## WAR CLOUDS LOWERING OVER NATIONS OF EUROPE

### Austria's Pre-emptory Demands to Servia Considered Too Humiliating for Acceptance—Compliance With Ultimatum Would Be Practical Admission of Assassination of Archduke Ferdinand and His Wife.

#### In Event of War European Diplomacy Will Endeavor to Restrict it to the Two Nations—Fear Expressed That Other Nations Will Be Involved and General European War Ensnare—Russia Expected to Take Active Measures if War Once Starts—Situation Considered Very Grave.

London, July 24.—European diplomacy is faced with a situation of extreme gravity in the controversy between Austria and Servia. Unless it is handled with great delicacy, it is not unlikely that others besides these two parties will become involved in war. An Austro-Hungarian ultimatum to Servia, couched in a tone of almost unprecedented severity and fastening on the Servian government and people responsibility for the assassinations of Archduke Ferdinand and his wife at Sarajevo, has been presented to Belgrade. It demands satisfaction within 48 hours.

**Terms Too Humiliating.**

The almost universal opinion in the European capitals is that the Servian government cannot comply with such humiliating terms as are set forth in the ultimatum, since compliance would be tantamount to an admission of Servia's guilt. The Russian government already is seeking an extension of time for Servia.

The efforts of European diplomacy should the powers fail to avert the threatened war, will be devoted to localizing it.

**Would Support Servia.**

Montenegro has indicated her readiness to support Servia in the event of an Austrian attack. This certainly would plunge the whole of the Balkans into hostilities. Austria counts on the neutrality of her allies, Germany and Italy, but with the possibility of Russian intervention on behalf of Servia, Austria would run great risks of risings among her own great Slav population.

A fact much commented upon by the European governments is that Austria has chosen a moment for the issuing of her ultimatum when President Poincaré is absent from France, and two of the Balkan premiers are abroad.

**Russia May Act.**

St. Petersburg, July 21.—The Austro-Servian situation was considered at a four-hours' meeting of the cabinet today. It is understood that as a result Russia immediately will intervene in the controversy by asking Austria to prolong the period she has given Servia to reply to her ultimatum, so that European diplomats may have time to act. The official view is that should Austria refuse to prolong the term of the ultimatum, Russia may take extreme measures. It

is considered here that the dispute should have been submitted to the European powers, to whose decision Servia is willing to defer.

Another cabinet council will be held under the presidency of Emperor Nicholas before a final decision is taken.

The official journal today published the following communication concerning the trouble between Austria and Servia:

"The Imperial government is seriously pre-occupied by the ultimatum addressed to Servia by Austria-Hungary. Russia cannot remain indifferent to the Austro-Servian dispute."

**Servia Prepares to Retire.**

London, July 24.—The Servian government is withholding publication of the text in the ultimatum in Belgrade. Against the forts and Austrian gunboats on the Danube, Belgrade could not hold out twenty-four hours, and it is rumored in diplomatic circles here that the Servian government is preparing to retire from the capital into the interior, probably to Misch or Uskub.

According to Berlin reports, Germany will not permit interference by any third party in the event of Austro-Servian hostilities.

It is reported that President Poincaré of France will abandon his proposed Scandinavian tour on account of the trouble.

**Germany Is Mediator.**

Berlin, July 24.—A high official said tonight it was possible Emperor William would return from his Norwegian trip by the end of next week instead of August 8, as he had originally planned, because "the weather is very bad up there." An earlier return to Berlin of the emperor than he anticipated is said to be due to the Austro-Servian difficulty. Germany is doing everything possible to induce Servia to submit to Austria's demands.

**Austrian Minister to Leave.**

Vienna, July 24.—Baron Von Giesl de Gieslingen, the Austro-Hungarian minister at Belgrade, has been instructed to leave Servia with the entire legation staff, if by six o'clock Saturday evening the Servian government has not notified him that it has agreed without delay to comply with the demands of Austria's note.

## HOMESTEAD ENTRIES SHOW BIG DECREASE

### Less Than One-Tenth Entries in May 1914 Compared With 1913—Majority Are Americans.

Ottawa, July 24.—Homestead entries for the month of May, for the four western provinces numbered 2438, as compared with 2470 for the same period last year, a decrease of 1041.

Manitoba entries increased from 227 to 316, and Alberta entries from 1139 to 1193. Saskatchewan entries, on the other hand, fell from 1572 in 1913 to 875. The proportioned decrease in British Columbia was even greater, the entries in 1913 numbering 581 as compared with 52 this year. During May 4785 patents for 287,892 acres of land were issued by the interior department, as compared with 2710 patents, covering 463,530 acres for the same month in 1913. Americans head the list of homesteaders with a total of 454; Canadians numbered 345; English 238; Austro-Hungarians 265; Russians 194; Norwegians 57 and Swedes 62. Homesteaders for the month included one Japanese, one Chinese and one African.

## CHEAP RATES FOR UNEMPLOYED MEN.

Regina, July 24.—Over 400 are unemployed in Regina, according to Chris Webber, local immigration officer who Thursday replied to a telegram from Bruce Walker, commissioner of immigration at Winnipeg, asking for this information. Word was also received from Winnipeg stating that to relieve the situation the railways were giving a rate of one cent a mile to men willing to work in the harvest fields. This is for men who desire to assist in the threshing of grain and will be good only while the harvest season lasts.

## EFFORTS TO END STRIKE ARE NOT SUCCESSFUL

### Trainmen on Ninety-Eight Western Roads May Quit Work at Any Time—Situation Critical.

Chicago, July 24.—Mediation by the government between the ninety-eight western railroads and their engineers and firemen reached a crucial stage tonight, according to Martin Knapp, member of the federal board of mediation and conciliation. Judge Knapp said, however, that members of the board were still in hopes of reaching a settlement.

It was currently rumored today that an announcement one way or another would be made by the board tomorrow either that the men had agreed to submit their case to arbitration or that the roads had determined upon new concessions they were willing to make to the demands of the men.

A statement attributed to the employees a week ago when it was announced unless the roads offered some new concession within the week the men would be inclined to terminate the mediation and strike.

This statement was strengthened by a report from California yesterday that a local union official had been notified that the mediation had not advanced from the employees' standpoint and might be terminated at once.

## SAFE-BLOWERS LEAVE "JUICE" IN THE SAFE.

Medicine Hat, July 24.—Scared in the midst of their operations, a gang of safe-blowers fled leaving their "juice" still in the safe, and their tools scattered around the office of J. H. Harman, implement agent, of this city. The handle of the safe had been knocked off with a sledge hammer and everything was ready for the explosion, but the crooks had been disturbed and decamped.

## SHERIFF'S REVOLVER KILLS YOUNG GIRL

### Peculiar and Fatal Accident at Tacoma When a Gun Drops and is Discharged.

Tacoma, July 24.—Miss Viola Truesdale, age about 19, of Pineville, Ore., was almost instantly killed and Grace Truesdale, 17, was slightly wounded today by the accidental discharge of a revolver that dropped from the pocket of Deputy Sheriff George Ashby. The sisters were about to board a stage at Titlow's Beach, a summer resort. Ashby and Sheriff Jamieson, who were on their way to a suburban town to capture a man reported as terrorizing the district, stepped from the stage. In the crowd at the stage it is supposed some one knocked the gun from the deputy's pocket. The bullet grazed the thigh of the younger girl, and, continuing upward, pierced the jugular vein of her sister. The Truesdale girls were visiting an aunt in Arletta, a neighboring hamlet. Ashby has been an officer for many years.

## BANDITS HOLD UP TRAIN AND KILL ENGINEER

### Two Masked Men Operate Four Miles From New Orleans—Two of Train Crew Missing.

New Orleans, La., July 24.—The New York Limited through passenger train of the Louisville and Nashville railroad was held up by two masked men tonight at a crossing four miles east of here. The engineer is reported to have been killed by the bandits and two other members of the train crew are said to be missing. A special train with officers and physicians has started to the scene.

## RECEPTIONS TENDERED DUCAL PARTY EN ROUTE

### Pleasing Ceremonies at Port Arthur and Fort William—Thousands Greet the Duke.

Port Arthur, Ont., July 24.—Stopping in Port Arthur as the first point touched on their farewell tour of western Canada before leaving for England in the fall, the Duke and Duchess of Connaught and the Princess Patricia were given an official and enthusiastic welcome this afternoon.

The ceremonies took place on the beautiful lawns of the Prince Arthur hotel. There an address of welcome was read by Mayor Oliver. Beautiful bouquets of cut flowers were handed to the Duchess and Princess. The duke reviewed the school cadets, the boy scouts and the guard of honor, and afterwards members of the city council with officials of the board of trade and their ladies were presented to the royal party.

A half-hour stop was also made at Fort William where the royal party was met at the train by Mayor Young and C. W. Jarvis, M. P. P., and escorted through a line of children to the dais at the outer door of the depot.

Before him, as a guard of honor, marched a band of little girls of nearly thirty nationalities, clad in costumes of the countries from which they came.

The individual members of the girls' guard were presented to the duke, after which the party was escorted back to the train by the mayor, and the party left at 7:30, when the whole assembly sang God Save the King.

In reply to the addresses of welcome in both cities the duke said he and the duchess and Princess Patricia would take home to England nothing but pleasant memories and would always follow the progress of the country with the greatest interest.

## JURY CENSURES MINE COMPANY

### Hillcrest Disaster Due to Gas and Dust Explosion—Miners Act Infringed—Monthly Inspection.

Lethbridge, Alta., July 24.—The verdict of the concluded inquest on the victims in the Hillcrest mine disaster was that death was occasioned by an explosion of gas and dust. The jury added a rider that they believed the company had infringed the mines act. They further suggested that the government should enforce a monthly inspection of all men working in mines to see that no matches were carried, further that a sufficient number of life-saving apparatus be kept as near the mouth of the mine as possible.

## CANADIAN ESCAPES SERIOUS CHARGE

### C. A. Henson of Toronto Alleged to Have Violated the Mann Act—Arrested in Los Angeles.

Los Angeles, Cal., July 24.—Charges of violations of the Mann white slave act placed against C. A. Henson, of Toronto, Ont., on the ground that he brought from Ontario to California, Mrs. Harriet Willets, whose friends thought had been lost in the Empress of Ireland disaster, were dismissed today.

Mrs. Willets testified before the United States commissioner that she came here to become a nurse and that she borrowed money from Henson to pay her transportation.

## VILLA PURCHASES ARMS IN U. S.

### Entrenched in Strongholds With Evident Intent of Prosecuting War.

#### Appealing to the Natives to Enlist in His Army and Offering High Wages—Factional Strife.

El Paso, July 24.—Contrary to official advice from Washington, that the administration was meeting with success in pacifying different factions among the constitutionalists and that peace was near in Mexico, it was reported here on good authority today that General Villa's agents were buying large quantities of arms at Chicago and St. Louis. Agents of the national constitutionalist government declared that none of the purchases had been made by General Carranza. Coincident with this came further news that Villa was entrenching himself in his Chihuahua stronghold. Arrivals from Santa Rosalia, Torreon, Chihuahua City and other points said that those towns were placarded with appeals for enlistment in the army in the north. Two pesos a day was offered as pay, making a scarcity of labor in mines and on ranches.

Opinions of officials and observers here still differed as to whether Villa would move south to Mexico City or remain in the north. The former belief was strengthened by the report that one of Villa's brigades, that commanded by General Raoul Madero, departed today from Chihuahua for the south, its destination not being given. Villa returned today to Chihuahua City, officials here said.

## INCENDIARIES CAUSE DISASTROUS MINE FIRE

### American Foreman Suffocated and \$300,000 Damage Done—Attempt to Blow Up Powder Magazine.

Douglas, Ariz., July 24.—Two mines of the Cananea Consolidated Copper company at Cananea, Sonora, were found on fire early today, supposedly the work of incendiaries. Tonight the flames in the Veta Grande shaft were under control, but it was reported one American mine foreman had been suffocated and the Oversight shaft was burning fiercely with no hopes of stopping the flames.

Company officials here declared tonight that investigation proved an attempt also had been made to blow up the powder magazine. Had this explosion occurred it would have wrecked the camp. It is estimated the fire damage will be about \$300,000.

**Struck for Higher Wages.**

Troubles at Cananea came to a head several weeks ago when 2500 miners struck for higher wages, lower prices at the company store and other concessions. Some of them returned to work recently after Col. P. Elias Calles, sent by General Carranza to settle the disturbances, ordered them to work, leave the camp or join the army.

Besides rescue appliances sent during the day, ten additional fire fighters from Bisbee, with helmets and oxygen passed through Naco tonight on their way to Cananea.

Constitutional officials at Agua Prieta said Col. Calles and Prefecto Frederico Platt would conduct an investigation and take summary action if it were proved incendiaries started the fire.

## BUBONIC PLAGUE CLAIMS VICTIM.

New Orleans, July 24.—Diagnosis of the tenth case and discovery of the infected rat were developments today of the bubonic plague situation. The tenth victim, William Ernst, white, 50 years old, was employed as bartender within what is termed the first focus of the disease. Physicians are sure Ernst contracted the disease at his place of employment.

## AN "ARMED DEMONSTRATION" TO IMPRESS THE GOVERNMENT

### MERCHANTS PURSUE WAITING POLICY

#### General Quietness Reported from the Leading Trade Centres in Canada.

New York, July 24.—Despatches to Dun's Review from branch offices of R. G. Dun & Co. in leading trade centres of the Dominion of Canada note seasonable quietness in most lines, with merchants generally pursuing a waiting policy.

Montreal reports wholesale trade to be in moderate volume and not much improvement expected until after the vacation period is over. There is little new in the trading departments. Groceries, footwear, clothing and hardware are rather quiet and while dry goods houses are busy with fall deliveries, they say that comparatively little new business is coming in.

Most lines at Quebec show seasonable quietness, but the prevailing opinion appears to be that fall trade will be good.

Demand for merchandise is not very active in Toronto, which is usual at this period. Sorting up business is only fair. Prices are steady and collections appear to be improving.

In the far west and northwest there is a fair movement of merchandise, although some uncertainty has been created by reports of crop damage.

**Crop Damage Rumored.**

Retail trade at Winnipeg is in normal volume and while wholesale houses have been affected by rumors of crop damage by drought, the situation as a whole is considered favorable and an active fall and winter trade is anticipated.

Gross earnings for Canadian railroads for the first two weeks in July reported to date show a falling off of 11.1 per cent, as compared with the earnings of the same roads for the corresponding period a year ago.

Commercial failures in the Dominion of Canada this week numbered 44 as against 47 last week and 29 the same week last year.

## FAREWELL TO HINDUS RAINBOW RETURNS

### Two Jap Sailors Jump Overboard from the Komagata in Attempt to Escape—Picked Up.

Victoria, July 24.—The Rainbow, after having convoyed the Komagata Maru well out of sight of Canadian shores, returned to Esquimalt harbor yesterday morning.

Two Japanese sailors jumped overboard from the Komagata and attempted to reach the shore, when the vessel was emerging from Active pass. A wild outburst of yells from the Hindus drew attention to the Japs. The Rainbow lowered a boat and picked up the men, who were almost exhausted in the strong tide. After medical treatment they were placed aboard their own vessel.

That a further consignment of Hindus are on the way here in the Christian Michelson, from Hong Kong, and said to be as near as Cape Flattery, is denied. She is on the other side of the world. On July 1 she arrived at the Welsh coal port of Pentreath from Rotterdam, which she left on June 28. Pentreath is near Cardiff, the big coal port, and it is understood that the ship is heading for Perth.

The Christian Michelson is a Norwegian vessel, built in South Shields, England, and is 341 feet long, 48 feet 6 inches beam and 24 feet 7 inches depth. She is 2292 tons net and 3554 tons gross. She is fitted with three cylinder triple expansion engines.

## RELIGIOUS HONOR COMES TO THE CITY

### New Westminster Raised to the Dignity of Provincial House of Oblates, Official Home of the Order.

From now on the oblate centre of New Westminster is raised to the dignity of provincial house of the order, this action being taken at the recent chapter of the oblates held at St. Louis college and which dispersed on Wednesday of this week. Together with this promotion is the announcement that in future the official quarters of the Very Rev. J. Welch, O.M.I., the provincial house will be in the Royal City.

By a curious coincidence it is exactly 50 years ago since New Westminster was elevated to be the Episcopal see of British Columbia, its first bishop being Rt. Rev. Bishop D'Herbomez.

## Anti-Home Rule Followers Endorse Attitude of Sir Edward Carson.

### Provisional Government is Expected to Be Set Up in Ulster Before the Passage of Home Rule Bill

Belfast, July 24.—The failure of the Buckingham palace conference on home rule was known definitely in Belfast last night through telegrams from the Ulster leaders, and the official announcement this afternoon caused no excitement here.

The leading businessmen, clergymen, bankers and manufacturers who had declared for an anti-home rule movement, were unanimous tonight in endorsing the uncompromising attitude of Sir Edward Carson and Captain James Craig in demanding the total and permanent exclusion of Ulster from the workings of the home rule bill.

**An Armed Demonstration.**

The Ulster provisional government awaits orders from Sir Edward and Captain Craig, who are still in London. It is believed today that the next step will be the mobilization of the volunteer force as a kind of "armed demonstration" which may impress the government. If the government is still unyielding it appears certain according to the opinion of prominent Ulsterites that the provisional government will be set up before the home rule bill is passed. The government minority has desired to seize the postoffices and customs house and conduct a kind of armed republic under martial law, but the conservative element in Ulster has over-ruled this.

The present policy is to continue all the public services as they are now, not interfering with traffic or the telegraphs so that if the government does not adopt coercive measures, the ordinary life of Ulster will continue.

**Policed by Soldiers.**

Belfast probably will be policed by soldiers drawn from four local regiments, who will be known as the town guard. The same regiments also will furnish a quota of 10,000 men, fully armed for the second line fighting.

A so-called special service corps, constituting about five thousand men, most of them old soldiers, to be officered by former regulars and having full transport and machine gun sections, will comprise the first line of a "flying column." This force will be ready to rush to any quarter of Ulster.

The nationalists defy the provisional government by rioting and reinforcing local citizen troops. It is understood the police in Belfast probably will be withdrawn immediately a provisional government is set up, thus leaving everything in the hands of the volunteers.

## CONSERVATIVES WIN ELECTION RECOUNT

### Dr. Martin Upheld in East Lambton and Hon. J. H. Howden Retains Majority in Beautiful Plains.

Toronto, July 24.—Chief Justice Sir William Meredith today upheld the appeal of Dr. J. B. Martin against the decision of the county court judge who, in the East Lambton recount rejected ballots on the ground that the counterfoils ought to have been detached. The result gives Dr. Martin a majority of four votes over the Liberal candidate, R. J. McCormick.

Portage la Prairie, Man., July 24.—As a final result of the recount of the recent vote in Beautiful Plains which was held here today, Hon. J. H. Howden, Conservative, has a majority of 32 over his opponent, W. H. Woods, Liberal. Mr. Howden's previous majority was 40, but nine votes cast in Mr. Wood's favor, which were rejected by the returning officer, was included by the judge, and one vote cast for Mr. Howden, which had been held to be spoiled, was included by Judge Ryan, thus giving Mr. Woods a net gain of eight.

## BLOODHOUNDS FAIL TO LOCATE BANDITS.

### Los Angeles, July 24.—Bloodhounds which spent most of the day chasing rabbits, failed to discover any clues today to the whereabouts of the two men who held up Southern Pacific passenger train No. 22, near Burbank last night and robbed passengers of approximately \$2150.

The two bandits were described as each being 30 years old, one armed with a sawed-off shotgun and the other with a revolver. One of them wore overalls drawn over his ordinary clothes.

## THE WEATHER.

New Westminster and lower mainland: Light to moderate winds; mostly cloudy with showers.

# The News

An independent morning paper devoted to the interests of New Westminster and the Fraser Valley. Published every morning except Sunday by the National Printing and Publishing Company, Limited, at 63 McKenzie Street, New Westminster, British Columbia.

ROBB SUTHERLAND, Managing Director.  
All communications should be addressed to The New Westminster News, and not to individual members of the staff. Cheques, drafts, and money orders should be made payable to The National Printing and Publishing Company, Limited.

SUBSCRIPTION RATES—By carrier, \$4 per year, \$1 for three months, 40c per month. By mail, \$5 per year, 25c per month.  
ADVERTISING RATES on application.

SATURDAY MORNING, JULY 25, 1914.

## IS AN ELECTION COMING ON?

It was freely prophesied in the east that if the Ontario and Manitoba elections turned out satisfactorily from a Conservative standpoint there would be a Dominion general election this fall or early next year, but nobody seems to have cast up this set of prospects to suit the provincial polling results as they have fallen out.

Sir James Whitney delivered the goods in undamaged condition in Ontario, but Sir Rodmond Roblin had considerable difficulty making the grade with his cargo of votes in Manitoba. However, it is explained that the prairie premier's difficulties rose entirely from local troubles, weeds in the back yard patch, as it were, and if this be the case, the fact that he did win, though only by a small margin, gives the Canadian premier sufficient material for figuring early election dope, particularly if he takes a side glance at Sir James' plump showing back in Upper Canada.

Other straws which show the direction in which the political zephyrs are blowing, if it is permissible to liken Sir Robert and Sir Wilfrid unto straws, are the two recent announcements that the Dominion premier and the leader of the opposition in the federal house both are contemplating trips to the Pacific coast.

Of course, Sir Robert Borden might be taking a jaunt out here just to air his new title in the West, but then again he might be coming to see what chances were for votes should he decide to go to the country within the next few months.

Then, too, it is barely possible Sir Wilfrid Laurier wishes to learn what there is in the air out here that sprouts Tory blossoms where Liberal blooms wither and die. On the other hand, Sir Wilfrid may have a pretty fair idea that the government leader contemplates a polling day in the near future, in which case, he, being a wise and experienced political harvester, believes in making hay while the sun shines.

At any rate, to the ordinary man who isn't in on the know, it looks as though there might be an election this year or early in 1915, provided the knightly Canadian premier decides to hold one, which is about as close as you can generally get to any definite conclusion in the political line till after the thing is done.

Roosevelt has been made the defendant in a fifty thousand dollar libel suit. The colonel should have developed that sore throat of his sooner.

Villa hasn't been invited to attend Carranza's triumphal entry to Mexico City, but he announces that he'll be there just the same. That's probably what's worrying Carranza, the fact that Villa likely will be there.

Up in Prince Rupert they've got a mound of rock called Acropolis hill and they're putting an exhibition building on it. Nowadays a name and a railway can do a lot for a place.

A coast gentleman who recently looked over the Prince George townsites propositions, suggests that some of the lots up there be bunched and sold as farms to relieve the strain on the realty market.

Doctors say a Spokane boy who has a bullet in his brain will get along all right without having the lead removed. If the lad hasn't yet chosen his lifework, it wouldn't be a surprise to hear that he had decided to become a plumber.

When the H.M.C.S. Rainbow was needed in Vancouver the other day, after lying idle for months in Victoria harbor, it was found her hull was so foul with barnacles and seaweed that she couldn't make any speed at all. Now she will have to go into drydock for a scraping. Why couldn't the Dominion government anchor her in the Fraser river for a while and save that expense?

A car that is seen on the streets and country roads as often as the Ford must be right or its very presence would kill it. Isn't this positive proof that the Ford is right when it outnumbers any other car—anywhere—three to one? Over 550,000 now in use—have you yours?

DeLorean, \$650. Touring Car \$850. Town Car \$500—f.o.b. Ford, Ontario. Complete with equipment. Fraser Valley Motor Co., Corner Lorne and Carnarvon Streets.

## NUBS OF NEWS

Two new women's institutes have been authorized, one at Langford and the other at Atcheltiz, near Sumas. Organization meetings were held in both cases on July 22.

The running of the first through train from Nanaimo to Courtenay, which was to have taken place last week, but was postponed unavoidably, will now, it is fully expected, begin by the end of the month.

Announcement is made at the office of the British Columbia Packers' association that that company had absorbed the business of the George & Barker Salmon Packing company, which has canneries and extensive trap rights in the state of Washington.

E. B. Butler, the Toronto sculler who competed at the Nelson regatta, was on the coast this week on his way east. Butler intends entering the American championship regatta at Philadelphia. He held the title in 1911 and 1912.

Hope has been threatened by fire according to word received by H. R. McMillan, chief forester for the province. A serious bush fire broke out in the railway belt the other day and has now got beyond control. The territory where the fire began is not under the jurisdiction of the forest department.

There was some fear that the fire raging in the timber limits back of Ladysmith on Sunday night might spread, especially as a high wind prevailed throughout the day. Mr. Loveland, head of the fire wardens on the island, went up Sunday evening and went out to the fire. He was ready to put on a gang of firefighters if they were needed, but fortunately there was no great danger.

A remarkable swim was made during the week-end by a one-legged swimmer in the person of A. Brown, of Newcastle Townsite, who covered the distance from the Newcastle bathing beach to Protection Island and returned. This is a specially difficult course owing to the strong currents to be encountered. Mr. Brown's age is 53.

Robberies are reported from New Hazelton, 100 miles inland on the G. T. P., and at Port Essington, R. G. Cunningham's store at Port Essington was broken into, the safe forced open and hundreds of dollars secured. A stranger entered the office of the Northern Hotel at New Hazelton, picked up the cash register and escaped before the dazed clerk could intercept him. A man named Dean has been arrested on suspicion.

The ninth meeting of the Canadian Alpine club opened this week in the Upper Jehu valley, 18 miles from Field. The village of tents is most beautifully situated among the tall timber and surrounded with snowcapped mountains. Men have been at work for the last fortnight under the direction of C. A. Richardson, of Calgary, setting up and brushing tents and generally preparing for the 200 members.

James Thomson, chief land commissioner of the Hudson's Bay company, and his son, Eric R. Thomson, both of whom lived at Victoria when Mr. Thomson was local manager of the company at that place, are visiting former friends. An excellent crop is expected in the west, according to Mr. Thomson, and he believes this should do much to help tide the Dominion over the coming year, which he expects will be a critical one from the business standpoint.

Miss Elsie Staten, of Merritt, who accompanied a number of children on a picnic, and who was enjoying a cool bath in the waters of the Coldwater river, had a narrow escape from death. In an attempt to save a youngster who had gone beyond its depth, she herself, was carried away in the swift stream. Her cries brought Robert Barrett to the rescue. The young man plunged into the river and dragged the young woman ashore just as she was going down for the third time.

The dead body of a big whale, with two cuts on its side, was found stranded on an island near Prince Rupert last Saturday. It is supposed to be the leviathan which rose up in front of the steamer Prince George at 2 o'clock on the previous Tuesday morning, when the G. T. P. liner was slashing along at a speed of eighteen knots off Egg Island. The tail of the monster as it prepared to make a hasty dive was visible above the forecastle rail of the Prince George, just as the vessel struck the whale.

What is stated to be one of the largest contracts for jam that has ever been entered into in Canada has been closed between J. A. Macdonald of Nelson, proprietor of the Nelson jam factory, and a firm of prairie distributors. The contract calls for 21 cars of this product, which will aggregate in weight 600,000 pounds. The order calls for jam from all kinds of fruits procurable in Kootenay and the Boundary and will be distributed at nearly every point in the prairie provinces. Work has already been commenced on the big consignment at the factory.

Land and water sports are to play an important part in connection with the exhibition and fair which is to be held in Prince Rupert on September 29, October 1 and 2, and a lengthy and varied list of events is already prepared, including special races for Indians and eleven events for children of graded ages. All sports are open to amateur athletes from any part of Northern B. C. The tug-of-war for a \$50 prize will be a big event for which several teams have already expressed their intention of entering. Handsome prizes are offered for shooting, trap shooting, football and basketball. \$100 cash prize and a handsome silver cup are to be awarded in the contest for Indian bands, and \$50 cash for races for Indian river canoes.

## PLANS PEACE CITY FOR WHOLE WORLD

Hendrik Anderson Secures Support for His Idea From United States Officials.

Boston, July 24.—Details of a plan for a central city to house international interests and unite peoples and nations for the attainment of peace and progress under broader humanitarian lines are told by Hendrik Christian Andersen, a Scandinavian-American sculptor, who has just arrived in Boston after a visit to Washington to explain his plan to government officials and to make plans for a conference to be held there next December or in March, 1915. He will sail for his home in Rome August 13, stopping on his way to Rome in England and Sweden.

His plan, Mr. Andersen says, enlisted the interest of Vice-President Marshall, Secretary of State Bryan, John Bassett Moore of Columbia university, formerly of the state department, P. P. Claxton, national commissioner of education, Senator Newlands of Nevada, John Barrett and Franklin Adams of the International Bureau of American republics.

Mr. Andersen's Plan. It provides for the establishment of a central city in which states and men may freely communicate with one another. The city must be easy of access and register and preserve such statistics of human progress as will benefit all countries and all men. "Although the plan does not preach utopia," said Mr. Andersen, "the underlying thought is that world unity of interests will go far to lessen the necessity of war, for the incentive to the latter will become weaker as the bonds of community between nations increase by economic and industrial ties or by scientific co-operation."

"The establishment of a universal information bureau, centralizing all pacific efforts and focusing such movements, which receives all the arguments in favor of peace and distributes them impartially through delegates to all nations, will result in an international world federation and become the means of scattering the high aims of the peace organizations upon broader lines throughout the world and armaments will be reduced by universal sanction."

What Present Methods Lack. Although the existing institutions which have come into being through individual effort such as the International Institute of Agriculture, the Permanent Peace Bureau at Berne, the Interparliamentary Union, the Pan-American Union, the court of arbitration at The Hague are well organized and being constantly added to, Mr. Andersen believes that they are too scattered and far apart, too difficult of access.

The plans of this city are completed in their general lines and have been brought within the range of possibility in architectural form by Ernest Hebrard, a French architect, working in co-operation with 40 other architects representing the different nations. The city as planned covers about 10 square miles of ground, and accommodates 1,000,000 people. The international buildings are grouped in the centre. This large central section is divided into three smaller centres devoted to physical culture, physical system and art. In the space given over to physical culture a stadium is the principal feature. Connected with the physical culture section by gardens devoted to floriculture, natural history, zoology,

and botany is the artistic centre with a large Temple of Art as its central feature.

Avenue of All Nations. A broad avenue of nations flanked on either side with buildings in which to house ambassadors and delegates representing their respective nations connects the natural research division with the others. A large tower containing offices of international societies and a world press occupies the centre and around the circle a building for electricity, an international hall of justice, a world reference library, an international bank or clearing house, international institutes of higher learning and research, museums and buildings for other subjects are arranged.

Several sites in the United States have been mentioned, among these, one near Lakewood, N. J.; Honolulu, Cuba and sites in the Panama district. Other centres recommended have been The Hague, on the Mediterranean sea near Rome, near Paris and on the Riviera near Frejus.

Mr. Andersen recommends that each nation appoint a commission to study the advantages which would accrue to each as a whole, and to the many branches of art, commerce, industry and culture, as well as to investigate the measures needed to legalize its establishment.

## CRAZE FOR BUYING BOOKS RUINED SCHOLARLY RECLUSE

London, July 24.—The hermit of Walthamstow is dead—at the age of eighty-six. A once wealthy wine merchant of Mayfair, London, who practically ruined himself by his love for books, Charles Augustus Ward spent the last years of his life in poverty, a literary recluse. Mr. Ward inherited the wine business in the sixties, from his father, with his income of over \$5,000 a year; yet, so great were his literary aspirations and his infatuation for classical and abstruse works that he himself once remarked, he woke up almost on the verge of bankruptcy—books had been his curse. He sold his business for a few hundreds of pounds and went into retirement more than thirty years ago.

He was a Greek, Latin, Hebrew, French and Italian scholar. He spent all his time collecting books and writing. The last few years of his life he was supported by his sister, who died only three weeks before him, leaving \$7,500. The legacy he has left to charity.

He left 3,000 books, which have been presented to the London library, of which he was one of the earliest members, having joined in 1854. They include a large number of curious old dictionaries, books on occultism, and some which are missing from the London Library collection of the famous Letters of Junius controversy.

He was a convinced woman-hater and a great faddist in all food matters, and an epicure. Nearly forty books on cookery were found among his collection. He had contributed extensively to Notes and Queries, and he was proud to relate that once Carlyle listened to his reading of a long manuscript. Usually he wrote under the pen name of Feltham Burghley. Among his manuscripts, it is stated, are several letters which Carlyle wrote to him.

Mr. Ward dressed shabbily and very quaintly. He was often seen about in a holland smock or a blue frock coat with brass buttons and a Panama hat with yellow ribbon.

## U. S. MAY TAKE DRASTIC ACTION

Washington, July 23.—Drastic action by the United States government in Haiti and San Domingo is imminent, but force will not be used until every effort is made to settle by peaceable means the revolutions in the two countries.

## SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Provinces of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not over 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be subdivided by the applicant himself.

Each application must be accompanied by a fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee will be permitted to purchase whatever available surface right may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior. N.B.—Unauthorized publication of this advertisement will not be paid for.

## SLATON BEATS COLUMBUS IN NO-HIT, NO RUN GAME

Electric's Twirler Has Pitching Duel With Larkin—Only One Run Scored.

"Dutch" Slaton came back into his own last night when he pitched a no-run, no-hit game for the Electric against the Columbus team, the nickle-chasers at the same garnering a lone tally from the offerings handed out by one Larkin. There were several "his" to the contest, one of them being Art Sinclair's muff of Wyard's infield fly, which allowed Shay to scamper across the plate. Another was when Umpire Wiggins called Larkin out at first in the seventh when to the crowd it looked unmistakably safe. Hood was on second at the time and there is no telling what might have happened had the official's lamps been glued on the initial sack.

With these exceptions and the fact that neither team made much of an exertion to speed up at all, the fans were well treated.

Throughout the seven innings Slaton had the Columbus players looking like a bunch of vaudeville artists rehearsing a club swinging act. The only danger point was in the seventh when

Hood had the honor of being the first and only man to reach second.

Larkin was not very far behind and while he was touched up to the extent of six hits, these were kept scattered to the extent that had Sinclair held Wyard's fly the teams might have been playing yet.

Slaton struck out eight batters, while Larkin came through with seven whiffs. Ames came through with the fielding honors, pulling down a feature catch of Papke's fly in the fourth and also cutting off a run in the seventh by nailing a long fly by Whyte with Papke on second.

The lone tally of the Electric's came in the sixth when, after Shay secured a scratch single, Moir bunted safe, both runners following with a double steal. Wyard was up and popped a fly which looked an easy out and a possible double, but the second baseman muffed it, Shay scoring. Moir was cut down at third while Silver's easy out retired the side.

Score—	R. H. E.
Electric	1 6 0
Columbus	0 0 2

Batteries: Slaton and Whyte; Larkin and Hood. Umpire, Wiggins.

## BIG MONEY

Soccer Teams Made Good Last Season—Aston Villa in Lead.

London, July 24.—Aston Villa was one of the last to issue its balance sheet, which is the best in the history of this famous club, showing a record profit of \$33,885. After paying a dividend of 5 per cent, \$92,500 is carried forward to meet the heavy expense incurred by extensive alterations to its ground, which will increase the holding capacity to 100,000 people.

In striking contrast to the above Derby county, which lost its place in the first division, finished badly, with a net loss on the season's working of \$10,217.

Crystal Palace, which finished second in the Southern league, had a successful season, with a net profit of \$3,915, which appears very small in comparison with the first division club's returns, which drew much larger crowds to their games.

Heart of Midlothian makes a poor show against the big Glasgow clubs, but the shareholders were well satisfied with the net profit of \$5,500.

## ROSEDALES CONFIDENT

Toronto Lacrosse Team of N. L. U. Believe Salmon Bellies Can Be Beaten.

Toronto, July 24.—It has been definitely settled if the Rosedale

team wins the N. L. U. championship they will make the trip across the Rockies after the Minto cup. The management figure that they have the strongest team in Eastern Canada and should be able to lift the cup from the present holders.

Five of this year's team have seen action in the west. Bert Green, Joe Green, and Buck Yeaman were with the Indians on their last trip. Harry Murton joined the Regina team that was unsuccessful, and Billy Fitzgerald played with Vancouver when they won.

Several of the team have yet to cross the continent. Holmes, Harshaw, Braden, Tommy Fitzgerald, Gordon, Powers, Barnett and Kalls will make the trip and are confident they can defeat the New Westminster team, the present holders.

## AT VICTORIA

V. A. C. Will Tackle Capitals in Mann Cup Game Today—Royals Next Saturday.

Victoria and Vancouver amateur lacrosse teams will hook up at the Oak Bay, Victoria, grounds this afternoon in a Mann cup game. Since their crushing defeat administered by the Royals, the Capitals have been training in order to repeat the trick on the Mann cupholders and are confident of improving their average in the league together with upsetting all chances of the V. A. C. retaining the world's amateur lacrosse trophy.

Next Saturday New Westminster will travel to Vancouver and mix in what is likely to be the deciding game of the season. This will be a postponed game from July 4, the Royals allowing the V. A. C. to meet Brampton on that date when New Westminster was supposed to be playing in Vancouver.

## Social and Personal

- Miss Etta Johnson, of East Burnaby, was in the city yesterday.
- C. F. Cland, Enderby, registered recently at the Russell.
- Mrs. C. H. Stuart Wade is in Jackman, Langley, visiting the family of James Anderson.
- Rev. D. Dunlop and wife, of the Edmonds Anglican church, are spending their vacation in Victoria.
- Mr. F. J. Coulthard has returned from a short business trip to the capital.
- Mrs. M. J. Baker and Master Malcolm Baker have left on a pleasure trip to northern points.
- Mrs. David Walker and her daughters have left to spend the summer at Crescent.
- Mrs. A. W. McLeod and children have returned from a visit to friends on Gambier island.
- Miss Eleanor Martin and Miss Tiny Martin have returned from Crescent.
- Mr. and Mrs. J. J. Burton and their two children have returned from a holiday spent at Sechart.
- Mrs. Charles E. Doherty is spending a few days with Mrs. Malins at Crescent.
- Mr. George Adams has left for a two weeks business trip to Greenwood.
- Mr. and Mrs. S. J. Thompson, of Vancouver and their children were visitors to Crescent last Sunday.
- Mrs. E. Baker, of Auckland, is the guest this week of Mrs. W. G. McQuarrie.
- Miss Ethelard Thurber, of Seattle, is spending a fortnight with Miss Adele Blodreau.
- Marcus Cox, rancher from north of Pitt lake, registered at the Dunsmuir yesterday.
- Miss A. O'Connor and Miss H. Lavelle, of this city, are spending an enjoyable week at Seaside park, Howesound.
- L. H. Congreve, manager of the Bellevue hotel, Sicamous, accompanied by his wife and family, are visitors in New Westminster.
- J. C. Campbell, of Calgary, who is touring the coast cities, is a guest of his cousin, Hugh Campbell, while visiting points of interest in New Westminster.
- Mrs. G. E. Corbould asked a few friends to croquet on Thursday and among here guests were Mrs. J. C. Gwynn, Mrs. Charleson and Mrs. Yuengling.
- The Misses Violet Latham, Minnie Johnston, Kate Reid, Gertrude Burr, Nan Welsh, Gertrude Rogers and Jenny Marshall, who were among the excursionists on the Princess Alice to northern points in B. C., were entertained at Skagway by Mr. and Mrs. L. H. Johnston. Mr. and Mrs. Johnston are former residents of this city, the latter being a school mate of four of the young ladies in Columbian college in the term of 1906-7.
- A particularly enjoyable afternoon was spent by a number of ladies on Wednesday who were the guests of Mrs. J. C. Gwynn at Jericho Country club. The afternoon passed quickly playing croquet, and the guests included Mrs. Wm. Wolfenden, Mrs. A. J. Hill, Mrs. G. E. Corbould, Mrs. J. W. Creighton, Mrs. H. R. Davidson, Mrs. J. Stillwell Clute, Mrs. F. J. Coulthard and Mrs. Sillitoe, Mrs. Robertson, Mrs. Geoffrey Ward and Miss Pelly, of Vancouver.

## GUARANTEED OIL DEBENTURES

**EUREKA OIL WELLS, LIMITED**  
(Non-Personal Liability)  
502 Westminister Trust Block,  
New Westminster, B.C.

Incorporated under "Companies Act" with Capital of \$800,000 divided into 800,000 shares of \$1.00 each.

On and after 2:00 p.m. of Wednesday, the 22nd day of July, 1914, subscriptions will be received at the office of the Westminister Trust Company, New Westminster, B.C., or the office of the Company, 502 Westminister Trust Building, New Westminster, B.C., for an issue of 7795 debentures of \$50.00 each, not bearing interest.

These debentures are to be sold at par and the payment is guaranteed by the Westminister Trust Company at its office, New Westminster, on the 1st day of July, 1922, or at the option of the purchaser these debentures may be exchanged at any time before maturity for shares at par in the above Company.

**A PURCHASER PURCHASING A DEBENTURE WILL BE ENTITLED TO THE FOLLOWING OPTION:**  
To Surrender his debenture on or before the 1st day of July, 1922, and receive in exchange for the same 50 fully paid up shares of \$1.00 each in the capital of the Company. If he does not choose to surrender his debenture by the above date, the Westminister Trust Company will on its maturity on the 1st day of July, 1922, pay him \$50.00 on the delivery of it to the debenture.

The advantage to the Purchaser is that if the Company is successful in its oil operations he may surrender his debenture and obtain shares in the Company and receive the benefit of the increased price for shares which should arise from the Company's operations, if successful, but if the Company is not successful in its operations, he can hold his debenture, and by the surrender of his debenture on the 1st day of July, 1922, receive back the \$50.00 paid.

The Company has arranged with the Westminister Trust Company for the redemption at maturity of these debentures so that the purchaser will be amply protected.

The Company has purchased four applications for leases for Petroleum Oil and Natural Gas Rights in approximately 750 acres in the Pitt Meadows and Hatzic Prairie portions of New Westminster District, and it is the intention of the Company as soon as funds are available to bore for oil in these Districts, commencing in the Hatzic Prairie District.

The qualification of a director is the holding of one share in the Company, and the Company's Articles provide that the remuneration of the directors shall from time to time be determined by the Company in general meeting.

The names, descriptions and addresses of the directors or proposed directors are:  
Elijah John Fader, New Westminster, B.C., manager of B. C. Transport Company, Limited.  
Joseph Rowan Grant, New Westminster, B.C., barrister-at-law.  
Gordon Edward Corbould, K.C., New Westminster, B.C., barrister-at-law.

The minimum subscription on

which the directors may proceed to allotment of shares is \$250.00, each share of the minimum subscription to be fully paid.

The number of shares which have been issued or agreed to be issued as fully or partly paid up, otherwise than in cash, is \$400,000, and the consideration for which the shares have been or are proposed to be issued is the assignment (subject to the consent of the Minister of the Interior and to the provisions of the regulations) to the Company of four applications for leases of the Petroleum and Natural Gas Rights made under the provisions of Section 3 of the Regulations approved by Order-in-Council, dated the 19th day of January, 1914, in approximately 750 acres of land on the North side of the Fraser River, New Westminster District, of which 73 acres are East of Pitt River, and the balance in the vicinity of Hatzic Prairie, and the names and addresses of the Vendors of the said rights are Mary Ann Ashby, New Westminster, widow; and Joseph Rowan Grant, New Westminster, barrister, and each of these parties is to receive 200,000 fully paid up shares in the Company.

The Articles permit a commission of 15 per cent. on the sale of shares. The estimated amount of preliminary expenses is \$1,000.00.

The dates and parties to every material contract are: Mary Ann Ashby and Company, dated 13th July, 1914; Joseph Rowan Grant and Company, dated 13th July, 1914; Westminister Trust Company and Company, dated 14th July, 1914; and these contracts may be inspected at the office of the Company, 502 Westminister Trust Block, New Westminster, B.C., at any time during office hours.

The auditor of the Company is Sydney Sutherland Malcolmson, New Westminster, B.C.

The Articles state that the shares are under the control of the directors and the directors have power to issue debentures.

Each of the directors being part owners of the above described rights, and who are also promoters of the Company, are to receive from the allotment of 400,000 fully paid up shares aforesaid, 100,000 fully paid up shares.

The Company reserves the right to withdraw the said debentures from sale at any time.

Dated 14th July, 1914.

For further particulars write or apply to Eureka Oil Wells, Limited, (Non-Personal Liability), 502 Westminister Trust Block, New Westminster, B.C.

A copy of this prospectus has been filed with the Registrar of Joint Stock Companies, pursuant to Section 89 of the "Companies Act."

**FORM OF APPLICATION.**  
EUREKA OIL WELLS, LIMITED.  
(Non-Personal Liability).  
New Westminster, B.C.

DEAR SIR—  
We hereby apply for ..... debentures at par, and herewith enclose you ..... being at the rate of \$50.00 for each debenture.  
(3664) Yours truly,

Christ Has Changed the World." The Sabbath school will meet at 12 o'clock noon instead of in the afternoon.

**ST. STEPHEN'S PRESBYTERIAN CHURCH**—Services 11 a.m. and 7:30 p.m. Evening subject, "Does It Pay?" Sunday school 12:15 p.m. Strangers welcome. M. Gordon Melvin, B.A., minister.

**WILL SEPARATE BOYS FROM GIRLS IN HIGH SCHOOL**  
Seattle, July 23.—A resolution in-

structing Superintendent Frank B. Cooper to arrange for separate classes for boys and girls at the Broadway high school term in September next was adopted by the school board yesterday.

Superintendent Cooper was further instructed to assign as far as possible men to teach boys' classes. He also was authorized to prepare such rules and regulations as he may deem necessary to carry out the spirit of the resolution.

This change was proposed before the school closed for the summer vacation, but action was deferred on the resolution offered by Nathan Eckstein because of the illness of Judge Richard Winsor, president of the board.

Yesterday the board in an executive session adopted the resolution, George A. Spencer seconding Mr. Eckstein's motion and Vice-President E. Shorrocks and William Pigott recording themselves in favor of the change.

Under the terms of the resolution parents not approving the separate classes may ask to have their children sent to some other high school.

## Wills

There is a period in the life of every man when he thinks about the future welfare of those dependent upon him. Sometimes this does not come until sickness overtakes him. Then he makes a will—but it may be made under wrong influence.

Had the will been made during good health, the most deserving persons—according to the deceased's wish—would have shared in the distribution of the estate.

Do you not realize that it is your sacred duty to no longer delay making your will?

The advice of the Dominion Trust company in this matter may be of value to you. All such discussions are treated in strict confidence.

**The B. C. P. in Distress.**  
 On her way north from Seattle the steamer Humboldt picked up the cannery tender B. C. P. in distress off Helmsken Island and towed her into Alert Bay. The B. C. P. is well known along the local waterfront, having made New Westminster her port of call prior to the B. C. Packers' association removing the Cold Storage plant to Steveston.

**A Pleasant Outing.**  
 Some twenty-one members and their friends of the Sixth Avenue Methodist Ladies' Aid, Mrs. J. W. MacDonald, the president, coming up from Crescent Beach for the occasion, joined together in their annual picnic on Thursday last in the shade of the tall trees of Queen's park, so conveniently equipped for outings of this nature. The afternoon was spent viewing the beauties of nature and looking at the animals, after which, wending their way down through the rugged path to the nicely arranged pond, where the swans were swimming so contentedly, tea was served the company, a pleasant time being spent in partaking of the dainties provided and the jolly conversation indulged in. After tea, games and races were the order of the day. Mrs. Barnard, Mrs. Vandewater, Mrs. MacDonald and Mr. Van-

 New Westminster. Phone 59.

dewater carried off the prizes. About 9 o'clock the party left for home, each having enjoyed a very pleasant outing.

**Experimental Farm Exhibits.**  
 Plans concerning exhibits from the Dominion experimental farm were talked over by P. H. Moore, superintendent, in consultation with Mr. MacKenzie while visiting the city yesterday.

**Auto't Fined.**  
 M. P. Cotton & Co. were fined \$5 and costs in the Burnaby police court yesterday morning for obstructing the highway. Their automobile was left standing on Kingsway so that it hindered traffic.

**Luncheon to Mr. Sperling.**  
 The farewell luncheon at the Russell hotel to be tendered E. H. Sperling by the board of trade and the Progressive association on July 29 is being arranged. Mayor Gray will probably preside.

**Address the Farmers.**  
 The Farmers' institute of Strawberry Hill listened to an address by Market Commissioner Abbott, when he urged the necessity of the farmers co-operating with him in his work as commissioner.

**Sustained Broken Leg.**  
 A Scotch laborer residing in Chilliwack, by the name of Jimmy Kerr, fell from the window in the top story of the Royal hotel yesterday morning. He was taken to the hospital suffering from a broken leg.

**Fine Maple Ridge Crops.**  
 Accounts of a splendid fruit crop in the Maple Ridge district have been brought by Councillor J. M. Dale, of that place, who was in the city yesterday. He said that Messrs. Hartwell & Son of the Port Hammond lumber mills, expect to commence active cutting operation by the first of the week.

**Branch Electric Line.**  
 The application of the B. C. E. R. for a branch line from Huntingdon on the Fraser Valley line, connecting with the belt line of the Milwaukee interests at Sumas, Wash., has been granted by the provincial government. Nothing now prevents the American road connecting with the Chilliwack line for freight purposes.

**Inspecting the Work.**  
 That they might inspect the operations of the men who are cutting timber from lands that will be flooded by the addition which the Western Canada Power company propose to make to their plant, Crown Timber Agent E. W. Beckett and Timber Inspector P. McDougall have spent a part of the week at Stave lake.

**Will Entertain Martin Burrell.**  
 Colonel J. D. Taylor, M.P., has received a communication from Hon. Martin Burrell, minister of agriculture, saying that he will spend a day in this city between the dates of August 4 and 7. In order to arrange for his reception and entertainment while in the city, the executive of the board of trade will hold a meeting at an early date.

**Retains Ownership.**  
 The old English custom and law of establishing a private right-of-way by closing it for one day of each year went into effect last night in connection with the roadway through the churchyard of Holy Trinity cathedral, no persons being allowed to pass between Clarkson and Carmanon streets until late this evening. By this means the parish is able to maintain its exclusive rights of the roadway.

**Engineers Not Withdrawn.**  
 A direct denial to the reports published yesterday to the effect that the North Arm harbor commissioners had withdrawn its engineers from the Burnaby section of the river, was made by Chairman Hodgson of the board yesterday. The chairman stated that while the engineers might be working in a section of the river other than Burnaby, the action of Burnaby in withholding financial assistance had nothing to do with the move.

**NOTICE.**  
 Fraser River Bridge, New Westminster.

Owing to repairs now underway Fraser River Bridge, New Westminster, is closed to vehicles requiring over eight feet of roadway, until further notice.  
 THOS. S. GIFFORD, Superintendent.

# Saturday Will Be Sample Day in This Midsummer Sale

Such a title needs a little further explanation. Here it is: We secured two very desirable sets of travellers' samples, one from an English and the other a Scottish manufacturer; these samples will be on sale today at less prices than you could buy them in their home markets. Included in this lot are Towels, Bedspreads, Fancy Linens, Table Cloths, Flannelette Sheets, etc. Make today the occasion to supply these everyday needs at manufacturers' prices.

## Nine Hundred Sample Ends on Sale at 7 p.m.

Divided Into Three Lots at Six Ends for . . . 25c  
 Three Ends for . . . 25c  
 Two Ends for . . . 25c

This will mean a 7:00 o'clock rush, so get here early if you would get the choice. There are many ripe plums for the early pickers. These lots comprise sample ends of Silk Wool Dress materials, Prints, White Cottons, Sheetings, Tickings, Towellings, Linens, etc. Lengths ranging from half to one yard. These who remember the past sales of these samples will be here today. We would give the stranger to this event a strong invitation; there are many things awaiting you of special interest.

## SEE OUR WINDOWS FOR SPECIAL SALE OFFERINGS

### Wedding Bells

**PRITCHETT—MOULDEY.**  
 A quiet wedding was solemnized at noon Wednesday in Christ church at Port Moody when Cleely May, second daughter of Mr. and Mrs. J. Pritchett, of that place, and Mrs. George Mouldy, Flint road, Port Coquitlam, were united in marriage by Rev. C. C. Owen. Mrs. Colgate was bridesmaid and the groomsmen was J. H. McNeice, of Port Moody. Mr. and Mrs. Mouldy left on the afternoon boat for Victoria. They will make their home in Port Moody.

### CHANGES EXPECTED IN QU'BECC CABINET

Conservatives Expect a Fierce Fight in Jacques Cartier Constituency at the By-election.

Ottawa, July 24.—The Evening Citizen, conservative, says: "Before another general election, a change in the French cabinet representation from Quebec is said to be very likely to be made. The present ministers are Hon. Messrs. Pelletier, Nantel and Goderre. While Mr. Pelletier and possibly the others will stay, it is believed that either Mr. Nantel or Mr. Goderre will retire. It is well known that when Hon. F. D. Monk resigned, T. L. Marechal, K.C., was strongly urged to take a portfolio, but declined. He is young, very wealthy, has a big law practice, and better enjoys the political fight outside than occupying a cabinet position at Ottawa. Mr. Marechal May Accept.

At the same time it is recognized that the Quebec representation might well be strengthened before the next election and that Mr. Marechal will be induced to come in. There is said to be little doubt. T. C. Casgrain does not want it. He has a big job now as chairman of the waterways commission, a knighthood in prospect and a large law practice to attend to.  
 A Questionable Riding.  
 "The by-election in Jacques-Cartier causes some disquiet. Hon. Mr. Monk used to have a majority of over 1000 but many were a personal following of quondam Liberals. What causes the principal change in the situation, however, is that since the last election 2400 summer resident voters have been struck off the lists by the operation of the Gouin government's one-man-one-vote law. Of the 2400 it is figured that 1400 were conservatives. The seat is likely to be held by the government but there will be a strong fight. That Marechal may be the candidate is quite possible."

**Murder, Arson and Riots Charged**  
 Greenwood, Ark., July 24.—Thirty-seven indictments charging murder, arson and riot were returned tonight by the grand jury investigating the riots and destruction of five acres of the Bache-Dennan coal syndicate at Prairie Creek last week.

### MURDERS HIS FRIEND AND KILLS HIMSELF.

Salt Lake, Utah, July 23.—A special dispatch to the Tribune from Pocatello, Tex., says that D. J. Malone, master mechanic of the Oregon Short Line, Idaho, was murdered in the railroad shops there this afternoon by Frank Madden, foreman of the tin shop. After the shooting Madden, who had been an intimate friend of Malone for 25 years, turned the revolver on himself, blowing off the top of his head. He fell over the body of his comrade. Both men were dead before nearby workmen reached their sides.

Will Try for a Settlement.  
 Ottawa, July 24.—Hon. T. W. Crothers, minister of labor, who returned

from Halifax last night, left for St. John, N. B., again today to endeavor to settle the trouble between street railwaymen and the men.

**ROYAL CITY RIFLEMEN  
SELECTED FOR OTTAWA**

104th Regiment Makes General Clean  
Up at Richmond Shoot—Lieut.  
Governor's Match Today.

New Westminster yesterday secured the right to have four riflemen on the Ottawa team representing British Columbia as a result of the grand aggregate shoot on the Richmond ranges.

First and second places were won by Victoria marksmen with Col-Sergt. Sloan, of the 104th regiment, in third position, only three points in the rear of the leader. Capt. Cunningham was eleventh man. Lieut. M. J. Knight thirteenth, while Private D. A. Geddes also of the local regiment, was fifteenth. This is the first time in years that the Royal City has been represented and probably the first time in the history of inter-provincial shooting that four men have qualified for the coast team.

The Royal City made additional killings in yesterday's events, the 194th regimental team capturing the St. Charles trophy, while Col-Sergt. Sloan captured the Bankers' trophy by making a possible. Capt. Cunningham led Sloan a merry race through-

out, falling down on his last shot, the score card reading 48.

In the Dawson match four Westminster men were in the money, first prize going to a Victoria marksman. The high score was 68, Pte. Geddes securing 64, W. J. Sloan 62, G. W. Martin 60 and T. J. Hahony 59.

The event of the week takes place today when the finals in the Lieutenant-Governor's match are run off. Capt. Cunningham leads all with a score of 103 out of a possible 105, and should he keep up this average there is every chance of New Westminster taking first place. Six of the Royal City marksmen will figure in today's event.

**AT FRASER MILLS**

B. C. E. R. Will Provide Attraction at  
Circle F. Diamond Tomorrow  
Afternoon.

Fraser Mills and the Electrics will hook up at the Millside diamond tomorrow afternoon in what promises to be a pitcher's battle from the first frame. The lumberjacks are staking their bets on Brandt, the youthful twirler from Vancouver, who has been cutting a wide swath in local baseball during the past few weeks.

Slaton will go on the mound for the Electrics and if he can maintain last night's form, the Circle F. bunch will be forced to travel all along the line.

Special transportation will be provided for the fans, the B. C. E. R. running a special two-car train leaving the Columbia street depot at 2:40 o'clock and returning immediately after the contest.

**GAME CANCELLED.**  
There will be no inter-city baseball at Queens park this afternoon, the National Biscuit team of Vancouver yesterday cancelling its date on account of an inter-league series being staged in the Terminal City the same afternoon. Efforts were made to secure Ladner as the attraction, but on account of the short notice, the Delta manager was unable to fill the gap.  
It is altogether likely that a baseball game of some description will be played at Queens park, many of the players signifying a wish to get into action, so that two pick-up teams will probably fill the bill.

**AGAIN LICKED**

Victoria Tennis Stars No Match for  
Australians—Looks Like Southern Cross vs. America.

Chicago, July 24.—Australasia's great tennis team with Norman Brookes and Anthony Wilding as its mainstays, earned the right today to meet the German team in the contest for the Davis cup. With a clean cut victory over the Canadian doubles team, the Antipodeans made a clean sweep of the series. Today's match went to Brookes and Wilding in straight sets as did their singles matches yesterday. The scores were 6-4, 6-3, 6-4.

Again, as in the singles the Canadians, Robert B. Powell and B. P. Schwengers, were outclassed, but again they made a game fight and by desperate rallies won the favor of the big crowd which watched the match on the Onwentsia club's court at Lake Forest, Illinois. The Dominion stars made a much better showing today than yesterday.

Next week at Pittsburg the Australasians will meet the German representatives in a series for the privilege of playing the British team.

McGraw Grabs a Cherokee.  
Bloomington, Ill., July 24.—Jim Bluejacket, the Cherokee Indian pitcher of the Bloomington Three-I. league team, who won his twelfth straight game yesterday, was sold to the New York Giants today to report August 27.

**McINTYRE GOT HIS**  
Tom Cowler Delivers the K.O. in  
Tenth Round—Fred Lynch  
Officiated.

Chet McIntyre's ambition to become Canadian heavyweight champion received its quietus at the Brighthouse arena last night when Tom Cowler, the husky miner, whose post office address is Nanaimo, sent over the sleep test in the tenth of a scheduled 15-round battle.  
McIntyre had nothing while Cowler had little else than a good sized punch, which he used in windmill fashion. The former V. A. C. instructor held his own until the fourth round when Referee Fred Lynch counted nine. From then on McIntyre lost ground and in the ninth he failed to locate his corner. Fifteen seconds in the tenth was enough for the islander to send along the sleep-punch. McIntyre's eye was closed early in the fight, and he had not come to when the crowd was boarding the cars.  
The preliminary was a blinger from away off, Billy Wright and Sammy Good, two lightweights, showing some milling that was a pleasure to the big crowd. In the third it began to rain and Wright doffed his shoes. Good followed suit in the fourth, while in the fifth both boys eliminated stockings and finished the bout in bare feet. Referee Hume McDonald called it a draw.

### IN THE COUNTY COURT OF WESTMINSTER HOLDEN AT NEW WESTMINSTER.

In the matter of the Estate of Lucy Elizabeth McLaughlin, deceased, and in the matter of the Administration Act.

Take notice that by order of His Honour, Frederic W. Howay, dated the 22nd day of June, A.D. 1914, I was appointed Administrator of all and singular the estate of the said deceased, and that notice of such order was thereby ordered to be published for one week in a daily newspaper published at the City of New Westminster.

And further take notice that all persons indebted to the above estate are required to pay me the amount of their indebtedness forthwith, and all persons having claims against the said estate are required to present them to me duly verified by affidavit on or before the 25th day of August, A.D. 1914, after which date I will proceed to distribute the said estate, having regard only to such claims as are then properly before me.

Dated this 24th day of July, A.D. 1914. C. G. MAJOR, Official Administrator. (3693)

## LIVE POULTRY SOLD READILY

### Plums and Apples Also Find Ready Customers at Friday Market.

A Strong Demand Developed for High-grade Fruit, But Little Call for Poor Stock.

The noticeable feature in the market yesterday morning was the large display of poultry. The supply was all disposed of readily. There was also a good supply of mutton and lamb and a medium quantity of pork.

Plums made their first appearance and sold readily at 75 cents per crate. There was a good supply of apples, which were all disposed of. The supply of cultivated blackberries was small and they sold at \$1.00 per crate. The demand was weak owing to the large supply of the wild variety. A good supply of raspberries sold before the close of the market as well as a small consignment of local peaches. Speaking of the fruit stock generally, there is a demand for the No. 1 quality, but the demand for other grades is small.

During the morning the eggs and butter stalls were well patronized. The meat, fish and flower stalls reported a good day's business.

A list of prices appears below:

**Retail Poultry.**

Spring chickens, dressed	22c
Hens, live, per pound	16c to 18c
Squabs, each	25c
<b>Vegetables.</b>	
Potatoes, per sack	\$1.25
Carrots, per sack	75c
Cabbages, per sack	75c
Lettuce, per bunch	5c
Onions, green, per bunch, 3 for	5c
Asparagus, 2 bunches for	15c
String beans, per pound	5c
Cress, per bunch	5c
Parsley, per bunch	5c
Peas, per pound	4c to 5c
Cucumbers, each	10c to 15c
Capiflower, per head	10c
Radishes, two bunches for	5c
Tomatoes, per pound	12 1/2c to 15c
Cabbages, per head	5c to 15c
Turkeys, per bunch, 3 for	19c

**Eggs and Butter.**

Eggs, retail	35c to 40c
Eggs, wholesale	30c to 35c
Butter, retail, per pound	30c to 35c
Butter, wholesale, per pound	25c
Pure cream cheese, per pound	50c
Cottage cheese, per pound	10c
Honey, per pound	25c

**Fish.**

Red Spring salmon, per pound	12 1/2c
White Spring salmon, each	50c

## MANUAL ARTS IS ATTRACTIVE COURSE

Practical Instruction for Teachers Being Given at Summer Session in Victoria.

Victoria, July 24.—The manual arts course, now in progress at the summer school, under W. B. Binns, supervisor of manual training in Victoria, is one of the most interesting courses to the lay mind, presenting as it does the essentially modern idea of presenting the abstractions of mathematics, geography, history, etc., to the child mind in concrete terms, easy to grasp and retain. The object and value of the course is, therefore, not so much to develop a gift for the various arts and crafts, as to show their co-relation with every day school work, and their possibilities as a means of illustration. Other results inevitably following this course of study are: A training of hand and eye, and the facilities of observation and attention to detail, as well as the development of originality and self expression.

**Many Branches.**  
This course includes clay or plastic modeling, paper folding and cutting, carton work, advanced cardboard work, and elementary wood carving. The modeling course includes studies in the round, hollow objects, and modeling in relief, with exercises from memory. Simple studies of animals, fruit and every-day objects, which may be utilized in illustration of the ordinary school course, will readily suggest themselves, while paper modeling in bass relief, showing the contours of the various countries and their elevations, present an interest to the small students not to be gained by picture maps or globes, however gaily colored.  
Paper folding, though essentially simple in itself, offers invaluable training for hand and eye, and in the teaching of geometry and arithmetic, in paper cutting the students is taught to combine color, design and form by means of applique patterns. Conventional designs are used in the first development, with story illu-

trations of history, geography and nature study as a further elaboration. Carton work, which is practically modeling in thin paper, is taught for the purpose of making models for school use, and may be elaborated by the addition of cup paper, perforations or crayon work. Simple designs are thus suggested and develop the first principles of color and arrangement, while an even more practical development is the making of envelopes and tuition in the correct mode of address.

**Attractive Variety.**  
An attractive variety of small articles made in this branch of the work includes Indian wigwams and canoes, miniature chairs, tables and kitchen utensils as well as letter cases, candle shades, toilet tidies, etc., while the advanced cardboard work presents irresistible fascinations in the form of boxes—boxes plain and "chintzy," boxes with sliding lids and hinge lids, and lids that were taken on and off, letter files, blotters and similar workmanlike articles are also made in this branch of the work, while an academic model of doll's house furniture, made in silver grey cardboard, "upholstered" with rose garlanded crepe paper, is among the daintiest of the models shown.

The elementary wood carving course which completes this branch of training of the advanced grade, includes the making of simple objects, such as photo frames and boxes, with the application of design, by the means of different colored stains, and outlined with the V tool. The elementary use of tools in the shaping of objects included in this branch leads up to the wood work course of the advanced grade, where the object of the training, instead of being subsidiary and supplementary to the ordinary school study, is not merely the means to an end, but an end in itself.

## WOMAN SENTENCED TO GO TO CHURCH

Sioux Falls, S. D., July 23.—A sentence to attend church has resulted in the conversion of Ethel St. Claire, a former member of the reckless set, who is now leading an exemplary life. The woman was convicted before Judge Medin of the charge of contributing to the delinquency of a girl and was sentenced to six months in jail. But the court suspended sentence upon the woman's promise to reform and attend church every Sunday. Judge Medin entered a decree freeing her from custody on the condition of attending church.

Miss St. Claire now is living with relatives in St. Louis. Judge Medin required her to report to him monthly and in her last report, which has just been received, she said she had faithfully kept her promise and attended church and that now she has become converted to Christianity.

A farmer from Taroda creek, Wash., was fined \$245 for smuggling pork into Greenwood.

## Electric Household Appliances

A cordial invitation is given the ladies of New Westminster to visit the salesrooms of the B. C. Electric, in the company's terminal at Columbia and Eighth, to inspect our complete line of Electric Cooking and Household appliances.

These appliances greatly lessen the labor of the housewife, promoting both her comfort and convenience. They are always ready for service, operating on connection with any household socket. The cost for current is only a few cents per hour of continuous operation.

Electric Cooking Appliances just meet your summer demands as they can do all forms of light cooking just as well as the kitchen range. Fully seventy-five per cent of your summer cooking can be done in this manner.

**THE APPLIANCES WILL BE DEMONSTRATED FOR YOU AND ALL QUESTIONS ANSWERED. YOU WILL FIND THE VISIT BOTH INTERESTING AND INSTRUCTIVE.**

# THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is 'Absolutely Necessary To Health'

## "FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are The Best Of All Tonics To Purify And Enrich The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

## SAYS ULSTER OCCUPIES STRONG POSITION

Returned Victorian Believes Carson's Followers Have Best of Home Rule Argument.

Victoria, July 24.—Fresh from strife-torn Ireland, where he spent many weeks in the very centre of home rule and anti-home rule activity—Belfast and Dublin—J. H. Johnstone, for a number of years prominently identified with development projects in

British Columbia, reached home this week.

Mr. Johnstone says that the seriousness of the situation in Ireland can hardly be over-stated. That the country stands on the very brink of civil war there can, in his judgment, be no manner of doubt. He was in Belfast during the gun-running episode, and it was marvelous how well-planned the affair was from the standpoint of the Ulsterites. He mentions one incident in this connection. Seeking to divert the attention of the police while guns were being brought into Belfast, a crowd started a row at one end of the bridge. This had the effect of summoning almost the entire police force to quell the disturbance. As soon as the police had reached the scene, the crowd became quieted, and immediately, thereupon, another row started at the other end of the bridge. The police darted back to attend to the new disturbance and then found that they were hemmed in on either end—and there they were kept until the guns and ammunition had been safely stored.

Mr. Johnstone says that the people of Ulster have perfected one of the most efficient fighting organizations in the empire. They are ready for duty at a moment's notice. The "army" is made up of all classes—from the burly dock laborer to the cultured wealthy lady, the latter serving in the Red Cross branch. One of the striking things noticed about this organization is the implicit faith which the rank and file place in their leaders. They are ready to obey any summons on the instant without question or debate. No less than 60,000 volunteers were on duty during the gun-running episode, and in his judgment it speaks well for the discipline of the rank and file that "not so much as a black eye" resulted from the maneuvers.

Mr. Johnstone was present in Hyde Park, London, on the occasion of Sir Edward Carson's speech before an immense assemblage, variously estimated to number from 100,000 to 500,000 people. Sir Edward had a tremendous reception.

Mr. Johnstone, who is an ardent anti-home ruler, is of the opinion that Ulster occupies an impregnable position in the present crisis, and that its people are simply unconquerable, either by force or any political device.

## EVERYBODY BEATS RUSSIAN RAILWAYS

Million Persons Caught in a Year With Forged Tickets, Many Pass Uncaught.

More than 948,000 people were last year caught traveling on the Russian state railroads with forged tickets or with no tickets at all.

How many traveled this way without being caught, no man knows. Probably several millions. At any rate, the legend is that one out of every five Russians travels without a ticket.

It is so easy to do this successfully that ticketless travelers are known as "hares." "Zaytsi" is the word. To travel as a "hare" is the ambition of every Russian, and it's a rare Russian who does not succeed at least once.

Just before Premier Kokovtseff resigned he received the report of the Ministry of Communications for 1912. In a statement about the 984,120 "hares" and also a statement that in 1912 18,703 railroad officials were prosecuted, dismissed, degraded or punished with disciplinary fines for tolerating or conniving at the free trips of the "hares." This shocked Kokovtseff.

Not only did he hate dishonesty, though surrounded when in office by thieves, but he was also finance minister, and Russia's finances badly need the money which is pocketed by the "hares" and their allies, the grafting officials. Kokovtseff put on that blush which he always wears when angry, and then talked seriously to M. Ruchloff, then Minister of Communications. But Ruchloff gave a shrug and said "Nitcheyo," which means that the million "hares" don't matter, and intimated that all devices have been tried against them in vain.

### System Flourishes.

Ever since Nicholas I. built the first short railroad from St. Petersburg to Tsarke Selo sixty years ago traveling as a "hare" has been the fashionable system. The system flourishes because the administration helps the "hares." The simplest way of traveling as a "hare" is to get into your car without a ticket and hand the "konduktor" a reasonable fee.

The "konduktor" makes the military salute and lets you travel free. If the "konduktor" who controls the conductor, boards the train, the "konduktor" simply pushes you under the seat or sells you a ticket which he has in reserve. Or he takes the "konduktor" aside and gently gives him half your modest bribe.

Railroads which are best for "hares" are the Moscow-St. Petersburg line, the long line to Archangel, the South Russian lines, and the great Siberian. On the Moscow-St. Petersburg line there is a regular hares' tariff, so that no hare is swindled or charged too much. You cannot travel as a hare on the courier train, which is the quickest train of the day, but you can travel free on the slower passenger and post trains.

In a "post" train, as a second-class hare, you can travel the whole 400 miles on giving the "konduktor" \$2. Yet this is the highest hare tariff in the empire. On the Siberian railways you can travel for two days for \$1, and some peasant hares are allowed to travel over 300 miles for 10 cents.

The main cause why the Siberian railway produces a large annual deficit is that there is practically no paying local traffic. Travelers from Europe to Japan pay their fares, but on the local trains three-quarters of the short-distance travelers do not pay at all.

### Tried to Kill Hares.

Former Minister of Communications Ruchloff tried hard to put down hares. He first despatched a dozen minatory circulars, which had no effect. Last Summer he tried a braver system. Other Russian ministers kept their noses to their bureaucratic desks and never saw the great world, but M. Ruchloff resolved to act like Calipha Haroun al Raschid and travel through his railway empire incognito, so as to find out what people were saying, doing, and stealing.

Ruchloff started operations on the Moscow-Nijni railroad. This is a moderately busy "hare" road. Posing as an ordinary mortal and without a ticket, he entered a second-class compartment at Viasniki. The "konduktor" understood. Then M. Ruchloff gave him two roubles, which is about one dollar.

Before they got to Nijni along came the "konduktor" to test the "konduktor's" honesty. "Now," said Ruchloff to himself, "the rascal will be found out." But the "konduktor" looked at the "konduktor" just as M. Ruchloff had looked at the "konduktor" and the pair laughed. Then into the "konduktor's" hand clipped one of the minister's two roubles. The pair saluted in the insinuating way that you see in Russia only among successful thieves.

M. Haroun al Raschid Ruchloff was delighted. As they steamed into Nijni depot he reflected triumphantly how he would order the depot gardener to arrest both the grafters. But the two grafters suddenly began a whispered conversation, and Ruchloff began to see that they suspected him of spying.

At Nijni, before he could get to the gendarmes the grafters had got to them, and the gendarmes arrested the minister.

"On what charge?" asked angry Ruchloff. "On the charge of traveling without a ticket and trying to bribe us." And they told the gendarmes how the villainous second-class passenger had in vain asked them to take a two-rouble bribe. Only when the station master came was Ruchloff released.

### Regarded as a Right.

Ruchloff next summer sent an agent to Siberia to report on the hares. The agent reported that all peasants are hares or sympathizers with hares and consider they have a grievance against the State for not letting them travel gratis.

This notion they inherited from pre-railroad days. Then, whenever going to weddings or funerals they had a right to free places in State post cars or sledges. When the railroad

was built they lost this privilege, but felt they had a right to use the trains free of charge.

Siberia's muzhik will travel under any conditions. Once a peasant got into a refrigerator wagon and froze to death. A wedding couple had the same fate some years back. Peasants travel on the car couplings, and sometimes fall off. One man fell from a car coupling into the lattice-work of Yenesel bridge. The railroad administration, in best Oriental style, purposely left his body to hang there for a week "in order to frighten the hares."

Honest Premier Kokovtseff made a desperate effort to stop graft and corruption in all the earning departments. The killed robbery in the vodka monopoly. As a result of measures taken in 1911 against robbers, the State saved \$2,000,000 a year.

Kokovtseff tried hard to get a law passed which would adequately punish the hares. Under the present law the railroad officials can be severely punished, but the passenger is let off on payment of a double fare. Kokovtseff wanted to send the hares to jail. The trouble is that the hare, when caught, puts on an innocent face and swears he has lost his ticket.

Numerous ministers have tried to kill hares, but always with the same result. The hares multiply—like rabbits.

## PANAMA TOLL WILL HURT LUMBER TRADE

Head of Dollar Line Objects to Deck Load Charges—Hopes to Have Rates Altered.

Victoria, July 24.—In the opinion of Captain Robert Dollar, one of the most prominent ship owners of the Pacific coast, the present controversy between shipping men and President Wilson of the United States in regard to taxing owners and charterers for deck load cargoes of lumber through the Panama canal, will greatly affect the province of British Columbia, whose resources of timber are so abundant.

"The ship owners pay tax upon the tonnage of their ships, and it does not seem right to us that lumber—the only cargo which is carried on deck to any extent—should be imposed upon by an extra charge," said Captain Dollar in an interview yesterday.

"At least one-fifth of a ship's cargo of lumber is carried on deck, and it is not fair that lumber carriers should be made the particular object of this ruling. British Columbia's future depends greatly on the lumber business, and should President Wilson decide against the owners of vessels in this matter and charge for deckloads passing through the canal, the effect is evident. The business through the canal will be big when it opens. We ourselves intend to send all our ships through, and are here to handle a large amount of the lumber business with the eleven ships which we own and operate from the port of Victoria. I wrote to President Wilson that I could not see why an extra charge for deck loads should be paid, so long as I paid my full tonnage, for it makes no difference on other ships whether they carry feathers or pig iron."

### Will Ask B. C. Boards.

Captain Dollar has taken this matter up with the chamber of commerce at San Francisco and at other Pacific coast points, and these bodies are with him and the ship owners in the fight for this privilege. When the time comes he will have the B. C. boards of trade look into the matter.

Captain Dollar expects to win, and is anxiously waiting for a reply from the chief executive of the United States. The cargo of lumber on the steamer Robert Dollar, of course, has not gone through the canal, as was originally intended, but it is certain that all the remaining cargoes will, commencing next year. The visitor left the city yesterday for Seattle, going thence to San Francisco, where he makes his home.

Captain Dollar motored down from Genoa Bay last night, where he has been on business with regard to the lumber from Vancouver Island to Toronto, via New London, Conn., where it is to be loaded on trains. The steamer Robert Dollar has already left Genoa Bay with the first cargo of 5,000,000 feet. This is the largest cargo of lumber ever carried from the west coast of America to the east in a ship, according to Captain Dollar. This lumber is going to Toronto from the Cameron Lumber company in the Dollar ships for the new harbor scheme which is being carried out there.

# ADVERTISING TALKS

By D. Maxwell Merry

Advertisers, at all times, must treat their advertising seriously and live up to their promises in every respect if they wish to succeed. People will, a good deal more easily, go into a store for one cheap thing than be drawn by a general announcement that the goods on sale are low priced.

A bargain offer, if rightly made, is a "GOOD DRAW." The right way to offer a bargain is to give a reason for offering it. People are apt to be suspicious that a cut in prices means some fall in value. It must be made clear to them, when a bargain is offered, that the price is low, not because there is anything the matter with the goods, but because some circumstances have made the store-keeper anxious to dispose, at a sacrifice, of all that he has on hand, or else that they must be taken into his confidence and told how he has acquired the cheap goods.

Bargain advertising need not necessarily be confined to any particular period. A good deal can be done by an alert dealer in many lines of business to clear out his superfluous stock by offering individual lines from week to week.

One plan is to establish a regular bargain day, once a week, once a fortnight or once a month, and on that day to set aside a department of the store for goods sold at reduced prices. If this bargain day is frequent, say weekly, people will begin to watch for the advertising and the store will get an increase of business on that day because, having picked up their bargain, shoppers will drift into other departments. Even the small store can run a bargain offer weekly with success, and the practice has often developed small stores into big ones.

Bargain offers are sometimes made for a specific purpose apart from the direct purpose of selling an increased quantity of certain goods. In one large store it was noticed that, while business was brisk, there was hardly anything doing between 12 and 2. The proprietor therefore instituted a regular bargain time during those hours daily. Thus he relieved the pressure on the store during other hours of the day and avoided having his assistants standing about doing little or nothing for two hours at lunch time.

The same plan could be adopted where one particular day is a slack day. It is a slack day because it does not happen to be convenient to people, but they will make it convenient if they can buy cheaper on that day.

### THE CATCH MOSTLY SPRING SALMON

**Sockeye Run Is Expected to Arrive  
Within Few Days—Prices Keep-  
ing High and Firm.**

With the exception of springs, there are few fish being caught in the river and fishermen and canners are not optimistic of any real results until Sunday week when the school at present working its way past Anacortes and Bellingham should hit the river. Yesterday's result for sockeye up the river was very small, only thirty fish being collected from sixty fishermen.

Many of the boats, however, have gone back to spring nets, the tender of Martin Monk's bringing down one ton yesterday and one ton and a half the day previous. The price for sockeye is keeping up, which is found profitable to the boatmen until the sockeyes begin to arrive.

Even with yesterday's meagre catches, local fishermen are not feeling dubious as to the ultimate results. It being explained that the run of sockeyes on the Fraser is always a month or five weeks later than in the north. Indians are continually assembling at the down river canneries and are expecting good results within the next two weeks.

According to reports brought down from the north, the sockeye run on the Skeena and Naas is at its height and fishermen are averaging 100 fish to the boat each day. The canneries are paying 15 cents a fish so that the net men are doing well.

The daily report of the B. C. Canners' association as affecting the Fraser river is as follows:

- Bellingham—Got 22,000 from all sources. About 600 from seiners.
- Anacortes—Got 6500 from all sources. About 400 from seiners.
- Vancouver—Boats averaged 8. Acme—Boats averaged 8.
- Terra Nova—Boats averaged 10.
- St. Mungo—Boats averaged 3.
- Curries—Boats averaged 6.
- Deas Island—Boats averaged 6.
- Brunswick—Boats averaged 6.
- Burrard—Boats averaged 7.
- Lighthouse—Boats averaged 7.
- Great West—Boats averaged 5.
- Scottish Canadian—Boats averaged 5.
- Imperial—Boats averaged 7.
- Gulf of Georgia—Boats averaged 10.
- Richmond—Boats averaged 6.
- Great Northern—Boats averaged 10.
- Phoenix—Boats averaged 7.
- Evans—Boats averaged 4.

#### BRIDGE IMPROVEMENTS.

**Temporary Restriction Placed on Traffic Over Fraser River Structure.**  
Until further notice the roadway over the Fraser river bridge will be closed to vehicles requiring over eight feet of roadway in order that much needed repairs can be made to the approach at the south end of the structure. Superintendent Thomas Clifford issued instructions yesterday limiting the width and size of traffic using the bridge.

A gang of men is working on the bridge night and day and the delay is not expected to be of long duration. In connection with the improvements going on at the bridge the contractors relaying the truck portion have completed the work of putting down new creosoted ties and are now engaged in laying heavier steel, this being done between trains. Painters are also being employed to go over several portions of the steel work which show signs of rusting.

#### HINDU CASE POSTPONED.

**Fred Kerr Not Recovered Sufficiently to Appear as Witness.**  
Wednesday, July 22, was the date set by Magistrate Edmonds for the trial of the Hindu, Jewel, charged with assaulting Fred Kerr, a local teamster, whose life for a time was despaired of.

The case was called for trial yesterday morning, but on the evidence of Dr. A. L. McQuarrie, who attended the injured man, that he was not in fit shape to give testimony, the magistrate set the date further back. Fourteen witnesses were on hand when the proceedings opened. Jewel is still being detained in the provincial jail, unable to raise the \$5000 bail set by the court.

W. G. McQuarrie will conduct the prosecution. Jewel will be defended by Adam S. Johnston, while J. P. Hampton Bole will appear for Kerr.

### At the Theatres

#### ROYAL THEATRE.

"A Leap in the Dark," the third episode of the Million Dollar Mystery will be seen at the Royal theatre on Monday and Tuesday. The action in this chapter promises to be more thrilling and sensational than the last two. There are many big scenes as only Thanhouser can stage. One showing the Asterblit ball is one of the most elaborate scenes ever produced before the camera and hundreds of persons were employed. Some very pretty gowns of the latest Parisian models will be seen in this set. A well balanced program of other feature films will make up a strong bill. "The Missing Bride," a Keystone comedy, will be the added attraction. "Eugenics vs. Love," a comedy by the Beauty company. "A Different Man" by the Majestic, features Dorothy Gish. "The End of Black Bart," a drama by the American company. On Wednesday and Thursday next the world's famous actress, Mme. Sarah Bernhardt, will be seen in one of her greatest successes, "A Romance of an Actress," which has been secured by the management at a big expense. This production has been played in the largest theatres on both continents and gives the "Divine" Sarah great opportunities. There will be no advance in prices for this big feature.

#### Will Undergo Operation.

Ottawa, July 24.—Hon. Dr. Roche, minister of the interior, has left for Rochester, Minn., where he will undergo a slight operation.
