BLAZING THE TRAIL FOR SONS TO FOLLOW

Judge Howay Lectures on History of Royal Engineers in British Columbia.

The much expected lecture by His Honor Judge Howay on the Royal Engineers, to whom Westminster owes its very existence, and the province the magnificent roads which have never been surpassed, was given last evening at St. George's hall under the auspices of the Native Sons, Post No. 4. Monday was the fiftieth anniversary of the landing of the corps, and this fixed the date of the lecture, the proceeds of which will be devoted to the large debt outstanding on the Simon Fraser monument unveiled last September. Past Chief Factor J. Stillwell Clute, presided, and a number of vocal selections made a pleasant prelude to the address.

Years of Anniversaries.

The ecturer, in opening his remarks, said he felt diffident in addressing an audience which included some who were personally acquainted with the subject of which he wished to treat and of which his information was gathered from books, periodicals, reports, and every available source extant. This year was a notable one, internationally, on the American continent, and provincially for anniversaries and semi-centennials of great happenings. In provincial anniversaries they had this year, the jubilee of Methodism, the foundation of the Anglican See of Columbia, and the foundation of law and order by the coming of the Royal Engineers to this city. (Loud applause.)

The Gold Rush.

His honor then referred to the condition of British Columbia in the summer of 1858, when began the rush of reckless fortune hunters from the world's four corners to the gold diggings and the apprehension aroused at Victoria by their arrival by every ship from San Francisco, the "very dregs of society," as Governor Douglas termed them. The province till then had possessed nothing but the posts of the Hudson's Bay Company, and the population had been given over to hunting and trapping. The governor found himself faced with a rapidly increasing population drawn together by the yellow root of evil, an immigration so rapid that it had never been surpassed in any similar rush, so that by the summer of 1858 there were 30,000 whites in the colony. Arrangements had to be made for their control and Governor Douglas wrote to the British secretary of state for the colonies, Sir Edward Lytton, asking for a company of infantry. The lecturer pointed out the fears the governor had of the effect of this invasion on British rule, and showed the interest taken by Sir Edward Lytton in the new colony, which he described as a promising and noble territory. He wrote to Governor Douglas, and intimated that a corps of Royal Engineers would be sent out to his assistance.

Despatched From England.

In that letter the lines upon which they were to work were indicated. They might conduct surveys, suggest a site for the seat of government, and render such other assistance as was in their power. Military occupation was to be a minor feature. The colonial secretary indicated that their superior intelligence and discipline would fit them better than soldiers of

DESCRIPTION OF UNKNOWN JUST FITS FIGHTING JOE

London, April 13.—The Chronicle declares the unknown Liberal candidate for the by-election in Stratford-on-Avon is a brilliant orator, a well known K. C., and an ex-colonial premier who has championed free trade in debates in the Canadian parliament. His identity will be revealed today. The only man now in England who answers to this description, with the exception of Hon. Edward Blake, who now sits in the imperial parliament for South Longford, is the Hon. Joseph Martin, who has just arrived in England.

Flour Goes Up.

Winnipeg, Man., April 13.—Flour advanced ten cents a bag, or 40 cents a barrel today. The advance in flour is said to be the result of the high price of wheat, brought about by James A. Patten's corner.

ALDERMANIC CONTEST MAY BE FOUR-SIDED

Messrs. Herring and Bryson Are Assured Candidates; Messrs. Fader and Hardman May Run.

Two candidates are assured in the pending election for an alderman to fill the seat vacated by Alex. Garrett in the council chamber, per request of the provincial government, which objected to a civil servant holding a civic position. A. M. Herring, whose nomination papers were filed a few days ago, and J. S. Bryson, who has his all ready to turn in to Returning Officer W. A. Duncan at a minute's notice, are the two who positiely announce their intention of contesting the seat.

E. J. Fader, who sat on the council board during 1908, and who was defeated at the last election by a narrow majority, he being ill at the time, is to be counted on as a possibility, although he will not give a definite answer until the end of the week. He has been approached by a number of ratepayers who are anxious to again see him in harness, and high hopes are entertained that he will yield to their request.

A. Hardman is another possible candidate, having expressed his willingness to stand if he finds no other candidate is in sympathy with his views on important questions. He also will not definitely decide until Friday or Saturday, the last-named being nomination day.

Should these four candidates enter the race, the result of the poll would be hard to forecost, not only because of the number of candidates, but also because, at a by-election only a comparatively small vote will be polled.

SINGULAR SUICIDE OF INDIAN AT HARRISON

On Mission to End His Life He Takes Boatload of Provisions—Dead Two Weeks.

Further circumstances have come to light with reference to the suicide of Charlie Billy, referred to yesterday. This Indian, who was well known in the Harrison district, obtained a boat loaded it with provisions, and rowed up the Harrison river. At 15-mile creek he went ashore settled himself comfortably behind a rock, and placing the muzzle of his shotgun against his chest, fired. The body was found by persons passing in a boat, who on returning saw Billie's boat in the same place as when they passed previously, and consequently made investigations.

He had been dead about two weeks, and so firm was the death clasp on the rifle that it was with difficulty separated from him. The Agassiz coroner held an inquest finding a verdict of suicide, and the body has since been buried. No motive for the deed has transpired.

BANKERS WANT SLOT MACHINES TO STAY

San Francisco, April 13.—Despite the petition of the principal bankers here asking that slot machines be allowed to continue to operate the "nickel eaters" are doomed today. After July 1 no slot machine will be allowed to operate in San Francisco, as a result of an ordinance passed by the supervisors late yesterday.

The cigar dealers made a hard fight to save the machines, which are said to take in $12,000,000 annually. They wer backed by the bankers, who for some unknown reason, entered a plea to save the gambling devices.

SASKATOON MERCHANT DEPARTS SUDDENLY

Saskatoon, April 13.—A. W. Cooper, merchant, left here suddenly last night He was charged with forgery with intent to defraud. It is alleged he signed the name of an English banker to a letter, saying that he had a quantity of money there, and bought a business on the face of it. He came from Moose Jaw two months ago. He went under the name of William George Smith there. He came originally from Maidstone, Eng. He leaves many creditors here.

ENORMOUS RUSH TO GOLD FIELDS

G. T. P. Official Tells of Excitement Over New Discovery on Sturgeon Lake.

Winnipeg, April 13.—George Caye, assistant general manager of the Grand Trunk Pacific, returned this morning from an inspection trip over the Lake Superior branch of the company with J. F. A. Wyse, engineer for the Ontario railway board, and E. V. Johnson, engineer for the Dominion government.

"Great excitement prevails of the gold discoveries at Sturgeon lake," said Mr. Caye, "and new prospectors are staking claims daily. There has been an enormous rush to get in before the ice breaks up, and Wako, the town on the Grand Trunk Pacific line, is now a regular border town. Each prospector has in his possession a bottle of nuggets secured from his claim and options on the properties are being sold for from twenty to thirty thousand dollars. At present there is a railroad under construction from Vavor on the Grand Trunk Pacific line to the lake so that in a short time a direct service to the scene of the goldfields can be secured.

Mr. Caye and H. H. Brewer, general superintendent, leave tomorrow on a special train for Saskatoon. G. W. Robb, assistant master mechanic, will also accompany Mr. Caye.

DOUKHOBORS MOVING.

Party of Nearly Two Hundred En Route to British Columbia.

Broadview, Sask., April 13.—A party of 182 Doukhobors arrived here today and will proceed to Nelson, B. C., tomorrow by special train. This party, which consists of men only, was brought across from Buchanan by forty-two teams of horses. The women and children will follow later when the weather and roads are more favorable.

DOCTOR'S BILL $100,000 FOR MONTH'S SERVICE

Los Angeles, April 13.—It is understood here today that the heirs of Lucky Baldwin and Dr. John W. Trusworthy have reached a settlement of the bill for $100,000 which the physician presented for his services to the late millionaire turf king.

It was announced yesterday that Dr. Trusworthy, who was a lifelong friend of Baldwin, had doubled his original bill and demanded $100,000 for his 29 days' vigil at Baldwin's bedside during his last illness and for attendance on previous occasions. It is thought here that an amicable settlement has been effected, and there will be no litigation.

COUNTESS TOLSTOI PUBLISHES PROTEST

Paris, April 13.—The Countess Leo Tolstoi has published an open letter in which she protests against the expulsion from Russia of Vladimir Tshertinoff, the count's representative, whose only offence she says is his friendship for her husband.

Asylum Is Burned.

Woodward, Okla., April 13.—The third fire in a week at the Oklahoma State Insane asylum at Fort Supply last night destroyed the main asylum hospital. No lives were lost. The hospital building was one story high, a landmark, having been erected when Sheridan and Custer had their headquarters at Fort Supply.

Overcharge for School Books.

Chicago, April 13.—Nearly $200,000 a year is being paid for school books by the school children of Chicago in excess of the price charge for textbooks in other cities. This is the estimate of the aggregate overcharges formed by a special investigating committee appointed last winter.

Cloverdale Wins.

In a hard basketball match played at Cloverdale yesterday evening, a Columbian college team was defeated by a Cloverdale five by 21 to 13. V. Clark, of Columbian college, refereed.

To Command Bisley Team.

Toronto, April 13.—Col. Bertram of Dundas and Major Mercer of Toronto wee yesterday appointed by the D. R. A. to take chage of the Canadian Bisley team, which will leave in June.

NO NEGOTIATIONS NOW IN PROGRESS

Reciprocal Tariff Agreement Between Canada and Germany Only in Talk Stage.

Ottawa, April 13.—In the commons this afternoon Hon. G. E. Foster asked Sir Wilfrid Laurier if, in view of the report of the New Brunswick royal commission, he would make any statement as to whether or not any action would be taken in respect to the minister of public works. Sir Wilfrid replied that so far he had only seen press dispatches relative to the findings of the commission and consequently had now no statement to make in connection with any charges made.

Hon. W. S. Fielding in reply to Mr. Monk said no negotiations were now in progress between Canada and Germany relative to a reciprocal tariff agreement. The matter had several times been informally talked over with Germans interested in better trade relations with Canada, but the matter so far had not gone beyond the state of pourparlers.

BOYS' BRIGADE TROPHY SOUGHT FOR COMPETITION

Will Prove Attraction to Lads Drilling Throughout Province—May Day Committee Busy.

According to a statement made at the meeting of the May Day committee held last evening, an effort will be made to obtain the donation of a permanent trophy for Boys' Brigade in British Columbia to be competed for annually at the May Day celebration in New Westminster. This will be known as the Lieutenant-Governor's cup, and will, it is thought, encourage a higher standard of development among the Boys' Brigades.

Ald. J. J. Johnston presided, and reports of the committees were made The collecting committee will get to work at once, and for the parade, Fire Chief Watson stated that he had secured the use of all ponies in town, and the arrangement for automobiles was left to him. The music and ball committees reported progress. C. D. Peele said he was arranging with the city and Hayseed bands, and Master of Ceremonies J. J. Cambridge reported that he had written Rev. A. Silva White, of Nanaimo, with regard to the remainder of his corps coming over, as well as the Boys' Brigade band. The admission to the ball will be $1.25 as last year. The meeting adjourned to meet next Tuesday.

LORD KITCHENER PLANS VISIT TO CANADA

London, April 13.—The interesting announcement is made by the war office that Lord Kitchener, who retires shortly as commander-in-chief of the forces in India, will on his way home visit Australia and cross Canada from Vancouver to Montreal, stopping off at the principal cities. Lord Kitchener is now senior active general of the combined forces, British and Indian, on the field marshal lists. Three out of eight have held supreme command in the East Indies, these being Sir Frederick Haines, now in his eightieth year; Lord Roberts, Sir George White. He is succeeded by Sir O Moore Creagh.

To Teach Flying.

Berlin, April 13.—The Aerial Navy league announces that it is making arrangements to found an air man's school at Friedrichsafen, which, it is probable, will be opened in October. The course of study will cover three years, and the pupils will be trained in the handing of dirigible airships.

Suffocated in Car.

Estevan, Sask., April 13.—Gilbert Lee, from Blooming Prairie, Minn., destined for Bawlf, Alta., was suffocated in a car of an immigration train on the Soo line. The car caught fire by a lantern exploding. Some live stock also perished.

Good Business for Shipyards.

Madrid, April 13.—The cabinet has decided definitely that the Spanish fleet shall be reconstructed. This will be entrusted to British firms.

CONGREGATIONAL GROWTH SHOWN AT ANNUAL MEETING

Satisfactory Reports Presented of St. Paul's Church—Raises Over $2000 For Various Purposes.

The annual meeting of the congregation of St. Paul's Reformed Episcopal church was held on Monday evening, F. P. Maxwell in the chair.

The rector, Rev. A. de B. Owen, presented a satisfactory report of the work of the year. The secretary-treasurer, J. J. Johnston, read the eighteenth annual report presented by him, which showed that all departments of the church were making good progress, that the finances of the church were in a satisfactory condition, with a small balance in hand, the total amount raised being about $2200 for all purposes. Mr. Johnston also presented a report of the Sunday school, which showed progress, and an average attendance of 70. The sum of $150 had been raised for this purpose and books, periodicals, etc. The ladies' aid, through Mrs. N. Lever, reported that $225 had been raised, and $100 contributed to the rectory fund, Other reports given were from the Women's Foreign Missionary Society, The Auxiliary, Laure. Leaf Guild, and choir.

W. S. Collister was appointed by the rector as his warden and L. Thornber by the people. The vestrymen chosen were: George Burr, Joseph Burr, W. S. Collister, Thomas Furness, Dr. Buchanan, S. F. Mark, F. P. Maxwell, S. J. Pearce, Charles Warwick, L. Thornber and J. J. Johnston, secretary-treasurer.

Several members of the vestry spoke and votes of thanks were passed. The ladies' aid served refreshments.

BIG TIMBER LIMITS ARE INVOLVED IN FRAUD CASE

Patents Issued to Lands in Idaho Years Ago by U. S. Government May Be Cancelled.

St. Paul, Minn., April 13.—Forty thousand acres of timber land, worth from $1,000,000 to $3,000,000, is at stake in the case in which testimony was taken yesterday at the federal building by Attorney Gordon of Washington, special assistant to the attorney-general of the United States.

The proceedings were begun several years ago by the federal government against the Barber Lumber Company of Eau Claire, Wis., to cancel patents that the government had issued between 1901 and 1903 for timber land in the Boise Basin, Idaho. The government's complaint declared that the patents had been obtained through fraud.

Mr. Gordon has been securing testimony on behalf of the attorney-general's office in Idaho, Nevada, and elsewhere. The case will be tried in Boise.

TWO CANDIDATES FOR DEPUTY MINISTERSHIP

Ottawa, April 13.—Thomas Cole, director of La Presse, and Arthur Ecrement, M. P., for Berthier, are mentioned for the position of deputy minister of marine and fisheries. Col. Talbot, M. P., it is said, has withdrawn from the list of applicants, while Mr. Rivet, M. P., also spoken of, may later get a judgeship.

Had a Good Memory.

South Bend, Ind., April 13.—The wonderful grasp of details possessed by the late James Oliver, plow manufacturer and philanthropist of South Bend, is shown by the settlement of his estate, estimated to be worth $20,000,000. Notwithstanding the size of the fortune not a single claim was filed against it, and the executor, Joseph D. Oliver, son of the dead man, has been discharged.

Hunting Escaped Convict.

Edmonton, April 13.—The mounted police have secured a clue to the escape of Convict Kane, who jumped from a car window on the C. & E. some days ago. A man answering his description passed through Millet Saturday morning headed west, and the police are now concentrated at that point in an endeavor to effect his capture.

WILL MAKE RUPERT THE GREATEST PORT

General Manager of G. T. P. Optimistic Regarding New City. Denies Rain Stories.

Victoria, April 13.—E. J. Chamberlin, general manager of the Grand Trunk Pacific, reached Victoria yesterday after a visit to Prince Rupert. He was accompanied north by D'Arcy Tate, solicitor for the company; J. E. Dalrymple, general freight agent; G. U. Ryley, townsite agent, and G. A. McNicholl, the purchasing agent

The general manager of the new transcontinental line is delighted with Prince Rupert, on this his first visit to the terminal point. "We spent three days there," said he this morning, "and it never rained during the whole of that time."

Sees No Rain.

Mr. Chamberlin thinks that the reports which describe the new city as a very wet one do not property describe it. Mr. Tate, who has visited the new town many times, has never seen it rain there yet.

The general manager of the company is more than pleased with the conditions at Prince Rupert. The harbor delighted him and he sees no reason why a beautiful city should not be laid out.

Road Well Laid.

During his stay in the north he went along the line of the road for a distance of 45 miles, going by water. Ice at that point in the river interfered with their going further. As an experienced builder he says that the road is being well laid. It should be a model line. The work is going forward very satisfactory and the contractors should have the whole of the 100 miles ready on time, the contract calling for its completion by the 1st of August.

Contract Let.

That there is to be no cessation of work on the Grand Trunk Pacific is shown by the fact that Mr. Chamberlin says that the contract for 140 miles additional road will be let September 1, which, when completed will give 240 miles from the ocean. At the other end the contracts have been let for the line into British Columbia.

Referrring to the connection with Vancouver by the Grand Trunk Pacific Mr. Chamberlin says that line has yet to be surveyed, and all details connected with it have to be worked out. It will be a line built for commercial reasons and will not in any way interfere with the main line to Prince Rupert. The latter port will be made, he says, their great shipping port.

CUNARD LINE FELT GENERAL DEPRESSION

London, April 13.—The Cunard steamship line has suffered heavily from the depression in the shipping trade, and will be unable to pay a dividend. The company's report, which has just been issued, however, is not sufficient to meet the depreciation in ships and properties necessitating the company's drawing on the reserve fund for expenses. The number of third class passengers landed in the United States in 1908 was only 335,000, as compared with 1,116,000 in 1907. The report announces that the Lusitania and Mauretania amply fulfilled the obligations to the government and the company carried out its liabilities to the government by the payment of $650,000 to the redemption fund.

TIMBER LANDS AT SAN JUAN PURCHASED

Victoria, April 13.—A deal has been completed by Hillis Bros., whereby 30 sections of timber land at San Juan changes hands. These lands were held by Andrew Wright and a local syndicate. They have been sold to a New York syndicate, including C. F. Hess, N. M. Watters and Mr Bond. The sum paid was about $100,000.

NO DECISION.

Victroia, B. C., April 13.—The provincial executive discussed the Coquitlam dam proposition all day, but no decision has yet been handed down. The ministers may not make public their finding for two or three days.

Classified Advertisements

WANTED. FOR SALE. TO RENT. LOST. FOUND. REAL ESTATE. PROFESSIONAL. BUSINESS. FRATERNAL. ETC.

Extract from a business man's letteer: "A real dyed-in-the-wool, name-blown-in-the-bottle success insurance policy can only be bought by advertising. You must advertise and keep on advertising. And, sir! it will pay you better to invest twenty thousand dollars in judicious advertising than sink the same amount in suburban real estate." Whoever sells good advertising sells business, sells income, sells bank accounts, sells growth and progress, and the man who talks of advertising as an expense does not know the first letter of the alphabet that makes up the words to describe advertising. NOTICE TO CONTRACTORS.

Tenders for Station Building, Section and Tool Houses, between Lake Superior Junction and Winnipeg.

Sealed tenders addressed to the undersigned, marked on the envelope "Tenders for Stations, etc.," will be received at the office of the commissioners of the transcontinental railways at Ottawa, until 12 o'clock noon of the 27th day of April, 1909, for the construction and erection complete, in accordance with the plans and specifications of the commissioners, of station buildings, section and tool houses, etc., as follows, viz:

Section No. 1—From Lake Superior Junction to Mile 1629 (near Wabigoon river); 4 No. 2 station buildings; 2 No. 3 station houses; 5 section houses.

Section No. 2—From Mile 1629 to Mile 1729 (N. E. of Rennie); 1 No. 1 station building, 2 No. 2 stations buildings; 3 No. 3 station buildings, 6 section houses.

Section No. 3—From Mile 1729 to St. Boniface; 2 No. 1 station buildings, 2 No. 2 stations buildings, 4 No. 3 stations buildings, 3 section houses.

Tool houses will be required at all section houses, and at such other points as may be designated by the engineer.

Each tender must be for all the buildings, any one section, and separate tenders must be made for each section.

The work on each section must be completed on or before October 1st, 1910.

Plans and specifications may be seen and full information obtained, at the office of Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont., and Mr. S. R Poulin, district engineer, Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the commissioners, which may be had on application to the chief engineer at Ottawa, or the district engineer at Winnipeg.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the commissioners of the Transcontinental Railway, for a sum equal to ten per cent. (10 p.c.) of the amount of the tender.

The cheque deposited by the party whose tender is accepted will be deposited to the credit of the receiver general of Canada, as security for the due and faithful performance of the contract according to its terms.

Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,

P. E. RYAN,
Secretary.

G. N. R. SHOWS CONFIDENCE IN PROSPERITY OF WEST

Equipment Valued at $2,000,000 Now Being Built for Mackenzie & Mann's Western Lines.

Winnipeg, April 13.—Every carworks in Canada is now busy manufacturing cars for the Canadian Northern railway, and there will be $2,000,000 worth of equipment for the western lines desired before the harvest. B. B. Hanna, third vice-president of the C. N. R., made that statement after his arrival from the east yesterday.

"Of the new equipment there will be 2000 box cars and a large number of refrigerator and passenger coaches. We are showing our confidence in the west in the best way we know," commented Mr. Hanna.

ICE-JAMMED RIVER IS FLOODING MONTREAL

Montreal, April 13.—Last night the ice in the river opposite the city began to move. At the Boucherville islands it jammed, with the consequence that in less than an hour the water at the lower end of the city rose eight feet, covering the high-level wharves, which were supposed to be above high watermark. The civic pumping stations have so far been able to keep the water out of the cellars along the riverfront. On the other side of the river some fifty families in Longueuil have been flooded out, and considerable damage done to property.

PATRIARCH OF HERD IS FOUND DEAD AND MANGLED

Banff, April 13.—Old Sir Donald, the patriarch of the Banff buffalo herd, is dead. His mangled carcass was discovered by Mr. Dalgleish yesterday morning when he went out to the herd at the regular feeding time.

Sir Donald was one of the original Silver Heights' herd and was 37 years old. For a number of years after being transferred to Banff he was the leader of the herd but was finally deposed from this position by one of the younger bulls.

CEMETERY PLANNED FOR PET DOGS AND CATS

Los Angeles, Cal., April 13.—The latest enterprise to come to light in Los Angeles is a cemetery for pet pet dogs and cats. A number of persons of Los Angeles and Pasadena are interested in the matter and in a short time it will be possible for lovers of felines and canines to consign their pets after death to a cemetery with all the solemnity and ceremony attending the burial of human beings.

There will be "family plots" in the cemetery and headstones will mark the resting places of pets.

VICTORIA AND THE FRASER.

The Colonist speaks appreciatively of the article on the Fraser valley which we printed in this column a few days ago, and says: "We think we perceive in the progress of the Fraser valley the promise of great things for the city of New Westminster." Speaking of the reference made in our article to the probable extension of the stock raising industry, our contemporary recalls the fact that some years ago it suggested that the profitable system of raising beef cattle on hay and turnips in Eastern Canada and the New England states might advantageously be adopted on the rich farm lands of the Fraser valley, where hay and turnips can be raised probably more cheaply than anywhere else, whilst the mild climate would make the fattening of cattle much easier than in the colder regions of the East. "As every one knows," the Colonist continues, "a certain amount of food eaten by any animal goes to keeping up the temperature of the body, and where cold weather prevails it follows that a smaller proportion of the nourishment is available for fattening than in countries where the temperature is milder." The circumstance thus urged is, perhaps, even if generally known, not always taken into account by those who are likely to be interested in stock raising in this district. The matter of climate certainly is a very important consideration, for it means that the Fraser valley farmer has thereby conferred upon him an economical advantage over the cattle ranchers of the East. As the Colonist further remarks, "It may be found that beef can be raised on the Fraser river farms more cheaply than on the ranges, and it is certain to be of better quality, while the percentage of loss from severe cold and storms would be wholly eliminated." In addition to this climatic circumstance stock raisers hereabouts have the advantage of being close to the market. Cattle could be driven in to New Westminster by road at a quite insignificant cost, thus saving the heavy freightage expense that is incurred in connection with cattle sent in from the prairie provinces.

Our contemporary pertinently observes that "Victoria is deeply interested in what is transpiring in the area mentioned. We are not so absurb as to suggest that our business houses can drive their competitors in Vancouver and New Westminster out of this promising field, but they can certainly find in it scope for the exercise of their enterprise. What the News tells us ought to be an incentive to the Board of Trade to urge more strongly a better steamer connection with the Fraser." We can endorse this suggestion quite heartily, for it would be no less an advantage to New Westminister than to Victoria to have a reliable and regular means of intercommunication. Here is an excellent opportunity for the united efforts of the two boards, that of the old capital and the new respectively, to get busy and bring about an improvement that will be to the commercial advantage of both, whilst to the settlements along the Fraser river it would be an inestimable boon.

THE GOLDEN ANNIVERSARY.

It seems strange that, except for the reference to the circumstance in Judge Howay's interesting lecture at St. George's Hall last night, nothing has been done to mark the 50th anniversary of the founding of the city of New Westminster which occurred this year. It was in January 1859 that Col. Moody reported in favour of the abandonment of Fort Langley and the setting up of the capital upon the site of the present Royal City and this suggestion being duly approved by the British Government the necessary arrangements were made to prepare the place for its new importance. This was in February 1859. In May of the same year Governor Douglas received from Sir E. Bulwer Lytton, the secretary of state, in reply to a dispatch of his, and dated May 5th, stating that Her Majesty Queen Victoria had been graciously pleased to decide that the capital of British Columbia shall be called New Westminster. The full text of this very interesting correspondence was published in the special Fraser Centennial number of the Daily News of September 30th last.

The occasion is one that should be recognised and celebrated in some public manner. We would suggest that this might in one way be done by the inclusion of tableaux representing the pioneer work of he Royal engineers and other incidents attendant upon the foundation of our city, in the forthcoming May Day procession. We are aware that the time for making the necessary preparations is very short, but it is not too limited to make the accomplishment of the scheme impossible. There will be no lack of willing helpers for such a good purpose, and there are happily still among us several of the old military pioneers who would gladly render assistance. Tableaux of this kind would form an interesting and distinctive feature of the May Day festival and would not be without its value as an educational and patriotic influence.

Fred. Lynch has been entrusted by the Westminster Lacrosse club with the distribution of the three dozen Joe Lally gift junior lacrosse sticks. It has been decided to distribute the sticks to the first three junior teams organizing, one west of Sixth street, one between Sixth street and Albert Crescent, and the third at Sapperton. The playing members of the junior clubs must be sixteen years of age or under.

The animated picture theatres in this city give pleasant and reasonable entertainment for the young folks of both sexes these evenings, and their programs give the variety of subject and interest which lends the charm to the ever-restless mind of even the younger folks in this 20th century. Last evening both The Edison and the Crystal theatres were well filled. At the Edison the pictures which seemed to receive most attention were the series of charming child-life, and child dreams. The Crystal displayed some excellent comic slides depicting Easter hat bargains, which the ladies enjoyed, and also other slides of considerable merit and interest.

The local Council of Women will hold a special meeting on Thursday afternoon, at three o'clock, when a large attendance is requested, as important business is to be transacted. *

WIDOW GETS LEGACIES BOTH AS FRIEND AND WIFE

New York Woman Wins Fight—Title to $250,000 Not Nullified by Prior Bequest.

Olympia, April 13.—Alfred Adler, of New York, who left an estate of $250,000, provided in his will for a bequest of $35,000 to his friend Hanna Hartung, and then a few days before his death married her. She secured the $35,000 as beneficiary and drew her dower as widow under the New York laws.

She on the one side and other heirs of Adler started a contest in the King county courts for the probate of the Washington estate.

The supreme court in a decision today holds that she got the $35,000 as a friend, not as a marriage settlement, that the will was not revoked as to property in this state by her marriage and orders the estate administered here according to the will.

Blazing the Trail For Sons to Follow

(Continued from Page One.)

the line for the duties to be performed. Three detachments were sent out, two of twenty, and the main body. The first were mainly for survey work, the second for carpentering, and the balance were the main body. The first party assisted in the formalities with which the infant colony was launched at Langley on November 19, 1858. The main party arrived on the Thomas City, Lord Lytton going on board to address the men, and explain why they were chosen for the work. On board was published the Emigrant Soldiers' Gazette, and Capt. Horn Chronicle, extracts from which were read by the lecturer. Full of detail and incident his honor told their story, and the reasons which led the commander to choose Westminster as the capital site instead of Langley, or Derby. "We owe," he said amid applause "to the Royal Engineers the very existence of our city." The site chosen for the camp was practically where the penitentiary stands—"to what base uses we come at last."

Building Roads.

Having referred to the early days of the settlement he went at length into the Farrell incident at Yale, which while it ended happily, was provocative of the only military use to which the engineers were put during their stay. The lecturer passed on to relate the story of the road construction and survey work carried out by the engineers, and the thorough and splendid way in which it was done. Ultimately the great conception of a good wagon road from tidewater through the canyons of the Fraser was made possible, the difficulties of which were dealt with at length, but from the lesson Judge Howay showed the marvelous fertility of the brains of the leaders, and the activity of the men in bringing arduous and important works to a successful issue.

Fourteen Survivors.

Having alluded to the resolution of the Westminster municipal council by which Moody square was named in honor of its founder, and the establishment of the British Columbia Gazette, as the official organ, he came down to the time when the corps was disbanded and a few including Col. Moody, returned to the old land. A farewell banquet was tendered at the first Colonial hotel, the president of the council, afterwards several times Mayor Robert Dickenson, in the chair. Of the 130 who remained when the corps (which represented picked men, and not a simple detachment) was disbanded all occupations were represented, and led the industries of the colony. Fourteen survivors remained of that band. The lecturer spoke of the great work done by the detachment in preparing the first maps of the colony, first churches, schools, coat of arms, postage stamps, first observatory, first meteorological station, and first gold escort. The Royal Engineers were foremost in every good work in the city, and were among the founders of the Royal Columbian hospital. A series of pictures was then thrown on the screen.

Mayor Keary moved the vote of thanks to the lecturer as a son of one of the engineers, and congratulated him on the succinct account given. The vote was carried amid applause.

CHAIN OF FOUR HUNDRED ELEVATORS IN THE WEST

Brandon and Buffalo Grain Men Will Erect Small Warehouses—One Hundred to Be Completed This Fall—Offices Will Be at Buffalo and Winnipeg.

Buffalo, April 13.—A company which according to the incorporators, will handle millions of bushels of grain, has been formed by Dr. John G. Knoll, of this city; John L. Peters, formerly cashier of the Citizens' Bank of Buffalo; William H. Heacock, of Lockport, and John R. Brodie, president of the Great West Grain company, of Brandon. The new company is to be called the National Elevator company, and will have offices in Buffalo and at Winnipeg.

"The purpose of the new company," said Dr. Knoll, "is to erect 400 small grain elevators in the Canadian northwest, to store the thousands of bushels of grain which every year lies alongside the railroad lines until those railroads are able to transport it. We are incorporated for $5,000,000 under the laws of South Dakota, a large part of which stock has been subscribed for. We will have 100 new elevators ready by September 1.

"Americans do not begin to realize the wonders of the Canadian northwest. There are 15,000,000 acres under cultivation now, and in the near future 165,000,000 will be cultivated. The figures are staggering. Every year 200,000 persons from the United States and Europe are going into this district. The increase in land cultivated is 25 per cent each year. At the present minute there are 974 elevators in operation there, and there should be 3,500 of them. When all the land is under cultivation there should be 16,000 elevators to take care of the grain.

"The transportation situation is just this: In the height of the season the railroads sometimes are blocked and they can handle no other kind of business. The grain lies in temporary storehouses beside the tracks until there are cars enough to handle it. The public has been clamoring to the provincial governments to build railroads. The inability of the railroads to cope with the situation is just where we come in. We will build these little elevators to take care of this surplus grain until the road is ready for it."

MANITOBA ELECTIONS NOT LIKELY THIS SPRING

Roblin Administration Said to Be Divided on the Question—Country Members Are Opposed.

Winnipeg, April 13.—There is a feeling in legislative circles that the members of the cabinet are not of one mind on the advisability of going to the country this spring. It is also stated that the rural members have objected to holding another election, which they look upon as useless expense when there is nothing more to work upon than at present.

There are members of the government, also, who feel that it might not be advantageous to go to the country shortly as they might not come back. Just at present they are all secure for the next two years and that looks better than an uncertainty of an additional five years which would be given by a victory this spring. It appears that the idea and desire for an election this spring is uppermost only in the minds of one of the ministers and it is considered probable that he will not be able to influence his colleagues to his way of thinking.

CONSERVATIVES BUY REGINA NEWSPAPER

Regina, Sask., April 13.—For some time past a movement has been on foot among the supporters of Mr. Haultain and the Conservatives generally to establish, upon a substantial basis, a newspaper under the control and direction of the party. With this end in view a company was formed some time ago, and an option was secured upon the Standard. It is now understood that the necessary capital has been subscribed and that the journal will shortly be taken over by the new company. It is reported that the West newspaper will also be absorbed in the deal.

CARMEN AND COMPANY EXPECTED TO AGREE

Winnipeg, April 13.—An endeavor to settle the trouble between the street railway employees and the company will be made today when the committee will interview the officials with the agreement suggested by the men. A mass meeting was held yesterday, which a very large number of men attended. It is confidently stated that the differences existing between the company and its employees will be amicably settled, and that no trouble will result.

COLD SNAP STRIKES PRAIRIE COUNTRY

Winnipeg, April 13.—Last night was one of the coldest of the season. At Prince Albert it was fourteen below zero, at Regina, one above, at Qu'Appelle, zero, Battleford, four above. It snowed heavily last night at Edmonton, Calgary and Lethbridge. The lowest at Winnipeg was twelve above. Old timers state that this foretells a good crop.

Robin Hood Flour

IS DIFFERENT

It is the New Flour All Western Canada Is Interested In

We are not making this announcement for the purpose of describing the superior qualities of "ROBIN HOOD" Flour. We intend you to find them out for yourself. We want you to find them out as quickly as possible, because we know for an absolute certainty that once you have tested it thoroughly you will never use any but "ROBIN HOOD" Flour afterward. That has always been our experience, and we feel sure it will be the same in New Westminster.

Now note what we are doing. We are sending our staff of "ROBIN HOOD" girls into New Westminster to call upon every home. They will call upon you. They will tell you something about "ROBIN HOOD" Flour, about the way it is made, the quality of wheat it is made of, and they will give you some idea of what makes "ROBIN HOOD" Flour different from other flours. It is the flour you should use. It will prove its superiority.

All over the West "ROBIN HOOD" Flour is making a tremendous impression. Join the thousands of happy users.

Look for the "ROBIN HOOD" girls and be sure to give them an order. They will visit you in a day or two.

LONG SESSION HELD OF COUNTY COURT

Breach of Contract Action Occupies Court—Naturalization Papers Sought.

The first day of the April county court sittings was occupied yesterday almost entirely with the hearing of an action brought by Charles Klemmer, of Central Park, against Harry L. Birmingham and Wellington G. Birmingham trading as Birmingham Bros., for $806, for alleged breach of contract. There was a counter claim of $2500, many witnesses being examined, and thre sittings adjourned till today.

Naturalization Papers.

Twenty-four foreigners, half Japanese, applied for naturalization papers. Following Judge Grant's ruling in previous circumstances His Honor Judge Howay said he could not grant the applications at the present time, as all the certificates were defective, and commented on the lack of evidence other than the oaths of the applicants that they had resided three years in Canada. The matter will be further considered.

Alleged Contract Breach.

In the action of Klemmer vs. Birmingham Brothers, plaintiff alleged breach of contract for defendants not taking off certain lumber on his holding near Central Park and converting it into sawmill lengths. The counter claim was for failure, as defendants alleged, on the part of plaintiff to provide them with material, stating that while they placed an extensive mill plant on the field, they found plaintiff had only three or four acres instead of 45 as represented. W. J. Whiteside and T. E Ladner were the legal representatives.

Other Cases.

Vanstone Heating Co., vs. Kwong Man Tai & Brymner. Set for June court. H. L. Edmonds for plaintiff, J. R. Grant for Brymner

Guthier vs. Zeni Common, for partnership account; next court. J. P. Hampton Bole for plaintiff, W. J. Whiteside for defendant.

MacAdam vs Murray Trial fixed for April 20. D. G. Macdonell for plaintiff; J. Martin for defendant.

J. B. McLeod vs. Charles Jacks & Co. settled. W. G. McQuarrie for plaintiff.

Henry Alder vs. A. Lelion. To be spoken to on April 16, for day of trial.

C. M. Henderson vs. C. Fisher. Trial fixed for Monday, April 26.

Mickleboro Muldred Co. vs. J. Welsh. W. F. Hansford for plaintiff, W. Norman Bole, K. C., for defendant. Defence withdrawn, and judgment by consent.

Peter Warren vs. G. Satchell. Claim for $26.50. To be heard today.

J. Petto vs. M. Wilcox. Claim for $179. To be heard today.

A few weeks ago a gentleman rancher living upcountry about 80 miles from New Westminster put a classified ad. in the Daily News and in two Vancouver papers. This gentleman stated to the News last Friday that he had more replies from "The Daily News" than from the two Vancouver papers put together. Use our classified page 2 and get results.
