EMPIRE GAINS NEW ADDITION TO DOMINIONS

Irish Free State Inaugurated; No Hostile Demonstrations

PRESIDENT REGRETS YEAR WAS WASTED

Cosgrave Holds Northeast Ulster; Bound in Honor by Treaty

LONDON, Dec. 6.—Inauguration of the Irish Free State as one of the dominions of the British Empire took place today. The ceremony was simple and unmarred by hostile demonstrations from the Republican minority. The oath was administered to Timothy Healy as governor-general by the lord chief justice. The new governor-general administered the oath to Professor Michael Hayes as speaker of the dail.

William T. Cosgrave was the first to be sworn. The formal oath of allegiance was primarily to the constitution of the Irish Free State and then to King George as the head of the people forming the British commonwealth. When the ceremony was completed, Professor Hayes was re-elected speaker and Mr. Cosgrave president of the dail.

Two of Original Five Take Oath

Only two of the five Irish signatories of the treaty, Eamonn J. Duggan and George Cavan Duffy, took the oath. Of the others, Arthur Griffith and Michael Collins are dead and Robert C. Barton is in jail as a rebel.

M. Gaffney, member for Carlow, who was the only member of the dail to vote against the constitution, it is expected, will refuse the oath, thus leaving his constituency unrepresented.

Cathol O'Shannon, editor of the Voice of Labor and noted for his advanced views, was sworn in. Lord Mayor O'Neill was ill. Liam de Roissite (William Roache), member for Cork city, has been a supporter of the treaty and is counted upon as certain to take the oath later. General McKeown took the oath.

Labor Qualifies Oath With Statement

The Labor party authorized its leader to make a statement explaining its acceptance of the oath. The oath they looked upon as implying no obligation other than the obligation resting upon any person in accepting the principle of citizenship.

The party would work to dethrone capitalism and substitute a regime of labor and service. They accepted the treaty, said the Labor representative, under protest, because it had been imposed by a superior force, and if ever the Irish people decided to repudiate the treaty or denounce the constitution the fact of their having taken the oath of allegiance would not prevent the party from preserving full freedom of action.

Patrick O'Mallory was elected deputy speaker.

William Cosgrave, in acknowledging his election as president, expressed regret that 12 months which might have been spent in securing the fruits of Ireland's struggle had been wasted in resisting what he termed the mad efforts of those who had called upon the people to throw aside those fruits and reenter battle.

Mr. Cosgrave paid warm tribute to the British, who, he said, once the treaty was signed, never had tried to whittle down one iota, but had stood by the letter and spirit of their bargain with scrupulous and undeviating good faith. He then read the following telegram from Andrew Bonar Law, the British prime minister:

Bonar Law Sends Greeting

"On the inauguration of the Irish Free State, I desire on behalf of my colleagues and myself to convey to you a message of greeting and goodwill. You may be assured that we, on our side, will do all that lies in our power to further the common interests that we both have in view—peace and prosperity to Ireland and lasting concord between the two countries."

Mr. Cosgrave, as regards northeast Ulster, said the people there were bound by the treaty in honor and their northern policy must be continued in accordance with it. He said that if Ulster remained out the treaty clearly provided what was to happen, and he would act accordingly, not forgetting the solemn pledges to large sections of the six countries which desired to enter the Free State, as had been proved by the recent elections in Tyrone and Fermanagh.

Names Ministers

After his address, Mr. Cosgrave nominated the following six ministers as constituting with him an executive council:

Kevin O'Higgins, Richard Mulcahy, Professor John MacNeill, Ernest Blythe, Joseph McGrath and Desmond Fitzgerald.

(The council as formed is made up, respectively, of the ministers of home affairs, defence, education, local government industry, commerce and labor, and foreign affairs.)

Millionaire radical who describes himself as "reddest of the reds," has been pardoned by the governor of Illinois, after serving eight days of a sentence for violation of the Espionage act.

Urges Laws to Curb Increasing Motor Accidents

TORONTO, Dec. 6.—Urging drastic laws to curb the ever increasing number of motor accidents and protect the rights of the pedestrian, Sir Thomas White, former Dominion minister of finance, appeared before the motor vehicle committee of the Ontario legislature today and explained in detail what he considered the outstanding necessities in regulating motor traffic.

A feature of Sir Thomas' remarks was his assertion that parking in city streets should be abolished.

Referring to the practice of motorists settling their fines out of court, he said that it was a travesty of the law.

Collections From Soldier Settlers Show Improvement

OTTAWA, Dec. 6.—Soldier settlers on the land are in a much improved position as compared with a year ago, Major John Barnett, chairman of the soldier settlement board, stated today in commenting on the satisfactory returns from collections throughout the Dominion. The repayment date for soldier settlers in the west was October 1, and in eastern Canada, November 1, and returns to the end of November show that 32 per cent of the amount due to the board from its settlers has already been paid in.

In Ontario, 56 per cent of the amount due November 1 was paid in during the first 30 days. Next to Ontario, Saskatchewan has made the most favorable showing. Regina district figures show that 50 per cent of the amount has ben paid, Prince Albert 39 per cent, and Saskatchewan about 31 per cent. This is a considerable improvement over a year ago, when only 18 per cent was paid in on November 30 over the whole Dominion.

This favorable position, according to Major Barnett, was due largely to the legislation of last session.

Major Barnett said:

Heavy Payments a Burden

"The new legislation went into effect in July. Up to the end of July, 13.1 per cent of the settlers to whom loans have ben granted had failed to make good and quit their farms. Many of them had found that the heavy payments in the earlier years on account of stock and equipment loans were a burden which they could not bear. Parliament, as a result of the Marler inquiry into soldiers' affairs, granted relief by spreading the four and si -year stock and equipment payments over 25 years.

Generous Settlers

"This had the effect of greatly encouraging many settlers who were finding their payments excessive in the early years. They stayed with their farms and most of them, as the collections already show, have had a good year. The number who have quit has increased only by two-fifths of 1 per cent up to the end of October and the board has every expectation and hope that the numbers who will eventually fail will be greatly minimized by the favorable legislation of a year ago.

"At the end of October, 28,680 men had been established on the land. Of this number, 22,281 secured loans amounting in all to $92,336,442.

Suggests His Majesty May Personally Open Parliament at Dublin

LONDON, Dec. 6.—Sir Mitchell Cotts, National Liberal in the house of commons, today suggested that a party of members of the house should visit the Dominions and watch the satisfactory settlement of immigrants.

Capt. W. G. A. Ormsby-Gore, undersecretary for foreign affairs, promised to bear the suggestion in mind, but was doubtful whether it was desirable and added that every effort was being made to obtain full information regarding the process of settlement.

GIVES GREATER CONTROL OVER UNIVERSITY

Bill Is Warning to Governors Not to Involve Government in Debts

ESLING'S MOTION IS RULED OUT OF ORDER

Farris Accuses Bowser of Playing Politics on Liquor Importing Question

VICTORIA, Dec. 6.—Hon. J. D. MacLean's amendments to the University act, giving the government greater control over university expenditure, was passed through committee last night after a strenuous discussion of the institution's financing, F. W. Anderson of Kamloops leading in the attack on the university administration.

Premier Oliver said the whole object of the present bill was a warning to the governors not to involve themselves in debt which they would have to ask the government to liquidate.

Access to Estimates Refused

The motion of W. K. Esling, Conservative, Rossland, asking for an order to give any member of the house access to the estimates of the Northern Construction company, was ruled out of order today by Speaker Pauline. A similar motion has been introduced this session.

J. W. DeB. Farris, speaking today, supported Attorney-General Manson's move to obtain federal action to prohibit importation of liquor into British Columbia for private consumption and declared that W. J. Bowser, leader of the opposition, was playing politics and opposing his own pre-election platform by throwing obstacles in the way of the measure.

Canada Collects Many Prizes at Livestock Show

CHICAGO, Dec. 6.—Canada won many of the events in which they were entered today at the international live stock exposition, but for the most part Dominion entries were not in prominence. First Principal, entered by the Manitoba department of agriculture, was picked as the prize winning stallion older than four years. Danduff Claymore, owned by Graham Brothers of Larchmont, Ont., was awarded the ribbon as the best stallion over three years and under four.

In the swine division two Canadians scored. J. Linden of Deerfield, Ont., won the first two places in the contest for a Lincoln ram of two years or over on two animals he had entered. Third place in the same contest was taken by H. M. Lee.

Tomorrow the usual program of judging and sales during the day and a horse show in the evening will take place.

Supplementary Estimates Provide for Expenditure to Relieve Unemployment

LONDON, Dec. 6.—(By Canadian Press Cable.)—A supplementary estimate of £1,070,000 for the relief of unemployment was issued by the government today. Most of the money is required to meet expenditures for the employment of labor on land improvement and drainage and for loans to local authorities for unemployment relief.

Indicts Former Greek Commissioner for the Asia Minor Disaster

LONDON, Dec. 6.—A revolutianary court martial has decided that M. Stergiadis, former Greek commissioner in Asia Minor, is partly responsible for the disaster in that region, and various charges have already been made against him by the examining magistrate, says a Reuter dispatch from Athens. If M. Stergiadis does not reply to a summons ordering him to stand trial in Athens, he will be tried in Absentia, the dispatch adds.

Embargo Removal Bill on Program of the Commons

LONDON, Dec. 6.—In the house of commons today the bill for the removal of the embargo on Canadian cattle was among the measures on the program, but the discussion on the trade facilities bill continued until 11 o'clock tonight, when it was too late to embark on new measures. The embargo bill, therefore, comes up tomorrow.

INTERNAL GOLD LOAN IS CUNO'S IDEAL OF CURE

New German Chancellor Pledges Specific Guarantees of Reparations

BERLIN, Dec. 6.—It is reported that the government proposes to raise an internal gold loan of between 20 and 30 billion marks for stabilization and cash reparations payments. The government intends to notify the reparations commission of this in time to enable the commission to submit a proposal to the impending London conference.

The note to the reparations commission will supplement the proposals made in the communication to the commission on November 13, accroding to information in the possession of the reichstag leaders and will pledge Germany to specific guarantees in connection with her reparations obligations and internal reforms.

Loan Pivotal Feature

It is reliably stated that Chancellor Cuno will indicate an internal gold loan as the pivotal feature of his reparations program, designating that half of the amount shall be devoted to stabilization and half to reparations. It is asserted that the chancellor has been assured of the cooperation of industrial, financial, commercial, shipping and agricultural interests.

The loan, it is learned, will be guaranteed by the reparations commission under the same provisions named in the government's previous note with the pre-supposition that an adjustment of ultimate reparations payments will now be definitely fixed.

Spurs Industrial Relations

While it is believed the government's primary purpose in floating the loan is to assure France cash reparations payments for January, it aims incidentally to facilitate the informal attempts now being made with a view to galvanizing Franco-German industrial relations in connection with their bearing on reparations.

Financial Assistance Not Yet Forthcoming for Soldier Emigrants

SYDNEY, N. S. W., Dec. 6.—Regarding the recent statement of Earl Haig at Manchester, that some ex-service men who had emigrated were now in distress, Major Rassan, secretary of the British ex-Service Men's association, states that he asked the chairman of the British legion to assist the unemployed members of the legion, but that financial assistance is not yet forthcoming.

Capital Levy Plans Scared Voters Away Declares Henderson

LONDON, Dec. 6.—(By Canadian Press Cable.)—In an article in the December number of the Labor magazine, Arthur Henderson, Labor leader, who was defeated in the recent general elections, says it is perfectly certain that had the Labor party headquarters entered into the elections with £100,000 at its disposal it would have secured even a greater success than it did.

The attacks by the press on the proposed capital levy greatly helped the Labor candidates in the urban constituencies, he says, but in the rural constituencies the press misrepresentations resulted in frightening away many votes that would otherwise have been given to the Labor candidates.

Despite the widespread campaign against Labor its program was approved of by 4,200,000 electors, and even this large vote, Mr. Henderson says, was not, in his opinion, the high water mark of Labor's strength in the country.

Consider Finding Homes for Refugees

LONDON, Dec. 6.—Replying in the house of commons today to a question as to whether, with a view to finding a temporary or permanent settlement for non-Turkish refugees out of Asia Minor or Constantinople, the government would invite the dominions to cooperate in providing the necessary facilities therefor, Premier Bonar Law said that inquiries were being made on this subject. He said a report from the British embassy at Constantinople on the needs of refugees was being forwarded to the dominion governments.

BRITAIN BEHIND UNLESS TREATY IS CARRIED OUT

First Lord of Australia Quotes Relative Naval Programs of Powers

LONDON, Dec. 6.—(By Canadian Press Cable). — Lieut.-Col. L. C. Amery, first lord of the admiralty, at question time in the house of commons today stated that if the Washington treaty were ratified the United States would have 20 capital ships of fighting value; Japan 19, Great Britain 22. If the treaty were not ratified, the respective figures would be: United States, 41; Japan, 23; Great Britain, 23.

If the Washington treaty were ratified, Colonel Amery continued, the United States would have three post-Jutland capital ships completed and two building; Japan, two completed and Great Britain one, namely, the Hood, which, however, only partially embodied the lessons of the battle of Jutland.

If the treaty were not ratified the United States would have three post-Jutland capital ships completed and 13 building, excluding two battle cruisers now being converted into aircraft carriers; Japan would have two completed post-Jutland capital ships and four building and four projected, and Great Britain would have one post-Jutland capital ship completed, namely, the Hood.

If the terms agreed upon at the Washington conference were not carried out, the first lord of the admiralty said he trusted that Great Britain would maintain, at any rate, a one-power standard.

Flashes By Wire

South Africa Will Be There.

PRETORIA, South Africa, Sept. 6.—(By Canadian Press Cable.)—It is officially stated that the government of the Union of South Africa has definitely decided to be represented at the British Empire exhibition in London in 1924. The government has agreed to expend £50,000 on the enterprise, in addition to the help already promised by leading firms. A committee under the presidency of Sir William Hoy will control the necessary organiation in the union.

Expect Mussolini.

LONDON, Dec. 6.—Although Premier Mussolini of Italy has not formally accepted the invitation to the conference of allied premiers here the latter part of this week, it is assumed at the foreign office that he will be on hand and final preparations for the session have been made.

New Volcano Belches.

ROME, Dec. 6.—The Epoca asserts that a new volcano has been formed on Mount Torreta, near Potenza. It is belching forth flames and the people in the district, panic stricken, are fleeing.

German Steamer Sends S. O. S.

BOSTON, Dec. 6.—The German steamer Heinrich Kayser, from Savannah to Bremen, sent out a call late today for assistance, reporting that she was drifting with anchor chains broken and hatches damaged in a heavy sea, according to a message picked up by the naval radio station here. The vessel gave her position as latitude 38.31 north, longitude 62.12 west.

Four Run for Mayor.

VANCOUVER, Dec. 6.—Four candidates for mayer were nominated here today. They are Mayor C. E. Tisdall, who is seeking a second term as chief magistrate; L. D. Taylor, J. J. McRae and A. F. Fawcett. There are 17 candidates for the eight aldermanic seats.

Distribute Stop Watches.

TORONTO, Dec. 6.—With a view to putting down speeding in the city an additional battery of stop watches has been distributed throughout the police force.

Civic Nominations in Victoria.

VICTORIA, Dec. 6.—Col. Charles L. Flick, Alderman Reginald Hayward and Mayor William Marchant were nominated today for mayor of Victoria for 1923. Sixteen were nominated for six aldermanic seats.

Big Lumber Trial Proceeds.

TORONTO, Dec. 6.—In the trial in the action for $100,000 damages brought by E. W. Backus, the lumber magnate of Minneapolis, against the Toronto Evening Telegram for alleged libel, the defense continues to call witnesses. This was the seventh day of the trial.

No witnesses for the plaintiff have been called, but it is probable witnesses may be testifying in rebuttal of evidence being given on behalf of the defense.

Candle Causes Serious Blaze.

OTTAWA, Dec. 6.—Fire from a candle used to create light during the electric power shortage in Hull tonight did over $90,000 damage in a serious blaze which lasted for over three hours. As a result the three-story brick building owned and operated by J. B. Pharand, Main street, was entirely destroyed.

Postal Conference Points the Way to Mutual Cooperation

MONTREAL, Dec. 6.—Other departments of the Canadian and United States governments may follow the examples of the postal departments of the two countries and hold international conferences with a view to increasing general efficiency, Dr. Hubert Work, postmaster-general of the United States, said here today. The postal conference was a great success and established a sound fundamental basis for mutual cooperation, Dr. Work declared.

Farm Credit Plans Gives Wheat Hoist

CHICAGO, Dec. 6.—Definite moves toward providing for $60,000,000 farm credits by the United States government gave an immediate lift today to the values of wheat, corn and oats. The wheat market closed strong, ¾c to 1⅜c net higher, with May $1.16¼ to $1.16⅜ and July $1.08.

Corn gained ¾c to 1⅛c and oats ½c to ¾c. In provisions the outcome was unchanged to 10c lower.

Family Pressure Keeps Husbands Out of Councils

FORT ARTHUR, Ont., Dec. 6.—Wives are now working against the election of their husbands to city offices. More than one alderman in Fort William admits family pressure against his being a candidate again and one woman is actually canvassing her friends not to vote for her husband. Practically every member of the Fort William city council has attended 260 committee meetings, besides 20 council meetings, in the year. Wives complain their husbands hardly know their homes.

Declares Official Date When Canada Ceased Hostilities

WINNIPEG, Dec. 6.—For the first time since the cessation of hostilities a Canadian court has been called upon to declare officially when the war came to a close and this decision was given today by Mr. Justice Dysart, in directing a trust fund, transferred from the 90th (Winnipeg) battalion, on active service, to trustees here, should be disbursed.

His lordship declared that as the 90th was a Canadian battalion fighting on the western front and that as war with Germany ceased January 10, 1921, this date should be taken as the time when Canada should be at peace with Germany.

South Africa Sends Congratulations to Irish Free State

CAPETOWN, South Africa, Dec. 6.—The government of the Union of South Africa sent a message to President Cosgrave of the Irish Free State conveying the congratulations of the people of South Africa on the great historic event in Ireland's history, the coming into being of the Irish Free State today.

SCHEME TO PURGE BOXING OF FAKES

MONTREAL, Dec. 6.—Delegates from western and eastern Canada will meet here tomorrow to form a Dominion boxing commission, which will govern professional fighting throughout the Domion and purge it of fakes. While the names of all the delegates who will attend are not available, it is known that there will be representatives from Winnipeg, Calgary, the Ontario athletic commission, the Quebec board and also from St. John, N. B.

ALLIES SUBMIT DEFINITE PLAN TO CONFERENCE

Would Demilitarize Certain Zones Bordering Straits; Bar Submarines

UNITED STATES AN INTERESTED POWER

Ismet Sees Possibilities; Plans Are Severe Blow to Russians

LAUSANNE, Dec. 6.—The near eastern conference today received from the entente nations a definite project for the future of the Dardanelles and the Bosporus. The Russian plan for the exclusion of all but Turkish warships from the straits received a bad blow by the allied proposals.

Ambassador Child, United States, adopted the broad standpoint that the very interests of the countries bordering on the Black Sea made it imperative to keep the straits open. The United States in common with every commercial nation, wished access to every free body of water in the world, and the United States would not be satisfied if her ships of war could not pursue their peaceful errands wherever American citizens and merchant craft were accorded that privilege.

INTENTE PRESENT PLAN

The entente nations presented a comprehensive plan for restricted opening of the straits, which was designed to prevent any one body from acquiring mastry there; they suggested demilitarization of the entire straits territorial zone and proposed the appointment of an international commission to guarantee observance of freedom of the straits.

M. Tchitcherin, the Russian Soviet foreign minister, ridiculed the allied proposals, saying it meant resumption of international rivalries, but Ismet Pasha, for Turkey, informed the Associated Press that he considers the entente propositions a suitable basis for further discussion which will be resumed Friday.

In addition to the plan presented today, the allies are arranging for the formation of a committee of experts to work out details and regulations for protecting Constaninople.

Put briefly, the allied proposition for controlling the straits is as follows

Freedom for Merchant Ships

In time of peace there shall be complete freedom of passage for merchant ships of all nations, but the number of warships shall not be greater than that of the most powerful of the litoral powers of the Black sea existing in the Black sea at the time of passage.

If, however, the Black sea powers should abandon all their naval forces, individual powers would still have the right to send through the straits

ENTHUSIASTIC CURLERS LINE UP FOR YEAR

Name Committees and Draft Rules; Membership Limit Two Hundred

Fifty enthusiastic curlers, itching to be at it, made up the committees and drafted the rules for the 1922-23 curling season in Nelson, at the curling rink last night. Alexander Leith, president of Nelson Curling Rink, Ltd., was in the chair.

Only 200 members can be accepted by the Nelson Curling club for the season, it was decided, as that is considered to be the number that can be reasonably accommodated on the ice available.

Committees and Officers

Committees were named as follows: Membership—W. W. Shackleton, W. R. Thomson, H. Bush, F. L. Boyd, R. D. Barnes.

Classification—Dr. E. G. Smyth, C. D. Blackwood, A. T. Walley, H. Bush, J. G. Bunyan.

Ice—R. D. Barnes, J. Cartmel, H. W Robertson.

D StDenis, W. R. Thomson and A. Williamson were named referees, Rev. J. P. Westman will officiate as chaplain, and A. T. Walley and R. J. Winter will be the delegates to the British Columbia Curling association, with A. J. Dill as an alternate.

Substituting

In connection with substituting, it was decided that when a player is substituted for any other absent player than a lead, he must be played at least one position lower than his official classification, except in the case of a skip, who must play at least two places down. Unless two members of a rink are present to constitute the game, it is defaulted.

In the city schedule, but not in any other, skips will be allowed to play the members of their rink in any positions they choose.

The curlers extended a hearty vote of thanks to the directors of Nelson Curling Rink, Ltd., for the way in which the building has been finished. A vote of appreciation was also extended to Icemaker "Scotty" Williamson, in connection with the good start he has made with the ice.

DEVELOPS NEW KIND OF APPLE

Seedless, Coreless Fameuse Evokes Enthusiasm in Quebec

MONTREAL, Dec. 6.—Much enthusiasm was evoked at the annual meeting of the Pomological and Fruit Growing society of the province of Quebec at MacDonald college, today, by the announcement of the discovery at Abbotsford of a seedless and coreless variety of Fameuse apples.

Professor F. C. Seers of the Amhurst, Mass., horticultural college, who was present, examined the fruit and pronounced it evidently a Fameuse in every detail.

Only Slight Marking

The apple is slightly different in shape to the typical variety, longer and flat at the ends, but of the same coloring and flavor. A slight marking in the heart of the apple was the only indication of where the core of an ordinary specimen would have been.

The representative of a large fruit distributing firm in Montreal assured the grower of these coreless apples that if the latter would produce the parent apple tre from which they were grown and prove that it would reproduce trees by grafts giving similar fruit, he would guarantee him a million dollars for it, as it would revolutionize apple growing in Canada.

ALLIES SUBMIT DEFINITE PLAN TO CONFERENCE

(Continued from page one)

a fleet of three ships, but only one of these ships could exceed a tonnage of 10,000. If war occurred, in which Turkey was neutral, there should be complete liberty for the powers, with some limitation as to the number and tonnage of ships as in times of peace. If war should break out and Turkey was a belligerent, neutral warships could pass through under the same restrictions.

Prohibits Fortifications

The plan for demilitarization of the straits territorial zone prohibits fortifications on either side of the Dardanelles and the Bosporus. The zone includes the Gallipoli peninsula and takes in the islands of the sea of Marmora and the groups of islands in the Aegean sea which lie at the entrance of the Dardanelles.

As a special protection for Constantinople, the project authorizes a garrison not exceeding 10,000 men, but no armed forces shall remain or move in the demilitarized zone.

Lord Curzon said the international commission of control would have a Turkish premanent president. The exact procedure whereby the commission will be constituted and whether it will work under the league of nations, has not yet been declared.

In attacking M. Tchitcherin's plan to close the straits to all except the Turks, Lord Curzon referred to the Panama canal. Under international law, Russian and Turkish warships have the right of free passage of the Panama canal, he said, as well as the Suez and Kiel canals and other straits. But M. Tchitcherin wanted to deny these rights to other nations with respect to passage between the Mediterranean and the Black sea. He declared that the Russian scheme for closing the Black sea would place the other countries bordering on that sea at the mercy of Russia, because Russia possessed the strongest land forces. He insisted that the allied proposals gave no special advantages to the allies but were framed to secure a durable and equitable solution of one of the most vexed and complicated problems of international policy.

The general impression tonight is that today's developments have given a distinctly hopeful atmosphere to the conference.

The communique presented to the conference by the entente powers reads:

"As guarantees for the liberty of the straits we ask of Turkey no right of international military occupation, but only the constitution of a military and naval commission, comprising representatives of the interested powers and the inviting powers.

Includes United States

This commission would include the United States.

The entente project for the demilitarization of the straits as submitted today comprises five articles. It declares there shall exist no permanent military or naval works which would be susceptible of preventing free passage through the straits. This zone includes the Dardanelles, the Sea Marmora and the Bosporus.

Article two fixes the extent of the zones of demilitarization on both sides of the Dardanelles and the Bosporus. They include the Gallipoli peninsula, all of the islands in the Sea of Marmora and the islands of Samothrace, Lemos, Imbros and Tenedos, in the Aegean. All the existing fortifications should be destroyed, it is declared, and all new fortifications prohibited.

No submarines would be permitted in the waters of the straits as mentioned in the foregoing.

Restrictions for Constantinople

No armed force could be stationed or operate in the zones except police forces and gendarmes necessary for the maintenance of order in the interior.: The size of the forces would on the size of the average force employed on Turkish territory, with reservations made for special arrangements concerning Constantinople.

Article four provides that in Constantinople and its environs there can be maintained for the needs of the capital a garrison of a size to be determined by the entente powers in Turkey, though the maximum would be 10,000 men. The last article says:

Must Retire Status Quo Ante

"If in case of war, Turkey, using her right as a belligerent power, is obliged to modify this plan of demilitarization, she must reestablish, at the conclusion of peace, the status quo which existed before the war."

STOMACH TROUBLE "INDIGESTION" Relieved By Burdock Blood Bitters

The sufferer from dyspepsia, indigestion or other stomach troubles who has to pick and choose his food is the most miserable of all mankind.

Even the little that is eaten causes much torture, and is digested so imperfectly it does but little good.

Before you can eat heartily and enjoy your food, you must put your stomach right so that it will manufacture its own digestive ferments.

Mr. Wm. Kruschel, Morden, Man., writes:—"Some time ago I had quite a serious case of stomach trouble, indigestion. I could scarcely eat anything, outside of some light food, and even then I generally had pains after each meal. I tried many different medicines, but without any improvement, and had almost given up hope of ever being well. A neighbor recommended Burdock Blood Bitters, and after using it a short time I felt much better, so I continued to use it until I was completely relieved. I can honestly say that B. B. B. has done wonders for me after all other medicines failed."

MINE OWNERS ASK DEPLETION INTERPRETATION

Are Still Waiting for Regulations From Provincial Government

Questions of interpretation in connection with the allowance for depreciation of mines, under the Income Tax act, occupied the Mining Association of the Interior of British Columbia, in session at the Hume, for several hours last night. The provincial government agreed to make an allowance for depletion and passed the necessary legislation a year ago, but the association is still waiting for the regulations promised from the taxation department, defining how the allowance for depletion is to be arrived at. At present the mine owners are completely in the dark on the matter.

A committee, composed of T. W. Bingay, J. P. MacFadden and C. B. White, was appointed to go into these regulations when they are finally received.

Too Many Inspectors.

A vigoorus protest is being lodged by the association against the appointment of an electrical inspector with practically arbitrary powers, the only appeal from him being to the minister of public works. It is said that there are some 20 different inspectors that the owners of mines have to satisfy, in different matters.

P. Randolph Bruce of Invermere was reelected president and J. P. MacFadden was similarly reelected vice-president, and W. H. Burgess was reelected secretary-treasurer, H. Giegerich being elected auditor. The directors include S. S. Fowler, James Anderson, W. A. Cameron, T. W. Bingay, S. G. Blaylock and W. T. McDowell, and three others yet to be named.

Those gathering was the largest in the history of the association.

Those present were R. Randolph Bruce, Invermere; W. T. McDowell, Ymir; C. B. White, P. P. MacFadden, W. A. Cameron, Paul Lincoln, Sandon; S. S. Fowler, Riondel; W. H. North, Silverton; R. A. Grimes, Three Forks; H. Giegerich, James Anderson, W. H. Burgess, Kaslo; S. G. Blaylock, T. W. Bingay, A. B. Ritchie, Trail; W. M. Archibald, Rossland; E. G. Montgomery, Kimberley; Fred A. Starkey, J. W. Mulholland, Nelson.

NEW BOOK IS ADDED TO NELSON LIBRARY

"The Rising Tide of Color," against white world supremacy, by Lothrop Stoddart, is the name of a book which has been added to the list of books in the Nelson public library. The author is a well-known writer, having written many works well known to book lovers. Some of his works include "The Stakes of War," "Present Day Europe; Its National State of Mind," and "The French Revolution in San Domingo."

TWO CHILDREN BURN TO DEATH

THE PAS, Man., Dec. 6.—In the absence of their mother, who was shopping, two children of James Ashworth were burned to death today in a fire which destroyed their house. The victims were Nellie, aged 2, and Samuel, aged 9 months. Another boy, aged 5, ran out and gave the alarm to neighbors, but before anyone reached the house, it was enveloped in flames. It is presumed the children were playing with the fire, although another account of the tragedy is that a box of matches fell from a shelf and exploded.

Toronto Urges Claims to Be Chosen as Railway Headquarters

TORONTO, Dec. 6.—The city council, the board of trade, the trades and labor council and ratepayers' organizations will shortly make representations to Sir Henry Thornton, the new head of the National system, to have the general headquarters of the railways permanently located here.

The fashionable bed of the moment is footless, says London.

will be agriculture, fisheries and post office. In addition there will be an assistant minister of labor, an industries commissioner and one liasion officer between the lower house and the senate.

Announces Senators

Mr. Cosgrave later announced his list of 30 nominations of senators. The more prominent of these names were the earl of Granard, the earl of Wicklow, the earl of Kerry, the marquis of Headfort, Baron Glenway, the earl of Mayo, the earl of Dunraven, General Sir Bryan Mahon, Sir Horace Plunkett, Sir Thomas Esmonde, Martin Fitzgerald of the Freeman's Journal, Henry Guiness, a governor of the Bank of Ireland; Dr. George Sigerson, professor of biology, University of Dublin, and William Butler Yeats, the poet.

The president included in his nominations the dowager countess of Desart and Mrs. Wyse Power.

SWINDLER CONFESSES.

REGINA, Dec. 6.—A confession that he attempted to swindle nine Winnipeg grain brokerage firms has been obtained by the provincial police from Peter Brown, alias Arthur Carr, who was arrested yesterday at Neville.

According to the prisoner, he sent fraudulent bills of lading to the Winnipeg companies and asked for an advance. In one case he is said to have obtained $1500.

WINNIPEG, Dec. 6.—David Roy, former secretary-treasurer of the Dominion Football association, who was arrested today on a charge of theft of $4000 from the funds of the association during his tenure of office, was released on $10,000 bail tonight. He will be arraigned in police court tomorrow to face the charge laid by President John Easton of the D. F. A.

Obituary

MILBURN

Thomas Milburn, for over 12 years a resident of First street, Fairview, died in the Kootenay Lake General hospital last night after an illness of a month's duration. He was taken to that institution for an operation, but was found to be too far gone to stand it.

Mr. Milburn, who was 66 years of age, was well known in the city as a stone mason and came from England to this city in 1910. He was born in Northumberland, England, and leaves, besides his wife, the following children: Mrs. John Hutchinson, in England; John Milburn, at Big Prairie, Alta.; Mrs. B. Stratton, at Victoria; Mrs. B. Feeney and William Milburn, both of Salmo, and Isabelle, Thomas and Robert Milburn, at home in Fairview.

The funeral will be held on Friday afternoon from St. Saviour's church.

HOCKEY MEET IS ADJOURNED

Mayor McHardy Asks for Larger Gathering of Citizens at Next Meeting

Last night's meeting held in the city hall by hockey players and fans alike, for the formation of an association, was an excellent representation of the players, as seniors, juniors and intermediates were all present. There was lacking, however, many of the hockey followers of the city, and the meeting was adjourned until Friday night. In the meantime, each player or individual was made a committee to get another man for Friday's meeting.

In calling the meeting to order Mayor C. F. McHardy asked the question, whether it would be better to adjourn and get a better gathering or to go ahead with the meeting. He then asked for any comment from those present.

George Ferguson—"It is better to adjourn, lets get the business men out."

T. J. Scanlan—"We will adjourn till Friday night, let every fellow here bring out another man."

A. A. Perrier—"Adjourn until Friday night, let the boys bring their dads."

Keep Players in Town

Mr. Scanlan further stated that it should be drilled into the heads of the nonplayers, that their presence at a meeting is not for the sake of a donation. We want the support of the citizens as a whole and not the business men alone. What is required, is men who are actively interested in the sport, who are prepared to use their influence to see that the hockey players at present in the city are kept here and not compelled to go elsewhere for the winter. He then moved that a committee of four or five men should be appointed to interview all men of all classes of business in the city, and get them out to the meeting on Friday night.

Mayor McHardy fell in line with Mr. Scanlan's plan and stated that it was the man with the boy who should be at the meeting, and asked those present to see that all citizens with boys should turn out on Friday night

Committees to Get Men Out

George Ferguson, president of the civic sports committee, was named to appoint committees to get men out at the meeting. Here are the committees: T. J. Scanlan and J. Armstrong were named to look after Nelson above Baker street. Mayor C. F. McHardy and George Ferguson were chosen to meet the C.P.R. officials and employees, Harry Wright and Arthur Perrier were named to see the wholesalers, while W. A. Curran and J. B. Curran were allotted to look after Fairview.

Mayor McHardy, before the meeting adjourned, stated that he wished to see a representative gathering of all the citizens at the next meeting. "Let us work for hockey and the city of Nelson, we need first class sport for a first class city. Let's put Nelson on the top," he concluded.

Amalgamation Is Making Progress Reports Convention Delegate

That amalgamation of soldier organizations in Canada was appreciably nearer, was reported to the Nelson G.W.V.A. last night, by President H. H. Currie, who was delegate to the convention at Penticton. Today in Vancouver will be a preliminary meeting of the amalagamation committee for this province, just appointed, on which four organizations have agreed to combine in presenting the case for the returned men of British Columbia before the royal commission at its coming session, upon the reestablishment of the handicapped men, and the other branches of the commission's inquiry.

In reviewing the main accomplishments of the convention, the delegate laid stress on the improvements in organization, described the position as to amalgamation as outlined by Major M. J. Crehan, Dominion president of the Army and Navy Veterans in Canada, and dealt with the resolutions passed by the convention dealing with many different subjects of interest to the returned men.

Choquette for Armistice Day

Alderman L. H. Choquette, an honorary member of the branch, promised his support in the matter of securing the backing of the business organizations of Nelson, in a request to the federal government to have Thanksgiving day fall upon Armistice day.

R. G. Joy, another honorary member, discussed particularly the oriental question, intimating his opinion that the returned men were fully justified in their attitude on this matter.

A resolution expressing appreciation of President Currie's services was adopted.

J. Robinson, H. Durham, J. W. Craggy and C. Haines were appointed a committee on the Christmas entertainment for the children.

It was decided to give a smoker to the returned men in the immediate future, and W. Swannell, J. Holland, J. W. Turner, J. Robinson and W. Pascoe were appointed a committee to arrange for it.

The gross receipts in connection with the poppy day tag, held by the Ladies' auxiliary, the Women's institute and the I.O.D.E., with also sales of small lots by the branch, were reported to be $549.67. The poppies cost $213.01, and thus there was a balance of $337.68 for the organization's benevolent fund.

RINK PRESIDENT IS REELECTED

George Ferguson Heads the Company; Start Making Ice Today

George Ferguson was reelected president of the Nelson Rink company at the annual meeting held yesterday afternoon in the board of trade rooms. A. A. Perrier was named vice-president, and the following were elected to the executive committee: Mayor C. F. McHardy, William McLean, George Horstead, J. A. McDonald and J. R. Hunter.

Dunk McQuaig, the veteran ice maker at the local rink, was reappointed, and will start flooding today in order to have a first class sheet of ice ready as soon as possible. No other official positions at the rink were filled at yesterday's meeting.

FREE GRANTS BILL IS READ

Kenneth Campbell Wires Veterans Regarding the Measure They Asked for

Information that the bill extending for six months from date of passage the Preemptors Free Grants act of 1916 and amendments, which enabled returned men preemptors to obtain their crown grants free of expense or duties, but which expired August 31 last, was read in the legislature Tuesday was received yesterday by the Nelson G.W.V.A., in the form of a wire from Kenneth Campbell, M.P.P. from Nelson.

This is the measure which Hon. W. D. Pattullo, minister of lands, agreed to introduce when Mr. Campbell and Lieut.-Col. Fred Lister, M.P.P for Kaslo, took up with him jointly this matter, which had been drawn to their attention from Nelson, on behalf of the rural branches of the West Kootenay zone.

The recent G.W.V.A. convention at Penticton passed a resolution commending the government for its intention to pass this measure.

FIRE DESTROYS HOUSE ON THE GRANITE ROAD

Doukhobors Rendered Homeless by Early Morning Blaze; Wind Fans Flames

Fire breaking out in the five-roomed house of John Formeloff on the Granite road at 8:30 o'clock yesterday morning, quickly razed it to the ground. The house and contents were a total loss, as no insurance was carried.

An overheatd stovepipe was the cause of the fire, which, fanned by the fierce wind of the past few days, soon put the blaze out of control. It jumped from the house to the woodshed, also totally destroying that building.

Mr. Formeloff tried hard to combat the flames, but the absence of water made this very difficult. He tore a part of the kitchen roof off in order to check their advances, but his efforts were useless against so strong a wind.

The house, which was about two and a half miles from the city, was situated in a cherry orchard near the railroad at the old Granite quarry. It was owned by the Christian Community of Universal Brotherhood at Brilliant. Formeloff and his wife and family were living in the house and only managed to save a few of their personal belongings.

WATER PIPES BELOW FROST

City Engineer Lowers All That Froze Last Year; Hill Is Graveled

In a report to the city council on the street department for the past fortnight, W. L. Affleck, city engineer, states that gravel has been distributed along Houston street from Kootenay Falls, and along Falls to the city limits, linking up the crushed rock on Kootenay with the part of the Cemetery road graveled by the provincial government in the early summer. The city team was figured in at $9 a day, and the graveling cost $2.46.

Now Safe From Frost.

The work of lowering service water pipes has been practically completed, and between the pipes lowered in the summer and those just lowered now, practically all the pipes that were frozen last winter are now planted below the danger point from frost.

General sidewalk repairs have been discontinued and from now on only cases where immediate repairs are required will be dealt with.

Mr. Affleck reported that C. J. Carlson's place, at the corner of Victoria and Cedar streets, had been protected by a small dry wall, with a banking of earth, at a cost to the city of $12.

In the case of Alderman C. D. Shaw's lane, he reported slight repairs made, at an outlay of $8, these being sufficient to carry it through to the spring, when, he suggested, extensive work should be done on the Mill street end if a permanent job was wanted.

Buildings Dangerous.

Fire Chief F. L. Boyd has recommended to the council the removal or the destruction of buildings in the rear of lot 10, Baker street, behind the Royal Bank building. "These buildings," he wrote, "by reason of age and disrepair are especially liable to fire, and are so situated as to endanger other buildings and property."

The council has instructed G. T. MacGuire, city electrical engineer, to install a street light at the corner of Fell and Fourth streets, in Fairview.

My heart was so bad I had spells when driving on the road and would faint away, and neighbors would carry me in from my wagon. I also took these spells in the night and during my daily work on the farm. My nerves were so bad I would jump out of bed, and was then compelled to walk the floor before I could settle down again, but after taking a few boxes of

Firing Squads at Work

Executions at the hands of firing squads in Greece recall, for those who think otherwise, that the world is still volatile, still reeling somewhat from the abnormalities of a gigantic war

Such killings cannot help but bring a shudder. The extermination by way of rifle ball of the entire Grecian ministry indicates how ruthless was the government's demand for vengeance. Not long since the Grecian revolution was heralded as bloodless. The characterization no longer fits.

It is obvious that when such things occur the primal impulses of mankind are dominant. Imposing punishment in this fashion is not new in the world, but it is rarely the concomitant of peace. Only when war or the immediate consequences of war are rampant are the services of the firing squad called.

The whole proceeding bodes no good for the new government. It is founded on violence, and violence breeds violence.

A Gigantic Road Prospect

Arizona is going to build its way out. A 440-mile road from Phoenix to Los Angeles is to be constructed, an almost air-line route. State bonds for $2,500,000 have been authorized by the electors; Arizona is ready to go ahead with 100 miles of paving.

Whichever way one regards this propect it is a large one, and the state anticipates a friendly interest and material encouragement from the federal government. Arizona has conceived the idea that the railroads are powerless to provide the real outlet necessary for modern transportation and believes that a paved highway to the coast will become a boulevard for travelers, as doubtless it will.

Yet no project since the railroad construction across the Australian desert has been so fraught with difficulties, for water along the proposed route is scarce and there are no living streams whatsoever. The state of California also has a 90-mile stretch of desert to conquer. There is no pioneer so restless, so persistent and so far-reaching in impulse as the motor car.

The Effect of Too High Taxes

Under the heading of "The Tax Fountain Drying Up," the New York Times deals with a situation which is not confined to the United States. It illustrates what occurs when taxation reaches the saturation point.

The internal revenue bureau reports that for the year ended with last June the receipts decreased $1,397,905,978, says the Times. The falling off was mostly in income and excess profits taxes. This is different from the decreases which have been remarked hitherto, and which mainly signified shifts into tax exempt securities in the flight from taxation so severe that it defeated its own ends. The present decline reflects the smaller profits due to the reaction in trade. That is the explanation given by the bureau to account for the increase in the cost of collection from 87 cents to $1.30 per $100. Taxpayers bear the cost of 35,000 conferences with officials for settlement of tax accounts—saying nothing of the fees paid for professional advice. Estimates have been made that such expenses add $150,000,000 to the taxes. The amounts nominally collected are subject to further reduction by the refunds to individual taxpayers. There is a similar leak in the customs taxes, $18,538,9111 being appropriated for customs refunds this year.

State and city taxes must be added, making a total which the National Industrial conference puts at one-sixth of the entire national income. The tax burden in the United States exceeds that of any other nation except England. This shows how greatly we err, says the New York Times, in taking for the government an excessive portion of the surplus earnings of trade and industry. It is a pity that labor cannot see that real wages are increased by the growth of capital investment. Yet the world over there is a movement to confiscate capital and to reduce profits by the increase of taxes.

The figures cited reinforce Senator Smoot's declaration before their publication that there was no hope of tax increases at the present session of congress. Taxation for a bonus or subsidy under these conditions would be an incredible political blunder. A better way of putting it would be that it is economic folly not to reduce taxes. Just as excessive tax burdens check prosperity, and thereby dry up the tax fountain, so the reduction of taxes promotes prosperity and enriches the treasury with funds that it becomes easier to pay as their total grows with prosperity.

Efficient Housekeeping

By Laura A. Kirkman

TWO GOOD LUNCHEON MENUS

The two following lunch or supper menus will help the housekeeper to serve a stale loaf of bread, and cold, left-over roast beef temptingly.

Cheese Whip in Bread Cases
Wholewheat Gems
Tea Diced Fruit

Beef Rolls en Casserole
Corn Muffins
Cocoa Stewed Prunes

Cheese Whip in Bread Cases: Cut very thick slices from a loaf of bread (each slice about two inches thick, or a little less). Then cut the slices into rounds with a cookie cutter. Scoop out the middle of each round so as to form small circular boxes of each piece. Now fry these bread-rounds in a little butter until brown, turning them on their sides when browned on the bottom, and then with the top part down. Fill the fried rounds with the following mixture: Beat three eggs light and add to it 2 cups of finely-grated or shaved American cheese; season with salt and pepper to suit individual liking. Place the rounds, with this uncooked filling in them, in a greased pan and bake in a hot oven for about 10 minutes. Serve with a crisp slice of bacon placed across the top of each round, as a garnish (although this garnish may be omitted if desired).

Wholewheat Gems — 1 teaspoon salt, ¼ cup granulated sugar, 1 egg yolk, 1 cup sweet milk, ½ cup white flour sifted with 2 teaspoons of baking powder, 1 cup wholewheat flour, 2 tablespoons melted butter, and one egg-white stiffly beaten. Put sugar, egg-yolk, milk and salt into a bowl and mix well; add the white flour and baking powder, then the wholewheat flour. Beat well and add the melted butter, then the egg-white. Fill a greased, hot gem pan with this mixture and bake 25 minutes in a hot oven. (The little "wells" of the pan should not be filled more than half full).

Beef Rolls en Casserole — Cut cooked roast beef in thin slices, and mince smaller parts of the roast with raw onion (there should be two cups of the minced, cooked roast, and one large chopped onion, used with six slices of the cooked beef). Season the mince with salt, pepper if you have it, also add a drop or two of either tomato catsup or Worcester sauce. Spread this on the six thin slices of beef and roll each slice over the filling, tying it with white thread. Now fry these stuffed beef rolls in a little bacon fat till brown, then put them into a greased casserole (or any baking dish with a cover). Add a little flour to the drippings in the frying pan and a cup of hot water, and make a gravy of this; or a cup of canned consomme or chicken soup or a little left-over gravy from the roast, is even better to use than the hot water. Turn this liquor over the beef rolls in the casserole, put cover on dish, and bake three hours in a slow oven.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and province.—The Editor.

Styles

By Lenore

Soon we shall have the Christmas and New Year holidays, with their round of family reunions, entertaining, visiting, trips to New York or a winter resort, perhaps. For informal dinners on these occasions I have seen lovely black satin dresses, embroidered sometimes in

steel, sometimes in white and silver.

Beaded velvet dresses are also in high favor and make a splendid toilette for informal dinner or theatre wear. A very good-looking example is a wood brown velvet embroidered with bronze beads which I saw on Fifth avenue the other day.

For more ceremonious occasions the black velvet gown I have sketched today is suggested. It is a model imported by a New York costumer from Agnes in Paris, and the rhinestone and jade embroidery, with jade tassels, give just enough sparkle and color to make the gown rich and beautiful.

MAYOR REPORTS ON COAST VISIT

Trail Esplanade Assured; Is Treated White by the Government

TRAIL, Dec. 5.—The city council held its regular meeting in the city hall on Monday, those present being Mayor Martin and Aldermen Dockerill, Johnston, Meachem and Bell.

In the matter of J. C. Robson's complaint that the lane encroached upon his lot 3 of lot 4, block 63, a report was received from the city engineer stating that he did not consider this to be the case, and the city clerk was instructed to write Mr. Robson and explain the situation to him.

The water application from the trustees of the Baptist church was ordered granted.

Pass Accounts.

The report of the finance committee was accepted and the following accounts ordered paid: School board list 22, $6397.21; adjustment $150; salaries, $1223; better housing, $98.52; treasurer, $56.70; school trustees, $30; wages list No. 40, $449.91; bank charges, $119.10; E. T. Applewaite, $42.25; city treasurer, $2; general current account, transfer from reserve, $5000; general current account, transfer from coupon account, $150; works construction to general current transfer, $444.72; better housing to general current transfer, $3.86; West Kootenay Power & Light company, $92.90; Wilson Stationery company, $7.16; R. Barrie, $12.50; City Meat market, 40c; Municipal Review of Canada, $4; Trail Garage company, $4.10; Catholic children's aid, $20; Pat Hanley, $31.50; Central Feed and Fuel company, $42.80; Burroughs Adding Machine, $470.40; Hamilton Stove & Heater company, 97c; C. M. & S. company, $1.50; Waldie Bros., $91.50; N. Wilmes, $4.25; land registry office, 98c; provincial gaol, $14; bank charges, $249.99.

The J. H. Schofield tax sale bylaw received its first reading.

The local improvement cement sidewalk construction debenture bylaw was finally adopted.

A court of revision, consisting of Mayor Martin and Aldermen Dockerill and Meachem, will sit in the city hall on the evening of December 11 to revise and corect the voters' list for 1923.

Well Treated at Capital.

Mayor Martin reported upon his recent business trip to the coast, where he took up such matters as the city's share of the pari-mutuel profits and the proposed esplanade along the water front. There will apparently be no difficulties with regard to the esplanade, and it is hoped next year to make this a pleasure spot for the citizens of the town. Mayor Martin was informed that the act relating to the liquor profits will be amended so that the hospital share will be paid direct to the hospitals by the government. He also commented upon the courtesy shown him by the various government departments, and also by J. H. Schofield, M. P. P., and W. K. Esling, M. P. P.

COMMUNITY SINGS SONGS

Robson Folk Pass Time Merrily in Music, Drama and Debate

ROBSON, Dec. 6.—Another community sing-song was held in the packing house on Friday evening and was thoroughly enjoyed by about 50 people. A short sketch from Shakespeare's play, "Julius Caesar," was very ably presented by Eleanor Squires and Bernard Johnson.

Following was a debate, "Resolved, That boys should have a better academic education than girls," the negative side winning by a very close decision. Those taking part in the debate were Earle Fowler and Ray Berry, speakers for the affirmative, and Doris Mitchell and Marjorie Fowler, speakers for the negative. The judges were Miss M. A. Clark, Dr. McDiarmid and Dr. T. J. Norman.

Hockey Juniors Give Enjoyable Dance at Kaslo

KASLO, Dec. 6.—A very enjoyable dance was held on Friday last in the armory by the Falcons Junior Hockey league of this city.

The hall was artistically decorated in blue and white, which are the colors of the team.

Outside visitors to the dance included Miss M. Sutcliffe, Mrs. Russell, David Sutcliffe, all of Riondel; Mr. Guerney and Mr. Hall of Vancouver and Mr. Rutledge of Nelson.

Christmas Will Be Big Time for Robson Children

ROBSON, Dec. 6.—Preparations are being made for a Christmas tree and social for the children. The Women's institute has charge of the Christmas tree and refreshments, while the teachers are arranging the program.

MASONS ELECT OFFICERS.

CRESTON, Dc. 5.—At the December meeting of Creston Masonic lodge T. W. Bundy was elected master for the ensuing year and will have as his wardens Messrs. W. R. Long and C. B. Garland. The lodge is contemplating securing quarters which can be utilized exclusively for Masonic meetings, and commencing with January it is likely the top floor of the Mallandaine building will be the home of the lodge for the next couple of years.

ROBSON NOTES

ROBSON, Dec. 6.—A number of Robsonites took in the concert given by the Women's institute of Castlegar on Saturday evening.

Dr. C. McNaughton of Trail and several friends motored to Robson for a day's hunting last week.

A carload of feed is expected in this week.

A very enjoyable surprise party was held at the home of Mrs. Peacock on Tuesday evening in honor of her brother, George Masterton, who left on Wednesday for Portland.

Mrs. A. Lundy left Monday evening for Newmarket, Ont., where she expects to remain indefinitely.

George Miller has taken the contract of bringing the mail from Castlegar for the winter months.

KASLO NOTES

KASLO, Dec. 6.—St. Andrew's club of the Presbyterian church spent a very pleasant social evening on Wednesday last at the home of Mrs. Jack Allen.

Mrs. J. W. Barclay and her mother, Mrs. J. Kirkpatrick, were at home to their friends on Wednesday last. Many were present. Those assisting with the tea were Mrs. J. W. Burgess, Mrs. A. Anderson and Mrs. L. Yeo.

Mrs. Callahan, sister of Mrs. H. Giegerich, is spending a few weeks in the city.

Dr. L. G. Price returned on Friday from his home in Vancouver, where he has been spending a holiday.

SALMO NOTES

SALMO, Dec. 6.—A very enjoyable dance was held in the spacious hall of the Salmo hotel on Saturday evening. Many people of the surrounding districts motored over for the evening's pleasure. Refreshments were served at midnight and dancing was carried on into the small hours.

At the monthly meeting of the Young People's club $30 was voted toward the forming of a public school library. This vote will be augmented by a similar remittance from the department of education.

Snowfall Draws Hunters to Hills Stalking the Deer

CRESTON, Dec. 5.—The light fall of snow which arrived on Thursday has taken most of the town hunters into the hills for the week-end in quest of deer, the kill of which has been about the lightest ever up till now, and the season ends in less than two weeks. The cooler weather of most all last week has put a coat of ice on the sloughs and the duck hunters are now operating on the open water in the area between Wynndel and Sirdar. More geese have been taken this year than ever before.

INSTITUTE SALE MEETS SUCCESS

CRAWFORD BAY, Dec. 6.—The Women's institute held another of their very successful sales of small articles and candy on Saturday.

Mrs. D. Dale was soon sold out of her Dutch auction, likewise Mrs. Frasier with the bran tub, which greatly appealed to the little ones.

Mrs. Frasier's apple and egg cup contest caused a great deal of fun and excitement. The candy store did a roaring trade, being in charge of Miss McLellan.

Mrs. Kidman and Mrs. Richardson had charge of the stall of small articles.

Mrs. Fisher, Mrs. Fraser, Mrs. Bourne and Mrs. Gooch served the tea and refreshments.

Mrs. Fournier donated a cushion to be raffled, which was won by Mrs. Watson.

The total sum realized was $65.

"I Was a Fright!"

"Nothing I Could Take Made Me Any Fatter."

"Up to the time I was seventeen years old, I believe that I was the most miserable and unhappy girl that ever lived. Honestly, I was a sight. I was the most ungainly looking creature you ever saw. I was thin and scrawny—straight up and down. My height was five feet nine inches and I weighed exactly ninety-one and three quarter pounds. No matter what kind of clothes I put on I looked like a fright. I was clumsy and awkward. I used to stand before the glass and study my features. I found I had a good nose, good eyes and a good mouth, but my cheeks were sunken and my face looked like a skull with a piece of parchment stretched over it. But nothing I could do or take made me any fatter. Men rarely even glanced at me. When they did, they merely gave me a casual, amused or pitying look,—an expression which I am sure meant, 'why is a being like that allowed at large?' I used to lie awake at night for hours at a time wondering why there were so many beautiful girls in the world and I was so hideous. I met a friend of mine one day, Elsie W. and I hardly knew her. While she had never been as thin as I was, a year or more ago she ran me a close second, but when I met her she had taken on flesh and had developed into a fine handsome girl with one of the prettiest figures I had ever seen I asked her what had caused the big change. She said Carnol. She told me she had been taking it regularly for the last three months and that from the first week of taking it she had begun to put on flesh. I was so encouraged by what she said that I couldn't get to the druggist fast enough. I bought a bottle and since then I have been taking it regularly. It has made the greatest change in me you ever saw. I now weigh 165 pounds and all my friends tell me what a wonderful figure I have and I know that I am admired".

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 3-622

This column is conducted by Mrs. M. J. Vigneux. All news of a social nature, including receptions, private entertainments, personal items, marriages, etc., will appear in this column. Telephone Mrs. Vigneux.

The ladies of the Methodist church held a most successful bazaar and cafeteria supper in the church Sunday school parlors yesterday afternoon. The general convener, Mrs. A. W. Nagle and the president, Mrs. Norman Stibbs, were in charge. Supervising the tea table was Mrs. F. J. Boles, who was assisted by Mrs. George Steed, Mrs. A. D. Emory, Mrs. F. C. Smith and Mrs. J. W. Holmes, who poured tea. Others helping at the tea tables were Mrs. H. A. Johnson, Mrs. A. T. Walley, Mrs. E. L. Buchanan, Mrs. J. P. Westman, Mrs. R. Elliotte and Mrs. J. Ryan. The decorations at the tea table were red and green. In charge of the plain sewing booth, which was a combination of red, white and blue, was Mrs. Mrs. J. C. Grummett. Her assistants were Mrs. G. Douglas Nagle, Mrs. Arthur Terrill and Mrs. E. Plummer. The children's booth, in a decoration scheme of white, was in charge of Mrs. W. Moore, who was assisted by Mrs. G. Simms. Mrs. R. Leigh McBride, with Mrs. Cryderman as assistant, was in charge of the handkerchief booth. Miss E. Etter disposed of the fancy towels. The general fancy work stall, decorated in red streamers, was loked after by Mrs. Stanfield, Mrs. J. P. Fitmar, Mrs. Charles F. McHardy and Mrs. E. Norman. The young people's candy booth, effectively decorated in rainbow shades, was under the supervision of Miss Erma Ferguson and Mrs. Clyde A. Emory. A most effective Christmas tree, with mystery parcels attached, was in charge of Mrs. W. E. Wasson and Mrs. F. Oakley, and their Sunday school classes as assistants, this establishment soon running out of articles on account of its popularity. Mrs. C. Shaw was convener and cashier of the cafeteria supper, which was a great success. Her assistants were Mrs. J. A. Irving, Mrs. Hancock, Mrs. Fleury, Mrs. H. N. Cairns, Mrs. F. C. Rowley and Mrs. C. H. Chatfield. Mrs. K. Kettlewell was responsible for the delicious coffee, which was much commented on. Others helping were Mrs. Norman C. Stibbs, Miss Enid Etter, Miss L. Boss, Mrs. W. Wilkinson, Mrs. H. Amas, Mrs. W. Steed, Miss M. Simms, Mrs. J. Robertson, Mrs. M. Smith and Mrs. T. Purvis. The local art gallery, which was a popular novel idea, was in charge of Mrs. J. Croll.

Harrop Growers Send Delegate to Kelowna Meeting

HARROP, Dec. 6.—A well represented gathering of fruit growers from Longbeach, Balfour, Queens Bay, Sunshine Bay and Harrop attended the meeting held at Harrop school to hear the addreses given by Messrs. Taylor and General Harman, Kelowna members of the growers' committee on market conditions, and the possibilities of improving the home market. After a first-hand investigation of prairie marketing centers the facts put before the meeting were a source of information to the majority of the growers.

At an after-meeting of the growers W. J. McConnell was appointed to represent the immediate district at Kelowna convention.

A committee of growers, Messrs. Kerr, Scott, Wardle, Slater, O. P. Appleton, Francis and Stevenson, was appointed to instruct the delegate on requirements as seen from those districts for the better marketing and handling of fruit.

Obituary

M'KAY.

TRAIL, Dec. 5.—The funeral took place on Tuesday, December 5, of David Hutchison McKay, whose death occurred at the Trail hospital last Saturday. Mr. McKay was 4 lyears of age, and was born in Fifeshire, Scotland. He is survived by his wife and one child. The deceased had been a resident in Trail for several years, being employed at the smelter for the last two years, previous to which he conducted a confectionery business. Of a quiet and cheerful disposition, he was held in esteem by all who knew him.

The funeral was held from the Presbyterian church, Rev. H. Wilson officiating, and was under the auspices of the Odd Fellows, of which order he was a member.

The pallbearers were J. R. Craig, F. A. Weir, H. W. Hankin, A. G. Monkhouse, H. Marshall and C. P. Jones.

STERLING SOARS TO NEW PEAK ON NEW YORK MART

Steady Improvement in Trade Balance Accountable; Also Balancing Budget

NEW YORK, Dec. 6.—Sterling exchange established a new high record today, demand bills being quoted at $4.56¼ or 1¼c above yesterday's top price. Steady improvement in Great Britain's trade balance, which has been accomplished by a balancing of its budget, a reduction in imports and an increase in exports, was the reason given by local banks for the further strength of the London rate.

Silver Moves Tiny Fraction

Zinc—Spot, £38 15s; futures, £35 15s.

Toronto Board

TORONTO, Dec. 6.—The attention of investors was largely centered on two issues in the stock list today, Barcelona and MacKay common, both issues being unusually active and firm. Barcelona firmed to 9⅜, but eased off moderately toward the close to 8⅞, down ¼. MacKay common closed at 107⅛, up 2⅛.

Atlantic Sugar preferred was up 2¼ points at 42. Brailian, Cement common and Canadian General Electric preferred all sold higher. British Empire Steel common closed at 9¾.

In the bonds, 1927 advanced 30 points to $101.20; 1933, 15 points to $103, and 1934 15 points to $100.80.

Montreal List

MONTREAL, Dec. 6.—Increased volume of business and a decidedly stronger tone marked trading on the stock exchange today. Atlantic Sugar led in activity and moved to 24¼. MacKay touched a new high and made the greatest advance, 4¾ to 107½.

Other issues to touch new highs took in Dominion Glass, up ¼ at the close to 87½, and Provincial Paper preferred up 1½ to 92½.

In the papers Abitibi was up ¾ to 64¼; Brompton advanced 1 to 35, and Spanish common was up 1¼ to 93¾. Brazilian was up ½ to 43½, and Winnipeg Railway was up ¼ to 34¾.

Other price changes included Asbestos, off a point; the preferred, pu 1½. Dominion Bridge was up 3 and Steel of Canada off ½.

MONTREAL, Dec. 6.—Consolidated Mining & Smelting, bid 26.

Hog receipts, 2300; selects, $11.00.

Stocks Rebound on Wall Street After Weakness

NEW YORK, Dec. 6.—A sharp rebound in stock prices today took place in late dealings after an extremely dull morning session, during which rail shares were weak, because of speculative uncertainty regarding the maintenance of the $7.00 dividend on the Great Northern preferred stock.

Publication of Secretary Mellon's annual report indicating that none of the federal taxes were contemplated for next year was the signal for a brisk rally.

Studebaker was the market leader, crossing 131 for a net gain of 5¾ points.

General Electric, Mexican Petroleum, Houston Oil, Pan-American and Western Union were all up 4 to 7 points.

U. S. Steel common was sluggish, but the buying movement of the last hour pushed it up to 102¾ for a net gain of ⅞. Bethlehem "B" touched 61½ for a net gain of 1½ and Crucible advanced 1⅝ to 64.

Call money opened at 5 per cent and then advanced to 5½.

Total sales were 828,000 shares.

Judges Examine Military Prison to Test Theory

QUEBEC, Dec. 6.—In order that they might see for themselves whether it is possible for a prisoner confined in the Quebec military prison cells to escape and reenter his cell the judges who are presiding at the royal commission which is investigating all the circumstances surrounding the murder of Blanche Garneau, who was killed here in 1920, visited the Quebec citadel this afternoon.

Judges Robideaux and Archibald drove to the citadel and inspected the military prison and the cells from which Henry Duval, alias Casabon, who made a confession shortly after the murder, claimed he had escaped the night of the crime.

L. G. Belley, K. C., of Quebec presented a motion to ask the government to issue a warrant for the arrest of Duval on a charge of murder, but his motion was not granted, as the commission did not believe it would serve the ends of justice at the present time.

BRINGING UP FATHER

By George McManus

HAS GAINED WEIGHT AND FEELS FINE

"Thanks to Tanlac, I have gained in weight and enjoy better health than in several years," declared Miss Anna Thompson, a popular and highly respected young lady of Calgary, Alberta, who resides at 727 19th Avenue, N. W.

"For six months before I began taking Tanlac I suffered from a most distressing case of stomach trouble," she continued. "My appetite was so poor I scarcely ever wanted to eat, and whenever I did manage to force down a little something it always upset my stomach. Gas caused me awful pains and I suffered dreadfully from heartburn. I fell off to a hundred and twenty pounds, was terribly run down and just felt so bad some days that life seemed hardly worth living.

"My brother-in-law took Tanlac and it did him so much good he got me to try it. I only took two bottles but it did away with all my troubles. My appetite is splendid, I eat anything I want, and it all agrees with me just fine. I am strong, well and happy again and I want to say I think Tanlac is simply grand."

Tanlac is sold by all good druggists.

A New York correspondent declares that the vogue for earrings makes her quite believe the story of the girl who said, "Oh, I'm so sorry, I can't go to lunch today—I've lost one of my earrings."

NEW ZEALAND IN THROES OF AN ELECTION

Massey Likely to Retain Power; Prohibition Referendum Proceeding

WELLINGTON, N. Z., Dec. 6.—The New Zealand parliamentary elections will be held tomorrow. The contest has developed into a strenuous three-cornered fight between the Reform party, under the ledership of Premier W. F. Massey; the Liberals, under Wilford; and Labor, under Holland.

In the last parliament Premier Massey had a definite following of 48 against 32 representing all other parties. The feeling is that Premier Massey will be returned, though his majority may be reduced. The prohibition referendum is also being held tomorrow.

Free Tolls Important Part in Ship Subsidy Bill Before Congress

WASHINGTON, Dec. 6.—Indications are that the whole controversy over free tolls for coastwise ships through the Panama canal will be reopened as a result of the introduction by Senator Borah of a free tolls amendment to the Ship Subsidy bill. If the subsidy bill passes at all supporters of free tolls are determined free tolls shall be part fo it.

New Westminster Makes Bid to Be Rail Headquarters

NEW WESTMINSTER, Dec. 6.—Reminding the government that the Canadian National railways own land in the district assessed at $1,250,000, the mayor and city council today telegraphed Ottawa asking that headquarters of the Canadian National railways be located in New Westminster.

STEAMERS COLLIDE IN DOVER STRAITS

LONDON, Dec. 6.—The British steamer Clynerock collided with the United States steamer George Washington tonight off Dover, according to a wireless message from the Clynerock to Lloyds. The stem of the Clynerock was badly wrecked and the vessel was leaking, but did not want immediate assistance. The report did not say what happened to the George Washington, which was bound from Plymouth for Bremen.

TRAINS COLLIDE BUT NO ONE HURT

REVELSTOKE, Dec. 6.—Canadian Pacific railway express No. 3, westbound, running about three hours late, into an eastbound freight train five miles east of here at 10 o'clock this morning. The engineers of both trains saw each other in time to avoid a serious collision. No one was injured. The engine and two cars of the freight train left the rails. Traffic was restored at 1 o'clock this afternoon.

TORONTOS WIN BATTLE ROYAL BY ONE GOAL

Seattle Sees Brilliant Hockey; Scores Come Along in Quick Time

SEATTLE, Dec. 6.—The world's champion hockey team engaged the Seattle Metropolitans tonight in an exhibition game, in which they gained the slight edge on a heavy score and won, 7 to 6. The game was a battle royal from the first faceoff, from which "Jim" Riley skated into Toronto territory and scored within the first 17 seconds. Riley was the biggest stumbling block in the way of the visitors. He bulged the net three times in the first two periods and assisted Foyston to score in the third period.

It was "Babe" Dye who got the fans to their feet, however. His stickhandling and accurate shooting gave his team an edge all the way, and he equaled Riley's record of three scores and one assist before the final gong. Cameron also starred for the visitors, with Roach as usual conspicuous in Toronto's goal. The teams were out to score and shot came so thick and fast that the score does not indicate the quality of the goal keeping.

Summary.

First period—1, Seattle, Riley, :17; 2, Seattle, Foyston from Rowe, 4:43; 3, Toronto, Denenny from Cameron, 5:21; 4, Seattle, Riley from Rickey, :59; 5, Toronto, Dye from Denenny, 4:46.

Second period—6, Toronto, Andrews from Dye, 7:50; 7, Toronto, Dye from Denenny, 5:17; 8, Seattle, Riley from Rowe, :34; 9, Toronto, Dye from Andrews, 6:16.

Third period—10, Seattle, Foyston from Riley, 7:02; 11, Toronto, Cameron, 1:54; 12, Toronto, Cameron from Noble, 5:01; 13, Seattle, Rowe, 1:45.

Final—Toronto 7, Seattle 6.

IS BUSY DENYING BASKETBALL RUMORS

NEW YORK, Dec. 6.—Harry H. Frazee, owner of the Boston Red Sox, today denied emphatically that a Toronto syndicate had obtained an option on his American league club or franchise. Frazee also denied any reports that Frank Chance, former manager of the Chicago Cubs, and Barney Oldfield, former automobile racing star, were negotiating for the purchase of the club.

"I talked with Chance in October during the world's series, with regard to managing the Red Sox," the Boston magnate said, "but we reached no definite understanding."

JIMMY MURPHY IS AUTO SPEED KING

INDIANAPOLIS, Ind., Dec. 6.—Jimmy Murphy of Los Angeles is the champion automobile race driver for 1922. His unofficial total is 3480 points. Harry Hartz, also of Los Angeles, finished second, 1502 points behind Murphy.

Tommy Milton, champion last year, was third, Frank Elliott was fourth and Bennie Hill was fifth.

Murphy won practically every big race during the year. He was first in the 500-mile race here, led the way at Uniontown, Pa., and again was the leader in the 250-mile race at Los Angeles, last Sunday.

Baseball Writers Protest Allowing Cobb Disputed Hit

NEW YORK, Dec. 6.—The New York chapter of the Baseball Writers' association announced today it planned to file formal protest against the American league's action in crediting Ty Cobb with a disputed hit, thus giving the Detroit manager an average of more than 400 for the third time in his career. Formal action, it was said, would be taken by the association at its annual meeting, scheduled for Thursday of next week, here.

The writers object to alleged irregular procedure by which a hit was given Cobb in the official averages, when the official scorer at the game, played in New York May 15, recorded the play as an error for Scott, Yankee shortstop, and not as a safe blow for Cobb. They charge that the hit was officially credited without proper investigation and that if any examination into the circumstances was made, neither the official scorer nor any of the writers who saw the game were questioned by league authorities.

Official averages give Cobb a batting average of 401 while without the hit, his mark is 399.

STILL HOPES FOR CONACHER

GRIMSBY, Ont., Dec. 6.—When quizzed today as to what his next move would be in trying to get Lionel Conacher's name to a contract Leo Dandurand only smiled and said:

"I am going to Toronto tomorrow and I might do some business while there."

The Canadiens are working hard, practicing twice a day and doing a little road work in between times.

NEW YORK GIANTS TO TRAIN AT SAN ANTONIO

NEW YORK, Dec. 6.—The New York Giants today announced that 1923 training quarters would be located at San Antonio, Texas, where the club trained last year.

BARRED FOREVER

LOUISVILLE, Ky., Dec. 6.—Wm. H. Klepper, president of the Portland club of the Pacific Coast league, was forever barred from participation in the affairs of the National Association of Professional Baseball leagues in a resolution adopted today by the board of arbitration of the organization. Klepper was charged with making and filing an alleged false statement relative to the capital stock of the Tacoma, Washington, club, which he organized.

Agriculture Council Proposes Funding of Debits of Farmers

WINNIPEG, Dec. 6.—Funding of farmers' debts over a period of years at a low rate of interest, to help them bear the financial obligations resulting from a considerable measure of crop failure for several years past in various parts of the prairie provinces was unanimously indorsed today by the Canadian council of agriculture, which passed a resolution favoring the appointment of a committee to inquire into the question, and bring it to the attention of the provincial governments and the chief creditors interested, with a view to obtaining favorable consideration and action.

The council also passed a resolution asking for the appointment of a royal commission to inquire into the working of the Canadian banking system; for changes in the grading of bacon hogs and an amendment to the income tax act providing for an averaging system in the payment of such tax.

Deflation Affects Products

The preamble to the resolution regarding farmers' debts refers to the deflation in Canada following the war, which affected the price of farm products to a much greater degree than any other commodity. This deflation, with the financial collapse in Europe and the considerable measure of crop failure in parts of the western provinces for several years past, has placed many farmers in those provinces under a burden of debt, the resolution declares, which it is generally conceded they have no prospect of liquidating in the near future, with the result that the discouragements thus brought upon them are inducing many to abandon their farms and leave the country and, it is feared, will induce many more to do likewise.

Must Retain Farmers

It is of the utmost importance that every practical farmer be retained upon his farm, the resolution continues; this fact being recognized by the financial and business interests of Canada as well as by the governments who are giving financial aid and cooperation to various agencies for the purpose of bringing immigrants to this country.

The council is of the opinion that if the principle of funding these obligations over a period of years at a low rate of interest can be applied, it will be the means of retaining the vast majority of these people on their farms.

The income tax resolution asked that the Dominion government be requested to amend the Income Tax act to provide for the introduction of an averaging system so that a taxpayer whose income fluctuates from year to year will pay the same amount of income tax in a given number of years as another taxpayer with a fixed annual income totalling the same amount in the same period.

Grading of bacon hogs received attention in a resolution suggesting a maximum weight for select bacon hogs weighing 210 to 220 pounds and that a new grade be established for good bacon higs weighing 220 to 250 pounds, to be classed as heavy select, at five per cent premium.

Terms of Recommendation.

The council's recommendations were made in the following words:

"The the Canadian Council of Agriculture go on record as favoring the appointment of a royal commission to inquire generally into the whole question of the Canadian banking system in the light of the experience of other Anglo-Saxon countries, with a view to improvements that will protect the public against the dangers of centralization and the power that will inherently develop through the operation of the special privileges at present enjoyed by the banks; and more particularly that such commission should inquire and report upon:

Question of National Banks.

"The advisability of creating one or more banks in Canada, combining the best features of the Commonwealth Bank of Australia and the Federal Reserve banks of the United States.

"Taking out of the hands of the chartered banks the power of issue and confining that power solely to the national banks or to a department of government itself, this to be done in a manner that will give a fair opportunity to existing banks to adjust themselves to new conditions.

"Inquire into the advisability of amending our existing legislation to permit the establishment of small banks with local capital serving local needs.

"To report on the best methods of federal supervision and inspection.

Propose Personnel.

"That such a commission should be appointed at as early a date as possible and should be composed of three impartial men, one an economist of standing and repute in Canada, one man or banking experience but without present banking affiliations, and one of standing in the commercial life of the country but not a bank director."

A wise New York woman declares: "A man's 'ideal woman' is usually the one whom he passes with a worshipful bow—when he is on his way to call on the other kind."
