M'BRIDE KNOCKS SUNDAY BASEBALL

Premier Assures Ministers Sabbath Desecration Will Be Stopped at Once.

The pronunciamento has gone forth that no more Sunday baseball playing will be tolerated in the province of British Columbia. The Hon. Richard McBride, premier of the province, is authority for the statement, and as he is looked upon as the fountain head of wisdom by his supporters, the sporting public might just as well buckle under and abandon all hopes of desecrating the Sabbath at North Vancouver by attending Northwestern league matches.

Mr. McBride made his interesting announcement at St. Andrew's manse, where he was waited upon by an influential delegation representing several of the most important religious organizations of the coast. The members urged upon the premier the advisability of adopting the Dominion Lord's Day Observance act in this province, but Mr. McBride could not coincide with their views, although he sympathized with considerable emphasis with the continental Sabbath would not be tolerated in British Columbia. No indication was given as to the premier's policy with reference to playing sports on Vancouver island, but baseball and baseball matches are a regular thing. As these have been going on for years, it is presumed no interference will result from Mr. McBride's sudden resolve to enforce the observance of the Sabbath. The deputation to which the premier made known his new born zeal in matters spiritual consisted of Rev. Dr. Fraser, moderator; Rev. J. M. Killer, Nanaimo; W. J. Woodside and J. J. McGillivray, Vancouver; Rev. J. Henderson, New Westminster, of the Presbyterian Synod of British Columbia; Rev. Dr. J. G. Shearer, J. Thompson, Victoria; A. M. Sanford, Vancouver; Dr. S. S. Osterhoust, of the Methodist conference; Rev. Father O'Boyle, of the Roman Catholic church, and G. H. Wilson, Mt. Pleasant, of the Lord's Day Alliance.

HINDUS WILL WORK IN CANNERIES THIS SUMMER

Dusky Sons of India Will Be Used for Roustabout Labor at Salmon Packing Plants.

Hindus will this season become cannery hands and in the north scores of them will be employed, according to a statement made by a northern salmon canner.

"Chinese hands have become so scarce," remarked this man, "that we simply have to take any labor that offers itself and the Hindus may aid us in solving the problem of how to provide ourselves with roustabout labor to do the hundred and one odd jobs around a cannery which in the past have been performed by the Chinese. Of course the Hindus will not permitted to engage in the filling of cans nor will they in any manner come in contact with the fish during the process of canning; all that we will use them for will be the moving of cases of fish, transportation of cans and the casing of the finished product.

"Last season a small number of Hindus was employed as general laborers at some of the canneries on the Fraser river and they gave such satisfaction there that many of the northern canners will this season give them a trial. At my own cannery I am now erecting quarters for these men, providing them with a kitchen for their sole use so that their peculiar religious beliefs in connection with the preparation of their food may not be violated."

Chicago Has Epidemic of Measles.

Chicago, May 12.—Chicago is in the grip of an epidemic of measles. In the last nine days a total of 651 cases has been reported to the health department—an average of seventy-three a day, while in normal times between twelve and twenty are reported daily. The situation is complicated because no cases of measles are taken at the city's contagious diseases hospital and the wards set apart for the ailment at the county hospital are overflowing. It is therefore necessary for the health department to quarantine patients in their own homes except in extreme cases.

BANQUET MARKS METHODIST JUBILEE

Three Hundred Guests Commemorate Occasion—Conference Begins Today.

The twenty-third annual conference of the Methodist church in British Columbia opens today at Queen's Avenue church, a large number of the delegates having already arrived. Yesterday the ministers were in session all day, and several committees were sitting. About 130, besides the woman delegates, will be in session. Officers will be elected today.

A banquet to the pioneers was excellently served at six o'clock in the schoolroom of Queen's Avenue church, about 300 sitting down. The decorations were entirely white and gold. The Ladies' Aid waited on the guests, who did full justice to the repast. From the city council were noticed Mayor Keary, Aldermen Carter Smith, Johnston and Adams. The company included the delegates to the conference, the branch of the women's missionary society, prominent city pastors, and laymen of the Methodist churches in the city.

Eloquence Restricted.

Only half an hour could be spared for speeches. Rev. W. H. Barraclough read letters of apology from the lieutenant-governor, and Rev. S. and Mrs. Gough, of Nanaimo. He welcomed there Rev. Dr. and Mrs. Robson, Mrs. Edward White and her son Dr. White, Mrs. Street, her daughter, Mrs. James Kennedy, C. G. Major,

Elections in Newfoundland.

St. Johns, N. F., May 12.—Practically complete returns tonight from Saturday's election show that the party headed by Sir Edward Morris has won an overwhelming victory and that Premier Morris will have twenty-six members of the legislature as against ten supporters of Sir Robert Bond, the former head of the government. In the voting last November each side elected eighteen members, a situation which resulted in Saturday's balloting.

UNVEILING OF TEN MEMORIAL PICTURES

Portraits of Methodist Pioneers Donated For Gift to Columbian College.

At Queen's Avenue church last evening the jubilee memorial service to commemmorate the establishment of Methodism on the mainland was made the occasion to unveil ten portraits of leaders of the church, and pioneers in this province. Some beautiful selections were rendered by the choir, and the president of the conference, Rev. John Robson, occupied the chair.

The portraits, which are skilfully executed by J. W. L. Forster, of Toronto, will be hung at Columbian college. Those not specifically mentioned are the gift of the conference. The church was packed, and showed the enthusiasm for this form of memorial.

Rev. E. Evans.

On behalf of the Metropolitan church, Victoria, Dr. Robson presented the portrait of the Rev. Ephriam Evans, to the college. In the course of a biographical address, given with his customary humor, Dr. Robson said the subject of the portrait was born in Hull, England, the son of a sea captain, and lived many years in the eastern provinces before he was sent to take charge of the work in British Columbia. He married a Canadian girl, Miss Powell, who was one of the noblest women he knew. D. Evans was quite a statesman and showed a good knowledge of law in his dealings with church property, but it was above all as a preacher he shone, and some of his sermons were everlasting. (Laughter.) Yet he left a splendid record behind him, as a man of dauntless courage, fit for the times in which he lived.

Dr. Crosby unveiled the portrait, being brief on account of his infirmity.

Edward White.

Edward White, first pastor of the Methodist church in this city, was honored in a portrait given by Queen's avenue congregation. C. G. Major made the presentation, as one who personally knew the pioneer missionaries. Mr. Major described the condition of affairs in Victoria when he landed there in 1859 and in Westminster when he arived shortly after, the high prices ruling here, the Cariboo in those early days, and said he had been instrumental in the building of the three Methodist churches in this city on the same street. All that time he had been a trustee and officially connected with that church. (Applause.)

POSSIBLE TO EXTEND SPAN OF HUMAN LIFE

Insurance Actuary Says People May Live 150 Years When Certain Diseases Are Mastered.

New York, May 12.—When tuberculosis and other preventable causes of excessive mortality have been mastered; when those less than 50 tell the truth about their youth and those more than 80 do the same about their age, it may be possible for actuaries to figure on 150 years as the span of human life. These and many other interesting facts about the duration of human life were presented by John K. Gore, of Newark, N. J., president of the Actuaries Society of America, at its twentieth annual meeting in the Metropolitan building. Mr. Gore said: "Careful study of the combined effect of tuberculosis and other preventable diseases would probably show that with these diseases eliminated the limiting age of man could be extended to 150 years and higher. It is not unlikely that the limiting age of man lies somewhere near 150, and that he is now prevented from attaining that age by the presence of a multitude of factors which are coming to be recognized as preventable."

LACROSSE WILL NOW BE INTRODUCED IN NEWFOUNLAND

Montreal, May 12.—Lacrosse is to be played in Newfoundland. It may at first sight seem a bit peculiar that there should be anything remarkable about a statement of that kind when it is remembered that lacrosse has been played for many years in Great Britain, Ireland, Australia, and even South Africa. It is a fact, however, that so near at home as Newfoundland Canada's national summer game has not yet obtained a footing. However, the thin edge of the wedge is to be inserted and the opening will become larger as the wedge is pushed further in. A Montreal gentleman, L. R. Cuddihy, who is interested in affairs in St. John's, Newfoundland, has been in communication with a couple of the school associations there and has offered to provide equipment for a team. The Catholic cadets of St. John wrote yesterday thanking Mr. Cuddihy for his kind offer of assistance, and stating that they hoped to make lacrosse boom in the old island. At the present time baseball and cricket are the principal summer sports there.

MYSTERY STILL SHROUDS THE BURNABY DISCOVERY

Identity of Woman is Enigma—Doctor Makes Examination of Contents of Stomach Today.

The inquest on the unidentified body of a woman found at East Burnaby on Tuesday was opened before Coroner Pittendrigh at the municipal hall, Burnaby, yesterday, and adjourned to this morning. Dr. Walker will make an analysis of the contents of the bottle found beside the body, and of the contents of the stomach. The body has been removed to Murchie's undertaking parlors for interment.

A further examination of the circumstances surrounding the death of the unfortunate woman only adds to its mystery. No date has been found on the newspaper which was used to kindle the fire, but it is a copy of the New York Sunday American supplement, with a lurid story pieced together from the fragments.

No trace of a missing woman at all answering to the description has been discovered either around Westminster or Vancouver, though the police hope that the publicity given the case may help them to unravel the mystery. The authorities incline to the theory that it is not a simple case of suicide, but that an arrangement was made after death of bottles and mugs to give this impression. They await, however, the result of the examination of the contents of the stomach before deciding whether poison was administered, either by herself, or some other person.

The liquid found in the medicine bottle is believed to be carbolic acid.

RIOTS WIPE OUT AN ENTIRE DISTRICT

Boys and Old Women Spared, Girls Are Captured and Men Are Killed.

Beirut, May 12.—The recent rioting in the vicinity of Marasch has laid waste that entire district.

Marasch itself was spared, although a few persons were killed, but within sixty miles to the southwest a total of sixteen villages with a population of 8000, have been practically wiped out. The only survivors are boys under 10 and old women. Girls were carried away and the men killed.

Telegraphic reports received today declare that the hungry and naked number 14,000. Immediate relief is required. The interior districts are still far from settled and from all directions the most heartrending accounts and appeals are being received.

TO RETAIN HIS HEAD, ABDUL PARTS WITH TEN MILLIONS

Deposed Sultan of Turkey Places High Estimate on Remaining Lease of Ill-spent Life.

Belgrade, May 12.—Ten million dollars is the price paid by Abdul Hamid, deposed Sultan of Turkey, for the privilege of retaining his head, according to a statement in today's Stampa.

The paper says that Abdul has authorized Enver Bey, a Young Turk leader, to draw this fabulous sum of money from his deposits in foreign banks. The money will be turned into the treasury of the new government and in return the former Sultan will not be executed.

SQUAW SEEKS DIVORCE FROM HER WHITE HUSBAND

Spokane, May 12.—Divorce proceedings were commenced this morning in the district court at Coeur d'Alene, Idaho, by Agnes Rickman against Leonard Rickman. The plaintiff is an Indian woman, aged 60 years, and the defendant is a white man, aged 22 years. The complaint sets forth that the defendant secured the consent of the plaintiff to marriage for the purpose of securing her land, and that after he had lived with her two months, deserted her. A short time ago an Indian woman named Agatha Rickman, 85 years of age, was awarded a decree of divorce from Alfred Rickman, a brother of the defendant.

WOULD RATHER FISH IN PACIFIC THAN ATLANTIC

Boston, Mass., May 12.—Capt. Angus K. Matheson, a veteran deep-sea fisherman, has just started on his thirty-first trip to the Grand Banks, after returning only five weeks ago from the Pacific coast, where he commanded a fishing vessel out of Seattle to Bering and Okotsk seas for cod. He will be gone five months on the Banks cruise. He says he prefers the Pacific to the Atlantic for profitable fishing and freedom from dangerous gales.

COURT OF REVISION HEARS ASSESSMENT APPEALS

Only Few Levies Reduced on Application—Roll Approved for Year 1909.

Mayor Keary and all the aldermen except Ald. Henley, were present at the sitting of the court of revision held yesterday morning on the assessment roll for 1909. Assessment Commissioner McQuarrie was in attendance.

A number of appeals were heard. Among them were the following: The B. C. Packers' Association appealed against a number of assessments, all of which, however, were confirmed except that on the Cleeve cannery building, which was reduced from $8000 to $4000. W. J. Whiteside represented the applicants.

W. S. Collister was granted a reduction from $6000 to $4500 on fifteen acres of land on Lulu island.

The improvements on the Marine Railway property were held to be $500 in excess and the assessment was fixed at $1500.

A building having been burned belonging to W. Wolfenden, on Second street, the improvements' assessment was removed.

A reduction of $500 was granted A. M. Herring for improvements on property at the corner of Carnarvon and Sixth streets, the assessment being placed at $1500.

Maggie Nahu was allowed a reduction from $400 to $150 on improvements on property facing Third avenue west of Tenth street.

Those who did not appear had the assessment confirmed, and authority was given the assessment commissioner to make the necessary alterations on the roll where property had been transferred in the past twelve months. The assessment roll was then confirmed, subject to amendments, and the court adjourned sine die.

First of *Minto Cup Matches Takes Place at Queen's Park One Week From Today*

One week from today the first match for the lacrosse championship of the world ever played west of the great lakes will take place on the oval at Queen's park, when the contending teams will be the New Westminster Salmon Bellies, holders of the Minto cup, and the Regina Rest of Canada Rugbies challengers for the championship.

A few months ago, when the Regina aggregation first announced its determination to come west after the mug, Westminster looked upon the news merely as an advertising boost for the capital city of Saskatchewan and the idea that the Capitals really intended visiting here was ridiculed. But Regina kept at it, discovered a few odd sports in their burgh who were not wholly enamored of their Bone Pilers baseball team, dug up about five thousand dollars from odd savings bank accounts, and commenced buying lacrosse players in batches. A few letters were slipped to Regina while the team was in process of formation, but after a while these were thrown out into the discard and others brought out to take their places.

At the present time the Capitals form a very respectable team, the players being strong, individually. Some of them have been the one bright star on their particular team in the past, but there their particular play was understood, their teammates recognized them as the Alex. of the team and always put a chance to shine in their way.

But will it be the same in a team composed of stars drawn together for a monetary consideration, where each man will try to outshine his fellow? Well, not quite. The Regina lacrosse team is not a family affair.

It's a mighty expensive trip the Capitals are to embark on on next Sunday, and it's a sad, sad disappointment that awaits them at the end of their journey. If they are very good while here, and do not visit Vancouver too often, they may be permitted a glimpse of the mug that lured them west, but a glimpse is all they'll get.

This is the forlorn hope brigade sent out by Regina: Stevenson, Munro, Gorman (Ottawa Capitals), Shea (Ottawa Capitals), Allan (Ottawa Capitals), Murton (Tecumsehs), Warwick (Toronto), Trayner, Clarke (Tecumsehs), McGregor (Regina), McDougall (Regina), Lalonde (Cornwall), Ross (Regina), McLean (Souris), and Davidson (Tecumsehs).

The vexed question of a suitable referee is still unsettled. Regina has put the N.G. sign on the sextette of names submitted last week, and wants Joe Lally to officiate. He will probably be the selection, although there is some protest against his expenses being paid out of the gate receipts. No name has yet been mentioned by Regina for judge of play, but the Capitals will doubtless pick out a man suitable to themselves. Dr. Irvine might be induced to come out with the team, in which case no objection would be raised by the locals, as both Lally and Irvine gave absolute satisfaction last year.

The Westminster team for the Minto cup games is not yet selected, but will be named early next week. In future the team will be named by a committee, consisting of the manager and five players, instead of leaving it to the captain as in the past.

At an executive meeting held yesterday evening, it was decided to institute an aggressive campaign of advertising in connection with the big games, the secretary being instructed to get out posters immediately. The entrance fee to the games will be fifty cents, grand stand and bleechers twenty-five cents extra. The receipts will be divided equally after expenses have been deducted from the gross receipts. With the permission of the challengers, children under fourteen years of age will be admitted to the matches free of charge.

THE MINTO CUP IN MIGHTY GOOD COMPANY.

These are the boys who will prove to the lacrosse world in general, and to the Regina Capitals in particular, that their claim to the championship is as strong this year as last.

Banquet Marks Methodist Jubilee

(Continued from Page One.)

Mr. and Mrs. T. Cunningham, and others who came soon after 1859, and invited the mayor of the city, himself of 1859, how small he would not like to say that time (laughter) to address the gathering.

Mayor Keary made a brief and humorous speech. He welcomed the conference on behalf of the corporation and citizens, and particularly the pioneers present, many of whom he had had the privilege of knowing personally. He went to his first social when Rev. A. E. Russ was pastor of the Mary street church, at a time when he was a printer's devil (laughter) in the office of the Dominion Pacific Herald, then controlled by J. C. Brown, present penitentiary warden. Mrs. James Kennedy, and her sons, who had grown up with him, James Cunningham, who had done very well in this city so far as this world's goods were concerned (renewed laughter) and other pioneers, had all been his friends. In closing he thanked the ladies for their efforts as entertainers. (Applause.)

Pioneers Reply.

Rev. Dr. Robson was witty, as usual. He made a brief reference to the comfort they enjoyed today compared with fifty years ago.

Rev. A. de B. Owen welcomed the delegates on behalf of the ministerial association, of which he is president.

C. G. Major, Thomas Cunningham and Dr. White, on behalf of his mother, added their appreciation of the entertainment prepared for them, and contrasted the present prosperity of that church with its early beginnings.

The gathering then broke up to attend the unveiling.

There will be an educational anniversary this evening, at which Chancellor Burwash, D. S. Curtis, Dr. Sipprell and Rev. Dr. Graham will speak.

Robin Hood Flour—Canada's Newest, Greatest Flour—Continues to Grow in the User's Favor.

"ROBIN HOOD FLOUR" started out well. It made an immediate impression by its "goodness," by the amount of bread it makes in comparison with other flours, and by the sweet, mealy flavor of the loaves made from it.

When you are using add more water than with the flours you formerly bought. Then note the result. You get more bread, of more nutritious quality.

"ROBIN HOOD FLOUR" is sold under a positive guarantee. Your money back if not satisfied after two fair trials.

Every woman in New Westminster ought to be using ROBIN HOOD FLOUR now. If you haven't tried it start now. Order a bag the next time you buy flour. You will certainly be delighted with it. And remember that "this DIFFERENT flour" is always guaranteed.

Made of Saskatchewan's Best Wheat, "Robin Hood Flour" is in Every Way a Superior Flour.

He Likes It

Tillsonburg, Ont.

The Brackman-Ker Co.,

Dear Sirs,—I have been using Barley Bread regularly since it came on the market here.

I like the flavor and prefer it to bread made from wheat flour, as it is more easily digested. I have not been troubled with indigestion, but use Barley Bread simply because I like it. The loaf holds moisture much longer than whole wheat bread or bread made from white flour; my wife joins me in recommending Barley Bread to all.

Yours truly,

D. McFARLANE.

We have statements from many others similar to above.

Ask your baker for Barley Loaf, your grocer for a sack of Barley flour. Recipes in each sack. We guarantee this flour.

THE BRACKMAN-KER MILLING COMPANY

Unveiling of Ten Memorial Pictures

(Continued from Page One.)

He referred to Rev. Mr. White as a brave man, morally and physically.

Dr. J. H. White said, in unveiling the portrait that he was but 16 years of age when his father died, but he hoped always to follow in his steps. (Applause.)

Rev. Dr. Robson.

Thomas Cunningham, on behalf of Wesley church, Vancouver, addressed the congregation in presenting Dr. Robson's portrait, the original of whom was with them (applause), and whose life was an open book. There must be one thing referred to, and that was Dr. Robson's work as the founder of Columbian college, their Methodist college, which owed its inception to him. Also Dr. Robson had done wonders in going up and down the country ever since preaching. Before closing he stated that Rev. E. White was the first to see the horticukural possibilities of the province, for which he was much ridiculed at the time. Ernest Robson completed the ceremony.

Albert Browning.

Rev. A. E. Russ, for James Cunningham, who unveiled it, presented the portrait of Rev. Albert Browning. He spoke of Mr. Browning's work as an evangelist, whose ministry was a most powerful and impressive one. This was given by James Cunningham.

Dr. Potts.

Rev. Dr. Burwash introduced the portrait of Dr. John Potts. Dr. Potts was an Irishman, who died in 1907. Like all good men, he had an excellent mother, and he had an admirable education. He was trained for commercial pursuits and brought up in the Church of England, but drifted over to the Methodist church, where he educated himself for the ministry, becoming a great pulpit orator. While general secretary of education he collected two million dollars for church purposes. A chair in Columbian college would perpetuate his memory.

Rev. James Calvert unveiled the picture.

Dr. Burwash.

To Dr. Sipprell fell the duty of introducing the name of Dr. Burwash. He related the splendid record of the chancellor of Victoria college, and the refrain was taken up by the graduates present, who lustily sang the college son. Rev. G. M. Burwash drew aside the curtain after Principal Sipprell had said the graduates of Victoria college in British Columbia, China and Japan contributed the portrait to the collection.

Rev. A. Carman.

President of Conference Rev. John Robson introduced the portrait of Dr. A. Carman, general superintendent, whom he regretted could not be present. Dr. Carman had been a great leader of the church in his generation. Rev. A. E. Roberts completed the ceremony.

Dr. Sutherland.

Rev. C. M. Tate said Dr. Sutherland's eloquence was known beyond the limits of Canada. Always ready with a fund of wit and eloquence to enforce his arguments, the doctor was an able man who had written his name deeply in the annals of the Canadian Methodist church. The portrait was presented by the Asiatic and Indian missions of British Columbia. Rev. A. E. Green drew aside the cord.

Cornelius Bryant.

The first Methodist in British Columbia, Rev. Cornelius Bryant, was next commemmorated in a few words by Rev. W. H. Barraclough. Bryant was a young Englishman, who had been in Nanaimo before the arrival of the pioneers and later joined the church. He organized the first temperance society in British Columbia. Afterward he was ordained and was assistant pastor at the old Mary street church in this city.

A. C. Wells, of Chilliwack, completed the unveiling of a fine picture, the gift of friends.

Rev. J. Turner.

D. S. Curtis briefly related the work of the pioneer to the Kootenays and Yukon, Rev. James Turner, and G. R. Ashwell displayed the features to view. The meeting concluded with the Doxology.

TORY MENDACITY.

In the course of the lengthy debate upon the budget, members of the opposition utilised to the full the latitude usually allowed to deal with the many and various subjects which are more or less involved in the broad field covered by the finances of the Dominion. Not a few have indeed gone beyond this limit and one, Mr. Glen Campbell, attempted to stretch the license allowed, for the purpose of making serious allegations against a member of the House and one who was also formerly a member. Charging the Prime Minister with broken pledges and the Government with neglect of duty, he brought forth yet once more the long since exploded charges with reference to the Saskatchewan Valley land deal. He said: "It was stated and it was believed in the west that a certain politician, who still has a seat in this House, received from the Saskatchewan Valley & Manitoba Land company a certificate of stock to the amount of $50,000, signed in blank and handed to him for his share in putting the deal through." The Speaker, however, reminded Mr. Campbell that a charge of that kind could not be made against a member of the House (a common rule that has constantly to be brought to the attention of members on the opposition side) whilst Hon. Mr. Felding informed him that whilst he could make an accusation and have it tried out he could not make the remark in the way he had suggested. Finally Mr. Campbell was told by the Speaker, upon his resorting to the sophistical expedient of offering to withdraw the words without withdrawing the meaning, that he must withdraw the whole thing.

To attack a member of the House by making a slanderous charge in this way is altogether mean and cowardly. If Mr. Glen Campbell were sincere in his professed intentions towards purity and honesty he would take the honorable course pointed out by the Minister of Finance, by naming the member and having the matter fairly tried out. If he cannot do this he owes it to the House and the the public, as a man, to unreservedly withdraw the imputation and apologise. Perhaps, however, it is too much to hope that this will be done, for we notice that Mr. Glen Campbell proceeded further to charge Hon. Walter Scott with having received, when a member of the House, a certificate of stock in the Saskatchewan Valley and Manitoba Land Co., signed in blank, to the extent of $10,000, for his efforts in putting the Bill through. He admitted however that this allegation had been denied by Mr. Scott.

The pusillanimity of this member's action is rendered the more opprobrious by the fact that the Hon. Walter Scott is, from his official position as Premier of Saskatchewan, unable to reply to the charge in the House or proceed against the member for libel. That members of the opposition should stoop to such mean subterfuge for the purpose of attacking the Government and its supporters is a course of action for which it is difficult to express condemnation in ordinary terms.

It might well have been thought that the absurd allegations of the Tory party with reference to the Saskatchewan Valley land transaction would have perished on the eletcion platforms of last fall. But to the members of this party any excuse for whipping a dog is sufficient. This revival of the old fable serves just as well as aught else for the Tory purpose of discounting and discrediting the splendid work of colonisation carried out by the Laurier Government.

The facts are worthy of restatement. The Saskatchewan Valley Land Co., were granted 50,000 acres in one of the North-West territories at $1 per acre conditionally upon their placing 32 settlers in every township in which the lands are located. This same land was refused by a railway company on the ground that it was unfitted for settlement. But the land company set to work, instituted a complete system of irrigation and other useful works, at a very considerable cost. Then what had hitherto been a desert became a fruitful area and the company readily disposed of its holdings to settlers at a specified price, in accordance with its contract. The whole aspect of this country has thus been entirely changed. It has become the home of thousands of industrious settlers and on every hand are signs of success and prosperity. What more honest and business-like bargain could have been possible than this concession to the Saskatchewan Valley Land company? What better way of peopling a vast tract of land, previously scorned as unsuited for colonisation, could have been pursued? The thorough success of the Government policy in regard to this particular matter is a sufficient testimony to its wisdom.

THE BILLINGSGATE POLICY.

Certain self-constituted advisers of the Conservative party have been urging it for some time into a new path. You can never upset this administration, they say, until you break the spell that this man Laurier exerts over the country. The spell must be broken, and the way to break it, say these tacticians, is to abuse Laurier. In order to practice what it preaches, The Toronto News in the early part of the session, in a manner that had a feminine flavor, declared that it did not care what happened it was prepared to believe that the Premier was an untruthful man. It was unfortunate for the new policy that this slap on the wrist had to be editorially withdrawn and apologized for, as the facts did not warrant it. The policy became comatose for a while, but its seeds had sunk into robuster natures, and it appears that one Cowan, the minority member for Vancouver, conceiving himself to be a wild and woolly westerner, determined to show what could be done with the billingsgate policy under favorable climatic conditions. Accordingly at a recent meeting in his constituency he referred to the Premier of Canada as a "white-livered coward." Thus was the policy gloriously launched, and even the ranks of Tuscany could scarce forbear to cheer.

In the discussion on the budget Mr. Ralph Smith, member for Nanaimo, inquired if his honorable friend had been correctly reported. Then followed a spectacle which The News reports as "the bold, bad Cowan rose and repeated them, and made it worse." As a matter of fact the "bold, bad Cowan' trembled like an aspen leaf, and started by putting the blame on misreporting. He was desirous of talking on any subject on earth save on the pointed question put to him. He resembled a horse which time after time refuses to jump the hurdle. The interpellations from the Government side would send him at it, but each time when the jump was due he swerved. At last, seeing there was nothing to be done but to jump or flunk, he appeared to be about ready to do the former when Deputy Speaker McIntyre intervened and reminded him that he could not even repeat in the House anything offensive to another member.

This is the incident which The News headlines as "Sir Wilfrid must take his share of the rough and tumble, "Down from his pedestal," "The halo with which Liberals surround him is being penetrated," which is about as bad in sense as in syntax. Any friend of Sir Wilfrid would be quite willing to leave it to the judgment even of Sir Wilfrid's opponents as to who suffered most from the incident above related, the Premier or the man from Vancouver. The calling of names will never advance a political party or injure that against which it is employed. If Sir Wilfrid Laurier stands high in the respect of Parliament it is because his conduct there has earned him that respect. He alone can injure his own reputation. The only man hurt by insulting phrases is the man who employs them. There was some half-hearted applause during Mr. Cowan's painful attempt to justify himself, but there were many "hear, hears" from the Conservative side when the Deputy Speaker ruled that the foolish and meaningless phrase could not be repeated. In this the opposition showed better taste and feeling than that eminently impartial sheet, The Toronto News, which endeavors throughout a column of venomous misrepresentation to create the impression that "the bold, bad Mr. Cowan" had repeated his "white-livered coward" phrase on the floor of the House. It cannot be said that its ideas of dethroning Sir Wilfrid Laurier are either refined or profound. Billingsgate as a parliamentary weapon would only comment itself to those in the political kindergarten class.

Suicide at Bellingham.

Bellingham, May 12.—The practical joke played by fellow workers on Andrew Blixt at the Waldron island quarries resulted in his suicide by cutting his throat yesterday morning. Afflicted with a minor skin disease, Blixt readily believed his companions when they told him that he was undoubtedly suffering from leprosy. This preyed on Blixt's mind and although reassured by a physician, he killed himself.

RATES ARE AGAINST WESTERN INDUSTRIES

Edmonton, May 12.—F. J. Cornwall, proprietor of the Edmonton Iron Works, at present engaged in installing a large plant for the manufacture of structural steel, claims to have made the discovery that prevailing freight rates render the maintenance of such a factory in the west a profitless venture, the rate from the east being on raw material much higher than the finished product. He claims the tariff was framed to protect eastern and discourage western manufacturers.

RAILWAY CLERKS IN FRANCE GO ON STRIKE

Paris, May 12.—The chamber of deputies after a stormy session of four hours today adjourned the debate on the interpellation on the postal situation until May 13. The response of the employees was quick and decisive. Within half an hour the federal committee had issued an order for a general strike and the railway mail clerks walked out in a body. An hour later a meeting of 6000 postal employees took up the battle and unanimously voted to strike.

NO BOUNTIES IN STORE FOR STEEL SHIPBUILDERS

Minister of Finance Fielding Cannot See Way Clear to Further Assist This Industry.

Ottawa, May 12.—The house of commons has given second reading to the following bills: To incorporate the Prairie Provinces Trust Company, Mr. Sutherland; to incorporate the board of elders of the Canadian district of the Moravian church in America, McIntyre (Strathcona).

Mr. Crosby (Halifax), was informed by Mr. Fielding that in view of the liberal assistance already given the steel industry, the government did not feel able to encourage steel shipbuilding with bounties.

Mr. Fielding has given notice of a resolution that it is expedient to authorize the governor in council to raise by way of loan a sum not to exceed $[illegible],000,000, as may be required for the purpose of paying the maturing loans and obligations of the Dominion, and for the carrying on of public works already authorized. The sums raised shall form part of the consolidated revenue fund.

CHICAGO IS URGED TO WAGE WAR ON FLIES

Chicago, May 12.—It is time to begin the fight on flies. Health Commissioner Evans has sounded the warning in his weekly bulletin on Chicago's health.

Death lurks on the feet and wings of the innocent looking house fly, he says, and science must come to the aid of the people to fight the diseases that travel from sick rooms to the cribs of babies on these flies.

In the war on the fly, the report prescribes the best deaths for the insects. It gives the formula for a poison that will kill the flies and not endanger life.

A dram of bichromate of potash, dissolved in two ounces of water and sweetened is the cheap and effective method of encouraging the flies to kill themselves.

There are other sanitary regulations that the health report says ought to be exercised.

Plays With Infernal Machine.

New York, May 12.—Several boys found a cigar box in the Williamsburg section of Brooklyn last night and on opening it discovered a quantity of powder and half a dozen loaded cartridges arranged in a semi circle and other articles which the police say are commonly used in the making of infernal machines Desiring to see how the thing worked Enrico Cavallini, ten years of age, dropped a lighted match into the box. The machine exploded with a loud report and as a result Enrico lost both eyes, and his face and hands were badly burned.

REACH AGREEMENT WITH MECHANICS

C. P. R. to Reinstate Men at Work Before Strike—Old Wage Schedule Restored.

Winnipeg, May 12.—Difficulties and friction which have existed between the Canadian Pacific Railway and the Federation of Mechanics on eastern lines of the system for some time, but especially since the strike last fall, are finally settled on an amicable basis, and the great corporation has at last evidently buried the hatchet with the mechanics permanently all along the system.

The announcement of the settlement is received with the utmost satisfaction by all the unions affected and appears equally satisfactory to the company. The recent conference between representatives of the railway and unions of western lines held in Winnipeg, when important concessions by the company giving the union representation, paved the way for the settlement of the trouble, which has existed in the east ever since the strike in more aggravated form than it did in the west.

Negotiations were conducted on behalf of the unions by O. L. Warl of Winnipeg, who was agreed upon in negotiations here as system chairman, and was empowered to represent all the men. The interests of the company were looked after by H. H. Vaughn. By the terms of this settlement, all the men who have been out of work since the strike of last fall have been reinstated and the schedule of wages which had previously prevailed has been restored. It practically means returning to the working agreements and schedules existing prior to 1908. This settlement wipes the slate clean between the big company and its mechanics, a condition which had not existed for many years.

TO START WORK ON GEORGIAN BAY CANAL

Enterprise Will Take Ten Years to Complete and Will Cost Enormous Sum.

New York, May 12.—Sir Robert W. Perks, bart., who built the Manchester ship canal, with the late T. A. Walker, and constructed the port works at Buenos Ayres, is now doing similar work in the harbor of Rio de Janeiro and is digging a tunnel through the Andes between Argentina and Chile. He arrived at New York yesterday from England.

Despite the fact that an army of 56,000 men are working on the various enterprises, Sir Robert is here to begin work on the Montreal, Ottawa and Georgian Bay canal, another big undertaking that will require ten years work and an expenditure of $110,000,000.

Sir Robert said the new waterway would allow steamships drawing not more than 22 feet of water to pass from the Atlantic into the Great lakes.

The canal begins at Georgian Bay, Lake Huron, and reaches the St. Lawrence through the Ottawa river, crossing Lake Nipissing. The route is 440 miles and for 420 miles it follows some existing lake or waterway. It saves between Port Arthur and Montreal 284 miles over the route by the way of the Welland canal.

HEAVY RAINS AID WHEAT IN GROUND

Winnipeg, May 12.—Very heavy rains which fell yesterday throughout most of the spring wheat country did wonders for what grain is already in the ground, but checked seeding operations for 24 hours.

The weather is mostly fair today and farmers will be able to get to work again. They are depending on a good seeding week to get in most of the balance of their spring wheat. The country could do very well without rain until June, the frost hardly being out of the ground in many localities except where the land is light and lies toward the sun.

MUST STARVE OUT NEGRO MURDERER

Birmingham, Ala., May 12.—An unidentified negro, wanted for murder, is concealed in an abandoned mine, 20 miles west of Birmingham, and with a rifle and plenty of food and ammunition, is defying the authorities. He has been concealed for four days and it is believed that friends carried him large supplies before the officers located him. Officers are unable to see down the slope, but the negro in the darkness below can watch their every movement at the opening. The deputies believe it will be necessary to starve him out.

BULLET ENTERS HEAD AND EXITS FROM FOOT

Youngstown, Ohio, May 12.—A bullet which lodged in the had of Miss Elizabeth Farragher, fourteen years ago, has been found in one of the woman's feet. The bullet has never caused her the least pain in its travels. She discovered the projectile near the surface of the skin by accident. An operation was performed in the foot and the bullet removed. The missile lodged in Miss Farragher's head when she accidentally discharged a revolver at a fourth of July celebration in 1894. Physicians were unable to locate the bullet at the time of the accident.

SCHEDULE DRAWN UP FOR SENIOR LEAGUE

Each Team Has Three Home Games In Amateur Senior Lacrosse League this Season.

The new amateur senior lacrosse league of the province, which has recently been organized under the name of the Pacific Coast Amateur Lacrosse association, drew up its schedule for the season at the V. A. C. clubrooms in Vancouver Tuesday night as follows:

May 24—Maple Leafs at Victoria.
June 16—Maple Leafs at V. A. C.
June 24—Maple Leafs at New Westminster.
June 26—V. A. C. at Victoria.
July 15.—V. A. C. at Maple Leafs.
July 22—Westminster at V. A. C.
July 31—Victoria at Westminster.
Aug. 5—V. A. C. at Westminster.
Aug. 7—Victoria at Maple Leafs.
Aug. 19—Westminster at Maple Leafs.
Aug. 21.—Victoria at V. A. C.
Aug. 28.—Westminster at Victoria.

The Westminster team in this league is picked from the two intermediate clubs of the city, and it will also represent New Westminster in the Provincial Intermediate Lacrosse league.

No admission will be charged at the game Saturday between the Minto cup defenders and what is now known as the Westminster B. C. A. L. A. team, on account of it being contrary to the rules of the C. A. A. U., with which the new league is affiliated through the B. C. A. A. A.

MAN FASTS SIXTY DAYS, BUT LIFE IS THE PENALTY

Jefferson City, Mo., May 12.—State Representative H. S. Brasfield, of Unionville, Putnam county, who in 1902 attracted worldwide attention by fasting for sixty days, thus breaking the record of Dr. Tanner, was said by his physicians to be dying tonight. He has been suffering from stomach trouble for many years and today had a hemorrhage.

MURDERER OF WIFE MUST BE HANGED

Ottawa, May 12.—The cabinet has decided not to interfere in the sentence of death imposed upon Walter Blyth, the Agincourt, Ont., section man, who killed his wife with a poker last January, and who is to be hanged on May 21.

FRENCH GOVERNMENT IS READY FOR CRISIS

Should Postal Employees Strike, Autos Will Convey Mails Over Country.

Paris, May 12.—The strike of the government postal, telegraph and telephone employees will not reach an acute stage until parliament finishes its debate upon the demands of the strikers. The debate will probably end tomorrow and trouble may ensue, as there appears little prospect of the government surrendering without a struggle.

Leaders of the strikers declare that by tonight the entire mail and telegraph service will be tied up. This will leave the wireless between France and England as the only means of communication with the outside world.

The order for a general strike was issued by the federal committe of the employees following the adjournment yesterday afternoon of the chamber of deputies. After a stormy session the deputies decided to postpone the debate on the interpellations on the postal situation until tomorrow. This action precipitated the strike, and the railway mail clerks walked out. Soon after a meeting of 6000 postal employees took up the battle and unanimously voted to strike.

The government announced this afternoon that it would probably quit attempting to run a railway mail service and rely entirely upon automobiles to transport letters.

Big machines with guards of soldiers and experienced chauffeurs are prepared for the new service.

It is feared that there will be a serious outbreak tonight and the authorities are taking every precaution against such an event. Cavalry and police reserves stationed about the post offices have been reinforced and other troops scattered about the city where they can do the most toward suppressing any riots.

No printed matter was delivered today and very few letters were moved. Carriers outside the city are threatening to join the strike and the situation is growing worse hourly.

Ottawa Invites Conference.

Ottawa, May 12.—The Methodist social union of Ottawa has forwarded to the general secretary at Toronto a warm invitation to the Methodist general conference to meet here next year.

MISSIONARY BRANCH ELECTS ITS OFFICERS

Woman's Society Brings Session to Close—Passes Useful Resolution.

The Women's Missionary society, B. C. branch, concluded its sittings yesterday, very interesting meetings being held before and after the lunch interval. Most of the officers were re-elected and the conference is said to have been the most successful of the eighteen yet held. At the morning session a resolution was passed authorizing a nurse at Port Simpson.

Many Persons Thanked.

At the afternoon session Mrs. Adams of Victoria conducted a praise service, following which Mrs. J. Cunningham was named as convenor of the standing committee on memorials. A number of votes of thanks were passed, including thanks to Dr. Burwash, Rev. A. E. Russ, Rev. W. H. Barraclough, the trustees of Olivet Baptist church for allowing use of church for meetings, the choir and soloists of Queen's Avenue church, the visitors, ladies of city for entertaining, and the Grandview auxiliary.

The executive was authorized to examine the credentials of Miss Manson, with a view to her engaging in missionary work in China. Mrs. Watson, a new worker in the Okanagan, was introduced on a letter by Mrs. Aske. Dr. Alex. Sutherland wrote apologizing that he had been unable to fulfil his promise to address the branch. Mrs. T. Cunningham was appointed convenor of the standing committee on modes of work and a number of methods of work were discussed, particularly systematic giving and self denial.

Election of Officers.

The officers were elected as follows: President, Mrs. J. F. Betts, Ladner; first vice-president, Mrs. Frank Adams, Victoria; second vice-president, Mrs. R. Milliken, Vancouver; recording secretary, Mrs. A. W. Dever, Duncans; corresponding secretary, Mrs. W. J. Sippreil, Westminster; corresponding secretary for Mission band, Mrs. Dr. Casselman; treasurer, Miss Nixon; superintendent of systematic giving, Mrs. A. J. Brace, Victoria, assisted by Mrs. Holt; secretary-treasurer of supply committee, Mrs. A. E. Bolton, Vancouver; auditor, Mrs. J. M. McTaggart Vancouver. The next place of meeting was left to the executive committee.

Sunday Baseball.

Resolutions endorsing the equity of women in the church, opposing the white slave traffic and condemning Sunday baseball and other Sabbath desecration were heartily passed. The meeting closed with a brief address by Mrs. Crosby, after which the consecration hymn, "Take My Life," was sung. The ladies then adjourned to the banquet.

BOWLING

Vancouver won on the Front street alleys last evening by 55 pins. The scores follow below. Oscar Latham and W. Sloan have challenged E. E. Johndro and R. E. Monteith to play tonight at 7:30, and an interesting contest is expected.

Following are the scores:
