J. D. TAYLOR WINS BY BIG MAJORITY

City and District Switch to Tory Standard---Result is a Surprise.

[illegible] Liberal candidate [illegible] was badly defeated [illegible] J. D. Taylor, the Conservative [illegible] who, with several [illegible] from Leeds by over eight hundred votes. The majority rolled [illegible] Mr. Jardine was a big [illegible] to his supporters, [illegible] the Conservative campaign was in their most sanguine [illegible] had never hoped for a majority [illegible] about two hundred [illegible] the opinion of many, [illegible] to have been [illegible] seen in this [illegible] was the case, Mr. [illegible] a majority in [illegible].

[illegible] took his defeat [illegible] a man of mettle. He made [illegible] the turnover of the [illegible] the verdict of the [illegible] without a murmur. He [illegible] Liberal committee room [illegible] the evening, directing the [illegible] committee and leading in [illegible] which followed the announcement of Laurier's splendid victory [illegible] the East.

[illegible] as it was seen beyond [illegible] that the Conservatives would [illegible] district, Mr. Jardine addressed a few words to his supporters, [illegible] them for the work they [illegible] on his behalf, and expressed [illegible] that the losses sustained [illegible] would be more than offset [illegible] the Eastern provinces.

Westminster City.

MINTO CUP GAMES ARE ASSURED FOR NEXT YEAR

Manager C. A. Welsh Receives Two Challenges Through Trustee Ross —Dates to Be Arranged.

Manager C. A. Welsh has received two challenges for the Minto cup, which reached him yesterday from P. D. Ross, of Ottawa. That from the Tecumsehs asks for dates in May, before the N. L. U. season opens, for best two of three games, and from the Capitals, of Regina, for which no particular time fixed.

A meeting of the club will be called at an early date to decide what answer shall be given. The Capitals evidently seem to think that they are hardly equal to Minto cup form, as the covering letter explains at some length their successes in the west.

R. F. SUTHERLAND,
Elected in Essex North.

ATTEMPT MADE TO MURDER KING

Premature Explosion of a Bomb Saved Life of King Manuel at Oporto.

Lisbon, Oct. 26.—An attempt to assassinate King Manuel, whose death was to be the signal for a revolution which was to wrest the throne from the present dynasty, was frustrated Saturday by a premature explosion at the royal castle at Oporto.

The explosion occurred before King Manuel reached the palace, which was being prepared to receive him.

An entire wing of the castle was wrecked and three persons were seriously injured, among them being Gen. Gibrao.

The bomb was placed in the basement of the palace, directly under the suite that had been prepared for the king and his immediate courtiers.

It was exploded shortly after noon by means of a time fuse that had been burning probably for fifteen minutes.

Chinese Plot Causes Anxiety.

Amoy, Oct. 26.—Order is rapidly being established at the reception grounds where the recent typhoon wrought destruction. Bamboo structures have replaced the ruined buildings and the original plans for the entertainment of the officers and men of the United States fleet are likely to be carried out fully.

The revolutionist plot which was unearthed yesterday causes great anxiety, the government officials fearing that its ramifications may be far-reaching. Its object was the assassination of high Chinese officials during the reception. Extraordinary precautions are being taken and will be extended during the stay of the fleet here and particularly during the official functions.

RESULT OF POLLING RETURNS THROUGHOUT THE DOMINION

Appended is List of Members of New House of Commons With Majorities to Date---Liberals Have Lead of Over Forty in 200 Members Chosen---Party of Good Government Sustained.

The result of the elections throughout the country is a proof of the confidence of the electorate [illegible] in the Laurier administration, and with the exception of the minister of inland revenue, all the ministers have been re-elected. As the deputy minister of labor, W. L. Mackenzie King resigned from big office to run in North Waterloo, and Sir Wilfrid Laurier having promised to make him minister of labor in the new cabinet, he will doubtless be promoted to cabinet rank. The new secretary of state, Charles Murphy, secures election in Russell county. Both Sir Wilfrid Laurier and R. L. Borden are returned in two seats, and there is not much doubt as to which they will abandon.

Provincially the Liberals have improved their position in Ontario and New Brunswick, and the Conservatives in Manitoba, British Columbia and Nova Scotia. This proves conclusively that one cannot argue from provincial results, as the two provinces where the Liberals improved their lead went overwhelmingly Conservative during the elections only this year. In Saskatchewan, as was expected, the new seats turned Liberal, and the deferred election in Prince Albert will go the same way.

In Manitoba the Liberals have had to fight all the old devices of bad registers, beer, and illicit influence. The sweep promised themselves by the Conservatives in Nova Scotia to wipe out the rout of 1904 failed to materialize, but they made considerable improvement from their point of view.

In individual elections the sensation is undoubtedly the big majority rolled up by Alexander Haggart in Winnipeg, where this well-known lawyer defeated a millionaire lumber merchant and the Socialist candidate.

The apostles of high protection received a nasty set-back in the defeat of W. F. Cockshutt, of the celebrated plow company, in Brantford. Another man who has gone the rounds with R. L. Borden, J. G. H. Bergeron, must find another seat. J. B. T. Caron, who was elected at a by-election at Ottawa, and ran against Eugene Paquet in L'Islet, disappears from the new parliament. Ex-Judge Doherty has succeeded in retaining a seat in Montreal.

A surprise is the Conservative success in Quebec West, where William Price, who declined nomination in Rimouski, turned out W. Bower by a close vote.

The electors of Canada show little inclination to support an Independent Labor party. Although A. Verville, the president of the Trades and Labor congress, retains his seat, the solicitor to that body, J. G. O'Donoghue, failed with Liberal help to secure a seat in Toronto. In East Hamilton, which returns a Labor man to the Ontario house S. L. Landers was bottom of the poll. A Socialist, J. H. Hawthornthwaite, makes his appearance from Vancouver Island, and there will consequently be a provincial by-election in Nanaimo.

QUEBEC—Liberal gains: Beauharnois, Dorchester, Huntington, Laval (4). Conservative gains: St. Anne (Montreal), Quebec West, Soulanges, Terrebonne, Champlain (5).

ONTARIO—Liberal gains: Stormont, North Waterloo, Simcoe South, Simcoe East, Wentworth, Ontario South, Brantford, Perth North (8). Conservative gains: York Centre, Simcoe North, Ontario North, Bruce South, Grey North (5). Independent gain: Toronto East (1).

NOVA SCOTIA—Conservative gains: Halifax (2), Cape Breton North, Digby, Cumberland (5).

NEW BRUNSWICK—Liberal gains: King's-Albert, Sunbury Queens (2).

PRINCE EDWARD ISLAND—Liberal gains: Queen's 2, Prince (3). Conservative gains: King's (1).

MANITOBA—Conservative gains: Winnipeg, Dauphin, Portage la Prairie, Provencher (4).

SASKATCHEWAN—New Liberal seats: Battleford, Regina, Saltcoats (3).

ALBERTA—New Liberal seat: Victoria. New Conservative seat: Medicine Hat.

BRITISH COLUMBIA—Conservative gains: Victoria, Vancouver, New Westminster (3). Socialist gain: Nanaimo.

SERVIANS AWAY FROM HOME EAGER FOR WAR

Parliament, Or., Oct. 26.—At a mass meeting of Servians today a message was drafted and cabled to King Peter, urging war to resist the annexation of the provinces of Bosnia and Herzegovina by Austro-Hungary, and promising both money and men in case of war.

There were between 200 and 400 Servians at the meeting, and many are said to have come from far parts of the state so deeply interested are they in the affairs of their fatherland.

The meeting was attended by both men and women, and the women were as patriotic as the men, and joined in the general acclamation for war on the part of King Peter.

The message also declared that there are at least 150,000 Servians in the United States, who would respond to the first call to arms.

Committees were appointed to canvass the various citizens of this and adjoining cities, to ascertain how many men could be enlisted in case war is declared.

Patriotic addresses were delivered and enthusiasm expressed itself in vociferous applause and hurrahs.

BRUIN TERRIFIES SCHOOL CHILDREN

Bear With Cubs on North Arm Road Frightened Children Last Sunday —Horse Would Not Pass.

A bear with two cubs caused very serious inconvenience to Sunday school children and other passengers on the North Arm road on Sunday afternoon. Some of the children coming into the city to attend school, found a bear, with her cubs, seated in the roadway, and showing no intention to move. They did not dare to venture by, and later Miss Crake, on horseback, attempted to pass, but the horse would not face the animal. There was an effort made to find someone with a gun, but as a delay occurred in obtaining the weapon, the bear had moved off by the time the party was ready to take the offensive. Bears have been very plentiful this year, and have proved daring. Only a few days ago a cougar was killed just inside the city limits on the north side.

HON. A. B. AYLESWORTH,
Elected in North York by a majority of 230.

CHRISTIAN SCIENTISTS TO START MODEL NEWSPAPER

Ideal Christian Daily is What Latest Publication is Designed to Be— Sensationalism Barred.

Boston, Mass., Oct. 26.—Christian Scientists throughout the country are discussing the announcement today of Mrs. Mary Baker G. Eddy and her assistants for a daily paper designed to represent the ideal of what a Christian news paper should be.

The title for the new publication will be "The Christian Science Monitor." It will be published in this city.

According to the announcement, which appears in the Christian Science Journal, the publication is designed to be an up-to-date newspaper and all the news of the day will be exploited.

"The news will be handled in a clean, wholesome manner, devoid of sensational methods," says the announcement, "and there will be no exploitation or illustration of vice and crime. The aim of the editors is to make the new paper acceptable in every home where purity and refinement are cherished as ideals.

"In addition to the news features, the paper will contain special departments devoted to subjects and views for the betterment of the human race morally and spiritually."

No Business at City Council.

The City Fathers met in pursuance of the adjournment made at the last meeting, but the pleasures of electioneering proved too much for them, as only the mayor, Aldermen Henley, Fader and Garrett were present, and the meeting had in consequence to be adjourned till tonight.

Today at four o'clock the tenders will close for the debentures, and they will be opened at the meeting this evening.

One of the reports to be presented will be from the health committee, who will recommend the establishment of a suitable public convenience in the open space by the C. P. R. depot.

Curlers to Scotland.

Halifax, N. S., Oct. 26.—The Nova Scotia branch of the Royal Caledonia Curling club will send five men with the Canadian party which goes to Scotland at the invitation of the Royal Caledonia club.

MAYORALTY HONOR ATTRACTS CONTEST

W. Norman Bole, K. C., may Enter Lists Against Mayor Keary in December.

As was indicated in The News last week, there is almost certain to be a contest for the mayoralty, as a deputation, it is stated on good authority, will wait on W. Norman Bole, K. C., urging him to enter the field against the retiring mayor. The result of the poll in the city yesterday will have a bearing on the issue, as the fact that Mr. Bole is a straight Conservative, and has been a very active worker for J. D. Taylor, will make him particularly acceptable to those who wish a contest.

Other names are suggested, as that of D. D. Bourke, ex-deputy warden of the penitentiary, whom the moral reform party wish to see in the field. Should ex-Judge Bole come out, a keener fight than has been known for years for the mayoralty will ensue.

COPPER COLORED SLAVE GIVEN TO GEORGE HAM

Publicity Agent of the C. P. R. is Greatly Embarrassed When Presented With Slave.

Montreal, Oct. 26.—Local railway circles are much interested in the gift of a real live copper-colored Moslem slave, a young man who answers to the name of Aba-el-Kadr, to George Ham, of the C. P. R. The gift came from an explorer and traveller, M. De Conley, who is at present visiting Montreal, and the slave was instructed to on no account depart from the personal bidding of Mr. Ham.

As might naturally be supposed, the gift caused considerable embarrassment to Mr. Ham, and he sent it back to the Windsor hotel with a note explaining that C. P. R. officials are not permitted to accept gifts from the public.

LATE CORRECTIONS.

Quebec.

Quebec county—Robillaile (N. L.), majority 300.

Two Mountains—J. A. C. Ethier, Liberal, majority 88.

Ontario.

Perth North—J. P. Rankin, Liberal, elected.

Russell—Charles Murphy, Liberal, elected.

Stormont—Robert Smith, Liberal, majority 300.

Toronto North—Hon. G. E. Foster, Conservative, majority 94.

MOTHER AND SON ARE CREMATED IN WINNIPEG

Winnipeg, Oct. 26.—A terrible accident occurred here on Saturday in which Mrs. Storey Holmes and her twelve-year-old son lost their lives. Mrs. Holmes was preparing breakfast and used coal oil to start the fire; her clothing ignited, and she was burned to a crisp. Her son attempted to save his mother and was so badly burned that he died a few hours later.

Washington, Oct. 26.—At a meeting today it was decided the entire cabinet will take the stump next week and join actively in the campaign for Taft in the last days of the fight.

HON. GEO. EULUS FOSTER,
Who saved his seat in Toronto North by small majority.

ELECTIONS THROUGHOUT THE DOMINION

The names marked with an asterisk (*) are those of members of the last parliament.

ADVERTISE IN THE NEWS

MUCH INTEREST TAKEN IN LOCAL ELECTION

St. George's Hall was Centre of Attraction for All Men Yesterday.

$1 per week buys 50-foot Residential Lot in Grandview

Beautiful view---Property on two tram lines

Every lot in Grandview overlooks the Fraser River and the Gulf of Georgia. The cut off line between New Westminster and Vancouver, over which all of the interurban trams will run, passes right close to this property. You can secure a lot, fronting on this tram line, if you come early.

Grandview will be scarcely five minutes ride from New Westminster by car---a five cent fare. The Eburne line, which is now in course of construction and will be completed immediately after tne first of the year, runs past the front of Grandview.

It will readily be seen that the property has excellent car service, a beautiful view of the river and the surrounding country and wide streets.

All lots in Grandview have 50 ft. frontage on the street and are 120 ft. deep. Grandview is the coming residential suburb of the city of New Westminster. the two trunk lines provide the very best of car service night and day.

Those who buy at Grandview now, will be able to sell their lots at a handsome increase in price just the moment the car commences running over either of these two lines. When the cars are running on both tram ways the lots will be worth and sell for at least $500 each.

The terms on which I am selling these lots are exceptionally easy. Almost anyone can buy a lot in Grandview since only $10 cash is required and the balance of the purchase price is payable in instalments of $1 a week.

Remember that the Grandview lots have a 50 foot frontage, twice the size of the ordinary subdivision lots. The present price is away below that which is asked for lots farther out.

A Grandview Lot is a Life Insurance

Come to my office and see the plan of Grandview. I will be pleased to take you in one of my rigs to see this property so that you can judge for yourself as to the advantages of Grandview.

If you buy now you will have the advantage of an early choice---you can buy a lot now fronting on the tram line.

CARPENTER SAYS PEARY'S VESSEL IS NOT INJURED

New York, Oct. 26.—A story to the effect that Commonder Peary's Arctic steamer Roosevelt had collided with an iceberg before she reached Etah recently, and told by Henry Johnson, a sailor on the Roosevelt, was denied today by Robert Bartlett, the Roosevelt's carpenter. Johnson returned to New York several days ago, having left the Roosevelt at Etah because of illness. A statement from Carpenter Bartlett which was made public today by Herbert Bridgman, said there was no basis whatever for the report of injuries sustained by the Roosevelt.

LAURIER SUSTAINED; JARDINE DEFEATED

New Westminster constituency has emphatically said that it does not wish to support the Liberal administration at this time, and the City of New Westminster practically says it does not want a deep channel and large harbor and great industries, because by its vote it endorses the ridicule made by J. D. Taylor's paper of the 30-foot channel to the gulf. The natural inference of the city vote in the minds of Eastern men must take this view. Instead of the progress continuing here, the wheel turns backward for a parliament, five years perhaps, values will depreciate, and the great mills on which we had trusted so much to fill the gap made by the ruin of our net fishing business, will now only run to the capacity of rail transportation orders. The other constituencies which have so far gone Conservative also show that for various reasons they did not want members supporting the Laurier government, but the returns throughout the Dominion put Sir Wilfrid in the safe position that he can get along very well without them. This places British Columbia as arraigned against every other province in the Dominion and we should not expect a sympathetic ear to any representations we make, for a time it takes us from the map, so to speak, when our needs and desires are being considered in the party caucus. The fault rests with ourselves, not with the other provinces, and it is unfortunate that we should have taken so much stock of the campaign of slander which is always more effectual the further it is operated from the supposed centres of wrong-doing. That we have allowed these unproven charges to weigh with us cannot be denied. Our member will not be in an enviable position approaching the cabinet ministers and members of the House on whom he has exhausted all the uncomplimentary adjectives of the English language. However, the die is cast, and we must suffer the consequences, and in view of the strong aversion shown, the government could not be blamed for immediately ceasing operations on the much-ridiculed 30-foot channel. It is to be hoped, though, that such a thing will not occur; that the minister of public works will view the estimate of himself and the charges made in the member-elect's journal as being made in the heat of a campaign and for which the whole people should not be made to suffer.

As to the campaign itself, we have tried to conduct it in a thoroughly clean manner, free from personalities and corruption of any kind, and although we have failed to elect our candidate, we have the satisfaction of going down to defeat with clean hands.

The defeated candidate, Mr. Robert Jardine, and his platform comrades, were under the disadvantage of meeting with a month's work the two years canvass of his opponent and a complete, if costly, organization extending to every corner of this vast constituency. Mr. Jardine and his associates put up a strong, clean fight, and trusted to the great record made by the Laurier administration, which all the other provinces have endorsed, to carry the day. The electorate here did not so endorse the government and must therefore assume all responsibility and when it requires special treatment at the hands of the Dominion, ask James Davis Taylor, M. P. to secure it for them.

PLEASE TURN ON THE TAP.

Hon. George E. Foster invited J. A. Macdonald, of the Globe, to discuss his Union Trust dealings on the public platform. Mr. Macdonald responded and enriched the documentary evidence as to Mr. Foster's doings with the following two letters written by Mr. Foster to Dr. Oronhyateka and Supreme Secretary MacGillivray:

"My Dear Doctor,—As you know, the Foresters have $500,000 of their money in the Northwest land deal. On the security of this we have borrowed all the money we can from the banks. We have also put into this deal as much of the I.O.F. current account as can be arranged. We require still more money. Could we not have part

"(Sgd.) GEORGE E. FOSTER."

No response coming to this George wrote again:

"Dear Doctor,—I have not received a reply to my former letter. Let me assure you that the machinery of the Union Trust company needs oil. Please turn on the tap. We need the surplus of the I. O. F.

"Yours sincerely,

"(Sgd.) GEORGE E. FOSTER."

If this was the nature of Mr. Foster's correspondence with the officials of the order one can understand why Hon. E. G. Stevenson, after reading the letters, exclaimed:

"Is it any wonder one of these men is in his grave and the other an invalid for life?"

Nor is it strange that the new Supreme Chief Ranger denounced roundly before the delegates to the Supreme Court the man who having imperilled all the funds entrusted to him demanded the reserve funds as well.

TENDERS

Sealed tenders addressed to the undersigned, and endorsed "Tenders for Public Building, Vernon, B. C.," will be received at this office until 4:30 p.m. on Friday, November 20, 1908, for the construction of a public building at Vernon.

Plans and specifications can be seen and forms of tender obtained at this Department, and on application to the Postmaster at Vernon.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 per cent.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

NAP. TESSIER,
Secretary.

Department of Public Works, Ottawa, Oct. 20, 1908.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

INSANE MINER IS COMING FROM NORTH

Partner of Demented Man Trudges Hundreds of Miles With Unfortunate Patient ---Bound for Local Asylum

Dawson, Oct. 26.—Hundreds of miles through the wilderness and down winding rivers, J. W. Corning has reached Dawson, bringing here in pitiful condition his frontier partner, Joseph Francis Klick, who is being taken down to the New Westminster asylum for treatment. The story is one of extraordinary patience and good judgment on the part of those who cared for the suffering man.

Klick became insane in the woods 100 miles from the Polly river and a long distance above Ross river. It was necessary to escort and carry the insane man much of the first 100 miles through the forest, to where the canoes could be reached.

During all this time, Klick was violently insane and utmost care had to be exercised day and night. Corning fortunately had the assistance of others. Ira Van Bibber came all the way to Dawson in company with Corning. The two made the entire trip especially to land their fellow-hunter and prospector safely in a civilized centre.

The trip in the canoe was in itself sufficient to more than try the patience and nerve of many a hardy man.

When Corning and Klick were in their camp together Corning left one day by himself on a hunt for large game. He returned a day or two later and found Klick in front of the camp with all the candles they had in stock, eighteen in number, set up about him and lighted. Klick was stark naked and imagined that spirits were about him and menaced his life, and that the lights alone would keep them off. Klick talked strangely, and Corning became alarmed and left for help. While he was gone, Van Bibber and friends came along. Just before they arrived Klick had jumped from a bluff and had bruised himself severely. Van Bibber and friends seized Klick and overcame him and dressed his wounds. Corning soon came back and the party then proceeded to Dawson.

RAIN MADE TO ORDER IS DESIRE OF NEW YORKER

Utica, N. Y., Oct. 26.—Professor Carl E. Meyers, of Frankfort, a suburb of this city, is going to pluck a rainstorm from the skies that the forest fires may be extinguished. Mr. Mayers is a veteran balloonist and aeronautical engineer, and down in Texas some years ago produced rain that spread over several states. His plan is to send up into the sky a big balloon filled with gases, which he explodes with an electric spark. Professor Meyers has been engaged by several paper companies of northern New York, whose forest lands are melting away to ashes, to make rain. The first balloon will be exploded within a few days between this city and Frankfort.

Poisoned by Smoke.

Port Arthur, Oct. 26.—Mrs. T. M. Scott died in the hospital today from smoke poisoning incurred from the big forest fires which surrounded her home out on the P. A. D. railway, several weeks ago.

SIR

Are you earning $25.00 per week?
Few clerks are paid so much money.
Few advertisement experts are paid less.
But many qualified men are paid much more.

Wannamaker, of Philadelphia, pays his advertising manager $25,000 per year, and in a recent interview said he was cheap at the price.

Can I Learn to be an Ad. Writer by Correspondence?

Our answer is, yes. We can teach you how to write good, catchy advertisements by mail just as well as if you were attending personally, and only taking up half an hour of your time every evening.

The Swords School of Advertising is the best school of instruction for many reasons, viz.:

It is the only school that gives you their personal criticisms, no form letter being used, but, instead, the work of every student is looked over separately.

Then, too, it is the only school that is conducting a successful advertising service, and is backed up by leading merchants of the province. It supplies practical ad-work for the student, showing layouts, copy, etc., which is picked from the most successful advertisements written by its writers.

Its system of teaching by mail is endorsed by not only the leading merchants and manufacturers, but by the greatest experts and publishers.

If you have only a common, ordinary school education and earning less than $25.00 per week, let us put you in the most lucrative profession in the world today.

Its employed students are everywhere—in stores, factories, advertising agencies, and are so thoroughly qualified that they command higher salaries year after year. If you want to work up in the firm you are with, this knowledge will open the door of promotion, and we can do it by correspondence and the hearty co-operation of yourself.

Write for further particulars.

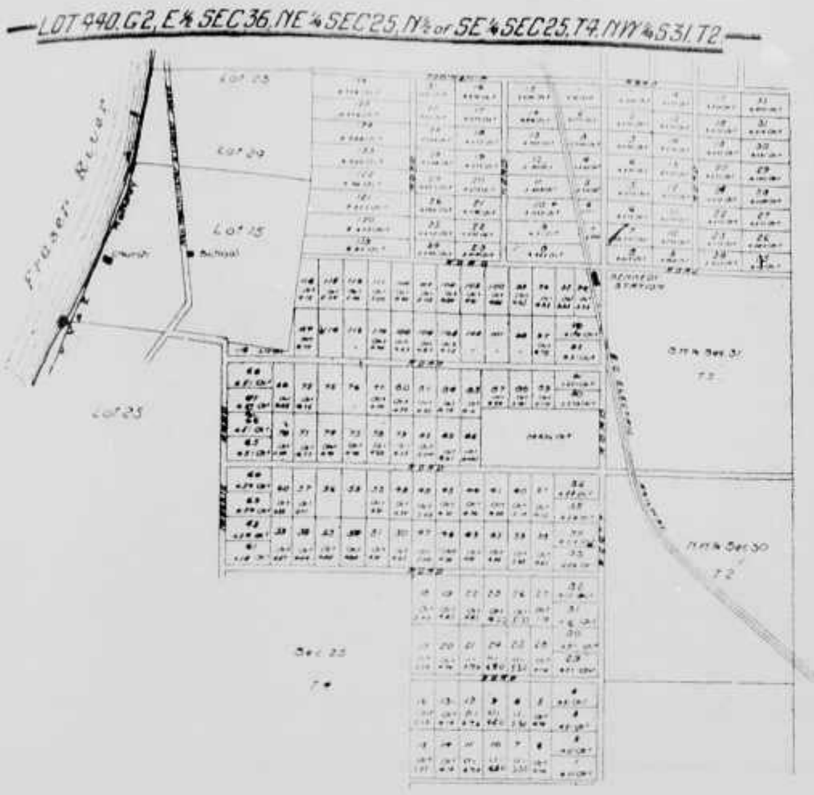
CARLETON GILBERT, Mgr.

—SOUTH WESTMINSTER.—

—PLAN—

—OF SUBDIVISION OF—

—LOT 940, G.2, E.½ SEC. 36, NE.¼ SEC. 25, N.½ of SE.¼ SEC. 25, T.4, NW.¼ 531, T.2—



A PLUM PUDDING!

The proof of the pudding is in the eating of it, and to judge from the way the 5-acre blocks in our South Westminster subdivision are being gobbled up, the investing public recognize a really good thing when they see it.

"My lot is a peach!" said one man who bought about two weeks ago, and only examined his purchase for the first time yesterday, "and I would not take double what I paid for it. You do not say half enough about your splendid subdivision. It is by far the best thing advertised in any of the papers."

I am going to make a home on my 5-acre farm and will commence building right away. I consider that here will, in a very short time, be just as valuable as any along the Vancouver-Westminster tram line."

These are only two of the many complimentary references to our 900-acre subdivision, and go to show that our statements are based on fact and will bear investigation, as for instance, when we state that the new Chilliwack tram runs through and has its first fixed station in the centre of the property, it will be found exactly as we represent. We make this point to offset if possible the bad effect of statements circulated in an effort to sell certain other lands, that the new tram line runs through them, when, as a matter of fact, an old discarded trail line is the only thing in evidence, and the adopted route, where actual construction is rapidly advancing, is miles away. This sort of thing does no good and brings discredit on the perpetrator of the canard.

All the other excellent and variously named orchards, gardens and apple groves are all right in their way and place, but are not in the same class with ours. This is conceded by all.

Our principals have control of all the good land at the South Westminster end of the Chilliwack tram line, and it is here that the wise ones are now investing, recognizing that our choice suburban villa sites possess soil admirably suited to fruit culture, and can be purchased for $100 per acre—the same price asked for 5-acre blocks situated from 10 to 20 miles distant from town.

Our subdivision has only been on the market a few weeks, but during that short time we have disposed of over 300 acres. This fact speaks for itself.

If fruit farms are worth $100 per acre 15 miles from town, what should they be worth two miles away, where you have all the conveniences of city life? This is the way the question is being figured out, and the result is very much in our favor.

Don't put it off, but come right along and buy a block. You'll never regret it. We've only a limited number to let go at present prices. When trams commence running prices will advance 100 to 200 per cent.

Our carriages go over every day. Any hour will suit us. It only takes half an hour to drive over.

PIRACY IN SOUTH SEAS ALLEGED AGAINST SAILORS

Burly Belgian Accused of Having Compelled Captain and Mate to Jump Overboard.

Victoria, Oct. 26.—On his way to Callao, Peru, to gather evidence regarding the pirating of the schooner Nuevre Tigre, of Callao, and the alleged murder of the captain and mate by J. Mortelmans, a Belgian, and T. Skerret, a boy, who sailed the schooner into the South Seas and lost her on a reef in Apamama lagoon in the Gilbert islands, G. G. Alexander acting attorney-general for Fiji, retained by the government of the Western Pacific Islands to prosecute the pirates, arrived by the steamer Aorangi yesterday from Suva. He is a guest at the Empress hotel and will leave in a day or two to join a Kosmos line steamer at Seattle bound to Callao.

Mr. Alexander said: The schooner Nuevre Tigre was a Peruvian schooner which left Callao in November of last year on a coasting voyage, the captain and mate, both Italians, and J. Mortelmans, a Belgian, a strong, powerful man, who had lived a life of adventure in many parts of the world, and T. Skerret, a boy. Mortelmans and Skerret are now under arrest at Suva, Fiji islands, charged with the piracy of the schooner and murder of the captain and mate.

According to a statement made by Skerret, who claims that he had no part in the crime, being coerced into assisting Mortelmans by the Belgian on threat of death. When the schooner Nuevre Tigre was a day or two out from Callao, Mortelmans, who was the cook, ran up on the deck with a meat chopper and attacked the two Italians. They clambered into the rigging. Mortelmans then went to his cabin and came back with a gun. The captain and mate were in the rigging and Mortelmans shouted to them that if they did not jump overboard he would shoot them down. Both men begged; but the Belgian was obdurate. Finally both jumped. The schooner was too far away from shore for them to have a chance reaching land.

GOLD BRICK ARRIVES FROM SHEEP CREEK

Rich Vein of Gold Ore Discovered in Neighborhood of Nelson—Development Work Proceeding.

Nelson, B. C., Oct. 26.—A $7,000 gold brick and news of a new strike of rich free milling gold ore have reached Nelson from Sheep creek camp. Manager H. Lewiston, of the Queen mine, reached here yesterday with the news of the uncovering of a new parellel vein on the neighboring Nuggett, which is located on the other side of the valley.

The new vein on the Nuggett runs from $20 to $400 per ton in gold and it is only a month since the twin vein now being worked on the same claim was struck and found to carry gold values of over $300 per ton. Both the Queen and the Nuggett carry base ore as well as free milling, the Queen shipping concentrates to the Northport smelter and the Nuggett to that at Trail. By the installation of new stamps the Queen mine has increased its capacity from 185 to 400 tons per week, which means the employment of many more men.

Development work will proceed at once on the new vein discovered on the Nuggett, and the conditions in the two mines are such as in many mining countries would lead to a rush of prospectors into the district.

PRINCESS WOULD LEAD ARMIES TO BATTLE

Cettinje, Oct. 26.—A remarkable exposition of the depth to which the war fever has penetrated the Montenegran people as a result of the annexation of the provinces of Bosnia and Herzegovina by Austro-Hungary was witnessed today when the women of the capital united in a great street demonstration. They were headed by Princesses Zenia and Fereva, daughters of Prince Nicholas, who marched the streets carrying Montenegran flags. They were followed by a great throng of women of all classes who chanted war songs, stopping from time to time to plead with the men who followed in their wake to defend the sacred rights of the nation. The two princesses subsequently formed a committee for the enrollment of red cross nurses.

ALASKAN SAYS BIG PUZZLE IS SOLVED

Declares He Has Invention Which Will Supersede the Present Wireless.

Declaring that an invention of his will solve the problem "that has so long puzzled Edison and Marconi" and will supercede the present wireless system, Dr. Willis E. Everette, who has spent the past twenty-six years in Alaska, has arrived from that country and will remain on the coast the next three weeks. He is positive he has discovered something that will confer a vast benefit on mankind, holding that his invention will transmit photography, telegraphy and telephony with almost infinitely faster vibrations than the present wireless system. By multiplying the vibrations of energy, he says, he has vastly improved the new Collins method of wireless, which is proving so successful.

He goes farther in his claims and insists that terrestial distance is immaterial. In his system, giving what he terms vibration of wave force with greater velocity and lower amplitude, the vibrations, he claims, will pass through those of the present system.

Everette, who has given his life to scientific research, also brings back with him the prediction that the Pacific coast may shortly expect great seismic and volcanic disturbances. He says in the last few centuries there have been two big terrestial shakeups. One was ninety-seven years ago and the other 197 years ago. A close study of the conditions under which these occurred and the present conditions fortify him, he declares, in his predictions.

Dr. Everette says that in his travels in the North he has observed clear to the Behring straits traces of the old telegraph line constructed by the Western Union Telegraph company in 1869. Construction work was started with a view of encircling the globe, but work was stopped by Cyrus W. Field. Indians years ago carried off the wire, and only here and there can a stump of a telegraph pole be found.

TEN NIGHT RIDERS NOW UNDER ARREST

Hamburg, Tenn., Oct. 26.—The number of the suspects in custody charged with implication in the murder of Captain Rankin and assault upon Colonel Taylor now number ten.

The men taken into custody yesterday include Edward Powell, who declares that he was forced under threats of death to accompany the mob on Monday night when the two attorneys were taken from a hotel by Night Riders.

HOLY CITY WILL BE ATTRACTION TONIGHT

Most strikingly effective of all the religious dramas ever presented is "The Holy City," Clarence Bennett's powerful and interesting play pictures with vivid strength and masterly power, the scenes and incidents leading up to the betrayal of the Master by Judas.

Thee dance of Salome, the daughter of Herodias, before King Herod, is shown, as is her successful plea for the head of the great preacher. After John's death events move with great rapidity and the plotting and scheming of the high priest and the Pharisees with Herod are depicted as well as the giving of the thirty pieces of silver to Judas, who promises to betray Jesus into the hands of his enemies.

The presence of Jesus is, of course, only suggested, but so cleverly is this done that the spectator seems carried back two thousand years and fancies himself an actual witness of the great scenes which accompanied the enactment of the greatest tragedy in the history of the world.

Other scenes depict the convulsion of nature at the moment of the crucifiction, the suicide of the remorseful Judas and the bringing of the glad tidings of the resurrection. The entire play is a darma of simple majesty and wonderful interest and is presented by a company of sterling players.

"The Holy City" will be presented at the Opera house on Tuesday, Oct. 27th.
