

COUNCIL ADVERTISES COMMISSIONERSHIP

Applications for Assessment Commissionership to be in Monday—Columbia Street Paving Discussed.

Two matters captured the attention of the city council at a special meeting held yesterday afternoon. They were the advertisement of appointing an assessment commissioner, and the advertisement of Columbia street. All members were present except Alderman Fisher.

Discussing the desirability of advertising for the position of assessment commissioner, Ald. Jardine urged the appointment of a permanent official.

Ald. Hunter said the town was growing fast and he thought the time for a permanent official had now come.

Ald. Johnston said the official ought to be wholly responsible for the city's assessment and in the end the change would mean money in the city treasury.

Ald. Kears explained that what the mayor wanted was an officer who would exercise the duties of W. A. Duncan as assessment commissioner, and that of the two assessors. A permanent official would be stationed downstairs to give information to the public when asked, and to look after their interests in the court of revision.

Ald. Jardine moved that the appointment should be advertised, and the salary seconded and carried, the question of his salary arose.

Ald. Duncan said for his part he would like a commissioner appointed, and having decided on \$125 a month, the council resolved to advertise the position to be in by Monday evening.

Columbia Street.

Ald. Hunter drew attention to the necessity of purchasing sewer pipe for Columbia street, as the pipe ought to be ordered before they laid any other streets and they could not wait any longer with regard to the sewer works.

The sewer works might last till next year but the rain was making the earth no longer. They all agreed the condition of the street at present time, and it was useless to have plans. The sewer, however, must be laid first, and the sewerage for it. In answer to a question he said that the proposal to lay the sewer to Elsie street.

The mayor pointed out that the blue maps, profiles, etc., had been open to the public for several weeks. The petition and not received sufficient signatures yet.

Ald. Jardine said it was the duty of the property owners to come and sign. A discussion followed on the difficulties of securing improvements under the present local improvement plan, and the mayor pointed out that it might be necessary to secure legislative sanction to a change at the next meeting of the Provincial House.

Ald. Gervais thought a plebiscite might be taken at the municipal election. Ald. Johnston pointed out that the city objects they had in view might be defeated because the plebiscite would not understand the local needs.

The members of the council expressed their readiness to meet a deposition of the property owners, as requested by the municipal committee of the Board of Trade.

Ald. Johnston remarked that while the council were responsible for the delay in the matter, the citizens should be made to understand the local needs.

It was decided to arrange for a meeting, and if that failed, to apply it necessary to the citizens for a mandate to go to the legislature for additional powers.

Miscellaneous.
J. E. K. de Knevel, of Brussels, Belgium, and an old resident of this city, were advising the despatch of female pictures which have already arrived. The mayor was requested to acknowledge the gift, with thanks from the council. The pictures will be hung in the Carnegie library.

In connection with the Eighth street sewer, it was said that at present it will not be carried to Carnarvon street and then north to go on up the hill and property owners above that street will then the petition now in circulation.

ACQUITTAL OF HINDU ACCUSED BY COUNTRYMAN

Confusing Evidence from Many Witnesses—Jury Only Takes Short Time to Find Verdict.

The trial of Pala Singh, the Hindu charged with embezzling \$100 belonging to Hazara Singh, was continued at the assize court yesterday before Chief Justice Hunter. The proceedings were naturally very long, as all the evidence had to be interpreted in almost every case. Robert Cassidy, K. C., prosecuted, and R. J. Russell defended. As the prisoner is a well-known figure in the Hindu colony, much interest was shown in the case by his fellow-countrymen. The question hinged on whether Pala Singh had ever had the money, or not.

The witnesses contradicted and altered their evidence till the court was perplexed as to the truth of the case. The whole day was occupied in hearing the evidence, and the arguments of counsel. The jury retired about 5:40 to consider their verdict, were away about fifteen minutes, and found a verdict of not guilty. The prisoner was discharged.

The court was then adjourned till this morning, when civil business will be taken up.

SCOTT TO BE APPOINTED SPEAKER OF THE HOUSE

Ministers Will Return to Ottawa This Week—House to Meet Early in January—Sifton's Majority.

Ottawa, Oct. 28.—Ex-Secretary of State Scott will probably be appointed by the government as Speaker of the senate in the new parliament at a cabinet meeting to be held tomorrow to clear up the arrears of government business. Ministers are returning to the capital this week. Sir Wilfrid Laurier and other ministers will take a brief holiday before starting to prepare for the session of parliament, which will not be called till the first or second week in January.

Sir Wilfrid Laurier is resting at his residence today, tired after the campaign, but in good health and spirits.

Standing on the Prairies.

Winnipeg, Oct. 28.—Mr. Clifford Sifton has 65 majority in Brandon. The recount on some protested ballots takes place next Tuesday. The standing of the parties in Manitoba is eight Conservatives, two Liberals; in Saskatchewan, eight Liberals, and Lake, Conservative, leading in Qu'Appelle by sixty. Several polls yet to come in. Alberta has four Liberals and two Conservatives. MacLeod is in doubt, Heron leading by ninety, but several polls yet to come in.

Nipissing Not Complete.

North Bay, Oct. 28.—Returns for Nipissing are not yet all in, but McCool, Liberal, is so far two votes ahead with ten polls to come in.

May Protest Election.

Brantford, Oct. 28.—There is a possibility that the Conservatives will protest the election of Lloyd Harris, on charges of intimidation and bribery.

Red Deer in Doubt.

Red Deer, Oct. 28.—This riding is still in doubt, but Clark, Liberal, has a lead and will likely win when all polls are counted.

Austrian Health Places

ARE GAMBLING RESORTS

Vienna, Oct. 28.—Serious gambling scandals have followed the close of the season at Austrian health resorts. The police are investigating certain grave statements made about the secret gambling that has been going on at Marienbad, Carlsbad and Franzbad.

American and English visitors, as well as Austrians, have been losers of vast sums at the resorts. These shady establishments exist under the guise of "social clubs," and it is declared that in some cases they were managed by members of the nobility and army officers.

Canucks Again Won.

London, Oct. 28.—The Canadian Olympic lacrosse team defeated the North of England team today after a close game, by seven to six.

McINNES INVITED TO RUN IN YUKON

Dawson Liberals Are Anxious to Have ex-Commissioner as Their Representative.

Yukon, Oct. 28.—W. W. B. McInnes is in receipt of an invitation from Liberal headquarters at Dawson to contest that constituency in the government interest, which practically means that the seat is offered to him. Mr. McInnes is now considering the matter. There is a feeling among local Liberals that it would be better for the interests of British Columbia if Mr. McInnes' services at Ottawa could be retained for this province, and the hope is expressed that some arrangement may be made by which one of the deferred constituencies can be reopened for him.

FIVE WOMEN ORGANIZE AN UNDERTAKING FIRM

One of the Partners Bears Appropriate Name of Office—Headquarters Will Be in Oakland, Cal.

San Francisco, Oct. 28.—Articles of incorporation will be submitted today to five well-known women of Oakland, who will constitute the board of directors of the California Women's Undertaking company. The only mere man who figures in the organization is an attorney, whose services will not be needed after organization.

The business will be under the direction of a woman of Eastern experience and the principal place of business will be located in Oakland, where the directors reside.

The incorporators are Mrs. Arthur W. Cornwall, Mrs. Lillian Harris Coffin, Mrs. E. S. Schermer, Mrs. Ella S. Mitchell and Mrs. Elizabeth Ruth.

SUSPECTED KIDNAPER IN ANACORTES JAIL

Bellingham, Oct. 28.—A Herald special dispatch from Anacortes says a man giving the name of John Raugh, and claiming to be a shingleweaver, was arrested there last night while leaving a Great Northern train.

Raugh answers the description of the man who kidnapped and attempted to hold Edward E. English, a Mount Vernon lumberman, for \$5000 ransom, Monday night.

The suspect had no money but was armed with a revolver. He was taken to Mount Vernon today. Raugh boarded the train at Burlington, five miles from the scene of the crime, and has given no explanation of his movements or whereabouts at the time of the holdup.

Kearns to Meet Laurier.

Calgary, Alberta, Oct. 28.—Billy Laurier, the Calgary boxer, will meet Jack Kearns, of Spokane, on November 2, at 135 pounds. The fight will take place at the Victoria Hotel, and will be a single-round shot-gun to his head and blow out his brains. He leaves a wife and three children. Griffiths some time ago attempted suicide with a razor. He was mentally unbalanced.

William Sloan Is Elected By Acclamation in Comox-Atlin

William Sloan was yesterday elected by acclamation as member in the Federal House for Comox-Atlin, the nomination for that constituency having been deferred until after the date of the general elections. Sloan sat in the last House, and was a constant supporter of Sir Wilfrid Laurier. His election in Comox-Atlin, even though he had been opposed, was generally conceded, as he is most popular throughout the immense constituency which he represents at Ottawa. By his election yesterday, British Columbia breaks even, returning two Liberals and two Conservatives, with one seat, Victoria, to be decided on a recount. Duncan Ross' election in Yale-Cariboo is almost certain, while Smith Curtis stands a better chance of winning in Kootenay than his Conservative opponent, so that four Liberals will almost certainly be among the seven members sent from this province to Ottawa, this allowing for one of the three seats being captured by the supporters of R. L. Borden.

That William Sloan was not opposed in Comox-Atlin is somewhat of a surprise to local Conservatives, as for several months past a strong plea has been put up for representation by a resident of the district, Sloan making his home in Nanaimo. John Houtson, of Prince Rupert, was the strongest advocate of home representation, having an eye to making a fight for the honor himself. Dr. Quintan, of Prince Rupert, was announced as the standard bearer of the Conservatives two weeks ago, but at the last moment he withdrew from the contest on the advice of his friends, who realized that there was not hope of success. Charles E. Tisdall, of Vancouver, also yearned to represent the northern district in parliament, but was politely told that his services were not required.

SEALING SCHOONER SEIZED BY RUSSIANS

Japanese Vessels Caught Raiding in Russian Waters—Another Ship Burnt.

Victoria, B. C., Oct. 28.—The seizure of more raiding Japanese sealing schooners at the Russian sealing grounds in the North Pacific is reported by the steamship Montague, which arrived this morning. The schooner Bosa Maru was intercepted off the rookery at the Russian seal islands, September 6 on her way home from Behring Sea. Two boats, with six men armed with rifles were on the beach, the men engaged in clubbing seals on the hauling grounds, when the Russian patrol ship arrived and seized the schooner. In the fog the schooner escaped and the guards afterward found the six men who had been left on the rookery.

Another Japanese schooner caught off Great Santa Island by the Russian patrol cruiser Lieut. Zolozymoff was burnt by the Russians. The crew deserted the schooner and took refuge in the woods. After vain chase the Russians returned and burned the ship. It was feared that the Japanese would be frozen or starved to death.

PEDESTRIAN PUSHES BARROW ON LONG TRIP

"Colonial Jack" Krohn Is Training for Laborer's Job by Hiking from Portland, Me., to Portland, Ore.

Spokane, Oct. 28.—"Colonial Jack," whose real name is John A. Krohn, walking from Portland, Maine, to Portland, Oregon, trundling a wheelbarrow on his hike of 3750 miles across the continent in 200 days, is expected to reach Spokane in a short time. He left the coast of Maine, June 1, and at the present time, according to his schedule he is 360 miles ahead. He will have covered 3200 miles when he reaches this city. His best walk was forty-four miles in one day, and 260 miles in a week, going through Western Pennsylvania and Eastern Ohio.

He carries a small book, in which railroad agents, postmasters and village officers write their names and the date and time of his arrival. Letters received in Spokane state that Krohn will pass some time along the California coast after completing his long tramp, going thence to Honolulu. He will make the return trip in a regular train, if he is successful in covering the distance within the time limit.

SUICIDE FOLLOWS ELECTION DISAPPOINTMENT

Victoria, Oct. 28.—Tired of life and full of chagrin at the result of the elections yesterday, Edward Griffiths, a chicken rancher, living in the Royal Oak district, near here, placed a single-barrelled shot-gun to his head and blew out his brains. He leaves a wife and three children. Griffiths some time ago attempted suicide with a razor. He was mentally unbalanced.

Oil Drillers Strike

ANCIENT OCEAN BED

Spokane, Oct. 28.—Oil drills, operated at Lenox, about thirty miles south of Spokane, by a company of Spokane men, have penetrated what appears to be the bottom of a great ocean which geologists claim once covered the entire land empire.

At a depth of 1415 feet, the drill passed from a hard basaltic substance into soft limestone formation. Fragments of the limestone carry fossils of fishbones, seashells and petrified seaweed.

Pigmy Cannibals.

London, Oct. 28.—Lieut. Colonel R. G. T. Bright, who has just returned from a twenty months' journey into darkest Africa, tells that in the dense forests along the banks of the river Semliki he met a pigmy tribe, the people of which were cannibals, and when pressed for food, eat children. They refused to eat their own children, however, and therefore exchange them for those of other families.

FURTHER HOLDINGS OF TIMBER TO BE SECURED

Well-known Wisconsin Lumberman Revisits City—Will Erect Saw-mill Next Spring.

Frederic N. Norton, of Medford, Wisconsin, accompanied by Mrs. Norton, and a son and daughter, are guests at the Russell hotel.

Mr. Norton comes here from his ranch in southern Saskatchewan, and will be in this neighborhood for some time, looking over the holdings of the capitalists with whom he is associated. Their present limits are mainly round Indian river, North Arm of Burrard inlet, and they propose extending same.

No cutting will be done till spring, on account of the discouraging price of lumber at the present time and the unsettled condition of the business. A sawmill will then probably be erected.

Mr. Norton was in Westminster in June last. Since then the condition of the industry has not changed much, but he is hopeful that conditions will greatly improve by the spring.

NO MORE FREE DRINKS IN CHICAGO AT XMAS

Temperance Agitation Results in Liquor Dealers of Windy City Cutting Out Treats.

Chicago, Oct. 28.—"Merry Christmas" from the barkeeper will not mean "have one on me" in Chicago during the coming holiday season, according to a command today by the Cook County Liquor Dealers' Protective association, which includes all the larger saloons in Chicago and the suburbs. It has been decided that all free drinks are to be absolutely prohibited this year and that hot "Tom and Jerry" will have to be paid for on Christmas Day the same as on other days of the year. New Year's Day included.

The liquor dealers say they give away 100,000 drinks every year during the holiday season and that the temperance agitation has prompted them to refuse any more drinks. Celebrations growing out of free holiday drinks, they say, keep men away from home in the holiday season, and this has been largely responsible for the agitation against the saloon.

WORK AT FIELD IS NEARING COMPLETION

Revelstoke, Oct. 28.—Advices from Field state that all outside work in connection with the reduction of the Big Hill grade at Field would be completed inside of the next three or four weeks. At the present time some 600 men are employed there, but this force will shortly be much reduced. It is expected that the entire work will be completed about February next. Hospital arrangements have, of course, been for the use of the men on the work, for which they pay at the rate of one dollar per month. There is a doctor and assistant doctor in charge and one nurse to look after any who may be injured, or otherwise require medical attention. There is accommodation for fifteen patients.

LIBERAL MAJORITY IS GROWING DAILY

The election returns to date are as follows:

CASH TRANSACTION INVOLVES LARGE SUM

One Hundred and Sixty Acres of Surrey Land Sold for \$8,800 Spot Cash—Other Realty Sales.

A land deal involving a cash transaction of \$8800 was put through yesterday by the real estate firm of White, Shiles & Co., the parties interested being local people whose names are withheld by request. The property in question consists of one hundred and sixty acres of land between Liverpool and Bon Accord, the consideration being \$55 per acre. There is no waterfrontage on the property.

Negotiations for the sale were rapid enough, the interested parties being introduced to each other in the real estate office, discussing prices and values for a few minutes and then walking across to Whiteside & Edmonds' legal offices, where the necessary papers were signed and the money paid over.

Wants Isolated Site.

A representative of Seattle capitalists has been in the city for the past few days looking over sites for a proposed industry, details of which he declines to make public at this time. This agent is anxious to purchase a site which will be at least a quarter of a mile away from any building, and will have a fair amount of waterfrontage. He is willing to purchase from ten to forty acres of land, providing the price demanded is reasonable. Although he declines to admit the fact, it is generally understood that an explosive manufactory is the projected industry.

The Brooks-Scanlon Mill.

H. D. Blackford, who spent some days here two weeks ago in the interests of the Brooks-Scanlon lumber mills, returned to the city yesterday with M. J. Costello, western traffic manager of the G. N. R., who came up from Seattle with him and F. C. Meyers, local representative of the Great Northern, the trio spending considerable time looking over the site provisionally selected by Mr. Blackford as suitable for the establishment of a big lumber mill on the south side of the river. Before the Brooks-Scanlon people finally decide on buying the property, they are anxious to know exactly what the railway company is willing to do for them in the way of spurs, sidings, and other accommodation, and it was for the purpose of personally looking into the matter that Mr. Costello came up from Seattle. It is understood that the result of the conference was perfectly satisfactory to all concerned.

Surrey Land Sales.

Quite a number of important land sales have been transacted in Surrey property in the past few days, included among these being a large portion of what is known as the old Kennedy estate, for which good prices have been realized. Nearly all the properties which have changed hands are in the vicinity of the new B. C. E. R. line to Chilliwack, prices ranging from \$150 to \$225 an acre for cleared and seeded lands. Uncleared lands are changing hands at from \$60 to \$100 per acre, according to location and nature of soil.

Subdivisions 5 and 6 of the old Lorne estate, in the Delta, have been sold to Mr. McAllister by H. W. Burr for \$11,000, the parcel containing in the neighborhood of 190 acres. Other divisions of the same estate have changed hands at similar and higher figures, local men being the purchasers in each case.

RESERVISTS IN BULGARIA DISBANDED BY GOVERNMENT

War Cloud Passing Away from Balkans—Payment of Compensation and Negotiations With Turkey Accepted at Sofia.

Sofia, Bulgaria, Oct. 28.—The fourteenth national Bulgarian assembly was convened for its autumn session this afternoon. The speech from the throne was read by Emperor Ferdinand and was eminently pacific in character. He defended the recent course of his government.

London, Oct. 28.—The recent pourparlers in European capitals appear to have brought the idea of an international congress for the settlement of the Balkan problem appreciably nearer realization. Both Austria-Hungary and Bulgaria are adopting a policy of moderation.

The Bulgarian government is now recognized to the payment of pecuniary compensation to Turkey and a further rapprochement between the contending parties is expected to ensue from the visit of Emperor William to the Austrian emperor and Archduke Francis.

The Bulgarian government informed the representatives of the foreign powers at Sofia yesterday of its acceptance of the principle of making compensation to Turkey, which has been the burden of persistent diplo-

matic representations during the past fortnight on the part of all the great powers.

As a further step in the direction of peace, 50,000 Bulgarian reservists will be discharged today. The government will send a plenipotentiary to Constantinople within a day or two to negotiate a treaty with Turkey.

The decision of Bulgaria to disband its reserves and make a financial compensation to Turkey was brought about by the presentation of what was practically an ultimatum by Great Britain, France and Russia, who were supported by Germany and Italy.

Identical notes from the first named three powers were presented to the Bulgarian government. They demanded the disbandment of the Bulgarian reserves within three days and the promise to send delegates to Constantinople to negotiate the question of financial compensation for Turkey. It was made clear that on compliance with these demands depended all hope for the recognition of Bulgarian independence. In reply to these communications the Bulgarian government signified its willingness to conform to the demands therein set forth.

SEALING PRIVILEGES ARE TO BE CURTAILED

Japan and Russia Agreeing to Observe Close Seasons With Regard to Pelagic Sealing Up North.

Victoria, Oct. 28.—The Japanese government has consented in principle to the proposal made by the Russian government for the conclusion of a pelagic sealing treaty which will include clauses similar to that arrangement following the Paris Tribunal between Great Britain and the United States, whereby seal hunters will be restricted to certain open seasons and to areas distant from the various seal rookeries. The negotiations have not yet been opened, but it is said that representatives of Japan and Russia will meet shortly to arrange the details of the treaty which will have the effect of protecting the seals of the North Pacific.

When the treaty between Japan and Russia is consummated it is said that Britain and the United States will be brought into the arrangement, and the North Pacific sealing grounds will then be adequately protected and all pelagic sealers put on an equal basis. At present Japanese sealers are permitted to hunt to within three miles distant from the seal rookeries, to use firearms and are not restricted to a close season, and much trouble is occasioned in consequence.

EMMA GOLDMAN NOT ALLOWED TO SPEAK

Chicago, Oct. 28.—A dispatch to The Record-Herald from Indianapolis says:

Emma Goldman was led from the Propylaeum here last night when she was about to address a large audience that had assembled at the fashionable club house to hear her. Twenty policemen were on hand when she arrived, and as she stepped into the hall she was told that she would not be permitted to speak in this city. She demurred at first, but the officers gathered around and she was informed that she would have to go to the police station if she resisted. She did not make any further resistance.

Ben L. Reiman, who was with her, attempted to speak on a corner near the Propylaeum, but the police forced him to desist under threats of arrest.

FIFTY TO ONE HORSE WINS CAMBRIDGESHIRE

London, Oct. 28.—At Newmarket Houghdown meeting today the Cambridgeshire was won by the outsider Marcoville, who started at 50 to 1, five years, owned by F. Lascombe. Capt. Homgray's Land League, 10 to 1, was second, and Capt. Kincaid's Succor, 100 to 1, was third. Twenty-three ran. The public lost enormous sums over Lord Durham's Cocksure II, who had been heavily backed to win since the weights were published, but failed to show any form.

JUST OUT OF COLLEGE

George Ade seems to be able to write better plays every time he tries. He followed that splendid success, "The County Chairman," with another great comedy, "The College Widow," and he brings out "Just Out of College," which is said to be as bright and breezy a comedy as has been seen in this city in many a day.

"Just Out of College," which comes to the Opera house tonight, relates principally to the troubles of a financier with a nervy young college youth. The college boy wants to marry the daughter of the magnate, and when asked regarding his assets, can only account for a few suits of clothes, a lanjo and a tennis racket. The head of the trust is not what you might call hypnotized by the boy, but his wife

VAUNA VAUGHAN.
One of the pretty girls to be seen at the Opera House tonight in "Just Out of College."

wants to marry their daughter to an elderly "beat," who is engaged spreading the teachings of "Mahala," and sponging on the community for his keep. So he gives the youth \$20,000 and tells him to go out and make a name for himself in the business world. The young man meets a woman who has a recipe for putting up pickles and they go into business and finally have the pickle trust on the run. Of course, the new company prospers and forces the trust to buy them out, and then the old "Pickle King" finds out who his competitor really was. The college youth wins his lady love and everything ends satisfactory to all.

Prepared for Train Holdup.
Sacramento, Cal., Oct. 28.—It became known today that every express train from San Francisco to Portland on the Southern Pacific since last Saturday night has been manned by special railway police and Wells-Fargo detectives armed with shot-guns. On Saturday the railway company received a warning that there would be a holdup on the Oregon express within a few days.

GILLEY BROS. LIMITED

SIR

Are you earning \$25.00 per week?
Few clerks are paid so much money.
Few advertisement experts are paid less.
But many qualified men are paid much more.
Wannamaker, of Philadelphia, pays his advertising manager \$25,000 per year, and in a recent interview said he was cheap at the price.

Can I Learn to be an Ad.
Writer by Correspondence?

Our answer is, yes. We can teach you how to write good, catchy advertisements by mail just as well as if you were attending personally, and only taking up half an hour of your time every evening.

The Sword School of Advertising is the best school of instruction for any reasons, viz:

It is the only school that gives you their personal criticisms, no form letter being used, but, instead, the work of every student is looked over separately.

Then, too, it is the only school that is conducting a successful advertising service, and is backed up by leading merchants of the province. It supplies practical ad-work for the student, showing lay-outs, copy, etc., which is picked from the most successful advertisements written by its writers.

Its system of teaching by mail is endorsed by not only the leading merchants and manufacturers, but by the greatest experts and publishers.

If you have only a common, ordinary school education and earning less than \$25.00 per week, let us put you in the most lucrative profession in the world today.

Its employed students are everywhere—in stores, factories, advertising agencies, and are so thoroughly qualified that they command higher salaries year after year. If you want to work up in the firm you are with, this knowledge will open the door of promotion, and we can do it by correspondence and the hearty co-operation of yourself.

Write for further particulars.

ENGLISH PRESS SATISFIED WITH ELECTION RESULTS

Expressions of Opinion from Leading Newspapers of Old
Country—Laurier's Popularity and Progressive
Policy Recognized.

London, Oct. 28.—The Westminster Gazette on the Canadian elections says that the staunchness of the Canadian electorate is well calculated to make the mouths of British politicians water. "We hope," it adds, "Sir Wilfrid will be able to add to his great services to his beloved Canada by getting rid of abuses which if unchecked may lead to a really serious corrupting of public life."

The Pall Mall Gazette reflects that elections should impart a useful lesson to Conservatives elsewhere on the disadvantages of being without a constructive policy, adding: "It seems a story with a not indistinct moral for British statesmen. It was Labouchere, if we remember, who admonished Randolph Churchill on the importance of becoming a 'Jettan,' and Laurier has attained to that extremely select grade of notability."

The Standard says Conservatives as well as Liberals join in applauding the success of Laurier.

The Globe says Canada is in some danger nowadays of being carried away by the vast material suc-

cess which stretches out before her people, without paying much attention to the finer spiritual forces of honesty and uprightness. The present election, if it does not prove corruption has made headway, has not shown its strength has been diminished.

The Manchester Guardian's commentary on the Canadian elections says: "The main trend of Canadian sentiment is along the lines of nationalism and Laurier's popularity with his people rests largely upon his services in the development of national policy. What form that nationalism will ultimately take would be hazardous to prophesy, but the tendency may be towards a more complete self-dependence and the loosening of formal ties with England."

The Liverpool Daily Post Mercury says: "The result must be taken as an expression of complete confidence in Laurier's administration and of approval of the fiscal policy that he has pursued."

The Yorkshire Post doesn't think there is anything to regret in the result.

CHINAMEN CONTRIBUTE FOR BUILDING WARSHIPS

San Francisco, Oct. 28.—Without ostentation, but with the definite purpose of surpassing their countrymen in Europe and the Orient, the Chinese residents of San Francisco and other big American cities are collecting subscriptions today to be sent to Peking for the building of battleships to resist further Japanese aggressions and to raise the prestige of China in the eyes of the world.

Word was received several days ago from the Peking government by the Chinese consul, General Hsu Ping Chen, at this port that contributions would be accepted.

Slocan Lumberjacks Pleased.

Slocan, Oct. 28.—It was announced here today by the representative of the Patrick Lumber company that logging operations would be continued on a very large scale this season. This news was received with a great deal of satisfaction by the lumberjacks in the Slocan. About fifty men are now busy erecting new camps on the limits and the company expects to have in the neighborhood of 150 men on the pay roll within a couple of weeks.

NIGHT RIDER CONFESSES TO SERIES OF CRIMES

Depredations of Ruffians Exposed by
One of Their Number—Whipped
Aged Justice of the Peace.

Tippecanoe, Tenn., Oct. 28.—"Ted" Barton, self-confessed night rider, told a remarkable story yesterday of night depredations near Reelfoot lake, confessing to the part he played in the outrages which reached a culmination in the putting to death of Captain Quinten Rankin, an attorney of Trenton, Tenn., on the banks of the lake a week ago and implicating men prominent in this part of the state.

According to Barton's confession Tom and Garret Johnson, now under arrest, and William Watson, under bond in connection with another raid, were the leaders of the band. Barton declares that the first part he played as a member of the night riders was when he aided in the burning of a fish wharf at Samburg. Several weeks later he was one of several that crossed the county line from the Reelfoot lake region into the adjoining county of Lake and whipped Justice of the Peace Winn, an aged man.

In his confession Barton gave the name of about forty of the alleged members of the night riders.

Steel Plant Reopens.

Johnstown, Pa., Oct. 28.—The carshops of the Cambria Steel company, which have been idle since last spring, it is announced, will resume work tomorrow with a full complement of 1500 men. Orders from the Harriman lines, it is said, are sufficient to run the plant until the first of the year at least.

Accuse Police Chief.

Chatham, Ont., Oct. 28.—A true bill has been returned by the grand jury against Chief of Police Kimball, of Leamington, for the death of W. J. Healy at Tilbury last summer. Kimball was trying to arrest Healy when he shot him with a revolver.

HON. WILLIAM PATTERSON,
Minister of Customs.

SETTLE THE LAND.

We have called attention on more than one occasion to the amount of imports brought into this Province to meet the demand which could be successfully produced here. With vast areas unsettled and unproductive and to which the Provincial Government are doing nothing to induce settlement, it does seem that as a Province we are idly allowing the privileges we have to lie dormant when they might be made to increase our volume of home trade and thus produce a revenue for the Province. It would not be so bad if we were not at the same time supplicants for the very help we could easily render to ourselves. We are not getting our share of the sturdy agriculturalists who are entering Canada, and why? Because the Provincial Government is not making any effort to secure the settlement of these people upon the lands of the Province. Last year over four million dollars went out of this province for food products we could produce, and this money is lost to us, for general circulation in other lines of trade that might have increased their volume. We venture to assert that at the Government offices today there is no officer whose duty is to know what vacant lands there are, whether Government property or held by private owners, the nature of the land, the means of transportation, etc., and we go further and say that there is no one empowered to go into the country with the intending settler and show him the properties awaiting settlement. It seems to us that the Minister of Agriculture, Hon. Mr. Tattow, should shake up his department, put some life and action into it and attend to this matter of filling up the country in the same way that Manitoba and the other Western Provinces do where they have a live administration.

The winding out of tons of literature, as ancient as the Department's methods, and only printed to help some dependent upon the Government does not have any beneficial effect toward bringing the class of settlers we need and it would be well for the Minister to use some of his boundless surplus to meet this settlement on the land. Dry articles and chemical agents may be necessary, not only to guard our orchards, but to destroy the parasites who are feeding on the dead under in the Department. But we think the money spent on them could be better employed by the appointment of some energetic intelligent and plain. Still this work had better be left undone than placed in the hands of the feeble now attached to the Department.

In any case, we should not go looking for the other five and encourage Provincial special consideration, such as we have demonstrated that we have at least done something to help ourselves, because such a course is humiliating to a Province so rich in resources as British Columbia is.

APPLES FROM PROVINCE TO BE SHOWN AT SPOKANE.

Spokane, Wash., Oct. 28.—British Columbia will be strongly represented at the National Apple Show in Spokane, Dec. 7 to 12. More than 200 entries will come from the province, including district and individual displays. The interest shown by two growers of British Columbia has decided the board of trustees to make the show an international event after this year.

In further recognition of the interest of the Canadians, H. J. Neely, secretary and manager, has taken up the matter of the removal of duty on exhibits sent from British Columbia, with every prospect that his request will be granted.

W. H. Covert, of Grand Forks, will have several exhibits, and is confident that he will carry back with him several prizes. Kelowna has appointed an agent to collect fruit for display at the show. Among the towns from which exhibits will come are: Nelson, Vernon, Bulkley, Abbotsford and Myerbrook. A special prize of five acres of irrigated land has been offered for the best exhibit from the East Kootenay district.

FOURTEEN MEN OWN ALL THE RAILROADS

Hartford City, Ind., Oct. 28.—The special interurban electric car carrying the Democratic vice-presidential nominee, John W. Kern, on his tour through Indiana from Fort Wayne, rolled into this city early today for a fifteen-minute stop, the first on the day's itinerary. In spite of the early hour, a big crowd had gathered in the court house square to welcome the candidate.

Mr. Kern referred to a speech made by Senator La Follette in the Senate last March, in which that gentleman declared that one hundred men controlled the commercial and financial destiny of the country, and supplemented this statement by the assertion that fourteen men today have absolute domination of all the railroads in the country.

Kleptomania.

Everett, Oct. 28.—Mrs. Anna Lee, well known in Snohomish, the wife of Thomas Lee, proprietor of the Snohomish Bottling company, pleaded guilty to petty larceny on three charges in Justice Lewis' court today and was fined \$175 for shoplifting. The husband, who paid the heavy fine, was also compelled to pay an additional \$30 to one of the establishments. Mrs. Lee robbed and from which place she smuggled a suit under her own clothing.

Chief of Police Dead.

Edmonton, Alberta, Oct. 28.—Chief of Police Andrew McCauley, of Strathcona, died early yesterday morning as the result of exposure in severe weather searching for Thomas Oliver, the murderer of old man Burns here recently. In a long chase, McCauley was compelled to sleep several nights in the open, and his constitution, al-

SEEKS COMPENSATION FOR MAN KILLED RIDING ON PASS

Olympia, Oct. 28.—The question of the right of recovery against a railroad company for injuries to an employee riding upon a pass was presented to the supreme court today in the case of Annie Harris et al. vs. the Puget Sound Electric Railway company. Mrs. Harris obtained a judgment for \$50,000 in the King county superior court for the death of her husband, W. L. Harris.

The latter was killed in a collision at Edgewood December 26, 1906. He was an employee of the road and was engaged in his duties, but was riding on a pass which contained a provision that the company would not be responsible for injuries occurring through its negligence.

Libel Charge Falls.
Pomeroy, Oct. 28.—Maurice O. Fitzmaurice, the editor of the Garfield County Standard, was acquitted by a jury in the superior court here of the charge of criminally libelling H. C. Benbow, editor and publisher of the Dayton Dispatch. This is the third libel case tried in the superior court in one week as the result of an alleged libelous article printed in Fitzmaurice's paper of the issue of September 17, accusing the Dayton editor of having had the reputation in the early days of this county of being a "notorious stock rustler."

TURNBULL AND RENNIE ARE MIGHTY POOR SAILORMEN

Westminster Boys Fared Badly in Crossing Big Pond—
Several Other Members of Olympic Team Also
Had Mal-de-mer.

London, Oct. 28.—The Canadian Olympic Lacrosse team, champions of the world, will sail for home on the Empress of Ireland next Friday.

The Canadians have been making a short tour of England, visiting some of the principal cities since the big match last Saturday. They were unable to get any important matches on, as they are universally conceded to be in a class by themselves at the Canadian national game. The team is all returning on Friday with the exception of Paddy Brennan, who will remain over for a couple of weeks on business.

An interesting account of the Canadian trip across to England and a description of their sufferings from sea sickness is furnished by Tommy Gorman, a member of the team, who writes for the Ottawa Citizen. According to Tommy's account, Alex. Turnbull and Geo. Rennie, of Westminster, may be star lacrosse players, but they proved poor sailors. Writing of the trip over, Gorman says:

"The Empress of Britain had a smooth trip down the St. Lawrence, but after passing the Straits of Belle Isle and making her way into the ocean, the Empress' athletic passengers, or at least the majority of them, were overcome by sea sickness."

"Most of the Olympic party, including Manager Foon, have been very much under the weather. Mal-de-mer struck the lacrosse players Sunday evening and although every man of the team, with the exception of Captain Paddy Brennan, Henry Hoobin,

Charlie Fyon and Richard Dockett, have been more or less ill. Alex. Turnbull and George Rennie, the two New Westminster boys, seem to have been the greatest sufferers. Turnbull was the first to take ill when the Empress commenced to toss about on Sunday. Then Rennie and Andy Mara, of Toronto, came in. Gorman, of Ottawa, and Broderick, of Cornwall, were the next to go under, followed by Elnie Hamilton and Clarry McKerrrow, of Montreal; Dillon, of the Shamrocks; Doc. Campbell, of Orangeville, and Aid. Foon. Monday morning the penalty list was a heavy one, only Hoobin, Brennan, McLeod and Fyon showing up at the breakfast table. Rennie, Turnbull, Gorman, Hamilton, McKerrrow, Broderick, Campbell, Mara, Dillon and Dixon were laid up until Tuesday, and almost every evening sent them all to cover once more. Wednesday was another red-letter day in the Olympic ward, but Thursday saw all the men about as usual. Aid. Foon, who escaped sea sickness altogether on the occasion of his previous trip to England with the Capitals, fell a victim this time; likewise Mrs. Foon.

"When not under the weather, the Canadians practiced steadily on board. Lacrosse sticks were pulled out, and for fully an hour each day those of the team who were able to do so, worked out on the upper deck. Quoits and deck curling also formed part of the Olympians' exercises, the men running daily. Aside from the sea sickness, which is a common affliction with men in training, the Maple Leafs were in fine form."

POPE WARNS PRIESTS AGAINST NEWSPAPERS

Dangers of Modernism Among Catholics Pointed Out by Holy Father—
Demands Implicit Obedience.

Paris, Oct. 28.—Pope Pius X. has issued a solemn warning to all Catholics and to the priesthood especially, not to read the newspapers.

"Do not trust," his holiness said, addressing a number of Venetian priests, "do not trust in certain newspapers, however much they may profess their Catholicism, do not trust certain reviews, however strongly they may be recommended to you—abandon them. The less you read of them the better for you." Keep always before you the orders of your bishops, try to fulfil the obligations of your calling, and modernism will not enter among you. And if anyone should come to speak to you of it, reply, 'Vade, retro Satanas.'"

SAYS EMIGRANTS GET A SQUARE DEAL

London, Oct. 28.—The Standard has received a number of letters from towns in Canada complaining that the Dominion is overcrowded and attacking the transportation companies. "On inquiry," says the Standard, "we have no hesitation in saying that the Canadian government and the various transportation companies are acting equitably to the British emigrant and holding out no such inducements."

WERE CAST AWAY IN THE SOUTH PACIFIC

San Francisco, Oct. 28.—A story of hardships a scuttaway in the South Pacific is told by seven Chinese who arrived in the steamer Manchuria from Hong Kong.

They formed the crew of the barkentine Kluter, which was wrecked on a reef 100 miles from Fremantle, Australia. For seventy-five days they labored to repair the little vessel so that it might again put to sea, assisting on a scant amount of ship's stores and fish and roach found on the almost barren island. The repairs were completed on May 28 and Captain Robinson, of the barkentine, proposed to sail for South Africa. At this the crew mutinied and for punishment they were left for seven days on the island while the captain stood off with the vessel. Then they were taken to Coco Island where fresh water and supplies were obtained and from this place they eventually made their way to Hong Kong.

**A PLUM PUDDING!**

The proof of the pudding is in the eating of it, and to judge from the way the 5-acre blocks in our South Westminster subdivision are being gobbled up, the investing public recognize a really good thing when they see it.

"My lot is a peach!" said one man who bought about two weeks ago, and only examined his purchase for the first time yesterday, "and I would not take double what I paid for it. You do not say that except about your splendid subdivision. It is by far the best thing advertised in any of the papers."

"I am going to make a home on my 5-acre farm and will commence building right away. I consider this land will, in a very short time, be just as valuable as any along the Vancouver-Westminster road."

There are only two of the many complimentary references to our 300-acre subdivision, and go to show that our statements are based on fact and will bear investigation, as for instance, when we state that the new Chilliwack tram runs through and has its first fixed station in the centre of the property it will be found exactly as we represent. We make this point to offset if possible the bad effect of statements circulated in an effort to sell certain other lands, that the new tram line runs through them, when, as a matter of fact, an old discarded trail line is the only thing in evidence, and the nearest route, where actual construction is rapidly advancing, is miles away. This sort of thing does no good and brings discredit on the perpetrator of the canard.

All the other excellent and variously named orchards, gardens and apple groves are all right in their way and place, but are not in the same class with ours. This is conceded by all.

Our principals have control of all the good land at the South Westminster end of the Chilliwack tram line, and it is here that the wise ones are now investing, recognizing that our choice suburban villa sites possess soil admirably suited to fruit culture, and can be purchased for \$100 per acre—the same price asked for 5-acre blocks situated from 10 to 20 miles distant from town.

Our subdivision has only been on the market a few weeks, but during that short time we have disposed of over 300 acres. This fact speaks for itself.

If 1000 farms are worth \$100 per acre 15 miles from town, what should they be worth two miles away, where you have all the conveniences of city life? This is the way the question is being figured out, and the result is very much in our favor.

Don't get it off, but come right along and buy a block. You'll never regret it. We're only a limited number of lots at present prices. When trams commence running prices will advance 100 to 200 per cent.

Our carriages go over every day. Any hour will suit us. It only takes half an hour to drive over.

HELP FOR THOUSANDS STARVING IN ENGLAND

Premier Asquith Says Government Is Ready to Provide Fund of \$1,500,000.

London, Oct. 23.—The very serious matter of the unemployed in England came up for discussion in the House of Commons this afternoon, but a larger dose of money than last year and the expediting of the naval ship-building program were the only expedients proposed by Premier Asquith in his unfolding of the government's plan to meet the situation. The gravity of the case arising from the fact that hundreds of thousands are on the verge of starvation through lack of work was fully recognized by the premier, but he said he could not undertake, in the legislative field, to grapple with the permanent causes thereof until the next session. The government, he said, was prepared to provide a fund of \$1,500,000 to help the unemployed and the admiralty was giving out orders for the construction of nine torpedo-boat destroyers and five unarmored cruisers, to cost a total of \$12,500,000, two months earlier than originally had been intended.

The premier made also a bid for recruits, saying that the war office was ready to take on 24,000 men for winter training in the special reserves.

These proposals quite fail to meet the demands of the labor members of the House.

BIG BRICK BUILDING COLLAPSED IN EDMONTON

Edmonton, Alta., Oct. 23.—The big wholesale building of Foley, Lock & Larson collapsed at 6:30 last evening, and a tragedy was averted by less than fifteen minutes, as the last man only got well out of the building when the smash came. The building, which is practically new, having been constructed only two years ago, is of three storeys and of solid brick, and is a 50 foot section of a block, 150 by 150, in which most of the wholesale business of the city is transacted. Besides Foley, Lock & Larson, whose entire stock was precipitated into the cellar and almost completely destroyed, the Oscar Brown company's banana house was damaged considerably, and the P. D. Armour agency, F. T. Fisher, manufacturers' agent, and Nicholson & McCauley, wholesale grocers, are also heavy losers. The damage is yet unknown, but that it will be over \$100,000 is almost certain.

ARTIFICIAL CLOUDS PROTECT VINEYARDS

Paris, Oct. 23.—An interesting account of a French process for producing artificial clouds for the protection of vineyards has just been furnished by the United States consul at Bordeaux.

It consists of filling small wooden boxes, open at the top, with an inflammable composition reduced to a fine powder and pressed into a compact mass. When this composition, which consists of equal parts of resinous and earthy matter, is set alight a dense cloud of smoke is produced to protect the plants from the April sun rays, and give them a chance to recuperate from the dangerous effects of the frost.

The inventor, M. Lemoine, of Bordeaux, claims that by his method fifty acres may be protected at a cost of about \$2.

One Hundred Indians Missing.

Muskogee, Okla., Oct. 23.—About 100 Shawnee and Potawatomi Indians are missing, and may be victims of a cloudburst which occurred today between McLeod and Benson Park, Oklahoma. All the small streams in that locality are higher than was ever known. All communication is cut off and further particulars are unobtainable at this hour.

C. P. R. Team Flunked.
Whether it was the weather, or the election, or that in the current slang, "they had cold feet," the C. P. R. bowlers who challenged any other aggregation in the city representative of any single business, to an encounter, failed to make good the boast last evening, and the valiant Daily News men went back to their cots and formed in the happy consciousness that when they entered the arena fear fell upon all. The Daily News team is now open to meet any team representative of any one business or calling in the city, games to be played early any evening this week. If this challenge is not taken up, the Vancouver World bowling team will be asked to meet the local aggregation with a reputation worth while.

SLAUGHTER-HOUSE IS BLOWN FROM MOORINGS

Prince Rupert, Oct. 28.—During Friday night's big windstorm L. Morrow & Co.'s large floating slaughterhouse was blown from its moorings and the piles driven around it, which allowed the float to rise and fall with the tide, were broken off below the surface of the water.

Had it not been for the wire cables with which the float was anchored to the shore, it would have been driven across the harbor and wrecked. Examination showed that the piles which were driven eight months ago, were eaten half through by the teredo worms, which caused them to break off.

WOMAN BRINGS CLAIM AGAINST NATUROPATH

Torture Rack and Electric Vibrator Chief Stock in Trade of Quack Doctor.

Tacoma, Oct. 28.—Torture rack, the rack, used in the Middle Ages, made more exquisitely agonizing by the application of an electric vibrator and other devices of modern ingenuity, are what Alice H. Jackson claims to have suffered at the hands of Dr. M. C. Macy, a prominent local "naturopath."

Mrs. Jackson is suing Dr. Macy for \$2000 damages and the trial of the case was begun in Judge Clifford's department of the superior court.

In her complaint, Mrs. Jackson says she went to Dr. Macy for treatment of varicose veins of the right leg. The doctor is alleged to have stated that the distorted veins were caused by an improper fitting of the hip bones into their sockets and to have prescribed stretching as the only means of making them slip back into their proper places.

To carry out this prescribed course of treatment elaborate stretching machinery is said to have been used and great pain caused by successive treatments with this alleged instrument of torture. This is said to have been supplemented later by treatment with an electric vibrator, which is declared to have greatly added to the horrors of the stretching machine and caused plaintiff the most hideous agony.

All this treatment was in vain, says Mrs. Jackson, and a month after she was first placed in the stretching machine, she claims, it was necessary for her to remain in bed. Dr. Macy is then alleged to have administered wet clay to her leg. This clay, says the complaint, was nothing more than common dirt, which caused the leg to become infected and resulted in long illness.

Doctor Macy asks the court to deny Mrs. Jackson's claim for damages and asks judgment for \$55, which he says represents the value of an electric vibrator and a book he refuses to return to him.
