

EXHIBITION PLANT GETTING INTO SHAPE

Buildings Are Busy In Preparation --- Larger Entries Throughout the Show

Everything is advancing rapidly for the exhibition next week, the grounds are cleared up, and the last touches to the outer reservoir wall, which probably be completed today.

All the buildings are being thoroughly cleaned out, and many of the managers holding space are getting exhibits into shape. This is particularly the case in the Industrial building, where again the fisheries exhibit will be staged, as the separate building failed to materialize this morning.

The premises for live stock of every kind assure an excellent contest between breeders, and the entries are more than ever before. Space for the tables and roots in the Agricultural building is held up by the use of entries from district bodies made, and which must be made before other things are produced.

Concessions Numerous.

The ground space for outside concessions has been taken up, and by the new reservoir, which is the greatest possible attraction to grounds which badly needed an outlet sheet of water, there is less than formerly. Great care will be taken to see that the exhibitions are satisfactory. For the Fisheries building some of the agricultural machinery has already arrived, and will be put in immediately.

Fruit Exhibits.

Among the districts to be represented by fruit exhibits are Kelowna, Armstrong, Salmon Arm, Enderby, Kamloops, and Lillooet. The exhibit from the Mission, Coquitlam, and the twin cities, Edmonton, St. John's, and other districts exhibit the best of the fruit, and will continue to be one of the features of the exhibition. Interest in being taken in the prize for vegetables offered by Hudson's Bay Co.

Pictures and Historical Exhibit.

The collection of the Ontario Society of Artists has been arranged by H. De Forest, of Vancouver, and presents a most attractive presentation of Canadian art. The collection of local pictures will be arranged by Capt. Peole, and the geological and historical exhibits, commemorative of the Simon Fraser centennial, and the Provincial government exhibit on Thursday and Friday, by E. O. S. Schofield, provincial librarian, R. E. Gosnell, provincial archaeologist, and Dr. Newcombe from Victoria for the purpose.

Dairy Demonstration.

The Dairy building Miss Rose, of the Dairy, will give daily demonstrations of the various processes of the dairy, and the principal features and cheese factories of the province will be well represented.

Manual Training School.

To this year the Manual Training school has been in use by the school during the exhibition week, but the school trustees will be the better at the disposal of the building, which automatically will be a great improvement on previous years.

Miscellaneous.

The beach shows will be unusually large this year, as the Vancouver Exhibition Association promise their co-operation in the matter. There are over 100 classes in this division.

General Interest.

General interest is being taken in the Fisheries and children's department, as the exhibits are unusually good. All classes of amateur work will be represented.

RAILROAD OFFICIAL IS

DROWNED WHILE FISHING

W. R. C. Sept. 22.—R. L. C. Smith, manager of the Canadian Pacific railway telegraph system here, was drowned yesterday while fishing in the Graham rapids on the Kootenai river, in a rowboat. The body has been recovered. Coroner is surprised by a wife and family, who are in the East.

TRAINING FOR MATCHES WITH CAPITALS BEGINNING

Boys Will Get Into Shape for Strenuous Work—Good Intermediates Drafted In.

The representatives of the champions on the Canadian Olympic team, Alex. Turnbull and George Reanie, leave on the morning train today. As the Vancouver team is here on Saturday in the last game of the senior schedule, it will be necessary to play two new men. As Irving Wintermute may be on the line-up, only one addition to Saturday's team may be required. Marshall and "Grumpy" Spring are slated for senior positions, and will train with the team. With Alex. out, the home will not be up to its usual strength, especially if Vancouver sends over the same defence they had on Saturday, but there is not much fear for the result of the game. However, next week's games are a tougher proposition, and the champions will sedulously train for their two games. Everything is now settled for next week's matches with the Capitals.

RIFLE EXPERT PROVES HIS MARVELLOUS SKILL HERE

Gun Club Members Shown Feats—Shooting at Clay Pigeons and Oranges by W. A. Hillis.

W. A. Hillis, representing the U. M. C. Co. and Remington Arms Co., gave a very interesting exhibition with rifle and shot gun at Moody square yesterday afternoon before a large crowd.

His shooting at washers and marbles in the air was something extraordinary. He also demonstrated the hitting power of the Remington automatic rifle by throwing a can of tomatoes up in the air and hitting it with a soft point bullet, leaving hardly a piece of the can remaining. He created a lot of amusement by telling the boys he was going to throw up an orange, and that the boy who got the orange first after he shot was to get a dollar. He threw the orange up, and the soft point smashed it so completely that nothing remained but a cloud of vapor.

Shooting at a clay pigeon Mr. Hillis showed his ability by making an high average against experts from both Vancouver and this city. A very high wind was blowing all afternoon, causing the clay birds to fly very fast, which made them very hard to hit.

The shooting of the Gun club members was not as good as usual on account of the wind.

ARRANGING FOR RURAL MAIL ROUTES

Ottawa, Sept. 22.—The post office department is already at work giving effect to the announcement of Hon. Rodolphe Lemieux, at Niagara Falls, on Tuesday, promising that free rural mail delivery would be promptly established throughout Canada. Applications for installation of mail boxes along mail routes are now pouring in at a great rate and the department is hard at work sending out boxes as fast as applications come in. It will necessarily take some time before all the rural mail routes can be supplied with boxes, but this will be done just as rapidly as possible.

CONDITIONS CHANGED UNDER SIR WILFRID

London, Eng., Sept. 22.—The Financial News, discussing the Canadian government's expenditure, says that Canada is justified in spending with a lavish hand, referring to Sir Wilfrid Laurier's control of Dominion affairs. It says that under his guidance the country has emerged for all time from the agricultural, commercial, and industrial depression wherein it had been plunged, and that his expressed desire to finish the construction of the Pacific Great Trunk Pacific is no mere electioneering clapnet.

BIRD CARRIES OFF CHILD IN TALONS

Searchers Find Girl Dead, Capture the Bird and Bring It to Seattle.

Seattle, Sept. 22.—Swooping down on a large load of children, a huge American eagle, picked up little four-year-old Carrie Chisholm in his talons, at Eagle's Nest, Alaska, and carried her off to his mountain nest. For three weeks searching parties hunted high and low through the mountainous country, and finally captured the big eagle, and in the nest found the bruised and mangled body of the child. John Kalem, of Seattle, was near the eagle at the time the eagle made his raid, and he organized and directed the searching party of eleven Indians. He paid these Indians \$300 to conduct the search, and when the captive eagle was brought in by the Indians he took it, put it in a crate and shipped it to Seattle on the Humboldt.

"Seven little girls were playing on this barge," said Mr. Kalem yesterday, "The barge had been towing up the river to Eagle's Nest for days, and on the evening of July 14 was tied up to the bank. The little girls were all alone at their play when this eagle swooped down upon them, picked Carrie up in his talons and soared away to the mountain nest."

"When I heard of it I hired eleven Indians to immediately take up the search, and they started out. For three weeks they toiled throughout the days in pursuit of this creature. Finally they captured it and found the girl's body. The eagle had clawed it and picked it until it was unrecognizable. When we started the search we hoped that the bird would become tired of carrying the child, and would drop her, and that we might find her alive, but as the search lengthened, we gave up that hope and only asked that we might recover the body. I did not accompany the searchers, as I was trading at the time and could not get away."

"The girl was the daughter of Dave Chisholm, of Eagle's Nest, Alaska. Eagle's Nest is 248 miles from Dawson."

"I brought the eagle back with me to show what a powerful bird it is. When we feed it now, the bird goes at the meat with ferociousness and picks and claws it to small bits."

ORVILLE WRIGHT DESCRIBES FATAL AEROPLANE MISHAP

New York, Sept. 22.—Orville Wright's own story of the tragic fate which befell his aeroplane at the Fort Myer testing field, resulting in the death of Lieut. Selfridge and dangerous injuries to Mr. Wright himself, is told in a dispatch received in this city. According to the story, he is at a loss to account for the real reason of the fatal termination of what had promised to be a record-breaking flight. The immediate cause was plainly that one of the propellers struck a guy rope, he says, but he is unable even now to understand how it could have happened.

Liberals Elect Delegates to Nominating Convention

The keen interest which is being taken by Westminster Liberals in the coming Federal elections was clearly proved by the large attendance at the Hardman hall yesterday evening, a meeting being held for the purpose of electing delegates to the nominating convention to be held in this city on Wednesday of next week, when a candidate is to be named. Over 160 supporters of the cause of good government were present, in addition to one lone Tory.

Forty-eight delegates were elected, the highest number of votes cast for one delegate being 113. H. Ryall headed the list. Ten alternates were named, these to act in the event of any of the delegates being unable to attend. No proxies will be allowed at the convention. It was well after midnight before the result of the balloting was finally known, the total list of delegates and alternates being as follows:

H. Ryall, A. Hardman, B. W. Shiles, George Adams, Capt. Mayers, J. Jardine, R. Jardine, A. W. Gray, G. E. Gilley, C. R. Deane, E. Goulet, H. Gilley, J. W. MacDonald, W. Hoxay, M. Phillips, R. Fenwick, J. Johnston, H. A. Eastman, A. L. Lavery, F. Fenwick, A. Halerow, Dr. J. H. Jones, A. Marshall, C. S. Richmond, R. Buckland, W. L. Johnston, W. Turnbull, D. Walker, J. Reichenbach, L. B. Lusby, W. A. Gilley, A. Wheeler, James Anderson, D. Adams, S. Malcolmson, J. McMurphy, W. E. Fales, James McMurphy, J. R. Benson, W. C. Curtis, C. C. Cameron, A. Adams, O. Grimmer, J. M. MacDonald, J. J. Digby, A. Dawe, D. MacPherson, E. Mercer.

Alternates—J. Courtenay, J. E. Inley, W. T. Cooksley, J. Green, J. Trodden, J. Reid, J. S. Bryson, P. O. Blodden, W. J. Whiteside, Dr. T. B. Green.

FRASER RIVER MILLS RE-OPEN NEXT MONTH

Large Number of Men Will Be Given Employment at Largest Mill on Continent

Early next month the Fraser river mills will commence operations after having been closed down for a considerable time while extensive alterations and improvements were being made in the plant. It is estimated that close on a thousand men will be given steady employment at Fraser mills, as soon as the big mill commences work.

The amount of money spent on the addition of new and improved machinery is said to be well over half a million dollars, every known labor saving device having been introduced to facilitate the rapid sawing of the huge sticks of timber available on the vast limits owned by Messrs. Davidson, McKee and Swift, the chief owners in the big mill. Experts declare that the Fraser River mills are now the best equipped, as well as the largest on this continent at the present time. Should the state of the lumber market warrant it, the mill will be kept going night and day for several months to come.

ENGINEERS THREATEN TO JOIN STRIKING MECHANICS

Winnipeg, Man., Sept. 22.—That they will join the striking mechanics of the Canadian Pacific railroad if the company does not settle the strike within a week is the gist of an ultimatum just issued by the engineers of the system. They have reported conditions to the railway commission at Ottawa.

It was reported today that the railroad is preparing another statement, in which it will offer to reinstate the strikers under certain conditions.

BOWLING LEAGUE CONTINUES WITH GOOD SCORES MADE

The second match in the inter-house bowling league tournament took place at Carver's alleys last evening, with the following results:

No. 4—Robinson, 435; Goulet, 225; Rogers, 327; Duley, 355; and Emery, 442. Total, 1894.

No. 3—Gordon, 334; Arnold, 297; Burden, 327; Price, 369; Sutherland, 391. Total, 1719.

Emery's team thus beat Sutherland's team by 185 pins. Robinson made the best score, 190. Tonight Kellington's and Latham's teams play.

Moving for Prohibition.

Indianapolis, Ind., Sept. 22.—More than two thousand Methodist ministers and eight thousand laymen today gathered at Shelbyville, his state, in one of the most remarkable demonstrations ever made against the liquor traffic. The meeting was for the purpose of strengthening the hands of Governor Handy in a demand for legislation by the state house.

BLACK HAND MEN RECEIVE LONG PENITENTIARY TERM

Three Arrived from Fernie Yesterday and Two More to Follow—Exciting Capture of Prisoners.

The Provincial police succeeded in crushing out the Black Hand organization which was discovered at Fernie just before the disastrous fire, and three prisoners, brought down to the B. C. penitentiary yesterday, by Constables Leacey and Mouris, reminded the public that their noxious doctrines will not be permitted on Canadian soil. The men convicted are Dominic Marzia, seven years; Frank Oliverisse, six years and six months; and Stephano Bruno, six years. Two others, Frank Brucho, and Lanzino Santori, convicted and ordered to serve six years and three months, and two years, respectively, will come here in a few days. Four other members of this Mafia organization will serve terms at Nelson, the authorities being determined to root out the poisonous weed of blackmail from the province.

Two of the men escaped from prison, and gave the police five days' hard work recapturing them. Constable Leacey was obliged to fire at one, and another took refuge on an island, where he was found after diligent search by the police, concealed in the undergrowth.

Political Intelligence

MacKenzie King a Candidate.

Ottawa, Sept. 22.—W. L. Mackenzie King has resigned the office of deputy minister of labor, having accepted the party nomination to contest the riding of North Waterloo, Ontario, in the Liberal interest at the forthcoming Federal general elections. In a letter to Hon. Mr. Lemieux, tendering his resignation yesterday, Mr. King said:

"In accepting the nomination so heartily tendered by the Liberals of my native country and in seeking the support of the electors, I trust that the sacrifice I am making in resigning my present position to devote myself to larger duties in public life will be of itself sufficient to show that I have no end in view but the well-being of the people at large—no ambition to serve but that of contributing to the happiness and prosperity of our common country."

Sifton Opens His Campaign.

Winnipeg, Sept. 22.—Hon. Clifford Sifton opens his campaign in Brandon tonight. He was nominated this afternoon at the most enthusiastic Liberal convention ever held in Brandon, over 400 delegates being present. Tonight he addresses a public meeting.

Bi-Lingual Speech.

Toronto, Sept. 22.—Speaking in English, and later in French, Sir Wilfrid Laurier addressed a gathering of several thousand people at Tivoli yesterday. Forty per cent. of his hearers were French-Canadian. Hundreds of farmers drove in from the district surrounding the town and a large contingent came from nearby towns by rail.

Templeman Unanimous Choice.

Victoria, Sept. 22.—Hon. William Templeman, minister of mines and inland revenue, was unanimously chosen candidate at the Liberal nomination convention here last evening. The turnout was large, and no other names were placed in nomination. Addresses were delivered by the minister, John Oliver, M. L. A. for Delta, and a number of others.

Press Support for McInnes.

W. B. McInnes, the Liberal candidate in Vancouver, is no longer without newspaper support. "The Pacific Globe," a Liberal newspaper, having been started on Monday. The Globe is a strong advocate of the Liberal government.

Resigns \$10,000 Job.

Pittsburg, Sept. 22.—Resigning a position as superintendent of a mill of the Carnegie Steel company, carrying with it a salary of \$10,000 a year, Geo. L. Glunt today began a course of study in the Western Theological seminary, where he will prepare himself for the ministry.

METHODISTS PREPARE MEETING

Mission Board Will Meet in Vancouver For One Week—Important Business.

The mission board of the Methodist church in Canada will meet in Vancouver during the week of Oct. 5 and 10, inclusive, and the business which is to be transacted will probably take up the entire week.

The general mission board of this church, having full charge of all its operations as a missionary society, both at home and in the foreign fields, has the following membership: President, the Rev. Dr. Carman, of Toronto, the general superintendent of the church; the general secretaries of the society, Rev. Dr. Sutherland, the Rev. Thomas Allen, Mr. H. H. Fudge, a prominent financial man, and the Rev. Dr. P. C. Stevenson, secretary of the Young People's Forward Movement, all of Toronto; Rev. Dr. James Woodworth, of Winnipeg; Rev. Dr. Ryckman, of Perth.

Representatives of the general conference: Rev. Dr. Huestis, of Halifax; Dr. A. Langford, of Toronto; Rev. Dr. Young, of the Great S. James church, Montreal; Rev. Wm. Briggs, general manager of the Methodist bookroom, Toronto, and an excellent man of business; Rev. T. Albert Moore, the general secretary of the Lord's Day Alliance; Rev. Messrs. J. A. Rankin, R. J. Elliott, David Rogers, S. J. Shavey, of Concord, Manly Benson, W. H. Hearty, Thomas Marshall and D. Norman.

Lay delegates: Messrs. N. W. Rowell, K.C., of Toronto, and J. W. Flavelle, a wealthy financier, at whose initiative and by the support of whose purse the News was established in Toronto, on independent lines, with Mr. J. S. Whillson, ex-editor of the Globe, in full charge, was established; Hon. W. H. Cushing, the minister of public works, Calgary; C. B. Keenleyside, of London, Ont.; Judge McLaren, of Toronto; Abraham Shaw, of Montreal; H. L. Lovering, of Coldwater; Thomas Hillard, John H. Chapman, W. F. Hall, of Nanaimo; W. H. Lambly, of Ottawa; Judge Chesley, of Halifax, and J. R. Juch, L.L.D., superintendent of education in New Brunswick.

The representatives who have been elected at the various annual sessions of the conferences in the provinces of Manitoba, Saskatchewan, Alberta and British Columbia, as well as Newfoundland, include the Rev. Dr. J. H. White, of this city; Rev. J. A. Wood, of Sidney, and W. Bell, of Enderby, as the representatives of this province upon this board.

The sessions will be held in Wesley church, in Vancouver, beginning on Monday, the 5th of October, and continuing for at least a week, when many important subjects connected with both home and foreign missions will be thoroughly debated.

The whole work of this branch of the Methodist church is concentrated in the densely populous and far western Chinese province of Sz-Chuan. Its inhabitants number some 50 millions, and the other church societies, which are represented in this important field are the China Inland mission, which was founded through the efforts of Richard Taylor, and which has intimate financial relations with the Church of England, and the C.M.S., or the great Church of England missionary society.

The total offerings by members and friends of the Methodist church in Canada towards the support and advancement of home and foreign missions during the past year amounted to something over \$421,000; and the laymen's missionary movement is distinctly credited with having had a very decided influence in stimulating interest in missions generally. British Columbia occupies the enviable position of having contributed the largest average sum per member, \$2.31, while the general average per member for the Dominion is \$1.65.

MALICIOUS FALSEHOODS ARE CIRCULATED BY TORY PRESS

Mail and Empire Leads Party Organs in Wilfully Misleading the People of Canada Regarding the Saskatchewan Valley Land Deal - Maliciously False Statements Given Wide Circulation.

The Mail and Empire leads the Tory press in misrepresentation and slander. The very methods employed by this paper should provoke the condemnation of all fair-minded men.

The particular subjects to which attention is called are "The visit of Mr. Graham to the Trent canal" and "The defence of graft," which appear in the issue of Saturday, Sept. 5, 1908.

Under the latter heading the Saskatchewan Valley Land company comes in for the usual abuse, and Mr. Adamson, M.P., is credited with being the sole owner and beneficiary. The light in which this transaction is placed before the public is wilfully and maliciously false. The Mail knows the article to be false from the fact that not being true there is nothing upon which to base statements made. The Mail sums up by saying: The results of the operation are as follows:

Received by Adamson from sale of lands \$2,000,000
Paid by Adamson for lands 250,000

Profit for Adamson \$1,750,000

Maliciously False.

To present to the Canadian people the above account as representing a transaction between Mr. Adamson and the government is the act of a rascally knave or a pitiable ignoramus. To mislead the people in this case, as the Mail has done, is contemptible, whether done with intent and maliciously or by reason of ignorance. If the Mail is ignorant of the facts of this transaction then the better plan would be to first secure reliable information and let the people judge. To deceive the people from pure ignorance of the subjects leads to the wronging of an upright, enterprising citizen of the west and a representative of the people.

How Would This Read?

Suppose the Mail applied the same process of reasoning to E. B. Osler, Conservative M. P. for Toronto, and one of the owners of, and a director of the Canadian Pacific, the account would read thus:

Received by Osler from Tory government 25,000,000 acres.
Paid by Osler from Tory government \$25,000,000

Profit for Osler to Tory government Nothing
The fact that Mr. Osler is one of the owners of the Canadian Pacific is no justification for charging up to him the total of cash and lands given by the Conservative government to that company. Then why should Mr. Adamson be charged up with all the land sold to the Saskatchewan Valley Land company and be credited with the total profit on the transaction, if there be any profit?

The Mail bases its attack upon the presumption that the land was valuable and that the Saskatchewan company bought it for \$1 an acre, whereas it was worth more.

Some of the Facts.

What are the facts? This was a sale of 250,000 acres of even numbered sections in a tract of which the odd numbered sections for years had formed part of a land grant given by the Conservative government to the Qu'Appelle and Long Lake Railway company. Mr. E. B. Osler, Conservative M. P. for Toronto, was largely interested in this company. He is a shrewd man, well versed in western land values, and he absolutely refused to accept the land as a bonus because it was not fit for settlement. His partner, Mr. Nanton, one of the most competent real estate men in Winnipeg, likewise condemned the land as unfit for settlement, and those gentlemen entered a suit in the exchequer court to compel the government to give them land that was fit for settlement. They even offered to take \$1 an acre in lieu of this land.

The fact alone of the character of the land is that the Qu'Appelle and Long Lake railway had traversed this land since 1899. There was no railway station for sixty-five miles. The land had been adversely reported on by the railway people, government officials and private valuers. In 1907, settlers shunned it as they could see a pestilence, and up to 1907 it was an uninhabited neglected desolation.

Members of the Company.

So much for the character of the land. Now it happened that A. D. Davidson, Duluth, Minnesota; G. E.

Piper, A. L. Warner, George C. Hows and D. M. McDonald had purchased large areas of semi arid land, being portion of the Northern Pacific land grant, and had succeeded in selling the same to settlers accustomed to farm that kind of land. These gentlemen had a complete organization in the States for the sale of land. They had already established over 3000 agencies in the United States and were in a good position to place on the market land of this semi-arid nature.

Mrs. Adamson, who was not even a member, interested these gentlemen in the scheme to buy the land grant of the Qu'Appelle company, land which that company had refused to accept as a gift from the government. They bought the land for \$1.50 an acre, without any settlement conditions attached, and after long negotiations purchased from the Dominion government the even numbered sections running with this land to the extent of 250,000 acres, for \$1 an acre, and very onerous settlement conditions.

The facts therefore are that Mr. Adamson was not a member of parliament when he interested himself in this enterprise as alleged by the Mail. He is only interested to a small degree in it.

Osler Condemned the Land.

The land was regarded of such little value that Mr. Osler and his railway company, that they refused to accept it as a gift from the government, and agreed to take \$1 an acre in lieu of it.

The Saskatchewan Valley Land company was comprised of many members, not only and solely Mr. A. J. Adamson.

To make it appear that Mr. Adamson made the bargain with the government and reaped all the profit which accrued is a monstrous fabrication, unworthy a leading newspaper.

To allege that this land was valuable and desirable for ordinary settlers is a deliberate falsehood.

When Mr. Sifton made the bargain to sell the land for \$1 an acre, and saddled the contract with conditions of settlement, he sold better than he knew for the men who bought it set their agency machinery to work, and placed on the land the very class of men who knew how to farm semi-arid land, and the result was that after their lands were taken up, the propaganda was the direct means of inducing an enormous immigration of the better class of homesteaders from the United States.

Now a Prosperous District.

This district which had been passed by and considered of no value, for years is now the centre of a prosperous population. Cities, schools and churches abound, the railway passes through an area dotted with towns and cultivated farms, which previously was uninhabited and uncultivated. Canada has reaped an immense advantage in consequence of the sale of semi-arid lands which were purchased and settled by the Saskatchewan Valley Land company.

There is no more justification for using Mr. Adamson's name in connection with the Saskatchewan Valley Land company than there would be in using that of Mr. Osler in connection with the lands and money the Canadian Pacific acquired from the Conservative government.

Synopsis of Canadian Homestead Regulations.

Any available Dominion lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of the intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months residence upon and cultivation of the land each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residing upon the said land.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL.—Coal mining rights may be leased for a period of twenty years at an annual rental of \$1 per acre. Not more than 200 acres may be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. COLE,
Deputy of the Minister of the Interior.

MAIL CONTRACT

SEALED TENDERS for the Postmaster-General, will be received at Ottawa until noon of Friday, the Second October, for the delivery of letters on a proposed contract for four years, from the proposed date. Letter Boxes in the City of New Westminster, from the Postmaster-General's pleasure.

Printed notices containing full information as to conditions of proposed Contract may be seen at the forms of Tenders may be obtained at Post Offices at New Westminster, Vancouver and at the office of the Post Office Inspector.

Awake

A Bladensburg merchant was dozing in his store one day when a little girl with a pitcher appeared in the doorway and asked for a quart of molasses. The storekeeper yawned, stretched himself, half opened his eyes, and then in an injured tone said, "Ain't there nobody in Bladensburg that sells molasses but me?"

MALICIOUS FALSEHOODS ARE
CIRCULATED BY TORY PRESS

(Continued from Page Two.)

The statement of the Mail and Empire with regard to the ownership or interest of Mr. Adamson in these lands is a base fabrication, a deliberate lie.

The statement of the Mail and Empire that the government sold these lands at a price far below their value, and that they were lands regarded as desirable by the settler is disposed of by the fact that the settler passed them over and Mr. Osler's company refused to accept them from the government as a bonus.

If it was wrong for the Saskatchewan Valley Land company to acquire these lands at \$1 an acre with settlement conditions attached, was it wrong for Mr. Osler's company to demand better lands than these, without settlement conditions attached, free of all cost?

Only Did His Duty.

Hon. Mr. Graham went through the system of canals recently in company with his excellency the governor-general, and, as was perfectly natural, Mr. Graham was asked the policy of the government, with regard to the completion of the canal. He properly answered that the canal would be completed as quickly as possible. The Conservatives in this seek to establish the fact that a bribe was offered to the people of Ontario for votes.

Foster Offers Bribes.

Leaving this phase of the subject to all right-minded men, let us turn to another aspect of it. Recently Mr. Foster was on a campaign tour through Prince Edward Island, and there we find him telling the people that if elected to power it will be his hobby to build the tunnel.

In order words, Mr. Foster offers as a bribe to the people of Prince Edward Island a tunnel if they will vote for the Conservatives. Of course no man who knows Mr. Foster will place the slightest weight upon his words, but it goes to illustrate the character of the man. Quite recently he made a violent attack upon Hon. Mr. Pugsley for promising that certain dredging operations should be carried on in New Brunswick, and tried to make it appear that this was done to bribe the constituency, forgetting altogether

that Mr. Pugsley was minister of public works, and it was his business to tell the people what he proposed to do. In the case of Mr. Foster, he is a private person, with no authority to speak for anyone but himself, so that in his case it was open and flagrant bribery.

Provincial Interference.

Then again much has been said about Federal interference in provincial politics. Therefore it is astonishing to find Mr. Borden announcing that he will shortly tour the Dominion in company with the premiers of British Columbia, New Brunswick and Ontario. To some people it seems an impertinence for these men to leave their own provinces and presume to tell the people of other provinces which party they should support in the Dominion elections. Mr. Borden is very inconsistent in this matter, and the people will resent this unwarranted interference at the polls.

Only Produce One Side.

Mr. Borden in Nova Scotia is telling the people that the expenditure is too high, and calls attention to the expenditure in 1896 and today. Strange to say, neither he nor the Conservative press explain that the business done is greater, the revenue greater, the prosperity greater, that everything is greater since 1896, except the Conservative party.

Before the election, Mr. Foster will be confronted with men who will dispose of his mendacious statements and show the people the kind of man who undertakes to put himself forward as a censor of public men.

The so-called scandals will be dealt with and the inaccuracies and falsehoods of the opposition will be exposed.

Their Record Condemns Them.

The men who want to govern Canada will be brought face to face with their record, and the people will be invited to judge between the bad record and unreasonable promises of the one, and the clean record and performances of the other.

The Liberal party is ready and willing to challenge a public verdict upon a brilliant record of twelve years' faithful service to the people, and when both parties have been heard, there can be but one result, and that is that good government, exact performance of pre-election pledges, and honest, progressive administration will entitle the government of Sir Wilfrid Laurier to another period of constituency, forgetting altogether public confidence.

HOW FEW THINK JUSTLY OF
THE THINKING FEW. HOW MANY
NEVER THINK AT ALL, WHO
THINK THEY DO

There are three-fourth of the human race who need arousing and being shocked into a self-consciousness of strength and ability, confidence and determination, not only in facing the question of business and success, but in all other problems in life. The man who gives such people some of his own positive, optimistic personality is giving them strength and life itself, converting millions and millions of brain centres, lying dormant and unused, into action and increased function.

The trouble is that the majority of people do not recognize their powers, abilities and trends and have no confidence in the latent possibilities dormant and unused within them. A new self-consciousness needs to be awakened; they need to be aroused from a torpor of mental loafing.

If your life has been full of ups and downs; if you have failed in your undertakings; if life has meant nothing but a continual grind, with no betterment, no progress, no up-lift, if everything seems to go wrong, then it is time for you to know the reason why and remedy. All of us are more or less governed by our own view point and our own narrow little circle, desires, ambitions, and efforts, consequently we miss the issues that do not come within our range and with that some of life's greatest possibilities. Look about you and see how many really capable men are tied to the height of things mediocre with nothing better in view than a continual grind, Micawberlike waiting for something to turn up. Mr. St. Albans is particularly fitted to help just such men. His experience with men and means is an extensive one and his methods are above-board and sincere. He makes no claims to supernatural powers, or any of the jugglery of so-called fortune-telling, his mode of procedure is based on a scientific principle and the result is certain. In giving readings it is not his aim to cajole you with entertaining tales of impossible success, but to give you truthful and accurate advice, no matter whether it pleases or displeases you; the Truth is the thing.

Parlors so arranged that you will meet no other callers. Hours from ten a. m. to nine p. m.

THE "SWING" OF VICTORY.

We are told by Conservative politicians and Conservative newspapers that all is bright with their party, that they stand to make substantial gains the Dominion over, that "the swing of victory is in the air," and that in Nova Scotia especially the Conservatives are going to cut a wide swath.

Yet when it comes down to a careful examination of the Conservative claims, how easy is it to discover the flimsy basis upon which they are constructed. Take Nova Scotia as an example. In one column the Montreal Gazette predicts that the Conservatives will carry nine out of the eighteen seats; in another column it makes the following frank admission of the true situation:—

"There is one thing, however, that must be attended to by several of the Conservative candidates who have been in the field for weeks and even months past. Their want of energy is appalling. Instead of being in their counties they are quietly attending to their professional or other duties in Halifax or elsewhere. Your correspondent knows of two cases where the men were placed in nomination several months ago, yet up to the present they have made no move to get in touch with their electors. There is no reason why the Conservative party should not carry a majority of the seats at the coming general election, but they will probably lose more than one constituency owing to the negligence of the men who have been nominated. Once they have been given the nomination, these gentlemen appear to think that a public meeting or two on the eve of polling is all that is required to make them members of the House of Commons. It will, possibly, be seen when the ballots are counted that at least two or three constituencies will have been thrown away on account of the candidates' inability to appreciate the responsibility of their charge and the value of a personal canvass."

Out of the fullness of the heart, the mouth speaketh. The writer of the above is known to be a keen political observer and an ardent admirer of Mr. R. L. Borden; yet even he has to recognize the gravity of the Conservative situation in Nova Scotia.

"The swing of victory is not very distant."

"Thirty feet to the gulf."

A LENSIBLE LESSENING OF THE BURDEN ON FARMERS.

The Weekly Sun, of Toronto, a more aggressive farmers' paper, a solidly independent in politics and staunch and undeviating in its advocacy of moderate tariff taxation, declared in its issue of December 5, 1906, that it found the new tariff on the whole fairly satisfactory. Said the Weekly Sun:

"When the grand aggregate is made up, and the new duties on household necessities, clothing and implements, are compared as a whole with the old, it will be found, we think, that there is a sensible lessening in the burdens resting upon farmers. This is particularly true of the Northwest, because in that section of the Dominion, owing to the fact that the country there is in process of settlement, the implement bill is relatively larger than it is in other sections of Canada. The fact that there is a decrease at all in view of the strenuous efforts to secure an all round decrease, is cause for sincere gratification. The protest—begun by the unorganized farmers of Quebec, headed by Mr. Stollars, strengthened by the partially organized farmers of Ontario as represented by the Farmers' association and grain, and supported by the aggressive farmers' organizations of the West—has had its effect. The course of legislation, which had for a few years been steadily tending towards Dingleyism, has been turned in the other direction. If the offer of reciprocity contained in the intermediate tariff proves as effective as hoped for, the turn will be all the more decisive. Not a little credit for the direction that has been given is due Mr. Fielding and his colleagues. Instead of yielding to the concentrated pressure of the selfish few, heed has rather been given by them to the need of the suffering masses."

SUBSCRIPTIONS COMING IN FOR FRASER CENTENNIAL

The following donations have been received so far towards the dollar subscription collection for the Simon Fraser centennial fund. The News will acknowledge any sent to Exhibition Manager, care of City Hall, and a separate account will be opened at one of the banks. Donations will be welcome at once as the monument is already ordered.

For the past few weeks we have been busy opening up and marking New Fall Goods

Suits Raincoats and Overcoats

For Fall and Winter 1908-9 are now ready for your inspection. Every coat shows style, grace and quality—all that good taste can require.

It is not every man who cares to invest a very large sum of money in a Suit or Overcoat

For the man who gives his clothing hard service and yet wants style, fit and durability at a moderate cost, we have lines of Suits, Raincoats and Overcoats at

\$10, \$12.50, \$15 and \$16

We are showing a full range of high-class tailored Suits, Raincoats and Overcoats in the Fashion Craft brand at

\$18, \$20, \$22, \$25

Let us show you their supremacy in style and workmanship. A visit to our store will broaden your conception of good clothes, as it will please us to have you know them more intimately.

From our stock of men's clothing we have selected 100 suits which we have placed on sale at \$6.95 and \$9.95

Lines ranging from \$8.00 to \$10.00 for \$6.95
Lines ranging from \$12.50 to \$16.00 for \$9.95

100 Boys' Suits to be sold at greatly reduced prices. These have been selected from our regular stock, and we can recommend them to anyone looking for genuine bargains.

Ask for our Blucher cut, neat top, Dongola Kid Shoe for \$3.00. It's a beauty.

Our \$3.50 Goodyear welled Vici Kid Shoes are equal to the majority of other makes at \$4.50.

The same applies to our ladies' \$3.50 Velour Calif. Goodyear welled Blucher cut Boots.

We are showing a large range of ladies' high cut Patent Leather Boots, heavy and light soles, at \$3.50 a pair.

We want every woman who is interested in moderate priced shoes to make this her shoe headquarters.

ADVERTISE IN THE NEWS

CHOLERA SPREADS IN RUSSIA AND MANILLA

RUSSIAN CAPITAL IN THE GRASP OF DREAD SCOURGE

Unburied Corpses Fill Dead-Houses—
Stolypin Reprimands the Municipal Officers for Negligence.

St. Petersburg, Sept. 21.—St. Petersburg is in the grasp of Asiatic cholera, which already exceeds in severity and numbers the visitation of 1893. The disease is increasing daily at an alarming rate. The aldermanic council today voted \$250,000 to enlarge the hospital space, to purchase and distribute disinfectants, the supply of which in St. Petersburg is well nigh exhausted, and to expedite the interment of bodies, which has been notoriously slow. The dead houses are overcrowded and many corpses lie unburied.

Gen. Drachevsky on Saturday prohibited the sale of liquor throughout the city of St. Petersburg until September 22.

Today public schools were transformed into hospital wards. A number of the grammar schools were closed and four thousand students sent to their homes. The department of war has opened stores to supply immediate needs, and army field kitchens have been dispatched to the poorer quarters to dispense free food.

HEALTH AUTHORITIES IN PHILIPPINES CONFIDENT

Fifty-eight Cases, Nineteen Deaths—
Record for Twenty-four Hours Shows an Increase.

Manila, Sept. 21.—Fifty-eight new cases of cholera and nineteen deaths are reported for the twenty-four hours ending at 8 o'clock this morning.

The infected areas in the city and suburbs are spreading somewhat, but the health authorities are still confident that they will be able to speedily gain control of the situation.

Gov. Gen. Smith has summoned a special meeting of the members of the Philippine commission to discuss the plague situation and to lay plans for an extension of the campaign now being waged against the disease.

Federal troops are at present guarding the sources of the city's water supply to prevent the throwing of any infected matter into the water, and it is probable that the force thus engaged will be largely reinforced.

The army transport Sheridan, which has been detained at the harbor quarantine station at Mariveles for several days, owing to the discovery of two cases of cholera aboard, has been completely fumigated and given a clean bill of health. The Sheridan will sail today for Nagasaki, Japan, on its way to San Francisco.

Tender for Church

Tenders are hereby called for the erection (labor only) of St. Alban's church, Burnaby. Plans and specifications can be seen at offices of B. C. Settler's Association, New Westminster. Tenders to be in by six o'clock Wednesday, Sept. 23rd. Lowest or any tender not necessarily accepted.

F. J. PEERS,

Hon. Sec. Building Committee.

Important Notice

The plans, profile and estimate of cost of the proposed permanent improvement of Columbia street (including a main, trunk sewer, cement sidewalks and street paving) have been prepared and placed on view in the room lately occupied by the school board, city hall, where they may be inspected during office hours by parties interested in this very necessary local improvement.

N. H. McQUARRIE,

Acting City Clerk.

City Hall, New Westminster, B. C., August 25 1908.

Tenders

NOTICE TO PLUMBERS.

Tenders are called for the plumbing of the new West End school house. Plans and specifications can be seen at the City Hall. Tenders must be made on form supplied and as noted on specifications. A cheque for 10 per cent. of value of contract must accompany tender, the same to be forfeited if contractor refuses to accept contract. Tenders must be in the hands of the secretary of the school board not later than twelve noon, Monday 28th of September, 1908. Lowest or any tender not necessarily accepted.

ROBERT LENNIE,

Secretary.

City Voters' List

Notice is hereby given that the voters' list for the year 1908 has been completed, and that the same may be seen at this office for thirty days from the date hereof; and any person who shall claim to be added to the said Voters' List, or any elector who shall desire to have any name erased therefrom, must prefer his or her request in writing, signed with his or her name, and shall deliver or cause same to be delivered, to the City Clerk within the time hereinbefore specified.

W. A. DUNCAN,

City Clerk.

City Clerk's Office, City Hall, New Westminster, Sept. 4, 1908.

Accommodation Wanted!

To accommodate all the guests who will visit the city during Exhibition time, it is desired that all householders prepared to offer accommodation at reasonable rates will leave their addresses with Edward Hault, biller agent, at the City hall, where all information can be obtained.

ALEX. GARRETT,

Chairman of Biller Committee.

Notice

Notice is hereby given that the Vancouver Power Company, Limited, has this day deposited in the Land Registry Office at the City of New Westminster, British Columbia, the plan and book of reference of the Westminster-Chilliwack Railway Extension from a point at or near lots one and two, city block four in the City of New Westminster, to Abbotsford passing through the Municipalities of Surrey, Delta, Langley, Matsqui and the townsite of Abbotsford in the District of New Westminster, being section one, two and three of said railway, as shown on the said plan and approved and sanctioned by the Chief Commissioner of Lands and Works for the Province of British Columbia.

Dated this 7th day of August, A. D. 1908.

A. E. BECK,

Solicitor for the Vancouver Power Company Limited.

BIG FIRE LAYS WASTE SECTION OF CHELSEA

Blaze Supposed to Be of Incendiary Origin—Victims Being Cared For by People of Boston.

Chelsea, Mass., Sept. 21.—The whole section of Chelsea that escaped the conflagration of last winter, was burning this morning. Aid was summoned from Boston, Walden and Everett and it was at first feared that the rest of the town would be destroyed before the flames could be checked. The police believe the fire was of incendiary origin, so quickly did it start. The flames were first noticed in the block bounded by Sixth and Vales streets, Everett avenue and the Boston and Maine railroad tracks. The whole block was soon afire and by 9 o'clock sixteen houses and a large box factory and showcase works were destroyed. There was the wildest confusion at the box factory. Over 250 employees, who had just gone to work, were compelled to flee for their lives and their escape was cut off on all sides but one, by a wall of flame.

The factory was built of wood and was soon a roaring furnace of flame. The women and men employed are all thought to have escaped with their lives, but it is impossible to learn whether any were lost.

There was the greatest confusion in fighting the fire. A fire hose burst early and two fire engines collided on the curb, disabling both and seriously handicapping the work of fighting the fire.

A shift in the wind this afternoon saved the manufacturing district of the town from destruction after thirteen acres of the already devastated town had been destroyed. The loss is estimated at over \$1,000,000.

The fire was brought partially under control by fire fighters that had been sent from Boston, Everett and Malden, but the shifting of the wind was all that saved the rest of the town from destruction.

Many people are homeless and preparations are being made to house them by the people of Boston.

A rigid investigation has been started into the rumor that the fire was of incendiary origin.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 3 and 30, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land for each year for three years.
(2) A homesteader may, if he so desires, perform the required residence duties by living on farmland owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. The ownership in land will not meet the requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farmland owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or on a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the use of road allowances crossed a measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while traveling with parents or on farming land owned by himself must notify the agent for the district of such intention. Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

ADVERTISE IN THE DAILY NEWS

SENDING NAVIGATION AIDS THROUGH STRAITS

New York, Sept. 22.—Six tiny vessels whose mission it will be to warn the mariners of the Pacific of rocks and shoals along the upper western coast of the United States, started yesterday on a fifteen thousand mile cruise around South America. The ships in the little fleet, the lighthouse boat and the tenders, are less than 200 feet in length. It is expected that they will reach San Francisco in four months.

CHINESE DEFAUD CANADIAN GOVERNMENT

Celestials from Mexico City Enter Montreal Under False Pretences.

Ottawa, Sept. 22.—According to Mr. F. C. O'Hara, commissioner of Chinese immigration, the Dominion has been defrauded to the extent of \$150,000 by Chinese arriving at Halifax and Montreal from Mexico City in possession of certificates signed by the Chinese legation at Mexico City describing them as merchants who were entitled to enter Canada.

When the present season opened at Montreal, Chinese with similar certificates commenced to arrive at that city. Investigation showed that fraud had been quite extensive and a number of arrests have been made.

On Saturday the Elder Dempster liner Borneo arrived at Montreal with over twenty Chinese and some Japanese, all of which claimed to be merchants on their way to Hongkong via Vancouver. Commissioner O'Hara found that ten of these are Chinese impostors and ordered their deportation, while the remainder were allowed to land and will be sent to Vancouver in bond.

HIGH WINDS FAN FOREST FIRES IN EAST

Condition More Threatening Than for Three Weeks Past.

Chilmet, Mich., Sept. 22.—With the forest fires in southern Michigan fanned by high winds, the condition on the Canadian shore is worse than it has been for the past three weeks. The fires are gaining in velocity about Elyria, Niagara and Loree, and in the vicinity of Norway, Rockland and Mass. City, and the situation is critical.

Trains through the Delta county are crowded with refugees who are fleeing from the threatened district into Escanaba and Marquette. Both cities are thronged with people who have been driven south through fear for their lives.

The number of refugees who are constantly arriving threatens to tax the accommodation of hotels and lodging houses.

The winds as yet show no signs of abating.

This Date in History

SEPT. 23.

1519—Cortez entered the Indian city of Thesca.

1847—Joseph Dudley, one of the early governors of Massachusetts, born in Roxbury. Died there April 2, 1720.

1787—The Hebrews disfranchised by a vote of the New York legislature.

1779—Paul Jones with the Bonhomme Richard captured the British frigate Serapis.

1854—A reciprocity treaty between the United States and Canada signed by the Governor General.

1888—Francis Achille Bazaine, a famous marshal of the French army, died. Born Feb. 13, 1811.

1905—Highest court in Canada denied the appeal of Greco and Glaynor against extradition.

MATRIMONIAL AGENT IS ARRESTED FOR FRAUD

Fresno, Cal., Sept. 22.—The arrest
of Mrs. Margaret Walder, a young wo-
man who recently came from Minne-
sota, on a charge of using the mails
to defraud, is said to be due to the
charge that she conducted a matri-
monial agency with herself as the
sole client and attraction. Mrs. Wal-
der is accused of having obtained
money from various correspondents
of domestic tendencies who wished
her to join them in various parts of
the country.

SCOTCH DELEGATES OBSERVANT

Sending Home Admirable Reports of
Canadian Tour.

London, Sept. 22.—The members of
the Scotch farming commission are
sending home admirable accounts of
their tour in Canada. Undoubtedly
their official report will be interesting
reading to Canadian agriculturists.
They apparently found much to admire
in Canada. P. B. Craig declares Que-
bec farmers to be the most conserva-
tive and most interesting, but the
worst farmers in the Dominion; while
regarding Ontario farmers he observes
that a Buchanan would cut more
thistles and show less dash. There is
plenty of room in Ontario for men
with capital, though land is not cheap.
Mr. Greig refers to the quantity of
land wasted in New Brunswick and
Quebec for want of sheep, because
each man must keep a useless dog.
The objects of the agricultural col-
leges receive the warmest apprecia-
tion.

Funeral of George Mackie.

The funeral took place yesterday
afternoon of George Mackie, of Sun-
bury, at the Oddfellows' cemetery.
The pallbearers were A. Sangster, A.
Adams, R. Fenton, A. Halcrow, A.
Smith and C. Smith. Two mourning
coaches conveyed the relatives. Rev.
Mr. Henderson officiated and a num-
ber of floral tributes testified to the
respect of friends.

Ban on Racing.

Tacoma, Sept. 22.—Washington
Methodists will demand of the com-
ing legislature a law prohibiting race
track gambling. At the Puget Sound
conference a resolution was adopted
declaring it to be the policy of the
conference to support only such leg-
islators as will vote for such a bill.

Blew Off Roof.

Winnipeg, Sept. 22.—A boiler ex-
ploded in Hon. Robert Rogers' beau-
tiful new home on Rosslyn road yes-
terday, blowing off a portion of the
roof, smashing the windows and in-
juring a domestic. The damage to the
interior is over \$2000.

RUNAWAY ACCIDENT CAUSES LADY SERIOUS INJURIES

A resident of the Port Moody road,
Mrs. Brookfield, was driving along
Front street yesterday morning when
the horse took fright at a yard en-
gine engaged in switching operations
and ran away. Mrs. Brookfield was
thrown out, several of her ribs being
fractured. She was taken to Dr.
Jones' offices, where her injuries, in-
cluding a scalp wound, were attend-
ed to, and was subsequently re-
moved to the Royal Columbian hos-
pital, where she is going on as satis-
factorily as can be expected.
Taking the horse home her hus-
band had another runaway, damaging
the rig.

Recovered Themis Anchors.

Victoria, Sept. 22.—The steamer
Maude returned to Esquimalt yester-
day from the wreck of the steamer
Themis, bringing anchors and chains
recovered from the wreck, which lies
in about the same position on the
rocks near Scarlett point where she
struck two years ago. The weather
proved too rough to move the ma-
chinery.

Power Plant to Be Enlarged.

Nelson, B. C., Sept. 22.—The city
council tonight authorized the instal-
lation of a 1000-kilowatt electric gen-
erator for the city power plant, giv-
ing a second unit and bringing the
capacity of the plant up to 2500 horse
power.

"ISLE OF SPICE."

Theater goers who appreciate artis-
tic stage pictures with all the beau-
tiful electric coloring that modern stage
mechanism has made possible, have
a rare treat awaiting them in the
plangent musical mixture, the "Isle of
Spice," which H. H. Frazee brings to
the Opera house on Friday.

"The Star of Fate," which is the
finale of the first act, represents the
acme of electrical and mechanical
skill enhanced by beautiful feminin-
ity, sweet singing and entrancing mu-
sic.

Are of Exceptional Value

Suits with a style and finish that is unusual in a costume at this
price. Special lines, made of fancy cheviot in plain colors, such as
green, navy, brown, and black. Coats are semi or tight fitting,
three-quarter length, lined throughout, silk stitched, with velvet
collar and turned back cuffs, neatly trimmed with braid and buttons.
Skirts are plain gored, flared and with or without box folds. All
sizes. Ask to see these special Suits.

We Claim Great Superiority

Over All Ordinary Suits

for three special lines of higher priced Costumes at \$22.75, \$25.00,
and \$32.50. These are all on display these days. Visit the ready-
to-wear department and see the wonderful display of new ready-to-
wear garments.

Leave your order for your new Fall Hat

The millinery department grows every day, and the orders are usu-
ally given the same—"I must have my hat before exhibition." To
avoid disappointment and be assured of receiving your hat when
required, select your style and place your order as soon as possi-
ble. A new assortment of Fall Flowers, Wings and Fancy Feath-
ers has just been received and the novelties shown in this lot are
decidedly popular in the eastern millinery centres. We keep in
touch with all new ideas and every few days bring some new
trimming or hat shape.
