VOLUNTEERS LEAVE TODAY FOR QUEBEC

Orders to Entrain Greeted With Cheers by the Contingent.

Families of Overseas Volunteers Will Be Looked After—Depart from Queens Park at 2:30 p.m.

At 2:30 o'clock this afternoon the overseas contingent representing New Westminster's and Chilliwack's first quota of volunteers to assist in the support of the British empire in its fight now progressing in Europe, will entrain at Queen's park. This was the official news handed to The News yesterday by Major Doherty, officer commanding the 104th regiment in the absence of Col. Taylor.

The contingent, 150 strong will assemble at 2 o'clock in the horse show building which will allow plenty of time for the citizens of New Westminster to bid adieus to the active service men before the three special B. C. E. R. cars are boarded. As is being done all over the Dominion the local unit will proceed to brigade headquarters in Vancouver where a special troop train will be awaiting them. The train leaves over the C. P. R. at 4:20. Five troop trains will be necessary to convey the Vancouver and New Westminster forces to Valcartier.

Take Cars at Queens Park.

It was at first intended to have the regiment march to the C. P. R. depot from the park, the belief being expressed that a special train would be required from this city, but the orders received yesterday to the effct that Vancouver is to be the point of departure necessitated some alterations in the schedule. In reply to certain requests made last night that the regiment farch through the streets, Major Doherty explained to The News that Queens park afforded an excellent place for entertainment, plenty of space being available while all the baggage could be placed on the cars immediately before the boys got on board.

The companies remaining for home duty will parade with the overseas contingent as will also the First National Reserve of Canada under Capt. Otway Wilkie.

News Received with Cheers.

The receipt of the order to entrain received from Brigadier Duff Stuart yesterday was heralded with prolonged cheering at the park last night while additional volleys were levelled at Major Doherty when in a brief but pointed address, he imparted words of advice to the active service men, stating his firm belief that they were of a calibre that would uphold the Royal City and the Fraser valley whenever and wherever they got into action.

All passes were cancelled last night in order to have every man secure all the rest possible before embarkation proceeds. It was long after "taps," however, before the big horse show building was quiet, "the tomorrow' being on everybody's lips, but all appeared relieved that the long awaited instructions had been received.

The special cars will be routed to Leopold Place and thence along Columbia street through the city and over the Central Park line to Vancouver.

Antwerp Now Impregnable

Defences Being Pushed Day and Night—Burghers Determined.

London, Aug. 21.—The correspondent of The Times at The Hague, telegraphing today says:

"The preparations for the defence of Antwerp extend over an enormous area. All classes in the city are joining in the work day and night but there is no sign of panic or excitement.

"The gates driven through the walls by a peace loving people are closed. At almost every window appears English, Belgian and French flags appear giving a festive air to the city, which is preparing to resist to the last gasp."

Getting Ready for Siege.

London, Aug. 21.—The Amsterdam correspondent of the Chronicle telegraphing yesterday said that Antwerp was being put in a state of defence and being provisioned for a siege.

He adds that it was stated at the office of the general staff on Thursday that all foreign correspondents found in Belgium after last night would be shot.

London, Aug. 21.—Dr. Hepburn and Dr. Upward, two young Canadian medicos who have been taking post graduate courses, wire today accepted for the royal army medical corps. They leave for active service tomorrow.

Nome, Alaska, Aug. 21.—Lord William Percy, son of the Duke of Northumberland, has cut short his hunting trip in the Arctic and is expected here today on his way to England to join the British army. He expects to leave Nome on the next steamer for Seattle.

$40,000,000 WAR TAX DEMANDED FROM BRUSSELS

Immense Sum Demanded by German General from the Residents of City.

Means a Tax of $58 on Each Person, or $250 for Each Family—Violation of Pledge Given.

Paris, Aug. 21.—Word was received from Brussels today that the German general in charge of Brussels has levied a war tax of $40,000,000 upon the innabitants of the Belgian city.

The Belgian chancellor in charge of the non-combatants has replied that no possible cohesion will enable the invaders to impose such a tax. The sum demanded by the Germans means an average of $58 from each inhabitant or $250 from each family.

Another Broken Pledge.

Indignation is expressed by the Parisiens at such a move made by the Germans and they look upon such a command as another violation of pleges. When the city was occupied by the Germans on Thursday the burgomaster was assured by the German authorities that unless the people take up arms against the German army none would be molested.

WILL ATTACK KIAU CHOW

Germans Expect to Make a Heroic Resistance to Japanese Assault.

Tokio, Aug. 21.—Japan is quietly preparing for the eventualities following the expiration next Sunday of her ultimatum to Germany, demanding the withdrawal of German warships from the Orient and the evacuation of Kiau Chau.

The strictest prohibition has been placed on the publication of any information concerning the movement of Japanese ships and troops. All correspondence is censored and the newspapers are closely watched.

No Anti-German Feeling.

The activities at the German ambassy, where personal effects are being packed for shipment, are the only indication of what the answer of Germany will be. Meanwhile, notwithstanding the most sensational reports of the treatment of Japanese in Germany, there is no evidence of anti-German feeling here. On the contrary, the authorities have given notice that all Germans remaining in Japan must be treated courteously.

The war and navy departments are preparing for a move on Kiau Chau where, contrary to current reports the fortifications are really formidable. Since the outbreak of the European war thousands of Chinese coolies have been employed in strengthening these defences. It is believed here that the taking of Kiau Chau will not be an easy task.

American Papers Misinformed.

The Japanese newspapers and leading Japanese express the tone of the American press that attributes sinister motives to Japan in sending an ultimatum to Germany.

Premier Ukama and Foreign Minister Kato have made repeated and categorical denials that Japan has designs on Samoa and the Philippines, or any other territory.

Baron Elichi Shibusawa, president of the American-Japanese association, and Buel Nakano, vice-president of

PRAYERS SAID FOR WARRING NATIONS

London, Aug. 21.—Intercessory services were held in virtually every church in England today on behalf of the nations engaged in the war, with a special prayer for the success of the British arms.

King George and ueen Mary with Princess Mary were present at the services in Westminster Abbey.

Many Americans and French joined in the various services which were attended by representatives of all classes.

NAMUR IS INVESTED

Heavy Artillery Fire Opened But the Allies Are Well Prepared.

Paris, Aug. 21.—Namur is partially invested. Heavy artillery opened fire towards noon today and it is evident that a big battle is impending between the allies and the German forces who are sweeping on towards French territory. During the past week the defences at Namur have been placed in an efficient state and according to well informed circles, the allies will be able to hold the invaders in check even more successfully than did the Belgians at Liege.

Montreal, Aug. 21.—Canadian manufacturers, with offices in this city are preparing to pick up the trade the Germans have been forced to abandon. A number of them are to meet P. G. McDonald, representative of several British business men with a view to exporting iron bars, nails, sheet metal and the like. It is hoped to obtain a large part of the Canadian trade for Canadian firms at once.

QUICK ACTION IN THE HOUSE

Far as Possible Government Gives Full Information to Members.

More Recruits May Be Called—Million Sacks of Flour May Be Given Belgium.

Ottawa, Aug. 21.—When the house assembled the several bills on the order paper were taken under consideration and swift progress was made on them without much discussion.

Hon. Robert Rogers introduced a bill to incorporate the Canadian Patriotic fund. He explained that its object was to facilitate the collection of funds and the assistance of the wives, children and relatives of soldiers killed in the war.

Recruiting May Continue.

On the orders of the day, William German, Welland, said that people throughout the country were anxious to know if recruiting would be continued after the departure of the first overseas contingent for the seat of war.

Premier Borden said that while the matter had been considered, no decision had yet been reached. He intimated that it would depend on developments and stated that the active militia would continue to be called on for the defence of Canada.

Dr. Schaffner of Souris asked as to the truth of the statement, that the million bags of flour, the gift of the Dominion government to Great Britain had been purchased in the United States.

Flour Purchased in Canada.

Hon. Robert Rogers assured him that the flour had been purchased from the four largest milling concerns in Canada with the distinct understanding that the flour was to be ground from Canadian wheat. He believed the millers were carrying out this agreement.

Hon. C. J. Doherty's bill giving parliamentary sanction to certain orders in council already passed, was put

ROYAL CITY MERCHANT ARRESTED AT RUPERT

J. F. West, Charged with Forgery and Fraud, Taken into Custody at G. T. P. Terminus on Wire from Chief Bradshaw—Will Be Brought Back on First Boat for Trial.

J. F. West, proprietor of the five, ten and fifteen cent store at the corner of Columbia and Sixth streets, yesterday was arrested at Prince Rupert on instructions from Chief of Police Bradshaw, of this city, on several charges of forgery and fraud. West is alleged to have mulcted the local branches of the Union Bank of Canada, the Canadian Bank of Commerce and the Bank of Vancouver of sums said to aggregate in the neighborhood of seven thousand dollars.

Detective Burrows, of the local force, will leave on the first boat for the north armed with a warrant for the accused, who will be brought back to stand trial here.

Investigation of West's dealings with the different banks involved began some time ago and early in the week it was decided to lay informations against him and have him taken into custody at Prince Rupert, in which city he was temporarily staying. Accordingly the warrants were prepared and on Thursday morning Chief Bradshaw despatched a wire to the chief at the G. T. P. terminus asking that West be taken into custody and held for the warrant. The accused man, it is said, tried to explain things away to the officers in the northern port, but the instructions from here were explicit and he was taken into custody. Early yesterday it was known here that the alleged forger and confidence man had been apprehended and he will be brought back as soon as Detective Burrows can get north by boat.

Naturally, the banks involved prefer to say nothing concerning the charges against West till he appears in court for trial, but it is understood that the accusations against him cover quite a period of time, during which he is said to have obtained accommodations at the banks on alleged false statements made and documents now believed to have been forged.

West started in business in this city last year, first on Sixth street and later in his present stand at the corner of Sixth and Columbia.

ANTWERP OBJECTIVE POINT OF THE INVADING GERMANS

SAMOA GOVERNOR RUNS WITH THE COIN

Pago Pago, American Samoa, Aug. 6.—News of the declaration of war between Germany and Great Britain caused the greatest excitement here when it reached Alpa, German Samoa.

Evidently the German commandant felt that the port is not defensible against naval attack or serviceable as a naval base, for the merchantman Sok-Solf, which arrived here today, brought with her all the government bullion and private funds on deposit there.

The German wireless station was opened on August 2, and immediately justified its existence by carrying the declaration of war.

Uhlans Roam Over Belgium

Allies Are Successful in a Battle Forty Miles from Brussels.

London, Aug. 21.—The Daily Telegraph correspondent at Ostend states that a battle occurred today between the allied troops and the Germans at a point 40 miles southeast of Brussels which was favorable to the allies. German Uhlans are roaming over the entire country and are reported to have been seen on the historical battlefield of Waterloo.

At The Gates of Brussels

German Hussars and Uhlans Parley with Burgomaster.

Ghent, Belgium, Aug. 21.—German hussars and uhlans arrived this morning (probably Thursday) on the shooting grounds at the gates of Brussels whither the burgomaster went to parley with them. In the afternoon German officers, occupying an automobile crossed the Grand Place (the market place) going to the city hall, while detachments of Germans went into various parts of the city.

The telegraph office and railway station were closed for the greater part of the day. Many of the inhabitants of Brussels are leaving for Ostend and Ghent. The general opinion is that the Germans will only pass through the city or at the most make only a temporary stay there. The only suggestions of animation in the place are caused by the arrival of peasants who are abandoning the surrounding villages. The German troopers have established themselves on the shooting grounds. They are understood to have said they had been cut off from the rest of the army.

GERMAN FORCES PASS THE MEUSE

Paris, Aug. 21.—Official news made public in Paris today say the German forces continue to pass the Meuse in the vicinity of Huy and that an important concentration is being carried out in Belgium this (Friday) morning.

No French territory is occupied by the enemy except a piece of enclosed land at Audun Leronan, in the department of Meurthe and Moselle.

Allies Not Certain of Immediate Plans of the Main German Army.

Big Battle Expected to Take Place at Namur Within Next Two Days—May Strike for France.

Paris, Aug. 21.—According to advices from the allies at Namur a big battle is almost sure to take place there within the next two days. A doubt exists as to whether the main German army will advance on Antwerp or else try and cut their way past the defences of Namur to France.

The general belief is that Antwerp will be the objective point as with any success against the new seat of the Belgian government, a valuable supply base would be cut off from the allies and a seaport taken hold of which would enable an invasion of England to be prepared providing the German fleet is of sufficient force to repel the North sea fleet of Britain.

The authorities here repose confidence in the Belgians as to a successful defence of the ancient seaport which has been placed in an excellent state of defence.

With Antwerp remaining in possession of the Belgians, with large British reinforcements, it will be a standing danger on the German flank and rear should an invasion of France be attempted. Owing to the configuration of the country it cannot well be attacked except from the southeast where the strongest defence works have been thrown up.

Famine Prices In Berlin

German Paper States That Internal Life is Completely Demoralized.

London, Aug. 21.—German newspapers which have recently arrived indicate that the people of Berlin and in all the towns of Prussia are beginning to feel the pinch for want of food. The railways are demoralized and the postal service, cut off as it is from all nations with the exception of Austria, is practically at a standstill. The papers have been heavily censored, but enough has been left to show that a state of famine prices are in effect at the German capital.

Montreal, Aug. 21.—Sugar took a jump in price in Montreal this morning as a result of the new war rates proposed yesterday in the house of commons. Today the best granulated is selling at seven cents a pound.

END OF SESSION COMES TODAY

Dominion Parliament Will Complete Shortest Session on Record.

Bills Introduced Pertaining to the European War Will All Be Passed Without Opposition.

Ottawa, Aug. 22.—The shortest session of the Dominion house of commons will come to an end tonight. The decision to prorogue was arrived at late last night after a conference between the leaders of both parties. The bills that have been submitted since Tuesday, all of which are applicable to the present war situation in Europe, will be disposed of today. The house will hold a sitting this morning and by noon all business is expected to be disposed of. The senate will also meet today when it is expected to give assent to all the bills prepared by the commons which will then go to the governor general for royal assent.

Harmony Prevails.

The decision to prorogue, while coming as a surprise to many of the members, was actuated by the harmonious feeling between the two political parties. Throughout the present week all party feeling has been eliminated. Liberals and Conservatives have sunk their differences, to band together and show Canada's feeling to the mother country in the hour of need.

While the Liberal wing mixed in the debate at last night's session to a considerable extent the ready answers given by the government forces and the general desire to withhold all information which might be taken advantage of by the enemies of the allies, allowed the work to be comparatively easy.

Many Are Officers.

A patriotic demonstration will likely be made immediately parliament prorogues, although many of the members are desirous of returning to their respective constituencies where warlike preparations are afoot. Several of the members are officers in the Canadian militia so that it is probable that instead of returning home they will journey to Valcartier to give what assistance they have available to their respective units.

FINANCIERS APPROVE SECURITY LOANS

Government to Furnish Funds to Relieve Stock Exchange Members from Difficulties.

London, Aug. 21.—Financiers here express hearty approval of the Dominion government's reported intention to give the banks facilities for making advances upon high class securities at not less than 5 per cent, with repayment not later than May 1 next. "This is precisely what we want the home government to do," said one authority today "thus furnishing the banks the necessary funds for making allowances to the stock exchange, whose members would have it as a means of relief from present embarrassments, which, if permitted to run, would in the end mean starvation. If the banks can be sure of getting plenty of money on their securities they will perhaps act more generously. In financing the discount market, they would not in their own interests borrow more than was absolutely necessary."

Headed for City of Ghent

German Army of 50,000 Is Within Striking Distance of Ostend.

London, Aug. 21.—The Daily Mail reports that the German army is sweeping Northern Belgium and is within striking distance of Ostend. An army of 50,000 has passed through Brussels and is marching on towards Ghent.

COURAGE, CANADA.

Canada is favored among the nations. We have peace within our borders. We have learned the lessons taught by lean times, and so are prepared to face the days ahead. Our farmers are prospering by reason of the present conditions — and when agriculture flourishes, the business outlook is one of good hope and good cheer.

Some Canadian industries and mercantile enterprises must suffer because of the partial suspension of transoceanic trade. But more industries will be stimulated to supply our home demand, which MUST be satisfied. It is a time of business opportunity in Canada.

SOUNDING THE RIGHT NOTE.

Hon. W. T. White, Canada's finance minister, sounded the right note in his speech in the house on Thursday when he asked all employers of labor throughout the Dominion to do their best to maintain normal conditions in the country in time of war by keeping as many hands busy as possible, while, at the same time, he set the example by announcing that the government had decided to continue activities on public works.

With the first shock of the declaration of the empire's war past, Canada now can settle down to readjustment and, judging from pronouncements from quarters which should be well informed, the result of this readjustment will help the Dominion's trade, rather than hinder it.

Removed from the centre of the theatre of conflict, it is Canada's duty to maintain normal trade conditions as far as lies in her power, so that when hostilities are concluded she will be in a position to help the empire to her utmost ability.

TRUE SELF-DENIAL.

History never will write the circumstances of a case of more complete self denial than the story of the Belgian retirement from Brussels. Convinced by her allies that, for the good of Europe, her brave troops should retreat before the advancing Germans and leave her beautiful capital in an enemy's hands, Belgium abandoned her seat of government.

Already converted into a huge battlefield, Belgium had hoped from the bravery which her troops had displayed in the field and the closeness of the armies of her friends, Great Britain and France, to save the magnificent city which is rich in historic associations and imposing structures; but it was not to be. Military tactics demanded that the Germans be allowed to occupy Brussels and, convinced that the welfare of Europe was at stake, King Albert and his subjects proved themselves capable of this supreme test of their self-abnegation.

All honor to the Belgians.

A PIECE OF IMPERTINENCE.

A prominent Vancouver German, who, by his own admission, is returning to this coast to look after the financial interests of himself and his German clients, among whom is said to be included the kaiser himself, had the affrontery while passing through New York on his way west to give an interview to the press in which he claims to have inside knowledge to the effect that Russia, Great Britain's ally in the Triple Entente, is responsible for the present war in Europe.

This "inside information" so willingly made public, of course, comes from Berlin, from which fertile source already have emenated such startling news as the destruction of nineteen British battleships, the capture of the Liege forts and other similar fairy stories. All of this doesn't go far towards guaranteeing the "inside information" of the German from Vancouver whose dollars invested in British Columbia have a stronger pull than his love for his country, for which, he says, his grand uncles so bravely fought.

through committee stage and given third reading in seven minutes.

Sir Wilfrid Laurier inquired as to the amount of money it was proposed to spend on the Niobe and the Rainbow and the other vessels and for the defence of the coasts of Canada.

Premier Borden replied that the minister of naval affairs contemplated a possible expenditure of $6,000,000, but it might not exceed $4,000,000, not including the one million paid for the two submarines.

A Million Sacks for Belgium.

Mr. Pugsley said that there was a strong feeling that the government could not do better than to give a million sacks of flour to Belgium, which had been heroically fighting the battles of the empire. It would be a fitting recognition of the heroism of Belgian troops.

The premier said he appreciated what had been said in regard to the gallantry of the Belgians and he would be glad to take the matter into consideration.

London, Aug. 21.—A dispatch to the Reuter Telegraph company from Bruges says that 18 German officers and 433 men, prisoners of war, have been sent away from that city via Dunkirk for England. When they left Bruges they were escorted by a dozen gendarmes with fixed bayonets.

Paris, Aug. 21.—Official news made public in Paris today says that the German forces continue to pass the Meuse river in the vicinity of Huy and that an important concentration is being carried out in Belgium this morning.

WISH ALL WORK TO BE FINISHED

Board of Trade Desires Improvements in Hand to Be Continued.

Provision to Be Made for Families of Volunteers—G. N. R. Depot—R. A. & I. Exhibit

New Westminster will have several recommendations to make in respect to public improvements being carried on when a meeting is held in Victoria on Tuesday next of business men and public bodies of the province. The gathering has been called at the instigation of Hon. Dr. Young, provincial secretary, to discuss the economic situation in the province due to the war in Europe. President W. G. McQuarrie will attend the meeting on behalf of the local board of trade, while it is probable that a member of the city council or Mayor Gray will represent the civic end of the city.

At last night's meeting of the board of trade suggestions were advanced to Mr. McQuarrie to urge the government to proceed with the improvements to the provincial court house, road improvements, and give a boost to the back-to-the-land movement. J. R. Robson spoke on behalf of the land movement, stating his belief that some assistance should be rendered to settlers to clear the land. The B. C. E. R., it was stated, was anxious to assist in this movement.

Families of Volunteers.

The question of assisting the families of volunteers was discussed in a general way and while the board feels that the plan instituted by the Vancouver board of trade was not entirely applicable, arrangements were under way for this city to establish means whereby none will suffer. George Small suggested a central executive of various bodies in the city which could handle the project and this idea will probably be taken up early next week.

H. Ryall, in proposing a resolution to be extended to the overseas contingent which leaves for the east today, of the board of trade's appreciation of those volunteering, mentioned that a movement was on foot to have hampers of food donated to the boys for use on the train. Several baskets had been left at his store and he expected more before noon today. This movement was started yesterday by the local council of women and is meeting with every success.

Suggestions were also advanced against promisceous collections being made on behalf of war funds. It was felt that such should be under one body and all entertainments for charitable purposes should be in every way encouraged.

Great Northern Depot.

Dr. Holmes brought up the Great Northern railway depot question which he stated had been before the public for the past two years, but as yet no action had been taken.

President McQuarrie reported that the company appeared desirous to commence work as ordered by the railway commission and that once the formality of securing the consent of the provincial government to certain land near the bridge was completed, the contract would be let.

Lights on the River.

Chairman Gilley, of the navigation committee, reported that additional lights were needed at the mouth of the river in view of the new channel being in use. The pilot board, the shipmasters' association and the navigation committee will hold a meeting in the near future to discuss the question. Mr. Gilley also recommended that the Fruhling and King Edward, government dredges, be sent back to work on the channel.

Snags were reported in the river as doing damage to fishermen's nets. To this Martin Monk stated that in many instances the fishermen were too busy fishing to locate temporary buoys on the snags and as a result the marine department was unable at times to locate such snags.

Alderman Goulet, referring to the action of the R. A. & I. society in postponing the exhibition, depreciated a report which appeared in a local paper which stated that criticism was to be expected among the members of the board of trade on account of such action. He moved a resolution endorsing such a move. W. R. Gilley, speaking for President C. A. Welsh, of the R. A. & I. society, who was unavoidably absent, mentioned the difficulties that would beset the exhibition in these times of war. The resolution was endorsed practically unanimously, although Herb Ryall thought that a sports carnival should be carried out. He was willing to donate $25 to such a cause. To this several of the members thought there would be plenty of time to celebrate when news of victories obtained at the front were received.

Leipzig Hunts For Coal at Sea

Hovering off California Coast Seeking Prize Ship with Coal.

Seattle, Aug. 21.—The first definite information of the whereabouts of the German cruiser Leipzig since she left San Francisco early Thursday morning was brought to port today by the American tank steamer Catania, which arrived today from Port San Luis, and reported that she had been halted Tuesday by the Leipzig 150 miles north of San Francisco.

Capt. Canty of the Catania said he was running along without displaying his colors when the Leipzig bore down upon him at full speed on the southwest. When within a mile of the Catania which paid no attention to the approach of the German cruiser, the Leipzig displayed colors and hoisted signals which read "Heave to; show your colors."

Leipzig Satisfied.

The Catania promptly stopped her engines, while the quartermaster ran up her signal letters and displayed the American flag at the stern. Apparently satisfied the Leipzig signalled the Catania to proceed and turning about put to sea.

Capt. Canty's account would indicate that the Leipzig still is hovering off the California coast, apparently seeking prizes from which she can obtain fuel. The Leipzig took on 575 tons of coal at San Francisco on Monday and cannot visit an American port again for three months.

Pacific Coast Well Guarded

British Cruiser Newcastle Has Been at Esquimalt Several Days.

Seattle, Aug. 21.—Information from a source which can not be revealed tells of the presence of the British cruiser Newcastle and the French cruiser Montcalm in North Pacific waters. The Newcastle was reported in at Cape Flattery several days ago. Vancouver, however, owing to the strictness of the censorship would give no confirmation of the vessel's arrival, says the Post-Intelligencer this morning.

The French cruiser Montcalm was sighted coaling in Barkley sound, on the west coast of Vancouver island. Sheltered there she was taking on coal from scows. She had been cruising in those waters for the last three days.

The sudden change in the attitude of British shipowners in allowing their vessels to start from Puget sound on their voyages to the Orient in the last few days, is attributed to the confidence gained from the knowledge of the presence of these two vessels, both of which are larger than either the Leipzig or the Nurnberg, the German cruisers in the Pacific waters.

That both the cruisers were rushed across from Oriental ports, where they are less needed, to protect British commerce on this coast, is the theory in marine circles here.

London, Aug. 21.—8:50 p.m.—Great Britain has decided to make a loan to Belgium of $50,000,000. The money will be raised by treasury bills for which tenders were called today.

FISHING IS LIGHT.

Very few boats were out in the gulf yesterday with the result that few sockeyes were delivered to the canneries. The run during the past few days has dwindled down to practically nil and Sunday night and Monday's fishing will probably clear up the majority of the sockeye pack for the 1914 season. Bellingham correspondent yesterday reported the receipt of 3000 fish of which one-third were cohoes.

Following the 6 o'clock gun Sunday night fishing is expected to be fairly brisk and a considerable quantity of sockeyes have been reported in the gulf during the past few days. All the cohoes are being sought after as the war has caused prices to increase slightly with better figures promised.

CHARGES WITHDRAWN.

Summary Trial Desired Regarding Races at Minoru Park.

The charges brought against the British Columbia Thoroughbred association for alleged violation of the Miller act at Minoru park races were withdrawn in the Steveston police court yesterday morning. This action was taken on account of the intimation given by Magistrate Darling that he did not intend to deal with the charges summarily, but to give a preliminary hearing only. A. Dunbar Taylor, K.C., appearing for the attorney general, pressed for a summary trial and decision by the magistrate so that in event of a conviction the race meeting could be stopped immediately. It is possible that the withdrawal of the charges at this stage will lead to another indictment being drawn up in time for the fall assizes.

Many people do not realize that the Skin is one of the three great eliminators of waste matter from the body. As a matter of fact, the Skin rids the system of more Urea (or waste matter) than the Kidneys. When there is Kidney Trouble, Pain In The Back and Acrid Urine, it may not be the fault of the kidneys at all, but be due to faulty Skin Action, or Constipation of the bowels.

"Fruit-a-tives" cures weak, sore, aching Kidneys, not only because it strengthens these organs but also because "Fruit-a-tives" opens the bowels, sweetens the stomach and stimulates the action of the skin.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for $2.50, trial size, 25c. or will be sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

the same association and president of the Tokio chamber of commerce, are heading a movement intended to reassure China of Japan's pacificatory intentions. M. Nakano will leave for China soon, it is announced.

Baron Shibusawa and Mr. Nakano in 1909 headed an honorary commercial commission from Japan as chairman and vice-chairmap, respectively, that spent three months visiting American institutions. The commission was composed of about 70 Japanese prominent in education and in all departments of municipal and social life. They directed commercial parties in visits to China. Both are well known in the United States.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 an acre. Not more than 2,500 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lessee will be permitted to purchase whatever available surface right may be considered necessary for the working of the mine at the rate of $10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands

W. W. CORY,
Deputy Minister of the Interior.

NO CUP GAMES

Rosedales Abandon Trip—Nationals Suggestion Turned Down—Royals Hang Up Sticks

As was expected, there will be no Minto cup games this fall and the Salmon Bellies are prepared to hang up their sticks until next spring when the professional lacrosse horizon may possibly clear somewhat. The local club is in receipt of a letter from Jimmy Murphy, of the Rosedales of Toronto, stating the impossibility of making the trip unless a guarantee was made by the Westminster club. This is found to be impossible as also is the suggestion of President Caron, of the Montreal Nationals, who proposed that the Royals make the trip back to Montreal and take a chance on half the gate receipts.

Thus ends the most disastrous year in the history of the professional game on the coast. Last summer was considered bad enough by the players who drew down a pot nothing to be compared with the days when Con Jones was in active opposition to the Royals. While the gate receipts in the east have not been large by any means, the two big leagues have managed to keep the flag waving throughout the summer. Just what 1915 will bring forth is hard to conjecture. Con Jones still proposes to go through with his mainland-island project, eliminating New Westminster from the professional map. Just where he will get the players is hard to imagine unless the Royals transfer their camping grounds to Vancouver, something unheard of. The Minto cup is safe for another year, but whether it will be defended by a New Westminster team next summer appears to be an impossibility unless active opposition is afforded the locals by a Vancouver twelve.

Sport Comment

The New York Yacht club is in wrong again, not only to international sportsmen but to enthusiasts in their own country. For the past few years the Gotham club has refused to budge a step from the strictest interpretation of the America's cup rules. The latest action will not endear itself to the sport-loving people of the United States which it has taken in respect to Sir Thomas Lipton's challenger Shamrock IV. In strict accordance with the terms of the deed of gift of the America's cup, the Shamrock was being brought across the Atlantic under its own canvas. Previous to its arrival Sir Thomas had stated that on account of the outbreak of war he would withdraw the challenge until a later date. To avoid the possibility of capture by the Germans, word was sent to the Erin, which was convoying the Shamrock, to take her in tow and get her to Bermuda as quickly as possible. This was done and the yacht was towed 600 miles to Bermuda. Refusing to accept Sir Thomas Lipton's plea for a postponement until October with a possibility of an extension until next year, the yacht club claims that the Shamrock is disqualified for having been towed part of the way across the ocean. If Sir Thomas desires to race for the America's cup after the war closes he must take his yacht back to England and bring her across again under her own canvas and without towing. It would not be surprising that if such an order is made by the New York magnates, that the famous yachtsman will withdraw his boat from the race and declare once and for all his determination not to again challenge for the international trophy.

Beat Old Timers.

The all-star team selected from the church league was too strong for the old timers at Queens park last night, the youngsters winning out by a score of 10 to 2. A fair sized crowd was on hand which sympathetically lost sight of all errors made by the former stars. George Speck, who is alleged to have juggled the score card in the last game between the old timers and Tommy Walsh's regimentals, was on deck, but was refused permission to handle the tally counting.

Giants Lose Another.

Cincinnati, Aug. 21.—Cincinnati batted Mathewson hard in the first inning and scored three runs, which were enough to win from New York today by 3-2. Mathewson was relieved in the seventh to allow Meyers to bat for him.

FINAL LEAGUE GAME

Circle F and Electrics Come Together at Millside Tomorrow Afternoon —Slaton vs. Brandt.

Everything is in line for the big championship game at Fraser Mills tomorrow afternoon when the Circle F and Electrics clash in the final for the city league title. Fred Lynch was yesterday pursuaded to officiate at the contest which ensures impartiality to either club.

At the present time both clubs are on an even footing as regards games won or lost due to the defeat handed out to Dutch Slaton in what was to have been the final game played last week. Slaton is confident of capturing the pennant, although with opposition in the shape of Eddie Brandt he is likely to be extended to the limit. Brandt was seen yesterday and reported himself fit, having had a rest of over a week, which has given him time to recuperate from the extensive schedule he was indulging in both here and Vancouver.

Special cars have been chartered for the fans which will leave the Columbia street depot at 2:40 o'clock immediately prior to the regular schedule.

The Fraser Mills club will have a new player named Ralston handling their left field position. No data is obtainable of this fielder's ability, although it is reported that the player is none other than Joe Christainson, of Blaine and Bellingham. Billy Weingartner is also included in the roster.

The Circle F will field as follows: Kavanaugh, c; Brandt, p; Schaefer, p; Carruthers, 1b; J. Gay, 2b; Weingartner, 3b; Winblad, ss; Ralston, lf; A. Gay, cf; Williams, rf.

TENNIS RESULTS

Owing to the fact of their being so many entries the officials at the annual tennis tourney now on at the Royal avenue courts find it impossible to complete all games today as originally intended. It is probable that the finals in several of the events will be played off on Monday.

Yesterday's events reduced the possibles considerably, several interesting sets being staged before a decision was reached. A. L. Lewis won a stellar event over Mr. Morrison, the two players being nip and tuck until the third set was completed.

In the doubles Miss Martin and Miss Wilson won out over Mrs. Sutherland and Miss Shildrick, the score being 6-2, 2-6 and 6-3. Lewis and Swan were pressed considerably by Baker and Shildrick in the gentlemen's doubles, the former winning out. The following are the results of yesterday's games together with today's events:

Yesterday's Events.

Miss Corbould beat Miss Wilson, 6-2, 6-4.
Miss Peele beat Mrs. Sutherland, 6-1, 6-3.

TWO MORE RESERVISTS LEAVE FOR ENGLAND

George Green, late of the staff of the provincial jail and George Vince, also of the same staff, left last night for Quebec where they will embark for England to rejoin their respective regiments. Green had only one month more to serve as a reservist when called to the colors. He will join the Second Essex regiment. Vince, who leaves a family residing in East Burnaby, will report to the Royal Horse Artillery. Both have seen service abroad. A goodly number of their friends were at the depot to wish them "bon voyage."

WAR ENCYCLOPEDIA

NATIONS AT WAR—The international situation in Europe, as it exists today on account of war, is as follows: Great Britain, France and Belgium openly at war with Germany and Austria-Hungary; Italy, a technical ally of Germany and Austria-Hungary, determined to preserve her neutrality; Sweden and Norway, determined to preserve neutrality; Denmark, fearful of German encroachments, friendly to Britain, but determined to preserve neutrality; Holland, friendly to Britain, linked by its queen's marriage to Germany, still neutral, but threatening to join forces against Germany if the latter country further violates Holland's neutrality; Switzerland, an old enemy of Austria, neutral and with a large force mobilized to enforce that neutrality; Spain, allied through its royal line with the Hapsburg house of Austria, but also allied by marriage to the British royal house and neutral in the face of German demands for another course; Portugal, Britain's ancient friend and openly on the side of Britain, although as yet, apparently, giving no active assistance in the war; Monaco, insignificant in size, but with French sympathies; Luxemburg, paralyzed by German invasion, but neutral though without an army to enforce that neutrality; Servia and Montenegro, openly at war with Austria; Bulgaria, sympathetic to Germany, but evidently held back by fears of Russia, German prince ruling; Albania, German prince ruling, but torn by internal strife and of no weight on either side, though its population might split, part following Turkey and the balance following Servia; Greece, openly antagonistic to Austria, but waiting for Turkey's action, to whom she also is opposed, before declaring; Turkey, divided between friendship for Germany and combined friendship for and fear of Britain, army trained by Germans and navy under British supervisors; Rumania, the only country in the whole of Europe which, so far, has made absolutely no public pronouncement on the war. Rumania's king, Charles, is a German prince of Hohenzollern-Sigmaringen and closely allied by family ties to the kaiser. Rumania has made no open move in this war nor did she have any part in the recent Balkan conflict. Her northern frontier, facing Russia, would make it awkward for Rumania to take an open stand against the Triple Entente.

GERMAN EMPIRE—According to the constitution of April 16, 1871, the German empire is a confederate league bearing the name of German empire under the hereditary presidentship of the King of Prussia, who holds the title German Emperor. In time of war he has supreme command of the army; in time of peace the kings of Bavaria, Saxony and Wurttemberg retain their sovereign rights as heads of their respective armies. The military forces of all the rest of the federal states are under direct command of the emperor in his capacity of King of Prussia. The troops of all the federal states swear loyalty to their respective sovereigns and obedience to the orders of the emperor, but in the case of Bavaria this obedience is limited to war time only. The German navy, on the other hand, is imperial and is subject to no limitations by the different states. The states of the German empire, with their rulers, are: Prussia, King William II, also emperor of Germany; Bavaria, King Ludwig III; Saxony, King Frederic Augustus III (not the emperor); Baden, Grand Duke Frederic II; Hesse, Grand Duke Ernest Louis; Mecklenburg-Schwerin, Grand Duke Frederic Augustus IV; Mecklenburg-Sterlitz, Grand Duke Adolphus Freidrich; Oldenburg, Grand Duke Frederic Augustus; Saxe-Weimar Eisenach, Grand Duke William Ernest; Anhalt, Duke Friedrich II; Brunswick, Duke Ernest Augustus; Saxe-Altenburg, Duke Ernest; Saxe-Coburg-Gotha (two duchies) Duke Charles Edward (H.R.H. Duke of Albany in the British peerage); Saxe-Meinigen, Duke Geirge II; Lippe, Prince Leopold; Reuss, Elder Line, Prince Henry XXIV; Reuss, Younger Line, Prince Henry XXVII; Schaumburg-Lippe, Prince Adolphus; Schwarzburg-Rudolstadt, Sonderhausen, Prince Gunther; Prince Gunther; Schwarzburg-Waldeck, Prince Frederick; Free Hanse towns, each with a small rural territory, retaining their sovereignty and local self government, Lubeck, Bremen and Hamburg; provinces of Alsace-Lorraine. The German colonies are, Togoland, Cameroon, German Southwest Africa and German East Africa in Africa; German New Guinea, the Solomon, Caroline, Pellew, Marianne, Marschall islands and Samoa in the Pacific; Kaiao-Chau, leased from China for ninety-nine years.

KIELCE—A city in Russian Poland of about 18,000 inhabitants in the neighborhood of which the Russians are reported to have repulsed the Austrians with considerable loss. Kielce is about 80 miles south of Warsaw, Poland's ancient capital, and is 35 miles from the Austrian border, formed by the river Vistula. It is the centre of a wealthy and prosperous territory.

"Nation's Fair" Cancelled.

The Burnaby branch of the Victorian Order of Nurses has decided to cancel the "Nation's Fair" which it was proposed to hold in the Edmonds public hall in October.

Mortgages—Alfred W. McLeod. (3723)

Argyle Station.

A notice has been issued by the B. C. E. R. altering the name of the station on the interurban line between Eburne and New Westminster at McRae road. The station will hereafter be known by the name of Argyle.

Early fall hats in the popular white and black effects. Mrs. Agret, 59 Sixth street. (3764)

Two Hindus Arrested.

Upon complaint from Vancouver yesterday, the local police took into custody two Hindus who were driving a team of horses through the streets. Chief Bradshaw, after obtaining particulars of where the men resided, allowed them to proceed.

Not a snap—a cinch! Eighteen great big lots on open street, just across the river; $600 for the bunch. Curtis & Dorgan. (3766)

Distributing Prizes.

At a meeting of the Burnaby Horticultural society held this week Secretary McFee reported a balance on hand from the recent exhibition which is considered excellent in view of the present war situation. The prizes are being distributed this week.

Briquettes, Briquettes, cheaper than coal. Barry Davis & Co., 'Phones 880 and 411L. (3726)

Steel Water Tank.

The B. C. E. R. is erecting a new steel water tank to the south of the new car barns which will have connection with the sprinkler system installed in the buildings. It was found that the present water tank, built some years ago, was inadequate for the needs of the buildings.

The Fraser Ferry Navigation company's ferry No. 1 is open for charter to excursions and picnics. For further information apply to Ed. Falch, telephone 164. (3725)

Tax Payments Extended.

Although the taxes were coming in fairly well, $200,000 having already been paid, the Burnaby council went further ahead with the extension of the rebate period at a special meeting held Thursday when the bylaw was given its final reading. The payment of taxes is extended one month.

Public Schools Open Monday.

The public schools open for the fall term on Monday of next week at 9 o'clock in the morning. The attendance promises to be excellent and will probably exceed that of previous years. During the long summer vacation the various school buildings in New Westminster have been thoroughly renovated and overhauled, and placed in most excellent condition. Everything is in readiness for the opening, all the instructors in the various schools and grades having returned to the city within the past day or two.

Ordered Out of Town.

Ole Olsen, the big Swede logger, who was picked up by the police on Thursday after threatening to clean up the whole staff of a local hotel, was given two hours to get out of town by Magistrate Edmonds in police court yesterday. Olsen presented a very much battered appearance, having fallen heavily on the ground while taking a lunge at the hotel manager. Taking on too heavy a cargo on account of his friend leaving for the war was not considered a crime by the bench. The man was allowed to go with an admonition.

Burnaby Bush Fires.

Firefighters were called out in North Burnaby yesterday afternoon and evening to stem the progress of a bush fire which started in the timber off the Pole Line road near Burrard inlet. A large force of men were on the ground and late last night appeared to have the fire under control.

Admits His Guilt.

David Taylor appeared in the police court yesterday to answer to the charge of stealing monies from the local branch of the Union Bank of Canada, where he was a member of the staff up till a few days ago. The young man pleaded guilty and, on application of the bank's lawyers, the accused was remanded for sentence to allow the officials of the institution to go further into Taylor's accounts, which are believed to be behind at least fifteen hundred dollars.

NEW COMMERCIAL MASTER ARRIVES FROM GALT, ONT.

W. E. Evans, who will take charge of the new commercial course in the Duke of Connaught high school, arrived yesterday from Galt, Ont., where he has been prominent in teaching circles for upwards of twenty-two years.

The new commercial master of the high school, who is the father of Hubert R. Evans, formerly city editor of The News, comes to his post in New Westminster with a record of marked success from the east, where his ability and the results which he had obtained with his pupils first drew the attention of the New Westminster school trustees when they started their search for a first class man.

Mr. Evans came on ahead of his family, who will follow in September, when he expects to settle down here as a permanent citizen of the Royal City.

LIQUOR DEALERS PROTEST.

Object to Paying Increased Taxes on Goods from August 7.

Immediately upon the publication of the new tariff schedule prepared by the minister of finance at Ottawa, the wholesale liquor men of British Columbia commenced to arrange for a general meeting which will be held in the near future to protest at the retroactive rates enacted by the government on account of the present war.

Many of the smaller firms are said to be caught by the increase in the revenue tax while in several instances large quantities of liquors have been taken out of bond during the past two weeks when rumors were heard of the proposed additional taxation. The measure, however, is retroactive and dates back to August 7, which thus compels an increase of tariff on all goods taken out of bond in the meantime even though the former revenue tax had been paid.

London, Aug. 21.—The embargo on tea to Canada has been removed and this trade will now proceed under normal conditions.
