## TITLE OF CITY PARKS SOON TO BE RECEIVED

### Hon. F. J. Fulton, Provincial Minister of Lands and Works, Writes to Council Respecting Proposed Improvements ---Many Reports Received---Invited to Rossland.

The civic slate was not a burdensome one last night, and the worthy aldermen left for their homes at the early hour of 10 o'clock. No matters out of the general routine nature came before the council and all were disposed of by formally referring them to the various committees for report. From the tone of a communication received from the chief commissioner of lands and works at Victoria, Hon. F. J. Fulton, the complete title to the city parks will shortly be transferred to the corporation. In his letter Mr. Fulton inquires how the improvements proposed would affect the section now occupied by the New Westminster club, which was desirous of being safeguarded in the enjoyment of its privileges, and he therefore wished to know if the city would be willing to give an undertaking to that effect before the final disposition was made. The communication was referred to the parks committee for report.

An invitation was read from Mayor McDonald, of Rossland, to the mayor and council of this city to attend the seventh annual winter carnival in that city to be held from February 4 to 8. The invitation was accepted, the mayor and all the aldermen who could do so to attend.

Miss Naomi Rolph wrote asking if the city would be willing to contribute a cot in the new children's ward in the Royal Columbian hospital, for use of a child whose parents would be unable to pay the expenses. The letter suggested that the cot be named the "Centennial cot." The letter was referred to the finance committee for report.

The honorary secretary of the Union of B. C. Municipalities wrote asking that the city send its full representation to the annual meeting at Nelson on Wednesday, February 26. He was also requested that the city send copies of any amendments they intend made to the municipal clauses. A special fare will be given to delegates and their wives.

**Union Wages Wanted.**

The secretary of the Carpenters' union wrote stating that a report was current that the city was employing carpenters on a shed for the waterworks department at a rate below the union scale. He desired to know if the report was correct. Referred to the water committee for report.

**A Site Wanted.**

Messrs. McNeil and Bird, on behalf of the Vulcan Iron Works, stated that they had purchased that business, and having sold the site on which it now stands, they desired to locate in the immediate future on some other property. For this reason the company now made application to purchase lot 35 on Lulu Island, 3.99 acres near the bridge. There had been talk of the property being reserved for a school site. They thought that it would be in the interests of the city to have the property used for manufacturing purposes, especially as the frontage was necessary. The writer asked that the property be included in the by-law authorizing the sale of Lulu Island lands, in order that the company might be enabled to secure the land at reasonable figures. Referred to the finance committee for report.

J. Goodwin wrote submitting an account for the clearing of Hamilton street at the same rate as he was doing the work of the new school site.

**Reports.**

A report of market returns for October was read, showing the amount received to be $245.50. The report was filed for reference.

The report of the city treasurer was read showing the receipts and disbursements for the year 1907. The report showed that the year opened with a balance of $16,325.21 in the Bank of Montreal to the city's credit. The disbursements during the year amounted to $86,709.84, the receipts were $263,-[illegible], thus leaving the city on December 31, 1907, with an overdraft at the bank of $6,415.08. The chief reason for the deficit was the large amount expended on public schools.

The report was received to be published in the usual manner.

The water committee reported that the matter of the error in the line of the ditch for the water main to the new reservoir through the land leased to J. Coughlan by the provincial government, had been satisfactorily arranged, Mr. Coughlan having expressed his willingness to permit the laying of the line through his property, providing that the ground be again levelled to its former condition and that rocks be replaced.

The city electrician's report for the year was read and referred partly to the finance committee and partly to the light committee. The number of new consumers for the past year was 289 and the total number of consumers to date 1218. The report reviewed the progress in the department during the year. It was ordered that the report be published.

The board of works submitted a lengthy report on a number of matters not of general interest, except for a report on the communication from the Settlers' association of B. C. regarding the condition of lot 29, block 5, corner of Queen's avenue and Twelfth street. The committee suggested representations be made to the company with a view to having the property filled up to the level of the surrounding streets, pointing out that the value of the property would be greatly enhanced thereby.

The fire committee reported that they recommended the granting of the request of the Imperial Oil company to store lubricating oil, grease and candles at their warehouse at the foot of Twelfth street, but not gasoline, naphtha or illuminating oil. Report adopted.

The health committee recommended the appointment of J. H. Mahony as plumbing inspector at $125 per month, duties to commence on February 1. Report adopted.

On recommendation of the police committee, the account of J. M. Aitcheson for $29 was ordered to be paid.

**Verbal Reports.**

Ald. Gray reported that Captain Rogers, of the suction dredge King Edward, had stated that he would be ready to commence work on the filling in of the vacant lots in the low portion of the city on Wednesday. Permission had been obtained to carry the pipes across the intervening properties and under the C. P. R. track. The result would be beneficial to the health of the city; some of the property owners affected had announced their intentions of assisting the city in the matter by paying their share of the cost. The report was adopted and power given Ald. Gray to deal with the matter in the future.

The by-law providing for a temporary loan of $75,279.80 in anticipation of the revenues for the year 1908 was finally passed and ordered for publication.

The plumbers and plumbing regulation by-law was ordered to be published and to come into effect after publication.

On motion of Aldermen Henley and Shiles it was resolved to call for tenders for crushed rock for the city.

## OPEN SHOP POLICY AT GOLDFIELD, NEV.

Goldfield, Nev., Jan. 27.—The Goldfield Mine Operator's association last night abolished the card system which required all employees to sign an agreement renouncing the Western Federation of Miners and declared an open shop policy. The resolution adopted stated that hereafter applicants for employment "shall only be required to satisfy the secretary of the association and the employer of their competency and reliability."

This action was determined upon, it is said, because the agreement which the men were required to sign was in conflict with the statutes of Nevada.

It is believed that there are fully one thousand federation men in the camp who will return to work under the new ruling.

## GAS PROPOSITION AGAIN IN FRONT

### Plant Proposed by Whiteside & Edmonds' Clients would Cost $35,000.

W. J. Whiteside, of the firm of Whiteside & Edmonds, barristers, acting on behalf of a firm who desire to manufacture gas in the city, last evening appeared to press their claims before the city council sitting in committee of the whole. Mr. Whiteside desired to know what the council was prepared to do in the matter. Mayor Keary replied by asking what the gas company was prepared to do, and the effect that the supplying of gas for lighting purposes would have on the city electric light.

Mr. Whiteside answered that the company was ready to go ahead with work immediately; all it required was a right-of-way on the city streets for the laying of pipes. He did not consider that the supplying of gas would interfere with the city electric light plant.

Ald. Jardine expressed himself in favor of allowing the company to come in. Ald. Gray stated that the people who were burning gas did not pay anything towards the cost of the street lights, while being equally benefitted.

Mr. Whiteside read a motion which he desired that the council to pass to the effect that the council would approve of the establishment of another gas works in the city and authorizing the submission of a by-law to the ratepayers providing for the laying of pipes through the city.

Ald. Jardine stated that for some time he had been thinking that it might be well for the city to take over the present gas plant and generate their own electric power, they only owning the fittings at present.

It was pointed out that the cost of new machinery in such a case would be about $35,000 and fuel would cost $12,000 yearly. Mayor Keary thought that the amount paid for the fuel would almost compensate for the amount at present paid for power, adding that the city had now the best lighting system on the coast.

Mr. Whiteside, in reply to the mayor, stated that he was in a position to give bona fides that the proposition would go through if authorized. Should the city desire to take over either the present plant or the proposed plant they had a by-law permitting such action. There would also be other industries in connection with the plant. The people whom he represented would be in the city, he expected, in about two weeks.

On motion of Ald. Gray the matter was laid over until Friday in order that the aldermen might better acquaint themselves with conditions affected by the proposed agreement.

## DIVORCED HUSBAND KEEPS EX-WIFE CLOSE PRISONER

Hoquiam, Jan. 27.—After being locked up in her home for two weeks with no company but that of her three small children, denied the right to have neighbors call, but forced to do the bidding of her divorced husband, Mrs. H. B. Hackett was today released by the local police and taken to Aberdeen, where she will reside with her relatives.

Hackett recently sued for a divorce and the decree was no sooner granted than he wanted his wife to remarry him. She refused and he has since kept her imprisoned in the house and under threat of death forced her from making any outcry or telling the neighbors.

The man is thought to be demented, as he has been guarding the house with a gun. The neighbors finally reported the case to the authorities.

## MAY ADMIT CATTLE FROM THE DOMINION

London, Jan. 27.—The Canadian Associated Press understands that the promoters of the movement for admitting Canadian cattle have been canvassing the members of the House of Commons during recess, and that about 200 have promised their support. A large number of the members will ballot for the bill on the subject.

## BIG BLAZE DOES DAMAGE IN CHICAGO

### Fireman Killed, Score of Persons Injured---Portland Business District Menaced

Chicago, Jan. 27.—One fireman supposed to have been killed, more than a score of others were injured and property valued at half a million was destroyed in a fire which devastated the Mayer building, a seven storey brick building, and the hotel Florence, 163 Adams street early today.

The fire broke out in the basement of the Mayer building and spread so rapidly that when the first detachment of firemen arrived, the first building was in flames. A strong north wind swept the flames to the adjacent hotel building and in a few moments the structure was a burning furnace. The walls and roofs of both structures collapsed about an hour later, carrying down with them an entire company of firemen. All except one, James Mullagher, on truck company No. 1, were rescued. His body is believed to be in the ruins.

Adjoining the burning structure on the east is the partially complete sixteen storey building of the Corn Exchange bank.

Portland, Me., Jan. 27.—A fire which several times threatened seriously to wipe out the business district of this city and which caused a damage estimated at over $800,000 before it was finally controlled, was kept confined to the block in which it started this morning, after almost ten hours' fighting by Portland's almost exhausted firemen, aided by men and apparatus from several outside cities and favored by a light rain and shifts of wind.

The fire started from an unknown cause in the wholesale dry goods house of Milliken, Cousins & Co., which is a branch of the large New York wholesale house of Deering, Milliken & Co., and it was in their half of the building that the greater part of the loss was sustained. Later, when the fire was thought to be under control, the other half of the building, occupied by A. F. Cox & Sons, was invaded by the flames, which had made their way through the roof and a wall simultaneously, and the $250,000 stock of boots and shoes was ruined.

The fire burned within a block of the scene of Friday's great conflagration, when the city hall and police buildings were destroyed. A remarkable feature of the fire was the entire absence of casualties.

**Jack London Safe.**

San Francisco, Jan. 26.—Jack London and wife arrived safely from Tahiti on the Mariposa today. He was supposed to have perished in the loss of his gasoline schooner.

## LACROSSE IN TACOMA POSSIBLE NEXT SEASON

Tacoma, Jan. 27.—There is talk of reviving lacrosse in this city. The members of the old Tacoma team which played in the league during the seasons of 1905 and 1906, have been holding little sessions at which the matter has been talked over and they have about concluded to organize again.

During the two seasons the local team played interest in the game was increasing with each game. The fast, gingery sport developed many fans who liked the game even better than baseball, and had the team not disbanded and the league had remained intact, the organization would now be a strong one, and the sport in big favor here.

The lacrosse league was then made up of teams from Tacoma, Seattle, Portland and Everett, and it is expected that all these cities would come in again. If it is impossible to get Portland, perhaps the vacancy could be filled with a team from Bellingham.

**Conscription in Australia.**

Melbourne, Jan. 27.—Public opinion is increasing in favor of the scheme of compulsory military service. Employers dread the dislocation of industry. Premier Deakin will open the campaign for the defence scheme in February.

## IMPEACHMENT RESOLUTION HAS BEEN POSTPONED

### McBride Informs Oliver That Terms of Latter's Motion Have Been Forwarded to Lieutenant Governor.

Victoria, B. C., Jan. 27.—(Special.)—Principally routine work was before the House today, a large amount of this being transacted. Owing to the absence of J. H. Hawthornthwaite, of Nanaimo, his impeachment resolution was not presented to the House, but will probably come up tomorrow.

When the bill enabling the government to discriminate in the assessing of railways was presented, J. A. Macdonald, leader of the opposition, spoke at some length, he objecting to the placing of that power in the hands of the lieutenant-governor-in-council, urging that this should be vested in the House.

John Oliver, Delta, had the satisfaction of hearing from the premier that the lieutenant-governor had been made acquainted with the terms of the motion presented by Mr. Oliver for all papers relating to the disallowance of the Natal act. After the premier had given this assurance, the motion was stood over until tomorrow.

### Deputation from Delta waits Upon Goverment to Solicit Aid in Building Westham Island Bridge.

Victoria, Jan. 27.—It has leaked out that Mr. Lindsay, managing director of the Crow's Nest Coal company, is making a big fight in the lobby against the proposed raising of the coal tax. The company believes it can escape on legal grounds the royalty of five cents which it has hitherto paid and does not look with favor on the attempt of the government to put matters exactly where they were by raising the tax from five to ten cents.

A deputation from Delta, headed by Reeve Paterson, today asked the government to build a bridge from the mainland to Westham island in place of the ferry service for which an appropriation was made last year. The bridge would cost about $15,000, the municipality promising to bear the expense of maintenance. The government promised favorable consideration. The deputation also asked for an appropriation in aid of the Delta dyking scheme, particularly that part exposed to the gulf. This will also be favorably considered.

## BRUNETTE IS SEEKING RESCINDING OF ORDER

### Mill Owners Declare Running of V. W. & Y. Line in Yards Unreasonable.

Ottawa, Jan. 27.—Two Vancouver cases were before the railway commission today. One was a consent judgment given in the matter of the extension of the V., W. & Y. proposed branch to False creek, empowering the city to construct a roadway alongside the railway and to build its line through the lumber company's yards.

The other application was from the Brunette Lumber company for a variation of the board's former order which empowered the V., W. & Y. to build its line through the company's yards.

The latter claims their consent to this step was obtained through misrepresentations, and that they were under the impression that they had no option but to agree to the railway's demands. Through Travers Lewis, K. C., they applied for a rescinding of the former order on the ground that the running of the line through their lumber piles would subject them to practically prohibitive insurance. Mr. Joseph Martin, K. C., contra. Judgment was reserved.

## MILK ON THIS COAST IS FAR FROM SATISFACTORY

Vancouver, Jan. 27.—The result of the examination of samples of milk by the federal inland revenue department last season has been received by the local health officials. The showing as far as British Columbia is concerned is far from satisfactory.

Thirty samples were taken by the local inspector, twenty-seven being from the dairies and vendors in Vancouver and three from New Westminster.

Of the thirty samples only sixteen were up to the required standard, an average of 53 per cent. Toronto was the only district in the Dominion which showed a lower percentage, its recording standing of 42 per cent. On summing up the results of the season's work is as follows:

"It thus appears that the districts of Toronto and Vancouver stand out prominently as those in which the milk is of very low quality."

In the entire Dominion 343 samples were taken of which 282 came up to the standard, an average of 82 per cent. Ottawa, Kingston, London and Calgary came out with every sample submitted meeting the requirements.

The two Chinamen let out on bail on Saturday on a charge of gambling failed to appear at the court yesterday and forfeited the bonds, $10 each.

## COME AN' HA'E A BLA'W WI' US HOOCH AY!

### Invitation of Clansmen Drew Many to Scotch Concert Last Night---"Vera Guid"

Tho' far frae Scotia's woods and braes,
Tho' years have dimmed our boyhood's days;
We'll yield to nane in singing praise
O' glarious Rabbie Burns.

Every number encored, thunderous applause following each selection, and a wildly enthusiastic reception accorded to the extra-Scotch numbers, this was the triumph scored by the artistes at the Scottish concert given in the opera house yesterday evening. Twenty-one numbers were on the program, and to attempt to eulogize each separately would merely mean lavishing upon those responsible a superfluity of adjectives, which, analyzed, meant "excellent."

Among the best selections of the evening was the dancing of the Misses Isdale, who were recalled several times. As a humorous reciter, J. B. Thompson made a strong hit, his enunciation being almost perfect. W. McC. C. Robb's songs were well up to the standard established by him in previous performances. "Sailor's Hornpipe," by Mr. McKay, was perhaps the best footwork of the evening, while the Irish jig which he gave in response to an encore was but little below it. The remainder of the numbers on the program were well rendered and thoroughly appreciated by the large audience.

Under the auspices of L. O. L. 1593 one of the big social events of the season will be given on Friday next in St. George's hall, when dancing will be in full swing from early in the evening until well into Saturday morning. Arrangements in connection with the program, the providing of refreshments, etc., are now completed, and the success of the event is assured by the energetic committee which is looking after details, and which consists of R. A. Stoney, chairman; J. J. Randolph, secretary; E. W. Cook, J. D. Hopkins, F. E. Johnstone, L. Netherby, W. Archibald, W. F. Johnson. The floor committee is composed of R. A. Stoney, J. J. Randolph and W. Archibald.

**Canned Death Barred.**

London, Jan. 27.—The medical inspector of the local government board has recommended the prohibition of imports of boneless frozen meats, on the ground that its unchecked admission might constitute a danger to public health.

# THIRD BEACH STRIKES ARE PAYING

Nome, Jan. 27.—Notwithstanding all the predictions that have been made regarding the end of the pay on the first, second and third beaches strikes continue to be made. Every week sees some new find made and since fall two miles of the third beach has been changed from prospect ground to paying mines.

The theory is now advanced that with time, pay will be located for a great distance east and perhaps many miles west of Nome on the ancient beach lines. There is every reason to believe with the many new claims that have been opened up and the energy displayed in prospecting the various locations along these beach lines, that not for several years will the full extent of them be known, an ever increasing output in the meantime being the reward for those who have been willing to follow the suggestions of the geologists who prophesied just such finds as have taken place this fall.

Mining men are jubilant and money will pour into machinery to prospect the beaches for many miles east and west of this city. Most of the pay, however, is east of Nome.

### Dad Murphy's Brevity.

Old Dad Murphy, as he was affectionately known to the boys on the road, was a conductor on a trunk line transporting large shipments of live stock from the west. Dad had been in the service so long that the rules of railroading had become second nature to him, and the result of the superintendent's frequent orders to the trainmen to answer with military brevity all questions and messages, especially those by telegraph, to relieve the burden on the wires had reduced Dad to habitually short, concise replies, even to his conversation. On a baking hot July day, when not a breath of air was stirring and the sun beat on the car roofs till the pitch pulled the soles off the brakeman's shoes, Dad in looking over the train discovered that eight hogs had succumbed to the heat. When passing the next telegraph station he threw off a message to the superintendent:

Burhans, Supt.—Eight hogs dead acc't heat, advise. MURPHY, No. 78.

At the second telegraph office he received his answer:

Murphy, Condr. 78.—What is the present condition of the hogs? Ans. qk.
BURHANS.

Dad grunted, shifted his quid of fine cut and wrote as follows:

Burhans, Supt.—Hogs still dead.
MURPHY, 78.

—Judge's Library.

### What He Lost.

A traveling man was leaning against the counter in the hotel gazing disconsolately at the floor.

"Lose something?" queried the hotel clerk.

A nod of the head answered.

"Was it very valuable?"

Twice with the nod.

"Sure you had it when you came in here?"

A third nod. His face was growing wistful.

"You should have put it in the safe."

"Could not have done that very well."

His voice quivered.

The clerk stretched his neck and gasped, "Why, what was it?"

"It was," the traveling man began, but he choked—"it was—my job."

"Oh, pardon me a minute, the phone is ringing." And the clerk tiptoed softly away. A dismal stillness reigned.—San Francisco Chronicle.

### Fraunce's Tavern.

Fraunce's tavern in New York is to be made over into a headquarters for the Sons of the Revolution. The two upper stories are to be replaced by a mansard and the facades rebuilt in colonial style, with a porch on Pearl street and an ornamental balcony in bronze. The long room, in which Washington made his farewell address to his officers, will be restored, and on the third floor will be a museum of Washington relics and other memorabilia of the Revolution.

### A Straight Tip.

Geck (who has already wearied the guests with many songs)—Now I will sing you one more song and then go home. Lady—Pardon me, but do you attach much importance to the order of your programme?—Fliegende Blatter.

### Cruel.

Maud (before the laughing hyena's cage)—How provoking! Here we've been twenty minutes, and the hyena hasn't laughed once. Ella—Strange, and he's been eying your new hat too.

### Reasonable.

His Lordship—Whatever could you have been thinking of to steal the sheep? The Prisoner—I dunno, my lord; I must ha' been woolgatherin'.

# "NO PROFITS FOR US!"

**This Is Still the Cry at Our**

# Great Alteration Shoe Sale

We have from **Seven to Ten Thousand Dollars Worth more Shoes** than we really need at this time of the year. They must be turned into cash during the next few weeks. Hundreds of pairs have been thrown out on our Bargain Tables and are being sold at exactly **Factory Prices**. Now, is the time to buy Shoes. A chance like this does not strike the town every day.

Our staff was busy last evening getting things in readiness for a great day's business to-day. More Bargain Tables and more special lines have been brought out.

## Just to Remind You of Some of Our Prices

### We Quote the Following--

Children's $1.00 and $1.25 Slippers for .....50c
Children's $1.25 and $1.50 Lace Boots sizes 5 to 7 1-2 for.....95c
Children's $1.80 and $2.00 Lace Boots sizes 8 to 10 1-2, for.....$1.10
Misses' Boots, our best $1.75 and 2.00 makes, sizes 11 to 2, for.....$1.25
Women's Box Calf $2.50, Lace Boots, sizes 3 to 7, for.....$1.50

### TRANSVAAL RECONSIDERS ANTI-ASIATIC ATTITUDE

Johannesburg, Jan. 27.—The Transvaal has decided to reconsider its attitude towards Asiatics with a view to finding a less objectionable registration system. It is understood that a judicial investigation of the subject will be instituted pending which all prosecutions for violation of the present law will drop.

### SILVERTON SHIPPING ZINC TO ANTWERP

Nelson, Jan. 27.—More shipments were made last week from Silverton camp than at any similar period in its history. The chief shippers have been the Vancouver, Wakefield, Hewitt and Standard. The aggregate tonnage for the week is nearly one thousand tons. The bulk of the shipments are zinc ore for Antwerp. The Vancouver has sent several hundred tons forward, while the Wakefield has made tentative shipments of similar ore to the same place.

### TREMENDOUS LOSS ON NEW ENGLAND COAST

Nantucket, Mass, Jan. 27.—No storm in the last fifty years has caused so much damage on this island as the blizzard which raged all day Friday and early Saturday. Damage resulting in thousands of dollars' loss was wrought about the wharves and along the east shore of the city. Summer houses and other waterfront property were swept away. The fishing fleet is demoralized. Dozens of catboats and launches are piled up on shore. Deep drifts of snow cover the east end of island. There has been no communication with Siasconset for several days.

# MIKKELSEN IS ON WAY BACK TO SOUTH

Nome, Alaska, Jan. 27.—Captian Ejmar Mikkelsen, commander of the Anglo-American polar expedition, who reached here alone from Herschel island, left on Sunday for Seattle. He will go over the ice up the Yukon and Tanana rivers to Fairbanks, and thence out by way of Valdez. Capt. Mikkelsen expects to fit out another expedition as soon as possible, to continue his explorations in the polar sea.

Capt. Mikkelsen was formerly in the Danish navy, but his expedition to the north is backed by British and American capitalists. He sailed from Victoria, May 22, 1906, in the schooner Duchess of Bedford, named for a titled Englishwoman who contributed to the enterprise. The purpose of the trip was not to discover the pole, but to establish the truth of the theory held by Capt. Mikkelsen and other scientists that there exists in the Arctic regions an enormous archipelago as yet unexplored, lying north and west of Beaufort sea.

In February, 1907, his vessel was caught in the ice near Herschel island. Accompanied by Ernest Leffingwell, of the University of Chicago, the chief scientist of the expedition, and Stokerson, mate of the vessel, Mikkelsen started north over the thin ice to continue his expedition on foot. He was turned back by open water. August 1 he started north again, taking with him a combination boat and sledge, with provision for ninety days. On this dash he reached the latitude of 72.20. Returning to Herschel island, Capt. Mikkelsen made his way alone to Nome. The Duchess of Bedford was long ago crushed in the ice and sank. The remainder of the party has scattered, some returning to the states and some remaining in the North.

### Record Orange Harvest.

San Francisco, Jna. 27.—The orange crop harvest of California, now in full season, in quality and in quantity promises to break all previous records. The fruit exchanges of the state estimate that the total output of oranges will reach 30,000 carloads, about nine million boxes, or 1,350,000,000 oranges. The harvest will last until July 4.

## THE DAILY NEWS

Published by the Daily News Publishing Company, Limited, at their offices, corner of Sixth and Front streets, New Westminster, B. C.

E. A. Paige.....Managing Director

TUESDAY, JAN. 28, 1908.

What the Sons of Scotland essay to do, they do well, and last night's Scottish concert was no exception to the rule.

### IGNOBLE?

The Columbian in its headlines of what occurred on Thursday last at the capital which it gave as news on the front page in the last issue, calls the struggle being made for the constitutional rights of the people "Ignoble."

We have a constitution near and dear to every British heart and it cost so much in blood and treasure to fix it on a sound basis that every step made to lessen the authority of the people in the legislative councils or elsewhere should be met with a firm hand, and not allowed to pass in a slipshod manner to be referred to in future generations as precedents. The absolute denial of the statements made by the premier and his first lieutenant in the House at Victoria, that the governor was instructed by Ottawa to withhold assent to, or reserve, bill No. 30, 1907, points to the fact that some one has handled the truth with considerable elasticity and has been frugal in the art of lying, and it is for the purpose of finding out "Who's who!" that Mr. John Oliver moves "That his honor, the lieutenant-governor be pleased to cause copies of all his instructions affecting said bill No. 30, or relating thereto, with all correspondence and telegrams" and if the government is not afraid of exposing the first minister, why should it oppose the petition? The plain truth is that the government is checkmated and its organs are sure that the bluff will not pass muster any longer and that a day of reckoning is at hand.

### JAPANESE AGREEMENT.

The Tory press, with few exceptions, were heralding with an unseemly joy, before the Hon. Mr. Lemieux had left the shores of Japan, that he had failed in his mission, but the government is to be congratulated upon the agreement made with Japan in reference to immigration from that country. It is a compromise which reflects credit not only upon the Canadian negotiator, but also upon the government of the Mikado, which has, of its own free will, bound itself to restrict the immigration of its people to Canada.

It was a delicate mission with which Mr. Lemieux was entrusted. The situation was one which might easily have resulted in serious complications, not only for the Dominion, but also for the whole Empire; and both the Dominion and the Empire have reason to be satisfied with the result of the recent negotiations at Tokyo.

Japan's good faith, which has been called in question by some of the critics of the Canadian government, is absolutely proved by Mr. Lemieux's speech. Apart altogether from the solemn promise contained in Viscount Hayashi's letter of December 23 last, which is the concrete summing up of the negotiations, the correspondence which the minister of labor was able to read from Consul-General Nosse showed clearly that the government of the Mikado has been acting in good faith right along. It also, incidentally, justifies the action of the Canadian government in entering the treaty, because it puts plainly on record that Canada was then in possession of a clear-cut and explicit pledge from the Japanese government that immigration into Canada would be restricted.

Not only has Japan agreed to herself guard the egress from her own ports, but she has allowed the Canadian government to treat the immigrants from Hawaii as coming from a foreign country. Hawaii being now part of the United States, comes under the operation of our alien labor act, and, as a consequence, the importation of Japanese from those islands under contract can be prevented as effectually as if they came from the state of Illinois or the state of Washington. In addition, the Dominion government has put an additional barrier against the importation of undesirable immigrants by providing that they come direct from the land of their birth or citizenship. Inasmuch as these provisions apply to all countries, Japan is not discriminated against and, being placed upon an equal footing with all other countries, accepts the situation with equanimity. The Japanese government also undertakes to prohibit the emigration of contract labor from Canada to Japan unless the Canadian government itself wishes it permitted.

It is a happy ending to a difficult situation. The agreement is one to which both Canada and Japan can give adhesion without, as Viscount Hayashi happily puts it, violating "the spirit of the treaty and the dignity of the state."

We cannot see any good purpose can be served by passing the new bill until we see whether this agreement is lived up to or not. If passed it should not come into operation until failure under existing regulations is proved.

What a mistake to use coarse Salt for cooking! Fine, pungent WINDSOR SALT adds such a daintiness to the food! 138

### FIRE IN CHURCH CAUSES STAMPEDE AMONG WORSHIPERS

North Yakima, Jan. 27.—Following fervent services at the First Baptist church at noon yesterday fire broke out in the basement of the edifice, under the baptistry, immediately after the sixth baptism had occurred.

A panic ensued in the large congregation. The fire was extinguished by the fire department. No one was seriously injured in the crush to escape. Property loss was slight.

### KAISER'S NATAL DAY CELEBRATED AT BERLIN

Berlin, Jan. 27.—Emperor William is 49 years old today. He was awakened this morning according to the immemorial birthday custom by the fanfaring by the palace trumpeters and the singing of a hymn by the castle choir at 8 o'clock. As a matter of fact, however, the emperor had risen several hours earlier and had disposed of various state documents by the time the singing began, after which he was seen at a window of the castle overlooking the court where the musicians were gathered. His majesty, dressed in a field marshal's uniform, greeted the choristers and received the congratulations of the visiting princes, after which there was service in the private chapel of the palace.

### LOGGING CAMPS REOPEN AFTER WINTER CLOSEDOWN

Eight camps of Sechelt inlet, which had been closed down for several weeks on account of the rainy season, will reopen again this week, a party of men having been shipped to that point last week on the steamer Sechelt. Within the next few weeks it is expected that many more camps in different parts of the timber belts will be again the scene of active operations, which will be continued uninterruptedly until next winter, the condition of the lumber market having greatly improved during the early part of this year, mainly owing to the decreased supply consequent upon the closing down of a majority of the lumber camps.

#### Bellingham Closed Tight.

Bellingham, Jan. 27.—This city yesterday experienced its first real closed blue Sunday when, under an agreement, the theatres failed to open and everything with the business excepted under the law remained shut in obedience to the order made last week.

#### Kaiser and King on Cruise.

Rome, Jan. 27—It is announced here that the emperor of Germany will make a cruise in the Mediterranean in the latter part of March, and that King Edward will make a similar cruise in April, both monarchs visiting Sicily and Florence.

### RECORD FOR BIGGEST LOG STILL REMAINS WITH THE B. C. MILLS

A big log shipped from Portland a few days ago has been creating a stir in timber circles, several cities having already come forward with a claim for the biggest log ever shipped from any port in the world. While several of the measurements advanced fail to touch the Portland record, others are running it very close, some even placing it in the shade. The biggest log on record has been shipped south from the Pacific Coast Mills, of Vancouver, it having been cut eight miles about this city near the Fraser river.

Following are the official measurements of the different logs: Pacific Coast Mills, 34 inches by 54, 92 feet long. Portland, 36 inches square at each end, 60 feet long. Bellingham, 40 inches square, 90 feet long. The Hastings saw mills, Vancouver, also come forward with a story of a log 36 inches square and 72 feet long, while Blaine also advances a claim for the honor, but neglects to produce figures.

#### Cracksmen Make Haul.

Everett, Wash., Jan. 27.—Yesterday skilled cracksmen forced a vault of the post office here. They secured $2000 worth of stamps and about $150 in money. Only $50 of the cash stolen belonged to the government, the other $100 belonging to a clerk. The local, state and federal police have been notified of the burglary and every effort is being made to apprehend the robbers. The character of the work shows that the men who committed the theft are experienced burglars.

ADVERTISE IN THE NEWS

# CITY NEWS

Judge Howay left yesterday for Chilliwack where he will hold county court sessions this week.

A favorite of the elite smokers, the "Brilliante" cigar. **

A. J. Clark, foreman of the News composing room, was early this morning informed that a baby girl had arrived at his home.

Norman Matheson yesterday afternoon left the Royal Columbian hospital, where he had been under treatment for the past four months for pleurisy. After spending a few days in the city he will leave for points in the interior, where he will recuperate until the summer.

Sold by the leading distributors, the "B. C." cigar. **

The Liberal meeting this evening, which is to be addressed by Robert Jardine and J. C. Macintosh, provincial organizer, will commence promptly at the advertised time, and a request is made that all interested be at the club rooms by 8 o'clock.

Next week the evangelists, Asa Gordon, K.C., and Mrs. Asa Gordon, of Ottawa, who have been in this city for the past three weeks, will go to Nanaimo to conduct an evangelistic campaign under the auspices of the Nonconformist churches of that city.

All kinds of pot-plants and cut flowers at Tidy's. Phone 184. **

At the Masonic banquet to be held tonight in the Russell hotel, speeches will be given by a number of brilliant speakers, including Hon. Justice Neterer, of Bellingham, and Mr. Craven, a prominent lawyer of that place. An elaborate menu has been selected and an excellent toast list prepared for the occasion.

Extensive improvements have just been completed in the Liberal club rooms, which are now much better fitted than of yore. The meeting room has been enlarged by the moving of a partition several feet, while the walls have been repaired and the ceiling attended to. Small committee rooms have been built, where meetings of the executive can be held at any time.

For sale, two cash registers, one safe; quick sale cheap. Apply "Safe," P. O. Box 623. **

The application of W. Groves, of Langley, for four inches of water from Walker creek was yesterday opposed by W. G. McQuarrie on behalf of Mr. Linsett, of Aldergrove. Government Agent C. C. Fisher refused the application on the grounds that it did not supply the information required by the act. In all probability the application will be again put in, and also one from Mr. Linsett.

The junior R. T. of T. will hold a social in the I. O. O. F. hall on Wednesday evening from 7 to 8 o'clock. All members are asked to be present. The boys are to entertain. **

The funeral of the late Charles Henry, for nearly thirty years an employee of the Royal City mills, took place yesterday from Murchie's undertaking parlors. Service was held in St. Peter's cathedral by the Rev. Father O'Boyle. The flags at the mill drooped at half mast out of respect to the deceased, and many of the employees followed the remains to the grave. The pallbearers were A. W. Gray, J. Jardine, J. Sharp, P. Feeney, L. Gregoria, W. Johnston.

The "Auto" cigar is becoming a favorite smoke. **

Albert Hicks, who has been confined in the Royal Columbian hospital for the past week, suffering from a severe attack of grippe, left that institution yesterday.

For cut flowers, bouquets or funeral designs telephone T. Davies & Son, B 208. ***

In chambers before Justice Morrison in Vancouver yesterday an application for inter-alimony was heard, in which L. W. Enderby, of Delta, petitioned for the dissolution of his marriage with his wife, Rachel Rebecca, on the ground that she had a husband living at the time she married him. The petitioner asked for evidence to be taken in Ottawa by affidavit. Decisions were reserved.

Cosy six room house with all modern conveniences; centrally located near city car line. Only $2100; terms, $600 cash, balance easy. Abbott & Hyde. **

The first reunion of the committee appointed to look into publicity schemes at the recent advertising meeting held at the city hall will take place in W. J. Kerr's office, Columbia street, at 3 o'clock this afternoon. Beyond arranging a series of meetings for the coming weeks, and drafting communications to the board of trade and the city council, it is not likely that much business will be transacted today. The three who compose the committee are W. T. Cooksley, W. J. Kerr and the Rev. J. S. Henderson.

Dr. Hatherley, the eyesight specialist, has installed a new light in his optical parlors, and to accommodate those who cannot call in the day time and have glasses fitted, he will open evenings from 7 to 8 o'clock. Parlors on Sixth street, opposite Daily Columbian. **

The report of Engineer Le Baron on the deepening of the Fraser river channel to the sea is expected to be ready on Thursday. On Saturday the engineer took a trip up the river on the snagboat Samson in order to see the extent of the tide water and other matters. Yesterday he went down the north arm in company with Ald. Stiles and R. Jardine. When his work on the river is finished, Mr. Le Baron will investigate the waterworks conditions in the city and report to the water committee; this trip will probably take place on Friday or Saturday. After leaving this city, the engineer will visit California, where other contracts await his attention.

There will be tickets for one hundred couples, only, sold for the Hotel Russell Ball, February 5th, and there are now fifty sold. Those who have not secured one had better do so this week. **

The members of the athletic association of the Columbian college held their annual meeting yesterday afternoon in the science hall. The president, in the course of his opening address, stated that there was a strong probability that a field meet would take place about the end of April, the institutions to be represented being the Columbian college, the McGill university, Vancouver, and the Victoria and Seattle high schools. The secretary read the results of games during the past year and congratulated the association on its success generally. The new officers elected were, Honorary president, Prof. Burwash; president, H. Watson; vice-president, W. Mouat; secretary-treasurer, C. Watson; business manager, W. Mouat; auditor, Prof. Bouck; captain intermediate soccer team, Mr. Williscroft; vice-captain, W. Mouat; captain junior soccer team, H. Betts; vice-captain, C. C. Smith; captain rugby team, C. Watson; vice-captain, H. Watson, captain junior basketball team, C. Smith.

# SPONGES

For years we have been trying to get a line of sponges that we could recommend. At last we have been successful. We have just imported a big lot from headquarters, the best values we ever had. Unlike the average sponge; what we have now, will wear like leather, ranging in price from 5 cents to $4.50 each. Suitable for INFANT, TOILET, BATH, CARRIAGE, AND STABLE. If the sponge is not satisfactory, money refunded.

**The Way to Wareham.**

Some young women in England have begun to dress out and out like men. They wear a long coat cut like a hunting coat, a cap, riding breeches and top boots. It is a handsome costume, and it is not immodest, but undoubtedly it attracts a good deal of attention. They have been telling in London a story about a girl who adopted this riding rig. Pulling up her horse one afternoon, she said to an artisan who was passing, "Can you tell me if this is the way to Wareham?" The man looked her over carefully, then he touched his cap in a respectful manner and replied, "Yes, miss, yes—you seem to 'ave got 'em on all right."

**How Bismarck Kept Up Steam.**

In the evening I went to Bismarck's house. I was placed upon the sofa in front of a table covered with teacups and bottles of beer and also with herrings and oysters. His new highness (Bismarck) speedily arrived and sat down by me. He began by consuming innumerable oysters, herrings and ham and drank beer with soda water.—Hohenlohe Memoirs.

**His Great Failing.**

"He's a good friend of yours, isn't he?"

"Oh, only medium."

"What do you mean by medium?"

"Oh, he listens while I tell him all of my troubles, but he also wants me to listen while he tells me all of his."—London Telegraph.

**A Good Deal Worse.**

"I had to walk the floor all night with the baby. Can you think of anything worse than that?"

"Yes; you might have married out in Greenland, where the nights are six months long."

### LAND REGISTRY ACT.

TAKE NOTICE that application has been made to register Joseph Tays as the owner in Fee Simple, under a Tax Sale Deed from C. C. Fisher to Joseph Tays, bearing date the 16th day of November, A. D. 1904, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lot 13, Block 5, subdivision of Lot 291, Group 1.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice upon you, otherwise I shall register Joseph Tays as owner thereof in fee. And I hereby direct that publication of this notice for one month in a daily newspaper published at New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 25th day of October, A. D. 1907.

C. S. KEITH,
District Registrar.

To John Sirr, Esq.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in said land by virtue of any unregistered instrument, and all persons claiming any interest in said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

### LAND REGISTRY ACT.

Re Lots 1 to 9 (inclusive) of a portion of Lot 94, Group 1, Map 440, New Westminster district.

Whereas proof of the loss of Certificate of Title Number 15715a, issued in the name of Peter Latham, has been filed in this office.

Notice is hereby given that I shall at the expiration of one month from the date of the first publication hereof, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office, New Westminster, B. C., Oct. 24, 1907.

### NOTICE TO CREDITORS.

IN THE MATTER of the Estate of Alexander Ewen, late of the City of New Westminster, British Columbia, deceased.

NOTICE IS HEREBY GIVEN pursuant to the Revised Statutes of British Columbia, Chapter 187, that all creditors and others having claims against the Estate of Alexander Ewen, who died on or about the 8th day of July, 1907, are required on or before the 15th day of December, 1907, to send by post prepaid, or deliver to the undersigned, their Christian and surnames, addresses and descriptions; the full particulars of their claims, duly verified; the statement of their account and the nature of the security, if any, held by them, and

FURTHER TAKE NOTICE that after such last mentioned date the executors, John Hendry and John B. Jardine, will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice; and that the said executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of such distribution.

DATED at New Westminster, this 6th day of November, 1907.

MARTIN & McQUARRIE,
Solicitors for John Hendry and John B. Jardine, executors of the said Estate.

### LAND REGISTRY ACT.

Take notice that an application has been made to register John B. Rushton as the owner in fee simple, under a tax sale deed from the mayor and treasurer of the City of New Westminster, to John B. Rushton, bearing date the 27th day of September, A. D. 1902, of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of New Westminster, in the Province of British Columbia, more particularly known and described as lot one of the northeast half of lot 26, block 5.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of this notice, otherwise I shall register John B. Rushton as owner thereof in fee. And I hereby direct that publication of this notice for thirty days in a daily newspaper published at New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 28th day of December, A.D. 1907.

C. S. KEITH,
District Registrar.

To Thomas Mowatt, Esq.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

### LAND REGISTRY ACT.

Re northeast half of lot 2, block 25, New Westminster City.

Whereas proof of the loss of certificate of title number 4085A, issued in the name of Emily Moore Dominy, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office, New Westminster, B. C., January 4th, 1907.

### LAND REGISTRY ACT.

Take notice that an application has been made to register M. W. Minthorne as the owner in fee simple, under a tax sale deed from the mayor and treasurer of the city of New Westminster, to M. W. Minthorne, bearing date the 10th day of February, A.D. 1904, of all and singular that certain parcel or tract of land and premises situate, lying and being in the city of New Westminster, in the province of British Columbia, more particularly known and described as: Subdivision 5 of block "A" of the middle acre of the south half of the south half of lot 6, suburban block 12, map 366.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register M. W. Minthorne as owner thereof in fee. And I hereby direct that publication of this notice for thirty days in a daily newspaper published at New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, province of British Columbia, this 22nd day of January, A.D. 1908.

C. S. KEITH,
District Registrar.

To Louis R. Bayne.

All persons served with this notice, and those claiming through or under them and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

## PIONEER COURT INCIDENTS.

Free and Easy Manners In Early Illinois Trials.

Most of the early Illinois courthouses were log built, but in some districts, says the author of "Lincoln, the Lawyer," the sessions were held in the barrooms of taverns, and the absence of all formality in the proceedings is best illustrated by the fact that in the circuit court of Washington county, held by Judge John Reynolds, the sheriff usually heralded his honor by singing out, "Come in, boys! Our John is a goin' to hold court!" to which cordial invitation those having business with the law responded.

Another sheriff in Union county made laudable efforts to meet the requirements of the occasion by shouting out this singular announcement: "Oh, yes! Oh, yes! Oh, yes! The honorable judge is now opened!"

In one case a judge who desired to display his learning instructed the jury very fully, laying down the law with authority, but the jurors, after deliberating some hours, found themselves unable to agree. Finally the foreman rose and asked for additional instructions.

"Judge, this 'ere is the difficulty," he explained. "The jury want to know if that thar what you told us was fa'r the law, or only jist your notion."—Youth's Companion.

### The Final Disappointment.

A man who was something of a gourmet ordered a dinner for himself and his party which from the menu should have been very palatable, but apparently it was not so. Course succeeded course, and toward the end of the meal the host could restrain himself no longer. He called up the waiter and expostulated. "I ordered a good dinner, and we have waited patiently for some satisfactory dish. The soup was a failure, the fish was a disappointment, the entree uneatable, and I am sorry to tell you that during the whole dinner there has been nothing worth looking at." The waiter looked troubled for an instant and then, brightening up, said, "If you wait a moment, sir, I will bring you the bill."

### Breathing Plants.

Plants give off carbon dioxide just as a man does when breathing. Professor J. R. A. Davis describes an experiment in which a growing plant is placed in a glass jar just large enough to cover it, the jar being sealed with a greased glass plate. The jar is then put in a dark place for a time. When opened a lighted match plunged therein will be extinguished, showing that the plant has used up the oxygen in the jar. If some limewater has been left in the jar, it will be found to have turned milky, which shows that carbon dioxide has been given off by the plant.

### Wrong Man.

"You understand," said the captain, "that we want a secretary who is thoroughly accustomed to managing men."

"In that case," answered the applicant sadly, "I'm afraid it's not me you want, but my wife."

**Money does all things. It makes honest men and knaves, fools and philosophers.—L'Estrange**

RELIABLE SHOE MAN

## AMMUNITION IS SHORT BUT GAME IS PLENTIFUL

Dawson, Jan. 27.—Dawson is in the unique position this winter of being short on several lines of ammunition. No shells can be bought in the market for the Savage rifle, and there are several sizes of other rifles entirely exhausted.

The many hunters for caribou, moose, mountain sheep, bear and other game in the Klondike annually use a large quantity of ammunition in the region tributary to Dawson. Some of the hunters find that since they cannot get ammunition for their rifles they will have to make arrangements to get other shooting irons or go out of business.

The hunters have been making a heavy slaughter of caribou this winter, and the market has been well supplied with the meat. At every meal in every restaurant not only is the mystic word caribou written on the menus, but the more fascinating words mountain sheep, moose and ptarmigan are there with regularity. Such meats, if in some of the cities of the world, would command a big price in the eating houses, while here the prevailing charge is 75 cents per order of mountain sheep, caribou or moose and $1.25 for a whole ptarmigan. Native grouse are billed at $2.50 per bird.

### PASCO GETS AN ENVIABLE RECORD FOR OPIUM DENS

Tacoma, Jan. 27.—Pasco, for its size, according to the customs department here, contains more and worse opium dens than any other city in the Northwest. Customs Inspectors, Fred King and Roy I. Ballinger returned to their headquarters here today after making a raid on the opium joints of that place and confiscating seventeen pounds and 200 cans of opium. Chinese, negroes and whites, and in many cases children were found in the dens, which were located in cellars and underground conduits. The men were half a day raiding, and with the assistance of the local officers they believe they have ridded that town of the resorts. The opium brought here is of a very bad brand, but will be sold at auction.

### SHINGLE WEAVERS DECLINE WAGE CUT AND STRIKE

Bellingham, Jan. 27. — Shingle weavers in this vicinity have begun a wage war against the employers that threatens to keep their mills closed longer than would otherwise be the case, unless some understanding is reached within the next few weeks. Saturday night the weavers in the employ of the Morrison Mill company walked out after receiving notice of a small cut in their wages. Last week the union employees of Nicholas Jern's mill at Lake Whatcom walked out for the same reason, they say. The weavers say they will not submit to the lowering of wages.

### REGINA SELLS BONDS AT A GOOD FIGURE

Regina, Sask., Jan. 26.—The city of Regina has disposed of the whole of the bond issue which has been on the market since last June. Amelius Jarvis & Co., of Toronto, are the purchasers. The price paid for the bonds is not announced, but it is learned on good authority that it is the largest yet realized in Western Canada.

The council was so elated at the rate offered by Amelius Jarvis that it decided to dispose of an additional hundred thousand in hospital bonds which was being held for better money markets.

### BIG A.-Y.-P. EXHIBITION TABOOED BY LABOR MEN

Seattle, Jan. 27.—Members of labor unions everywhere are warned by the labor bodies of Seattle and Washington to stay away from the Alaska-Yukon-Pacific exposition, and have placed that gigantic project on the "unfair" or "we don't patronize" list. This action has been taken as a result of the employment of non-union labor in the construction work now in progress on the exposition site. The directors of the exposition company have refused to alter their policy in regard to the "open shop," and as a result the labor union boycott will likely continue and organized labor will have no representation at the exposition.
