SEVENTEEN HUNDRED NAMES
ON CIVIC VOTERS' LIST

Work on the revising of the civic voters' list is now proceeding, the city clerk being busily engaged on this task.

About two hundred additional names have been placed on the list since last year, the total number being now in the neighborhood of 1700.

Any one interested in having names removed, or holding doubt as to being correctly classified, is at liberty to examine the list at the city hall any time during the regular business hours.

LABOR DAY SERMON.

The services which Rev. Dr. Hugg will deliver at the Olivet Baptist church tomorrow evening is very acceptable as the speaker will discourse eloquently in accordance with the Labor day holiday on the coming Monday.

Permanent present day conditions will be dealt with in the preacher's customary vivid style.

Ball Game on Monday.

Arrangements are being made for a ball game to be played at Queens park on Monday afternoon, H. Ryall and A. W. Gray having volunteered for rustic opposing teams, the personnel of which will be decided today.

The powers will be called upon to foot the bill for a forfeit supper, with incidentals.

Second Flight Failed.

Leviathan, France, Sept. 4.—Wilbur Wright, the aviator, made a ten minute flight here yesterday, at an altitude of 25 feet, and covered six miles. A second attempt made later was a failure, owing to trouble with the motor.

SENIORS DUE FOR HARD FIGHT TODAY

Latest Aggregation of Ball Players Will Make Bodley's Regulars Go the Limit.

A strong team of aspiring ball players will oppose the city seniors at Queens park this afternoon in a challenge match. As the regulars will be shy some of their best men, the Cohoes, as the new bunch is dubbed, stand a good chance of coming out ahead of the argument. That good ball will be seen is assured.

The teams will be composed of the following:

Cohoes—Kenny, cf; McPhail, 2b; Fitzgerald, ss; Yall, 1b; Anderberg, p; Robertson, 3b; Welsh, c; Smith, lf; Johnson, rf.

Seniors—Silver, p; Blodgett, c; Sinclair, 1b; Wright, 2b; Stein, 3b; Lewis, ss; Canfield, rf; Ball, cf; Bar-Jarree, lf.

KENNEDY ADDRESSES
MEETING AT LADNER

Member for Westminster Discusses
Politics with Constituents in the
Delta—Many Turn Out.

Under the chairmanship of Reeve Patterson, of Delta, J. B. Kennedy, M. P., addressed a representative meeting in the Ladner town hall yesterday evening on political issues of the day.

A good sized audience turned out to listen to the speaker.

In the course of his speech, Mr. Kennedy stated that he would be a candidate at the forthcoming nominating convention.

John Oliver, M. L. A., who was present, spoke at some length, mentioning that he would shortly hold a public meeting in his own constituency, when he would touch upon the political questions of the hour.

STOLE THE COINS FROM
BENEATH CORNER STONE

Isch, Sept. 3.—Emperor Francis Joseph on Saturday laid the foundation of a hospital in memory of the late Empress Elizabeth. During the night, the foundation stone was removed from its setting and the cabinet containing the imperial signed record and the customary coins, was stolen. There is no trace of the thief.

Transfer Purchased by G. T. P.

It is definitely stated on the waterfront that the Grand Trunk Pacific railway has purchased the Transfer from the C. P. R. for use in the carrying of provisions and general business on the Skeena river, northern B. C. Little is known of the negotiations, as they have been completed with the Vancouver offices. This disposes of the rumor that the boat was to be off Laina Island pending a resumption of the down river service.

County Court Cases.

County court chambers yesterday before His Honor Judge Howay:

Sato vs. Shaltan: For payment of garnishee monies. Order made. Adam S. Johnson for plaintiff.

Yorkshire Securities vs. Pearce: For final order for foreclosure. Order made. K. C. Brown on behalf of W. G. McQuarrie.

Canaries Recovered.

A cage and pair of canary birds, stolen from J. D. B. McDonald on Thursday, were discovered yesterday afternoon by the city police, having been bought by a Fifth avenue resident late on the evening on which they were appropriated from Mr. McDonald's residence.

Cable Company Fined \$5,000,000.

Caracas, Sept. 4.—After more than three years of legal procedure, the civil court of first instance of Caracas has delivered judgment in the sensational case of the French Cable company. The company has been found guilty of complicity in the Mata revolution of 1903, and fined \$5,000,000.

The Fernie Relief Fund

Although it is now over two weeks since the Fernie relief fund closed, the amount collected, \$1732, has not all been forwarded to the stricken city. A cheque for \$469 is still in the hands of the treasurer, Marshall Sinclair.

Questioned yesterday as to the reason for this delay, Mr. Sinclair explained that he was waiting for the settlement of some "outstanding matters."

Pressed for a clearer answer, it transpired that subscriptions totalling about \$40.00 were still outstanding.

Mr. Sinclair promised to forward the cheque to Fernie by Monday, even if the outstanding accounts were not paid in.

HORSE JUMPING EVENTS AT COMING EXHIBITION

The exhibition sports committee met last evening in Sheriff Armstrong's office. The main business of the evening was to decide what classes should be arranged for horse jumping at the exhibition. An open class, a class for horses to be ridden by ladies, and a consolation class were decided upon. C. Tyner, who has had a large experience in these competitions in Irish show circles, has been deputed to look after the erection of the necessary obstacles, which will consist of a stone wall, hurdle, hedge and double. A large number of entries have already been promised. The committee hopes to arouse the interest of the city by having a large number of New Westminster horses competing and as several have already been promised, this appears altogether likely.

FUNERAL OF MRS. M. J. DEAN

The funeral of the late Mrs. M. J. Dean, who passed away on Wednesday, took place yesterday afternoon from the residence of Mrs. J. R. Gilley, Eighth street, to the Old Fellows' cemetery, the officiating clergy being Rev. W. H. Barraclough and Dr. Simpson. The pallbearers were Herbert Gilley, G. E. Gilley, J. R. Benson, W. H. Orr, John Orr and A. P. Maxwell, of Vancouver.

Following is a list of floral tributes received from friends and relatives:

Sprays—Mrs. and Miss Rogers, Mr. and Mrs. J. E. Orr, Dr. and Mrs. Simpson, Mr. and Mrs. W. D. Purdy, Mr. and Mrs. Robert Preston, Mr. and Mrs. S. Levat, Mr. and Mrs. E. Gilley, Mrs. and Miss Hall, Miss Dougherty, Miss Smith and Mrs. Nicholson, Mrs. John Clark, Miss P. Clark, Mr. and Mrs. D. Adams, Mr. and Mrs. W. Smith, Mr. and Mrs. J. Peck, Mr. and Mrs. R. L. Young, Mrs. Cochrane, Mrs. Forrest, Mr. and Mrs. S. G. Tidy.

Wreaths—Mr. and Mrs. W. R. Gilley, W. C. T. U., Miss Gertrude Young, Pillow—The children.

Cross—The grandchildren.

Spray—Mr. and Mrs. W. H. Palmer.

Rebekahs Will Visit Vancouver.

Rebekah Lodge, No. 5, will pay a visit to the Vancouver lodge on Wednesday of next week. A full representation is expected to go over, and the sister lodge on this occasion never finished.

Suit for Forty Millions
Is Commenced in Oregon

Portland, Ore., Sept. 4.—A suit in equity, involving the possession of millions of acres of land in the state of Oregon, worth \$10,000,000, and sums of money running up into the millions, and in which the United States of America is complainant and the Southern Pacific company and the Harriman system, together with forty-nine other corporations and individuals as defendants, was filed today in the United States circuit court for the district of Oregon.

Shooting Accident

The first shooting accident of the season happened yesterday afternoon, when George Cline, who was out hunting in Surrey, was shot in the hip.

Although painful, his injuries are not serious. He is now in the Royal Columbian hospital, where he was conveyed shortly after the accident.

The name of the man who shot him has not been learned.

SHIP SINKS WITH FIFTY ON BOARD

Crowd on Shore Watched Crew Drown in Awful Storm Off Portugal.

Lisbon, Sept. 4.—Within sight of the rocks on the shore, less than 200 yards away, fifty members of the crew of the Portuguese steamer Laura were drowned by the stranding of the vessel on the rocks at the little town of Baidajo on the coast of Portugal today.

The ship was driven by a heavy storm and the winds lashed the sea in such wild commotion that it was impossible for boats to go to the rescue of the men, though their plight was clearly seen and the vessel was recognized before she was torn to pieces.

The women and children of the families of the sailors lined the beach and the men of the town could do nothing to combat the fury of the sea. It was impossible for the crew to get away in life boat, and it is believed that most of them were lost in making attempts at escape in that way. The Laura was en route from Brazil. The vessel was doomed from the moment she struck the rocks.

WORKERS AND STARVING MEN STORM CITY HALL

Four Hundred Hungry Scotchmen Attempt to Force Themselves on Glasgow Council.

Glasgow, Sept. 4.—A number of unemployed of Glasgow today made an unsuccessful attempt to get a hearing before the municipal council. Four hundred men attempted to break down the doors of the room where the council was in session. Police reserves were called out and restored order.

The fact of the members of the council who agreed to receive a delegation of the unemployed and the presence of the police in not attempting to make arrests, resulted in the quiet dispersal of the malecontents of the town.

A strongly worded manifesto which has been posted in the street in the poorer quarters, however, declares that 60,000 adults and 100,000 children are crying for bread in the city of plenty and threatens a recurrence of the bread riots unless the authorities adopt palliative measures.

VICTORIA HOTEL INSTALLS A WIRELESS APPARATUS

Victoria, Sept. 4.—Manager C. C. Galbreath, of the United Wireless company, today closed a contract with the management of the Deland hotel in Victoria for the immediate installation of a wireless station on the top of the Deland hotel building, to be operated in connection with the hotel. The Deland is the first hotel on the Pacific coast to be equipped with the wireless apparatus, but, according to Mr. Galbreath, who returns to Seattle tonight, it is to be followed by others in the near future.

Japanese City Burns

Tokyo, Sept. 4.—Fifteen thousand people are homeless as the result of a fire which almost entirely destroyed the city of Niigata, eighteen miles northwest from here, today. It is estimated that 500 buildings were destroyed. The town has a population of 40,000. The government has been asked for aid and tents are being supplied. Food depots will be opened at once. So far as is known no lives were lost.

Mrs. Marshall Field, Jr., Weds.

London, Sept. 4.—Mrs. Marshall Field, Jr., of Chicago, was married at the Westminster registry office this morning to Malcolm Drummond, second son of the late Edward Athol Drummond and the Hon. Louisa Thoreson Pennington, who was a daughter of the third Lord Muncaster.

B. Y. P. U. Excursion.

The Olivet Baptist, Y. P. U. will hold an all day excursion on Labor Day up Pitt lake. The "J. C. Bruce" has been chartered for the occasion, rain or shine, but as she will only hold a limited number, the excursion is confined to members of the society.

TRAVELLED 2000 MILES IN NORTH

Rev. J. J. Mennens Returns From Arduous Treaty Trip to Split Lake.

Winnipeg, Sept. 3.—Rev. J. J. Mennens, inspector of Indian agencies, returned home to Stonewall this morning at the close of an extended trip to the north. The object of his journey was to secure the surrender of the Indian title to 125,000 square miles of territory in the north, beginning with the boundary of Saskatchewan and extending eastward toward Hudson Bay as far as Nelson House and Split Lake.

The party comprised in addition to the inspector himself, W. J. Grant, M. D., G. J. Wardner, constable, R. J. Spencer, clerk, and Henry McKay, commissioner.

The trip was successful in every particular. A great deal of rain was experienced, and mosquitoes were numerous and active, but no mishap occurred.

The expedition involved about 2,000 miles of travelling, 1100 by canoe, 800 miles by steamer, and 100 on foot and otherwise. The party started on June 15 and returned to Selkirk on August 26, having been away for some seventy days.

LACROSSE BOYS GOING AFTER CUP AT MISSION

A strong team has been picked to meet the Fairview intermediate lacrosse players at Mission on Monday afternoon. According to present indications, the cup put up as a trophy by the Mission celebration committee should find its way to the home city of the Minto cup without much trouble. These are the boys who will figure on the field as representatives of Westminster: Munn, goal; Peela, point; Marshall, cover point; Galbraith, Mannerling, W. Warwick, defence field; Lund, centre; E. Warwick, Henry, Conits, home field; G. Spring, outside home; O. Swan, inside home; J. Fitzgerald and C. Smith will accompany the team as spare men, and J. I. Kearny will discharge the onerous duties of manager.

EAGER BUYERS QUICK TO SNAP UP BARGAINS

After being closed to the public for two days the doors of the White House were thrown open to admit the huge crowd of bargain hunters which was waiting at nine o'clock yesterday morning. Messrs. Lewis Bros. & Co. of Toronto, have the arrangements of the sale in hand and very little price is being shown in regard to the price of goods. Bargain hunters were noticed leaving the stores with armfuls of goods that had been secured with such the double of which would not satisfy the manufacturer. Mr. Lewis announces that he and the whole force was busy last evening packing and pricing the goods even lower than they were yesterday. The specialty is to be a skirt sale and as the White House skirts are famed throughout New Westminster the ladies of the city will be out in full force for this morning's sale. There is no doubt that for a price slashing event the sale now conducted by this Toronto firm is opening the eyes of New Westminster and will be the talk of the town for months to come.

The sale today, although specializing in skirts, is not wholly devoted to that article as besides these will be found all the "dressy" things dear to the feminine hearts, and as Mrs. Birch's store has long been famed for the quality of its goods this is a benefit the residents of this city cannot afford to miss.

Dominion Helps Agriculture in B.C.

The expenditure in British Columbia of federal moneys for agricultural purposes, has largely increased since 1896. The general expenditure in the whole of Canada for such purposes has increased from \$198,098 in 1896 to \$547,473 in 1907. As will be briefly explained in the following statements, British Columbia has been given a fair share of this increase.

British Columbia, the same as the rest of Canada, has benefited by the rapid development of agricultural organization in Ottawa, under a practical Minister of Agriculture, through the wise legislation from time to time introduced, the valuable experiments conducted and object lessons given, thereby enabling the best information to be available and promptly and widely distributed.

A large correspondence is carried on between the chiefs of the various divisions established by the minister and the farmers of British Columbia who are thus put in position to obtain up-to-date and practical advice. This help is of vital importance, and is available to the farmers who choose to write for it to the department specialists, in charge of each particular class of work.

Besides the services of a general character the department have sent their leading officers from Ottawa to the province to conduct educational campaigns, and have representatives residing in British Columbia for nearly every branch of the Ottawa Department.

A few particulars in regard to the services, in so far as they are applied to British Columbia will no doubt be interesting, and herein follow:

Agassiz Experimental Farm.

At this farm there has been an expenditure varying from \$5,269 in 1896-97 to \$10,931 in 1907-08. It reached \$13,455 in 1901-02 on account of the new buildings that were added in that year. These figures include the travelling expenses of the Ottawa farm officers who visited the province to deliver lectures and attend fairs, the expenses of the director being, however, excepted.

Special attention has been devoted at the farm to orchard and garden work, and an exhibit has been sent regularly to the annual exhibition at New Westminster.

The Live Stock Branch.

In 1900 the Minister of Agriculture appointed to take charge of the live stock interests of the Dominion a commissioner, who soon extended his operations to British Columbia, as is shown in the following statement:

1902-03—Expenses speakers and judges at fairs \$3,484.88
1903-04—Expenses speakers sent to B. C. and of men brought from B. C. to National Convention 1,187.07
1904-05—Expenses speakers sent to B. C. (institute speakers and judges) 1,202.45
1905-06—Expenses speakers and judges and salary representative 1,573.38
Grant L. S. Assn. 500.00
—\$2,073.38

1906-07—Salary of representative July 1, '06, to April 1, '07 \$ 900.00
Grant L. S. Assn. 650.00
Speakers & judges provided 670.65
—\$2,220.65

1907-08—Salary of representative 12 mos. to April 1, '08 \$ 866.50
Grant Live Stock Assn. acct. horse show 500.00
Expenses of speakers and judges 502.80
—\$2,269.40

Veterinary Branch.

There was spent for the whole veterinary work of the Dominion:

1895-96 \$ 31,419
1906-07 276,667
Thirty-one thousand dollars was the expenditure of the veterinary branch of the Dominion when the English embargo on Canadian cattle was, in 1896 made statutory. Had the expenditure been more liberal and the organization more complete, the results might have been different.

In order to stamp out the disease, a rigid quarantine was instituted in the area infected and animals diseased, and in contact with the diseased, were slaughtered and compensation paid. The system had been successfully followed before in stamping out hog cholera when that disease prevailed to an alarming extent, especially in the Counties of Essex and Kent, Ont. While \$36,029.35 was paid for compensation, in 1902-03, the sum paid for compensation gradually decreased year by year until it reached \$3,811.43

in 1907-08, when the disease had practically completely disappeared.

The same system was applied to the whole of Canada for glanders in horses.

In British Columbia, owing to a violent outbreak of this disease in lumbering camps in the north, no less than \$80,330.10 was spent for compensation and general expenses in 1906, but the following year, 1907, the expenditure had already been reduced to \$27,806, and the tendency is a decrease toward the vanishing point.

The expenditure of the veterinary branch from 1896 to 1897 for British Columbia is as follows:

1896-97 \$ 280.00
Rent of ground.
1897-98 287.61
Rent of ground.
1898-99 2,699.35
Salary and expenses \$ 1,350

1907-1908 47,806.82
Salary and expenses 12,000
Rentals 500
Erection buildings 5,000
Animals slaughtered 19,000
—36,500.00

There was expended for quarantine of animals in British Columbia:

1895-96 \$ 8,017.15
1906-07 16,138.31

Dairy Branch.

One month after the minister assumed control of the department at Ottawa, he sent J. A. Ruddick, the present commissioner, to British Columbia to conduct a travelling dairy through the principal districts of the province, and at the annual meeting

of the provincial exhibition at New Westminster.

During that three months' tour, the creameries then in existence were visited and advice and help given to them.

In 1901 a similar work was again undertaken, conducted by J. E. Hopkins and an assistant, and again in 1905, when W. A. Wilson, representing this branch of the Department of Agriculture, conducted demonstrations of butter-making in different parts of the country and at the New Westminster exhibition.

In 1906 a permanent official was engaged to organize and supervise cow testing associations in that province. Seven associations have already been organized, but the services of the supervisor were dispensed with and other arrangements made with local experts to do the milk testing. The annual expenses in connection with his work would amount to about \$800.

In 1902, Maxwell Smith was appointed as a permanent Dominion fruit inspector for the province of British Columbia. He has been engaged there ever since. His salary and expenses amount to about \$1,700 per year. Mr. McNeil the present chief of the fruit division, and his predecessor, Mr. MacKinnon, have both visited British Columbia in the interests of fruit growing.

ference of fruit growers held at Ottawa in March, 1906, the expenses of five delegates were paid from British Columbia, amounting in all to nearly \$1,000, or considerably over one-third the cost of the conference.

Seed Branch.

Some eight years ago the Minister of Agriculture appointed G. T. Clark as seed commissioner at the seat of Government. An educational campaign carried on by him and his staff led to the introduction in the House of Commons, by Mr. Fisher, in 1902, and the enactment of the Seed Control Act, so that the users of seed might effectively protect themselves against noxious weeds. A minimum standard was fixed in respect to purity and vitality for timothy, alfalfa and red clover seeds that are represented as of first quality, and the means thus provided for the seedsmen and farmers to protect themselves against the designs or carelessness of unscrupulous vendors.

The expert officials of this division of the department have charge of the enforcement of the act, and in every way try to promote the growing and selecting of proper seeds for field crops, and to promote improvement in the quality of the seeds that enter into commerce.

Five competent trained men give instructions in all these subjects and attend to the inspection in each of five districts. In 1905 a representative of the said branch was stationed at Calgary, in charge of operations in British Columbia. Since then a considerable portion of his time has been spent in conducting farmers' institute work in British Columbia, and also attending to the work of seed inspection for that province. In 1906 a branch seed laboratory was established at Calgary for the convenience of the farmers of British Columbia, Alberta and Saskatchewan. Since the establishment of this laboratory many samples of seed from British Columbia have been analyzed and much valuable information as to the seed trade has been obtained.

In 1907 the condition of the trade in clover and grass seed in British Columbia was made a subject of special investigations. About two hundred samples of clover and grass seed sold in British Columbia were taken for inspection. The samples were analyzed in the Calgary laboratory, and the review of the actual condition and the possibilities of the trade, were published in bulletin form and five thousand copies were distributed through the province.

This season the work of investigating the quality of seed supplied through the trade is being continued. The beneficial effect of the publicity that this matter has received, together with the warning that has been given the seed merchant, who have been found to be dealing in inferior seed, and the educational work of the institute meetings, is already apparent in a greatly increased demand for seed of high quality, and in a general improvement in the quality of the seed supplied through the trade.

From the preceding statements it seems justifiable to conclude that the general policy of the department, so far as British Columbia is concerned, has been characterized by a wise and prudent expenditure of public moneys for necessary purposes. That expenditure has been increased with the increasing business and development of the farming interests of the province, with due regard to the needs of the farming population and the proportion of that population to the rest of Canada.

FOREST FIRES.

The Saturday Sunset in a recent issue deplores the tremendous damage done by forest fires in this Province, and takes opportunity to make statements that are untrue. We do not say the editor knowingly misstated the facts, we simply believe he did not know the circumstances surrounding the subject he had under review. The Sunset says:

"One great difficulty in the way of providing against fires is the fact that most of the fires occur in the railway belt from which the province does not derive, nor ever will, a cent of revenue. Fire patrolling is necessarily an expensive business and it hardly seems fair that British Columbia should carry the whole burden of protecting Dominion lands. On the other hand Dominion lands have as good a right to adequate protection as those of any private holder in the Province.

"What might be done would be that the Dominion and Provincial Governments together should organize an efficient staff of rangers to patrol the forests during the season when they are most liable to fire. It does not extend for more than six or eight weeks usually, and precautions that will lessen the terrible destruction should be taken no matter how costly they may be, for the annual loss entailed to the Province and the Dominion are much greater than the most expensive precautions could be, to say nothing of the danger to human life which is always a factor in these conflagrations."

Now what are the facts? From the

first day of May until the first of October, the Railway Belt, from the Scott Road, in the Municipality of Surrey, at the southwest boundary, and in Burrard Inlet, at Port Moody, the northwest boundary of the Railway Belt, clear through to the summit of the Rockies, over the entire Railway Belt the Dominion Government has twenty-eight regular rangers employed, who have power to employ assistance only limited by the actual needs of each case. These regular rangers are practical bushmen thoroughly efficient in their dangerous occupation, and for the season's work and expenses cost the Dominion Government about \$750 each, in all about \$21,000. Add to this, about \$500 for temporary help, and its expenses, and you have \$27,500 being spent annually in the most careful and economical manner commensurate with good faithful work. These practical rangers are not expected to be able to make typewritten reports, but they all give written diaries of their work for each day and in case of fire give rough sketch, showing area, amount of damage and a report if possible as to the cause.

It will thus be seen then that the Province does not carry the whole or any part of the burden of fire protection in the Railway Belt (the only lands held by the Dominion Government), and only in one instance, that of Upper Sumas, has a Provincial fire ranger put in an appearance, and then he absolutely refused to help the farmers on lands for which they held crown grants, and from which the Province is receiving a revenue.

The Dominion Government makes no pretence of fighting fires in this Province, other than in timber areas owned or leased by it within the Railway Belt. Outside of this area it is plainly the duty of the Province to conserve the timber, and within the Railway Belt to render such protection on crown granted lands as may be necessary for the safety of life and property. The fire protection business is expensive, but because of the expense it is not a sufficient reason for the Province to shirk its duty while the Dominion is doing its own fire ranging in a manner that should satisfy the most exacting, and we would commend the Saturday Sunset if it arouse the Department at Victoria to give the matter its careful consideration, and put an efficient patrol in operation.

The reason why I am able to give you insurance at better rates than you can get elsewhere is because the companies I write for are independent and not under the heavy expense others are in maintaining the big insurance trust nor do they have to pay several commissions as I write the business direct from the companies.

I will positively guarantee to save you money on your insurance, or will not ask you to give me the business.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

NOTICE

TO CONTRACTORS.

Sealed tenders will be received by the undersigned, on behalf of the Council of the Municipality of Surrey, up to noon of September 9th inst., for the construction of the second section of the Bon Accord road, from the Liverpool road to the upland, in accordance with plans and specifications to be seen at my office.

The Council does not bind itself to accept the lowest or any tender.

ALBERT J. HILL,
New Westminster, Sept. 2nd, 1900.

Tenders

NOTICE TO PLUMBERS.

Tenders are called for the plumbing of the new West End school house. Plans and specifications can be seen at the City Hall.

Tenders must be made on form supplied and as noted on specifications. A cheque for 10 per cent. of value of contract must accompany tender, the same to be forfeited if contractor refuses to accept contract. Tenders must be in the hands of the secretary of the school board not later than twelve noon, Monday 21st of September, 1900. Lowest or any tender not necessarily accepted.

Notice to Contractors

SEALED TENDERS addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of Thursday, the 20th day of August, 1900, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, of the following sections of the Transcontinental Railway, viz:

(1) District "C."—From a point designated on the plans of the Commissioners near Weymontachene, in the province of Quebec, 196.38 miles west of the north abutment of the Quebec bridge, (such point being on the boundary between Districts "C" and "D") westerly for a distance of about 107 miles. Date of completion, 31st December, 1910.

(2) District "C."—From a point designated on the plans of the Commissioners, about 107 miles west of Weymontachene, in the Province of Quebec, westerly to the end of the Grand Trunk Pacific Railway Company's contract, a distance of about 114.97 miles. Date of completion, 31st December, 1910.

(3) Districts "D" and "E."—From a point designated on the plans of the Commissioners, being at the western end of Fauquier Bros' Abitibi contract, in the Province of Ontario, in a westerly direction for a distance of about 104.24 miles. Date of completion, 31st December, 1910.

(4) District "E."—From a point designated on the plans of the Commissioners, about sixty miles west of the easterly boundary of District "E," in the Province of Ontario, easterly to the end of Fauquier Bros' contract, north of Lake Nepigon, distance of about 100 miles. Date of completion, 31st December, 1910.

(5) Districts "E" and "F."—From a point designated on the plans of the Commissioners, at the western end of Fauquier Bros' contract north of Lake Nepigon, in the Province of Ontario, westerly to a point at or near Dog Lake, a distance of about 126 miles. Date of completion, 1st September, 1910.

(6) District "F."—From a point designated on the plans of the Commissioners at or near Dog Lake, in the Province of Ontario, to a point at or about mile 2.6 west of what is known as Peninsula Crossing, by alternative routes as shown on the plans, a distance of about 23.76 miles by the northerly route, and 24.13 miles by the southerly route, and the selection of the route to be at the option of the Commissioners. Date of completion, 1st September, 1909.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the offices of the following District Engineers, viz: John Aylen, Acting District Engineer, North Bay, Ont.; T. S. Armstrong, Nepigon, Ont.; and S. R. Poulin, St. Boniface, Man.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners. A separate tender must be submitted for each section.

Tenders shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners; and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions in the form of contract, specifications, etc., annexed to the form of tender. Each tender must be signed and sealed by all the parties to the tender,

and witnessed and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, as follows:

For Sec. No. 1, District "C", \$150,000
For Sec. No. 2, District "C", 150,000
For Sec. No. 3, Dist. "D & E", 150,000
For Sec. No. 4, District "E", 150,000
For Sec. No. 5, Dist. "E & F", 200,000
For Sec. No. 6, District "F", 100,000

Any person whose tender is accepted shall within ten days after the acceptance thereof furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications, and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract: "All mechanics, laborers, or other persons who perform labor for the purposes of the construction of the works hereby contracted for, shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labor, and which are, or shall be, applicable to such works." (The schedule of minimum wages determined upon by said Department will form part of the contract.)

"The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply, and upon as good terms, in Canada as elsewhere, having regard to quality and price."

"The contractor shall conform to the fire regulations adopted by the Commissioners, and also to the laws and regulations respecting fires in the different provinces wherein the work is being performed."

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.

Newspaper Advertising Best

The Retail Merchants' Association of Chatham is a level-headed organization. At a recent meeting newspaper advertising was discussed, and the general opinion of the members was that newspaper advertising was the best, and program and other advertising of that class was almost useless.

Synopsis of Canadian Homestead Regulations.

Any available Dominion lands within the railway belt in British Columbia may be homesteaded by any person who is the sole head of a family, or any male over 15 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of \$1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

Thomas E. Watson.

Thomas E. Watson, the candidate of the People's Party for president of the United States, was born in Columbia county, Georgia, September 3, 1856. After a course in the district schools he spent two years in study at Mercer college. After leaving college he taught school for several years and at the same time studied law. He was admitted to the bar in 1878 and in 1882 was elected to the Georgia legislature. In 1891 he was elected to congress on the Populist ticket. While in congress he secured the first appropriation for free delivery of mails in rural districts that congress ever passed. In 1896, at the Populist national convention in St. Louis, Mr. Watson was nominated for vice-president on the ticket with William J. Bryan. In 1904 he was the choice of the People's Party for president and at the convention in St. Louis last April he was again accorded the same honor. In recent years Mr. Watson has abandoned the practice of law and has devoted much of his time to literary work.

MARKET REPORT

The weekly market was largely attended, now that harvest is well in hand throughout the Fraser valley. The stock market continues weak, and does not promise an early recovery. Good business was done in the ring, a number of draft horses and milking cows being offered, the most important change in this direction being the first appearance of a third auctioneer, Noel S. Ross, of the new real estate and auctioneering firm of Cook & Ross, T. J. Trapp and J. Travers both did good business in varying lines.

Prices for meat held as at recent markets, the supply still being short on account of the season. There were, however, good offerings of beef and veal. The prices for fish were 10 cents for cod, smelt and halibut, and 12 and 12½ cents for salmon and sturgeon.

The supply of fresh vegetables was very large, carrots, parsley, greens and marrows all selling well, but potatoes continue to exceed the demand, owing to the action of Chinese market gardeners in underselling the white growers. About \$16 a ton is quoted as the average at which recent sales have been completed. Fruit continues to reach the market in large quantities, apples, plums and tomatoes being the chief offerings. Apples were selling from 50 cents upwards per box, plums and greenhouses from 60 to 70 cents. Quite a number of blackberries came in, but did not sell very freely, the season being practically over. A new stall holder is J. C. De Wetherill, of East Burdaby, who offers fruit principally. The florists brought in a quantity of cut dahlias, both cactus and show varieties.

Butter remains at 30 cents a pound. All kinds of live poultry reached the market in large consignments, selling at recent quotations. The call for eggs held at current sales, 35 and 40 cents.

Water Commissioner C. C. Fisher yesterday granted the application of William John Irwin, of North Vancouver, for twenty inches of water from Sister creek, a tributary of the Capilano river, for household and irrigation purposes.
