...LDERMEN RECEIVE MUCH INFORMATION

...dical Health Officer and Health Inspector Give Advice Regarding Sanitation---Superintendent Stott is Too Busy---Power Company's Request.

...ayor Keary returned from his ...t holiday journey yesterday after... and occupied his usual place at ...head of the council board last ev... The amount of work transact... the council was somewhat great... than is usually the case, and in... the receiving of a deputation, ...earing of reports from the medi... health officer and the health in... tor, a long discusion of sanitation ...the absorbing of some sage a... regarding the appointing of a ...bing inspector.

...W. De Wolf Smith, who was ...d in to enlighten the council re... ...ng contagious diseases among ...ren attending the public schools, ... a detailed account of the pre... ...ons taken to prevent epidemics ...g the children. Quoting from ...Prevention of Contagious Diseases ... Dr. Smith pointed out that all ...ol teachers were empowered to ... home any child whom they sus... ...d of being afflicted with measles, ...heria, scarletina, whooping cough ...y other contagious disease, and ...o notify the medical health of... ...of the case. The officer would ...visit the child, and if the disease ...d to be contagious,precautionary ...res would be taken. In certain ... school teachers had sent the ...en direct to the medical officer's ...where they had been examined. ...engthy discusion took place bet... Dr. Smith and Ald. Smith, the ... receiving very definite informa... ...regarding whooping cough, which ...Smith explained was contagious, ... in many cases communicated ... one child to another by means ...e sputum. Ald. Smith expressed ... his opinion that whooping cough ... not be transmitted by clothing, ...Dr. Smith, after lengthy medical ...ments, proved this theory to be ... Questioned by some of the al...en, Dr. Smith admitted that the ...ical men did not consider whoop... ...cough to be dangerous, and men...ed that during the past year only ...case had been reported to him un... ...the heading of contagious dis... Giving his opinion as health ...r, Dr. Smith remarked that child... ...should be kept at home when one ...ber of the family was afflicted ... the whoopig cough.

...the request of the mayor, Dr. ...th gave a resume of his duties as ...ical health inspector. In addi... ...to looking after the cases of con...ous diseases, he had to keep an ...to the sanitary conditions of the ... and report nuisances to Health ...pector Pearce, and had also to look ...r the purity of the milk supply and ...e periodical tests. During the ... weather there had been no milk ...s, and consequently he had made ...eports to the council.

...cting upon the mayor's suggestion ... Garrett, chairman of the health ...mittee, and Dr. Smith were in...cted to interview the school trus... with regard to the sanitary con...ons of the schools, and to report ...the council at the earliest oppor...ty.

...ld. Henley complained that a ...e number of citizens kept their ... yards in a disgraceful condition, ... asked that the health inspector ...instructed to notify the citizens ...clean up. He had taken a definite ... and was at present preventing ...ple from depositing ashes and ...r rubbish on the street.

...r. Smith remarked that the city ...uld have one or two scavengers to ...ect the garbage, this was the only ...n in which the city could be kept ...an. If the cleaning of back yards ... to be left in the hands of the ...ers, the places that needed it ...uld be the ones that would not be ...aned.

...r. Pearce contended that there ... nothing objectionable in ashes, ... people could not be compelled ...remove them from their premises. ...garbage was allowed to remain in ...k yards, he would make it his ...iness to have it removed.

...ld. Henley closed the discussion by ...arking, "This is a pretty dirty ...n."

...ir Charles Hibbert Tupper and Mr. McNeill, representing the Stave Lake Power development company, waited upon the members of the council with reference to the extension of the time limit under which they are operating, and respecting which they communicated with the council last week. In a short speech, Sir Hibbert explained the position of the company, and asked for an extension of the privileges for a period of three years. The company had recently been re-organized, John Hendry having been appointed president, while expert engineers had been engaged to come here from Montreal to supervise the construction work. At present there there were 80 men working on the improvements, and over $100,000 had been spent by the company in the last few years. He requested the council to pass a new bylaw, couched in the same language as the old one, but changing the date in clause 7 so as to extend the time for another year.

City Clerk Duncan read the old bylaw, and had reached the third clause when a halt was called by the mayor, who pointed out that if the wording was not changed, the company might in future years, enter into competition with the city in supplying light to the citizens. He proposed a change by which the company could only supply heat and power to firms having less than 30 horse power supplied to their premises, while in the case of firms having anything above this, the Stave Lake Power company would be entitled to supply the firm with light. Under the old clause, the minimum power was fixed at 20 horse power. After long discussions of minor points Ald. Gray was instructed to give notice of the proposed change in the bylaw at the next meeting of the council.

The question of appointing a plumbing inspector was next debated. Superintendent of Waterworks Stott and Inspector Pearce were called into consultation, and gave some interesting information with regard to the Sixth street sewer. Mr. Stott stated that he had no time to devote to sewer inspection at present, but suggested that all applications for connection with the sewers be accompanied by a sketch and plan of specifications, which would greatly simplify the work of the inspector. Mr. Pearce, while admitting that he was not a duly qualified plumber, was of the opinion that he possessed sufficient theoretical knowledge to enable him to satisfactorily inspect plumbing. He had had occasion to inspect several houses already, and in some cases he had not been satisfied with the condition of the plumbing, but he had no authority to do anything as long as there was no nuisance.

Ald. Johnston remarked that there was not enough work to keep a plumbing inspector busy all the time, and this fact should be borne in mind. The discussion was postponed until next Monday evening, when the council will arrive at some decision.

The necessity of having a plan of the water distribution throughout the city was brought out in the next discussion, when Mr. Stott stated that in the event of his being taken ill, there was no one in the city who was capable of locating the gates and shutoffs in the water mains. He was working on the new plan now, but was unable to make much headway owing to having so much other work to do. In order to enable Mr. Stott to make out the necessary plan, Ald. Smith asked that he be given power to advertise for an extra asisstant at a salary of $70 per month. Ald. Smith's request was granted.

A few short communications were read, including one from the Chinese residents, who applied for permission to fire off bombs, crackers and other noise producers during next week, commencing on Monday and lasting until the following Monday. Permission granted on the understanding that no noise be made after ten o'clock at night, and that the usual conditions be enforced by the police.

Ald. Grey reported that the old power house was in bad shape, and was instructed to have the same repaired.

Ald. Johnston called attention to the state of the plaster at the library, which threatens to fall at any moment, and was given power to act in the matter. This ended the session.

NANAIMO WILL BENEFIT BY NEW ENTERPRISE

Railway and Cement Work Will Draw Their Supply From Nanaimo Mines.

Nanaimo, Feb. 8.—Mr. John Howard, president of the Western fuel company has just been elected vice-president of the Bellingham Bay and British Columbia railway and in connection with this another step has been taken towards establishing the great cement works that will now, it is certain, be erected on that railway. About $2,000,000 will be invested in the extensive works planned. The election of Mr. Howard to the vice-presidency of the railway serves to emphasize the fact that Nanaimo will be benefitted by the erection of the works which are an enterprise that is being advanced by the railway. It will, says Mr. Howard, cause an increased scale in the poorer grade of coal that is not now all used to advantage. The amount of coal that the Nanaimo fields will be called on to supply daily is not yet known, but it will be considerable and the demand will grow with the growth of the plant. Of course the duty now on coal will handicap somewhat its exportation, still it will be the cheapest and best that can be procured, even if duty is paid.

Light Horse to Disband.

Toronto, Feb. 8.—The Toronto Light Horse is being disbanded. Lieut.-Con. George A. Peters, commander, has issued orders for all members and former members of the regiment to deliver up their clothing, arms, equipment and accoutrements to Sergt.-Major Harding, at the Armouries, and their attention has been called to the fact that there is a $25 fine for undue detention of stores. The regiment has consisted of four squadrons of 51 officers and men each, and last summer when the regiment was at camp it was 250 strong.

CITIZEN ARRIVES HOME AFTER EVENTFUL TRIP

Manager of St. Mungo Canning Co., Tells of Renfrew Train Wreck.

James Anderson, manager of the St. Mungo Canning company, has returned home after having visited his company's head quarters in Scotland. Like a good many more travellers who are braving the perils of a trans-continental journey at this season of the year, he had his share of surprises. He was a passenger on the train which was wrecked at Renfrew, Ont., a few days ago.

The train on which he was travelling was supposed to have the right of way on the main line. A freight train was drawn up on the Renfrew side track. By some mistake in orders, the switch was left open and the passenger train, which was going at a high rate of speed, collided with the freight train. The passengers were hurled from their seats on top of each other and into the aisles of the cars. A number were badly hurt by striking their heads and various portions of their bodies. The fireman and brakeman were seriously injured and the baggage car was telescoped. How the baggage men escaped with their lives is an unsolved mystery. The train across the prairies was delayed considerably by the heavy snow storms and blizzards and there was a certain amount of suffering entailed on the part of the pasesngers.

Lulu Island Railway.

Ottawa, Feb. 8.—The Commons Railway Committee yesterday passed a bill to confirm agreements between the British Columbia Railway company and Lord Strathcona and R. B. Angus, and between the same company and the Canadian Pacific, the Vancouver & Lulu Island Railway company and the same gentlemen, the latter acting as trustees of the land in question. The Vancouver & Lulu Island Railway was built by the Canadian Pacific and transferred to the British Columbia Electric, which electrified the road. The road runs from Vancouver to Steveston and Greer's Beach, as an extension of the Electric Company's Vancouver service. At the suggestion of the Minister of Railways, the agreements were made subject to the Railway Act.

BALFOUR MAKES PLEA FOR COLONIAL UNION

Considers Such Union Would Benefit Both Motherland and Colonies.

London, Feb. 8.—In a speech at Hull, Mr. Balfour, as leader of the Unionist party, made a striking appeal to the British people regardless of party divisions to rise to the great opportunity offered by the colonial conference in April. He said: "I do not care in the least what a man's opinions may be upon any abstract doctrine of political economy. I appeal to him asking whether he will be happy in view of the present condition of things. Our great self-governing colonies have one and all expressed a desire for closer relations with the mother country. One and all they have let it be understood that the mode in which that closer connection is in their view to be attained is by some close commercial union. They have shown no desire for anything in the nature of an organic constitutional union, such as would be provided, let us say, is possible by a council of the Empire. On the contrary, I believe some of them at all events, regard these schemes with considerabl suspicion because they think as a result of carrying them, their own powers of self-government, their own independence as great communities in the Empire would be threatened and hampered by such a great constitutional change.

Hunting for Murderer.

Rosthern, Sask., Feb. 8.—The provincial government has offered a reward of $200 for information leading to the capture of the murderer of Michael Kaminsky, a Swede, at Rosthern on January 3rd. Detectives in connection with the mounted police are now at work on the case. The authorities are in possession of startling evidence, and say it is only a question of time before the guilty parties are brought to justice.

V. V. AND E. ROAD IS GOING AHEAD

Steel Is laid to Oro—Construction Will Proceed Rapidly Next Month.

Princeton, Feb. 8.—Construction on the V. V. & E. is going ahead in the Similkameen. The steel is now laid to Oro, and Chief Engineer Kennedy hopes to get it to Keremeos by the end of this month. After that construction will proceed much more rapidly as supplies can then be landed in the Similkameen Valley at much lower cost than has prevailed. Contractors found that supplies were costing so much when brought in by waggon that they were losing money on their jobs, and had to discontinue their work last fall. With the road into Keremeos, however, the whole valley as far as Princeton will be opened for economical handling of materials.

Engineer Milliken, who had several parties in the Hope Mountains last fall reports that he has obtained a grade of two per cent. and less tunnels than the old line which was a 2.5 grade and went through many tunnels.

This grade, however, may not prove satisfactory to the Great Northern people who may yet take the Coquahalla route. The development of the Bear Creek mines and the coal mines at Coutlee with their vast posibilities for tonnage will also be a factor in considering the selection of a route. It has been stated in some quarters that the V. V. & E. would build a branch into the Coultee coal mines during the coming summer whether the Couquahalla route is selected or not. An easy grade up the Tulameen and down the Coldwater can be obtained and the country traversed is one of the richest sections of the rich Similkameen and Nicola Valleys. Already the development of the Bear Creek mines proves their permanence and depth while the coal of the Nicola and Coldwater gives promise of becoming a vast industry in the very near future.

Labor Riots in Japan.

Tokyo, Feb. 8.—Troops have been sent to the copper mines in the Ashio district, where yesterday the miners made an attack upon the property using dynamite freely.

BELLINGHAM RESENTS WITHDRAWAL ORDER

Government's Forest Reserve Policy is Severely Criticized ---Considered Rank Injustice to City—Homeseekers Return Disappointed From Seattle.

Bellingham, Feb. 8.—Public indignation in this city over the withdrawal from entry of three townships of land in Whatcom county was not abated with the return of scores of disappointed homeseekers from Seattle last night, and the government's forest reserve policy is being severely criticised by all business men.

The department's action in the matter is characterized as vacillating and uncertain. Nearly every order affecting the disposition of these townships has been followed by a counter order, and this in turn by another order, so that no one has understood the actual status of the district during the past four years.

The original forest reserve in this county was created ten years ago. Although this embraces 1,500 of the 2,000 square miles of the county, no very loud protest was made at the time it was created for the reason that no railroad then penetrated the district, and it was practically undeveloped territory. Four years ago, however, it was announced that the three townships in question would be added to the reserve, bringing its boundary to within fifteen miles of the city, a strong protest was sent in. Every commercial body in this county sent a memorial to the department and Tacoma and Everett joined their protests with that of this city. All these protests were bound in book form and copies were sent to the department and to the members of the delegation in congress. So emphatic were the exprssions of disapproval that Gofford Pinchot came out to investigate. His report was favorable, recommending the withdrawal of all but five or six sections of the ninety-two. Yet the recommendation was not acted upon, and the land has been held in reserve. This year another strong effort was made to have it withdrawn, and it seemed that this was successful until the last of the many conflicting orders came on Tuesday declaring that it was not yet ready for settlement.

It is everywhere considered to be a rank injustice to the city of Bellingham, and the many prosperous towns of the county, and not in consonance with the plan to promote the public welfare.

An effort is now being made to send in such a strong protest that the government will be obliged to investigate the case and throw the land open to settlement.

DEAD BODY FOUND IN TODD CREEK

Drowned Man Is Unknown in District —Had Been Long in Water.

Bellingham, Feb. 8.—The dead body of an unknown man was found today in Toad creek near the Jeppson milk ranch on the Northeast Diagonal road, about four miles east of the city. The discovery was made by M. T. Martinis, and the fact was at once reported to Sheriff Willilams and Coroner Thompson.. The man has evidently remained in the water for a long time, and his identity is unknown.

$6,500 From C. P. R.

Red Deer, Feb. 8.—The C.P.R. again met reverse in a jury trial here today, the second trial in the case of Hanson against the corporation. Hanson was a milkman in this town, and while crossing the tracks in 1905, slipped and fell in front of a train, which took off his leg. The jury yesterday, after being out for two hours, brought in a verdict for Hanson for $6,500, which is much more than the first finding.

ATLANTIC "GRAVEYARD" CLAIMS MANY VICTIMS

Schooner Goes Down off Hatteras With Three Men Aboard— All Drowned.

Norfolk, Va., Feb. 8.—An unknown three-masted schooner which was driven ashore Tuesday night upon the southwest corner of the Diamond shoals off the treacherous Hatteras coast, for a century known as the "Graveyard" of the Atlantic coast, went to pieces in a raging sea last night and when the life savers arose at daybreak today to renew efforts which failed yesterday to rescue the crew, no trace of the schooner was seen.

There is no doubt of the loss of all the crew, who yesterday were seen clinging to the rigging.

The helpless ship appeared to have carried a crew of eight or ten men. Most of them were doubtless frozen before they were washed into the sea.

Propose To Build Two Shingle Mills

A proposition to build two shingle mills on the government reserve in the west end of the city, was made public at the council meeting last evening, when a communication was read from W. J. Goepel, secretary of the lands and works department, asking information with regard to the advisability of leasing the property to H. Schaake for the purpose of building two mills. The council approved of the scheme, and reported favorably, with the proviso that the lands should be leased with the understanding that an industry be built upon the same.

It is understood that the proposed shingle mills will be built shortly, and that they will be the most up-to-date along the coast. The amount of money which will be expended upon the property, including buildings and plant, will be in the neighborhood of $100,000, and a large pay roll will be maintained all the year round. The site of the mills will be on the north arm of the Fraser, between Sixteenth and Eighteenth streets.

City Cemeteries Are Becoming Overcrowded

Lots in the Oddfellows' cemetery at Sapperton have become so scarce of late that the undertakers are beginning to wonder where they are going to find room for future interments. A large addition to the cemetery was bought about twelve months ago, and a piece of land secured about a block away, the city securing a portion of it to be reserved for future indigent funerals. The contract for the clearing of the land was let early in the summer, but for some reason the work was not done, and at the present time, with the present cemetery all filled up, and the addition not prepared for interments, the undertakers are feeling troubled. The work will have to be done very soon, as there are absolutely no more lots to spare.

The same conditions obtain in the Chinese cemetery, all the available lots being occupied, with about three exceptions. It is proposed to make a considerable addition to this cemetery within a few weeks. The other cemeteries in the city are said to be filling up rapidly, and considerable extensions will have to be made.

Synopsis of Canadian Homestead Regulations

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans.

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY.
Deputy Minister of the Interior.

FRIDAY'S MARKET REPORT

There were many signs of marked improvement in yesterday's market and the attendance was the largest for a number of weeks. It is expected that by next week the river will be clear enough for the boats to be running and that farmers will commence to rush in their produce and make up for the lost time of the past few weeks. The farmers all had sunshine in their faces and expressed themselves as pretty sure of a first class season ahead. They consider that the snow has a great fertilizing power and that lots of snow means lots of garden and orchard produce.

The florists were once more on deck yesterday, and from their corner came a continuous stream of carnations, chrysanthemums and other floral delights.

The butchers showed a line of choice cuts of a character which is fast making the Fraser valley famous. A recent visitor from England stated that he had almost forgotten the taste of a choice English roast beef until he tasted a plateful of the Fraser valley product.

Butter fas fairly plentiful, and the vendors who make a practise of coming to the market regularly, sold out all their stock in trade. The price was a little less firm than it has been and 30c per pound will be the prevailing price next week.

Eggs were more plentiful than they have been and as a result the price showed signs of weakening which were very welcome to those who have to purchase. Wholesalers started the market by offering 50c per dozen, but as the supply began to roll in, the price weakened until it dropped to 47 cents per dozen. It is expected that the price will take a decided drop by next week if the present mild weather continues.

There was an excellent supply of beef carcases, which were all sold at quotations. Pork was also somewhat more plentiful than it has been, and as usual the demand was strong.

Veal was scarce. There were a great many enquiries for that product and the price was from a cent to a cent and a half higher than that offered last week. Mutton was also short with a strong demand.

Fowl were somewhat more plentiful than they have been during the past few weeks and demand was strong. Chinamen being specially keen to buy. Ducks were offered in small numbers and were greedily bought up by Vancouver dealers.

Apples were scarce, and the demand was good. There is at the present time an excellent market for first class stock.

Potatoes were offered in fair quantities. The enquiries for that line of merchandise was weak. It is not expected that there will be much demand for potatoes till the cold weather is over.

Quotations.

Beef, hind quarters, 8c to 9c lb.
Beef, fore quarters, 5½c to6c lb.
Veal, 11½c to 12c lb.
Pork, 10c lb.
Potatoes, $16 to $18 ton.
Eggs, 50c to 55c dozen.
Butter, 30c to 35c lb.
Fowl, $8 to $9 dozen.
Chickens, $7 to $8 dozen.
Ducks, $11 to $12 dozen.
Geese, $1.25 each.
Apples, $1.25 box.
Onions, $1.50 sack.

COUNCIL MEETING.

Burnaby Council.

The council met on Monday, Feb. 4th. Reeve Byrne presided. Present: Councilors Skinner, Stride, Love, Cliff, Anderson and Rumble.

The treasurer's report for the month of January, 1907, showed that the balance at the bank was $10,906.11, plus sinking fund $267.37; total in hand, $11,173.48.

Couns. Cliff gave notice of introduction of bylaw to amend recent Road Appropriation Bylaw by omitting the road reservation on west side of District Lot 212.

Peter Gray was re-appointed constable. The appointment of a person to act as road foreman, road tax collector and constable, was laid over until next meeting.

The government of British Columbia having acceded to the council's request for the clerk, as assessor, to have access, free of charge, at all reasonable times, to the books of the New Westminster Land Registry for the purpose of perfecting the assessment roll, the clerk was directed to convey thanks to the Attorney-General.

A copy of the Canadian Municipal Journal was ordered to be supplied to each member of the council.

A report upon the action of Woolard vs. Burnaby, heard before His Honour Judge Henderson, in New Westminster, on May 10, 1906, was received. The council's solicitors wrote that Judge Henderson, on January 7th last, gave judgment for the plaintiff for three years' damages, $510 and costs. Consideration of the matter was referred to a committee of the whole.

Plans of proposed sub-divisions of District Lots 85 and 96 (portions C and D) were approved, subject in the first case to provision of road to Deer Lake and roadway on west side.

The school board estimates for 1907 were submitted. They called for the sum of $2,884.60 for ordinary expenditure, and $3,000 for purchase of sites and additional buildings, making a total estimated expenditure of $5,884.60 over and above the $2,840 payable by the provincial government.

Coun. Love was authorized to call for tenders for widening Third avenue between First and Fourth streets. Coun. Rumble to call for tenders for about ten chains of Nelson road. Fresh tenders were ordered to be called for a section of Power House road, the time limit for previous contract having expired. Tenders for slashing 60 chains on north side of Lot 40 and for 18 chains corduroy for Hastings road were ordered to be called for.

Coun. Skinner was asked to bring in specification for slashing timber at end of Byrne road.

Mr. McInnes having applied for a road on the south side of District Lot 118, a committee was appointed to examine and report.

Fred. Capon's letter re Lakeview road was referred to the councillor for Ward IV. A letter from W. Brown relative to Cliff road was received and filed.

The following accounts were passed for payment: Salaries, $80; returning officer, $15; constable's extra services, $2.25; J. Reid, $7.50; King's Printer, $2.50; Daily News, $8.10; B. C. Telephone Co., $3; A. Bailey, $1; Brown Bros., $7.50; A. Attoe, $12; Carl Helman, $30; relief to sufferers from fire, $25.25; L. C. Hill, $21; Chas. Burchell, $47.50; Municipal Journal, $5. Total, $275.60.

Council adjourned till Saturday, Feb. 16th.

Condemned Milk.

Pittsburg, Feb. 8.—The grand jury of Allegheny County has returned six true bills against the Pullman Palace Car Company, alleging the sale of impure milk and cream to its patrons. Over fifty dealers in this city were indicted for selling adulterated food.

THE BIG BLUE SIGN

Turned Out on the Street!

Get Out or Sell Out!

The time is near for us to get out,

but we don't intend taking any of those 5c Collars with us.

This mild weather has brought the contractors down upon us; and we are not sold out yet.

We have some of that Underwear left at 75c a suit.

They have, however, allowed us eight or ten days in which to clear out the balance:

particularly those Congress Boots at $1.15.

During those remaining days we purpose selling goods at prices that will keep the crowd coming

for Handkerchiefs, if nothing else, 3 for 10c

This Sale has been no fake, and the people know it.

They know that UMBRELLAS at 45c are good value.

We are actually selling goods at far less than manufacturers' prices;

Hip Gum Boots, for instance, at $3.75 a pair.

The interest in this Sale keeps increasing;

Tweed Suits at $6.15 would interest any one.

We'll continue keeping faith with the public;

and selling Men's Fedora Hats for 85c

REMEMBER! ONLY EIGHT OR TEN DAYS MORE OF THIS BARGAIN FEAST. THEN WE'LL HAVE TO GET OUT.

SATURDAY, FEBRUARY 9, 1907.

ONTARIO LIBERALS.

The new leader of the Ontario Liberals, G. P. Graham, making his first speech as leader, gave a list of important points of his party's policy. It is curious to note how many of the "planks" might be transferred, almost as they stand, to a platform built in British Columbia. Take these:

"We stand for a practical and progressive forestry policy now and for the future.

"For fair play to legitimate investments, but not one cent for watered stock.

"Absolute and unassailable titles by the Government.

"Free school books as part of the equipment of the public and separate schools.

"Cheap power for the municipalities and the people.

"Economical management of the Provincial business, notwithstanding the buoyancy of the revenue.

"Absolute control by municipalities of their wn streets and every encouragement to the ownership and operation of their own utilities.

"Management of the public school system by a head experienced in and conversant with that system."

Serions Landslide.

London, Feb. 8.—A terrific landslide occurred on the Grand Trunk between here and Hyde Park. Thousands of tons of earth, covering an area several blocks in extent and 60 feet high, crashed down on the north track. The landslide had been foreseen to some extent, workmen having dug away the earth from the embankment for many yards. Otherwise the whole line would have been buried under 60 feet of earth. The steam shovels were considered too slow, and dynamite is being used to open up the line.

Died in Seattle.

D. Bell, of Royal avenue, received the sad information yesterday afternoon that his son Robert had died in a hospital in Seattle, where he had been compelled to enter for treatment while coming home from California. Mrs. Bell left for Seattle on Wednesday, and was at the bedside of her son when he passed away, after having been in the hospital for only a week. Death was due to meningitis. The young man was only twenty years of age, and had a large circle of friends both in New Westminster and in California. The body will be brought here for burial on this morning's G. N. R. train, but final arrangements for the funeral have not yet been made.

Chronic Loungers Must Walk.

Toronto, Feb. 8—The manangement of the King Edward hotel has declared war upon the chronic loungers whose daily habit it is to ensconce themselves snugly in the big settes of the rotunda and gaze languidly upon the passing crowd for hours at a time. A detective has been engaged to hand around to these perpetual sitters a card reading:

NOTICE—These seats are reserved for the exclusive use of guests. Please vacate.

In the majority of cases the loafer took the hint and quit the hotel at once. If the card failed to produce the desired effect immediately, the detective would approach the loafer a second time and politely ask him to please attend to it. So far, the second warning has been sufficient, and it has not yet been found necessary to use harsher measures.

Revised List.

Of bookings at the Opera House for February.

Tonight—Revolution in Russia.
Feb. 15—Uncle Tom's Cabin.
Feb. 20—The Fast Mail.
Feb. 28—English Concert Co.

"Nettie, the News Girl," which was to have been played here on Monday, has been cancelled.

Most people always use—and will always use WINDSOR SALT. Pure—fine—perfect in subtle savour.

SUSPECT VIEWS CHARRED REMAINS

Doane Dell, Charged With Murder of Addie Roper, Remains Cool at Inquest.

Blaine, Feb. 8.—Doane Dell, the third suspect in the Roper murder case, is in the county jail, having arrived on the 11:25 train in custody of Sheriff Williams. As he alighted from the train he appeared jaunty, although a worried expression was noted on his face.

After a withering cross-fire of questions of all sorts bordering on his possible knowledge and participancy in the foul crime, he is said to have emerged with the sang froid of a man gtting ready to go off on a pleasure trip. Coroner Thompson says he was closely quizzed as to his whereabouts on the evening of the 19th of January, the date when Addie Roper was so cruelly murdered. He was indefinite, and did not seem to satisfy the coroner's jury in the least. He could give a pretty good account of himself while on his beat as nightwatchman up to about 9 or 9:30 o'clock p.m., and after that time his mind was very hazy.

Brought face to face with the charred remains of Addie Roper, he evinced not a tremor of emotion and stood the test like a bronze statue. Dr. Thompson says Dell was the coolest one of the entire crowd that viewed the remains during the inquest. The eyes of the coroner, jury and examining physicians, as well as those of the sheriff and detectives, were fastened on Dell during the entire ordeal in the hope of finding some trace in his face that would show guilt, but Dr. Thompson says he was calm, deliberate, and ever ready to answer all questions asked of him concerning the object of his detention.

Coroner Thompson says that it was reported that Detective Spain found a coat and hat in Dell's room that appeared to be saturated with kerosene and blood. The articles have been sent to Seattle for expert examination to determine if the spots shown on the coat and hat are really what is believed to be the case at this time.

The inquest was commenced at 4 o'clock yesterday afternoon, and was completed at 1 o'clock this morning, a total of fourteen witnesses having been examined.

It seems to be the belief that robbery and murder were not the only crimes committed. Physicians are now working on lines thaat may lead to a further clue in the matter.

The Socialistic Vote.

The Socialists of Germany have practically accomplished what the Socialists of all countries must do. That is to force all capitalist parties into one camp, so that the issue can be made plain—even to a wage-slave. With only a loss of seventeen seats in the Reichstag, as a result of the combination of capitalist forces, the Socialist vote in Germany will jump from 3,200,000 to at least 3,600,000. There are 397 seats in the Reichstag, of which the Socialists will hold over 60. Over one-third of the total vote of Germany is cast for the Socialist Party.—Western Clarion,

Other People's Views.

H. H. Bradburn, accompanied by Master Vernal Bradburn, has returned from the Pacific coast cities after a visit of a month. He considers real estate values on the coast, especially good residential property in the cities, much lower than the city of Winnipeg. The need of building restrictions is what impresses the investor. In Victoria, Vancouver and New Westminster, a householder may erect a costly home, while across the road, or even on the next lots, a shack might be erected.—Winnipeg Free Press.

Watch repairing; charges reasonable.

How to Walk Upstairs.

Perhaps it has never occurred to the boys and girls that there is a good way and a bad way to walk upstairs. Hear what a well known physician says about it. "There are few persons who know how to walk upstairs properly. Usually a person will tread on the ball of his foot in taking each step, springing himself up to the next step. This is not only tiresome, but is wearing on the muscles, as it throws the entire suspended weight of the body on the legs and the feet. In walking upstairs the feet should be placed squarely down on the step, heel and all, and then the ascent should be made without hurry. In this way there will be no strain on any particular muscle, but each will do its work in a natural manner."

A Creole.

As the true meaning of the term creole is often misunderstood, it might be well to explain it, says the Chicago News. Many persons think it means one with negro blood in his veins, but that is a great error. In general terms a creole is a person born of European parents in the American colonies of France or Spain or in the states that were formerly colonies of those countries. But we use the term specifically to mean a person of French or Spanish descent, who is a native inhabitant of Louisiana or of one of the adjoining states bordering on the gulf of Mexico. These persons are as free from negro blood as are any native Americans.

Riddles.

When are stocks on the exchange like poets? When quoted.

What bone in your body causes merriment? The funny bone.

Why is a little man like a good book? Because he is often looked over.

When any one falls down, what is the first thing to do? Get up.

A Funmaking Game.

Seat two people opposite each other and give one of them three common cooking crackers, the other a tumbler of water and a teaspoon with which to drink it while the crackers are being eaten. The object is to see who will finish first.

Bedding and Household GOODS

Quality first, then price—price is not the great moving feature in the New Spring Goods. Quality comes first.

Our customers know that the lowest priced goods are the most expensive to buy; they know that a poor article is not worth carrying home; so each season finds us pushing a better class of merchandise.

Not that we're after a high priced business, we don't want that; but just an every day trade in reliable goods at prices which people can afford to pay.

Colored Honeycomb Bedspreads, fringed all around, four colors, 10-4, $1.25; 11-4 ..... $1.50

New Sheetings, bleached and unbleached, in four widths, 7-4, 8-4, 9-4, 10-4 ..... 25c to 45c yard

Made-up Sheets and Pillow Cases, White Quilts, Pillow Shams, Pillow Forms, etc.; all prices.

Colored Damask for Table Covers, new designs in red and white, and green and white, Scotch Thistle and pansy; good quality ..... 75c yard

New Linens for fancy work and blouses "Drawn Easy" Linens in various widths and many qualities; pure linen. ..... 50c to $1.00 yd.

New Linen Turkish Bath Towels, in brown or pure white.

New Cotton Turkish Bath Towels, in brown or white, with contrasting colored stripes.

New Linen Huckaback Towels, pure linen, fringed or hemmed.

Linen Crash Towels cotton diaper and honeycomb towels all sizes.

Per Pair $1.50, $1.00, 75c, 60c, 50c, 40c, 35c, 25c, 20c, 15c, 10c.

New Turkish Towellings, white and brown. Glass Towellings, Tea Towellings, Roller Towellings, Huck Towellings, Stair Linens, etc. 10c, 12½c, 15c, 20c, 25c.

Sanitary Washers and Bath Mats.

THE REICHENBACH COMPANY, LIMITED

The Daily Details

For cut flowers, bridal bouquets and funeral designs, 'phone Tidy, the Florist, A184.

A large consignment of cement was received here yesterday for the Glass Works. More is expected in the course of a few days.

Meetings of a special character are to be conducted in the Salvation Army hall this evening. After the opening service the officers for the current year will be commissioned. A special evangelistic meeting will follow.

No trains arrived here from the east yesterday. Four delayed trains are expected to reach the coast today. The heavy snow fall just beyond Revelstoke blocked up the railway line and caused all the trouble.

The G. N. R. train due to arrive here from Seattle yesterday evening at ten o'clock, failed to put in an appearance until about four o'clock this morning, having been delayed by a snowslide between Bellingham and Everett.

Messrs. C. S. and S. A. Richmond, who have been established in the clothing and gents' furnishing business on Columbia street for several years, have dissolved partnership. C. S. Richmond will have entire charge in future.

A car load of Chinese merchandise embracing lots of sam suey and many other choice drinks and viands dear to the heart of the Celestial arrived here yesterday in anticipation of the demands which will be made during the China New Year celebration.

The funeral of Mrs. Quentin McGill, who died at Sapperton on Thursday evening, will take place on Sunday afternoon. The deceased came to this city from Alberta about two years ago, and was sixty-six years of age. Death resulted from a complication of diseases.

On Monday there will be a British history date contest between representatives of Mr. Crowder's room and Mr. Canfield's room. The pupils have been working hard on the subject and have their heads so full of figures that they can hardly sleep in anticipation of the event.

The various machine shops throughout the city are looking forward to a particularly heavy season, on account of the manner in which the recent cold spell has delayed necessary work. A large portion of the mill and marine work which is done during the winter in readiness for the opening up of spring has been kept back and now all demands attention at once.

Mayor Keary returned yesterday from a short visit to Armstrong, where he had been called on urgent business on Wednesday morning. While on the train, His Worship wrote a letter explaining the reason for his leaving the city, and requested the conductor to mail it for him. The conductor failed to do this, hence the uncertainty concerning the mayor's whereabouts.

It is reported that the local merchants will petition the city council to make an appropriation for the financing of the exhibition, instead of the fair board going around to the merchants for subscriptions. The city would thus be required to levy the amount from the citizens in taxes. The merchants consider that they are bearing an undue proportion of the burden and that the citizens in general should have a share in it.

Two Hindus accepted the city's hospitality yesterday evening and slept on blankets kindly supplied by Jailer McInnes, of the Clarkson street hotel. One guest registered as Baguan Singh, while the signature affixed to the charge sheet by the other reads something like Musshillrundha, but the pronounciation is somewhat different from the spelling. Besides being afflicted with these patronymics, both had absorbed a considerable quantity of pain killer. Only the latter charge will be pressed this morning.

Commencing with to-morrow night, Rev. J. S. Henderson will commence a series of special sermons in St. Andrew's church, of a specially interesting character. The main theme "The Boy," will be the subject for to-morrow night's sermon. Following that on each Sunday evening the following phases will be discussed: "Life's Dreams," "Young Man in Society," "Young Man in Business," "Young Man in Politics," "Young Man in Religion," "Looking for a Wife," "Home Making," "Growing Old Happily."

The great Kee family, of Chinatown, New Westminster, is mourning the death of one of its members, Lun Kee, who succumbed yesterday morning to a severe attack of the grippe. The deceased had been under treatment for some weeks, and his death had been expected for some days past. The funeral has been fixed for today, the body to be interred in the Chinese cemetery. The effects of the deceased will be publicly burned in Chinatown on Chinese New Years Day, in accordance with an old established custom followed out at this festive season among the Chinese.

The work of preparing for the erection of the new Schaake machine works building is now being pushed merrily along. The bank in the rear of the old cooperage is being cut away to a height of about thirty feet to make room for the proposed blacksmith shop. A number of the heavy timbers are on hand for the foundations. The foundation piers for the offices and pattern shops at the extreme west end of the company's property are almost finished and a considerable quantity of lumber and heavy timber is on hand for the foundations. The advent of settled weather will have the effect of rushing the work merrily along. Had not the cold spell settled with such an iron hand upon the land, a number of the proposed buildings would have been nearing completion by this time.

Laid to Rest.

The funeral of the late Walter E. Emerson, which took place yesterday afternoon, was attended by a large number of the friends of the deceased and sympathisers of the family. The local Oddfellows, of which order the deceased was a valued member, were out in force in the regalia of the Order and at the grave side the beautiful Oddfellows' service was conducted.

The service at the home was conducted by the Rev M. L. Rugg, D.D., assisted by Rev. P. H. McEwen, of Vancouver, a great personal friend of the family and of the deceased. Rev. J. S. Henderson also assisted.

The pallbearers were Messrs. F. P. Maxwell, E. L. Webber, T. A. Muir, H. Belyea, E. B. Nobles and S. Daw.

The coffiin was covered with elegant floral tributes, among them were noticed the following: Anchor, employees of the dry dock; sprays, Mr. and Mrs. A. Mann, P. Rogers, Mrs. and Miss Rogers, Mrs. H. J. Berry, Mrs. J. Sprott and Miss J. Gammon, Mr. and Mrs. G. W. Levar, Mr. and Mrs. W. Smith, Mr. and Mrs. E. B Nobles, Bert and Vera Gilley, Mr. and Mrs. Chamberlin, Mr. and Mrs. Belyea and the Eddy children; wreath, Mrs Dunn and family; cross, Mr. and Mrs. J. W. Rogers; wreath, Mr. and Mrs. L. B. Lusby; gates ajar, Mr. and Mrs. W. A. Gilley; wreath, Mr. and Mrs Geo. Adams.

Will Raise Stranger.

On Monday, the Samson will go to the spot, off Westham Island, where the Stranger sank a couple of days ago and will endeavor to once more raise that vessel to the surface. The task will be a difficult one as the water is about eighty feet at that spot and the current is very swift. Old timers on the river state that unless prompt action is taken with regard to raising the boat, it will never be raised. The sand at that point is continually moving and it will only take a short time to bank the submerged craft so solidly that it will be impossible to raise it.

NOTICE.

Re A. M. Malins, deceased.

All persons having claims against the late Alfred Melville Malins are requested to hand same (duly verified) to the undersigned on or before the first day of March, 1907.

Municipal Hotel.

Calgary, Feb. 8—At a meeting of the Trades and Labor Council several delegates spoke on the action of the hotels and boarding houses raising their charges and the following resolution was unanimously adopted:

"That in the opinion of this council the raise in the hotel rates is unwarrantable and will inflict hardship on working men and women.

"Furthermore we believe the time is opportune for the starting of a municipal hotel, and that a copy of this resolution be sent to the Mayor and city press."

TIME AND TIDE

wait for no man, neither does prosperity. Prosperity is with us all the time. Four years of progress unchecked are in front of us. New Westminster is rapidly forging ahead.

Before another Provincial election dawns property will be up 100 per ct.

Devote your time and money to securing some of the many snaps offered below, and then, like Rip Van Winkle, sleep awhile, wake up, and reap the fruits of your investments.

A 1907 BARGAIN

160 acres S. E. quarter Sec. 23, Township 8, New Westminster district, 4 miles from Langley; 4-room house; 1 acre orchard; trees bearing well; splendid water; between 20 and 30 acres cleared; partly fenced; corner lot; good roads, both ends. $2,000, one-half cash. For sale exclusively by us.

LAND REGISTRY ACT

Re Easterly 33 feet of Lot 3 and Westerly 11 feet of Lot 4, Block 5, New Westminster City.

A Certificate of Indefeasible Title to the above property will be issued to William Campbell, Matilda Campbell and Elizabeth Campbell on the 1st day of February, 1907, unless in the meantime a valid objection thereto be made to me in writing by a person or persons claiming an estate or interest therein, or in any part thereof.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office,
New Westminster, B. C., December 24, 1906.

The person or persons having in their custody or possession the following Title Deeds relating to the said property are requested to deliver the same to the undersigned.

October 17, 1889, Augustus Lundbom to Donald McGillivray, Conveyance in fee of part of Lots 3 and 4.

March 2, 1883, Peter Monetta to Augustus Lundbom, Conveyance of part of Lot 3.

BAXTER, McLELLAN & SAVAGE,
Agents.
337 Hastings St. W. Vancouver, B.C.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Post Office, Fernie, B.C.," will be received at this office until Monday, February 18, 1907, inclusively, for the construction of a Post Office, &c., building at Fernie, B. C.

Plans and specifications can be seen and forms of tender obtained at this Department and on application to Robert A. Kerr, Esq., Clerk of Works, Fernie, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, January 18, 1907.

Newspapers inserting this advertisement without authority from this Department will not be paid for it.

TROUBLE IS BREWING IN CONSTRUCTION CAMP

Negroes Express Dissatisfaction With Food Supply—Razors Being Sharpened.

Bellingham, Feb. 7.—Trouble is brewing in the camp of negroes employed by the Great Northern Railroad company, and because the men are acting rather ugly, the foreman, Pat Dinneen, has broken quarantine. The officers are now seeking his whereabouts. Pat left yesterday forenoon, and was accompanied by the timekeeper, who is a white man also, but who returned to camp yesterday afternoon, when he began to realize the extent of his misdemeanor.

All the troubles seem to have started over the rule recently adopted that "he who does not work cannot eat." For such men the meal hours are but two each day, and the coarse food prepared by a new cook is not to the liking of the colored men, who wish to be gentry.

It is said that razors have been flourished in the air and shining in the dull light of the lamps each evening, and the outlook is not a pleasure to those concerned with the encampment. Some of the men still refuse to work under the present regime, and the end cannot be foretold.

The Old Maid's Opinion.

Boston, Feb. 8.—The following petition from the unmarried women of the town of Wakefield was received by the legislature today: "We, the unmarried women of the town of Wakefield, petition your honorable bodies for a law levying a tax on bachelors, said tax to be graduated as follows: From 20 to 25 years, $5; from 25 to 30, $10; from 30 to 35 years, $15; from 35 to 40 years, $20; over 40 years, chloroform in large doses. And your petitioners further represent that bachelors are a barnacle growth on the ship of society, impeding its progress and of no earthly use except as pall bearers. We are not advocating this law because we are single—that concerns us the least. If you do not believe it, ask us and see." It has not been decided to which committee the petition should be referred.

May Increase Freight Rates.

New York, Feb. 8.—Railroad officials, who make their headquarters here, seem generaly disposed to echo the remark made by James J. Hill, of the Great Northern, that the railroads themselves would be obliged to advance freight rates, instead of reducing them. The consensus of opinion of these officials is that the increased cost of labor and material is so far outstripping the rate of increase in net earnings that only a reversal of business activity will bring the railroad companies face to face with a difficult problem as to rates, especially in view of the popular sentiment towards railroads now prevailing.

Six Cows Hanged.

Cornwall, Feb. 8.—The death of cows by hanging is rather an unusual occurrence, yet this was the fate of six valuable bovines belonging to a farmer named Henry Bullis, St. Lawrence County, across the river. The floor of the cow stables gave way the other night, and as the stanchions held firm, the animals were all found dead in the morning.

LAND REGISTRY ACT.

TAKE NOTICE that application has been made to register Edgar L. Webber as the owner in Fee Simple, under a Tax Sale Deed from the Reeve and Clerk of Surrey, to Edgar L. Webber, bearing the date 5th day of January, A.D. 1901, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 1 and 2 of Block 10, subdivision of South East quarter Section 10, Township 1.

You and each of you are required to contest the claim of the tax purchaser within thirty days from the date of the first publication of this notice, otherwise I shall register Edgar L. Webber, as owner thereof in fee. And I hereby order that publication of this notice for fifteen days in a daily newspaper published at New Westminster will be good and sufficient service thereof.

DATED at the Land Registry Office, New Westminster, Province of British Columbia, this 17th day of January, A.D. 1907.

C. S. KEITH.
District Registrar.

To Thomas Jeffries, Esq.

All persons served with this notice, and those claiming through or under them, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

LAND REGISTRY ACT.

TAKE NOTICE that application has been made to register John W. Burr as the owner in Fee Simple, under a Tax Sale Deed from The Corporation of the City of New Westminster, to John W. Burr, bearing the date 15th day of June, A.D. 1905, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 9 to 16 inclusive of lot 12, Suburban Block 13, New Westminster City.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register John W. Burr, as owner thereof in fee. And I further order that publication of this notice for one month in a daily newspaper published at New Westminster will be good and sufficient service thereof.

DATED at the Land Registry Office, New Westminster, Province of British Columbia, this 28th day of December, A.D. 1906.

C. S KEITH.
District Registrar.

To Flora V. Hammill.

All persons served with this notice, and those claiming through or under them, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided for by the "Land Registry Act."

LAND REGISTRY ACT.

TAKE NOTICE that an application has been made to register James Lord as the owner in Fee Simple, under a Tax Sale Deed from the Mayor and Treasurer of the City of New Westminster, to Patrick T. Bowler, bearing date the 18th day of August, A.D. 1902, of all and singular that certain parcel or tract of land and premises situate, lying and being in the City of New Westminster, in the Province of British Columbia, more particularly known and described as Lots 10 and 11, Block "D" St. Patrick's Square.

You and each of you are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, otherwise I shall register James Lord as owner thereof in fee. And I hereby certify that publication of this notice for thirty days in a daily newspaper published at New Westminster will be good and sufficient service thereof.

DATED at the Land Registry Office New Westminster, Province of British Columbia this 1st day of February, A.D. 1907.

C. S. KEITH,
District Registrar.

To Henry Elliott, Esq.

All persons served with this notice, and those claiming through or under them, and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," shall be forever estopped and debarred from setting up any claim to or in respect of the said land so sold for taxes as provided by the "Land Registry Act."

FOR THE CHILDREN

Ways of Mending a Doll.

It is not the hardest thing in the world to mend a broken doll when you know how. You can yet along nicely if there is nothing but the head and body left. Get a strong piece of muslin and with a clothespin push it far into the head, allowing a frill to extend down around where the neck is or should be. Then take some little pieces of cotton and push them one by one into the head until you can get no more in. None of this batting will touch the inside of the head directly, only the lining of strong muslin. You are now ready to sew this frill, this muslin edge, to the doll's body. Fasten it securely with strong thread and the head is on "to stay."

An arm or leg is easily made as good and strong as new by a stout bandage stitched firmly above the elbow or knee. Of course dolly cannot wear her low necked or short sleeved dress now, so you will make a new high necked one. Make it dainty and pretty, finishing it at the neck with a ruche. The wee sister will be pleased to have her own dolly placed in her arms again, and you may become quite skillful as a little nurse in dolly's hospital.

The Mother Bird.

It has been said by observers of birds that some of them will feed their young if they are caged and if they fail after a time to release them they will bring them a poison weed to eat so that death may end their captivity. This is hard to believe, but an apparently well authenticated incident is cited to prove it. Three young orioles were captured and were immediately caged, and the cage was hung in a tree. The mother soon came calling to the little ones, and in a little while she brought them some worms. She continued for several days to feed them without paying much attention to the persons who were about, but one day she brought them a sprig of green in the morning and disappeared. In less than an hour the young birds were dead. An examination of the sprig showed that it was the deadly larkspur, which, it is said, will kill full grown cattle. There is of course a possibility that the mother brought them the sprig by mistake, but to believe that would be to doubt the protective instinct that naturalists attribute to birds and animals.—Chicago News.

SOCIAL AND PERSONAL

Matter intended for this column should be addressed, "Social Editor, Daily News, P. O. Box 402, New Westminster."

The annual dance given by the attendants at the asylum took place yesterday evening, when about 150 guests assembled to enjoy dancing in the large hall, which had been beautifully decorated for the occasion with bunting, evergreens and flowers. Dancing was enjoyed until a late hour, music being supplied by the asylum orchestra, Mr. D'Arcey wielding the baton. The committee in charge of the entertainment were Messrs. Jackson, Brown, Bottles, Glenn and Stinchcombe.

James Sharpe, president of the Fraser River Lumber company, has returned home again after having spent a few months with friends in the vicinity of Burke's Falls, Ont.

Mrs. Quilty, of Mission Junction, was among yesterday's market visitors.

A. Charleston, of Agassiz, was a visitor in the city yesterday.

Mr. Bushby, inspector of customs, with his private secretary, was in the city yesterday on an official visit.

W. Nelson Clark has been appointed inspector of the Mainland Board of Underwriters.

Mr. and Mrs. A. E. Rand leave today for Los Angeles, where they will spend a couple of months.

The Bridge club met yesterday afternoon at the residence of Mrs. F. J. Coulthard. The members present were Mrs. Brymner, Mrs. Bell, Mrs. DeWolf Smith, Mrs. Gaynor, Mrs Graeme, Mrs. Holt, Mrs. Malins and Mrs. Gordon.

The Quidquid Libet club gave a other delightful dance last night in St. George's hall which was beautifully decorated for the occasion. The walls were draped with bunting in blue and white, the club colors, and festoons of evergreen hung gracefully from the rafters. With a thought to the near approach of St. Valentine's Day, the committee had placed a large heart done in evergreens at one end of the hall, while at the other end were Q. L. C. in large, blue letters. The patronesses were Mrs. J. C. Armstrong, Mrs. T. J. Armstrong, Mrs. J. C. Brown, Mrs, DeWolf Smith, Mrs. Leamy and Mrs. McColl. Among those present were Miss Lillooet Armstrong, Miss Nora Armstrong, Miss Sophie Bilodean, Miss Manuella Briggs, Misses Eleanor and Gertrude Brown, Miss Doris Clute, Miss Gladys Corrigan, Miss Sophie Dean (Vancouver), Miss Grace Eastman, Miss Bella Lord, Messrs. A. McColl, S. McColl, R. P. Baker, R. Dorrell, R. B. Brown, H. DeBeck, H. Rollins, and many others. High class music was supplied by Addison's orchestra.

THE POINT

WE wish to emphasize is this—Money can seldom be put to work in such GOOD REAL ESTATE as that which we are at present offering.

See us and get our timely tips on some good bargains.

HERE IS ONE

Modern, 7-roomed House on Third Street, below Third Avenue. Grates, electric light and sewerage. Price $2,500. Good terms.

CAMPBELL TO RETIRE FROM MANITOBA CABINET

Agnew to Become Attorney-General —Hugh Armstrong Provincial Treasurer.

Winnipeg, Feb. 8.—A report which apparently emanated from government circles is in circulation here to the effect that Atorney General Campbell will retire as soon as the date of the elections is announced, his place being taken by Provincial Treasurer Agnew, who will be succeeded by Hugh Armstrong, Conservative candidate in Portage La Prairie. The change is a most popular one in every way.

Death of Thomas Goldie.

After being in the hospital for over two weeks, during which time he almost continually gave cause for anxiety, Thomas H. Goldie passed peacefully away yesterday afternoon. The cause of death was a hemorrhage, which caused a clot of blood to form on the brain, and yesterday morning another hemorrhage proved fatal. He was a bachelor forty years of age and his parents, a brother and a sister survive in Old Cummock, Ayreshire. The funeral has been fixed for Monday, and will be conducted under the auspices of the Sons of Scotland, and the Knights of Pythias.

Paying Guests.
