OLIVER AND BOWSER HAVE DAILY CLASH

Yesterday's Verbal Battle Concerned the G. T. P.—Too Much Given Away.

Victoria, B. C., Feb. 11.—Considerable progress in the business of the House was made today, the following measures being read a third time and passed: Fire Insurance Policy act amendment; Public Inquiries act amendment; Succession Duties act amendment; and the Meadow Creek Railway act.

The second reading of the Grand Trunk Pacific Railway bill provoked an animated discussion between John Oliver, Delta, and the Hon. W. J. Bowser, attorney general, the former affirming that in the previous negotiations, the government had given too much to the railway corporation.

In replying for the government, Mr. Bowser explained several of the more important details of the agreements. The debate on this subject was finally adjourned.

A. W. Macdonald's act to regulate the sale of certain provisions and subjects was read a second time. Regulations under which sales can be made by other than druggists will be drafted by the executive council.

The H. Hawthornthwaite's shops regulation act amendment was brought in for second reading, but was discharged. The member for Nanaimo intimated that he would bring in another measure to the same effect, but upon an enlarged scale.

ANNOUNCE DISCOVERY OF GERM-KILLING VACCINE

Boston, Feb. 11.—After two years' experimenting, a vaccine which, it is said, will successfully check the germs of pneumonia, blood-poisoning and typhoid fever, has been discovered in the laboratory of Tuftus medical school. The announcement is made through Dr. Timothy Leary, head bacteriologist at the school.

The pathologists worked into practical use the theories advanced by Sir Almroth Wright, of London, that dead germs automatically create an anti-poison in the blood for all living germs of the same kind. In other words, dead germs in the blood form a poison that is fatal to all living germs of the same kind with which it comes in contact.

Following out this theory, it was discovered that it is possible to inject into the blood dead germs and that after inoculation they will form this anti-toxin, fatal to all living germs of the same kind.

TELEPHONE GIRL IS HEROINE OF FIRE

Chicago, Feb. 11.—Following the recent example of Jack Binns, the wireless operator of the steamer Republic, Miss May Donnelly, a night telephone operator, proved herself a heroine early today in a fire which destroyed a part of the house of the Wabash railroad, causing a loss of nearly half a million. While the flames raged about her, Miss Donnelly remained at the switchboard notifying the different employees in the yards of the fire until she was overcome by smoke. Clerks found her unconscious in front of the switchboard and carried her to a place of safety, where she was revived.

Pennsylvania Wars on Negroes.

Pittsburg, Feb. 11.—In a raid early today by the police of Brownsville, Pa., evicted 150 negroes who have been living about the coke ovens. All were discharged at a hearing later and ordered to leave town except six, who are being held pending an investigation of their records in Pittsburg and elsewhere. According to the Brownsville authorities most of the negroes came from Pittsburg and left here when the police made wholesale arrests of negroes.

Titled Couple Engaged to Wed.

Naples, Feb. 11.—The rumors of the engagement between Princess Patrica of Connaught and the Count of Turin, brother of the Duke of Abruzzi, are refuted today by The Mattino. This belief was opposed, it is said, by King Edward, who was not inclined to look with favor upon the efforts of the Duke of the Abruzzi to wed Miss Katherine Elkins.

FORESTRY AUTHORITIES GATHER IN QUEEN CITY

Canadian Forestry Association Listens to Papers from Distinguished Men —Practical Subjects Discussed.

Toronto, Feb. 11.—The first meeting of the two day's gathering of the Canadian Forestry association at the University buildings here attracted a large gathering, and a number of valuable papers on Forest Conservation were read by experts. A banquet under the auspices of the Toronto board of trade was served in the evening. Among those reading papers at the convention are:

Dr. B. E. Fernow, of the faculty of forestry in Toronto university, "The Forest Conditions of Canada."

Aubrey White, deputy minister of lands and forests, Toronto, "The Timber Resources of Ontario."

F. C. Whitman, Annapolis Royal, N. S., "Forest Conditions in Nova Scotia."

Abraham Knechtel, inspector Dominion forest and game reserves, Ottawa, "The Dominion Forest Reserves."

Carl Riordan, general manager of the Riordan Paper Mills company, "The Interest of the Paper Manufacturers in Conservative Forestry."

Ellwood Wilson, forester for the Laurentide Paper company, Grand Mere, Quebec.

Dr. C. D. Howe, lecturer in forestry, University of Toronto, "Forest Management on the Biltmore Estate, North Carolina."

E. J. Zavitz, lecturer in forestry, Ontario agricultural college, Guelph, "Waste Land Planting."

LABOR LEADERS DISCUSS IMPORTANT SUBJECTS

Samuel Gompers and John Mitchell Appeal to Government in Behalf of Unemployed Men.

Washington, Feb. 11.—The problems discussed at a conference of labor leaders yesterday as suggested by Secretary Oscar S. Straus, of the department of commerce and labor, included legislation to extend the steamboat inspection service to the inspection of locomotive boilers; consideration of statistics of immigration in connection with emigration; and greater effectiveness of the Noble prize, which President Roosevelt devoted to the foundation for the promotion of industrial peace.

Secretary Straus urged that railroad locomotive boilers be placed by law under the supervision of the steamboat inspection service. Samuel Gompers pointed out that almost 2,000,000 laborers who, previous to October, 1907, had been employed, now walked the streets. Congress, he said, had provided instant relief for the Italian sufferers by the Italian earthquake, but when relief is asked for American laborers, it is styled paternalism and is given no consideration.

John Mitchell said 2,000,000 to 5,000,000 men in this country now are unemployed.

LABRADOR MISSIONARY COMING TO THE COAST

Seattle, Feb. 11.—Dr. Willard T. Grenfell, who looks after the medical needs of the deep sea fishermen of Labrador, and hero of the novel, "Dr. Luke of the Labrador," is on a lecture tour of the United States and Canada and will be in Seattle March 10.

Dr. Grenfell is an Englishman and was educated at Oxford. He has been administering to the fisherfolk of the bleak Labrador coast for the past ten years, his expenses being met by contributions from prominent Englishmen and Americans.

Attempt Opening Hat Factories.

Newark, N. J., Feb. 11.—An attempt was made today to reopen some of the fifteen hat factories of this city as non-union shops from which the union label was to be excluded. A few men applied for work in each of the factories which were opened today.

INDEPENDENT OIL COMPANIES ORGANIZE

Missouri Association to Show Governor They Can Furnish Plenty Oil for State.

St. Louis, Feb. 11.—The Independent Oil association is to be organized here tonight and means will be taken to show Governor Herbert S. Hadley that there is no need of considering the Standard Oil's proposition on the ground that without the Standard in Missouri there would not be enough oil to supply the state's needs.

Representatives of the large independent companies will form the Independent Oil association. They are producers and refiners of Indiana, Kansas and Oklahoma. It is reported that F. C. Bretsnyder, head of the Belt Oil company, will be president of the new concern.

New Race Track for Vancouver.

Vancouver, Feb. 11.—It is reported from California that the southern syndicate which is organizing a string of race tracks in Mexico, in expectation of the closing of tracks in California and Washington, will build a new track at Lulu island, seven miles from Vancouver. The option on the ground was secured last fall.

DELTA ROAD QUESTION IS BEFORE COMMISSIONERS

Board of Railway Commissioners Will Again Hear Long Standing Grievance.

Among the applications to come before the railway commissioners, when they meet in Vancouver on Tuesday week, are the following:

An application from the municipality of Delta for an order restraining the V., V. & E. railway from crossing or interfering with the River road on the south bank of the Fraser, and for a mandatory order directing the railway to restore that portion of the River road to the same condition as prior to June 30, 1908.

The British Columbia Mills, Timber & Trading company allege excessive freight rates between Vancouver and Burnaby on the V., W. & Y.

A. Thompson, of Dewdney, makes inquiries regarding express charges of the Dominion Express company on milk shipments.

C. W. T. Piper asks an order directing the Great Northern Railway company to construct a line to the premises of the Britannia Trading & Lumber company at Burnaby lake.

FOR PRIZE ESSAY ON GOVERNMENT OF EMPIRE

London, Feb. 11.—The Standard of Empire in its issue tomorrow will announce that an anonymous donor has offered a prize of 100 guineas ($510) for the best essay on the Governance of the Empire.

This offer is made in connection with a series of articles, recently started by Sir Frederick Pollock in the Standard of Empire on this topic, which are understood to have attracted considerable attention in Canada and other parts of the empire. The competition, it is announced will close in September.

WIRELESS TELEGRAPHY FOR SOUND TUGBOATS

Port Townsend, Feb. 11.—The Puget Sound Tugboat company has decided to install wireless telegraphy on its fleet of towboats.

An engineer arrived here yesterday to install the apparatus on the tug Tyee.

Mgr. Kennedy May Get Bishopric.

Rome, Feb. 11.—A consistory of the congregation of cardinals was held this morning under Cardinal de Lai. It is reported that the vacancy in the bishopric of Cleveland, O., was discussed and that it was decided to propose that the pope appoint Mgr. Kennedy, rector of the American college here, to this post. The rumor, however, is impossible of verification.

TERMINAL SITES SOUGHT BY RAILWAY

C. N. R. Offer to Purchase Brunette Mill Site Declined By Directors.

An offer to purchase the site of the Brunette sawmills at Sapperton for terminal purposes by the C. N. R. company was received recently, but the directors of the company rejected the offer.

It is understood that following the visit of D. D. Mann, vice-president of the Canadian Northern Railway company, to the city, an offer was submitted to the company, approximately $250,000, for the large triangular block on which the mills stand between the Fraser and Brunette rivers, for the terminals, deep water and splendid facilities being afforded for a railway company. The directors of the company have several other mill sites close at hand, and it has been freely stated they contemplated another location should extensions be made.

Mr. Mann came twice to the city when on the coast, and two or three locations appeared to him as suitable. At least one other favorable location has led to treatment with the owners, so far without success.

BOTHERED BRIDEGROOM WOULD STOP SERENADERS

Seeks Injunction After Three Nights of Cowbells, Tin Pan Jingles and Horse Fiddles.

Tacoma, Feb. 11.—After submitting to a charivari every night for a week, W. A. Robinson, who a week ago married Miss E. Locke, today made a complaint at the prosecuting attorney's office and asked that his tormentors be arrested.

Robinson is engineer at the power house of the Tacoma Railway and Power company at Fern hill, and when married notice was served on him by a number of his acquaintances that they would serenade him nightly for a month. He thought it a joke when they notified him.

"But after they came around the third night and for several hours kept the family awake with an infernal jangle of cowbells, tin pans and horse fiddles," said Robinson today, "I began to think they were in earnest. Last night I turned the hose on them but it didn't seem to dampen their ardor. I think they mean to keep it up for the month."

A list of the names of the offenders was given the prosecuting attorney and they were ordered to leave the Robinson family alone.

FIFTEEN BLUEJACKETS DROWNED IN SYDNEY

Victoria, Feb. 11.—Further news was brought by the Australian liner Moana which reached port today from Sydney, of the naval disaster in Sydney harbor where a pinnace from H. M. S. Encounter containing sixty bluejackets was run down by the collier Dunmore and fifteen sailors were drowned. The collier passed over the wrecked boat and the confused mass of struggling men. Boats from the naval depot and warships and from the Dunmore saved forty-five men.

The sailors were landing for rifle practice and were encumbered with uniforms, belts, water bottles and rifles. Divers from the warships recovered most of the victims, who were buried in a joint grave with naval honors.

WOMAN WHO KILLED PURCHASER PARDONED

Columbus, O., Feb. 11.—Governor Harmon last night pardoned Miss Marie Bennardo, the Cleveland woman serving a life sentence in the penitentiary for murder, on condition that she return to Italy. Cleveland women will raise funds for her passage to the old country.

Miss Bennardo killed Rafel Barbato when he tried to get possession of her, after buying her for $100.

SCHOOL TRUSTEES DISCUSS BUILDING OPERATIONS

Committee Appointed to Meet Teachers with Reference to Coming Social Gathering.

At a meeting of the school board held yesterday evening, Trustees T. J. Trapp and John Peck were appointed a committee to confer with a committee representing the teachers of the city schools next Thursday with refernce to a social gathering which it is proposed to hold in the near future, and at which teachers and trustees will franternize. Details of the social will be settled at the meeting next week.

Trustee Peter Peebles reported with reference to tenders for a retaining wall in the boiler room at the West Side school. The matter was left for the building committee to deal with. Mr. Peebles also presented plans and specifications for a lavatory in the boys' Central school, and gave details with reference to the need of alterations in the plumbing. These matters will be attended to.

The overflow of waste water at the Central school grounds was referred to Chairman James Loree, of the grounds committee, for action.

An invitation from the members of the city council to meet them this evening was declined, none of the trustees being able to attend.

Other business transacted by the board was mostly of a routine nature.

COLOR LINE FAILS TO STAND IN ENGLAND

Manager of Skating Rink Apologizes in Court for Having Refused Admission to Negro Student.

London, Feb. 11.—An attempt to draw the color line, creating a new departure in this country, met with signal failure today at Birmingham, where an effort was made to exclude a negro student of the university from the local skating rink. The incident aroused a heated controversy. The students took up the negro's cause and hired a lawyer to oppose the renewal of the rink's license.

The management of the rink apologized in court today and promised not to make any race distinction in the future.

MAN WEARING DIAMONDS ENLISTS IN U. S. ARMY

Portland, Ore., Feb. 11.—A special dispatch from Spokane to the Evening Telegram says Harold M. Ives, aged 26, well dressed and wearing diamonds, and who claims to have played the market unsuccessfully in Chicago, has enlisted in the United States army there. Ives claims to have paid $50,000 for a seat on the Chicago board of trade. As a reference the recruit named W. H. Van Sicklen, said to be a capitalist of Geneva, Ill.

PRICE OF MAY WHEAT PASSES SEASON'S RECORD

New York, Feb. 11.—The highest price of the season for May wheat was reached in the Produce exchange today, when that option sold at $1.18 3-8 per bushel.

A scarcity of cash wheat, good export demand, a higher foreign market and the strong position of the Chicago bull leaders furnished the basis for the advance. New crop months, while strong, were not so buoyant as the May delivery.

CONTEMPLATING VISIT OF BASKETBALLERS TO COAST

Winnipeg, Feb. 10.—The Young Men's Christian association basketball team is considering an extended tour to Vancouver, meeting teams all the way. Considerable correspondence has been carried on without completing arrangements. However, the association has not entirely given up the idea, and it is quite possible that they will make this trip, starting in the early part of March.

THREE ENGINEERS WILL INVESTIGATE

Counsel for Power Company Criticises Opposition of Local Residents.

The Westminster delegates have returned from the second meeting with the provincial executive on Wednesday morning with reference to the Coquitlam lake dam, proposed to be built by the Vancouver Power company.

E. O. Bodwell, K.C., appeared for the power company, and F. C. Wade, K.C., for the Dominion government. The delegation included representatives not only from this city, but from Coquitlam, and the company was officially represented by General Manager Sperling and Assistant Manager Glover.

Further Delay Sought.

Another adjourment was asked to obtain the services and report of an independent engineer, and this application for adjournment was supported by F. C. Wade, K.C., who, for the Dominion Government, raised the question of federal rights, as the area is in the railway belt, which he declared were the same in the Coquitlam as in the Lillooet river, which in the Burrard Power company case were now before the exchequer court at Ottawa. He urged delay until that decision were given.

Eighty-six Coquitlam ratepayers petitioned the government to continue the work. For the Vancouver Power company, Mr. Bodwell said: "Our opponents have already had sufficient time to get expert advice, but have not done so. To grant their request for a delay of three or four months would mean the loss of a year to us in this work. They need have no fear of danger to their water supply, for we will guarantee both an efficient service and purity. We have already given them the opinion of Mr. Schuyler, one of the most expert engineers in America. Now they want time to get an opinion opposing that if they can."

This last statement was denied by the Westminster delegation, and the speaker then suggested, "the government at once appoint its own engineer to make an independent report. Let Westminster get one if they want to. In the interest of the public the government should appoint one for itself, and the more competent he is the better we will be pleased." With reference to Mr. Wade's objection, Mr. Bodwell argued that in any event the Dominion had waived its right by consenting to the building of the dam in the first place.

Five Weeks Granted.

The delegation secured a delay till March 17. President of the Council Carter-Cotton, saying, "We will by that date expect both Westminster and Coquitlam to be prepared to state their views and position. They will have time to get expert advice. Meanwhile the government will have its own engineer's report upon the whole question."

SUGAR TRUST ACCUSED OF USING CHEATING SCALE

New York, Feb. 11.—With a scale wheeled into the court room and set in position before the jury, counsel for the government in its suit against the American Sugar Refining company today demonstrated the methods through whch it is alleged that the company defrauded the customs revenue by underweighing sugar imports. Albert B. Lambert, a scale expert from the government mint at Philadelphia, superintended the demonstration. The scales were indentical with those used by the sugar company.

WILL MUSH FROM DAWSON TO SEATTLE

Dawson, Y. T., Feb. 11.—To win a wager, William Cooper left here today on a long "mush" overland to the Seattle exposition. Cooper began his journey at Valdez. Nineteen hundred miles ahead of him is a wilderness. Through an untracked stretch he faces 1000 miles of British Columbia with the Yukon telegraph line for guidance. In order to win the wager he must reach Seattle by April 10. Cooper takes a team of six dogs all the way.

PROPOSES PUBLISHING IMPECCABLE PAPER

New Sheet to Be Independent of Politics and Avoid Scandalous Stories.

Montreal, Feb. 11.—Henri Bourassa, managing editor of La Publicite, Ltd., has put forth the prospectus of his new company, whose object, according to the title page, "is to promote, by means of lectures, books, pamphlets, reviews and newspaper publications the moral and material progress of the French-Canadians." Its capital is $100,000.

The first work of the company, says the prospectus, will be the issue of a daily paper in Montreal, under the direction of Mr. Bourassa himself with an editorial staff such as no other French-Canadian paper has known in many years. This paper will avoid illustrations, sensational stories, scandals of police courts and resorts, to make room for ideas and facts adapted for the support of its doctrines, and calculated to interest intelligent men. It will be absolutely independent of political and financial influence, and its policy will be highly militant.

LONGBOAT MAY RACE IN SEATTLE MARATHON

Seattle, Feb. 11.—In case of the success of the coming Washington Marathon race for amateurs on Feb. 22 in this city, three wealthy Alaskans will put up $10,000 to bring Dorando, Longboat, Hayes, Malony and other famous Marathon runners to Seattle for a race some time in May. This statement was made today by Walter McDougall, who has been the moving spirit in the coming amateur contest.

McDougall said that while has was not at liberty to give the names of the men making the offer for the big international match, there is no question of their financial standing. Added to the runners mentioned would be the cracks from British Columbia and California.

RAILWAY EARNINGS SHOW BIG INCREASE

Montreal, Feb. 11.—The traffic earnings of the Canadian Pacific railway for the first week of February show an increase of $328,000, compared with the same week a year ago.

The traffic earnings of the Grand Trunk railway for the first week of February increased $154,987, compared with the same week a year ago.

BIG REDUCTION OF DUTIES ON LUMBER

Compromise Arrived At in Washington Congress After Vigorous Opposition.

Washington, D. C., Feb. 11.—It is now regarded as certain that the duties on foreign lumber will not be removed by the incoming congress, owing to the vigorous opposition of American sawmill interests.

However, a basis of compromise has been reached by the ways and means committee, to which has been entrusted the task of drafting the new tariff. It is conceded that the lumber duties will be reduced 50 per cent. This does not apply to the duty on shingles, which will not likely be maintained, a good case for protection having been made out by the Puget sound shingle manufacturers. Coal is almost sure to be placed on the free list.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or subagency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

ALL-RED MAIL ROUTE TO THE ANTIPODES

Subsidy of $5,000,000 Sought —Would Have Fast Steamers on Run.

Victoria, Feb. 11.—The R. M. S. Moana, which reached port last night from the Antipodes, brought news that Dr. Coulter, deputy postmaster-general of Canada, is negotiating with Prime Minister Fisher, of Australia, after receiving a promise from Sir Joseph Ward, premier of New Zealand, for Australian support of the "All-Red" steamship and mail route, for which a subsidy of $5,000,000 yearly is required, of which Dr. Coulter said Canada would give $1,625,000 yearly and New Zealand had promised $500,000. Dr. Coulter thought that the Imperial government would subscribe $2,500,000, and asked Australia for $375,000. It is proposed, in return for the subsidy, to establish a 25-knot service with 20,000 ton steamers on the Atlantic and an 18-knot service with 20,000 ton steamers on the Pacific, giving a twenty-seven day service between England and Australia via Canada, with an eighteen day trip across the Pacific from Victoria to Sydney.

DELTA FARMERS READY FOR PLOWING MATCHES

The Delta Farmers' institute which has just held its annual meeting is in a most flourishing condition and important plans were laid out for the present year.

The annual plowing matches will be held within a few weeks and a committee was instructed to arrange for a field. A grant of $75 was made towards the prize list fund of the Delta Agricultural society. It was decided to invite the B. C. Dairymen's association to hold its next annual meeting at Ladner.

The following officers were elected: President, Alex. Davie; vice-president, James McCallan; secretary-treasurer, N. A. McDiarmid; directors, J. Gilchrist, Asahel Smith, C. H. Davis, D. Montgomery, S. Morley; auditors, K. D. Simpson, A. DeR. Taylor; delegate to central institute, Dr. Wilson.

BORDEN DENIES ANY THREAT TO RESIGN

Ottawa, Feb. 11.—Sir Frederick Borden, minister of militia, denies the statement of a Toronto paper that he had threatened to resign because an appropriation for militia camps was left out of the estimates. The vote for this annual training is $860,000, which is considerably larger than has been made in any previous year, with the exception of last year, when the expenses were exceptional, due to the movement of troops to the Quebec tercentenary.

BREAD WAR BREAKS OUT IN REGINA

Regina, Sask., Feb. 11.—The starting of a new bakery here and the cutting of prices reveals the fact that a combine has existed among the master bakers of the city. A new man started in business because the older bakers would not sell him bread unless he agreed to retail it at the standard price. He has cut prices by one-quarter. Efforts of the master bakers to whip him into line have thus far failed.

ABYSSINIA IS TORN BY POLITICAL UNREST

Jibu, French Somaliland, Feb. 11.—A condition of unrest prevails in Abyssinia. There has been an engagement near Ankober between the followers of Ras Willie and a detachment under Ras Michael, the father of Lig Yasu, heir to the throne.

The population of the Shoa country is insisting that Dedjas Tafari, a descendant of the Shoa dynasty, be proclaimed heir to the throne.

It is clear that Emperor Menelik is a sick man.

NOTICE TO CONTRACTORS.

Tenders for Shops East of Winnipeg.

Sealed tenders addressed to the undersigned, and marked on the envelope "Tender for Shops," will be received at the office of The Commissioners of the Transcontinental Railway at Ottawa until 12 o'clock noon, of the 10th day of March, 1909, for the construction and erection complete, in accordance with the plans and specifications of the Commissioners of shops east of Winnipeg.

Plans, details and specifications may be seen at the office of Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont., and Mr. S. R. Poulin, district engineer, Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered Bank of the Dominion of Canada payable to the order of the Commissioners of the Transcontinental Railway for the sum of one hundred thousand dollars ($100,000).

The cheque deposited by the party whose tender is accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.

FRIDAY, FEB. 12, 1909.

A NOTABLE CENTENARY.

Today one hundred years ago were born in two different hemispheres two men who were destined to influence for all ages the future of a large section of the human race, one in the fields of science, the other in the control of a nation during the greatest civil war of history. The record and the characters of Charles Robert Darwin and Abraham Lincoln require no centenary celebrations to keep their memory green, the man who knows nothing of science yet knows something of Darwin's life work, and of his triumph over criticism, the man who cares nothing for the teaching of history reveres the example of the quiet brave personality dominating the second heroic struggle of American history.

This is not the occasion to retell the story of the life of Darwin, or of the causes which led him to give to the world the "Origin of Species" or the "Descent of Man," combining the experiences of his indefatigable industry and experiments, but rather to remember with grateful thanks that at last we see a purpose in the ways of the Providence with Nature where was only a puzzle before. He faced the storm of obloquy which first greeted his work with composure, knowing full well that with riper judgment the world would come over to his side, and lived to see the evolution of species accepted as unquestioned as the solar system. That charming personality, with its simple humor, and unassuming ways gave to history a new idea of scientific students, and his summing up of his own success in life must be an encouragement to the lover of Nature in her myriad forms. He attributes it to a love of science, unbounded patience in long reflecting over any subject, industry in observing, and collecting facts. Such qualifications are beyond none of us.

Lincoln's memory is rightly held by his countrymen second only to Washington himself, but even today his policy is not fully understood. He made it clear he would save the union whether slavery was suppressed or not, and had the magnificent guerdon of achieving both objects, going down to a martyr's grave in its accomplishment. He triumphed over all the obstacles of humble birth and lack of opportunities, and in a few brief years found himself in a position to do for his country what is given to few men—nothing less than to save it—and having done all this was in a position to declare, "I have not willingly planted a thorn in any man's bosom." Great as an orator, great as a debater, but greater still as a man Lincoln stands among the powerful men of history.

CANADA'S EXHIBIT.

The construction of the Canadian building at the Alaska-Yukon-Pacific exposition is to commence at once, says the Seattle Post-Intelligencer, and in that building, when completed, will be the special Canadian exhibit at the fair, for the collection of which an appropriation of $60,000 has been made by the Dominion government.

The active participation of the Dominion government in the exposition will be heartily appreciated by the people of this state. British Columbia, one of the great states of the Canadian federation, is our nearest neighbor, and the business and social relations between Washington and British Columbia have always been close and intimate, even more so, in fact, than either have had with states of their own country.

The exposition is, indeed, designed to exploit the resources of the Canadian Yukon precisely as much as the American Alaska. So far as the Pacific is concerned, Canadian interest in matters on the Pacific is second only to that of the United States. An Alaska-Yukon-Pacific exposition in which Canada did not take a prominent part and make a good display would have been a partial failure at least and would certainly have fallen short of living up to its name.

An exhibit of the resources of the various provinces of Canada will have interest and value. Canada has attracted a great emigration from the United States within the past few years. Among the thousands of visitors to the fair from other parts of this country, there will be a great number who visit it for the purpose of acquiring first hand information to guide them in the search for new home. In adding to the attractiveness of the exposition by making a good display, Canada will aid herself also by attracting the attention to her opportunities and resources of would-be settlers and investors.

ANOTHER ROUTE SUGGESTED TO PEMBERTON MEADOWS

As reported in yesterday morning's News, the proposed route of the Vancouver and Northern railway will be by the valley of Seymour creek to the watershed north of Loch Lomond, and thence via the valley of the Indian river to the north arm of Burrard inlet, thence northerly to and through the Pemberton meadows.

Local men familiar with the country state a better route would be by way of the Lilloet river from Port Douglas, the head of Harrison lake being reached by a pass through the mountains just east of Stave lake, where there is a much easier grade.

LABOR DELEGATE SLATES S. A. METHODS

London, Feb. 11.—At a meeting of the Edinburgh trades and labor council the Canadian labor walking delegate, W. Trotter, said the Salvation Army had issued a booklet entitled "To Surplus." This was so full of misstatements in regard to Canada and emigration generally that the trades and labor congress of Canada would shortly issue a reply. Trotter stated that the object of the Salvation Army was not to help emigrants so much as to acquire government bonus on agricultural laborers and commissions on steamship and railway fares.

CITY NEWS

A number of routine matter were dealt with at the monthly meeting of the Westminster Benevolent association yesterday.

For table decorations and wedding bouquets—a specialty. Ring up Tidy, the Florist, 184. **

Mrs. F. C. Meyers will entertain this afternoon at her residence, Seventh street and Third avenue, at a tea in aid of the manse fund of the West End Presbyterian church.

The city council and members of the school board will meet this evening to discuss the school estimates, and there are other matters to be taken up.

Knock the cover off a box of "B. C." cigars and try one. It will make a "hit." **

Tonight there will be a double event at the bowling alleys. In addition to the telegraphic league game a match will be played between the real estate men and carpenters.

The completion of the isolation cottages at the Royal Columbian hospital has been delayed by the illness of the contractor. Plans for the new main building are expected at the meeting of the board next week.

Clear Havana cigars of exclusive merit—the "Brillante," made by the B. C. Cigar factory. **

A son was born on Saturday to Mr. and Mrs. A. D. Craig, of Seattle. Mrs. Craig is a daughter of Mrs. J. Lord, of this city, who left yesterday for Seattle, where she will spend some time.

The wedding took place last evening in Vancouver of John Cormack, millwright of this city, to Miss Davis, also formerly in a business house in this city. The couple will take up their residence in Sapperton.

Two bottles best English pickles for 25 cents at Moore's. **

The women's auxiliary of St. Barnabas parish will give an at home next Wednesday in the parish hall, commencing at 8 p.m. The evening will be spent in parlor games, recitations, etc. Vocal and instrumental recitations will be given, and at the close of the soiree refreshments will be served.

Major Plant and his wife had another cordial welcome at the Salvation Army citadel last evening. The entertainment was thoroughly musical, a number of instruments being played, among them concertinas, banjo, flute, aluminium chimes, fairy bells and hanging bells. Some vocal selections also formed an attractive feature. Major Plant left to conduct similar services at other places in British Columbia. As a result of the collection something over $30 was taken.

A committee of the Westminster club visited in company with E. J. Fader yesterday the vacant site adjoining the Russell hotel, Mr. Fader's idea being to secure the proposed premises on that area between Alexander and Begbie streets should the club approve.

Six lbs. prunes for 25c at Moore's. **

A plan has been submitted for the proposed Chinese burial ground, of two acres, adjoining the present Douglas street cemetery, and facing on Tenth avenue. The Chinese Benevolent association asks the city to give a lease as soon as possible. The first agreement was not acceptable to the city council.

All dealers handle "B. C." and "Old Sport" cigars. The old reliable brands. **

John Powers, well known in this city, now secretary of the Southern Okanagan Land company, Penticton, has been elected a member of the first council in that municipality, now just organized, and chairman of the finance committee. He was once a member of the crew of the old trans-river ferry boat.

Antone Maxymento, a Pole, who has been living at Abbotsford for some time, appeared in the district court yesterday on the serious charge of abducting a girl, 16 years of age, from her home in Chilliwack. It is alleged that he first took the girl to Abbotsford and afterwards to Vancouver. The case has been adjourned for a week.

Sixteen Oranges for 25c at Moore's, 255 Front street. **

The missionary tea at the residence of Mrs. F. A. Magee was well attended yesterday afternoon, and the receipts in aid of the missionary auxiliary of the West End Methodist church were satisfactory. Miss Cookman, of the Central Methodist church, Vancouver, addressed the guests on the work of deaconesses, and received much applause, while pianoforte solos were played by Miss Gaudin.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, B208. **

At the W. C. T. U. at home at Queens avenue church last evening an interesting address was given by Miss Murcutt, at the invitation of the local ladies. Rev. Dr. Spencer, who has been organizing the local option movement in the province, and Rev. A. DeB. Owen also spoke. As a result of a collection, some $10 will be contributed to the rescue home in Victoria. Two ladies joined the union. The league room was crowded.

An effort is being made by James Heay, who has been interesting himself in the formation of a company to buy the C. P. R. steamer Transfer for $7000, to have a special meeting of the board of trade called for the purpose of discussing the proposition. The meeting, if held, will probable take place either today or tomorrow morning, as the time limit set for the expiration of the option on the steamer by the company is Tuesday of next week. Mr. Heay returned yesterday evening from down river points, where he met with but indifferent success in selling shares, the people of Ladner feeling that the first move towards the forming of the company should come from this city.

CITY WINS ACTION IN COUNTY COURT

His Honor Judge Howay dismissed the appeal yesterday of Sing Kee against a conviction for selling liquor without a license. W. Norman Bole, K. C., acted for the appellant, and W. G. McQuarrie for the defendant corporation.

His honor also has handed down a long written judgment in the suit of W. T. Cooksley against the city for $1000 for personal injuries, which was heard on Feb. 1. There is also a similar action for $700 for Mrs. Cooksley dependent on the other case. A. Whealler acted for the plaintiffs, and Mr. McQuarrie for the corporation.

The case is sure to go to a court of appeal, and though the finding is unfavorable to the plaintiff, the judgment provides that if the county judge's decision is not upheld, certain damages are assessed in each case for the plaintiffs, to avoid a new trial in the lower courts.

BRITISH MARRIAGES ON THE INCREASE

Largest Rate for Years is Shown in 1907—Gave Better Chance to Widows.

London, Feb. 11.—More marriages, fewer births and fewer deaths are recorded in the annual report of the registrar-general. In England and Wales during 1907 the marriages numbered 274,441, a rate of 48.3 per 1000 of population of marriageable age. This is the largest rate in many years. Widows had a small rate in the increase, that of 12 per cent. There was a marked falling off in the number of remarriages of divorced persons. The total number of divorced persons was 1288, and the number remarried 636, 40 less than in the previous year. There were 19 cases of marriage of divorced men to divorced women. The annual steady increase in the year's marriage age continues. It is now 28.6 for men, and 26.49 for women.

SNOWFLAKE WOMAN UNDER ARREST ON BIGAMY CHARGE

Snowflake, Man., Feb. 11.—Mrs. Kenna, who was married here a short time ago to Mr. Wightman, a respectable widower from Huron, Ont., was arrested here this afternoon on a charge of bigamy, as it is charged that she has a husband living in the person of E. Kenna, who is said to be a travelling salesman for a Winnipeg house. Mr. Wightman and his bride had just got settled in their house on the Hanford farm, which they had rented. Mrs. Kenna is a prepossessing woman of probably forty.

DESTROYERS FIGURE IN AUSTRALIAN NAVY

Melbourne, Feb. 11.—Premier Fisher has promised to propound a complete naval scheme soon. Cruisers were found too expensive, and the idea of utilizing submarines has been abandoned and they have decided to have a destroyer flotilla.

NIGHT FIRE DESTROYS CHICAGO FREIGHT SHEDS

Two Men Cremated in Spectacular Blaze—Damage Amounts to Over Half a Million Dollars.

Chicago, Feb. 11.—The bodies of two men were removed early today from the ruins of the Wabash railroad freight depot, which burned during the night. It is believed that another body is in the ruins.

One of the dead men has been identified as Watchman Malone, the other was not identified. The loss on the buildings and contents will amount to $600,000. The blaze was a spectacular one, and for a time the cold hampered the firemen, who had difficulty with freezing streams of water.

DISCORD IN PARTY PREVENTS HOME RULE

Dublin, Feb. 11.—The Irish Nationalist convention held its second day's session at the Mansion house yesterday, and compared to the stormy scenes of Tuesday, when the speeches of the minority were shouted down, the proceedings were very orderly.

The convention came to a close with a speech by Mr. Redmond, who declared that only discord among the Irish themselves could prevent home rule.

NET PROFITS OF THE NORTHERN CROWN BANK

Winnipeg, Feb. 10.—At the annual meeting of the shareholders of the Northern Crown bank, held at the head office in Winnipeg at noon today, a statement of the business of the bank for the year was presented. It showed the net profits for the year to be $136,324.15.

Fishing Not So Good.

Ottawa, Feb. 11.—The whole catch of fish in Canadian waters by Canadians, including fish products, seals, etc., during the season of 1907, comprising the winter fishing of 1908 to March 31, is valued at $25,500,000. This is a falling off of $750,000 compared with 1906.

Synopsis of Canadian Homestead Regulations.

Any available Dominions lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residing upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

ARMY OF THE EMPIRE IS BEING CREATED

Great Britain and Colonies to Co-operate to This End —Recruits Increase.

London, Feb. 11.—Speaking at a military dinner last night on the role of the territorial army in the various problems of defence against foreign nations, Mr. Haldane, secretary of state for war, announced that the government is negotiating with its dominions over the seas as to the creation of an army of empire and not of Great Britain merely.

Mr. Haldane referred also with great satisfaction to the fact that, as the outcome of the recent agitation, 7000 recruits had joined the territorial army and 100 applications had been received for commissions.

Winnipeg's Big Bonspiel.

Winnipeg, Feb. 11.—Upward of 600 curlers from all parts of America are attending the twenty-first Winnipeg bonspiel, which began here yesterday. It is said to be the greatest event of the kind in the history of curling. There are twenty-three sheets of covered ice and 159 rinks started to play.

RAISING MONEY TO SEARCH FOR EXPLORER

New York, Feb. 11.—At a meeting here yesterday a committee of ten was organized for the purpose of equipping a relief expedition to look for Dr. Frederick Cook, of Brooklyn, who is supposed now to be wintering somewhere in the Polar regions, after an attempt to reach the pole last summer. Members of the committee hope to raise the $10,000 needed to equip the expedition in time to charter the Arctic steamer Erik, now at St. John's, and start in search of Dr. Cook not later than July 15.

The expedition will be under the auspices of the Arctic Club of America and the Explorers club.

SHINGLEMEN DECIDE TO KEEP MILLS CLOSED

Bellingham, Feb. 11.—At a meeting of fifty shinglemen in Burlington today it was decided not to reopen the mills until the price of clears advanced to the old price of $2.50. A vigorous effort is to be made to keep the shingles up to the highest grading standard, as in better grades lies the salvation of the industry.

Postponed Till Next Week.

GALLERY GODS SHOW DISAPPROVAL OF TOAST

Actor's Reference to Glories of U.S.A. Meet with Little Favor—"Brewster's Millions" Is Success.

Without disputing for a moment that the United States of America as a whole may have a few things to be proud of besides a gassy president, jungle factories in Chicago, seven day saloons and the gum chewing habit, not to mention other notable attractions such as Harry K. Thaw and Boss Ruef, doesn't it seem superfluous that every time a theatrical company appearing in a Canadian city finds it necessary to introduce a toast in the course of a play, the Grand Old U. S. A. should be dragged in and make to serve as an object lesson to the benighted heathen who dwell beyond the confines of Rooseveltland?

All this by way of calling attention to the introduction of a patriotic toast to the United States, with the usual laudatory trimmings, in the third act of "Brewster's Millions" at the opera house last evening. One of the members of teh cast, who happened to be compelled by force of circumstances to imbibe an imitation cocktail, convincingly informed that big audience that the U. S. A. was the finest country on earth. Some people cheered—they admired his colossal nerve in making such an assertion.

But away back in the gods the boys held a different opinion, and cries of "After Canada," "You're wrong there," "Wake up, Vanderpool," floated across the footlights. It looked for a moment as if the dissentients would carry the day, but the good sense of the majority of those present prevented them from joining in an unseemly demonstration which might have been construed as unfriendliness towards Canada's next door neighbor.

While it is readily admitted that the changing of even a few lines in a play will sometimes perplex an actor, there is no excuse for the introduction of toasts which, while suitable for America, are not exactly in good taste north of the forty-ninth parrallel. Last night's slight demonstration of resentment is only a sample of what may happen on a larger scale one of these days, unless a timely warning to avoid giving what is considered by some an offence is heeded by theatrical managers.

Of the play itself, nothing but good can be said. From beginning to end it was presented as only a strong cast can present it. Robert Ober, as Monty Brewster, showed exceptional ability in a difficult role, his facial expressions in the different situations being most realistic. His co-star, Miss June Mathis (Peggy), acted throughout in a natural and graceful manner, while of the others, grouchy Gus Christie stood out prominently. The spectacular effects, especially in the much advertised ship-in-distress scene, were exceptionally good.

BRITISH NAVY BUYING CHICAGO CORNED BEEF

London, Feb. 11.—A Chicago firm has been awarded a contract to supply the British army with corned beef for a period of three years. The first delivery, between 500,000 and 1,000,000 pounds will be made in July and further deliveries will be in accordance with the requirements of the army.

The meat will be packed at Chicago under the supervision of British army officers.
