VOLUME 1, NUMBER 94. NEW WESTMINSTER, B. C., SATURDAY MORNING, JUNE 23, 1906. 10 CENTS PER WEEK

## HOTEL KEEPER THREATENS SUIT AGAINST MAYOR

**Resents Statements Made By Mr. Keary at the Last Session of the License Commissione — Says His Hotel, the Lytton, Has Never ..en Used for Immoral Pu ..ses.**

A well known firm of solicitors has been instructed by James Hughes, proprietor of the Lytton Hotel, to institute proceedings against Mayor Keary, the City of New Westminster, the Board of License Commissioners, or whoever may be held responsible for the statements made by the mayor at the recent meeting of the license commissioners, when he stated that he had positive proof that certain hotels in the city had been allowing girls to frequent their premises for immoral purposes.

Mr. Hughes is strong in his denial that such a thing has ever happened at his hotel, and says that he is going to push the case to the limit, and make the parties responsible for the statements come to time, as his business has been injured by them.

On the other hand, Mayor Keary is more amused than distressed over the matter, and does not believe that Mr. Hughes seriously thinks of bringing it against him or the city for the arks made at the meeting.

He would not only make it very pleasant for him," said Mayor Keary, in discussing the situation last evening, "but he would drag some of the other hotels into the mire along with him. Things are bad enough as it is."

The suggestion that the city would be held responsible for his remarks was ridiculed by the mayor, who said that he alone could be responsible.

The threatened lawsuit created considerable interest around the city yesterday afternoon, and many different views were expressed. A gentleman who has been in close touch with both parties for several years, said that he had never known the Lytton to harbor girls on the premises, but that he was sure that the mayor would never have made those remarks if he had not thought that he was in possession of sufficient proof.

## WOMAN'S MURDERER PAYS THE PENALTY

**Richard Ivens Goes to the Scaffold in Chicago for Brutally Taking the Life of Mrs. Hollister, a Pretty Society Woman and Church Worker.**

Chicago, June 22.—Richard Ivens was hanged here at 11.03 o'clock this morning for the murder of Mrs. Bessie Hollister, the wife of Franklin C. Hollister. The crime, which was committed the evening of January 12 of this year, was one of the most revolting crimes in the history of Chicago.

Mrs. Hollister, who was a handsome woman and prominent in church and social circles on the north side of the city, left her home the morning of January 12 with the intention of carrying some flowers to the funeral of a friend. She did not appear at the funeral, nor was she again seen alive by any of her friends.

January 13 Richard Ivens told his father that the body of a woman was lying on a pile of refuse in the rear of their barn. Mr. Ivens at once informed the police. Her clothing was torn and disarranged, and she evidently had made a desperate fight before being overcome.

Around her neck was twisted a slender copper wire. She had evidently been strangled to death after being maltreated in the most vicious manner.

The conduct of Ivens aroused the suspicions of the police officers, and he was taken into custody and charged with the crime. He at first denied his guilt, but within three hours of his arrest made a full confession to the officers. He went into the shocking details of the crime in a cold-blooded fashion that aroused intense popular indignation.

## JEWS' STORY OF THE MASSACRES

Berlin, June 22.—An inhabitant of Bialystok, Russia, who was present during the entire massacres there, and who has arrived in Berlin, has given the German Hebrews Aid Society the folowing account of the recent events there:

"June 14 was the fortieth anniversary of the compulsory adhesion of many Catholics to the Orthodox church, and a celebration of the event was elaborately planned. The police and military were fully armed, apparently preparing for a conflict. Though there were no visible enemies, the Jews became alarmed and sought hiding places.

**"Down With the Jews."**

"On Thursday, processions of orthodox Russians and Catholics to the churches began, and were apparently passing without incident. Later an uproar began at one part of the procession, and the rumor spread that the Jews had thrown a bomb into the crowd, and were tearing a Russian priest to pieces. The crowd shouted 'Down with the Jews,' and thereupon roughs armed with clubs entered the nearest Jewish houses and brought the inmates out, destroying what ever they found within.

"The military in the meanwhile began firing upon the houses of prominent Jewish townsmen. Jews were hauled from their houses, beaten to death, and their bodies mutilated beyond recognition.

**A Concerted Signal.**

"The first bomb rumor was started among the members of the orthodox procession, and almost simultaneously, as if by a concerted signal, the rumor reached the Catholic procession in another street, that the Jews had thrown two bombs. Here there were the same terrible effects for the Jews as with the orthodox procession.

"Ruffians under the protection of the police and military, who hurriedly arrived on the scene, rushed into the Jewish houses, killing all who fell in their way, the soldiers in the meanwhile firing into the Jewish houses on the opposite side of the street.

**General Salutes Rioters.**

"One officer ordered a number of murderers to leave a place, but they argued that the governor had given up the Jews and their shops for three days' plunder. Gen. Bogajeffsky, commander of the garrison, po...ly returned the rough cheers and shouts with a military salute, and another officer congratulated them upon their festival, the rioters answering with vigorous cheers."

## A CANADIAN CENTENARIAN

**"Holy Ann" Preston, of Toronto, Dies at the Age of One Hundred Years.**

### BEST KNOWN WOMAN OF DOMINION METHODISM

**She Was Brought Out From Ireland Years Ago by Doctor Reid.**

Toronto, Ont., June 22.—"Holy Ann," whose real name was Ann Preston, died last night, aged 100 years. With her death closes one of the most striking lives of Canadian women, and one of the best known Methodists. "Holy Ann" never learned the alphabet, but she was able to read the Bible in a scholarly manner. She was brought out from Ireland many years ago by Dr. Reid of Thornhill in whose family she had been a servant.

**TENNIS EXPERTS AT PLAY.**

Leicester, Eng., June 22.—In the open lawn tennis tournament today, Miss Sutton, of Pasadena, Cal., defeated Miss Morton in the semi final ladies' singles by 6-2, 6-2. In the second round of the mixed doubles, A. F. Wilding and Miss Longhurst beat H. L. Doherty and Miss E. Sutton 3-6, 6-3, 6-4.

## INJUSTICE IS DONE NEW WESTMINSTER

**Steamer Henley, Which Cleared From Here, Reported as "From Vancouver."**

* * * * * * * * * * * * * * *
* Pacific Cable Station, Fanning *
* Island, June 22.—The tramp *
* steamer Henley of London, seven- *
* days from Vancou er, bound for *
* Auckland, was spoken to four *
* miles off this station on the night *
* of June 22. All well. *
* * * * * * * * * * * * * * *

The above, which appeared last night in the columns of the Vancouver World, requires some comment. As every one in this city already knows, and as every shipping person even in Vancouver should know, the Henley cleared from New Westminster and not from Vancouver. It is true that the Henley came to New Westminster from Vancouver with clearance papers which read "from Vancouver via New Westminster." The collector of customs here promptly ruled that these papers were worthless and they were promptly cancelled. When the Henley finally sailed with cargo, she was provided with new clearance papers from New Westminster.

Now comes the report from Fanning Island that the Henley from Vancouver has been reported there. This is as unjust as it is incorrect. As stated before, the Henley cleared from New Westminster, and New Westminster wants the whole shipping world to know it, for it is something of importance to this city to be able to say that a vessel of such heavy draught has navigated the Fraser without difficulty.

## ROCKEFELLER IN TROUBLE

**Roosevelt Will Go Hunting Once More With Blood in His Eye.**

### STANDARD OIL IS THE QUARRY HE AIMS AT

**Formal Announcement of Its Purpose Is Made by His Government.**

Washington, D. C., June 22.—Formal announcement of the purpose of the government to prosecute the Standard Oil company was made today by United States Attorney General Moody. It appears from his statement that the proceedings in the first instance will be held under the terms of the Elkins laws, which prohibits rebates in interstate commerce.

The attorney general, however gives notice that in all probability, should the investigation he is making justify it, he will bring further action against the Standard Oil company under the terms of the Sherman anti-trust law, and also will take steps to ensure against the continuance on the part of the company of the discriminations in trade and transportation not now subject to prosecution under existing law, but especially provided against in the pending rate bill.

## BANKERS TO DRAW UP A BLACKLIST

**Will Take Note of All Insurance Companies not Paying 'Frisco Losses.**

Tacoma, Wn., June 22.—At a session this morning of the Washington Bankers' association, a committee was appointed to confer with the state insurance commissioner and compile a list of the companies that cannot meet their obligations resulting from the San Francisco disaster and a list of the companies that seek to evade payment. A copy of the list will be furnished every banker in the state.

J. H. Albers, president of the National Capital bank, Salem, stated that the Oregon bankers would take similar action.

N. B. Coffman, of Chehalis, pleaded for the insurance companies, stating that most of them were trying to meet their obligations.

George T. O'Brien, cashier of the American National Bank of San Francisco, replied that the movement had no sting for honest companies, that most of the companies trying to evade payment were more scared than hurt.

The association's action will result in a blacklist of all delinquent insurance companies in Washington state.

**WESTERN GOLF CHAMPIONSHIP.**

Flossmore, Ills., June 22.—Alex Smith, a Nassau county club professional, won the Western open golf championship today with two rounds of 75 and 74. This with his scores yesterday of 82 and 75 made his total 306 strokes for the 72 holes play.

## HAAKON'S BROW ADORNED WITH NORWAY'S CROWN

**Coronation Proceedings at Trondhjem Pass Off Without the Least Sign of An Outbreak—Noble Gathering of European Princes Surrounds the Newly Made King and Queen.**

Trondhjem, June 22.—The ceremony of crowning King Haakon and Queen Maud was striking and sombre in its simplicity. There was no unfortunate attempt at decoration to mar the granite grandeur of the background furnished by the noble cathedral and the grey light of a cloudy day fell aslant from the upper windows upon two red gold canopied thrones raised against the fluted columns in the center of the nave, while the white and grey bunting used to cover the unfinished portions of the building was scarcely apparent in the soft shadows of the long aisles.

**King Joined in Song.**

Their majesties looked exceedingly well and took a lively interest in every part of the impressive ceremony. King Haakon joined in singing the hymns and closely followed the printed libretto of the orchestra choir.

Nothing occurred throughout the ceremony to cause the principal participants the slightest uneasiness.

**Ceremonies Were Elaborate.**

The coronation proceedings, which were very elaborte, were conducted by the Bishop of Trondhjem, assisted by the leading cabinet ministers and chief justice of the supreme court. After the anointment of his majesty by the bishop, the latter and Prime Minister Michelsen conjointly placed the crown on the king's head, after which Foreign Minister Loveland and the bishop conjointly handed him the sceptre. After a prayer offered by the bishop the latter and Interior Minister Arctander conjointly handed the king the orb and later War Minister Olsson and the bishop handed the sword of state to his majesty.

**Queen Likewise Crowned.**

The king having taken his seat on the throne, the queen was crowned by the same high personages in a similar manner. At the termination of the proceedings, the president of the Storthing called out "God save the King and Queen" and the whole distinguished company heartily took up the cry.

Grouped around the king's throne during the ceremony were the Crown Prince and Crown Princess Christian of Denmark, Prince Harold, of Denmark, and Prince Henry of Prussia, while about the queen's throne were the Prince and Princess of Wales, Princess Victoria of England and Grand Duke Michael of Russia.

## DOCTOR SAYS HE CAN RESTORE LIFE

**Squeezes the Silent Heart to Make it Beat Again—Is Pressing For Permission to Practice on Criminals Sentenced to Death or to Life Imprisonment.**

Cincinnati, June 22.—Dr. B. Merrill Ricketts, whose paper on the restoration of life by compression of the heart after it had ceased beating, read at the American Medical Association in Boston, created a sensation, says a person who had been dead twenty minutes was brought back to life by manipulation of the heart.

"The heart has actually been stimulated to action one or two days after death," said the doctor, "yet one or two minutes after the cessation of the heart is time enough to justify a physician in opening the chest and squeezing the heart, much as one would a sponge, to renew its action.

"We have taken twenty-five dogs and chloroformed them until the heart ceased to beat. Then the chest was opened and the heart taken in the hand and squeezed about sixty times to the minute. In about 75 per cent. of the animals the heart was made to beat again."

Dr. Ricketts suggests that criminals condemned to death or ten years or more imprisonment be offered the choice of commutation if they announce themselves willing subjects for experiments of this sort. He says:

"We now know of sixty prisoners in the penitentiaries who are life prisoners who are willing to be electrocuted and so experimented with provided that if resuscitated their freedom be given them."

**BIG STORM IN ONTARIO.**

Montreal, June 22.—London, Woodstock & Forest, Ontario, and the vicinity were visited by a severe electrical storm yesterday afternoon. A number of roofs were torn off and other damage was done.

Dubois, Pa., June 22.—The Buffalo and Susquehanna Coal company, employing several thousand miners, signed the wage scale today, and will resume operations at all of their plants next Monday.

Montreal, June 22.—Loss by Nicolet fire last night is now placed at $500,000. The insurance on the Catholic cathedral amounted to $60,000 and on the convent to $105,000, mostly in British companies.

## HAD HEART TAKEN OUT AND WASHED

Los Angeles, June 22.—To have his heart taken out and particles of sand washed from it as it beat, and still survive has been the experience of C. A. McCartney, a Pasadena Contractor

While riding a motor cycle he came into collision with a hay wagon and a wooden rake prong pierced his breast. The surgeons found that particles of sand from the road had been driven in the wound as far as the heart. They took that organ out, washed it thoroughly and then replaced it. Other internal injuries were attended to, the cavity in the body sewn up and the indications are that McCartney will recover.

## CANNERS YIELD TO FISHERMEN'S TERMS

**Latter Are all at Work, Receiving Five Cents a Pound for Their Fish.**

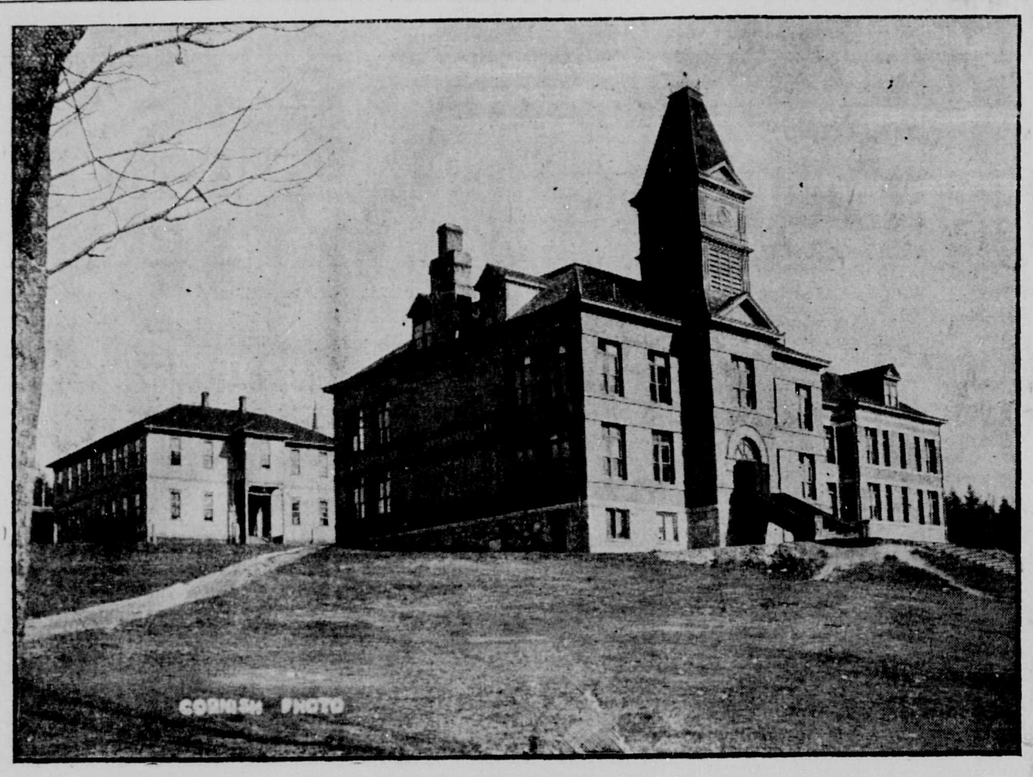
The fishermen's strike is settled, and all boats are again fishing on the Fraser river. The canners decided early in the week that they could not afford to remain idle at this season of the year, and as a result, they acceded to the men's wishes, and are paying 5c a pound for the fish. It is supposed that the action of the Unique cannery in buying up all the available fish was the means of hastening the decision of the packers.

## DELIGHTED WITH HIS OWN MURDER TRIAL

**Indian Enjoys Proceedings Which Mean Life or Death for Him.**

Mount Vernon, Wn., June 22.— Jimmy Adams, the Indian being tried on the charge of murdering his wife, seems to enjoy the situation immensely. He shows great interest in the trial and has an amused twinkle in his eye most of the time. He speaks English comparatively well, and, according to his own testimony, was a model husband. He is charged with striking his wife, Betsy Adams, with a club repeatedly, which was the direct cause of her death. He declares he is not guilty.

# Local Schools Are Closed; Children Free for Holidays



THE CENTRAL SCHOOL BUILDINGS.

The high school examination papers were submitted to some sixty-four scholars yesterday, and the result of much burning of midnight oil and long hours of study is now in abeyance for a few weeks. Twenty-eight entered for the examinations from the girls' school, nineteen from the boys', eight from Whiteside, five from St. Ann's Convent, and two each from Barnet and Steveston. Superintendent Argue, of Vancouver, was in charge of the examination, assisted by Mr. Coatham, Miss Rogers and Miss Blair. The result of the various grade examinations will be made known shortly: the boys' results will be known to-day, and the girls' some time next week. While the examinations were going on in the princpial's room, the school closing execises were being held in the other rooms, preparatory to breaking up for the summer vaction.

## SUPPLEMENTARY ESTIMATES

Ottawa, June 22.—The supplementary estimates for the nine months ending March 31st, 1907, were presented to parliament last night. They total $4,667,561. In the civil servive estimates, there is $3,500 for a deputy head and director of the geological survey, and $3,000 for an assistant director and geologist. There is $20,000 for experimental farms; $70,000 for taking the census in Manitoba, Saskatchewan and Alberta; $50,000 for the Dominion exhibition at Halifax, and $10,000 for the exhibition at Charlottetown; $75,000 for the quarantine; militia salaries, $150,000; keeping up camp grounds, $55,000; buildings at Levis, $2,200; alterations for fortifications at Halifax, $15,000; completion of works at Esquimalt and Halifax, $25,000; removal of Cliff House, $30,000; making $132,000 in all for the militia. There is $10,000 for the royal commission to investigate the grain trade.

## FULL PROGRAMME OF NEXT SUMMER SCHOOL

Methodist Young People Will Assemble Here from July 3 to July 8.

A neat and attractive souvenir programme of the coming second annual British Columbia Methodist Conference Coast summer school, to be held in this city at Columbia College from July 3 to July 8, has just been issued. In its "foreword" the programme says:

"The decided success of British Columbia's first Summer School last year inspires us to plan for a still larger success this year. As was expressed by the Conference resolution last year the pre-eminent aim of the Summer School is the systematic study of Bible and Missions in the atmosphere of prayer. This pre-eminent aim was so well realized last year that a splendid impetus was given Bible and Mission study in this Conference and largely increased Missionary subscriptions most naturally result. Then again as a substantial result of the initial movement last year, the annual Conference that recently met in Victoria recommended four Summer Schools for the Province this year. This is known as the Coast Summer School and embraces the three districts of Victoria, Vancouver and Westminster.

"One of the chief features of this year's school will be the merging of the Sunday School and Epworth League Convention as an experiment. The executive of the E. L. & S. S. Convention have thought carefully over the matter and in the interests of the young people's work have decided to amalgamate with the Summer School this year and during the sessions call a full meeting of the Executive to decide on future action. Attention is drawn to the fact that this year E. L. & S. S. delegates are not requested to bring donations to convention as in former years.

"There will be no registration fee. Billeting arrangements have been made with the College the same as last year, at the remarkably low rate of one dollar per day, bed and board. (Be sure and bring the following articles: sheets, pillow slips and towels—the same as the students provide for themselves.) The Summer School is open to all, whether regularly appointed delegates or not, but we want every Sunday School and Epworth League in the three districts represented. We averaged over 200 delegates per day last year.

Delegates were present from as far East as Toronto and London, and as far South as Denver, Colorado; and California.

"We have been fortunate in securing the services this year of Rev. Fletcher L. Wharton, D.D., pastor of First M. E. Church, Seattle, Wash. He is a powerful and energetic speaker and will inspire our Summer School. He is enthusiastic on the Labor and Temperance problems and in these causes has done excellent service for Seattle. A glance at the programme will reveal the splendid talent obtained. We are pleased to announce Rev. Principal Sipprell, B. A., D. D., is giving a systematic course of Bible study lectures on 'The Sermon on the Mount.'

"The Torrey-Alexander Revival Hymn books will be used during the Summer School. A splendid line of Missionary books and pamphlets will be on sale at the Book bureau. In purchasing railway and boat tickets purchase full fare one way and obtain standard certificate from the agent of every line on which you travel. Present this to the secretary at Summer School for signature. If there are twenty-five traveling delegates, return will be one-third fare; if 100, return will be free.

### The School Programme.

Tuesday, July 3, 2 p.m.—Informal reception; 8 p. m., address of welcome, Rev. W. J. Sipprell, B. A., D D.; address, "Forward Movement," Rev. W. H. Barraclough, B. A.

Wednesday, July 4, 9.30 to 10.00 a. m.—Devotional—Rev. Ebenezer Robson, D . D.; 10.05 to 10.45—Bible Study (Sermon on the Mount)—Rev. Principal Sipprell, B. A., D. D.; 11.00 to 11.45—Missions—Rev. J. S. Henderson; 2.00 to 2.45 p. m.—Epworth League Work—Rev. A. M. Sanford, B. A., B. D.; 3.00 to 4.00—Round Table Conference, led by H. N. Baker, B. A.; 4.00 to 6.00—Recreation; 8.00—Evangelistic Rally. Sermon, Rev. W E. Prescott, B. A.

Thursday, July 5, 9.30 to 10 a. m.—Devotional—Rev. C. Ladner; 10.05 to 10.45—Bible Study (Sermon on the Mount)—Rev. Principal Sipprell, B. A., D. D.; 11.00 to 11.45—Missions—Rev. S. J. Thompson, President of Conference.; 2.00 to 2.45 p. m.—Sunday School Work—Rev. A. E. Hetherington, B. A., B. D.; 3.00 to 4.00—Sermon—Rev. Robert Whittington, M. A , D. D.; 4.00 to 6.00—Recreation; 8.00—Missionary Rally—Mr. D. S. Curtis and Rev. W. E. Prescott, B. A.

Friday, July 6, 9.30 to 10.00 a. m.—Devotional—Rev. Thos. Crosby; 10.05 to 10.45—Bible Study (Sermon on the Mount)—Rev. Principal Sipprell, B.A., D.D.; 11.00 to 11.45—Missions—"Christian Stewardship," Rev. R. Forbes Stillman; 2.00 to 2.45 p. m.—Epworth League and Sunday School—Mr. R. H. Cairns, 3 to 4 p. m.—Children's Rally, Mrs. A. J. Brace, 4.00 to 6.00—Recreation, 8.00—W. M. S. Rally, led by Mrs. J. F. Betts.

Saturday, July 7, 9.30 to 10.00 a.m.—Devotional—Rev. Jno F. Betts; 10.05 to 10.45—Bible Study (Sermon on the Mount)—Rev. Principal Sipprell, B. A., D. D.; 11.00 to 11.45—Missions—Rev W. H. Barraclough, B. A.; 2.00 p. m.—Excursion.

Sunday, July 9, 9.30 to 10.30 a. m.—Fellowship meeting at College—Rev. James H. White, D. D.; 11.00—Sermon, Queen's avenue church—Rev. Fletcher L. Wharton, D. D., First M. E. Church, Seattle, Wash; 3.00 p.m.—Sunday School Rally of all the Methodist Churches of the City in Queen's avenue church—Rev. Principal Sipprell, B. A., D. D.; 7.00—Sermon—Rev. Fletcher L. Wharton, D. D. Seattle; 8.30—Sacrament of the Lord's Supper.

Recreation committee—Rev. W. H. Barraclough, B. A.; Prof. Paul Kerr, Mr. Frank Canfield and A. J. Brace.

Reception committee—Mrs. W. J. Sipprell, Mrs. Dr. White, Mrs. A. J. Brace.

Summer School committee—Rev, Principal Sipprell, B. A., D. D., chairman; Rev. A. J. Brace, secretary.

Victoria—Rev. S. J. Thompson, President of the Conference; Rev. G. K. B. Adams, Mr. J. B. McCallum.

Vancouver—Rev. W. E. Prescott, B. A., Rev. A. M. Sanford, B. A., B. D., Rev. A. E. Hetherington, B. A., B. D., Mr. H. W. Baker, B. A.

New Westminster—Rev. W. H. Barraclough, B. A., Rev. Jas. H. White, D. D., Mr. C. S. Keith.

## WILL BE COURT MARTIALED.

Niagra Camp, June 22.—Alexander MacKenzie, of Listowel, a private of the 39th Regiment, will be tried by court martial for appearing in camp in an American uniform. He is charged as a deserter.

### KILLED WITH AN UMBRELLA.

Port Arthur, Ont., June 22.—The post-mortem on the body of Lester Young, who was injured in a fight on the steamer Monarch, revealed the fact that the umbrella with which he had been assaulted had penetrated his brain. W. Slater, who struck the blow, will be held for murder.

## VERNON GETS THE NEXT GRAND LODGE

Masons Decide to go to the Town Where Methodist Conference is to Be Held.

Victoria, B. C., June 22.—The Grand Lodge concluded this morning with the installation of officers elected last evening, and also of the appointed officers. Vancouver made a good fight last evening for the next meeting of the Grand Lodge, but oddly enough Vernon, with which city Vancouver recently locked horns for the Methodist conference, was again successful.

At yesterday's meeting the following officers were elected: Grand master, J, H. Schofield, Trail; deputy grand master, F. Bowser, Vancouver; sr. grand warden, W. R. Thurston, Victoria; junior grand warden, H. N. Rich, Ladner; grand chaplain, H. G. Fiennes-Clinton, Vancouver; grand treasurer, H. H. Watson, Vancouver; grand secretary, R. E. Brett, Victoria; grand tyler, A. Gothard, Vancouver.

Immediately after his installation the new grand master gave out the appointed officers. The following R. W. district grand masters were also appointed: Wm. Gidley, Duncans, No. 1; S. C. Sykes, Vancouver, No. 2; J. W. Devlin, Golden, No. 3; James Stone, Barkerville, No. 4; J. M. Rudd, Nanaimo, No. 5; H. McPherson, Trout Lake, No. 6; George E. Dey, Phoenix, No. 7; J. D. McBride, Cranbrook, No. 8; John Highman, Vernon, No. 9.

According to the returns, Cascade Lodge of Vancouver has the largest membership, it being 260 on December 31 last. Mount Hermon of Vancouver comes next, with 223, the two positions, third and fourth, coming to Victoria. Victoria Columbia Lodge No. 1, the oldest in the province, boasts of 191 members, and Vancouver Quadra No. 2, has 163.

In the province of British Columbia there were 41 lodges, with a membership of 3,051 on December 31, 1905. This number has been increased to about 3,250 since the opening of the present year.

## SEATTLE'S "FOURTH" WILL BE DULL AFFAIR

Chief of Police Takes Steps to Prevent Usual List of Accidents.

Seattle, June 22.—Chief of Police Wappenstein proposes to take drastic measures to suppress the use of dangerous explosives of every kind during the Fourth of July season. Especially are his efforts to be confined to suppress the forms of fireworks named below. In other words, the chief does not intend to allow anything that can be of danger to life, limb or property. The procribed articles are:

Cannon crackers.

All firecrackers over two inches in length.

Cannon canes.

Bombs of all sorts.

Devil fizzes.

Shooting of blank cartridges in pistols.

Even now the air is rent with explosions frequently and the Fourth of July is two weks off. An especial watch is to be kept on persons who use revolvers to discharge cartridges. In times past persons have been hurt by the man holding the revolver thinking he was shooting a blank when the gun was loaded with cartridges and bullets.

### AT THE CITY HOTELS.

Guichon—Mrs. J. R. Anderson, High River; Miss Jean Duncan, Winnipeg; J. L. Duncon, Vancouver; O. J. Pierce, Los Angeles; P. Masligan, Milwaukee; J. J. Thompson, G. H. Simmonds, Mrs. Pike, Miss A. Jones, Vancouver; Lawrence Macrae, Victoria; J. D. Gamble, Vancouver; Richard McBride, Victoria.

Colonial—Mrs. G. A. Boyle, Mr. Layfield, S. C. Matthews, Montreal; C. A. Steele, Victoria; H. C. Stanhope, W. P. Stanhope, D. Sanderson, Victoria; H. Hornby, Cloverdale; Robert H. F. Baxter, Vancouver; John Matthews, Westham Island.

Depot—S. Wood, Seattle; F. Cooper, Silverdale; Mrs. Black, Langley; D. Silby, East Surrey; H. Titmus, J. Haldi, Langley; Thomas Isbester, Surrey; W. G. Gill, Atlin; S. F. White, Cloverdale; F. L. Smith Hazelmere.

Cosmopolitan—A. Benoist, Port Kells; J. McLeod, Revelstoke; A. Gillis, Mount Lehman; B. Larson, Vancouver; J. McCulloch, Steveston; J. Richardson, D. McIntosh, George Attrinson, Vancouver.

### JEST AND EARNEST.

Paris newspapers are making merry over a statement of Jules Guesde, political leader, writer, and orator, that eighty minutes a day would constitute a full day's work in a properly organized state of society; and that a man ought to be able to support himself by 11 minutes work a day. He says that it has been demonstrated that the labor of seven men is sufficient to produce bread enough for a thousand—that is, to do all the work of cultivating, reaping, threshing and grinding the wheat, and baking the flour for bread, and this he figures out to represent 11 minutes work per day. The Paris papers note that there is no allowance for house building, to say nothing of clothes, and pretend to shiver in anticipation of the time when the law will confine them to a maximum of 11 minutes work per day, and during the rest of the time they shall be compelled, when not asleep, to wander naked through fields of wheat or stubble. He would be a blind man, however, who did not see something more than cause for laughter in such utterances as those of M. Guesde. They are indications of the force and direction of the current of thought among a large class of people in all civilized coutnries today—a class which will have to be reckoned with sooner than many of those who call themselves statesmen seem to imagine. The world of though is a rapidly moving world in these days, the old order is changing, theories are challenged, precedents are questioned; "use and wont" is no longer accepted as a reason why anything should continue to be as it has been. We have in Russia a very striking illustration of all this, and such utterances as those quoted are illustrations, or symptoms, less striking certainly, but still significant.

"The moral of the Cinqmars incident is that it is better to fight the devil with fire."—Hamilton Spectator. But is not that exactly what Mr. Cinqmars was censured for doing?

Conservative papers keep harping on the "Artic Scandal," as they are pleased to phrase it. Are they not aware that their friends in parliament, after being allowed to have their full swing in fishing for evidence—crossquestioning a lot of officials, some of whom had been appointed by their own party failed so completely to extract anything upon which they could found a charge against the government that they gave up attending the meetings of committee?

### PRINCIPAL SIPPRELL LECTURES AT VERNON.

A most interesting lecture, entitled "The Hope of the Age," was delivered in the Methodist church on the evening of the 13th inst., by the Rev. W. J. Sipprell, B. A., B. D., principal of Columbia College, New Westminster.

Dr. Sipprell is an eloquent and forcible speaker and punctuated a great deal of good solid matter, expressed in lucid manner, with relieving humor and witticisms, that added to the interest of his address.

According to Dr. Sipprell, the hope of the age lies in education—education broad, expansive and progressive, and one founded on a Christian basis. British Columbia should have a provincial institution, which could be moulded to reflect provincial ideals. Emphasis should be laid upon social economics, and such instruction given on this subject as would fit the youth to take a broad view of his relation to his country and his times. For true success, life must be viewed in proper perspective.

Dr. Sipprell referred to the importance of efficiency in the teaching staff of our public schools, and urged his audience not to be afraid to pay teachers salaries a little higher than were paid to the diggers in sewerage ditches. The financial aspect was of slight importance compared with the advantages of securing good teachers. —Condensed from Vernon News.

### British Trade.

The regular correspondent of Dun's Review writes from London:

Business in the United Kingdam continues brisk, railway traffic, prices, wages, and all other indicators, affording evidence of continued and increasing activity. The stock markets are, however, rather quiet, but there appears to be plenty of ready money available, and appeals to the public for subscriptions for the formation of new companies have been anything but disappointing. There has been much talk of depletion of gold, owing to the increasing demand from America, and the reserve of coin being much below the normal, some force has been lent to the suggestion, but at present, withdrawals for the United States have come to a stop and agitation has ceased. The weather has been cold, but fairly dry, and crops generally are looking well. Large arrivals from the other side of the Atlantic are keeping down the price of raw cotton, and prosperous trade is keeping the woolen industries hard at work.

Prices for raw cotton still keep high, though there has been a fall during the week, due partly to a lessened demand by spinners. Very large arrivals at continental ports have been registered, but Manchester users are only buying enough to meet immediate necessities, and hence but a small portion of the exports has found its way to this country. The reports of the new American crop are all of the most sanguine description, optimists placing the rise in the acreage planted at as high as 20 per cent. in some of the districts, this intelligence having a depressing effect on the market for futures. Spinners are asking increased rates for yarn, and cloth has also gone up in price, the mills being all well employed, and the position generally being very promising. The lace trade is brisk and manufacturers generally are receiving plenty of orders.

Trade generally in the Yorkshire district is so busy that raw wool is being held for a rise wherever this can reasonably be done. Recent auction sales show an increase of 10 per cent. in price over the previous auctions. This difficulty of charging more for manufactured articles, however, compels buyers to confine themselves to their immediate wants, with the result that there is an altogether abnormal restriction to business. The demand for woolens is brisk, both as regards the home and foreign markets, more especially Canada, South Africa and Australia. Many repeat orders are coming in and the state of business is so active that overtime is the rule rather than the exception.

Fluctuations in the price of tin are still the chief feature of interest and a rather heavy fall has taken place during the month. Iron ore is being talked up in consequence of small stocks, while an optimistic tone prevails as regards the future. Pig iron shipments have again beaten the record, Germany having purchased 30,000 tons in May as compared with 8,000 in the same month last year, and all indications point to a rise in price. An increase in coal shipments is also reported, with slightly better rates. In the Clyde district shipbuilding continues active, and for the first five months of the year nearly 222,000 tons have been launched on this river alone, making a new record. Locomotive builders are doing well, an order of sixty for India having been recently booked. The motor car trade is brisk, and all departments, generally speaking, are at present fairly well employed. Owing to the high value of tin, the prices of a large variety of hardwares have been revised, rates for goods made from this metal having been increased in some cases 15 per cent. Most branches of the leather trade are well employed, the demand for footwear having increased and prices both for the raw material and the finished article are higher. The shipping trade is also busy. Freights outward and homeward are better and shipowners are holding out for higher terms. Reports from Kent as regards the hop crop are rather discouraging, recent hail storms having done considerable damage.

Syracuse, N. Y., June 22.—Harry C. Wright, of Brooklyn, was electrocuted at Fayetville today. He caught hold of a guy wire which had been crossed with a live wire.

## CHURCH SERVICES
Sunday, June 24

Holy Trinity—Rev. A. Shildrick, rector. Holy communion, 8 a. m.; Matins' litany and sermon, 11 a. m.; children's service, 2.30 p. m.; evening song and sermon, 7 p. m.

# Local News Briefly Told

Mrs. Nicholson, of Mount Lehman, left for her home yesterday afternoon on the steamer Favourite.

System stenography and typewriting. The Province office, Armstrong block, 'Phone 62. *

The tug Royal City arrived yesterday after a rough voyage from Grahams island.

W. Livingston returned to his home at Ladner yesterday afternoon, after spending the morning in the city.

Joseph Martin, K. C., was a visitor in the city yesterday on private business.

R. J. Richardson left on the steamer Transfer for Ladner yesterday afternoon after spending a short time in the city.

The Christian Endeavour Society of Knox Presbyterian church, Sapperton, intend holding a strawberry and ice cream social on Monday evening.

E. C. Firth, local C. P. R. operator and ticket clerk, has been promoted to the position of relieving clerk and will commence his new duties on July 1st.

Another new car was turned out of the car shops yesterday afternoon for the service on the Vancouver city lines. The car is of the most up-to-date type, and fitted with Detroit platform. It bears the No. 80.

S. C. Matthews, a commercial traveller from Montreal, went down yesterday afternoon on the steamer Transfer to Steveston in the interests of the firm which he represents.

Commissioner of Fisheries Prince and Inspector Sword left yesterday on the Georgia for a trip of inspection to the new oyster beds, choosing the present time for the purpose on account of the propitious tides.

The New Westminster Cricket club will play a match in Vancouver next Wednesday, against the Burrard Cricket Club. The local team is practising hard every evening so as to be in the best of condition for the game.

The freight steamer Fingal arrived in port yesterday from Esquimalt, with 500 barrels of lime for Gilley Bros., and left in the afternoon for Friday Harbor, San Juan, for 300 sheep for P. Burns & Co., of Vancouver.

Next Sunday morning owing to the absence of Rev. A. J. Brace, who will be at Chilliwack, Prof. Kerr of Columbian College, will occupy the pulpit of the West End Methodist church. In the evening Rev. Mr. Barraclough, of Queen's avenue church, will supply for Mr. Brace.

J. Buntzen, managing director of the B. C. E. R. Co., was in the city yesterday and paid an official visit to the car shops during the afternoon. He expressed himself as satisfied with the general condition of the works.

A new delivery rig will be seen on the streets of New Westminster before long, the owner being Mr. P. Venables, the proprietor of the Royal City fish market. Mr. Venables has already purchased a horse from Langley and in a few days intends to have a delivery rig in service.

One inch of water is certainly a small quantity, but when this is divided between two parties, outsiders wonder why they do not go out and get a pailful at a time. This small quantity of liquid has been applied for at the water commisisoner's office by John L. Kerr and Harold Brace Findlay, of North Vancouver. The water is said to be wanted for domestic and agricultural purposes.

The steamer Ramona arrived from Chilliwack and way points yesterday afternoon with a large shipment of farm produce among which was a large amount of butter consigned to Vancouver and Victoria. The following passengers arrived on board: A. Brown, J. B. Neilson, and T. Lay from Chilliwack; Mrs. Watson, T. Johnson and wife from Langley.

The government snag boat Sampson, arrived from Chilliwack yesterday afternoon with Assistant Engineer Turner, of the department of public works, on board. During the Sampson's stay at Chilliwack considerable surveying work was done near the town. The dam at Nicomen Island was also visited and found to be in first class condition. Several large snags were extracted from the river by the Sampson on the down river journey.

Yesterday being the coronation of King Haakon of Norway, several Norwegians showed their patriotism by displaying the flag of their country. Owing to the death of Martin Opohow, a Norwegian, which occurred at the St. Mary's hospital yesterday, through heart failure, the celebration which was to have been held by the Norwegians was postponed. The burial of the deceased will take place tomorrow afternoon at the B. C. cemetery, which is a few miles down the river.

Reeve Kickbush, of Chilliwack, was a visitor in the city yesterday.

Sons of Scotland picnic to Langley Monday, July 2. Adults 50 cents; children, 25c. Steamer Beaver. Highland dancing and games. *

Judgment was handed down yesterday morning in the case of Kearsley vs. Bramwell, the former suing for $200 damages, in consequence of the defendants's neglect while renting his form at Central Park. The Hon. Norman Bole awarded the plaintiff $14, as compensation for the damage done.

Provincial Constables Wilkie and Jones yesterday brought over Johnnie Takum from Vancouver, and lodged him in the provincial jail for safe keeping, until such time as his trial for murder comes up in October. Annie Hill, the woman who has been living with Johnnie, was lodged in jail for one month for having intoxicated liquors in her possession.

Premier McBride was a busy man yesterday, addressing several meetings of electors in the surrounding districts. He attended a meeting at Chilliwack in the morning, and in the evening spoke at a meeting at Port Moody. The premier's visit to his constituents should not be interpreted as having anything to do with political matters.

L. McQuarrie, the well known contractor and real estate agent, returned from an extended tour of Canada and the United States last Thursday, after an absence of a considerable time. Greatly to the surprise of his many friends, Mr. McQuarrie got married during his absence, the bride being Miss McKinn, of Caledonia, Ont., the ceremony taking place in New York, at the residence of Mrs. Eadie, sister of the bride, May 31. The honeymoon was spent visiting the chief cities and towns of the United States and Canada.

A social evening was spent last night in the dance hall at Central park to mark the beginning of the summer holidays for the school children. Talent was supplied from this city by Miss Lillian Armstrong, Miss Smith, Mr. A. Lennie, Mr. Lamb and others. Several artists were also present from Vancouver and these added contributions to the programme. Towards the latter part of the evening the children were dismissed and the older one indulged in dancing till the early hours of the morning.

A farmer named Hill, who arrived in the city yesterday to attend the weekly market, got tangled up in some of the local liquor saloons, and lost his bump of locality as a result. In his trouble he was found by Officer Ross and escorted to the police station where he remained until the fumes of the rye had somewhat cleared away from his befuddled brain. Hill was not at all thankful for the help given to him, and while in durance vile, he constantly asked to be allowed to go, but his remarks went unheeded until he sobered up.

# Plumbers and Plumbing Regulation By-law, 1906.

A By-law to license and regulate plumbers and to provide for the appointment of plumbing inspectors and to provide for the plumbing and drainage of buildings.

Whereas it is desirable and necessary to license and regulate plumbers in the City of New Westminster, and to provide for the appointment of plumbing inspector, and to provide for the effective plumbing and drainage of buildings;

Therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. The Council may from time to time, as occasion may require, appoint an Inspector for plumbing and any such Inspector shall be under the supervision of the Board of Health and be given renumeration for his services as the Council shall determine.

2. A Board of Plumbing Examiners shall be appointed annually by the Council. The Board shall be called together by the Plumbing Inspector, who shall be Secretary of the Board, at such times as the Council may find necessary.

3. In case any dispute arises under this By-law as to whether any person or persons employed by any licensed master plumber is a regularly educated practical and experienced plumber, as in this By-law is provided, the Plumbing Inspector may notify the said workman to appear and be examined before such Board of Examiners, whose decision as to the competency of such workman shall be final and conclusive.

4. Certificates of competency may be granted by the Board of Examiners to any plumber producing proof satisfactory to them that the applicant has undergone satisfactory training and due examination, and in absence of such proof to any applicant who shall after an examination before the said Board be considered by them to be competent, and such certificate shall be recorded in the office of the plumbing Inspector, the person receivng the same paying a fee of $1.00 therefor, and such plumber shall be a registered plumber of the city.

Provided that the Chairman of the Board may grant, on being satisfied with the competency of any journeyman plumber applying for the same, a temporary permit to such plumber for a period not exceeding thirty days, which permit shall confer on such plumber the same privilege for that period only as if he held a certificate from the Board of Examiners.

5. Under and immediately after the passage of this By-law, and in every ensuing year on or before the first day of July, any persons desiring to carry on business or trade as a master plumber within the City of New Westminster shall take out a license, which license shall be posted up in the office or shop of the master plumber at all times, for which he shall pay at the time of the issuing thereof a sum of $20.00. Except as hereinafter provided, any person may take out a license under the provisions of this By-law on behalf of a partnership, firm or company of which he may be a member.

6. No person shall receive such a license unless he has a place of business within the City of New Westminster, and furnishes a bond binding himself to the amount of $500.00 with at least two sureties in the sum of $250.00 each to the satisfaction of the Finance Committee, or a bond to the same amount from a guarantee company, that he will employ only registered plumbers who have received and hold a certificate of competency from the Board of Examiners to do all such plumbing work as he may engage to do, and whether he is a practical plumber himself or not, will not permit or allow any such work to be done in connection with the business except by such registered plumbers, and that he will not violate any of the terms and conditions, rules and regulations contained in this By-law, or in any other By-law which shall come into force from time to time in the City of New Westminster respecting plumbing, drainage, sanitary matters and water works within the said City.

7. Every person desiring such license shall file with the Inspector of Plumbing, a petition in writing giving name of applicant, and in the case of a partnership, the name of each member thereof, together with the place of business, and asking to become a licensed master plumber, and said petition shall be accompanied by the bond and fee hereinbefore mentioned.

8. Any change in firm or location of the business shall be promptly reported to the Plumbing Inspector, and the license shall be kept in a conspicuous place at the location of the business.

9. When any member of a partnership or company is licensed individually for the partnership or company, the license may be issued in the name of the firm, co-partnership or company, the said license setting out the names of the members of the firm, co-partnership or directors of the company and the date the license was granted, and no license so granted shall be transferable except with the permission of the Plumbing Inspector.

10. All licensed master plumbers shall be held responsible for all acts of their employees in connection with their business for which such bond and license is issued.

11. Every such bond and license shall be for the year current at the time of the granting thereof, and shall expire on the 15th day of January next succeeding the date of issue.

12. Upon satisfactory evidence furnished to the Plumbing Inspector that any master plumber has been twice convicted by the Police Magistrate, or a Justice of the Peace, of any violation of the provisions of this By-law, or any of the By-laws respecting plumbing, drainage, sanitary matters, or water works, his license shall be, ipso facto, forfeited and returned to the Inspector.

13. Any master plumber whose bonds and license may become forfeited shall not again be entitled to a license until the said declaration of forfeiture shall be revoked by the Plumbing Inspector and if such master plumber is carrying on his business in co-operation, or as a member of a company, the co-partnership or company shall not carry on the business of plumbing from the date of such cancellation.

14. Before proceeding to construct re-construct, alter or change any portion of the plumbing, drainage or ventilation of any building, the owner, his agent, or the master plumber constructing the same shall file in the office of the Plumbing Inspector an application for a permit therefor, and such application shall be accompanied with a specification or abstract thereof, in a blank form prescribed and supplied for that purpose by the Plumbing Inspector, stating the nature of work to be done, and giving the size, kinds and weights of all pipes, traps and fittings, together with a description of all closets and other fixtures, and a plan with a description of the locality sufficient for identification, and showing the drainage system complete. Plans must be legibly drawn in ink on a scale of 1-8 in. to the foot; provided, however, that this clause shall not apply to small repairs which do not alter the plan of the plumbing.

15. A permit shall be granted or refused within seven days from the time of filing of the application, and the permit of the Plumbing Inspector (if granted) shall be valid for six months from the date of issue.

16. If the Plumbing Inspector shall find that the said plans and specifications do not conform with the rules and requirements laid down in respect to plumbing and drainage in the By-laws of the City of New Westminster, he shall not issue any permit for the plumbing and drainage, and it shall be unlawful to proceed therewith.

17. After a plan or specification has once been approved no alteration or deviation from the same will be allowed, except with the written consent of the Plumbing Inspector.

18. From and after the passing of this By-law every owner, or agent of an owner, of any building, doing or causing to be done, any plumbing in such building shall, on the same being passed by the Plumbing Inspector be granted a certificate that such plumbing has been done in accordance with the City By-laws, and on being requested to do so shall deliver such certificate to any person proposing to purchase or occupy such building.

19. No part of any plumbing or drainage work shall be covered or concealed in any way until it has been examined and approved of by the Plumbing Inspector, to whom notice must be sent when the work is sufficiently advanced to be inspected, unless in the case of drainage below the surface of the ground, which the Inspector has failed to inspect within the five working hours next ensuing after being notified, then the ground may be filled in, in case of an emergency affecting the public safety.

20. All materials must be of good quality and free from defects and the work must be executed in a thorough and workmanlike manner.

21. The arrangement of soil and waste pipe must be as direct as possible.

22. The soil, waste and ventilating pipes and traps must, where practicable, be exposed to view for ready inspection at all times and for convenience in repairing. When necessarily placed within partitions or in recesses of walls, soil, waste and ventilating pipes must be covered with woodwork so fastened as to be readily removed. In no case shall they be so placed as to be absolutely inaccessible unless under written permission from the Plumbing Inspector.

23. When the ground is made or unsound the house sewer shall be of medium or standard cast-iron or brass pipe, with joints properly caulked with lead.

24. In sound ground, providing it is outside of the building, hard salt, glazed, vitrified pipe may be used; each length shall be wetted before being laid and the space completely filled with cement mortar, made in the proportion of two of good, clean, sharp sand and one of the best Portland cement, except in wet ground, when a gasket shall be placed around the spigot and forced down to the bottom of the socket and finished with mortar cement, as described above. Each pipe must be cleaned out with a mop after being laid. The different lengths must be laid in perfect line on the bottom and sides. All connections must be through "Y" junctions.

25. Any soil pipe passing through a building, or beneath the floor of a cellar or basement, shall be of cast-iron or brass as in section 23, and shall extend to at least five feet outside the building, and no wall shall be built leaning solidly upon the same.

26. Every vertical soil pipe shall be cast-iron or brass, and shall extend a sufficient height above the highest window, roof, or coping, or light shaft, to the satisfaction of the Plumbing Inspector.

27. No rain water down pipe, or chimney flue shall be used as a ventilator for any sewer trap, soil or waste pipe, or as a soil or waste pipe.

28. Each building in which a water closet is placed shall be provided with a main ventilating pipe of cast iron or wrought iron pipe, galvanized, of not less diameter than four inches, which shall be carried at least two feet above the highest window, opening or light shaft.

29. Soil or main ventilating pipes in an extension must be carried to and above the roof of the main building, when otherwise they would open within 40 feet of any openings of the main or adjoining house.

30. No soil pipe shall be less than four inches in diameter. A waste pipe receiving the discharge of five or more sinks shall not be less than three inches in diameter and shall have two-inch branches.

31. When lead pipe is used to connect fixtures with vertical soil or waste pipe, or to connect traps with main ventilators, it shall not be lighter than:

1¼ inches in diameter, 5¾ pounds per yard.

1½ inches in diameter, 7 pounds per yard.

2 inches in diameter, 8 pounds per yard.

2½ inches in diameter, 10½ pounds per yard.

3 inches in diameter, 13½ pounds per yard.

4 inches in diameter, 24 pounds per yard.

Trap vent pipes shall be of brass, lead, cast or galvanized wrought iron. All traps and fittings shall be equal in quality and thickness to the pipes to which they are attached.

32. All cast-iron pipes must be of the best clean grey metal, free from sand cracks, honeycomb, porous places, air holes, or other defects, and of the grade known as "Standard" which may be used below all fixtures, and for ventilating pipes the grade known as "Standard" of the heavy quality. In buildings over three stories in height the lower three stories must be fitted with the grade known as "medium." The following will be accepted:

Standards 2, 3, 4, 5, 6 inches in diameter.

Below fixtures 3, 4½, 6½, 8½, 10, 20 pounds per foot.

Above fixtures 3, 4½, 6½, pounds per foot.

Medium 5½, 9½, 13, 17, 20 pounds per foot.

All fittings used in connection with such pipes shall correspond in weight and quality. All such pipes and fittings to be coated inside and out with tar and asphaltum.

33. Before being accepted, all plumbing work shall be tested by water or other test approved by and made in the presence of the plumbing inspector. All defective material shall be removed and replaced, and bad workmanship made good, at the expense of the master plumber doing the work.

34. All joints in iron or brass sewer pipe, soil pipe, waste pipe and ventilators shall be made with a gasket of oakum, and lead, hand caulked, and be perfectly gas tight.

35. All connections of lead with iron or brass pipe shall be made with a brass ferrule of the same diameter of the lead pipe, put in a hub of the iron pipe and caulked with lead. The ferrule shall be connected with the lead pipe with a wiped joint. Vent and flush pipes of water closets shall be connected with brass couplings.

36. All connections of lead, waste and vent pipes shall be made with wiped joint.

37. All water closets, urinals, sinks, basins, wash-trays, baths, and all tubs or sets of tubs, adn hydrant waste pipes shall be separated and effectively trapped, except when a sink and washtubs immediately adjoin each other, in which case the waste pipe from the tubs may be connected with the inlet side of the sink traps. Urinal platforms if connected with the sewers must also be properly trapped, vented and automatically flushed with water from a supply tank.

38. Tanks shall be placed as near the fixtures as practicable, and in no case shall a trap be more than two feet from the fixture. All traps must have a cleaning out screw on the under side.

39. All waste pipes from fixtures other than water closets shall be provided at the outlet with strong metal stringers, and all sinks shall be provided with approved grease traps, except when such fixture is to be used for other than household purposes.

40. The waste pipes from no other fixtures shall be connected with a water closet trap.

41. All traps shall be protected from syphonage by a ventilating pipe leading from the highest and outer portion of the trap, either separate or joining the main ventilating pipe, above the highest fixture, or by a sealed syphon preventer, which will only be allowed if in the opinion of the inspector it is impracticable to provide otherwise.

42. For traps in water closets the branch vetnilating pipe shall not be less than two inches in diameter, and not less than three inches for a building of three stories or more in height. Where a bath or basin, or both, are in the same room with a water closet, the vents for the same may join the closet vent above the fixture. In no case shall more than three water closets communicate with the same ventilating pipe unless it is over two inches in diameter.

43. Overflow pipes must discharge into the open air and may have a flap on the end to keep out draught.

44. Every safe under a wash basin, bath, urinal, water-closet or other urinal, water-closet or other other fixtures, shall be drained by a special pipe unconnected with a sewer, waste or soil pipe, discharging into the open air.

45. No drain pipes from refrigerators shall be directly connected with any soil pipe, waste or sewer.

46. Water-closets shall not be placed in an unventilated room or compartment. In every case there shall be an opening to the outer air. All water-closets shall be supplied with water from special tanks, and the water from these shall not be used for any other purposes. No water-closets shall be directly supplied from the water mains or service pipes. Water closet cisterns shall be fitted with ball taps, etc., to prevent waste.

47. Where the trap of a closet is above the floor, the connection with the soil pipe shall be made with brass and rubber approved floor flanges.

48. Overflow or discharge pipes from tanks for drinking water shall never be directly connected with any soil, vent, waste pipe or sewer.

49. No closet or any other convenience which allows the escape into the house of air or gas which has been confined in any part of it, or from the drain or soil pipe, or which allows the accumulation of filth in or about it, shall be fitted up or used.

50. All water pipes must be protected from injury or settling.

51. The plumbing inspector shall have the power to enter upon any premises and examine the plumbing, ventilation and drains, and should the same, in his opinion, be in an unsanitary condition, may notify the owner, or his agents, to have the same put in a sanitary condition, and any person neglecting to do so forthwith, to the satisfaction of the pumbing inspector shall be liable to the penalties of this by-law.

52. The plumbing inspector is also authorized to receive and place on file drawings and descriptions of the plumbing and drainage of buildings executed in the City of New Westminster, prior to the passage of this by-law, and examine and give a certificate, if in accordance with the provisions of this by-law, upon request by owners of said buildings.

53. Any person guilty of an infraction of any the provisions of this by-law shall be liable, on conviction, to be fined in any sum not xeceeding $100, inclusive of costs, and in case of non-payment of the fine and costs the same may be levied by distress and sale of goods and chattels of the offender, and in case of non-payment of the fine, and there being no distress found out of which the same can be levied, such offender shall be liable to be imprisoned for any period not exceeding two months.

53A. This by-law shall come into force from and after such date as may be named by the council by resolution.

54. This by-law may be cited as the "Plumbers and Plumbing Regulation By-law, 1906."

Done and passed in open council the 4th day of June, 1906.

(L. S.) W. A. DUNCAN,
City Clerk.

W. H. KEARY,
Mayor.

## PENITENTIARY SUPPLIES.

Sealed Tenders addressed to "Inspectors of Penitentaries, Ottawa," and endorsed "Tenders for Supplies," will be received until Monday, 25th June, inclusive, from parties desirous of contracting for supplies, for the fiscal year 1906-1907, for the following institutions, namely:—

Kingston Penitentiary.
St. Vincent de Paul Penitentiary.
Dorchester Penitentiary.
Manitoba Penitentiary.
British Columbia Penitentiary.
Alberta Penitentiary.

Separate tenders will be received for each of the following classes of supplies:—

1. Milk, pure fresh.
2. Beef and mutton (fresh).
3. Forage.
4. Coal (anthracite and bituminous).
5. Cordwood.
6. Groceries, Pork, Bacon.
7. Coal Oil (in barrels).
8. Dry Goods.
9. Drugs and Medicines.
10. Leather and Findings.
11. Hardware, Tinware, Paints, Oils &c.
12. Fish, fresh.

Details of information as to form of contract, together with forms of tender, will be furnished on application to the Wardens of the various institutions.

All supplies are subject to the approval of the Warden.

All tenders submitted must specify clearly the institution, or institutions, which it is proposed to supply, and must bear the endorsation of at least two responsible sureties.

Papers inserting this notice without authority from the King's Printer will not be paid therefor.

DOUGLAS STEWART,
GEO. W. DAWSON,
Inspectors of Penitentiaries.
Department of Justice,
Ottawa, May 25, 1906.

## Synopsis of Canadian Homestead Regulations

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans.

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY.
Deputy Minister of the Interior.

# FRIDAY'S MARKET REPORT

The warm weather of yesterday morning caused the crowds to turn out early at the city market, and sales were brisk, many of the stalls being quickly cleaned out, the late comers being disappointed in many cases. There was a good supply of beef on hand, but the demand was not quite as brisk as usual, and the butchers were left with quite a quantity on hand after the crowds had departed. Lamb was in fair supply and good demand, while a plentiful supply of mutton was on hand, the demand being strong. There was a large quantity of veal on the market, and as the demand was slow, a marked decline in prices was the result. Owing to the warm weather, there was a very limited quantity of pork, but it was quite equal to the demand.

In the dairy section, eggs were in good supply, and sold quickly among the wholesale dealers. Butter sold at the usual price of 25c wholesale and 30c retail, and quite a quantity changed hands.

Among the feathered stock, the demand was confined to large and well grown birds, and these had no difficulty in finding purchasers. There was very little sale for small birds.

Fruit was not very plentiful, owing to the recent wet weather, but what little there was on the market, was of superior quality. The strawberries are improving every week, and some fine fruit was noticed on the stalls.

The local florists were present as usual with a choice selection of flowers, including roses, carnations, sweet peas, etc., which were eagerly bought up at popular prices.

M. Monk, the fishmonger was present with his usual choice supply of fish, which sold well. Salmon fetched 10c a pound, halibut 8c, cod 8c, smelts 10c, and crabs 10c a piece.

**Yesterday's Market Prices.**

Beef, hind quarter, per pound 8@9c.
Beef, fore quarter, per pound 5@6c.
Lamb, per pound, 11@12c.
Mutton, per pound, 10c.
Pork, per pound, 9c.
Veal, per pound, 7½@8c.
Eggs, per dozen, 30c.
Butter, per pound, 25c.
Fowl, per dozen, $7.50@8.00.
Broilers, per dozen, $3@4.50.
Ducks, per dozen, $6@8.
Potatoes, per ton, $10@12.
Hay, per ton, $10.
Gooseberries, per pound, 6c.
Cherries, per pound, 5@6c.
Strawberries, per crate, $2@2.50.

## BRADSTREETS ON CANADA.

New York, June 22.—Bradstreets tomorrow will say: "Warm weather is needed in Eastern Canada to push seasonable goods, but in the West good crop advices and activity in industrials make for excellent trade. The dairy interests of the Dominion are reaping big profits from the heavy production and large exports of butter and cheese. Wholesale trade is seasonably good, but quiet at Montreal, and fall trade is promising well. Hardware is quieter, but building materials are active.

At Toronto wholesale drygoods business is quiet, but hardware is active and collections are good. Crops need warmer weather. Cattle are higher.

At Winnipeg trade is active and heavy rains have not hurt the crops. Failures for the week 22, as against 20 last week and 19 a year ago. The bank clearings are as follows:

| | |
|---|---|
| Montreal | $29,909,062 |
| Toronto | 23,651,077 |
| Winnipeg | 8,770,877 |
| Ottawa | 2,554,877 |
| Vancouver | 2,529,322 |
| Halifax | 1,678,528 |
| Quebec | 1,920,102 |
| Hamilton | 1,507,015 |
| St. John | 1,165,436 |
| London | 1,071,112 |
| Victoria | 641,126 |
| Calgary | 775,162 |

# SALVATIONIST COLONY MAKES GREAT HEADWAY

Twelve Thousand Settlers Will Be Brought to Tisdale This Year.

Winnipeg, June 22.—Commissioner Coomb, of the Salvation Army, has returned from inaugurating the colonization work of the army on their settlement at Tisdale, Sask., and is most sanguine of success in their great project. The houses have been built for those already there, wells dug, cattle and oxen provided, and school accommodation arranged for. They will bring 12,000 out this year, and about 30,000 next year. Canadians and Americans will be welcomed as well as those from older countries.

# POLICE SERGEANT WHO LIVES IN DREAMLAND

Fulton, of Vancouver, Impanels a Coroner's Jury on a Case Two Years Old.

A good joke on Vancouver Police Sergeant Keeler Fulton is told by the Vancouver Province, which gives its readers a preparatory warning not to ask Fulton why he thought it necessary to empanel a jury for the purpose of holding an inquest on a man who had been dead and buried for the past two years.

It was this way. Fulton was laboring under one of his "This is my busy day" moods on Thursday, and during the spell he was rummaging through some papers which were on his desk at the station. One of them seemed to draw his attention particularly.

"Hello, what's this?" he said rather audibly to himself as he saw it concerned a drowning of a man named John Ross. "Well, well; so Ross was drowned, was he? Is Officer Lee out there?" he called.

"Yes, sir," said Officer Lee. "I'm coming,' and he went into Fulton's office.

"Take this," said Fulton handing Officer Lee the paper, "and empanel a jury to investigate the death of this man Ross."

"All right," answered Lee and he hurried out. He looked at the paper a minute and then made haste to gather together a jury at the parlors of a well known undertaking firm.

About two hours later the telephone bell at the station rang.

"Is Sergeant Fulton there?" came a voice over the telephone.

"Speaking," answered Fulton.

"Well, this is —— —— talking. I am at So-and-so's undertaking parlors with the rest of the jury. How do you expect us to hold an inquest on John Ross when he was drowned about two years ago and has been buried ever since?"

"Oh, never mind holding the inquest," said Fulton as he grasped the telephone to keep from falling, "just dismiss the jury and don't say anything about it. Of course you all smoke. Well, come up and see me anyway."

# BUNCO MAN'S BIG CONFIDENCE GAME

Advertises for "Help" Requiring Heavy Cash Bonds—Lands in Seattle Jail.

Seattle, June 22.—William R. Hennig, alias William Rodman, whom Chief of Police Wappenstein knows to be one of the cleverest hunko steerers who ever operated in the east, was arrested in Seattle this morning and is being held at the city jail pending an investigation.

Hennig's location was ascertained through a decoy letter written by Chief Wappenstein. When taken into the presence of Chief Wappenstein, Hennig said:

"How are you, Mr. Wappenstein? I haven't seen you for ten years."

"No; you haven't," was the quiet reply of the chief, "and by the time I get through with you, you will wish you hadn't seen me this time."

Chief Wappenstein called a jailer and had Hennig locked up. He will be shown up to every patrolman in the city, who will be instructed to arrest him every time he is seen upon the streets.

Hennig is about forty-five years of age, large and good looking. He has the appearance of a prosperous business man and resembles considerably Al Adams, the famous New York bunco man who served a long term in prison.

Hennig's trick is to advertise in the papers for a young man to work for him in handling of large sums of money for which he promises a salary of $50 a week. Hennig, it is said, requires a cash bond of $2,000 and when he secures enough of these bonds, he quietly slips out of the city and is heard of no more.

In Hennig's clothing were scores of letters from men who had answered his advertisement. Dates had been arranged by Hennig with his alleged intended victims. He also had a "flash roll" of money, two fake drafts on Chicago banks, leases for school lands, and sale blanks for the Chico ranch in Montana, a game which many of the biggest bunko steerers in the country have worked.

## GETS $25,000 ON THE SIDE.

Washington, D. C., June 22.—The senate today passed the bill allowing $25,000 a year for the travelling expenses of the president.

## IN SPORTING CIRCLES

### RUFE TURNER IS KNOCKED OUT BY BIG DAVE HOLLY

"Invincible" Colored Ring Master Meets His Match and Goes Down for the Count.

Seattle, June 22.—Dave Holly of New York last night knocked out Rufe Turner at Pleasant Beach in the twentieth round of one of the fastest bouts ever witnessed in this part of the country. Turner had the better of the early part of the fight, closing Holly's left eye and drawing blood. It was Holly's terrific kidney punches, however, that did much to bring Turner down. In the nineteenth round Turner began to lose his strength and took considerable punishment. In the twentieth round Holly, who saw his chance, fought like a demon. He rushed Turner to the ropes, and by a series of terrific punches to the body and jaw, wore out the California boy. A left and right to the jaw put him out. After the fight was over it took fifteen minutes to bring Turner to his senses.

#### THE INTERMEDIATE LINE-UP.

The following players from this city will take part in the lacrosse game this afternoon between the New Westminster and Victoria Intermediate teams: Goal, E. Munn; point, D. Digby; cover point, C. Galbraith; first defence, B. Galbraith; second defence, C. Spring; third defence, A. Robertson; centre, W. Turnbull; third home, J. I. Keary; second home, I. Wintermute; first home, L. Turnbull; outside home, V. Purdy; inside home, B. Henry.

#### BASEBALL TODAY.

This afternoon's baseball game between the New Westminster baseball team and a picked all-Vancouver team should draw a large crowd at Queen's park, as a good game is sure to be witnessed. The local players are in great shape, having done a lot of hard practice during the week, and they are not in the least dubious as to the result of the game. The line-up of the Vancouver team had not yet reached the city last night, but it is understood that it will be a strong aggregation. The Westminster team will be composed of the following: Pitcher, O. Peele; catcher, Sid Malcolmson; first base, W. E. Sinclair; second base, Smith; third base, Silvester; short stop, Silver; centre field, H. Ryall; left field, Carfield.

#### The Races at Ladner.

The Ladner Driving Park Association has gone to some trouble and expense to provide a good programme for June 26, the day of the King's birthday celebration, and the event should prove interesting to everybody who likes to see the ponies with the fleet feet go some. This is the A bill of fare:

2:40 class, trotting or pacing—Mile heats; best 3 in 5. Entrance 5 per cent. Money divided 60, 25 and 15 per cent., $175.

Three-minute class, trotting or pacing—Mile heats; best 2 in 3. Entrance 5 per cent. Money divided 60, 25 and 15 per cent, $100.

Mile dash—Entrance 5 per cent. Money divided 70 and 30 per cent., $100.

Free-for-all, runnig race—Half-mile; best 2 in 3; catch weights. Entrance 5 per cent. Money divided 70 and 30 per cent., $75.

Pony race—Half-mile; best 2 in 3; for ponies 14½ hands and under; catch weights. Entrance 5 per cent. Money divided 60, 25 and 15 per cent., $50.

The steamer Transfer will leave New Westminster at 10 o'clock.

#### Boxing at Vancouver.

The boxing contests held last Thursday night at the English Bay pavillion resulted as follows: Sailor Kitty vs. Greenbanks, six round bout, draw.

Billy Hill vs. Kid Hall, three round; Hall knocked out in third round.

Collie Hill vs. Bob Ritchie, six rounds, draw.

On July 2 another contest will be held at the Recreation Park, in which Gorman Riely will meet M. Field, and Johnnie McCallum will have a set-to with W. Hill.

#### GOLDEN WEDDING.

Rev. T. D. and Mrs. Pearson Quietly Celebrate Their Marriage Jubilee.

Last Monday evening, June 18th, Mr. and Mrs. (Rev.) Thomas D. Pearson celebrated the fiftieth anniversary of their wedding. Mr. and Mrs. Pearson were married in Sarnia, Ont., on June 17th, 1856. Mr. Pearson, son of the Rev. Thomas Pearson of the English Wesleyan Conference, was born on June 18th, 1828, at Forrest of Dean, Parish of St. Bevils, County of Gloucester, England, and sailed from Liverpool for Canada in September, 1852, along with the late Rev. John Ryerson. He had been employed as a local preacher several years in England and entered upon probation almost immediately upon his arrival in Canada. In 1856 he was ordained and served his church faithfully in the active ministry until 1884, when failing health compelled him to accept superannuation. He came to New Westminster in 1890, where he has resided ever since.

Mrs. Pearson was the daughter of John Robson of Sarnia, Ont., a staunch Scotch Presbyterian of the old type. She has always been a most devoted wife and mother, most active in all church work so far as her household duties and physical strength would permit, and has thus been of the most valuable assistance to her husband in his life's work. Very few know the requirements of a Methodist preacher's wife,

The late Hon. John Robson, Rev. E. Robson of Vancouver, and David Robson of New Westminster are brothers of Mrs. Pearson.

Thomas R. Pearson, Mrs. Harvey E. Johnson, Mrs. Geo. V. H. Grant, Mrs. (Rev.) D. R. McKenzie of Kanazawa, Japan and Frank R. Pearson of Scranton, Pa., are the children living.

The children, grandchildren and a very few of the more intimate friends were present at the celebration, the occasion being also the anniversary of Mr. Pearson's seventy-ninth birthday.

## WILL APPEAR IN "MARY, MARY, QUITE CONTRARY"

Catching Comedy of the Present Day to Be Presented by Miss Crosman.

Henrietta Crosman's appearence at the Westminster opera house on Saturday, June 30, is an event that will attract much attention. The actress is coming in a play which has been lavishly praised, while Miss Crosman's work in it has received unbounded approval. This artiste never fails to delight and those persons who have seen her in "Mistress Nell," "As You Like It," "Sweet Kitty Bellairs" and other of her successes, probably agree that it would be an achievement indeed to better these performances; yet it is said that she is better in her new comedy than in anything she has ever done. The play is "Mary, Mary, Quite Contrary." Unlike the comedy which Miss Crosman has been appearing in for several years it is modern. For some time she has been giving "costume" plays, that is, plays of remote periods, while "Mary, Mary, Quite Contrary" is a comedy of here and now. The principal character, Mary, is a young woman of fashion who tries to save a married friend from possible complications arising from the unexpected arrival on the scene of a former admirer, Herbert Danvers. Danvers fancies his one affair of the heart has made him a woman hater. Mary who has been sought by many men believes she is proof against the sex. Danvers and Mary oppose wits and in the end lose their hearts to each other. Gayety and humor run swiftly through the play, and the situations are delightfully comic. All the characters contribute to the fun. It is considered one of the brightest of modern comedies and it will be played by an excellent company.

A very successful lawn social and sale of work was held yesterday at the residence of Mrs. John Mackenzie, St. Patrick's street. The lawn was beautifully illuminated for the occasion with Chinese lanterns, and a large crowd of people were present to dispose of the good things provided by the ladies' aid of the West End Presbyterian church under whose auspices the party was given.

Halifax, N. S., June 22.—Correct returns of Wednesday's provincial election give the Liberals 34 seats and the Conservatives 4, a gain of two for the latter.
