

SHIPWRECKED SAILORS HAVE AWFUL EXPERIENCE

Survivors of Coal Carrier Eclipse Tell Heartrending Tale of Fearful Sufferings.

San Francisco, March 29.—Shipwrecked in mid-ocean, escaped narrowly in a small open boat and tossed for seventeen days on the open sea without either food or fresh water...

"We were in the middle of the sea and tossing about in a high storm when the ship split in twain under our very feet, and we had all we could do to man a single boat and jump into it."

"Finally death eased the pain of three men who had gone raving mad from thirst, and it was on the fourth day out before we sighted a four-masted ship. We tied our shirts to an oar and waved frantically, but in vain."

"Four of the men went mad and we thought we would all jump into the sea when we sighted land. We had been wetting our shirts with sea water to keep the hot sun from burning our backs and with the hope that it would alleviate our terrible thirst."

"We landed on the island of Maui, just seventeen days after the ship had gone down and were cared for there and sent to Honolulu. I never want to go to sea again."

LIQUOR MEN ADOPT A REAL CHAUTAUQUA PLAN

Chicago, March 29.—The liquor interests of Illinois have adopted a genuine Chautauqua plan to combat the sudden uprising of prohibition that threatens to make considerable "dry" territory on April 7, election day.

The only difference between the liquor men's Chautauqua scheme and the ordinary kind is that its forty lecturers are restricted as to their subjects of address to the anti-prohibition topic.

Mendelssohn Club.

The third monthly recital given by the piano pupils of the Misses Thompson was held at the studio, corner of Third avenue and Pine street, Saturday afternoon, when twenty-five students gathered sharp on time.

Before Part II, was commenced the members present had their second drill in fancy marching, much improvement being noticed in their marching time.

Part II was then given, as follows: Paderewski's "Mennet," by Miss Mitchell; "Rondo," Kingsley Hart; Valse, by Streabag, Ethel Teskey; "Song Without Words," by Ascher, Elmer Cameron; "The Harebell," by Smiltwood, Miss E. Furness; "Dorothy," by Seymour Smith, Miss Jean Gilchrist; duet, Edith and Willie Burdette; "Schwabische Volkslied," Eva Fraser; Etude, Miss Moore.

During the program a short sketch of Beethoven was read by Miss Edith Thompson as it is the intention of the club to learn something of the great composer at each meeting.

The numbers played by Miss Mitchell and Miss Jean Gilchrist were exceptionally pleasing, and showed much native ability coupled with a correct technique.

FOUR LACROSSE TEAMS FORM THE SENIOR LEAGUE

Victoria Decides to Place Team of Stickhandlers in the Field. Schedule of Season's Games Drawn Up. Numbers Remain on Sweaters. Score Boards Promised.

Assembled in a session which lasted for over eight hours at Victoria on Saturday, the executive of the B. C. Amateur Lacrosse association finally and irrevocably shelved the proposition that professionalism be introduced in lacrosse in B. C. this season.

Next Meeting Here. New Westminster was selected as the place of the next annual meeting, which will take place on the last Saturday in March of next year.

Officers of B. C. A. L. A.

- Honorary president—Hon. R. McBride. President—C. W. Murray. First vice-president—A. W. Gray. Second vice-president—B. F. Armstrong. Third vice-president—Foster McGurn. Secretary-treasurer—Fred J. Lynch. Council—C. A. Welsh, Fred J. Lynch, L. Yorke, B. F. Armstrong, Ed. Carter, J. Martin, W. Lorimer, C. G. Peele.

Official Referees.

- Westminster—A. W. Gray, R. H. Cheyne, F. J. Lynch, W. Gifford. Vancouver—L. Yorke, M. J. Barr, J. Garvey, E. Martinson. Maple Leaf—R. Ravey, Stan Morrison, Ed. Carter, F. Murray. Victoria—W. H. Cullin, Stan Peele, R. Dewar, W. J. Lorimer.

Four Teams This Year. Victoria has entered the senior league this year, having apparently decided at the last moment that there was material in that city from which a team with a fair chance of making a good showing could be selected.

The first games of the season will be played on Victoria Day, May 24, when the Westminsters will meet the Maple Leafs in this city, while the Vancouver team will meet the Victorias of the Capital City. The full schedule of games is printed below.

Some Changes. The goal crease will be enlarged this season, while goal posts will be five feet apart instead of six as formerly.

Numbers on Sweaters. Numbers will again be worn by players this season, a proposition to do away with this system of identification being defeated by the narrow margin of one vote.

TO LATE TOMORROW.

Tonight there will be a rush of laagers to get their names on the voters' list and many will be too late. You have all day in which to visit the registry office and claim your franchise. Get busy now. This is your last chance.

ward in the Royal Columbian hospital continues with undiminished vigor, the amount to the credit of the fund at the Bank of Montreal having now reached \$416.50.

The good work of collecting money for the furnishing of a children's ward in the Royal Columbian hospital continues with undiminished vigor, the amount to the credit of the fund at the Bank of Montreal having now reached \$416.50.

The money comes back. The famous one hundred dollar deposit that has caused a considerable amount of talk for the past several months is again in possession of the Westminster club, a check for this amount having been handed Secretary Lynch by Matt Barr during the meeting on Saturday.

WARD FUND DONATIONS ARE COMING FROM AFAR

Bank Account is Swelled by Coin Received from California and Kamloops—Handkerchief Party.

At a regular fortnightly meeting held on Saturday afternoon at the home of Miss Lena Nelson, Sapperton, the amount of \$86.40 was added to the previous sum collected, each of the members reporting their success during the time since the previous meeting.

On Easter Saturday, April 18, it was decided to hold a handkerchief bazaar at which the girls will sell candies and fancy work, refreshments also being served, the proceeds to be devoted to the fund.

The secretary, Miss Daisy Dawe, reported that with the president, Miss Beatrice Sayer, she had gone to Vancouver on Thursday last to meet a number of ex-May Queens.

The next meeting of the society will be held next Saturday, April 4, at the home of Miss Vera Kenny, at 2:30 p. m., the invitation of that young lady being accepted by the meeting.

The alleged libelous article was published in May, 1907, and repeated in January, 1908, that Tevis had entered into a corrupt bargain with Abraham Ruef, by which the latter was to receive \$1,000,000 to get the city to purchase the Bay Cities water project as a municipal supply.

EXPLOSION HURRIES TWENTY MEN TO DEATH

Rescue Party Entombed and Killed in Wyoming Coal Mine—Populace Frantic.

Hanna, Wyo., March 28.—The lives of twenty men were sacrificed this afternoon when an explosion of gas and dust at 3:30 o'clock in the No. 1 mine of the Union Pacific Coal company completely wrecked the workings, shattered the timbers and outside buildings, rocked dwellings and business houses in town.

While a rescue party of fifty miners were taking out the bodies of Robert Warburton, James Knox, Joseph Burton and Peter Munson at 10:30 tonight, a second explosion in the east shaft of mine No. 1 completely buried the rescuers.

If they survived the explosion they were killed by after-damp. They cannot be reached. The confusion is terrific. The men who are asked to go into the mine are panic stricken. The state mine inspector was caught in the second explosion. Superintendent Bright was killed in the first explosion. Foreman Dodds was also killed.

But for the fact that this was an idle day at the mine the loss of life in the first explosion would have been much greater.

After the mine let go the second time the entire populace, frantic with excitement, rushed into the streets and advanced upon the mine. Their worst fears were realized for they were met by men running away from the mine shouting, "She has gone again boys, and got fifty this time."

The approaches to the mines and buildings have been roped off and guards are holding the crowds back, as to permit the grief-stricken people to approach the shattered workings would only interfere with the operation of the now thoroughly excited rescuers who are arriving on every train, and who are being rushed to the workings.

Fire started in the colliery last Sunday, since which time regular attempts have been made to extinguish it. Today it was deemed unsafe to send the miners down into the levels and they were laid off. Superintendent Bright, with a team of picked men, the best and most experienced hands in the camp, went into the mine early this morning to fight the fire.

It was in this mine that 169 miners lost their lives on June 30, 1903, by a similar explosion.

The men who lost their lives this afternoon were all married and leave large families. The widows and children called loudly to the relief workers to rescue their loved ones.

EDITOR AND MANAGER ACQUITTED OF LIBEL

San Francisco, March 29.—The jury in the trial of R. A. Crothers and Fremont Older, proprietor and managing editor respectively of the San Francisco Bulletin, charged with criminally libelling William S. Tevis, brought in a verdict last night of not guilty.

The alleged libelous article was published in May, 1907, and repeated in January, 1908, that Tevis had entered into a corrupt bargain with Abraham Ruef, by which the latter was to receive \$1,000,000 to get the city to purchase the Bay Cities water project as a municipal supply.

COLLEGE ATHLETES PREPARE FOR MEET

Event Will Be Confined to Tests Between McGill and Columbian--Twelve Events

The particulars for the spring track meet, which has been before the minds of the members of the Columbian College Athletic Association since the beginning of the winter term, have been completed. The event will be much smaller in its scope than was at first intended, only McGill University of Vancouver competing with the local school. The meet will be held on April 11, and a trial meet, at which the college team will be selected, will be held a week before, on Saturday. Permission to use the grounds at Queen's park for both the trial and the main meet and also for practicing purposes has been secured. The list of events has been made out, and twelve events are arranged for: A 100 yard, a 220 yard, a 440 yard, a half mile, and a mile running race; a hurdle race; a relay race; a running broad jump; a running high jump; pole vaulting; shot putting, and a hop-step-and-jump.

The meet has evolved itself into quite a different thing from what it was originally intended to be. Instead of being a provincial contest with entries from four or five colleges, it is now being held merely as a preparatory meet to a hotly contested one between Columbian college and McGill next autumn, which will be the first of what will be thereafter an annual event between the two schools. A meeting has been called for the evening of April 11, after the coming track meet, of representatives from the schools to make general arrangements for this first of these yearly meets.

Being as this meet a fortnight hence is only a preliminary matter, no prizes will be given, but the school whose team wins the largest number of points will have the honor of "winning the meet." The conduct of the meet next week was put into the hands of several capable committees by the C. C. Athletic Association at their last meeting and things have now progressed to such a stage of completion that no hitch in the proceedings is possible. The vigorous training that the aspirants for positions on the Westminster school team are now going through under the able supervision of the committee appointed for that purpose leaves no doubt but that the Columbian colors will be carried with honor down the entire series of events; besides, with the added facilities, which the new gymnasium affords, are so much better than those of any other school in the province that the advantage for winning lies greatly in favor of the college.

Lacrosse has found more partisans at the college this season than ever before and it is altogether probably a team will be organized. There has been some practice every day lately and unless counter attractions assume larger proportions than at present is expected, the college will be open to receive challenges for exhibition matches of Canada's national game as soon as the season opens.

We recently offered for subscription the first 100,000 Preference shares of this corporation in blocks of 100, at \$1.00 per share, each 100 shares entitled to a bonus of 25 shares of Preference Stock; the first issue was immediately taken up by the sale and guaranteed option.

WE NOW OFFER FOR SUBSCRIPTION

The second issue of 100,000 Preference Shares, in blocks of 100, at \$1.00 per share. Each 100 shares entitled to a bonus of 15 shares of Preference Stock.

The third and subsequent issues are to be sold at par, or at a premium to be announced from time to time by the Board of Directors.

WHEN COMPLETE, THIS MODERN PLANT WILL HAVE A CAPACITY OF 180 TONS OF NEWS PAPER, AND 270 TONS OF ALL GRADES OF WRAPPING PAPER PER WEEK.

SPECIAL NOTICE.

The Company reserves the right to reject any or all subscriptions, and further reserves the right to close the subscription list at any time without notice to the general public.

In ordering stock kindly state whether in the event the second issue of 100,000 is oversubscribed you wish your application returned, or allowed on the third issue of Preference Stock. No bonus stock allowed after the second issue.

The Preferred Stock is entitled to an annual dividend of 7 per cent, commencing November 1, 1908, but unlimited as to further dividends—i. e., after 7 per cent has been paid upon the Preferred and Common, both stocks thereafter participate equally. There is no reason why this stock should not pay from 30 to 50 per cent dividends.

We are now rushing the work at Port Mellon, 25 miles from Vancouver, on the first unit of this great plant, which is to have a weekly capacity of 80,000 lbs. of wrapping paper, and which we hope to have in operation by July 1, 1908.

Remember, there is no ground floor plan; no inflated values or huge promoters' profits in the enterprise.

Within one year the stock of this corporation will be selling at a handsome premium—than it will be too late to buy.

PAYMENTS.

10 per cent. on application 15 per cent. on allotment; balance in eight equal calls of thirty days each.

The public are cordially invited to visit our demonstrating plant, 313 Cordova street, Vancouver, and witness the manufacture of wood pulp and paper.

Courtesy.

The parvenu stood it till he could stand it no longer.

"James," he cried out piteously, "tell me the worst! You find my table manners execrable!"

But his new butler, bowing first with stately condescension, only replied:

"As a matter of professional courtesy I cannot entertain, much less express, any opinion which might seem in any way to reflect on my predecessor's 'ere.'"

And he bowed again and was silent--Puck.

The Wings of Time.

Methuselah was walking in his garden.

"My goodness," he exclaimed suddenly, "there's another flower on that century plant! Why, it seems but yesterday since I plucked a blossom from it." He walked slowly toward an oak tree 200 years old which he had tenderly raised from an acorn.

"Ah, me," he mused, "how time flies!"--Harper's Weekly.

The Larger Class.

"Of course," said the seeker after knowledge, "we seldom hear 'thee' and 'thou' nowadays. They're used mostly by poets, aren't they?"

"No," replied the editor; "they're used mostly by people who think they're poets."--Catholic Standard and Times.

Prudence.

Dentist--I've filled all your teeth that have cavities, sir. Mahoney--Well, thin, fill 'th' rist ar' thin too. Thin whin th' cavities come they'll be already filled, b'gobs!--Puck.

Don't judge a man by his failures in life, for many a man fails because he is too honest to succeed.--Aristotle (Lith.) Southern Standard

THE DAILY NEWS

Published by the Daily News Publishing Company, Limited, at their offices, corner of Sixth and Front streets, New Westminster, B. C.

E. A. Paige, Managing Director

MONDAY, MARCH 30, 1908.

The sympathy of the whole community will go out to Mr. J. B. Kennedy, M. P. today, as he places to rest all that is mortal of his only son Clarence, who passed away at Vernon on Friday last.

THOSE RECOMMENDATIONS.

The Licensing Board does not appear to have the proper conception of its duties. Those duties are administrative, the simple carrying out of the law as it exists, and in no sense does its powers allow it to interfere as to the number of licenses to be issued in proportion to the population, neither should it interfere with the fee charged for such licenses. Its powers would seem to cease with proper investigation of the conduct of the places licensed upon which the renewal or withholding depends. As to the hotel accommodation, we think there is none too much now to cope with the transient trade, which is ever increasing, and for which there must be provision made as it becomes necessary.

One thing is very striking, that is, that no such accommodation has yet been provided by the temperance advocates and it would be an example rather than a declaration of principles. If they would provide a first class hostelry conducted upon the lines they consider best, without the sale of intoxicants, falling which we cannot see the justice of reducing their own taxes by raising the license fees, or curtailing the accommodation by closing a number of the hotels. It would not cost more than \$30,000 to so provide a temperance hotel, and thus amount should be readily subscribed by the adherents to the temperance cause, and a practical test made to settle the question as to whether such hostelry would be payingly patronized by our visitors when no bar exists.

THE VOTERS' LIST.

At first blush, the report of the introduction of legislation at Ottawa with respect to the voters' lists, would indicate that word has reached the capital that all is not as straight as it should be with respect to the existing lists. The government may have heard of the Chilliwack affair at the last Provincial election and may be apprehending itself. It may also have heard of the wholesale resurrection and appearance of so many dead men at Fort Moody on the morning of the election, and want to be sure that these dead men are not allowed the possibility of being brought out again. New lists no one can object to, except those whose labor and cunning is lost by the discarding of the old ones.

THE WALLBERG CONTRACTS.

The enquiry into the Wallberg contracts, which was very exhaustively pursued by the Public Accounts Committee at Ottawa, failed to establish any foundation even for suspicion. Every safeguard born of experience or required by law was scrupulously observed by the Department. Despite the fact that from the calls for tenders to the completion of the contracts there was not a single feature incapable of bearing the searchlight of judicial inquiry, the Conservative press has been handing out selected bits of testimony garbled, distorted and separated from its context in such a way as to give color for reproach.

Mr. Wallberg, an eminent civil engineer, residing in Montreal, with his technical skill and his shrewd business methods, tendered on a number of

contracts and being the lowest tender secured them and carried out conscientiously every obligation, curtailed or implied in the contracts, had no extras, asked no favors, and gave satisfaction in every detail.

It is very noticeable that Mr. Wallberg's price for rock excavation was only 48 cents per yard, while nine other tenders ranged from 79 to 99 cents per yard, and the same ratio was observed in the other classes of work. The estimated cost on account of the stratum beneath the surface not being as supposed was exceeded, but Mr. Wallberg did not get one cent more than his contract price for the work performed, then where was the graft? Any honest Conservative in the House or out of it, or any reputable Conservative paper will say "There was no graft or even suspicion of graft."

While much remains to be done in the matter of modern appliances, we in justice to the Telephone company, congratulate it on the improved service. Promptitude is the main necessity to an effective service of the telephone system, and the subscribers can do much in assisting central by promptly answering the call of the bell.

FOREIGNERS PROHIBITED IN SALOON BUSINESS

Spokane, March 29.—Eight saloons run by foreigners will be put out of business as the result of an order issued by Chief of Police Rice prohibiting the keeping of saloons in this city by proprietors who cannot speak English intelligibly. Greeks and Austrians are affected by the order, the reason for which is that fights and riots frequently occur in saloons conducted by foreigners and the bartenders are unable to give the police a clear account of the cause of the trouble.

Turtle's Bite Meant Death.

Portland, March 29.—The British ship Celticburn, which arrived today from Santa Rosalia to load wheat, reports the loss of John Thompson, a sailor, from blood-poisoning, the result of being bitten on the leg by a green turtle. While the vessel was becalmed in the Gulf of California a number of green turtles were captured and taken on board. One of them bit a piece out of Thompson's right leg when he came in reach. He survived about ten days.

FREE BEER AND PIPES ATTRACT PARISHIONERS

London, March 29.—Rev. Charles Hutchinson, factor of Rayne, near Braintree, Essex, has arranged a series of concerts for the entertainment of his parishioners at which beer and tobacco are provided free for all men, and a popular musical program is rendered. One of the concerts was given in the church school room recently and was attended by practically all the men in the village.

each way. The opposition team were drawn from the Shamrocks and Celtics, and won out by three goals to none. The pace from the kickoff was fast and furious of necessity. A fine burst of speed by Lock gave the only opportunity for scoring by the Rovers, Johnson doing the trick. Lock and Johnson were the star players for the visitors; Jones and Graham put up the stellar exhibition for the home team. The representatives of Westminster were Lock, Fleming, Johnson, Clark and Bruce.

Columbian college juvenile basketball team was on Saturday afternoon victorious in two games against the College B. team and the City Juveniles, the first game being won by a score of 33 to 3, and the second by 44 to 3. The College juveniles have won every game in which they have figured this season. The following Saturday's winners: Guards Priest, Smith; centre, A. White; forwards, A. Berry, H. Turnbull. The vanquished were: College B.—Guards, White, Johns; centre, Woods; for-

wards, J. Berry, Dean. City juveniles—Guards, Fenton, R. Gilley; centre, R. Gilley; forwards, E. Cooper, A. Lewis. The champions expect to arrange a game against the Vancouver Y. M. C. A. juveniles in the near future.

Another of the pioneers of British Columbia, John Wiggins, 69 years of age, prospector and traveller, died Saturday morning. Mr. Wiggins was born in Ireland, coming to Canada with his parents shortly after, spending his boyhood in New Brunswick. He came to the coast and followed the lure of the gold fields with more or less success in California, the Cariboo, the Cassiar, and the Yukon, making a very comfortable stake. Six years ago he decided to leave the adventurous life, and settled down in this city. For some time the deceased occupied the position of chief of police here. He leaves but few relatives. Mrs. J. A. Robertson, of New Westminster, and Mrs. P. R. Peele, of White Horse, are nieces, and H. Wiggins is a nephew.

THE MEXICAN OCELOT.

A Great Jumper In This Strange Little Spotted Jungle Cat.

One of the most interesting animals of the new world and yet one of which little seems to be written, even by sportsmen who have spent much time in Mexico and the Central American states, is the ocelot, the strange little spotted cat of the dense jungles of tropical parts of the two Americas.

They are not nearly so heavy as the average lynx of the eastern woods and are infinitely lighter on their feet. They run with the greatest agility up and down the almost perpendicular trunks of trees and follow a crippled bird out on limbs too slender, it would seem, to bear the weight of the parrot, let alone the cat.

The parrots which they hunt frequent the thickest of forests, coming to the ground only in the rare open spaces and along the banks of the many small streams where they drink. In order to follow them it is necessary that the ocelots be great jumpers, and so they are.

When I was following the bounds through the southern California hills after wildcats and an occasional mountain lion I was wont to say that the latter was the greatest jumper on earth. The ocelot has any mountain lion that ever walked beated a block length for length and weight for weight.—Forest and Stream.

Mary, has any one called while I was out? "Yes, ma'am; Mr. Biggs was here." "Mr. Biggs? I don't recall the name." "No, ma'am; he called to see me, ma'am."—Strand Magazine.

Teacher—What are parallel lines? Micky Mulberry, what are you grinning at? Micky Mulberry—Scuse me, Miss Sharpe, but any soidy might make de same mistake. Yer means parallel bars, don't yer?—Puck.

It is of the utmost importance that the golfer should be on terms of the most complete confidence and intimacy with all the clubs in his bag, and particularly the wooden clubs, from which he gets his length. Such confidence cannot be established during the first few seasons of a golfer's experience. It needs a long time and much thought to grasp what are the essential features of a wooden club that make it exactly suited to the peculiarities of a particular player.—Fry's Magazine.

LAND REGISTRY ACT.

Re lot 22, block 11, Port Moody, subdivision of lot 201, group 1, New Westminster district.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH, District Registrar of Titles, Land Registry Office, New Westminster, B. C., March 16, 1908.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

- (1) At least six months' residence upon and cultivation of the land in each year for three years.
(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead.
(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

Bankers, Eastern Townships Bank, Vancouver, B.C. Auditors, Clarkson, Cross & Helliwell, Chartered Accountants, Vancouver, B.C. Solicitors, Messrs. Burns & Waikem, Vancouver, B.C. Secretary, A. Farmer, Esq. Temporary Offices, 322 Cambie St., Vancouver, B. C.

PROSPECTUS.

This company is formed for the purpose of supplying the City of Vancouver with absolutely clean and pure milk of the highest quality, free from drugs and deleterious germs. The need of such a milk supply is so well known that there is no need to dilate on this question, the plans of the Company having the earnest support of the Medical Society, the Provincial and City Health Officers, and every doctor in the City.

An option has been secured at a very favorable price on the well known Crutchshank Farm at Matsqui, close to the C. P. R., and on the route of the Chilliwack tram line. This property comprises 610 acres, of which 400 acres are in a high state of cultivation, and the balance is rich pasture. It is proposed to erect thoroughly modern barns with cement floors throughout, well ventilated and lighted, and a modern ice and bottling plant, shipping by special refrigerator car to Vancouver every day.

The price to be given for the farm is \$75,000, or about \$117 per acre, a very low figure considering the quality of the land, the improvements and the situation. It would be hard to find a farm better adapted for the purpose of a large modern dairy. The terms of purchase are \$25,000 cash, and the balance in fully-paid shares of the Company.

From the sum of \$100,000 to be realized from the sale of 10,000 shares now offered, there will remain \$75,000 after paying the cash portion of the price of the farm property. It is believed that this amount will be sufficient for the erection of the necessary buildings and equipment and the purchase of about 500 cows, especially selected after careful examination.

THE NEED OF A PURE MILK SUPPLY.

The City has no authority at the present time to inspect any dairies outside the City. The Company proposes to give it this authority, so far as its own farms and premises are concerned, and will welcome such inspection at all times. It also proposes to ask the Medical Association to appoint a committee of inspection.

The City records of 1907 show 148 deaths of babies under twelve months' old, and medical men have stated their opinion that at least 90 per cent., or say 133, of these deaths are directly traceable to milk, either drugged or contaminated at time of consumption. It is needless to say that 148 does not by any means cover the total number of deaths of children, as it is the number of those under twelve months of age only.

Out of thirty samples of milk collected in Vancouver during 1907 and analyzed by the Dominion Government authorities, only two samples reach 3 3/4 per cent., which is the average Canadian percentage of butter fat, and fourteen of them were officially described as either watered or skimmed, and were below 3 per cent., which is the Vancouver City standard.

THE PRESENT DIFFICULTIES.

The average farmer and milk vendor is perhaps unaware of the need of the most scrupulous cleanliness in every detail in the handling and delivery of milk, and lacks the necessary capital for the erection of cement floored barns, properly lighted and ventilated, the equipment of refrigerating and bottling machinery, and the employment of men technically trained in what is now recognized as a business requiring scientific care and management.

Without a supply of natural ice, or the means of artificial refrigeration, milk cannot be kept during the period of twenty-four to forty-eight hours which elapses between milking and delivery, without the aid of powerful preservatives, such as formaldehyde, etc. This drug prevents milk turning sour, even if exposed to the sun, but this and other preservatives are very dangerous.

WHAT THE HYGIENIC MILK COMPANY WILL DO.

This Company will supply milk only of the highest standard, both as to quality and purity. It does not propose to pasteurize milk, which at best is a makeshift.

It should be clearly understood that pasteurized milk is not pure milk; it is only impure milk which has been renovated, and the impurities to a greater or less extent removed.

The very fact that milk needs pasteurizing is in itself a suspicious circumstance. This Company never intends having milk on any of its premises in need of renovation, as it will keep only healthy cows, which will be under constant veterinary supervision; the milk, when produced, will be pure and absolutely clean, and will be kept in that condition until delivered to the consumer.

Immediately after milking, the milk will be aerated and cooled to a temperature of 38 degrees, put in seal bottles and delivered at the doors of customers exactly as it left the farm, and at the same temperature; this will prevent the need of drugs in summer to keep it sweet, and will also prevent the propagation of injurious bacteria in the milk, to which is attributable the enormous infantile mortality in the City and district.

MANAGEMENT.

Arrangements have been completed to secure the services of a well known dairy expert as general manager. This gentleman has successfully operated one of the largest creameries in Canada, and has made a special study of all matters connected with the handling and feeding of cattle.

Paper estimates of profits are some times delusive, so the directors content themselves with pointing out the well known fact that all the dairy farmers in the district have been for many years doing very well indeed, and the milk distributors have been doing even better, one firm being credited with making a profit of \$100 per day all last summer.

It is well known that in no part of Canada can cow feed be produced cheaper than in the Lower Fraser Valley, and as similar companies in the United States, which sell their milk at lower prices than are current here, pay good dividends, there is no reason why this Company should not do the same, as the use of milking machines and labor saving devices in handling the feed, manure, etc., etc., should offset the higher wages of this Coast.

IMPORTANT NOTICE.

The Company aim to keep 500 cows, but it will be obviously impossible to get this number in a year, and while every effort will be made to deliver milk by June, before the hot weather begins, it is doubtful if more than 100 cows can be obtained by then and the necessary barns and buildings completed. In selling the milk, preference will naturally have to be given to the shareholders of the Company, and it is not likely there will be any surplus for sale to the general public for at least the first year of operation, and as there will be probably many people of small means in urgent need of this milk, the shares have been put at a price, and on terms, within the reach of all.

Prior to incorporation the following gentlemen signified their intention of becoming shareholders:

C. A. A. U. Painter is Cut.
Secretary Lynch was instructed to confer with the officers of the B. C. Amateur Athletic union with regard to the professionalization of athletes. As far as this province is concerned, no allegiance will in future be given to the C. A. A. U., which last year, through the medium of its provincial representative, Smith, of Vancouver, placed 36 lacrosse players under the ban for taking part in games against the Toronto Tecumsehs. A strictly provincial athletic union will govern the different athletic clubs throughout B. C., and to this body alone will the lacrosse clubs of the coast give heed.

Their Annual Threat.
The lineup of the Westminster team this season will be the same as last year, no changes being contemplated at the present time. A number of the old brigade boys have arrived at their annual irrevocable decision that they will not stickhandle this year, but no anxiety is felt on this score.

Sis Does Funny Stunts.

"Sis in New York" is the title of the offering which comes to the open house on Wednesday, April 1, and it reveals the merry Hoosier lass in a new role. A visit to the great metropolis permits of many chances for fun, and Sis runs the gamut from shaking hands with "Oscar" of the Waldorf-Astoria, mailing a souvenir post card in the fire alarm box and nearly causing a riot, to trying to stop the trolley cars by standing on the track. She takes with her the characters that have followed her through her laughing adventures since the author discovered her down in Posey county, Indiana. Sis in her new play ought to be a winner.

REGULARS ON SCENE OF TREADWELL STRIKE

Treadwell, Alaska, March 29.—The transport Peterson arrived this morning from Fort W. H. Seward with company F of the Tenth infantry, numbering forty-eight men. Captain Baylies is in command. The regulars are here in response to a demand for men to protect the Treadwell mine from violence threatened by strikers.

The soldiers have been quartered in company buildings. Pickets have been placed and there has been no trouble, as the strikers are orderly. No immediate clash is feared at this time.

The Humboldt and City of Seattle landed sixty men to take the places of strikers today.
