

## EXPLOSION INJURES THREE LITTLE GIRLS

Father Attempted To Dry  
Blasting Powder on Stove  
—House Burnt.

Three little girls, aged 3 years, 17 months, and the youngest a baby in arms, daughters of Mr. Israel, of 14 Wabash avenue, were yesterday afternoon injured by an explosion which took place in their father's house, following an attempt on the part of Mr. Israel, who is a farmer and logger, to dry blasting powder on a stove in the kitchen. The baby was the least injured of the three, and it remains with its parents, but the other two girls are being treated at St. Mary's hospital, and while their injuries are not necessarily fatal, disfigurement for life almost certain to be the result of the accident. The oldest girl was seriously burned on the face, hands and one arm, her condition being critical at the present time. The younger child was injured on the side of the face, on the neck and both arms, the baby, partly protected by its mother, was not seriously hurt. The strength of the explosion was such that the house was partly blown down, a fire immediately starting in the kitchen doing considerable damage which it could be subdued. Mr. and Mrs. Israel brought the injured children to this city for medical attention yesterday evening, the little girls being admitted to St. Mary's hospital, where they will remain for some time. The mother is almost paralyzed by the shock and is being cared for at the home of her sister in this city.

## INDIANS DISCHARGED; DRIVEN FROM TOWN

Yaville, Cal., Jan. 29.—A mob of citizens of Live Oak, a town twelve miles north of Marysville, in Sutter county, made a raid on two houses occupied by seventy Hindus and had been discharged from the employment of the Southern Pacific yesterday morning and ordered the Hindus to leave town. They were then driven to the edge of the town and told to leave.

Head of the Hindus came to the city and swore to complaints against the members of the mob. The theft of \$1950. Two were arrested and will be tried tomorrow. The Hindu also took the matter to the British consul at San Francisco, threatening international relations. Members of the mob were taken.

Head of the act providing for the removal of the New Westminster city has been received by the city. The act covers the removal of Moody Square and Tipperary street, with a proviso that the city shall be used as a park until redeveloped for school purposes. The act has yet been introduced in the legislature.

Exhibition committee of the R. A. & I. society will meet in the office on Saturday to arrange details of the exhibit for this year. The committee consists of J. H. Vidal, New Westminster; W. Walker, Sapperton; W. Chisholm; E. Stride, Burnaby; W. H. Keary, secretary. No exhibit in this class was shown last year.

## BIRMINGHAM BUILDING BIG BUSINESS BLOCK

A business block is to be built in this city in the near future, on the proposed site at the corner of Sixth and Agnes streets having commenced yesterday morning. Birmingham, owner of the property, questioned by the News, stated that his plans for the structure were not yet decided, but that the new block would be used for business purposes, and probably be three stories high, which will be up to date in every respect. No approximate cost of the undertaking was obtained from Mr. Cunningham.

## ANOTHER BIG FIRE SWEEPS OVER CHICAGO

Third Disastrous Blaze Within  
a Week Causes Million  
Dollars Damage.

Chicago, Jan. 29.—The third disastrous fire in the business district of the city caused a loss last night estimated at more than one million dollars, and resulted in the almost complete destruction of the building at 14 Wabash avenue, occupied by Alfred Peats & Co., dealers in wallpaper, the building adjoining on the south, occupied by Jno. Colby & Sons, furniture dealers, and that in the rear front on Michigan avenue, occupied by the millinery firm of Edison Keith & Co. Those to the north and south of the Keith building, occupied by the Gage Brothers & Co., and Theodore Archer & Co., millinery companies, were damaged by fire and water.

The fire started in the engine room of the Peats' building and raged for three hours. The heavier losses are: Alfred Peats & Co., \$270,000; John A. Colby & Sons, \$300,000; Edison Keith & Co., \$600,000; Gage Bros., \$25,000; Theodore Archer Co., \$25,000.

Invitations are being issued to the annual convocation of the faculty and students of the Columbian college, to be held on February 7. The invitations are signed by Rev. W. J. Sipprell, D.D., principal, and W. P. Ewing, secretary of the college literary society.

## EVANGELISTIC EFFORTS ADD TO W. C. T. U. MEMBERSHIP

The success of the evangelistic meetings conducted in this city during the past weeks by Mr. and Mrs. Asa Gordon, of Toronto, is reflected in the growth in membership of the local W. C. T. U., which has largely been brought about by the efforts of Mrs. Gordon. Before the arrival of this talented lady speaker, the membership of the W. C. T. U. was about forty-four, while the Y. W. C. T. U. had some thirty odd members enrolled on their lists. On Friday afternoon eighty-two new members will be formally received into full membership, this being made the occasion of a grand gathering in the Queen's avenue Methodist church, which will also take the nature of a farewell to Mrs. Gordon. The meeting will be held in the Sunday school room, and will be open to all interested. Miss Ala Murcutt, a talented temperance worker from Australia, will be introduced to the local members of the W. C. T. U. at this meeting and will be formally welcomed. Refreshments will be served by the ladies, the gathering commencing at 4 p.m. and lasting until 6 o'clock.

## Wedding Bells.

The marriage of Gordon B. Corbould and Miss Maud Charlson, daughter of Mr. and Mrs. Alex. Charlson, was solemnized at Holy Trinity cathedral yesterday afternoon, the Rev. A. Shildrick officiating. Miss Alma Corbould acted as maid of honor, while Misses Cotton and Bryner were bridesmaids. Albert Leamy supported the groom, Messrs. Tuck, McKay and English officiating as ushers. The young couple left last night for California, where the honeymoon will be spent.

## Trip Across Canada.

Halifax, Jan. 28.—Unofficial information has been received here to the effect that the British government is planning a test route by sending a regiment now in Hong Kong home via Canada. While it is not known, it is believed the regiment will be the Cameron Highlanders. It is not known if Halifax or St. John will be the embarkation point.

A meeting of the board of control of the R. A. & I. society has been called by the secretary, W. H. Keary, for Friday afternoon in the mayor's office in order to meet a committee of the Kennel club. It is understood that the intention is to make arrangements for a kennel exhibit at the provincial exhibition this year.

## GOVERNMENT SUPPORTERS REJOICE AT DECISION

Mr. Speaker Rules Hawthornthwaite's Resolution Out Of  
Order Because Of Language Used—Liberal Leader  
Macdonald Charges Attorney-General With Knowingly  
Deceiving People of British Columbia.

Victoria, Jan. 29.—(Special.)—J. H. Hawthornthwaite's resolution advocating the impeachment of the lieutenant-governor was ruled out of order this afternoon on the grounds that it alleged that Lieut. Governor Dunsmauir had laid himself open to grave suspicion, and it must be held that he had acted in his public and not private capacity in reserving his assent to the Bowser bill. In giving his ruling Mr. Speaker explained that the offensive wording of the resolution was in conflict with rule No. 15, which forbids discourteous or offensive references to the lieutenant-governor.

The decision was greeted with loud cheers from the government benches. Mr. Hawthornthwaite asked for and obtained permission that the ruling might stand until the resolution was reached on the order paper.

Dealing with the immigration bill, J. A. Macdonald made a brilliant speech, explaining many of Bowser's statements of the previous day, and pointing out that the bill would not exclude the Chinese, while the Japanese were already subject to an act of the Dominion parliament. He accused the attorney-general of being aware of this and of wilfully deceiving the House and the people of British Columbia on the subject. He promised to support the bill.

Victoria, Jan. 29.—The session of the assembly yesterday was taken up almost entirely by the debate on the immigration bill of Attorney-General Bowser, his speech on the second reading occupying an hour and a half in delivery. He had come fully prepared to support his side of the argument, armed with Hansard reports, newspapers, letters and official documents.

## Blames the Liberals.

The burden of the attorney-general's speech was that the Liberals were responsible for the existing condition of the subject; that he had been grossly maligned by Duncan Ross and that he (Bowser) was a person of the most trustworthy habits when it came to the test.

## Delta to the Fore.

In replying to the attorney-general's lengthy address, John Oliver said he had listened with a good deal of interest to Mr. Bowser's stump speech. The honorable gentleman had occupied most of the time in saying the Ottawa government was wrong in dealing with the Asiatic question. The former acts had been passed, not so much with the desire of exclusion, but for campaign material. A commission was appointed in 1882 to consider the question. There was then an influx of Asiatics for work on the C. P. R., which was receiving enormous assistance from the Dominion.

## \$50 Quite Sufficient.

The Conservative government considered the position would be amply met by imposing a head tax of fifty dollars. In the fifteen years after this, thousands had come into British Columbia. Not a move was made by the Conservatives to stop them, nor during the whole time of the Conservatives. They were in power by overwhelming majorities. The five hundred dollar tax was effective. This was imposed by the Liberal government. The report of Mackenzie King refers to the fact that Japanese have voluntarily restricted immigration. During the time these restrictions were in force there was very little immigration into British Columbia, some 200 or 300 per annum.

## All Good Tories.

An act similar to the one proposed was passed several years ago and was in operation for some months. Right here in the city of Victoria, gentlemen were specially appointed as justices of the peace for the purpose of meeting incoming steamers, and these gentlemen met all the Japanese and all the gentlemen referred to were appointees of the Conservative government, for the purpose of aiding

the Japanese immigrants to come into B. C., which they had passed an act to exclude.

## McBride is Wrong Again.

The premier, interrupting: "That is not what the report of the committee said of which the honorable gentleman was a member."

Mr. Oliver denied he was a member of the committee.

## Oliver's Challenge.

Mr. Oliver continued that the committee took evidence under oath and the J. P.'s gave evidence under oath and sworn testimony bearing out the statement and the premier would have the opportunity of hearing the evidence on the floor of the House and seeing if the statement is correct. He, Mr. Oliver, dared him to read it in the House. In assisting the Japs to land in defiance of the law, the justices of the peace engaged in the business actually cut the rates—they were scabs (laughter) and cut it from two to three dollars for taking declarations. He had asked an ex-official of the government appointed to enforce this very act, about it and he confessed he was himself visiting those boats and expected to get his commission from the government so he could participate in the rake off. This sworn evidence disclosed.

## No Particular Hatred.

Mr. Hawthornthwaite then reviewed the question from the socialist standpoint, declaring that these Asiatics were being furnished with implements of war and production by the capitalist class, and that their coming seemed inevitable and that the socialists had no particular hatred to the Japanese. But their presence in the mines was a standing danger. There was no doubt as to the power of this House to pass this legislation, which his party would support.

## Railway Lobbyists.

The presence in the lobby of Mr. Bodwell suggested railway legislation. It is understood the Hudson's Bay Pacific railway, incorporation of which is sought, is the measure which Mr. Bodwell advocates and which will be before the committee on Monday.

By message, an act granting the corporation of the city of New Westminster certain lands for park purposes was brought down and advanced a stage in committee.

## C. P. R. WILL EXPEND BIG SUM IN FERNIE

Fernie, Jan. 29.—The C. P. R. is going to spend about \$50,000 here next spring in new trackage, new freight sheds and other necessary improvements. This will give them very much increased facilities for handling the enormous amount of freight that they now do. The trackage will be much increased also. The intention of the C. P. R. is to keep up and in fact a little ahead of the times, and in going to expend this large sum here shows what they think of the future of Fernie.

The freight sheds addition will be erected at the west end of their present offices.

## A concert will be held tonight at St. Barnabas parish church, the proceeds of which will be devoted to the children's hospital ward fund. Preparations for the event have been under way for some time under the charge of a committee of the Ward Supporting society. Already a large number of tickets have been sold, and a full house is confidently expected. Local talent has been interested in the concert and over twenty excellent numbers are now on the program. Music will be supplied by Smith's orchestra. Twenty-five cents will be charged.

## Indianapolis, Jan. 29.—The Henry

Coburn steamship warehouse, 213 to 223 West Georgia street, was burned last night. The loss is estimated at \$200,000.

## LAURIER'S SPEECH RANKS WITH THE BEST

Liberal Policy of Conciliation  
Contrasted With Obstruction  
Tactics of Opposition.

Ottawa, Jan. 29.—The speech of Sir Wilfrid Laurier last night on the Japanese question will rank as one of the greatest deliverances ever made in the House of Commons. In eloquent language he described the difference between his policy of conciliation and that of hostile legislation by the leader of the opposition.

Messrs. Ralph Smith, Duncan Ross, R. G. Macpherson, Golliver and Kennedy all made splendid speeches in support of giving a trial to the Lemieux arrangements. If it were a failure then the treaty could be abrogated, as Macpherson put it, the government did what British Columbia wanted in passing the order in council to shut out the Japanese from Honolulu and the Hindus. It was their duty to support the administration in this work. The vote of 55 for the government was the largest this season. The vote stood 45 for the amendment, 100 against.

Sir Wilfrid Laurier spoke of the Japanese fleet going out alongside the British ships to meet a common enemy and declared that people might yet perhaps see the Japanese fleet anchored in Vancouver harbor to protect Canada and British interests. All independents and labor voted with the government.

## HEIR TO ROYAL BEQUEST IS ASTRAY IN CANADA

Where is James Withington? That is a question now agitating the solicitors of the Pendrell family, one of the oldest families in England, and the trustees of the Pendrell bequest. Richard Pendrell was the man who earned the everlasting gratitude of King Charles the second, for saving his life when pursued by the Roundheads by hiding him in the famous oak at Boscombe. The king in his gratitude bequeathed to Pendrell and his heirs for ever the sum of £50 annually. James Withington, now heir to the bequest and a large sum that has been accumulating for for years, left home and is supposed to have come to Canada, where enquiries are now being prosecuted for him or his heirs. If dead, the next claimant is Robert MacLaren, of England, cousin of the late J. W. Pendrell, and an old man of 80 years of age.

## CANADIAN AGENTS PURCHASE HORSES

New York, Jan. 29.—The annual midwinter sale of light harness horses by the Fasig-Lipton company, began yesterday in Madison Square garden and will last four days. Horses were sent from all parts of the country, while Canada, England and Austria were represented by agents looking for bargains. The stock offered brought an average of about two hundred dollars and one went as high as \$1000.

Temperance meetings will be conducted in St. Patrick's hall during the last week in February by Miss Ala Murcutt, of Australia, who is conducting a campaign against drink on the Pacific coast at the present time, having made arrangements to give lectures in Victoria during the first week in February, at Vancouver during the second, at Ladner during the third, finishing up the month in this city. She is described as a facile speaker who has great magnetic power and wields a powerful influence, especially over young people.

Two applications were filed at the recorder's office yesterday for water from Walker creek, Delta. One of these was for six inches for agricultural, domestic and industrial purposes, the application being signed by Anton Lindseth, of Aldergrove, the other for four inches of water for domestic and agricultural purposes, signed by W. Groves, Pearlvonville. The latter application was returned last week on the grounds that it did not contain the necessary data. The two applications will come up for hearing on March 2 at 2:30 p.m.

## DOMINION EMPLOYEES OUT FOR BETTER TERMS

Organization of Civil Ser-  
vants is Formed—Better  
Remuneration Sought.

Last night some fifty of the employees of the Dominion government in the city met for the purpose of organizing, with the ultimate object of making representations to the government to secure the betterment of their condition. A previous meeting had been held, at which a committee had been appointed for the purpose of drafting a constitution, the meeting last night completing the organization. The chair was taken by James Leamy, crown timber agent, who immediately proceeded to place before those present the proposed constitution, which, with a few minor changes, was finally adopted.

The chief debate arising was on the definition of "civil servants" and a number of speakers expressed their views, among them Messrs. J. C. Brown, Samson, A. Munn and Dr. W. de Wolf Smith. Mr. Brown, warden of the B. C. penitentiary, during the course of his remarks, stated that the intention of the organization was to make out a case before the government that would warrant an all round increase of salary to civil servants. He did not believe that the departments were averse to paying more, but they had to stand criticism of the country. It was to strengthen their hands that the civil servants were working. It would be necessary to show that a salary of \$1200 a year at the present time was equal to less than \$1000 a few years ago owing to the advance in the cost of living. With regard to who were civil servants as meant by the constitution, he did not believe that it was required to lay down hard and fast lines with regard to members; every man in the employ of the Dominion government should be allowed to join. On motion it was finally decided that all persons permanently in the service of the Dominion government in the constituency of New Westminster should be eligible.

The fee for admission to the society was placed at \$1, the executive being empowered to collect an extra 50 cents later if it were found necessary. The election of officers for this year resulted in the election of James Leamy, president; J. C. Brown, vice-president; E. D. Lennie, secretary; R. C. McDonald, treasurer. The constitution calls for the executive to be composed of one member from each department of the civil service. With this in view the meeting resolved that the secretary notify the heads of departments, requesting them to call meetings of the employees in their respective departments for the purpose of electing a representative on the executive.

The executive was empowered to take such steps as might seem necessary looking to the formation of a provincial association.

The scheme, of which the formation of the local branches is the first step, is for the branches to send representatives to provincial association, the provincial associations in turn, sending delegates to a Dominion association, which would place the requests of the civil servants of Canada before the government, with the support of the members throughout Canada behind them.

The next regular meeting will be held on the first Monday in March. In the meantime an opportunity will be given to all who wish to do so to add their names to the membership roll.

## INDIA READY TO SHAKE OFF YOKE

New York, Jan. 29.—That the natives of India are preparing to shake off the British yoke is the opinion of Captain William Rohde, of the German steamship Neideufels, just in from the orient. The captain says that throughout the east the natives are getting over the idea that the white man is their logical master and are preparing to declare themselves. The 300,000,000 natives of India, he believes, are preparing to strike a blow for freedom, and he expects it to come soon. The success of Japan in the war with Russia he believes to have much to do with the changed conditions in the far east.

## KING'S SPEECH IS READ FROM THRONE

Brilliant Gathering Assembles at Historic Pageant—  
Precautions Taken.

London, Jan. 29.—The most rare event of a London winter, a clear and sunny day, favored the royal procession to Westminster today, where King Edward opened parliament with the same ceremonies that have been observed for centuries.

King Edward and Queen Alexandra rode from Buckingham palace to the houses of parliament in the gilded coach of state drawn by eight white horses. They were attended by the officials of their households in other state carriages and on horseback.

St. James park and Whitehall were unusually crowded, and the soldiers who guarded the way had their hands full in keeping the people back.

A thousand officials, including peers, members of the House of Commons, bishops, judges, and diplomats, many of them attired in uniform or robes of state, filled the chamber of the lords, when a fanfare of trumpets at 2 o'clock announced the entry of the procession.

King Edward read the speech from the throne. Queen Alexandra was seated on a chair of state at his right, the Prince and Princess of Wales were on his left and he was surrounded by a group of officers.

The menace of the outbreak of women suffragists gave unusual interest to the proceedings. Greater precautions could not have been taken if anarchist uprisings had been feared. The only ladies admitted to the galleries were those for whom members vouched in writing as wives or relatives, and the police on duty around Westminster and through the houses of parliament were instructed to keep special watch on all women.

Premier Sir Henry Campbell-Bannerman, whose health was still feeble, was the only cabinet minister absent. His majesty referred in conventional words to the visit of the German emperor, which he said, could not fail to confirm the friendly relations between the two powers. He also referred to the death of King Oscar of Sweden, and the conclusion of the Russian agreement. Acting in the spirit of this agreement, in spite of complications in Persia, the two governments had maintained a policy of peace. Continuing, the King said, "My government has joined with the governments of France, Germany and Russia in a treaty for the preservation of the integrity of the kingdom of Norway."

Referring to the Hague peace conference, the King said: "The various instruments annexed to the final act of that conference show the progress that has been made, and they are receiving the attentive consideration of my government. One of the most important of these instruments establishes the great principle of an international court of appeal in prize cases. My government is considering the question of inviting representatives of the leading maritime nations to attend a conference in London next autumn with a view of coming to an understanding on certain important points of international law for the guidance of the court."

The condition of the Christian and Mussalman populations in the Macedonian vilayets shows no improvement. The bands of different nationalities continue to pursue a campaign of violence and the situation gives serious cause for anxiety. The great powers of Europe have agreed to present to the Turkish government a scheme for the improvement of the judiciary in that region and my government has made further proposals to the sultan and also to the great powers for dealing effectively with the principal causes of this disturbance."

### PERPETUAL MOTION PROBLEM NEARLY SOLVED

Chicago, Jan. 27.—Charles J. Webster, a young mechanic of Oak Park, after ten years of experiment believes that he has solved or very nearly solved the problem of perpetual motion. At his home is the working model of his invention, which he says has run for two weeks with no apparent diminution of power. Power is generated by the swift passage of a number of steel balls down a double incline, built in the general form of a triangle. The balls are held together by a contrivance of buckets, which act as an endless chain. The balls used in the model weigh only twenty-eight pounds in all, yet he claims for his invention the generation of six horse power.

### ARMED HINDUS TRIED HOLD-UP GAME, BUT FAILED

Vancouver, Jan. 29.—Armed with a big bowieknife, two Hindus attempted to hold up and rob two white men, William Johnston and W. Thompson, near Epworth station shortly before 8 o'clock last evening. That they did

not succeed was due to the aggressive-ness of the white men, who fought them desperately and left them lying in the ditch badly beaten.

The white men were on their way down town when they were attacked by the orientals. That the latter did not understand the hold-up game was easily apparent and the white men

used their fists so effectively that their assailants were beaten off and left prostrate on the roadside. In the scuffle one of the Hindus dropped a murderous-looking knife, which was promptly taken by the men.

The affair was reported to the police, and Officer J. Tyreman proceeded to the scene. The Hindus had managed

to get away, however, in the darkness, despite the fact that they were well battered up.

### THE ASIATIC QUESTION IS HOT IN NATAL

Pretoria, Jan. 29.—General Smuts, colonial secretary, in a speech last

night on the Asiatic question, said the Natal government that if the continued immigration of Indians was permitted the rest of South Africa would have to take firm action, and gave advice to Natal in the same terms; otherwise, he said, the immigration of Asiatics would soon run the whole of South Africa.

### A LITTLE NONSENSE.

Even Though He Was a Murderer He Gave a Stenographer a Good Shave.

According to the Saturday Evening Post, a talkative and self-important young court stenographer went with a detailed judge to one of the lead towns in the Kentucky mountains to do his part in holding a term of court.

It was a small place, far from a railroad, and the inhabitants were all feudists of one clan or another. After a day or two at the little hotel the stenographer said to the hotel keeper, "Where's the barber shop?" "Ain't no barber shop here," the boniface replied. "We all mostly lets our hair grow."

"But can't I get shaved anywhere?"

"Oh, yes, I reckon you kin. Uncle Joe down to the cobbler's shop sometimes shaves folks."

The stenographer went to Uncle Joe's and found the cobbler to be a mild-mannered old man, with flowing gray whiskers and a pale and beatific blue eye.

Uncle Joe said he could shave him, and he got out a razor and a shaving mug. The stenographer sat down on a chair and leaned back. He waited in some trepidation, but the old man was skillful and gave him a good shave.

It was necessary for the young man to talk, so when the barber was on his throat he said, "Good many murders around here, ain't there?"

"Well, suh," the barber said, "we don't call them murders. Howsomer, there's some killin's, if that is what you mean."

"Oh, well," said the young man, "I suppose one name's as good as another. When was the last killing?"

"A man was shot out here in the square last week."

"Who shot him?"

The barber brought the razor up on the young man's Adam's apple.

"I did," he said.

#### Long Lived Razors.

"How long have you had this razor?" asked the barber.

"A dozen years."

"Well," said he, "that is not bad. It's no record, though. Lots of my customers have razors that they've owned twenty and twenty-five years and used 'em. Why, one old man gets me to hone every three months a razor he bought over forty years ago. And it's such a good razor yet that this old man's son, whenever he wants a velvet shave, goes to his dad and borrows the veteran razor. A razor that with good use won't last twenty-five years is no razor at all."—New York Press.

## COMING OUR WAY

Statistics point to the fact that British Emigration to the Dominion of Canada far exceeds the emigration from the British Isles to the United States in 1907. It is worthy of more than passing notice, because it is the first time in history that the statistics have been in favor of the Dominion and is very gratifying because it indicates that the effort of our "Empire building" Government are now beginning to bear good fruit and the stream of sturdy Britishers now diverted in the right direction will increase in volume with every passing season. This, together with the influx from south of the boundary, composed largely of Britishers who prefer conditions existing within the Dominion of Canada and residence under the Union Jack, is a condition directly traceable to the active work of the Liberal government in making known to prospective emigrants the many advantages offered to settlers in this country.

## GET DOWN TO BUSINESS.

It is time that the McBride Ministry got down to the business of the province and cease the course of wasting fireworks in trying to fight the powers at Ottawa, simply to distract attention from issues that more closely affect us at home. In the game, as McBride calls it, the Victoria Ministry have been worsted. We do not intend to be understood as taking the stand that the province of British Columbia has no claim against the Federal Government. We believe there is a strong claim existing and accumulating since the time of Confederation and it only needs strong men to ably place our case before the Ottawa Government to secure what is coming now to us under the terms of Confederation and with which the conference of Premiers have no voice or control, and it would be statesmanlike for the McBride Ministry to appoint eminent counsel without respect to their party leanings to prepare the case and assist at its presentation. It would be business devoid of politics, and more likely of amicable solution than that which resulted from the callidike antics of our First Minister McBride at Ottawa where he evidently appeared without the necessary preparations to properly present our case.

The eulogy passed by the London Times on Mr. Lemieux does not cause any surprise here, where he is well known. He has displayed during the negotiations with Japan the ability and tact which are a great part of the essential equipment of a diplomat. The Times is equally correct in characterizing the attitude of the Canadian government as statesmanlike, calm and dignified. It is to be hoped that the Opposition will prove itself entitled to the same commendation.—Toronto "Globe."

Mr. McPhillips has declared on his reputation as a member of the bar and a profound constitutional authority that the latest Bower Bill is not worth the paper it is written on. Will the member vote in the House for such a trashy measure?—Victoria Times.

Attorney General Bower is putting on an exceedingly bold front in regard to his late relations with Mr. Gotoh. He says he will do so and so and more also to Mr. Duncan Ross when the opportunity arrives. We shall see.—Victoria Times.

Premier McBride would smash confederation and disrupt the Empire earlier than relinquish power. That much has been made clear by his own course and the remarks of some of his supporters. Also that is what he calls "playing the game." For a public man his ideals are indeed lofty.—Ottawa Free Press.

## HOTEL AT CALGARY IS BADLY GUTTED

Calgary, Alta., Jan. 29.—Fire broke out in the cellar of the Victoria hotel yesterday afternoon, doing \$10,000 damage. The firemen made a great fight and though the joists under the floor of the dining room were burned out and seventy-five feet of flame was going at once, they managed to confine the fire to the cellar. Five firemen were overcome by smoke and one is in the hospital from its effects. The hotel was well insured.

## DEAD CHINAMAN IS

WORTH FULLY \$500

Union Bay, Jan. 29.—Wong Kwai, a Chinese cook who was employed on the steamer Fitz Clarence, Captain McLennan, and supposed to have been drowned at 1:15 a.m. on Sunday, December 8, was found in the harbor by A. Anderson this morning.

The Fitz Clarence before clearing, had to pay a tax of \$500 of which fifty dollars will go for reward in finding him. The coroner has been wired to see if an inquest is necessary.

## POINTED PARAGRAPHS.

Too many of us consider an excuse a reason.

Everything sounds like an encore to some men.

The philosophical person is apt not to be when considering troubles of his own.

Many a man who thinks he is getting into a peach orchard really finds his way into a lemon grove.

There are lots of answers to the question, "What's the use?" but the man who asks it never wants one.

When an acquaintance says to you, "I am going to be honest with you," brace yourself to hear something disagreeable.

Most of us when we ride a free horse start out on a walk, quicken into a brisk trot, then break into a wild gallop and are thrown.—Atchison Globe.

## Good For Twenty.

"Lawyers get stung as easily as other people," said one who practices in the criminal courts. "Here's what happened to me the other day: A friend of mine tipped me off that there was a case coming up in special sessions and it would be easy to get the defendant, a negro, free."

"There's a twenty in it for you," he added. "I've got another case on up stairs or I would take it myself."

"Sure enough, I got the fellow off, and when we reached the corridor I politely intimated that I had heard there was a twenty awaiting me for my trouble."

"Sure thing, boss," said the negro, diving into his pockets. "It certainly ain't worth twenty, all right." Without a smile he handed over two dimes.—New York Sun.

## Colds and Bald Heads.

A baldheaded physician said: "I used to be dreadfully subject to colds even in the summer. I had to wear a black skullcap all the time. The minute I took it off I began to sneeze and wheeze. But now for a year I have not once worn a skullcap, and I have not once had a cold. Why, I could go and stand bareheaded in a snowstorm without any ill effect. My immunity to colds comes from this: Every morning I put my head under the cold water spigot and let the cold water run for a minute on my bald crown. This is a refreshing thing, and since I began to do it I have never had a cold."—Milwaukee Journal.

## The Moorhen.

What could be more perfect defense than the device of the moorhen? She sinks herself in the water beneath an overhanging root or bank, leaving only her bill in sight. And she looks like a fallen leaf. You may stand within six feet of her, and she will not move, so sure is she that her ruse will succeed.—London Standard.

## A French Joke.

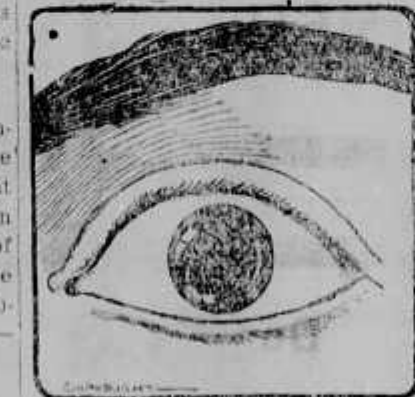

Here is a French joke that is rather English in character: The Marquis de Favieres, notorious for his impunctuality, called on a man of means named Barnard and said:

"Monsieur, I am going to astonish you, I am the Marquis de Favieres. I do not know you, and I come to borrow 500 louis."

"Monsieur," Barnard replied, "I am going to astonish you much more, I know you, and I am going to lend them."—Lippincott's Magazine.

## All by Accident Too.

George—Well, life is worth living, after all. Jack—What's happened? George—I went to a railway station to see my sister off, and by some chance Harry Hanson was there to see his sister off, and in the rush and noise and confusion we got mixed, and I hugged his sister and he hugged mine.—Philadelphia Inquirer.

Every grocer keeps WINDSOR SALT. No other is so pure, so delicate. Best for the table.

propositions are forthcoming it is probable that they will meet a team composed of the workers of the digger dredge. Among the latter are many players from the old country, who could put up a stout game.

Adherents of the West End, Queen's avenue and Sapperton Methodist churches will assemble at Queen's avenue church on Friday evening, when the last Gordon address is to be delivered in this city. Both Mr. and Mrs. Gordon will speak on this occasion.

A meeting was held last night by the Junior R. T. of T., over forty-five children, all under 14, being in attendance. The evening was a most pleasant one for the children, the boys furnishing a liberal supply of material for refreshments and in addition contributing an equally pleasing program. The girls extended to the boys in return a most hearty vote of thanks.

A handsome and valuable fraternal emblem was at the last meeting of the Fraternal Order of Eagles presented to P. W. P. E. A. Dalziel, in recognition of services rendered and the esteem in which he is held by the members of the local Aerie. Messrs. J. M. Wise, George Turnbull and Capt. Wilberg were also similarly honored. Financial business transacted at the same meeting included the issuing of cheques to the amount of nearly \$1000.

A telegram was received yesterday afternoon by E. L. Webber, of the firm of F. J. Hart & Co., informing him that his mother had suffered a paralytic stroke, and was dangerously ill at Woodstock, Ont. The old lady is 74 years of age, and a widow, her husband having died three years ago at the age of 84 from a paralytic stroke. Mr. Webber is awaiting further particulars of his mother's condition before deciding whether he shall go east.

A relic of the desperate fights of earlier times among the wild denizens of the dense woods of this part of the province reached the city hall yesterday in the shape of two pairs of elk antlers, interlocked no doubt in some great struggle of bulls for mastery, and now to be added to the collection in the Carnegie library. The antlers were sent to this city by E. T. Wade, of Surrey Centre, having been found by his son on his quarter section.

As the result of a little girl endeavoring to lead a somewhat refractory cow yesterday, the cow is now dead and one little girl received a very bad fright. The little miss tried to induce the animal to cross the electric track near Sixth street, but the animal decided that it did not wish to travel that way and balked. A car rounding the curve at the moment removed the obstruction, inflicting such injuries, however, that the chief of police found it necessary to shoot the animal.

The news has been received from St. Paul of the discovery of the body of J. Porter-Smith, once a resident of this city, and who has died under mysterious circumstances. A gun shot wound in the body was the cause of death, but whether the result of accident or design is not known. Mr. Smith was one of the first eight men from this city who volunteered for service with the first Canadian contingent to South Africa. For some time Mr. Smith held positions in the employ of the Royal City mills and the Bank of Commerce here.

The regular meeting of the R. T. of T. last night was an exceptionally busy one and recorded one of the largest attendances on record. Over a hundred members were present and no less than eight candidates passed through the initiation ceremony. It was decided to give a box social on Wednesday next in the I. O. O. F. hall. The announcement was also made that the meeting of the ground council would be held on February 26 in Vancouver. During the evening a number of the members contributed a program of songs, recitations and readings.

ADVERTISE IN THE NEWS

**Too Much Exercise.**  
Hop 13 had bought a cheap but "war-ranted" clock. At the end of a week he returned to the shop from which he had procured his timepiece, with no expression on his face, but with evident bewilderment of mind.  
"She go click, click, click, click! all light, tree day," he announced to the young woman who waited on him. "I wind all light, samee you say. Nex' two day she go click, click—click click! click!—click!"  
"I shake her up—so!—down—so!—bound—so! no good. She stop click—stop click—only go when I shake."  
"I say give me one less shake, more click, click!"—Youth's Companion.

**Preparatory Treatment.**  
They told the youngster to soak his feet in a tub of salt water if he wanted to toughen them. He soaked his hands, too, with good results. One morning his father said he would whip him on returning at noon. At noon the father returned and found the youngster sitting in a tub of water.  
"What are you doing that for?" he demanded.  
"Because," replied the youngster, "you said you were going to give me a licking."—Judge's Library.

**The Bishop's Story.**  
Bishop Sanford Olmsted of Colorado, at a dinner in Denver, said apropos of Sabbath breaking:  
"I was talking to an eastern clergyman the other day about his church attendance."  
"I suppose," I said, "that in your district rain affects the attendance considerably."  
"He smiled faintly. 'Indeed, yes,' he said. 'I hardly have a vacant seat when it is too wet for golf or motor-ing.'"

**A Reproof.**  
"Did you not have your nails polished by a blond lady on Tuesday morning?" asked the attorney.  
"I decline to answer," said the witness.  
"Did you not have your hands massaged by the same blond lady Wednesday afternoon?" persisted the lawyer.  
"I decline to answer," again said the witness.  
"Did you not have your nails polished by the same blond lady on Thursday?" inquired the lawyer.  
"I decline to answer," declared the witness once more.  
"But why do you refuse to answer?" interposed the court.  
"Because he asks too manious questions," stated the witness and immediately fell from the chair in a faint—Judge.

## Get in on the Ground Floor of the Best Dividend-Paying Proposition in Western Canada.

Within one year the Stock of this Corporation will be selling at a handsome premium. Then it will be too late to buy. The experience of every industry has been that the time to buy its stock is in the embryo state before a wheel has been turned. We have been granted the water rights of Rainey River, and hope to have the first unit of our plant in operation for the manufacture of paper within four months. When complete this modern mill will have a weekly capacity of 180 tons of newspaper and 270 tons of wrapping.

We now offer the balance of our first allotment of Preferred Stock in blocks of 100 shares at \$1.00 per share. This stock is entitled to an annual dividend of 7 per cent., commencing November 1st, 1908. The 7 per cent. is due and payable before any dividend is paid upon the Common Stock. After 7 per cent. has been paid upon the Preferred and Common, thereafter both stocks participate equally. There is no good reason why the Preferred stock should not pay from 30 to 50 per cent. dividends.

### SPECIAL NOTICE

Hereafter all subscriptions for first allotment shares will be accepted only upon a pro rata distribution basis. Notice will be given in the immediate future of the exact date of the closing of the subscriptions for the first allotment of Preferred Stock.

One of the most necessary industries of Western Canada is that of the manufacture of wood pulp and paper—every year hundreds of carloads of paper are annually secured from the eastern provinces at from \$10.00 to \$18.00 freight rate per ton. Why should we not manufacture this great amount of goods at home instead of importing it, thus giving work to our own people and building up our own Province? The future of Western Canada depends upon the development of its manufacturing industries. The directors who are sending their energies in the establishment of this great and useful industry are all well known business men of Vancouver who have subscribed liberally to the stock in order to make this a distinctly British Columbia enterprise.

Remember—There is no watered stock, no inflated values or huge promoters' profits in the enterprise. Unlike most corporations, instead of allowing from 15 to 25 per cent. for advertising and sale of stock, the entire commission, brokerage and office expenses and sale of stock is limited to 10 per cent.

The public are cordially invited to visit our demonstrating plant, 313 Cordova street, and witness the manufacture of pulp and paper from refuse material, such as slabs, discarded shingle bolts, etc., that is now being burned at the local mills.

Owing to the demand for first allotment subscription, the offices of the company, 313 Cordova street, will be open Saturday evening until 9 o'clock.

### LAND REGISTRY ACT.

Re northeast half of lot 2, block 25, New Westminster City.

Whereas proof of the loss of certificate of title number 4085A, issued in the name of Emily Moore Dobbie, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,  
District Registrar of Titles,  
Land Registry Office, New Westminster, B. C., January 4th, 1907.

### LAND REGISTRY ACT.

Take notice that an application has been made to register M. W. Minthorne as the owner in fee simple, under a tax sale deed from the mayor and treasurer of the city of New Westminster, to M. W. Minthorne, bearing date the 10th day of February, A.D. 1904, of all and singular that certain parcel or tract of land and premises situate, lying and being in the city of New Westminster, in the province of British Columbia, more particularly known and described as: Subdivision 5 of block "A" of the middle acre of the south half of the south half of lot 6, suburban block 12, map 566.

You and each of you are required to

contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register M. W. Minthorne as owner thereof in fee. And I hereby direct that publication of this notice for thirty days in a daily newspaper published at New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, province of British Columbia, this 22nd day of January, A.D. 1908.

C. S. KEITH,  
District Registrar.

To Louis R. Bayne.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

## PICTURE OF CHRIST AS CURE FOR INSANE

Peculiar Experiment Being Tried by Experts on Mental Diseases.

Massillon O., Jan. 29.—The physicians at the State Hospital for the Insane today tried the experiment of exhibiting to the patients a big painting of Christ Illuminated by electric lights. It is believed that by thus concentrating the attention of the insane upon this picture a beneficial effect will be produced and may result in their recovery.

The experiment was made today at the religious services. A big picture entitled "Christ Knocking at the Door," a copy of Hofmann's masterpiece painted by H. Birkenstock, of Mount Vernon, N. Y., was placed in the chapel, with a battery of electric lights, ready to be concentrated upon it. After some religious music of an impressive character the lights were suddenly turned on to the painting. The insane were evidently impressed. They stared at the picture long.

The lights were then turned out, and after more music the process was repeated. Many of the patients, recognizing the subject of the painting, raised their hands in supplication toward it, and some fell on their knees and wept.

The physicians at the hospital were well satisfied with the experiment. They believe that in the cases of some of the patients the effect has been most beneficial.

## Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at the Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required real-estate duties by living on farming and owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming and owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent of the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

"DOT" MARPOLE  
MEETS AWFUL DEATHWell Known Young Man is  
Cremated in Burning of  
Residence—Wife Absent.Spence's Bridge, B. C., Jan. 29.—  
In a fire which destroyed his house  
last night, near Dot station on the  
Nicola branch, D. P. Marpole, son of  
C. P. R. Executive Agent R. Marpole,  
was burned to death and a hired man  
had a narrow escape.The ranch is a considerable distance  
from any other house and the fire  
was not discovered until the flames  
had got complete control. Neighbors  
who hurried to the scene found it im-  
possible to enter the burning build-  
ing.The house is situated on the Mar-  
pole ranch, about a quarter of a mile  
from the railroad and was before the  
advent of the railway known as the  
"Twenty-two House," being that dis-  
tance from Spence's Bridge on the  
main road. It was a two storey struc-  
ture with a kitchen built on as an  
annex.The direct cause of the fire is not  
known, but it is supposed to have  
started by the overheating of a stove.  
The hired man, before escaping in his  
night clothes gave the alarm to Mr.  
Marpole, but the latter was caught by  
the flames and unable to escape from  
the burning building.The charred remains of the unfor-  
tunate man were found at 10 o'clock  
this morning in the burned ruins of  
his home. The remains were found  
where the pantry was and it is sur-  
mised that being overcome with smoke  
the flames forced him into this room  
from which there was no escape.The coroner will reach Dot this af-  
ternoon and hold an inquest if neces-  
sary. The remains will be brought to  
Spence's Bridge and taken to Kam-  
loops on No. 96 tonight.Mrs. D. P. Marpole, her two child-  
ren and her mother only left on yes-  
terday's train for a visit to Kamloops.THE GREAT NORTHERN  
ABSORBS BRANCHESSeattle, Jan. 29.—In carrying out  
the plans of the Great Northern to  
absorb into the main company the  
holdings of subsidiary companies, all  
of the property owned by the Seattle  
& Montana railway was transferred  
yesterday. The deed filed yesterday  
shows the formal transfer to the  
Great Northern of the coast line to  
Vancouver, the Anacortes and Rock-  
port, Madison, the Bellevue & Yukon  
branch, all the Seattle & Montana in-  
terest in the King street passenger  
station and other terminal property in  
Seattle. The consideration was \$13-  
002,770.31.VOTE HONORARIUM  
TO JOHN MITCHELLIndianapolis, Ind., Jan. 29.—The con-  
vention of the United Mine Workers  
of America yesterday unanimously  
voted President Mitchell six months' pay  
with all expenses including medi-  
cal attendance. Mr. Mitchell has an-  
nounced that he intends to take a long  
vacation to endeavor to recover his  
health.Resolutions presented by the social-  
ists were promptly voted down. They  
were similar to those presented to  
the convention last year.

## Jap Waiters Dismissed.

Revelstoke, Jan. 29.—The C. P. R.  
hotel at Field has dispensed with the  
services of the Japanese waiters who  
for some time have been irritant to  
the labor classes and now has a force  
of skilled white men attending to the  
tables. The management of the hotel  
states that the white waiters give  
much better satisfaction than did the  
yellow ones, as they understand the  
wants of the guests much better than  
the celestials and also are much more  
attentive.IS IT A
