LOCALS VICTORIOUS OVER GOLD-BELT MEN

Dawson Basketball Team Unable to Withstand New Westminster Athletes.

The Militia basketball team opened the local season very satisfactorily last evening by defeating the Klondyke team of Dawson by 16 points to 6. The match was characterized by good checking which at times bordered on roughness, the chief offenders being the visitors, but the knocks were allowed to pass and the match was finished without being punctuated by fisticuffs. Hancock, of the Klondykers, was on the floor a couple of times, having received severe jars to his anatomy, but he regained his feet each time without much delay.

The Alaskans play a rattling good game. They are quick in passing, fast in checking and most of them are good shots. They semed always to be winning but for one basket or another the green jerseys would net a majority of times. The locals did better shooting all around, and had they been of equal weight to the Dawsonites their score would certainly have reflected the extra weight, although the latter showed a more thorough knowledge of the game.

The crowd turned out last evening to see the two basketball games, and were not disappointed. Both games were full of interest from start to finish. In the preliminary, which was between the Intermediates of the Terminal Athletic club and the Militia Intermediates of New Westminster, the Vancouver boys scored by a margin of seven goals to five. The locals were right on their mettle all the time, and every score was earned. New Westminster got two free throws on fouls but failed to connect. The game commenced at 8 o'clock and was finished at 9, after which the senior teams took the floor. The line-up of the teams were:

New Westminster—Guards, W. Sangster and Spring; centre, R. Sangster; forwards, B. Gilley and O. Swanson.

Vancouver Athletic club—Findlay Wright, forwards; Robertson, centre; Matheson and McKinnon, guards.

Reid, of the Dawson team, referee, and Rev. C. W. Houghton held the watch, while the official scorer was Powell.

Finlinson landed the first goal for the visitors in about five minutes, and Gilley soon followed suit a couple of minutes later. The latter got a free throw on a foul immediately after and scored the ball. Morrison also scored from the field in the first half, while for the Klondykers Douglas found the basket in the first half from the field and of two free throws he scored one of them. At the end of half time the score stood five to seven in favor of New Westminster. Douglas made a great execution soon after the commencement of the second half by shooting the net twice in twenty seconds. He is an excellent shot, but a poor checker. An accidental mix-up with a militia player stretched him on the floor a couple of times during the game, but he always came up smiling and ready to take delivery of the leather. J. Finlinson, of the Klondyke team, knows the game as well as they, but he is rough, and likely to cause trouble when dealing with a rough opponent. Alex. Robertson, who kept tab on Finlinson's movements, did his work well and managed to score a few times between checks. Peele was in good form and checked his man closely. His passing was also up to the mark.

New Westminster was granted four free throws and netted two of them while the visitors scored two free throws out of three. Scores from the field were made by the following for New Westminster: Spring, 1; Peele, 2; Robertson, 3; and Morrison, 1, each score counting two points. Douglas made five out of the six scores secured by the Klondykers, the six being made by Reid.

The teams lined up as follows: New Westminster, guards, Spring, Peele; centre, Lund; forwards, Robertson and Morrison. Dawson, guards, Reid, J. Finlinson; centre, M. Finlinson; forwards, Douglas and Hancock.

Schooner Ashore.

Quebec, Nov. 20.—The Norwegian schooner Jorlief, loaded with a valuable cargo of codfish, is ashore at Little River.

MONEY SUBSCRIBED TO NEW BUILDING FUND

Manager Sperling, of B. C. E. R. Co., Offers $500 to Secretary Keary.

A report was made by the secretary at the regular meeting of the board of managers of the Royal Columbian hospital yesterday that R. H. Sperling, general manager of the B. C. Electric Railway company, had offered a donation of $500 towards the building fund of the new hospital building. The board was very appreciative of the company's kindness, and instructed the secretary to convey to Mr. Sperling their thanks. The secretary also reported the receipt of several other small donations, among them a contribution of fruit and vegetables from the Sunbury Methodist church.

Salaries and accounts for the month of October were passed for payment. A visiting committee for the ensuing month was appointed, the members being Mrs. Broad, James Cunningham and Marshall Sinclair.

The building committee reported that work was progressing favorably on the new maternity cottage and nurses' home. They expected, with favorable weather, to see these buildings completed about the first of February.

Those present were President James Cunningham, in the chair; Mrs. Hill, Mrs. Pearce, Mrs. Broad, J. J. Jones, Marshall Sinclair and W. H. Keary, secretary.

The following report was received from the lady superintendent and was endorsed:

"I beg to submit herewith statement of patients, Royal Columbian hospital, for the month of October, 1907:

"Number of patients in hospital October 1st, 40; discharged, 63; died, 2; admitted during October, 63; remaining October 31st, 40; number of patients treated during October, 103; number of hospital days, 1,436; number of maternity cases treated at cottage, 16; received from paying patients, $390.60; number of patients in hospital today, November 20th, 37."

SALOONS MUST CLOSE UNTIL AFTER SUNRISE

Victoria, Nov. 20.—The city solicitors have notified the city that hereafter it will be in a position to order all saloons closed after midnight. Acting on the advice of their counsel, Frank Higgins, some of the saloon proprietors have been closing at midnight for a few minutes, and then opening up their premises again, it being claimed that by such a procedure the provisions of the Liquor License Regulations bylaw were observed, the saloon having been closed at midnight as ordered in that bylaw. By a recent ruling of the full court in the case of the city against Malony, a further change has been made in the bylaw as set out in the following letter from the city solicitor:

Gentlemen—Re Malony and the Liquor License Regulation bylaw: We have the honor to advise that the full court, on application made to them at Vancouver, have corrected the order made in this matter, which declared that "so much of the regulation as required the closing of the saloons in the hours of the morning, etc.," was quashed, by adding after the word "morning" the words "after sunrise."

It is now perfectly clear that the bylaw is good and effectual in closing saloons from 12 o'clock at night until the time of sunrise.

Count Vaulx Injured.

Paris, Nov. 20.—Count Henri de la Vaulx, the well known French aeronaut, had a narrow escape from death while experimenting with an aeroplane near this city. The machine collapsed while speeding through the air at a rate of 30 miles an hour, and crashed to the ground with great force. The count was pinned under the mass of wreckage, but was only slightly injured.

Manager Allen, of the newly opened branch of the Northern bank in this city, is confined in St. Mary's hospital with pneumonia. His duties are being attended to by Mr. Steel, of the Steveston branch of the bank.

Once Again Bill Miner Narrowly Escapes Capture

Seattle Police Round Up Desperado and Press Gets Bill in the Toils.

But the Bad Man Was Only a Barber, with a Record Far Below Mr. Miner's

Seattle, Nov. 20.—The Seattle police today arrested a man whom they are sure is Bill Miner, the notorious train robber, who is a fugitive from pustice. The man's appearance is almost identical with that of Miner, and he is being held in jail pending full investigation.

Certain tattoo marks and other means of identification have not positively been determined, but from photographs in possession of the police, they are confident they have the notorious bandit.

Seattle, Nov. 20.—(Special to the Daily News).—The man arrested here this afternoon on suspicion of being Bill Miner, has been identified as Frank Kelly, a barber, who enjoys a reputation which cannot compare with Miner's for one moment.

Kelly is a much younger man than the notorious train robber, and does not resemble Miner in the least. Kelly is well known in Seattle, where he has made his home for many years. The report that the police suspected him of being the man wanted by the New Westminster penitentiary authorities is incorrect.

POODLE DOG HOTEL TO RETAIN ITS LICENSE

Victoria, Nov. 20.—The Poodle Dog hotel will retain its license. Yesterday afternoon the decision was given out by Mayor Morley, it being delayed from last Friday to give the commissioners an opportunity of considering the evidence. At that meeting Ald. Ross, at the conclusion of the taking of the evidence, expressed himself as favoring the license being continued, stating that in view of the doubt which existed in his mind as to the truth of the charges made against the Poodle Dog, the proprietors, Messrs. Smith and Shaughnessy, should be given another chance. However, he was willing to postpone the decision until yesterday as Mayor Morley requested.

Bagpipes Scared Wolves Away.

Peterbore, Nov. 20.—Donald MacLean, of Warsaw, who recently came from Scotland, while engaged in deer hunting at the head of Stone lake, returned to camp only to hear the distant howling of timber wolves. His rifle was useless in the dark against the on-coming pack and MacLean, having heard that noises of various descriptions had been effectively used to frighten wolves, selected his bagpipes and played them incessantly as he walked constantly around a tree for several hours. The howling of the wolves grew distant and they finally disappeared. The bagpipes, MacLean says, saved his life.

UNDERGROUND BALL FOR SPANISH RULERS

London, Nov. 20.—King Alfonso and Queen Victoria of Spain, who are guests of the Duke of Portland, will attend a ball tonight given in their honor in the famous underground ballroom at Welbeck Abbey, which was excavated by the fifth Duke of Portland, and which has not been used in years. The whole suite of subterranean chambers and the passages communicating with them were dazzingly illuminated with electric lights.

Striking Bricklayers at Work.

Bellingham, Nov. 20.—The striking bricklayers and masons on the new wing of the Normal school went back to work yesterday, having settled their differences with the contractors Booker & Campbell. The man struck because they were asked by the contractors to tear down and rebuild a chimney that the architects found out of line, and for which the contractors blamed the men. The bricklayers refused to do the work over again unless they were paid for it, and struck.

Union Withdraws Demands.

Chicago, Ill., Nov. 20.—Evidently impressed with reports received that the railroads would positively refuse to grant their demands for an increase of wages and shorter hours at this time, the switchmen, who have been threatening to tie up several of the largest railway systems in the country, have given up the fight. It became known today that the union had decided to give up the fight and withdraw the demands.

Port Arthur,, Ont., Nov. 20.—The steamer Ionic, which was roughly handled by the gales recently, and had two funnels and two lifeboats swept away, has not been heard of since she was last seen running for shelter off Jackfish bay. She is now four days overdue, but no special anxiety is felt on her account, as she may be slightly disabled and may have had to proceed slowly.

ROBBERS GET $700 FROM GREEK LABORERS

Kansas City, Nov. 20.—Seven armed robbers entered the quarters of the Greek laborers in the Rock Island yards in Kansas City, Kan., tonight and with drawn pistols held the laborers at bay and searched their bunks, securing $700 in cash. The Greeks, who are employed by the Rock Island railroad, were paid today, and tonight were holding a native jubilee when surprised by the robbers. They made no resistance and none of the robbers were captured.

To Spread Rat Virus.

Bellingham, Nov. 20.—Rat virus is to be spread about the city within the next few days by the health board to exterminate all rodents that may escape the traps set for them. The virus will be placed in the alleys in the main part of the city where refuse piles draw the animals and a quantity will be placed on the wharves along the waterfront. The chemical is the same as that used by the health authorities in Seattle.

Batonyi Sues for Alienation.

New York, Nov. 20.—Aurel Batonyi who a little more than two years ago married Mrs. Burke-Roche, daughter of Frank Work, and who was separated from her last summer, is quoted in a dispatch from Newport as saying that he has brought alienation suits against Mr. Work and other relatives of his wife, aggregating $1,500,000.

HERE'S A WISE PARSON WHO KNOWS IT ALL

Toronto, Nov. 20.—At a meeting of the Ministerial association yesterday, Rev. Hilton Pedley said he was in favor of bringing many Japanese to Canada. He had spent eighteen years in Japan, understood Asiatics and knew what their qualifications were. Rev. A. B. Winchester, touching on the same question, said that Asiatics were potential equals even if not up to Canadian standard in civilization. He was in favor of encouraging yellow immigration as much as possible.

JUSTICE IS SWIFT AND PECULIAR IN HAYTI

New York, Nov. 20.—Private advices from responsible foreign sources in Hayti give details of the execution of five political prisoners, recently reported in a dispatch from Minister Furniss to the state department. According to these advices, some few weeks ago several men were arrested and condemned to death on the charge of conspiracy against the government. One of the men was condemned because he had made a military coat for another man, and another was condemned because he lived in a house betwen two others, and in each of the two a rifle had been found. On October 30 someone put a rifle cartridge on the tram lines, and the first engine passing exploded it. The president at once had five of the condemned men taken to the burial ground and shot.

Zionists on Trial.

Waukegan, Ill., Nov. 20.— Harold Mitchell and Mrs. Harold Mitchell were placed on trial here today on the charge of murdering Mrs. Anita Greenhaulgh, who died in Zion City, September 18th, after they had tried to "cast out devils" from her. A jury was selected today and several witnesses were heard.

STRIKE PARALIZES TRAFFIC IN INDIA

Europeans and Natives Join Hands in Concerted Movement Against Capitalists.

Calcutta, Nov. 20.—Traffic on the East Indian railway, 2,165 miles long, and the second largest line in India, is rapidly becoming paralyzed by strikes. The trouble originated with the engineers, who are almost entirely Europeans, and yesterday and today great numbers of natives belonging to the traffic staff joined in the movement.

The most important part of the road from Calcutta to Allahabad is practically tied up and already six thousand passengers are stranded at Azansol, Bengal, the junction of the East Indian and Bengal Nagpur railroad, where the strikers are threatening violence. Reports are constantly coming in of engineers leaving their train at remote stations and in some cases driving off with their locomotives and leaving the cars.

The jute mills are also affected by the strike and have been obliged to stop work in consequence of the shortage of cars and coal, and it is feared the tie-up will delay outward bound ships.

The strikers complain of overwork and poor pay. The strike at the present time is specially serious, in view of the famine conditions which are becoming daily more widespread, necessitating the speedy transportation of relief supplies.

Can't Hire Lifeboat Crews.

Victoria, B. C., Nov. 20.—Arrangements are being made for the life saving service to be established on the west coast of Vancouver island, when the motor boat built in New Jersey arrives at Bamfield, a month hence. Capt. W. Gillen, a sealer, has been appointed head of the service. The marine department is, however, finding difficulty in securing crews, owing to low wages offered. The government sought to man three surf lifeboats with Indians at $15 a month, but the natives declined to serve.

GHOULS GETTING BUSY WITH GLENGARRY GRAVES

Cornwall, Ont., Nov. 20.—It is reported here that several graves in the cemetery at Kirkhill, Glengarry, have been desecrated lately and the bodies carried off. The blame is laid to medical students of various universities. Two men while hunting in the rear of Lochiel township found part of a coffin in the woods which looked as if it had been recently disinterred.

These grave robberies have been reported to the authorities and an effort will be made to trace the guilty parties.

Pretty Ladysmith Wedding.

A very pretty wedding was solemnized on Tuesday morning in the First Presbyterian church, at Ladysmith, when Miss Myrtle, second daughter of the Rev. James MacMillan, of that place, was married to W. C. Sharp, of Toronto and New Liskeard.

Rev. Mr. MacMillan, father of the bride, officiated, while Miss Mabel MacMillan, sister of the bride, performed the part of bridesmaid. The groom was attended by Dr. McNeil, of Ladysmith. The bride was attired in a pretty cream dress, and a bridal veil with orange blossoms. She carried a bouquet of white carnations. The bridesmaid was dressed in champagne silk, with pink chiffon, and wearing a picture hat. The bridesmaid carried a bouquet of pink carnations.

After the ceremony, which took place at 9:30 a. m., the wedding party, including the immediate friends, partook of a wedding breakfast at the Rev. Mr. MacMillan's residence, and a short time later the happy couple left for the mainland by way of Nanaimo. After spending Wednesday in Vancouver, Mr. and Mrs. Sharp continued their way to Toronto, where they will reside. Mr. Sharp divides his time between Toronto and New Liskeard, being the operator of a mine in the latter place.

Principal MacMillan, of the Central school, and Miss Mabel MacMillan, brother and sister respectively of the bride, are both well known in this city.

WEARY MEN RETURN FROM PRINCE RUPERT

In Spite of All Warnings, Thirty Workmen Attempt to Find Work There.

Vancouver, Nov. 20.—The thirty or more men who persisted in going to Prince Rupert on the Venture, despite the warning of the ship's officers that they would find neither work nor accommodation at the G. T. P. terminus, came back on the same vessel and were landed here early this morning.

All the warnings and explanations were of no avail and they refused to take back the money paid for fare, to Prince Rupert. The few days they spent in that cheerless place served to convince them that they had simply wasted a round trip fare for nothing, but a sorry experience. They could not get accommodation to sleep, much less a job. Eatables of some kind or other are to be had at famine prices and with the slender purse which some of them carried, it did not take long for the whole company to realize that to stop in Prince Rupert for more than the length of one meal ticket, would endanger the prosperity of their stomachic department.

Some of the gang were helped out by those who had, for there was no beating the way back to Vancouver on the blind baggage. The whole party were advised to get out by the first boat as there is absolutely no work for anybody beyond the few Japs employed on clearing up the townsite. Construction work was apparently suspended for the present and from the statements of some of the fellows, there isn't anything of importance doing about the proposed new docks or railroad work, and the construction men who have been employed are loafing around.

The Venture was the first boat to call and there was a weary bunch of rustlers waiting for the return of the boat that took them up.

Applications in Chambers.

His Honor Judge Howay heard chambers' applications yesterday and granted several orders.

In the case of Welsh vs. Smith, J. D. Kennedy applied for leave to serve a judgment summons in Vancouver. An order was granted.

In re N. Wilson, J. R. Grant applied for letters of administration and received an order.

Leave to serve a judgment summons in Vancouver was applied for by J. D. Kennedy in connection with the case of Salter & Wallap. The customary order was granted.

In connection with the Abbott vs. Heaton case, Mr. Bole applied on behalf of the plaintiff for the payment of certain money out of court. An order was granted.

DESPISED PENNIES CREEP INTO SEATTLE

Humble Coin at Last About To Be Circulated in Pacific Coast Cities.

Seattle, Nov. 20—After being in general contempt in Seattle and the entire Northwest for over fifty years, the humble penny, the smallest coin in the United States currency, may shortly come into its own here, if the plans now being worked out by various interests materialize. For over fifty years the penny has been scorned by most tradesmen in the Northwest as being too small to be worthy of consideration. It was not long ago that street car conductors felt insulted if given pennies.

Gradually, however, the use of the penny has become more general. Eastern methods with hair breadth profits have come more and more into vogue, especially in the big department stores, so that in some lines of business trade is done on a penny basis. The small tradesman, the grocers, the butchers and the wholesalers have been the last to stand out against the entrance of the penny into their business. The objections raised by these interests are not so much that profits will be less as that the use of pennies will be a nuisance and will be of no particular benefit to either merchant or consumer.

ADRIFT IN SAIL BOAT MEN BATTLE FOR LIFE

Have Been Missing Since Monday--Fears Entertained for Their Safety.

Vancouver, Nov. 20.—Sick at heart, and in body, after a terrible struggle with the sea, a young man named Dickie Chapman came into the city last night with an exciting story of danger and of the possible loss of two lives.

On Monday night after a successful shooting expedition Chapman, another young man named Holman and an older man named Mudson, all of Vancouver, started out from Steveston in a sailing boat with the intention of making Vancouver. They took a big risk in doing so in the face of a gale and realized that after a while. Then they attempted to sail to Passage island in Howe sound with the desire to get off there, and the tiller was being swung around when a wave came and tossed her bow in the air. The next wave capsized the little craft and after a hard struggle the men got back to her, cut away the mast with their knives—the sails had been torn to ribbons—and turned her over. The two dogs who were in the boat were seen no more. The men climbed in again, and the boat drifted for three hours. It got down near Bowen island and ran up against the rocks. Chapman, who is a powerful swimmer, jumped for the rock, only to be washed back by the force of the swirling waters. He jumped again and managed to cling to the refuge. He encouraged the others to follow his example and they jumped too. The waves swept them back to the boat, and they managed to climb in again, preferring to trust that rather than to tempt the sea again. Chapman then saw them drift away.

After recovering a little from his exhaustion he wandered around the island in search of help. He came upon a Japanese shack, where he was provided with shoes and later he found a party with a launch, which brought him into Vancouver late last night. There are several islands in the direction in which the boat drifted, and it is hoped that Hudson and the boy Holman succeeded in getting ashore there. A man named Bowman, who was with the party on the shooting expedition, did not trust himself in the boat at the mouth of the Fraser.

BUSINESS.

The editor of the Columbian, who boosts himself in the editorial column of that paper, must have taken a couple of doses of those "bitters" he advertises, and a little exercise, and has now come to believe what every right thinking person knew well before—that it is none of his business what happened within the portals of a Liberal convention, neither is it his business who are the shareholders of the Daily News, owned wholly by the Liberals of this city, nor is it his business who comprise the directorate.

That directorate was elected unanimously at an annual general meeting of the shareholders which had been properly advertised, and at which there were present over ninety per cent of the voting strength. Can the Columbian give to its readers any instance where the Columbian Company, Limited, has held a duly advertised and legal meeting of its shareholders since the paper was bought from the Messrs. Kennedy Brothers? and will it also give us its winding meanderings from corporation to corporation since that first purchase, and will it also put into cold type the cause and effect of the many muzzlings it has experienced through these many changes? If these interesting details were made public, its readers would better understand its many sudden changes of front.

In last night's issue no apology is given for the column or so of misstatements with which it regaled its readers and which so utterly disgusted many fair-minded Conservatives that they openly declared it on the street to be another evidence that their selection of a standard bearer was not without misgivings, and with so strong and able an opponent as Mr. Jardine, their case was hopeless.

We would like to see the present editor of the Columbian retain the chair in the editorial sanctum, even if it be thus necessary for him to write up his own cause, because as the days go by it is very apparent the more he writes the greater assistance he will give the Liberals in any campaign, and that his extremes make him an easy mark for any journal that wishes to fairly discuss the policies of the two parties, and we do hope that the muzzle will be in no wise applied to him before the next Dominion election.

One fair note of warning we throw out to him, is that we shall meet "like with like," and thus we leave it up to him.

THE STRAIGHT ISSUE

There is no making of omelets without breaking eggs. Those people who argue in favor of the free, or partially restricted, immigration of Orientals on the ground that their labor is needed for the development of the country, are merely arguing that the future of the Canadian nation must be risked, if not sacrificed in order that no check be put upon the exploitation of our resources in the interests of capital. The point is very well put by an Eastern contemporary, which says: "Reverting to the influx of Japanese into British Columbia, it is easy to make the inevitable application. The natural resources of the Province are enormous; the white population is small and scattered; the methods of acquiring property are easily understood and put in operation; the process of naturalization offers no difficulty and little delay. There is absolutely nothing to hinder the Japanese from becoming within a single generation the virtual owners of the physical resources of British Columbia and the controllers of its political destiny. They can live more cheaply than white men can reasonably be expected to live; they can underbid white men, therefore, in the matter of wages and profits. The common answer to this presentation of the case is that white labor cannot be obtained; the obvious rejoinder is that development can wait. These are the two sides of the issue, and the time for decision seems to have arrived."

AN IMPORTANT TRIBUNAL

The railway commission is getting settled into its stride, to use a horsey figure, and gives promise of being of very great benefit to the country. No one can read current history from day to day without coming to the conclusion that the railways needed just such a strong controlling hand as is furnished by this commonsense, practical tribunal, which waives all legal technicalities and decides matters brought before it on the facts as brought out. Individuals and communities unfairly treated by railway companies have now a court to which they can go at a minimum of expense and with the assurance that their case will be fully heard and fairly considered.

It is proposed to strengthen the commission by the addition of two new members, and it is to be hoped that the government will be fortunate in getting the right men. As the Toronto News put it; "The federal railway commission today is unquestionably the most important tribunal in the country, and the government should understand that in making appointments thereto it is under at least as great obligation to ignore partisan and sectional considerations to the Supreme Court bench."

Now that the turbine has proved a success, comes a new engine, called "radial" which is to put the turbine into the class of has-beens. It is said that a German firm is after the patent rights, probably with the hope of equipping a new "greyhound" to win back the blue ribbon of the Atlantic.

It is said that the Kaiser left a tip of $100,000 for the servants at Windsor castle. His Majesty must travel on a pass if he can afford to run up his incidental expenses at that rate.

They have a bird in New Zealand which kills sheep. In this country the kids kill the birds.

DENMARK MAY SUPPLY CANADA WITH BUTTER

Ottawa, Nov. 20.—J. A. Ruddick, dairy commissioner, says that the limit has been reached in the price of butter in towns and cities. If it goes higher it will be met with the imported article. Denmark butter can be placed on the market here profitably at 30 cents per pound, and there need be no fear therefore of the price going up as some say to 50 cents.

There is a plentiful supply in Europe this year. Ruling price of butter in London is now 24 cents and it can be marketed here at an additional four or five cents.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Ladysmith, B. C.," will be received at this office until Wednesday, December 11, 1907, inclusively, for the construction of a Public Building at Ladysmith, B. C.

Plans and specifications can be seen and forms of tender obtained at this Department and on application to the Postmaster at Ladysmith, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,
FRED. GELINAS,
Secretary.

MACPHERSON DENIES BEING APPOINTED

The Member for Vancouver Brands Despatch Appointing Him Warden as False.

Ottawa, Nov. 20.—R. G. Macpherson, M.P. for Vancouver, it is said, will be appointed warden of the penitentiary at New Westminster.

In connection with the above report, Mr. Macpherson, when interviewed by the World, gave an unqualified denial. There had, he said,been no suggestion of his being appointed to this post and he had never been approached in the matter. He characterized the report as a canard, pure and simple, without the slightest foundation of truth, and declared that if the post had been offered to him he would not have accepted it.

The many friend sof the M.P. will be pleased to learn that he has now practically recovered from his recent illness and expects to be about again in a few days.

GREAT NORTHERN SECURES RIGHTS-OF-WAY IN BLAINE

Blaine, Nov. 20.—Without opposition the city council last night adopted some forty ordinances giving the Great Northern Railroad company rights-of-way over several streets and crossings and over a long strip of property along the waterfront. In return for the privileges the railroad company is to build a new line along the bay and a handsome brick depot in the business part of the town.

The matter of granting the privileges has been under consideration for some time by the council. At first there was some objection, but this has been overcome. The building of the new line of railroad will be of vital importance to the town. It is the hope of the Blaine people that the Great Northern will some day make their town a terminal point instead of going on through to Vancouver with the bulk of their business.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or subagency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

N. B.—Unauthorized publication of this advertisement will not be paid for.

SEALED TENDERS addressed to the under signed, and endorsed "Tender for Detention Building, Victoria, B. C.," will be received at this office until Monday, December 2, 1907, inclusively, for the construction of a Detention Building at Victoria, B. C.

Plans and specification can be seen and forms of tender obtained at this Department and on application to William Henderson, Esq., Resident Architect, Victoria, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order,
FRED. GELINAS,
Secretary.

Department of Public Works,
Ottawa, November 2, 1907.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

C. P. R. BUILDING TOWARDS SEATTLE

Men Working for Canadian System Reconnoiter Rich Grain and Fruit Districts.

Seattle, Nov. 20.—Early construction of the projected Canadian Pacific Railroad company's system in Washington reaching from Spokane to Seattle is forecast in a dispatch received yesterday afternoon from Winnipeg and by telegraphic reports from Eastern Washington showing the presence in three counties during the last forty days, of surveyors for the British railroad. Railroad men in Seattle believe that there will be no suspension of work on the Canadian Pacific's trans-Washington main line—a road that, when constructed, will tap the richest wheat growing and irrigated districts in the Pacific Northwest, and will open up vast coal mining districts and mineral bearing zones.

Three weeks ago, a party of surveyors who refused to give an account of themselves, were seen to leave Wenatchee and travel 200 miles to the south, thence working east and west from a point midway between North Yakima and the White Bluffs country on the Columbia river. Reports of other parties of engineers known to be Canadian Pacific men have reached this city and have been published in Spokane. The fact that in some instances the surveyors are known to have entered territory tapped by the projected North Coast railroad line has been taken in some quarters to indicate something more intimate than a community of interest betwen the North Coast surveys and the plans of the Canadian Pacific.

No Foul Play Suspected.

Victoria, B. C., Nov. 20.—The Provincial police department has received a report on the death of John Sharpe, who recently died at Quatsino, from Police Constable Sorenson, of that place, which dispells any suggestion of foul play. Sharpe, who, it will be remembered, was supposed to be Bill Quantrell, died a natural death according to Constable Sorenson, who believes that the man's drinking propensities had something to do with his demise. Mr. Sorenson came down on the Tyee yesterday and will return to Quatsino shortly.

Anarchists Killed Making Bombs.

Lisbon, Nov. 20.—Three anarchists were engaged yesterday in making bombs when the material with which they were working exploded. Two of the men were killed outright and the third was arrested before he could get away.

BIBLICAL PLAY WAS ACTED BY STRONG CAST

Imbued with a spirit of reverence seldom seen on the stage, the religious play, "The Holy City" was presented here at the Opera house last evening in the presence of an appreciative audience, composed largely of a class of people who seldom attend theatrical entertainments. The sober spirit of the production was not of a nature to appeal to the taste of the frivolous but to the more thoughtful members of the community it emphasized stirringly the old Bible lessons taken from the lives of the Apostles of old, and depicting as it did incidents in the career of the Master, it could not but be appreciated and thoroughly endorsed by all who witnessed it.

Calling forth for only a portrayal of solemn events, the play needs to be presented by a strong cast, and this has certainly been gotten together by Manager Le Conte, who is starring his wife, Lucila Morey, in the part of Salome.

The effective scenery used during the course of the play is the company's own, not a piece of house scenery being brought out during the evening.
