ENGINEER LE BARON PAID BIG SALARY

Expert Coming to Advise on Channel Deepening Scheme Commands $100 a Day.

Engineer Le Baron, who has been engaged to make a preliminary survey and inspection of the Fraser river from this city to the mouth for the purpose of ascertaining the cost of deepening the water channel in order to facilitate the coming of large vessels up the Fraser, will reach this city from the east tomorrow afternoon and will on Monday, in company with Mayor Keary, D. S. Curtis, W. R. Gilley and A. E. White, secretary of the board of trade, who were appointed a committee to look into the deepening of the channel proposition, take a trip down the Fraser on one of the government boats.

A special meeting of the committee will be held this morning when plans in connection with the work will be perfected. It is expected that Mr. Le Baron will be in New Westminster for only about a week, as he has other pressing engagements claiming his attention. He is said to be one of the highest paid engineers in his particular line, receiving a remuneration of almost $100 a day, travelling expenses and transportation to and from his home town.

FRANCE COMPLAINS OF UNFAIR TREATMENT

Paris, Jan. 17.—The Temps yesterday published a pointed editorial article complaining that Japan is not treating France fairly in the matter of distribution of her foreign orders for industrial and war material. Although two Japanese loans aggregating $115,000,000 have been placed in France, since the peace of Portsmouth and the negotiation of the recent entente, not a single order has been received by French manufacturers, whereas during the years 1906-07 Japan spent $12,000,000 in England for cruisers; $23,600,000 in Germany for field guns and war material, and $24,000,000 in the United States for machinery, ships and railroad material.

A basket social, concert and dance will be held in St. George's hall on Tuesday evening of next week under the auspices of Uniform Rank, K. of P., assisted by Company 4, which will come over from Vancouver for the purpose of taking part in the festivities. The Vancouver contingent, 150 strong and including many ladies, will reach here shortly after 8 o'clock in two special B. C. E. R. cars, proceeding direct to the hall. P. G. C. Alex. Ferguson will act as master of ceremonies, while among those who will take part in the program will be: Miss Laird, Miss Woods, Miss Spring, Mr. Emrey and Mr. Christie. The baskets will be auctioned off by Semplin Miller, of Vancouver. The money realized will be used in an effort to capture the $500 prize offered to the company travelling the longest distance before reaching Boston on the occasion of the big reunion of K. P. knights to be held there in a few months time.

A meeting of the young girls connected with the recently formed Children's Ward Supporting society will be held this afternoon at the residence of Miss Grace Wintemute. A meeting of the executive committee was held yesterday afternoon, when plans for today's work were laid out.

ASSETS WERE SOLD TO PREVENT A DEFICIT

Victoria, Jan. 17.—The analysis of public accounts presented yesterday shows that had it not been for the sale of Point Grey lands and timber speculation, the government would have had a deficit. The surplus was created entirely by the sale of assets. Land sales show half a million increase and timber licenses of over a million, make up the surplus of a million and a half. In face of the sale of land and property has fallen $40,000, the mineral tax $10,000, while all items not connected with the sale of assets show very slight improvement or some loss on the previous year. It is understood the government will increase the sessional indemnity to $1200 and ministers' salaries to $6000.

IMPORTED CLERK IS SENT BACK TO SCOTLAND

Tacoma, Jan. 16.—Found by the immigration department to have come to this country under contract to take a position as clerk and thus to come under the provisions of the contract law, J. W. Watson, bookkeeper for the B. and R. Wilson Company, has been ordered deported to Scotland.

Watson's case is an unusual one. He was hired by Wilson & Co., in Scotland, on contract made by which he agreed to work for $80 a month and his fare paid to this country. After his arrival here, a complimentary newspaper notice of his coming which mentioned that he had been hired in Scotland by the company, fell into the hands of the immigration department at Washington. The department immediately ordered his arrest.

His attorneys showed that Watson's work was of a very technical character, requiring a high order of skill, and pleaded that he be given immunity from the contract labor law. But Secretary Straus decided that there must be a showing that reasonable efforts had been made to get a bookkeeper here, without success, before Watson was sent for. This could not be done, but on the contrary it came out that a bookkeeper to whom the company was paying $100 a month was discharged about the time Watson arrived, and Watson took his place.

AIRSHIP PROPOSITION GOES UP IN THE AIR

San Francisco, Jan. 17.—The Examiner today says that acting on the complaint of several hundred stockholders, federal officials have started an investigation into the affairs of the National Airship company. Sales of stock amounting to about $250,000 have been made.

The National Airship company has been doing business in this city for some time. It promised stockholders that a line of airships would be operated between Portland and San Francisco by April 1.

CITY OFFICIALS DISCUSS UNEMPLOYED PROBLEM

Seattle, Jan. 17.—Mayor Moore, City Engineer Thomson and Street Superintendent Maloney held a conference yesterday afternoon for the purpose of trying to arrive at a solution of the unemployed problem on the basis of providing work on local improvements, the idea being to give work to the maximum number of men and at the same time ensure that the improvement was a necessity and of permanent value.

Owing to the lack of funds in the city treasury at present and the fact that local improvement bonds are difficult to negotiate the situation is a hard one to meet. No definite program was arranged yesterday.

A special meeting of the board of school trustees was held yesterday evening for the purpose of appointing a teacher to take over the duties of principal's assistant at the high school, efforts having been made in this direction for some time past. Mr. Brown, at present of the Vancouver high school staff, will commence his duties in this capacity on Monday morning. For several weeks past the trustees had been in communication with the Western Teachers' association bureau, of Winnipeg, with a view to securing a teacher to fill the vacancy, but although replies were received from several competent men, no final understanding could be reached.

Newton R. Brown, one of the trustees of the local lodge of the Royal Templars of Temperance, gives an emphatic denial to the story circulated to the effect that the R. T. of T. contemplate changing their headquarters from the I. O. O. F. hall on account of the rental having been raised. Relations between George Adams, the proprietor, and the Templars have in no way been affected by the change, the trustees, after consultation with Mr. Adams, reaching the decision that the rental charged was not exhorbitant, and only to be expected on account of the general increase of rents throughout the city.

PHONE IMPROVEMENTS OUTLINED BY G.H. HALSE

Local System to Be Equipped with Underground Conduits—3,000 Instruments.

"We expect the New Westminster telephone building to be completed by May; when that it done, with a permanent headquarters to start from, we will proceed with underground construction and gradually reorganize the entire system in your city."

This statement, fraught with so much importance to the people of New Westminster, was made yesterday to a Daily News reporter by George H. Halse, secretary of the B. C. Telephone company, in the latter's private office in Vancouver.

The plans of the telephone company, as told to the News man, include the installation of sufficient switchboards to accommodate 1000 subscribers and the operating room will be built to permit of equipment for 3000 instruments, ample to provide for the growing demands of the city for some time to come. "And for this," added Mr. Halse, with a smile, "the growth of New Westminster during the past year is to blame."

The plans contemplate the ultimate placing of all wires underground in conduits. A plan is being prepared by R. G. Roach, manager of the local office, showing the location of all points in the city where the telephone wires are in such close proximity to the electric light wires as to be liable to induction, with a view to remedying this evil, the cause of the aggravating buzzing noises, at the earliest opportunity. One result of this action will be the removal of those poles which are now used for telephone purposes only. The switchboards for the system will be of the multiple type, that is, that instead of the operators having to call across the room for a number to be given on another board, the connections will be made direct, with a consequent saving of time. A further possibility is that the present manual system may be replaced by the central energy, as in Vancouver, this central being called automatically by the removal of the receiver from the hook, without ringing. This matter is now under consideration by the directors of the company. "We will, however, certainly give to New Westminster the equipment which we believe to be best suited to the requirements of the city, for it is to our own interests to provide the best possible service," concluded Mr. Halse.

Speaking of the long distance service, Mr. Halse stated that the company's intention was to establish direct connection between the instruments of this city and Vancouver, so that after the change is made there will be no occasion to call for long distance, the connection being made direct from the local exchange.

Mr. Halse gave the reporter a cordial welcome, showing him and Mr. Clow, the local architect and designer of the new building, over the splendid central building in Vancouver. The New Westminster exchange, he stated, would be modelled largely on the same lines and would be second to none in any city of its size west of Toronto. The new building will have two stories and basement, will be constructed of pressed brick, and will have a neat exterior appearance. Every effort will be made to provide for the comfort of the operators, although they will not likely be supplied with a sitting room and library as in the headquarters at Vancouver, where 85 girls are employed. The basement will be used for the machinery; the first floor, approached by a flight of granite steps, will accommodate the offices and retiring rooms of the operators, with the whole west side an extensive operating room. The building will be practically fireproof.

Enforce Quarantine.

Port Townsend, Jan. 17.—A revolt by residents of Port Ludlow against regulations of quarantine of diphtheria today required the sending of a deputy sheriff to the village to require the enforcement of the law. Reports received here state that one death has resulted from the disease and that several cases now exist.

Gunnison, Colo., Jan. 17.—"Aunt" Sarah Bryant, a colored woman, 125 years old, died here today. She was born a slave in Missouri and had lived in Gunnison twenty-five years.

LABOR CANDIDATE NOT YET IN EVIDENCE

Workers Postpone Naming of Representative in Coming Dominion Election.

No candidate was named at the meeting last night of the local Canadian labor party to contest this constituency in the forthcoming Dominion election, although the matter was discussed at some length. The choice of a candidate will not be made known for some time to come, the party desiring to become better organized before showing its hand. A committee was appointed to represent the labor party at meetings of the city council, while another committee, consisting of S. G. Tidy and Mr. Carney was named to scan the voters' lists in order make sure that all adherents of the cause of labor were among those entitled to vote at all future elections. While discussing elections, Thomas Turnbull remarked that the names of all persons paying school taxes should be placed on the voters' lists without it being necessary for them to personally register. The audience coincided with Mr. Turnbull's remarks in this respect.

Ed. Goulet in the course of a speech referred to his long association with organized labor, and expressed it as his opinion that if the party maintained a good lobbyist at Ottawa and another at Victoria, more good would be accomplished than by placing a candidate in the field for federal honors.

A lengthy resolution, moved by Thomas Turnbull and seconded by V. Johndro, dealing with immigration was passed by the meeting. Copies will be forwarded to the Hon. Frank Oliver, minister of the interior, the president of all trades and labor councils, and to the Dominion trades congress.

The resolution refers to certain high officials using their position for the purpose of increasing competition among working men in the middle west and in British Columbia, condemns the provincial government for having entered into an agreement with the Salvation Army for the bringing over of a large number of settlers, states that the action of the government is taken at the request of capitalists desiring to flood the country with workers in order to maintain a bare living wage, complains that the government does not intend to make any statutory enactment as regards a minimum wage scale, and emphatically protests against all these grievances.

CUTTERS SEEK FOR WRECKED HARTFIELD

American Boats Scour Pacific Coast in Search of British Ship Reported Lost

Vancouver, Jan. 17.—Whether the British ship Hartfield, Capt. Sanderson, has been wrecked on the west coast of Vancouver island, will probably be determined by the United States revenue cutters Perry and Thetis, which left Seattle last night to search the coast line.

The discovery of pieces of lifeboats, cabin fittings and other material from the Hartfield on the west coast has caused great anxiety for the fate of the ship. It is possible that the wreckage was washed from the deck of the ship during a hurricane and that she may be still afloat. In the event of disaster having overtaken the craft, the crews of the revenue cutters will undoubtedly discover more wreckage than that found to date.

The Hartfield sailed from Liverpool last fall with general cargo for Valparaiso, after discharging which she sailed in ballast for Puget sound, leaving the Chilean port on October 28. She carried a crew of thirty men, and it is believed the wife and child of the captain were on board.

Shingle Mill to Resume.

Bellingham, Jan. 17.—Operations in the N. Jerns mill at Silver Beach will be resumed Monday, according to a statement made by Jerns this afternoon. The Jerns mill employs about twelve men.

ELECTION RETURNS IN B. C. CITIES AND TOWNS

Victoria, Jan. 17.—Dr. Hall was elected mayor of Victoria yesterday, with 147 majority over Mayor Morley.

The civic election was one of the most exciting in the history of the city. The vote, however, was not a large one, only 3600 votes having been cast. The results show that the citizen progressive ticket has won a majority of the seats, including that of the mayor. The results in the wards were: No. 1, Mable and Norman, both progressives; No. 2, R. Hall (progressive), Meston, re-elected; No. 3, Gleason and Fullerton, both re-elected; No. 4, Pauline and McKeown, progressives; No. 5, Cameron and Henderson, both progressives.

Nanaimo, Jan. 17.—Mayor Planta was re-elected yesterday with a majority of 152.

Aldermen—Middle ward, R. Booth, E. Shepherd, F. Busby; north ward, D. J. Dalley, C. D. Barlow, W. Kirkham; south ward, Chas. Wilson, C. Cavalsky, H. McRae.

School trustees—J. Marer, J. R. McKenzie.

Nelson, Jan. 17.—Mayor, S. S. Taylor (acclamation); aldermen, Hale, Kerr, Procter, McMorris, Patenaude, Steed.

Revelstoke, Jan. 17.—Mayor, C. F. Lindmark, four majority; aldermen, ward 1, W. A. Foote and J. J. Woodland; ward 2, George S. McCarter and R. H. Sawyer; ward 3, J. A. Stone and W. W. Lefeaux.

Phoenix, Jan. 17.—D. J. Matheson won in the mayoralty contest here yesterday, over George W. Rumberger, by a majority of 38, the total vote cast being 218.

The Matheson ticket won also in both wards for aldermen. The successful candidates are: L. Y. Birnse, Francis Knott, Robert Carson, W. J. Porter, A. D. McKenzie and T. Philbiner.

The result is an endorsement of the administration of Mayor Matheson for the last year. The "lid" has been clamped down since he was elected last January.

Kamloops, Jan. 17.—Mayor, J. T. Robinson; aldermen, A. Noble, A. C. Taylor, J. R. McNab, R. Bayntun, Hedley Miller and J. H. Wilson.

Cranbrook, Jan. 17.—Mayor, J. P. Fink; aldermen, P. Devere Hunt, James Henderson, Joseph Jackson, V. Hyde Baker, James Ryan and George Johnson.

Vernon, Jan. 17.—Mayor R. W. Timmins; aldermen, C. F. Costerton, H. W. Knight, A. Leishman, W. Glover and J. Speer; school trustees, T. J. Cummiskey and E. Harris.

Grand Forks, Jan. 17.—Aldermen, Fred Clark, James McArdle, G. W. Rutherford, Frank Miller, P. T. McCallum and H. E. Woodland; school trustees, A. A. Dinsmore and H. C. Hannington. In future the mayor is to be paid.

Kelowna, Jan. 17.—Mayor, D. W. Sutherland; aldermen, F. M. Buckland, Doctor Gaddes, T. W. Stirling, F. R. E. Dehart and J. Curtis.

Rugby-Lacrosse Teams Clash.

This afternoon the rugby boys will meet the lacrosse team on the Moody square grounds. The fifteens as they will line up for the kick-off are:

Lacrosse men—W. Turnbull, full back; Len Turnbull, Pat Feeney, Sandy Gray and Bert Henry, three-quarter backs; C. D. Peele, Cliff Spring, half backs; T. Gifford, J. Gifford, T. Rennie, G. Rennie, B. Marshall and C. Galbraith, forwards.

Rugby team—Myers, full back; Russell, Marcon, Sutherland, Hoult, three-quarters; Davis (capt.) and Stewart, Halves; Lambert, Leamy, Peele, Burwash, Bilodeau, Baker, Motherwell and Harrison, forwards. The game will be refereed by J. F. McGuire, of Vancouver.

Cholera in Philippines.

Washington, Jan. 17.—Some uneasiness was created at the war department today by the receipt of a report by cable at the army headquarters at Manila that Asiatic cholera had made its appearance on the island of Mindanao. According to the report one soldier has died from this disease.

SECOND SURVEY SHOWS ENGINEER'S MISTAKE

Legislative Library.

Trench 900 Feet Long is Dug in Wrong Place, at Cost of $400.

"I think that the sooner we get a city engineer the better." The speaker was Ald. Gray and the occasion a debate in committee of the whole at the city hall last night. The remark of Ald. Gray was the outcome of a report with respect to the laying out of the pipe line through the brickyard at Queen's park owned by Mr. Coghlin. The city, acting on the report of the engineer, A. J. Hill, informed Mr. Coghlin that his sheds were on the road and notified him to have them removed. The ditch was dug from either side of the boundary of the brickyard, a distance in all of 900 feet, at an estimated cost of $400. Mr. Coghlin disputed the accuracy of the survey, and Mr. Hill had another survey made from Seventh avenue to verify the result. This survey shows that the brickyard is not on the street, and that the ditch is some 33 feet from the road.

It was stated that the city solicitor advocated the redigging of the ditch in the proper location rather than attempting to make a settlement with Mr. Coghlin for a right of way through his property. The committee decided to ask Mr. Hill for an explanation of the occurrence before taking further action in the matter.

A request came before the committee from Gowan MacGowan, for a rebate of the license of the opera house. The committee recommended that the request be refused, Ald. Fader speaking to the motion, declared that if an opera house in a city of the size of New Westminster could not be put in good enough shape to pay the license of $100 per year, it had better close its doors.

The general superintendent of the Imperial Oil company, replying to a request that the company remove all dangerous and inflammable material from their premises at the foot of Twelfth street, stated that the intention was to allow only lubricating oil, grease and candles to remain. The committee recommended that the communication be filed.

Lee Coy again came into the lime light with a brand new letter to the council. He was understood to have accepted $25 for his old shack at the corner of Twelfth stret and Royal avenue, which the city propose to destroy on account of its unsanitary condition. Lee now comes forward with an offer to sell for $50 if the amount is paid within a week. Lee claims that the whitewashing of the building, his idea of making it sanitary, cost him the amount asked. The committee failed to see it that way and left the matter in the hands of the chairman of the health committee, Ald. Fader and Mayor Keary, to deal with.

The mayor was absent owing to a severe attack of neuralgia, and his place at the head of the table was taken by Ald. Shiles. The meeting was the first of the regular Friday evening sessions decided upon at the last council.

G. H. Westcott, of Blaine, says the failure of the Exchange bank at Blaine will not injure that community to any extent, as it was a small private institution with but several thousand dollars of deposits on hand. Mr. Westcott will bring an action today asking for a receiver for the concern.

SUBSIDIZING SHIPS IS COSTLY IN NEWFOUNDLAND

St. John, Nfld., Jan. 17.—Railroad Contractor Reid, promoter of the Reid Newfoundland company, has filed a claim for $1,250,000 damages against the Newfoundland government. Mr. Reid claims the government subsidized a line of steamers competing with one of his lines, which had been in operation for several years. The litigation between Reid and the Newfoundland government has existed for some time, due to disagreements over contracts. Reid has already obtained several millions of dollars from the colony as damages, due to the government amending a railway contract made with him in 1898. The contractor has also a claim of $550,000 against the government for rolling stock furnished.

STEAMER WILL RIVAL PRINCESS VICTORIA

New Boat Will be in Commission Early Next Year - Building on Clyde.

Victoria, Jan. 17.—Mail advices received state that the new C. P. R. steamship being built on the Clyde to alternate with the Princess Victoria is in frame at the Fairfield yards on the Clyde. It is expected that she will be completed by next fall and will reach Vancouver in about one year, coming around Cape Horn.

The new vessel will be the best of her class, exceeding the Princess Victoria in point of speed, accommodation and equipment.

She will be in commission at the beginning of 1909, when travel between Victoria, Vancouver and Seattle is expected to assume record proportions owing to the Alaska-Yukon-Pacific exposition to take place at Seattle during the summer of next year. The steamer being built by the Fairfield yards will have an average speed of 22 knots, and will have six large boilers with three smoke stacks as has the Princess Victoria. The design differs somewhat from that of the steamer now in service. The main passenger deck is carried clear to the bow forward and the upper tier of staterooms, broken at the end of the smokingrooms on the Princess Victoria, is carried clear to the stern. There will be a similar gallery aft on the new steamer as well as that forward from which the upper staterooms will look into the saloon. The dining room is lighted with large square ports similar to those of the Princess Royal.

LITERARY SOCIETY ELECTS OFFICERS

Columbian College a Busy Hive — Conversazione on February 7.

The semi-annual business meeting of the College Literary society for the election of officers was held yesterday afternoon. The following were the officers chosen: President, Rev. Mr. Ewing; first vice-president, William Mowat; second vice-president, Miss Edith McBride; secretary, Miss Laura Watson; treasurer, Miss Woodman. The staff for the "Lux Columbian, the college paper, was also appointed at the meeting. Those given places on it were: Editor-in-chief, Rev. Mr. Nixon; literary, Miss Bertha Thompson; locals, Miss T. Kerr and P. Turner; athletics, William Meyers; religious, Rev. Mr. Thompson; business manager, Mr. Fallis; assistant business managers, Charles Watson and Herbert Watson.

The soccer game between Columbian and the Vancouver high school, scheduled for today has been cancelled by the Vancouver team.

The number of basketball fanatics at the college has increased to such an extent that five teams are now formed and more are being arranged for. Gymnasium classes were not held during the first week of school term, but have been started with renewed vigor this week. A harrier's club was organized this week and runs were held each evening after gymn classes.

The program is nearly completed for the public opening on Tuesday evening, the 22nd inst., of the new gymn. Besides the drill of a picked squad from the Vancouver Y. M. C. A. there will be a junior basketball match between the college and the Y. M. C. A. and also several other athletic contests, which are not as yet definitely settled on. By next Tuesday all the baths will be installed in the gym. and everything else possible done to make it fully complete.

The annual conversazione of the college will take place on February 7, preparations already being under way. way.

Great Exhibition Expected.

Calgary, Jan. 17.—The Calgary Exhibition company tendered a banquet last night to the board of directors, the city council and the school trustees, over sixty being present. Manager Richardson, of the Dominion fair, gave details of progress in entries made up to the present time, the prospects for a successful exhibition having far surpassed most sanguine expectations.

SATURDAY, JAN. 18. 1908.

ETHICS IN ADVERTISING.

The question often arises as to whether the press is ethically right in admitting to its advertising columns announcements with which it has no editorial sympathy, and which, in justice to its readers, it may be called upon to openly oppose. A case in point occurred with the press of this city this week, in which a good round sum was offered to advertise that which we considered detrimental to the city's best interests. It would have been lawful advertising but we considered it undesirable. True it is not the province of a newspaper to guarantee the goods advertised; the quality and value must be left to the intelligence and responsible discrimination of the purchaser. It is likewise true that a newspaper is morally bound to protect its readers against fraud or apparent fraud. The press also owes a duty to the trade interests of its home town and have a right to protect against unfair competition while on the other hand the press should receive the hearty support of the constituency in which it publishes. We will never get larger stores or larger newspapers as long as the public follow the suicidal policy of fattening the large wealthy concerns of the larger neighbor city.

THEORY VERSUS FACT.

It is refreshing sometimes when a rabid political newspaper ceases for a day its reviling of its political opponents and takes time to discuss the affairs of the country from a business standpoint. Then the blue spectacles of the political pessimist have to be discarded and the newspaper's readers get an opportunity of learning that after all things are not as bad as they are pictured on the other 312 days of the year.

Such an opportunity was afforded to the readers of the Halifax Herald on Tuesday last. Probably no newspaper in this country has been more violent in its attacks upon the Laurier government for having "caused the business depression," for having conducted the affairs of the country without regard to business principles, and for generally having produced a paralysis of the wheels of industry. The Herald was especially virulent during the recent bye-election in Colchester; but even when there has been no bye-election in sight it has daily preached blue ruin and commercial stagnation.

Yet when it comes to review the progress of Nova Scotia during 1907 what is the result? An admission that the province and its people were never in a more prosperous condition. We are told that "The past year in Windsor has in almost every department of trade been prosperous."

The people of Lunenburg have much cause for being well satisfied with the outcome of the year just closed. Never before have the fishermen, both the shore and deep sea toilers, been so well repaid for their hardy and arduous operations on the deep. The town has made steady progression and the year 1907 will long be remembered as a banner one in its history."

"The general prosperity which has been so pronounced during the past few years over the Dominion of Canada has been generously shared by the town of Yarmouth, and especially so during the year 1907."

"The past twelve months have brought to the people of the town and county of Digby a measure of prosperity no less than that of the previous year. As to the general conditions of the principal industries—fishing, farming and lumbering—it may be said the former has had a banner year, both as regards prices and quantity of catch; the second shows an improvement, in point of value at least, over 1906."

"For the important district of which Wolfville is the natural commercial centre, the year 1907 has been marked by great prosperity."

"So far as New Glasgow is concerned, the report is "Progress and Prosperity."

So far the reports have been by business men of business conditions. But the Herald did not stop there. It published the following from Mr. Charles E. Tanner:

"Every one knows that our own country, Canada, being a partner in the world's business, must always be affected in a measure by the rise and fall of the world's commercial tide. But sound underlying conditions, we are proud to know, give us power to minimize the attacks of depression. Blessed with a wide-spreading and fruitful land, unmeasured natural resources, and an industrious and cap able population, we have good reason for the confident strength that animates Canadians."

Mr. Tanner is the leader of the small band of Conservatives in the Nova Scotia legislature. He presumably knows the condition of his province better than the Halifax Herald does on its political days; he certainly is a better authority than Hon. G. E. Foster when he speaks of the "pinch of poverty and hardship."

Homes That Corrupt Good Morals.

"Children do not take any stock in words, it's example that counts," said Mrs. Gordon, the evangelist, in speaking yesterday afternoon on "The Old-Fashioned Home." About 200 people gathered to the afternoon meeting, and listened most appreciatively to another splendid address.

"What have they seen in thy house," was the text chosen by the evangelist. "As the homes of our nation are in danger, the nation is in danger. The virtues cultivated in the family and the morals developed in the home are for the safety of the nation. A home is where we love and are loved in the largest sense of the word. The home should be the brightest place in the world, with song and prayer and love and sunshine. A gloomy home makes bad boys and bad girls, and they make bad men and bad women."

Heirs to $3,000,000.

Los Angeles, Jan. 17.—Frank Oppenheimer, a Santa Fe brakeman, residing in this city, and his sister, Miss Marie Oppenheimer, of Buffalo, N. Y., now here are heirs to a $3,000,000 estate left by their uncle, Jacob Oppenheimer, of New Zealand. Both Oppenheimer and his sister are orphans. The faimly formerly lived in Germany.

GERMANIZATION OF POLAND TO CONTINUE

Berlin, Jan. 17.—Chancellor Von Buelow spoke in the Prussian diet yesterday in support of the bill authorizing the government to enforce the sale to the so-called settlement lands in Prussian Poland, held by Poles, in order that Germans might be settled upon them with the aid of the state. The chancellor said that if the Germanization of Poland was to continue this measure must be adopted. It was a sharp weapon, but the situation in Poland requires it. In conclusion Prince Von Buelow thanked the National Liberals and the two Conservative parties for their support.

Sailors Desert for Lack of Soap.

Aberdeen Jan. 17.—The sailors on the German tramp steamer Germanicus have left the ship, having a number of grievances against Captain Berndt. Those who were the guests of the ship here remarked on the uncleanly appearance of the vessel, and especially those who saw the quarters occupied by the men, which was filthy in the extreme. One of the grievances the men had against the captain was that he would not allow them soap to keep their quarters clean.

Prices for the grand Scottish concert are 75c, 50c and 25c. **

This afternoon a championship soccer game will be played at Queen's park, when the victorious Rovers will again meet the North Vancouver team to which they administered a sound defeat last week. They expect to make the score even more decisive this time, facing the visitors with a stronger line-up than before. The team that will face the ball today will be the same that defeated the Thistles, with one exception, Craig who will play on the forward line in the place of Lockhart, who is stiff from his accident of two weeks ago. The following is the team: Barbaree, goal; Clark, Cunningham, full backs; Leamy, Turnbull, Fleming, halves; Watson, Craig, Fleming, Lock and Lumsden, forwards; Malins and Lockhart, spare. The game will be refereed by C. Campbell, of Vancouver. Kick-off at 2:30 o'clock.

The "Auto" cigar is becoming a favorite smoke. **

For sale, two cash registers, one safe; quick sale cheap. Apply "Safe," P. O. Box 693. **

The churches of the city, in these days of rapidly increasing population, are becoming taxed for accomodation. More particularly is this so in the case of the Methodist churches, this sect claiming the largest number of adherents in the city and all its buildings, three in number, are overtaxed. At Queens Avenue the accomodation is about 400, yet there are frequently over 500 present on Sundays, necessitating the use of the Sunday school chairs. The Sapperton church has accomodation for 150 only, and now finds it necessary to remove the partition and throw the Sunday school room into the auditorium; this will shortly be done and will increase the seating capacity by about 100. Plans for the further enlargement of the Queens Avenue church have been discussed and will possibly be acted on in the summer.

Don't miss the grand Scottish concert to be held by the Sons of Scotland on Burns' anniversary, January 27, in the opera house. **

BRITISH CANADIAN WOOD PULP & PAPER CO., Ltd.

313 Cordova St., Vancouver, B.C.

We have established the townsite of Port Mellon on Howe Sound, 25 miles from Vancouver, and secured the water rights of Rainy River, which is capable of developing from 2000 to 5000 horse power, for the location of our mammoth plant for the manufacture of news paper, building paper, wrapping paper, etc., the plant to have a capacity of 450 tons of finished paper per week; the company hope to have the pulp plant in operation by November 1, 1908.

WE NOW OFFER FOR SUBSCRIPTION THE BALANCE OF OUR FIRST ALLOTMENT OF PREFERRED STOCK IN BLOCKS OF 100 AT $100 PER SHARE; EACH 100 SHARES ENTITLED TO A BONUS OF 25 SHARES OF PREFERRED.

Special Notice

All applications for first allotment shares either for large or small blocks in order to be entitled to full allotment must be received by the British Columbia Trust Corporation, Vancouver, B. C., on or before the close of regular business, January 25, 1908.

The preferred stock is entitled to a dividend of 7 per cent. commencing November 1, 1908. The 7 per cent. dividend is due and payable before any dividend is paid upon the common stock. After 7 per cent. has been paid upon preferred both stocks thereafter participate equally. There is no good reason why the preferred should not pay from 25 to 50 per cent. dividends.

The books of the corporation are open at any time for the inspection of the general public. There is no watered stock, no inflated values, no ground-floor plan, or huge promoters' profits in the enterprise. Unlike most corporations, instead of allowing 15 to 25 per cent. for advertising and sale of stock, the entire commission, literature, newspaper advertising, brokerage, office expenses, etc., is limited to 10 per cent.

The public are cordially invited to visit our demonstrating plant, 313 Cordova street, and witness the manufacture of pulp and paper from refuse material, such as slabs, discarded shingle bolts, etc., that is now being burnt at the local mills.

Extracts of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at the Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent of the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

THIEVES' SLANG.

The Traveling Irish Tinkers and the Romany Rye.

The origin of the thieves' slang or cant? Well, I guess that's a thing that's buried in the mists of antiquity, as the scholars say. But I once read up on the subject, and they say the Irish are responsible—at least for its introduction into our language. There used to be men who traveled the roads of England known as Irish tinkers.

They were traveling machinists and did all sorts of repair work. They were a canny lot—sort of a labor union—they were the wisest men in England in their way. It was worth a man's life to break into their organization irregularly.

Along about 1530 the Romany Rye people—gypsies, they call them—came to England from the continent. They were wanderers like the tinkers, and naturally the two classes came together. The tinkers picked up a few words of the gypsy lingo.

The tinkers took to the jargon, added new words to it, and it became the language in a way of their class. Finally it drifted to the criminal element, and thus was born thieves' patter, flash, lingo, jargon or whatever you may call it.

The origin of many of the words is quite plain when one stops to study for a moment. Now, take the word "bull," which is used to distinguish a policeman in plain clothes. In the early days the roundsmen of London carried bullseye lanterns because of the unlighted condition of the streets. Roisterers could tell the approach of the roundsmen or constables by their lanterns. "There comes a bullseye!" was the natural cry.

This was contracted to "bull," and the appellation still sticks. Take the word "toy," which thieves use as the slang term for a watch. Years ago only the very rich could afford a watch because of the expense, and those who could not own a watch and therefore did not realize their usefulness called them "toys," as the rich were not supposed to purchase anything useful.

The word "Bible," to distinguish a pocketbook, comes from the fact that the Bible is the most respected of all books, and as thieves respect a well filled pocketbook above all things they designate it as a "Bible." So it is with most of the words.

American thieves are constantly inventing new slang terms and abandoning old expressions. Many cant words have been adopted as good English. They often have a pat quality that appeals to the mind and by constant usage are coined into the language of the realm.—Chicago Tribune.

ST. ANDREW'S CHURCH VERY PROSPEROUS

Record Established in Work Done During Past Year—Sessional Report.

The annual meeting of St. Andrew's congregation was held in the lecture room of the church on Wednesday evening. There was a large attendance of members, and adherents and hearty interest was taken in the deliberations of the evening. After devotional exercises T. J. Trapp was voted to the chair. S. Malcolmson acted as secretary.

The report of the session congratulated the congregation on the progress made during the year, commended the various organizations for the fidelity with which they pursued their several lines of work, and urged on all the members active co-operation in the work of the church.

The report showed that forty-two additions were made to the membership during the year, the present membership being 222. The session was asked to have the report printed and sent to every family in the congregation, including other matters that come before the meeting.

The year's work among the young people in the Sabbath school, Bible class, Young People's society and mission band was specially gratifying. Each reported increase in membership, in contributions, and in the work accomplished. To them is due largely the improvements made in the lecture room.

The Women's association has had a record year. There has been a large accession to their membership and they raised during the year the handsome sum of $911.63. Messrs. Peebles, Sinclair, Gray and others voiced the sentiments of the congregation in words of appreciation of the splendid work done by the ladies.

The Women's Missionary society has also increased in membership and nearly doubled their contributions to missions. A gratifying increase was reported by the mission collectors. The total amount given to missions this year being $439.60, an increase over last year of $172.60.

The treasurer's report showed a substantial increase in the ordinary revenue of the congregation, $3344.56 being the amount received, which, after deducting expenditure leaves a balance of $15.35 on the right side. The total revenue from all sources for the year was $4569.77.

By a unanimous and hearty vote the congregation decided to increase the pastor's salary $100, making it $1500, a manse and a month's holidays. Mr. Henderson thanked the congregation for this, another of many marks of kindness shown himself and Mrs. Henderson since he began his work here.

Messrs. T. Peebles, J. D. Kennedy and I. Hudson were elected to fill the place of the retiring managers.

The managers have under way certain improvements which will not be completed until about the first of February. The work will entail considerable expense, but the condition of the property, and the requirements of a rapidly growing congregation demands the outlay.

With the spirit of unity and lively interest that exists a rapidly growing membership, and steadily increasing revenue, the future outlook of the congregation is most hopeful, and the year is entered with fresh courage.

We consider this the best value of any **RANGE** in the market.
