

SENIORS WIN EASILY IN BASKETBALL GAME

Score Over Vancovers More Than Trebled—Intermediates Lose by Small Margin

Two basketball games were played in the drill hall last night, resulting in a win for the seniors over the V. A. C.'s by 36 to 15, and a defeat by the intermediates by two points, the score standing 16 to 13.

The seniors had an easy time of it from the word go, doubling the score of their opponents in the first half 18-6, and trailing it in the second half 12-6. The Vancouver team was thoroughly outclassed and was never in the game for one minute with the local boys. They were outplayed at every point except one, centre, where Land at times forgot that he was playing ball and ran aimlessly back and forth. To his credit, however, must be placed four field goals; one of them a very good shot. Peacock was the most dangerous man on the Vancouver team, but his dangerous shooting abilities were not destined to be much in evidence. C. Spring, who scored him, proving altogether too much for his peace of mind when he made the attempt, and too slippery a customer to stop when he once got away with the ball. G. Spring also played an excellent game, guarding and feeding in good style. The following were the points scored: Morrison 12, C. Spring 7, Lund 8, G. Spring (Robertson) 4. The line up was: Harris, C. Spring and G. Spring; centre, Lund, forwards, Morrison and Robertson. The Vancouver line up: Burns, Payne and Gunn; centre, Fraser; forwards, Peacock and Murray.

The juniors put up a strong game, but were badly handicapped by the superior weight of their opponents, and by the loss of Spring, who was playing with the seniors. They were really good at least in combination and speed, but weak in shooting, missing many a shot that should have been a cinch. At half time the score stood 13 to 11 and it was anybody's game, but in the second half the visitors obtained a lead of two points, which the locals although they never permitted the lead to be increased, were unable to catch up.

RESENTMENT FOLLOWS OBJECTION OF JAPAN

London, Feb. 22.—The Daily Chronicle in a long article and editorial protesting against Japan's haughty action in shutting the door of Manchuria by vetoing the Hainmantan-Pakmen railroad, which was being constructed by a British firm, this being the first time that a British firm has secured such a contract in China. It says that the view of the British foreign office that Japan must decide for herself in such matters, particularly those which affect the role of Japan as the sole arbiter of any dispute China may take for the development of commerce and industry in Manchuria and must have a far-reaching effect in discouraging the Chinese government from dealing with British contractors.

"One wonders," says the Chronicle, "whether, if the contract had been secured by a Japanese firm, the same objections to improved communications would have been felt."

PLOT LEADS MANY RUSSIANS TO JAIL

Attempt to Curtail Lives of Exalted Personages Gives Police Lots of Work.

St. Petersburg, Feb. 21.—Attempts that had been planned against the lives of exalted personages were frustrated by the police last night by a succession of arrests in various parts of the city aggregating 50 men and women. This is the greatest number of terrorists ever taken by the police in the capital. The majority of them were heavily armed, some with bombs, and they made desperate resistance against the police during the course of the arrests. Then policemen were wounded and one was killed. The operations centred around the palace of the Grand Duke Nicholas Nicholasvitch, who it is surmised was the immediate object of the plot.

Several hundred gendarmes drew a cordon around an entire city block in the vicinity of the grand duke's palace, comprising six hundred occupied apartments. Agents of the police searched these apartments from top to bottom and unearthed stores of explosives and firearms. A fashionably dressed woman was arrested on the street. She carried a muff in which was concealed a quantity of dynamite and was arrested at the entrance of the Ussupov park. Two men were arrested in the Grand Mosque, one of whom is a notorious Italian anarchist. While the police were arresting a terrorist on Basil Island he dangerously wounded two of them. It is expected that the police will make further efforts to round up other members of the terrorists, who have been organizing vigorously and planning outrages on a large scale.

EARLY IMPEACHMENT OF JUSTICE MARTIN EXPECTED

Victoria, Feb. 21.—A ramored renewal of the proceedings looking to the early impeachment of Mr. Justice Archer Martin is heard in and out of legal circles here. The impression prevails that many members of the Victoria bar are ready to join with the Vancouver bar should the Terminal lawyers renew their proceedings for impeachment.

The resolution of the Vancouver bar only went so far as the appointment of a committee to take the necessary steps in the matter, which must ultimately be accomplished by way of a petition through a member of the House of Commons.

A constable of the Vancouver city police force yesterday brought over a prisoner, H. P. Clay, to serve a term of five years in the penitentiary. Clay was the burglar who was brought to book by two ladies, who, finding him ransacking the house when they returned home one evening, promptly took charge of him until he could be placed in the hands of the custodians of the law.

This afternoon the big soccer match is scheduled, between the Rovers of Westminster and the Thistles of Vancouver in the semi-finals for the B. C. cup. The local boys have been victors in every game of the series, and the Thistles have lost but one. There is a possibility that Peele may be unable to get into the game through sickness. Turn out and root for the home team.

COMRADE HAWTHORNTHWAITTE GAINS PREMIER'S SUPPORT

McBride Would Leave Probing of Asiatic Immigration to Lieut.-Governor Dunsmuir—Finance Minister Tatlow's Budget Speech Replete With Interesting Facts and Figures—Province Sound Financially.

Victoria, Feb. 21.—(Special.)—Premier McBride this afternoon identified himself with Comrade J. H. Hawthornthwaite in the latter's effort to make a pilgrimage to the foot of the throne, by introducing an amendment to the socialist's motion made Wednesday that the matter of Asiatic immigration be taken before the Imperial parliament, but advocating the changing of the method of procedure. The premier would favor the lieutenant-governor approaching the government by a direct appeal to the Imperial government being made. McBride spoke at some length on the subject, the debate being finally adjourned at the request of the leader of the opposition.

G. R. Naden, Greenwood, sought to amend the municipal elections act by striking out the householder's clause giving voting power to all persons paying a tax of two dollars, and which would let in women's votes, holding that votes should be given to all men and women, irrespective of property qualifications. The members of the government wished the clause to stand over without saying what they would do in the matter, but the opposition asked for a discussion of the subject in order to discover what position the premier intended taking. Attorney-General Bowser declared that no advantage would be taken of the postponement of the debate, as the government had several times gone on record as opposed to the franchise of women, and that their stand had been endorsed by their constituents. On division, the section was stood over, although this was opposed by Naden, MacDonald and Hawthornthwaite. The remainder of the bill passed without serious discussion.

Tomorrow Hawthornthwaite will introduce a bill limiting the work of telegraphers and signalmen on railways to eight hours a day.

Victoria, Feb. 20.—The feature of today's session of the legislature was the budget speech which the finance minister commenced late in the afternoon and did not conclude until after six o'clock. It was a very long and painstaking presentation of the financial condition of the province and the expectations which could be reasonably formed of income for the coming financial year, or rather the nine months which will be covered by it.

The budget shows a surplus of \$1,290,000 for the last fiscal year, and the estimates for the nine months that will constitute the next fiscal year forecast revenue of \$3,145,276 and expenditures of \$3,922,311, not including \$290,000 for the superannuation fund. This allows for the decrease in the timber revenue and the increase expenditure on public works.

Overwork in Hospitals.
On the adjourned committee on the factories bill Mr. Hawthornthwaite moved to include in the schedule of industries affected the word "hospitals." He instanced the many hours of duty which nurses had to work, especially emphasizing the case of probationers who were young girls and who suffered much in consequence of the long hours of labor. He later withdrew his amendment, promising to introduce a private bill.

The Budget.
In commencing his budget speech, the finance minister said that it was the fifth occasion on which he had been able to lay an improved condition of affairs before the House and that of today would more than ever meet with approval. Such a condition of financial affairs must be a source of greater satisfaction at a time like the present when the country is emerging from a period of financial depression with its effect on the great monetary centres rendering it more than ordinarily difficult to obtain necessary capital for new or existing undertakings.

NATAL ACT INOPERATIVE.

Vancouver, Feb. 21.—The Natal act was ruled this morning by Chief Justice Hunter to be inoperative so far as the subjects of Japan are concerned, though he did not hold that the act was inoperative as a whole. It was held to be in contravention of the treaty act with Japan.

PROVINCIAL GOVERNMENT TO APPEAL DECISION

Victoria, Feb. 21.—Immediately upon receipt of the decision of Chief Justice Hunter against the contention of the provincial Government as to the validity of the Natal Act, Attorney-General Bowser at once took the necessary steps for the argument on the appeal. He will arrange for a special sitting of the Appellate Court now in session here at the earliest possible date.

Although there is a long list of appeals waiting to be heard, the court, composed of Mr. Justices Irving, Morrison and Clement will comply with the Attorney-General's request, and at the close of the argument in the case of *Hunting vs. McAdam*, will hear the Natal Act appeal. If their decision be adverse to the Government's view, the next appeal will be made direct to the Privy Council, skipping the Supreme Court at Ottawa. This case with the Government appeal in the divorce jurisdiction case would then be heard by the law lords of the Privy Council in June.

In the meantime, the Japanese will not be proceeded against by the government.

Mrs. Montgomery, an elderly lady of Sapperton, early morning slipped while descending a staircase at her residence, falling heavily. Removed to the Royal Columbian hospital, it was found that her ankle had been fractured, while she also sustained a severe shock to the system.

\$60,000. In the latter over \$20,000 is estimated as due to the increase of the statutory per capita grant. The sum of \$25,000 is asked for hospitals and \$10,000 additional for a tuberculosis sanatorium.

Education is increased by \$30,000, a reasonable increase in view of general conditions. Public works last year was \$854,135 for the present year appropriation, \$1,058,549; next year, \$1,225,990, of which the greater portion was for roads, trails and bridges, \$778,555.

The supplementary estimates appeared large, amounting to \$1,200,000, including the repayment of outstanding debentures of the \$1,000,000 loan and was \$432,000 for additional help in all departments occasioned by increase of work.

The other principal items are, public works, \$432,500; made up of works and buildings, \$138,000; roads, street and bridges, \$222,900; surveys, \$20,000; contingencies, \$52,000; all works of present necessity.

Agriculture.
Turning to a few matters bearing on the general financial condition, the minister pointed out the progress made in agriculture during the past year, which was, all things considered, satisfactory. There was a material increase in the acreage under cultivation and prices ranged higher than in former years and the returns when completed, would probably show an increase equal to 1906, when products of farm, ranch, dairy and orchard reached \$7,500,000. Importation of agricultural produce showed an increase over 1906 of \$715,506, but this was no cause for alarm; it was a strong proof of the advance being made in all lines of industry and growth of population and new enterprises. Four hundred companies were incorporated and registered to do business in the year. The crying need of the province was for more farmers and for mixed farming to supply local

POWER COMPANIES ARE INJURING NIAGARA

British Scientist Points Out Danger From Use of Falls For Power Purposes.

Washington, Feb. 21.—Dr. W. J. Spencer, the British scientist, who has been in the geological department of the Niagara Falls problem, described today the effect of utilization of its waters by power plants upon the scenic beauty of that national water power.

At the instance of the American civic federation, Dr. Spencer appeared before the rivers and harbors committee of the United States house of representatives and presented facts and figures to show what effect the request of the Ontario Power company for a power franchise, to develop which power would require 40,000 cubic feet of water per second, would have on the falls.

It was contended by Dr. Spencer that this request is for from 20 to 25 per cent. of the discharge of the Niagara river and would greatly impair the characteristics of the Whirlpool rapids; lower the river bed up to the falls, break up the surface rock at the foot of the American falls and Goat island, and thereby cause a more rapid recession of the Horseshoe. He said:

"On account of lowering the water into the basin about the upper rapids it will increase the slope of the river so that the surface of Lake Erie will be lowered by three feet. Again, the lowering of Lake Erie will in the same manner lower Lakes Huron and Michigan.

"In connection with the calculations for repairing the harbors and canals thus damaged, the United States engineers calculated that to increase the depth even one foot would cost more than \$12,000,000."

LADY TRAVELLER SPEAKS IN OPERA HOUSE SUNDAY

Miss Ada L. A. Murecutt, Fellow of the Royal Scottish Geographical society, world-wide traveller, lecturer and writer, who has been electrifying the people of Victoria, Vancouver and Ladner for the past three weeks, will begin a series of popular lectures in New Westminster Sunday, February 23, at 8:15 p.m., in the opera house, Mayor Keary occupying the chair. Her lectures embrace varied topics relating to the physical, political and social conditions of the countries and peoples she has visited and studied as few travellers take the time and trouble to do.

A special feature of her meetings is the preponderance of men who are attracted night after night in increasing numbers to hear her clear-cut and brilliant utterances. Only a lecturer of extraordinary ability can fill a large hall to overflowing six consecutive afternoons and nights. Her Wednesday night lecture is a masterpiece on the subject of social option, with which she is intimately conversant.

The weeks' lectures, which are given in St. Patrick's hall from Monday to Friday inclusive, are free (a collection being taken each time to meet current expenses) with the exception of Friday night when those who hear her noted lecture on "Russia and its island prison Saghallen," will be charged 25 cents each at the door. Good music and solo singing will add to the entertainment each night.

Miss Murecutt purposes to remain in British Columbia for several months and will visit every section of the province under the auspices of the Provincial Women's Christian Temperance union. From this city she will proceed to Nanaimo and Ladysmith.

Great preparations are being made for the Pickwickian mock trial, which is to be repeated in the lecture room of St. Paul's Reformed Episcopal church on Tuesday evening next under the auspices of the working bible class. The cast which interprets Dickens' humorous story has been steadily rehearsing, and will be thoroughly efficient when the curtain rolls up on Tuesday night.

"This Is My 37th Birthday"

George O. Smith.

George Otis Smith, director of the United States geological survey, was born at Hodgdon, Maine, February 22, 1871. After graduating from Colby college in 1893 he went to Johns Hopkins university and spent three years in the study of geology. Leaving this institution in 1896 he became connected with the United States geological survey and has been continuously in the service of that branch of the government ever since. His successful work in Washington, Utah, Michigan and in various sections of New England attracted much attention and resulted in his appointment as director of the survey a year ago. Dr. Smith is a prominent member of the Geological Society of America and his writings on important geological discoveries and theories have been much commented and widely read.

Excursion Is Proposed For Fall

Spokane, Feb. 21.—Hon. M. McKenzie, of Macleod, a member of the provincial government of Alberta, is in Spokane to arrange with the chamber of commerce to run an inland empire excursion to the various cities and towns in that province during the grain harvesting season next summer, after which the commercial bodies of Alberta purpose visiting Spokane and points in the territory tributary to it, in which the value of mining, lumber, grain, fruit and live stock products, exclusive of manufactures and imports, aggregated \$132,500,000 in 1907, or \$267 per capita of a population of 600,000.

Mr. McKenzie, who was a guest of E. J. Cannon, counsel for the Northern Pacific railway at the last weekly meeting and luncheon of the board of trustees of the chamber of commerce, where he outlined his plans, adding that upon his return to Canada he will confer with William Whyte, first vice-president of the Canadian Pacific Railway company, to arrange for adequate transportation facilities. He added:

"My purpose in presenting this project at this time is to bring into closer affiliation and association the business men and producers of North-western Canada and the inland empire. Our interests are mutual and we have much in common; in fact, I may say that the real development of the boundary mining district was made by Spokane capital and enterprise. There are several men in Spokane who have become millionaires as the result of their investments in properties along the southern edge of Western Canada, and a number of our people have amassed fortunes in your lumber, fruit and agricultural belts."

Mr. McKenzie will immediately make arrangements with the various commercial organizations in the province of Alberta to join in a formal invitation to the Spokane organization to visit them some time the coming summer.

BUDGET SPEECH IS REPLETE WITH FIGURES

(Continued from Page One.)

demand for butter, poultry, vegetables fruit and eggs. Of these we had imported 37,322,669 pounds and 2,721,481 dozen of eggs last year at a cost of \$3,845,962 and \$230,452 in duty. These figures also included \$300,000 for bacon, ham and lard, \$115,000 for poultry, \$206,000 for beef and mutton; \$325,000 for oats; \$75,000 for apples; \$218,000 for canned fruit; \$148,000 for hay and many other things which might easily be produced in the province.

The dairy industry showed a satisfactory increase, the output of butter from 18 creameries, being 1,651,304 pounds, valued at \$549,421 compared with \$430,000 in 1906. The total production of butter was altogether 2,051,304 pounds, against imported, 4,317,000. Cheese had produced \$12,809 for 95,999 pounds. Total value of dairy products \$2,660,000 as against \$1,528,000 paid for imported articles. High prices of these products were the rule throughout America and other provinces had to import also.

Fruit Growing.
 Marked progress had been made in fruit growing. Good average crops of fruits except strawberries had been harvested and the retail and express shipments show an increase over 1906 of 707 tons. The greater part of the fruit grown was probably consumed locally.

The number of fruit trees and bushes imported in 1907 was 1,500,009 and about an equal number was produced by provincial nurseries, increasing the total fruit growing acreage of the province to over 100,000 acres, when in 1901 there were only 7439 acres.

Lumber Industry.
 Turning to the lumber industry, the speaker said that prices reached the highest figure in the history of the business of last summer, but when the millmen found the cut was in excess of the demand, prices fell to a normal figure.

The British Columbia timber and forestry chamber and the Canadian Forestry association and all other societies in the interest of the lumber industry should combine in a campaign of education of proper methods of logging. The percentage of forest fires during the past year had shown a gratifying decrease.

The returns showed: Cut on provincial lands west of Coast range 488,000,000 feet; east of Coast range, 260,000,000 feet; on Dominion railway belt, 45,000,000 feet; on E. & N. railway lands, Vancouver Island, 53,000,000 feet; total, 846,000,000 feet. Stocks of lumber on hand west of Coast range, 140,000,000 feet; east of Coast range, 120,000,000 feet; total, 260,000,000. Total cut valued at an average of \$15 represented \$12,600,000. The returns of log scaling would indicate there were at the beginning of the year 230,000,000 feet of logs in the woods or the water. The revised totals of cut of 1906 gave a grand total of 570,721,923 feet, so 1907 showed an increase of 375 million feet. The indications in the other provinces showed there would be no falling off in the demand for our lumber.

Mines and Smelters.
 Referring to mining, the minister said the shutting down of some of the big producing mines was caused by the shortage of coke and fall in prices of copper and other metals. The statistics are as follows:

INOPERATIVE.

All the scheming that Attorney-General Bower has done in trying to make political capital out of the Japanese question through his Natal Act now avails him nothing, for the Act does not need to be passed upon at Ottawa and what is hoped for in Conservative circles i.e. that it would be disallowed by the Federal authorities. Chief Justice Hunter has given precisely the same opinion in his judgment on the two cases before him as we have held and stated again and again during the debate on the Natal Act when it was before the Legislature.

The country, as the Chief Justice hinted will likely be called upon to pay for illegal arrest, at any rate these two men have a right of action against some one, that some one is in the end the Government of the Province. It would be well for the Attorney-General's department to arrange for tutors to instruct the officers appointed in the English tongue as well as other European languages so that they may give proper effect to the Act and not make the Province a laughing stock for the world.

Vernon will issue 5000 copies of a descriptive booklet. Everybody is advertising except New Westminster.

The great over-subscription for \$50,000,000 of New York City 4 1/2 per cent. bonds indicates that money is available for some purpose.

Visitors are surprised to find such a glorious climate here in New Westminster and are free to say that we should make it known to the peoples of the frozen zone.

The citizens are more anxious to know about the safety of the Coquitlam dam, since those who were responsible for its construction admit that it has been washing out for two years.

A Victoria lady won the \$250 Limerick prize offered by the Lipton Tea Company, in competition throughout Canada. We wonder what Vancouver will have to say to this.

If our contemporary could only print the whole of its paper in the language used by one well known citizen writing to another and published on their front page how much more interesting and intelligible it would be.

ALLIED SOCIETIES HEAR INTERESTING ADDRESSES

The first annual banquet of the young ladies' bible class and the Men's Own of Queen's avenue Methodist church was held last night in the lecture room of the church, and proved a most pronounced success. Long banqueting tables lined the hall, which was prettily decorated with bunting and flags of many nations. A toothsome repast was served and the somewhat lengthy program then taken up. Rev. W. H. Barraclough, B. A., pastor of the church, in the chair. The hall with the long rows of tables laden with choice viands, the white dresses of the ladies combined to make a bright and animated scene. Smith's orchestra furnished the instrumental music of the evening in-

cluding a well rendered selection by a quartette of the members.

The chairman opened the program with a short address of welcome. A most interesting address was given by C. C. Fisher, who was introduced by T. R. Pearson with the statement that he was the best after dinner speaker on the continent. Mr. Fisher's speech abounded in bright humor and beautiful phrases and was delivered with no small degree of eloquence. Other speakers of the evening were Superintendent F. O. Canfield, address of greeting; Rev. Principal Sipprell, of Columbian college; Rev. Professor Hetherington, B.A., B.D.; Mrs. C. C. Fisher and C. S. Keith.

MONTREAL OFFICIALS CHARGED WITH FRAUD

Montreal, Feb. 21.—The Montreal Street Railway Company this evening accused the city of robbing it by presenting padded statements of the number of men engaged in cleaning snow off the streets. The railway company is under contract with the city to pay half the cost of snow removal from the streets where its tracks run, and for years has complained of the extravagant system run by the city in the interests of patronage-seeking Aldermen.

The charge was received with indignation by the Road Committee, and Chairman Larriere declared that there was no truth in the reports, and that City Surveyor Barlow was prepared to substantiate his accounts, while the company's inspectors had evidently made a mistake.

SCORES KILLED IN NATAL MINE EXPLOSION

Pieterbaritzburg, Natal, Feb. 21.—An explosion in a coal mine at Glencoe has buried five Europeans and 40 natives. A rescue party of five Europeans and 25 natives, headed by government inspector, descended into the mine, when another explosion buried them. Eight natives have been rescued. All the others are believed to have been lost.

Re James Taylor, Deceased.

NOTICE is hereby given that all creditors and other persons having any claims or demands against the estate of James Taylor, late of Fort Langley, in the province of British Columbia, deceased, who died on the 20th day of November, 1907, and whose will was proved in the supreme court of British Columbia on the 25th day of January, 1908, by Joseph Mayers and John Taylor, the executors therein named, are hereby required to send particulars in writing of their claims or demands to me the undersigned the solicitor for the said executors on or before the 29th day of March, 1908, at the undermentioned address, after which date the said executors will proceed to distribute the assets of the said James Taylor, deceased, amongst the parties entitled thereto, having regard only to the claims and demands of which they shall then have had notice and the said executors will not be liable for the assets of the said James Taylor deceased or any part thereof so distributed to any person or persons of whose claims and demands they shall not then have had notice.

Dated this 29th day of February, A. D. 1908.

A. WHEALLER, Solicitor for the said Joseph Mayers and John Taylor, Executors.

NOTICE

Citizens of New Westminster:

Gentlemen—I beg to inform you that it is very necessary that all backyards and premises should be properly cleaned and made sanitary. From the reports I have had from the Sanitary Inspector, and from what I have witnessed with my own eyes, there are numerous places along the different streets that have got to be cleaned up within a very short space of time.

I might particularly mention that the lower part of Carnarvon street, between Eighth and Tenth streets, and also Alexander and Blackie streets are in a most unsanitary condition, as well as many backyards in the principal part of the city behind the business apartments. It is quite unnecessary for me to mention any names, but all you have to do is look in your own yards and you can tell at a glance whether they are sanitary or not. This work must be done before the 15th of March, 1908, or I shall be obliged to take the necessary steps to see that the work is done satisfactory to the Sanitary Inspector.

I trust that this notice will be accepted without any prejudice, as any broad-minded citizen knows that the population of the city has been steadily increasing in the last two or three years, and if we want this good success to continue, we want to show the newcomer this city in a good, clean, sanitary condition, and avoid criticism.

Yours truly,
(Signed) E. J. FADER, Chairman Health Committee, New Westminster, Feb. 12th, 1908.

C. T. Saunders, of 534 Campbell avenue, Vancouver, has been selected to fill the vacancy caused by the retirement of B. G. Walker, municipal clerk of Burnaby. His duties will commence on March 1. Seventy-one applications had been received for the position.

Sold by the leading distributors, the "B. C." cigar.

The subjects of sermons to be preached at Olivet Baptist church on Sunday are: Morning, "Some Characteristics of the Apostolic Church"; evening, "Law or Love." The Rev. Dr. Rugg will occupy the pulpit on both occasions.

See our window for specials today. Public Supply store, George Adams, Prop.

Work will shortly be commenced on the double tracking of the B. C. E. R. between Central Park and Cedar Cottage, states Local Manager MacQuarrie. This will complete the double track for half the distance between here and Vancouver.

Dr. T. H. Levey, Dentist, has moved into the new Dominion Trust building, opposite the post office.

All defenders of the empire who took part in the South African campaign are requested to attend the meeting to be held at Abbott & Hyde's office, Columbia street, at 8 o'clock this evening, when matters of interest to the South African veterans will be up for discussion.

Chapman's billiard and pool room now open, with eight pool tables and two English billiard tables. Dominion Trust building.

At Queen's avenue Methodist church tomorrow the Rev. W. H. Barracough will take for his subjects, morning: "We Two"; evening, "Enduring to the End," an address prepared more particularly for young converts. Sunday school and Bible classes will be held as usual at half past two o'clock.

A favorite of the elite smokers, the "Brilliant" cigar.

The rugby game announced for this afternoon between a picked Vancouver eleven and the city team, has been cancelled, the management of the Vancouver team having failed to gather together the necessary aggregation.

House of five rooms on 66 by 132 foot lot, good location; less than half block from street car; only \$1200, terms. Abbot & Hyde.

The Dominion department of public works has under construction at its wharf a new pile driver scow for work on the river. The Hustler has been kept busy to meet the demand for its services and the probability is that it will find plenty of work before it in the construction of foundations for a number of new wharves this coming summer. There is also considerable

work to be done in the strengthening of the beacons along the river and the keeping of them in repair. A week ago the Samson was sent down the north arm to fix one of these which will, however, have to be strengthened by piles.

Chapman's billiard and pool room; finest in western Canada. Imported cigars, cigarettes and tobacco. Dominion Trust block.

At the next meeting of the city council a letter will be received from the clerk of Burnaby municipality asking that Eighth street, between Eighth avenue and Tenth avenue, be widened and put in first class shape, as its present condition greatly inconveniences settlers.

Five hundred dollars cash and balance of \$700 in small payments buys a comfortable home and 60-foot lot, close in. This will be business property within a year or two, and is a first class investment. A chance to double your money in quick time. White Shales & Co., 260 Columbia street.

All kinds of pot plants and cut flowers; shrubs for lawns. Tidy, phone 134.

At a recent meeting of the board of managers of Queen's avenue Methodist church the following seven members were elected congregational representatives, their terms of office commencing on the day of their election: H. M. Marshall, J. C. Loree, M. W. Grant, Henry Bennett, William Wilson, Samuel Bowell, E. Saunders.

See the new ties in J. E. Brown's window.

The suction dredge King Edward will in all probability be sent down the North Arm in the course of a few days to clear out the channel at the request of the mill men of the city. The dredge will only require two or three days to complete the work on which it is now engaged, the filling in of the low lying lots in the west end of the city.

See the specials displayed in our window today. George Adams, Public Supply store.

Mabel Wallace, a member of the demi-monde, was for the second time removed from a Chinese opium den yesterday morning. She was given until eleven o'clock to leave town by the magistrate, but immediately returned to the old haunts, from which she was again ejected. Should she be found in the city now, she will have to serve thirty days in gaol.

The regular meeting of the local W. C. T. U. will be held in Queen's avenue Epworth league parlor, Monday next, February 24, at 3 p.m. A special feature of the program will be the commemoration of the anniversary of Miss Frances Willard's "Home-Going." Honorary members will be welcome.

C. A. Sutherland, news editor of the Nanaimo Free Press, finding local copy scarce on Wednesday afternoon, slipped away from his desk and provided material for a front page story by getting married to Miss Mabel Shook, of Commercial street. The Pacific Coast Newspaper Writers' association will shortly commence an investigation to try and discover how Mr. Sutherland managed to court a girl and hold his job at the same time.

The "Auto" cigar is becoming a favorite smoke.

The new snag boat, built by the government last fall for work on the Skeena river, was brought up to the government wharf yesterday to receive boilers and hoisting gear. The vessel is of similar type to the Sam-

The Skeena has, until now, been served by a snag scow, which has proved altogether inadequate for the work required, which necessitates frequent lengthy voyages in rough waters. The scow will be taken to the Naas river, where its services are required. The new vessel will remain here until the opening of navigation on the Skeena in April.

An afternoon tea under the auspices of the Women's Auxiliary of Holy Trinity cathedral will be held at the residence of Mrs. T. S. Annandale, Fourth street, on Wednesday. A special attraction will be Madam Gonzales, the celebrated gypsy fortune teller.

J. H. Brownlee, C. E., Dominion and B. C. land surveyor, has opened an office in the Gulchon block. Phone 338.

K. Nassul, a Japanese, was brought to the asylum yesterday afternoon from Vancouver, and is now in the care of Dr. Doherty. Nassul's malady is not of the ferocious type and he attempted no violent acts. It is simply the result of over indulgence in the strong liquors of the white man, having been placed under arrest yesterday for making himself a nuisance in a Vancouver bar. After submitting to medical tests, he was ordered to the asylum, being brought here by a city constable and a Japanese assistant.

COLLEGE LADS EAGER FOR BIG SPORT EVENT

Rugby Game at Victoria Next Saturday Main Topic Among Athletes.

The entertainment of the Columbian College literary society last night was attended by over a hundred students. A short program, followed by games and refreshments, provided the evening's enjoyment.

Next Friday there will be for the first time in a month, another of the open evenings at the gym, when the promising athletes of the school will engage in races, games and various other contests.

The latest program of the meetings of the College Engineering society reads as follows: February 14, M. L. Smith on "Cooking and Coke Ovens"; February 21, W. Cameron on "Systems of Interior Wiring"; February 28, Mr. Fitzgerald on "Swing and Lift Bridges"; March 6, Mr. Kilmer on "Water Supplies to Cities."

The great event which is absorbing all the attention of the students and faculty at Columbian is the coming rugby game at Victoria, on the 29th of this month. This afternoon a regular match will be played with the city team, which failed to complete its arrangements for a game at Vancouver, and it is improbable that the easy cinch of Wednesday will be again offered to the town team by the scholars. The following are the college players: Prof. Barwash, Fitzgerald, W. Mowat, J. Houle, G. Cameron, Ferguson, H. Betts, H. Rugg, J. Drainey, Mackay, H. Watson, McArthur, W. Myers, Williscroft, Prouty, C. Watson, P. Turner and B. Teague.

Before the senior association football game at Moody square today the junior college team will play the city juniors. The college line-up will be: Goal, H. Betts; full backs, Myers and Lattimer; half backs, Prouty, Pount, H. Drainey; forwards, P. Turner, N. Kenny, C. Smith, J. MacArthur and I. Drainey.

Chinaman's Case Adjourned.

Vancouver, Feb. 21.—Ung Wing, the Chinaman now in custody on a charge of shooting Officer McLeod, came up in the police court today, charged with attempted murder. The prosecution was ready to go on with the case, but Mr. Agnes, who appeared for Ung Wing, asked for adjournment till Monday, in order that he may have an opportunity to prepare his case. The court granted adjournment till tomorrow.

LAND REGISTRY ACT.

Take notice that application has been made to register Henry T. Thrift as the owner in fee simple, under a tax sale deed from Surrey municipality, to Henry T. Thrift bearing date the 11th day of September, A.D. 1906, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the province of British Columbia, more particularly known and described as lots 19 to 14 inclusive, block 1, and lots 7 to 12 and 17 to 20 inclusive, block 2, subdivision of southwest quarter of section 11, township 1.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register Henry T. Thrift as owner thereof in fee. And I hereby direct that publication for one month in a daily newspaper published at New Westminster will be good and sufficient service thereof and by mailing one copy to Mrs. Catherine Kirby, Quinay, Wash.

Dated at the Land Registry Office New Westminster, Province of British Columbia, this 17th day of February, A.D. 1908.

C. S. KEITH,

A Household Comfort

In the kitchen a few spoonfuls of "BOVRIL" mean time and fuel saved. A little "BOVRIL" mixed with hot water and seasoned to taste makes an appetising and nutritious Soup.

A few "BOVRIL" sandwiches add to the variety of a dainty afternoon tea. Added to Gravies, Sauces, Fricassees, etc., "BOVRIL" greatly increases their palatability and nutritive value.

MARKET REPORT

Muddy roads and a sharp frosty morning were doubtless responsible for the slack market yesterday morning, both supplies and attendance being scarce. The only feature of importance was the break in the price of eggs predicted last week. Large quantities were offered for sale and the price dropped off five cents from the previous figure, both wholesale and retail. A few were sold at the old price of forty cents retail at the commencement of the market, but the ruling price was 35 cents retail and 30 cents wholesale.

A very heavy supply of chickens was on hand, the majority of them owned by Wing Moy, a Chinaman from Vancouver. They were in good demand and realized the prevailing price \$3.00 a dozen. A new feature yesterday was the appearance of a few litters of small pigs. These found a fairly good demand at from \$2.50 to \$5.00, according to size.

Meat was very short in all classes; even pork, which has been in excess for some weeks, being scarce, possibly due to the slackness of the demand during the past few market days. The prices remained practically unchanged throughout, hind quarters of being fetching 8c to 9c, fore quarters 6c to 6 1/2c. Mutton average 12 1/2c to 13c, and lamb 14c. Veal was quoted at from 8c to 11c, according to size. Pork 8 1/2c to 9c.

A larger variety of fish was in evidence than has been the case for some time. Steadhead salmon sold readily at 15c, halibut was plentiful at 10c; herring, four pounds for 25c; soles from Point Gray, three pounds for 25c; smelts 10c; cod 8c to 10c. Some rock cod were offered by M. Monk, but were not much in demand, the public generally not yet having come to a full appreciation of this really excellent fish. Dressed chickens sold at 22c, but the sale was very slow.

Potatoes were offered in considerable quantity at a dollar a sack, but the demand was limited. A quantity of onions was also offered, but the demand was slack.

Apples were fairly plentiful but not much in demand, the best commanding \$1.25, and for inferior qualities there was no sale at all. Some very fine Spies were shown by Hugh Steel, of Maple Ridge, and were sold without difficulty at the ruling figure.

The auction sale was on the whole a good one, both in the quantity of stock offered and the prices obtained. Some anomalies occasionally present themselves to Auctioneer Trapp, such as, for instance, the case of a heavy draught team, harness and wagon which, offered as a whole, received as the highest bid only \$300. Put up separately one horse, a very fine animal truly, fetched \$270, the mare \$170 and the harness and wagon \$49, a total for the outfit of \$489. One sorry looking animal of uncertain age, although "guaranteed to work," found a purchaser at the absurd price of seven dollars.

On Thursday there died in the general hospital at Vancouver a former resident of New Westminster, George William Collier, aged 49 years. The deceased was a nephew of the late John Collier of this city, and an uncle, William Collier, is still resident in the city. The funeral is announced to take place at Vancouver on Monday next, the cortege leaving the undertaking parlors of Centre & Hanna at 2:30 p.m.

Fear Wage Reductions.

Washington, Feb. 21.—Industrial and financial circles have been more or less concerned over what they regard as a prospect that the railroads of the country have in contemplation a general reduction in the wages of their employees. Such apprehension is practically groundless.

Eggs Were Too Strong.

A Russian woman with a name like the jagged edge of a hand saw created something like trouble at the market yesterday morning by disposing of a quantity of eggs suitable for electroplating purposes. The accidental breaking of one of the lays of a long since dead barnyard bled revealed to the purchaser the pungent fact that the eggs could only be classified as "rotten," and after making known his discovery to the vendor, he demanded his money back. The Russian lady with the terrible name demurred, whereupon a second purchaser chipped in and also broke an egg. The altercation attracted others, and soon the stall was surrounded by irate purchasers frantically endeavoring to discover a 1908 egg, but all in vain. Finally the woman refunded the money to several of the kickers, vowing all the time that she had not been aware that the eggs were ripe, as she had purchased them from a Chinaman that very morning.

Brakeman Killed at Nelson.

Nelson, Feb. 21.—Neill McDonald, a C. P. R. brakeman was killed at West Robson yesterday by falling between the cars and the station platform in endeavoring to board some cars while switching. He was twenty-eight years old and a native of Nova Scotia.

Friday and Saturday SHOWING OF New Suits and Skirts

More ladies are down than Friday and Saturday than any other day of the week, therefore we announce our

New Spring Opening of Ready-to-Wear Goods for these two days.

Our ready-to-wear department is well known for the excellent values and the authoritative selection of styles which are to be found here.

Increased space has enabled us to double our showing of ready-to-wear garments for women and children, and this grand display will give an idea of what is correct for the season.

Ladies' Chiffon Broadcloth Suits, \$45 each

Made of fine Chiffon Broadcloth, in Brown and Navy, lined throughout with Black Silk, tightfitting back, hip length, collarless effect, collar and cuffs trimmed with rows of contrasting fancy braid and buttons, also rows of braid on back and front.

Skirt is plaited and nine-gored. Everything about this line of suits is high class; a perfect suit in every respect. \$45 each.

Special Broadcloth Suits, \$25 to \$35

We announce today the arrival of a dozen suits at these prices. They are made of fine French Broadcloth, and are shown in Navy, Navy, Green and Black. Carefully made by the best suit manufacturer in Canada, and the styles are correct reproductions of Paris and New York fashion centres.

Ladies' Tweed Suits, \$18 to \$23

Perfect tailor-made Suits of light striped and checked Tweed, velvet collars and buttons are noticeable on the great majority of the styles shown. All coats are hip length with velvet faced pockets, and skirts are made with plaits and folds. The value of these suits is apparent at the first glance. In low-priced suits there is nothing to be compared to them. We invite you to inspect these suits. Prices are \$18.00, \$20.00, \$21.00, and \$23.00.

New Dress Skirts

Our new showing of Spring Skirts is announced for Friday and Saturday. Hundreds of Skirts of Chiffon Broadcloth, Panama Loin, Serge, Cheviot, Light and Dark Tweeds. Prices each \$3.50 to \$5.

The Art Exhibit of Miss Allison Cockburn, in the parlor of the Hotel Russel, is still in progress.

Miss Cockburn has large classes from 10 to 12 a.m. and 2 to 4 p.m. daily, and the advantages of using Beldings' Silks in Eyelet, Shadow and Silk Embroidery work is amply demonstrated absolutely free to every lady of New Westminster and vicinity.
