POLO CLUB DOINGS

AFTERNOON OF SPORTS AT QUILCHENA TOMORROW.

Officers Were Elected at a Largely Attended Meeting Last Week.—Finances in Good Shape and Outlook Bright.

The meeting of the Polo Club held at Quilchena last week was well attended and was thoroughly enthusiastic with regard to the prospects of the club during the coming season. After a most satisfactory financial report had been given by the secretary, G. A. Lafferty, the meeting proceeded with the election of office-bearers. The following gentlemen were unanimously appointed:

Hon. President—J. B. Greaves.

President—Jos. Guichon.

Vice-President—F. W. Jackson, S. Kirby, J. N. Moore, A. W. Strickland.

Secretary-Treasurer—G. A. Lafferty.

Captain—G. A. Lafferty.

For a practice ground the club have been fortunate in obtaining the old race track, and when this is put in order the club will have one of the best little polo grounds in the province.

As an earnest of the work the club intends doing, they are holding sports on their ground tomorrow (Saturday) and the following is the program:

Half-mile open race. 1st prize $10; 2nd prize, $3. Entry fee $1.

Gymkhana—Quarter-mile polo ponies 14 1-2 hands and under; threading the needle race; cigar and soda race; hitting polo ball race; hurdle race.

Gymkhana events are open only to members of the polo club.

A small charge will be made for admission to the grounds.

In the evening a cinderella dance will be held in the Quilchena hall. Dancing will commence at 8.30 sharp, and a charge of 50c will be made for gentlemen to defray expenses.

Numerous enquiries are being made with regard to the polo club, and many new members are being enrolled. The club will pay visits to Grand Prairie and Kamloops during the season, and these and Kelowna will visit Quilchena before the close of the season.

The sports on the club grounds tomorrow afternoon should on no account be missed, as some of the best riders in the district are members of the club and will furnish an afternoon's sport that will be hard to beat in the upper country.

Full particulars of the races, and applicants for membership can obtain the necessary information from the secretary, G. A. Lafferty, Nicola.

A Location Notice.

Below is given what is claimed to be a bona fide copy of a location notice posted on a claim near Cornucopia, Ore. It claims about everything between heaven and the other place and is the prize notice until something can be shown to beat it:

We the undersigned men of worth,
Just to show that we're on the turf,
Do hereby locate for ourselves alone,
Fifteen hundred feet radius around this stone;
Together with mineral and water rights,
All placer lands and townsites,
All veins and ledges within our line
Of brass and gold or other mine.
We claim all coal and oil as well
From the top of the sagebrush down to hell;
All the air and sunshine, too,
Up to where the sky shines blue.
The name of the claim is Wilson and Green,
No. 400 and group 16.

Dukedom For Strathcona

The statement has been going the rounds in eastern political circles to the effect that His Majesty would in the near future confer a dukedon upon Canada's High Commissioner, Lord Strathcona, who will naturally resign the office of Canadian High Commissioner to be replaced by Sir Frederick Borden. It has also been stated that May 24th is the date fixed for the decree. It is said that His Lordship will continue to reside in London most of the time.

To Abandon Prince Rupert.

According to an Ottawa dispatch, it is believed there that the G. T. P. company has abandoned Prince Rupert as the western terminal of the road. Construction on the eastern section of the G. T. P. will be commenced in a few days.

Will Visit B. C.

The Conservative party is strengthening its organization for the next general election. The proposed Dominion Conservative Party Convention to have been held this summer is off for the present, but the Hon. R. L. Borden is to tour the country from Nova Scotia to British Columbia, visiting every province and making himself acquainted with practically every constituency.

LOCAL NEWS.

Mrs. C. Barbour was visiting at Coutlee yesterday.

All roads will lead to Nicola on Victoria Day—May 24th.

Mr. and Mrs. T. O. Townley, of Vancouver, were in Nicola on Tuesday.

Dr. A. K. Connolly, of Vancouver, has been rusticating for the past few days in Nicola and vicinity.

Rev. T. H. Wright leaves today for the session of the Methodist Annual District Meeting which will be held at Kamloops on Monday and Tuesday.

Jos. R. A. Richards, proprietor of the Coutlee Hotel at Coutlee, returned on Monday's train after an absence of six weeks at the coast and Harrison Hot Springs.

O. S. Bent, of Vancouver, spent a few days in Nicola during the past week visiting his uncle, Geo. Bent, before leaving on a trip to Fairbanks, in the Yukon Territory.

Church of England services will be conducted next Sunday in Nicola at 11 a.m. and 7.30 p.m., and at Coutlee at 3 p.m.; collections for church missions. Rev. J. Thompson, rector.

Rev. George Murray will preach in the Methodist church next Sunday at 11 a.m., and A. R. Carrington in the evening at 7.30. Services will be held at Lower Nicola at 3 and 7.30 p.m.

George Irvine, of Seattle, a manufacturer of cement and plaster work, has taken up his residence in Nicola, and will move his family over here during the present summer. Mr. Irvine was in Nicola nine years ago and since that time has traveled largely through southern B. C. and the coast states, and incidentally acquired considerable of this world's goods, but he says that no spot has struck his fancy so much as Nicola, particularly as an ideal place of summer residence.

ITEMS OF INTEREST

COAL STRIKE PRACTICALLY SETTLED BY THE VOTE.

Methodist District Meeting at Kamloops Next Week.—Judgment Reserved in Munro vs. Gillie Estate Case.

Although the vote of the district showed a majority of the miners willing to accept the proposed agreement, no contract has yet been signed by the miners, but the operators have already signed. G. G. S. Lindsay, general manager of the Crows Nest Pass Coal Co., left for Toronto on Saturday, to consult with the board of directors. This is taken locally as a sign that everything has now been amicably settled.

Seen on Sunday, President Sherman of the mine workers stated that it would probably be two weeks before all the men were back working again, and even then the mines would be short-handed, as so many men had left the district.

"In any case," he said, "I predict a coal famine next fall. The cessation of work has already assurred this, and even if the men were to go back today the mines would not get full complements of men before fall."

Nearly all operators have left for their homes, one or two only remaining and they will leave shortly. On the arrival of Secretary Macdonald the district board meeting will be held, first thing, to determine whether the agreement should be signed or not. So far, the board members here are non-commital, not saying whether they will sign or otherwise, and a slight feeling of uneasiness still exists, although no groups longer congregate on the street corners and the excitement has apparently died down.

The vote of the coal miners on the proposed agreement for district 18, as cast at the various local centres, is officially announced.

The majority for the agreement over the whole district is 375, the total vote being 1875.

District Meeting.

The annual meeting of the Kamloops district of the Methodist Church will convene in the Methodist church at Kamloops on the 13th and 14th inst. Ministers and lay representatives will attend from all the circuits and missions of the entire district which stretches from Golden and Trout Lake City on the east to Ashcroft and Lillooet on the west. The work of the year will be reviewed and tabulated for the coming conference which this year meets in the city of Vernon from the 15th to the 22nd inst.

Munro vs. Gillie Estate.

The case of Munro vs. executors Gillie estate, was heard at the Kamloops assizes this week. The judge reserved his decision and it may be several weeks before the outcome is known.

Vancouver to Have New Paper.

Vancouver is to have a new weekly illustrated paper, devoted to current events, society, music and drama, literature and humor. The printing plant of the defunct Guardian has been purchased by John P. McConnell and R. S. Ford, his brother-in-law, who recently arrived from the east.

Mr. McConnell, who is a writer of considerable repute, will edit the new paper, while Mr. Ford will manage the business end.

The new publication will be known as the British Columbia Saturday Sunset, and the first issue is expected to make its appearance about June 16.

Andy Hunker's New Strike.

Andy Hunker, famed as the discoverer of Hunker Creek, and C. A. Leavitt, a Nevada and California hard rock miner, left Dawson quietly several days ago and are reported to be stampeding somewhere toward the Rocky Mountains, northeast of Dawson and perhaps to a destination beyond the divide somewhere within the Mackenzie watershed.

Considerable excitement has been created in a quiet way, and some of the more curious are said to have started on the trail of Hunker and Leavitt. Some of the wise ones say that the men are bound for the Wind river or the Peel river district, and others think they may be going further into the Mackenzie valley.

Andy Hunker is well known in the interior, having some years ago resided at Kamloops. At one time he was engaged excavating the ground behind the town for the water reservoir, and for a josh on some of his friends he "salted" the earth and let a few in on the quiet. For a short time there was great excitement and all the ground in the neighborhood was staked. Those who did not "bite" had the laugh, with Andy, on the crowd who staked claims.

Lepers Shipped to China.

Monday morning the entire colony of six Chinese lepers, which hitherto has been located on an island in the Gulf, was shipped to China by a special steamer chartered by the Dominion government. This step is the outcome of an arrangement arrived at between Canada and China and in future all leperous Chinese caught within the Dominion will be returned to China at the expense of the government of the Celestial Kingdom.

Touch of High Life.

A sympathetic jury at Seattle on Thursday, not only acquitted Ruth Jackson for murdering her husband, but passed the hat, the jurors contributing fifteen dollars on receiving Ruth's promise to be good always. She next day was in prison again, having taken the jury's fifteen for one tremendous "souse."

Foresters' Reunion.

Arrangements are under way for the holding of a grand reunion of Foresters from all lodges of the Ancient Order in Vancouver next August.

Sharples Tubular Cream Separator.

A little care about what you buy to help make dairying easy and profitable will not be wasted.

Just as there is no other separator as good as the Tubular, so there is no Cooley Can or dilution process creamer equal to the poorest separator. The separator and the Cooley Can, or process creamers, are entirely different and should never be confused.

A Tubular Separator gets all the cream—gets it immediately after milking—saves handling, ice and storage—gets the skimmed milk sweet, warm and wholesome for the calves and pigs—saves washing a lot of pans and cans. On the other hand, a Cooley Can, or a process creamer, wastes one-fourth the cream (a loss to you of one-fourth the profit)—requires numerous cans, storage room, and ice—cools and injures the skimmed milk until it is almost valueless—requires the washing of numerous cans—in fact, proves itself practically no better than pans. It is well to avoid cans and process creamers if you are looking for least labor and biggest profits.

Be sure and see a Sharples Tubular Cream Separator now on exhibition at the Stage Office, Nicola.

Address all communications to Dr. C. W. Cross, agent, Ashcroft, B. C.

EDITORIAL NOTES.

With the completion of the railway to Nicola many changes for the better have cropped up, and although there is no boom or excitement on everything looks as if there will be a prosperous year for the valley. The coal mines are doing good and substantial work, and in a very short time there will be numerous other industries started up as a result of the working of the mines. At Coal Gully all the coal that can be produced is taken up as fast as it can be taken out, and as soon as conditions are sufficiently advanced the force will be increased and several hundred tons a day taken out. At the Diamond Vale a large staff of men have been engaged installing machinery, erecting houses and sinking the shaft to the coal seams on the property. This company has also very favorable prospects of being a producer of coal in a few months' time. With this work going on that part of the valley is quite busy, and the results are extended to other parts. The townsite of Merritt will be placed on the market in the course of the next few weeks, and with the business places already there, others are only awaiting to secure suitable lots to build on. Before the coming fall Merritt will be a busy town.

Nicola lake will shortly become one of the choice summer resorts of British Columbia. A large and up-to-date hotel will be built at Quilchena, which is an ideal spot. A new hotel for the town of Nicola is also talked of, and probably the town will come in for a share of the trade of tourists, as during the past year people kept away on account of the poor hotel accommodation. Now that the railway is here many people from the coast and other points will take advantage of the transportation facilities and spend the week end in Nicola valley.

During the past week the provincial constable knocked out two fish traps constructed in the Nicola river. Indians are credited with being the guilty parties. There is a law against the placing of traps in any stream to capture fish and it should be rigidly enforced. Last year several traps were taken out and the fishery department has also removed other obstructions so as to permit salmon to come up the river to spawn. Any person who knows of a trap in the river should remove it.

Sir Tea Lipton does not intend to manoeuvre any of his racing yachts on Nicola lake on Victoria Day, nor will there be any auto. races, balloon ascentions or wild beast shows here on that day, but just the same there is going to be a large chunk of unadulterated excitement ribbed up in Nicola on the 24th of May---fully as much, in fact, as any of the above-mentioned "spectaculars" could induce in a large city. The program of gymkhana events and sports of various kinds is very elaborate, to say nothing of the horse races, which will be a truly hair-crimping feature.
