ST OF TRAFFIC IN DRINK REVIEWED

v. C. W. Brown Speaks on Economics of Temperance Movement in Canada

ontinuing his series of moral re- addresses at Queen's Avenue rch last evening, the pastor, Rev. W. Brown, dealt with the cost of liquor business to Canada.

Society in Two Camps.

e commenced by alluding to the m of a celebrated clergyman if the churches should do nothwhatever during the next five s save to remove the barrooms, would accomplish more in soul e than had been done in the fifty years. The spirit of the stian church, according to the er, should be the spirit of brothd, and the perpetuation of the was the greatest bar to this because it separated men into hostile camps. On the one side the brewers and distillers, who feathered their nests; the great of retailers and hangers on, sional gamblers, prize fighters, s and thieves who preyed on community; the houses of ill- and all other similar forces stood behind the bar-room, and the other were the leading mem- of the Roman Catholic and Proant churches, all self-respecting and women who had looked on the degradation of slum life, great army of young people of Christian church whose intelli- e has been awakened, education- s and every other class of right king men and women.

Some Striking Figures.

aving explained their battle was against the hotelman who con- ed his business without the bar, speaker passed on to give some istics of population and the drink of the nation. An estimate of population of Canada, prepared F. S. Spence of Toronto, placed number at 6,940,304 last year, and as fair to assume the population e seven and a half millions now. e sum spent on liquor was esti- ed for the Dominion at $76,367,649 allowing the small figure of $40 ngs a day for 313 working days, meant 6000 of these places being n throughout the country.

Economics of Question.

s this worked out every person in ad spent $10 per head on intoxi- ing liquors, or as much as the ole wheat crop of the prairie provces for 1908, and nearly as much as e capital of the chartered banks of nada. They spent three times as ch on drink as on the public and h schools, and four times as much the gifts to the church organizans by all the Protestant churches Canada.

In this province there are 325 li- ses issued by the provincial gov- ment, and 375 issued by other au- rities. It is estimated that 75 cent. of the earnings of the log- s and miners is spent in the sa- ns. The whole assessed value of s city would only pay the drink of British Columbia for two rs and eighteen days," were statents made.

The speaker drew attention to the ail percentage of the huge drink l spent on labor and materials, less an in any other occupation. All ese estimates of the cost of the uor traffic to the country were mall compared with the waste of the odily and mental resources of the opulation through the existence of e traffic.

CARELESSNESS CAUSES LOSS OF RIGHT HAND

Hae Chung Trails Gun Behind While Hunting in Bush, With Usual Consequence.

Hae Chung, a Chinaman in the employ of the St. Alice hotel, Harrison Hot Springs, was taken down to the Vancouver General hospital yesterday afternoon suffering from a badly shattered hand.

Chung, in company with a number of Chinamen employed at the Hotel went out hunting in the bush around the springs yesterday morning. He apparently was not used to the handling of a gun, and holding his by the handle, allowed it to trail along on the ground behind him as he walked through the bush. The natural result was that a twig caught the trigger causing it to explode, the charge catching him in the palm of the right hand.

The wounded Chinaman was hurried back to the hotel where Dr. Elliott of Wilmer and Dr. Wright of Harrison Hot Sprnigs, found the member so badly shattered that amputation of several fingers was necessary. After the operation Chung was put on the train and sent down to the Vancouver hospital, where he is now undergoing treatment.

The Great Northern Railway will restart work on the Kaslo & Slocan line through Sandon at once.

GRAND TRUNK PACIFIC RAILWAY WILL PASS THROUGH WEST END OF THE CITY

Now Practically Sure That National Transcontinental Line is Behind Annacis Island Deal—Representative of Purchasing Syndicate Left For the East Yesterday.

It is now practically certain that the Grand Trunk Pacific Railway Co. is the purchaser of the 823 acres at the upper end of Annacis island, reported as sold in the News a few days since.

Series of Bridges.

The transcontinental railway, it appears, will cross the Fraser river by a bridge over the main channel at Annieville bar, to Annacis island, thence by a second bridge to Lulu island, and from there to New Westminster by another bridge across the North Arm. From the city the line will follow the hillside westward from the city, passing up the valley from Rolands, some three miles from the city, and thence entering Vancouver from the south.

It is recalled that the company promised to build a line into Vancouver, that a number of Grand Trunk Pacific survey parties are even now in the field working through the Hope mountains westward along the south side of the great undeveloped Fraser river valley, that a line from Prince Rupert by way of the coast has been stated to not be feasible, and that Annacis island offers unparalleled advantages as a terminal site for a great railway.

Spying Out the Land.

Representatives of a large eastern syndicate have been in the city during the past two weeks, the result of their visit being a decision to develop the great shipping resources of Annacis island. The last member of the party left the city yesterday for the east after having made the final inspection of the property purchased for the syndicate by E. J. Fader on Annacis island. The representatives desired that their names be withheld from publication for business reasons, but they are men well known to the press of Western Canada as enterprising and successful men of business. While the agents of the syndicate refuse to divulge the nature of their company or its personnel, it is gathered from remarks that have been dropped, and from the actions of the visitors, that they are acting for a railway company, and evidence is not lacking that the syndicate is only another way of saying "Grand Trunk Pacific."

On Saturday the representative of the company engaged a boat and carefully examined the river at the Annieville bar, and the nature of the land between Annacis island and Ewen's slough. He stated that he was perfectly satisfied with the purchase made through E. J. Fader on the island, and expressed surprise that no one had recognized before the opportunity offered for commercial purposes by the connecting of the island with the mainland, as in his opinion it afforded a shipping waterfront equal to any on the river, with the advantage that it avoided the Annieville bar. He stated definitely that the syndicate would take up the options on the property at an early date as possible, and that instructions to this effect would probably be sent to Mr. Fader shortly after his return to the east.

Plans Made Out.

As evidence of the intentions of the company he showed the plans of a heavy steel bridge to connect Annacis with Lulu island, together with specifications and estimates made by the International Contract Co., of Seattle, builders of the new Lulu island bridge. As soon as the transfers for the property are completed the syndicate intends to immediately apply to the government for permission to build this bridge, and work will then be forced ahead, the intention being to have it ready for use by March, 1910.

A spur track will be built across the new bridge to connect with the projected Lulu island branch of the B. C. Electric railway at the trunk road. It is not decided whether a light locomotive will be used or whether the syndicate will request the B. C. E. R. to electrify the line, with a possibility of arrangements being made for the spur to be leased to the B. C. E. R. or handed over to that company once it is paying running expenses. The agent denied that this spur was connected with any existing railway system, and refused to talk about terminals. He was questioned regarding the possibility of a railroad crossing the river at the Annieville bar, but would not express any opinion other than the route was feasible, as the expense of building a bridge at this point would be insignificant compared to the cost of the Westminster bridge, for the reason that it would merely require a swing and two steel spans, trestlework being sufficient for the remainder of the width.

Cause of Boom.

The company's representative visited nearly every real estate office in the city during his stay, and obtained prices on West End properties, more especially properties near the waterfront to the city limits westward, the ownership and other questions that suggested right of way. It is said that the boom in West End realty is partly at least due to the knowledge that property in that part was being priced, though so far as could be learned none was purchased by the visitor.

Alderman E. J. Fader, through whom the options on the Annacis island property were secured, when seen by a reporter yesterday, had no hesitation in saying that he believed that a railroad would follow and that the property was wanted for terminal purposes, pointing out the special adaptability of the property for yards and for shipping purposes, and the evident trend of enquiries made toward railroad plans. The land is perfectly level, sufficient in quantity for all railroad purposes, with a waterfrontage of two miles, the water being not less than forty feet in depth at the bank and the channel unbroken to the mouth of the river, where the Fruhling dredge is now working.

For a railway crossing from the south side of the river at this point it is all that could be desired for terminals, possessing all possible shipping advantages, once the channel is cleared to the full depth of thirty feet, a result that is only now a matter of time.

Turning to Royal City.

Closed out of Vancouver by lack of purchaseable property and waterfrontage, the railroads which are turning to this province for new fields of exploitation have been forced to look to the Fraser river, and in looking have discovered its great potentialities, hitherto recognized by a few coast residents alone. Since the day when representatives of the Canadian Northern Railway and of the Grand Trunk Pacific visited the city and looked over the harbor, learning for the first time that the Fraser was not a swampy stream but a wide, deep river, specially adapted to become a splendid harbor, developments have followed fast.

It is now known definitely that the Canadian Northern will enter the city in the near future, and practically certain that it, too, will secure terminal sites here, although probably in the East End. Now the Grand Trunk Pacific is expected, and a rumor is also current that the time is not far distant when the Great Northern will operate into Vancouver through the city westward.

Should these plans materialize, even if only in part, New Westminster will receive a boost that in a decade will cause her to expand almost beyond imagination. Industries of all kinds will follow quickly on the heels of the railways, and when the Pacific route for grain becomes an accomplished fact, New Westminster will undoubtedly, if she has the terminals even of one of these transcontinentals, receive a large share of the shipping.

LOAN PORTRAITS OF METHODIST DIVINE

Exhibition to Be Enriched By Valuable Collection of Columbian College.

The manager of the exhibition has secured from the directors of Columbian college the magnificent collection of portraits of the pioneer Methodist missionaries to British Columbia and leaders of that church which was donated by various bodies to the college on the occasion of the jubilee conference in New Westminster, of the B. C. Methodist chruch last May.

List of Pictures.

They will be insured, upon that condition alone the directors loaning such a valuable collection.

They are as follows: Rev. Edward White, first pastor of the church in New Westminster, 1859-62; Rev. E. Evans, D.D., Superintendent of Methodist church in B. C., 1859-67, first pastor of the church in Victoria; Rev. Arthur Drowning, first pastor of Methodist church in Nanaimo, 1859; Rev. Ebenezer Robson, D.D., the only surviving member of the first quartette of missionaries, first pastor of the Fraser River Gold Fields Mission, 1859; Rev. Albert Carman, D.D., General Superintendent of the Methodist church; Rev. Alex. Sutherland, D.D., General Secretary of Foreign Missions; Rev. N. Burwash, E.T.D., Chancelor of Victoria University, Toronto; Rev. John Potts, D.D., the first member of the Methodist church in B. C., and Rev. James Turner, first missionary to the Kootenays and the Yukon.

Columbian college authorities will also lend a collection of college flags, and Egyptian and Indian curios.

Royal Engineers' Relics.

R. E. Gosnell, provincial archivist, is expected to arrive early in the week to arrange the collection of portraits of pioneers. As this is the jubilee year of the landing of the Royal Engineers special attention will be given to relics of their occupations. Among the curios will be some of the drugs brought out from England, and an electric battery used in the first hospital on the Mainland of B. C.

Nine Survivors Assured.

Nine of the fourteen survivors of the corps who still reside in this province have definitely accepted Mayor Keary's invitation to luncheon, and he expects an equally encouraging answer from all but one, to whom sickness makes the journey here impossible.

A satisfactory fine arts exhibit is anticipated, many B.C. artists having signified their intention to send pictures to the exhibition.

Substitutes Death for Work.

Tacoma, Oct. 3.—J. D. McLean, of St. John, a suburb of Portland, aged 42, was found dead in a field near American lake this morning. He had swallowed the contents of a bottle of carbolic acid. In his pockets only a dime was found, and he is said to have been hunting for work. Letters in his trunk, received from Mrs. Margaret Lewis, of Portland, indicated her refusal to marry him.

Twenty Years Ago.

Despite the rain a pretty good crowd attended on the first day of the Fair yesterday, and $168 was taken at the gate.—New Westminster News, News-Advertiser, October 3, 1889.

REALTY BOOM CONTINUES BRISK

Bank of Commerce Block Transferred to Local Investor.

The real estate boom continues and the offices of the realty companies were beseiged on Saturday, the run being all one way, investors buying options in the West End.

Columbia St. Block Sold.

However, the boom is also affecting Columbia street property, and on Saturday the negotiations were completed for the sale through Diamond & Corbould of the Canadian Bank of Commerce block, owned by T. Ellis, of Victoria, to a local man, for the sum of $42,500.

It is stated that the vacant lot adjoining the city market has been sold for $20,000, which is a marked advance on the figure, $7500, asked six months ago.

B. C. E. R. Freight Shops.

The freight shops of the B. C. E. R. will occupy the present site of the Vulcan Iron Works, which will move to a position on the North Arm. As soon as the Iron Works vacates the construction of the freight sheds will commence. Three months' notice has been given.

West End Rush.

It has become practically impossible to get any more land in the West End of the city right up to Eighth avenue. In the last few days nearly every property has been applied for three and four times over. The market has undoubtedly been strengthened by the reports that Vancouver financial interests had representatives in the city willing to place money on likely properties. The cause of the flurry not having leaked out, speculation continued rife as to the desirable localities, and this uncertainty adds to the excitement.

The international balloon race at Zurich on Saturday was won by the Swiss balloon Mars.

Basketball Match.

In the interhouse basketball league at Columbian college, the result of Saturday's game was a win for the Arts over the Intermediates by 15 goals to 10. Tonight the Theologues and Faculty meet. The Matrics still lead.

ENTERTAINED NEWSPAPER MEN.

J. P. Hampton Bole Takes Party Up to Pitt Lake.

J. P. Hampton Bole yesterday entertained a party of friends on his new power cruiser. The weather was perfect and the party visited Pitt lake where good sport was enjoyed fishing, returning to the city about 7 o'clock. The launch was admired by the party for her comfortable appointment, and the host was thanked repeatedly for his hospitable entertainment. The boat was built in the city last July at a cost of some $2300. She is 37 1-2 feet over all and 8 feet beam, two-thirds decked and with a spacious cockpit. A Kelvin engine develops a speed of between eight and nine knots. The interior is equipped with sleeping accommodation, well fitted galley, toilets, and lighted by electricity. No name has yet been selected for the vessel, though it is expected that either the Aloha or the Osiris will be the final decision.

Nelson, Oct. 3.—Axel Litzenberg, a member of the Phoenix Miners Union, was killed at the Granby mine yesterday.

LIVE STOCK EXHIBIT WILL ACHIEVE RECORD

Entries For Exhibition Closed Saturday—Clydesdales Will Be Chief Feature of Show.

The live stock exhibit at the fair next week will be one not easily forgotten, and to judge by the entries which closed on Saturday every class will be fuller than ever before. The total number of entries will not be known before Wednesday, as those mailed on Saturday will be accepted. The full office staff starts today.

Much of the stock will come up from Seattle, dairy breeds of cattle and Clydesdale horses forming the feature of the exhibition. O'Neal & Co.'s string of horses are assured a hearty welcome from all lovers of horseflesh, and they expect to be reckoned with in the prize money. T. J. Trapp and J. H. Wilkinson, of Chilliwack, have some particularly fine horses for exhibition.

J. T. Maynard has sent Red Polled cattle, most of which were prize winners at Victoria.

PROGRESS OF CITY WORK.

First Street Sewer Advancing Briskly—Columbia Street Work.

Good progress is being made with the First street sewer system, the street being opened on First street almost to Third avenue. As the grade does not require to go so deep the men can make faster time than was possible lower down the hill.

The work on First will be completed before the exhibiton, in order that an important street which everyone coming to the fair must use, will not be impeded.

On Columbia street the determination to make a good job with the sewer in difficult ground is making it a slow process, particularly on the land around the C.P.R. depot, but it is expected to get this covered in earl, next week. The water main on the south side of the street will be laid as quickly as possible, and hydrants placed in position.

Mr. Carter, of Sapperton, was admitted to the Royal Columbian hospital yesterday morning with a gunshot wound in the right arm. It will probably not be necessary to amputate the limb.

KILLED BY KICKING TEAM ON FALLING FROM WAGON

Young Delta Man Comes to Tragic End—Father Hurries Home to Funeral of Victim.

William Leo Brandrith, of Ladner, eldest son of W. J. Brandrith, secretary of the B. C. Fruitgrowers' Association, was killed on Friday at Samual Morley's farm, Delta. He had evidently fallen from a wagon, and the horses had kicked and trampled on him. He died six hours later at his home.

The deceased was 26 years of age, and well known in Vancouver and New Westminster. Great regret will be felt at his tragic death.

W. J. Brandrith is now on his way back from the east, where he went with W. E. Scott to superintend the British Columbia fruit exhibits at Toronto, Ottawa, Montreal and other eastern points.

The funeral, it is understood, will not take place until his arrival. He has been notified by wire, and is hurrying home as rapidly as possible.

Another brother, Benjamin, only reached the city on Saturday from the north.

FIRE DESTROYS WEST END HOUSE

Unoccupied Residence on Seventh Avenue Gutted—Arson is Suspected.

Fire destroyed the residence of Robert Curnew at the corner of Seventeenth street and Seventh avenue on Saturday avenue.

The cause is believed to be incendiary. Mr. and Mrs. Curnew have recently taken up their home at the Central hotel, where they have charge of the dining room, and have been going backward and forward daily. The house was quite safe on Friday when it was last entered, and there appears to be, no occasion for any one to have visited it since.

The outbreak, which is believed to have originated in the front of the building, came first under the notice of N. Mosdell, who summoned Frank Jeal, a neighbor. Mr. Jeal, who had the unfortunate experience of having his own place destroyed in January last, ran down to the nearest alarm box. By the time Nos. 2 and 3 halls had responded, the building was well alight. Eighteen hundred feet of hose was laid from the Fourteenth street hydrant, and good service resulted from the one delivery. The brigade saved a woodshed at the back, but the house had gone too far, and was gutted.

The house was valued at $3000, and all the furniture is also lost. The owner carried $2500 insurance on house and furniture, so that his absolute loss, he estimates, will be over $1000.

ASK AID FOR VICTIMS OF NEW ORLEANS FLOOD

New Orleans, Oct. 3.—An earnest appeal to the federal authorities for further assistance for the storm sufferers in Terre-Bonne parish has been sent to Washington. In addition to a supply of 20,000 small rations directed for distribution by the war department, Congressman Broussard has asked for 100 tents, 800 mattresses, and 800 double blankets. More than 2000 persons are still homeless and without means of self support.

DEAD MAN VOTING WILL BE STOPPED

Popular Occupation of New York Politicians Will No Longer Be Tolerated.

New York, Oct. 3.—No dead men will vote in the coming elections, if Herbert Parsons, chairman of the Republican county committee, can prevent it. Mr. Parsons said yesterday:

"There has been a popular impression that about thirty thousand fraudulent votes are cast at each election, but fifty thousand would be nearer the truth. The law requiring each voter to make his signature has cut down the illegal vote wonderfully, but further improvements are needed.

"In the last session of the legislature Tammany prevented us from perfecting the signature law. A deal was made in Washington last year whereby some of the upstate Republican members of the assembly agreed to help Tammany at Albany if the Tammany members of congress would vote with the Republican organization for the support of Uncle Joe Cannon and the house rules."

Charles F. Murphy, leader of Tammany hall, said:

"I don't know of any such deal. The charge has been made before."

King Edward will open the new Royal Edward Institute at Montreal by pressing a button at Buckingham palace.

Classified Advertisements

WANTED. FOR SALE. TO RENT. LOST. FOUND. REAL ESTATE. PROFESSIONAL. BUSINESS. FRATERNAL, ETC.

If a man had gold dollars to sell a fifty cents and did not let the people know anything about it, he would not sell any. You must tell the people what you have to sell, why they should purchase from you, and something of the value you offer them in return for their money. Too many of us have got the habit of thinking that because we have been a long time in business everyone must of necessity know all about us and our wares. Use the advertising columns of The Daily News and keep abreast of the times.

WESTMINSTER WOODWORKING Co., bank, office and store fittings, cabinet, stair, showcases, mantels and detail work. Designs and estimates furnished. J. Brookes, proprietor. Works: Corner Eleventh and car line. P. O. box 254, Phone 473.

ONCE CHANCELLOR, NOW A MURDERER

Former German Minister Must Hang For Awful Crime.

Santiago de Chile, Oct. 3.—Murder and arson were two counts in a terrible indictment brought against a man who had occupied a position of honor at Santiago de Chile, and the investigations brought to light one of the most dastardly outrages on record. Accused was Wilhelm Beckert, ex-Chancellor of the German Legation and on other counts. Beckert was found guilty of murder, arson, falsifying bills of exchange, falsification of the Legation accounts, and swindling, and was sentenced to death. The outrage was one of the most dastardly on record, and for a time it looked as though the perpetrator would escape from justice. On February 5 last the Chancery of the Legation was destroyed by fire, most of the archives being burnt. Among the ruin was found the body of a man, and as Wilhelm Beckert, the Chancellor, was missing, it was assumed to be his. When it was discovered that large amount of Legation money was missing foul play was suspected. Meanwhile the body found in the ruins had been buried with official honors as that of the Chancellor. The theory was put forward that the outrage was the work of certain persons whom the Legation were seeking to bring to justice for the murder of three Germans some months previously. Then a doubt was raised as to whether the victim was really the Chancellor, and, finally, evidence was produced showing conclusively that it was not, for it was known that Herr Beckert had three theeth missing, while those of the victim were complete. Further investigation proved that the buried body was that of the night porter, and it was further found that he had been murdered, his skull being split almost in two. A week later the affair took a sensational turn, Herr Beckert being arrested at Lonquimai. He was taken to Santiago, and his trial there has occupied many months. Although he was sentenced to death, it is possible that the German Minister will exercise his right of sending him to Germany, as the crime was committed on German territory.

BALL OF FIRE SHOCKED STUDENTS

Kingston, Ont., Oct. 3.—During a sharp thunderstorm yesterday a ball of fire flew in the open window at Queen's University, crossed the room and smashed a window on the opposite side.

Two students were shocked.

HERO OF BOXER REBELLION IS DEAD

Man Who Risked His Life to Save Others Reported as Dying Penniless.

San Rafael, Cal., Oct. 3.—Chevalier August Chamot, hero of the Boxer rebellion, soldier of fortune and son of a noble family, died from consumption yesterday in a tiny two-roomed cottage at Larkspur, penniless and practically friendless. When the end came only his wife, a bride of a week and one friend, stood by his bedside.

Chamot's life has been one of adventure. During the siege of Pekin he saved over 1400 white persons within the walls of the city from starvation by procuring provisions for them at the risk of his life. Following the capture of the city, the man's heroism was rewarded by half a dozen governments, who decorated Chamot.

After the Boxer trobules Chamot with his wife, came to the United States. He was wealthy. In addition to having the decoration of the Legion of Honor conferred upon him, the French government had presented him with $200,000. In New York his wife procured a divorce and through unlucky investments and his own generosity in giving away his wealth, Chamot lost his fortune. Shortly afterwards he was taken ill. He came to California and his nurse, Miss Elizabeth Dollar, followed him. The two were married a week ago. At the time Chamot had but 20 cents to his name. He cabled to his sister in Switzerland of his condition and she is now on the way to America to lend assistance that will come too late.

SMUGGLED LACES AS ASSORTED BISCUITS

New York, Oct. 3.—Two cases of "assorted bread and biscuits" cost the importer, Jos. Benger, $350 today when the customs officials found, in compartments supposed to contain the staff of life, a fur muff, a fur cape, china, laces ,and other dutiable articles. Mr. Benger said that these articles were intended as prizes for salesmen who should dispose of the largest quantity of his bread and biscuits here, and disavowed knowledge of how they came to be packed with the bread. In addition to the $105 duty, he was fined $245 under the customs act.

Mrs. Pankhurst Expensive.

Ottawa, Oct. 3.—After considering the question of bringing Mrs. Pankhurst, the Great Britain suffragist leader to the city, the Ottawa equal suffrage association has come to the conclusion that it will be impossible for it to bear the expense entailed thereby.

The International Oil Co. is a Winner

For the Following Reasons:

1st We have an Alaskan market for our oil at fabulous prices.
2nd We are erecting our own refinery.
3rd We have a lease on a producing oil well.
4th We own 800 acres of choice oil lands.
5th Our officers receive no salary.
6th Our officers receive no commission on stock sold.
7th The many natural geographical advantages we have over any other oil company in the world.
8th And we are selling our stock at a price you can afford to buy.

Some stocks, sold at 10c to 40c per share in California, are now commanding very high prices, many of them selling around $10 to $20 per share.

$100 invested four years ago in San Francisco-McKittrick, operating 60 acres in California, is today worth $8100.

$100 invested in the Pinal Oil Co. five years ago is bringing an income of $60 per month and is now worth $12,000.

Shares 15c, Par Value $1. Fully paid and non-assessable. Subject to raise without notice.

PROVINCIAL GOVERNMENT TO AID PRINCE RUPERT

Will Lend Money For Installation of Light and Fire Protection Systems.

Vancouver, Oct. 3.—The streets of Prince Rupert are to be lighted and the town is to have the protection of a chemical fire engine—the nucleus of a future fire department.

The need of street lights and of something more than a bucket brigade has been felt by the citizens of that town for some time, but they were unable to devise the means of installing either, Prince Rupert being as yet an unincorporated town without borrowing powers. The citizens finally decided to ask the provincial government, which is largely interested as part owner of the townsite to advance the amount required for these purposes, the loan to be a charge against hte town when incorporated. The request was preferred by the Citizens' Association and the board of trade and the executive council has consented to make the advance.

It is expected as a consequence that the government will introduce a bill at the next session of the legislature to incorporate the town. Under the peculiar conditons of tenure under which real estate in Prince Rupert is held it may not be possible for the residents of that town to comply with the requirements of the Municipal Act, when seeking incorporation but it is believed that these disabilities will be amended by the special legislation incorporating.

EVELYN THAW WILL SEEK EARLY DIVORCE

New York, Oct. 3.—Laura Foster, the painter, announced today on her arrival in this city from San Francisco, that Mrs. Evelyn Thaw had paid a visit to Reno, Nev., to establish a residence preparatory to bringing an action for divorce. Miss Foster said that a young woman who had all the appearances of being Mrs. Thaw, and who gave the name of Evelyn Thaw to the conductor aboard the train at Reno, was a fellow passenger as far as Chicago.

"The young woman," said Miss Foster, "stated that she had gone to Reno to establish a residence so that she could get a divorce, but that she was caused so much annoyance because of her identity becoming known that she was obliged to come east. She said she planned a trip to Europe.

WRIGHT BROS. CLAIM MONOPOLY OF AIR

Will Prosecute All Who Attempt to in America With Farnam or Bleriot Machines.

New York, Oct. 3.—Any attempt to make flights in this country with a Bleriot or Farman aeroplane, or any other foreign-made flying machine, which they consider an infringment on their patents, will meet with the opposition of the Wright Brothers. Announcement to this effect was made today by Wilbur Wright in his aeroplane shed on Governor's island, in connection with a report of the proposed importation of a Bleriot monoplane by H. Hayden Sands of New York, and the purchase of a Farmar biplane by J. W. Curzon of Jackson, Miss.

"If these machines are brought to the United States for the purpose of making flights we will file suits against the owners," said Mr. Wright "Both the Bleriot machine and the Farman machine are infringements of our patents."

Mr. Wright explained, as the basis for his claim, that these two foreign machines infringed on the rights of himself and his brother, was not merely on their patent on the warping planes, but on that governing the combination of any surfaces with the planes by which the machine was made to circle about or to maintain its equilibrium.

IMPORTATIONS OF MINISTERS FOR WESTERN CANADA

Montreal, Oct. 3.—A party of 25 ministers for the Presbyterian mission churches of the west arrived in the city this morning by the steamship Grampian. The party was organized in Scotland by Dr. MacLaren, of Toronto, and came over in charge of Rev. Mr. Boyd, of St. John, N.B. About half of them are ordained ministers, and the remainder are training for the ministry, and will finish their course at Canadian colleges after serving for a couple of years in the western missions. They will be appointed to churches west of Winnipeg, and will leave for their posts at once.

CHARGED WITH ASSAULT FOR PUNISHING HIS BOY

Trenton, Oct. 3.—Dr. Simpson, of Brighton charged Miss Frances Nelson, a school teacher, with assaulting his son. The latter was punished by the school marm and the doctor charged that she used undue violence. Magistrate O'Rourke reserved judgment.

MONDAY, OCTOBER 4, 1909.

A MAGNIFICENT MOVE.

It has been our pleasure and privilege to prophecy the future greatness and prosperity of New Westminster for a long time past. We have said again and again that it is only a question of time, and that not far distant, when our city will stand out on the may as the first Pacific port and Western railway terminus. Because the Canadian Pacific Railway passed New Westminster by and made its terminal at Vancouver has simply meant that, so far as we are concerned, we have had to wait. But the time of waiting is near to an end and the hopes and desires of our citizens are within measure of being realized.

One of the most positive indications of this is a highly important real estate deal that has just been put through. This is in the form of options to purchase the entire extent of Annacis island on behalf of the Grand Trunk Pacific Railway. The deal has now been pending for some weeks, representatives of the syndicate which is acting for the railway company having been in the city looking over the land, and examining the shipping facilities offered by the river. According to all accounts they were perfectly satisfied with the site. Yesterday they left for the east to complete arrangements, and ere long we may expect to see the Grand Trunk Pacific in full possession of this extensive and valuable estate.

The importance of this transaction is self-evident. The island lies practically within the city, though it does not form part of it, and its transformation into a busy railway terminus, depot and port for the company's Pacific steamers must prove an immense influence toward the development of New Westminster. For the railway company's purpose it would have been difficult to find a finer site. The company will be virtually lords of the isle, untrammelled by any right of way, taxes or imposts of any kind. They will have four miles of waterfront, with deep water at all times, and over eight hundred acres of land, an area which will admit of the provision of ample dock and wharfage accommodation, warehouses, offices, carshops and all the various appurtenances of a great railway terminal and port. Connection with the mainland will be obtained by a bridge over Annacis slough.

This is by far the most important recognition of the advantages which New Westminster affords for railway and industrial development, and we may expect to see other weighty movements in the same direction before very long. Several great industrial concerns are seeking sites on this coast just now, and many of these are likely to discover that the Royal City, with its miles of free water frontage on one of the great waterways of the world, is a far more favorable location than our sister city, where everything is practically in the hands of the Canadian Pacific Railway. As we have said, our period of waiting is nearing the end; the faith and patience of our citizens is about to have its reward, and New Westminster is coming into her own.

PRINCIPLE NOT OPPORTUNISM.

Liberals are opposed to class legislation, bureau rule, irresponsible authority, sinecures, extravagance and graft. Even the Toronto News, that morbidly Tory paper, admits this.

The News undertakes to speak of "departed Liberalism" upon what authority, or with what knowledge of the subject, is not apparent. The article contains such phrases as "Tupper, tyranny and taxes," subjects upon which the News may be entitled to speak, but as to Liberalism, the News knows little and cares less. For a paper alleged to be devoted to the diffusion of "useful information," the amount of rubbish contained in the article referred to is something appalling.

In all things since coming into power the Liberals have been influenced by principle rather than opportunism. The principles enunciated when in Opposition have been practiced in office. The Federal Government is truly Liberal in the best and fullest sense of the word. All the progressive measures promised when in Opposition have been ardently advocated since coming into power.

The Conservatives had no policy in 1896, none in 1900, none in 1904, none in 1908. They talked scandal, but all policy was lacking. Some of the practical ideas of the Liberals were promised in the Borden platform, but the people preferred actual performance to vicarious promises.

Upon most public questions the Conservative party is hopelessly split. Even on the subject of so-called scandals there is no unanimity. Col. Sam Hughes, M. P., and Mr. Borden, consider the Ross rifle a splendid weapon, Col. Worthington, Conservative M. P., Mr. Northrup, Conservative M. P., and others say the rifle is no good. Mr. Foster contends that Sir Wilfrid Laurier stated that the Grand Trunk Pacific could be built for $13,000,000, Col. Ward, ex-Conservative M. P., says the Prime Minister never said so. Mr. Henderson and Mr. Taylor, Conservative, M. P.'s, want a tariff wall high as Haman's gallows. Mr. Cockshutt, ex-Conservative M. P., and others, say they want "adequate protection." Mr. Borden wants Government ownership of railways. Mr. Haggart, Conservative M. P., says he is opposed to this view. A number of Conservative members advocate that during these slack times the Government shall spend money freely. Mr. Foster and Mr. Osler, Conservatives, say that the Government should not spend a dollar more than is necessary. Mr. White, Conservative, wants the Government to embark on the building of the Georgian Bay Canal at an expense of $100,000,000. Other Conservatives urge the building of the Trent Canal and several of them oppose the Newmarket Canal enterprise. Col. Hughes wants millions spent on the Trent Canal, and his colleagues say the money would be thrown away. Mr. Foster criticizes the Government for expending money extravagantly, and at the same time advocates a tunnel to connect Prince Edward Island with the mainland at an expense of $15,000,000. The Conservatives, excepting those from the west, oppose the building of the National Transcontinental, at the same time they urge the Government to construct a railway to Hudson Bay.

From this it will appear that the Conservatives are not together on any subject of public policy. Even upon the so-called scandals they cannot agree.

In strong contrast, the Liberal party, carrying out their pre-election promises, passes legislation for the good of the people, with the united support of the party in the House, the firm endorsement of the people in the country, and without protest from the Opposition in Parliament

MARRIED.

Brehaut-Clark.

At St. Mary's church, Sapperton, on September 16, 1909, Frances A. Clark, of Batrington, Yorkshire, England, was married to Albert Brehaut, of New Westminster.

LAND REGISTRY ACT.

Take notice that an application has been made to register Charles Ketchum as the owner in fee simple, under a tax sale deed from C. C. Fisher to Frederic W. Howay and Roble L. Reid, bearing date the 1st day of December, A. D., 1902, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the province of British Columbia, more particularly known and described as Lot 13 of Block 13 of Lot 201, Group 1, Murray's Addition, north half of Lot 14 of Block 13 of Lot 201, Group 1, Murray's Addition.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the first publication of this notice, and in default of a caveat or certificate of lis pendens being filed within such period or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Charles Ketchum as owner thereof in fee. And I hereby direct that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 28th day of September, A. D. 1909.

C. S. KEITH,
District Registrar.

TENDERS

For freighting of supplies for the Yukon Telegraph line.

Sealed tenders addressed to the undersigned and endorsed "Tenders for Packing Supplies," will be received until 5 p.m. on Thursday, November 25, 1909, for the packing of material and supplies for points along the Yukon Telegraph line between Quesnel and Atlin, in the course of the seasons of 1910, 1911 and 1912. Forms of tender and specification may be obtained and form of contract seen on application to Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C., Mr. Wm. Henderson, District Superintendent Government Telegraphs, Victoria, B. C., and from the Government Telegraph Agents at Ashcroft, B. C., Quesnel, B. C., Hazelton, B. C. and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures with their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender for one year's packing, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.

Department of Public Works, Ottawa, September 24, 1909.

SPORTING NEWS

ROWDY TERMINATION TO FIRST N.L.U. PLAYOFF

Opening Game in Extra Series for Championship Introduces Rough Play.

The result of Saturday's game in the extra series for the N. L. U. championship at Montreal has important bearing on the situation here as if the Irishmen win again there may yet be a Minto cup series on the coast. As was to be expected from the bitter feeling between the Montreals and Shamrocks the game was conspicuous for hard checking and rough work, and ended in a fracas, Referee Cousineau seeking safer quarters in a dressing-room. As the time was up, the result, 7 to 5 in favor of the ex-champions of Canada, will stand.

The play held fast throughout, several men having to leave the field for repairs. Laviolette was struck in the groin and had to quit entirely, anxious as he was to finish. Kavanagh also left the field, and the final quarter in which the Irishmen went ahead had to be carried through with only eleven men a side.

In the gathering darkness the final fight occurred, and the spectators from the bleachers rushed on the field, jostling the teams to the clubhouse, Cousineau having declared the game at an end in the progress of the melee.

FOOTBALL

VANCOUVER DISTRICT LEAGUE.

V. A. C.-Grandview—Postponed.

An important meeting of the Vancouver District association will be held tonight at 8 o'clock at the National Sports Club. The draw for the first round of the National cup competition will take place, while several other matters of import will come up for discussion.

Westminster Rovers.

The attendance at the football practice at Moody Square on Saturday was small, owing to the attraction of the Celtics-Thistles game at Vancouver.

BOWLING

Tonight the much talked about game between the "Single Men" and "Married Men" takes place, the losing team having the privilege of defraying the costs of an oyster supper.

On Wednesday evening a team will journey to Vancouver for the weekly game.

All entrants for the "Individual series" who have not yet bowled their games, are asked to do so, as soon as possible, following are the present leaders in each class:

Senior—E. E. Johndro, ave. 161.
Intermediate—H. P Keary, ave. 161.
Junior—F. King, ave. 135.

FIASCO ENDS JUNIOR LACROSSE CHAMPIONSHIP

The junior lacrosse championship match played on Saturday afternoon at the Royal Athletic park between the Grandviews of Vancouver and the North Wards of Victoria, ended in a fiasco, with the score two to one in favor of the North Wards.

At the beginning of the third quarter the Grandviews refused to continue unless given half the gate receipts.

The North Ward players held that they were never given a share of gate receipts at Vancouver, and would not comply, and the match ended abruptly with the Grandviews leaving the field.

Referee Sweeney gave the match to the North Wards, which gives them the B. C. championship.

Senior Amateurs Out.

About a dozen attended the lacrosse practice at Queens park on Saturday in preparation for the game with the Maple Leafs tomorrow week. There will be practices this week tonight, Wednesday and Friday.

SATURDAY'S RACING

A large crowd went out to Minoru track on Saturday and were furnished some splendid racing, the hurdle race of one mile and a quarter over five hurdles being the chief attraction. Storms found little difficulty in getting over the jumps, but had to be extended to keep the fast coming Smilter from copping the purse. Mike Hennessy ran third.

Meltondale had an easy time beating Terlago in the first race with Otranto third. Time, 1:15 1-5.

Rosslare came from behind in the stretch and beat Josie S. with Zick Abrams third in the second event.

In the third race one mile selling, Aftermath easily beat Flagingy with Wolfeville third. Time, 1:42.

Fancy was the best horse in the fourth race at 7 1-2 furlongs, with Workbox right behind and Follie L. third. Time, 1:34 4-5.

In the sixth race Roy Junior won although Nasmerito came from nowhere and would have won in another jump. Rosevale ran third. Time, 1:46.

Ladner Field Trials.

Spots Rip Rap, owned by D. G. Macdonell, of Vancouver, again carried off the B. C. championship at the field trials held at Ladner last week, his supremacy being demonstrated in the final event of the trials held on Saturday. In this the dog went up against Rex Salem, the Portland dog which won the all-age stakes earlier in the week, Tony Spot, also of Vancouver, which came second in the Derby, and The Deacon, of Everett. The results in the Pacific Northwest field trials were as follows:

Pacific Northwest F. T. C., All-age—1, Spots Rip Rap, owned by D. G. Macdonell; 2, Rex of Salem, owned by Homer Smith, Salem, Ore.; equal third, Tony Spot, owned by G. Hutchings, Vancouver; Kilo Viola, owned by J. W. Considine, Seattle.

Pacific Northwest F. T. C. Derby—1, Shasta Queen, owned by J. E. Terry, California; 2, Eastview, owned by D. G. Macdonell; 3, Melrose Prince, owned by J. W. Considine.

CUT OFF DIGIT TO EARN $1,000 EXTRA

Cleveland, Oct. 3—Mr. Fan, would you deliberately go to a doctor and have one of your fingers cut off if it would enable you to earn en extra $1,000 a year?

Well, that's exactly what Bob Higgins, the Naps' new catcher, plans to do at the end of the season. The little finger on his right hand has been broken ten times. It's not broken now, but it is bent so that the first joint points in toward the palm of his hand.

That first joint looks like a boil most of the time because it's impossible for him to keep it from being hit. It's red and sore so much that he's in constant pain when catching.

"You will never have any comfort, until you cut off that first joint," Manager McGuire told him.

"All right. I'll let Dr. Castle do the sawing as soon as the season's over," said Higgins.

WILDCAT MINING PLACED UNDER BAN

American Mining Congress Closes Its Session With Adoption of Resolutions.

Goldfield, Nev., Oct. 3.—The American Mining Congress closed its twelfth session here at noon today, after adopting a resolution calling upon the national government to legislate against perpetual franchises for water power or water rights in Western states, and urging that similar state legislation be passed without waiting for congressional action.

The apex law, under which the discoverer of a mineral lode or vein can follow it outside the lines of his claim, was another subject of discussion, and its repeal, with the substitution of a law making the side lines of a claim its limits when continued downward vertically, was urged.

Wildcat mining schemes were placed under the ban by the congress, which urged state and national legislation against it.

Los Angeles and Spokane have developed a lively rivalry for the next session of the convention. This question will be decided by the executive committee.

RHEUMATISM

I want every chronic rheumatic to throw away all medicines, all liniments, all plasters, and give MUNYON'S RHEUMATISM REMEDY a trial. No matter what your doctor may say, no matter what your friends may say, no matter how prejudiced you may be against all advertised remedies, go at once to your druggist and get a bottle of the RHEUMATISM REMEDY. If it fails to give satisfaction I will refund your money.—Munyon

Remember this remedy contains no salicylic acid, no opium cocaine, morphine or other harmful drugs. It is put up under the guarantee of the Pure Food and Drug Act.

For sale by all druggists. Price, 25c.

Prehistoric Dwellings Found.

Stockholm, October 3.—Pole dwellings 4000 years old, similar to those discovered in the north of Switzerland, have been unearthed in a swamp on the plateau east of Lake Vetter, 120 miles northwest of Stockholm. The excavations disclosed petrified apples, wheat, nuts, pottery, flint and horn implements, amber ornaments and wild boar teeth, all in a good state of preservation, in the calcareous mud.

LABOR FAMINE ON AT PRINCE ALBERT

Cry for Hundreds of Men Unanswered—Important Works Are Held Up.

Prince Albert, Sask., Oct. 3.—The cry for men in this city and district is becoming serious. The necessity of more help is felt in general throughout the city and country, and work of an important nature is being left undone. The call for more men has been sent out from the city several times during the year, but it seems almost an impossibility to get enough men to fill the requirements. Building is practically at a standstill in this city at present, the contractors being unable to get men. Work on the city sewers is very slow and Contractor Boulten, who is constructing the sewers in the city announced the other day that he would lose $3,000 on account of not being able to get men. The Sturgeon Lake Lumber company want 300 men; the Prince Albert Lumber company want a similar number; Contractor Holmes stated that he wanted 200 men, several threshing gangs are wanted and it is announced by the Prince Albert Lumber company that several thousand men will be wanted in the logging camps by Oct. 15. There will be lots of work for intending settlers in this district, this year.

Epidemic of Sneezing.

London, Oct. 3.—An amusing street scene occurred in the centre of Dublin when a horse drawing a chemical company's van stumbled, and among the articles thrown on the roadway was a carboy of smelling salts, which broke. The driver was at once seized with a violent attack of sneezing and those who went to his assistance as well as the crowd which gathered, soon became similarly affected, the result being a chorus of sneezing.

Lifebuoy Soap is delightfully refreshing for Bath or Toilet in hot weather. For washing underclothing it is unequalled. Cleanses and purifies.

WILL ELECTRIFY MANY RAILROADS

All Lines Entering Chicago Must Soon Adopt the New Motive Power.

Chicago, Oct. 3.—The first move to compel the electrification of all railroad terminals in Chicago was made at the first post-vacation session of the city council last night by the introduction of an ordinance by Alderman Snow, which requires that after May, 1912, every railroad company shall propel its trains by electris power within a radius of eight miles of the city hall. The ordinance was referred to the committee on local transportation without discussion.

Ald. Snow's ordinance is the biggest local transportation measure presented to the council since the track elevation ordinance, nearly ten years ago. The gigantic task contemplated will invole an estimated total expense of between $50,000,000 and $75,000,000. The estimated expense to the Illinois Central road alone will be more than $5,000,000.

The same bitter opposition made by the railroad companies to the elevation of their tracks ten years ago is expected to be made to the electrification plan. It is the belief of city officials that the Illinois Central road will fight the ordinance in every way possible and that in its fight it will have the support of every other railroad in the city.

ENGLISH CHORUS GIRLS FIND TIMES HARD

London, Oct. 3.—Mr. William Forbe who for 31 years has worked among theatrical employees, stated at a tea meeting held at the Lambeth Wesleyan Chapel, attended by close on 100 chorus and ballet girls, that three-fourths of those present were out of employment. Owing to the depressed state of the profession he had to deal with about 30 appeals for assistance every week. Not long ago a girl could earn £2 a week at a provincial pantomine, but during the present season numbers had not received more than 25s. or even £1 a week. The girls were consequently in great distress and had no immediate prospect of an engagement.

PINE PASS RAILWAY FOR FORT GEORGE

Ottawa, Oct. 3.—Railway legislation is piling up for the approaching session of parliament. Nine companies having charters for railways in Manitoba and the northwest will seek amendments for extension of time for completion of their projected lines. The Pine Pass Railway company will ask for a charter to build a railway from Edmonton through the Pine River pass to Fort George, B.C., on the Fraser river.

AERONAUTICAL SOCIETY DRAWS UP RULES

Nancy, France, Oct. 3.—The International Aeronautic Congress held its final session at Nancy today. Resolutions were passed in favor of international aerial navigation rules similar to those applied to sea travel for the purpose of avoiding accidents; requesting liberal laws and regulations governing flying in various countries, together with facilities at the custom houses such as now apply to automobiles; recommending the adoption of an international system of marking aerial charts and maps, and favoring a closer study of meteorology because of the importance of this science to aviation.

NOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on the year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres will be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.

Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

LAND REGISTRY ACT.

Take notice that an application has been made to register Annie Ryder as owner in fee simple, under a tax sale deed from Sidney A. Fletcher to Annie Ryder, bearing date the 13th day of October, A. D., 1906, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the Province of British Columbia, more particularly known and described as Lot 23, Block 1; Lots 8, 9, 16 and 17, Block 6; Lots 1, 8, 9, 16 and 17, Block 6; Lots 4, 5, 12, 13 and 20, Block 9; Lots 1, 8, 9, 16 and 17, Block 10; Lots 1, 8, 16 and 17, Block 12; Lots 4, 5, 12, and 20, Block 13; Lots 1, 8, 9, 16 and 17, Block 14; Lots 1, 8, 9, 16 and 17, Block 16; Lots 4, 5, and 20, Block 17; Lots 1, 8, 9, 16 and 17, Block 18; Lot 6, Block 21; all subdivisions of Lot 500, Group 1. Lots 10, 11, 12, 13, and 15, Block "K" subdivision of Lot 268, Group 1; Lots 24, 25, 26, 27, and 32, Block 1; Lots 2, 3, 4, 5, 6, 10, 11, 12, 13, 14, 15 18, 19 and 20, Block 4; Lot 16, Block 5; Lots 1, 8, 16 and 17, Block 15; Lots 4, 5, 12, and 20, Block 9, subdivision of Lot 3, Group 1; Lot 7, Block 4, of Lot 7, Group 1, Map 174.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within ten days from the date of the first publication of this notice and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Annie Ryder as owner thereof in fee. And I hereby order that publication of this notice for ten days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the land registry office, New Westminster, Province of British Columbia, this 30th day of August, A. D., 1909.

C. S. KEITH,
District Registrar.

To Samuel Coulter, Esq.

Re part (1 acre) of southeast quarter of section 12, township 2, New Westminster district.

Whereas proof of the loss of certificate of title number 1757a, issued in the name of William Oleson, has been filed in this office.

SUNLIGHT SOAP

Do you know the difference between working and having the work done for you?

Sunlight Soap actually makes the dirt drop out—saves you time and money—but injures neither hands nor clothes. That is just the difference between Sunlight Soap and ordinary soaps.

Follow Directions

DENOUNCE PAPER DUTY AS TAX ON KNOWLEDGE

American Publishers' Union Deplores Impending Trade War With the Dominion.

Washington, Oct. 3.—A statement in the matter of an impending trade war with Canada has been issued by the Committee on Paper of the American Publishers' Association. "To protect a combination of worn out paper mills, some of which have since been abandoned for news print paper making purposes," the statement says, "the United States government has been forced into a tariff war with Canada, which promises to be far-reaching in its scope. The Canadian authorities say they sell $90,000,000 worth to the United States and buy from it $160,000,000. If it comes to a tariff war they claim they have the whip hand, and while they regret the situation, they do not propose to be forced to terms.

"Canadian retaliation will strike American exports as varied as coal and cotton, iron and meat, fruit and automobiles, oil and live stock. But the most serious feature of the prospective war is that which affects wood products, valued at $30,000,000, brought into the United States from the Dominion. Directly or indirectly, all the masses who read for amusement or instruction must pay a tax upon knowledge for the benefit of derelict paper mills, and trade between the two countries is to be paralyzed."

BEAVER FARM IN ALGONQUIN PARK

Ontario Government Could Derive $30,000 to $40,000 Yearly From Enterprise.

Toronto, Oct. 3.—Thomas Southworth, formerly director of Colonization for Ontario, suggests that the province establish a beaver farm in Algonquin park. He says: "The work of securing the annual harvest of beaver skins could be safely entrusted to the superintendent of the park and staff of rangers. The beavers live in families. The rate of increase is quite definitely known and it would be quite practicable to secure several thousand skins yearly. These could be stamped as property of the government and sold.

"The sum of $30,000 to $40,000 could easily be obtained yearly from this source without exterminating the beaver, and this could provide the fund for park purposes, which is much needed."

COMMERCIAL CABLE CO.
STOPPED IN NEWFOUNDLAND

St. John's N. F., Oct. 3.—The work of the Commercial Cable company in putting its underground conduits in the streets of St. John's in order to connect its city offices with the place of landing of its cable, was stopped yesterday by the Newfoundland authorities. This renders it necessary for the cable company to operate its cable in a hut on the seashore, which is exceedingly wild and desolate. The cable operators must now travel night and day to and fro between the shore and the city, over a most difficult and dangerous country. The cable company has decided to ask the American government to intervene.

Templeman Returns to Ottawa.

Ottawa, Oct. 3.—Hon. William Templeman arrived from the coast this morning and saw Sir Wilfrid Laurier. It is probable that within the next few days a decision will be reached in connection with the personnel of the British Columbia court of appeal, and also in respect to the new lieutenant-governor to succeed Hon. James Dunsmuir.

NOTICE.

Those having rooms to let during Exhibition week please hand their names and addresses with particulars to the Secretary at the Exhibition grounds, as a number of applications have already been received applying for accommodation during Fair week.

W. H. KEARY,
Mgr.-Sec.

WRIGHT BREAKS ALL RECORDS FOR FLIGHT

Ascends to Height of Almost One-Third of a Mile—Carries German Crown Prince.

Potsdam, Germany, Oct. 3.—Orville Wright, the American aviator, yesterday broke his own record and all other records for high flying. He reached the unprecedented height of more than 1,600 feet, although an official measurement was not taken. He had a red-letter day in a double sense in his experience as an aviator, taking up the Crown Prince Frederick William as a passenger, and more than doubling the altitude record, which he made recently over the same field. The Crown Prince had been constantly urging Mr. Wright since he first saw him fly to take him up as a passenger.

Wright evaded this responsibility while making flights at the Tempelhof field, but since the beginning of the flights at Bornstedt Field, near Potsdam, the prince had been telephoning the aviator every morning, asking him if he was ready to gratify his request. Wright finally consented today. The prince reached the field at 4:30 in the afternoon, without his adjutant. After drawing on his overcoat at Wright's suggestion, to save his uniform from being bespattered with oil, the prince took his seat alongside the aviator, and the machine rose in the air. Wright kept it at a height of about 20 feet for a brief period, but the Crown Prince exclaimed: "Higher, higher!" Finally the aviator went up above 60 feet, and the crowds heartily cheered the prince, who waved back his acknowledgement. The aeroplane glided back to the starting-point ten minutes later.

The crown prince congratulated Mr. Wright on the ease and safe motion of the aeroplane and presented him with a souvenir of the occasion, a diamond and ruby pin composing the letter "W" and crown. He watched the daring aviator make his high flight, which also was viewed by a large multitude.

When he returned to earth Wright, speaking of his marvelous flight, said:

"I never flew so high before. No measurement was taken, but I estimate that I reached an altitude of 500 meters (1637 feet). It is difficult to gauge height, but I make the estimate from the time it took me from the starting point to the greatest altitude.

CANADIAN FEDERATION PRESENTS VIEWS TO PREMIER

Ottawa, Oct. 3.—The delegation representing the Canadian Federation of Labor, which has been in annual session here all week, waited on Sir Wilfrid Laurier and the Hon. Mr. King yesterday and formally presented the resolutions passed in convention which call for federal legislation.

These include a demand for the construction of the proposed new navy in Canada; bonus on steel; shipbuilding, the coinage of half-cent pieces; extension of the provisions of the Lemieux act to cover all industrial disputes; taxation of all foreign employees brought into Canada; the impropriety of members of military bands belonging to international unions; and the appointment of a commission to enquire into the alleged evil effects of international unionism. A promise of consideration was given.

FROM COUNTY COURT TO SUPREME COURT

Ottawa, Oct. 3.—The "Canada Gazette" announces the appointment of C. H. Barker, of Nanaimo, to be judge of the county court and local judge of the supreme court, vice Judge Harrison, resigned; also of Judge Grant, of the county court of Vancouver, to be a judge of the supreme court of British Columbia.

Upon the Hon. A. B. Aylesworth's return it is expected that something will be done in regard to the establishment of the Court of Appeal for the Province of British Columbia.

CARLETON GILBERT, Mgr.

BRIDEGROOM DISAPPEARS ON EVE OF WEDDING

Manager of Armour & Co.'s Plant at Omaha Thought to Have Been Murdered.

Omaha, Neb., Oct. 3.—Almost on the eve of the date set for his wedding to one of the leading belles of Omaha society, George Bowers, acting manager of Armour & Co.'s packing house at South Omaha, mysteriously disappeared and detectives working on the case today fear that he has ben murdered. He had $4000 and jewelry valued at $1000 on his person at the time of his disappearance September 5.

On September 4, Bowers drew $4000 from his personal funds in the bank and started for Northern California where he intended to inspect some placer mines in which he is interested and spend a few days hunting. The following day his fiancee, Miss Daisy Rogers, one of the most charming girls in Omaha society, received a message from him dated St. Paul, through which city his route was to take him. No word has been received from him since.

Two weeks ago relatives of Miss Rogers and officials of the packing company became frightened, fearing that something dire had befallen the young man. Detectives were employed and have been working on the case ever since. No trace of the missing man after his arrival in St. Paul has been found and the authorities fear that he was robbed and murdered.

Miss Rogers is prostrated with grief and refuses to receive anyone.

CELEBRATION CLOSES IN BLAZE OF GLORY

Shouting and the Tumult Dies and New York Resumes Its Wonted Routine.

New York, Oct. 3.—New York city's share in the Hudson-Fulton celebration ended last night with a carnival parade and a display of fireworks and warship illuminations on the Hudson river. Today most of the half hundred men-of-war anchored here will begin their preparations for departure and the city's half million visitors will pack their trunks and turn homeward.

The city was in its fairest mood tonight for the carnival pageant, with thousands of marching men in costume of varied character and its fifty elaborate floats.

At 8 o'clock, when the long procession stared, the crowd of spectators was the greatest of the week's celebration. The floats in parrade cost a quarter of a million dollars.

During the day the children of Greater New York had their fling.

There were forty-six separate parades in which 500,000 children took part.

ALASKANS DISSATISFIED WITH PRESIDENT'S SPEECH

Skagway, Alaska, Oct. 3.—The action of the grand camp of the Arctic Brotherhood at Seattle in making President Taft an honorary past grand Arctic chief is the cause of much indignation among members of Camp Skagway, No. 1, of the Brotherhood. A special meeting of protest has been called for tomorrow night, and it is stated by officers of the Skagway camp that disregard of the protests of the northern camps will cause them to secede from the grand lodge.

The feeling is intensified by President Taft's Seattle speech, in which he opposed home rule for Alaska, and the indignation is not confined to the members of the Brotherhood.

PRESIDENT TAFT CONCLUDES SEATTLE VISIT

Only Untoward Incident Was Arrest of Man Who Carried Loaded Revolver.

Portland, Ore., Oct. 3.—Carrying out a program which was arranged with special reference to his comfort and convenience, and yet calculated to give the people of the entire city an opportunity to see him, President Taft spent in Portland yesterday what he declared was one of the pleasantest days of his Western trip.

There was but one outward incident, the arrest of a man who carried a camera, and his efforts to get into the front rank of spectators just as the President was leaving his hotel, caused his apprehension by the police. When the man, who gave his name as Arthur G. Wright, was searched, a revolver and an extra supply of ammunition were found upon him. Wright tells a straightforward story. He states that he is a draftsman in the employ of the C. W. & F. Smith company, of Roxbury, Mass., and that he has been on a three-month pleasure jaunt through the West. The police will hold him pending further investigation into his antecedents.

Smuggled a Dressed Pig.

Tacoma, Oct. 3.—Wm. Reese, a farmer of Sumas, Wn., near the international boundary, was fined $800 and costs in the federal court yesterday for having smuggled a dressed pig across the boundary from British Columbia to the United States. He pleaded guilty and paid the fine.

SEPTEMBER WINNERS

These are the numbers that entitle you to a 109-piece china dinner set

43,994,	37,221,	56,677
61,114,	64,001,	51,348
69,423,	58,276,	56,297
	66,723.	

If you have not drawn one yet, you certainly will soon. Each month from the duplicates of the coupons placed in the sacks of Royal Standard Flour leaving our mills, we draw ten numbers. When you secure one of these, you are entitled to a dinner set free of charge. You probably know many of the winners. Watch this paper each month for your turn.

Royal Standard Flour is the best and purest flour on the market in Western Canada today. It is a superior flour—not merely different, but superior.

Come at once while the best lands are selling cheap and let us show you this section at our expense. We can sell five, ten, fifteen and twenty acre tracts on easy terms. F. J. Hart & Co., Ltd. **

NAVAL HERO RECEIVES HIS SECOND MEDAL

Washington, Oct. 3.—For the second time in his life John King, a water tender on the United States ship Salem, whto hails from Ireland, but who enlisted from New York, was today awarded a medal of honor for extraordinary heroism by the navy department. King was in charge of the feed water on the Salem at Hampton Roads on the afternoon of September 13 when an accident occurred to one of the boilers. His action in the emergency that arose, it has been found by the department, saved the ship from a more serious accident. He not only manipulated the machinery so as to prevent a disaster, but rendered aid to others in peril at the risk of his own life.

King's first medal was granted for a similar act of heroism on board the Vicksburg in 1901.

Have You Seen Those Charming Styles That We Are Displaying?

This is the question that comes up in the conversation of all shoppers. Not in years have we seen styles create so much enthusiasm, so captivate all women.

THE NEW IDEAS IN WOMEN'S WEAR INCLUDE TWO AND THREE PIECE SUITS, SKIRTS IN SCORES OF STYLES, WRAPS, COATS, WAISTS, AND OTHER APPAREL.

The quality is a good point to consider. We lay great stress upon this particular feature. Our large and unequaled buying facilities enabled us to secure this great range of styles, and also enabled us to quote very popular prices—prices unequaled elsewhere. This is truly a season of novelties in styles, and for that reason, if for no other, you should see this display right away.

CHILDREN'S COAT MATERIALS

Materials suitable for children's coats are in demand these days. We mention a few of the most popular fabrics.
