## SUPPORT OF PEOPLE NEEDED IN CAMPAIGN

### Expenditure of $32,500 and Clean City; or, Restricted District—Which?

A meeting of interest to those who have been following the progress of the campaign against immorality in the city during the past few days was held yesterday in the Russell hotel, when Mrs. A. L. Bishop, chief mover in the fight against the social evil, and Ald Fader, chairman of the police committee, met by appointment to talk the matter over, members of the press were also present. Mrs. Bishop in plain words expressed her opinion that there should be a restricted district, but that it should be away from the respectable part of the town, she would not have objected to them locating in the vicinity of Eleventh street had their presence not threatened the ruin of the property held by decent people in the neighbourhood. Mrs. Bishop was of the opinion that the council should endorse the report of Ald. Fader and put a referendum on the whole matter before the taxpayers.

Ald Fader stated his position plainly in the case. Had he been at the head of affairs last year, he would have moved the restricted district but have scattered the women broadcast over the city. Since this had been done, the next best thing was to clean the city of the women entirely no matter what the cost. It might cost $5 each, it might cost less but might require the entire $32,500 which he was asking to accomplish the object; yet, if there was to be any result, it was absolutely necessary that the taxpayers show themselves to be behind the council in the matter. If the support was not solid, then, nothing could be done except permit a new red light district to be started.

## HUDSON BAY COMPANY'S CHIEF TRADER IS DEAD

### Man of Mackenzie River District Succumbs After Short Illness—Was on Way to Winnipeg.

Winnipeg, Mar. 10.—Thomas Anderson, the Hudson's Bay Co.'s chief trader in charge of the MacKenzie river district is dead. The sad event occurred on Feb. 12, at Fort Chippewyan, after an illness of a few weeks. Mr. Anderson was on his way to Winnipeg, on one of his periodical visits to headquarters, and was taken ill a few hours after arriving at Chippewyan, which is located on Lake Athabasca, and developed such serious symptoms that it was deemed advisable to remain there. The Sisters of Charity, who have charge of a Roman Catholic school there, in the absence of a doctor, attended him, and did everything possible to alleviate and stay the progress of the disease with which he was attacked, but in spite of all that could be done the malady proved fatal. Mr. Anderson left Port Simpson on the Mackenzie river, early in December. Intending to reach Edmonton by the New Year and Winnipeg early in January. Mr. Christie, the company's officer in charge of the post at Fort Smith, who arrived here a few days ago, found him ill at Chippewyan, and on reaching Edmonton sent back medicine, but death occurred beore he reached Edmonton.

## "This Is My 62nd Birthday"

### Lucius Tuttle.

Lucius Tuttle, president of the Boston and Maine Railroad for the past fifteen years, was born in Hartford, Conn., March 11, 1846, and received his education in the public schools of that city. In 1865 he began his career as a railroad man, in which he was destined in time to become one of the recognized masters of modern railroading. He served in various subordinate positions until 1889, when he became commissioner of the Trunk Line Association. A few years later the general manager of the New York, New Haven and Hartford road is which position he served for two years, when he was elected vice-president of the road. In 1893 he became president of the Boston and Maine, then a much smaller system than it is today. Under President Tuttle's direction the system was expanded until now it controls the entire section of country east and north of Boston. Since 1906 Mr. Tuttle has been president also of the Maine Central Railroad, which is now closely allied with the Boston and Maine interests

## BIG SOCCER GAME HAS TO BE REPLAYED HERE

### After Heated Arguments, Alex. Turnbull Gains His Point in Connection With Play-off Game.

Another big football event for Saturday is on the tapis, the play off of the tie between the Rovers of this city and the Thistles of Vancouver, to be played at Moody Square. This pleasant surprise for local footballers was the result of a meeting of the Vancouver District Association on Monday evening in Vancouver, at which representations were made by Alex. Turnbull, as representative of New Westminster, regarding the playing off of the tie in this city instead of Vancouver as originally arranged. The game will be played to a finish and the supremacy of one of the two strongest teams in the Mainland league decided. The winners will compete in the finals of the league, and if successful to that point the Rovers will meet the champions of the Island league for the B. C. cup.

The line up for Saturday's game is the strongest that has yet taken the field, and unless the Thistles put up a three star brand of ball, another defeat is due them. The team will face the ball as follows: goal, Barbaree; backs, Clark and Bruce; halves Leamy, Turnbull and G. Fleming; forwards, Watson, Craig, Locke, Lockhart and Lumsden. Reserves, Peele, A. Fleming and Mallings. Referee, Haslett of Westham Island. Kick off 2:45 p. m.

## ALMOST MUTINY IN WINNIPEG JAIL.

Winnipeg, March 10—Saturday an encounter occurred between a number of prisoners confined in the provincial jail, and for a time it looked as if a general mutiny would occur. The dogged determination of the guards only prevented this being an accomplished fact.

The fight occurred between the prisoners confined in the cage and the officers, as the result of one prisoner refusing to carry out an order and the turnkey endeavoring to enforce it.

## WORK PROVIDED FOR NANAIMO UNEMPLOYED

### Opening of Road Provides Employment for One Hundred—Bridge Proposed.

Nanaimo, March 10.—Government Agent Bray has received instructions to put a large number of men at work opening a new road in Cedar district. In all it is supposed that about 100 men will be put to work. The starting of this work is timely, and if care is exercised to see that those are employed who have been living in the city and are in need of work, should do much to relieve the serious situation.

Extensive repairs, it is reported, are to be made shortly on the E. & N. railway, which will give employment to hundreds of men. A new steel bridge, it is said, will be built across the Cowichan river, one across the Chemanius river and one across the Nanaimo river, besides two between Duncan and Shawnigan Lake, and a smaller one at Raymond's Crossing.

## BASEBALL BOYS LAY PLANS FOR SEASON

### Westminster Team Will Be Strengthened This Year—Winnipeg Man to Pitch.

The gradual disappearance of the knight of the gridiron from the sporting pages of the daily papers, coupled with the recent reports of trips being undertaken by the members of the big leagues to the southern training grounds has turned the thoughts of the faithful fans towards baseball once again, and already plans or the coming season are being laid out in this city, although no meeting of players or club members has yet been called.

While a number of last year players will figure on the New Westminster team this season, several new men are in line for a place on the nine, and will be given a try out in the earliest games in order to prove their ability to handle the positions available for them.

Among the new men who will be place on the trial list of the local team is A. McRae, now of Millside, and for some time a well known ball player of Winnipeg. McRae is in line for the slab position, and is credited with being able to propel the sphere with some velocity. He has also mastered a few of the most tantalizing deliveries, and is calculated to make the man behind the stick nervous by his winding-up tactics.

Curley Lewis, last year's southpaw, will not be on the team this year.

Ernie Sinclair will stampede around first base as of yore; Jimmy Lewis is counted upon to do short-stop duty, Clarence Stein will be seen at the third pillow. Silver will probably fill the bill at second, Bill Free, who is now in the Cariboo country, will report for duty at centre. The candidates for the other positions in the outfield are not yet decided upon, although it is known that some of the 1907 players have announced their intention of not playing again, but then, ball pounders never quit the game for good.

Who will wear the mask is the question that is troubling the boys at the present time. The catcher holds down one of the most important jobs on the field, and a reliable and fast man is badly needed for the position.

An effort is being made to induce S. W. Bodley to assume the management of the team, although Aleck Cunningham is also a possible boss for the ball players.

## ALL RACING BETS ARE BARRED IN LOS ANGELES

### Newspapers With Betting Features of Races Must Not Be Sold in City—Mayor Vetoed Ordinance.

Los Angeles, March 10.—The anti-tip ordinance was pased by the council Monday afternoon over Mayor Harper's veto. Three councilmen voted against the ordinance.

The law is drastic, preventing the publication of any information about races that has anything to do with the betting.

Not only does the ordinance prevent the local newspapers from printing the betting features of a race, but it prohibits the selling of New York, San Francisco and other newspapers that contain results of a race with the betting attached.

The measure was not vetoed by the mayor but by his secratary, while the mayor was absent from the city. Upon his return the mayor agreed to let the veto stand.

### Copper Company's President Quits.

Phoenix, March 10—Information has been received here of the resignation of Hon. Warner Miller as president of the Dominion Copper Company. Mr. Miller has been very ill at his home for some months, in Central New York, and has been unable to attend to the duties of his office. C. J. Call, who was added tothe directorate of the company at its annual meeting held last month will discharge the duties of president of the Dominion Copper Company for the time being.

## KING TAKES HAND IN TWEEDMOUTH TROUBLE

### Monarch Writes Friendly Letter to Nephew Wilhelm—Rival Naval Programs.

London, March 10—The comparative strength of the navies of Great Britain and Germany, which already have occupied so much discussion in the present session of parliament, was again brought to the front this afternoon in the House of Commons by the debate on the naval estimates, and it drew from Herbert H. Asquith, the acting premier, a reassertion of the intention of the government to maintain Great Britain's unassailable supremacy at sea. Mr. Asquith admitted that if Germany's present program of naval construction was carried out, she would have 13 Dreadnoughts and Invincibles to Great Britain's 12 by November 11, 1911, assuming that Great Britain failed to lay down ships in 1909 to be completed prior to that date.

Without forecasting the naval program for next year, Mr. Asquith said he could promise without the faintest hesitation that if the government found a reasonable probability of the German program being carried out in the way the paper figures suggested, it would feel it was its duty to provide not only for an additional number of ships, but for their construction by such a date as to make sure the suggested priority of Germany would not become a fact.

Berlin, March 10—A local news agency today declares it has learned from an unimpeachable authority that King Edward has sent a letter to Emperor William, couched in the most cordial and friendly terms, concerning the revelation by the London Times of the existence of private correspondence between the Emperor and Lord Tweedmouth, first lord of the admiralty. It has been charged that the Emperor in his letter attempted to influence British legislation in the matter of naval appropriations. According to this agency, King Edward in his letter takes the viewpoint that the British parliament and the public, as well as an immense majority of the press of England, sharply disapprove of the action of the Times.

Continuing, ths agency says that the attempt of the Times to exploit a private and non-political exchange of correspondence in a sensational way, caused the British king to write to Emperor William. The king's action, it is added, will create the best impression, both in Germany and England.

### SALOONISTS RETALIATE ON OTHER BUSINESS MEN.

Spokane, March 10—The saloon dealers of Spokane who are seeking to close the city as a retaliatory measure for being compelled to close on this day, swore to eleven addit'onal warrants today for the arrest of cigar store, confectionery, flower and stationery dealers, also for some drug store proprietors. Last week there were twenty warrants issued, including the manager of the Spokesman-Review newspaper. None of the cases has been tried yet.

### THREW HUMAN LEG AT THE PROFESSOR.

Chicago, March 10—Twenty-eight medical students of the University of Chicago are facing suspension because one of their number threw a piece of human leg from the dissecting room at a divinity professor. The professor complained to President Judson who asked for an explanation.

The guilty student is declared to have been willing to confess and take the consequences, but the other members of the class refused to let him do so.

### B. C. Coal for U. S. Fleet.

Nanaimo, March 10.—People who have just arrived form Union state that it is repotred up there that the Mines at Comox are under contract to furnish 100,000 tons of coal for the United States fleet at Bremerton and San Francisco. Other reports are that the deal is pending, but that Mr. Dunsmuir is not certain of his ability to fill the contract, which, it is believed, has been offered to him.

## FAMOUS GAMBLER IS KILLED AT VICTORIA

### Murdered in Own House By Unknown Enemy—Supposed Result of Klondike Feud of 1897 Days.

Victoria, March 10—The epidemic of crime which has struck the city and which already has brought Chas. Dancey, motorman, to the brink of death, and has laid a sailor up in the hospital from the effects of sandbagging, was again in evidence last night, when Charles Freedman, a gambler, well known here, was shot to death in his own house.

Freedman, who lives on Stanley avenue, returned after 11 o'clock last night from the city with his wife and a friend, Miss Hagenbach. They were preparing to retire when Freedman went to the kitchen for a drink. As he was passing the pantry, the door was partly opened and a foot and a hand, the latter grasping a revolver, thrust through. Freedman shouted to his wife to telephone the police, at the same time struggling to close the door. While she was doing so the burglar evidently fired, and she heard two men rushing from the house. The burglar jumped through the pantry window and escaped by leaping the front fence. Freedman followed him as far as the gate, wher he fell. The screams of the wife and Miss Hagenbach attracted the neighbors, and a doctor was summoned. Freedman lived only ten minutes. He was shot through the lungs. His wife did not see his assailant, and if Freedman did and recognized him he was unable to speak and give any clew.

Although burglary was at first suspected, there is a strong belief that the man deliberately waited or Freedman in order to end a Klondike feud. Nothing is missing from the house, and the suspect may have been some one who blamed Freedman for the loss of money.

The dead man made a lot of money in White Horse in the early days and married a woman on the vaudeville stage at Dawson, by whom he is survived. He was very fond of displaying a roll of bills, and was advised frequently not to do so as he might get a tap on the head.

## STARTLED GIRL SHOT BANDIT IN A SACK

### Lone Girl Has Terrible Experience in a Farmhouse Kitchen—Robbers Caught

Buda Pesth, March 8—News has been received here o a terrible experience undergone by a young girl at a lonely farm house on the estate of Count Karolyi, a short distance from this city. Late in the evening a man, apparently almost exhausted by carrying a heavy sack, knocked at the door of the house and begged for a night's shelter. The only occupant of the house at the time was the farmer's daughter. She naturally refused to admit him, but at his earnest entreaty allowed him to leave the sack. The stranger, depositing his burden in the kitchen, then left, and the girl continued her preparations for the evening meal.

A noise caused her to look around, and to her horror, she saw the sack was moving. Then the blade of a knife appeared, slowly cutting through the sacking. Thoroughly terrified, she picked up her father's gun and fired. The movement stopped at once, and blood commenced to ooze through the sacking.

The girl fled from the house and a short distance down the road met her father. He secured the assistance of two gendarmes and hurried home. Inside the sack was found the dead body of a burly man, armed with a revolver and a knife. Suspended from his neck was a whistle, and believing it was intended it was a means of summoning accomplices, the police blew a series of calls. Almost immediately thre men ran up, and seeing themselevs trapped, opened fire with revolvers. The officers returned the fire with the result that one of the robbers was killed and his two companions wer captured.

## A.O.U.W. GRAND LODGE IN ANNUAL SESSION

### Fifty Delegates Will Attend Meetings Which Begin Today in I.O.O.F. Hall.

This morning at ten o'clock there will assemble at the I.O.O.F. hall the grand lodge of the Ancient Order of United Workmen for the province of British Columbia, at which some fifty delegates from every part of the province will be present. Legislation of vital importance to the orderin British Columbia will be discussed during the two days which the session will occupy. This morning's meeting will be almost entirely occupied with the receiving of the credentials of the delegates, and this afternoon the Grand Master Workman, W. H. Smith, of Ladner, will deliver his annual address. The election of officers will likely be held on the second day, and during the session there will be suggested and discussed several important amendments to the constitution.

The present officers of the grand lodge are W. H. Smith, grand master; G. L. Peck, grand foreman; W. Jackson, grand overseer; W. Scowcroft, grand receiver; J. T. McIlmoyd, recorder. The executive is composed of J. T. McIlmoyd, W. Scowcroft, A. Stewart and F. L. Budlong. The committee on laws consists of F. L. Budlong, S. W. Eveleigh and J. T. McFarlane. The committee on finances is A Stewart, C. T. Wiglesworth and F. W. Davey, M.P.P.

This district is well represented on the grand lodge by G. L. Peck, grand foreman, and George Adams, representative of the Supreme Master. A large number of the delegates from Vancouver and Victoria arrived in the city yesterday.

## CARIBOU TOOK NINETY DAYS TO PASS HEAD OF VALLEY

### Immense Migratory Band on Southern Trek Furnish Food for Hunters and Miners.

Dawson, March 10—The trek of caribou from the Tanana valley to the head of the White river was more than ninety days in passing the head of the Forty-mile valley, and at last reports all evidently had not passed. O. F. Jenkins and A. R. Purdy, who have returned from Ketchumstock, at the head of the Forty-mile, bring the news. They state that the vast migratory bands started to run in November past the headquarters of the Forty-mile, and still were moving past that point early this month, when Purdy and Jenkins left there for Dawson.

"At least a thousand of caribou," say the men, "passed our place or the vicinity, at the head of the Mosquito fork, in the Ketchumstock district, each day.

"They took a general southerly direction, crossing the Sixty-mile, we were told, and continuing toward the White. They fluctuated over a course a mile to five miles in width, packing the snow in many places as hard as it is packed in the streets of Dawson. They proceeded over quite a wide belt in order to find plenty of good feeding ground.

"The miners at the head of the Forty-mile killed the game by the hundreds, and have caribou carcasses stored in their tunnels and shafts in the frozen bowels of the earth, sufficient to last them a year. It was the greatest opportunity the men ever had to get free meat, and that the choicest of deer meat in the world, with virtually no effort. It requires little skill to kill caribou when they are in such herds.

"The wolf pack hangs to the flank of the herd and cut and devour on the weak or infirm, fattening on the tender flesh and even gorging until surfeited."

Nanaimo, March 10—The ground on which Nanaimo's Chinatown is situated was sold yesterday by the Western Fuel Company to a group of Chinese merchants. Thirty acres are involved.

# TRAVEL THOUSAND MILES BY DOG TRAIN

## Woman Takes Part in Long Trip Over Frozen Plains—Ninety Days on Journey.

Gimli, Man., March 10—William Beech, a well known ex-Winnipegger, accompanied by Mrs. Beech and their son Carl, arrived in Gimli yesterday afternoon from Churchill, having travelled 1,100 miles by dog train, covering the distance in ninety days. The party are in good health and spirits notwithstanding the very severe hardships encountered during the trip. Mr. Beech was delayed 23 days waiting for the Nelson river to freeze over which did not occur until Jan. 11. During these 23 days there food became very low and they had no food for their dogs. Mr. Beech had to travel back 200 miles to get deer to supply the party with food, but did not meet with success. Mrs. Beech is the first woman to travel between Fort Churchill and Winnipeg by dog train.

Mr. Beech and family leave Gimli for Winnipeg by the Gimli Beach train Saturday morning.

### Maniac Suicides on Train.

Gladstone, Man., March 10—While being taken to Portage jail by Constable Williamson, of Roblin, Thomas Dempsey, also of that place, cut his throat while on a Canadian Northern train just west of here, and was in a dying condition when the train left here. He had tried to shoot himself during the night and also tried to jump off the train. The constable had searched him and taken a knife away during the night, but the deed was done with a small knife which he had hidden n his clothes. The man was insane and was being taken to Portage for safety.

### Baby Joined In.

Cobourg, March 10—At St. George's church, Grafton, during a recent evening service, the congregation were singing a hymn when the sound of a baby crying was heard. Members of he congregation found in the vestibule of the church a baby about three weeks old well wrapped up.

## MARTIN EGAN RETURNS.

### Well Known Journalist Will Represent News Service in Manilla.

Winnipeg, March 10—Martin J. Egan a former Victoria, B.C., newspaperman, who won consideralbe success as a war correspondent inr several campaigns, has rejoined the Associated Press service, and left on Tuesday for Manilla by the Pacific Mail liner Korea from San Francisco to represent the Associated Press in Manilla. He was accompanied by Mrs. Egan. Mr. Egan, after leaving Victoria, went to the San Francisco Chronicle, and was sent by that newspaper to the Boxer campaign in North China. His good work there attracted attention, and he received several flattering offers, one from the Associated Press, by which service he was sent to Manilla. Returning to New York to be relieved at Manilla by George Denny, of this city, he was dispatched to Tokio in charge of the work of reporting the war from the Japanese side for the Associated Press. At Tokio he first met Mrs. Egan who had gone to Japan as representative of Leslie's Weekly, and they were married at the Japanese capital. When Ridgway started his syndicate of magazines he placed Mrs. Egan in charge at Washington. Mr. Egan accompanied W. H. Taft, the United States war secretary on the recent tour, and now is again bound for the Orient.

## 25,00 MEN IN CAMP.

### Military Concentration at Quebec—Sir John French May Be Present.

Kingston, March 10—It is rumored that the military authorities are considering the concentration of 25,000 men at Quebec and Levis to undergo training and also to be used for a military display durnig the tercentenary celebration. It is also said that General Sir John French will be a British visitor at the great camp. The funds used for the various camps would be pooled for the big mobilization.

### Will Become a Roman Catholic.

London, March 10—The Chronicle says that on the occasion of the betrothal of the Count of Turin, a cousin of King Victor Emanuel, and Princess Patricia of Connaught a niece of King Edward, the princess reluctantly decided to change her religion. She will begin shortly to prepare herself for her reception into the Roman Catholic church.

# EXECUTION OF SOLDIERS CAUSES STIR IN RUSSIA

### As a Great Favor, Czar Permits Men Hurried to Death Without Trial to be Shot.

London, March 10—A dispatch from St. Petersburg says three soldiers, belonging to one of the cavalry regiments of the Russian Guards, were recenty secretly and summarily executed in the Petropaviosk fortress. Deep mystery surrounds the affair, which has caused the more speculation in view of the wild rumors current within the past week of conspiracies against the imperial household.

The three men were suddenly placed under arrest, a somewhat vague charge of "furthering the revolutionary propoganda' being brought against them. There was no trial, but two hours later there arrived a messenger from Czarskoe-Selo bearing a triple death sentence. It is considered significant that the document should come not from the war minister, as under ordinary circumstances, but from the Czar himself.

The doomed men were at once removed from the barracks to the fortress. The offfcer in charge stated that the Czar had granted them a last favor—the privilege of being shot instead of meeting death on the gallows. One of the men stammered a word of thanks. His companions remained silent, and in another moment the sentences had been carried out.

### Rich Strike at Koyukuk.

Fairbanks, March 9.—As high as $750 to the pan has been taken out on the rich ground struck last fall on the Koyukuk. This report was brought down from that region by the mail carrier between Fort Gibbon and Coldfoot, Buchanan says the ground is very deep, bed-rock being struck at 140 feet. What was considered bedrock heretofore seems to be nothing more than a false covering of country rock. The gravel seems to be part of an old channel. J. C. Cameron, collector of internal revenue, who went up to that region recently on government business, reports seeing a $540 pan.

## COBALT MINES ROBBED.

### Two Englishmen Arrested With Sacks of Rich Ore.

Cobalt, March 10—On Saturday morning a robbery of two hundred pounds of rich silver ore was made at the Kerr Lake Crown reserve mine. This morning about 2 o'clock Chief Caldbeck and Policeman McKay searched the Ottawa restaurant landing John Harirs and Steven Balls, both Englishmen, together with a sack of ore containing over a hundred pounds of nuggets, which were identified by Superintendent Bryce of the Silver Queen.

Why go seven and eight miles away from town to buy fruit land when we can sell you five acre blocks within two miles of Westminster for $550 per block on easy terms? This land has a fine slope, easily cleared, and you have a fine view of Westminster city and surrounding vicinity.

INDUSTRIAL SITES

A1 property for industrial purposes, with deep water frontage, railway trackage and other facilities, from $5.00 to $10.00 per foot frontage. These propositions are worth looking into.

NORTH ROAD

Ten acres, partly slashed; facing on North road; only $120 per acre, on easy terms.

13 acres on North and Clark roads; A1 land; faces on three roads; only $115 per acre.

Fifteen Acres on North road; fine slope; half slashed; only $120 per acre; on easy terms.

Fifteen Acres facing North road; fine slope; seven acres slashed, and only $140 per acre.

We also have some fine small holdings on this road at reasonable prices. All the above acreage is between one and two miles from end of tram line.

WHY PAY RENT?

New Five Room Cottage; one block from car line, with bath, closet, electric light, etc.; lot cleared and fenced. $350 cash; balance in small monthly payments. (Ref. No. 125.)

Small House, with full size lot, on Agnes street (lane in rear). Price $1200; one-half cash, balance monthly. (Ref. 129.)

5 room cottage; close to bridge. Price $1050. (Ref. 119.)

Four Room Cottage on Ninth street; newly renovated. Price $1200; $500 cash; balance monthly. (Ref. 112.)

Five Room Cottage, one-half block from car; full size corner lot; fine location. Price $2500; $500 cash, balance $15.00 per month. (Ref. 110.)

## STATISTICS DISCLOSE NEW YORK FIRE TRAPS

### Engineer Declares It is Wonder That City Has Not Been Razed to the Ground

Washington, March 10—In a statement made public last night Richard L. Humphrey, engineer in charge of the structural material laboratories of the government, discusses recent fire horrors and asserts that fire traps as bad or worse than that which cost the lives of so many school children at Collingwood, Ohio, exist in nearly evry village and town and in many of the cities. He urges the passage of laws to prohibit the occupation of buildings, except a structure of the highest fire resisting type, especially when it is used as a school, theatre or other structure in which people assemble in large numbers.

The city of New York is full of fire traps and it is a miracle that a great fire has not wiped out the greater part of the business district.

"It is a matter of record," he said, "borne out by statistics, that this country spends enormous sums of money in providing equipments for fighting fires, while foreign countries spend their money for structures that offer the greatest resistance to fire. The per capita loss in this country yearly exceeds $5 against an annual loss in twenty-one of the principal cities of Europe of 33 cents per capita. Estimating the population of the country at 80,000,000, the loss from fires here is $740,000,000. If we had the same conditions that prevail in European cities our loss would be but $26,000,000 a year."

### KILLED BY INDELIBLE PENCIL.

**Girl in Laundry Poisoned by Putting Crayon in Her Mouth.**

New York, March 10—The Herald has received the following dispatch from Wilkesbarre, Pa.: Poisoned by placing an idelible pencil in her mouth Miss Mary L. Shales, of Plains, near here, died today after three weeks of suffering. She was a clerk in a laundry in this city, and it was her duty to mark articles as they were received. She did this with an indelible pencil, which she moistened with her tongue hundreds of times a day. This caused the poisoning three weeks ago and she gradually succumbed to it.

### ENGLISH THEATRE FOR BERLIN.

**Initial Steps Taken and Plenty of Financial Support in Sight.**

Berlin, March 10—Meta Illing, a prominent German actress, proposes to establish an English theatre here. She has already taken the initial steps and is receiving plenty of financial support. So many Germans are acquainted with the English language that it is believed the enterprise will succeed commercially. It is intended to produce American as well as English plays with a view of familiarizing Germans with the contemporary American drama.

**Gotham's Death Rate Drops.**

New York, March 10—The death record of New York city for 1907, just issued by the department of health shows a rate lower than any of the other great cities of the world—18.48. The mortuary statistics disclose that the greatest number of deaths occurred from tuberculosis, 8,999, while heart disease was responsible for the death of 7,3.7 persons.

**In Memory of Great Tragedian.**

Philadelphia, Pa., March 9.—At the Edwin Forrest home for aged players, founded by the great tragedian at Holmesburg, the customary program of exercises was carried out today in observance of the birthday anniversary of Mr. Forrest. The great tragedian was born in this city March 9, 1806, and died here December 12, 1872.

**Will Oppose Oliver.**

Edmonton, March 10—The Conservative party have decided to oppose Hon. Frank Oliver at the coming Federal elections and for that purpose a convention has been called to select a candidate on March 25. The delegates will not be instructed so it is impossible to say who will be chosen until the day of the convention.

**Publicity for Portage.**

Portage la Prairie, March 10—The Twenty Thousand club is resuming activity and will enter upon an aggressive publicity campaign as soon as the season opens. A plan of action has been drawn up and the vigorous policy outlined is expected to be productive of better results.

## GREATER LONDON IS SEEKING TO EXPAND

### Parliament Becomes Jealous of Power of County Council Over Large Area.

London, March 10—"England will shortly be London and London England," said King James I. in alarm 300 years ago, and he forbade anyone to build on new foundations within two miles of the city. Charing Cross, which is now the geographical centre of London, was then a hamlet in the fields.

Today the same situation is being repeated. The nation is afraid of being overshadowed by the city which is claiming its rights to expand.

One of the bills which will be introduced at the present session of parliament will provide for the creation of greater London. It will be backed by the great power and influence of the London county council and will have as its aim the placing of the whole metropolis area, with its population of more than 7,000,000 persons, under the control of one central authority.

At present the county council governs the administrative county of London with a population of about 4,500,000, and even now parliament is jealous of its power. The opposition to the new bill will come from members of parliament who believe with King James I.

The jurisdiction of the London county council covers an area which is roughly contained within a circle having Charing Cross as its centre and a radius of about five miles. The metropolitan police area which it is proposed to bring under its control is contained in a 15-mile circle. It comprise the whole of the counties of London and Middlesex, and parts of the counties of Surrey, Kent, Essex and Hertford.

When the county council was formed 20 years ago it was given jurisdiction over all what was then fairly to be called London. Since then however, London has grown and spread with amazing rapidity. Where there were green fields and county villages 20 years ago there are today street after street of houses and shops. Open fields which lay between London and the small country towns have been covered with a steady overflow of houses until what was once independent boroughs have been absorbed in the life of London. The borough of East Ham alone has grown since the census of 1901 by 44,000 and that of West Ham by 41,000. Walthamstow has increased by 31,000 and Tottenham by 37,000 in the same time.

A total of more than 650,000 people have been added to the population of outer London in seven years.

### ENGLISH STANDARD ADOPTED.

**Gold and Silver Marks Act Changed at Request of Jewellers.**

Ottawa, March 10—Mr. E. M. Trowern, Toronto, Secretary of the Retail Merchants' Association of Canada, is in Ottawa this week conferring with the Department of Justice relative to the draft of the new gold and silver marks act, to replace the measure submitted last session, to which numerous objections were taken by retail and wholesale jewellers. A bill has been drafted which will meet all the objections urged last year, and will shortly be introduced in the House.

### IMMIGRANT ESCAPES BY MEANS OF WNIDOW.

Winnipeg, March 10—James Gorst, an Englishman, who was handed over by the police to the immigration officials to be deported escaped last night through a window from the room in which he was confined. Ten days ago Gorst was arrested for vagrancy and it was decided that the best means of dealing with him was to send him out of the country. However, yesterday, an hour before the eastbound train on which he was to leave, pulled out of the station, the prisoner decided that Canada was good enough for him and so decamped. However, the police know him well and he is almost sure to be recaptured.

**Anti-Vivisection Bills.**

Albany, N. Y., March 10—A hearing took place today before the judiciary committees of the Assembly and Senate today on the anti-vivisection bills pending in the local legislature. Arguments in support of the measure were presented by many men nd women identified with humane work. Representatives of the State Medical Society were present and spoke against any legislation for the restriction or regulation of vivisection in any way.

### THE NEW BRUNSWICK ELECTION.

Those who take the view that the recent election contest in New Brunswick was personal rather than political in character will find confirmation in the speech delivered by Mr. Hazen after the result had been made known. Among other things he said:

"In this fight I have had the support of a large number of Liberals at the polls. I do not claim a victory for the Conservative party but a triumphant fight in the cause of honest citizenship. The result today is not a defeat for the Federal Govenrment, but, you will pardon me, I do regard it as a great personal defeat for Hon. Wm. Pugsley. In this city, where we are both well known, Mr. Pugsley appealed to the Liberal vote because the leader of the Opposition was a Conservative. Mr. Pugsley but a few months ago was elected by the goodwill of the Conservative party in this city, and in view of the kind and generous treatment he received on that occasion he might have refrained from butting in and attempting to dictate to the people of this Province how they should vote."

It is rumored already that Mr. Hazen will have at least one Liberal colleague in his Cabinet. If he desires precedents for such a choice he can easily find plenty of them in the political history of the Province. The important point in his remarks is his avowal that the result of the election contest is "not a victory for the Conservative party."

### A GOOD APPOINTMENT.

The announcement of the appointment of Mr. R. L. Drury of Victoria as a representative of Canada at Tokio will be received with general satisfaction throughout British Columbia. Mr. Drury has been a resident of this province for many years. He has always taken a keen interest in public affairs, has abilities which have been acknowledged by the citizens of Victoria in electing him as their representative for one term in the provincial legislature, he has a particularly wide knowledge of the question at issue between Japan and this province, and we believe there will be but one opinion respecting his special fitness for the post to which he has been assigned by the Canadian government. Mr. Drury's advice, because of his familiarity with the subject of Japanese immigration and the sentiments of the people of British Columbia thereupon, ought to be of great assistance to the British ambassador in the effective working out in Japan of the Lemieux agreement. We congratulate Mr. Drury upon the important appointment he has received. We believe he will render Canada good service and will return from his diplomatic mission with an enhanced reputation.

Me and Sir Charles at Ottawa!—vide J. D. Taylor in the Columbian.

Will some alderman please move for a statement of the cost of the reservoir blunder on the Park Reserve, and whether it will be included in the Loan By-Law?

J. D. Taylor is beginning to whine that the Japanese Hindus and Chinese are going to be hauled to the polls to defeat him. Thank goodness we don't have the keeping of Taylor's conscience.

Will the City Council please explain why a 4-inch main is being put down on Seventh street when Mr. LeBaron recommended nothing less than 8-inch mains? Is it a case of "Behold a greater than Le Baron is here?"

The deep grave-like silence with which the Conservative nominee's statements were received is an evil omen for that gentlemen's chances of election. His hearers knew he did not state one matter correctly and that he was missing a fine opportunity to pattern himself after an able man whose personality had drawn an audience as he always does and to whom political friend or foe is always glad to listen.

Mr. J. A. Lee, who acted as curtain raiser at St. George's hall on Monday night, according to the Conservative organ made the important announcement that "he felt confident that British Columbia would send seven members to Ottawa after the next election." "We have had this representation in the present house and we expect, if the representation is not increased, to still have seven members in the Dominion Parliament, and there is no shadow of doubt but that every one of the seven will be supporters of the Liberal Government.

### Walla Walla Printers Walk Out.

Walla Walla, March 10.—The Walla Walla Typographical Union this afternoon voted a strike in the office of the Washington Printing & Book company, which prints the Morning Union and Evening Statesman, owned by United States Senator Ankeny, and as a result the plant is shut down.

The union claims the company has violated the local and international laws in several particulars, but the principal cause is the action of the management in putting the mechanical departments under one foreman. The Union and Statesman ostensibly are owned by different parties, but are printed in the one shop. About fifteen men are affected.

### De Wet's Nephew Weds.

Winnipeg, March 10—C. R. DeWet, a nephew of the premier of the Transvaal, was married yesterday ta the Imperial hotel to Miss Maud Tasker, the bride coming all the way from Africa. Mr. and Mr. DeWet left this morning for their future home in Deloraine, where Mr. DeWet has large agricultural interests in that locality.

## CORRESPONDENCE

### Expose the Men.

To the Editor Daily News:

Sir,—The moral reform report read at the council meting last night, and printed in the "News" this morning, seems to me the most absurd nonsense I have ever heard. The city, apparently, has not been able to get rid of some immoral women. They have tried one plan, let me, through your paper, suggest another.

We know these women would not stay here unless some encouragement were given them. The battle cry has been "drive out the women." I say—"Expose the men!"

Alderman Fader proposes the employment of 40 men at a cost of $3,750 a month to clean out the city.

Given ten women, most of whom would willingly serve without compensation, vested with the same privileges and authority of these special policemen, in less than 10 days we would have all the necessary information about the chief culprits—the men. Publish a list of their names in all the papers. Interesting reading! No sentiment has ever been displayed over the names of any female offenders taken before the magistrate. At one time unfortunate women were branded with a large scarlet letter. Place a similar decoration on the male offenders, and I can safely predict that in a very short time our city will be rid of more undesirable citizens than a few immoral women.

CITIZEN.

New Westminster, March 10, 1908.

Don't be persuaded to use imported salt on the grounds of economy. WINDSOR SALT at present prices, is the cheapest in the end.

196 W

### Union Labor for Nanaimo.

Nanaimo, March 10—The city council last night passed a resolution to the effect that after six months all city printing shall be done in offices employing union labor.

# CITY NEWS

Eighteen acres facing Burnaby lake; $110 per acre, on terms. White, Shiles & Co. **

Three common drunks were accommodated at the city lockup last night and three nights boarders given shelter.

Sold by the leading distributors, the "B. C." cigar. **

Ten acre fruit ranch; only four miles from town, on good road. Has bearing fruit trees, also small fruits; house and outbuildings. For quick sale at $1550. Abbott & Hyde. **

Ten prisoners from the provincial jail were taken to Victoria yesterday morning on a special car in order to make room for new comers. They were in charge of Superintendent Hussey, of Victoria.

For cut flowers, bouquets or funeral designs telephone T. Davies & Son, B. 208. ***

Thirteen acres facing on North and Clarke roads; only $1495, on easy terms. White, Shiles & Co. **

The Asiatic Exclusion League will hold its regular meeting for the election of officers and executive on Friday evening next in the Eagles hall. Matters affecting the league will be discussed.

Dr. T. H. Levey, Dentist, has moved into the new Dominion Trust building, opposite the post office. **

The "Auto" cigar is becoming a favorite smoke. **

A congregational at home was held yesterday in the school room at the Queens Avenue Methodist church and a very pleasant social evening was spent. Refreshments were served during the evening.

A favorite of the elite smokers, the "Brilliante" cigar. **

All kinds of pot plants and cut flowers; shrubs for lawns. Tidy, phone 184. **

Preparations are being made for the removal of the machinery from the creamery in the market building into new quarters. The building is rapidly nearing completion, the carpenters now putting in the windows and partitions.

Ladies' and gentlemen's suits cleaned, dyed and repaired. Royal City Dye Works, opposite Premier Hotel. **

Dr. Manchester has returned from post-graduate studies in the east and opened an office in the Dominion Trust block. Telephone 399.

A new road around the big hill on the Port Moody road has been surveyed by the road superintendent of the district, and work will be pushed at once. The Port Moody road for the past year has been sadly neglected and for some time the hill has been a thorn in the sides of all who find occasion to pass that way.

Twelve lots on Sixth avenue, southerly slope, 100 feet from new Vancouver tram and 300 feet from Eburne tram line; $250 each; easy terms. Will sell separately. White, Shiles & Co. **

An illustrated lecture on "Life in the Far North" will be delivered by Rev. A. E. Hetherington, B.A., B.D., in Queen's avenue Methodist church on Tuesday evening, March 17, under the auspices of the Women's Missionary society. Admission 25c. **

The first of a series of international football games will be played on Saturday in Vancouver between the Irish and Canadian teams of the league. The other two teams are the English and the Scotch. There will be no Westminster men in this game, owing to the playoff between the Rovers and the Thistles in the B. C. cup semi-finals.

Ten acres facing on North road, one-half slashed; only $120 an acre, $500 cash, balance easy terms. White, Shiles & Co. **

Fifteen Hindus were brought to the provincial jail yesterday afternoon, sentenced to serve twelve months each for violations of the Natal act. They were corralled by the provincial government officials in Vancouver recently, and yesterday were sentenced under the act to $500 fine or in default twelve months imprisonment, by Magistrate Williams, of that city. An appeal will be carried to the higher courts by the Hindus' counsel F. E. Ross.

See the new ties in J. E. Brown's window. **

Mr. Greig, who was recently operated upon for appendicitis at the Royal Columbian hospital, was able to leave that institution yesterday.

A meeting of the executive of the local unions of Christian Endeavorers will be held tomorrow evening, when plans for the big rally to be held on March 30 will be perfected.

See the new ties in J. E. Brown's window. **

Considerable interest is being taken in the big Irish concert to be given in St. Patrick's hall under the auspices of St. Peter's Roman Catholic church choir on Tuesday of next week, St. Patrick's Day, when the hall will be decorated in green in honor of Ireland's patron saint.

S.A. Cawley, of Chilliwack, has been selected by the ratepayers of that city as its first mayor since incorporation, he having been elected by acclimation on Saturday, when nominations for school trustees, aldermen were made. Those nominated for Aldermen were W. F. Ferris, C. B. Bonycastle, Jas. Munro, D. B. Hall, J. H. Ashwell and Thomas Jackson; for trustees R. L. Coote, J. W. Galloway, H. H. Gervan, Dr. W. V. Davies and H. J. Barber.

All lovers of the horse will find much of interest in the March Westward Ho! which devotes considerable space to Vancouver's first horse show with many splendid pictures of the entries. The three-color cover design is particularly pleasing and attractive. The literary contents show that the west has many clever writers and besides the regular departments for the home, Clive Phillipps-Wolley's powerful serial "Shakmut" is paving the way for larger things. The editor this month has one of his characteristic pen sketches, the subject being Hon. W. S. Fielding.

J. H. Brownlee, C. E., Dominion and B. C. land surveyor, has opened an office in the Guichon block. Phone 338. *

This morning will see the launching of a new millinery establishment in the city, when Mesdames Moore and Campbell will throw wide open the doors of their prettily arranged parlors in the Bank of Commerce block, and invite the ladies of the city to attend their two days' spring opening. Paris, New York and London have contributed to the invitingly arranged display of hats, and every conceivable shape and shade, in all manners of trimmings can be found there. The ladies are artists in their line and not only will they keep a large stock of fashionable models on hand, but they are experts at producing new effects to suit the taste of the purchaser.

Burnaby potatoes, just received a shipment of fine potatoes at $1.40 per sack. Routledge's grocery, Sixth street and Fifth avenue. **

With the first of next month there will come into existence a new firm in the city, Speck and Crandell, who will deal extensively in furniture in all lines, new and second hand goods of every description, and in addition do all manner of furniture repairing, the business is at present owned by Alex. Speck, but with the addition of O. A. Crandell, who takes a half interest in the concern, it will be largely increased in its scope. The old building facing on Front srteet is being entirely remodelled, and when finished will be a neat three story frame block. The upper floor will be fitted up as a paint shop with every appliance for repairing and polishing pianos and other furniture; a portion of the floor is also reserved for upholstering. The second floor will be a show room, in adition to the main shop on the ground floor. An elevator communicating with a passage to the road will render easy the handling of freight to the upper floors without interference with the shop. Mr. Speck in addition to this business still retains his interest in the firm of Rushton & Speck, on Columbia street, vendors of sporting goods, launches and automobiles.

**Test for Visual Acuteness:**

W. CLIFFORD, Optician, Columbia St.

### Cotton Manufacturers.

Boston, March 10—It was announced here today that the principal cotton manufacturers throughout New England have decided to curtail the normal production 25 per cent. for three months.

### BANK OF VANCOUVER PASSES THIRD READING.

Ottawa, March 10—Hon. W. Templeman gives notice of motion declaring it expedient to bring in a bill providing for the inspection and regulation of the sale of proprietary and patent medicines.

Since 1896, 620,000 acres of Indian lands have been sold, bringing in $1,525,567.

The following bills have been read a third time by the commons:

Respecting the Edmonton-Yukon and Pacific Railway Co. Mr. Turrif.

To incorporate Saskatoon, Saskatchewan, Peace River and Dawson Railway Co. Mr. McIntyre (Strathcona.)

To incorporate the Bank of Vancouver. R. G. Macpherson.

### Millions for Springers.

London, March 10—A meeting of the heirs of the Springer estate was held here recently. About thirty attended, including interested parties from Toronto, Hamilton, St. Thomas, Delaware and other parts. The estate is supposed to be worth about $50,000,000, and comprises a great deal of real estate in New England besides other property. A lease given for ninety-nine years has expired, and the United States government is attempting to find the heirs so that the property may be distributed properly. There are seventy-five direct heirs, including several in Western Canada.

### EXAMINE JAPANESE COMING TO CANADA

Ottawa, March 10.—At Saturday's meeting of the council, R. L. Drury of Victoria, was appointed to proceed to Japan as the representative of the Canadian government to supervise the agreement made by Hon. Rudolph Lemieux with the Japanese government regarding the emigration of Japanese to Canada.

Mr. Drury will be attached to the British Embassy and will discharge his duties under Sir Claude MacDonald. Mr. Drury will sail by the Empress next Monday.

# COUNCIL MEETING

### Surrey Council Notes.

Council met in the Town Hall, Surrey Centre, March 7th, the Reeve and all members present. Minutes of previous meeting were read and confirmed. Communications were received and dealt with as follows:

From Alex. Stewart, Ass't Chief Engineer of G.N.R. re boundary road crossing, suggesting that the matter be taken up with Mr. A. C. Eddy, engineer in charge, and explain to him fully what is wanted. Received.

From A. N. Anderson, saying a road allowance should be provided for on the line between Sec. 3 and 4, Tp. 8, Rge. Clerk instructed to write to the railway company to leave a space of 18 feet between the piles for a road allowance.

From Mrs. Dominy, requesting the favor of submitting prices on printing. Received.

From A. E. White, Sec., saying the N. W. Board of Trade heartily endorsed the request of the council to the government to have the road constructed around Brownsville hill and would do all they could to secure its construction. Received.

From John Oliver, M.P.P., saying that he had requested the government to make provisions in the estimates for repairs to Trunk roads, Ladner to Langley, the Yale road New Westminster to Aldergrove, aid in repairing the Town Line road between Fort Langley and the Yale road, construction of the new road from end of the N. W. bridge as per survey of Mr. Hill, C.E., and further aid in repairs to the Coast Meridaian, Clover Valley and Halls Prairie roads. Received.

From Thos. Atherton and James McCubbin, saying the water from the Scott road was flooding their land and asking the council to give the matter their immediate attention, as they wished to use the land. Received and referred to Coun. Sullivan.

From J. A. McCallum on behalf of C. E. McCallum saying that his land was being flooded by Scott road water as the road ditch was not capable of taking the water away, that he had spoken to different councilmen but they seemed to pay no attention. Received and referred to Coun. Sullivan.

From Ernest Hamel, re damage to his land by reason of water being turned on to the same from the ditch on the North Bluff road. Received and referred to Coun. Keery.

From Corbould & Grant, re Joseph Shannon's drainage. Received, clerk to reply.

From F. J. Hardwicke, requesting to have steps taken to secure the admission of Dr. J. W. Brighton to the Provincial Home. Received, clerk to write to the Provincial Secretary.

From J. Drinkwater, re bad condition of Yale road at the foot of the hill east of the C. M. road. Received and referred to Coun. Boothroyd.

From J. Johnston, Chas. M. Haigler et al, urging the necessity of opening a road to afford access to the lands lying south of the new railway at South Westminster, particularly the south half of lots 10, 11, 12 and 13, Group 2. Received and referred to Coun. Buck.

The contract of ditching on Yale road, ward 2, was awarded to Geo. Troughton, at 75 cents per rod.

On motion the contract of Wm. McBride on the McBride road was cancelled.

Coun. Sullivan gave notice that he would introduce a revenue by-law at next meeting.

Mr. S. F. White was appointed a police constable for Surrey Municipality.

Appropriations were made as follows:

Ward 1. $200 for Town Line road for repairing bad places; $100 for west end of Hjorth road, to be done by days work; $50 for Gordon road below Mr. Trigg's house, tenders to be in at next meeting.

Ward 2. $50 for the Town Line road; $50 for the Smith road; $150 for the Sondell road; $150 for the Johnston road; $100 for the Newton road and $200 for the Scott road.

Ward 3. $100 for the Borgstrom road; $200 for the Johnston road; $200 for the McBride road; $100 for the Newton road, all to be done by days work.

Ward 4. $40 for H. P. road bridge, north of Yale road.

Ward 5. Coun. Keery empowered to have a piece of Steveston road, east of Blackie Spit road slashed and cleared.

The following accounts wer passed and cheques issued: The Columbian Co. Ltd., adv., $3.30; Jackson & Morrison, printing, $77.95; W. N. Draper, C.E., survey of roads, ward 3, $56.30; H. Bose, expenses delegate to Nanaimo, $15; Wm. Bothwell, work Town Line road ward 1, $10; Geo. Gordon, work H. P. road ward 1, $3; J. E. Hine, work C. V. and Town Line roads ward 1, $5; Henry Kells, cutting trees C. V. road ward 1, $2.50; John Johnston, cutting trees Johnston road, ward 1, $2.50; Flumerfelt Bros. lumber for C. M. and Town Line roads ward 1, $25.50; Wm. Roebuck, con. Roebuck road ward 2, $75; Sam. Gray, work Scott road ward 2, $1; J. R. Anderson, corduroy for C. V. road ward 4, $12; J. C. Cavers, ac. con. Milton road west ward 4, $59.30; Flumerfelt Bros. plank for Yale road ward 4, $17; Geo. Lawrence, lumber and repairs to Yale road ward 4, $16; John Keith, work on McLellan road ward 4, $8; J. Drinkwater, ac. con. $6.30, work Yale road ward 4, $1, total $7.30; W. B. Wilder, bridge and fill on N. B. road ward 5, $150; T. E. Highland, men assisting surveyor ward 3, $20; John Lewis, care John Brown, $14; Loney Bros. repairing dyke McBride road ward 3, $25; J. A. Wilson ac. work on Wilson road ward 3, $30; T. W. Hardy ac. con. K. and M. B. bridge ward 3, $250; School Account, ac. of estimate $500; E. M. Carncross, ac. sal. $63.50, postage $6.50, total $70; McInnis, ac. work Hardy bridge, ward 3, $25.

Council then adjourned to meet again Saturday April 4th, at 1 o'clock.

## TREED BY WOLVES.

### Two Trappers Obliged to Stay in a Tree All Night.

Port Arthur, March 10—Compelled to cling to the branches of a tree through the whole of a winter's night without food or drink, one with his clothes partly torn from his back, with a pack of howling wolves prowling around them was the fate that overcame two Port Arthur trappers while on the trip to their camp in the neighbourhood of Silver Mountain a few days ago. The men were Patrick Murphy, trapper, who had been operating in this district for several years and Wm. Murphy, no relative, whom he had hired to go with him to his camp near Silver Mountain as assistant.

They were treed by the wolves which came onto their trails in the early dusk. They were about 20 in the pack. Early the next morning Patrick Murphy shot four of the animals before they left in the daylight and will collect the bounty of $15 each for their heads. The two Murphy's returned to the city today.

## MINE OWNERS FAVORED IN A SWEEPING DECISION

Reno, Nev., March 10.—Judge Farrington, of the United States district court, has handed down his decision in the suit brought by the owners of the merger mines of Goldfield against the miners' union, granting a blanket injunction against the miners. This is an unqualified victory for the mine owners.

The injunction covers practically all the grounds of relief asked for by the Consolidated Mines Company, and enjoins the miners from every act which by any stretch of construction might be construed as inimical to the interests of the mine owners.

### Tomorrow's Attraction.

One of the most pretentious attractions which will be seen at the Opera House this season is Ferd. Raymond's famous comedy drama, Old Arkansaw, which will be presented on Thursday March 12. This is one of the most unique plays ever brought to our city. It fairly bubbles over with interest from beginning to end and affords an evening of rare amusement. Old Arkansaw presents some stage characters which are entirely different from those seen in other dramatic or comedy productions. There is nothing low, vulgar or questionable, but every line and situation is as clean, pure and wholesome as a spring of running water from the bosom of the mountain.

## TIME TO REGISTER.

Only four weeks now remain for those who are not already on the voters' list to have their names registered. Those who have come to reside in the city during the past year, and young men who have attained the age of 21 should see that they are not deprived of their right to have a voice in the coming Dominion election by failure on their part to register in time, as the list compiled at the coming court of revision will most likely be the one used at the next election. The time to register is RIGHT NOW.

## LAND REGISTRY ACT.

Take notice that application has been made to register Henry T. Thrift as the owner in fee simple, under a tax sale deed from Surrey municipality, to Henry T. Thrift bearing date the 11th day of September, A.D. 1903, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the province of British Columbia, more particularly known and described as lots 10 to 14 inclusive, block 1, and lots 7 to 12 and 17 to 20 inclusive, block 2, subdivision of southwest quarter of section 11, township 1.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register Henry T. Thrift as owner thereof in fee. And I hereby direct that publication for one month in a daily newspaper published at New Westminster will be good and sufficient service thereof and by mailing one copy to Mrs. Catherine Kirby, Quiney, Wash.

Dated at the Land Registry Office New Westminster, Province of British Columbia, this 17th day of February, A.D. 1908.

C. S. KEITH,
District Registrar.

To Catherine Gerbrich, now Catherine Kirby.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Examining Warehouse, Winnipeg, Man.," will be received at this office until FRIDAY, March 20, 1908, inclusively, for the erection of an Examining Warehouse at Winnipeg, Manitoba.

Plans and specifications can be seen and forms of tender obtained at this Department and on application to Joseph Greenfield, Esq., Supt. Pub. Bldgs., Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, February 21, 1908.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

## NOTICE TO CREDITORS.

### Re James Taylor, Deceased.

NOTICE is hereby given that all creditors and other persons having any claims or demands against the estate of James Taylor, late of Fort Langley, in the province of British Columbia, deceased, who died on the 30th day of November, 1907, and whose will was proved in the supreme court of British Columbia on the 25th day of January, 1908, by Joseph Mayers and John Taylor, the executors therein named, are hereby required to send particulars in writing of their claims or demands to me the undersigned the solicitor for the said executors on or before the 20th day of March, 1908, at the undermentioned address, after which date the said executors will proceed to distribute the assets of the said James Taylor, deceased, amongst the parties entitled thereto, having regard only to the claims and demands of which they shall then have had notice and the said executors will not be liable for the assets of the said James Taylor deceased or any part thereof so distributed to any person or persons of whose claims and demands they shall not then have had notice.

Dated this 20th day of February, A. D., 1908.

A. WHEALLER,
Solicitor for the said Joseph Mayers and John Taylor, Executors.

# HYGIENIC DAIRY, Limited

Incorporated Under the Companies Act (B.C.) 1897 and Amending Acts.

## Capital $250,000, in 25,000 Shares of $10.00 Each

**Ten thousand shares are now offered for public subscription at $10.50 per share, including a premium of fifty cents per share, the whole payable as follows:**

On a block of Ten shares, which is the minimum subscription.
Payable on Application—$15.00, being 10 per cent. and the premium of 50 cents per share.
Payable on Allotment—$10.00, being 10 per cent. within one month of application.
The balance, $80.00, being payable in eight equal monthly instalments of $10 each.
There are no preferred, deferred, promoters' or founders' shares.

### PROVISIONAL DIRECTORS.

The following, signatories to the articles and memorandum of association and others, have consented to act as Provisional Directors:

M. P. THOMSON, Esq., (Thomson Stationery Co.).
S. J. TUNSTALL, Esq., M. D.
CHAS. E. HOPE, Esq., (Hope, Graveley & Co., Ltd.).
A. L. KENDALL, Esq., M. D.
W. S. HOLLAND, Esq., (Insurance Agent).
J. A. FLETT, Esq., (Hardware Merchant).
H. A. EASTMAN, Esq. New Westminster.

Mr. A. Cruickshank, of Matsqui, will join the Board after allotment, in the event of the exercise of the option now held by the Company upon certain land now owned by him.

**Bankers,** Eastern Townships Bank, Vancouver, B.C.
**Auditors,** Clarkson, Cross & Helliwell, Chartered Accountants, Vancouver, B.C.
**Solicitors,** Messrs. Burns & Walkem, Vancouver, B.C.
**Secretary,** A. Farmer, Esq.
**Temporary Offices,** 322 Cambie St., Vancouver, B. C.

### PROSPECTUS.

This company is formed for the purpose of supplying the City of Vancouver with absolutely clean and pure milk of the highest quality, free from drugs and deleterious germs. The need of such a milk supply is so well known that there is no need to dilate on this question, the plans of the Company having the earnest support of the Medical Society, the Provincial and City Health Officers, and every doctor in the City.

An option has been secured at a very favorable price on the well known Cruickshank Farm at Matsqui, close to the C. P. R., and on the route of the Chilliwack tram line. This property comprises 640 acres, of which 400 acres are in a high state of cultivation, and the balance is rich pasture. It is proposed to erect thoroughly modern barns with cement floors throughout, well ventilated and lighted, and a modern ice and bottling plant, shipping by special refrigerator car to Vancouver every day.

The price to be given for the farm is $75,000, or about $117 per acre, a very low figure considering the quality of the land, the improvements and the situation. It would be hard to find a farm better adapted for the purpose of a large modern dairy. The terms of purchase are $25,000 cash, and the balance in fully-paid shares of the Company.

From the sum of $100,000 to be realized from the sale of 10,000 shares now offered, there will remain $75,000 after paying the cash portion of the price of the farm property. It is believed that this amount will be sufficient for the erection of the necessary buildings and equipment and the purchase of about 500 cows, especially selected after careful examination.

### THE NEED OF A PURE MILK SUPPLY.

The City has no authority at the present time to inspect any dairies outside the City. The Company proposes to give it this authority, so far as its own barns and premises are concerned, and will welcome such inspection at all times. It also proposes to ask the Medical Association to appoint a committee of inspection.

The City records of 1907 show 148 deaths of babies under twelve months' old, and medical men have stated their opinion that at least 90 per cent., or say 133, of these deaths are directly traceable to milk, either drugged or contaminated at time of consumption. It is needless to say that 148 does not by any means cover the total number of deaths of children, as it is the number of those under twelve months of age only.

Out of thirty samples of milk collected in Vancouver during 1907 and analyzed by the Dominion Government authorities, only two samples reach 3½ per cent., which is the average Canadian percentage of butter fat), and fourteen of them were officially described as either watered or skimmed, and were below 3 per cent., which is the Vancouver City standard.

### THE PRESENT DIFFICULTIES.

The average farmer and milk vendor is perhaps unaware of the need of the most scrupulous cleanliness in every detail in the handling and delivery of milk, and lacks the necessary capital for the erection of cement floored barns, properly lighted and ventilated, the equipment of refrigerating and bottling machinery, and the employment of men technically trained in what is now recognized as a business requiring scientific care and management.

Without a supply of natural ice, or the means of artificial refrigeration, milk cannot be kept during the period of twenty-four to forty-eight hours which elapses between milking and delivery, without the aid of powerful preservatives, such as formaldehyde, etc. This drug prevents milk turning sour, even if exposed to the sun, but this and other preservatives are very dangerous.

### WHAT THE HYGIENIC MILK COMPANY WILL DO.

This Company will supply milk only of the highest standard, both as to quality and purity. It does not propose to pasteurize milk, which at best is a makeshift.

It should be clearly understood that pasteurized milk is not pure milk; it is only impure milk which has been renovated, and the impurities to a greater or less extent removed.

The very fact that milk needs pasteurizing is in itself a suspicious circumstance. This Company never intends having milk on any of its premises in need of renovation, as it will keep only healthy cows, which will be under constant veterinary supervision; the milk, when produced, will be pure and absolutely clean, and will be kept in that condition until delivered to the consumer.

Immediately after milking, the milk will be aerated and cooled to a temperature of 38 degrees, put in sealed bottles and delivered at the doors of customers exactly as it left the farm, and at the same temperature; this will prevent the need of drugs in summer to keep it sweet, and will also prevent the propagation of injurious bacteria in the milk, to which is attributable the enormous infantile mortality in the City and district.

### MANAGEMENT.

Arrangements have been completed to secure the services of a well known dairy expert as general manager. This gentleman has successfully operated one of the largest creameries in Canada, and has made a special study of all matters connected with the handling and feeding of cattle.

Paper estimates of profits are some times delusive, so the directors content themselves with pointing out the well known fact that all the dairy farmers in the district have been for many years doing very well indeed, and the milk distributors have been doing even better, one firm being credited with making a profit of $100 per day all last summer.

It is well known that in no part of Canada can cow feed be produced cheaper than in the Lower Fraser Valley, and as similar companies in the United States, which sell their milk at lower prices than are current here, pay good dividends, there is no reason why this Company should not do the same, as the use of milking machines and labor saving devices in handling the feed, manure, etc., etc., should offset the higher wages of this Coast.

### IMPORTANT NOTICE.

The Company aim to keep 500 cows, but it will be obviously impossible to get this number in a year, and while every effort will be made to deliver milk by June, before the hot weather begins, it is doubtful if more than 100 cows can be obtained by then and the necessary barns and buildings completed. In selling the milk, preference will naturally have to be given to the shareholders of the Company, and it is not likely there will be any surplus for sale to the general public for at least the first year of operation, and as there will be probably many people of small means in urgent need of this milk, the shares have been put at a price, and on terms, within the reach of all.

Prior to incorporation the following gentlemen signified their intention of becoming shareholders:

## NOTICE TO CONTRACTORS.

SEALED TENDERS addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of Tuesday, the 10th day of March, 1908, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, of the following sections of the Transcontinental Railway, viz:

(1) District 'A'—From a point designated on the plans of the Commissioners, about the 58th mile west of Moncton, to the crossing of the Intercolonial railway at or about mile 97.7, a distance of about 39.7 miles.

(2) District 'A'—From a point designated on the plans of the Commissioners, at or about the crossing of the Intercolonial railway by the Transcontinental railway at mile 97:7 west of Moncton to the Tobique river, at or about mile 165.7 less one mile, a distance of about 67 miles.

(3) District 'A'—From a point designated on the plans of the Commissioners, at or near the Tobique river to a point shown on the said plans about 3½ miles west of the Town of Grand Falls, in the Province of New Brunswick, a distance of about 31.5 miles.

(4) District 'B'—From a point designated on the plans of the Commissioners, at or near the boundary line between the Provinces of Quebec and New Brunswick, westerly a distance of about 52.4 miles.

(5) District 'D'—From a point designated on the plans of the Commissioners, about eight miles west of the Spanish River crossing, in the Province of Ontario, westerly for a distance of about 100 miles.

(6) District 'E'—From a point designated on the plans of the Commissioners, about 19½ miles west of the crossing of Mud River, near Lake Nepigon, in the Province of Ontario, easterly for a distance of about 75 miles.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, also in the offices of the District Engineers concerned, viz: Guy C. Dunn, St. John, N. B.; A. E. Doucet, Quebec, P. Q.; John Aylen, Acting District Engineer, North Bay, Ont.; and T. S. Armstrong, Nepigon, Ont.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners.

A separate tender must be submitted for each section.

Tenderers shall not be in any way entitled to rely upon the classification, or any other information given by any person on behalf of the Commissioners; and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by, the terms and conditions in the form of contract, specifications, etc., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, as follows:

| | | | |
|---|---|---|---|
| For Section No. | 1, | District 'A' | $ 75,000 |
| " " | 2, | " 'A' | 100,000 |
| " " | 3, | " 'A' | 75,000 |
| " " | 4, | " 'B' | 100,000 |
| " " | 5, | " 'D' | 150,000 |
| " " | 6, | " 'E' | 100,000 |

Any person whose tender is accepted shall within ten days after the acceptance thereof furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications, and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the said commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure and all contracts rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tender are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:

"All mechanics, laborers, or other persons who perform labor for the purposes of the construction of the works hereby contracted for, shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labor, and which are, or shall be, applicable to such works." (The schedule of minimum wages determined upon by said Department will form part of the contract.)

"The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply, and upon as good terms, in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners, and also to the laws and regulations respecting fires in the different provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary.

The Commissioners of the
Transcontinental Railway.
Ottawa, 1st February, 1908.

Newspapers will not be paid for this advertisement if they insert it without authority from the Commissioners.

## NOTICE

Re site for wharf and boom on the Fraser river, near New Westminster, B. C.

NOTICE is hereby given that the undersigned, H. G. Barnet and Hugh McDonald, both of the city of New Westminster, in the province of British Columbia, mill owners, having applied to his excellency the governor general in council, for the approval of a certain site for the construction of a certain wharf and boom, situate on the south side of Lulu island, on the shore of the Fraser river, have deposited with the honorable the minister of public works at Ottawa, plans of said wharf and boom, which they propose to construct on land covered with water, lying south of lot 757, in group 1, in the district of New Westminster and province aforesaid, together with a description of the proposed site thereof described by metes and bounds; and have also deposited a duplicate of each in the office of the registrar of deeds for the said district of New Westminster, in which district said work is proposed to be constructed; in accordance with the requirements of section 7 of the "Navigable Waters' Protection Act," Chap. 115 R. S. Can. 1906.

Dated at New Westminster, B. C. the 30th day of January, 1908.

## OIL MONOPOLY FOR GERMANY IS CONSIDERED

Ministers Are Puzzled to Know How to Avoid Trade of Country Going to Standard Oil.

Berlin, March 10—The question of a Government petroleum monopoly is still under consideration by the Imperial Ministry of Finance, but the commission which has been investigating the matter has not yet decided to recommend it.

The difficulty is how to get along without the Standard Oil Company. If the State monopoly is to be anything more than a selling agent for the Standard Oil Company arrangements must be the most economical possible for a continuous supply of American petroleum for mixing with the European product. No conclusion, however, need be reached before next autumn, as Secretary Chancellor Von Buelow and Secretary of the Treasury Sydow have postponed the introduction of fresh tax proposals until that time.

### Chines Student Leads McGill.

Montreal, March 10—At the McGill law examinations held recently the results so far show that Quetg Hing, a native of China, stands first in a large class. He came to McGill in the fall of 1906, and is taking a double course in law and economics. He ranked high last year in both these departments, and took the prize in Roman law.

**RUBEROID ROOFING**

**Roof of your house or barn gone back on you?**

No wonder after the hard winter. Few can stand it.
Put on a new one of Ruberoid Roofing. No trouble then.
Ruberoid is an elastic roofing and will stand all kinds of weather—heat, cold, sun, rain, wind; makes no difference to Ruberoid.
It is weather-proof and fire-resisting.
Will not melt, crack or rot.
Most easily applied and requires no painting.
Call or write for full particulars, samples and prices.

## PROFESSOR KOCH SOON WILL VISIT THIS COUNTRY

World Renowned Discoverer of Tuberculosis Bacillus to Spend Six Months in America.

New York, March 9.—America is soon to receive a notable visitor in the person of Professor Robert Koch, the world-renowned discoverer of the bacillus of tuberculosis. Professor Koch will arrive here within two or three weeks and according to his plans he will remain on this side of the water for six months and possibly longer, during which time he will travel extensively in the United States and Canada. While here he will also confer with Andrew Carnegie, who recently donated $100,000 toward a fund that will be used by Professor Koch in his experiments to find a cure for the "sleeping sickness" in Africa, that curious and frightfully fatal affection which Koch went to Africa to study.

Profesor Koch is considered the world's leading authority on the treatment and cure of the bubonic plague and similar diseases. For more than forty years, ever since he gained his degree of M. D., the celebrated German physician has been studying germs, and about 1880 he succeeded in identifying the germ of cattle diseases and of consumption. His remarkable discoveries led to his being placed at the head of the German cholera commission, which visited Egypt and India, and while on this investigation he discovered the coma bacillus of cholera, receiving a reward of 100,000 marks from the government. Further researches in bacteriology established his reputation as the leader in this branch of medicine, and led to his appointment as professor of hygiene at the university of Berlin. Professor Koch is not yet 65 years of age, but his discoveries have been such as to have secured him recognition as one of the greatest benefactors of humanity.

### ZANGWILL TO RESCUE

Declares There are 15,000 Women Without Representation.

London, March 10—Israel Zangwill, apropos of the second reading of the woman's suffrage bill in the House of Commons and the outcry provoked thereby in certain quarters, makes a slashing attack today on the opponents of the votes for women. "One of these," said the novelist, "makes the point that this suffrage would result in the domination by woman, since there are a million and a half more women than men in this country, but it does not occur to him that this vast mass of women is without a single representative of their sex in the House of Commons and are without a single vote in the election of the male members." "Force," remarks one publicist, "is the ultimate dependence of society." In these Christian times strange bedfellows are driven together by mutual poverty or argument.

### SAVED HIS SONS.

Parent Did Not Know He Was Rescuing His Children.

New York, March 10—Theodore Higgs, an employee of the Wayne Powder Works, at Lincoln Park, N. J., saved his two sons from drowning yesterday in the Pompton river, although when preparing to rescue them he did not know who they were.

Theodore Jr., 16 years of age, and William, 12 years old, fell from the Morirs canal aqueduct into the river. The elder brother went to his brother's assistance and reached him just as the father of the boys reached the bridge in a wagon. This he dumped over the bridge which is low, and, holding to the tongue, called to the boys to float down to the wagon. The boys did as they were told and a minute later they were safe.

### Cholera at Winnipeg.

Winnipeg, March 10—A large amount of infantile cholera is reported in some parts of the city, and the disease is assuming an epidemic form, adults also being affected. It is a very unusual disease for this time of the year, but it is attributable to the mild season, and possibly milk contamination. Some of the milk dealers do not take special pains in their cowsheds and dairies in the winter, and naturally this is likely to produce more harmful effects during a mild winter.

### A Scientific Achievement.

London, March 10—Prof. James Dewart received a telegram from Prof. H. Kamerlingh Onnes, of Laiden university, announcing that he had succeeded in solidifying the chemical element helium.

## DAWSON PIONEER SOON COMING SOUTH

A Well Known Sourdough Plans Pleasure Trip After Years of Arduous Toil.

Dawson, March 10—Joe Levy, one of the oldest pioneers of Dawson, will leave on the next stage for Victoria, where he is an extensive property holder. He plans to get back to Dawson in April.

This is Joe's first trip outside of the Yukon since he came here in the frenzied days of '97. He made the trip Northward on the first voyage of the ill-fated Islander to Skagway, and mushed over the White pass trail close after Joe Boyle and Frank Slavin, and thus was among the first to come over the route.

Joe's journey was made in company with several who had banded together, and bought their outfits and agreed to travel intothe entrenched land together. In the party was Johnny Zaccarelli, then but 16 years old, and noted on the trail as the youngest man on the pike. —Johnny and Joe made a great traveling team. Joe was cook on the Islander on the trip up the Coast and Johnny was dishwasher. When they hit the trail they retained their respective ranks obtained on the Islander. It was the story of the man of weight and the shadow-like youngster. Joe hit the town of Skagway weighing 250 pounds and landed in Dawson that fall worked down to 170. Johnny grew in stature and muscular development every day. He was jobbed several times on the trail, but his trading instinct kept him even with the world and he landed in Dawson right side up. All that any member of the party had on reaching her was an outfit of grub for the winter. Since then nearly every member has done well. Joe now has extensive business interests in Dawson and thirteen houses in Victoria, and Johnny is the head of a Dawson mercantile house and a family of four, to say nothing of having once been burned out in business and of having run for alderman four years ago.

Others in the party with Joe and Johnny on the trail war Harry Hamburger, now a Fairbanks merchant; Emil Marmen, now a watchmaker on Dominion and Joe Silver.

Traveling alongside the party at the time were Capt. Donald B. Olson, now of Seattle; Charley Bush, engineer at the Dawson fire hall; William Randall, former Dawson blacksmith; Mr. Benson; Brown, the shoe dealer, and others.

### DIAMOND MONOPOLY IS THREATENED WITH WAR

London, March 10.—There is a probability, according to the Daily Mail, that the diamond monoply will be broken up through the nonrenewal of the contract, which expires this month between the Premier Diamond Mining company and the diamond syndicate, which hitherto has taken the output of both the Premier and the De Beers company. In case that the contract is not renewed war will be declared by the Premier company against the De Beers.

### Coming of the Russian Lion.

New York, March 10—Much interest is manifested in sporting circles here in the coming of George Hackenschmidt, the Russian Lion, who is to arrive here on the Lusitania tomorrow. The celebrated wrestler will at once begin his preparations for his match for the world's championship with Frank Goteh, which is to take place in Chicago early in April. This is the second visit that Hackenschmidt has paid to America. On the occasion of his previous visit here, however, he had not established the reputation he now enjoys and naturally did not attract nearly so much attention as has been aroused by his coming visit. Prior to his match with Gotch the big wrestler will be seen in exhibition bouts in New York, Philadelphia, Boston and several other cities.

### Skaters in Competition.

Pittsburg, Pa., March 9.—A score of the fastest skaters of America took part this afternoon in the opening races for the world's professional championships. The speedy fellows come from various parts of the United States and Canada, and among them are such noted skaters as Morris Wood, Norval Baptie and Johnny Nilsson. The number of prominence of the contestants combine to give promise of one of the best tournaments of the kind that has ever been held in this country. The program includes events at all the standard distances.

## CHURCH ENTERTAINMENT WAS HEARTILY ENJOYED

**Visiting Choir Rendered Splendid Program at West End Methodist Yesterday Evening.**

An entertainment was given last night in the West End Methodist church by the Sixth Avenue Methodist choir of Vancouver, under the leadership of William Hicks. Over 270 persons thronged the church, forty of whom were visitors from the Inlet city, and some sixty dollars wer added to the funds of the church as a result of the entertainment. The concert given was aptly described by one of those present as "elegant" and he expressed in his own way the opinion of all present. The choir consists of thirty-two voices, and the program conmprised solos, recitations and instrumental numbers, many of which were encored, and all were excellently rendered and fully appreciated. The Vancouver contingent arrived on the special car Delta and returned on the same car at 11 p.m.

The following program was rendered during the evening:

Solo—Roses in June, Miss Slocum. Encore, The Red Rose.

Solo—Blow, Blow, Thou Wintry Wind—William Hicks.

Anthem—Blessed be the Name of the Lord—the choir.

Anthem—The Wilderness—Choir.

Quartette—"Three Children Sliding"—Mrs. Anderson, Mrs. Hicks, Rev. James Hicks and Wm. Hicks.

Quartette—The Violet and the Bee—Miss Whardon, Miss Falls, Messrs. Smith and William Hicks.

Solo—The Everlasting Day—Rev. James Hicks.

Cello solo—Litany—J. Stevens.

Cello solo—"Bercéuse"—J. Stevens.

Recitation—Old Mother Hubbard and Country Debating Society—G. H. Grant.

Closing Anthem—Abide With Me"—Choir.

### BELLINGHAM FIRE CHIEF WANTS SHACKS CONDEMNED

Bellingham, March 10—Fire Chief Andy Land today asked the board of public works to condemn certain buildings below the sidewalk on C street. It is claimed by the chief that the buildings are nothing but fire traps and that they are old and of practically no value. This is the first request made by Land since he began his investigation into conditions about the city. He will look over every building in the city.

The chief has already intimated to some property owners in Old Town that they will have to provide up-to-date fire escapes on their buildings within a short time if they desire to remain in business.

### SCHMITZ AND REUF UNLAWFULLY CONVICTED.

San Francisco, March 10—That former Mayor Eugene Schmitz was unlawfully convicted of extortion and sentenced to five years in prison, was re-affirmed by the state supreme court. The decision also applies to Abraham Reuf. It is believed that Schmitz and Reuf will immediately apply for release on bail. The prosecution proposes at once to bring to trial some of the many other charges prefered against them.

### NEW YORK BURGLARS GET $120,000 BOOTY.

New York, March 10—Loss of approximately $120,000 worth of silver plate, jewelry and other precious stones through the operations of burglars at his home, Madison street and Seventieth avenue, in the east side fashionable district, was reported to the police last night by Edward S. Rapello, an attorney. Practically the entire house was ransacked by the burglars.

### *This Date in History.*

**March 11.**

1544—Torquato Tasso, the Italian poet, born at Sorrento, died in Rome, April 25, 1595.

1619—Two sisters burnt at Lincoln, England, for the alleged crime of witchcraft.

1702—The Daily Courant, the first British daily newspaper, issued in London.

1785—John McLean, associate justice of the U. S. Supreme Court who dissented from the majority opinion in the Dred Scott decision, born in New Jersey, died in Cincinnati, April 4, 1861.

1811—The "Luddite" riots," resulting from a depression in the hosiery trade, began in Nottinghamshire, England, and continued for several years.

1848—Henry Wheaton, a famous American authority on international law, died in Dorchester, Mass. Born in Providence, R. I., Nov. 27, 1785.

1856—Nicaragua declared war against Costa Rica.

1865—Parliament at Quebec adopted the confederation scheme.

1874—Charles Sumner, Massachusetts statesman, died. Born Jan. 6, 1811.

### Citizens to Build a Bridge.

Grand Forks, March 10—Word has reached here today from Cascade that J. A. Bertol, an enterprising citizen of that place, has personally undertaken the matter of building a suspension bridge over the Kettle river at the Cascade townsite. The bridge will be of one span and will be made of steel cables.
