OLLER SKATING RINK CONTRACT IS LET

Wheels Will Whirl on Smooth **Surface** Before Christmas **—Sport** is Popular.

A contract has been let by a firm consisting of five well known New Westminster men to T. W. Gray for the construction of a large roller skating rink in this city, to be completed and ready for use by Christmas time. Mr. Gray is ready to commence work on the building at once, but the company is hovering between the choice of three sites, and the deal may not be finally closed before the first of next week.

A prominent member of the firm assured a News reporter last evening that, barring the choice of a lot, everything was in readiness to commence building, and that the rink would be ready for commission in about five weeks.

The plans of the rink represent a large wooden building covering the entire lot, 66 feet by 132, and containing a skating space 50 by 100 feet, as well as a row of seats along one side of the building, a cloak room, a skate room, a storage room, office, dressing room and lunch room. According to the estimates, the building will cost $10,000.

There is every probability that roller skating will boom here this winter. Skating has become a very popular pastime in all large cities, and judging from the number of New Westminster young people who go over to the Vancouver rinks weekly, this city will heartily welcome a skating rink.

Coal Scare at Cape Breton.

Halifax, Nov. 14.—An idea of the outcome of the coal situation in Cape Breton and its great collieries may be gathered from the arrival at North Sydney yesterday of the steamer King Edward from Philadelphia with a cargo of three thousand tons for the Dominion Coal company. This is a portion of an order for 26,000 tons, the Dominion company negotiated for from Philadelphia. Coal is a scare article in Cape Breton and the situation was never more intense as it is today. The demand is far greater than the supply.

Campbell-Bannerman Ill.

Bristol, Nov. 14.—The premier, Sir Henry Campbell-Bannerman, after addressing a political meeting last night, was seized with a sudden illness at the residence of William Howell Davis, liberal member of parliament for South Bristol. London doctors have been summoned. Heart trouble is believed to be the cause of the illness.

Later it was announced that the premier's sudden illness was due to a severe spasm of the heart, which gradually was relieved by restoratives. He was progressing favorably this afternoon.

WESTENDERS RECEIVED CHAMPIONSHIP MEDALS

The medals won by the West End intermediate Lacrosse team during the past season were presented to the members on Wednesday evening by Robert Jardine and James Leamy, the donors of the jewelry, who attended the annual meeting of the club held in No. 2 firehall for the purpose of making the presentation.

A large number of the boys were present when Mr. Leamy rose to make a congratulatory speech, in the course of which he referred flatteringly to the manner in which the players had conducted themselves during the year.

Robert Jardine was then called upon to present the medals to the wearers of the green shirts, and in a few remarks expressed himself as delighted with the duty which he had been called upon to perform. He referred to the fact that he had long been a supporter of the West End club, and the victories achieved during the past summer had been very gratifying to him. After a few more remarks, Mr. Jardine handed over the jewelry to the members of the team. Ald. J. J. Johnston was also called upon for a speech, and delighted those present with a few choice witticisms concerning lacrosse, past and present.

The meeting adjourned after the usual routine business had been transacted.

LEMIEUX REACHES MIKADO'S LAND

Canada's Special Envoy Now On Japanese Soil---Satisfactory Result Expected.

Tokyo, Nov. 14.—Rudolph Lemieux, postmaster-general and minister of labor of Canada, arrived here on the steamship Empress of China last night. He was received at Yokohama by Count Terahsima, representing the Japanese department of foreign affairs. A program for the entertainment of Minister Lemieux will not be arranged until his wishes in this matter are known. He will be received in audience by the Emperor on the latter's return from the army manœuvers.

The Japanese government understands that Minister Lemieux comes as a representative of the Canadian government for the purpose of discussing and investigating immigration matters, and that he brings a definite proposition for their settlement. The Japanese government considers that its plans looking toward the control of emigration will be satisfactory to Canada.

SHARES WILL SELL AT ADVANCED PREMIUM

Arrangements are being completed by the Westminster Trust and Safe Deposit Company, Ltd., for placing a $50,000 issue of stock on the market at $125 a share, which will be a 25 per cent premium.

At the semi-annual meeting of the company held this week, a dividend of 10 per cent on the $100,000 paid up capital was ordered.

As more money is needed, and the last batch of stock which was disposed of at $110 sold readily, it was deemed advisable to hold the proposed issue at $125. The company is gradually growing in importance and extending its operations with the result that a greatly increased capitalization is needed. It is probable that little if any difficulty will be met with by the company in disposing of the stock, as the 10 per cent dividend proves the stock to be one of the best investments in the local field.

HILL DECLINES TO DINE WITH MAYOR JOHNSON

St. Paul, Minn., Nov. 14.—James J. Hill declines to sit at the banquet board with Mayor Tom L. Johnson, of Cleveland. He does not approve the mayor's attitude with regard to municipal ownership and railroad and other corporations. The Kansas City Commercial club invited them to an anniversary dinner next Tuesday, and both accepted. Mayor Johnson gave it out that his address would have to do with two-cent fares and the like. Mr. Hill is understood to have notified the Kansas City club that he did not care to sit and eat and divide time with the Cleveland "agitator," and if the club still wanted him it would have to call Mayor Johnson off.

Chung Lee, the Chinaman of ways that are alleged to be exceedingly dark and tricks that are equally vain, will grace the local police court with his presence next Tuesday. He is charged with having stolen a bicycle from Charley Sato, and the police expect to make out a good case against him. They have located the man in Vancouver to whom Chung sold the wheel, and this man has positively identified the Chink. Chung Lee has charges pending against him in Vancouver and will not be able to get away from that place to fill his engagement here before Tuesday next.

Advance in Wages.

Montreal, Nov. 14.—It was decided this morning by chairman of committees of the city council to grant all civic laborers an increase of two and a half cents per hour for nine hours a day, but owing to the shortness of the days, they decided that the men work ten hours a day in summer and eight in winter.

Philadelphia, Nov. 14.—Anna Held is lying here critically ill of pneumonia. She has cancelled all engagements and has two doctors in constant attendance.

INCREASED SALARIES ARE NOW ASSURED

After Five Hour Session, Trustees Decide to Increase Teachers' Pay.

A substantial increase of public school teachers' salaries in this city was authorized by the board of school trustees last evening, and the new schedule will become effective at the beginning of the year.

The question of increased salaries has been before the board for nearly a year, and at one time last spring there were indications of an open insurrection of the teachers on the salary issue. They were promised, however, that the subject would be given thorough consideration, and that if the step were deemed expedient, the salaries would be increased at the beginning of 1908. From the action of the board it is seen that the applications of the teachers for increased salaries were considered justifiable.

A new schedule of salaries to be paid in future will shortly be issued.

The board was kept in session until one o'clock this morning discussing the salary question.

BOYS IN UNIFORM TO ENTERTAIN THEIR FRIENDS

A military entertainment will be given by the members of A and B companies, Sixth regiment, D. C. O. R., at the Armouries, on Friday, Nov. 29, when a general invitation will be made the public to attend and enjoy the program which will be gone through. A sepcial invitation will be tendered to ladies.

A feature of the evening will be a series of military evolutions, which will be carried out by members of both companies, while sword exercises squad work and bayonet drills will also figure prominently. All the militiamen who are possessed of musical or vocal ability will be pressed into service as entertainers, while a full orchestra will be secured for the occasion.

The drill hall will be suitably decorated with flags, banners, and bunting, and will present a gay appearance. Active preparations are already being made by the committee in charge, which consists of Lieut. Corbould, Lieut. Cunningham, Col. Sergt. Pickles, Col. Sergt. Kelly, Corpl. Morrison and Pte. Sangster.

TWO BODIES FLOATING OFF BOWEN ISLAND

Vancouver, Nov. 14.—Reports of two dead bodies having come ashore on the eastern side of Bowen island, Howe sound, reached the Provincial police this morning, and, while it is certain that one body has been discovered, it is thought that this one body may have been seen by two different parties and that both reports concern the same corpse. However, the reports differ as to the location of the body, and also as to the clothing on the remains.

Filipinos reported having found a body half a mile north of Snug cove. They stated that part of the clothing consisted of a blue sweater. Japanese reported a body two miles and a half north of Snug cove, and declared that a red sweater figured in the clothing. A launch was dispatched to Bowen island to investigate. The bodies are believed to be of fishermen who have been drowned.

Roy MacDonald, little son of J. W. MacDonald, Dominion Express agent, who was recently taken to St. Mary's hospital very ill, is gradually improving.

BIG WHARF IS TO BE BUILT SOON

Venables and Heinze Form Company to Pack and Export Fish to Germany.

The re-organized Royal City Fish Company of which Percy Venables is manager and Heinze, of Hamburg, Germany, a prominent member, will commence this week the construction of their $14,000 wharf and packing plant on city water lots 77 &78, near the Fraser River Bridge.

The company will go into the fish packing business on a large scale especially for the German market. The fish will be halved and salted in tierces. There has always been a splendid market in Germany for spring salmon of large size, and Mr. Heinze when on a visit to this coast sometime ago, conceived the idea of becoming interested in a plant here and supplying his own trade.

The new wharf will be 170 feet long extending some distance west from the two lots held by the company, on space at present unoccupied. L. McQuarrie is negotiating with the company to secure thirty feet of space in the building for a feed wharf house.

GREENLAND IS RICH IN MINERAL WEALTH

London, Nov. 14.—That Greenland possesses considerable mineral wealth including coal, has been known for many years, but until now no serious attempt has been made, owing to adverse climatic conditions to extract on anything like a big scale these natural riches from the soil. Extensive coal deposits have been discovered by a German mining expert on the mainland near Disko island, and an exhaustive report is being drawn up for the Danish government, setting forth the conditions under which these coal fields could be profitably worked.

The production of coal would revolutionize the domestic arrangements of the native Esquimaux, who still depend on blubber and seal oil for heating and lighting purposes. As regards the other minerals, a company has beeen formed recently at Copenhagen, which has secured a twenty years' concession from the Danish government to work the mineral deposits in Greenland, but coal will probably be made a state monopoly.

COLUMBIAN COLLEGE ANNUAL CONVOCATION

The annual convocation in connection with Columbian college will take place this evening in the gymnasium, commencing at 8 o'clock. The chair will be taken by Rev. A. M. Sanford B.A., B.D., president of the conference, and the following program will be gone through.

Scripture reading, Rev. J. H.White, D.D.; prayer, Rev. R. W. Whittington, D.D.; address to theological class, Rev. J. S. Henderson; awarding of diplomas, M. E. L., Rev. W.H. Barraclough B.A.; address, Rev. W. J. Sipprell, D. D.; awarding of certificates, Rev. M. L. Rugg, D.D.; address, Rev. S. J. Thompson; unveiling Crosby portrait, Rev. E. Robson, D.D.; presentation of photographs—Rev. E. Evans, D.D., the gift of Metropolitan church, Victoria; Rev. E. White, the gift of Queen's Avenue, New Westminster; Rev. A. Browning, the gift of Wallace street, Nanaimo; Rev. E. Robson, the gift of Wesley, Vancouver.

No invitations will be issued, and no collection made. The general public is invited to attend.

District Delegates Ready For Coming Convention

Delegates in attendance at the Liberal convention to be held in this city on Monday of next week will number nearly 130, there being forty delegates from New Westminster city, twenty from Dewdney, twenty six from Delta, twenty from Richmond, and something like twenty-five from the Chilliwack district. The convention will most likely be held in the Assembly hall, although this has not been definitely decided upon. The secretary of the New Westminster association has written to the president of the country associations, and has received notices to the effect that all quarters will be well represented when the chairman calls the convention to order.

PAT BURNS STARTS CLEARING BOG LANDS

Big Tract in Delta Being Transformed into Pasture Land for Herds of Cattle.

The large tract of land comprising 8,000 acres, situated in the heart of Delta municipality, which was purchased about eighteen months ago by P. Burns & Co., is about to undergo transformation from a boggy flat to a clear, graded, and drained pasture land, over which the largest herd of cattle to be found in one place on the lower mainland will eventually be kept.

The land was purchased from the Provincial government to be used as pasture land. Originally the land was a government reserve, but owing to the undrained and boggy nature of the ground, it was considered unfit for the purpose for which it was intended, and being offered for sale, was knocked down to the Calgary cattle king, at a low figure.

A few days ago a gang of men arrived on the scene and commenced the task of cleaning up the ground and putting it into condition for pasturing cattle. James Pearson is in charge.

PROVINCIAL ATHLETES ORGANIZE ON TUESDAY

Representatives of the various athletic organizations of Vancouver and New Westminster will meet in the Vancouver Athletic club rooms on Tuesday evening next for the purpose of considering the present unsettled state of amateur athletics in this province, and to devise ways and means of relieving the situation.

The wholesale professionalizing that has been carried on of late by the western representative of the C. A. A. U. has caused coast organizations which are largely affected to consider the matter of organizing a British Columbia Amateur Athletic union, and it is probable that after a full consideration of all phases of the question, this course will be adopted.

It is specially desired that all athletic organizations be represented at Tuesday's meeting, and H. Ryall, secretary of the New Westminster lacrosse club, is looking for volunteers to attend as delegates.

FIFTEEN THOUSAND ARE AFFECTED BY DECISION

Tacoma, Nov. 14.—"If the law compelling theatres to close on Sunday is enforced, since it has been held to be constitutional, a score of vaudeville and stock company houses will be closed permanently and 15,000 people thrown out of employment," stated Manager Herald, of the Tacoma theatre, today when he learned of the supreme court decision.

"Those who will suffer most from the enforcement of the Sunday law will be the proprietors and people employed in small show houses that depend upon their Sunday trade for a large part of the profits of their business. In Tacoma the average Sunday attendance at theatres is from 8,000 to 11,000 people. In Seattle from 20,000 to 23,000 paid admissions are collected by the play houses every Sunday."

Zinc Company Resumes Work.

Nelson, Nov. 14.—Work was resumed this morning at the plant of the Canada Zinc company, which has been idle for a while owing to financial embarrassment, which was in turn due to the general financial stringency which prevented some of those interested from immediately fulfilling their undertakings. There has never been any doubt in the minds of the promoters as to the ultimate success of their project. The plans involve considerable work which will not be directly remunerative, at least not at once. When completed and ready for commercial operation, it will be the means of great benefit to Nelson, directly from the number of men employed and volume of business handled, and indirectly from the stimulus it is certain to give to the zinc mining industry of the Slocan. One peculiarly gratifying feature of the revival is that of the sum required, $10,000, the greater part was raised without difficulty in Nelson.

ENDOWMENT FUND ENDORSED BY BOARD

Hundred Thousand Dollar Fund for Columbian College Will be Raised.

The proposition to raise $100,000 as an endowment fund in support of Columbian and affiliated colleges, was endorsed at the semi-annual meeting of Columbian college held yesterday afternoon in Wesley church, Vancouver. The Jubilee committee, which has the matter in hand, held a meeting in Wesley church yesterday morning and went fully into the scheme, discussing plans for raising the money, and reported on their labors to the meeting of directors which convened in the afternoon. The report was confirmed and referred back to the committee for action.

Dr. Sipprell, principal of Columbian college, stated last evening that it was proposed to raise the money within the next two years, and that a man would probably be engaged and put into the field to do the work. He stated that part of the funds would be used towards the erection of a theological college.

The semi-annual report of the work of the college was submitted to the directors at yesterday's meeting, and was considered very satisfactory, both as regards attendance and finances.

The members of the directorate present from this city were: Rev. Dr. Sipprell, principal of the college; Rev. W. H .Barraclough, Professor Hetherington, Rev. Dr. White, D. S. Curtis, C. S. Keith and T. R. Pearson.

TROOPS REPORTED TO HAVE KILLED UTES

Durango, Colo., Nov. 14.—A report reached here last night that a battle occurred at McElmo Canyon between Ute Indians and United States troops, in which six Indians were killed. No soldiers were killed or wounded. McElmo Canon is in Montezuma county and close to the Navajo reservation.

The Utes have been resisting the attempts of the soldiers to compel them to return to their reservation. The report of the battle cannot be verified at this time, but it is believed here.

Employer Held Responsible.

Montreal, Que., Nov. 14.—Charles Davidson, of the tin plate manufacturing firm of Thomas Davidson & Sons, one of the largest tin plate manufacturing firms in Canada, was arrested this morning, charged with manslaughter, in connection with the death of Henri Rousseau, who was killed by being caught in a fly wheel on the premises of the company. Davidson was held criminally responsible for Rousseau's death by the coroner's jury on the ground that the fly wheel was not protected as required by law. He was released on personal bail of $1,000 and two sureties of $500 each.

LONG SERVICE MEDAL GIVEN COL.-SERGT. PICKLES

Col. Sergt. C. Pickles, of B company, Sixth regiment, D. C. O. R., was yesterday evening, at the close of the usual drill at the Armouries, presented with a long service medal, given only to militiamen who have served, with good conduct, for twenty years or over in the Colonial auxiliary forces. The medal is given by the department of the militia at Ottawa, and up to the present less than half a dozen have been presented to men resident in this city.

The presentation was made by Capt. W. J. Corbett, of B company, acting on behalf of both A and B companies, who delivered a neat speech expressing the pleasure it gave him to hand over the jewelry to Col. Sergt. Pickles who had for so long been associated with the local military forces. After receiving the medal, congratulations were extended to the recipient by the other members of the two companies who had assisted at the ceremony.

The medal bears on the obverse side the head of the ruling monarch, King Edward VII., surrounded by a wreath of maple leafs. On the reverse side appear the words, "Presented to Col. Sergt. C. Pickles for long and honorable service."

CANNERS CONFER WITH ATTORNEY GENERAL

Secret Meeting Lasting Several Hours Took Place in Victoria Yesterday.

A conference which lasted over two hours was held in Victoria yesterday morning between Hon. W. J. Bowser, attorney-general, who, as chief commissioner of fisheries, represented the Provincial government, on the one side, and W. Bell Irving, of the A. B. C cannery; W. H. Barker, of the B. C. Packers' association; C. F. Todd, of J. H. Todd & Co.; and B. C. Mess, of Findlay, Durham & Brodie, the two former from Vancouver, the latter from Victoria, representing the canners, on the other side. The nature of the meeting was kept secret, every one of those present declining to say anything for publication after the meeting adjourned.

The only admission which was made by the canners was that the meeting had been held in order to discuss the salmon industry, and that a debate had taken place regarding possible friction between the Dominion and the Provincial governments with respect to fishing rights.

Local canners regard the meeting as significant, and are at a loss to understand the reason for the profound secrecy which attended it.

MURRAY AND MACK IN "THE SUNNY SIDE OF BROADWAY."

Murray and Mack themselves in the successful musical gayety, "The Sunny Side of Broadway," heralded as the most pronounced financial and artistic record breaker in theatrical history for like attractions, is announced for to-night at the Opera House, on which occasion patrons may expect to see a most palatable feast of wit, beauty, and song, with the same rapture as the cultured Bostonians have during the present season, where this jolly bit of nonsense and music has been presented before an audience that taxed the capacity of the theatre nightly, proclaiming it to be one of the best musical performances of the season.

The company is a large one, numbering forty-five people, and in addition to its many stellar lights of musical comedy, extravaganza and operatic fame, it glories in a large beauty chorus, said to be an innovation of youth and grace.

What Determines the Real Nutritive Value of Beef

You probably know nothing about Pemmican except that it is a somewhat offensive mixture?

The fact is Pemmican---(pounded deer meat with the melted fat poured into it)---retains more of the original meat value than most of the Fluid Beefs and Beef Extracts so much in evidence.

Once the albumen and fibrin of the Beef is lost the whole nutritive value is gone. BOVRIL and BOVRIL only of all preparations of Beef retains the whole nutritive value of Beef in a highly concentrated form.

No solid meat extract contains the albumen or fibrin---consequently no such preparation has real nutritive value.

Medical men and nurses understand fully what this this means and that is why BOVRIL is used in every large hospital in the World.

BOVRIL is for your use.

MINES IN BOUNDARY HAVE CLOSED DOWN

Large Number of Workmen Affected by Cessation of Work---Outlook Gloomy.

Vancouver, Nov. 14.—"Over two thousand wage- earners are affected by the suspension of mining and smelting operations in the Boundary district," said E. G. Warren, of Greenwood, today.

"There was no other alternative for the mineowners in view of the unfavorable conditions prevailing, and due especially to the low price of copper. When I left Greenwood a few days ago the Granby and Dominion Copper had closed their mines. The B. C. Copper Company had also suspended mining operations, but its smelter is still running in order to dispose of the ore on hand. Indications point to a long period of idleness. This will be sure to react on business, and indeed the outlook is anything but bright. It was also reported that the Rossland mines and the smelters at Trail and Northport were to be closed indefinitely before the end of this week. Under these circumstances it is most likely that the numerous high-grade silver and gold mines in East Kootenay and the Slocan and the Boundary will be forced to shut down because of the lack of treatment facilities.

No Trace of Fugitives.

Vernon, B. C., Nov. 14.—Chief Constable Fernie has returned from the hunt for the alleged murderer Hines, who escaped from Provincial Constable Gordon at Shuswap while on his way to the Kamloops gaol. Only very meagre trace was found of the fugitive, and although the country has been quartered and requartered by Indians and police, no results accrued. The government is now offering a reward of $20 for the apprehension of the accused or for information which will lead to his arrest.

IS IT SUFFICIENT?

The question of the legality of divorces granted by the courts of British Columbia, which was raised by Mr. Justice Clement some time ago, and upon which comment was made in these columns at the time, has been settled as far as an expression of opinion by the Dominion department of justice can settle it; or, at least, that is what one would infer from the wording of an Ottawa dispatch dated Nov. 13. The dispatch says, purporting to quote from a statement made by the department:

"Although by the British North American Act, marriage and divorce were especially reserved for the jurisdiction of the Dominion, it was also expressly stipulated that the provinces of Nova Scotia, New Brunswick, Prince Edward Island, and British Columbia should retain their divorce courts. Under that agreement these four provinces have been granting divorces ever since they entered the confederation."

The department of justice did not, of course, put the matter just that way. The dispatch is no doubt a reporter's condensed version of the statement made. Like a genuine Irish "bull," however, it puts the essence of the matter quite as clearly as, and much more tersely than, any formal statement could put it. The British North America Act does not mention divorce courts, and mentions British Columbia only to say that it might join the Dominion at any time (as it did four years later) if both parties were willing.

What the B. N. A. Act does say is that the provinces which constitute the original Dominion were to retain certain courts (among which the divorce court would be included) until and unless the legislature having the power under the Act to deal with the matter, abolished them. Then, when British Columbia entered the Dominion, the Terms of Union provided that the provisions of the B. N. A. Act (with certain specified exceptions) should apply to this province "in the same way and to the like intent" as if British Columbia had been one of the provinces forming the original Dominion.

This provision of the Terms of Union certainly appears to make the clause of the B. N. A. Act referred to above applicable to this province, and as there has not been, we believe, any legislation on the subject, it would follow of course that our divorce court is a perfectly valid and subsisting court.

The dispatch would make it appear that that is the conclusion of the department of justice, and to the mind of the layman it appears to be a sound conclusion; but as it is possible that at some time large and important questions of rights of inheritance may depend upon a judicial decision as to the legality of divorces, it would seem advisable, since the question has been raised, that it should be settled beyond all doubt or question by competent legislation.

THE METHODS CONTRASTED.

Speaking at Dunfermline, Sir Henry Campbell-Bannerman said: No incident in the Colonial history of our country, not excepting the great Canadian settlement, has been more splendid in its lesson to ourselves and the world than the free constitutions given to the Transvaal and the Orange River Colony. The Liberal government at least had shown that they knew how to consolidate and amalgamate divided communities under the British Crown. Mr. Long's methods were different. Mr Long first went to war with them and spent two hundred and fifty millions in overcoming their resistance. Then when the war was ended he offered a grudging, half-hearted, suspicious partnership, and now he would consolidate the Empire by setting all the states within it by the ears over tariffs.

The experience of the current year seems to provide a problem for the fishery commission which meets in Victoria on Monday. The season has been pronounced a failure as far as sockeye fishing was concerned, yet the Dominion hatcheries on Fraser waters have just about as many sockeye eggs in their trays today as they had in the "big" year (1905), when there were fish "to burn." To this result it is certain that the extra 12-hour close time above the bridge—that unjust measure of discrimination which was granted to the urging of certain canners and trap owners backed by the official reports of the provincial government—contributed nothing worth counting. Again, a comparison of "hatch" and "catch" for 1902-5 and 1903-7, would seem to prove that there is a greater variation in the conditions which affect the sockeye during their life in the ocean than has been commonly supposed.

CORRESPONDENCE

Free School Books.

Editor, Daily News:

Sir—Premier McBride promised the school trustee convention at New Westminster last month that he would carry out all their resolutions if it were possible. The convention passed a resolution in favor of free school books.

The city of Toronto supplies its 32,000 school children with all school requisites at a cost of about 25 cents per head.

The cost to this province at that rate would be about $8,000 plus the cost of distributing. Several new books have been gazetted to be introduced after Christmas, so that prompt action is necessary.

Please keep the matter before the people, so that the government must fulfil the premier's promise. It would be a shame to admit that we could not do for the school children of this province what those acting for the city of Toronto can do for its pupils.

The long delayed improvements to Sapperton park will be commenced on December 1 and carried to a conclusion without intermission. At the last session of the council committee a resolution was adopted favoring the expenditure of $1,000 towards putting the park into condition, and that resolution will come before the council on Monday evening for confirmation. A committee of Sapperton people waited on the council committee in private session a short time ago and succeeded in influencing the council to this extent.

A young men's Conservative club was formally organized last evening in the Cunningham hall, about half a hundred names being enrolled. Officers and an executive committee was appointed to conduct the affairs of the club during the coming winter, and arrangements were partially completed for holding meetings periodically throughout the year. The following officers were elected: Thomas Gifford, M.L.A., Hon. president; W. F. Hansford, president; W. R. Gordon, vice-president; H. P. Latham, secretary; and J. H. Vidal, C. D. Peele, N. R. Brown and John Eagles, executive.

Application was made to the Benevolent society yesterday at their regular meeting held in the city hall, for the extending of a helping hand to one Johnstone, who has just left the hospital and is as yet unable to work. He arrived here some time ago from the prairie country and was soon after rendered incapable of earning his own living, because of an injury to his hand. It was stated on his behalf that he had sons to whom he was applying for aid. Johnstone was given an order on one of the hotels for a week's boarding. Other routine business was transacted.

A Rugby football club is about to be organized in this city by a number of young athletes, and a meeting for the purpose of arranging details is to take place next week. By way of getting up an interest in the game, a match will be played on Saturday afternoon, commencing at two o'clock, between the Columbian college team and a representative city team, when the latter will be composed of the following: Full back, E. Stewart; three-quarters, W. M. Russell, H. Marcon, E. N. Sutherland, W. Turnbull; halves, H. Fletcher, H. J. Davis (captain); forwards, D. C. Tuck, A. Leamy, H. Leamy, R. Baker, H. Harrison, F. Hill, F. Peele and F. O. Canfield. The referee will be F. A. Macray.

Quite a number of local South African veterans went over to Vancouver yesterday evening to attend the reunion of campaigners which was held in that city.

RECEPTION TO KAISER NOT ENTHUSIASTIC

German Emperor Received Rather Coldly by British People---No Rioting.

London, Nov. 14.—Emperor William, of Germany, the guest of King Edward, made a speech today at the Guild hall, where he was entertained by the city of London. He urged the strengthening of the Anglo-German relations and emphasized his unalterable desire to foster the peace of the world. The day passed off without the expected Socialist demonstration, much less any disorder or rioting.

The reception accorded Emperor William by the people of London has been respectful, but compared to that given some other royal visitors of recent years it was in no sense enthusiastic. The atmosphere which prevailed during his appearance in public was tinged with decided coolness, and there is no doubt that the English officials are relieved that the passage of the German emperor through the city was not attended by any disagreeable incidents.

The anti-German feeling among a section of the English people, which is at present particularly strong, derived fresh impetus from the antagonism which cropped out between the nations on various lines during the recent peace conference at The Hague. Emperor William evidently intends that his visit shall inspire better feeling, but the results are not to be seen.

Synopsis of Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or subagency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is rejuired to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.

OUTSIDE LODGES ARE TO BE ENTERTAINED

The members of the two local lodges of Oddfellows and the ladies of the Beulah Rebekahs will be the hosts at a social and banquet which will be tendered to members of many Washington state and British Columbia lodges next Monday evening. The attendance is expected to be over two hundred, and one houndred of them visitors.

The following lodges have been invited: Bellingham, Blaine, Custer, Ferndale, Everson, Ackney, of Washington state; and Cloverdale and Delta, of British Columbia. The local lodges to be represented are: Royal City lodge No. 3, Amity lodge No. 27, and Beulah Rebeckah lodge No. 5.

The visitors will arrive here about 3:30 o'clock on Monday afternoon, and, if the day is fine, they will be taken for a tram ride about the city. The evening festivities will be held in the Oddfellows' hall.

The visit of the members of the outside lodges will be purely a fraternal one.

AGED SWEDE DROWNS IN FRASER RIVER

Sixty-four years of age, and with a constitution impaired by years of dissipation, Louis Embery, a Swede, was unable to make any effort to save his life Wednesday evening when he fell from his boat into the Fraser river opposite the Tannery wharf. The man is supposed to have been intoxicated at the time. Some persons on shore noticed the old man fall overboard, but arrived too late to save him. The body was discovered a short time later, but life was extinct.

Coroner Dr. Rothwell was summoned across the river shortly after the drowning took place, but could only certify to the death of Embrey. The funeral will take place today, Dan McCaskill, of the Surrey hotel, for whom the old man did occasional chores, having taken charge of the body. The man had no known relatives, coming here many years ago from Sweden.

Embery was well known around town, being generally addressed as "Colonel," the title having been given him some years ago when he was boss of a threshing gang. He also called himself "John Patterson" for some years.

DISCHARGED MILL CREW IS SUSPECTED OF ARSON

Bellingham, Nov. 14.—Believed to have been set on fire for revenge because the entire white crew had been replaced by Japanese last week, the King sawmill, near Wickersham, was burned to the ground last night.

The fire did not start in the boiler room of the mill, but at the other end of the structure. The building and machinery were destroyed, the loss being $25,000, with very little insurance.

The mill has been working steadily. Last week orders were given to lay off all the white men and the mill was closed. The next day, however, residents of the neighborhood were surprised to see it in operation again and to find that a Japanese crew was in charge. Ugly threats were made at the time.

GUARDS ON BOUNDARY TURN JAPANESE BACK

Bellingham, Nov. 14.—During the past ten days four Japanese have been picked up by the immigration officials, three of whom were chased back into Canada, while the fourth was ordered deported. The last one is the little brown man who was found by the local police while attempting to pass through here disguised as a workingman. He had his face covered with black grease, while his clothes were ragged and torn, as though he had been employed in a machine shop.

The guards posted along the border line are reported to be turning back ambitious Japanese daily. Some of these hurry back when sighted by the officers, and it is only necessary to take a few of them to the detention houses at Blaine and Sumas.
