The Weather.
New Westminster and the lower mainland: Light to moderate winds, chiefly cloudy, with showers today or Saturday.

STRIKING MINERS WARY WHEN MILITIA COMES

Silent Warning of Maxim Guns and Hundreds of Rifles Checks Mad Rioting—Soldiers Assure Protection and Those in Hiding Return to Homes—Four Special Policemen Are Still Missing

BRIEF OF SITUATION.

Four hundred Victoria troops, in command of Colonel Hall, arrived in Nanaimo yesterday morning.

Several companies of the 72nd Highlanders and Sixth regiment of Vancouveer left that city last evening for the scene of the strike.

Everything quiet in Nanaimo, but trouble said to be imminent.

Herald still unable to publish.

Jingle Pot mine reported to have made terms with U. M. of A.

Western Fuel company decide to ignore claims of the strikers.

Nanaimo, Aug. 14.—Nanaimo tonight resembles an armed camp. The scenes of last evening have changed from a howling mob destroying property, to a city practically under martial law where the red coats are to be seen in different sections of the city ready to fire upon any strikers or sympathizers who desire to create trouble. At the present time both parties, or in fact three parties, the mine operators, the strikers, and the militia, are awaiting developments that may come at any moment.

That the arrival of the militia and regular troops was unexpected at so early a date is putting it mildly. The strikers, while dearly loving to rush the troops, appear to be afraid of the rifles and ball cartridges in the hands of the militia. They realize that a great difference exists between the militia augmented by two machine guns, and special constables who were handled roughly yesterday and shipped back to their destination. Hence the quietness that prevails in the city this evening.

Return from Hiding.

The Victoria troops, with the exception of a small section left to guard the mines at Extension, returned from that place this evening and are now encamped in the city. While at Extension many strikebreakers, who, during the trouble were routed out of their homes and chased to the woods, returned from hiding just as soon as they saw protection in sight. Many are as yet unaccounted for and it is feared that several of them may perish in the woods from the injuries they received during yesterday's terrific struggle. One woman in hiding is reported to have given birth to a child, but the authorities were unable to find out for sure.

All of the refugees have been shipped to safety.

The Victoria troops, 400 strong, are likely to march to Cumberland sometime tomorrow morning where more trouble is reported, although one or two companies at least are sure to stay in Nanaimo and offer protection to the non-union men.

Highlanders Out.

The news that the Seaforth Highlanders of Vancouver were coming over on the evening boat, threw additional consternation in the ranks of the strikers and they have little prospect of creating more trouble in the streets or at the mines unless they run the risk of being riddled with shot.

Several of the agitators among the miners, however, are said to be urging desperate action and it is altogether probable that a clash will table place some time tomorrow between the men and the troops.

Orders have been passed out to the under officers in command of the troops to arrest any men noticed inciting to riot and to shoot if necessary should the occasion arise.

Herald to Publish.

Although it was given out that the Herald, the local morning paper, would issue on Friday morning after a rest of two days it announced this evening that no attempt would be made to start the machinery until early that morning owing to the chief of police failing to provide police protection. The manager, however, stated this evening that he would see that the Herald would be on the streets on Friday noon and would seek the protection of the military officers should any attempt be made to loot the premises.

The staff of that paper have been in a position, not to be envied, since Sunday as they have been singled out by the strikers and more than one attempt has been made to do them injury.

Hard on Strike-Breakers.

More disturbances occurred on the streets during the time the militia were at Extension, several strikebreakers being recognized and a few of them being roughly handled. One man was chased through the principal street to the police station where he sought sanctuary. The crowd demanded that he be sent out, but the police refused and its attitude became threatening.

Owners Obdurate.

During the whole of the trouble the Western Fuel company, owning the principal mines, have remained obdurate and the head officials connected with the company state they will make no attempt to meet the miners until the rioting has ceased and the agitators and members of the I.W.W., who are alleged to have been drafted in by the head officials of the union, have been sent out of town.

The only new development in connection with the demands of the miners is the report that the Jingle Pot owners, controlled by the Vancouver-Nanaimo Coal company, have agreed to recognize the union and meet their demands. This report is not taken seriously as it is pointed out that the Jingle Pot is so situated that unless the other mines are in full operation the cost of shipping the coal out would be too great. The mine when running full time only employs about 175 men.

The 72nd Highlanders, of Vancouver, together with possibly two or three companies of the 6th regiment will probably be moved out to Cumberland and Ladysmith once they arrive here.

Special Constables Missing.

Extension, Aug. 14.—Four special constables are still missing here following the battle between the police and the strikers of yesterday and the military are scouring the adjacent woods for them.

Most of the little colliery village is a heap of smouldering ruins. Scarcely a house but has suffered, not a pane of glass is to be seen and the damage is estimated at thousands of dollars.

More destruction would have taken place here today had not the militia arrived in the nick of time. Many of the strikers are armed with revolvers but these are no match against the long distance rifles and added to the latter are two Maxim guns in charge of the garrison artillery men from Esquimalt, ready to sweep the district with shot should any more disorder break out. Telephone communication which was cut between here and Nanaimo this morning has been restored but only for a short time.

LONG LOST SHARE OWNER SHOWS UP

Stock He Bought for Three Cents Now Worth Dollar with Prospects of Going Still Higher.

Wallace, Idaho, Aug. 14.—One of the long lost stockholders of the old Tamarack & Chesapeake Mining company, recently absorbed by the Tamarack & Custer Consolidated company, Patrick J. Hurley, who was located at Kingman, Ariz., by an article in a newspaper last December, has made his appearance in Wallace, to claim his 4250 shares of stock in the new corporation. The issue was bought by Hurley for from 3 to 5 cents a share and is now worth approximately $1, with prospects of it becoming more valuable still, as the Tamarack & Custer is regarded as among the most promising mines in the Coeur d'Alenes.

Hurley worked for several years in the Mammoth mine, with which James F. McCarthy, now president and general manager of the Hecla company, was then connected, and when he left the district about 1902 he deposited his certificate with Mr. McCarthy for safe keeping and it has lain in the vaults of the Hecla company awaiting a claimant. After reading of the efforts of the officers of the Tamarack & Chesapeake company to locate him Hurley endeavored to identify himself by letter, but stated that he had left the stock with a man by the name of Carter.

This led to the belief that some one was endeavoring to impersonate the real Hurley and the company refused to deliver the certificate. Accidentally meeting Hurley on the street in Wallace recently Mr. McCarthy immediately recognized him and the stock has been delivered to him.

IRISHMEN AT IT AGAIN.

Londonderry, Ireland, Aug. 14.—The police today were again constantly employed in suppressing street fighting between Nationalists and Orangemen. Numerous charges were made by the police, who used their clubs freely. An elderly man named Armstrong was shot today during the fighting, which began at a political meeting Tuesday.

MORE CITY BONDS ARE DISPOSED OF

Block of $5000 Sold—Engineer and Valuator to Report on Gas Plant Purchase.

Announcement that another block of bonds aggregating $5000 had been disposed of at a price of 96 net was made at a special meeting of the council yesterday. Several enquiries were read as to the sale of the bonds, but the council decided to await further developments and better prices offered before disposing of the remainder.

It is probable that should the city decide to take up the option on the New Westminster gas plant, and place the matter before the citizens for ratification, the vote on the Coquitlam dam question will also be taken on the same date, thus saving the expense of a double election.

To Retain Engineer.

In connection with the gas plant it was decided that the city retain the services of an expert gas engineer who is to report as to the value of the plant and what advantages it would offer to the city should the latter buy it. An independent valuator was also authorized in order to estimate the value of the real estate owned by the gas company.

Two representatives of the Northwest Construction company appeared before the council in regard to the Sapperton sewerage scheme of which it has the tender. This company recently offered to go ahead with the work, taking the bonds for same as payment. A report from the finance committee will be made within the next few days.

The question as to whether the city owns the land near the Fraser river bridge on the south side of the river was referred to the engineer, who will take the matter up with the Surrey municipal authorities.

WANT SECOND RURAL MAIL DELIVERY

Route Mapped Out Will Be Presented to Postal Authorities for Approval.

An effort is being made to establish a rural mail delivery from New Westminster covering Burquitlam to Port Moody, thence to the outskirts of Port Coquitlam and back to Westminster, penetrating the rural portion of Coquitlam as far as possible. The difficulty has been to secure a route satisfactory to the postal authorities, and best adapted to the convenience of settlers, in the less accessible localities. The difficulty with the government is the curious rule that the route must not compel the postman to double in his tracks for even a short distance.

The movement was started recently under the auspices of the West Coquitlam Conservative association when the following committee was appointed to ascertain the most feasible route: George Alderson, chairman; Reeve Barth, Councillor R. J. C. Atkins, F. Cockerill and P. Runacres.

Last night a largely attended meeting of those interested in the delivery was held in the Burquitlam agricultural hall with George Alderson in the chair.

Proposed Route.

The route proposed is North road to Lake Como or Johnston road Clarke road, Smith road, Blue Mountain road, Lake Como road as far as Gettensbury road, then back a short distance to the Clarke road, thence to Port Moody, through Port Moody to Pitt river road, Marmont road, Austin road, Blue Mountain road, Pitt river road again and finally New Westminster, a distance approximately of 20 miles. The only possible objection that can be raised by the postal administration is that for about a quarter of a mile the postman retraces his steps on Lake Como road.

Big Petition.

The chairman reported that Mr. Runacres had secured 120 names of householders in the district, favorable to the project. The committee had also got a rig and traversed a route which he submitted as a basis of discussion.

Reeve Barth said the post office authorities would not allow travelling over the same distance twice; one must keep going ahead. The route in this case did.

Councillor E. Martin pointed out the very short distance this occurred and the great advantage reaped by it.

Reeve Barth—That might be represented to the department. I suggest the chairman appoint somebody to interview the post office authorities in Vancouver, present the route mapped out on a blue print and get their opinion on it.

The suggestion was unanimously adopted.

Panama Needs Soldiers.

Paris, Aug. 14.—Count Maurice de Perigny, French explorer, writing to the Temps today from Colon, regarding the Panama canal, says: "This gigantic and admirable work of the United States is insufficiently protected in a military sense." The count thinks that instead of 8000 soldiers distributed among the various posts along the Panama canal there should be at least 25,000.

ONE MINER KILLED IN CALUMET STRIKE

Copper Miners in Michigan Riot and Blood Is Shed—No Settlement in Sight.

Calumet, Mich., Aug. 14.—One striking copper miner was killed and two deputy sheriffs were wounded tonight in the first fatal outbreak of the copper miners' strike. The fight took place at Seeberville, an Italian miners' settlement. The dead miner was killed while resisting arrest.

The deputies went to Seeberville to get two strikers who had forced the line of guards at the Champion mine of the Copper Range Construction company. The two strikers, though without passes, refused to be halted by the guards. Later when the deputies went to Seeberville to arrest the men the strikers gathered and attacked the peace officers with bottles and revolvers.

In the fight two of the deputies were hurt and one of the strikers fatally wounded. Many shots were exchanged and a number of the strikers were injured in the melee.

The first ore taken from the Champion mine since the strike began was hoisted today. A conference was held today but no decision was announced.

WANTED TO KNOW; SO HE JUST ASKED

Ratepayer Insists in His Queries Until Councillors at Coquitlam Grow Wrathy.

At the Coquitlam council meeting on Wednesday afternoon, W. Whiting, Rochester road, raised quite a commotion on the Burquitlam water question.

Granted permission to ask a question, Mr. Whiting asked several, implying unfair discrimination on the part of the council against Rochester and Austin roads and in favor of North road and Maillardville residents.

The reeve explained that there was no discrimination; Maillardville people were to get the water under the local improvement law and would pay for it themselves. They had not got it yet.

Mr. Whiting asked why people on the Rochester road should be charged at the rate of $175 per acre, and on the North road be only charged $10 or $11 to get water.

Councillor Foster replied that on the North road the people were not put to the expense of laying a main. They tapped the Burnaby main. Along the Rochester and Austin roads new mains would have to be laid.

Several further questions were put and it was evident Mr. Whiting was not satisfied with the answers, despite the reeve's assurance that everything was being done to facilitate the supply of water to the Rochester road people.

At length Councillor Atkins, who had been visibly approaching boiling point, burst forth in wrath. "I object to have to listen to him all day. He does not know what he is talking about." Turning to the irrepressible Mr. Whiting said, "Don't go too far. Wake up. You are half asleep."

The reeve demanded order.

Councillor Martin sought to allay the storm by assuring Mr. Whiting that Rochester road people might beat Maillardville yet in the race for water, according to the procedure being pursued for the North road was a different proposition. If Mr. Whiting came to reside on the North road he would also have the felicity of cheap water.

SULZER'S POSITION DECIDED TODAY

Lieutenant-Governor Glynn to Make Demand for Position of Governor.

Mrs. Sulzer to Be Star Witness at Trial Is Still in Critical Nervous Condition.

Albany, Aug. 14.—Lieutenant-Governor Glynn will make a formal demand on Governor Sulzer tomorrow for possession of the executive chamber at the capitol and thus bring to an issue the question as to who is governor of the state of New York. This was announced tonight by friends of the lieutenant-governor.

Meanwhile the governor's wife, who is expected to be the star witness at his trial, lies in a critical condition in the executive mansion. Her nervous collapse of yesterday, which was accompanied by hysteria, grew so serious this morning that the governor sent to New York for two more specialists.

Her condition was reported as somewhat improved tonight.

No Announcement.

With the situation thus complicated various departments of the state government marked time today and with one exception made no open announcement of their attitude toward either claimant. Lieutenant Colonel E. B. Howard, of the staff of Adjutant General Hamilton, called upon the lieutenant-governor today and formally recognized the authority of Mr. Glynn by asking if there were any orders he cared to transmit to the adjutant general, who was about to leave town. Mr. Glynn had none.

Secretary of State Mitchell was also reported, by one of Mr. Glynn's supporters, to have recognized the claims of the lieutenant-governor, and it was said he would refuse Governor Sulzer access to the great seal of the state of New York which is kept in the secretary's office.

Governor Sulzer made no effort today to resist service upon him of the assembly's articles of impeachment and the summons of the senate calling upon him to appear before the court of impeachment on Sept. 18.

Mr. Glynn in the capacity of acting governor; Senator Wagner, as acting lieutenant-governor, and Speaker Smith, sitting as the board of trustees of public buildings, on Monday next, will open bids and award contracts for work in the capitol involving about $300,000. The exclusion of Mr. Sulzer from participation in this meeting is expected to result in an attack by his supporters on the legality of these awards.

Senator's Daughter Dead.

Calgary, Alta, Aug. 14.—Senator G. F. Baird, of Perth, N.B., is in the city today. Mr. Baird was on his way to the coast to be at the bedside of his daughter, who was seriously ill, when he was met at Indian Head by a telegram informing him that she was dead. The body is coming east today.

If U. S. Approves.

Johannesburg, South Africa, Aug. 14.—Colonel William C. Georgas, chief sanitary official of the Panama canal commission, has accepted the invitation sent him by the chamber of mines to undertake the improvement of the sanitation works on the Rand subject to the approval of the United States government.

B. C. Official Dead.

Nelson, Aug. 14.—After an illness of only a few days, Jake Serson, provincial superintendent of bridges, and a resident of Kootenay for nearly 30 years, died last night in the Kootenay Lake general hospital. He was about 69 years old.

SHORT DESPATCHES ON MEXICAN TROUBLE

Washington, Aug. 14.—President Wilson tonight publicly reprimanded Ambassador H. Lane Wilson for his recent attack on the British foreign office. Ambassador Page was instructed to express to Sir Edward Grey the regret of the American government that a diplomatic official of the United States "should have been guilty of such an impropriety."

Thirty Federals Killed.

Eagle Pass, Tex., Aug. 14.—Thirty federals were reported killed and many wounded at Abassola. Fourteen federal prisoners were captured, including a captain, who immediately was executed. Five constitutionalists were killed and two wounded. The remaining federals in Abasola were attacked today, but the outcome of the engagements is not known.

Doctor a Prisoner.

Douglas, Ariz., Aug. 14.—Donya Pascuala, Amazon, a military physician, passed Agua Prieta today a prisoner on her way to Hermosillo. Her arrest ended temporarily at least her career as leader of a guerilla band which during the last year had terrorized small towns in Sonora state.

Pascuala has proved as dexterous at shooting lead into men as cutting it out. For years she was known as a physician in the Bavispe river country, acting as examiner for the insurgent state troops.

It was charged that she allowed the rich residents to avoid military service by declaring them physically unfit, while the poor she pronounced always in the best of health.

This led to a break with the state authorities; organizing a band of armed men she set out on an independent career.

Not Worth Sacrifice.

Indianapolis, Aug. 14.—"To sacrifice the life of one soldier for all the dollar investors and shippers have invested in Mexico would be the extremest folly," former Vice-President Fairbanks said tonight in addressing the mid-summer meeting of the Indiana Republican Editorial association upon the situation in Mexico. "If our speculators in Mexico suffer pecuniary loss as the result of recurring revolution, that is a matter for future consideration when a stable government and peace are fully established in that country," he continued.

"It is not warrant for shedding blood of Americans."

"President Wilson is doing all that is possible to handle the situation peaceably," Mr. Fairbanks said, "and former President Taft dealt admirably with the question."

HID THEIR FACES BEFORE CAMERA'S EYE

Women Spectators at Unsavory Diggs Case Ashamed to Be Photographed There.

San Francisco, Aug. 14.—Lola Norris followed Marsha Warrington on the witness stand and repeated virtually unchanged but in stronger terms the story of seduction, intimidation and elopement from Sacramento to Reno, on which the government bases its prosecution of Maury I. Diggs and Drew Caminetti under the Mann act, which forbids the transportation of women for immoral purposes from one state to another.

The day was punctuated by a series of sharp minor surprises. One of these was the opposition shown by the authorities to the vulgarly curious who are daily following the trial.

Covered Their Faces.

During a ten minute recess in the afternoon session, photographers and moving picture men invaded the court room and there was a flurry among the principals in the case and the women spectators, all of whom covered their faces. One photographer was arrested and fined $50. The court confiscated his negatives.

Judge Disapproves.

Early in the day the court commented sharply on the presence of women. "I see some very young women in the rear of the court room," said the judge. "Are they accompanied by their mothers or chaperones?"

One of the girls spoke up and said they were.

"If that is the case," said the judge, "then the responsibility is on their elders and not on the court."

In the morning session Marsha Warrington concluded her testimony on cross-examination when Judge Van Fleet cut short the questions of Nathan Coghlan for the defence with a curt statement that they were eliciting nothing new or material to the case.

There was definite assurance tonight that the case will extend over into next week. There will be no sessions of court Saturday of this week or next Monday. Lola Norris will resume the stand tomorrow.

FLOWER SHOW AT BURNABY TODAY

Reeve McGregor Will Open Exhibition—Garden Contest Judging This Afternoon.

Final arrangements were made last evening for the first annual flower show in Burnaby, which opens at 2 o'clock this afternoon on the municipal hall grounds, Edmonds. Reeve McGregor has consented to take charge of the opening ceremonies, assisted by President Walter Rose, and if the weather man is anything kind in his work there will be a crowd present well worthy of Burnaby when the show is officially opened.

Starting early in the winter, the committees composed of prominent citizens of the municipality and representing the whole of the Burnaby district, have worked hard for the success of the first annual flower show. Meetings have been held during the past few months when trophies and prizes have been donated so that the prize list at the affair, which opens this afternoon, will be well in keeping with the announcements made.

As an added attraction the committee has arranged a series of musical entertainments which will be started each evening of the two days' show.

The charitable aspect will not be missing for the Burnaby branch of the Victorian Order of Nurses has erected a large tent where refreshments will be served, the proceeds going towards the work of the order in Burnaby.

This afternoon immediately following the opening, the judges in the garden entries will announce their decision. This competition has aroused much interest, each district in Burnaby having several entries.

Vehicular traffic between Edmonds and Central Park is held up on account of the paving of Kingsway, but during the past few weeks the paving company has completed the strip from the corner of Twelfth street and Edmonds road to the municipal hall grounds, thus allowing easy access to the show.

Wheat Prices Firmer.

Winnipeg, Aug. 14.—Wheat prices were a shade firmer, influenced by a strong corn market and higher Liverpool cables. Oats steady, while flax continues on the up trend. Winnipeg wheat opened 1-8 to 1-4 higher and closed 1-4 higher for all months.

ANOTHER CROP OPINION.

Calgary, Aug. 14.—That Alberta will have a record crop, is the information gathered from reliable correspondents, by W. J. Walker, president and general manager of the Great North Insurance company, which has interests in all parts of the province.

The feeling is general that the farmer will be enabled to pay off more debts than ever before in the history of this province, provided they are able to obtain a normal price for their grain, which they are planning to harvest with as little expense as possible.

STORM CLOUDS DISAPPEARING

Conciliation Board Finish Work in B. C. E. R. Employees' Dispute.

Hon. Justice Murphy, Moses B. Cotsworth and H. O. Alexander Were the Arbitrators.

After several weeks of work, in which the whole situation as regards the cost of living on the coast compared with eastern cities has been gone into, the board of conciliation, recently appointed to consider the terms of agreement between the B. C. E. R. and its railway and shop employees, covering wage schedules and working conditions, was handed both to the men and also the company yesterday.

The full report of the findings will not be known for a few days yet as it has been sent to the Dominion authorities in Ottawa.

Mr. Justice Murphy, chairman of the board, has said that it would be fitting if both the company and the employees deferred comment on the matter until the report is presented through the Dominion officials.

In accordance with the request of the chairman of the board, it was stated by the company last evening that it had no statement to make on the subject of the award at the present time.

Men Meet Tonight.

Little or nothing could be learned from the employees of the company in Westminster last evening, although it is reported that mass meetings of the different unions will be held simultaneously in New Westminster, Vancouver and Victoria this evening to decide what action to take on the matter.

According to one of the officials of the local street railway men's union the crisis of the situation would probably come this evening, although he expected that no serious trouble would occur. This same official stated that the company desired to sign a new agreement for only one year, while the men are holding out for at least a two year agreement. The one which has existed for the past three years expired some weeks ago but the decision to arbitrate the matter delayed the expiration of the agreement until the conciliation board hands down a decision.

Moses Cotsworth of New Westminster represented the employees on the board, while H. V. Alexander, of Vancouver, acted for the company with Mr. Justice Murphy as chairman.

KELOWNA WILL BE ON DECK

Orchard City Will Send Big Exhibit to Fair Here—Manager MacKenzie's Mission.

Kelowna, B.C., Aug. 14.—Efforts are being made to make this year's provincial fair at New Westminster a phenomenal success, and, with this object in view, D. E. MacKenzie, manager and secretary of the Royal Agricultural and Industrial Society of British Columbia, accompanied by C. A. Welsh, president, and Nels Nelson, first vice-president, paid a special visit to Kelown to talk matters over with the board of trade with the object of securing the support of the Orchard City.

Mr. MacKenzie, in addressing the board, remarked that the exhibition afforded an opportunity of demonstrating in a practical way the great potentialities of the province. Last year 60,000 people visited the fair. They had had a large number of individual exhibits from Kelowna, but for some years past they had not had what might be termed a district exhibit. To interest Kelowna in such an exhibit was the object of their mission.

Kelowna's Advantages.

"People coming down the lake by the steamer," said Mr. MacKenzie, "do not realize for a moment the possibilities of the Kelowna district. It is therefore all the more important that they should be well represented at the New Westminster fair, which was the only general exhibition west of Winnipeg. Sixteen thousand dollars was given in prizes last year, of which $3000 was in cash, and the society's ambition is to expend $30,000."

C. A. Welsh remarked that they appreciated what Kelowna had done in the past towards making their exhibition a success, but he hoped that this year they would give more support than ever. He would like to see the tobacco industry well represented. People at the coast and elsewhere do not realize the great resources of the Kelowna district.

S. T. Elliott, vice-president of the board of trade, expressed hearty sympathy with the objects of the exhibition. He stated that Kelowna would most certainly send down an exhibit. Exactly what form this would take he could not say, but no doubt it would be a district exhibit.

The matter will be fully discussed at the next monthly meeting of the board of trade on Tuesday next. In the meantime, a provisional committee has been appointed to deal with the collection of the fruit.

The News

An independent morning paper devoted to the interests of New Westminster and the Fraser Valley. Published every morning except Sunday by the National Printing and Publishing Company, Limited, at 63 McKenzie Street, New Westminster, British Columbia. ROBB SUTHERLAND, Managing Director.

SUBSCRIPTION RATES—By carrier, $4 per year, $1 for three months, 40c per month. By mail, $3 per year, 25c per month.

ADVERTISING RATES on application.

FRIDAY MORNING, AUGUST 15, 1913.

GETTING THE WORK DONE.

The News undertook yesterday morning to point out the one big reason why the port and channel work on the Fraser river should be finished in a shorter time limit than that estimated at present as likely to see the completion of the undertaking. Four years for this job, bringing the time when the river will be ready for ocean shipping to a date two years later than the opening of the Panama canal, is too long. The main incentive to New Westminster in getting the channel and port work done is the prospect of securing a big share of the inter-ocean trade and if this city is not to be in a position to bid for that trade till the latter has had a chance to seek other dock sites, the fight for ultimate recognition for New Westminster will be long and discouraging.

The situation boils down to a choice of alternatives: Westminster may, either take what she already has received and let the government contracts for jetty building be carried out in the leisurely fashion characteristic of government contracts, or she may go after a rush job to be completed by 1915, which she undoubtedly will secure if the proper kind of pressure and plenty of it is brought to bear in the right quarter.

Two courses, running parallel to this desired goal, are open for adoption, one requiring the expenditure of energy and the other involving the payment of money.

Taking them in the order named, first, it behoves every citizen of New Westminster to work in season and out for the completion of the jetty contracts by 1915. The first opportunity to get in a telling blow in this campaign will be offered when Hon. J. D. Hazen, minister of marine and fisheries, visits this city next Thursday. While Hon Mr. Hazen is not head of the department of public works, under whose supervision the channel job is being done, nevertheless, as minister of marine, his recommendation to the government at Ottawa that the Fraser river jetty construction and dredging be rushed twenty-four hours of every day till the undertaking is completed would carry great weight and he should be pressed in every possible manner consistent with truth and hospitality before he leaves this city to promise to make such a recommendation immediately on his return to the federal capital

Then there is the natural channel through which requests of this kind may flow. The local member in the Dominion house has already demonstrated his willingness and ability to get results for this constituency Backed by the support of his riding, Westminster's representative would carry an unanswerable argument in favor of rushing the jetty work and dredging The city council, board of trade, Progressive association, Trades and Labor council, Council of Women, in fact every local body that has anything of a public connection, in this city, together with every such body in every municipality up and down the lower Fraser river should consider it a duty to pass resolutions endorsing the request for a rush job on the jetty and channel work

Getting deep sea shipping facilities here is not a political matter, it is a public one and the man who introduces party feeling into the question is as much an undesirable citizen as blatant knockers who spend their time decorating a Columbia street curbstone while they pollute the air with their blue ruin vaporings. By all means keep politics and personal prejudices out of the way in this movement.

So much for the public energy part of the program.

As to the expenditure of money, what effect would it have on a contractor building a jetty unit if the city hung up a bonus for the completion of the work by a certain date?

Such a suggestion, of course, would be received with an upraising of hands in holly horror by those whose main object in life is to fatten their bank accounts with profits made for them by the energy of the live citizens of the community. The idea of talking bonus when everybody's so hard up and money is so tight!

Just review the situation before passing hasty judgment on the bonus proposal In the first place it is not a unique suggestion. Already it has been tried in other cities, notably in Southern California, and it has cut down contract periods by years, therefore it must be effective. The only questions left to decide are, can it be done, and, if so, is it worth while?

It can be done if the ratepayers will it. As to its being worth while, here are the facts of the case. When the government has been induced to complete the jetties and channel work in 1915, the year set for the opening of the Panama canal, every month cut off that time will mean dollars, thousands and thousands of them, to New Westminster. The canal may be opened before 1915 and, if so, this port would still be handicapped in the race for ocean trade. But, taking it for granted that the Panamanian ditch will not be a regular channel for traffic till the year mentioned, no one can deny the immense advantage it would be to this port to have its waterway free and safe for ocean shipping of any depth one, two or three months before the commencement of inter-ocean trade. Other ports along the Pacific coast will be in that position and this great, fresh water harbor should have the same advantage if it is to get its due.

The chronic kicker will bring up all kinds of arguments to prove that the four year limit cannot be cut down, that the people's time would be wasted attempting to hurry the channel and jetty work and that the idea of a bonus is ridiculous. Such conversation is to be expected in the same way as blisters come when hand labor is indulged in, but it is a fact that blisters are broken when the hard labor is kept up. If ordinary work on the river will finish the jetties and deepen the chanenl in four years, extraordinary work will do it in two. If it costs the city twenty-five, or fifty, or one hundred thousand dollars, or more, in bonuses to contractors and the locating of one deep sea line's docks at this point is the result, the profit in the years to come will be reckoned in the millions.

POLITE POLISH FOR TORONTO

European Geologists Have Company Manners That Are Natural and Charming

Toronto, Aug. 14.—What was perhaps the most notable characteristic of the European and South American geologists who were attending the twelfth congress of the international geographical society at the university, when seen in comparison with Canadians and indeed all Anglo-Saxons, a comparison which is hardly favorable to the latter, was their charming and polished politeness. Their manners were a revelation to the Canadian. To them raising the hat was not merely a ceremony to be indulged in upon the meeting of ladies, but a common form of ordinary politeness.

Graceful Bowing

Two friends or acquaintances would meet on the varsity campus or on the quadrangle at tea, and each, with a grace and manner that was nothing less than astonishing to the phlegmatic Anglo-Saxon, each would lift his hat and bow to the other with the utmost punctiliousness. To us, such exhibitions seem superficial, to them only the ordinary observation of politeness.

Should Have Good Effect

Happening on the heels of an appeal from no less a person than Lord Rosebery for a higher standard of politeness and a deprecation of the usual manners of a material age, this display of polished and cultured good breeding cannot but have a good effect on all those who came in contact with the learned scientists.

Even several years in this country have failed to affect the manners of M. de Champ, of the University of Toronto, who could be seen on the steps of Convocation Hall greeting and acknowledging the salutations of old friends and acquaintances by raising his hat and bowing to them with all the grace and empressment for which his country is famous. M. de Champ found many old friends among the delegates to the congress from European seats of learning.

Fine Collection of Men

The geologists are a splendid collection of men, and their politeness does not consist solely of what to the Anglo-Saxon seems to be its superficial forms. The discusison and debates were carried on in the most courteous language and terms imaginable, no matter how opinions might differ or feeling run strong. Bronze and clear eyed, the scientific visitors were representative of the best of their nationalities, courteous, cultured and healthy men, charming and pleasant to meet.

MUSIC AND MONEY.

Barrel Organs Annoy Bank Clerks in Toronto.

Toronto, Aug. 14.—Street organs disturb the clerks at a Wellington street and Leader lane branch bank. More than that they annoy the assistant general manager.

He wrote to the board of control *tody protesting against the unsolicited* music in the morning hours.

As the council has no control over the music vendors at present, the controllers were unable to promise relief, but legislation will be applied for at the next session of the legislature to place the organ operators under civic control.

THE MANAGER'S CORNER.

If you are up in your advertisement reading—if you are a close observer of the trend of merchandising methods as set forth daily in the advertisements of this and other good newspapers—if you have lately experienced unusual satisfaction in your shopping and business dealings you doubtless know the underlying principle of fair play that actuates present-day merchandising.

It is the principle of service. It spells satisfaction for the consumer and success for the merchant.

People who have something to sell now tell you openly all the interesting facts about their products and their wares. The most direct method used is newspaper advertising, because newspapers now advertise every line of human activity. It is to newspapers that you turn for information. And, consequently, advertisers tell their story out in the open where it will be sure of a careful reading by interested people.

BABIES DIE WHEN MOTHERS WORK

Housing Conditions in Ontario City Need Improving—Other Causes of Infant Mortality.

Toronto, Aug. 14.—"I believe that when we mark out the places in the city where children have died from cholera infantum we will prove conclusively that it is where the housing conditions are poor that the most of the deaths occur."

This statement was made by Miss Dyke, chief of the nursing staff of the city health department, yesterday in discussing the large number of deaths among children during the month of July.

Many Babies Sick.

"There is a terrible amount of sickness among babies," continued Miss Dyke, "but of all the deaths there is not one to report where the baby is breast-fed. We find that it is almost impossible to save the lives of babies where the mother goes out to work, and consequently the number of deaths in such homes is very great. We have only eight nurses in the department, and it is almost impossible to cover the city as thoroughly as we would like to do, but we have visited 643 new babies during the month, and have kept 179 of this number on our visiting list. We are not in a position to offer any material assistance after giving advice to mothers, but we are keeping the social welfare organization very busy.

Same Conditions Elsewhere.

"I believe that the conditions that obtain in Toronto are the same as can be found in any other city, and it is owing to the hot weather that there have been so many deaths. Of the number of babies we have visited there have been fourteen deaths. We have sent 30 babies to the hospital, 36 to the doctor, and 253 to the dispensaries. There is certainly a terrific amount of sickness among children, but we are coping with the situation as best we can."

Na-Dru-Co Laxatives

are different in that they do not gripe, purge nor cause nausea, nor does continued use lessen their effectiveness. You can always depend on them.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee will be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands

W. W. CORY,
Deputy Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

LAND REGISTRY ACT.

Fresh Water and Salt

WESTMINSTER PORT :-: PACIFIC COAST

TACOMA SAILOR RESCUED FROM RIVER

Left S.S. Despatch in Skiff, Fell Overboard and Tug Burrard Went to Assistance.

No little excitement was created on the waterfront yesterday morning about 10 o'clock when one of the seamen of the Tacoma steamer Despatch upset in a skiff which he was rowing from the boat to shore. The man was a powerful swimmer and at once struck out for the wharf of the B. C. Manufacturing company on Lulu island, going down stream with the current.

One boat from the ship and another from the shore set out to his assistance, but a line thrown by Gilley Bros.' tug Burrard allowed him to be brought aboard none the worse for his icy ducking. The overturned skiff was afterwards overhauled by the Burrard.

The Dispatch came up river yesterday morning bringing the machinery for the city dredge John A. Lee, and is now tied up at the foot of Twelfth street. She will take back a shipment of salmon cases from the box factory on Lulu island to Bellingham.

CAME FROM NORTH FOR FRASER SALMON

Vessel from Prince Rupert Heard of Big Run, But Could See Nothing of It This Week.

One of Sir George Doughty's vessels came down this week from Prince Rupert to Steveston in search of salmon to augment the scanty catches of that district. Word had gone to Prince Rupert of the big run here last week and the vessel was sent to take sockeyes north.

Her quest was a vain one, however, for when on Tuesday she came to Steveston there was no shadow of a surplus and canneries were taking every fish brought in and looking for more. The season has been a poor one in northern rivers.

Catches yesterday in the Fraser were small and all hopes are set on a big run for Sunday night.

The B. C. canners' report yesterday was as follows:

Bellingham got about 150,000 fish yesterday; seiners doing well, but a large precentage of humpbacks are being taken.

Anacortes have all the fish they can handle, with seiners doing well.

Deliveries of sockeyes on the Fraser river yesterday were comparatively small, and most of the canneries put up only about one-half of their daily capacity. This was owing to the rain and windy weather the night previous. Most of the Indians did not go out or else put back early.

The tug Imp, of Victoria, came into this port yesterday and cleared late in the day.

The Frahling came to the department of public works wharf yesterday afternoon. She is up one day earlier than usual in order to have repairs made to her machinery. A broken header is the cause of the trouble.

She Just Would Linger.

Its nice to have a comfortable boat, but difficulty arises when quarters are so fine that passengers refuse to disembark when their destination is reached. This is what a cow, brought to the Grain Growers' wharf yesterday by the Beaver, did. It took the utmost efforts of several men to persuade her ladyship that the destination had been reached.

H. O. LAMB SAID TO BE SOME TOURIST GUIDE

H. O. Lamb, who is in charge of the sockeye tourist trip over the B. C. Electric to this city and to Steveston by steamer, these days has his hands full, but, according to the strangers who daily visit New Westminster and the fishing town lower down the river, Mr. Lamb's fund of reliable information and his way of imparting it are doing a great deal to impress on visitors the importance of the Royal City and her fresh water harbor.

From 50 to 80 tourists make the trip every day, arriving here via the B. C. Electric shortly afternoon and taking the steamer Transfer down river.

At Steveston Mr. Lamb conducts the parties through a cannery where the members may see the operation of canning the famous Fraser river salmon. Vancouver is reached about 6:30 o'clock.

Replacing Piles.

The Samson goes down river this morning to Ladner, and after taking J. Lovering's pile driver outfit in tow she will proceed to the mouth of the river where several piles at one of the lights will be replaced.

TELLS OF BATTLE SHARKS VS WHALES

Skipper Puts Into New York With Strange Tale of Deep Sea Combat.

New York, Aug. 14.—Weighted with much fish and a variety of hair-raising accounts of a battle between a school of whales and a school of hammer headed sharks, the good ship Cape Cod, in command of Captain John J. Phillips, reached New York yesterday after an exciting trip, in which the safety of more than three hundred persons who were on board at the time was placed in peril.

Captain Phillips, whose probity and skill as a narrator of sea yarns have won him a place of eminence among seafaring savants, told a reporter that he never felt so close to Davy Jones' locker in his life as he did yesterday with the whales and hammer head sharks bouncing about his stout ship, threatening momentarily to send the craft to the bottom with one blow of a finny tail.

"Soon after ten o'clock in the morning, while we were about ten miles off Long Beach," said Captain Phillips, "I sighted a school of whales spouting and blowing in a good old-fashioned way. It reminded me of the days when I commander a whaler myself. Running a little to the lee of the mass of floating objects I was surprised to see the water suddenly become animated, and as I drew near I discovered that there was a battle royal on between a lot of hammer head sharks and the whales.

"Slowing down so as to avoid the appearance of antagonizing the monsters," the skipper continued, "we finally ran alongside and into the thick of the fight. On every side of us the fight waxed warm, and all in all the sharks seemed to be winning the day. I was unable to stand still finally, and going to my cabin I got out an old army revolver of .32 calibre bore, taking aim at a particluar shark, that was not a dozen yards away from our port side, I let got and had the satisfaction of seeing the creature spring into the air and disappear beneath the wate:.

"There was great fright among my cargo of fishermen lest the whales should turn us turtle in their fight. After more than half an hour things had become quiet and we proceeded undisturbed."

MONEY IN GOOD SUPPLY ON LONDON MARKET.

London, Aug. 14.—Money was in good demand today and discount rates were easy on the unfavorable bank statement. The settlement on the stock exchange was concluded satisfactorily, and except for irregularity in Kaffirs and American stocks the market maintained an undertone of firmness and were fairly active.

Mexican and home rails were prominent in the advance and shipping shares and gilt edge securities were well supported by investors but Paris favorites were reactionary. California oil stocks were strong.

London investors are gaining confidence and are relieving the pressure on their recent new issues. Sentiment is improving on the Paris bourse, copper shares being a strong feature.

This being the last day of the London settlement, there was a certain amount of irregularity, due to payment of differences in the past fortnight.

NEW U. S. CANDIDATE OPPOSED BY OWN PARTY

Washington, Aug. 14.—Representative Henry D. Clayton, of Alabama, will present his credentials tomorrow as successor to the late Joseph E. Johnston, as United States senator. Appointed by Governor O'Neal to serve out the term of Cenator Johnston, Mr. Clayton will face the unanimous opposition of the leading lawyers of his own party in the senate, who are convinced that Governor O'Neal has not made the appointment in conformity with the 17th amendment to the constitution. The senate leaders are all agreed that a special session of the Alabama legislature must be called before the governor will have authority to name a senator.

Square With the Bank.

Haileybury, Aug. 14.—For the first time in many years the town's bank account shows a balance on the right side of the ledger. While the town's credit at the bank amounts to $70, it is, nevertheless, a remarkable showing, as in years gone by the current year's account at the bank in Haileybury as well as in many other towns, always shows on the wrong side and them unicipality is forced to take care of an overdraft. This year's credit balance is due to the energetic manner in which the first instalment of taxes has been gathered.

Sleeping Murderer Taken.

Champaign, Ill., Aug. 14.—Gus Penman, a student, confessed murderer of Harold A. Shaw, was placed in jail here tonight. He was captured today near Danville. Since committing the murder last Sunday he had beaten his way on the blind baggage to a point in Ohio. He there determined to return and give himself up but was captured in a box car today while asleep.

WOMAN WOULD GO TO SHUSHANNA

Says She Can Handle a Pick With Any Man—Vancouver Bill Posters up in Arms.

Vancouver, Aug. 14.—Declaring that she can wield a pick and rock a sluice box as effectively as most men and a great deal better than many, Mrs. Dorgan, who has spent many years in the northern country and has recently arrived from Juneau, is seeking information regarding the recent strike at Shushanna, in Alaska.

She expressed her firm determination of proceeding to the new diggings and engaging in mining if she can only get there. She is not afraid of physical difficulties, but unfortunately an edict has gone forth that no women are to be transported on the regular boats plying down the Yukon and White rivers to the head of navigation on the road to the recently opened gold fields. The restriction against women gold seekers was made for several reasons. One is that the conditions are considered too rough for women while travelling, and it is stated that no accommodation exists at present either en route or at Sushanna; and another is that tickets are at a premium on the boat and the men are given the preference.

Tribute to Her Memory.

A splendid tribute to the momory of the late Mrs. M. A. Macdonald was paid at her funeral yesterday afternoon by Rev. R. J. Wilson, who conducted the service. He commented upon the kindly character of the deceased and said that Mrs. Macdonald had been a womanly woman and was a distinct loss to the community, being recognized as a kind and true friend by many. The respect in which the late Mrs. Macdonald was held was clearly shown by the large attendance of her friends not only from Vancouver but many up country points as well. The body was shipped last evening to the deceased lady's birthplace, Andover, N.B., where burial will take place. Accompanying the body were Mr. Macdonald, Mrs. Baird, mother of deceased, and Mr. and Mrs. King, of Cranbrook.

All Held up.

Pending a decision from the provincial government regarding the proposal that has been submitted by the directors of the Burrard Inlet Tunnel & Bridge company that the province assume the control of the Second Narrows bridge project, no further action will be taken by the board to proceed with the enterprise. This course was decided on at a meeting of the directors held yesterday afternoon following a discussion in which tentative suggestions were offered for solving the question of building the bridge if the British Columbia authorities declined to take over the project.

Bill Board Trouble.

The restricting of bill boards to a single scorey and to 15 feet or more from the property line was opposed by J. Creighton for Messrs Rickets & Stow, bill posters, before the building committee of the city council yesterday afternoon without much effect. Mr. Creighton declared as others did when it was first proposed that his firm's business would be ruined. He said that advertisers would shun Vancouver because of its lower rating as an advertising city. This argument did not move Alderman Hepburn, however, and Mayor Baxter said that the city would gain in revenue from tourists attracted by a better looking city. He also said that Vancouver would not be bound by what the effete east was doing.

Park Board as Hosts.

In appreciation of their hospitality during the recent visits of Vancouver's park commissioners to their cities, the park board yesterday decided to invite the members of the park boards and officials of Seattle and Tacoma to be the local commissioner's guests on Wednesday, Aug. 30.

BURIED THEIR DEAD IN UNLAWFUL MANNER

Vancouver, Aug. 14.—Advices received from Grand Forks point to a state of affairs unprecedented in the history of that city. For some time the Doukhobors have been in the habit of burying their dead without the usual permission. The latest burial occurred at 4 o'clock this morning and news of the affair spread rapidly. A posse was formed and with the assistance of the police the body was exhumed, and held pending the opening of an inquest into the circumstances. Feeling in the district is running high against the Doukhobors and there is a possibility of a wholesale eviction of the tribe.

THEY HATE WATER

Industrial Workers Run When Rain Starts to Wash up.

Minot, N.D., Aug. 14.—Plans of the Industrial Workers of the World to hold another street meeting were upset when a heavy rain storm broke over the city, dispersing the crowds that had gathered in the downtown streets.

Every police officer in the city, together with more than 100 special officers, tonight are guarding the jails and the temporary bull-pen constructed yesterday to house the overflow of prisoners and will resort to firearms if any attempt at jail delivery is made. Rumors were rife tonight that such an attempt had been planned.

The 30 prisoners in the bull-pen, an open enclosure, sweltered from the excessive heat during the day but found relief tonight in the downpour of rain which flooded the place.

Rumors that leaders of the I.W.W. had made proposals to the authorities for a peaceable settlement of the difficulty, could not be confirmed.

Social and Personal

Rev. N. J. W. Nelson is leaving for a few days' visit in Mt. Vernon and Bellingham.

Miss Long, of Seattle, is a visitor in the city, staying with Miss Warnock, 441 Columbia street east.

Elwyn Cawley, of the land registry office, is spending his vacation with his parents at Chilliwack.

Mrs. C. M. Nicholson and Misses A. and M. Nicholson returned from Seattle last evening after a week's vacation. The Misses Nicholson leave for Alberni next week.

Mr. and Mrs. W. E. Herger have arrived at the Empress hotel, Victoria, where they will spend the next few days. Mrs. Herger's many friends in this city will be pleased to learn that she is gradually regaining her health.

PORTLAND WOMEN ROAST 'FRISCO PORTOLA POSTER

Portland, Ore., Augf. 14.—The Portland W.C.T.U. is up in arms against the Portola poster being sent broadcast over the country to advertise the festival to be held in San Francisco in October. Mrs. Ada Wallace Unruh, state president, sent to Senator Lane a protest against the alleged objectionable poster. She contends that the poster depicting a woman's form with the legs partially bare and the woman in a dancing posture is an insult to womanhood and should not be allowed to be representative of the festivities on the Pacific coast.

"The east thinks we women of the west are wild and woolly enough," said Mrs. Unruh. "We don't need this additional impersonation sent forth."

A copy of the protest has been sent to the northern and southern California W. C. T. U. districts, to General Passenger Agent McMurray of the O., W. R. & N. and to Governor West of Oregon. The women's club and President Homan of Willamette university have been asked to join in the fight on the poster.

TYPOGRAPHICAL UNION TO MEET IN PROVIDENCE

Nashville, Tenn., Aug. 14.—The Seattle plan was not approved today by the delegates to the 69th annual convention of the International Typographical union. Following an afternoon of debate, which at times grew warm, the plan was voted down by the decisive vote of 207 to 27. It provided for an election to determine whether or not the governing powers of the I. T. U. should be taken from the executive council of three and vested in a board of directors consisting of 20 members, to be elected from certain prescribed districts. It meant the complete reorganization of the governing power and was fought hard by the administration officers.

Today's session was the busiest of the convention, the morning being devoted principally to hearing the address of Geo. I. Berry, president of the International Printing Pressmen's and Assistants' union.

Another important action was the selection of Providence, R.I., as the convention city for 1914.

Officially Recognized.

Trenton, N.J., Aug. 14.—Governor Fielder has officially recognized Lieutenant-Governor Martin H. Glynn as chief executive of New York state. Governor Fielder was forced to make a choice tonight when Prosecutor R. E. Hudspeth, of Hudson county, requested extradition of Charles Mason, under arrest in New York and wanted in Hudson county as an alleged pickpocket.

SOCCER MEETINGS

Reinstatement of Players in Local and Vancouver Leagues Will Be Considered Tonight.

Soccer players and all others who desire to be reinstated into the ranks of the amateurs should make out their application today in order that they may be presented at the meeting of the B. C. A. A. U. at the Moose lodge this evening. The annual meeting of the local branch of the amateur body is scheduled to be held two weeks hence so that it is necessary for all players to make their application for reinstatement tonight in order not to delay same when action is to be taken one way or the other.

Tonight's meeting should be well attended if anything is to come of soccer in Westminster this winter.

The delegates of the Vancouver and District Amateur league also have a meeting on this evening to make final arrangements as to what teams will comprise the first and second divisions.

Westminster Represented.

New Westminster will be represented at the gathering in the Terminal City, although it is unlikely that a place will be found for the Royal City in the first division, and it is certain that a position offered in the second would be turned down by local soccer men.

According to a Vancouver paper last evening it was stated that all players under the ban of the A. A. U., and who have not accepted money for playing, will be reinstated in Vancouver, with the exception of those who were at the head of affairs four years ago when the so-called professional body was formed.

Just why the latter are in any way barred from becoming amateurs in good standing is a mystery to the local delegates, who will undoubtedly put up a big fight to either have all reinstated, or none at all. However, this evening at the Moose lodge will tell the tale, and it is hoped that everyone interested in the game will see fit to grace the affair with his presence.

BOTH SATISFIED

Ritchie and Welsh Find no Hitch in Plans for the Labor Day Mill at Brighouse.

Vancouver, Aug. 14.—With the arrival in Vancouver of Harry Foley, manager and trainer of World's Champion Willie Ritchie, the 20 round bout between Ritchie and Freddy Welsh, champion of the British empire, scheduled for Labor Day afternoon in this city, becomes an assured fact. Ritchie will arrive in Vancouver Monday morning, accompanied by his sparring partners and camp followers, and in the meantime Foley will select training quarters for the champion.

"Ritchie is now in the mountains on a hunting trip," said Foley on his arrival here. "He is in splendid condition, and will easily make the weight specified in the agreements already made. His one great reason for taking the match with Welsh was to wipe out the defeat Welsh scored against him in Los Angeles before Ritchie won the world's title. Again, Ritchie, who is absolutely fair minded, regarded Welsh, champion of the British empire, as his logical opponent. The claims of Harlem Tommy Murphy for the match on Labor Day will not hold water. Murphy has been knocked out too many times to claim a match with a champion on the strength of his victory over the rapidly failing Wolgast. Wolgast has no claim for a return match. He always refused to give Battling Nelson a return engagement, and Nelson put up a far better match against Wolgast than Wolgast did against Ritchie."

Welsh has already started his training for the big battle. The British champion showed conclusively that he can make even the American lightweight limit of 133 pounds, stepping on the scales early this week at 130¾. Welsh then started to build up and now weighs about 138, so that he has plenty of flesh on which to train for the greatest effort of his brilliant career.

Selecting Referee.

The question of referee is still being discussed, although there are so many men satisfactory to both principals that no ultimate trouble is expected in the selection. Welsh is favorable to almost any recognized referee, while Ritchie, while preferring a Californian, will not let his choice stand in the way of getting into the ring against Welsh. A final conference will be held after the arrival of Ritchie and the third man in the ring for the big bout selected.

TENNIS RESULTS.

The Unexpected Happened in Yesterday's Contests.

Some surprises were handed out in the tennis tourney which has been in progress at the Royal avenue grounds during the past two weeks. Yesterday's events were the feature of the competition so far, although the finals will undoubtedly attract much attention. The victory of Miss Rickman over Miss Corbould was little expected, although the former has been displaying considerable prowess with the racquet this summer, and will undoubtedly give Miss Peele, the present cup holder, an interesting time if a challenge is made and accepted.

Lewis and Swan are looked upon to win the men's doubles, although they will be given a stiff battle by Teale and d'Easum. The results of yesterday's matches, together with today's draw are as follows:

Final ladies' open singles—Miss Rickman defeated Miss Corbould, 6-2, 6-3.

Final men's open singles—L. A. Lewis defeated Teale, 6-0, 6-4, 6-1.

Dunford defeated Eddy by default.

Shildrick defeated Dunford, 6-1, 6-1.

Lewis and Swan defeated Tuckwell and Campbell, 6-0, 6-8, 6-4.

Teale and d'Easum defeated Macgowan and Lloyd, 3-6, 6-2, 7-5.

Today's Draw.

3 p.m.—Lewis and Swan vs. Teale and d'Easum, finals men's handicap doubles; Miss Payne vs. Miss Rickman, final ladies' handicap singles.

4:30 p.m.—Lewis vs. Shildrick, semi-finals men's handicap singles.

On Saturday afternoon and evening the finals in all events will be played.

Spokane	45	74	.378

Wow Wow.

Seattle, Aug. 14.—Portland shoved Seattle into third place in the race of the Northwestern league pennant today by hitting Kelly and Reardon all over the field and winning the game 10 to 0. Every man on the Portland team hit safe at least once, the visitors getting a total of 19 hits, while the locals got only five scattered hits off Mays and never got farther than second base.

Seattle	0	5	1
Portland	10	19	2

Batteries: Kelly, Reardon and Cadman; Mays and Williams.

Spokane 4, Vancouver 3.

Spokane, Aug. 14.—A speedy double play in the ninth inning with two on and one down cut off a well meant rally for the Vancouver team and gave Spokane the third game of the series 4 to 3. Douglas and Hall locked horns in a hard battle. Spokane got a running start with three in the first, then Hall settled and was almost air-tight the remainder of the way. In the ninth, a walk and two hits scored one for the Beavers, but Wuffli and McCarl pulled a double play that ended the game.

IMPROVE FIELD

Delegation's Request for Bleachers and Grading Likely to Be Granted by the City.

Following up the proposed erection of bleachers at Moody park for the benefit of soccer fans, Building Inspector Tom Turnbull yesterday promised the clubs that he would make out a plan of the structure and present same to the city council for action at an early date. Little opposition is expected from the city council towards the move, as there will be no expense whatever to the city for this work, the footballers being prepared to go through with the project themselves and defray all expenses.

One thing the city council has been requested to do, however, is the filling up of the many holes, on the playing patch, which spoil all chances of good play and also make it dangerous to the opposing teams by reason of the chances of breaking limbs.

In conversation with Mayor Gray and Street Superintendent Furness yesterday, the delegation was promised that the parks committee would take it in hand, and if possible to dump a few loads of material on they would do so.

ST. LOUIS IN BAD.

One Pitcher Suspended and Another Gets Injured on Train.

St. Louis, Aug. 14.—The local American league club will be without the service of two of its best pitchers for some time as the result of an injury to one and the suspension of the other.

Roy Mitchell, star right hander, who alleges he was insulted by Umpire O'Loughlin in New York Tuesday, today received notice from President Johnson that he had been indefinitely suspended.

Lefty Hamilton, Manager Stovall's best twirler, will be out for about ten days as the result of an injury to his pitching arm received while the team was en route from New York yesterday.

LACROSSE AT BELLINGHAM.

Two Vancouver Teams Show Americans Our National Game.

Bellingham, Aug. 14.—Although showing class in their work, the members of the Grandview lacrosse team of Vancouver went down in defeat to the Olympics of the same city by a score of 9 to 5 here this afternoon. The game was a feature of the sports program of the annual marathon celebration.

The Grandviews were considered the faster players, but were unable to stem the rapid work of the miners.

BASEBALL TONIGHT.

Moose and All-Stars Make Another Attempt at Queens Park.

The Moose and All-Stars hitch up in their third battle of the series at Queens park this evening. Tonight's game is scheduled to start at 6:15 o'clock, the earliest yet, if the magnates keep their word.

Neil Silver, captain of the stars, has gathered together a strong batting aggregation and a shift in the infield is likely to cause trouble to the champions.

Bill Graham will field his usual lineup with either Larkin or Horne in the box.

Here is the list of All-Stars: Silver, p; Munn, c; A. Sinclair, 1b; McCabe, 2b; Decker, 3b; Chaput, ss; Botton, cf; Walsh, rf; Riley, lf. Spares, Howe Walker and Ryall.

LOS ANGELES TEMPLARS NEXT CONCLAVE CITY

Denver, Col., Aug. 14.—With the election of grand encampment officers, conclusion of drilling contests, and the selection of Los Angeles as the next conclave city, the 32nd triennial conclave came to an end tonight when sir knights and their ladies left the grand ball given them in the auditorium. Practically no fight was made against Los Angeles, though New York and New York and New Orleans were said to have been mentioned.

Unopposed for the office of grand senior Warden, Leonidas P. Newby, of Knightstown, Ind., was elected from the floor.

CULVERT WASHED OUT TRAIN ALMOST WRECKED

Calgary, Aug. 14.—Stopped in the nick of time by a man who strolled into view bearing a flag, C.P.R. train No. 3, westbound, came within six feet of going into the ditch at Potter's siding, 12 miles west of Calgary, Tuesday evening. A culvert had been washed out by the storm and there was a gap in the right of way about 14 feet in width. Had the train not been stopped it probably would have rolled down a 60 foot embankment with its 12 coaches.

The washout was the result of the removal of gravel at that place for use in the construction of the C.P.R. hotel here.

The train was loaded with people going to Banff and other places west and there was great confusion among the crowd when they found how close they had come to being in a serious accident.

Change of Program.

Portland, Aug. 14.—Franklin K. Lane, secretary of the interior, has changed his itinerary and will spend three days in Oregon according to notification which he telegraphed to the Portland Commercial club today. The secretary will arrive here next Sunday morning and after inspecting the Hermiston, Deschutes, and West Umatilla irrigation projects and being entertained he will leave the state Wednesday morning for Colorado Springs to attend the conference of governors, August 24.

They Will Get the Dough.

San Francisco, Aug. 14.—Ban Johnson, president of the American league, is after another umpire from the Pacific Coast league. Through his representatives here he is looking over Ed. Finnep and Red Held. It is regarded as certain that one of these diamond officials will go up at the end of the season.

Another Busher Sold.

Montgomery, Ala., Aug. 14.—The Montgomery baseball management announced today that Clyde Wares, second baseman of the Montgomery team, was sold today to the St. Louis Americans. Wares will report to the Browns at the end of the Southern league season.

AN EXPENSIVE GAME.

Two Billiard Artists Will Walk from St. Paul to Coast.

St. Paul, Aug. 14.—Because Bert Sullivan, of Stillwater, lost two out of three games of pocket billiards to Ed. Costello, of Chicago, he must walk from here to San Francisco.

The two men were discussing the recent walk of Ed. Weston from New York to Minneapolis when Costello proposed a walk for the two to San Francisco, to be completed by 1915. Sullivan demurred, but finally agreed that if Costello could defeat him in two out of three games of pocket billiards he would make the trip with Costello. Sullivan lost.

South Westminster School.

SEALED TENDERS, subscribed "Tender for South Westminster School," will be received up to noon of Monday, the 1st day of September, 1913, by the Honourable the Minister of Public Works, for the erection and completion of a two-room school and conveniences, etc.

Plans, specifications, contract and forms of tender may be seen on and after the 11th day of August, 1913, at the office of Mr. A. G. Worsfold, Secretary, School Board, South Westminster; Mr. S. A. Fletcher, Government Agent, New Westminster; or the Department of Public Works, Victoria, B.C.

Intending tenderers can, by applying to the undersigned, obtain one copy of plans and specifications for the sum of ten dollars ($10), which will be refunded on receipt of plans in good order.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH, Public Works Engineer.

Department of Public Works, Victoria, B.C., August 5th, 1913. (1865)

LAND REGISTRY ACT.

Re Lots 602, 603, 604, 605, 606, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, of Lot 278, Group 1, Map 114, in the District of New Westminster, Port Hammond Junction.

Whereas proof of the loss of certificate of title Number 12546 F, issued in the name of Edwin O. Simmonds has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said Certificate, unless in the meantime valid objection be made to me in writing.

J. C. GWYNN, District Registrar of Titles.

WHITE ROCK PERSONALS.

Mr. George Blair and family, of Milner, were in White Rock during the week.

Mr. W. J. Berry, of Murrayville, was visiting friends here this week.

Captain and Mrs. Fenton left this week for the city, after spending a pleasant vacation at their summer cottage here.

Alderman A. E. and Mrs. White were visitors to White Rock during the week.

Mrs. Butterfield's new house on Victoria avenue is nearing completion.

Methodist Services.

The Rev. W. W. Abbott of Queen's Avenue, New Westminster, took charge of the Methodist service here last Sunday and his preaching was greatly appreciated. The new Union church, now in process of erection under the auspices of the Methodist society, is nearing completion.

New Customs Regulation.

The latest customs regulation in regard to automobiles crossing the boundary line is to the effect that each atuo or motor cycle entering or returning to Canadian soil after office hours (8 a. m. to 6 p. m.), must pay a fee of fifty cents.

DAWSON TODAY IS QUIET TOWN

Population of Northern City Barely 3000, As Compared With 20,000 in Klondyke Rush Days.

Ladysmith, Aug. 14.—Malcolm McKinnon, for the past sixteen years a resident of Dawson, Y. T., is visiting in Ladysmith. Mr. McKinnon has many interesting stories to tell of the rise and fall of Dawson. He went in there with the first rush, and followed mining in the early days with some success.

Dawson of today is a different city to what it was in the days of the great Klondyke rush. At one time the population numbered 20,000 or more, today it scarcely reaches 3600. While there is an electric lighting system and good sewers, the city is lacking in nearly all other modern conveniences. The mining is now altogether in the hands of the big hydraulic companies, and the old ground has been pretty well worked over.

There have been very few new buildings erected in late years, and unless something unexpected happens there will not be any need for any more homes.

Dawson, he says, even with all the drawbacks, is a pleasant place in which to reside. The winters are long and cold, but the beautiful weather of the summer fully compensates for the long winter season.

There are any quantity of vegetables grown close to the city, and Mr. McKinnon has no hesitation in asserting that the potatoes, turnips, cabbages, etc., cannot be equalled in any part of Canada.

ABOUT TIME TO QUIT PRACTICE

Fees Will Have to Be Paid in Advance in City Hospital From Now On.

Ottawa, Aug. 14.—As a result of Alderman Macdonald's agitation against the practice of the isolation hospital of keeping convalescent children in the institution till the parents have arranged to pay for their treatment, all fees for private and semi-private wards in the hospital will have to be paid in advance in future.

Alderman Macdonald went before the board of health and stated his complaint. He did not think it was proper to have children suffer, whether the parents paid or not. It was not good business practice, he contended, to keep the children there until the parents arranged to pay. The law courts were provided for the purpose of collecting debts.

Dr. Dawson, medical superintendent, explained that during the last thirteen months there had been but one case where a child had been detained for more than a couple of hours. In this case, the detention had been from Saturday until Monday. On all other occasions children had been merely kept long enough to give the parents time to see Charity Officer Kane regarding payment.

Alderman Macdonald thought there should be no detention at all. Dr. Parent, however, was of the opinion that the children received better care at the hospital for the two or three hours they were kept there than they generally did at their homes.

"Twenty contracted measles last summer from this care," said Alderman Macdonald. "You have no more right to keep them there, than to put them in jail."

"It is only done when the parents are dead beats," said Dr. Parent.

On the motion of Mayor Ellis and Mr. Norman Smith it was decided that all fees for private and semi-private wards should be collected weekly in advance, and where during the treatment of a patient, the fees were not paid, the child be transferred to the public ward. With this rule in operation, the practice of detaining children 'till payments are arranged will be relaxed.

PENSY PASSES NEW MARRIAGE LAWS

Impediments to Get Tied Are Piling Up—Would secure Fitness of Uniting Couples.

Philadelphia, Aug. 14.—Applicants for marriage licenses under the act recently signed by Governor Tener will be required to answer 48 questions before the permit is issued. Under the old form only twelve questions were asked.

A defect in the form of application has been discovered. No provision has been made for inquiring into the relationship of the applicants, notwithstanding that the marriage of cousins or nearer blood relatives is forbidden in this state. It is probable that a revision will be made in a few days.

Unlike the old method under which either the man or woman could obtain the license, both must appear under the new law. In addition to the usual questions of name, residence, age and occupations, the applicants under oath will be required to give the following information:

Name of father, name of mother, maiden name of mother, residence of father, residence of mother, color of father, color of mother, occupation of father, occupation of mother, birthplace of father and birthplace of mother.

The clerk will further ask:

"If applicant is an imbecile, epileptic, of unsound mind, under the guardian as person of unsound mind, or under the influence of any intoxicating liquor or narcotic drug? Has the aplicant within five years been an inmate of any county asylum or home for indigent persons. Is the applicant physically able to support a family?"

The marriage license clerk is given the power to refuse licenses to persons barred by the new law, but appeals may be taken, with cost, to the orphans' court.

THREE CENT FARES HIS FOND DREAM

Toronto Official Says It Can Be Done —One Cent in City—Investigate Profits.

Toronto, Aug. 14.—A three cent fare on all street railways in all towns and cities in the province and a one cent fare on the Toronto civic car lines is the dream of Acting Mayor Church.

In discussing this goal of ambition the acting mayor stated that he thought it was time the Ontario government passed legislation compelling all street railway companies to carry passengers for three cents, and empower the municipal and railway board to investigate the financial condition of all street and radial railway companies with a view to fixing a rate of fares that would be more equitable than at present.

"The Canadian League of Municipalities have gone on record in favor of legislation being passed in all provinces in Canada similar to the Lafollette bill in the United States, which compels all railway companies to divulge their business," said the acting mayor. "This stand was taken by the league because they thought it unfair to have municipal railways publishing a record of their business and private companies exempt from such an obligation.

"The Toronto Railway company and its allies should be compelled to dissolve, and there should be a thorough investigation into their affairs. This is the only way to adjust the rates on railways and we should have the same power here that they have in the United States.

"It seems to me that the members of the Ontario railway board are doing nothing but drawing their salaries."

CITY BOUND TO PAY UNION RATE OF WAGES

Toronto, Aug. 14.—Under the provision of the city by-law the union rate of wages and not the prevailing rate must be paid on all civic works. The question was raised at the meeting of the board on control when a letter was received from the secretary of the builders' exchange, protesting that the contractor employed by the Toronto Housing company was paying the prevailing rate of wages, 42 cents an hour, to the carpenters. The latter are demanding 45 cents an hour.

The mayor maintained that the civic by-law required that the prevailing rate should only be paid where no union rate existed. His interpretation was accepted by the other members of the board. The city soclicitor was asked to report upon the power of the council to force the Housing company to pay the union wage.

WHITE ROCK *The* Playground of British Columbia

(The Semiahmoo Gazette is incorporated in this page)

INTERESTING STORY POETICALLY TOLD

The above caption appears in the Leader, published at Pomeroy, Ohio, over a description of summer time in White Rock.

"White Rock, the most beautiful summer resort on the Pacific coast, is one of the special places in British Columbia that seems to have received an extra amount of attention from nature. The wild, invigorating aroma of the fir, mingled with the fresh breeze from off the salt water, gets you before you have been there half an hour.

"It is 2 o'clock in the afternoon, and the tide is pouring in over the sun-baked sands. The train has arrived from Vancouver and New Westminster, and the crowd of pleasure-seekers have gotten off. In a short time all appear on the beach in bathing costumes. Some linger about the pier, a little timid of the water. The more bold make the high dive from the end of the large spring board. Above the splash and confusion you can hear the glad cry of the little tots in the shallow pools closer to the shore, or in the sand having here the real play-time of their lives.

"The evening is the best time of all. The sun-browned, bare-footed children have ceased to race along the sands or splash in the lapping water, and the sail boats have anchored for the night. The evening is quiet. You hear something and you listen. Some one, some happy soul is singing from a canoe upon the water. You get in your canoe and paddle out into the bay and you meet numerous other canoes laden with happy, contented folks, mainly young, and what a lovely place to be.

"You see the phosphoric splash of the paddle as it leaves the water, which looks like bubbling silver. Then you turn and look at the beach where you launched your canoe, and a dozen camp fires are burning brightly, sending little zizag trails of gold creeping from each fire to the side of the canoe. Then you hear a happy chorus from the camp fires, accompanied by the low mellow thumb-thumb of the guitar, and you really feel that life is worth the living. Then you look up and you have drifted under a large cliff and high above you are long rows marking the verandahs of the bungalows, and a phonograph strikes up the Canadian Boat Song, and how nicely it sounds, echoing softly over the shimmering waters of Semiahmoo bay."

An Explanation.

With regard to the neglected Johnston road street end at White Rock and the work now in progress on the Bona Vista half section road street end here, F. J. McKenzie, M. P. P., stated only a few days ago that the Johnston road end was left in abeyance, and the Bona Vista end opened up instead, owing to the fact that the Surrey council and the Great Northern railway had not yet come to a settlement regarding the main sea front road and under the existing conditions thereby the junction of the sea front road with the Johnston road was impracticable for autoists.

This being the case, it is up to the authorities to bring the sea front road question to a satisfatory settlement without further delay. The matter has now been dragging along for about seven years and is retarding progress not only on the road work, but also on the property owners' proposed improvements along the sea frontage.

It might be further pointed out that autoists in large numbers are at the present time and at considerable risk, using the end of the Johnston road to gain access to the sea front despite the fact that the municipality have only spent about fifty dollars on work there and have done nothing at all this year.

White Rock News Notes

In the advertising column of this page will be found a notice of the lawn social to be held under the auspices of the Ladies' Aid.

The infant son of G. M. Thrift, Hazelmere, died on Sunday last at Bella Vista, the residence of Mr. and Mrs. H. T. Thrift, White Rock. The funeral took place on Monday at Hazelmere.

Mr. Beaumont, of Vancouver, has set up a sample Teynyon take-up canvas house opposite the G. N. R. depot. Mr. and Mrs. Beaumont hope to make White Rock their permanent home.

A baby carriagee was left some two weeks ago at the door of the Campbell river lumber mill bunk house. The men there state that it makes them feel "kind of home sick" and ask the fair owner to remove it at her kind convenience.

Twenty or thirty Y. M. C. A. and other boys playing leapfrog and games in bathing costumes after their dip on the sea front road this week caused a horse to shy and an elderly spinster to lower her sun shade.

The Friday night dance under the direction of E. Thrift and J. Best, held in the hall of the White Rock hotel, was well patronized more especially by friends from Hall's Prairie and Hazelmere.

The hotel management Saturday evening dance was also well patronized by local people and the guests of the house.

The contractor in charge of the new customs house on the Pacific highway, old Douglas townsite, reports the work progressing rapidly.

In a recent communication from the B. C. Telephone company it is stated that a White Rock exchange will be placed in position at the earliest opportunity.

Although the local post office has been recently removed to new premises near the depot and improved conveniences have been added Postmaster Phelp finds the increasing volume of postal matter an arduous task.

The importation of sheep through the port of White Rock has lately been on the increase, no less than 4,819 passing through the Dominion government inspector's hands in one week of July. The total for July was 8,800, with over 1,000 for the first week in August.

"White Rock, White Rock! Ra! ra! ra!" is a yell that is becoming familiar to the public traveling on the G. N. R. coast main line.

Now that the end of the holidays is in sight camp fire sing-songs are becoming more popular than ever. Often there are fifteen or twenty different beach fires at night, with their respective jolly companies of young men and maidens.

Mr. F. J. McKenzie is erecting a garage on his property facing the Bona Vista street end.

Semiahmoo bay is alive these days with smelts, salmon and other species of the finny tribe, whilst good catches of trout are noted from the adjacent waters of the Campbell river.

The District Transfer company of New Westminster are specially catering for campers' baggage this season. Those returning to the city from their summer camp need only notify this firm regarding baggage and their effects will be delivered or stored without further trouble.

Mr H. T. Thrift returned this week from a three months' visit to the metropolis of the empire. He states that his negotiations with "the old lady of Threadneedle street" and other financial parties in regard to the business which took him to the old land were satisfactory but as yet he has nothing for publication. Mr. W. P. Goard, who accompanied him, is staying off at Toronto, but will arrive here on or about the 21st instant. On his arrival matters of importance to the whole of this district may be disclosed. Apparently Mr. Thrift had a pleasant trip on the R. M. S. Olympic. He found New York in the throes of a heat wave and was not sorry to return to the balmy breezes of Semiahmoo bay.

Church Services.

Church of England services are held in the White Rock school house every first and last Sunday of the month. The Rev. Mr. Gilbert of Surrey Centre will officiate at the 11 o'clock morning prayer on August 31st.

Wharf at White Rock.

Officials from the Dominion government public works department were taking soundings this week in order to report on the proposed government wharf. It is expected that the selected site will be in close proximity to the customs and immigration offices.

Transportation.

Last Sunday standing room itself was at a premium on the G. N. R. to White Rock, ordinary passengers were carried in every available crook and cranny of the train; parlor, baggage, observation and chair cars were filled to overflowing on both the morning and evening trains between this point, Vancouver and New Westminster.

White Rock Personals

Mr. M L. Campbell, of San Pedro, Cal., spent a few days at White Rock last week as the guest of Mr. and Mrs. Alex Matheson.

Nurse C. Davidson of the Columbian hospital is visiting Mr. and Mrs. Hicks.

Mr. and Mrs. Rees, with friend, are at "Penny Craig," the summer residence of Mrs. Rees.

Mr. D. W. Bray, father of Mrs. W. N. Draper, and C. A. Ross and wife, Vancouver, were visitors to White Rock last week.

Mrs. Gloverloyd, of Vancouver, and Miss Ella Patterson of Manitoba, were recent guests of Mr. and Mrs. George Wade, "Hillcrest."

Mrs. Robert Hampton, of New Westminster, who is living near the G. N. R. depot here, has as guests Mrs. S. LeDrew and children, New Westminster, and Mrs. Emerson and family of Queensboro. Mrs. Emerson is intending to build a home at White Rock in the near future.

Mr. and Mrs. Thompson and the Misses Thompson were recent visitors to Mrs. W. J. Mathers, as also were Mr. and Mrs. Witchell and Mrs. Margaret Davis, the former recently from China, whilst Mrs. Davis has just left here for the Guelph School of Domestic Science.

Mrs. J. A. Gott, Miss Annie Gott, Miss Alice Gott, Mr. and Mrs. Baxter, Mr. A. Frank Amour and Miss Ida Irwine of Vancouver, have taken Mr. Chisholm's cottage here for the balance of August.

Mr. John T. Hawkes and Mr. William Dean have a ten camp on Mr. Frank Leeson's property.

Mrs. C. Deane and family of New Westminster are visiting Alderman and Mrs. Henley.

Mrs. A. J. Dawe and family have been on a two weeks' visit to Mrs. S. Dawe, of "Betzwecoyd," sea front road.

Mrs. McCombie, of Edmonds, Mrs. E. G. Wilkie, of New Westminster, Miss Beatrice Wilkie and Mr. F. Turnfull have been recent guests of Captain and Mrs. Mayers.

Mrs. Captain Wooster and infant, Mrs. James Anderson, Miss Scott, New Westminster, Mrs. Percy Smith and Mrs. Shaw, are at "Island View," the summer residence of Captain and Mrs. Wooster.

Mr. C. P. Grant of the Mission Record was a visitor to White Rock as the guest of Mr. and Mrs. Alex Matheson, as also were Mr. Falkner, J. D. B. Macdonald and wife, Mrs. Campbell and Mrs. J. Matheson.

The Rev. Mr. Morgan of South Vancouver and the Rev. J. S. Woodsworth of All People's Mission, Winnipeg, were the recent guests of the Rev. and Mrs. Langford at their summer residence, Victoria avenue.

Guests at an afternoon tea arranged by Mrs. G. Newman at Alderville cottage included Mrs. J. Ford, Mrs. Kenny, Mrs. Rhyder, Mrs. B. Ford, Mrs. Floyd Ford, Mrs. Anderson, Mrs. Summerville, Miss Pug and the little Misses Newman and Anderson acted as assistants.

Camp "All Welcome" with Mr. A. R. Blason in charge, has amongst its members Hubert Watson, Alec Vidal and Tommy McCullogh.

Miss Gordon, of lenheim, Ont., is visiting Mrs. Cody of "Firwood."

Mrs. Hammond and children, May, Harold and Bruce, from Grinnell, Ia., were visiting Mrs. M. C. Walker, of Rocklands, last week and were loud in their praises of the beaches and general beauties of White Rock. They are returning home via California and will stay off at several places of interest en route.

Mr. H. P. Latham, who has been in the St. Mary's hospital suffering from a blood poisoned foot, returned to his summer home here last week, but is still on the convalescent list.

Mr. and Mrs. H. P. Vidal were the week end guests of Mr. and Mrs. J. H. Vidal of "Alderwyld."

Mr. and Mrs. John Montgomery of New Westminster returned home this week after a six weeks' stay at White Rock.

Miss Crissie Brown left on Monday morning for Aldergrove, where she will spend the remainder of the summer holidays.

Mrs. J. A. Hendsrson of Rocklands entertained as guests this week Mr. and Mrs. Simpson, Mr. and Mrs. Master C. Henderson, Mrs. Henderson, Sr., and Miss Rennie, all from Vancouver.

Mr. and Mrs. H. P. Latham had as guests this week Mr. and Mrs. W. N. Clark and daughter, Miss Mabel Fletcher, Miss Latham, Mr. Cecil Fletcher, Mrs. D. S. Keith, Mrs. Peter Latham, all from New Westminster, and Mrs. Hall and daughter from Victoria, together with visitors from Blaine and California.

Miss Kathleeen Jones is a visitor to Mrs. J. H. Vidal and Mr. Dashwood Jones and other members of the family were down recently.

Mr. and Mrs. A. S. Williamson and family, who are renting a house on Victoria avenue and C street, have as a visitor Miss Lucile Hotz, of North Vancouver.

Guests of Mrs. J. A. Sanderson, recently from California, this week end were Mr. J. H. O'Hara and wife from New Westminster.

Mrs. Lavery and the Misses Lavery entertained Mr. Orioff Gernaey of New Westminster this week end.

Mrs. A. B. Lane and Miss Miriam Lane are guests of Colonel and Mrs. J. D. Taylor.

Visitors to Mr. A. Vashon and wife week included Mr. and Mrs. Prefontine, Mr. and Mrs. Perry, Miss Landsburg and Mr. and Mrs. A. S. Vashon, all from Vancouver.

Mr. and Mrs. P. C. Young are entertaining Dr. and Mrs. Cooper and two children, from Winnipegg, at their sea front residence.

Miss McNamara of Vancouver and Mr. T. H. Sharratt of Langley Prairie are the guests of Mr. and Mrs. E. H. Sands of White Rock cottage.

Mrs. Percy B. Brown and two children returned to Edmonds on Tuesday last and Miss J. Gingell of Jubilee came down to stay with Miss Jean Brown. Messrs. Jack and Charles Brown were down for the week end.

The Rev. and Mrs. W. W. Abbott had Mr. and Mrs. Gladstone as visitors to their summer cottage on Victoria avenue this week.

Guests to Mr. and Mrs. Reid of Victoria avenue this week included Mr. and Mrs. R. E. Tyner, of Port Haney, Mr. R. Thompson of Pitt Meadows, and Mr. and Mrs. C. J. Cooper of Nicomen.

Mr. and Mrs. Ira Reid and Mr. and Mrs. Baldwin are living on Victoria avenue. They had as guests this week Mr. and Mrs. Berney, Mrs. Hardy and Mr. W. Reid, all of New Westminster.

Mr. Jack Rennie, Mr. and Mrs. J. Etaint, Vancouver, and Mrs. Montgomery, of Sapperton, were visitors to Mrs. Saint, of F street.

Mr. and Mrs. Higginbotham of "Glenholme," F street and Columbia avenue, entertained as recent guests C. W. St. John, Vancouver, Mrs. Huntley and Mr. Harold and C. Huntley, Sask., Mrs. Ed. Armstrong, Vancouver, Mrs. E. Dickie, Vancouver.

Mr. and Mrs. R. P. Pettipiece, of Columbia avenue, have had Mrs. Tubman of Moose Jaw, as a guest and on Sunday five boys cycled down from Vancouver, arriving just in time for a hearty breakfast, the party consisting of Clifford Laurie, Herbert Maschon, Wood, Kurle and Pettipiece.

Miss Isabel Kirby of Burnaby is a guest this week of Dr. and Mrs. Watson, Columbia avenue.

Mr. and Mrs. H. A. H. Oliver, Vancouver, are the guests of Mr. and Mrs. Eagleson, Eyrie Cottage, Columbia avenue. Mr. and Mrs. Eagleson have just returned from an extended trip through eastern Canada.

Mrs. Wright, of New Westminster, who is summering on Victoria avenue, had as guests this week Misses Anna and Edith Crazen Miss May Wright and Mr. W. L. Wright, all of New Westminster.

Mr. and Mrs. Simcock, who were down this week end, entertained Hiss Higgins, Miss Abrahams, Mr. T. Simcock and Mr. Jiere, New Westminster.

Mr. L. Wilkinson and family of Victoria avenue, had as guests this last week Dr. Hope and family, New Westminster, the Rev. F. Hardy, wife and family, Sapperton, and Mr. and Mrs. Simcock.

Mrs. Belyea of Johnston road, had a number of guests during the week, amongst whom might be mentioned Mr. and Mrs. Campbell, Mrs. Gilchrist, Mrs. Drinnan and Master Robert Drinnan, all of Vancouver.

Mrs. F. L. Ballard, of Vancouver, and family are summering in their cottage on F street and Johnston road.

Mr. A. C. Moore, of New Westminster, was down this week end to spend Sunday with his family, who are living in Mr. Haynes' house, Victoria avenue.

Mrs. Harrison and family, Langley Prairie, are camped here for two weeks.

Mr. Macbeth has returned to White Rocsk after a week's visit to town.

After a week's stay in town, Mr. and Mrs. George Blakeley are again occupying Dewsbury house, sea front road, and had as a week end guest Mr. William Burr, of New Westminster.

Mrs. Captain Young and daughter, of Vancouver, are visiting Mrs. W. F. Winter and daughter, at "Little Nugget" camp, sea front road.

Mr. and Mrs. H. Barton, of Hall's Prairie, and Masters Gilbert and Leonard Lockyer, of Vancouver, are guests of Mrs. H. G. Lawrence.

Byron H. Harrison and family, and Miss Daisy McDonald, of Murrayville, were visiting Mr. and Mrs. A. J. Smith this week.

Mr. and Mrs. A. Porter had as guests this week Miss Selby Hele, of Glenwood, Miss F. McLeod, of Glenwood, and Mrs. P. Y. Porter, Murrayville.

Semiahmoo House, Mrs. M. M. Cook, has a full complement of visitors, among whom are Mr. and Mrs. McHugh and child, Surrey municipal engineer; Miss Woodward, of Vancouver, Mr. Wright and Mr. and Mrs. Ed. Wyman, child and maid, New Westminster.

Miss Mamie McCarthy, Mr. Vance McCarthy were week end guests of Mrs. W. P. Goard.

Mrs. Simpson and daughter, Vancouver, Mr. and Mrs. Bain and son, all from Vancouver, spent a few days with Mrs. F. C. Philip.

Mrs. and Miss Paul, of Vancouver, were week end visitors to White Rock with Mrs. Carr of New Westminster.

Mr. King and party, of the Kootenay jam factory, Mission, were down on Sunday.

Miss Derbyshire and Miss Violet Latham were down this week end as guests of Mrs. H. M. Marshall.

Wesley R. Walker, connected with the V. & N. Railway, was down this week on a visit to Mr. R. D. MacKenzie.

Mrs. Alec D. Matheson and children, Cloverdale, were visiting friends in White Rock this week.

Officer Johnston, of the New Westminster police department, is having a well-earned holiday at White Rock.

Captain and Mrs. Wilberg and Mrs. Wolz returned home after a two months' holiday in their White Rock residence. They had as visitors last week Mrs. P. Allen and children of Vancouver and Miss Laura Hickman from California.

Mr. George Shannon of Cloverdale, drove in with his fast pacer and spent Saturday with friends here.

Dr. and Mrs. Chester have received word that their infant child, now in the hospital at Duncans, V. I., is rapidly improving and they hope to have him with them again at White Rock in the near future.

Mrs. Gill and family, from North Vancouver, arrived on Tuesday and have taken up their residence in Captain B. Grant's house, sea front road.

Miss Bertha Campbell and her brother returned to town on Monday after a month's camping on the Barr property, Johnston road.

Mrs. Glover-Lloyd of Vancouver, and Miss Patterson, of Winnipeg, were guests this week of Mrs. George Wade, "Hillcroft."

Miss Morrow, of Vancouver, sister of Mrs. F. W. Leeson, is a visitor this week to Mr. and Mrs. Leeson.

Captain and Mrs. Mavers and friends motored to Seattle this week and spent a few days in that city.

Mr. Cook of the customs at Grand Forks, Mr. and Mrs. Barber, of Chilliwack, Mr. and Mrs. Watson and son, of Chilliwack, and Miss DeWolf Smith, of New Westminster, were guests this week at Mrs. A. Munn's camp here.

Guests registered at the White Rock hotel this week included: Mr. and Mrs. A. George, Vancouver; Mrs. R. K. Steven, H. J. S. Graine, N. Devereaux; Dug Veille and H. M. Gernaey, all from Vancouver; T. Bennett, East Burnaby; W. Turnbull, New Westminster; L. G. Sharpe Nanaimo; Mr. and Mrs. H. Lingley, New Westminster; W. C. Miller, New Westminster; Fred F. Wells, New Westminster; W. P. Woolley, New Westminster; F. W. M. Ewen and E. England, New Westminster; Mrs. E. R. Clifton Fallick, North Vancouver; Wm. A. L. Goldsmith, and Mrs. J. Barr-Hopkinson, Vancouver; R. P. Moore, M. Brown, Wm. Shannon and wife, C. H. Butterworth, A. F. Lander, wife and children; O. W. Rafure and family, H. Cox, all from Vancouver; H. O. Park, Toronto.

Surveying Activity.

The transit instrument and chain man are much in evidence at White Rock these days. Recently the B. C. E. R. has had survey parties scouring the neighborhood. W. N. Draper is almost a fixture here now and a large number of men are busy blocking out for John Hendry, the former holder and first originator of the townsite of White Rock.

THE MORE YOU SPEND

the less you have to set aside for illness, old age, adversity of any kind.

Regular savings is the only way to affluence open to the man who does not inherit wealth.

The history of all self-made men is the same in principle. They saved by samll amounts to begin with. They saved regularly until they had sufficient for a safe invesment.

They are most concerned about the safety of their investment.

The Dominion Trust Company fills every requirement of the man who desires comfort in old age.

Savings accepted and 4 per cent. interest is allowed and added quarterly.

When sufficient is saved for an investment then sound safe securities are recommended, just exactly the same ones as the company holds for itself, just the same ones as the directors of the company hold for themselves. You will make no mistake by owning this kind of security.

All notices of meetings, entertainments, sales of work, etc., in this column are charged for at the rate of 10 cents per line. Please do not ask members of the staff to break this rule, as their instructions are positive.

The shipments of fowl by boat to the local market were large yesterday and a good days trading in these is expected today.

Taxes.—The big rebate date expires on Friday, the 15th, at 5 p.m. Over $50,000.00 may be saved taxpayers, right in the city, by paying up. (1888)

Louis W. Bryant, of Nanaimo, is spending a short vacation with his relatives, Mr. and Mrs. Bryant, Sapperton.

Men's odd lines of Patents, values to $7, to clear at $2.95, at Sinclair's. (1900)

The night shift in the Fraser mills will be suspended tonight for an indefinite time. The rest of the mill will be kept working usual time.

Money to loan on first mortgages, improved city and farm property, 9 per cent. Alfred W. McLeod. (1828)

The beautiful Anglican church on Cameron street, Burquitlam, is now completed externally, but the internal fittings and other arrangements will take some little time ere the edifice is ready for service.

Women's Patent, Vici and Gun Metal Boots, regular $5 and $5.50 value, to clear at $1.95. See them at Sinclair's. (1900)

Six Japanese, charged with gaming, appeared before Magistrate Edmonds yesterday but on the application of their consel,u Mr. Hampton Bole, were granted a further remand until Tuesday next.

It is a good thing to strive to attain the top of the ladder, but the ambitious young boys who are these days endeavoring to reach the top of the court house are making passersby anxious for their safety.

For pressed brick, fire clay, common brick, cement, lime, plaster, gravel, sand, rock and fuel oil, apply to the B. C. Transport Co., Ltd. Office phone 826, wharf phone 880. (1829)

On Tuesday evening a social entertainment and supper was held in the Agricultural society hall, Burquitlam, in aid of the new Anglican church. The function was under the auspices of the Ladies' Aid society and was a great success.

Women's Patents, Vici and Gun Metal Strap Slippers, regular $4 and $4.50 value, now $1 at Sinclair's. (1900)

Potatoes were yesterday shipped in to the city market here in larger quantities than ever before this year. Most of those received are of good quality and the price of $1.25 per bag which will likely be paid for them today should make them a good buy.

Insure with Alfred W. McLeod, the insurance man. All kinds written. Hundreds of millions to pay losses. (1828)

For the convenience of those unable to come down town during the day the city hall will be kept open until 9 o'clock tonight to enable those whose taxes are still unpaid to take advantage of the one-sixth discount allowed. After tonight no rebate will be given.

The action of several parties on the American side of Boundary bay in throwing offal from salmon into the gulf and thus making it disagreeable for the campers in tha t vicinity, is likely to get them into trouble, following a visit of a fishery officer from Blaine. Names were taken and the men have been ordere to clean up the beach.

Before buying your footwear, see what we are offering. All the remaining lines of Oxfords 10 per cent. below cost at Sinclair's. (1900)

Sergeant W. J. D. Dempster, of the Royal Northwest mounted police, Dawson, Y. T., was in the city yesterday with a patient for the mental hospital whom he brought from the north. Sergeant Dempster headed the party that found the bodies of Fitzpatrick and the others of the ill-fated Peace river patrol who lost their lives on the winter trail a year or so ago.

Rev. John McNeil, popularly known as the Scottish Spurgeon, who has been spending a short while in the west and who has delivered several addresses in Vancouver, will preach his final sermon on the coast in St. Andrew's church, this city, next Sunday morning. Wherever he has spoken the great Scottish evangelist has addressed crowded houses and last week in Vancouver hundreds, unable to find even standing room, were turned away from his meetings.

The doubling of the Blue Mountain school accommodation is completed. The work has been accomplished very artistically and there is nothing lobsided about it.

Workmen are engaged in excavating and planking a drain on the Coquitlam side of the North road from the Austin road to George Alderson's property. The work is necessary to carry away the water during the rainy season and prevent injury to this fine road. Burnaby and Coquitlam divide the care of the North road, which is the boundary them, and the section mentioned falls to Burnaby's share. Coquitlam will construct a sidewalk on top of Burnaby's drain.

There was no lacrosse match on Wednesday evening between Maillardville and Burquitlam. The Maillardville team was on the ground and waited until darkness set in for the North road aggregation but the only person from Burquitlam on the ground was their representative, who was chagrined at the non-arrival of his warriors.

OBITUARY.

PHILPOTT—The funeral of the late Chas. Philpott took place yesterday afternoon at 2 o'clock from Murchie's undertaking establishment to the Church of England cemetery.

Alderman Dodd will leave for Salt Lake City, Utah, early in September, where he will represent the Westminster Street Railwaymens' union at the international convention to be held in the Utah city. He expects to be away for about three weeks.

A verdict of accidental death exonerating the crew of the car from any blame, was brought in at the inquest on Harry Mussell, the Indian who was killed by a Sapperton car late Wednesday evening, near the corner of Emmett and Twelfth streets. Deceased was a married man and leaves a wife and 11 children. According to the testimony presented at the inquest he had been drinking before he left Steveston that morning but his son declared that he was sober when he boarded the train.

TAXES 1913.

Municipality of Burnaby.

Tax demands for the current year having all been issued and as the rebate period will expire on August 25, owners who have not received their notices will oblige by communicating with the undersigned immediately, giving full description of their property.

W. H. GRIFFIN, Collector,
(1840) Edmonds.

TO CONSIDER CALLS.

Westminster Presbytery in Session Here This Afternoon.

The Presbytery of Westminster will meet at 2:30 o'clock this afternoon in St. Andrew's Presbyterian church, when two calls within its jurisdiction will be considered.

One call comes from Rosedale, B. C., to Rev. R. McKay, now of Vancouver, but recently out from the east.

The second call is sent by Cook's church, Chilliwack, to Rev. H. C. Fraser, late of Nova Scotia, and for the past two years a teacher in the Vancouver High school.

BURNABY IN RUNNING, BUT RAN THE WRONG WAY

Outclassed in condition, stickhandling and speed, the Burnaby intermediates went down to another defeat last evening before the Sappertons, the final goal of a 9 to 5 score being banged into the net just on the point of time.

Only in the first quarter, when they evened up the score to 1-1, were the suburbanites ever in the running, although chances galore were lost in tront of the goal through faulty shooting.

Follis for Sapperton was in his element when it came to bulging the net, scoring no less than six goals, four of which were sent by in succession in the early part of the game.

An impromptu wrestling bout between Feedham and Cameron and a fistic encounter between Johnston and Sayers featured the contest somewhat.

Both teams fielded weak twelves.

TWO TRUSTEES LEAVING COQUITLAM SCHOOL BOARD

The school trustees of Coquitlam met on Wednesday, Ewen Martin, chairman, presiding.

It was arranged that Trustees Barth and Atkins should drop out at the conclusion of the year, leaving three vacancies on the board to be filled by election in January, 1914.

This will leave Chairman Martin and Trustee Walker on the board next year without election. All were elected last year by acclamation but W. Whiting did not claim his seat, which was declared vacant and the vacancy was, with permission of the education department, never filled.

Miss Griffiths, teacher Millside, tendered her resignation, which was accepted with regret.

Instructions were given for 25 desks for the Blue Mountain school and 20 desks for the new school on Port Moody road.

Trustee Walker was also authorized to secure additional furnishings.

The action of the chairman in appointing teachers was approved.

FORGER CLAIMS HE WAS CANADIAN DETECTIVE

Tucson, Ariz., Aug. 14.—"I think a term in the penitentiary would do me good," said Nathan T. News, today in discussing the charge of forgery against him with the county attorney, George O. Hilzinger.

"I think so too," replied the attorney.

Everybody being agreeable it was arranged that News should waive arraignment and plead guilty, which he did. He will appear later for sentence.

News refused to tell any intimate details of his life, in order he said, "to prevent my parents knowing that I have gone to the pen." He gave his occupation as a blacksmith. He added that he had been a detective in the secret service of the Canadian government.

News admitted leaving a trail of bad cheques from Los Angeles to Tucson. They were mostly for small amounts.

PREMIER OF MANITOBA OPENS NEW STOCKYARDS

Winnipeg, Aug. 14.—Before an audience of 300 stock raisers and commission men, Sir Roblin, premier of Manitoba, formally declared the new Union stockyards at St. Boniface, open for business this morning.

The program of speakers, besides the premier, included Hon. Geo. Coldwell, minister of education; Hon. Geo. Lawrence, minister of agriculture; Stephen Benson, member of the board of directors of the new yards; J. I. Smith, live stock commissioner of Saskatchewan; Mayor Deacon, of Winnipeg and Alderman Marion, St. Boniface.

Four Honorary Degrees.

The Hague, Aug. 14.—The forthcoming opening of the palace of peace on Aug. 28, is to be commemorated by the University of Leyden by the bestowal of honorary degrees on Senator Elihu Root, who will represent Dr. James Brown Scott, secretary of the Carnegie endowment for international peace; on Louis Renault, permanent French delegate to The Hague tribunal; on Alfred Fried, the Viennese pacifcist and posthumously on the late T. M. C. Asser, Dutch statesman.

MARKET PROBS.

At this morning's city market it is probable that:

Instead of the usual $1.50 per bag for new potatoes the price will drop to $1.25.

There will be a fair offering of plums at 40 cents for a five pound basket.

Tomatoes may be bought for $2.25 for a 20 pound crate.

Yellow Transparent and Duchess apples will be offered at $1.50 per box.

Eggs will hold firm at last week's increase to 40 cents a dozen.

Butter will be unchanged both in quantity and price.

Meats, vegetables, fowl and fish will experience little change in price.

WHAT HAPPENED IN POLICE COURT

Two Men Find That Red Paint Comes High—Impersonators of Longboat and Washington.

Just when the Balkan and Mexican wars are slowing down it is significant that several disturbances have taken place in this city during the past few days which have called the attention of the police. Pete Berg, whose name suggests Sweden as his fatherland, is marked down in the police blotter as one of these guerillas.

Pete started out Wednesday evening with a notion of showing Westminster the exact way of doging things with the red paint can.

His wanderings brought him to Eleventh street where after a little argument, he commenced to clean up things in great style, chasing one of the women habitues around the block until confronted with the portly frame of Constable Bass.

One glance at Pete by the aforesaid officer did not please Berg one iota. He waltzed around him like a Russian ballet dancer. Finally he was coralled and added $10 and costs to the treasury in court yesterday morning.

Such a Nice Name.

Eddie Fortune, whose wanderings live up to his name, was another of the individuals who believe that once they start on a rampage there is no telling where they will stop.

Eddie stepped into the Lytton hotel late Wednesday evening. It was near closing time but that did not prevent him from informing the occupants of the bar that he was the best champion scrapper who ever dolled himself out in the Fraser city. He invited his hearers out to the market square where there would be little chance of being bumped against a wall. Enter P. C. Anderson. The latter person just lamped Eddie and decided that for the betterment of the city and for all concerned, a trip in the patro wagon in charge of Bill Guttridge was all that he needed. Fortune was indeed fortunate in leaving $10 as bail money with the desk clerk at the station.

Strong on the Spirits.

An even $25 was the jolt handed out to George Frank, an Indian, in court yesterday morning for being the possessor of a bottle of liquor. It will be remembered that Frank bore a resemblance to Tom Longboat when he attempted to do a Marathon away from the clutches of Detective Burrows the previous evening. It can also be imagined that Frank was decidedly not frank when he failed to inform the beak the whereabouts of the person who supplied him with the Special G. & W. Magistrate Edmonds decided that 25 bones was enough to convince George that law was law. He paid.

He Will Explain.

Wong Ting, whose actions the other evening were crossed between George Washington, of cherry tree fame, and a Chinese Tong, will have a hearing this morning in court on a charge of common assault just because he weilded an axe in collecting a debt the other day.

Go as Missionaries.

Milton, Ore., Aug. 14.—Rev. Bert A. Powell and Mrs. Powell have left for Vancouver, B.C., from which place they will sail for Korea, where they will spend the next seven years as missionaries for the Methodist church South. Both Mr. and Mrs. Powell were teachers last year in the Milton Columbia college.

TAKE THIS AUTO TRIP

Pack in your bathing suits and a well filled hamper and spend a day at Maple Beach, Boundary Bay. Pleaty of free picnic places on the sand beach or under the wonderful spreading maples. Lovely spring water. Take the River road to Ladner and the Goudy road south.

At the Theatres

AT THE ROYAL.

Tonight and Saturday matinee and night will complete the engagement of the Frank Rich musical comedy company in this city. Manager Rich claims to have saved his strongest bill for the closing program. It's certain that he hasn't cheated any on the show that he presented the last two nights. In conjunction with the regular program tonight there will be the chorus girls' contest. Last Friday night the Royal theatre was packed to the sidewalk when this popular contest was presented, so that will be a good tip for those who know to come early tonight. "College Days" is the title of the new show tonight and it is said to be a laugh from start to finish.

Left His Teeth.

St. Catherines, Ont., Aug. 14.—Jas. J. Burns, night man in charge of the Niagara, St. Catherines and Toronto railway's power house at Thorold, mysteriously disappeared from his post where he was employed, some time after 1 o'clock this morning. His coat, vest, hat, necktie and false teeth were found this morning in the wash room of the power house. Foul play is suspected.

Ask your Druggist or Grocer to show you the new plan for killing all the flies in your house or store in one night, and have neither flies nor fly killers about in the daytime.
