## INSURGENTS LOATH TO LAY DOWN ARMS

### Promise of Cuban Government to Pardon All Enemies Fails to Bring About the Desired End—Rebel Bands Find Support Among People.

Havana, Aug. 28.—Interest today centres in the government's offer of clemency to all who will lay down their arms and return to their homes. The result thus far has not been what the government seemed to anticipate. Citizens generally are unwilling to predict its results and it is criticized, especially in many quarters because it does not fix a time limit for the laying down of arms, thus giving the insurgents time to test their cause a while longer, and still reserve the opportunity to quit their cause when they are still satisfied that there is no chance of success.

Residents of the country districts of Havana and Pinar del Rio provinces uniformly speak respectfully of the size and conduct of the insurgent bands and it is asserted that the people of the more remote districts unquestionably are with them.

The force of the revolutionary sentiment does not appear as yet to have greatly diminished and there are no signs of the laying down of arms.

#### Drowns in Lake Ontario.

Rochester, N. Y., Aug. 28.—Charles Williams, aged 19, son of A. C Williams, a prominent shoe manufacturer here, was drowned in Lake Ontario off Sea Breeze today.

## SWIFTWATER BILL FORGETS OLD FRIEND

### Fails to Share With Man Who Grubstaked Him and Court Gives Judgment.

Seattle, Aug. 28.—Another tangle was added to the financial complications of Swiftwater Bill Gates this morning when Thomas Dwyer of Duluth was given a judgment against him by Superior Judge Frater for $100,000. Personal service of the complaint in the case was made upon the eccentric Alaskan, but so little does a suit for a hundred thousand dollars interest Gates that he did not even have his attorney present in court to represent him. The judgment was taken by default.

Thomas Dwyer told the court that he was the man who gave Swiftwater Bill his first start on the road to fortune. Dwyer had been to Alaska and when the Klondike stampede started he decided that he wanted some claims.

He picked upon Gates as a likely person to locate claims for him. He advanced Gates a $1,000 grubstake, taking a contract that he should be given half of what Gates might reap from the venture. After Gates had made a fortune Dwyer testified that he refused to share his fortune or repay any part of the grubstake. Dwyer told of conversations with Gates in which he admitted that Dwyer's grubstake had enabled him to take $200,000 out of his Klondike claims.

#### Wellman Takes More Time.

Hammerfest, Norway, Aug. 28.—According to advices received here today from Spitzbergen, Walter Wellman, leader of the Chicago Record-Herald Polar expedition, starts south within a week, having finally decided to abandon for this year his attempt to reach the pole by means of an airship.

#### Aged Rector Dead.

New York, Aug. 28.—Rev. C. Winters Bolton, rector of the Church of the Redeemer, in North Palma, West Chester county, died today. He was 86 years old.

## EARL'S INJURED EYE SPOILS PROGRAMME

### Governor-General is Obliged to Disappoint the Good People of Saskatoon.

Saskatoon, Sask., Aug. 28.—Mayor Clinksill, received a wire from Capt. Trotter, A. D. C., at Canora, en route on the C. N. R., stating in reply to an outline of the day's programme for Wednesday in Saskatoon, that owing to the indisposition of Earl Grey, as a result of the accident to his eye, he would be unable to give consent to the programme arranged for him. The vice regal party are expected here at 11:30 tomorrow morning from Warman. It is feared the injury to the Earl's eye is more serious that was at first supposed.

#### Arrange for His Excellency.

His Worship Mayor Keary was a passenger to Mission yesterday and the object of his journey was to meet Col. Hanbury Williams, the governor-general's private secretary and make the necessary arrangements in connection with the opening of the fall fair by His Excellency.

Mayor Keary promised to forward the complete programme of the opening to the colonel at Victoria in the course of a few days.

The followng ladies and gentlemen will be visitors in the city during the exhibition:

Their Excellencies, the Right Hon. Earl Grey, G. C. M. G., the Countess Grey; Lady Evelyn Grey; Lord and Lady Howick; Capt. Trotter, A. D. C., and L. Gower.

#### Oil Tanks Ablaze.

Beaumont, Tex., Aug. 28.—A boiler exploded in the Keith Ward tract at Spindle Top tonight setting fire to oil storage tanks and derricks, 15 of which already have burned. The fire is spreading. Some of the best wells in the field are in this tract.

#### Dies on C. P. R. Train.

Kenora, Aug. 28.—The secretary of the French consulate in Vancouver, died suddenly in the smoking car of the west bound C. P. R. express near here today and the body was brought here to be embalmed. Heart disease was the cause.

## Rev. C. M. Smythe Decides To Start Libel Action

Portland, Ore., Aug. 28.—Rev. C. M. Smythe, the Congregational minister, who, on Sunday morning, denounced Rev. Fred Warren, from the latter's own pulpit, has decided to institute libel suit against the man whom he declares has broken up his home and Mrs. Smythe, who is at present in Howard Lake, Minn., has announced that she will leave for Portland immediately to testify on behalf of her husband in the action.

It is learned that in order to assure unlimited publicity of his denouncement of Rev. Warren, Rev. Smythe took every precaution and that when he entered St. John's church Sunday morning he was accompanied by a reporter for a morning paper.

He had stopped at the newspaper office and without telling exactly what he intended to do had invited a reporter to attend the morning service with him, assuring him that he would get a "good story."

That everyone in St. Johns believes Smythe to be crazy is the statement of people from that community today. The belief of his congregation in Rev. Warren is unshaken by the scathing arraignment by Smythe and as a whole the members of the flock have assured their pastor that they will stick to him through thick and thin.

## TRUST COMPANY FAILURE COSTS OVER SIX MILLIONS

### One of the Strongest Financial Houses In Philadelphia Is Ruined by Speculations of Its President.

## MAN RESPONSIBLE COMMITS SUICIDE

### Takes a Dose of Laudanum and Is Afterwards Found Drowned In His Bath Tub—Receiver Has Hopes of Pulling Through.

Philadelphia, Aug. 28.—Unable to meet its obligations on account of the large amount of money loaned by its president, now dead, on insufficient security, the Real Estate Trust company of Philadelphia which up to last Saturday was considered one of the strongest financial institutions in the city, closed its doors today, and Geo. H. Earle, jr., a prominent financier was appointed receiver.

The liabilities of the company are placed at $10,000,000 against which there are assets of $3,500,000 and collateral of about $8,000,000 which is not negotiable or readily convertable.

The doubtful collateral is held mostly as security for loans of about $5,300,000 made to Adolph Segal of this city.

#### Now Looks Like Suicide.

The man responsible for the failure was Frank K. Hupple, one of Philadelphia's best known citizens, who died suddenly last Friday morning in his country home near here under circumstances, which in the light of today's revelations, are suspiciously like a case of suicide. Mr. Hupple, in addition to being president of the Real Estate Trust company, was treasurer of the board of trustees of the General Assembly of the Presbyterian church in the United States and of several other church funds, and was a director of the Franklin National bank.

#### Presbyterians Lose.

Recently Mr. Hupple's accounts of the Presbyterian church were examined by certified accountants and were found to be correct, but it cannot be stated positively tonight whether all the securities belonging to the General Assembly are intact. In addition to the deposits of the General Assembly the bank had also about $35,000 of funds placed there by Dr. W. H. Roberts as state clerk.

The Presbyterian hospital of Philadelphia and the Presbyterian board of relief also had sums deposited in the institution. Dr. Roberts was asked if he could say whether the securities of the General Assembly, amounting to $363,986, in Hupple's custody, were intact. He replied: "I have no reason to believe otherwise, but cannot say positively."

#### Bad Securities.

For the loans of Segal Hupple accepted as collateral securities of the Majestic hotel a big new apartment house operated by Segal, the Swedish Steel company, of Lancaster, Pa., and the Pennsylvania Sugar Refining company of this city. The steel company and the Sugar Refining company have never been placed in operation. Segal claims the collateral he gave is good and that he will meet all his obligations.

#### Silent on Two Points.

There are others to whom Hupple loaned money on insufficient securities, but their names have not been made public.

Whether Hupple benefited in the loans made, or whether he was merely the tool of others is yet to be determined. All the directors are silent on that point and also on the question of whether there will be any criminal prosecutions.

#### Works Double System.

In order to hide the true condition of the company and save himself, Hupple resorted to the falsification of his reports which were accepted as true by the directors. He used what the receiver termed a "double system" of making reports. When the state bank examiner called, Hupple presented to him good securities to offset the loans made and when the president made his reports to the directors he would show them a bundle of other securities and other paper and along with these accounts he would exhibit the certificate of the bank examiner which showed the examiner had investigated and found everything correct. The directors supposing the securities shown them were the same approved the reports.

#### Truth Causes Shock.

As soon as the directors learned of the sudden death of President Hupple, they began an investigation of his affairs and were shocked when they learned the truth. This was after the close of business on Friday. A meeting of the board was called hurriedly and it was decided to instruct the officers of the bank that all deposits received after the opening of business Saturday morning should be set aside and deposited with the Franklin National bank in the names of the individuals, presenting the money. This was done to absolve the directors from criminal proceedings for receiving money after they knew the Trust company was insolvent. On Monday, more than $160,000 was deposited by patrons of the bank which was offset by withdrawals by persons who had heard rumors of the company's difficulties.

#### Crash Inevitable.

Meanwhile the directors were making strenuous efforts to tide the institution over. All day Saturday they worked, but it became apparent shortly after noon today that the crash was inevitable. Application papers for a temporary receiver were prepared and left at the office of the Trust company, after which the directors went to the meeting of the clearing house association to make a last appeal for help

#### Newspapers Aware of It.

The newspapers were aware of the trend of events and had men stationed at the bank building, ready to flash the closing of the bank if it occurred. There were probably fifty bank presidents at the clearing house to meet the directors of the Trust company. The latter stated that they needed $7,000,000, but the best the banks could do was to guarantee $3,500,000. This was not enough and vice presi-

## CZAR'S GOVERNMENT STILL DETERMINED

### Announces That Removal of One Statesman or Another Cannot Stop Fulfilment of Reforms and That Revolutionists Must Fail.

St. Petersburg, Aug. 28.—It is stated semi-officially that disturbances or disorders will be prosecuted sternly whatever ideas are professed. The government has sufficient means of supressing illegal acts, but suppression is not the only aim, the first problem being the preparation of bills to be presented in parliament for the settlement of pressing questions in a legal manner. The statement concludes: "The revolutionists may try to destroy the work of the government, but finally they must fail, as the government cannot refrain from the fulfillment of reforms simply because one statesman or another may be removed."

In spite of the threats of the revolutionists, the transfer of the body of General Min from Peterhof, where he was assassinated August 26th to St. Petersburg for interrment in the regimental chapel of Zeminovsky regiment occurred today without incident, though with imposing military ceremonies. The body arrived here late this afternoon, its departure from Peterhof having been proceeded by another religious service at Peterhof at which the emperor and empress came in from Gatchina and met the funeral train on its arrival at the imperial station.

## DR. NAPIER APPROVES AND HARDY OPPOSES

### Novelist Gets in a Hot Shot at President Roosevelt on Spelling Reform.

London, Aug. 28.—Dr. Napier, professor of English and Anglo Saxon in the University of Oxford gives his unqualified approval to President Roosevelt's action with regard to spelling reform. He thinks that with few exceptions the proposed changes are moderate and a step in the right direction.

Thomas Hardy, the novelist opposes the suggested changes and writes: "I am not struck with the advantage of having reform of English spelling taken in hand by an eminent American of Dutch extraction."

#### Football Meeting.

The annual meeting of the Rovers association football club will be held at Ryall's drug store tomorrow evening, when arrangements will be made for the coming season. It is proposed to have three teams this year, senior, intermediate and junior, and to form city leagues for intermediate and junior players. All interested in the sport are invited to be present.

#### Robbery Reported.

Another hotel robbery was reported to the police yesterday morning, when a colored man who boards at the Holbrook hotel complained that a coat and vest which he had left in his room had been stolen during his absence. Up to a late hour last night, no trace of the missing clothes had been discovered.

#### Hearst is Obliging.

New York, Aug. 28.—Wm. Randolph Hearst said today wnen asked whether he would accept the nomination for governor by the Democratic convention: "I will be the candidate of the Independence league, if I run, but I certainly shall not object to the Democrats or others voting for me."

#### Empress at Yokohama.

Yokohama, Aug. 28.—S. S. Empress of Japan arrived from Vancouver today.

## ACTRESS CAPTURES HON. HENRY L. BRUCE

### And the Captive Says He Will Marry in Spite of Stormy Objections.

London, Aug. 28.—In an interview published in the Daily Chronicle today Hon. Henry Lyndhurst Bruce, eldest son and heir of Lord Aberdair, authorized the announcement of his engagement to Mss Camille Clifford, the American actress.

Mr. Bruce said a friend took him to see Miss Clifford some months ago. He was not smitten at first, but Miss Clifford, who had rejected all sorts of offers, finally accepted him three months ago.

"As far as I know at present," added Mr. Bruce, "We shall be married." Mr. Bruce said his friends were frantic and his father, who was simply furious, had severely upbraided him. He had not been home and he had hardly spoken to him since. In conclusion Mr. Bruce said he believed Miss Clifford would not leave the stage, as her heart and soul were in her profession. The sketch announces that Mr. Bruce and Miss Clifford will be married early in October.

#### Afraid of Measles.

Owing to a report that an outbreak of measles has occurred at Chilliwack among the Indians employed at the hop fields, many of the red men are rather inclined to return home without paying a visit to the hop centres. The measles are said to be spreading rapidly, and there are already a large number of the workers down with the illness.

#### Calls for Help.

Albany, N. Y., Aug. 28.—In a proclamation issued today, Governor Higgins calls attention to the distressing conditions in Chile as the result of the earthquake and requests that the people of New York state give every assistance possible to the sufferers.

#### Corinthians Win.

Cincinnati, Ohio, Aug. 28.—The Corinthians of England defeated the Cincinnati team at football today by a score of 19 to 9.

## Steamer Twickerham Towed to Esquimalt

Victoria, B. C., Aug. 28.—The steamer Twickenham, which ran ashore on San Juan island last Friday en route to Vancouver with raw sugar, reached Esquimalt today in tow of the steamer Salvor and tug Tacoma. The vessel was floated last evening. She had been lightened of a large portion of her cargo and with the assistance of the Salvor and tug Tacoma and the use of her own power the ship was hauled free of the rocks. On Sunday night two ten inch pumps had been placed aboard to remove the water from the forward hold while the cargo was being discharged, and it was found after the ship was floated and started for Victoria that one was all that was needed to keep her head up. Considerable of the cargo has been damaged but the bulk of it is in good condition.

#### Accused of Theft.

A Japanese waiter at Charlie Sato's restaurant was placed under arrest last evening, charged with having stolen the sum of $40 from the safe in the restaurant. He will be given a preliminary trial this morning. For some time past, Mr. Sato has had suspicions that someone was taking money from the safe, but he could not fasten the blame on anyone untill yesterday, when he secured sufficient proof to place his waiter under arrest.

## BOY MURDERS FATHER AND HIDES THE BODY

Henry Sloane of Spokane Commits Horrible Crime—Makes Confession to Police.

Spokane, Wash., Aug. 28.—James F. Sloane, a pioneer merchant of this city and senior member of the Sloane-Paine company, was killed last night by his 17-year-old son Henry. The body was found today behind a pile of rock in an alley, near his home.

Investigation proved that he was murdered in his room soon after midnight, the body then being placed in a wheelbarrow and carried to the alley.

When taken into custody by the police Henry Sloane protested his innocence, but he broke down completely at noon, confessing that he alone killed his wealthy father, but saying he did it in the heat of passion, his father having attacked him when intoxicated. Chief Waller still believes, however, the boy coolly planned the butchery to get $500 he believed his father had.

The police suspect young Sloane of being the burglar who robbed two stores in the block where his father was long engaged in business. He is also suspected of being the partner of the burglar who was shot and killed a few weeks ago while breaking into Staples' candy store. The lad's woman accomplice is also suspected.

### Electricity at Springs.

The electric plant which was recently sent up to Harrison Hot Springs by Messrs. McLaren & Armstrong is now in full swing, said Mr. Armstrong who returned from that place on Monday evening. The machinery is operated by water which is conveyed from one of the numerous mountain streams in the vicinity of the village through 12 inch pipes and is capable of developing 80 horse power. The hotel and village are now lit up with 500 incandescent lights of 16 candle power and the promoters say that they can easily furnish light for the whole valley. The hotel has been full all summer and a very large number of Americans have visited the hot springs. They were all loud in their expressions of admiration of the scenery and the district and state that still greater numbers from the other side of the line will visit the district next season.

### Buys Gun to Kill Bears.

An old Indian named Robert Hughes was arrested yesterday afternoon by Officer Maxwell, who discovered him admiring a very old and rusty revolver. A charge of carrying concealed weapons was entered against him on the charge sheet, and Hughes was kept at the station for some time. The chief of police, upon investigating the case, came to the conclusion that his misdemeanor was more the result of ignorance than anything else, and after advising him to leave revolvers alone during his stay here, allowed him to depart. Hughes explained that he had bought the gun for the purpose of shooting bears, but as the revolver is only a 32 calibre, the bears will still have some kind of a show.

### Offenders Punished.

The usual number of drunks and disorderlies faced the police magistrate yesterday morning when the court sat, and justice was dispensed with an impartial hand. Fines of $2.50 and costs were imposed on Sam Chambers, Tom Gous, John Campbell and William Parker, each of them having been gathered in overnight by the police while they were rejoicing from the effects of more drinks than they could assimilate. John McCall, a perfect specimen of the genus bum, was given two hours in which to leave the city, and he hit the high spots for Port Moody as soon as he was allowed to leave the precincts of the police station.

When the assault case in which Henry Daggett figured as complainant and Alfred Irish as defendant was called, Daggett asked leave to withdraw the charge, as he had come to the conclusion that Irish did not really mean to hurt him when he punched his face, and he did not want to see him punished. Daggett was ordered to pay the costs of the court, amounting to $5, while Irish was allowed to depart after being censured by the magistrate.

## LIES IN CATTLE SHED ON MARKET SQUARE

Indian Child Succumbs After Long Suffering From Spinal Disease—Wailing in Camp.

A little Indian girl, 5 years of age died in the cattle shed on the east side of the market stable yesterday morning. The little one had been suffering from spinal disease for the past three years and death was in reality a blessing both to the child and her parents. The little form was placed in a neat white casket, while a large number of Indians gathered around with uncovered heads. The father and mother of the child showed a true parental love for their little one, and a number of the older men and women wailed in their mournful Indian style and chanted a kind of dirge throughout the afternoon.

The father of the child secured the loan of a boat from another Indian and left about 5 o'clock for Nanaimo, with his wife and a couple of friends. They propose rowing or sailing all the way and will reach their destination tomorrow morning if the wind is in any way favorable. The remains of the little one will be interred in a grave not far from the family home, on the outskirts of Nanaimo.

### Our Feathered Pets.

To the Editor of the Daily News,

Sir, Seeing an item in this morning's issue in which Mr. James Jackson is complaining about the prize list for feathered pets in our provincial exhibition, I thought that I would add my small voice against said list, and back up Mr. Jackson. Having bred birds for the last three years in this city, and having imported some stock from the best breeders in our fair Dominion, it is somewhat discouraging to find that, when a person has stock fit for exhibition purposes in classes, he runs up against a prize list which contains only prizes for color. I have at the present time some eight birds which I intended to enter this year; but I doubt whether I shall now do so, under the circumstances.

I was speaking to a very extensive breeder of canaries only a couple of days ago, and he stated he did not intend to exhibit under the conditions, and this man has some of the best brds in British Columbia. Now, counting Mr. Jackson, this othe rgentleman and myself, all breeders of pet stock who do not intend to exhibit, that makes three, with possibly fifty birds which we will not show, and which would help out our exhibition wonderfully in that line.

Of course we are not the only ones who have birds for show, but we could add considerably to the pretty pets.

Perhaps it is now too late to alter the lists, but let our management see to it that they get some person who understands the preparaton of prize lists for feathered pets, and let him prepare our next list in this respect. Now, Mr. Editor, I guess I will bring this letter to a close, hoping that, in the future, we will have a prize list prepared on proper lines—in classes.

Thanking you in anticipation, yours for the good of our feathered pets,

YORKSHIRE.

### Synopsis of Canadian Homestead Regulations

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans.

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY.
Deputy Minister of the Interior.

**Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory.**

COAL—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2000 pounds shall be collected on the gross output.

QUARTZ—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end of the line of the lode, or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of a Royalty of 2½ per cent. of the sales of the products of the location.

PLACER MINING—Manitoba and the N. W. T., excepting the Yukon Territory: Placer mining claims generally are 100 feet square, entry fee $5, renewable yearly. On the North Saskatchewan River claims are either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, not exceeding 1000 feet. Where steam power is used claims 200 feet wide may be obtained.

Dredging in the Rivers of Manitoba and the N. W. T., excepting the Yukon Territory—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged beds or bars of the river below any low water mark, and subfor first year and $10 per mile for each subsequent year. Royalty same as placer mining.

Placer mining in the Yukon Territory—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1000 to 2000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days if the claim is within ten miles of the mining recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1000 feet in length, aand if the party consists of two, 1500 feet altogether, on the output on which no royalty shall be charged the rest of the party ordinary claims only.

Entry fee $10. Royalty at the rate of two and one-half per cent. on the value of the gold shipped from the ject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan River, where the lessee can dredge to high-water mark on each alternative leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction thereof is sufficient. Rental, $10 per annum for each mile of river leased. Royalty at the rate of two and a half per cent. collected on the output after it exceeds $10,000.

Dredging in the Yukon Territory—Six leases of five miles each may be granted to a free miner for a term of 20 years; also renewable.

The lessee's right is confined to the submerged bar or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental $100 per mile Yukon Territory to be paid to the comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least $200.

A certificate that work has been abandoned, anad open to occupation and entry by a free miner.

Berths on their sleepers are longer, higher and wider than in similar cars on any other line. They protect their trains by the Block System.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

Petroleum—All unappropiated Dominion Lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the minister may reserve for an individual or company having machinery on the land to be prospected, an area of 1920 acres for such period as he may decide, the length of which shall not exceed three times the breadth. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well, will be sold to the prospector at the rate of $1 an acre, and the remainder of the tract reserved, namely, 1280 acres, will be sold at the rate of $3 an acre, subject to royalty at such rate as may be specified by Order in Council.

W. W. CORY.

Deputy of the Minister of the Interior.

Dept. Interior.

## NORTHERN INDIANS WILL GATHER HOPS

Large Band Arrives From Port Essington and Beautiful Emma Accompanies Party.

About two hundred Indians came into the city yesterday from Port Essington They have been fishing and working for the canneries of the Skeena river all summer and will leave today for the Agassiz hop fields Among them was the much talked of Beautiful Emma, who has the reputation of being the most beautiful Indian girl on the coast, and many turned round as she passed along the streets with her handsome and stalwart husband, in order that they might admire her charming figure and queenly carriage She was attired in patent leather shoes, a blue silk skirt and over her shoulders she wore a black lace mantilla. She left this morning with the rest of her people for the hop fields.

A number of the party belong to the Salvation Army and wore the Army uniform, poke bonnets and all complete.

### You Have Met Her.

Her eyes were dark as woodchuck holes
Beneath a beech tree olden,
Her lashes straight as beechen boles,
Her hair a glossy golden.
Her skin as pure as lilies white
That float upon the water;
She was a dream of dear delight,
This little rustic daughter.

Her laugh a chime of silver bells,
Her teeth as white as pearls are;
She lived among fair sylvan dells
Where very common girls are.
As graceful she as mullein bright,
A veritable fairy;
The sum of what you dream at night,
A vision light and airy.

A soft seductive smile she had
That made you long to woo her;
You felt you really should go mad
Unless you straight could sue her.
The little curve of her red lips
Was cute as tainted money,
As sweet as dew the bold sun sips,
Or e'en as buckwheat honey.

Her form was short—or was it tall?
I really don't remember,
But then I could have told you all
About her last September,
Because this maid of winning grace
Was then my great affliction.
I read about her charms and face
In yellow covered fiction.

### The Cute Thing.

"But why don't you work instead of coming asking for a handout?"

"Same old story, ma'am. Find it hard to get a job in my line."

"And what is your line?"

"Going as mascot for a bridal party, ma'am."

### Not Generous to a Fault.

"Is he an easy man to borrow money from?"

"Yes, comparatively. Give him a mortgage on all your personal property and assign your salary to him and he will shell right out."

### Might Spoil Him.

A million dollars is too much
For any man, 'tis true.
That's for the other fellow, though;
It's not too much for you.

## MATCHES ARRANGED FOR THIS AFTERNOON

**Lacrosse and Baseball Will Furnish Hot Time at Queen's Park.**

To fittingly celebrate the last half-holiday of the summer season, two interesting games have been arranged for this afternoon at Queen's park, and there is no doubt that they will be well patronized. The Knights of Pythias have arranged a lacrosse match between two of their lodges, the Royal Lodge and the Granites, and the struggle between them, if not exactly first class lacrosse will at least be amusing. The baseball match between the same two lodges is still fresh in the memory of those who were privileged to witness it, and that there will be keen rivalry on the field is not to be doubted.

The players for the Granite Lodge will be selected from among the following members: J. Hembrough, J. Hepburn, R. Jamieson, A. McDonald, P. Douglas, A. Innis, C. B. Deans, D. Walker, G. McArthur, J. Mahoney, Charles Keith, F. Maxwell, Dave Grossman, Alex. Ferguson, Fred McIntosh and M. Markland. Mayor Keary will act as referee.

The baseball match between the New Westminster and Blaine teams will be one of the best games played here this season.

The excitement in Blaine is said to be intense, and arrangements have been made for the result to be immediately telegraphed to the border town as soon as the game is over. The Blaine boys are now holding a different opinion of the capabilities of the New Westminster players since they suffered defeat on their own grounds last week, when they were assisted by the Seattle battery, and have been spending all their spare time practicing hard for this game. There is no doubt that the game will be hotly contested, and whoever wins will have to put up a stiff fight. Dr. Doherty has consented to act as umpire.

## TRUST COMPANY FAILURE

(Continued from Page One.)

dent Houston telephoned the bank to suspend and sent the receivership papers to court. The story was soon on the street and created consternation. Hundreds of persons gathered about the building, clamoring for news, and they were so great that a force of police was sent for to clear the street.

President Hupple, the application says, by false reports to the directors of the loans made by him, brought about the condition of the company which was first discovered by officers of the bank subsequent to the death of the president.

**Receiver Has Hopes.**

The court appointed Mr. Earle receiver. Mr. Earle afterwards said: "While I appreciate the danger of making statements until I have made a thorough examination, I think it my duty to state that in my effort to keep the institution open (an effort made for public reasons, as I have no private interests there) I have necessarily ascertained a great deal concerning its condition This knowledge brought me to the conclusion that the company should not be permitted to close business and that conclusion is still so strong with me that I believe, although it may be against my own interest, that the receivership should not be continued any length of time I believe the examination will show that large returns may be derived from the assets and I hope I may soon be able to verify my beliefs."

**Hupple Takes Laudanum.**

Philadelphia, Pa., Aug. 28.—Persistent rumors that President Hupple committed suicide were borne out tonight when it was authoritatively stated that he took his life at his home last Friday morning. Mr. Hupple is said to have taken a dose of laudanum with suicidal intent. While still conscious he filled the bath tub with water and later was found there, apparently drowned. Mrs. Hupple and the family decline to make any statement and the physicians interested in the case decline to be interviewed regarding the suicide theory.

## INSANITY AND PROSPERITY.

In view of the oft repeated discussions on the questions whether insanity is more prevalent than formerly, and if so what are the causes for that condition, the statement made by Dr. Charles G. Hill, physician in charge at Mount Hope retreat, in the sixty-third annual report of that institution, is interesting. Dr. Hill in speaking of the reasons for any possible increase gives, among other things, "the prosperity of the period." He says:

"If there is a marked increase of insanity at the present time I believe that by a thorough research, consisting not only of a survey of the mental symptoms, but an investigation with microscope and chemical retort of the tissues, fluids and secretions of the body, it could be traced in a great part to the prosperity of the period—the luxurious indulgence, the dissipations, the departure from the old standard of rectitude and the moral deterioration made possible in all conditions of society to a greater or lesser degree."—Baltimore American.

**The Lazy Worm.**

A large district in the middle of Porto Rico with a population of 100,000 is afflicted with "the lazy worm," and official efforts are being made to improve the inhabitants' condition. A hospital has been established at Albonito, with an endowment of $15,000, and will do what it can to check the ravages of this minute reptile, of the existence of which the old time native Porto Rican never had the slightest notion. Last year an American medical officer, Captain Ashford, treated 4,500 cases, and nearly all of them were cured. As a result the population are aroused to much enthusiasm, and the afflicted are applying in great numbers for treatment. Heretofore the malady has been deemed incurable.

**The Spirit of the Times.**

Two newsboys were standing in front of a Bowery tobacconist's window recently gazing with rapt admiration at the enticing display of "weed." "Ef I had 2 cents I'd treat to cigarettes," remarked one. His companion remained thoughtfully silent, then quietly sauntered into the store. In a few minutes he emerged, a cigarette between his lips and a self assertive air. "Two?" remarked the other. "Nope, one. I's been hit by de street." For a few moments there was silence. "Den where do I come in?" questioned the nonsmoker. "Youse de minority stockholder—do de spittin'."—New York Post.

**Sidelights on Royalty.**

What queer little sidelights on royal life come sometimes from the quaintest quarters. An old lady named Pike, who wanted to be discharged from Old Windsor workhouse, has mentioned incidentally that she made the king's first waistcoat, of velvet with silver buttons, when his majesty was a boy in kilts, and that once she received 10 shillings for washing some handkerchiefs for Queen Victoria at Windsor castle, her majesty's clean handkerchiefs having by some means "been mislaid." It would seem that a domestic contretemps is not wholly unknown even in the most exalted families.

**Scotch Law.**

The young man who gooth a-walking at eventide with his lady love and afterward findeth his purse depleted by the temptations of sundry ice cream shops will hear with delight that in Glasgow, Scotland, there is a law prescribing early closing hours for ice cream shops, for violation of which a number of persons were recently heavily fined.

The Glasgow law provides that any person who keeps or uses any house, building, part of a building or other premises as an ice cream shop shall not keep such premises open except during the hours between 7 o'clock in the morning and 10 o'clock at night on any day.

**The Gardener's Victim.**

William James Conners, the Buffalo newspaper proprietor and freight contractor, has a beautiful home out on the edge of the city. His house is surrounded by many acres of lawn. A year or so ago his gardener planted foliage plants on a slope of the lawn in great letters that spelled "William James Connors." "Dear me!" said one of the social leaders of the town as she was driving by, peering through her lorgnette, "the poor man must think he is a railroad station."—Cleveland Plain Dealer.

**Titled American Women.**

A remarkable list, collected for the first time, shows that American women have, within a few years, gained twenty-three titles by marriages into English families, twenty-six German titles, fourteen French, seventeen Italian and six Russian. It is further estimated that 100 American heiresses have taken to Europe in dowries no less than £30,000,000, or an average of £187,500 each. In Great Britain the American wives of British husbands help to control about 2,000,000 acres of land.
