

## HISTORICAL EXHIBIT TO MARK SIMON FRASER CENTENNIAL

Collection Of Pictures, Engravings And Relics Of Early  
Pioneers And Discoverers Will Be Most Remark-  
able Ever Gathered on North  
Pacific Coast.

Mr. E. G. Duffell, provincial archivist, U. S. Schofield, provincial librarian, and Mr. Newcombe, all of Victoria, are busy in getting the historical and geographical exhibit in order for the centennial celebration. Their assistants are also busy at work. Among the historical pictures will be Capt. Cook, James Cook, and other explorers. Their representation which is copied and engraved from a painting in the Naval museum at Greenwich, London, shows a ship on the water. This picture, which has been greatly enlarged, is a small water color painting by St. James Bay, the first chief justice of British Columbia.

during the tremendous gold excitement in the Cariboo district in the early days. Pictures of various places on San Juan Island during its joint occupation by British and American soldiers; representations of Hudson Bay posts in this western country, when these posts extended down to the Columbia river, such as Astoria, which was named after Amerigo Vesputi a far trader; Fort Vancouver, on the Columbia river, and a fort 100 miles from its mouth; Nisqually, now in the state of Washington, although in the forties all the territory between the present boundary line and the Columbia river was known as Oregon; Fort McLeod, Fort St. James, in the interior and in the Cariboo district, as well as many others of a very similar description.

## NOT TO REDUCE RULERS REVEALED BY SECRET POLICE

Secret One of Many Marked for  
Death by Anarchists of Europe—  
Several Arrests Made.

London, France, Sept. 25.—Evidence of an anarchist plot against the Kaiser of Germany, the Kaiser's secret police of several European countries, Spanish secret service has discovered traces of the plot in the Spanish anarchist, in an effort to arrest him with suspected plots against the life of the king of Spain. Several arrests were made on Wednesday, containing the most important information regarding the Kaiser's African trip. They were being held at Geneva in an effort to obtain further information from them.

## VICTORIA AND VANCOUVER CAPTURE BOWLING HONORS

The local bowling team when playing in Victoria on Thursday night, captured the three-cornered trophy, Vancouver winning the Victoria second. Representatives of Westminister remained behind to take part in a meeting of the B. C. bowling clubs, with the view of forming an inter-provincial championship tournament, the meeting taking place during the afternoon. There was little opportunity to put up a good game, as two of the men were novices at the game, and both Vancouver and Victoria players were rolling very well. Last night there was no match in the house league at Carver's alley, as one of the principal men was away. Bryson and Glickstein's teams were down to play. The league games will be continued on Monday.

## NAVAL ARMAMENT IS NOW SUGGESTED FOR AUSTRALIA

Parliament May Vote Large Sum for  
Construction of Fleet—People  
Enthusiased Over American Fleet.

Melbourne, Sept. 25.—The British admiralty has given its general approval to the scheme of the Australian commonwealth for the formation of a fleet of six torpedo boat destroyers, nine submarines, and two depot ships, as the nucleus of an Australian navy. The idea of building up a local navy in lieu of the customary annual contribution to the imperial forces, was given a great impetus by the recent visit of the American battleship fleet, and it is believed that parliament will vote readily the \$6,200,000 required for the construction of the suggested fleet. The officers and men will total 1200, and will be provided by the imperial navy, but they will be paid by the commonwealth, which will retain administrative control of the fleet.

## ST. ANDREW'S CHURCH PASTOR TO CELEBRATE ANNIVERSARY

Anniversary of Congregation and In-  
duction of Rev. J. S. Henderson to  
Be Marked Tomorrow.

The fifth anniversary of the induction of the Rev. J. S. Henderson as pastor of St. Andrew's Presbyterian church, and the twenty-fifth year of his ministerial work, will be celebrated tomorrow, the reverend gentleman arriving home today from the East. It will also be the anniversary of the church, which was organized as a congregation first in 1862, and of which there have been five pastors. Mr. Henderson has greatly increased the power of the church for righteousness in the city, having good organizations of all kinds, and the congregation is very large and appreciative, assisted in the services by one of the best city choirs.

## TRAIN WRECK KILLS NINETEEN PASSENGERS

Passenger Crashed At Full  
Speed Into Freight On Side  
Track.

Tacoma, Wash., Sept. 25.—Official advices received by Assistant General Superintendent Palmer of the Northern Pacific railroad, today, state that nineteen passengers and one fireman were killed, and eleven other persons were seriously injured in the wrecked passenger train in a Burlington, Monday, early today. The wrecked passenger train is a Burlington train and left Tacoma Wednesday afternoon. Information received here says it crashed into a freight train which was standing on a side track. The freight train, according to the reports received by Superintendent Palmer, was late in making the meeting point and had not entirely cleared the main track when the passenger train, running at full speed, plunged into the freight train.

## Forty Reported to Be Killed.

Helena, Mont., Sept. 25.—According to a report received here from Livingston, passenger train No. 16 of the Northern Pacific, running east and which left Helena at midnight last night, crashed into a freight train near Young's Point, and twenty-five persons were killed. This number includes the engineer, fireman and trainman. Another report says that between twenty-five and forty persons were killed. The accident is attributed to a heavy fall of snow which obscured the view of the flagman of the freight train, and he could not make the engineer of the passenger train see him. It is said the express car telescoped the smoker and that most of the casualties occurred in the smoker. One of the injured is Engineer Reisinger of the passenger train. Ora Babcock, his fireman, was instantly killed. It is impossible to get more definite news from the scene of the wreck on account of the crippled condition of telegraphic communication.

## CHILDREN'S COMMITTEE SETTLE SPORTS PROGRAM

Final arrangements for the Children's Day at the exhibition were made yesterday at a meeting of the sub-committee of the city directors. There were present: John Peck (in the chair), V. H. C. Abbott, F. O. Cannon, W. C. Coatham, H. H. McKenzie, E. R. McMillan, and P. Peebles.

The sports program for Friday was thoroughly discussed, and a list of fourteen races arranged, including one for the Kearny Cup for school teachers. One race was set apart solely for Vancouver school boys. Mr. McMillan was appointed clerk of the course, and entries close on Thursday evening. The three principals of the city public schools, and Mr. McMillan, representing the High school, were appointed a committee to manage the sports.

A novelty will be the introduction of a kite-flying contest, to be continued all day, angle of flight, design, and period of sustenance in the air to count. Great interest will centre in this event, of which Trustees Peck and Peebles will be judges. There will also be a prize for the best fun-producing competition in fancy costume, limited to school boys. A committee consisting of the chairman, Mr. Coatham, and Mr. McMillan, were appointed to purchase the prizes.

Mr. Abbott reported that the drill competition would be between All Saints', Cedar Cove, and the local boys, and that the callsthetic display had been arranged with the Vancouver Y. M. C. A. This day will prove an interesting feature of the exhibition, for it will be Children's Day for several hours without a break.

## Cops Arrive Tomorrow.

The Capital Lacrosse team, of Ottawa, will arrive in this city tomorrow. The boys will turn out to practice on Queen's park oval on Monday afternoon.

## COLLEGE LITERARY SOCIETY OFFICERS

Staff of "Lux Columbiana"  
Is Named—Athletics For  
Winter Season Discussed.

The literary society of Columbia college held its first meeting of the new school year yesterday afternoon and reorganized for the coming term. In the absence of the president, Mr. Ewing W. Mowat took the chair, and W. E. Burns was appointed secretary pro tem.

The following officers were chosen for the fall term: Hon. President, Principal Sipprell; president, G. O. Falls; first vice-president, C. F. Watson; second vice-president, Miss E. Wood; secretary, W. E. Burns; treasurer, Miss Mabel Carey; pianist, Miss Grace Lord.

The staff of the college paper, the "Lux Columbiana," was also completed at this meeting, and now consists of: Editor-in-chief, W. Mowat; business manager, C. F. Watson; assistant business manager, W. Bradworth, and R. Armstrong; religious editor, Mr. Reynolds; sporting editor, N. A. Neave; symposium and exchanges, Mr. Francis; local editor, Miss McKay; and Gordon Cameron; literary editor, Herbert Rugg.

The next meeting of the society, which will not take place till October 1st, will be in the form of a debate, "Resolved, that the present government of Ottawa be sustained." The subject was chosen with the view to assist as much interest as possible and even at this early date Bedlam has been raised between certain theses in the dormitories over the matter. As ideas stand now public opinion strongly favors the affirmative, and unless their opponents suddenly receive reinforcements, they will soon be in great danger. The representatives of the popular party at the college are: Augustus Devereaux, William Mowat, and Miss Broder. Those who will oppose them are Mr. Bradworth, Mr. Francis and Miss Shaw.

Although the date has not yet been definitely settled, the annual reception of the faculty to the students will probably take place on Friday evening, October 9. It comes late this year, having to be postponed for various reasons till after the fair.

The gymnasium has been running all week, and is proving a great attraction to the students, both male and female, as last year. An open evening is to be held every Saturday, the first being tonight. At these open evenings, contests, something after the fashion of a track meet, are carried on among the young men students, with usually a basket ball game in addition.

The college athletic society has not yet been reorganized for the season, and it cannot now be said whether Rugby or soccer will be the football of the school this winter. An entry has been made in the second division of the Mainland Soccer league, but there is a strong feeling among the students that a stronger Rugby team than association could be put in the field. It is also believed that Rugby would find more supporters, as association is practically dead as a college sport. If a Rugby team is organized, the college will withdraw from the soccer league, and enter in a scholastic Rugby league, with Victoria and Vancouver High schools.

Arrangements are being made for a track meet soon, with McGill university of Vancouver. The meet held last spring was understood to be only a starter for an annual event to come off each fall between the Provincial High schools and colleges. The track meet in the spring was a great success, the idea of one being held yearly is in great favor among all the students.

## CHINESE MERCHANT DISAPPEARS FROM MEXICAN STEAMER GEORGIA

Yung Ta, Who Joined Vessel At Santa Cruz, Went On  
Shore Wednesday And Has Not Been Seen  
Since--Had Return Ticket--Came  
North On Business.

A curious disappearance, and one which up till last night had received no satisfactory explanation, is reported from the Canadian-Mexican liner Georgia, Capt. McAlmont, now in port here. The Georgia carries passengers, and among those who reached port with her on Sunday morning was Yung Ta, a prosperous Chinese merchant, who joined the ship at Santa Cruz, Mexico, bound for Vancouver. The vessel is due at Vancouver in a few days, but has not yet arrived. The vessel is due at Vancouver in a few days, but has not yet arrived. The vessel is due at Vancouver in a few days, but has not yet arrived.

The officers of the Georgia would be glad of information leading to his discovery. He is about five feet six inches in height, middle aged, and speaks English moderately well.

## GOVERNOR MEAD WILL VISIT WITH PARTY

Washington Chief Executive  
To Attend Exhibition -  
Run On Accommodation.

A busy day was spent at the exhibition grounds yesterday, nearly all the stall holders having made a start with their exhibits, while the merry-go-round was already in full swing. In the industrial building the Dominion fisheries exhibit is being placed in position, and the fine display is sure to attract much attention.

Dealing with the exhibits it may be stated that while the entries for horses and cattle remain stationary, or show small advances, the entries in the sheep and swine classes are exceptionally numerous. Six of the districts of the province will be represented by general agricultural, and six by fruit exhibits. Other districts exhibits are promised from the neighborhood. The show in its strict sense as an agricultural exhibition will certainly surpass its very successful predecessors.

## More Guests Accept.

Further acceptances for the unveiling ceremony have been received from Governor Mead, of Washington, who will be accompanied by Mrs. Mead and a party of visitors. Mr. Holman, president of the Oregon Historical society; Professor Meany, of Washington university, and many others.

All the survivors of the Royal Engineers who first came to Col. Moody's exhibition, are invited, and as there are several living, their attendance should not prove the least interesting feature of the ceremony. Wellington Dowler, city clerk of Victoria, has written memorial lines on Simon Fraser, which will be read at the unveiling. The intrinsic value of the historic exhibit coming is quite \$10,000, and special attention will be given to guard it from molestation.

## Call on Accommodation.

New gates, fine freshly rolled roadways, and trim lawns, will greet the visitors when the show opens on Tuesday afternoon, the ceremony taking place in front of the Agricultural building at 2 p. m. The accommodation for the city will be much greater than in previous years. The Russell hotel will have eighty-five rooms, several of which have been already engaged, and Lee's rooms in the Dominion Trust block are an addition since last year. Many applications have been made to E. Houli at the bureau at the City hall, and those who wish to let rooms should apply at once to him.

## Maple Leaf Route.

Winnipeg, Man., Sept. 25.—In spite of denials from the States, the Canadian Pacific railway officials here are completing preparations incident to the operation of the Maple Leaf line with its Soo connections. Representatives of the passenger department have just returned from St. Paul, where they looked over the situation.

## LACROSSE BOYS EXPECT HARD STRUGGLE TODAY

Vancouver Is Sending Over  
Strong Twelve To Meet  
Weakened Westminister.

With Pat Peaney, Alex. Turnbull, George Dennis and Billy Turnbull off the line-up of the Westminister lacrosse team, the Vancouver players should have something like a chance to make good their claim to being lacrosse players this afternoon, when the teams clash at Queen's park in the last scheduled game of the season. Unless the Terminal City boys manage to score a victory today over the Salmon Bellies, there is every reason to believe that they will be so disheartened with their showing during the 1908 season that several of them will refuse to turn out with a lacrosse stick next year unless there is strong financial inducement offered.

In other words, upon the showing made today may depend whether professional lacrosse will be the rule in B. C. in future.

The Vancouverers are coming over with a strong team—the strongest twelve they can possibly gather together—and that they will go into the game for all they are worth this afternoon is assured. The team that the picked seniors of Vancouver cannot even defeat a mixed senior and intermediate Westminister team, would be too bitter to suit the Gastown sports, and they will do their utmost to escape deserving that fate.

The line-up of the local team will be: Goal—Gray; Galbraith, T. Gifford, Marshall, J. Gifford, T. Rennie, C. Sprins, Latham, Whittemore, G. Spring, L. Turnbull, Bryton.

The Vancouver line-up has not yet been announced. Archie McNaughton, Dr. McGuire, and George Paris will be permitted to attend the game, providing they behave themselves. Arrangements have been made for watching Dr. McGuire's umbrella, Chief of Police McIntosh having been picked as the most suitable man for the task.

## TECUMSEHS WILL COME WEST IN MAY

Toronto, Sept. 25.—It is improbable that the Tecumsehs will secure dates in reply to their challenge for the Minto Cup this fall, according to Manager Querie. It appears that Rennie and Turnbull are wanted for the Olympic team, and both have refused to go if New Westminister is called upon to defend the cup. The Tecumsehs consequently will stop practice until early next spring, and will go west in May, which is the only time the three or four weeks necessary to make the trip can be found.

A Bladensburg merchant was dozing
in his store one day when a little girl
with a pitcher appeared in the door-
way and asked for a quart of molasses.
The storekeeper yawned, stretched
himself, half opened his eyes, and then
in an injured tone said, "Ain't there
nobody in Bladensburg that sells

WORKERS SEEK TO AMEND
TRADES DISPUTES ACT

Resolution Passed by Trades and La-
bor Congress in Session at Hall-
ifax—Keir Hardie is Camed.

Halifax, Sept. 25.—As a compromise
with the western delegates who want
to demand the immediate repeal
of the Lomax act, the following resolu-
tion was adopted by the Trades
and Labor congress today.

That trade immediately affected
by the Lomax act be requested to
submit to the executive committee of
the congress the necessary amendments
to make the act effective from the
working class standpoint. That the
executive be instructed to act upon
these and in the event of the govern-
ment refusing to grant these amend-
ments a referendum vote on the po-
ssibility of repealing the act be sub-
mitted to the trades affected by the
act and that the congress pledge itself
by that vote.

Keir Hardie today addresses the
congress on the advisability of organ-
izing an Independent Labor party in
Canada, similar to that in Great Brit-
ain. He appealed to the Socialists in the
west and trade unionists in the
east to get together and organize a
party to extend from ocean to ocean.
He received an ovation and was pre-
sented with a gold-headed cane. He
sails from Montreal on Oct. 20.

How Few Think Justly Of
The Thinking Few.
How Many Never Think At
All, Who Think They Do

There are three-fourth of the human race who need arousing
and being shocked into a self-consciousness of strength and ability,
confidence and determination, not only in facing the question of
business and success, but in all other problems in life. The man
who gives such people some of his own positive, optimistic person-
ality is giving them strength and life itself, converting millions and
millions of brain centres, lying dormant and unused, into action and
increased function.

The trouble is that the majority of people do not recognize their
powers, abilities and trends and have no confidence in the latent
possibilities dormant and unused within them. A new self-conscious-
ness needs to be awakened; they need to be aroused from a torpor
of mental loafing.

If your life has been full of ups and downs; if you have failed
in your undertakings, if life has meant nothing but a continual
grind, with no betterment, no progress, no up-lift, if everything
seems to go wrong, then it is time for you to know the reason why
and remedy. All of us are more or less governed by our own view
point and our own narrow little circle, desires, ambitions, and ef-
forts, consequently we miss the issues that do not come within our
range and with that some of life's greatest possibilities. Look
about you and see how many really capable men are tied to the
bitch of things mediocre with nothing better in view than a con-
tinual grind, micawber-like waiting for something to turn up. Mr.
St. Albans is particularly fitted to help just such men. His expe-
rience with men and means is an extensive one and his methods are
above-board and sincere. He makes no claims to supernatural pow-
ers, or any of the jugglery of so-called fortune-telling, his mode
of procedure is based on a scientific principle and the result is certain
in giving readings it is not his aim to cajole you with entertaining
tales of impossible success, but to give you truthful and accurate
advice, no matter whether it pleases or displeases you; the Truth
is the thing.

DO NOT FORGET.

Do not forget that the British empire has been the better for having a national builder at the head of the government of Canada since 1896.

BOWSER ABROAD.

According to press despatches, Attorney General Bowser, in speaking at Toronto on Wednesday, took as his theme the Japanese question. We have not the full text of his speech, but knowing him as we do in this province, we are afraid his memory did not serve him well enough for him to tell his audience how he had prepared a contract with one Gotah, a Japanese by birth, as one party, and B. Marpole, the then general superintendent of the Pacific division of the Canadian Pacific railway, of the other part, by which Gotah was to evade the Japanese emigration officers at Japanese ports and prevent the government of Japan adhering strictly to the agreement entered into with our government with respect to the restriction of Japanese emigration to this country. He of course forgot to tell the good people of Toronto that the Japanese were to be shipped to Honolulu and from thence to British Columbia ports and that when he was making the howl about the influx of these Orientals, his firm was in possession of the fees for preparing the agreement which made the influx possible. He knew these Orientals were coming, he knew the route, and raised no warning sound, and because he thought it would never reach the surface that he had been a party to their coming, he was loud in his protestations against the Liberal government for the failure of the Japanese nation to prevent her sons from coming to our shores. When the truth came out, this valiant Bonaparte hies him, away to the sunny South, and while there he had the indiscretion to discuss the subject which at the time was under diplomatic consideration by the representatives of both nations. If he had stated these things to the assembly in Massey Hall, and given a reasonable explanation for his action, his hearers would have greater faith in his sincerity, but when these facts are given to them through their home press, all his labor will have gone for nothing, and even where he could have educated the Eastern mind on Western conditions, and thus have been of service to this province, his utterances will be valueless, his time wasted, and one of British Columbia's industries discredited.

Political Intelligence

Dick Burde a Possibility. R. J. Burde, editor of the Albert Pioneer News, is suggested as Conservative candidate to oppose W. J. Sloan in Comox-Atlin. Joan Houston, editor of the Prince Rupert Empire, is a possibility as an Independent. Mr. Sloan is in the field for re-election.

Galdwell Nominated. Ottawa, Sept. 25.—J. E. Galdwell, of City View, will lead the Liberals in the county of Carleton, Ont., against R. L. Borden.

Dalby to Oppose Ames. Montreal, Sept. 25.—The surprise of the Montreal campaign is the announcement of Henry Dalby, formerly managing editor of the Star and Conservative organizer for Quebec in 1900, that he will oppose Mr. Ames in St. Antoine as an Independent.

Mr. Harty Will Run. Kingston, Ont., Sept. 25.—William Harty has reconsidered his decision not to stand again for the Commons for Kingston. He has forwarded a letter of acceptance to the local Liberal association.

The Yukon Elect on Date. Ottawa, Sept. 25.—J. T. Lithgow is appointed returning officer for the Yukon, where the election will take place during the latter part of January.

Triangular Fight in Brandon. Brandon, Sept. 25.—Wallace Brandon, after the convention at which Mr. Daly was nominated last night, declared himself as an Independent Conservative candidate and will be in the field.

LOCAL NOTES.

Scottish concert. Sale of reserve seats opens at Ryall's on Saturday morning.

Many local Rugby enthusiasts go over to the game at Brockton Point today between the Vancouver fifteen and the touring Anglo-Welsh aggregation.

Not made to please the eye, but to please the palate. The "B. C." and "Old Sport" Cigars.

Tenders are being received for the apparatus necessary for the new Queen's park fire hall, including the incidental fittings. Arrangements have been completed for fire protection at the exhibition buildings, water being turned on at each building.

Reserved seats can be obtained for the Scottish concert on Saturday morning at Ryall's drug store.

An attractive display of fruits in the window of White, Shiles & Co. is being used as an effective means of drawing attention to the possibilities of the Fraser valley district as a fruit growing centre the exhibits having been all picked in the immediate vicinity of this city. Apples, plums, peaches and grapes are the chief fruits on display. The words, "Fruit Farms," are worked out on a suitable background, the letters being formed of small crab apples. Several of the other real estate firms in the city are also using fruit displays to attract attention to the snags they are offering in acreage and market gardens.

ISLE OF SPICE DELIGHTED BIG AUDIENCE LAST NIGHT

The well deserved popularity of that taking musical comedy, "The Isle of Spice," was again demonstrated at the Opera house yesterday evening, when a capacity house witnessed a performance that was capitally rendered from start to finish. Included among the most taking musical numbers were "The Goo Goo Man," by Rose and chorus; "How Many Have You Told That To," Rose and Miss Roberta Wilson; and "Glorious Highball," by Alva E. Lang and quartette.

The funny business of the show was in the capable hands of Harry Wilson (Slusby Moelna) and Harry Williams (Micky O'Grady), two comedians who would be foolish to work when nature has inflicted upon them faces which to look at is to laugh.

PIONEER OF OREGON IS COMING TO THE FAIR

In the week parades at the exhibition next week will be Ezra Meeker, of Puyallup, Wash., the pioneer hop grower of the Pacific coast, having begun this work thirty years ago. His visit is particularly appropriate, as Agassiz and Chilliwack, both of which will be largely represented, are the British Columbia.

He has the distinction of being two chief hop growing districts of among the very first immigrants who came into these semi-savage and wholly undeveloped regions, having made the arduous trip in an old-time prairie schooner. Three years ago he hitched up a yoke of oxen to a prairie schooner and drove back across the continent into New York state, returning in the same primitive fashion and consuming some 2 1/2 years in the journey, which was no inconsiderable feat for a man in the 78th year of his age. While in the course of his wanderings he erected monuments in order to mark out and perpetuate the memory of the famous Oregon trail. Mr. Meeker will be present at the exhibition on Tuesday next with a yoke of oxen and a prairie schooner, which is made as far as possible out of portions of the old original vehicle, while in all respects it will be its exact duplicate in every particular.

Journalists to Visit Coast.

Nelson, Sept. 25.—The fifth annual convention of the Eastern British Columbia and Alberta Press association opened here yesterday, thirty members being present. T. B. Thomas, of the Camrose, Alta. Mail, was elected president, and D. H. Elton, of the Lethbridge Herald, secretary. The convention meets next year at Edmonton, in August. The members will pay a visit to the power plants of the city of Nelson and the West Kootenay Power company in the morning, returning to their homes in the evening by way of the coast.

AMAZON GUARDS PRETTILY COSTUMED IN "THE PIXIES"

A costumed military march and drill will be given by the Misses Frances Herring, Maud Green, Gertrude Eastman, Minnie Johnson, Sophie Blodeau, Mabel Fletcher, Elsie Emmett, Eunice Pride, Gertrude Brown, Eleanor Brown, Doris Clute, and Elsa Burnett, in the "Pixies" on Monday and Tuesday. They will present eighty figures passing from one to the other with lightning rapidity. Their work is the very poetry of motion and never fails to win several accolades. This is only one of the many good things which will be given by the two hundred and fifty young ladies and children who take part. Other taking features will be the drills of the Geisha girls and the "Flower Fantasy," with twelve young ladies in each. Two full rehearsals will be held at the Opera house today, and everything will be in perfect readiness for Monday and Tuesday nights. Seats are now on sale at Ryall's drug store and there is every indication of two crowded houses.

**IMPORTANT**  
When You Are Sick  
That you should have the very best attention. Now, we are not doctors, neither do we profess to be. It's not our business to prescribe, we prefer letting your doctor do that. Where we come in is when you want the prescription filled, through this channel we co-operate to bring about a cure. Our duty is plainly to give you exactly what the doctor orders, and of the best quality, this is where the honor of the druggist is tested. To put it mildly, the druggist who is not honest with the sick is a disgrace to the profession. We want to fill your next prescription no matter what doctor writes it, and we pledge our honor that you will get a square deal as to correctness, quality and price. We have been twenty-five years in business here and are willing to be judged by our record. If you cannot afford to pay for your medicine we will supply same free of charge.

## MARKET REPORT

Yesterday's market was well attended, both by buyers and sellers, and with increased supplies for the last week, active sales are reported in all lines. The business in the rings was not very good, horse sales being unsteady.

### Meat and Fish.

The sales of meat were much brisker than usual, due to the better keeping qualities of the meat at this time of year. All beef, of which there was a good supply, sold readily. There was a heavy offering of mutton and lamb, which was cleared out at quotations. Veal was not so plentiful, and the demand was good in consequence. The supply of pork was fair, and the demand improved. Sales of fish were maintained at steady prices, cods being the favorite form of salmon offered. Halibut also reached the market well.

### Poultry, Eggs and Butter.

There was a good supply of eggs, which sold readily at 27 cents wholesale, and 30 cents retail. The prices show a steady advance as the winter progresses. Butter continued firm at a high figure—for the purchaser. There was a very large offering of poultry of all kinds, this proving one of the most attractive features of the market. The market received a good supply of fowls, which met an equally good demand. The supply of chickens was good, and broilers were well supplied, all selling readily at prices according to size and condition. There was a fair offering, and good demand for ducks.

### Fruit and Vegetables.

The offering of fruit, especially apples, was very large, and prices held at old figures. There were large consignments also of peaches and plums. The supply of vegetables was again a feature, but potatoes are low, with little call. Fourteen dollars a ton is all that is required.

### In the Rings.

There was very little business done in the rings by the three auctioneers. T. J. Trapp sold a bay mare at \$19, a sorrel pony at the same price, a sorrel mare at \$155, and a pony at \$45. One cow realized \$19. J. Travers and N. S. Ross also had small sales.

### Official Quotations.

## DAILY NEWS SPECIAL EDITION TREATS OF CITY'S GROWTH

The Daily News of Wednesday next will comprise a special sixteen page illustrated supplement, giving the history of the city of New Westminster from its foundation to the present day. The story of the city's evolution from the dense forest which once covered its site, is attractively told, whilst many of the important incidents of early times are related in the form of interviews with pioneers and old timers.

The story of the epoch-making journey of Simon Fraser and his companions down the river is told in a highly interesting article contributed by His Honor Judge Howay.

The supplement will be illustrated by a portrait of the famous voyager and by numerous views of the principal features of the city, some of these being of quite an unique character. The price of this special edition will be five cents.

As there will certainly be a large demand for the same, those desiring copies will do well to forward their orders to the Daily News office as early as possible.

## THE COLD CHECKS CHOLERA IN RUSSIA

St. Petersburg, Sept. 25.—The sharp frost of last night and the clear weather of today have contributed to check the spread of the cholera epidemic. Three hundred and fifty-seven new cases and 157 deaths were reported at the municipal hospitals for the twelve hours ended at noon today. This is a slight improvement over yesterday.

Among the deaths reported is that of an instructor in the St. Petersburg university. The total number of cases in the municipal hospitals alone now reaches 4351, and there have been 1759 deaths. These figures are more than double the statistics for the corresponding fortnight of the last great outbreak of the plague in St. Petersburg which occurred in 1894.
