

WESTMINSTERS EASILY WIN FROM THE LEAFS

Game Played in Pouring Rain Prevented Champions from Showing Form Yesterday.

During a torrent of rain during the last three quarters of the game, the ground already sodden from the rain of the morning, Westminster had no chance of showing their brilliant formation at Brockton Point.

The Leafs were so hard put to win that it was some time before the twelve men could be found to don the sweaters, and when they all took the field, the boys had all the appearance of an intermediate team, when measured up against the Leafs.

After the first bit of passing was from Gifford to Tom Rennie, who was unable to accomplish anything. A good shot from "Dad" Latham glanced off the goalkeeper and he was lucky to save.

After travelling on a mat for about sixty minutes in an alleged pin play match at the Imperial rink, Vancouver, yesterday evening, Leopold MacLellan and Prof. Kanada were ordered to quit by the referee.

SCOTTISH FARMERS HEADING THIS WAY

Invitation Extended to Agriculturists to Spend Four or Five Days Here.

Mayor Keary received intimation on Saturday that the commission of Scottish agriculturists who have been visiting the principal centres of the Dominion, and who are under the direction of the commissioner of immigration at Winnipeg will arrive in the city on Thursday, Sept. 17.

Mayor Bethune, of Vancouver, has been informed that the commission will reach the coast on Sept. 14, so that the request which Mayor Keary makes in the accompanying message may perhaps be complied with.

His worship on receipt of the intimation sent the following wire: "Corporation and citizens generally glad to meet delegation Scottish agriculturists. If possible kindly arrange that they can spend four or five days with us, for we will be pleased to show them the finest agricultural district in the Dominion."

He has written to J. A. Paterson, reeve of Delta, asking him to meet the party at Ladner, and to arrange for the visitors to be shown round, promising to let the reeve know beforehand details of the excursion.

The visit to Ladner promises to be an important one, as there are a number of young Scotsmen in the Delta, and the commissioners will have an opportunity of judging of the country for settlement by their people.

The commission numbers twenty-two as follows: Messrs. William Barber, M.A., J.P.; William Bruce, B.Sc.; J. McHutchison Dobble, J.P.; James Dunlop, George A. Ferguson, J.P.; Ian A. Forsyth, R. Shiera-Gibb, M. B. C. M.; R. B. Greig, F.R.S.E.; W. Henderson, J.P.; J. M. Hodge, Harry Hope, J. P.; James Johnson, J. P.; James Keith, Angus Mackintosh, J.P.; Carlaw Martin, LL.D.; Edward E. Morrison, M.A.; A. M. Prain, J.P.; Sir John R. G. Sinclair, Bart., D.S.O.; John Speir, David A. Spence, David Wilkie, J.P., and R. Patrick Wright, F.R.S.E.

London, Sept. 7.—King Edward has arranged to spend the week at Lancaster, where a race meeting is being held. His majesty thus vetoes the report that he will receive Cardinal Vincent Vanuttelli, papal delegate to the Eucharistic congress now assembling at Westminster, which so alarmed the militant Protestants composing the Protestant federation. The federation requested the king to assure it that the papal delegate would not be received, pointing out that the ancient law forbidding the entry of a papal legate into England has not been abrogated. In reply to the federation's request semi-official announcements of his majesty's racing plans was made.

CENTRAL PARK EXHIBITION TO BE HELD NEXT WEEK

Annual Fair of Flourishing District Will Take Place on Thursday and Friday.

The board of directors of the Central Park Agricultural Association are busy making final arrangements for their annual exhibition, which will be held on Thursday and Friday of next week. The indications are that this year's exhibition will far surpass all previous efforts.

Central Park has been making rapid strides during the past few years and to encourage visitors the British Columbia Electric-Railway company has made a special rate of 25c return from Vancouver and New Westminster and will run special cars on both days.

A thoroughly modern poultry-house has been erected on the grounds for the accommodation of poultry exhibits, and it is expected that this will result in a large number of exhibits. Premier McBride will open the exhibition and a number of prominent men, including Mayor Keary, will be present.

KETCHELL KNOCKED OUT AT END OF TWELFTH ROUND

Bill Papke Had Best of Battle With Bigger Opponent—Floored the Loser in First Round.

Los Angeles, Sept. 7.—Billy Papke defeated young Stanley Ketchell by knocking him out in the twelfth round of a twenty-five round battle for the middleweight championship here this afternoon. Papke forced the fighting from the start, and had everything his own way until the finish. Ketchell was floored in the first. This early reverse seemed to take all the sand out of him and he fell an easy victim to Papke's superiority. Ketchell was a favorite at two to one, considerable money being placed.

YOUTH GOES UP IN BALLOON ON DARE

San Jose, Cal., Sept. 7.—Accepting a dare from a young woman, Fred Blagel, the 18-year-old son of a game rancher, yesterday made a daring and unheralded aeronautic ascent that thrilled hundreds of spectators. Running forward just as W. L. Warring, the professional parachute expert, cut out loose from the ground, Blagel sprang into the cordage at the mouth of the bag and was carried upward to a height of 6000 feet.

Warring cut loose with his parachute at an elevation of 2500 feet, and with Blagel as his solitary passenger, the balloon drifted over the hills of the coast, range until it was almost lost to view. His weight prevented the sudden escape of the gas and after two hours of suspense for his friends he returned to town, having landed without injury.

Attell and Moran Fight Twenty-three Rounds to Draw

San Francisco, Sept. 7.—Abe Attell, champion featherweight fighter of the world, and Owen Moran, a British aspirant for the title, fought twenty-three rounds to a draw in Cofforth's Mission street arena this afternoon before an immense crowd of sports.

The betting favored the little Jew, ranging from 10 to 6 1/2 to 10 to 8. There was considerable Moran money to be picked up at the ringside. The fighters fought hard from start to finish, first one and then the other having the advantage. At no time did one man force the fighting without seeing his opponent rush right back at him. It was about the most even battle seen in the Gateway City for many a day.

NEW ASSIGNMENTS FOR BRITISH COLUMBIA

Cardinals Meeting in Rome Change Ecclesiastic Headquarters to Vancouver.

Rome, The last meeting of the congregation of the propaganda for the settlement of American questions was held Sept. 2. Cardinals Vives Tuto, Cassotta, Gennari, Satolli, Cavochioni, Segni and Marcellini were present at the meeting, which was presided over by Cardinal Gotti. The discussion, which lasted over three hours, was almost entirely on the case of the coadjutorship of San Francisco.

Finally, partly because of the irregularity with which the ticket of candidates was formed, the congregation decided to ask Archbishop Riordan to have new candidates proposed by the irremovable rectors and archbishops of the United States. The appointment of the Rev. Dr. Muldoon, of Chicago, to the post of Bishop of Rockford, Ill. was unanimously approved.

The congregation also advised the transfer of the seat of the Canadian ecclesiastical province of Victoria from Victoria to Vancouver, appointing Right Rev. Austin Dontenwill, Bishop of New Westminster, as archbishop of Victoria, in succession to Archbishop Orth, resigned, and appointing the Very Rev. Alexander McDonald, vicar-general of Antigonish, as the new bishop of Victoria.

SHANGHAIED LAD IS ON HIS WAY BACK HOME

Vancouver Boy Carried Away to South America Three Years Ago Soon to Return to His Parents.

San Francisco, Sept. 7.—Samuel Dawe a member of a well known family of Vancouver, B. C., who was shanghaied on board the bark Castor and carried to the nitrate ports on the South American coast when he was only 13 years old and for the last three years has had a varied experience on several vessels cruising in the South seas, is to be restored to his home. He reached this port several days ago on the bark Irngard, from Honolulu, and today Captain Christensen, of that vessel, put him aboard the steamer President, which will carry him back to Vancouver.

Baptist Minister Ignores Hell

Los Angeles, Sept. 7.—Rev. E. H. Brooks, pastor of the Figueroa street Baptist church, will face an ecclesiastical trial Thursday night to settle once for all his standing as a preacher and Christian gentleman. Dissensions which have long smoldered in the church came to a focus yesterday, when the pastor made a straightforward statement of the accusations against him and demanded an ecclesiastical trial. The principal charge formulated against the clergyman is that he preaches modern doctrines of his denomination, and fails to make prominent the "Hell fire and damnation" creed.

FOOTBALL RESULTS IN NORTH VANCOUVER

Westminster Failed to Annex Carter-Cotton Cup After Game Fight.

The results of the football tournament at North Vancouver for the trophy presented Hon. F. C. Carter-Cotton yesterday afternoon was as follows, six teams competing:

Table with 2 columns: Team Name and Score. Includes Nationalists, Westminsters, Thistles, North Vancouver, Westminsters, Shamrocks, Celtics, Thistles, Celtics, Westminsters.

The best game of the afternoon was between the Rovers and the Shamrocks, when the Irishmen were defeated by one goal to nil. Play was fairly even throughout the entire game, the Westminsters having if anything the best of the argument. It looked as if it would end in a no score contest, no tally having been made until about one minute before time, when Reid netted the ball on a pass from Hayes, who had brought it down almost the whole length of the field.

MacGowan, the husky lacrosse trainer who made his first appearance on the football field yesterday afternoon, and who impressed all who watched him favorably, scored the first goal against the Nationals, credit for the other two scores being given to Hayes and Craig. In this game, two goals were disallowed, one by Lumsden and one by Carse.

In the opinion of a majority of the spectators present, the Westminsters men played the best games seen during the afternoon, but the boys fell down in the last half of the game against the Celtics, the heavy going on the wet ground proving too much after having already played two strenuous games. Two or three of the Rovers had suffered injuries in the earlier games, and for this reason were not in the best of shape. Craig limped a bit in the last game, having hurt his leg in the previous match, and some of the other players showed signs of weakening, consequent upon the hard pace set them in the game against the Shamrocks. While all the Rovers played a sterling game, Bruce and Hayes showed to advantage, combining speed and science in fine style.

The following formed the Westminster team: Davidson, goal; Clarke, Kirby, full backs; Bruce, Watson, Carse, half backs; Hayes, Craig, Reed, MacGowan, Lumsden, forwards. The committee is highly satisfied with the showing, believing that but for the injuries to Lumsden and Craig, the cup would have been brought home.

SMOKER PROMISES GREAT ATTRACTION TO UNIONISTS

Big Turn Out of Workers Will Be Seen at Eagles' Hall Tonight—To Help Congress Delegate.

The attendance at the smoker of the trades and labor council this evening promises to be large, the commodious Eagles' hall having been secured, and at least 200 will be present. The object of the smoker is to raise means of defraying the expenses of a delegate to the trades and labor congress at Halifax this month. The selected delegate, R. A. Stoney, will leave on Saturday, and hopes to arrive by Sept. 20 in time for the opening of the congress.

Amid smoke and harmony a jolly time is to be spent under the chairmanship of the president, J. J. Randolph, and each chairman of the unions will be asked to share the platform with the president. Among the items will be Scottish reels by A. Matthews and W. Williams, and pianoforte solos by William Fryer, who will also accompany. Other instrumentalists will attend. All are cordially welcomed to join the unionists, a few tickets still being available.

WESTMINSTERS WIN HUDSON BAY TROPHY

Fairview Intermediates Were Easy for Local Team at Mission Celebration.

In a lacrosse match played on sloppy grounds at Mission yesterday afternoon, the Westminster Intermediates easily defeated the Vancouver Fairviews by the decisive score of nine to one, thereby winning the cup put up as a trophy by the Hudson's Bay company. The cup may be held in perpetuity, or may be played for again at Mission next year, should a celebration be held at that city, Westminster having volunteered to defend it again in that event.

Although the Fairview team was reinforced by Burns, Burnett and Crosby of the V. A. C., Johnston of the Y. M. C. A., and Foote of the Mount Pleasant team, the Royal City boys had everything their own way from start to finish. The sloppy grounds made it difficult to preserve any kind of a combination and also interfered with speed work, both the teams being at a disadvantage on this account. Fortunately for the players and spectators, no rain fell during the progress of the game, the sun shining brightly during the time of play.

The Teams.

Following was the lineup of the teams: Westminster—Mann, goal, Peck, point, Marshall, cover point, Galorath, Mannerling, W. Warwick, defence, Lund, centre, E. Warwick, Coutts, Henry, home, Spring outside, Swanson, inside, Fairview: McDonald, goal, Burns, point, Burnett, cover point, Davidson, McLean, McEwan, defence, Foote, centre, Kendall, Crosby, Macey, home, Summer, outside, Johnston, inside, Referee, J. I. Keary, judge of play, Davidson.

Penalties

Burns and Swanson, 3 min., Spring, 2 min., S. Crosby, 2 min., Burnett, 4 min.

Quite a number of enthusiasts accompanied the Westminster team to Mission. That the winners were strong favorites with the people of the little town was plainly seen by the reception accorded to the teams when they stepped out on the field, the future Salmon Bellies receiving a great ovation.

Football

Coquitlam won the football match from Pori Hammond with a score of three to one. Although defeated, the boys from Hammond put up a strong fight, the game being evenly contested. The keen interest with which this game was followed by the crowd plainly showed the hold which the winter game is taking on the country people at the present time, advice to the players being volunteered from all parts of the field. As in the case of the lacrosse game, the heavy rain of the morning interfered considerably with the speed and passing of the players, several poor plays being seen as a result of insecure footing.

The Dewdney Cup.

After the sports were over, an announcement was made by William Manson, M.L.A. for Dewdney, that he would donate a cup to be competed for by all football teams in the B. C. league. Conditions governing the playing of matches for this trophy, which will be known as the Dewdney cup, will be made later.

Asiatic Exclusionists of Vancouver

on Saturday evening celebrated the first annual anniversary of the riot of last September which started the world on the Oriental question. The police forbade the exclusionists on Saturday to hold a parade, so that the demonstration was a tame affair. The absence of a display of banners took away all the glory. The meeting was held in the auditorium of the city hall. A dozen policemen in uniform were present to prevent any demonstrations.

Table with 2 columns: Team Name and Score. Includes Yesterday's Eastern Lacrosse, Tecumsehs, Torontos, Cornwall, Shamrocks.

This Is My 80th Birthday

Gen. Joshua L. Chamberlain.

Gen. Joshua L. Chamberlain, who was in command of the division which officially received the surrender of General Lee's army, was born in Brewer, Me., Sept. 8, 1828. He was graduated from Bowdoin college, afterward filling the chair of logic and belles lettres at that institution. He resigned his position at the breaking out of the civil war, going to the front as major of the 16th Maine Infantry. He was made a colonel at the battle of Gettysburg, was wounded six times, and at the close of the war was a major-general. After the war he became known throughout the country as a lecturer. The two lectures which brought him into prominence were entitled "Lee's Surrender" and "The Defence of Little Round Top." He was three times elected governor of Maine at a time when but two terms were usually given to one man. He was elected president of Bowdoin college, and held that position until 1880, when he resigned. He has since served as surveyor of the port of Portland.

Water Supply of Lower Mainland Pressing Matter

South Vancouver Proposes to Spend Three Hundred Thousand Dollars on Water From Seymour Creek - Joint Meeting of Municipalities in Vancouver Called for Tomorrow.

A very important meeting of the neighboring municipalities will be that held in the City hall, Vancouver, tomorrow with reference to the water supply of the districts of South Vancouver, Richmond, Point Grey and Burnaby. Not only is it important to the municipalities, but to the cities of New Westminster, and Vancouver.

found to be even more serious. If the large distribution mains are tapped anywhere on the lower levels the result will certainly be the loss of pressure such as will seriously affect the supply and pressure at the higher levels and seriously threaten a continuous supply in Collingwood and Central Park.

Westminster Safeguarded. Two years ago the three municipalities of Burnaby, Richmond and South Vancouver had a somewhat similar scheme to the present Vancouver one, each district to pay \$100,000, and consequently the scheme of South Vancouver will be thoroughly discussed at the conference. The estimates now made, differ somewhat from the previous report.

Cogitlam lake of course affords a splendid source of pure water, but Westminster has the first call on that, the Vancouver Power company having a record of 1000 inches, or 15,000,000 gallons every 24 hours secured to the city, of which about 40 miners inches are in use. The Power company pay the rental to the government. If as is the case, the neighboring municipalities cast a longing eye to the lake Westminster has first say, and still there will be plenty for all.

Doubtless tomorrow's conference will see the matter thoroughly discussed.

DELTA IS YIELDING ABUNDANT HARVESTS

Returns From Lower River Show Oats Crop Large - Steamer Service Discussed

Ladner, Sept. 7.—This has been a busy season in the Delta, most of the oats now being threshed. There has not been a large acreage of wheat, and but a small quantity of barley, for the low lands of the Delta are essentially a hay and oats country. The rapid increase in the value of property shows that the district has passed beyond the settlement stage, and the fine gardens and houses in Ladner itself point to the growing prosperity of individuals, as well as the community. Where threshing has finished the farmers have been busy hauling, and the two granaries have had a very busy time storing for the spring sales. Live stock promises to become an increasing part of the farming, and after all mixed farming is the most successful, and is the measure of the highest development.

The Delta Council is carrying out much needed improvements in the roads, and crushed rock is being freely used in repair work. The reopening of the Delta hotel gives the town a second place of accommodation for visitors.

Much attention is still being given to the steamboat service with Westminster. The shipping of fruit and cattle by the Favourite causes considerable delays at the way points and is frequently under discussion. If the residents wish a better service they must patronize the existing means, as

without support the owner cannot be expected to put on a better boat. Capt. Bruce is not carrying the Steveston mail now, the boat lying up at Westham Island at night. W. Hollingshead is showing two racing stallions and two mares at the Seattle horse show.

Klondike's Gold Yield Equals Early Records

Corporations, Instead of Small Miners, Are Getting the Most of the Wealth of Northern Lands These Days—Many New Dredges.

Dawson, Y. T., Sept. 7.—The heavy plants. The output will be greatly increased next year, and the Klondike soon will be yielding by a big process as much annually as in its prime days. The only difference is that the corporations are getting the bulk of the gold instead of the individual miners, yet many individuals are still employed.

The final gold shipment also will be going within that time.

The Klondike's output this year will be increased \$2,000,000 over that of last year, making a total of \$5,000,000 this year. The increase is due to the installation of new dredges, electrical conveyors and hydraulic

The upper Yukon river is in first-class condition for travel, and there is every indication that passengers leaving for Seattle as late as September 25 will be able to reach Dawson without trouble.

"THE TOYMAKER"

Tonight at the Westminster opera house the first adequate production of "The ToyMaker" will be given. The San Francisco opera company has for the past six years been presenting the piece with tremendous success.

of J. Russell Powell is heard to advantage in the music allotted to the part of Father Mathew, "Go Face the World," "Hark to the Pealing Angelus," and "A Jovial Monk Am I," are three songs which must be heard to be appreciated.

The Vancouver newspapers credited "The ToyMaker" with being the best piece in the repertoire of the San Francisco Opera company. If "The

DO NOT FORGET.

Do not forget that lifelong Conservatives want no part with the opportunist politicians of the rubber policy Bordentines.

AS OTHERS SEE US.

The Conservative editor of the Saturday Sunset sizes up the situation here pretty closely when in commenting upon the possibilities in the general election it says:

"In New Westminster if the Liberals bury their differences, as looks probable, they will likely win on the weakness of the Conservative candidate, who has succeeded in alienating a good deal of the support which secured his nomination. In the other three constituencies, deferred elections will be held. The result in Vancouver will have a powerful influence in them to say nothing of that of the general result. So defeat in Vancouver may mean the return of an almost if not quite solid delegation of Liberals to Ottawa."

From such a man with such an insight into the workings of the Conservative machine, the opinion he gives should be sound.

"Thirty feet to the gulf."

BISHOP DART'S BAD TASTE.

The Calgary Herald takes Bishop Dart to task for, possibly with the best intention, referring to Canada as "poor struggling community," as follows:

"A recent issue of the weekly edition of the London Times contains another of those servile appeals for financial aid for Canada which are so objectionable to independent men in this country. This time the offender is the Lord Bishop of New Westminster, who happened to be in London attending the Lambeth conference when the Fernie fire took place. His lordship promptly wrote to the Times drawing the attention of philanthropic England to Canada's need for aid. After reciting the statements in the cable report and the efforts being made on this side to relieve the sufferers the bishop proceeds: 'But all the world knows that we are a poor, struggling community. And so I would also appeal for immediate help from the United Kingdom, which would be received with peculiar gratitude. In no other part of the Empire is love for the motherland stronger than it is in Canada. Wherever I go through my diocese I meet with men who did their duty in South Africa.'

"With all due respect to his lordship's position and good intentions, he should be informed that he holds no begging brief for the people of Canada. This country is not a 'poor, struggling community.' It is a wealthy and progressive country which is quite capable of looking after its own people. The spontaneous offers of aid which came from cities in other countries were welcomed in the spirit in which they were made, but no one has a right to solicit charity for this Dominion. And, above all, Canada does not want England to give money to Fernie sufferers because Canadians did their 'duty' in South Africa. The bishop's appeal was unwarranted in all respects, but the reference to South Africa was in decidedly bad taste."

We endorse what the Herald says and feel sorry that Bishop Dart in his deep sympathy for the Fernie sufferers allowed himself to give utterance to such erroneous statements. Coming from a dignitary of the church his words would be accepted as correct and give a very false and damaging impression to the British public. His lordship since his elevation to the See of New Westminster has not entered sufficiently into the life of the community to know the financial ability of the people of the Dominion and this Province in particular. A scholar and a good man without doubt, but holding aloof from the general public, he has not that magnetism his predecessor possessed and for this reason more than any other the Kootenay Bishopric Endowment Fund has not materialized. The church of which he is the head in this See will never become financially strong until the appeals to the churchmen in England cease. There is no good reason why all the money necessary for the

church's interests should not be forthcoming here.

The financial ability of the members of the Church of England in this Province measures up well with the adherents and membership of other communions. These other communions are keeping well up with the increase of population by providing increased seating accommodation and the new church buildings, and it is a fact that cannot be controverted that their pastors are receiving larger stipends and are provided with better housing than the clergy of the Church of England and it should not be a difficult matter to educate Episcopalians to put their church beyond the humiliating position of having appeals made in their name either for church purposes or in the case of disaster like that of Fernie.

These appeals from a rich country like Canada to the philanthropic people of a land where every penny that the charitably disposed have to give is needed to relieve abject poverty, can hardly be allowed to pass without protest, especially when such appeals will do us more harm than good.

We hope for the good name of British Columbia these appeals will cease, and that the earnest and faithful clergy and members of the Church of England alike with the whole community will be saved this humiliation.

"Thirty feet to the gulf."

GOING SOME!

The defection of the World newspaper from its Liberal allegiance partakes almost of the nature of comic opera. Whether the story of the Daily Province, itself the most notorious and brazen of mercenary organs, that the World had demanded \$35,000 baksheesh from the party be true or not, the World's sudden assumption of all the virtues of an independent paper is ludicrous. If its soreness were not so palpable that claim might be accepted with some reserve, but when it indicates resentment to such an extent as it did in its treatment of the report of the Liberal convention one must look further than its claims of virtuous independence for the underlying motive. Even if it were what it now claims to be, the "champee-an of the peepul," the convention as a matter of news was "worth" more than a ten-line report. As a newspaper purporting to publish all the news, a political convention of

either party is too important an event to be so cursorily dismissed by a news editor.

The story of the World's alleged demand on the party comes with mighty poor grace from a stultified, renegade organ like the Daily Province. If the Province could point to a snow-white record of self-sacrificing advocacy of principle and a sturdy stand for right in face of defeat and loss it might have had a shadow of right to question the World and its motives. But the Province cannot do that. Instead of being a journal of upright standing, a fearless exponent of political justice and truth it is the miserable jabsword, mercenary hag of British Columbia newspaperdom.

The rumor that is floating about the city that L. D. Taylor will be an Independent-Labor-Anti-Asiatic candidate with his own paper, the World, to support him is probably not true.

though some of the recent hysterical shoutings of the World might be construed into substantiation of the rumor.

The fact of the matter is that both the World and Mr. Taylor are being dragged through the mire by a thoroughly discredited political roustabout who has no more principle than a gray rat. This excrement who has in turn been a hanger-on of everything in a political way from which a dollar could be extracted is said to have carried on the alleged negotiations between the World and the Liberal party. It goes without saying that the cause and the man upon whom such a cheap grafter fastens himself is doomed to the destruction which follows any other blood-sucker's victim. —Saturday Sunset.

MILLIONAIRE WORKS WITH PICK AND SHOVEL

Never Been to Civilization Since Locating at New Jerusalem Camp Years Ago.

Seattle Sept. 7.—A few days ago the city of Nome, Alaska, was startled by an announcement, which without an explanation sounds quite simple and commonplace. It reads as follows: "John Groth intends to take a holiday. He will visit the Alaska-Yukon-Pacific Exposition in Seattle from June 1st to October 16th, 1909."

John Groth is probably one of the most remarkable men on earth. Certainly he has acted in a way that no other man on all the continent of America would have acted under similar circumstances. The story has its human side, too, and illustrates anew the frontier country like Alaska has many odd characters within its borders.

When Nome was started seven or eight years ago one of the first comers was John Groth, a quiet man who attended strictly to his own business. He went out some miles to a gold-bearing country which has since been named New Jerusalem. It is on the Solomon river and within forty miles of Nome.

Like everyone else in the north, Groth searched for gold. And like few others, his search was successful from the first. Within a few months he struck it rich, and in a year's time he became a millionaire.

That was seven years ago, and ever since Groth has become steadily richer. But every morning, just the same, he shoulders his pick, goes to his mine and works his eight or ten hour shift. And yet in the banks of the north and of the United States are great piles of the yellow gold that stand in his name and that would open to him the treasures of America and the older world, would buy for him luxury such as the kings of earth a hundred years ago did not dream in all that time he has not even take a trip forty miles to Nome city. His average daily expenses do not run over \$2 which, for the north-land, where office boys get \$125 and \$150 a month, is extremely low, and yet Groth is not a miser, for he has contributed largely on several occasions to public causes. Himself is the only one he stints.

But he is coming out at last to spend his gold. Who knows what disappointment in life he may have met with, who knows what has caused him, a millionaire, to deny himself pleasures. But whatever it is or might have been, it is now past, and John Groth will be one of those present on June 1st, 1909, in Seattle, when the president of the United States will touch a gold button and flash across the continent the electric spark that will open wide the Alaska-Yukon-Pacific Exposition.

HABEAS CORPUS ACTION POSTPONED ON LEGAL ISSUE

In supreme court chambers Saturday Mr. Justice Morrison granted an injunction against the firm of Devoy & Owens from cutting alder or hemlock timber for any purposes save building skid roads on the northeast quarter of section 10, township 2, of this district. The lease from F. Kearsley limited it to cutting fir and cedar.

His lordship was prepared to grant a habeas corpus order returnable in five weeks for Sing, a Chinaman in prison for selling opium to Indians, who alleged the commitment improper, and permitted H. L. Edmonds, who appeared for the applicant, time to submit reasons why the writ must be returnable at once if a habeas corpus order was issued.

synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

Notice to Contractors

SEALED TENDERS addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of Thursday, the 20th day of August, 1920, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, of the following sections of the Transcontinental Railway, viz:

(1) District "C"—From a point designated on the plans of the Commissioners near Weymontachene, in the province of Quebec, 196.33 miles west of the north abutment of the Quebec bridge, (such point being on the boundary between Districts "C" and "D") westerly for a distance of about 107 miles. Date of completion, 31st December, 1916.

(2) District "C"—From a point designated on the plans of the Commissioners, about 107 miles west of Weymontachene, in the Province of Quebec, westerly to the end of the Grand Trunk Pacific Railway Company's contract, a distance of about 114.97 miles. Date of completion, 31st December, 1916.

(3) Districts "D" and "E"—From a point designated on the plans of the Commissioners, being at the western end of Fauquier Bros' Abitibi contract, in the Province of Ontario, in a westerly direction for a distance of about 104.24 miles. Date of completion, 31st December, 1919.

(4) District "E"—From a point designated on the plans of the Commissioners, about sixty miles west of the easterly boundary of District "E," in the Province of Ontario, easterly to the end of Fauquier Bros' contract, north of Lake Nipigon, distance of about 100 miles. Date of completion, 31st December, 1919.

(5) Districts "E" and "F"—From a point designated on the plans of the Commissioners, at the western end of Fauquier Bros' contract north of Lake Nipigon, in the Province of Ontario, westerly to a point at or near Dog Lake, a distance of about 126 miles. Date of completion, 1st September, 1919.

(6) District "F"—From a point designated on the plans of the Commissioners at or near Dog Lake, in the Province of Ontario, to a point at or about mile 2.6 west of what is known as Peninsula Crossing, by alternative routes as shown on the plans, a distance of about 23.76 miles by the northerly route, and 24.13 miles by the southerly route, and the selection of the route to be at the option of the Commissioners. Date of completion, 1st September, 1920.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the offices of the following District Engineers, viz: John Aylen, Acting District Engineer, North Bay, Ont.; T. S. Armstrong, Nipigon, Ont.; and S. R. Poulin, St. Boniface, Man.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners. A separate tender must be submitted for each section.

Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners; and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by, the terms and conditions in the form of contract, specifications, etc., annexed to the form of tender. Each tender must be signed and sealed by all the parties to the tender,

and witnessed and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway, as follows: For Sec. No. 1, District "C", \$150,000; For Sec. No. 2, District "C", 150,000; For Sec. No. 3, Dist. "D & E", 150,000; For Sec. No. 4, District "E", 150,000; For Sec. No. 5, Dist. "E & F", 200,000; For Sec. No. 6, District "F", 100,000. Any person whose tender is accepted shall within ten days after the acceptance thereof furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications, and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract: "All mechanics, laborers, or other persons who perform labor for the purposes of the construction of the works hereby contracted for, shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labor, and which are, or shall be, applicable to such works. (The schedule of minimum wages determined upon by said Department will form part of the contract.)

The contractor shall in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply, and upon as good terms, in Canada as elsewhere, having regard to quality and price.

The contractor shall conform to the fire regulations adopted by the Commissioners, and also to the laws and regulations respecting fires in the different provinces wherein the work is being performed. The right is reserved to reject any or all tenders. By order, P. E. RYAN, Secretary.

YOUR BUSINESS NEEDS HELP

Advertising COSTS MONEY

Too much money is spent on useless advertising by city merchants every month. Many columns might be written on the folly of using certain advertising mediums, but the moral in the end would be that there is only one really sure remunerative advertising medium.

The Daily Paper

Reaches customers past, present and prospective, in all parts of the city and district. These people read the advertisements, study the bargains offered, and realize the need of goods the merchant has for sale.

Newspaper Advertising Best

The Retail Merchants' Association of Chatham is a level-headed organization. At a recent meeting newspaper advertising was discussed, and the general opinion of the members was that newspaper advertising was the best, and program and other advertising of that class was almost useless.

Synopsis of Canadian Homestead Regulations.

Any available Dominion lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of \$1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

LICENSE PROPOSED FOR AERONAUTS

Navigators of the Air Believe Time Has Come for Permits to Be Issued.

Washington, Sept. 7.—Actuated by the death of Charles Oliver Jones, at Waterville, Me., on Wednesday, by falling from his airship, the Boomerang, leading aeronauts gathered at Fort Meyer to witness the aeroplane tests are seriously discussing the advisability of the enactment of a law which would tend to prevent accidents of this character. It is proposed to make it illegal for any one not holding an aeronaut's license from a recognized aero club to make an ascension. Aero clubs have been formed in nearly twenty cities, and nearly all balloon ascensions by recognized aeronauts are made under the aegis of the Aero Club of America. In order to uphold the dignity of aeronautics as a science and to insure its progress along correct lines, it is proposed that these clubs be given power to issue licenses to aeronauts.

CHEAP BRIDEGROOM TREATS GUESTS TO DIME DINNER

"Coffee and Cake" Entire Menu of Wedding Feast Consumed in Swell Cafe—Cost Exactly \$3.20.

Astoria, Or., Sept. 7.—During the forenoon of the second day of the recent regatta a well dressed man entered a Commercial street cafe, and informed the proprietor that he was to be married early in the afternoon, and desired to give a wedding dinner to thirty-two persons at 3 o'clock. At first he was told that the regatta rush of visitors would interfere with such an undertaking, but he insisted that he be given the accommodations, and the proprietor agreed to accommodate him. A table, beautifully decorated with flowers, was arranged and special waiters assigned to it. The groom had said that all would order when they arrived at the table, and at the appointed time, when the party had seated themselves, the host ordered coffee and cake for them all, which they took one hour to consume. The happy husband then gave the much chagrined proprietor \$3.20 and left.

"FANTANA" EXCELLENTLY STAGED AT OPERA HOUSE

San Francisco Opera Company Scores Distinct Success in Production of Light Musical Comedy.

The San Francisco Opera company is to be congratulated on the production of the pleasing musical comedy "Fantana" at the opera house last evening, to a large and very appreciative audience. No one expects plot in light comedy, but bright songs, pretty dresses and successful stage effect all contribute to make this a most charming production. With a lively and attractive chorus they score heavily. Like so many other similar comedies the scene is laid in the land of the chrysanthemum and the cherry blossom, which introduces an effective picture for the second scene.

"Fantana" possesses very catchy numbers, and they were well sung last evening. Fortunate in the assistance of a humorist like Teddy Webb, with a succession of new jests and jokes, and with a leading lady like Mabel Day in the title role, the success of the performance was assured, and this is by no means a piece in which two or three principals overshadow everything, the leading members of the company all working with a will to sustain interest from the time when the curtain rises. Miss Day's manner is most captivating, and there is a congenial task for her in "Fantana."

Eugene Wiener, as the lieutenant, scored a distinct success, and as the Marquis Kioto, J. Russell Powell has an opportunity given to use his fine voice. Every member of the company works harmoniously to mark this as a notable addition to the local annals of musical comedy, and to show how picturesque garb and staging can be fitted in with music and song. The chorus is cleverly drilled, and all goes to make up a pleasant evening's enjoyment. Tonight "The ToyMaker" will be the attraction.

THE FERNIE RELIEF FUND.

Editor Daily News.

Sir,—in your paper of Saturday morning, re Fernie relief, you said I had a cheque in my hands for \$469, which is a mistake. I did not say that. I said there was in the Bank of Montreal \$428, and to be collected about forty dollars. Neither did I promise your reporter to send it on Monday; I said I intended to send the amount that was in the bank at once, and would not wait any longer for the amounts to be collected.

By publishing this correction you will oblige

M. SINCLAIR,

Treasurer of Fernie Relief Fund. P.S.—I shall publish a full statement in a few days of the amounts collected and now disposed of.

Lid Loosened at Kansas City.

Kansas City, Mo., Sept. 7.—After being a "closed town" for more than seven months, Kansas City yesterday went back to its old ways and theatres, cigar and grocery stores, pool halls and other places of business were open. Governor Joseph W. Folk arrived late at night, having received a quiet tip that the saloons were to reopen. At midnight the governor said he had found no violations of the law. Judge Wallace said that he would insist upon the indictment of all offenders.

"Uncle Josh Perkins."

"Uncle Josh Perkins," the great comedy success, is down for an engagement of one night at the Opera House on Thursday September 10. The play is built on original lines and is said to be presented by a brilliant company, who make the most possible out of every type of character enacted, while built largely for laughing purposes, there is enough pathos, human interest and thrilling situations unfolded to suit all classes of men, women and children too. The forthcoming engagement of this company will doubtless attract unusual attention from the playgoers of New Westminster.
