ROYAL CITY MOURNS LATE MRS. WARWICK

Remains of Beloved Native Daughter Were Laid to Rest Yesterday.

Mourned not only by relatives, but by an entire city, with the history of which her family is closely connected, all that remained of the late Mrs. Warwick was laid to its final resting place yesterday afternoon.

The last call came as a release from a long period of suffering, and the knowledge of this fact somewhat softened the deep grief of relatives and friends when the end came. The great respect in which the late Mrs. Warwick was held was eloquently bespoken by the flood of floral tributes which poured into the residence on Agnes street from the time when the first announcement of the demise was made until the last moment before the funeral. At that time there were over 150 separate emblems, covering the lower floor of the home, where the remains lay, and later filling not only the hearse, but several carriages to overflowing. Many were unique and all were beautiful, with appropriate expressions of regret attached, many coming from as far as Alberta and from all parts of the province, the late Mrs. Warwick being widely known. The most beautiful of all was sent by the Ladies Aid of St. Paul's Reformed Episcopal church, representing a broken column with a dove alighting thereon. This also was taken into the church during the services.

Special services were conducted at St. Paul's church by Rev. A. de B. Owen and Rev. Dr. John Reid of Victoria, an old friend of the family. By special request of the late Mrs. Warwick, her friend Mrs. Burkett presided at the organ, and in deference to the memory of the deceased, the seat in the church occupied during her lifetime by the late Mrs. Warwick was closed and draped in white ribbon. The choir sang "Rest for the Tolling Hand," and Mr. Herbert Kelly sang "Saved by Grace."

The remains were interred in the family plot, next to the grave of the late Wm. Johnston, father of the deceased. Around the grave stood a large number of mourners and friends, including all the aldermen of the city, and the children of the Laurel Wreath Guild of the church. The pall-bearers were Mayor Keary, W. J. Mathers, from the citizens; F. P. Maxwell, W. R. Gilley, for the church; and J. A. Cunningham, M. J. Phillips for the Native Sons. The mourners were Charles Warwick, husband of the deceased, G. R. Warwick, W. S. Collister, W. Love, brothers-in-law; W. J. and C. Elmer Warwick, sons; J. J., W. B., G. B., A. H. and E. H. Johnston, brothers; Hugh and J. Burr, uncles; and a number of relatives from Ladner and Port Moody.

The funeral arrangements were conducted by W. E. Fales. The floral tributes were as follows:

Mr. and Mrs. W. H. Nesbitt, floral branch; Mr. and Mrs. J. A. Lee, heart; New Westminster Council No. 1, R. T. of T., triangle; Mr. and Mrs. W. A. Duncan, star; Ladies' Aid St. Paul's R. E. Church, pillar and dove; Mr. and Mrs. J. A. Cunningham, crescent; Mr. and Mrs. Chappell, harp; Mr. and Mrs. David Price, Ladner, star; May Day Committee, heart; Mr. and Mrs. T. S. Annandale, heart; Hugh Galbraith and family, harp; Mr. and Mrs. S. G. Tidy, sickle; Dr. and Mrs. T. G. Moody, Vancouver, floral branch; Mr. Thos. Matthews, Vancouver, floral branch. Sprays—Capt. and Mrs. Chas. Seymour, Mr. and Mrs. Angus Munn, Mr. and Mrs. Harry Mitchell (Ladner), Mrs. Coa-

ROYAL CITY OF THE WEST WELCOMES MAN WHO HELPED TO FOUND DOMINION

Homely and Unceremonious Greeting is Gratifying to Lord Strathcona and Mount Royal.

DEVELOPMENT DOMINANT KEYNOTE OF THE WEST

Honored Guest Breathes Sentiments of Lofty Patriotism

City Destined to Be Credit to Pacific Coast—John Stuart's Advice Decided Career.

About 100 guests sat down at the luncheon to Lord Strathcona in St. George's hall yesterday following the function at Albert Crescent. The luncheon was served by J. M. Kenny. Music, both orchestral and bagpipes, had been provided. Speeches were brief owing to the limited time at the disposal of the party. Sir Edward Clouston was not present having preceded the main party to Ruskin, to see the Stave Lake Power works.

Principal Guests.

Mayor Keary occupied the chair, and among those present were, in addition to the guest of honor, and his grandson, Mr. Howard, Commissioner C. C. Chipman of the Hudson's Bay Company, Winnipeg; Mayor Douglas, Ald. McKechnie and Goodman of Vancouver, John Hendry, J. N. Ellis, president of the Canadian Club, Vancouver; Euchan Buchan, vice-president, and W. Skene secretary of the board of trade Vancouver; Hon. F. Carter-Cotton president of the executive council; J. D. Taylor, M.P.; H. T. Lockyer, manager of the Hudson's Bay Co., Vancouver; Walter Moberly, C. E., the veteran engineer; G. A. Keefer, resident engineer, department of public works; W. Norman Bole, K. C.; Thomas Gifford, M. P. P.; John A. Lee, president, and Geo. Small, vice-president of the Westminster board of trade; Aldermen Henley, Gray, Adams, and Smith; T. J. Trapp, president R. A. & I. society; Rev. A. E. Vert, representing the Sons of Scotland; and Sheriff Armstrong.

Arrival of Haggis.

The luncheon was marked by the arrival of the Haggis, made by Mrs. Linn, and borne in due form by Kenneth Adams and J. Linn, duly heralded by the eight pipers. Peter Peebles stepped forward and read the accompanying lines:

Fair fa' your honest, sonsie face,
Great chieftain o' the puddin' race,
Aboon them a', ye tak your place,
Painch, tripe, or thairm.
Weel are ye worthy of a grace,
As lang's my arm.

His knife see rustic labor dight,
And but you up wi' ready slight,
Trenching your gushing entrails bright
Like ony ditch,
And then, oh what a glorious sight,
Warm-reekin', rich.

Ye powers wha' mak' mankind your care,
And dish them out the bill o' fare,
Auld Scotland wants, nae skinking ware,
That japs in luggies.
But if ye wish her gratfu' prayer,
Gie her a haggis.

Messages of Apology.

At the conclusion of the proceedings Mayor Keary rose and submitted the loyal toast, reading messages of apology from His Excellency Earl Grey, Lieut.-Gov. Dunsmuir, and the provincial cabinet, Premier McBride conveying his felicitations and stating the cabinet hoped to be represented by their president. (Applause.)

J. A. Lee, in a brief speech, gave the toast of "Canada." Canada, the land we love, the country of opportunity, the land of the Twentieth Century, the young man's country, required no words from him. They had a magnificent example in such men as Lord Strathcona, who was the truest type of Canadian, though coming from old Scotland.

J. D. Taylor, M. P., replied. It was because of the work of Canadian statesmen of whom their honored guest was one, that Canada had passed so well through the formative stages. It was due to the efforts of the company with whom Lord Strathcona had been connected all his life that British Columbia was preserved to the British empire. They remembered the cry of "54.40 or fight," when England thought little value of this country, but the Hudson's Bay Company had urged its retention and had also the honor of maintaining the first fleet on the Pacific to preserve their forts.

President of Council.

His worship then called on Hon. F. Carter-Cotton to extend a welcome on behalf of the provincial government.

The present condition of British Columbia, its development, advancement and bright prospects were due, he said, in no small degree to the efforts of Lord Strathcona. When they recalled the tremendous effort of the C. P. R. they must honor the courage, perseverance, determination and the great faith in the future which alone sustained the promoters in their arduous task. They might rightly compliment Lord Strathcona on what he had done for the Dominion of Canada, and especially for B. C. Those who had visited Canada during the years his lordship had been high commissioner must have realized the valuable assistance he had given to its development. He had done more to make Canada popular in the mother country than almost every one else. He hoped they would in eleven years be celebrating the centenary of Lord Strathcona. (Applause.) His lordship had expressed his surprise to all on the wonderful development which had taken place since he was last in

HAS GLIMPSE OF DAILY LIFE OF THE CITIZENS

Receives Address From City and Sons of Scotland and Meets Farmers of Fraser Valley in the Market—Visits Royal Columbian Hospital.

Lord Strathcona, pioneer of Canada and one of the greatest of the builders of the British Empire, has come and gone, but his visit will be long remembered by the citizens of New Westminster, not so much from his fame as a financier and a statesman, as for his simple manner of meeting the people. Not content with the formal visit and program, his lordship took every opportunity to learn more of the city, its history and its prospects, showing a keen interest in the stories of the early days, and a strong desire to meet those pioneers who, like himself, laid the foundation of United Canada firm and strong.

Lord Strathcona made his appearance on the steps of the private car Earnscliffe yesterday morning to find the pipers' band marching back and forth on Columbia street, and he took occasion at that time to express his pleasure at the compliment.

Shortly afterward the high commissioner entered a carriage and was driven around the city, under the guidance of Mayor Keary.

Drive Round City.

Accompanying his lordship in the leading carriage were Mayor Keary, C. C. Chipman, chief commissioner of the Hudson's Bay Co., J. A. Lee, president of the board of trade, and in the carriage following Mr. Howard grandson of Lord Strathcona, the aldermen, and prominent citizens. Driving down Front street, the party visited the city market, where the distinguished visitor was given three rousing cheers, and addressed the marketers.

Then the Royal Columbian hospital was visited and his lordship was greatly interested in the institution which he assisted in building. He went through the wards, talking with some of the patients, and then visited the kitchens, asking many questions as to the equipment, accommodation and number of patients. From the hospital the party drove to Queen's park and thence to the Crescent. Above the Simon Fraser memorial monument on the slopes of the grass covered hillside were grouped some 1500 of the children of the city, who received Lord Strathcona with rousing cheers. The old gentleman's eyes kindled with pleasure as he looked upon the merry faces around him. Led by H. D. Mackness, the children sang in unison the first verse of the Maple Leaf, following which Mayor Keary read the address of welcome from the city.

Sympathetic for Children.

His lordship read the formal reply to the civic address, but after he had finished, he again turned to the group around and in his halting voice, almost inaudible from a severe cold, he spoke a few words ex tempore. He expressed his appreciation of the welcome that had been given him in warmer words than those in the address. "When I see these children before me, these children on whom we must depend for our great future, it is a great gratification to me to know that they are being trained to take their part in this great country, destined to become a great nation." Turning to Mayor Keary, Lord Strathcona complimented him warmly on the manner in which he had won the confidence of the citizens of New Westminster.

His lordship expressed his disappointment at being unable to attend the unveiling of the Simon Fraser memorial monument owing to sickness, and thanked the speakers of that occasion for their kind words regarding his uncle, John Stuart the companion of Simon Fraser.

Rev. A. E. Vert, district deputy grand chief, on behalf of the Lord of the Isles Camp No. 191, Sons of Scotland, read an address of welcome from that body. Following the reading of the address Master Gilbert Adams, son of Ald. George Adams, in Highland costume, and wearing the many medals which he has won for Highland dancing, presented Miss Frances Howard, grand-daughter of Lord Strathcona, with a bouquet of flowers, bound with the Stuart tartan. Rev. Mr. Vert also presented his lordship with "a sprig o' heather grown in the land of our adoption."

A Pathetic Link.

After reading the reply, Lord Strathcona added a few remarks. The skirl of the pipes were sweet to his ears, for he was a Highlander on both sides.

The children sang "God Save the King," as the party left the scene.

Before leaving, the visitor requested the school trustees, as a personal favor to him, to grant a half holiday to th school children of the city.

Among the many persons presented to Lord Strathcona during his visit was Walter Moberly, the pioneer engineer of the C. P. R., who, after a chat which both heartily enjoyed, informed his lordship that representing the old timers of the city and district, he had been delegated to read an address of welcome to his lordship, but time did not permit.

The address of the old-timers, which Mr. Moberly wished to read, referred to the early days of the province, and the satisfaction of the pioneers in seeing Lord Strathcona among them. His lordship was pleased with the good wishes expressed and assured Mr. Moberly that he would be glad to receive the address if it was forwarded to him.

APPEAL COURT IS CONSTITUTED

Order-in-Council in Current Gazette Brings Act of 1907 Into Effect.

The long looked for order in council bringing into effect the act of 1907, by which an appeal court was established for this province, appears in the current issue of the B. C. Gazette.

The order in council states that the act will take effect from the first of the present month, but it will be some time before the court can be got into working order. The judges have to be appointed by the Dominion government, and no hint has yet been given as to who they will be.

The effect of the bringing into force of the act will be to greatly reduce the amount of work falling on the judges of the Supreme court of this province, who up to the present have had to act as appellate judges. Once the new appeal court has been constituted, it will hear all appeals from lower courts, while the supreme court judges will be able to give all their time to chambers and circuit work.

By a further order in council the Supreme Court Amendment act, 1907, is also brought into effect.

EXCURSION TO LADNER.

Women's Auxiliary Preparing For a Trip Down River.

A special meeting of the Women's Auxiliary of the Royal Columbian hospital was held in the board of trade room yesterday for the purpose of furthering arrangements for a river excursion to Ladner on Tuesday evening, September 14, per steamer Transfer. A committee of ladies will visit Ladner today in order to secure a suitable hall for dancing, and supper. Music will accompany the trip and ice cream, home-made candies and fruit will be obtainable on board.

The public can feel assured that every effort will be put forth to make the excursion one to be remembered. The motive for the affair is much needed help for the hospital. The tickets for trip, including supper and dance, are $1.

THE "GENTLEMAN BURGLAR" GOES A YACHTING

Boston, Sept. 3.—Clyde C. Brum called the gentleman burglar in whose trunk the police found $10,000 worth of plunder amassed in this city and Salem, who escaped from the county prison Wednesday afternoon has gone cruising on his yacht Savage. The yacht was passed by the Bangor-Boston steamer Wednesday morning off the coast, but no one on board knew any reason why she should be detained.

Brum took advantage of the fact that repairs are being made to the court house and darted away, to the discomfiture of the blue-coats, who were about to lock him up. He made his way to Salem, where he has maintained the yacht in fine style and entertained a large number of guests. He appeared to have unlimited financial resources.

Kurds Fight Russians.

Tabriz, Persia, Sept. 3.—Sharp fighting with the Russian consular convoy lasted from noon Saturday until late in the evening at the village of Marzergiz. The Kurds lost twenty men, while two Russians were wounded. A column has been dispatched from Urumuiah to clear Marzergiz of the Kurds on account of their repeated attacks upon the orthodox peasants.

City Gladly Receives Strathcona Within Its Gates

To the Right Honorable Lord Strathcona and Mount Royal, G. C. M. G., G. C. V. O., High Commissioner for Canada:

May it please Your Lordship:

On behalf of the Council and citizens we beg to extend to Your Lordship a hearty welcome to the City of New Westminster.

The great services rendered by you to the whole Dominion of Canada have made your name familiar to the people, not only in Canada, but all over the world; and we highly appreciate the honor of your visit at this time, realizing how many matters of importance must engage your time and attention.

We regret Your Lordship was unable to be present at the unveiling of the simple and unpretentious monument erected here to the memory of Simon Fraser on September 28, 1908, the one hundredth anniversary of his discovery of this river which was named after him by your uncle, John Stuart, who was his companion at the time.

This city, situated as it is on the banks of the great Fraser river, navigable for vessels of deep draught to its wharves, is destined, we believe, to become a great seaport as well as a manufacturing city of importance, and we are looking forward to the time when in the near future, a great part of the wheat shipment of the great grain producing provinces will seek this port as a suitable outlet to the Pacific ocean.

We sincerely trust that Your Lordship may take away with you favorable impressions of our city and district surrounding, and that your life which has been so long and useful, may be prolonged so that you may see still greater growth and improvement all over this country for which you have done so much.

New York, Sept. 3.—More than 200 children in a limited district of Brooklyn have been stricken within the past few days with a form of infantile paralysis. Not even the healthiest children are immune from the epidemic and bottle-fed babies seem the most susceptible. Although the disease does not appear to be fatal, Brooklyn physicians believe that many of the victims will be crippled for life.

The superintendent of the Brooklyn Health Department, who yesterday began an investigation of the outbreak, said that the present epidemic is the fourth largest of its kind in medical history. Great difficulty has been heretofore found in checking the disease because little has been known about its cause and nature.

COLONEL HOLMES RETIRES FROM POST

Colonel J. Peters, of London, Ont., is is Now Installed as D. O. C. at Esquimalt.

Victoria, Sept. 3.—Colonel J. Peters has formally taken the command of military district No. 11, including British Columbia and the Yukon, from Col. J. C. Holmes yesterday. He will at once take up his residence at the barracks, vice Col. Holmes, who is retiring.

Colonel Peters, the new D. C. O. has been stationed at Esquimalt on two former occasions, being in command of the post about ten years ago. He comes here from London, Ont., where he has been stationed for some years as commander or the district of Western Ontario.

Colonel Holmes retirement is on account of the age limit. He was entitled to retirement and pension in 1906, but elected to retain his command until he reached the regular age of retirement.

"I have been in Victoria on and off since 1883," said Colonel Holmes. "I am leaving now, and only for a year or two of travel, in this country and abroad. Then I will come back to Victoria and sttle here permanently. My present plans are to go with my family to Kingston, Ont., and pass the winter there. I was stationed at Kingston for some time during my early days in the service, and am looking forward to visiting the place again, and spending a winter in a cold climate."

TO LAY CORNERSTONE OF PARLIAMENT HOUSE

Grand Master of Calgary Masons to Perform the Ceremony on Labor Day.

Claresholm, Sept. 3.—The laying of the corner stone of the new public school here on Labor day gives promise of being a function of more than ordinary importance. The stone will be laid by J. T. MacDonald, Calgary, grand master of Alberta Free Masons, and it is expected 500 or more visiting Masons will be here that day.

Invitations have been sent Premier Rutherford, Hon. W. H. Cushing, Jno. Herron, M.P., and others. The grand lodge of Alberta will meet here that day and there will be processions and public addresses from prominent people.

Sons of Scotland Greet Distinguished Fellow-Countryman

To the Right Honorable Lord Strathcona, G. C. M. G., Baron Strathcona and Mount Royal, High Commissioner of Canada:

As sons of Scotland we have the honor to welcome one of the greatest sons, who has by his own exertions and the true Scottish spirit of enterprise, raised himself to the highest pinnacle of greatness in its noblest sense. We are proud to greet your lordship not only as a Scotsman, but because of the great work which you have done for the improvement and benefit of our fellow men without distinction of country. We feel that the true spirit of religion shown by your endeavors to alleviate suffering humanity, and we cheerfully recognize our indebtedness to your lordship for assistance rendered to Canadian hospitals and many similar public works. We recognize the heroic spirit of the Bruce and Wallace which inspired you in Britain's time of need to equip and maintain that famous body of men, who were honored with the title of which they were justly proud, the Strathcona Horse.

In the brief time at our disposal we are unable adequately to express our feelings of pleasure at having your lordship visit our city and would respectfully ask you to believe that what is not said in words is fell to the utmost in our hearts, which are as loyal to Scotland as they are to this great nation which we are helping to build on the North American continent. We heartily wish your lordship God speed and pray that your useful life may be long spared to us and for the service of your country.

In the name and on behalf of the Sons of Scotland.

A. E. VERT,
District Deputy Grand Chief.
A. WELLS GRAY,
Chief.

The charge against a singer in one of the local theatres of stealing a grip came up in the city police court this morning, and was immediately withdrawn. It was shown that the accused had been the victim of circumstances, and that there had been a misunderstanding all round.

Owing to Monday being a public holiday, there will be no issue of the Daily News on Monday morning.

HEAVY LOSS TO NEW YORK

Export Grain Trade Has Fallen Away---Many Elevators Busy.

New York, Sept. 2.—As a last resource, members of the grain committee of the New York Produce Exchange intend to appeal to the Interstate Commerce commission on the ground of water competition in their fight with the railroads to get a reduced rate east of Buffalo so this port may again obtain its share of the export grain trade.

At present, right in the middle of the open season, when grain should be moving outward, heavily laden steamships are going with grain from Montreal while those from New York are said to be practically empty.

Canadian ship brokers are obtaining 6 cents a bushel freight to United Kingdom ports, while ships here cannot obtain cargoes of grain at 3 cents a bushel.

Members admit the railroads are willing to give them a preferential rate east of Buffalo, to compete with though rate on Canadian lines, but they are afraid of the central and western traffic associations diverting other freights from them in retaliation. The loss of the gain trade from this port has been severely felt along the river front, where at least fifteen big grain elevators are declared to be standing idle.

With the exception of the business done by the Atlantic Tansport line, the export cattle trade practically has disappeared from New York and the cessation of the grain trade, in addition, will result in big cargo steamships seeking business at other ports.

WOMEN REFUSE ADVANCE IN WAGES

Fear Their Services Will Be Dispensed With if They Accept the Offer.

Chicago, Sept. 2.—The women ticket agents on the elevated loop of this city today refused to accept a raise in wages. Their action is said to be without a precedent in the annals of the local labor unions. The company offered an advance of five cents a day.

Clarence A. Knight, president of the company, recently said he would dispense with all women ticket sellers as soon as their wages were raised to $2 a day. At present the women are getting $1.95 a day and if they accepted an advance of five cents a day it would bring them to the danger line mentioned by Knight.

MANY JEWS PERISH IN BULGARIAN RIOT

Vienna, Sept. 2.—Many persons were fatally injured, scores clubbed nearly to death, shops looted and homes destroyed in Bucharest in an anti-Jewish riot, according to dispatches arriving here today. The anti-Semitic journalists are said to have caused the rioting by attacking the Jews. A mob screaming execrations upon the Jews charged through the streets, looting the shops kept by the Semites and clubbing the owners. It was some time before the police could subdue the leaders. A number of arrests were made.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

Development Dominant Keynote of the West

(Continued from Page One.)

British Columbia, particularly on this peninsula. He might prophesy that when Lord Strathcona came again he would not know where New Westminster began and Vancouver ended. (Applause.)

Our Guest.

Mayor Keary, in submitting "Our Guest," expressed the citizens' appreciation for Lord Strathcona's visit and regretted his lordship could not come out last year for the Fraser centenary, as their great river had been named from the explorer by Lord Strathcona's uncle, John Stuart. They were celebrating that year the fiftieth anniversary of the arrival of the Royal Engineers, one of the officers of whom was another uncle. Again it was the half century mark of the oldest incorporated city in B. C. Lord Strathcona had always shown himself anxious to advance the city, and in his correspondence he (the mayor) had always received splendid encouragement. Of him they might well say:

"Noble he was condemning all things mean,
His truth unquestioned and his soul serene,
Shame knew him not, he dreaded no disguise,
Truth, simple truth, was written in his face.

(Loud applause.) He concluded by extending a welcome to the Vancouver visitors, and particularly to Commissioner Chipman.

Enthusiastic Welcome.

Lord Strathcona said, after the burst of enthusiasm had subsided, and the singing of "He's a Jolly Good Fellow," "Mr. Mayor and Gentlemen, you will not expect much speaking from me today, not only because I have a cold, but because I feel at all times it would be impossible for me adequately to convey to you my thanks, but at the present time must content myself with a few homely words. I must thank you, Sir, for I am under a great obligation to the people of the oldest incorporated city in B. C., for the most kind welcome that you have given me.

"I have not seen the city of New Westminster for some twenty years. Since I came back to this part of Canada, through Manitoba on to Vancouver and Victoria, I have been overwhelmed by kindness and consideration I have received on all hands, as well as from the governments, which makes me feel I am amongst my friends. (Applause.)

"I feel it a singular honor to have you here, sir (addressing Mr. Cotton) and thank you on the part of your government for your great consideration and kindness in having you represent them on this occasion. I can assure you that while I value it in the highest degree, it is impossible to value rightly the partial and indulgent words which have marked my visit to the northwest and the west. I have not deserved one-tenth of the things said about me. (No, no.)

"It is true I was associated with the construction of the C. P. R., the great railway which enters this ancient city, ancient of modern cities, which connects the Dominion from sea to sea, and unquestionably that was a good work."

"I have noticed throughout the length and breadth of the land during our visit that determination and whole-heartedness which has done so much for the country during the last few years. All have done what they can to make it a loyal united Dominion, for without the union of this province it was impossible for it to be such.

Historical Note Struck.

"You, Mr. Chairman, have referred to the connection of my relative, John Stuart, with this country, and his having been employed in the exploration of this great river upon which our town stands, from whom I heard of this country nearly eighty years ago. I should certainly not have been here today, for it induced me to come to Canada, instead of to a very different part of the world. (Applause.) I certainly have no cause to regret I did not go there.

"I believe this city will be an honor to the Pacific coast (applause), and there will be one great city across to Vancouver, where I received so much kindness, and which I knew as burnt up brush. You will be rivals, but friendly rivals, and be worthy of the Pacific province, the Dominion, and the empire to which we belong (Applause).

Eternal Loyalty.

"May the day never come when we cease to speak of the sovereign of Great Britain as our sovereign (applause). I have already said too much, but I wish to thank the friends who have come here from Vancouver and elsewhere. We will not say au revoir. It cannot be long (here his lordship's voice faltered) before we must say good-bye altogether. As commissioner in London I hope to extend to you a welcome, and it is my duty to give all the information, and all theinducements which can be possibly given to men to come out to the Dominion (Hear, hear).

"Let me once more thank you with all my heart for your kindnesses (Loud cheers).

A formal vote of thanks was moved by J. A. Lee, and seconded by W. Norman Bole, K. C., to his lordship and enthusiastically carried.

The Minto cup was presented for inspection, and his lordship said the motto "What we have we'll hold," was applicable to all Canadians.

Lord Strathcona Satisfied.

His lordship and party then drove back to the cars, which were attached to the eastbound train at 2:15 p.m.

He expressed himself as better satisfied with the type of reception accorded him in Westminster than anywhere else. He bore the fatigue of the day very well, considering his 89 years.

Luncheon Arrangements.

The arrangements for the function had been admirably made by the reception committee, C. H. Stuart Wade, secretary of the board of trade, being principally responsible. Mr. Wade authorizes a statement with reference to the waiting at the tables that he had engaged ten waiters and only three turned up. Mr. Kenny had done his share in engaging them, but they failed at the last moment. At future luncheons girls will be employed. Medals struck for the Fraser centenary were distributed to the guests.

STRIKEBREAKERS WERE TREATED LIKE SLAVES

Men From Pressed Steel Car Company at Pittsburg Tell Dreadful Stories.

Pittsburg, Pa., Sept. 3.—Three hundred strikebreakers quit the McKees Rock plant of the Pressed Steel Car company and told such stories of cruelty and suffering within the stockade as were only exceeded by the Libbey and Andersonville prisoners during the civil war. Many of the men were so ill from foul food, unsanitary quarters, overwork and the hounding of the guard that Federal Agent Hoagland held a special session of the government investigation last night in order to get their stories before they became too sick to testify.

One of them, Martin Hart, of New York, was so badly beaten, as he tried to make his way from the stockade that he may not recover. Two hundred of Hart's friends stormed the stockade later in the afternoon, determined to punish the guards employed by the company, who attacked him and left him unconscious in the street. The strikebreakers also declared that since yesterday, scores of wounded and half starved men had been locked up by the company's officials where the United States investigators could not find them and some of the men said that the vaults in the mill still hold more than a dozen men imprisoned as in a dungeon to prevent the taking of this testimony.

Terrorist is Caught.

St. Petersburg, Sept. 3.—Slephukin, one of the most active members of the Flying Section of the terrorists, at whose instance General Maximoffsky, chief of prisons, and others, were assassinated, has been brought here from Sarataoff prison for trial. Living under an assumed name, he was arrested in Finland while preparing bombs in a secret labaratory and was sent to prison at hard labor for five years. Only while serving his term was he identified.

COLUMBIA STREET LOCAL IMPROVEMENT NOTICE.

The Municipal Council of the Corporation of the City of New Westminster having by resolution determined and specified that it is desirable to carry out the following works, that is to say:

(a) To construct a sewer to be known as the "Columbia Street Sewer" on Columbia street between McNeely street and Fourth street.

(b) To construct cement sidewalks on both sides of Columbia street between McNeely street and Fourth street with necessary retaining walls.

And that the said works shall be carried out in accordance with the provisions of the Local Improvement General Bylaw, 1909.

And the City Engineer and City Assessor having reported to the Council in accordance with the provisions of the said bylaw upon the said works giving statements showing the amounts estimated to be chargeable against the various portions of real property to be benefited by the said works and other paticulars and the said reports of the said City Engineer and City Assessor having been adopted by the Council,

Notice is hereby given that the said reports are open for inspection at the office of the City Assessor, City Hall, Columbia street, New Westminster, B. C., and that unless a petition against the proposed works above mentioned signed by a majority of the owners of the land or real property to be assessed or charged in respect of such works representing at least one-half in value thereof is presented to the Council within fifteen days from the date of the first publication of this notice the Council will proceed with the proposed improvements under such terms and conditions as to the payment of the cost of such improvements as the Council may by bylaw in that behalf regulate and determine and also to make the said assessment.

BLACK MESSIAH APPEARS IN AFRICA

But the Police Arrest Him, and the Whip Disperses His Followers.

Cape Town, South Africa, Sept. 3.—A remarkable incident at Taungs, Bechuanaland, has just been revealed.

A fortnight ago two natives, one a kitchen-boy from Mafeking, entered the native village adjoining Taungs, one proclaiming himself the Saviour and the other His prophet. The leader addressed a large gathering of the Batlapin tribe numbering 1,500 ending an excitable oration by indicating the European quarter of Taungs and declaring: "Before the sun sets tonight not a white person must remain alive."

Inspector Gordon Turne, who was present, arrested both men with the assistance of one policeman, and after a scuffle took them to the magistrate's court. The crowd of 1,500 natives followed with menacing demeanor. They swarmed into the magistrate's court, insulted the magistrate, and refused to disperse. The magistrate was powerless, as he had only the two police officers at his command.

Eventually Molali the Batlapin chief arrived and dispersed the rioters with a horsewhip. The two men arrested were committed for trial.

Thee have been no further disturbances, but the incident is officially regarded as serious. It is the first occasion on which the Bechuana tribes have shown gross disrespect for the magistrates. Moreover, Molali's influence has been undesirably strengthened at the expense of white auto the Ethopian Church.

THE GOVERNOR-GENERAL'S VISIT

Many distinguished men have filled the important position of Governor-General of Canada with success and advantage alike to Great Britain, to the Dominion, and to themselves. Yet it may be said with truth and good reason that none have represented their sovereign more fittingly or more nobly, or have discharged the Vice-regal duties in a manner more acceptable to the people of Canada than Earl Grey. His Excellency is enjoying a holiday trip through British Columbia, and in company with his revered Countess, will honor New Westminster with a visit on Wednesday next. The citizens would be delighted to give the distinguished visitors a very hearty welcome, but their reception must necessarily be of a somewhat subdued character out of respect for Their Excellencies' desire for privacy. Earl Grey has, however, graciously signified his pleasure to meet the citizens at an informal reception, and this opportunity for a personal meeting with our Governor-General will be a real delight to very many. Though the circumstances of Their Excellencies' visit do not admit of a public demonstration of our esteem for them, it will not be difficult to show them that their presence is very welcome. Some day perhaps Earl Grey may renew his acquaintance with our city in a more official way, and thus afford us an opportunity of expressing our high appreciation of him as a clever statesman and a true Imperialist.

FOOD AND HEALTH.

The proposal to introduce cooking classes and demonstrations as a feature of the forthcoming Provincial Exhibition is in every way an excellent one. If a fair proportion of the stories we have heard about the culinary accomplishments of the modern Canadian girl are true, then it would seem to be high time that something was done to educate them up to a more practical standard. The truth of the ancient Chinese proverb, "The seat of the intellect is in the stomach," has come to be recognized, and today every intelligent person appreciates the fact that the quality of food plays an important part in the destinies of a nation. It is by means of the body's wholesome nourishment that physical stamina and mental capacity are ensured. Canada depends for her continued development and progress upon a virile people; upon men and women strong in body and healthy in mind. It is for the provision of such a race that we need to strive.

It is, however, a matter for concern that there is still a great deal of ignorance in regard to food values among Canadians. Potatoes and ice cream bulk much too largely in the daily living of the people. Though these things may satisfy they do not nourish. One might as well try to raise steam in a locomotive boiler by peat fuel as to maintain a healthy condition of human vitality on such eatables. Plain, wholesome well cooked food is necessary for the preservation of a sound physique, and any agency that will spread a wider knowledge of this simple truth is deserving of encouragement. If the local Council of Women can instil into the minds of our maidens a right knowledge of food and its relations to health, first in regard to quality and kind and secondly as to the right method of preparing it, then they will be rendering a distinct service, not alone to this district, but to the Canadian nation.

INDUSTRIAL WASTE.

We remarked the other day as to the evil effect wrought by industrial disputes and strikes upon the business of the country generally and upon the workers themselves. An idea of the loss and waste involved in this manner is revealed by statistics collected by the Labor Department at Ottawa, for July. In that month during the course of fifteen industrial disputes, 4338 employees were concerned, and 118,000 working days were lost. Allowing as wages an average of $2 per diem, the loss in wages to the idle employees was no less than $236,000. This is leaving altogether out of account the value of that labor as a product toward the wealth of the Dominion. The addition of this would make the figure a very large one. The period illustrated was certainly an exceptional one in regard to labor disputes, owing to the coal miners' strike at Sydney, and the carpenters' dispute at Edmonton, but this does not detract from the example of its value as showing how disastrous are the results of these industrial conflicts.

PROVINCIAL POLITICAL RUMBLINGS.

There are signs many of an intention on the part of the government to dissolve the provincial legislature and precipitate a general election some time during the present year. The most significant indication of the intentions of the Premier is a very feeble attempt on the part of the government organs to revive the Oriental bogeyman. We are told the Grand Trunk Pacific Railway Company is petitioning or importuning the Dominion government to permit the importation of Mongolian laborers under bond to work on the Pacific division of the line. That is not a new story. It is as old as the second Canadian transcontinental railway. It has been doing duty for the McBride government ever since the day when the present Attorney-General was sworn in as a member of that administration. Indeed we believe it antedates the advent of that distinguished legal light and unimpeachable administrator. Its history goes back to the time when Mr. Bowser acted as legal adviser of the Japanese contractor, M. Gotoh, and undertook on behalf of his client to have delivered within the confines of the province a considerable number of Japanese laborers for th Canadian Pacific Railway Company and the Wellington Colliery Company. It has also direct connection with the passage through the legislature of a certain measure fathered by the Attorney-General which purported to exclude Orientals from the province, but which actually declared to be legal the immigration of the classes of persons it professed to exclude. These facts would naturally incline the mind of a real opponent of Asiatic immigration to be sceptical as to the sincerity of any member of the McBride Government who professed to be concerned for the protection of white labor. Consequently when an organ of that government says there is a movement on foot to have Mongolians imported under bond to work on the Grand Trunk Pacific Railway, the natural conclusion is that there is no such scheme brewing, but that a provincial general election is impending and that the McBride Government is in search of a cry which will strengthen its position in the province. This conclusion will be all the more natural when the fact is kept in mind that under its contract with the Dominion Government the Grand Trunk Railway Company, or the contractors under that company, have not employed and cannot employ Oriental labor, that under existing conditions the employment of Orientals would prove an economic impossibility even if Asiatics were available; and that a short time ago a fair wage officer of the Dominion Government went over all sections of the western divisions of the Grand Trunk Pacific Railway to investigate the conditions under which labor was being employed on the road.

Still it is eminently gratifying to have a semi-official assurance that the McBride Government is going to constitute itself a strong bulwark between the white workingmen of British Columbia and the Oriental menace. Such an assurance may indicate that the Attorney-General has severed his professional relations with M. Gotoh. But it may also be an indication that such a connection is no longer profitable because owing to the agreement between the Canadian Government and the Government of Japan immigration from the latter country of the laboring classes has entirely ceased.—Victoria Times.

OFFERS PRIZE FOR PRACTICAL AERONAUTICS

Paris, Sept. 3.—The Matin, in view of the results at Rheims, which have shown the aeroplanes capabilities as never before realized, even by aviators, believes the time ripe for these machines to leave the race track and make real voyages from town to town. It, therefore, offers a prize of $20,000 to be awarded to the machine which makes the fastest time in a circuit from Paris to Dijon, Belfort, Nancy, Lille and Paris before August 31, 1910.

PUBLIC MEETING.

Having just received a telegram from Premier McBride stating that His Excellency the Governor-General would visit this city on Wednesday next, I hereby call a public meeting of the citizens at the City Hall on Tuesday, the 7th inst., at 10:30 a.m. to consider the best way to arrange for a suitable reception of His Excellency.

FOUR LACROSSE TEAMS IN FIELD

Crowd of of Fast Twelves Will Represent Royal City On Labor Day.

New Westminster will have four lacrosse teams in the field on Labor Day playing in three different cities.

In Vancouver the senior professionals are booked to meet the Terminal city aggregation in a schedule game at Recreation park, while on the same day a junior team representing the city will go over to play a Vancouver aggregation. In this city the senior amateurs will meet a team picked from the Vancouver Athletic Club and Maple Leaf twelves, while an intermediate twelve will travel to Mission there to meet another Vancouver aggregation in a match for the trophy offered by the management of the Labor Day celebration in that city.

The big attraction of the day, so far as lacrosse fans are concerned, is the senior game in Vancouves. The Salmon Bellies will take over the same team with one exception that walloped the green shirts last Saturday, and are confident of victory. The change is at third home, where Doughey Spring will replac Pat Feeney.

The senior amateur team which will meet Vancouver at Queen's park for the Trades and Labor cup will be composed as follows: Goal, Munn; point, Digby; cover point, Pearson; defence field, Galbraith, Patchell and Gifford; centre, Fitzgerald; home field, Sangster, Smith and McPhadden; outside home, Purdy; inside home, Swanson.

The team which will go to Mission is as follows: W. Coutts, G. Mannering, D. Eastman, R. Cormack, H. Battson, K. MacKenzie, H. MacKenzie, D. Bartlett, J. Gifford, N. Kenny, C. Smith, F. Hume, D. Sibley, B. Patchell.

The junior team which will go to Vancouver has not yet been chosen, but it will be a swift aggregation.

LACROSSE TOMORROW.

East and West End Will Meet at Queen's Park This Afternoon.

The lacrosse teams representing the East and West End will meet at the Quen's park oval at 3:00 o'clock sharp tomorrow afternoon.

The teams will line up as follows: West End—Goal, Munn; point, Digby; cover point, Gregory; defence field, Galbraith, Eastman, Battson; centre, Sangster; home field Cormack, Bartlett, Wilkie; outside home, McPhaden; inside home, Swanson.

Reginas—Goal, Coutts; point, Pearson; cover point, Patchell; defence field, Gifford, H. MacKenzie, K. MacKenzie; centre, Fitzgerald; home field, O. Smith, C. Smith, N. Kenny; outside, Hume; inside, Purdy.

LABOR DAY CELEBRATION.

Monster Festival Will Occupy Queen's Park on Monday.

Everything has been completed for the great celebration of Labor Day on Monday in this city, which will be shared by the union men of Vancouver, Victoria, and across the line as well as by the unionists of New Westminster. The arrangements have been in the hands of a capable joint committee from this city and Vancouver, and amusements of all kinds have been planned.

A football match in the morning, between the Westminster Rovers and Vancouver Shamrocks, a lacrosse match in the afternoon between the Westminster senior amateurs and the Maple Leafs, Vancouver, a long program of sports, including a baby show, and a ball in the evening form features of the program.

For the education of the working men along union lines there will be a series of speeches in the early afternoon, Mayor Kary welcoming the speakers on behalf of the city.

TO SPEND TWO MILLION TO IMPROVE WATERWAY

Ottawa, Sept. 3.—The United States government, through the British Ambassador at Washington, has made application to the government here for authority to carry on extensive improvements in the Detroit river in the vicinity of Blois Blane Island and near Amherstburg. At that point the channel is almost wholly on the Canadian side and it is in Canada that the two million dollars, the estimated cost of the work, will be spent. It is not often that a government spends its money in the territory of another, but in this case the United States navigation, which is excedingly heavy at that point, stands to benefit materially, even though the waters are beyond its jurisdiction.

TEN DOLLARS REWARD.

RUGBY CLUB FOR THE ROYAL CITY

Players Organized at Meeting Last Evening — First Practice on Monday.

At a meeting held in the board of trade rooms last evening the Rugby football players of this city organized and in the near future a team will be put in the field to play under the auspices of the New Westminster Rugby Fooball Club, colors red and blue.

A last evening's meeting the executive of the club was chosen as follows: President, R. J. Rickman; secretary, A. Davis; treasurer, A. Whitaker; coach, G. Pickles; captain, J. Hoult; councillor, J. Houle.

The club will hold its first practice at 9:30 on Monday morning at Moody square. It is hoped that there will be a full turnout, not only of those who have previously played the game, and want to get into it again, but of those who have never played but would like to do so.

A meeting of the executive of the club to consider details of organization will be held on Tuesday of the coming week.

The application, which was received by the Federal Department of Public Works, will be forwarded to the International Waterways Commission, which exercises authority in such matters. The work in view will make the channel straighter and wider, and eliminate a number of dangerous bends near the Lime Kiln crossing, where the channel is common to both countries though on the Canadian side. When these works are completed the United States government, it is stated, will have spent about four millions in improvement of international navigation, but almost wholly in Canadian waters. The Canadian government at the same time is spending considerable in similar improvements.

ABDUL HAMID IN PITIFUL PLIGHT

Appeals to Brother to Permit Experts Fom Western Europe to Treat Him For Incurable Disease.

Constantinople, Sept. 3.—From absolutely reliable and yet confidential sources it was learned today that Abdul Hamid, deposed Sultan of Turkey, is suffering from cancer of the stomach. The former ruler of Turkey has been examined by a number of physicians and the disease has been pronounced incurable by them.

Abdul Hamid's tenure of life is but a few months at best, according to medical men acquainted with his case.

It was recntly reported that the deposed monarch was insane, but the doctors say that his maniacal acts are the result of pain from the cancer-affected membranes.

Abdul has written to Sultan Mehmed, asking that doctors from western Europe be permitted to treat him. He is disgusted with the medical attention he is now receiving. He fears also that there is a plot to kill him. His horror of death is pitiable. So overwhelming is this fear that the former sultan does not sleep more than an hour at a time. He constantly demands the protection of guards.

MARKET REPORT

The weekly market was largely attended by both buyers and sellers, and a heavy day's business was transacted to the satisfaction of all parties. The arrival of Lord Strathcona and his party in the city had the effect of bringing out a large number of farmers, who might not otherwise have come to town at this season. All lines of produce were well represented and all produce offered sold readily with the exception of potatoes, which as usual were weak, the supply being greater than the demand.

There was a very fair supply of beef offered and all was disposed of at quotation figures. Lamb and mutton were comparatively plentiful and the demand was all that was expected, the price remaining unchanged from recent weeks. There was plenty of veal to meet all rquirements, although the demand was good. Pork was fairly plentiful and the demand was equal to the supply, although the hot weather is not conducive to heavy sales of this meat.

The heavy call for eggs showed no signs of abating and the supply, though large, was insufficient to lower the price, the tendency being rather to increase. The wholesalers following the lead of the retailers last week advanced their prices, making a new highwater mark for the season at forty cents wholesale. Butter was plentiful and of good quality at 22½ cents. A large number of birds were for sale and the majority were sold, the demand being strong for hens in good condition. Fowl sold higher than last week marking a steady rise in price. Chicken and broilers were in large numbers and sold readily according to size and condition, the price remaining unchanged. Ducks were a fair offering and all sold easily at from $8.50 to $9.50, an increase over the price last week of fifty cents. Fish was plentiful and the prices remained unchanged.

A much better supply of apples was in evidence than for some time and the demand proved to be strong for good stock. Baldwins and Duchesse were the main varieties for sale, Hubble Bros., of Sardis, selling a quantity of cases of fine apples of the latter variety. The best price obtained for the day was $1.75 a box, ordinary fruit selling at a dollar a box. G. W. Ladsey and J. N. Thompson, Chilliwack, sold a quantity of Bartlett pears. Mr. Thompson sold a number of crates of excellent greengages, of which W. P. McCormick, of Mount Lehman, also had a good display. There was a large supply of plums but sales were weak, the majority offered being affected with plum rot; the price accordingly fell away sharply from 40c to 50c. Some blackberries were sold at from $1.00 to $1.25 a crate.

DANES PROTEST AGAINST NEW CABINET MINISTER

Copenhagen, Sept. 3.—There was a procession through the city Sunday and a meeting of five thousand merchants and others, in addition to a largely attended socialist meeting, all in protest against the retention of J. C. Christensen, minister of war and marine, in the cabinet. Resolutios were adopted to petition the king and the folkthing to have M. Christensen arraigned before the supreme court, so that an inquiry might be instituted into his official attitude in connection with the Alberti frauds.

ST. CHARLES EVAPORATED CREAM

Mother and Child are equally benefited by St. Charles Evaporated Cream. It is the world's standard of purity and, next to a healthy mother's own milk, the best obtainable food for infants. Many doctors insist not only that infants be fed on St. Charles Evaporated Cream, but that mothers themselves make it a large part of their diet. The use of St. Charles Cream is economical too. It keeps forever, and by simply adding pure water in proportions, you have **pure milk** and pure cream, better than the best you can buy and equal to the best the best dairy in the world can produce. In using St. Charles Cream, *you take no chances.*

YOUNG HEIRESS HAS CHANGEABLE MIND

New York, Sept. 3.—Hazel Drew McGreal, the young Brooklyn heiress, has again changed her mind. She is again with her young husband and since August 17 has been living with him at the home of his father.

Hazel Drew McGreal's mother is very much puzzled over the re-elopment of her daughter. Mrs. Drew-Hall thought her daughter was going to the country and helped her pack up. She, however, went to Manhattan, where she met McGreal, and wrote that she was with Walter again and was madly in love with him. Hazel cannot get her fortune for two years. When this couple eloped some months ago they visited Montreal on their honeymoon journey.

BULGARIAN BANDIT IS SHOT ON STREET

Man Who Captured Miss Stone, the American Missionary, Some Few Years Ago.

London, Spet. 3.—A dispatch to the Daily Mail from Salonica states that the notorious Bulgarian bandit and insurgent leader, Sandansky, was shot on the street in Salonica at midnight yesterday by members of a rival faction that was formerly led by Sarafoff. Sandansky is now in a precarious condition in a hospital. Sandansky, was the brigand who captured Miss Stone, the American missionary some years ago. He is regarded as being responsible for thousands of murders in Macedonia. He is reputed to have committed three hundred murders himself. He has cultivated the freindship of the Young Turks since the Turkish revolution.

CHICAGO POLICE MUST WORK ON SYSTEM

Chicago, Ill., Sept. 2.—The Chicago police department must go to work and every one of the 3,000 members of the force must attend to his business under the very eye of the chief. By secret orders to commanding officers today, Chief Leroy, the steward made known that he would use the "Long arm" military system in checking up on every footstep of bluecoats and detectives.

Epitomized, the new chief's object is this: "When a crime of any sort is committed to know why it was not prevented or why, if no arrests were made on the spot, were they not made."

Never before has the police department been jolted by such a cold, mathematical proposition as the successor of Chief Shippy has put up to it and consternation reigned when the order was read yesterday, with the added word that it was to become effective immediately.

The new chief's plan for reducing crime in Chicago, with the means at his hand, was remindful of Lord Kitchener's famous statement when he took hold of the campaign against the Dervishes in Upper Egypt. "I'll lick 'em by algebra."

SCANDAL INVOLVES REGINA ALDERMAN

City Fathers Are Accused of Working Scheme to Hold Up City to Extent of $2000.

Regina, Sept. 3.—A discreditable transaction involving two aldermen has just come to light. In 1907 the city sold two lots in the Warehouse section of the city to Ald. Wiykinson, reserving the right for the city to run a spur track through the property. Subsequently Ald. Wiykinson sold the lots at a handsome profit to Campbell Bros. and Wilson, wholesale grocers. City Clerk Kelso, at the request of Wiykinson, but not until Chairman Peverett, of the finance committee, intervened, omitted the provision for the city spur from the wording of the transfer, although he knew the council alone had the right to vary the transaction.

The city now has to pay $2000 for powers, which of right belongs to it.

CLEAR OF THE JAIL, MORSE WILL FINANCE AGAIN

New York, Sept. 3.—That Charles W. Morse, the financier, recently released from the Tombs prison under $125,000 bail, has begun his efforts to rehabilitate his fallen fortunes was indicated today by the announcement that he has purchased a majority of the claims outstanding against the Metropolitan Steamship Co., which amount to $1,157,012.

Mr. Morse, who testified a month or two ago that he was absolutely without funds of property, said that the money to buy in the claims was obtained from the Morse Security Co. of Bath, Me., which concern was organized to back Mr. Morse in his attempts to re-establish himself and to save the property which he had developed before the crash of 1907. It is proposed to reorganize the Metropolitan Line by the formation of a new company.

Gunnery By Cinematograph.

Rome, Sept. 3.—Experiments have ben made to apply the cinematograph to the use of gunnery instruction in the Italian fleet.

During gunnery tests off Sardinia continuous photographs were taken of the work at the guns and also of the arrival of the shots at the target, and it is believed these will prove of great assistance to gunnery demonstrators.

The Minister of Marine is establishing a spcial section of photography and cinematography, with headquarters in Rome.

An Unexpected Feature.

Asbury Park, Spet. 3.—Sixteen thousand gallons of burning kerosene and 1,700 gallons of gasoline, belonging to the Standard Oil company, furnished free illumination last night for the opening of Asbury Park's annual carnival. The flames spread to a neighboring lumber yard and a coal trestle doing damage estimated in all at $50,000, most of which falls on the Standard Oil company.

Philadelphia, Sept. 2.—Little rain has fallen in Eastern Pennsylvania in several months and the drouth has caused serious damage. Crops and pasture fields have burned.

A dispatch from York, Pa. says that the big paper mill of P. H. Glatfelter Company at Spring Grove, Pa., has been compelled to suspend operations because of the drought.

The Schuykill river is at the lowest point in its history, and more than 1000 persons employed in the mills of Manayunk, a suburb of this city, are idle because of the scarcity of water.

CUT WHEAT BY LIGHT OF THE MOON

Alberta Farmers Work Both Day and Night in the Harvesting of Their Grain.

Calgary, Sept. 3.—Farmers are jubilant as the result of the existing weather conditions which are unexcelled. The days are warm with an abundance of sunshine, the nights maintain the temperature that materially assists in filling out the uncut grain. Farmers commence cutting at four in the morning, and by relays of horses cut continually, and in some cases cut for hours by the light of full moon. Fully sixty per cent of the crop throughout Southern Alberta is now cut and a total of 75 per cent will be safely harvested inside two days. Harvesting operations have created a marked demand for labor, and one employment bureau report that while 200 men were placed last week they required 600 more to fill their orders.

KING EDWARD TRIES THE SIMPLE LIFE

His Majesty Resting at Marienbad After a Very Busy Social Season.

London, Sept. 3.—King Edward is enjoying a much-needed rest at Marienbad after what has probably been the busiest season he has ever known. Not only have visits from the Czar and the Russian Douma added to his social duties, but he has fulfilled an unusual number of engagements in London and the provinces.

In Lacashire, Gloucester and Birmingham many of his subjects saw him for the first time since he has been King of England. At Epsom a tremendous crowd cheered his victory in the Derby race, and at Wellington and Rugby schoolboys heard him speak on the duties of citizenship. He has opened museums, reveiwed artillery companies and boys' brigades, inspected hospitals and attended many dedication ceremonies.

As to the State functions of the season, it is impossible to do more than hint at them. There were the usual levees, investitures, receptions and balls, and in addition th press delegates from the colonies and delegation from the Turkish Imperial Parliament were entertained. With all this, the King did not omit visits to his friends.

He made fourteen weed-end visits to country houses. He dined with many of his friends in London also, and found time to appear at the opera at Covent Garden seven times and the theatres nine times, which included the matinee performance of "His Borrowed Plumes," by Mrs. Cornwallis West. He attended two fashionable weddings and countless bridge parties, besides gala days at the Horse Show and other public affairs.

Now, after this whirl of business and pleasure, the King is leading the simple life at Marienbad, rising at 8 a.m. to drink the waters while walking to the golf course, after breakfast giving three hours to correspondence and State matters, then after a rest another lunch.

INDIAN MUTINY HERO IS DEAD

One of the Few of Those Who Reached the Old Cashmere Gate.

Halifax, Sept 3.—James Dalziel, who was buried here yesterday, was a hero of the Indian Mutiny. He was attached to the third column that advanced towards the Cashmere Gates, and was with the party who were to blow in the gates. Covered by the fire of the 60th Rifles, this party advanced at double towards the Cashmere Gates, Lieutenant Home, with Sergeants John Smith and Carmichael and Havildar Madhoo, all of them Sappers, leading and carrying the powder bags, followed by Lieutenant Salkeld, Corporal Burgess, and a section of the engineers, among them was Private Dalzeil. The advance party reached the gateway unhurt and found that part of the drawbridge had been destroyed, but passing over the precious footing supplied by the remaining beams, they proceeded to lodge their powder against the gate.

The wicket was open and through it the enemy kept up a heavy fire upon them. Sergeant Carmichael was killed while laying his powder. Havelidar Madhoo being at the same time wounded. The powder being laid, the advance party slipped down into the ditch to allow the firing party to do their duty.

The powder was fired by Corporal Burgess, who fell mortally wounded just as he had successfully performed his duty. The demolition having been successful, the 52nd regiment advanced in column and carried the gateway.

Mr. Dalzeil, for service at the Cashmere Gates, received a special pension, and was awarded a medal and three clasps for Delhi and Lucknow.

THE NEW, THE BEAUTIFUL, IN WAISTS FOR FALL

What will be most popular for Fall in Waists? This question is best answered by a visit in person to our display. It is practically needless for us to annonnce that this Fall will be a great season for Waists. The great popularity of the cleverly-styled Two-Piece Suits is responsible for this.

OUR DISPLAY HAS BEEN SELECTED WITH UNUSUAL CARE, AND YOU WILL NOTE ITS OUT OF THE ORDINARY APPEARANCE IMMEDIATELY. COLORS ARE QUITE POPULAR, BUT THE STYLE AND COLOR RANGE IS SO BROAD THAT EVERY ONE MAY PLEASE THEIR FANCY.

Our Waist Section will be thronged daily with shoppers eager to see the new styles. We suggest that you come early—don't delay your visit. These remarkably handsome early styles will be quick to go. Come while the display is at its best. Many designs in many other wearables for women are also here waiting to charm with their originality of design and their splendid style effects. Prices are extremely modest.

The New Corset Models

Present day styles of dress need not worry any woman who desires that her dresses may have the fashionable appearance necessary. Among the newest styles of corsets are those that tend to lengthen the waist of stout women; other designs tend toward giving form necessary in the slighter figures. Those in charge of the Corset Section will carefully explain the features peculiar to the new models in "Nemo Corsets" for stout women. A La Grace Corset for slight and medium figures. Our prices prevent no woman from obtaining corsets to suit. We cater to all purses. Prices per pair
