk pouring into his lungs.

If it's backache that's bothering you, due to urinary irritation and bladder discomfort, then Dodd's Kidney Pills can help bring you relief. Dodd's Pills stimulate the kidneys to help relieve the condition causing the backache. Then you feel better and rest better. You can depend on Dodd's Kidney Pills. 86

Novak in Dublin

Writer Robert Musel reports from Dublin in Weekend Magazine this Saturday on the drama which occurred behind the scenes during the filming of Somerset Maugham's Of Human Bondage, starring Kim Novak and Laurence Harvey. Miss Novak, considered by many to be the last of the stars to act like stars, managed to share in the costly, tiresome delays which frequently occurred during production.

Nelson Threatens To Quit WIHL

Smith's Suspension Causes Decision

Nelson Maple Leafs will quit the Western International Hockey League at noon Thursday unless Trail Smoke Eaters have released defenceman Harry Smith by that time.

The decision was made by the executive, coach and players of the Maple Leafs Monday after it was learned that Smith has been suspended because he refused to play for Trail.

Smith, the centre of much publicity since joining the Leafs this season, said Monday night that if he couldn't play hockey where he wanted, he would not play.

The Leafs, to a man, backed him in his bid for a release from Trail, by saying unless he got it and his suspension was lifted by noon Thursday, Nelson would quit the league.

In an effort to end the dispute over Smith's status, Leaf coach Bob Wiest telephoned CAHA secretary Gordon Juckes in Melville, Sask., and explained the situation, but Mr. Juckes said there was little he could do that he had not already tried.

"It is a branch matter. Unless there is something wrong with the ruling made by the BCAHA there is nothing I can do," Juckes said.

However, he pointed to a paragraph in the CAHA rule book which states:

A player, who is not under any contractual obligation to a team refused a release by a team of which he is a member, may appeal to the Association to be granted such a release. At the hearing of such appeal, the player and the teams concerned shall have the right to be represented and heard.

Smith and the Nelson coach both pointed out that they had not taken part in any such hearing and that the teams concerned, or Smith, had been neither represented nor heard by anyone concerning the suspension.

Trail hockey club has flatly stated that it would not release the defenceman, although it has released other players such as Bobby Kromm, Harold Jones, Pinoke MacIntyre, Seth Martin and Dave Rusnell.

It was also pointed out again that Nelson did not try to raid any of the Trail players. Smith, as well as Kromm and goalie Bruno Forlin, all came to Nelson on their own because they wanted to play for the Leafs.

It was also reported that when asked what he thought of the situation, Ivan Temple, president of the BCAHA, said he could see no reason for, or any way in which the Smoke Eaters could hold Smith or prevent him from playing for Nelson if that is what he wanted.

It was also stated that Smith no longer lives in Trail and he is not obligated to the Smokies by contract.

Smith, talking to Juckes, said, "If I have to put up with this type of thing, I should have stayed in Russia or Czechoslovakia."

Wiest added that the Maple Leafs would play their scheduled game against Trail at the Civic Centre Wednesday, but unless Smith had his release by noon Thursday the club would not play again.

The Leafs have games scheduled for Thursday in Trail and Saturday when they are to meet Kimberley Dynamiters, here.

Warriors, Jets Win Weekend Games

Gonzaga Belts Trail Juniors In KIJHL Tilt

SPOKANE (AP) — Gonzaga University's Galiano Mondin swished in with four goals to punctuate the Bulldogs' 11-4 hockey victory over the Trail Juniors in a Kootenay junior International Hockey League contest Sunday.

The Trail club let Gonzaga tally its largest hockey score in two years as the Canadians appeared on the ice with only one player back from last year's championship team.

Trail coach Ron Gardiner said he expects the team's offensive unit to be strengthened by three players returning from the Senior Smokies.

SUGAR RAY TAKES TEN ROUND DECISION

PARIS (AP) —Sugar Ray Robinson, 43-year-old former middleweight champion, won a decision in a 10-round bout with art museum guard Armand Vanucci Monday night.

Robinson ,five-time middleweight champ and once the welterweight king, weighed in at 159½ pounds. Vanucci, whose full-time job is guarding the Mona Lisa in the Louvre art museum, weighed 159.

The Frenchman, a native of Corsica, is unranked and was knocked out by Luis Folledo in a recent bout just after losing in a bid for the European middleweight title.

ROSSLAND (CP) — Pinoke McIntyre and Dave Rusnell scored two goals apiece Saturday night to pace Rossland Warriors to a 8-3 victory over Kimberley Dynamiters in a Western International Hockey League game before 1,000 fans here.

New playing - coach Harold Jones, Bill Martin, Ed Legare and Gerry Godfrey notched singles for the winners.

Les Lilley, Bill Gallamore nad Bill Taylor scored the Kimberley goals.

The Warriors, playing with many former Trail Smoke Eaters in their lineup, completely otuclassed the Dynamiters.

Bauer's Boys Hand Quakers Two Defeats

VANCOUVER (CP)—Canada's Olympic Hockey Team from the University of British Columbia edged Saskatoon Quakers 3-2 here Monday in an exhibition game.

It was the second defeat in as many days for the Quakers, of the Saskatchewan Senior Hockey League.

The Olympic team defeated Saskatoon 5-3 in their first exhibition game in nearby Coquitlam Sunday.

Ray Cadieux scored two of the Olympic goals, while Gary Dineen got the other. Jack Phillips and Don Smith scored for Saskatoon.

Saskatoon goalie Don Campbell, who apparently was injured in Sunday's game, aggravated the injury Monday and was taken out after only 10 minutes.

Rick Broadbent, UBC's spare goalie, played the rest of the game for Quakers.

The Saskatoon team was to leave Monday night for home.

SPOKANE (AP) — Spokane Jets opened their Western International Hockey League season Saturday night with a 13-3 win over Trail Smoke Eaters.

A crowd of 2,846 watched the Jets return to the senior amateur ranks after five years of competition in the professional Western Hockey League.

Jets got off an even 70 shots at Trail goalie Palmer Anderson.

Jets' Kenny Kuntz made 20 stops.

Former Spokane pro Ching Johnson made his return to the city a successful one with five goals.

WIHL STANDINGS

	W	L	T	F	A	Pt
Spokane	1	0	0	13	3	2
Nelson	1	0	0	3	1	2
Rossland	1	1	0	9	6	2
Kimberley	1	1	0	10	9	2
Trail	0	2	0	4	20	2

Alley Cats Set City Bowling Record

Alley Cats set a new city record in Men's Commercial League bowling action Monday night.

The five bowlers rolled a team aggregate of 3778 to eclipse the old mark of 3751 set by Tip Top earlier this year.

Members of the Alley Cats, with their individual aggregate in brackets are: Don Ross (771), Dayton Klein (702), Gino Maida (848), Bob MacDonald and Wilf Fahlman (908).

Other results of Monday night's bowling:

Men's Commercial League

Savoy 3, FOE 1; Nelson Rads 1; Inland X 3; Queens 3; Tip Top 1; Nelson Hotel 2, Hornets 2; Alley Cats 4, Silver King 0; Safeway 0, Eagles 4.

High single and aggregate, Wilf Fahlman of Alley Cats, 340 and 908.

Team high single and aggregate, Alley Cats, 1296 and 3778.

Other top scores: Gino Maida, 321 and 848; Bruce Malcolm, 304 and 834; George Lane, 300, 300 and 796; Keith Codling, 791; Chuck Symonds, 786; Jim Robertson, 774; Don Ross, 771; Red Brochu, 762; Chuck Burdette, 743; Doug Peterson, 708; Dayton Klein, 702; Aldo Richichi, 322.

Saturday Results:

L.V. Rogers League

Gutter Dusters 4, Hopeless Five 3; King Pins 2, Lucky Lofters 5; Jolly Rogers 5, 400's 2.

Girl's high single and aggregate, Pat Hoople of 400's, 179 and 434.

Boy's high single, Quinto Maida of Gutter Dusters, 330.

Boy's high aggregate, Dave Shankland of Lucky Lofters, 751.

Team high single, Lucky Lofters, 976.

Team high aggregate, Hopeless Five, 2558.

Other top scores: Quinto Maida, 747; Dave Shankland, 307.

Three Hunters Injured, Three Lost on Weekend

VANCOUVER (CP) — Hunters by the score took to the woods and fields in various parts of British Columbia during the long Thanksgiving Day weekend.

The result: A lot of pheasants bagged; three persons injured by gunfire and three hunters lost in the bush.

Ruby Thorlakson, 20, of Vernon, lost the sight of an eye when hit by buckshot which also peppered a companion, John Schaeffle, in the head and thigh. The shot came from a hunter shooting at a flying pheasant.

Lavern Sanpert, 19, of Richmond, suffered a gunshot wound in his right hand.

Chris Homes-Douglas, 42, of North Vancouber, walked out of the bush near Princeton after a 25-man search party had been organized to look for him. He suffered no ill effects from a night in the open.

Lee Green of Nanaimo ended a search for him when he walked out near Northwest Bay on Vancouver Island. He said he stayed at a scout camp during the night.

In suburban Delta Walter Richter of Richmond caused another search alert when he failed to report for work. But he walked out of the woods unharmed before a search could be organized.

Savoys Blank Grand Forks in WISL Action

The Nelson Savoy Soccer Club kept up its blistering pace in a bid to cop top spot in the Western International Soccer League this season by blanking Grand Forks 6-0 in Grand Forks Sunday.

The victory was the fourth straight for the Savoys who are curently tied with Spokane Spokes for the league lead. Nelson has lost only one game this year, its first of the schedule, to the Spokes in Spokane.

Willi Schell led the Nelson attack, scoring two goals, one in each half. Willi Rudolf, Len Bousquet, Joe Karasz and Ken Pearson each added singles.

Savoys led 3-0 at half time.

The shutout was the second of the season for Nelson goalie Eric Tolles who handled easily the few shots that got by the strong Savoy defence of Joe Jacoe, Richard Eggers and Hans Schick.

Nelson completely outplayed the last place Grand Forks squad which mounted only one strong attack, early in the second half of the game.

Savoys next contest is scheduled for Trail Sunday against the third place Italicos.

Tee Time

Joy Clarkson and Gordon French captured the low net honors at the Nelson Golf and Country Club's annual Auld Lang Syne competition Sunday. The golfers were allowed to use only a five iron and putter.

Low gross went to Coleen Maglio and Wil Olson, while Jim Watson and Clara Allen were named the "Honest Golfers."

About 63 club members took part in the annual affair which included dinner after the competition.

Stamp Win Ensures Club Playoff Spot

CALGARY (CP) — Calgary Stampeders turned back Winnipeg Blue Bombers 14-8 before 22,000 fans Monday to ensure themselves a berth in the Western Football Conference playoffs.

Touchdowns by flanker Bobby Taylor in the second quarter and by fullback Earl Lunsford early in the final quarter provided the margin of victory.

The result left Stampeders with 17 points, three behind first-place B.C. Lions and five ahead of Bombers, defending Grey Cup champions. Bombers, in fourth place, have only two games to play, both against Lions.

Saskatchewan Roughriders, who lost 26-6 to Lions Saturday in Vancouver, are one point ahead of Bombers and have a game in hand.

ROBINSON CONVERTS TWO

Halfback Larry Robinson converted both touchdowns for Calgary. George Fleming, the WFC's leading scorer, kicked two field goals and a single for Bombers. Jack Delveaux added the other point on a single in the final quarter.

Winnipeg led 3-0 at the end of the first quarter, with Stampeders jumping ahead 7-3 at the half. Bombers tied the score in the third quarter but dropped behind 13 seconds into the final 15 minutes and never could catch the Stampeders again. Lunsford's touchdown, which proved to be the winning margin, came on the first play of the final quarter whe the All-Star back crashed over from four yards out.

Linebacker Bill Britton set up the score when he recovered a fumble deep in the Winnipeg end after tackle Don Luzzi jarred the ball loose from Bomber quarterback Kenny Ploen.

Quarterback Eagle Day passed to Taylor for Calgary's first six - pointer. At halftime Day was presented the Jeff Nicklin Trophy as the WFC's most valuable player in 1962.

THREE FUMBLES LOST

Stampeders held a wide territorial edge but three times lost the ball on fumbles deep in Blue Bomber territory.

Calgary piled up 23 first downs on 208 yards rushing and 174 passing as Day hit on 15 of 22 aerial attempts. Bombers had 42 yards rushing and 171 passing with Ploen and substitute Hal Ledyard clicking on nine of 21 pass attempts.

Winipeg lost their only fumble but picked up three of four Calgary fumbles. Bombers' Delveaux averaged 48.1 yards on nine punts and end Jim Furlong averaged 38.5 on 10.

Bombers lost 39 yards on three penalties compared with Stampeders' 65 on eight infractions.

Day again concentrated on Taylor, end Pete Manning and halfback Lovell Coleman as his receivers. Taylor grabbed all five passes thrown his way and gathered in three.

HURTS LEG

Ron Latourelle of Bombers was helped fom the field on the first play of the game when he suffered a leg injury. Also injured were defensive back Nick Miller and veteran tackle Roger Savoie, but neither was believed seriously injured.

The result left Winnipeg with the prospect of finishing out of the WFC playoffs for the first time since 1949. Bombers won the Grey Cup four of the last six years.

Day took the Stampeders from the Winipeg 53 to their first touchdown as he completed six consecutive passes, the final one to Taylor covering 12 yards. Lunsford scored his touchdown two plays after Britton recovered Ploen's fumble at the Winnipeg five late in the third quarter.

Canadians Determined To Capture Golf Crown

CP from AP-Reuters

SYDNEY, Australia—Six Canadian golfers take to fairways and greens today, determined to capture the amateur championship of the British Commonwealth.

Canada and the other teams entered — Australia, New Zealand, Britain ad South Africa —are considered closely matched, although experts tend to give the Aussies a slight edge because of experience on the 6,688-yard, par-72 Royal Sydney course.

In opening action today, Canada plays South Africa, which won the tournament in 1959, the last time it was played. Although South Africa no longer is a member of the Commonwealth, it was allowed to enter a team in the event.

Canada has entered three top players — Gary Cowan, Kitchener, Ont., Nick Weslock, Burlington, Ont., and Doug Silverberg, Calgay—but the question is how much form Keith Alexander, Calgary, Bert Ticehurst, Vancouver, and Bill Wakeham, Victoria, will show against top-rated Commonwealth amateur competition.

Bruce Forbes, non - playing coach, says the team is the strongest ever to represent Canada in the matches. Canada's prospects were boosted Monday when Alexander returned a stylish one-under-par 71 in the final practice session, played in a blustery wind.

In the other match today, Australia drew a bye. Foursomes are played in the morning and singles in the afternoon.

MACHEN SCORES NINTH ROUND KAYO

SANTA MONICA, Calif. (AP) Eddie Machen, 197, of Los Angeles, mauled Alonzo Johnson, 188, of Pittsburgh for eight rounds and then knocked him out with three rights to the jaw in the ninth of their scheduled 10 round fight Saturday night.

FAVORED TO WIN IRISH

LONDON (AP) — Bookmakers made Hasty Cloud a 5-1 favorite Monday night for Saturday's Cambridgeshire stakes.

Fair Astronomer, favorite for the race until she started coughing a few days ago, slumped to second favorite at 10 to 1.

The race is at Newmarket and an Irish sweepstakes is based on it.

Trainer Jack Leader said that Fair Astronomer, after coughing last week, had a half-mile run Sunday and appeared well again. But the coughing trouble obviously has upset confidence in the filly's prospects.

Cocky Cats' Last-Quarter Spurt Sinks Injured Esks

By JACK SULLIVAN
Canadian Press Sports Editor

HAMILTON (CP)—Hamilton Tiger-Cats, cocky and playing as if the game was a heavy scrimmage in the opening 45 minutes, went on a fourth-quarter two-touchdown spurt to defeat the injury-crippled Edmonton Eskimos 28-17 in a Canadian Football League interlocking game Monday.

The victory put Ticats into a first-place Eastern Conference tie with Ottawa Rough riders who ran over the Eskimos 34-10 at Ottawa Saturday. Each has 14 points, two more than Montreal Alouettes.

The loss was the 11th in 13 starts for the once-proud Eskimos who went into Monday's game with only 28 players. Fullback Johnny Bright, a big man on the Edmonton offence for 10 years, suffered a pulled hamstring in his left leg in Saturday's game and sat this one out along with Mike Wicklum, sidelined with sprained ligaments in his right foot.

Even with this the Eskimos, who haven't been able to beat a club in its own Western Conference this season, made it a little rough for the Tabbies who showed little before a crowd of 23,643 at Civic Stadium. The only teams the Eskimos have been able to beat are from the east — the non-belligerent Toronto Argonauts and the lacklustre Montreal Alouettes.

ROOF FALLS IN

The Esks trailed 6-0 after the first quarter, went into a 14-12 lead at the half and were behind only 15-14 going into the final 15 minutes. They moved ahead 17-15 in the opening minutes of the final session and then the roof fell in on them as quarter Bernie Faloney uncorked two touchdown passes for the victory.

Faloney caught Tommy Grant with a short six-yard end zone flip to polish off a 35-yard march in five plays. Three minutes later, after Don Vassos fumbled a Hamilton punt and Rene Riopelle recovered for Ticats, Faloney caught Garney Henley in the Edmonton end zone for the touchdown that finished Edmonton.

Dick Easterly scored Hamilton's other touchdown late in the second quarter when he took a goal - line pass from Joe Zuger. Don Sutherin, making his first appearance in a month after suffering torn stomach muscles, kicked two field goals of 25 and 17 yards, two singles and a convert. Zuger kicked a 65-yard single in the opening 15 minutes.

Gene Raesz ad Jim Thomas scored Edmonton touchdowns, both converted by Bill Mitchell. Mitchell also booted a 28-yard fourth-quarter field goal that put Edmonton ahead 17-15.

SUTHERIN DROPS PUNT

Thomas' touchdown, a one-yard leap over the Ticat front wall midway through the second quarter, was set up when Sutherin dropped a punt by Aubrey Linne at the Hamilton 40. Dick Chrobak pounced on the loose ball at the 35 and the Eskimos went over from there in seven plays.

The Eskimos, with quarter Lynn Amadee directing traffic until relieved by veteran Don Getty late in the game, moved Eskimos 71 yards in nine plays —mainly along the ground—for the touchdown by Raesz. Amadee finished it with an eight-yard end-zone pass to the 23-year-old backfielder and end.

The statistics were fairly even. Hamilton gained 136 yards rushing and 228 passing against Edmonton's 109 and 221. Ticats moved the yardsticks 16 times and Edmonton 15. Faloney and Zuger clicked on 11 of 20 passes and Amadee and Getty 14 of 34.

Hawks Edge Leafs; Wings Blank Boston

By The Canadian Press

A goal early in the third period by Ken Wharram broke a 2-2 tie and helped Chicago Black Hawks to a 4-2 victory Sunday night over Toronto Maple Leafs, defending National Hockey League champions, moving the Hawks into a first-place tie with Detroit Red Wings.

The Wings meanwhile handed the punchless Boston Bruins a 3-0 defeat at Detroit in the league's other scheduled game.

Bob Pulford put the Leafs in front with the lone goal of the first period and George Armstrong beat Chicago goalie Glenn Hall halfway through the second period to give the Leafs a lead which seemed good enough to stand up the rest of the way.

However, the Hawks began to rebound in the final three minutes of the second period when they scored twice, to gain a deadlock.

Winger Kenny Wharram opened the Chicago scoring with a conversion of a pass by all-star centre Stan Mikita at 17:49 of the period.

PUCK HITS NECK

Mikita scored the tying marker less than a minute later when a long shot by Chicago defenceman Howie Young hit him the in the neck ad bounded into the Toronto net.

Wharram put the Hawks on top at the 35-second mark of the final period while Toronto's Dick Duff was in the penalty box.

Bobby Hull completed the scoring with a shot into a vacated Toronto goal at 19:42 of the frame.

Mikita was in on all four Chicago markers.

Mikita collapsed on the ice after the shot by Young hit him and the slim centre was knocked down twice more during the rugged evening.

Early in the final period, a check by Leafs' defenceman Tim Horton sent Mikita headlog into the boards and he required assistance in leaving the ice. Then near the end of the period, he hurt his knee in a tangle at centre ice and had to limp from the ice.

HOWE SCORES AGAIN

Second-period goals by Bruce MacGregor and Andre Pronovost gavev the Wings more than the edge they needed. Gordie Howe scored in the third period to put the game out of the Bruins' reach.

Howe's goal—his third of the new season—left the Red Wing ace one short of tying the league scoring record set by Maurice Richard of Montreal Canadiens, who collected 544 goals in his yeas of regular league play.

Howe also fired the puck into the net in the second period, but the goal was disallowed by referee Art Skov because of an injury to Boston's Murray Oliver. Detroit's Parker MacDonald drew a five-minute major penalty for high-sticking Oliver.

Nine stitches were required to close a cut on Oliver's mouth.

The shutout was the 92nd of Sawchuk's career, more than any other active NHL goalie.

a grain of sense about rye This is it. The best there is. Sangaste rye grain. Alberta farmers near Calgary plant it in early September, harvest the following summer. Rain, snow, Arctic cold, and warming Chinook winds endow this rye with excellent health, robust character. Then ADL buys it, buys more rye grain than anyone else in Canada. For Alberta rye grain becomes fine-tasting Canadian rye whisky. Any ADL brand will prove that to you. Tell you what: ask any whisky maker how he makes rye, and from what. Some of the answers will surprise you.

B.C. Lions Whip Roughriders; Move Closer to First Place Finish

VANCOUVER (CP)—British Columbia Lions moved closer to first playoff spot in the Western Football Conference Saturday night with a convincing 26-6 victory over Saskatchewan Roughriders.

Some 30,079 fans at Empire Stadium saw Lions dominate play throughout the game and fially break through the vaunted Saskatchewan defence over a field that was soggy and filled with pools of water from day-long rain.

The win gave B.C. a 10-3 won-lost record and 20 points in conference play this season, five more than second-place Calgary.

The loss for Saskatchewan left them with a 6-6-1 record ad only one point more than Winipeg Blue Bombers in the fight for third playoff spot.

NEW CFL RECORD

Fullback Nub Beamer, flanker Sony Homer and defensive halfback Neil Beaumont scored touchdowns for Lions. Beaumont's was a 120-yard gallop for a new Canadian Football League record for intercepted pass runbacks. Beaumont added two singels and Peter Kempf kicked a field goal and three converts.

Saskatchewan's lone touchdown came on an attempted field goal by Kempf which was blocked. Ed Dick Cohee scooped it up and scampered 88 yards. The touchdown was not converted.

Lions' self-styled "headhunters" held in check the passing of Frank Tripucka, who passed for only 91 yards in the game. B.C. quarterback Joe Kapp picked up 116 yards passing.

With Willie Fleming, Ron Morris and Beamer sharing the ground duties, Lions picked up 278 yards rushing, 168 from Fleming alone. Despite some good gains by George Reed and Roy Cameron, Riders were held to 70.

The heavy rain formed pools along the centre of the field and several times both Kapp and Tripucka had trouble holding their footing and the ball while splashing through the water.

Kapp was good on seven of 12 passes, while Tripucka completed seven of 15.

Beaumont's interception of a Tripucka pass was the most spectacular play of the game.

Riders marched downfield on gains by Reed, Cameron, Ray Purdin and Cohee to B.C.'s 20-yard line. Tripucka fired into the end zone and Beaumont leaped into the air, grabbed the ball and ran 120 yards—slipping and sliding in the mud and rain over the last few yards—for the touchdown.

Cohee's touchdown was almost as spectacular.

An attempted field goal by Kempf was blocked by the hard-charging Riders. The ball bounced loose near Cohee's feet and the fleet-footed end picked it up and turned the play into a touchdown scamper.

Riders didn't threaten seriously again until the third quarter, when they got to the B.C. two-yard line with a first down. Reed tried three times to get over but Lions' solid defensive wall held and B.C. took over on downs.

Leafs Down Bruins In First Outing

TORONTO (CP)—Red Kelly pleased both his bosses here Saturday night as Toronto Maple Leafs opened their Natioal Hockey League season with a 5-1 win over Boston Bruins.

Prime Minister Lester Pearson was one of 13,945 fans on hand as Kelly, Liberal member for Toronto York West, scored Toronto's first goal of the season.

"Did you order Kelly to score that goal?" a reporter asked Mr. Pearson after the first period.

The prime minister smiled. "He darn near got another one, too," he replied. "He's a wonderful man."

Punch Imlach, general manager of the Leafs and Kelly's other boss, must also have been pleased as his Stanley Cup champs overwhelmed the Bruins in their first start of the season.

Big Frank Mahovlich, Kelly's linemate, scored two goals and other Leaf marksmen were Bob Nevin and George Armstrong.

The lone Bruin scorer was Johnny Bucyk.

The Leafs, who outshot Boston 34-22, led 1-0 after the first period and 3-1 after the second.

MID-SEASON FORM

Mahovlich, looking in mid-season form, also earned an assist on Kelly's goal. Boston's Ed Johnston made a leg save on a long Mahovlich drive and Kelly poked in the rebound.

Bucyk knotted the score midway in the second period, cashing in on Murray Oliver's rebound, but it must have irked the Leafs. Nevin roared back with a goal less than a minute later, helped by Boston's poor clearing.

And Mahovlich scored his first one before the period ended, racing in alone after a clearing pass by defenceman Ted Green hit his body.

Veteran defenceman Allan Stanley set up the second Mahovlich goal, early in the third period, with a long pass from the blueline which hit the Big M's stick at the goalmouth.

Armstrong scored on a power play.

Johnny Bower, although he had a comparatively soft night, had to be sharp several times.

The best Bruin was centre Orland Kurtenbach who played a strong two-way game.

Bruins, last-placers the last two seasons, impressed as being stronger this season. However, they still don't look like playoff contenders.

Mr. Pearson presented the J. P. Bickell Memorial Cup to centre Dave Keon, elected most valuable Leaf player last season. It was Keon's second win in succession.

But this time he didn't take the usual replica—he took $500 in cold cash.

SPORTS BRIEFS

CLEVELAND (AP) — Cleveland Indians of the American League have asked waivers on veteran Early Wynn, the club's new pitching coach, for the purpose of giving him his unconditional release as a player, general manager Gabe Paul announced Monday.

Wynn, a 43-year-old right-hander, will replace Mel Harder.

WASHINGTON (AP) — Washington Senators purchased catcher Tony Brumley Monday from Spokane of the Pacific Coast League for an undisclosed amount.

Playing for the Los Angeles Dodger farm team last season, Brumley batted .292 with seven home runs and 64 runs batted in.

NEW YORK (AP) — Don Heffner, former American League infielder and more recently manager of San Diego in the Pacific Coast League, signed Monday as a coach with New York Mets of the National League.

Heffner, 52, joined Mel Harder and Wes Westrum, who were named to the staff last week.

Heffner broke into the majors with New York Yankees in 1934 and also played with the old St. Louis Browns and Detroit Tigers until 1944. He was a coach at Kansas City from 1958 to 1960 and at Detroit in 1961.

DUBLIN (AP)—The Republic of Ireland soccer team defeated Austria 3-2 Sunday wtih a late penalty goal and went into the quarter-finals of the European Cup of Nations.

The win gave Ireland an aggregate of 3-2 after home-and-away games. The teams tied 0-0 in Vienna in the first leg earlier this year.

LLANELLY, Wales (Reuters) —The new dock stars of Llanelly Saturday defeated the touring Toronto Balmy Beach rugby team 10-3 in the visitors' opening game in Wales.

Canadiens Bomb Plante; Win Home Opener 6-2

By MARVEN MOSS

MONTREAL (CP)—Montreal Canadiens unleashed a barrage of 59 shots at their old friend and critic Jacques Plante Saturday night and belted New York Rangers 6-2 in their National Hockey League's home opening game here before 14,804 fans.

It was the first meeting of the clubs since the seven-player swap that sent Plante to New York and Gump Worsley to Montreal last June, and the Canadiens seemed bent on making Jacques swallow some of the remarks he made after the deal.

He singled out some of his former teammates for unflattering comment and said he was glad to leave Montreal because "the Canadiens don't have a hockey team anymore."

The Canadiens apparently felt the criticism was unconstructive in intent and they put more zip into their attack than the club has shown for a long time.

Twice Plante was upset by bodychecks when he left the goalmouth area in his patented sorties to clear the puck.

But he nonetheless gave an impressive performance, holding the Rangers in the game in the face of a 42-shot assault in the opening two periods.

Three goals whizzed by him in the final 20 minutes to carry the game beyond New York's reach.

HAD EASY NIGHT

Worsley, meanwhile, had a relatively easy night with 31 shots to handle.

Coach Toe Blake's new top line, featuring rookie John Ferguson at left-wing with Jean Beliveau at centre and Boom Boom Geoffrion on the right side, accounted for four of the Montreal goals.

Geoffrion—described in the off-season by Plante as a man who doesn't shoot the puck "half as hard as he once did"—counted twice.

The Boomer also assisted on goals by Beliveau and Ferguson for a four-point evening. Beliveau collected three assists for another four-point effort and Ferguson picked up one assist.

Bobby Rousseau and Dave Balon rounded out the Montreal goal-getting. Balon, a fringe player in the June deal with New York, exploited one of Plante's sorties from the net for his goal.

Camille Henry and defenceman Lary Cahan scored for the Rangers. Henry clicked on a power-play and he needs one more to reach the select 200-goal plateau for scheduled play.

WRONG NAME

The name Indian was given to natives of North America by Columbus in 1492 when he had wrongly assumed he landed in the vicinity of India.

Ellsworth Named Comeback Player of Year in NL

NEW YORK (AP)—Dick Ellsworth of Chicago Cubs, a 20-game loser in 1962, and a 22-game winner this season, was named the National League's comeback player - of-the-year Monday in the annual Associated Press poll.

The six - foot - four southpaw collected 24 votes in balloting by 68 baseball writers. Curt Simmons of St. Louis Cardinals, another left - handed pitcher, was second with 11 votes, followed by Dick Groat, the Cards' shortstop, with 10 and Ron Santo, Chicago third baseman, with nine.

Ellsworth had a 9-20 record with an earned run average of 5.08 in 1962. This year he put together a 22-10 mark and a sparkling 2.10 ERA. Seven of his losses were in low - run games. Twice he lost 1-0 and 3-0, also 2-1, 3-2 and 3-1.

Ellsworth pitched 19 complete games, including four shutouts, in 37 starts and walked 75 while striking out 185.

Simmons won 15 games and lost nine in 1963. He posted six shutouts.

The veteran left-hander, a 17-game winner for the pennant-winning Philadelphia Phillies in 1950, was unconditionally released by the Phils in May, 1960, and signed by the Cards. His 1962 record was 10-10.

Groat, obtained from Pittsburgh Pirates last winter, hit .319 this year, 25 points higher than in 1962. He was the circuit's top batsman in 1960 with .325, fell to .275 in 1961 and moved up to .294 the following season.

Santo, a .227 hitter in 1962, was among the most productive batters in 1963 with a .297 average, 25 home runs and 99 runs batted in.

PITTSBURGH (AP) — Pittsburgh Pirates asked waivers Monday on veteran infielder Johnny Logan for the purpose of giving him his unconditional release.

Logan, 35, entered the major leagues in 1951 with the old Boston Braves. He went to Milwaukee with the Braves, then was traded to the Pirates in 1961.

The National League's All-Star shortstop in 1955, Logan has a lifetime batting average of .268. He hit .232, mainly as a pinch hitter, the past season.

Littler Scores Clincher As U.S. Retains Ryder Cup

ATLANTA (AP) — The United States rounded out a 23-9 victory over Britain Sunday to retain possession of professional golfing's Ryder Cup.

Gene Littler scored the clinching point for the U.S., after the British team had made a strong comeback Sunday morning. The U.S. victory was the 12th over Britain in 15 meetings for the cup.

Littler buried Britain's veteran Tom Haliburton under an avalanche of birdies for a 6 and 5 victory that gave the United States an insurmountable 16½ points and turned the seven remaining matches into a formality.

Bob Goalby, playing the final match, climaxed the series with a 2-1 victory over Bernhard Hunt.

Arnold Palmer scored another U.S. point when he defeated George Will, the young Scot, 3 and 2.

Dave Ragan fattened the U.S. point total by beating Neil Coles of Britain 2 and 1.

Dow Finsterwald contributed an additional point by beatig Dave Thomas 4 and 3.

The British gained a half-point when Peter Alliss drew with Tony Lema. Alliss led 2-up at one stage but Lema rallied and squared the match when the Englishman went over par on the final hole.

Julius Boros beat Britain's Harry Weetman 2 and 1.

Billy Maxwell continued the U.S. afternoon sweep by beating Christy O'Connor, 2 and 1.

Littler won the mad race for the honor of clinching the cup, getting home ahead by minutes.

After limping in with a one-up verdict over Ireland's Christy O'Connor in the morning, Littler turned his big guns on the 43-year-old Haliburton, oldest member of the British squad.

Throwing in birdies while the sandy-haired Scot was fighting a losing battle with par, Littler won the first three holes and increased his lead to seven holes after nine.

The shaky Haliburton started with five straight fives. Littler birdied the second from 11 feet, the sixth from 10, the seventh with a 15-footer and the ninth with a fine approach six feet from the pin.

MAKE COMEBACK

The British made a strong comeback by winning four of the morning individual matches while losing three and drawing one. One of their triumphs was a satisfying one over Palmer, the U.S. captain.

Palme, the world's all-time money winner, went down before Alliss one-up. Boros, the reigning U.S. Open champion, and Fisterwald also got their come-uppance on the final green.

The 43-year-old Boros bowed to Harry Weetman one-up. Finsterwald lost to Bernard Hunt 2-up.

The fourth British triumph was posted by Brian Huggett who conquered Johnny Pott 3 and 1. Neil Coles rallied fom two-down with two to play to draw with Bill Casper Jr.

The U.S. points in singles were scored by Littler and Ryder Cup rookies Tony Lema and Bob Goalby.

Littler beat O'Connor, while Lema piled up a five-hole lead on Geoffrey Hunt though the first seven holes and finally prevailed 5 and 3. Goalby topped Thomas 3 and 2.

Als Knock Argos Out of Playoffs

MONTREAL (CP) — Montreal Alouettes knocked Toronto out of the Eastern Football Conference playoffs Sunday with a hard-won 34-20 victory over the Argonauts before 23,277 fans.

The win put Alouettes in a second place tie with Hamilton Tiger-Cats. Both have 12 points, out of reach of Toronto who are in the cellar with four points, and only three games left to play.

Ottawa Rough Riders are in first place with 14 points.

Halfback George Dixon, who gained only 49 yards on the ground against the tight Argonaut line, nevertheless led the Montreal scoring with three touchdowns, all from close in. Gino Berretta's big boot, a saving factor for the Als in several crucial moments, accounted for two field goals and three converts for nine points. Rookie Dave Hoppmann got the other Montreal touchdown, while Ferdie Burket picked up a single.

Vetera Dick Shatto, the outstanding Argonaut in the game, scored two touchdowns, while Jackie Parker, who shared quarterbacking duties with Don Fuell, got the other.

Sandy Stephens, the former Alouette prize, had a rough day in his debut here as an Argonaut. He scored on two converts, but was only used for kicking in the last half. He missed two field goal attempts and a convert in the first half. One of his kicks was blocked, and the other hit the post.

ARGO INJURED

Fullback Ron Hatcher of the Argonauts was injured in the third quarter, and had to be carried off the field on a stretcher.

The hapless but grimly determied Argonauts fought a tight, close battle until the closing minutes of the game when everything exploded in a comedy of errors by both teams. Toronto was on the Montreal two, with three minutes to go, when Fuell, who had run the ball 22 yards in the previous play, fumbled.

Jim Reynolds recovered for the Als, running the ball back to the centrefield stripe. The Als fumbled, then recovered, and Berretta, forced to boot from the 50, recovered his own punt. That play led to Dixon's game-ending touchdown.

The Alouette victory was won on the ground, as quarterback Warren Rabb completed only one pass of 13 attempts.

Montreal rushed along the ground for 221 yards, only 17 more than Toronto. In the air, Toronto had the advantage, with Fuell and Parker completing six of 18 passes for 171 yards. The Als gained only 30 yards in the air.

Jackson's Sharp Passing Guides Ottawa to Victory

OTTAWA (CP) — Canadian quarterback Russ Jackson put on one of his sharpest passing displays of the season Saturday when he guided Ottawa Rough Riders to a 34-10 win over Edmonton Eskimos in an interlocking Canadian Football League game.

The smallest crowd of the season at Lansdowne Park—15,682—watched Riders take over first place in the Eastern Conference, two points ahead of Hamilton Tiger-Cats. The loss left Edmonton in last place in the Western Conference with a record of two wins and 10 losses.

Jackson, a 26-year-old McMaster, University graduate playing his sixth season with Ottawa, completed 12 of 19 throws. Three of them were touchdown passes, two to halfback Ernie White and one to flanker Whit Tucker.

He topped off a fine afternoon's work with a five-yard touchdown run on a bootleg play.

Bob O'Billovich, inserted into the offensive lineup in the fourth quarter when Riders led 27-3, scored the other Ottawa touchdown on an eight-yard run with only seconds remaining in the game.

Tackle Moe Rachine, who was wide on three field goal attempts, completed the Ottawa scoring with three converts and a single.

Halfback Joe Hernandez scored Edmonton's only touchdown in the fourth quarter when he caught quarterback Don Getty's five-yard end zone pass. Bill Mitchell kicked a field goal and a convert to complete the Edmonton scoring.

The Ottawa pass attack was the big difference between the two teams. Jackson's 12 completions gained 281 yards and O'Billovich clicked on one of his four tosses for another 17 yards.

Lynn Amadee and Don Getty completed 16 of their 32 throws for 171 yards. But Riders came up with four interceptions while Edmonton had only one.

Edmonton had 21 first downs compared to 17 by Ottawa and the western club outrushed Riders 170 yards to 135.

Tucker caught four of Jackson's passes for 114 yards. White caught three for 91 yards and end Ted Watkins snared three for 46.

Tommy Joe Coffey was Edmonton's top receiver with 67 yards on five catches. Hernandez was their best on the gound with 62 yards on 12 carries.

Riders kept Edmonton hemmed into their own end in the first quarter but managed only one converted touchdown. White scored it, taking Jackson's 15-yard end zone pass.

Jackson completed Ottawa's first-half scoring when he rambled untouched into the Edmonton end zone from five yards out early in the second quarter.

Mitchell's 25-yard field goal was the only Edmonton scoring play.

Jackson threw two long touchdown passes in the third quarter. His first was a 42-yard toss to White and his second travelled 33 yards to Tucker.

White set up the O'Billovich touchdown, running back Edmonton's kickoff 86 yards following Hernandez's touchdown.

Racine's single came off a 32-yard field goal attempt in the third quarter.

Your Individual Horoscope

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Wednesday, Oct. 16, 1963

MARCH 21 to APRIL 20 (Aries) — The position of Mars now stimulates intellectual pursuits, ambitions, proves inspiring to creative worker. Get into the swim of things early and make the most of a truly fine day.

APRIL 21 to MAY 21 (Taurus) — Look below the surface for more leads which will help you to solve problems, get ahead faster in your occupation. Venus influences continue to favor creative pursuits; also home and family concerns.

MAY 22 to JUNE 21 (Gemini) — A friendly day if you cooperate with planetary influences. And this is not difficult for the Geminian who normally strives for continual advancement. Forward!

JUNE 22 to JULY 23 (Cancer) — If you get off on the "wrong foot" with someone, quickly right the situation; make appropriate overtures, explanations. No matter who is really at fault, YOU can fix it — and that's what counts.

JULY 24 to AUGUST 23 (Leo) — Laborious efforts and tedious tasks can yield a nice profit — no matter how trying they may seem at the moment. And DO be patient in awaiting the promised returns.

AUGUST 24 to SEPTEMBER 23 (Virgo) — Much like Leo today. But, in addition, you may have to make decisions about certain suggestions. Show your perceptiveness; let your good taste decide.

SEPTEMBER 24 to OCTOBER 23 (Libra) — Especially favored now: teachers, students, homemakers. In all conferences, negotiations, discuss matters quietly, dispassionately. Curb emotions.

OCTOBER 24 to NOVEMBER 22 (Scorpio) —Gauge everything accurately; be on guard against erroneous information. Some tricky spots indicated. Make decisions to move in a well-balanced, commendable manner.

NOVEMBER 23 to DECEMBER 21 (Sagittarius) — An above-average day in certain areas; possibly trying in others. Don't do half a job, nor get only half of a story. Carelessness could lead to complications.

DECEMBER 22 to JANUARY 20 (Capricorn) — Is it time for a review? Be honest with yourself as you go over situations, tasks. Be sure that all tactics are sound and failure-proof.

JANUARY 21 to FEBRUARY 19 (Aquarius) — Not everything will please you, but the real go-getter is always rightly searching for a better way—and results. Just do not overlook the benefits that ARE about.

FEBRUARY 20 to MARCH 20 (Pisces) — Doldrums? Do not give into them. A hopeful spirit is often the only implement needed. Here's chance for your REAL personality to shine.

YOU BORN TODAY are gifted wies foresight, intuition and a philosophical viewpoint, it is often up to YOUR know-how to put together the many talents you and associates possess and maneuver them into position for ten achievement. You have histrionic ability, a strong sense of pride, fair-mindedness, comradeship, industriousness. Curb the emotions; direct them to purposeful ends; don't be led by love of pleasure or someone who merely impresses: Look at the facts with your keen mind's eye; be the unbiased judge of which the Libran is capable. Birthdate of Eugene O'Neill, dramatist; David Ben-Gurion, of Israel.

NHUS ASKED TO LEAVE VIET NAM

NEW YORK (AP) — Mme. Ngo Dinh Nhu said Sunday that the United States diplomats in her country unofficially asked her and her husband to leave South Viet Nam to end the political crisis there.

She called the request "absolutely unreasonable."

Her husband, Ngo Dinh Nhu, is the brother of South Viet Nam's President Diem.

Mme. Nhu, appearing on WNBC-TV's Meet the Press, said that if she and her husband left the country the people would become demoralized. "They would think we do not support our brother," she said.

She said there was no official request, but that the desire of the American diplomats was made clear in private conversations and personal advice. She did not name those she said made the unofficial request.

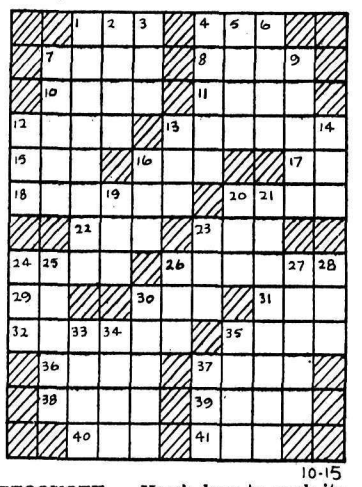
Saturday's Answer



10-15

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

H Z N X Z P K H K C I B O P Y V X P C - C P Z C I K R Z B K V C O P K C K X Z B K H. — I P Z X P Z C

Cominco Carries Out Widespread Exploration

A large, extensive exploration program is being carried out at present by The Consolidated Mining and Smelting Company of Canada. The program is in the hands of the company's Western district headquarters in Vancouver.

British Columbia and the Yukon are the targets of the program.

This year's Western district efforts range from grassroots prospecting to massive diamond drilling campaigns, either on its own behalf or in participation with other companies, E. H. Caldwell, exploration superintendent of the western district, said.

The first phase of a program initiated in July, last year and continued throughout the year on the property of St. Eugene Mining Corporation near Moyie Lake in the East Kootenay district, has been completed.

This program is a joint project in participation with Falconbridge Nickel Mines. Results obtained to date are undergoing a thorough study prior to making a decision on whether to proceed with the second stage of the investigation. Work so far includes the completion of five drill holes, ranging in depth from 1600 to 3700 feet.

Cominco is also participating in a drilling program in progress on the large property of Huestis Mining Corporation, adjoining north of Bethlehem Copper Corporation in the Highland Valley area near Kamloops. The project has just got under way following considerable geological mapping, geophysical and geochemical surveys.

Exploration is in full swing in many other parts of the province.

Operations range to properties on Vancouver Island, Merritt, Portland Canal district, and three other areas in B.C. There are numerous activities in many parts of the Yukon and one in Alaska.

Fire Permit Not Needed

VICTORIA (CP) —Regulations requiring campfire and burning permits will be lifted in most of British Columbia's forest districts Tuesday.

Mr. Williston said the regulations will continue in force only in the Peace River district, where there is still a potential fire hazard.

B.C. forests were relatively unscathed by fires this summer.

Total cost of fighting the 2,332 fires was $408,000—about $90,000 more than in 1962, but only one-tenth of the cost in the major fire years of 1958 and 1961.

WAS BIG YIELD

In 1962 Canadian smokers paid Ottawa a total of $382,000,000 in tobacco taxes.

CHINESE DISPLAY at Notre Dame University Saturday won full appreciation from young people taking supplementary education course. Here they enjoy Chinese flute music played by Jerry Cheng (not visible in picture). Smiling miss who escorted this group of youngsters through the display, second from left, is one of the students from Hong Kong. The display also fascinated NDU students. — *Daily News photo.*

NOTRE DAME NEWS

By NORMAN SALAMON

Last Thursday saw a surge upward in University spirit when the candidates for the Student Union elections took the dias to present their platforms.

The president and vice-president candidates' platforms were almost identical, thus making a choice dependent a great deal on the individual abilities of those in the running.

Candidates for minister of social affairs presented their campaigns in the form of dance routines. This stimulated the audience to heckling and the remaining candidates made their speeches to not only a highly critical but a highly spirited and at times almost antagonistic gathering.

An air of anticipation was evident Friday, election day, which coincided with initiation celebrations. Though many students were obbiously aware of and a little worried about initiation, most were interested in the election and many were heard to ask — who do you think will take it?

Election results were posted by returning officers E. Buckley, mathematics instructor and G. Della Mattia, registrar: president, Peter Carlin; vice-president, Ken Lerner; secretary, Eila Connor; treasurer, Gerry Moser; minister of social affairs, Elaine Williamson; minister of publicity, Marion Harvie; and minister of athletics, Neil Jangula. Two-thirds of the student body took their privilege and responsibility seriously by voting for the candidate of their choice.

An important event — in the eyes of the students — began Friday following classes. The first long weekend! Classes were cancelled for Saturday to enable those who were able, to travel home. However, there were some "lost souls" on campus as some students did not have the opportunity to visit parents, relatives or friends.

By DARLENE SHINNAN

A three-man delegation imposed themselves on the presence of Norte Dame frosh announcing summons' of seduction, intent to assault and commit fraud.

Friday, all first year students wore beanies and buttons labelling them as "lowly frosh." To further lower their status, they were forced by upper classmen to clean NDU's grounds.

Friday night court was convened in St. Martin's Hall. Red lights through beige curtains afforded an ideal atmosphere as trembling accused gazed at stocks, rack and hangman's noose. The court clergy, clad in black, had no pity on the defendants for the crimes committed. Many sentences were set for the parade the following day, but the stocks and rack were also used. With the exception of one case, all frosh were found guilty.

Then came the time when the first year students were given the opportunity of trying an upperclassman. Their choice was a male student who had been posing as a freshman. His sentence. To lead the parade.

Upon retirement of the annual court, NDU's populace found a somewhat less eery atmosphere at the Interlude Club where the "Gents" kept the music coming.

The City Tourist Park was the meeting place for participants of the frosh parade Saturday. The "Maffia" riding on a Nelson fire truck, kept things under control — fire or no fire. Two female students proved they "nose" how to unroll and roll tissue "on a straight line." "Forghorn, the dog and his mistress" found many canine lovers and were in most cases rewarded with a penny. The amount sentenced to be collected was $5.

This money will be added to the Student Union Development Fund.

The parade ended at the bus depot where upper classmen sought some laughs and contests with the frosh. Tricks and treats came early as the trick of nosing a tomatoe down to your partner found a treat in tomato juice for an undetermined third party. After the swabs (upper classmen) had their fill of laughs they challenged the frosh to a chariot race held on Nelson Avenue from Anderson to Davies. Naturally the "young blood" won.

Tired — but not that tired — ND's spirited students closed the doors on another initiation at a successful windup in the Eagles Hall.

HIGHLY PRODUCTIVE PLANT

ROSEBERY — A tomato plant in the garden of Mr. and Mrs. Gus Stankhoven is causing quite a stir in the community.

The plant, the only one of its kind standing in a patch of cabbages and cucumbers, has had as many as 85 good-sized tomatoes on it at one time this season.

FALSE TEETH
That Loosen
Need Not Embarrass
Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Kinsmen Plan Anniversary

The hazards of faulty fuses and switch boxes was the subject of a Fire Prevention Week talk by fire chief E. S. Owens.

Chief Owens gave his address to the Nelson Kinsmen Club. National Film Board representative Thomas Whitehead showed a film in firefighting in Montreal in sub-zero weather.

The club celebrates its 30th anniversary in March, 1964, it was announced. Former presidents, governors and members from throughout the province have been invited to attend festivities. An invitation has been extended to the founder of the national Kinsmen organization, Hal Rogers of Hamilton, Ontario.

A report was given outlining possible plans for finishing cabinets in the Kinsmen Health Centre and for finishing the centre's auditorium.

Orders

Daily orders, part 1, issued by Mayor R. E. Watts, AFC, officer commanding.

Duties, orderly officer, week ending Oct. 19, Mr. Fisher; next for duty, Mr. Bennett. Orderly NCO, Bdr. J. Denholm; next for duty, Bdr. C. Price.
