ASEBALL BOYS HAVE GREAT ENTHUSIASM

ockets Promised For Season's Winning Team—Annual Meeting Held.

The perplexing question of what nstituted the Westminster Baseball ch provided material for considerble discussion at the annual meeting that body held in the board of trade om yesterday evening, when a mper attendance gathered to discuss espects and probabilities for the ason. The idea that four city teams ould be organized in Westminster, ese four to form a city league, alled several of the followers of the ort, who failed to see how the ision of gates receipts was to be ecomplished to the satisfaction of all oncerned when games would be playd between outside teams and a team mposed of representatives of the fferent city organizations. The quesn proving to be too deep for settlent without mature consideration, as referred to a committee which is meet on Thursday evening.

Representatives from Columbian colge and Sapperton were present, but some reason St. Louis college, hich had signified its intention to nd delegates, failed to do so. The presentatives of the other two new ms voiced the sentiments of the agregations they represented when they pressed a hope that they might be le to give the seniors a hard row to e during the summer.

Officers were elected as follows: mporary president, Dr. C. E. Doherty elected); President, J. D. Taylor elected); first vice-president, T. J. sh; second vice-president, Edghes; manager, S. W. Bodley; secy, F. O. Canfield; treasurer, W. Sinclair. Executive, Sid Malcolmn, J. H. Watson, H. Watson, C. n and Barbaree. The following e appointed delegates to a meetg to be held on Thursday, when a edule of games is to be drafted and her details attended to: Representg the city team, Sid Malcolmson, C. n; Columbian college, Pronty; Sapperton, Robertson, Lund. Louis college will be asked to apint delegates t o this meeting.

The matter of selecting suitable unds for the playing of games was ft in the hands of a committee of e, J. H. Watson, Sid Malcolmson, J. Taylor, S. W. Bodley and Dave alker.

The annual membership fee was ed at $2, payable at the commenceent of the season.

The question of playing inter-city atches with Vancouver and other ties was discussed, but finally left er until a future meeting.

A welcome announcement was made S. W. Bodley, who informed the eeting that, in company with W. E. tclair and Sid. Malcolmson, he had cided to offer medals or lockets to e team winning the most games in e season. A hearty vote of thanks as passed to these gentlemen.

The total expenditure of the club r season was $518.50; total receipts, 518.90. Debts to the amount of $33 e outstanding against the club.

Winnipeg, April 14.—The ice in the ed river is all broken up and is comencing to move. Advices from North akota state that the Red river has isen to such an extent that several arehouses on the banks have been ooded and piles of cordwood on the anks are in danger of being washed way.

ATHLETIC ASSOCIATIONS NEED RECREATION GROUNDS

Proposition to Secure Moody Square and Expend Large Sum on Needed Improvement Is Mooted.

A proposal is afoot to form a company to lay out Moody square as an athletic ground, and the city will likely be approached to give the necessary permission and privileges by the promoters of the scheme. There is at present, stated Sid Malcolmson at the baseball meeting last night, no grounds sufficiently large or in proper condition for athletic events, and this opinion is backed by the majority of those who have occasion to use the grounds. The Sapperton park is not large enough, the Queen's park is too small for more than one team to practice at any one time, leaving only Moody square available. A suggestion was mooted some time since to start an athletic building there, and this suggestion has given rise to the present one. The cost of the undertaking, which means the levelling of the grounds, would be in the neighborhood of ten thousand dollars, and the promoters believe that the amount could be raised among the business men. Sid Malcolmson expressed the opinion that the sums of money promised by the citizens towards a Y. M. C. A. building and not called for might be transferred for this purpose, which would be equally advantageous to the young men of the city. The intention would be to fence the grounds, and charge a small entrance fee to all games, to defray the expenses of maintaining everything in order.

A number of influential citizens, including a prominent banker, have promised the promoters of the scheme financial support.

INSANE RANCHER SHOT BY CONSTABLE WITH RIFLE

Patient to Be Brought Here Today Caused Serious Trouble on Island —Threatened Murder.

William Kenyon, a rancher of the Chemainus district on Vancouver island, will be brought from Nanaimo today for incarceration in the provincial asylum.

Kenyon went suddenly out of his mind early yesterday morning. He seized an axe and tried repeatedly to kill members of his family. But they escaped and gave the alarm to the neighbors.

A posse started for Kenyon's house. When he saw them he attempted to attack them with his axe. The man was infuriated and there was no way of disarming him. A. I. Tranfield, a constable, armed with a rifle, fired and wounded Kenyon. The latter's right arm was broken by the bullet and he dropped the axe. Even then it took several men to overpower him. He had been engaged in the real estate business in Nanaimo before going out on his ranch.

He Has Fits.

Lying across the C. P. R. track, near Sapperton, a man, who gives his name as Harry Keir, was found yesterday by Officer Johnston violently throwing himself in convulsions. He was brought to the police station where he threw two more fits in short order. A doctor was called in and pronounced it a case of epilepsy. The man states that he comes from Seattle, and is detained by the police awaiting instructions.

BACK TO BETTER LAND RETURNS THE HABITANT

Canadian Northwest Appeals to Men Who Years Ago Left Dominion For States.

Ottawa, April 14.—The movement into the Canadian northwest from the border states will be somewhat larger this year than last. It is pointed out that the move Canadawards is principally from Utah, the Dakotas, Minnesota and other western states, the people disposing of their lands there at upwards of $50 per acre to take up land in Canada at $10 per acre or less. If there has been an increase of arrivals from the United States, the same cannot be said of those from Britain. This is due to the stricter regulations which have been adopted by Canada in connection with settlers from the British isles.

A feature of the present movement from the United States to Canada is the repatriation of French Canadians. Thousands of these people are this year abandoning the manufacturing centres of New England and the middle states, and are either returning to Quebec or are swelling the tide of newcomers into the provinces of Alberta and Saskatchewan. So far Rhode Island and New Hampshire have furnished the largest contingents of those returning north.

ANOTHER FALSE ALARM RUNG IN LAST NIGHT

A false alarm was rung in to the fire halls yesterday evening shortly after 10 o'clock, No. 2 hall responding. The gong was sounded from box 26, located at the corner of Fifth avenue and Eighth street, but no fire was raging in the vicinity when the brigade reached the spot. This is the second false alarm sent in this week, one having been turned in on Monday evening. A strict watch is to be kept for the offender, who, by needlessly calling out the fire fighters not only gives them useless work, but also jeopardizes the safety of any building which might catch fire while the men are out on a wild goose chase. No consideration will be shown to the practical joker when he is captured, as an individual who can amuse himself by ringing false alarms would no doubt appreciate the humor of the situation when he finds himself converting large rocks into little ones for a few weeks at a streetch.

SASKATOON SECURES SMALL FIGURE FOR CITY BONDS

Saskatoon, April 14.—A meeting of the city council was held yesterday afternoon and it was announced that a deal was pending for the sale of $408,000 worth of city bonds at 92½, but beyond this no further information was available. The council decided to accept this offer and the finance committee was given power to close the negotiations.

The money is payable in four instalments after the deal has been closed. The first is to be to hand in fifteen days, the second in thirty days, the third in forty-five days and the last payment in sixty days. The interest was fixed at five per cent. payable annually.

Great Labor Congress in Texas.

Fort Worth, Texas, April 14.—The largest congress of labor representatives ever held in the southwest, as far as the numbers represented and the interests involved are concerned, began in this city today and will continue through the greater part of the week. The congress embraces conventions of the Texas Federation of Labor, the Brotherhood of Locomotive Firemen, the Brotherhood of Locomotive Engineers, the Brotherhood of Railway Trainmen, the Texas Farmers' union, and the Electrical Workers' Federation of the Fifth district. The several conventions, in addition to transacting a large amount of routine business, will discuss many matters of common interest, including federal and state legislation affecting the workingmen.

Exposed Lamp in a Mine.

Fernie, B. C., April 14.—Charles Saunders, an Englishman, aged 21 years, was sentenced here today to two months' imprisonment for having broken a lamp in a mine. He drove a pick through the top of the gauze.

OUTLAW FISHERMEN FORCED FROM B. C.

Activity of Kestrel Reduces Catch of American Halibut Fishers to One-Sixth.

Victoria, April 14.—As a result of his cruising in Hecate straits this winter, Captain Newcombe, of the fisheries protection cruiser Kestrel, says he has succeeded in cutting the catch of the American fishermen to one-sixth, from 1,500,000 pounds monthly to 250,000,000 pounds.

With two others cruisers he would cause them to leave those grounds entirely by preventing them from using the British Columbia harbors to clean the fish.

NON-UNION MEN ARE WANTED AT FAIRBANKS

Seattle, April 14.—A cable despatch to the Post Intelligencer from Fairbanks, April 12, says:

"At the annual meeting of the Mine Owners and Operators' association held here last night, it was decided to immediately wire John Ronan, their outside representative, authorizing him to contract an additional 10,000 men in Seattle at terms of $5 and board per day for ten hours to come to Fairbanks upon the opening of navigation.

WOMAN STEALS WHILE KNEELING IN THE CHURCH

Chicago, April 14.—As she knelt in prayer last night at St. Elizabeth's Roman Catholic church, a woman for whom the police have been searching for several weeks was caught in the act of stealing a pocketbook by Sergeant Timothy Dillon. Dillon told her to rise from her knees and accompany him. She did so without those near her knowing that she was under arrest.

At the police station she was identified as May Miller, 47 years old, who, the police say, served one year in the house of correction for stealing a pocketbook at St. James' Episcopal church. A search of the woman's room revealed thirty pocketbooks and small handbags.

Dawson Has the Measles.

Dawson, April 14.—An epidemic of measles is raging at Dawson. The disease was brought from the coast by one child.

FIRST C. P. R. BULLETIN PREDICTS GOOD CROP

Winnipeg, April 14.—The C. P. railway issued its first crop report of the season this morning, giving the progress of seeding operations throughout the Canadian northwest. One hundred and ten towns scattered all over Manitoba and Saskatchewan have been heard from. No more optimistic and generally satisfactory report has been compiled by the company. Everywhere exceptionally fine weather prevails. Land is in good shape and seeding is general. Some places, particularly in new sections, report a big increase in acreage.

CONTRIBUTE YOUR MITE

Only fifteen days remain now for the raising of the amount required by the Children's Ward society to complete the sum of $1200 for which they have been working hard for so long. Although the fund started by the Daily News is steadily growing, more assistance is required, else the children may be disappointed in their efforts. It is proposed, as often has been reiterated, to furnish a ward of twelve cots for children, to keep them separate in the hospital from the adults, and for this worthy purpose the money is asked. There is yet some three hundred dollars to be raised and the time is short. Contribute your mite today.

DRAWING TEACHER GIVEN GOLD HEADED UMBRELLA

Henry Dunnell Presented with Swell Rain Shield by Urban and Rural Pedagogues as Testimonial.

A gold headed umbrella, accompanied by an address, was yesterday afternoon presented by the city and rural school teachers to Henry Dunnell, who during the past month has been giving the teachers instruction in the new method of drawing adopted by the superintendent of education a short time ago, the gift being tendered to Mr. Dunnell on the occasion of the closing of his class, which has been conducted in the Central school, he leaving for Victoria this week to spend the Easter holidays before proceeding to the Okanagan, where he will spend some time.

About thirty teachers were present at the informal tea held in the kindergarten class room at which the presentation was made, F. O. Canfield, principal of the Westside school, handing the umbrella to Mr. Dunnell with an appropriate speech, while H. McKenzie, of the Sapperton school, read the address. Trustee Thornbur, in a few words touched upon the great assistance which Mr. Dunnell had rendered the teachers during the time he had been here. A short program followed.

Denies Ill-treatment.

Ottawa, April 14.—The superintendent of immigration has received a denial from F. W. Annand, agent of the immigration department at Halifax, of the newspaper reports alleging undue detention and ill-treatment of passengers who landed from the steamer Tunisian last Friday.

SLEEPING JAPANESE ARE OVERWHELMED BY SLIDE

Forty Yellow Men Buried in Tremendous Snow Slide at Albert Canyon—Five Bodies Recovered.

Calgary, April 14.—Word was received here last night that a tremendous snow slide at Albert Canyon, on the C. P. R., in the Cascade range, had swept two boarding cars from the track. The cars were filled with sleeping Japanese laborers.

The slide occured in what was considered a perfectly safe spot, but the heavy rains in the mountains in the last few days brought down the snow and thousands of tons of ice, rock and snow struck the cars, carrying them some distance down the mountain. It is understood that there were forty Japanese in the cars and five bodies have already been recovered.

THANKSGIVING PROPERTIES DISPOSED OF FOR $53,000

Dawson, April 14.—A report comes from Fairbanks that Jerome A. Chute, formerly of Dawson, has sold to Frank Manley, also once in this camp, an undivided one-quarter interest in mining properties in the Thanksgiving district, for $53,000. The title to thirty claims, covering one and a half miles of pay streak, is said to be involved in the deal. Last fall Manley bought properties in the same district at a cost of $120,000. A ditch has been built at a cost of $30,000 to serve the Thanksgiving properties. For a time Chute and Manley were involved at law over the properties, but settled through arbitration.

Adopt British Style.

Victoria, April 14.—A meeting of the police commissioners was held this afternoon, when a delegation from the Canadian club was present to urge the adoption of the British military style of uniform for the police force instead of the American pattern now worn. After hearing the delegation the commissioners decided that the British military style should be adopted.

Bellingham Claims 40,000.

Bellingham, April 14.—R. L. Polk & Co. are now taking the annual census of Bellingham. It is confidently believed by observing people that the census this year will show a population of approximately 40,000 persons in Bellingham.

Cold Water Effective in Dispersing Rioters in Street Car Disturbance in U. S.

Chester, Pa., April 14.—A strike of conductors, motormen and other employees of the Chester Traction company, followed by the importation of about 150 strikebreakers and the summoning of a detachment of the state constabulary to assist the local police in preventing violence, precipitated a series of clashes between strike sympathizers and state police today. The state police were stoned and mobbed, and several officers and civilians were hurt, though none dangerously.

The events of the day have aroused the entire populace and the town is practically under martial law tonight, with all the saloons closed and the street car barns and other property of the traction company under guard.

The trouble started when a mob prepared to stop the running of cars by strikebreakers. The first car out of the barn was stoned and every window broken. This absolutely tied up every line of cars in Chester, including the Southwestern trolley line to Philadelphia. While the strikers held themselves in readiness to prevent the operation of cars, a detachment of twenty state police, under command of Captain Groome, came upon the scene. Their appearance aroused the ire of the strikers, and the officers were stoned by the mob.

Several times the mounted police were compelled to charge the crowds, and there were incipient riots, but the worst disturbance came at nightfall, when the strikers, augmented by several men and women, charged the mounted police.

The rioters were only subdued when the fire department was called out and water turned on the mob.

FINDS HOARD BURIED QUARTER OF CENTURY

Pendleton, Ore., April 14.—Twenty-six years ago James Jacobs, a pioneer, who did not believe in banks, buried $1120 in gold in a tin box. That year the greatest flood the Umatilla river has known in half a century flooded all Pendleton and when it subsided Jacobs could not find his box.

SEALING SHIP SINKS WITH 20,000 SKINS

Steamship Newfoundland Is Caught in Ice Pack and Cargo Worth $130,000 Is Lost.

St. Johns, Nfld., April 14.—Bringing tidings of the sinking of the steamship Grand Lake, of the sealing fleet, and the serious injury of several others caught in the grip of ice floes, the steamship Newfoundland crept into port yesterday leaking badly.

The Grand Lake met with destruction last Sunday. She was shut up in the relentless jaws of two great ice floes until her sides gave way and her engines were crushed. Her crew, numbering 214 men, made its escape to the steamship Vanguard, which was close by.

A catch of twenty thousand seals went down with the Grand Lake. This cargo was valued at $130,000 and was insured.

The steamships Iceland and Ranger also were badly crushed by the ice, but were kept afloat until their crews could care for them on ice floes and make temporary repairs. The steamship Algerine is also reported badly damaged.

THOUSANDS DROWN.

Shanghai, April 14.—Disastrous floods are reported to have occurred at Hankow, in the province of Hu Peh. Two thousand persons have been drowned. Seven hundred junks were sunk or wrecked. The floods are said to be due to an unexpected freshet. The waters caught the the people unexpectedly in the middle of the night.

"This Is My 47th Birthday"

Bliss Carman.

William (Bliss) Carman, the well known poet, editor and journalist, was born at Fredericton, N.B., April 15, 1861. He was educated at the Collegiate institute and University of New Brunswick in 1881, and later took post-graduate course at the University of Edinburgh and Harvard university. Before entering upon his career as a journalist, he was successively a law student, a civil engineer and a school teacher. In 1890 he became one of the editors of the New York Independent and remained with that publication two years. During the past ten years he has been a writer for various metropolitan newspapers and magazines. Mr. Carman's best known publications include "Low Tide on Grand Pre," "Behind the Arras," "Ballads of Lost Haven," "By the Aurelian Well," "Pipes of Pan" and "A Seamark."

SUNDAY LAW TO BE FOUGHT BY RAILWAY

Convictions Against C. P. R. Will Be Appealed—Alberta Is Scene of Trouble.

Edmonton, April 14.—The Canadian Pacific Railway company is determined to fight two convictions against it in Strathcona and Macleod for the violation of the Lord's Day act. In both cases fines were imposed. The company is paying these fines and is moving for a writ of certiorari to quash the convictions.

The motions in both cases will be heard in the supreme court in Macleod in May. In the Strathcona case the C. P. R. was charged with the unnecessary running of freight trains out of Strathcona on Sunday. The case came up there before Inspector Worlsely at the R. N. W. M. P. barracks here in October, and a fine of $200 was imposed.

In the Macleod case the company was charged with causing a telegraph operator to do unnecessary work on Sunday. A conviction was also obtained in this case.

STEADY INCREASE IN CANADA'S FOREIGN TRADE

Ottawa, April 13.—The aggregate foreign trade of the Dominion for the year ending February 29, 1908, amounted to $642,728,955, as compared with $598,200,609 in 1907, and $516,735,571 in 1906. The total imports were $365,163,529, an increase of $36,500,000 over 1907, an increase of $7,900,000 over 1906 and $38,750,000 over 1905.

Exports to Great Britain totalled $135,279,942, a decrease of $1,280,000 compared with 1907, but an increase of $8,816,000 over 1906.

Exports to the United States of $113,255,783 represent an increase of $4,319,000 over 1907, and $241,139,000 over 1906.

Imports of $215,747,402 represent an increase of $15,163,000 over 1907 and $48,150,000 over 1906.

We recently offered for subscription the first 100,000 Preference shares of this corporation, in Blocks of 100, at $1.00 per share, each 100 shares entitled to a bonus of 25 shares of Preference Stock; this first issue was immediately taken up by the sale and guaranteed option.

WE NOW OFFER FOR SUBSCRIPTION

The second issue of 100,000 Preference Shares, in Blocks of 100, at $1.00 per share. Each 100 shares entitled to a bonus of 15 shares of Preference Stock.

The third and subsequent issues are to be sold at par, or at a premium to be announced from time to time by the Board of Directors.

WHEN COMPLETE, THIS MODERN PLANT WILL HAVE A CAPACITY OF 180 TONS OF NEWS PAPER, AND 270 TONS OF ALL GRADES OF WRAPPING PAPER PER WEEK.

SPECIAL NOTICE.

The Company reserves the right to reject any or all subscriptions, and further reserves the right to close the subscription list at any time without notice to the general public.

In ordering stock kindly state whether in the event the second issue of 100,000 is oversubscribed you wish your application returned, or allowed on the third issue of Preference Stock. No bonus stock allowed after the second issue.

The Preferred Stock is entitled to an annual dividend of 7 per cent, commencing November 1, 1908, but unlimited as to further dividends—i. e., after 7 per cent has been paid upon the Preferred and Common, both stocks thereafter participate equally. There is no reason why this stock should not pay from 30 to 50 per cent dividends.

We are now rushing the work at Port Mellon, 25 miles from Vancouver, on the first unit of this great plant, which is to have a weekly capacity of 80,000 lbs. of wrapping paper, and which we hope to have in operation by July 1, 1908.

Remember, there is no ground floor plan; no inflated values or huge promoters' profits in the enterprise.

Within one year the stock of this corporation will be selling at a handsome premium—then it will be too late to buy.

PAYMENTS.

10 per cent. on application, 15 per cent. on allotment; balance in eight equal calls of thirty days each.

The public are cordially invited to visit our demonstrating plant, 313 Cordova street, Vancouver and witness the manufacture of wood pulp and paper.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for heating Post Office, Vancouver, B. C.," will be received at this office until Saturday, April 25, 1908, inclusively, for the construction of a heating system for the public building at Vancouver, B. C.

Plans and specification can be seen and forms of tender obtained on application at this Department, from W. Henderson, Superintending architect, Victoria, B. C., and from Mr. Charles Tossell, Clerk of Works, Vancouver, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,
FRED. GELINAS,
Secretary.

PRINT PAPER TRUST ON VERGE OF TROUBLE

Methods of Business of Big Organization Being Probed By U. S. Government.

Washington, April 14—The attorney-general yesterday sent to Speaker Cannon a letter in reply to the house resolution asking what steps have been taken by the government to investigate the alleged combination of wood pulp or print paper manufacturers.

The attorney-general says an investigation is in progress, but no evidence has yet been obtained to justify legal proceedings. He says that when the investigation and the report thereon are completed, he will submit them without delay if he can do so without affecting the interests of justice, but that if the investigation should lead to civil or criminal proceedings, it may continue expedient to temporarily withhold from the public the evidence and information.

Seeding in Middle West.

Winnipeg, April 13.—Today seeding is general throughout the province. Thousands of immigrants from the United States are pouring in and many of them have had large tracts of land broken and are among those who are putting in wheat. Judging from present climatic conditions the season is at least a month in advance of last year. The acreage this year will be greater than last owing to the enormous number of new settlers coming in.

In the newer section of the province, where the newcomers experienced hardships a year ago, conditions this year are exactly the reverse. More plowing has been done than a year ago and all in all, there were never better prospects for a good year.

LONDON PRESS HAS FAITH IN CANADA

Montreal, April 13.—A special London cable says newspaper comments generally seem to accept Sir Charles Rivers-Wilson's confidence that Canada's certain progress leaves plenty of scope for the Grand Trunk and Grand Trunk Pacific to maintain its fortunes. The financial News favors the suggestion of having a fraction of the board consist of Canadian residents.

GIFT TO THE LITTLE FOLKS.

The City Council did itself proud when on Monday night it granted $150 to the May Day celebration fund. It makes the old feel younger to see the children enjoy themselves, and mean will be the man who will object to the full observance of this day, when the bright young life of the city can, without distinction, collectively enter into the sport surrounding the ancient custom. On the other hand it will tend to make our youth more staid, by realizing that they are recognized by their elders, and in years to come, should they wander to other climes, there will come up the remembrance of the happy annual event they entered into with such zest and there will be a longing to return to the old haunts. For the Children and in their name we thank the Council for its generous gift.

ANOTHER BUBBLE BURST.

Once again has the phantom of scandal, which the Conservatives have followed like the "will o' the wisp, been dissolved under the sunlight of thorough enquiry by the Public Accounts Committee.

The ghost this time appeared to them like a timber limit scandal. The system of obtaining tenders was said to be crooked and the Imperial Pulp Company secured limits that ought to have gone to other tenderers, although their bids were considerably less than those put in by the Imperial Pulp Company, and it was contended that the policy of the Government having this system was wrong. Now it so happens that the policy of the present Liberal Government, in this respect, is precisely the same, and is a continuation, in so far as the system is concerned, of that of its predecessors. But there is a marked difference when the bonus sum is considered. Under the Mackenzie Administration 1873-1878 the average bonus was $23 per square mile on the total area granted, 310 miles. From 1879 to 1895 the Conservatives granted a total area of 29,322 square miles for which they received only the small average bonus of $4.3 per square mile. The present administration has granted an area of 6,456 square miles at an average bonus of $81.92. It is claimed by the Opposition that the present administration have been giving away valuable limits, but they will have to keep hiding behind each other to escape the full force of the boomerang, because, if the $81.92 obtained by the Laurier Administration can be called "giving away" what must be said of them only getting $4.3. Then there is the additional fact that this bonus of $81.92 was bid and accepted for areas which were thrown back by their friends to the Conservative Government as being, as they said, absolutely worthless.

The policy of any Government should be to get the resources of the country opened up. It has been so in this case with respect to timber limits, and we doubt not but that this development has enhanced the value of the holdings in just the same manner as the development of a city enhances the value of real estate. The coming of transportation facilities and the creation of near-by markets must have a strengthening effect upon the value of holdings and those who explored these wilds and discovered their value and looked ahead have a right to receive the reward of their foresight and confidence, and no sane man will begrudge them what they have realized. After the bonus is paid, there is still the stumpage and other dues coming to the Government to increase the revenue.

By the way, it was proved beyond question that the cheques accompanying the tenders were accepted by the Bank of Ottawa, as the date stamp showed and to which the manager of the Bank swore positively, before the tenders were opened and Mr. Turriff comes out of the investigation as a judge would say "without a stain on his character" and the defamation coming from the source it did, and being so clearly disproved, raises him high in the estimation of every fair-minded elector, and the Dominion should be proud that he has emerged from the ordeal untarnished and has defeated his enemies with the greatest weapon man can possess, the weapon of truth.

BRITISH PARLIAMENT ADJOURNED FOR EASTER

London, April 14.—After sitting today parliament adjourned until April 25 for the Easter recess.

Sir Gilbert Parker tried to galvanize the House of Commons into a semblance of activity by urging the nation to stop the alleged dumping of American hops into England, but Mr. Lloyd George, who made his first appearance as chancellor of the exchequer, pointed out in reply that Sir Gilbert Parker's figures were greatly exaggerated. In any case he said the matter could not be done until this commission had made its report.

MAY DAY CELEBRATION TO BE HELD AT KAMLOOPS

Kamloops, April 14.—A petition signed by nearly 200 school children has been presented to Fire Chief MacKay asking that the May Day celebration be held as usual. The chief says that the celebration will be held and that he and the other members of the brigade hoped that the trustees would see their way clear to the declaring of a holiday on May 1.

Work will shortly be commenced on the wharf being built for Ald. Fader, above the Fraser river bridge. The ultimate intention is to build an immense wharf covering ten water lots and extending into the river far enough to get thirty feet of water so that the largest of vessels can tie up there without trouble. It is not expected that this will be completed for a year or so, but the contract for a hundred feet of the wharf has been let to W. R. Gilley, and the pile-driver crew will be busy there in a few days.

Pedestrians on Columbia street yesterday afternoon were somewhat astonished to see the stalwart form of Sergeant Geiser, of the city police force, seated on a box of a substantial farm wagon, filled with squealing specimens of the porcine tribe, driving the outfit down the street. The team had been left, presumably by the owner, tied to a telephone post at the Crescent in close proximity to the street car track, and every time that a car passed the animals went nearly frantic with fear. The sergeant drove the team to the livery stable out of danger's way.

A Westminster team will compete this year, in the Vancouver Hospital benefit sports on Victoria Day, in a novel comedy game called pushball. The game in played with a five foot ball, six men a side endeavoring to make the big sphere roll towards the goal of their opponents. The long desired road to Bon Accord from the Fraser river bridge, which has been agitated for for some time, and the need of which was brought to the attention of the government recently by the Daily News, is now assured. As a result of the visit of the chief commissioner of lands and works, Hon. F. J. Fulton, to the city, the provincial government has agreed to make an appropriation of $2500 towards the work, an amount that practically covers the sum estimated. The information was contained in a telegram to T. Gifford, M.L.A., yesterday.

The police were notified yesterday that a yound lad, Joseph Thomas, was missing from his home on Cariboo St. and had not been seen since Saturday last. The lad is seventeen years of age and was employed at the B. C. Manufacturing company's mill on Lulu Island. He had been in the habit of visiting a ranch in the country and staying late in the evening. His parents had objected strongly, his father several times walking the two miles to fetch him back. On Saturday he again went out and since then nothing has been heard of him, and the matter has been placed in the hands of the police, who will endeavor to locate the missing boy.

The new fruit canning factory, which was discussed at a meeting of the city council last month, is now an assured industry for the city and will probably be in readiness for operation in a month's time. The firm that is starting the business here is one that for many years has been canning fruit in Bellingham successfully and now desire, being British subjects, to transfer their business to the Canadian side of the line. R. Broder, of the company, was in the city yesterday and Monday and made all the necessary arrangements for the construction of a large wharf above the bridge, on which the factory will be erected. The contract for the wharf was let to W. A. Gilley and the work is now well under way and will, it is believed, be completed by the end of the week. The contract covers the pile driving and the stringers only. The wharf will be 60 by 50 feet.

GREAT REMOVAL SALE

Commenced On TUESDAY MORNING April 14, 1908

at JOHN A. LEE'S

Mammoth FURNITURE Emporium

Having secured the large four storey building opposite Lorna street, and just six doors below our present premises on Columbia street, we shall move our business location as soon as possible. We have therefore decided to clear out our immense Stock of Household Furniture now on hand at give away prices rather than move it, as we have eleven cars of new, modern, up-to-date furniture to place right in the new premises as soon as the decorators are through.

This is the chance of your life if you want cheap furniture. Heavy discount allowed on any article you choose to pick out.

WIRELESS WAVES REACH VALDEZ FROM FAIRBANKS

Valdez, April 13.—The first wireless message ever transmitted from Fairbanks to Valdez was received here yesterday by the steamer Bertha, according to a statement made by officers of the vessel. The Bertha, which was at dock here, was in communication with the steamer Portland, which was near Cordova, all the afternoon, and it was while so engaged that the operator on the Bertha got in touch with Fairbanks. It has heretofore been claimed that the proximity of the high mountains to Valdez would interfere with the successful operation of a wireless station, but the tests made yesterday disprove the idea.

Although the Bertha, at Valdez, was practically hemmed in by high mountains, no trouble was experienced in communicating with the Portland, in Prince William sound. The erection of a wireless station at Hinchinbrook island and another at Valdez would make it possible for vessels to keep in touch with Seattle at any point along the route, and would be of great assistance in case of a wreck occurring outside of Hinchinbrook island, where the Oregon met disaster.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or subagency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

Do You Intend Building?

"There is no time like the present" is an old saying but more especially does this apply to building operations at this moment. LUMBER HAS GONE DOWN to a very astonishing extent. It is, however, very questionable if it will remain so much longer. Labor is also much lower and more available than it was this time last year. Make inquiries and convince yourself. DON'T PROCRASTINATE until prices go up again.

Of course you will have to procure a lot and this is where WE CAN BE OF ASSISTANCE TO YOU. We have been given the EXCLUSIVE SALE of what is beyond the least shadow of doubt the most desirable property in the City of New Westminster. WE DO NOT MEAN AWAY OUT IN THE SUBURBS where it is necessary to use fancy names in order to attract prospective purchasers BUT IN THE VERY HEART OF THE BEST RESIDENTIAL SECTION OF THE CITY.

It is situated on FIRST STREET between SECOND and THIRD AVENUES. FACING ON THE BEAUTIFIED PORTION OF QUEEN'S PARK, it commands a magnificient view of the Fraser River and the Pitt Mountains. You can also see all the LACROSSE MATCHES and other sports without going out of the house. Be sure to look at these lots before buying elsewhere. Nearly every lot faces on a 66-foot street and has a lane at the rear. Below is a plan of the property which you might cut out and take with you when you go to pick out your lot. If one lot is too small for your purposes you can take two or three and have just as large a frontage as you want. If you cannot aford to buy lots facing on the Park look at the back lots, the prices of which are absurdedly low. Remember: WE ARE THE ONLY FIRM IN THE CITY WHO CAN SELL THIS PROPERTY.

INDEFEASIBLE TITLE given with every lot. EASY TERMS CAN BE AR RANGED.

Some Interesting Games to Be Played With Jackstones.

Of course you boys and girls all know how to play jackstones, but you may not know all the games that can be played with them.

Do you know "Cats in the Well," for instance? It is played in the following fashion:

Roll the jacks from the hand to the ground; these are the cats.

Then place your left hand near them, with the fist lightly closed, the thumb and first finger forming the opening to one well.

Jack may now be thrown up, and, while he is in the air, one of the four cats on the ground must be picked up and put in the well.

Repeat the operation with the second, third and fourth cats until all have been drowned in the well. The left hand may now be taken away, leaving the dead cats in a bunch.

Why He Would Be Absent.

A suburban train was slowly working its way through one of the blizzards of a recent winter. Finally it came to a dead stop, and all efforts to start it again were futile.

In the wee small hours of the morning a weary commuter, numb from the cold and the cramped position in which he had tried to sleep, crawled out of the train and floundered through the heavy snowdrifts to the nearest telegraph station. This is the message he handed to the operator:

"Will not be at office today. Not home yesterday yet."—Everybody's Magazine.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for alterations to the Post Office Building, Victoria, B. C.," will be received at this office until Wednesday, April 22, 1908, inclusively, for the construction of the alterations to the Post Office Building at Victoria, B. C.

Plans and specification can be seen and forms of tender obtained at this Department and on application to William Henderson, Esq., Resident Architect, Victoria, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

IN THE COUNTY COURT OF WESTMINSTER, HOLDEN AT NEW WESTMINSTER.

Between Napoleon Authier (judgment creditor), plaintiff, and R. H. Soles (judgment debtor), defendant.

Pursuant to the order of his honor F. W. Howay, county court judge, made herein this 13th day of March, 1908, I will on **Wednesday, the 8th day of April, 1908,** at the hour of 11 o'clock in the forenoon, at my office, court house, New Westminster, B. C., offer for sale by public auction, all the right, title and interest of the above named defendant, R. H. Soles, in the southeast quarter of the southeast quarter of section sixteen (16), township sixteen (16), New Westminster district, containing forty acres more or less, to satisfy a judgment obtained by the above named plaintiff against the above named defendant, dated first of March, 1906, for $393.84 and the cost of these proceedings.

The above named lands are subject to a timber agreement dated the 29th day of March, 1904, made by R. H. Soles in favor of Alexander Johnston and registered the 8th day of June, 1905, and the above judgment filed the 13th of March, 1906.

This property has a one and a half storey dwelling and outhouses erected thereon and two acres planted in fruit trees.

Terms of Sale, Cash.

Dated the 24th day of March, 1908.

LACROSSE SCHEDULE IS DRAWN UP FOR SEASON

Officers of Intermediate Lacrosse Association Elected —Success of Sport Assured

The annual meeting of the Intermediate Lacrosse association was held last evening and in addition to the election of officers for the year, a schedule of games was drawn up. The meeting was enthusiastic and augurs well for the sport this season. Three teams will be in the field, the Reginas, the West Enders and the Sappertons, the latter having decided to enter the city league this year. The officers elected for the year were: J. R. Payne, honorary president; Pat Feeney, president; Nels Nelson, first vice-president; C. D. Peele, second vice-president; J. I. Keary, secretary-treasurer; G. Rennie, Bert Henry, Bert Galbraith, C. Cameron (Sapperton), G. Mannering and A. Smith, executive. C. D. Peele and Bert Galbraith were elected as delegates to the B. C. Intermediate association annual meeting. The following were named as referees: J. Feeney, C. Galbraith, C. D. Peele, H. P. Latham, G. Rennie and A. W. Gray.

The following schedule was drawn up:

May 7—Reginas vs. West End.
May 21—West End vs. Sapperton.
June 4—Reginas vs. Sapperton.
June 11—Reginas vs. West End.
June 25—West End vs. Sapperton.
July 9—Reginas vs. Sapperton.
July 23—Reginas vs. West End.
August 6—West End vs. Sapperton.
August 20—Reginas vs. Sapperton.

Cricket Club Seeks Privileges.

A delegation from the Westminster Cricket Club will probably interview the city council at its next regular meeting, and ask that the club be given permission to fence off a portion of Moody Square for the summer. If the necessary permission is granted the club proposes to level off ground to some extent and construct a board pitch, on which to stretch the mat. Practice in the past has been much interfered with by persons wandering over the field.
