AT DIAMOND VALE

RESULT OF THE DRILLING AT THE FORKS LAST YEAR.

Company Purchases the Wm Charters Ranch.—Ideal Residential Site.—Work on Buildings, etc., Is Going Ahead

A very important real estate transaction took place last week when the late William Charters' ranch, near the mouth of the Coldwater, and adjoining Diamond Vale, was sold by the executors to T. J. Smith of Vancouver, on behalf of the Diamond Vale Coal & Iron Mines, Limited.

The property was pre-empted by the late Wm. Charters in 1868, and was crown-granted to him a few years later. Of the lots comprised in the estate, the two most important are lots 122 and 167 which contain about 450 acres and which are underlaid with coal. From a ranching point of view the estate is an ideal one, and is considered one of the best in the valley, and the Diamond Vale Coal & Iron Mines, Ld. are to be congratulated on securing so excellent a property, which will prove a valuable addition to the holdings they already have acquired in the vicinity.

With the work now going on at Diamond Vale coal mine this fine piece of property will be necessary for the colliery buildings, and will also be found necessary for the coke ovens, etc. If necessary, too, any portion of the land can be utilised for townsite purposes, a purpose for which it is well adapted, as, being bench land, it will provide an excellent situation for residential sites, and for such a purpose is unexcelled in any part of the valley.

With the progress which is being made with development work in this part of Nicola valley, it can be easily seen that in securing this land the company did a good stroke of business that will materially benefit them financially.

At the Diamond Vale mine the work of completing the construction of the necessary houses, offices, etc., is going steadily on, and the plant for operating the machinery is getting well in place. During the past week a dam has been put in to catch the logs which will be run down the river, the company having several million feet now ready for the run, all of which have been taken from the timber limits owned by the company. The logs will then be on the ground in readiness for the sawmill which will be in running order very shortly.

Owing to trouble with water the work of sinking the shaft was stopped for a short period, but B. P. Little, M.E., C. E., the assistant manager of the company, has things now in such a shape that work will again be resumed next week.

In connection with the drilling operations carried on last year at Diamond Vale, the following particulars of the two bore-holes are taken from the annual report of the company:—

Bore No. 7—This was started October 8th, 1906, and completed to a depth of 778 ft. on November 23rd. Bedrock was reached at a depth of 150 fet. from the surface, the overburden being sand and gravel wash. The bedrock cores show a dip of about 27 deg. or practically the same as the outcrops on the south side of the river, and 1900 ft. from the site of the bore.

Coal was found as follows:—At 535 ft. from surface 44 in. clean, bright coal. At 764 ft. from surface 49 in. mostly clean and bright.

The upper seam was hitherto unknown and must outcrop under the wash between No. 7 bore and the old No. 1 bore. This is better illustrated in the sectional drawing attached. The lower seam is the Rat Hole seam, discovered in old No. 1 bore, and outcropping on the hillside south of the river.

Bore No. 8—This was located close to the Coldwater river and about 1800 ft. from bore No. 7. Bedrock was reached at a depth of 21 ft.

Coal was encountered as follows: At 70 ft. 39 in. coal, mostly hard and clean. At 222 ft. 38 in. coal, clean and hard. At 293 feet from the surface the Rat Hole seam was cut, but proved rather dirty at this point, and shows only 18 in. of clean, hard coal.

Altogether the Rat Hole seam has been discovered in two open cuts, one tunnel and three bore holes, and at all points except the last it shows a thickness of 5 ft. to 8 ft., so it is probable that No. 8 bore encountered it at a local pinch or "want."

The seam cut at 76 ft. appears to be the one found at 535 ft. in No. 7 bore, while the seam at 222 ft. is a "stray" one that we have not yet been able to co-relate at other points.

The cores taken from the bores Nos. 7 and 8 were handed to Mr. J. O'Sullivan, F. C. S., of Vancouver, and show the following analysis:—

Upper Seam, Bore No. 7 — 535 feet deep:

Moisture	2.5	per cent
Volatile combustible matter	36.4	"
Fixed carbon	50.2	"
Ash	10.5	"
Sulphur	.4	"
	100.0	

Coke, 60.9 per cent. Character of coke, hard and coherent.

Rat Hole Seam, Bore No. 7—764 feet deep:

Moisture	2.0	per cent
Volatile combustible matter	37.7	"
Fixed carbon	54.8	"
Ash	5.2	"
Sulphur	.3	"
	100.0	

Coke, 59 per cent. Character of the coke, hard and coherent.

70 ft. Hole in No. 8 Bore, Mixed Sample:

Moisture	2.3	per cent
Volatile combustible matter	38.6	"
Fixed Carbon	50.3	"
Ash	8.5	"
Sulphur	.3	"
	100.0	

Coke, 58.8 per cent. Character of coke, hard and coherent.

222 ft. Seam, Bore No. 8:

Moisture	2.1	per cent
Volatile combustible matter	37.3	"
Fixed carbon	54.4	"
Ash	6.0	"
Sulphur	.2	"
	100.0	

Coke, 60.5 per cent. Character of coke, hard and coherent.

Mr. O'Sullivan writes the company as follows:

"Please find my analysis reports on the four samples of coal submitted to me by your T. J. Smith.

"I have pleasure in stating for your information that the coal is bituminous, of excellent quality, and compares favorably with the best Vancouver Island and British Columbia Mainland product. It is a good coking coal and is therefore very suitable for metallurgical as well as for steaming and domestic purposes."

The coming year will see many changes at Diamond Vale, for with the work of opening up the coal mines, employing a large number of men, other industries will open up. At present two stores are being prepared to do business besides a butcher shop in course of construction and as soon as town lots are placed on the market there will be a ready sale for them. At the present time there are many applications to secure building sites. The railway company will during the summer erect a station, put in side tracks, and Diamond Vale will be the busiest point in Nicola valley.

A request has been made to the postoffice department for an office to be established, and the petitioners have been notified that their request would be attended to, and it is likely that in a few weeks' time the office will be opened for the transaction of postoffice business.

OF LOCAL IMPORT

PUBLIC MEETING RE 24th OF MAY CELEBRATION.

Athletic Association Arrange Sports—Farmers' Institute Meeting. Office Bearers Appointed for Church of England.

A public meeting of the citizens of Nicola will be held in the Court House next Thursday evening, the 18th inst., at 7.30, to consider the question of the 24th of May celebration. In view of the increasing importance of the district it is hoped there will be a large attendance and suitable arrangements made to fittingly celebrate the occasion.

Nicola Athletic Association.

At a meeting of the executive of the above association, held on Wednesday evening, and which was well attended, arrangements were made for sports during the coming season. The tennis court will be put in order immediately, and it is expected it will be in condition for playing on by the end of this month. There will be a football match on Saturday, the 20th inst., and an endeavor ill be made for a team from Merritt to come up and play Nicola, failing which there will be a match between local teams, viz., Married v. Single.

There will be a rifle shoot on Saturday, the 4th of May, full particulars of which will appear later.

Cricket will be taken up and supplies for this are being obtained. The committee will be only too glad to receive suggestions and arrange for other sports, should the necessary support be forthcoming.

The subscription to the Association is $2, and those wishing to join can send their names to the secretary, G. M. Brash, Nicola.

St. John the Baptist Church.

The Easter vestry meeting was held on April 7th at 3 p. m. at Dr. Tutill's residence. There were present, the Ven. Archdeacon Small, (in the chair); the new incumbent, Rev. James Thompson; H. S. Cleasby, H. D. Green-Armytage, R. H. Winny, A. W. Strickland, A. Goodison, Dr. Tutill and H. L. Roberts.

Reports of various committies, including the financial statement, were received and adopted.

The church finances are in very satisfactory state and the Ladies' Guild have in hand a sufficiently large amount to warrant the building of a vicarage. This work will be undertaken at an early date, an energetic committee having the matter in charge.

The church officers for the ensuing year are:

Lay delegates to Synod—H.D. Green-Armytage, A. W. Strickland and H. J. Cambie.

Church Wardens—H. S. Cleasby, Vicar's Warden; H. L. Roberts, People's Warden.

Secretary-treasurer, Dr. G. H. Tutill.

Sidesmen — H. D. Green-Armytage, A. W. Strickland, R. W. Winny, A. Goodisson, Ed. Hann, R. S. Smith, S.J. Solomon, H. H. Matthews.

The schedule of services has not yet been definitely arranged, but Rev. Mr. Thompson will do his best to serve the whole district and will hold services in the outlying parts as frequently as possible. For next Sunday there will be morning and evening service at Nicola and in the afternoon at Coutlee.

Farmers' Institute Meeting

A meeting of the local Farmers' Institute was held at Lower Nicola on Wednesday evening. The report of the delegate to the Central Farmers' Institute was received and adopted unanimously.

The meetings previously held at Nicola, Lower Nicola and Coutlee at which Dr. Tolmie and W. C. McKillican gave practical demonstrations of judging stock, etc., were so successful that it was decided to hold other meetings at these places, arrangements for which are accordingly being made.

It was unanimously decided to ask the present secretary, S. J. Solomon, to retain office till the end of the year. The secretary was instructed to obtain information re cattle guards on the railway, as those at present in use are of no avail to prevent cattle from straying on the track. The meeting was entirely unanimous in the opinion that the present guards are totally ineffective, and that steps should be taken to remedy the matter.

LOCAL NEWS.

Doctor Cameron, late of Atlin, is renewing old friendships in the valley this week.

M. L. Grimmett and family returned on Monday's train from a visit to Vancouver.

The Foresters have the hall nicely decorated and everything in readiness for the big dance tonight.

A. Jackson passed through Nicola on Wednesday with the first lot of goods for his new store at Merritt.

Miss E. Woodward returned to Lower Nicola on Monday after conducting the school in the absence of Miss Robson.

Dr. Burris, of Kamloops, paid a professional visit to Nicola on Monday, returning to Kamloops on the afternoon train.

B. P. Little, M. E., C. E., assistant manager of the Diamond Vale Coal & Iron Mines, Ld., paid a business visit to Nicola on Monday.

The new postoffice at Canford will be opened for business on the 1st of May. It is expected T. R. Hardiman will be the postmaster.

Newton Grange ranch, the property of B. Bonthrone of Vancouver, which had been offered for sale, has been withdrawn from the market.

A very pertinent question for the Board of Trade to take up at an early date would be the freight rates on the Nicola branch of the C. P. R.

The new spring goods have just arrived at Carrington's and are now on view—prints, muslins, sateens, waistings, dress goods, waists, skirts, underskirts, linoleum, etc., at A. R. Carrington's The People's Store.

ITEMS OF INTEREST

BRAKEMAN HAS A CLOSE CALL IN NICOLA YARDS.

Ed. Woods Caught Between Two Cars on Sharp Curve Last Friday.—General Booth Talks About Tainted Money.

Brakeman Ed. Woods had about as close a call for his life in the C. P. R. yards on Friday last as anyone could well have.

Woods was endeavoring to make a difficult coupling on a sharp curve on the Y when he was caught between the cars. Ordinarily there is a space of some twenty inches between two coupled cars, but on the inside of the sharp Y curve this space would be reduced to about three inches, and to succeed in making a coupling under such conditions is a hard matter. Woods, judging the distance between the cars, gave the engineer the "stop" signal, and, stepping over the rail, jerked the coupling rod into position. He then tried to jump into clear, but the cars were now too close together and he was pinned between them. Fortunately one arm was free and he had the presence of mind to wave the go-ahead signal. Had the engine continued to back the brakeman would have been instantly crushed to death. However, the engine-driver immediately pulled ahead and Woods, on being released, collapsed and rolled down the bank. He was carried into the station, where Dr. Tutill found him suffering from painful injuries to the chest and ribs.

Mr. Woods was removed to a room in the hotel, and his injuries have been healing very rapidly the past few days. He is now able to get out and around, and admits that he is extremely lucky to be alive.

General Booth on Tainted Money.

General Booth has, at the age of 77, completed the first stage of his world tour. After a rough passage of nearly ten days, the Minneapolis, with the vetern Salvation Army leader aboard, arrived at New York.

Among the many American Press men who met him was one who asked him if he would have any qualms about taking what is called in America tainted money for the promotion of his plans.

"Whose money, for example?" asked the General.

"Well," said the American reporter, "how about the oil king, John D. Rockefeller?"

The evangelist thought for a moment and then replied: "Yes, I think I would take even Rockefeller's money. If it is tainted, I would rely upon the tears of widows and orphans to wash away the stain.

The infant son of Mr. and Mrs. H.H. Matthews died Thursday morning.

A. W. Strickland and R. A. Fraser left on Wednesday's train for Victoria to interview the government with regard to the right-of-way for the road in connection with the proposed bridge.

MERRITT: I have for sale some choice building lots in this the coming town of the Nicola Valley. There are only a few of them, and as there is at present a demand for lots in that locality, they should not remain long unsold. The lots are well situated, are 42 feet by 210 feet, and the price is $125 each. Prompt action is necessary if you want to secure one. For particulars and to view the lots apply G. M. BRASH, Real Estate Agent, Nicola.

EDITORIAL NOTES.

The rumor that the Czar of Russia was to abdicate has been denied. He prefers to hang on and join that large band of aristocates who have taken the long journey by the bomb shell route.

With the flotation of a company to take over the Douglas Lake Cattle Company's property in Nicola Valley, it will give the outside world some idea of what the resources of British Columbia are. The ranch consists of something like 100,000 acres of land, with stock in the neighborhood of 15,000 head.

With the coming of spring weather and the gradual disappearance of the snow, the prospectors are beginning once more to roam the hill of British Columbia in their never-ceasing efforts to unlcck the storehouses of Nature's wealth and thus promote the developement of the country. Long live the prospector!

A new method of swearing witnesses has been adopted in a Montreal court. There will be no more kissing the bible, it being necessary only for the witness to place his hand on the book and swear that he will tell the truth. This is done for sanitary reasons. It would be a good idea to adopt some new method of getting the witnesses to tell the truth when under oath.

The reply of the attorney-general towards the Lord's Day Observance Act, to a delegation from Kootenay which waited on him recently, may be summed up as follows: "Why should I take upon myself such a burden of responsibility? I am not the servant of the Dominion Government. I will give permission to prosecute to all applicants, and let the magistrates judge the merits of the case."

The bears and the bulls and the lambs have lately been having a high old time in the financial corralls of Wall street. Some lost millions and did not notice the touch, while some lost hundreds and put their wives and families on Poverty row. Now it is officially stated that conditions have regained the normal at the old stamping grounds, and the suckers are still greedy for the bait.

The certificate of incorporation of the Nicola Valley Board of Trade is being extensively signed, and it is hoped that ere the end of this week it will be forwarded to Ottawa for registration. So far there has been an almost entire unanimity of opinion with regard to the formation of such a body. A board of this kind can do a lot of good and it is hoped that this one will assist in bringing forth advantages for the district.

The case of Schmitz and Ruef, the San Francisco grafters, is just now commanding a good deal of public interest, which is made the more intense since it is alleged that Harriman, the great railway magnate, and others sitting in high places, are implicated. Apropos, it might be mentioned that we can scarcely pick up a newspaper these days without seeing exposures of boodling practices by men occupying positions of trust and responsibility. So widespread is this evil becoming that the general public are beginning to accept the frequent disclosures as a matter of course. Nor is this corruption confined to the American side of the line. Of late the boodling mania has struck Canada and at present there is a lively stir-up at Ottawa in this connection. Verily, this is the age of graft.

TAX NOTICE.

THE KAMLOOPS ASSESSMENT DISTRICT.

NOTICE is hereby given in accordance with the Statutes, that Provincial Revenue Tax, and all assessed taxes and income tax, assessed and levied under the Assessment Act and amendments, are now due and payable for the year 1907. All taxes collectible for the Kamloops Assessment District are due and payable at my office, situate at Kamloops. and many lines LESS THAN COST. This sale will be for CASH ONLY and will commence on

MONDAY, APRIL FIRST,

and continue for three weeks only. After this time the store at Lower Nicola will be closed and our new store will be opened with a NEW and COMPLETE STOCK at Merritt.

G. B. ARMSTRONG

NOTCE.

Notice is hereby given that thirty days after date we intend to apply to the chief commissioner of lands and works for a special license to cut and carry away timber from the following described lands, situate in Yale district in the province of British Columbia:

1. Commencing at a post marked J. E. B., J P. C., and J. M's, s w corner planted at the N w corner of Lot 302, about one mile east of the Coldwater river, thence 80 chains north, thence 80 chain east, thence 80 chains south, thence 80 chains west to point of commement.

2. Commencing at the s e corner of no. 1, thence N 80 chains, thence E 80 chains, thence S 80 chains, thence W 80 chains to point of commencement.

3. Commencing at the S E corner of no. 2, thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

4. Commencing at the S W corner of no 3, thence E 80 chains, thence S 80 chains, thence W 80 chains, thence N 80 chains to point of commencement.

5. Commencing at the N W corner, of no. 4, thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

6. Commencing at the N W corner of no. 5, thence N 80 chains, thence E 80 chains, thence S 80 chains, thence W 80 chains to point of commencement.

7. Commencing at the S E corner of no. 4, thence E 80 chains, thence S 80 chains, thence W 80 chains, thence N 80 chains along the east line of timber limit no. 8612 to point of commencement.

8. Commencing at the S E corner of no. 7 thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

9. Commencing at the S W corner of no. 8 thence E 80 chains, thence S 80 chains, thence W 80 chains, thence N 80 chains to point of commencement.

10. Commencing at the S W corner of no. 9, thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

11. Commencing at the S E corner of no. 10, thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

12. Commencing at the S W corner of no. 11, thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

13. Commencing at the S E corner of no. 12, thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

14. Commencing at the S W corner of no. 13, thence E 80 chains, thence S 80 chains, thence W 80 chains, thence N 80 chains to point of commencement.

15. Commencing at the N W corner of no. 14, thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

16. Commencing at the N E corner of no. 15, thence W 80 chains, thence N 80 chains, thence E 80 chains, thence S 80 chains to point of commencement.

17. Commencing at the N E corner of no. 16, thence W 80 chains, thence N 80 chains, thence E 80 chains, thence S 80 chains to point of commencement.

18. Commencing at the N E corner of no. 17, thence W 80 chains, thence N 80 chains, thence E 80 chains, thence S 80 chains to point of commencement.

19. Commencing at the N E corner of no. 18, thence E 80 chains, thence S 80 chains, thence W 80 chains, thence N 80 chains to point of commencement.

20. Commencing at the N W corner of no. 19, thence N 80 chains, thence E 80 chains, thence S 80 chains, thence W 80 chains to point of commencement.

21. Commencing at the N W corner of no 20 thence S 80 chains, thence W 80 chains, thence N 80 chains, thence E 80 chains to point of commencement.

22. Commencing at the N E corner of no 21, thence W 80 chains, thence N 80 chains, thence E 80 chains, thence S 80 chains to point of commencement.

BORN.

WOODWARD.—On Sunday, April 7th, 1907, at Lower Nicola, B. C., to Mr. and Mrs. Ernest Woodward, a daughter.

LOCAL NOTES

Don't forget the Foresters dance tonight.

Capt. Flick was down from Lower Nicola on Tuesday.

Mrs. Hardman left for Coleman, Alta., on Wednesday's train.

Miss E. Robson returned from a visit to the coast on Monday's train.

A. Fyall has been engaged with the Diamond Vale Supply Co. as salesman.

Mrs. H. H. Matthews is now convalescing after her recent serious illness.

W. Davis, of Vancouver, is spending a couple of weeks among friends in this place.

Mrs. J. Marshall, of Merritt, was taken very ill at the beginning of this week but is now on the road to recovery.

J. A. Menzies, of Lower Nicola, was a visitor to Nicola on Wednesday. He reports plenty of orders for lumber.

Rev. D. K. Allan will preach at Lower Nicola at 11 a. m.; Merritt at 3 p.m. and at the Diamond Vale at 6.30 p.m.

On Monday last Dr. G. H. Tutill received his official appointment as medical officer for the C. P. R. for this district.

The Babcox and Wilcox boiler in the new power house of the Diamond Vale Coal & Iron Mines, Ld., is now bricked in and cemented, and will soon be under steam.

Work on the shaft at Diamond Vale will be resumed early next week, and it is expected there will be no further cessation of operations until bed rock is reached.

Work on G. B. Armstrong's new store at Merritt is being proceeded with as fast as possible, and it is hoped that it will be ready for occupancy by the end of this month.

The bargain sale at Armstrong's, Lower Nicola, is meeting with great success. You had better call before all the bargains are gone. Everything has got to be cleared before removal.

As soon as the summer schedule on the main line of the C. P. R. comes into force, the train schedule on the Nicola branch will be reorganized and a much improved train service put into operation.

The Barwick block, since the store fronts have been put in and the whole building received a coat of paint, is a decided acquisition to the town, and reflects the highest credit on its builder and owner for his enterprise, which it is hoped will be suitably rewarded.

BUSINESS LOCALS.

640 acres of Coal land for sale on R. Gulliford's ranch, at Aspen Grove, B. C. 8-2D

FRUIT—Apples, Oranges, Lemons, Pineapples and Bananas at LEONARD'S this week.

Dr. Curry, the dentist, will leave for Lower Nicola on Monday, where he will open up an office for a week or ten days.

Settings of eggs from pure bred Plymouth Rocks for sale; orders taken now; price $1.00 a setting. E. G. WALKER, Coldwater.

Do you want to sell out? If so, send me particulars of your property and let me find you a buyer for it. G. M. Brash, real estate agent, Nicola.

FOR SALE.—Seed Peas, Cabbages and Parsnips; also a few Yorkshire Pigs about April 1st.—R. H. WINNY.

Comfort is produced by using good tobacco and the "Shield Brand" pipe sold by J. A. Scott, tobacconist, Kamloops.

VEGETABLES — Cabbage, Lettuce, Cauliflower, Celery, Radishes, Green Onions, Rhubarb and Ripe Tomatoes at LEONARD'S this week.

J. B. Haddad, traveling jeweler and watchmaker, of Vancouver, will be in Nicola the first week in May. Parties requiring jewelry or watch repairing can have same attended to by Mr. Haddad at coast prices.

"Better late than never," may be a good maxim, but "never late" is a better one, and applies appropriately to accident insurance. You should investigate this matter at once. Full particulars and rates from G. M. Brash, Nicola.

MERRITT: I have for sale some choice building lots in this the coming town of the Nicola Valley. There are only a few of them, and as there is at present a demand for lots in that locality, they should not remain long unsold. The lots are well situated, are 42 feet by 210 feet, and the price is $125 each. Prompt action is necessary if you want to secure one. For particulars and to view the lots apply G. M. BRASH, Real Estate Agent, Nicola.

John D. Swanson, B. A.

Barrister, Solicitor and Notary Public

Office: East of the Canadian Bank of Commerce, south side of Victoria street, Kamloops. Money to loan on real estate security.
