PRIVY COUNCIL DECISION PERMITS CHINESE TO DO SO'

Province Has No Jurisdiction on Matters of Sunday Legislation.—Colliery Company's Appeal Dismissed.

The Privy Council has refused the Dominion government leave to appeal from the jungment of the supreme court of Canada in the Lord's Day case. This means that the provinces have no jurisdiction in such legislation.

The appeal in the case of attorney-general of British Columbia vs. Wellington Colliery Company was dismissed last Wednesday. This was regarding the question of the legality of the Wellington Colliery Company employing Chinese underground in the mines in contravention of the provincial act which sought to prohibit it from doing so. The company assumed the position that the provincial government had no jurisdiction to prevent the company from ordering its servants to any part of its own property, and the Privy Council apparently has endorsed this contention by dismissing the appeal of the attorney-general.

Bank of Montreal.

A. W. Strickland the new manager of the Nicola branch of the Bank of Montreal took charge on the first of this this month. Mr. Strickland has just come from New Denver where he had been manager of that branch for some. He has been in the service of the institution for years, both in the Territories and this province, and with his experience will make an excellent man for this growing section. He is highly pleased with what he has seen of the Nicola district so far, and can see the future possibilities of this section.

It is expected the bank will move into its new quarters in a few weeks.

G. A. Henderson manager of the Vernon branch, who has been in the Nicola for the past two months opening this branch, left for Vernon on Monday.

Bluebeard H ch.

Friday was the day set for the execution at Chicago of Johann Hoch, the mysterious "Bluebeard" who is believed to have murdered several of his score of wives. However, just an hour before the time set for the execution, Hoch was notified he had been reprieved until the middle of September to allow an appeal. Several boquets were presented to Hoch just before the announcement of the reprieve.

S. Flack of Winnipeg, has been in the Nicola district the past week looking over the various ranches. He will leave this week for the Similkameen.

LOCAL NOTES.

Happenings in Nicola and Throughout the District.

H. W. Sutcliffe of Ten-mile was in Nicola today.

Service will be held in the Church of England on Sunday at 11 a. m ; Coutlee 3:30 p. m.

Messrs. Graham and Watkins left Coutlee this morning for the coal mines on the latest in the way of vehicles, being a Grahamobile, three wheels, one horse power.

Miss Lindsey of Durham, Ont., is visiting with her cousin, Mrs. Thos. Hunter in Nicola. Miss Lindsey is on her way home after visiting relatives in different parts of the States.

C. F. Law who is superintending construction of the wagon road from Otter Flat to his Bear creek mining properties, was in Nicola Saturday. He reports work as going on steadily.

A Luke, superintendent of construction of the ready-made buildings of the B. C. Timber and Trading Co., at Vancouver, arrived in Nicola this week to help push the Bank of Montreal building to completion.

F. C. Gamble, Provincial government engineer, and W. C. Bate, road superintendent for the Similkameen, arrived in town early this morning. Mr. Gamble went on to the coast and Mr. Bate returned to Fairview.

The telephone line between Nicola and Kamloops was down for a few days this week, and at present is only working at intervals. Men are engaged putting it in shape It is reported the manager of the system will have the repairs made all along the line at an early date.

CHINA'S DEMANDS.

Wants Damages for Making a Battlefield of Manchuria.

A New York despatch says: Coincident with China's notice to the powers, that Manchuria must be restored to her intact whatever may be the terms of agreement reached at the Portsmouth Peace Conference by the envoys of Russia and Japan, it is learned that the Chinese government intends to follow this up by demanding of the belligerents a big indemnity as compensation for the occupation of Manchuria by hostile armies.

The amount of the indemnity to be asked will be, at least $100,000,000. This amount of damage the Chinese government estimates has been done to Manchuria, a Chinese province, through the trampling down of the fields, and destruction of villages that were seized and held as bases for operation, and the loss to China by the failure of the belligerents to vacate Manchuria promptly.

It is not believed that the Chinese themselves seriously expect reimbursement for the injury sustained, but the motive in taking such a step on the part of China is further to define her position in regard to Manchuria, to the world at large.

China is particularly anxious that the idea of her complete ownership of Manchuria should be emphasized in connection with the Peace Conferenoe at Portsmouth, because she desires international support in the negotiations which she will conduct with Japan after peace is assured.

300 FEET LOWER

IS THE NEW RAILWAY PASS BY THE ASPEN GROVE.

Many Advantages by Going New Route Than the Old One—Easier Grades, and Cheaper Construction Work.

The Nicola Herald has reliable information that a pass has been discovered east of the old railway survey which will enable the C. P. R. to get a lower route from Nicola through the Aspen Grove to Similkameen.

H. J. Cambie chief engineer of the C. P. R., visited Nicola this week on railway business and took a trip up to Aspen Grove to the watersheds looking over the feasibility of the proposed routes. He was accompanied by Claude Snowden of Princeton, who kindly showed him over the new pass.

The old route of the C.P.R. passes Nicola about 150 feet above Nicola river, commencing to raise at the Forks, but by taking this new pass through Aspen Grove the railway line takes almost a level route from Coutlee and passes Nicola on the flat across the river. It would then follow the level of the lake to Quilchena raising at Quilchena creek and following the valley of that creek to a point due south from The Falls, Aspen Grove, striking the watershed eight miles farther south than it does on the old survey made by the C P. R some years ago. It also makes a difference of about 300 feet between Nicola and Aspen Grove, being that much lower.

By going through this new pass the railway company can not only make it possible to work the mines to better advantage but can enormously increase their tonnage. Besides they will have easier and cheaper construction work.

By following the the lower route it will bring the line down to a point at Quilchena that at some future time when extensions may be made to Kamloops and Okanagan sections the grade will be in such a position that work can be continued on, thus saving a dis- of fifteen miles between Quilchena and Coutlee.

There is every likelihood that this route will now be taken and further investigations will be made in a few days to definitely settle the question.

LARGE ELK HORNS.

Found at Howarth Lake Imbedded in the Mud.

Jos. R. A. Richards proprietor of the Coutlee Hotel, is the proud possessor of a fine pair of elk horns, probably the largest in the province.

The elk horns were taken from Howarth lake by W. Howarth this spring, he having found them imbedded in the mud on the shore of the lake with only the tips protuding. On uncovering them he was much surprised at their size, the horns standing five and a half feet high and are spread from tip to tip three feet seven inches.

Mr. Howarth delivered them to Mr Richards this week who will have them polished and mounted to adorn his hostelry.

It is over thirty years since elk were known to exist in this country, and although having been buried for years in the lake and debris, the horns are in excellent condition.

Spences Bridge Items.

Mr. Strickland the new manager for the Bank of Montreal at Nicola passed through here on his way up. He was accompanied by his wife and two children.

We were pleased to see our genial young operator back with us again after his visit to Nicola. "Bobbie" says he is quite well again and ready for another bucking broncho. It is rumored that he soon will be leaving for his vacation with one grip but returning with two.

Among the Ashcroft visitors here this week were Al. Focault, O Freer, C. P R. agent and W. S. Stewart, freight clerk.

C. H. Tingley paid us a visit one day day this week, returning to Vancouver.

We had quite a shower of rain and thunder here on Thursday and Friday. The rain was welcomed by all as the heat averages daily about 106.

Mrs. John Neagran and two children have returned from a visit to the east.

Railway work is progressing satisfactorily and men, supplies and outfits continue to leave for the work.

MIDWAY-VERNON RAILWAY.

First Dirt to Fly on Monday Says the Coast Papers.

Work is to be rushed on the Midway and Vernon railway, according to the coast paper, which states that McLean Brothers, contractors of Vancouver, have announced that the first dirt will fly on Monday next under the superintendence of the McLean's, who are now at Midway making arrangements.

Work will be started now from the Midway end, but later in the season another outfit will push work from Vernon, so as to hurry completion.

Messrs. McLean Bros. are superintendents of construction of the line. It is being built by the Vancouver firm for the Okanagan Construction Company. The proposed line is one hundred and fifty miles in length. Surveys and accurate plans have been for several months filed with the Railway Commission at Ottawa, and these have been finally approved during the last few days.

The proposed railway will traverse one of the richest mining districts of the province.

Midway seems to be the coming place upcountry. President Hill is operating from there on the construction of the V. V. & E, and the British Columbia Copper Company has made arrangements for the construction of a large smelter there.

Carpenters commenced this week to build an addition to the Coutlee hotel, Coutlee, to accommodate the ever-increasing trade at that place.

METHODISTS MEET

AT LOWER NICOLA LAST TUESDAY ON BUSINESS.

First Quarterly Official Board Meeting. Estimates for Coming Year.—Work Arranged for the Construction Camps.

The first quarterly official board meeting was held in the Methodist Church, Lower Nicola on Tuesday.

The financial report for the quarter was presented by the stewards and regarded as highly satisfactory. The estimates were made for the coming year and there is every indication of a successful year both financially and spiritually. Attention will be paid to the various construction camps along the new line of railway.

David Dodding was elected lay delegate to the Kamloops Financial District Meeting to be held at Tappen Siding next week. At the latter place a summer school is being held and the campers are having a splendid time.

A trustee board meeting was held at the close of the quarterly meeting and steps are to be taken to finish the fence around the cemetery. It is proposed to build a picket fence on the front facing the road. R. M. Woodward will supply the lumber and it is expected to have the fence completed by the end of the summer months. Any person desiring plots in the cemetery may have them by apply to R. M. Woodward the price being $5 per lot.

The next quarterly meeting will be held at Nicola in November.

Roger Pocock Crops up Again.

The "Legion of Frontiersmen" is the name of a semi-military organization which is intended to ramify tho whole British empire; whose motive and desire is to aid in the defence of it should occasion ever demand its service. Those who are competent guides, scouts, shots and pioneers and are able to make a loaf of bread or flip a bannock would be acceptable. For further particulars address Roger Pocock, 6 Adam St., London, Eng.

Roger Pocock is well known in this province having engineered several unsuccessful expeditions. He was in charge of the party who left Ashcroft overland to Klondike, with the unfortunate young English lord who wandered from camp near Quesnel, after suffering hardships and privations, no trace of him ever having been found. Pocock has also written a number of short stories of his adventures in the north.

The mineral wealth of Nicola is attracting consideable attention all over the province. Nicola has the goods.

Tit for Tat.

Judge Forbes, of St. John county court New Brunswick, has a sense of humor despite his experience on the bench. He has got even with the English magistrate who recently sentenced a British criminal to Canada. A day or two ago Judge Forbes had before him Thomas Jackson, an Englishman who had stolen $60 from his room-mate, and plead guilty to the theft. Having in mind the English judge's sentence, and writhing under the implied slur upon Canada, Judge Forbes, seeing a good chance for retaliation, imposed on Jackson a sentence of two years in Dorchester penitentiary or to return to England. The man was remanded to jail until he could make up his mind.—Vancouver World.

Gibbons Acquitted.

C. H. Gibbons, newspaperman of Victoria, was Monday afternoon found not guilty by a jury. He was immediately discharged by Mr. Justice Morrison.

The judge's charge was strongly to the effect that Gibbons did not intend to kill or wound Mecredy, but merely to intimidate him, and that in the scuffle the gun went off.

A soldier telling his mother of the terrible fire at Chickamauga was asked by her why he did not get behind a tree. "Tree," said he, "there wasn't enough for the officers!"

VISCOUNT WITH GUARDS.

Distinguished Irishman Will be at Dominion Fair in New Westminster.

The officer who will be in charge of H. M. Irish Guards band on their forthcoming visit to the Dominion Fair at New Westminster will be Lieut. Viscount de Vesci. The Viscount de Vesci descends from the great baronial family of De Vesci which was in historic eminence in the time of the early kings, and had summons to parliament as Barons de Vesci in 1264. The first baronet was Sir Thomas Vesey who was created a baronet of Ireland, September 28, 1698, but subsequently taking holy orders was consecrated bishop of Killaloe 1711. Lieut. Viscount de Vesci is the second son, although heir presumptive, of Sir John Robert William Vesey, who was lieutenant colonel of the Coldstream Guards, and of the Honorable Artillery company of London. The Vesey family have for a century and a half occupied important commands in Britain's army and navy.

An Effective Sample.

A clergyman was very fond of a particularly hot brand of pickles, and finding great difficulty in procuring the same sort at hotels when traveling, always carried a bottle with him. One day when dining at a restaurant, with his pickles in front of him, a stranger sat down at the same table. With an American accept presently asked the minister to pass the pickles. The minister, who enjoyed a joke, politely passed the bottle, and in a few minutes had the satisfaction of seeing the Yankee watering at the eyes and gasping for breath. "I guess," said the latter "that you are a parson?" "Yes, my friend, I am," replied the minister. "I suppose you preach?" asked the Yankee. "Yes, sir; I usually preach twice a week," said the minister. "Do you ever preach about hell fire?" enquired the Yankee. "Yes; I do sometimes consider it my duty, to remind my congregation of eternal punishment," returned the minister. "I thought so," rejoined the Yankee, 'but you are the first of your class I ever met, who carried samples."—The Tattler.
