JAP FISHERMEN ASK 10 TO 121-2 A FISH

Canners Meet in Vancouver
Tomorrow to Discuss Salmon Price.

Despite rumors that have of late been in circulation the price of salmon for the season, which opens today, has not yet been fixed. The canners will, however, meet in Vancouver tomorrow, and it is probable that they will then decide just what they are willing to pay for their fish, and notify the fishermen accordingly.

The Japanese fishermen have already handed their ultimatum in to the canners, and the decision of the Orientals will no doubt play an important part in the deliberations tomorrow. The Japanese Fishermen's Association has officially announced that they are willing to take 12 1-2c a fish for July, and 10c a fish after that. The secretary of the Japanese association has notified the canners that this figure is final, and that no alteration will be considered.

Whites Want 15c.
The white fishermen have so far made no definite move. Individual fishermen have announced that they will look for 15c a fish, but up to the present the white fishermen's association has made no declaration on the subject.

Those who are in touch with all sides of the question state that it is extremely improbable that the canners will be willing to go as high as 15c for the fish. The likelihood appears to be that the offer of the Japanese for 12 1-2c and 10c will be accepted.

Extensive preparations are being made by the canners for the coming season. This is one of the "big years," and a large pack is expected. Last year there were in the New Westminster, Vancouver and Steveston packing districts only seven canneries in operation. This year every canner in the three districts, something over twenty in all, will be worked.

Of the local canneries the St. Mungo was the only one in operation last year. This season in addition to it there will be in operation in and about New Westminster, the Clevee, Dease Island, Union, Industrial and A. B. C. canneries.

Sockeye Due Soon.

Although the season opened today it is not expected that the sockeye will commence to arrive in the river until about July 15. The fishermen will probably get out their sockeye nets about the tenth, but it is not expected that they will begin to take fish to any extent until about the twelfth, and the main body of the fish is not looked for until the fifteenth.

At present the spring salmon fishermen are getting unusually large catches. In fact, those who have been at the business for years state that never before have such catches been known. This week some fishermen have taken as much as nine hundred pounds of fish a night, while in some cases they catches have run as high as fifteen hundred pounds a week.

This is regarded as auguring well for the sockeye season.

The authorities of the fisheries department in this city announce that they have received no instructions from Ottawa as to the passage of any new regulations, and that accordingly the fishing this year will be conducted under the same rules as last year.

HON. L. BRODEUR TAKES NAVAL PLANS TO ENGLAND

Carries Specifications to London
Which He Will Lay Before
Lords of Admiralty.

Montreal, June 30.—No final announcement of the government's choice of a dry dock will be made until Mr. Brodeur returns from England at least. It is held by the Minister of Marine and Fisheries that the establishment of any such large improvement as a permanent dry dock should be in such a place as to allow of its use by large warships when on this side of the Atlantic.

Mr. Brodeur will therefore carry with him on leaving for London to-day full plans and details of the proposals for the drydock and will lay them before the Admiralty.

"Athlete" in the Toils.
Chicago, Ill., June 29.—Thos. Grand who says he holds a gold medal as champion light weight fighter and wrestler of British Columbia, is under arrest as partner of Benj. Ely in an alleged fake prize fight, wrestling and foot race swindle.

Customs Returns for June.
Duty collected ... \$15,606.63

TWO CUPS ARE DONATED FOR LIVE STOCK JUDGING

New Attraction for Breeders at Provincial Exhibition—Tubercule Test Accepted.

At a meeting of the Board of Control of the R. A. and I. society, held yesterday, it was decided to accept the offer of the B. C. Live Stock association to donate two cups, one for men and the other for boys, at the provincial exhibition for stock judging. R. W. Hodson, live stock commissioner, conveyed the information. They also accepted an offer to conduct a tubercule contest for cows on the grounds for demonstration purposes, and also granted the request of the local Anti-Tuberculosis society to sell badges on the ground, the proceeds to be devoted to the Tranquille Sanatorium building fund.

Matters which were discussed and in regard to which no definite action was taken were the removal of the grandstand up to the oval, the horse show building and the proposed fisheries building. The committees responsible in each case were granted four days. Those present were T. J. Trapp, president; G. D. Brynmor, W. R. Gilley, L. A. Lewis, J. B. Kennedy and the manager, W. H. Keary.

COAL STRIKE AT LAST COMES TO CONCLUSION

Operators of Alberta and B. C. Mines
Return to Work—No Closed
Shop Clause.

Winnipeg, June 30.—After a strike lasting three months, the 6000 coal miners of Southern Alberta and Southeastern British Columbia voted yesterday to accept the terms offered by the operators. The agreement will be signed at Hosmer today and is to last two years.

While the men did not obtain a closed shop clause, the district executive has the full co-operation of the operators in making their organization stronger.

James McCallum was fined \$50 and costs for supplying an Indian with liquor, and the Siwash was fined \$25 at the city police court yesterday.

Another meeting in connection with the citizens' picnic will be held shortly. The date chosen will probably be either July 28 or August 4, and the objective the Seattle exposition. D. E. Mackenzie is in correspondence with the fair authorities on the matter.

HALIBUT STEAMER IN.

Flamingo Brings One Hundred and Thirty Thousand Pounds.

The halibut steamer Flamingo returned to port yesterday after a successful cruise to the Cape Scott fishing grounds. The Flamingo had on board some 130,000 pounds of fish.

The crew of the halibut vessel reported a pleasant trip, the weather having been fair all the way. The cruise only lasted six days, two days being consumed in getting to the grounds, two days being spent in fishing and two days in getting back to port.

While on the grounds the Flamingo took in fish at the rate of some 65,000 pounds a day. On the trip about 400 pounds of herring were consumed as bait.

Germans Conduct Duel With Sanction of State

New York, June 30.—Although duelling is nominally illegal in Germany, details of a remarkable encounter in which the preliminaries were arranged by the state are given in a cable from Berlin, which states that Lieut. Granier shot and killed Lieut. Zwiters near Blankenburg.

WISHES TO CONSTRUCT GREAT BUSINESS BLOCK

Council Will Consider a Third Proposition for Erection of Building on Lytton Square.

Two separate schemes to build over Lytton square have been presented to the city council during the last fifteen months, one from a man at Tacoma and another in Seattle, and now a third will be put forward by a man who hails from the Sound metropolis, but is in a better financial condition than his predecessors to carry out his intentions.

After a conversation with Mayor Keary on Monday to know if the council would entertain the proposal, the matter was submitted to the council, and it has been decided to meet him at an early date and discuss the matter. As in the previous cases he proposes to arch over the street, and leave an open space for the market covered in. The building would comprise stores and offices. Nothing further is known till the promoter explains his plans.

SPECIAL ASSESSMENT FOR MONTREAL ALDERMEN

More Startling Evidence is Given Before Royal Commission—A Carnival of Perjury.

Montreal, June 30.—Ex-Alderman Ames, M.P., was one of the witnesses at the Royal Commission today, and his evidence was an example of the favors which are at the disposal of the members of the Montreal City Council. Mr. Ames testified that when he was first elected to the city council he was asked by the city assessors if he desired the valuation of his property for assessment purposes to be reduced, and that he declined the offer, saying that if the valuation was correct for him as a citizen it must also be correct as an Alderman.

There seems to be a perfect carnival of perjury going on at the investigation amongst the members of the fire brigade. In nearly every case where charges have been made, evidence diametrically opposed to that given by the witnesses to the charges has been forthcoming.

It would seem from the evidence that middlemen had scoured out in the rural districts looking up farmers with bank accounts, who were willing to pay for appointments to the fire department. One of the witnesses of day testified that three-quarters of the men in the parish which is one of the rural districts below Quebec, were members of the Montreal fire department.

LEGAL INTELLIGENCE.

County court chambers before His Honor Judge Howay yesterday: In re Murray. Application to cancel plan. W. F. Hanford made application. Order to go upon filing consent of attorney general.

Canadians at Court.

London, June 30.—A. Henderson, Labor M. P., has decided to make a tour of Canada.

Among the Canadians summoned to attend their Majesties' court this evening are Hon. Frank Oliver, Mrs. Oliver and their two daughters.

SHAREHOLDERS ARE STILL IN DEMAND

Royal City Navigation Co.
is Organizing — Manager
Whitmore to Retire.

Although the Royal City Navigation Company has made considerable advance toward its object, the establishment of a new steambarge on the river, a serious drawback to its progress was threatened at a meeting last evening when the popular manager of the old company, Robert Whitmore, resigned his position on the ground that the company could not be in operation for some months, and he had gone to the end of his tether while canvassing to obtain subscriptions. On those grounds, and pointing out he must earn a living for himself and family, he asked for his resignation to be accepted. He had an opportunity for another appointment, having already lost one by the delay incidental to the canvass of the city and district.

After considerable persuasion he was induced to hold over the resignation till July 9, when another meeting to elect directors will be held, on condition that \$17,000 be in hand by that time. This is the minimum sum to be raised before the boat can be put in hand.

It was found impossible to go further than to empower the provisional directors to carry on the business of the company till then, and to approve the draft of a prospectus.

George E. Martin, who presided, explained that the company had been incorporated with very wide powers, and it would be necessary to have the shares subscribed before regular officers could be elected.

The manager said \$11,250 has been promised, with options on another \$500.

J. A. Lee and T. S. Annandale said the personnel of the company would make a great difference with the public, and they had confidence in Mr. Whitmore. The latter and A. McLeod had done their best in the way of collecting.

CLODBURST IN MONTANA DOES HEAVY DAMAGE

Helena, Mont., June 30.—A clodburst in the mountains south of Helena yesterday afternoon wrought much damage in the city and adjacent country. Small streams and dry gulches in the vicinity became raging torrents. Main street carried a foot of water and scores of business houses were flooded.

It is feared that much damage has been done in the Prickly Pear valley and in the Missouri River bottoms.

LAST JUNE WEDDINGS.

Two of Them Took Place Yesterday at St. Andrew's Manse.

The wedding month is over. Yesterday was its last day and the weddings came in with a rush, two of them taking place at St. Andrew's manse alone.

In the morning Samuel Miles Black, burn, and Charlotte Horrobin, both of Vancouver, were united in matrimony. The ceremony was very quiet, and on its conclusion the young couple left for Vancouver again.

Later in the day Rev. J. S. Henderson was again called upon to tie the marital knot, the principals in this case being William Nathan Gladhill and Josephine Katherine Lehman, both of Aldergrove.

CHINAMEN AND WHITES PREPARE FOR BATTLE

Serious Riot Narrowly Averted in
Ottawa—Oriental Draws Knife
on Boy.

Ottawa, June 30.—Three or four Chinamen were being pelted with gravel by some lads, when one of the celestials made a rush at them, and it is alleged, stabbed a boy named O'Connell with a knife. The wound is trifling. The Chinaman blew a whistle which caused about fifty of his compatriots to appear. Several hundred white men also gathered, and becoming menacing the celestials scattered. An hour later the police arrested Hum Chung for stabbing. Hum Chung denies the stabbing and says the boy fell and cut himself on a sharp stone.

PRESENTATIONS TO POPULAR PRINCIPAL

Miss Rogers Receives Tangible Proof of General Appreciation as Teacher.

The resignation of Miss Rogers for the past twenty-two years principal of the Girls' Central school in this city was not permitted to pass yesterday without tangible recognition of her services from the board of school trustees, the staff, and pupils.

After the pupils had been released the trustees and teachers together with a few visitors, gathered in the Central building, and occasion was taken to present a handsome sterling silver tea service to Miss Rogers, with an illuminated address, placing on record her services to the successor of girls passing through her room in the last two decades.

Trustee Trapp, president, and Trustees Peck, Peebles, Lorne, and Thorber and the secretary, Rev. Robert Lennie, together with Inspector Stewart, and B. W. Shiles, W. C. Coatham principal of the boys' Central school, F. O. Canfield, principal of the Lord Kelvin school, and H. H. MacKenzie, principal of the Sapperton school, and members of the teaching staff, also attended.

Secret of Success.

The chairman and each of the trustees bore testimony to Miss Rogers' splendid work among the girls, and the moral tone of her influence throughout the school. Inspector Stewart ascribed her success to the subtle influence of authority always present, but not brought into use to the discouragement of the children.

Principal Coatham said Miss Rogers had helped him ever since she came at Easter, 1887, and with her it was always the children first, her own position second.

Trustee Peck presented the tea service to Miss Rogers, who was manifestly touched by the expressions of appreciation, and briefly responded, thanking the speakers.

The Address.

The text of the address was as follows:

"To Miss Ellen Rogers, retiring principal of the girls' school. Dear Madam: We, the board of school trustees of the city of New Westminster cannot express the sense of loss we feel in your retirement from the principality of our girls' school.

"For over twenty-two years you have most faithfully devoted and successfully carried on the work committed to your care, so that your school now occupies a position of prominence second to none in the province. Your high moral principle, your particularly genial disposition, your eminent pleasantness of manner, and your superior effectiveness in management has secured for you the esteem and affection of your associates, your pupils, their parents, and the community at large, all of whom greatly regret your resignation, while we, the trustees, unite in this regret.

Hope to See Her Return.

"We recognized and admire your devotedness to duty in determining to give your attention at present to your aged mother in her present feebleness, your decision in this respect helps to reconcile us to the loss we sustain in your absence from our staff. We ask your acceptance of this slight token of our high regard and we trust the wise Disposer of events may so direct your future movements that if circumstances permit you to return to the teaching profession for which you are so admirably fitted, or adopt other and less arduous pursuits, your life must be most happy and characterized by the same usefulness which has so marked it in the past."

On the tray was the inscription, "Presented by the Board of School Trustees of New Westminster City, to Miss Ellen Rogers on her retirement from the principality of the Girls' Central School, New Westminster, B. C., June 30, 1909."

The pupils presented Miss Rogers with a silver fern dish and the staff of her school with a handsome brooch.

READY FOR GAME.

First-class Football at Queen's Park on Saturday.

The Westminster Rovers are keeping in good shape for the second match in the series for the B. C. Football cup, to be played with Lady-smith on Saturday, and will give a better account of themselves on that occasion than last Saturday. The match will be called at Queen's park at three o'clock. Davidson will be in goal, and Percy Hooper and Jonsson are expected to be out in the red shirts. Tim Mahony will probably referee, or else Will Ellis of Vancouver.

Lightning Went Through Roof.

London, Ont., June 30.—During the thunder storm yesterday the lightning struck the house of Mr. and Mrs. Riddle, Bathurst street, while they were at dinner. It made a clean cut two-inch hole through the roof, and passed through the floor into the dining room within four feet of Mrs. Riddle, who suffered a severe shock.

THURSDAY, JULY 1, 1909.

ENGLAND REGAINS HER POISE.

English opinion, it is reported, looks upon the meeting between Kaiser and Czar with equanimity. England now-a-days is not disinclined to look upon anything with equanimity that her refusal to shape a new scene out of the periodical meeting between the two Emperors, may be taken as a sign of returning common-sense in Albion.

It would have been so easy to show how the interview in the Gulf of Finland was another staggering heart-blow at the Empire; how William II's purpose was to win Russia away from her friendly understanding with Great Britain; how Russia would be incited to antagonize British interests in Persia, and persuaded to join hands with Japan against her present ally; how the dominion beyond the seas would thus be put to mortal peril as a preparation for Armageddon in the North Sea; how anything and everything else a nation's panic fostered by a yellow press can render conceivable, is bound to come.

But instead the English nation has chosen to believe that the imperial interview will actually assure the peace of Europe. The ruin of the Empire is perceptibly no nearer than it was on the afternoon of the day before the interview, though of course it is much more imminent than before Lord Rosebery and Mr. Balfour delivered their speeches at the Imperial Press Conference.

After all, it is possible that Parliament will close and Englishmen will enter the grouse season in a fairly composed state of mind.

Throughout her present sharp attack of nerves, nothing has been more striking than Great Britain's omission to find encouragement in any reserves of moral strength she might honestly claim to possess. She has weighed her chances against Germany's in terms exclusively of reeking tube and iron shard.

When men have predicted the dismemberment of the Empire and the destruction of London by a German army corps, it seemingly has occurred to no one to inquire whether the British Empire and the German Empire do not embody certain diverse ideals, which might have some influence in throwing victory to one side or the other. Moral issues, we admit, have no interest for the experts who balance broadside against broadside, and batallion against batallion, and love to forecast the fate of battles by the narrowest of arithmetical margins.

Yet it is these same experts who, after the event, explain away their sad miscalculations by that despised moral factor.

It was the superior moral weight of the Japanese cause that, by common confession, contributed as much as anything to the defeat of Russia.

It may have been the needle gun and Moltke's genius that brought about the downfall of France, but Germany's moral right to make herself into a united nation played a sufficiently important part. Men and guns are not everything if they are arrayed against the trend of civilization and the spirit of the age.

When the British fire eaters picture Germany as pouncing upon the empire, and seizing it for herself, it is pertinent to ask whether Germany's strength is such as to make her a fit ruler of dependencies.

We may go further and ask if even that fear of a great Germanic empire in all Europe, can be anything but an empty fear. To exaggerate the power of the German army is only to indicate the limitations of German expansion. Prussian militarism may be justified in the eyes of most Germans today by the unity, the prestige and the assurance of peace it has brought them. To the extent that the Prussian army has worked toward such ends, it has been a moral agent. But Prussian militarism will not retain its effectiveness when it sets out to conquer and keep down foreign nationalities.

By so much as the Prussian element in the Hohenzollern dominions dwindles to a minority, by so much more difficult will it be to maintain a Hohenzollern empire that shall be at the same time a great hive of industry and an armed camp.

English rule, with all that can be cited against it in India and Egypt, still carries with it the fundamental principle of democracy.

England is still the mother of parliaments and the inspiration for oppressed nationalities. Her Empire

is mainly based on self government, and even in India, where the problem is so immensely difficult, the English instinct for progress with prudence is manifesting itself. Would it be foolhardy in an English statesman to declare that until Germany had thoroughly learned the lesson of democracy and the supremacy of the civil over the military authority, the British Empire has, in the long run, nothing to fear?

It is hard to imagine Australia, South Africa or our Dominion overrun by German troops.

But even if we imagine the conquest as effected, it is quite impossible to think of Germany ruling these colonies.

The spirit of German government and administration must grow more supple and more modern before the war-lod can look toward domination over non-Germanic Europe, or dominions beyond the seas.

Not all the moral weight is on the side of Great Britain. The German nation has discipline, loyalty, laboriousness, enterprise and method.

British statesmen have conceded the Germans the palm for efficiency. Germany has no such internal sores as England's pauperism to weaken her. Her laborers work harder and fare worse than the English, but they have a greater assurance of immunity from starvation, or the poor-house, in their old age.

We may enumerate every fine quality that has contributed to Germany's leading place among the nations, and yet question whether expansion along undemocratic lines can go much farther than it has gone with her.

PARIS POLICE ARREST LARGE GANG OF COINERS

Paris, June 29.—M. Hamard's detectives have arrested a gang of coiners in the Rue de Henlimontant. In February last a blacksmith and a clocksmith were arrested at St. Die in the Vosges on a charge of uttering spurious five-franc pieces, as a large quantity of the same coins, supposed to have been manufactured in Paris, were in circulation at Meaux. M. Hamard was informed, and the chief of the criminal investigation department instituted a search for the coiners and ran them to earth.

Two men, Prosper Pacment and Sebastian Baldomero, were looked upon as respectable tradesmen by the other tenants in the house in which they resided. In their rooms was a complete installation for making counterfeit coins. The men were taken to the lockup and two inspectors remained in the rooms. After the lapse of a few hours there was a knock at the door. Two men had arrived for more coins to put into circulation. They were apprehended. Later on three women, supposed to be the mistresses of the coiners, were arrested. All the members of the gang are known to be anarchists.

Funeral of Mrs. Demming.

Bent and G. W. Jamieson. Flowers were received from Mrs. A. Coomach, Mr. and Mrs. Pride, Mrs. Goranson, Mrs. E. Storm, Mr. and Mrs. Pierrot, Mr. and Mrs. A. George, Fidelis Class, and others. Rev. D. Long officiated. The arrangements were in the hands of D. Murchie.

Theologian in Libel Suit.
Montreal, June 23.—An incidental action was entered this afternoon for \$5000 by Rev. George C. Workman against the Wesleyan Theological College for libel. This action follows that taken by Dr. Workman against the college, April 30, for \$5,000 and is the direct result of the plea entered by the defendants, which the plaintiff claims is a reiteration of the libel, and for which he now seeks a sum total of \$10,000.

LORD KELVIN SCHOOL.

At the Lord Kelvin school yesterday morning the breaking up was well attended, and included an exceptionally fine program. Carefully trained, the pupils rendered successful choruses of "The Maple Leaf Forever," "Cheer, Boys, Cheer," and "The Red, White and Blue."

Under the tuition of Miss Marshall, who has a decided talent for training children, several dialogues were most successfully rendered.

Perhaps the best feature of the morning's work was the excellent cornet solo of Master Harry Bond. Dispensing with the time-honored harmonium, the whole school was led in the part songs by Harry Bond on the cornet.

J. C. Loree, one of the trustees, addressed the pupils and expressed his pleasure of the splendid work of Principal Canfield, who, in such a short time, had brought discipline to bear in the large, new school.

Mr. Canfield, in addressing the scholars and parents, laid particular emphasis on the loyal help of his staff without which the fine results they had to show could not have been accomplished.

Live Stock Insurance

Live stock insurance has fast become recognized as one of the best kinds of insurance in existence, and an ever-increasing number of stock owners are protecting themselves against the serious losses which they have had to suffer in the past. I represent the only strong, reliable Canadian company carrying this class of insurance, and as they do not handle any insurance but live stock they are able to fulfil their obligations to the greatest satisfaction, and every legitimate loss which has occurred on any of the company's policies since they started business, has been promptly paid, cheques usually being forwarded within a day or two, and the following letter is an instance:

New Westminster, June 23, 1909.

A. W. McLeod, Agent British American Live Stock Ass'n Ltd., New Westminster, B. C.

Dear Sir,—I beg to thank you and your company for the prompt settlement made for the loss of my mate "Nell," for although my claim form was only completed yesterday I have already received cheque for \$200.00 in full payment.

LONDON DETECTIVES TO PROTECT RUSSIAN CZAR

Feared That Attempt Will Be Made on His Life During His Visit to England.

London, June 30.—The head officials of Scotland Yard make no secret of the fact that they regard the visit of the czar to this country with greater anxiety than that of any other European sovereign. The most extraordinary precautions have been ordered for his majesty's safety, while he is here, and this throws a great amount of work upon the heads of the detective staff. While the Russian yacht is off Cowes it will be impossible for any unauthorized person to get anywhere near it, and torpedo destroyers and other small craft will be employed to keep guard. The large anarchist colony of Russians in London, which has migrated from the Soho district to Tottenham, will be kept under very careful supervision. Already some 40 detectives have been told off to keep a careful eye upon certain suspicious characters and their movements.

Protest Against Visit.

London, June 30.—The members of the Labor party in the House of Commons have issued a manifesto protesting against the approaching visit of the czar to King Edward. The manifesto disavows the least enmity to the people of Russia, and declares that the Russian administration has become blacker and bloodier the last two or three years, and citing figures of imprisonments and executions exclaims: "Did Abdul Hamid ever do worse?"

THE NOBLE LORD KICKS A WAITER DOWNSTAIRS

London, June 30.—Lord Brooke, eldest son and heir of the Earl and Countess of Warwick, must appear as defendant in the Westminster police court. A summons against his lordship was granted yesterday on complaint of his butler. Lord Brooke returned home tipsy at 11 o'clock on Thursday night, the butler said in asking for a warrant. Without the slightest provocation he abused, then attacked the butler, badly blackened his eye and knocked him down a flight of stairs.

"His lordship seemed to think he was fighting in Africa again," the butler complained. In the morning, to continue the wounded servant's story in court, Lord Brooke explained to him that he had received a letter that night which slightly ruffled his temper, and offered a verbal apology and a cash salve for the black eye. "But I want redress," said the butler, demanding the summons. "I've been in his lordship's service only about a fortnight, and this is the second time his lordship has knocked me down. It's too much of a good thing."

Bullet Was Too Real.

Los Angeles, Cal., June 30.—Physicians at the receiving hospital announced today that Jack Vernon, the Grand theatre actor, who was shot during the performance of a melodrama on Saturday night, will recover from his injuries. The presence of a bullet in the supposed blank cart-ridge remains unexplained.

The shot, which struck Vernon in the right hand and ploughed its way to his shoulder, was fired from across the stage, and narrowly missed the heads of several thespians who were on the board during the scene.

Nice and Healthy There.

Chicago, June 30.—Hundreds of persons suffering with leprosy are allowed to wander unrestricted through the island of Cuba, according to a statement just issued by Dr. Mathias Duque, secretary of health and charities of the island. The statement was given out in Chicago by L. Vailin Cuban consul in Chicago. It tells of the phenomenal success of the Cuban government in suppressing the disease of yellow fever, malaria and the like. Similar steps are to be taken at once for the suppression of leprosy and tuberculosis.

PASTOR GETS EVIDENCE AGAINST SEATTLE SALOONS

Under Authority of Ministerial Federation He Visits Hotels and Gath-
ers Incriminating Testimony.

Seattle, Wash., June 30.—Under the authority of the Ministerial Federation of Seattle, Rev. A. Norman Ward, pastor of the Methodist Protestant church, as head of an investigation committee of four pastors, has been visiting the uptown grills and cafes, and has collected evidence and secured the names of witnesses and will prosecute all the establishments that have come under their observations. Other places will be visited and the campaign carried into practically every cafe in the city where liquor is sold to girls and young men.

In his sermon on "The Safeguards of Youth" last Sunday, Rev. Ward referred to the saloons he said he and the members of the committee witnessed while on their tour of investigation. All members of the committee say they are prepared to testify when called upon.

The ministerial federation, of which Mr. Ward is president, represents the affiliated orthodox churches of the city. Mr. Ward said in his sermon that the committee was actuated by a desire to save shop girls and working girls, many of whom he said the committee saw in the uptown grills in such an advanced state of intoxication that they were carried out by their young escorts, pliable and helpless. The restricted district was only an incidental phase of his discourse.

COLONIZATION ON AN ENTIRELY NEW SYSTEM

Company is Formed to Bring Hollanders to Northwest on Novel Conditions.

Calgary, Alta., June 30.—A company is being organized here to form a colony of Hollanders and its mode of procedure is unique.

A tract of land will be purchased in the Bow river valley and each Hollanders will be settled on a quarter section after having had their fares paid out from Holland. Each family will be supplied with horses, cattle, implements, buildings, and all the other requisites of an ideal western farm.

For ten years the head of each family will be employed by the company at current wages, while the produce of the farm will be sold for the benefit of the company. Each settler will be required to cultivate 140 acres of his quarter section and the remaining 20 acres he may devote to his own use, and in this way it is anticipated he will be able to save his entire wages.

At the expiration of the ten years the settler has the option of purchasing the farm and buildings at their valuation.

The Hollanders are expert lace, linen, cheese and butter makers, and it is expected a number of these industries will start up in connection with the colony.

FARM HAND FALLS HEIR TO ENGLISH BARONETCY

Winnipeg, June 30.—Joseph Brough, a young Englishman working as a farm hand at Alexander, Manitoba, has fallen heir to a baronetcy in England and also an estate valued at £75,000. Baron Chittin, for such is his name, leaves shortly for the Old Country to claim his fortune. Solicitors of the family have written Brough and have sent him sufficient money to travel home in a style befitting his new position.

THE HOME PAPER

Has "ROBIN HOOD"—the Flour that is Different—
been used in your home yet? You should start now.

Don't put off trying this wonderful new flour.

Every woman is proud of her cooking successes. The day four husband tells you that the bread or the pastry "is simply fine" is a happier day than usual for you. Haven't you found it so?

Now, to get the best success in your baking you must use the best flour. There is a great variety in flour, far greater than most women think. There is difference in wheat, difference in machinery, difference in methods and in knowledge of milling. This all results in difference in the flour, the final product.

"ROBIN HOOD" Flour shows most surely how great a difference there can be between the best flour and poorer flours. It is made of the best Saskatchewan wheat. Our equipment is the newest and most modern in Canada. Our experience in flour making is such that we know how to avoid the mistakes and take advantage of the best improvements in the milling industry.

"ROBIN HOOD" Flour has delighted all who have used it in Canada. For one thing it absorbs more moisture than other flours. Don't forget this when preparing your dough. The loaf made from "ROBIN HOOD" Flour is light, flakey, beautifully sweet, and most nutritious. It is the finest loaf your husband, your children or you yourself can eat.

More than that "ROBIN HOOD" Flour is sold under a positive guarantee. If by any chance you are dissatisfied after you have baked twice with it, your grocer is authorized to refund your money. Could we show greater confidence in "ROBIN HOOD" Flour?

Give "ROBIN HOOD" Flour a fair trial and don't forget to note the effect of adding more water than you use with other flours.

"ROBIN HOOD" flour is the flour that is making a sensation in western Canada. All over the west it is being talked about. The question neighbors are asking today is: "Are you using that new ROBIN HOOD FLOUR?"

LINEUP CHANGED FOR TODAY'S GAME

Neither Punk Wintemute Nor Jack Bryson Will Play in Vancouver.

Neither Wintemute nor Bryson will play in the exhibition game in Vancouver today. Bryson is at present in bed, suffering from the effects of over-exertion in the Tecumseh game, while Wintemute also was too much done out in Tuesday's match to be fit to take the field today.

The places of the two absent players will be taken by C. Latham and Grumpy Spring, and the team will line up as follows:

Gray, goal; Galbraith, point; T. Gifford, cover point; J. Gifford, first defence; G. Rennie, second defence; T. Rennie, third defence; W. Turnbull, centre; C. Spring, third home; C. Latham, second home; A. Turnbull, first home; L. Turnbull, outside; and G. Spring, inside home.

The lineup was decided upon at a meeting of the management of the club held yesterday afternoon. It will be noted that although Doughy Spring and Bill Turnbull are both playing, Turnbull is retained at centre where he played on Tuesday, and Spring at third home. Turnbull made good on Tuesday, and in the event of Pat Feeney's being unable to take the field again this year, it is probable that Bill will be kept permanently in his new position.

Latham has not been on the field now for some time. He has, however, been turning out regularly with the team, and is in good shape.

Grumpy Spring at inside home will have a hard place. In Saturday's game, however, he demonstrated his ability to give as good as he received from players twice his own size, and there are no doubts as to his being able to hold down his new job.

With the exception of the two men who are laid off, the team is feeling in surprisingly good shape after Tuesday's game, and feel confident that they can more than hold their own against Vancouver.

The players admit that they are stiff, and on that account expect that the first will be for them the worst of the four quarters.

"We shan't get limbered up until the end of the first quarter," said one of the players yesterday, "but once we get going I think that we can hold Vancouver all right."

Only the fact that the men are in perfect shape enables them to be in condition for today's game after two matches like those of Saturday and Tuesday.

The officials for today are President Lynch of the Westminster club, referee, with Matt Barr of Vancouver judge of play.

The team will gather in Vancouver at the Commercial hotel, where they are requested to put in an appearance not later than 2 o'clock. They may secure their tickets at Ryall's drug store, at any time after 10 in the morning.

The game will start at three o'clock and will be preceded by a match between the Vancouver and Victoria juniors. It will be played at Recreation park.

BOWLING

The results of the games between Jones and Day and Purdy and Wintemute were as follows:

	1.	2.	3.	Tot.
Day	91	77	87	255
Jones	75	71	72	218

	1.	2.	3.	Tot.
Purdy	78	81	83	242
Wintemute	68	79	84	231

Totals. . . . 166 148 159 473
This is the closest game so far in the league, being a tie game. An extra frame was rolled resulting in a win for Jones and Day by one pin.

The July schedule will be published in Monday morning's paper.
