MANY SOCKEYE IN RIVER LAST NIGHT

Average Catch Will Probably Prove to Be High—Canneries Running Full Blast.

For the first time this season the canneries have got enough fish to keep them running at full pressure. In fact some of the plants have more than they know quite what to do with, with the help at their disposal, and yesterday several cannerymen were making a desperate effort to rustle up more hands. Women and girls are wanted to assist in filling the cans at several of the plants.

Average Will Be Good.

Fish were running in the river in large numbers last night. From the reports to hand at midnight, it looked as if the average for the upper river would be between a hundred and fifty and two hundred, or possibly even more. It is expected that from now on the sockeye will become more and more plentiful up the stream, and the river fishermen expect to be making their regular "big season" catches within the next day or so.

On Wednesday and yesterday morning the fishermen at the mouth of the river did better than those in the upper reaches, the catches at the mouth averaging 250, with 850 for the high boat, while in the upper river they averaged only 70. It was thought that the fish at the mouth of the river on Wednesday night and Thursday morning would be well up the stream last night, and that the catches would consequently be better than the preceding nights.

Low Rate Next Week.

The 12½c rate for sockeye will be included at the close of the present week, and for the remainder of the season the canners will pay only 10c

JOINT COMMITTEE NAMED FOR LABOR CELEBRATION

Vancouver and Westminster Councils Will Unite in Arranging Festival —Unpleasant Incident Closed.

The Vancouver Trades and Labor Council received a delegation from the Westminster Trades Council last evening with reference to the celebration of Labor day in this city, and named a committee to act with the Westminster committee in making the arrangements. The joint committee will meet here next Monday.

An unpleasant incident was closed. At the last meeting Delegate Ley made a statement that the organizer for New Westminster was going about in clothes which did not seem to bear the union label. The delegate who represents the tailors' union was called upon for a retraction by the Westminster council, but last evening he refused to give it. The outcome of the matter was that the Vancouver Trades Council apologized for the recalcitrant delegate.

WOMAN SUPERINTENDENT FOR SCHOOLS OF CHICAGO

Sixty-Four Years Old and Has Been Teaching For Over Forty Years of That Time.

Chicago, Aug. 5.—The superintendency of Chicago's great school system has been given into the hands of a woman for the first time in history. Mrs. Ella Flagg Young, Principal of the Chicago Normal school and an educator of national reputation, was chosen tonight by the newly-organized Board of Education as head of the public schools.

Mrs. Young's selection followed a struggle for the office which has been going on since the resignation of Edwin G. Cooley several months ago. Mrs. Young is 64 years old, and was born in Buffalo, N.Y. She had been teaching since 1862. She was district superintendent of schools for Chicago from 1887 to 1899, and professor of education in the University of Chicago from 1899 to 1905. She is the author of several books on educational subjects.

HUDSON'S BAY COMPANY MUST PAY BIG FINE.

North Bay, Ont., Aug. 5.—A fine of $240 was imposed upon the Hudson's Bay Company today by Police Magistrate Weegar, on the charge of having unlawful possession of 15 beaver and 39 otter skins on June 29th last. This enormous and unprecedented penalty is the result of a seizure, made by Game Overseer Blea, of the provincial department, of skins at the Hudson's Bay Company's headquarters at North Bay. Crown Attorney Browning prosecuted, and Provincial Inspector Greer, Overseer Blea and Chief Game Warden Tinsley were in attendance.

PILOTAGE RATES ARE BROUGHT INTO HARMONY

Order in Council Is Passed Fixing the Charges for Vessels Entering This Port.

The following change has been approved by order in council at Ottawa, with reference to the New Westminster Pilotage district, which embraces the ports of Westminster and Steveston.

Bylaw No. 7 of the Pilotage Authority reads:

"For vessels entering into or clearing from the port of New Westminster the rate of pilotage shall be as follows. From the lightship on the Fraser Sandheads to New Westminster, for vessels under sail, $4 per foot; for vessels in tow of a steamer, $2 per foot; for vessels under steam, $1.50 per foot, be amended so as to read as follows:

(a) For vessels under sail $2 per foot draught of water and one cent per net registered ton;

(b) For vessels in tow of a steamer $1 per foot draught and one cent per net registered ton;

(c) For steamers, $1 per foot draught of water and one cent per net registered ton.

This will make the pilotage charges conform to the rates charged by other authorities in British Columbia.

PICNIC PROMISES TO ACHIEVE RECORD

Details Completed For Citizen's Holiday at Blackie Spit Next Wednesday.

Everything is in readiness for the citizens' picnic on Wednesday to Blackie Spit, when a record attendance is certain to be established if the sale of tickets is any criterion. The only requirement now is to have fine weather.

Another meeting of the committee was held last evening, and the members will gather again on Tuesday to make final arrangements for the following day.

The sub-committee reported that they had visited the Spit and had arranged for platforms, tables and a refreshment booth, where light lunches and tea and coffee will be served. Swings will be erected for the children, and it be borne in mind that all little ones under five will be carried free, a fare of fifty cents being charged for children between 5 and 12, and adults $1.25.

The merchants generally promise to observe the civic holiday, and practically all the stores will close. The special train, including a baggage car, leaves the market at 8:30 a. m. Tickets will be exchanged there for railway tickets.

STREET CAR MEN VOTE ON STRIKE PROPOSITION

Chicago, Aug. 5.—Balloting on the strike proposition was begun here today by employees of the various surface street car lines. As fast as the men finished their shifts they visited headquarters and deposited their votes.

This process will continue until early tomorrow and after that several hours must elapse while the votes are counted. Official announcement of the result is set for Saturday night. There are 9000 members of the union entitled to vote. A two-thirds majority is required to carry the strike proposition.

Union officials watching the balloting said the early vote was heavily in favor of a walkout.

WOMAN STABBED IN PLAY AS RESULT OF MISTAKE

"Rival" Grasps Wrong Dagger and Severely Wounds Actress—Cut Four Inches Long.

New York, Aug. 5.—Mlle. Dazie, an actress, will not be able to assist her company in the production of a pantomime for some time, following a serious stab wound she received in the breast in full view of the audience in a theatre at Rockaway Beach. Mlle. Dazie's jealous rival on the stage was supposed to stab her to the heart with a dagger and for this purpose two daggers were employed, one with a shining steel blade to impress the audience, and the other with a rubber blade for the actual use of the jealous rival. In some manner the rival plunged the steel blade into the breast of Mlle Dazie, inflicting a wound four inches long.

The audience on hearing the shriek of the wounded actress and seeing the blood became wildly excited, but was calmed by a statement from the stage manager. Doctors in the audience dressed the wound and said that while it was not mortal it was sufficiently serious to prevent the actress' public appearance for some time to come.

WORK SUSPENDED AT COQUITLAM LAKE

Conflict of the Authorities Causes Temporary Cessation of Construction.

Operations have been suspended upon the work at Coquitlam lake dam by the Vancouver Power Company pending a decision as to the rights of the company to build any structure which will interfere with the Dominion timber berths around the lake.

Government Intervenes.

The federal government has instructed F. C. Wade, K. C., to oppose the continuance of the work of clearing a new dam until the department of the interior shall be satisfied in the matter. As the subject is a very important one in connection with the rights in the railway belt in B. C., it is expected Hon. Frank Oliver, when on the coast in connection with the Indian reserves and other matters, will personally look over the situation.

The bulk of the men left on Wednesday and returned to the towns. The progress of work has not only an important bearing on the water supply of the city, but means a considerable market for unskilled labor, as when the construction work reached its maximum nearly 500 men would be employed. The merchants supplying the camps also will feel the effects of the closedown.

Soon Before Court.

The case is expected to reach the courts before long, unless a settlement between the government can be arranged.

PREFERS WESTMINSTER.

Will Probably Build Elevator on the Waterfront.

Alderman E. J. Fader told a News representative last night that the proposal announced some weeks ago of a grain elevator company forming in Alberta to build here has taken a new phase.

The city has been visited recently by the representatives of a prominent firm of grain merchants in Winnipeg, and they prefer the waterfront here to that in Vancouver, where prices run so high, and that they are anxious to take over the proposal of the other company and bring it to fruition. An arrangement to this effect will be made and one company formed to build the elevator.

WILL FINISH G.T.P. AT STATED TIME

Sir Charles Rivers-Wilson Expects to Have Road Completed By September of Next Year.

Toronto, Aug. 5.—Sir Charles Rivers Wilson, president of the Grand Trunk Pacific, passed through Toronto on his way west to inspect the road.

General Manager Hays says tenders will be called for the construction of the second division from the coast on the 15th inst. The coast section, reaching from Prince Rupert to Copper river, a distance of 107 miles, will be completed this year.

He says he does not think they will be able to cut down the time allowed for the completion of the road. The company has up to September, 1911, and he does not think the road will be finished before that time.

The general manager said some difficulty had been experienced in British Columbia in securing laborers, but although there was still anything but a surfeit of labor, the supply had greatly improved during the last year.

Child Is An Octopus.

Middletown, Conn., July 30.—Probably the most remarkable freak child ever born in Connecticut was an 8-pound boy born to Mr. and Mrs. T. Tenzek, who reside near Ivoryton, last Monday. The father is 28 and the mother 20 years. Dr. F. W. Devitt, of Deep River, was the attending physician.

The infant has a normal body, two additional arms, two additional feet, and an additional head protruding from the stomach. Although alive at birth, it was not thought he could live, but he takes nourishment and may pull through.

TROUBLE THREATENS IN THE FAR EAST

China Intimates That It Will Stand No Further Aggression on Part of Germany.

Canton, Aug. 5.—(Special Correspondence.)—As a result of the menacing manner in which the German government requested an extension of the boundary lines of their little possession of Kow Chow on the north east coast of China, the Chinese of Shangtung province in which Kow Chow is situated have demanded that an embargo be placed on all Chinese goods going out on German vessels. The demand for the boycott was readily acceded to by the merchants all along the coast of China as there is a general feeling of animosity against Germany.

The Chinese government declares that it is not courting war with any nation, but necessary action will be taken to protect all the small outlying settlements especially those on the various coast islands.

Wife Robs Husband.

Winnipeg, Aug. 5.—Mrs. Steller, wife of the Jewish drover who left town suddenly a few days ago after a disagreement with her spouse, taking with her all the funds of the firm, amounting in all to about four thousand dollars, was arrested last night after the police had been searching for her over half the continent. She had been quietly residing in a nearby village. She made restitution and her husband dropped prosecution.

Light Electrocutes Man.

Ottawa, Aug. 5.—Hyacinthe Royer, of Gatineau Point, who for the last eight years had been a yardman at the Balmoral hotel, was electrocuted in the cellar of the hotel this morning by touching an ordinary light wire. At the inquest, held by Dr. H. Lyster, later, the jury found that death was accidental, and that there was too high a voltage in the wire.

It seems that Royer about 7:30 o'clock borrowed the keys of the cellar as he had left his pipe there. Twenty minutes later a son of the proprietor, in going past the cellar door, observed a curious odor, like that of roast fish. He looked in, and saw Royer sitting in the corner with the electric lamp in his hand. He was quite dead, and the flesh of the hand was burned through to the bone.

INDECISIVE FIGHTING CONTINUES IN MOROCCO

Priests of Moors Preach Holy War Against Spaniards—General Strike Still Threatens.

Melilla, Morocco, Aug. 5.—The Moors who yesterday attacked a Spanish commissary convoy, obliged the Spaniards to retire until the arrival of reinforcements. The Spanish then advanced and drove the enemy back.

Preach Holy War.

Alhucemas, Morocco, Aug. 5.—The Riffs' priests are preaching a holy war against Spain, and a picturesque feature of their arguments is a revival of the old legend according to which the Riff Arabs, who are descendants of the Moors driven out of Spain by Isabella and Ferdinand, are destined to clear the Spaniards out of Africa, cross to Spain and reconquer the country over which Bobadil, the last king of Granada, ruled.

Every Riff family is being visited by the priests and told that the time for the fulfilment of this legend is now at hand and urged to enter the war to regain the Alhambra from the Spaniards.

General Strike Probable.

Cerbere, France, Aug. 5.—It is reported here today that a general strike is probable in Spain on account of the refusal of the authorities to permit pacific demonstrations against the war in Morocco and in favor of the release of the men confined in the fortress since the rioting at Barcelona last week.

The government has abandoned the case against John Pich, arising out of the Hudson Bay mining title.

Once Gave Away $100,000, Now He Owns Only $7

New York, Aug. 5.—John Hall Deane, realty lawyer at 135 Broadway, who for some years represented the late Charles T. Barney in his real estate deals, and who once had the credit of dropping a contribution of $100,000 in the collection plate at the Calvary Baptist church, testified in the supplementary proceedings in part 2, special term of the supreme court, today, that his only asset now is $7 in cash in his pocket and that there are judgments aggregating $500,000 outstanding against him.

Mr. Deane, who is a member of the Union league club and the Society of the Genesee, and who is credited with giving $100,000 to the university of Rochester and an extra $50,000 to Calvary church was examined in proceedings to collect a judgment for $2,500, held by Philip H. Lantz. One judgment is twenty years old, and is held by the Hanover National bank. The house he lives in at 62 East 78th street is owned by his wife but he is supposed to pay her rent for it. He is a year and a half behind in the rent.

POST OFFICE SETTLED FOR EDMONDS DISTRICT

Will Be Convenient to B. C. E. R. Station—D. C. Patterson Appointed As Postmaster.

The department of the postmaster-general, Ottawa, has approved of the site of a post office for Edmonds, and named D. C. Patterson as the first postmaster.

Rearrangement of Post Offices.

This is in conformity with the rearrangement of the post offices in Burnaby to give better accommodation for the rapidly growing municipality. The removal of the Central Park post office westward, with another office half way between Central Park and Edmonds, and also accommodation in this rapidly developing district immediately adjoining the city, are part of the scheme, though the situation chosen at Central Park has not commended itself to a portion of the residents who have petitioned to have it located near the B. C. E. R. station.

Site Is Convenient.

The situation chosen at Edmonds is very convenient on Lot 8 of District Lot 95, immediately south of the B. C. E. R. tracks, and facing the Westminster road. Mr. Patterson, who is building there, is making special accommodation for the public using the post office.

EARL GREY MAY VISIT ROYAL CITY

Before Leaving For North Yesterday He Announced Change of Plans.

Earl Grey will in all probability visit this city before his return to the East.

Before leaving Vancouver, on his way to the Yukon, his excellency announced that he had suddenly decided to change his plans, and that instead of proceeding at once to the camp now being prepared for him on Toby creek, in the valley of the Columbia, he would spend eight days on the coast, dividing his time between Vancouver, Victoria, New Westminster and Seattle.

No Official Word Yet.

The New Westminster Board of Trade extended an invitation to his excellency to visit this city some time ago, and received word today to the effect that the governor-general would in all probability be unable to take advantage of it, the letter having been posted in the east a week ago. As his excellency only changed his plans at noon yesterday there has been no time for him to communicate his decision to Secretary Wade of the Board, but it is hoped that the next few days will bring forth an intimation to the effect that the vice-regal party will spend a short time here.

The last occasion on which his excellency was in this city was at the opening of the Dominion fair.

His excelency is accompanied by Lady Sybil Grey and Miss Broderick, of London, and by his aide-de-camp, Captain Viscount Lascelles.

Sailing on Quadra.

The party is being taken to the Yukon on the D. G. S. Quadra, with Captain Newcombe as master. They expect to return to the coast about August 30, and his excellency will preside at the opening of the new Granville street bridge, Vancouver.

The Westminster Cricket team will play the Burrard team on Saturday at Brockton Point. The following eleven will leave Westminster on the 1 o'clock car: P. C. Lashmar, E. C. Davey, C. H. Judd, B. Welfare, T. D. Sheriff, S. Richardson, T. Langford, H. Burrowes, T. Oddy, C. S. Cooke and Menzies.

NOTED EXPLORER WILL TRY FOR SOUTH POLE

Captain Rowland V. Webster Selected to Head Royal Geographical Society Expedition.

Los Angeles, Aug. 5.—Captain Rowland V. Webster, who was appointed by the Royal Geographical Society to lead an expedition in search of the South Pole, left here today for New York, whence he will embark for London to prepare for the Antarctic trip, which will begin next August.

Notification of the appointment as leader of the projected expedition came to Captain Webster just as he reached San Francisco on his twenty-fifth journey around the world.

"It did not come unexpectedly," he said, "as I was the choice of the society as soon as Lieutenant Shackleton, who reached a point 112 miles from the pole, expressed the wish to remain at home for several years."

Capt. Webster earned his title in the Soudan with Lord Kitchener. He also served in the Boer war.

CANADA'S ARMY NOW A FACTOR

Sir Frederick Borden Tells of Progress In Military Matters in Dominion.

London, Aug. 5.—The delegates to the Imperial Defence Conference were entertained at dinner today by the United Service club, Major General Arbuthnot presiding.

Sir Frederick Borden, in replying to the toast to the guests, said that some few years ago the forces of Canada were an unorganized mob. Now they had got their different departments of the army in the Dominion and could put at once 50,000 men in the field, and in a few weeks another 50,000. (Cheers.) They were also going to try and do their duty with regard to the navy.

If at any moment Canada were convinced that there was danger or risk they would do as they did at the time of the South African war. They would come to the rescue of the Empire with all the money they could get and all the men that might be necessary to man the Imperial army and fleets. (Cheers.) They were going to begin at once to do their duty and to lay the foundations of a navy which would cooperate with and be part of the British navy. (Cheers.)

General Smuts, of South Africa, said that blood was thicker than water, yet in another sense there was something that was thicker that blood—the tie of honor was even greater and stronger. (Cheers.) He hoped as time went on it would be more than realized that it was not the tie of blood which held them together, but the tie of community of interests, justice and fair play. (Cheers.)

CONVICTS HAVE CHANCE OF FREEDOM ON PAROLE

Dominion Parole Officer Archibald Visits B. C. Penitentiary—System a Success.

The annual visit to this city of Dominion Parole Officer W. R. Archibald gives an opportunity to the convicts at the B. C. penitentiary to present their cases for revision so that they may enjoy the benefit of the parole system introduced into the Canadian penal system some ten years ago, and found to work with marked success.

Mr. Archibald collects all the information available, and the report of the wardens of the various penitentiaries and reports to the ministry of justice. Of 2500 released under this system since the law was passed, only about 50 have resumed their criminal modes of life. About 700 are reporting to the police now.

Mr. Archibald will stay a week in the city, then leave for Seattle to attend the International Prison Congress, when he will take part in the meetings. He will speak at Vancouver on Sunday week in the interests of juvenile courts, as to the work among the young he has given much attention.

MONTREAL WANTS BOARD OF CONTROL

Citizens Are Not Satisfied With Present Administration By Elected Council.

Montreal, Aug. 5.—The newly-formed Citizens' Association is getting down to hard work, and held a meeting to outline its policy. Judge Ouimet presided. The policy of the organization, which is now a permanent one, is to insure that the citizens of Montreal will have an honest and efficient municipal government. To accomplish this it is considered that the establishment of a Board of Control, such as there is in the city of Toronto at present, is absolutely essential. The first step is to secure the co-operation of the French part of the population. Every effort is being made to induce the Chambre de Commerce to come into the scheme. An invitation was sent to the President to be read at its meeting as the representative of the Chambre, but he was not present. An energetic campaign will be waged, covering every ward in the city, up to September 20, the date of the referendum.

LONDON CELEBRATES TENNYSON CENTENARY

Today Is Hundredth Anniversary of Birth of Author Of "In Memorian."

London, Aug. 5.—Tomorrow (Friday), is the centennary of the birth of Tennyson, and in commemoration of the event the Fine Art Society will open an interesting exhibition at their gallery in Bond street.

The society has collected some very fine examples of manuscripts, letters, editions, portraits and other objects associated with Tennyson's career as a poet. Private collectors have made generous contributions from their treasures, and amongst them Mr. Herbert Gladstone, the home secretary, has sent two letters.

Did Not Want Title.

Three of these relate to Gladstone's proposal to confer a title on Tennyson in 1877—an idea which was carried out seven years later and in one of them the poet writes:

"My Dear Gladstone,—I don't like to trouble you about my own personal matters in the midst of your absorbing public work, but not only on account of my feeling for yourself, but also for the sake of that memory which we share, I speak frankly to you when I say that I had rather we should remain plain Mr. and Mrs., and that, if it were possible, the title should first be assumed by our son at an age it may be thought right.

But Gladstone was determined that the poet himself should have the title, and he was raised to the peerage in 1884 as Baron Tennyson of Freshwater and Aldworth.

Manuscript of Sonnet.

Mrs. Augustine Birrell, wife of the secretary for Ireland, sends the manuscript of the sonnet Tennyson wrote to Victor Hugo on the occasion of his son Lionel's visit to the distinguished French poet and romancist. A water-color portrait of Lady Tennyson by Millais, painted shortly after her marriage, is also lent by Mrs. Birrell.

Tennyson and Punch are not usually associated, but in volume ten of the London Charivari, lent by Mr. H. Hamilton Palariet, there appear two contributions written by him and signed Alcibiades. One is called The New Timon, and the other After-Thought.

LURE OF TREASURE ENTICES SUCKERS

Spanish Swindlers Work Old Game in States—Beware When Told of Death of Rich Relatives.

Madrid, Aug. 5.—The Spanish swindling agencies which fleeced the innocent in all parts of the world for many years with stories of buried treasure, legacies, etc., continue to find victims in the United States. The latest is C. M. Morgan Jones, of Aberdeen, S.D., who will learn for the first time through this Associated Press despatch that the $1,200 that he spent in the form of a draft on the Credit Lyonaise fortunately did not fall in the hands of the swindlers but will be returned to him by the Spanish authoirties in due course. A decoy letter signed by C. Burrell Lopez, informed Jones that a relation had died in a Spanish prison leaving a daughter in a Spanish convent. A large fortune had been found concealed in his baggage and the man's dying request was that the relative in South Dakota would give his daughter a home and take over the management of his fortune, only there were death charges amounting to $1,200, and unless these were immediately paid the government would confiscate the dead man's money.

So Jones, of Aberdeen, S.D., got together the cash and mailed the draft.

Fortunately the address, "C. Burrell Lopez," was known, and the authorities opened the letter and will return the money to the sender.

Such cases occur frequently, though not often with such luck for the victim.

ARREST ITALIAN FOR SMUGGLING CIGARS

Hamilton, Ont., Aug. 5.—An arrest of more than ordinary importance was made last night when Fizlaneo Camille, an Italian, was arrested on a charge of smuggling cigars into Canada. The local customs officers are behind the arrest, and an endeavor was made to keep the arrest a secret, Camille being immediately committed to jail. The customs officers refuse to discuss the case, stating that they did not want the arrest made public until they had made two or more arrests. It is understood that an organized gang of smugglers have been at work evading the city customs in the importation of cigars and the authorities are hot on their track. Other arrests are expected shortly.

TYPHOID VACCINE IS SUCCESSFUL

Inoculated Men Drink Gallon of Bacilli With Impunity.

Omaha, Neb., Aug. 5.—The last of the series of typhoid tests have been applied to Sergeant Fuller and Privates Schmidt and Goodman of Fort Omaha, and they have been pronounced immune.

In June they were vaccinated with typhoid serum and developed the disease in a mild form. Later they were vaccinated, but the serum did not take. Ten days ago they underwent the supreme test, that of drinking freely of a gallon of stagnant water, into which one million fever germs had been placed. The men were placed in the hospital and closely watched. They should have developed symptoms within five to seven days, but as none have appeared they are now declared immune.

REGINA EXHIBITION WAS NOT SUCCESS

Management is Criticized For Want of Executive Ability in Many Details.

Regina, Aug. 5.—Saturday saw the conclusion of the Regina provincial fair, when a fair-sized crowd again visited the exhibition grounds and took in the scratch program of racing. The racing was of a poor description most of the best horses having left the city and the track being still in a wretched condition after the heavy rains earlier in the week.

Considering the unfavorable circumstances which attended the opening of the fair, the exhibition on the whole turned out more of a success than one time seemed possible, though the management is being somewhat freely criticised in connection with want of executive ability shown in many important details.

ENGLISH HOLSTEINS ARE POOR DAIRY COWS

Inspectors Find That They Give Milk One and One-Quarter Degrees Below Standard.

Montreal, Aug. 5.—That the English Holstein cow should have no place in the milk supplying community of bovines, was the opinion expressed by Recorder Dupuis when it had been shown that the sale of under-standard milk by Patrick Joseph Selley, of Lachine Rapids, was not due to any adulteration by the man, but was the fault of his cows. The greater part of Selley's herd is composed of Holstein cows and in their campaign against impure milk the inspectors went right to the font herd, that is, the cows, and drew a first-hand sample. An analysis by Milton L. Hersey, analytical chemist, showed that the milk was one and a quarter degrees below the standard, and in view of that revelation Selley was let go with a fine of $5 and $8.80 costs, and an admonition to get rid of the Holsteins which the recorder said should, in the public interest, have no place amongst the milk producers.

Gas Co. Loses.

London, Aug. 5.—The Judicial Committee of the Privy Council today dismissed with costs the appeal of the Dominion Natural Gas Co. vs. Perkins.

STRIKE GIVES RISE TO FOOD SHORTAGE

Famine Threatens People of Stockholm—Soldiers Run Light Plants.

Stockholm, Aug. 5.—Stockholm today is suffering seriously from a shortage of food, which so far is the most notable result of the labor conflict that reached its acute stages at the beginning of the week. The stock of bread already is almost exhausted and the meat is scarce and expensive. The restaurants have raised their prices and the figures today are prohibitive, except for persons povided with ample means.

The strikers themselves are living practically on fish. Thousands of them are camping out, some in tents, but many without shelter, on the shores of Lake Malar, where they spend their time in angling.

The authorities have taken charge of the milk supply of the city and soldiers are distributing milk in limited quantities and supervising the sale from milk cars at the railroad stations. The deliveries of ice have ceased. This is especially trying as the weather is unusually hot.

Soldiers Escort Funerals.

Paupers from the state poorhouses have been enlisted to replace the Estriking grave-diggers and undertakers, and instead of hearses, stretchers are being used to carry corpses through the streets to the cemeteries. The funerals proceed under military escort.

The employees of the gas works and the electric light plants have gone out on strike and as a result military guards have been placed over the establishments. The authorities contend that this plan is necessary, and assert that last night they frustrated an attempt to blow up the gas works with dynamite. A gunboat has been stationed opposite the gas works and no boats are allowed to pass between it and the shore.

A battalion of grenadiers from Linkoping and a detachment of 250 men from the Ostergotland regiment have been ordered into Stockholm.

At Gothenburg work at all the slaughter-houses has come to an end and the general strike committee has called upon the railroad men and the printers to join the movement.

Strike Not General.

The strike is by no means general in the provincial towns and industrial centres of Sweden. In most places the street cars are running and city employees are at work as usual. Work in a number of factories has been suspended, but this condition is not universal and no disturbances have been reported.

The strikers total about 45,000 men, of whom 8000 are at Malmo, but barring the fact that some factories are closed, there is little change in the ordinary life of Malmo.

The loading of ships at Gothenburg wher 10,000 men are on strike, is being done by the troops.

Toronto, Aug. 5.—One man may lose an eye as the result of excessive rowdyism in one of the 41 doomed bar rooms which closed their doors finally Wednesday night. His spectacles were smashed on his face.

A policeman was brutally battered up in another "cut-off" hotel while arresting a drunk. The records in several police stations evidence an enormously increased percentage of Saturday night and Sunday drunks.

CANADIAN CEMENT COMPANIES MERGE

Capitalization Is For Twenty-Five Million Dollars—Prominent Men Interested

Montreal, Aug. 5.—Arrangements were consummated this afternoon for one of the biggest and most important mergers that has ever been effected in Canada. The merger will include all the principal cement manufacturing companies in Canada, and the consolidated company, which will be known as the Canadian Consolidated Cement company, will have a capitalization of $25,000,000. Application has been made to Ottawa for a charter for the company, and the underwriting arrangements are pretty near completion, some of the strongest men in the country being among the underwriters. The organization and underwriting arrangements are in chage of Mr. Rodolphe Forget, M.P.

It has not yet been decided whether a public issue will be made, or whether it will retained by the underwriters and their friends, but these are details which will be decided upon later.

DOES NOT BELIEVE IN TOTAL PROHIBITION

Cardinal Gibbons Thinks It Is Not Practicable in Large Cities—Favors Abstinence.

Chicago, Aug. 5.—Cardinal Gibbons, head of the Roman Catholic church in the United States, and recognized as a hearty supporter of the cause of temperance, last evening declared that enforced total abstinence in Chicago and other large cities would be impracticable. The revocation of all selling licenses, he declared, would result in a surreptitious sale of liquor.

His eminence expressed these views just before leaving Chicago, after having been in the city for seven hours.

"I am heartily in sympathy with the total abstinence movement," Cardinal Gibbons said: "It is a wide movement and I hope it will spread to the most remote corners of the nation. In the rural parts of the country and in the smaller towns and cities there is every sign that the campaign is gaining foothold, which eventually must mean success and widespread prohibition. However much I am in favor of total abstinence, though, I feel that in the big cities, such as Chicago, it would prove impracticable, and if laws providing for the revocation of licenses were enforced in these cities I fear the result would be the surreptitious sale of liquor."

SUCCESS OF WELL KNOWN INSTITUTION.

Royal Standard Flour Proves to be a Winner.

Very interesting indeed are the letters received by the Vancouver Milling Co., Ltd., from those who have been so fortunate as to secure coupons entitling the holders to the splendid prizes offered by this company to introduce their flour.

Beginning with last January, ten numbers have been drawn every month, and in different parts of the province the winners have been made happy by receiving a beautiful 109-piece dinner set. That the prizes have been appreciated can be learned from the letters, extracts from a few of which ar here given:

Mrs. D. C. Coakley of Rossland, a winner in January, states: "I was advised by a friend to try Royal Standard Flour. I find it an excellent bread flour, and will recommend it to all my friends as such."

W. H. Heighton of Mission City writes: Were there no premiums offered with the flour, I would not use any other flour, for we find it makes light, white, sweet bread, second to none.

G. A. Keating, another Rossland winner who succeeded in securing one of the dinner sets in June, says: "I am sure when people once use Royal Standard Flour they will ask for it again. We have used it for some time, and in twenty-five years' experience we have never had a better flour, and can only say that as long as we can get Royal Standard, we want no other."

Another enthusiastic user, Mrs. Millett, 941 Courtney street, Victoria, writes: "I have made bread for twenty-five years, and have tried every flour in this fair Dominion, but Royal Standard beats them all."

We think these testimonials prove the worth of Royal Standard Flour—the flour of superior quality.

Among the June winners are: G. A. Keating, Rossland, B. C.; Mrs. M. Millett, Victoria, B. C.; Mr. Thos. Fowler, Prince Rupert; Mrs. Jas. Nelson, Ladner; Mr. D. Matheson, Vancouver; Mrs. W. Pope, New Westminster.

FORESIGHT.

Every day provides evidence of the courage and foresight of the Laurier Government—the policy adopted finds justification in events as they transple and the administration is vindicated as history is made.

One cannot read a newspaper without meeting with a statement as to the crops of the three western provinces—in many of the districts fear is expressed that difficulty may be experienced in moving the crops. The difficulty of transportation is one to be met with each harvest and it is a difficulty that will be more apparent as the years roll by.

What would have been the position of the west had there been no Grand Trunk Pacific? This road is now completed from Winnipeg to Edmonton, and will be an important factor in moving the crops of this season.

When this project was under consideration by the House, it met with a most determined opposition from the Conservatives—their objection was based upon the contention that the railroad was unnecessary, and that the people as a whole would not approve of it. Mr. Lennox said:

"Canvass this country from one end to the other, go where you will, and the preponderating voice is, and the overwhelming voice will be when the scheme is fully understood, absolute condemnation of this measure."

Dr. Sproule referred to the country through which the road would pass as the "geat lone land" and he also said that the people should be given an oppotunity of expressing themselves at the polls with regard to it. These gentlemen had an idea that the people would be opposed to the building of the Grand Trunk Pacific, but events proved otherwise. Sir Wilfrid Laurier said that he would go to the country and stand or fall by the measure. It was the only important question before the electors in 1904, and the result was a great victory for Sir Wilfrid, and a sufficient answer to the men who had such little faith in the future of the west.

From most reliable sources it appears that the crops will reach the 140,000,000 bushel mark for wheat alone, and the total crops will not be far short of 275,000,000 bushels.

How could these crops be moved with the facilities which had been taxed to their utmost by the smaller output of years ago? The task would be impossible and the west would suffer in proportion. Thanks to the progressive and courageous policy of the Liberal Government, provision is made for moving the produce of farms which have been occupied in response to invitation of the immigration department of the Government.

The Grand Trunk Pacific has 1,000 miles of railroad already built and in operation in the west, with 5,000 freight cars and 175 locomotives. Over 100 grain elevators are prepared to handle the wheat as it is delivered along this new line. For a railroad upon which nothing has been done according to Tory papers, and for a project on which millions have been spent with nothing in sight, according to the same authority, the Grand Trunk Pacific Railway certainly looks like a healthy enterprise.

EXCITING RUNAWAY.

C. Smith Shows Splendid Control of Team.

The new bay team purchased by the city for the board of works nearly caused a fatal accident yesterday. When coming down Columbia street on the rise near Fourth street, they took fright about 3 o'clock yesterday afternoon and Charles Smith, the driver, had great difficulty in stopping them, as the approaching street car added to their fear and mad onward rush.

The wagon box broke under him, but he lay back and stuck to the lines till the animals were brought to a standstill at Eighth street. The runaway proved Smith's reputation as a first-class driver, otherwise a fatal accident would have resulted.

Union Is Illegal.

Paris, Aug. 5.—Sixteen employees of the department of Posts and Telegraphs charged with illegally forming a trade union during the latest strike were condemned today to pay a nominal fine of 16 francs. The dissolution of the union was ordered. The trial turned on the right of State employees to form a union for purposes of defence. Many prominent persons, principally politicians, testified to their opinion that the State employees were entitled to enjoy the Act of 1884, which gives workers the legal right to strike.

For the prosecution it was argued that there was no similarity between an ordinary citizen and the State as an employer.

FAIR-SIZED HOUSE SEES "THREE WEEKS"

Reputation of Play Kept Many Away There Was, However, No Cause For Alarm.

The fame of Elinor Glyn's "Three Weeks" drew a very fair audience, composed for the most part of men, to the Opera House last evening. Probably the play would have drawn a somewhat larger house had the book not had quite so much fame. The attraction deserved a good house, and it was rather unfortunate that the reputation of the book served to keep away playgoers of tender sensibilities.

As it is staged there was very little in the production at which even the most particular taste could take offence. Mrs. Glyn is dramatizing her own book, knew well where to use the knife and the result of her efforts is a sex drama of no very unusual type.

In order to explain the position of the principals to the audience, the play proper is preceded by a prologue, corresponding to nothing in the book, in which the drunken King of Sardalia bids his wife to go forth and get him an heir.

Act 1 shows the lawn of the Hotel at Lucerne, and into it the action occupying the first half of the book is condensed. The celebrated tiger skin which should figure somewhere about here, does not put in an appearance until Act 2, while the rather lurid passages in the lodge on the mountains above Lake Lucerne do not appear in the play at all.

Act 2 contains the feast of the roses on the loggia of the Venetian palace, this being excellently staged and carried through with a regard for the feeling of the audience that is by no means apparent in the book.

The play reaches the conclusion intimated, but not actually described in the book in Acts 3, in which the king with a fine disregard of Aristotelian maxims, slays his wife on the stage, and is himself done to death at the hands of the faithful Vasili.

The acting throughout was good. If none of it was of the first order, at least none was very bad. The principals all filled their roles well, and the minor parts were well carried. Enest Glendenning as Paul Verdayne managed by his acting to convey fully the change wrought in the hero by his experiences, while Miss Beryl Hope as "The Lady" although hardly by nature fitted to take the role, gave a very good rendering of the part.

The scenery was good, although the effect was somewhat marred by the smallness of the stage, while the costuming was excellent.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

GRASSHOPPERS NOW ATTACK ONTARIO FARMS

Wiarton, Ont., Aug. 5.—Reports of the surrounding territory would indicate that very few sections in North Bruce have been overlooked by the grasshopper during the past week or so. Correspondents invariably state that the plague has visited their locality and played havoc with everything green. In the township of Keppel they are perhaps worse than on this side of the county line. In town on Tuesday the streets were literally covered but the pests have moved along to other parts.

OLD MAN ACCUSES WOMAN OF BLACKMAIL

New York, Aug. 5.—Lester Franklin Barry and his wife, Theresa Miller Barry of Hamilton, Ont., were arraigned in the Yorkville Police Court here today on a charge of attempted blackmail brought by Samuel Meyers, a former Deputy Sheriff of Schenectady, N. Y. Four letters alleged to have been written by the couple in which money was demanded from Meyers from the basis of the complaint. According to Mr. Meyers, who is 78 years old he met Mrs. Barry who is only 20 yeas old, in Broadway about five weeks ago. He saw her several times within the next few days. Then letters came to Meyers purporting to be from Mrs. Barry's father, demanding $10,000. Barry and his wife were held in $3,000 bail for examination on Friday.

He Needed Caring For.

St. Thomas, Ont., Aug. 5.—Detective Heenan, of the M. C. R., was sitting in his office this morning when a stranger entered and saluted the detective with these words: "How do you do; don't you remember me. You gave me 50 cents to help me on my way to the States a few years ago."

Heenan replied that he did, and slipped a pair of handcuffs on the man, saying, "I have been looking for you for 24 hours for the theft of a gold watch and chain stolen from a party in London."

The man had purchased a ticket for Detroit and was waiting for the arrival of the train, when he stepped into the detective office. He was later identified as Tommy Russel, a well known criminal of London, Ont. He will be charged with the crime of theft tomorrow in London.

Omellete In Mail Bag.

Washington, Aug. 5.—Eggs as an article of mail transportation are not popular with United States postal authorities. It was learned today that some one in Canada had mailed three dozen eggs to Battleford, Vt., and when Postmaster H. E. Taylor opened a mail bag he found it dripping with eggs freshly scrambled. Addresses were obliterated from letters in many instances and they had to be sent to the Dead Letter office. Such a situation could not arise from mail originating in the United States, as eggs are not mailable in this country.

LOS ANGELES POLICE ON TRACK OF TRAIN ROBBER

Los Angeles, Cal., Aug. 5.—According to the police, Wm. Haney, for whom the British Columbia authorities have been searching and for whom a reward of $4,000 is offered, is in this city. Haney is wanted for murder and an attempt at train robbery in Ashcroft, B. C. While trying to escape after an unsuccessful attempt to hold up a C.P.R. train, Haney shot Constable Decker and got away. The British Columbia authorities offered $2,500 and the C. P.R. $1,500 for the man's arrest. Haney served a term in Folsom penitentiary for robbery.

Chief Dishman has detailed seveal detectives to search for Haney, but he has not yet been found, although the chief's informant is positive that the man is in Los Angeles.

The deceased was a member of the Knights of Pythias, A. O. U. W., and Sons of Scotland.

Cried "Wolf" Too Often.

Montreal, Aug. 5.—While a dozen men in boats looked on and laughed, nine-year-old Gordon Norman was drowned yesterday. The men are laying a new intake pipe, and have made a trench fifteen feet deep. Boys have so often fooled the men into a rescue, and the boys have been in no danger, that yesterday the men laughed at the good exhibition of drowning. When the boy sank and did not reappear they made frantic efforts to save him, but it was too late. Efforts at resuscitation were of no avail.

JELLY FISH CLOGGED ENGINES OF LINER

Boston, Mass., Aug. 5.—That an ocean steamship could be completely crippled by jelly fish, brought to a standstill, and finally compelled to anchor until the engine room force could overcome the difficulty, seems impossible, but such was the experience of the British steamer Indramayo on the passage from Boston to New York. While passing through Vineyard Sound, the engines finally began to act strangely and the chief engineer reported the matter to Captain Thirkell. Investigation showed that it was impossible to get water into the condensers.

The engineers found the cylinders packed with a substance resembling soft soap, but which was the bodies of thousands of jelly fish.

FORMER TENDERLOIN KING IMPLICATES HIGH OFFICIALS

Los Angeles, Cal., Aug. 5.—Sweeping aside all the objection of the counsel for the defence, Judge Davis today permitted Nick Oswald, former "king of the tenderloin," to testify in the trial of former Chief of Police Thomas H. Broadhead in regard to an alleged arrangement by which he had paid city officials of the Harper administration money for allowing him to maintain a red light district.

During his testimony this afternoon Oswald used the names of former Police Commissioner Samuel Schenck former Chief of Police Edward Kern and former Mayor A. C. Harper, all of whom were compelled to resign from office, when the exposue of the alleged combination was made some months ago.

Capabilities of the Submarine.

Paris, Aug. 5.—A submarine has saved itself from disaster by a remarkable diving feat. During the manoeuvres off Toulon the Girondin suddenly found herself in the course of the battleship Massena, a hundred feet away. The tiny submarine seemed doomed, but her commanding officer, with fine presence of mind, sent her below the surface in the nick of time. She dived like a fish, and the watch of the Massena saw her disappear beneath the battleship. A few moments later the submarine came safely up to the surface astern of the Massena, cheered by the battleship's officers and crew.

Kaisers Will Meet.

Prague, Bohemia, Aug. 5.—It is established that the German and Austrian Kaisers have selected Schloss-Harrach for the place of meeting, but there is a persistent rumor encouaged by the magnitude of preparations in Geross-Meseritsch, which is the feudal town of Harrach, that, in addition to these two rulers the Czar of Russia, the new Czar of Roumania and King Edward of England will gather there at the same time.

HURT IN FALL, SCALDED AND KICKED BY HORSES

Walla Walla, Aug. 5.—After having been thrown fro ma runaway wagon against a threshing engine, scalded by steam and then kicked by a horse, John D. Delbert lies in an Eureka Flat farmhouse between life and death. His injuries are many and complicated and death may result at any time.

Delbert was working with a thresher in the capacity of "water buck." His team shied at a blowoff of the engine and started to run. He lost his balance and fell against a steam pipe, which broke, scalding him severely. The team had become unmanageable and "jack-knifing" turned about and mixed with Delbert, one of the horses kicking him in the stomach.

The Dolphin left last evening for Crofton, on Vancouver Island, to fetch a donkey engine to be used in connection with the grading operations at the asylum farm at Coquitlam.

Advertising Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Four Thousand ($4000.00) Dollars for the purpose of advertising the City.

Whereas, it is expedient to expend the sum of Four Thousand ($4000.00) Dollars in advertising the City and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Four Thousand ($4000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars.

And, Whereas, in order to raise the said yearly sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-four Thousand ($394.000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Two Hundred ($200.00) Dollars for the payment of interest thereon, and the sum of Thirty-Five and 46-100 ($35.46) Dollars to provide for the repayment of the principal

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Advertising By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Six Thousand ($6000.00) Dollars for the purpose of building a City Gaol and Police Court Room.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Six Thousand ($6000.00) Dollars for the purpose of building a City Gaol and Police Court Room.

Whereas, it is expedient to erect a building to be used as a City Gaol and Police Court Room, and to use that portion of the Civic Building, now used for those purposes, for other purposes and to expend in the erection of the said building the sum of Six Thousand ($6000.00) Dollars, and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Six Thousand ($600.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars.

And, Whereas, in order to raise the said yearly sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.-00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-Two Thousand ($392,000.-00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Three Hundred ($300.00) Dollars for the payment of interest thereon and the sum of Fifty-Three and 19.100 ($53.19) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "City Jail Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of granting the same to the Royal Columbian Hospital.

SEARCH FOR BONES IN ASPHALT BEDS

Palaeontologists Make Wonderful Discovery of Remains of Prehistoric Beasts.

Los Angeles, Aug. 5.—The academy of science has asked the city council for an appropriation of $500 to explore the deposit of bones of antediluvian animals of the asphalt beds of Hollywood. Work is now being carried on there by the University of California, the University of Southern California, the Los Angeles academy of sciences, each institution having been allowed an area. The tract in which the bones lie covers agout five acres.

Already there have been developed complete skeleton of a giant sloth, an animal almost as big as a street car, several sabre-toother tigers; a prehistoric lion of the African type, but larger; a giant camel; three species of prehistoric wolves, a horse that seems to have been larger than any that exits today; giant eagle, and condors; a large number of miscellaneous rodents, a small prehistoric cat; the skull of a bird larger than an ostrich, and portions of elephant skeletons.

The geatest find was the skull of an extinct species of buffalo or prehistoric ox. There is not another like it in the world and it is said to be worth $1,000.

SALMON BELLIES DECIDE TO PLAY

Vancouver Refuses to Agree To Postponement and Locals Will Not Default.

The lacrosse game scheduled for tomorrow in Vancouver will take place all right.

The officials of the Vancouver club would not consent to an alteration of the schedule and a postponement, as the New Westminster club wished, and the Salmon Bellies are unwilling to default. Consequently the teams will line up at the Recreation park at the usual time tomorrow.

The officials will be W. Moresby of Victoria and H. Wilson of Ladner.

Would Not Postpone.

President Lynch of the New Westminster club was over in Vancouver yesterday negotiating with President Con. Jones of the Vancouver club for a postponement. President Jones, however, admitted with engaging frankness that the Vancouverites had New Westminster just where they wanted them, and that they never felt less like making a postponement than just at the present time.

Mr. Lynch reported the non success of his efforts at a meeting of the executive and playing members of the club held after practice at Queen's park last evening, and it was thereupon decided to play anyway.

Prospects Not Bright.

Prospects are not very bright for the game, and it is not yet certain even now just how the team will line up. Doughy Spring is not yet in proper condition to play, his broken nose still giving him considerable pain, and it is very doubtful if he will be able to take the field. It is probable that the team will line up with Gray in goal, Jim Gifford and Marshall at point and coverpoint respectively, Tom Gifford and the Rennies on the defence field, Bill Turnbull at centre, Wintemute, Grumpy Spring and Len Turnbull on the home field ,and Lund and Latham at inside and outside respectively.

JUNIORS WILL PLAY.

Sapperton and West End Twelves to Meet at Queen's Park Tonight.

The junior lacrosse teams of the Sapperton and West End clubs will meet on the Queen's park oval at 7 o'clock this evening in a match in the city championship series. Both teams are in good shape and a lively game is expected. The West Enders will line up as follows: Goal, Feeney; point, Battson; cover point, Gregory; defence field, Trooper, Munn, Currie; centre, Burr; home field, L. Sangster, Russell, Wilkie; outside home, P. Sangster; inside home, Johns.

COULD NOT THROW TWO MEN IN ONE NIGHT

Portland Ore., Aug. 5.—Dr. B. F. Roller last night failed to throw Charles Olson, of Indianapolis, and big Yousiff, a Turk, in 75 minutes' wrestling. Roller took the first fall from Yousiff in 54 minutes 20 seconds. Roller was exhausted after the first fall and in the bout with Olson was forced into the defensive to prevent being thrown himself.

NEW LUMBER TARIFF OF NO BENEFIT TO CANADA

Montreal, Aug. 5.—That the new rate of $1.25 per thousand on lumber firms here. "It is ludicrous in its ineffectiveness so far as helping Canadian industry is concerned," says Mr. T. J. Stevenson, of the Riordan Paper Mills Co. "Free lumber is concluded, Canada should shut off the export of raw wood. Free lumber must come sooner or later."

A. G. McIntosh has returned from a visit with R. J. Mitchell to the northern interior. They went 300 miles inland from Prince Rupert and were much impressed with its future.

Toronto, Aug. 5.—Hon. Dr. Pyne, minister of education, says the school inspectors report that teachers cannot be got anywhere in Ontario at salaries of $400 a year.
