DIVER REACHES SUNKEN ENGINE

Operations For Recovery of G. N. R. Locomotive Give Promise of Success.

There is now every indication that success will attend the efforts of the wreckers to salve the Great Northern locomotive which plunged from the Fraser river bridge into the stream nearly two months ago.

After some weeks of inactivity owing to the water in the river having been too high and the current too swift, Diver Harry Cook of North Vancouver made a further attempt on Friday to obtain a fast hold on the engine, but through a slight mishap to the equipment he was unable to accomplish his design. On Saturday afternoon, everything having been carefully prepared beforehand, he again descended and this time met with success, also making a record in diving operations in the Fraser river. The current was still running swiftly when the diver descended and since there was no line attached to the engine the greatest of care had to be taken in paying out air tube and the lines, the diver dropping direct to the bottom.

Reaches Record Depth.

He found ground at 110 feet, the greatest depth yet reached in the river. Everything was plunged in inky darkness and the current threatened to pull Cook off his feet despite the heavy lead weights attached to the belt and shoes. Groping around he at length touched what proved to be the boiler of the locomotive almost buried in mud, thereby settling the much discussed question since the accident as to whether the bottom was hard or soft at this point.

Attaches Line to Wheel.

Acting on the instructions of Engineer McArthur of the Great Northern

ACCIDENT PLUNGES CITY INTO DARKNESS

Lights Throughout Vancouver and Westminster All Extinguished Saturday Evening.

Vancouver and New Westminster were plunged in darkness for almost an hour on Saturday evening between 9:30 and 9:20, owing to a slight accident at the generating station on the north arm of Burrard inlet. All electricity was cut off, the lights extinguished, and car lines tied up at the busiest time of the busiest day in the week. It was harvest time for those store keepers who had auxiliary gas lamps installed, and an annoying time for those who had not.

Yesterday afternoon until 6 o'clock the local powerhouse on Tenth street was shut down in order that some necessary changes might be made in the arrangement of the large new transformers recently installed. The rotary at the power station is being repaired and the cars on the city end of the system are being operated from the Burnaby substation temporarily.

CEMENT MERGER IS NOW ASSURED

Capital to be $30,000,000—Chater Has Been Applied For and Only a Few Formalities Remain.

Montreal, Aug. 15.—As the result of further arrangements effected within the past few days the success of the big cement merger is now absolutely assured and it is learned that the new consolidation will embrace all the cement plants in the Dominion. The charter for the new company, which will be known as the Canadian Consolidated Cement Company, has been applied for, and only a few formalities remain to be completed. The capitalization of the new company will be $30,000,000 instead of $25,000,000 as at first contemplated of which $11,000,000 will be 7 per cent preferred stock and $19,000,000 common stock. There will also be a bond issue of $5,000,000, the bonds bearing 5 per cent.

It is understood that the Bank of Montreal will act as bankers and the Royal Trust Company as trustees for the consolidated company. J. S. Irvin, managing director of the International Portland Cement Company, announced today that the merger had been practically completed.

It is stated that the Italian government, through its ambassador in London, will shortly enter into negotiations having as their object the conclusion of a commercial treaty with Canada.

LOCAL MILITIAMEN WILL VISIT A.-Y.-P. FAIR

A and B Companies D. C. O. R. Will Parade in Preparation for Expedition Tomorrow

It has been definitely decided that the Sixth Regiment, Duke of Connaughts Own Rifles, with the 18th Field Ambulance, and the Vancouver High School Cadets, will go to Seattle this week to assist in the ceremonies attending the dedication of the Vancouver Welcome arch. A meeting of the officers was held in Vancouver last week at which it was decided that although permission had been received from the governments of Canada and the United States, that the trip was impracticable owing to lack of funds. The City of Vancouver then took up the matter through the mayor with the result that the Tourist association of tha city, recognising the advertising value of the trip, undertook to pay the cost of chartering a vessel, the Rupert City, and to give each man four dollars for expenses.

Captain Johnson, senior officer of the two companies in New Westminster was notified to this effect on Saturday and has issued orders for a parade of A and B companies tomorrow evening at the armouries in preparation for the event.

The headquarters companies in Vancouver will parade on Wednesday night for a similar purpose and to receive final instructions regarding the program. It is expected that at least sixty men will represent this city and that there will be some five hundred in all to take the trip, including the bands.

The local companies accompanied by the bugle band will leave the city on Friday night by special car for Vancouver where they will join the headquarters companies and march to the boat at the Evans, Colemans and Evans wharf. The boat will leave at 9:30 p.m. arriving at Seattle early Saturday morning. A parade will be held in the American city in connection with the dedication of the arch at 10:30 a.m., after which, so far as yet is known the men will be free for the day. On Sunday a drum head service will be held in the mornig before the men are dismissed.

VALLEY SHOWS PROGRESSIVE SPIRIT

Secretary Wade Praises Action of Mission in Forming Board of Trade.

In Port Haney recently the secretary of the New Westminster board of trade, C. H. Stuart Wade, by request of the residents of Maple Ridge, addressed a meeting called with a view to the formation of a board of trade for the municipality. Mr. Wade congratulated the people on their energetic action and then outlined the work of such a body as they proposed to form. "By your action," said Mr. Wade, "I am justified in believing that the keen business instinct that has inspired you so far, will enable you to carry it to a successful issue and that the city and district of New Westminster will find in your board a valuable ally, a powerful support in enlarging the interests of the community generally, and in bringing to public notice, matters of general interest which would otherwise have been allowed to rest dormant to the detriment of your property and the financial loss of your ratepayers."

Mr. Wade suggested that in matters

(Continued on Page Four).

RICH AUDITOR REWARDS PASTOR FOR SHORT SERMONS

Pine Village, Ind., Aug. 14.—Rev. J. M. Williams, a Methodist minister, received a deed today for 60 acres of land worth $125 an acre from Mr. and Mrs. Burgoyne Davis because he delivered short sermons while pastor of the church which they formerly attended.

Mr. Davis is wealthy and was so impressed with the brevity and pointedness of the sermons of Mr. Williams that he determined to make him independent. The deed specifies the brevity of Mr. Williams' discourses as the consideration received for the land. The 60 acres comprise one of the most ferule tracts of land in the county.

CZAR TO GRANT AMNESTY TO DUMA

St. Petersburg, Aug. 15.—It is said that the Czar has decided to grant partial amnesty to former members of the Duma who have been imprisoned or exiled. There is a tendency here to rgard this action as a direct sequel to the Czar's visit to the Isle of Wight and King Edward's reference to the Duma at the banquet given in honor of the Czar.

Provincial authorities have instituted proceedings against storekeepers employing women workers at night.

FIRE DESTROYS HANDSOME RESIDENCE

Home of L. Wilson, Third Street, Burned to Ground Yesterday.

The residence of Jacob Wilson on Eighth avenue and Third street was totally destroyed by fire yesterday afternoon and a large quantity of furniture and other articles wer lost. The building was of frame, a story and a half in height, and was owned by L. Wilson, father of Mr. Wilson, the occupant of the house.

Fireman Met Difficulty.

The two were sitting talking on the verandah when their attention was suddenly attracted to smoke issuing from the roof. A moment later flames burst through and it was discovered that the whole upper floor was in a blaze. An alarm was telephoned to the fire brigade, number two and three stations answering promptly. The nearest hydrant was 1550 feet from the burning building and the hose line of number three hall was insufficient to reach the distance.

Used Only One Line.

The second brigade coupled on, but owing to the distance only one line of hose could be brought into use. It was impossible under the circumstances to prevent the destruction of the house, and attention was given to the salving of the property. Most of the furniture on the ground floor was saved, but all upstairs was lost. Number one hall turned out with several men and a hose reel and aided in the work. The loss is at present estimated at about $4000, with insurance to the extent of $800, all on the building.

EARL GREY HANDS SMOOTH TALK TO YUKONERS

Dawson, Y. T., Aug. 14.—Earl Grey, governor-general of Canada, and his party were met by a steamer above Dawson. Many citizens heard him speak at Minto park. Replying to an address, which was done on mooseskin covered with native gold, Earl Grey said it was the greatest trip of his life. He predicted that organized placer and quartz mining would result in a great future for Yukon Territory. He complimented the many Americans assisting in the development of Canada and the Yukon, saying that those now coming to the Dominion are but a small return of the million people advanced by Canada to help develop the United States.

The party will visit the creeks and will hold a public reception at Government house.

Camp Dawson of the Arctic Brotherhood elected the earl an honorary member and presented him with the skin of a caribou as a souvenir.

DEFENSE CONFERENCE DEALS WITH NAVIES

Canada Wants Battleships in Pacific—New Zealand Will Make Direct Contribution.

London, Aug. 14.—While the Imperial Defense conference had little difficulty in elaborating a scheme for the army, as explained in detail in yesterday's dispatches, the delegates found the naval question a hard proposition to solve. All the colonies have agreed to pay a fair share of the cost of the navy, but the discussion as to the particular form the contributions disclosed a sharp difference between the Admiralty and the Canadian and Australian delegates. This was particularly true with respect to Great Britain's recent policy in the Pacific.

The Pacific Squadron.

When the Anglo-Japanese Treaty was concluded, Great Britain withdrew the greater part of her fleet from the China coast, and entirely abolished the North Pacific fleet, both of which could be used in conjunction with an Australian squadron to protect British trade and British possessions in all parts of the Pacific. The Home Government sees no danger in that part of the world, and has full confidence in her eastern ally. The Colonial delegates, however, persistently picturd Japan as a rival who might some day become possessed of a desire for more territory. They, therefore, while agreeing to contribute to the maintenance of the main fleet, declared that the greatest energy should be exerted to provide defences for their own coasts and trade.

Australia's Fleet.

Australia is already building torpedo boats as the nucleus of her fleet, and Canada purposes to do the same. The Admiralty believes that these fleets will prove of greater use if controlled from London, but to this the Canadians do not agree. The fleet, they say, would come to the assistance of the Mother Country in time of need, but it must be absolutely under the control of the federal government. Canada's first ships will be modern cruisers, and the Canadians think that these should be placed in the Pacific. The home authorities, on the other hand, want them in the Atlantic, whence they could join the main fleet in the North Sea on the shortest notice.

Finish by 19th.

The delegates are in daily conference, and the Admiralty hopes that a scheme will be completed and ready for presentation to the Conference on August 19.

New Zealand, South Africa and the smaller Colonies have agreed to make direct contributions to the British navy, and to depend on it for their protection.

Standard Oil Company May Start a Rate War

New York, Aug. 15.—The petroleum trade is facing a crisis which may lead to a world-wide war in prices between the leading interests of the Standard Oil Company, on the one hand, and its 125 competitors, big and little, on the other. An official of the big trust said today that prices, which had been tending steadily downward, would go still lower before there was any marked improvement.

The great menace to the stability of the oil market at present is declared to be the enormous over-production of the crude product, with apparently no indication of the lessening or curtailment of the output. The Standard Oil's statistics in the amount of crude oil in storage in the various oil fields of the country at 100,000,000 barrels.

It is believed the Standard will make war on foreign concerns which can pour oil into the United States free of duty under the new tariff.

BROKER STOWS AWAY TO ESCAPE CREDITORS

Deputy Marshals Sought Him From Stem to Stern Before Vessel Pulled Out.

New York, Aug. 15.—Several deputy United States marshals have reported that Isaac Newcomb, a former member of the stock exchange, whom they tried to prevent leaving the country because of bankruptcy proceedings pending against him, concealed himself on the French line steamship La Touraine until the vessel was ourside the three-mile limit on its way to France.

Persons who had brought the legal action against Newcomb employed private detectives, who learned that Newcomb, to avoid service had taken passage on the La Touraine and the court issued an order to the marshals to prevent the former broker leaving the country. On the steamship the officers found Newcomb's baggage and his wife in a stateroom which had been reserved for them. They searched the vessel from the bow deck to the hold and departed from the ship only when it was leaving its dock.

When the La Touraine was well outside the three-mile limit a dock employee informed the marshals that Newcomb had been concealed on the boat by one of the stewards.

FAITHFUL BULLDOG KILLS WOULD-BE RESCUER

Tears Throat of Woman Who Tries to Assist His Unconscious Mistress.

New York Aug. 15.—Guarding his mistress as she lay upon the floor of her room unconscious from an attack of epilepsy, a brindle bulldog sprang at the throat of a young woman who tried to render assistance and fastened his teeth in her flesh.

Resisting the puny efforts of his victim's 8-year-old boy to drive him away he continued to mutilate the woman until she fainted. Then he turned upon the boy and was only prevented from killing him by the timely arrival of a neighbor, who drove the maddened animal away from the boy and ended his career with a double charge from a shotgun.

Physicians say the woman will die as the result of the horrible wounds inflicted by the dog. They do not know whether or not they can save the boy.

Better Have Gone Fishing.

Milton, Pa., Aug. 15.—Milton Shive, of Patten, Pa., yesterday was splitting discarded railroad ties when a terrific explosion occurred, and he was blown to pieces. It is believed that a dynamite cap had been concealed in the tie, and that it was exploded when Shive's axe struck it.

STEAMER GEORGIA ARRIVES IN PORT

Canadian Mexican Liner Brings More Freight Shipped Here Via Tehuantepec.

The Canadian Mexican liner Georgia reached port Saturday from Salina Cruz, Mexico, with one of the largest consignments of freight for local merchants which she has brought to this port. The consignment also made the record trip from Liverpool to British Columbia via the Tehuantepec railway, which is now becoming recognized as a valuable trade route from Europe to ports on the Pacific. The Georgia discharged most of her cargo at Victoria and then proceeded to Union for coal before coming up the Fraser river to New Westminster. She tied up at the Brunette mills where she will take a part cargo of lumber for Mexican ports.

EIGHT TONS OF PIG IRON FALLS ON TO ATHLETE.

Pittsfield, Mass., Aug. 15.—William P. Mitchell, a graduate of Brown University this year, was killed yesterday by eight tons of pig iron, which broke through a ceiling and fell upon him while he was at his desk in the office of the Stanley Electric Manufacturing Co. The iron had been stored in a room over the office. Mitchell was 24 years old, and was the son of the Rev. Arthur Mitchell, of Bordentown, N. J. At Brown University he was known as a general athlete, and was popular.

Ingenious Convict Captured.

Huntsville, Ont., Aug. 15.—Joe Smith, a month ago created a sensation by whitewashing his trousers at Bracebridge jail, and thereby making good his escape. He was captured on the Lake of Bays yesterday, and was being brought to Huntsville on the steamer Algonquin. When near the wharf, where the chief of police was waiting to welcome him, Smith leaped overboard, swam ashore and disappeared in the bush.

ERROR IN TREATY CAUSE OF DISPUTE

Slip in Translation Gave Rise To Trouble Over Antung-Mukden Railway.

Canton, Aug. 15.—(Special Correspondence.)—It has been ascertained by the Chinese government that the real cause of the Antung-Mukden railway trouble was the mistaken translation of the agreement between the Chinese and Japanese governments in the mode of construction and the right-of-way grants.

To Reopen Negotiations.

The matter has been in the courts at Mukden for weeks and the Grand Council has decided to open negotiations with the government of Japan for 50 miles of the road at present. The agreement was made for the construction of this road eight years ago and was made in Chinese, but in its translation to Japanese the meaning of certain clauses in the agreement was misconstrued and Hsi Liang, Viceroy of Manchuria, who is very much opposed to any concessions being granted the Japanese, called out the troops to stop the work on the road.

Governor Resigns.

As a result of the opering of negotiations again Hsi Liang has resigned and the government at Pekin has appointed Chao Erh Hsing formerly Governor of Shiang Kiang. The troops have been withdrawn and the trouble will be settled entirely in the courts.

AN OLD LADY'S BUSTLE WAS USED AS A BANK.

Fort Plain, N. Y., Aug. 15.—More than $100,000 in bonds, banks notes and gold has been found hidden in the house of Miss Elizabeth Diefendorf, the recluse who died her last Saturday, leaving an estate estimated to be worth $1,000,000. The rear yard is to be plowed and the house torn down. If further search promises returns. Many of the bonds found had run to maturity, but still lay untouched under a loose board, or tucked beneath a carpet, or sewed into the lining of a dress that had not been worn for years.

One nest egg was found in a bonnet fashioned in days before the civil war, another in the bustle of a hoop skirt of the same period. Some of the bank notes, notwithstanding their age, were as clean as on the day when they were first counted out from the bank. They evidently had not been handled since.

Toronto merchants have formed an organization for decorating the stores at exhibition time.

RUN COMMENCES BADLY FOR WEEK

Hopes of Fishermen For a Big Catch Last Evening Were Not Realised.

From reports received from the fishermen late last night it looked very much as if the hopes of canners and fishermen alike, that the commencement of this week's open season would see lots of fish in the river, were not to be fulfiled.

Many Fish Expected.

When the men shot their nets at 6 o'clock yesterday evening they had expected to find lots of sockeye in the river, but the nets had only been over the side for a short time when it became evident that fish were not running well. The tide at the time, however, was not favorable, and it was hoped that more fish would appear later in the night. At midnight the run showed signs of picking up, but from indications at that time it did not seem probable that the average would be over 200 to the boat.

The fishermen in the upper reaches did better than those toward the mouth last night, this being a revermouth last night, this being the reverse of what has been the usual state of affairs this year.

Will Extend Season.

Although no word has yet been forwarded to Ottawa, the canners have now practically decided to ask for an extension of the season to September 3, and it is expected that this will be granted without demur. It is probable that a wire will be sent from the headquarters of the Fraser River Canners' Association in Vancouver, to the fisheries department at Ottawa either today or tomorrow, asking for the extension. In the ordinay course of

(Continued on Page Five).

EARTHQUAKE SHOCKS CENTRE OF JAPAN

Communication by Rail and Telegraph Is Cut Off With Districts Affected.

Tokyo, Aug. 15.—A severe earthquake occurred in Central Japan yesterday (Saturday) afternoon at 3:30 o'clock. The shock was particularly hard around Kyote, Osaka and Lake Biwa and Nagoya. All railroad communication with these districts has been interurpted. Many houses collapsed and many people were killed and injured.

Nagoya with a population of more than 250,000 and one of the principal cities in Japan, located 170 miles east of Tokyo, was badly damaged. Details are meager owing to interruption of telegraphic communication with the cities most affected. Twenty-one deaths and seventy people injured have been reported so far.

One-fourth of the Shiga prefecture sustained considerable damage. Mount Ihuki, at the northern end of Lake Biwa, an extinct volcano, is reported to have collapsed near the top. The shock was slight in Tokyo.

LIQUOR IS HIDDEN IN BALES OF HAY

$1200 Worth of Whisky Seized on Way to G. T. P. Construction Camp.

Ottawa, Ont., Aug. 6.—Liquor valued at $1200 and concealed in bales of hay, has been confiscated while being shipped to the transcontinental construction gangs near La Tuque, Que.

The whisky was doubtless being shipped through for illegal sale to the laborers on the railroad. It was carefully concealed in bales of hay, which to the casual observer were quite innocent-looking packages. The contractors along the line are greatly pleased at the seizure, as they are very anxious to have liquor kept out of the construction camps.

Advertising Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Four Thousand ($4000.00) Dollars for the purpose of advertising the City.

Whereas, it is expedient to expend the sum of Four Thousand ($4000.00) Dollars in advertising the City and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Four Thousand ($4000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars.

And, Whereas, in order to raise the said yearly sum of Two Hundred and Thirty-Five and 46-100 ($235.46) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-four Thousand ($394,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Four Thousand ($4000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Two Hundred ($200.00) Dollars for the payment of interest thereon, and the sum of Thirty-Five and 46-100 ($35.46) Dollars to provide for the repayment of the principal

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Advertising By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

City Gaol Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Six Thousand ($6000.00) Dollars for the purpose of building a City Gaol and Police Court Room.

Whereas, it is expedient to erect a building to be used as a City Gaol and Police Court Room, and to use that portion of the Civic Building, now used for those purposes, for other purposes and to expend in the erection of the said building the sum of Six Thousand ($6000.00) Dollars, and that the said sum should be raised on the credit of the Corporation.

And Whereas, It appears that if the sum of Six Thousand ($600.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars.

And, Whereas, in order to raise the said yearly sum of Three Hundred and Fifty-three and 19-100 ($353.19) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster.

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Ninety-Two Thousand ($392,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Six Thousand ($6000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Three Hundred ($300.00) Dollars for the payment of interest thereon and the sum of Fifty-Three and 19.100 ($53.19) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "City Jail Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Waterworks Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars for the purpose of increasing the capacity of the City Waterworks System.

Whereas, it is expedient to construct an additional Main Pipe Line for the City Waterworks System from Coquitlam Lake to the Queen's Park Reservoir, and also from the Reservoir to the City limits on Lulu Island, and for that purpose to expend the sum of Two Hundred and Thirty-Four Thousand ($234,000.00) Dollars.

And Whereas, It appears that if the sum of Two Hundred and Thirty-Four Thousand ($234.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars.

And, Whereas, in order to raise the said yearly sum of Thirteen Thousand Seven Hundred and Seventy-Four and 52-100 ($13,774.52) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Thirty-Four Thousand ($234,000) Dollars, and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Two Hundred and Thirty-Four Thousand ($234,000) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Three Hundred ($300.00) Dollars for the payment of interest thereon and the sum of Fifty-Three and 19.100 ($53.19) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "City Gaol Debenture By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Hospital Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of granting the same to the Royal Columbian Hospital.

Whereas, it is expedient to grant the sum of Thirty Thousand ($30,000.00) Dollars for the purpose of assisting in the erection of a new building for the Royal Columbian Hospital in this City.

And Whereas, It appears that if the sum of Thirty Thousand ($30,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars.

And, Whereas, in order to raise the said yearly sum of Seventeen Hundred and Sixty-Five and 96-100 ($1765.96) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Three Hundred and Sixty-Eight Thousand ($368,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Thirty Thousand ($30,000.00) Dollars, for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Eleven Thousand Seven Hundred ($11,700) Dollars for the payment of interest thereon, and the sum of Two Thousand and Seventy-Four and 52-100 ($2074.52) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Waterworks Debenture By-law 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

NOTICE.

Take notice that the above is a true copy of the proposed By-law which will be taken into consideration by the Municipal Council of the City of New Westminster one month from the date of the first publication thereof in the "Daily News" and "Daily Columbian" newspapers, which first publication took place on the 22nd day of July 1909, and that a vote of the electors of the City will be taken on the said proposed bylaw on the 25th day of August, 1909, between the hours of nine o'clock a.m. and five p.m., at the following places, namely: The Council Chamber, civic building; the Fire Hall, Sapperton; and the Waterworks Storehouse, Eleventh street.

W. A. DUNCAN,
City Clerk.

City Hall, July 22nd, 1909.

Street Improvement Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of One Hundred and Four Thousand ($104,000.00) Dollars for Street Improvements.

Whereas, certain sums of money have this year been expended out of the general revenue of the City for the construction, improvement and repair of certain streets and sidewalks, and it is expedient that certain additional sums be spent in like manner, amounting in all (with sums already so spent) to the sum of One Hundred and Four Thousand ($104,000.00) Dollars.

And Whereas, It appears that if the sum of One Hundred and Four Thousand ($104,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the and debentures, the sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars.

And, Whereas, in order to raise the said yearly sum of Six Thousand One Hundred and Twenty-two ($6,122.00) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand, One Hundred ($1,219,100.00) Dollars irrespective of the sum of Two Hundred and Ninety-Four Thousand ($294,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds, sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of One Hundred and Four Thousand ($104,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds, sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of Five Thousand Two Hundred ($5,200.00) Dollars for the payment of interest thereon, and the sum of Nine Hundred and Twenty-two ($922.00) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th. day of August 1909, and may be cited as the "Street Improvement Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

City Clerk. Mayor.

Incinerator Debenture By-Law, 1909.

A By-law to enable the Council of the City of New Westminster to raise by loan the sum of Twenty Thousand ($20,000.00) Dollars for the purpose of building an Incinerator.

Whereas, it is expedient for the improvement of sanitary conditions in the City that a public Incinerator should be built for the destruction of refuse at the cost of Twenty Thousand ($20,000.00) Dollars.

And Whereas, It appears that if the

S. S. TRANSFER

The steamer Transfer will leave Brackman-Ker wharf every week day afternoon, except Saturday, at 3 p.m. for Ladner, Steveston and way ports. Saturday at 2 p.m., returning to New Westminster Saturday evening.

Returning, leaves Steveston every week day morning, except Friday.

Additional trip Monday morning, leaving New Westminster at 5 a.m.

This schedule subject to change without notice.

For freight and passenger rates apply to

ROBERT JARDINE,
Manager.

sum of Twenty Thousand ($20,000.00) Dollars be appropriated from the general revenue of the City for the current year the rate of taxation will be excessive, and it is expedient that such excessive taxation should be avoided, and the said sum should be raised on the credit of the Corporation, and that debentures should be issued for that amount.

And, Whereas, for the payment of interest on the debentures proposed to be issued under this By-Law, and for creating a sinking fund for the payment of the said debentures when due, it will be necessary to raise by special rates, in addition to all other rates, each year during the currency of the said debentures, the sum of One Thousand One Hundred and Seventy-seven and 30.100 ($1177.30) Dollars.

And, Whereas, in order to raise the said yearly sum of One Thousand One Hundred and Seventy-seven and 30-100 $1177.30) Dollars an equal special rate on the dollar will be required to be levied on the whole rateable property of the City of New Westminster;

And, Whereas, the whole rateable property of the said City, according to the last revised assessment roll thereof, is Five Millions, Three Hundred and Ninety-One Thousand, Four Hundred and Forty-Five ($5,391,445.00) Dollars.

And, Whereas, the total amount of the existing debenture debt of the said City is One Million, Two Hundred and Nineteen Thousand One Hundred ($1,219,100.00) dollars irrespective of the sum of Three Hundred and Seventy-Eight Thousand ($378,000.00) Dollars proposed to be raised under the "Hospital Debenture By-law 1909," the "Waterworks Debenture By-law 1909," the "Street Improvement By-law 1909," the "Incinerator Debenture By-law 1909," and the "City Gaol Debenture By-law 1909," of which none of the principal or interest is in arrears.

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the debentures, hereinafter mentioned, any sum or sums of money, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars and to cause the same to be paid into the Treasury of the said City for the purposes mentioned herein.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, not exceeding in the whole the sum of Twenty Thousand ($20,000.00) Dollars for such sums of money as may be required, not less than $100.00 each, or an equivalent expressed in pounds sterling of the United Kingdom of Great Britain and Ireland, at a value of 4.866 to the pound sterling; and all such debentures shall be sealed with the Seal of the Corporation signed by the Mayor and countersigned by the Treasurer thereof, or by such other person or persons as may be thereunto lawfully authorized.

3. The said debentures shall be payable on the first day of July 1959, at such place or places as the Council of the said Corporation may from time to time appoint, with the approval of the holders thereof, and shall have attached to them coupons for the payment of interest at the rate of five per centum per annum on the amount thereof, which interest shall be payable half yearly on the first of January and the first day of July, in each and every year, and the said coupons shall be signed by the said Mayor.

4. A special rate on the dollar shall be levied and raised in each year, in addition to all other rates, on all rateable property of the City, sufficient to pay the interest on the debentures, and to create a sinking fund for the payment of the principal thereof when due, subject to any Act or enactment respecting the same.

5. Subject as aforesaid, there shall be raised annually by special rates as aforesaid, during the currency of the said debentures, the sum of One Thousand ($1,000.00) Dollars for the payment of interest thereon and the sum of One Hundred and Seventy-Seven and 30-100 ($177.30) Dollars to provide for the repayment of the principal.

6. The proceeds of the sale of the said debentures shall be applied as follows, and not otherwise: Towards paying the cost of the passing of this By-law and the issue and sale of the debentures therein referred to.

7. This By-law shall take effect on the 25th day of August 1909, and may be cited as the "Incinerator Debenture By-law, 1909."

8. This By-law before the final passing thereof, shall receive the assent of the electors of the said City in the manner required by law.

Received the assent of the electors on the.....day of.....1909.

Reconsidered and finally passed in open Council the.....day of..... 1909.

(e) The character of the proposed works, a water power plant for the generation of electricity for merchanical, industrial and commercial purposes and particularly in the operation of motors, machiney, electic lighting, the operation of tramways and other works for which such light, heat and power are suitable and available. (f) The premises on which the water is to be used is situated at or near high tide mark at the mouth of the river. (g) The purposes for which the water is to be used is to generate electric power, light and heat for traction, lighting heating, manufacturing and all and every industrial or other purposes to which it may be applied. (i) If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return. The water is to be returned to river near mouth of same, and difference of elevation between point of diversion and point of return is about 300 feet. (j) Area of Crown land intended to be occupied by the proposed works will not exceed 320 acres. (k) This notice was posted on the 7th day of July, 1909, and application will be made to the Commissioner on the 11th day of August 1909. (l) Give the names and addresses of any riparian proprietors or licenses who or whose lands are likely to be affected by the proposed works, either above or below the outlet, B. F. Dickins, Vancouver, B. C.

The part of the Memorandum of Association of the Company which authorized the proposed application and works, reads as follows:

(3) The objects for which the Company is established and to which objects the Company are restricted are the acquisition of water and water power by records of unrecorded water or by the purchase of water records or water privileges for (a) Constructing, operating and maintaining electric works, power houses, generating plant and such other appliances and conveniences as are necessary and proper for the generating of electricity, or electric power, or any other form of developed power, and for transmitting the same to be used by the Company or by persons or companies contracting with the company therefor, as a motive power for the operating of motors, machinery or electric lighting or other works or to be applied by the Company to consumers for heating or as a motive power for propelling tramways, or for driving, hauling, lifting, pumping, lighting, crushing, smelting, drilling and milling or for any other operations to which it may be adapted or to be used or supplied for or in connection with any other purposes for which electricity or electric power may be applied or required. (g) For rendering water and water power available for use, application and distribution by erecting dams, increasing the head of water in any existing body of water, or extending the area thereof, diverting the waters of any stream, pond or lake into any other channel or channels, laying or erecting any line or flume, pipe or wire constructing any raceways, reservoir, aqueduct weir, wheel, building, or other erection or work which may be required in connection with the improvement and use of the said water and water power or by altering, renewing, extending, improving, repairing or maintaining any such works, or any part thereof.

Diver Reaches Sunken Engine

(Continued from Page 1.)

wrecking department, Cook passed his line through one of the big driving wheels, returning with the spare end to the surface. A wire cable was attached and drawn through the wheel and a pull taken with the heavy donkey engine on the transfer barge Sydney No. 2, anchored above. Doubt was expressed as to whether the cable was strong enough to stand the strain and operations were suspended until yesterday.

Second Attempt Sunday.

Diver Cook again descended yesterday afternoon at 5 o'clock, guiding himself by the cable fastened the day before. He experienced comparatively little trouble in attaching another cable to the wheel, making two descents. A pull was given by the engine and a strain placed on the cable, raising the locomotive some two feet when it was deemed advisable to desist until today. The diver stated that it was the intention, providing the tackle proved equal to the strain to raise the locomotive and tow it to where it could be placed on the track with a wrecking crane. But if there seemed to be any doubt of the cable being insufficient for this, the engine would be dragged along the bottom to shallower water where it would be easier to place more tackle than in the present deep water.

Has Expert Assistance.

Mr. Cook is assisted in his work by two expert assistants to whom he attributes much of his success in this difficult task, Ben Gilbert, the tender who attends to the diving equipment, and the air tube, and Leslie Graves, in charge of the air pump. The operations yesterday were watched by a large crowd of people from the bridge and the shore and not only the diver but one of the assistants, who gave an exhibition of rope swarming in order to reach the bridge from the scow and attach guide lines, came in for merited applause.

HOUSE OF "CORRUPTION" NOT "CORRECTION"

Montreal, Aug. 15.—Judge Choquet today declared that the Montreal Women's jail was a "House of Corruption," and not a "House of Correction," and sentenced two women, who had stolen $1,500 from a man's pocket, to Kingston penitentiary. If sent to the Montreal jail, he said, they would have had an opportunity for planning lives of vice.

WILL BUILD CANCER HOSPITAL IN LONDON

London, Aug. 15.—The trustees of the fund of $1,250,000 left by Henry Barnato to found a hospital in memory of his brother, Barney Barnato, will devote that sum to the building and the endowment of a cancer hospital in London.

TYPOGRAPHICAL UNION LABEL NEW WESTMINSTER

MONDAY, AUGUST 16, 1909.

A FAIR CRITICISM.

It is a sincere pleasure to all lovers of lacrosse in New Westminster and Vancouver to know that there is one journal in Vancouver, with the courage of its convictions. We refer to the Saturday Sunset. In a masterly review of the game, many excellent reasons are given for Vancouver's defeat, and an absolutely unbiased criticism given of the rough-house tactics and the "hoodlums" who invaded the ground, before the finish of the match. We have already given our opinion of the fracas that happened on the "fatal" 7th, and without further criticism publish in full the Saturday Sunset report:

"Vancouver didn't pull off a win against the Westminster club last Saturday at Recreation park primarily for the reason that the champions played better lacrosse. And now the Minto Cup, which all the time has appeared to me to be safe in the Royal City, looks safer than ever, for if the champions don't win another game from the Vancouver team this season I would like to put myself down on record as ready to chew my hat at one sitting, and straw never did agree with my constitution. On the showing of last Saturday I will be surprised if Vancouver is able to win more than one if any at all of the remaining three games from the Fraser River champions, and when we review the past Vancouver enthusiasts should think themselves lucky that they have a pair of wins against the husky Royals.

"I said that Vancouver lost the game primarily because Westminster played better lacrosse. I would like to add that Vancouver lost any chances of changing the tide of fortune by rough-house tactics which deprived the team of its players at the most needed moments, and that Vancouver rightfully forfeited any claims on the match by methods worthy of the advanced order of ox-fellers. No team which makes a specialty of cutting down players has a license to win and thank goodness with strict and impartial officials they stand about a 100 to 1 chance of turning the trick.

"Even had Vancouver not killed their chances of winning on Saturday last, by undue slugging, I think the champions deserved the game. They played better lacrosse than the locals in every department and the fact that the score was as close as it was gave me the greatest surprise. The Royals were not only faster but their passing was better, their style more dashing and their combination more machine-like and telling. Vancouver lacked speed in the field and when the home did get the ball they were so slow in getting down to work that the Westminster defence had ample time to form a veritable stone wall in front of their net and when the shot did come it was generally from far out where more than one red-shirted player had a chance to save. The Vancouver team, too, made a mistake in throwing too much of the shooting on the shoulders of Lalonde, great shot though he is, who was checked up to the hilt and who rarely found an opening. Had the form of attack been varied the team might have looked for different results. So much for the game.

"I can't help referring again to the slugging element which seems to creep into all games between Westminster and Vancouver. Vancouver players and supporters naturally thought the Vancouver team and players got the worst of the decisions. I don't think they did. From where I could see what was going on in the field, I think Westminster got much the worst of it and Vancouver escaped mighty well, even if penalties near the end of the game did deprive thm of any chances to win. How did that Springer-Geo. Rennie clash strike the average fan? There was something eminently out of proportion in this. Rennie had to retire from the game temporarily, from a crack over the eye from Springer's stick, and by the way, I may say I think the blow was purely accidental. Rennie went to the clubhouse for repairs and rather than further delay the game Lund was called on to fill his place. When Rennie returned to the game at the opening of the fourth quarter he was debarred from playing on a protest from the Vancouver player that he had exceeded the time limit in which to return to the game and still Springer, who compelled his retirement, had been back in the game for over five minutes. It may be the game all right, but it didn't look like a square deal to New Westminster at that. If Rennie was sufficiently disabled to be forced to retire for the balance of the game the player who laid him out should have drawn a check for the balance of the match or Rennie should have been allowed to get back into the game. It certainly looked inconsistent to see the victim of a foul play ruled off the field while the offending player enjoyed unlimited freedom and either the rules need amending or the penalty of the officials was not in proportion to the seriousness of the offence. I merely call attention to this incident to show how groundless are the claims of many of the more partizan Vancouver enthusiasts, who would have everyone believe that Westminster got all the best of the refereeing.

"One of the great troubles with the Vancouver team is that its players, management and supporters, have not yet learned how to take a defeat gracefully. When O'Brien was ruled off just before time a lot of hoodlums gathered on the field and serious trouble was only narrowly averted. Again, after the game Judge of Play Peele was assaulted, and I think it would be only an unbalanced enthusiast who would commend such a despicable act. The Vancouver representatives on the governing lacrosse body call for fearless officials, but when these officials perform their duties they are assaulted. Surely the Vancouver team must be insincere in its protestations for clean lacrosse. If so the players should be an object for police supervision rather than come under the control of officials whose rulings they disrespect. The Vancouver team has no special dispensation to use their opponents as they deem fit and with league officers with more backbone, with a little chaser of police intervention, both the Vancouver and Westminster lacrosse clubs would soon realize the position they occupy in the public eye."

RACE WAR THREATENS IN CITY OF HOUSTON

Many Incendiary Fires Are Attributed to Negroes and Whites Commence to Arm.

New York, Aug. 14.—A despatch to the Herald from Houston, Tex., says: Following the receipt by the police authorities of an anonymous letter, evidently written by a champion of the negroes, threatening to destroy the city by fire if the police did not desist in their present methods of dealing with criminal negroes, 18 incendiary fires have occurred in the city in the last three days, entailing a property loss of more than $50,000. In one case a negro was detected in the act of setting fire to a residence in such a manner that the stairway would burn first, imprisoning all the sleeping occupants on the upper floor. In many instances shavings and paper soaked in oil have been found in the hallways of houses. One fire, evidently started by negroes, destroyed 11 houses.

The whites are aroused and one of the afternoon papers today suggests that the whites form a protective alliance and patrol the city armed with guns, arresting every negro found on the outside of recognized negro settlements.

Threats are being made by reckless persons to deal summarily with the negroes as a class without distinction. It is known that several hundred Springfield rifles, recently shipped into the city, have been purchased by negroes.

ADDITIONAL CITY NEWS.

A. W. McLeod left on Saturday on a short trip to Seattle.

Miss McLeod, who has been spending a few days, the guest of friends in Seattle, has returned home.

The Burnaby municipal council has let a number of contracts for cement culverts, to be used in connection with the road improvement work now under way in the municipality, to the Royal City Contract Co., of this city.

W. E. Fales, proprietor of the W. E. Fales Furniture Emporium, left on Saturday on a holiday trip, in the course of which he will visit his son, Dr. Fales, of Walla Walla, and will also take in the Seattle fair. He is accompanied by his grandson, Willie Fales.

S. Bowell of this city, whose marriage with Miss Lottie Johnstone of Salmon Arm was recently announced, has returned to the city, after a honeymoon trip in the upper country. Mr. and Mrs. Bowell will take up their residence at Sapperton.

The remains of the late John M. Routley of Langley, whose death occurred in the city last week, were interred on Saturday afternoon at the I. O. O. F. cemetery, the funeral arrangements being in the hands of D. Murchie. Rev. J. S. Henderson conducted the funeral services.

The board of trade has received large consignment of folders issued by the provincial government at Victoria advertising the province. A large cut of the parliament buildings occupies two of the eight pages, three pages are given to facts about the province in condensed form, and there are cuts of fruit harvesting, fishing, mining, hunting and salmon fishing.

MONTREAL ROADS DEPT. WAS IN ROTTEN CONDITION

Montreal, Aug. 15.—Some significant light was thrown upon the administration of the roads department when the investigation of civic affairs by the Royal Commission resumed this morning.

First, a new and direct accusation was made to the effect that certain men who had been discharged from the roads department for dishonesty have been re-engaged at the instigation of members of the roads committee. Then inquiry was directed to the relationship between Messrs. R. Brunett and E. Belanger and the department.

A number of Foresters and their friends took in the excursion by the steamer City of Nanaimo on Saturday, returning the same evening. They spent a pleasant time on the trip.

Valley Shows Progressive Spirit

(Continued from Page One.)

of advertising the new board, when formed, "co-operate with the New Westminster board in its publicity work and thus obtain a maximum amount om advertising with a minimum amount of expense to yourself; for New Westminster being undoubtedly the point to which you should look for support in all matters affecting your commercial and agricultural interests is entitled to expect a large measure of support to its industries from the residents of your municipality; and therefore whatever benefits it can assist you in obtaining, or whatever settlements it can introduce into your midst, and will tend to increase the prosperity of its citizens and the prestige and influence of the communities resident in the Fraser River valley.

A resolution favoring the establishment of a board to embrace the municipality was moved by Mr. Ferguson and seconded by Mr. E. W. Beckett, and carried also that the board should embrace the country between the Pitt and Stave rivers (partly in the neighboring municipalities), and another resolution favored a joint meeting of delegates and those interested in the movement of the Port Haney public hall when officers would be elected and organization completed.

A committee of five to canvass the district around Port Haney, Sanderson, N. Lougheed, C. Pelletier and J. D. Robertson, was appointed, and it was further resolved to invite the Port Hammond and district improvement association to name five delegates to canvass this district west to the Pitt river, Messrs. Heaps and Gilchrist of Ruskin, and A. W. Spilsbury and T. H. Robertson, of Whonnock, were asked to look after their several districts.

Reeve Laity was suggested as the first president of the board, be being elected by the whole municipality and an independent man; the vice-president and secretary will be chosen from the populous parts of the district and at separate parts of the same.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

Would you win a

109-Piece Dinner Set?

and at the same time secure the best flour sold in the province of British Columbia today? Each month we are giving away ten dinner sets to those who are fortunate enough to secure from the sacks of Royal Standard Flour the coupons bearing the winning numbers. Many lucky ones have already secured a dinner set—you may be next.

But whether you get a dinner set or not Royal Standard Flour is always a winner. Selected wheat, scientific milling, careful packing and storage, marketing so that it will reach you at perfection's highest point, make Royal Standard the acme of goodness in a flour. Insist upon your grocer carrying it.

EIGHT DEAD AND MANY INJURED IN TRAIN WRECK

Colorado Springs, Colo., Aug. 14.—Eight are dead and fifty injured, some fatally, as the result of a headon collision between train No. 8, northbound, and train No. 1, southbound, on the Denver & Rio Grande at Husted, 13 miles north of Colorado Springs, this morning. The trains were both running at terrific speed and met on a curve. No. 8, drawn by two engines, telescoped the baggage car and smoker on No. 1, and all three engines went into the ditch. With more than 400 passengers on the two trains the excitement following the accident was indescribable. Relief trains bearing surgeons and nurses were rushed to the wreck and the wounded were brought to local hospitals.

NOTICE.

Tenders are called for the privilege of serving refreshments at Queen's park on Labor Day, September 6. Tenders to be in by Tuesday, the 17th of August, and addressed to J. P. McMurphy, New Westminster.

MANAGER QUERRIE TAKES HINT FROM THAW CASE

Will Attempt to Defend Ions on the Ground of Cerebral Tornado and Not Responsible.

Manager Querrie of the Tecumsehs has been doing some tall thinking in his endeavors to rake up an excuse for the attack made by Ions upon Kalls in the Shamrock-Indian game.

Charlie has evidently been following the Thaw case and has got his head full of alienists, hypothetical questions and brain storms. When Ions comes up for trial he will endeavor to prove that the player at the time he committed the assault was not responsible for his action, having been given a cerebral tornado by a blow in the eye from the ball.

The manager of the Indians is quoted as follows in the Montreal Star:

"Kalls had hit him in the eye with a ball just before the so-called assault. That blow had mixed up his brain cells to such an extent that he did not know what he was doing. He will be entirely exonerated. Look at this!" and Mr. Querrie triumphantly held out a document, which proved to be a copy of an affidavit made by Dr. Crawford, of Toronto, in which the latter testifies that after carefully examining poor Mickey Ions, he came to the conclusion that he was not responsible for his actions for several minutes after he received that ball in the eye, which was thrown by Kalls, in fact, that he did not know what he was doing till after he got back in the dressing room.

"Now what more could you ask?" said Mr. Querrie.

"Sure, we are going to stand by the poor boy, and what is more, we maintain that the National Lacrosse Union have no right to meddle with things which happened outside of their jurisdiction, and that Mr. Lally has no reason to report this matter to them. The other clubs may slam us, for they have done so before, but that is no reason we are going to resign our pretensions to the championship."

SEATTLE CLEANS UP IN BIG MEET AT A. Y. P. FAIR

Seattle led by sixteen points at the close of the big meet of the A. A. U. at the exposition on Saturday of the last week. The scores of the contesting clubs are as follows:

Seattle Athletic Club	46
Olympic Club	30
Chicago Athletic Association	26
New York Athletic Club	17
Kansas City Athletic Club	12
Multnomah Club	5
Mott Haven Athletic Club	5
Boston Athletic Club	5
Missouri Athletic Club	2
H. McLean (unattached), Phoenix, Arizona	5

The only record broken was that for hurling the sixteen-pound shot, Ralph Rose, the young California giant, doing the trick with a put of 50 and 26-100 feet.

B.C.L.A. Meeting.

President Gray, of the B. C. Lacrosse Association, has called a special meeting of that organization to be held in this city on Thursday evening next, when the referee question will be discussed. Several other important matters will also come up for discussion.

French Rider Beats Walthour.

Paris, Aug. 15.—Magiet, the French pace-follower, defeated Bobby Walthour, the American cyclist, in a 30-kilometre motor-paced match here last night. The time was 24 minutes 3 1-5 seconds.

Manager McCloskey of Milwaukee has signed Jack Warner, the old New York catcher.

Eddie Karger, the old Cardinal pitcher, is making a nice showing with the Boston Americans.

Pitcher Durham, who was given a trial by the Giants, has been turned back to Toronto by the Columbus club.

Frank Allen, the Southern college pitcher, secured by Detroit, struck out ten men in a recent game at Memphis.

It is said now that both Cleveland and Pittsburg will be invaded by the American association next season.

SUCCESSOR TO DOWIE FIGURES IN COURTS

Chicago, Aug. 15.—Wilbur Glen Voliva, of Zion City, successor to the late John Alexander Dowie, as overseer of the Christian Catholic Apostolic church, may be imprisoned in Lake County jail in a few days.

A judgment against him for $10,000 entered last Thursday by Judge Robert Wright, of Belvidere, in favor of Attorney Philip Mothersill, who sued Voliva for slander and libel, must be paid or Voliva must appeal the case in order for him to keep out of jail. It is said he is unable to pay the judgment.

NEW ITALIAN RUNNER DOES STARTLING STUNTS

Emilie Lunghi, Newly Acquired Irish American Athletic Club Man, Is Very Fast.

New York, Aug. 15.—Emilie Lunghi, the great Italian runner, has joined the Irish-American A. C., and is training every afternoon at Celtic park. Trainer Robertson when he saw Lunghi's method of working immediately changed the whole thing and started the Italian sprinting. Lunghi, who, by the way, is working to fit himself for the half mile, has been running long distances. The first day he trained at Celtic park Lunghi ran two miles under 9 minutes and 30 seconds.

Coach Robertson immediately cut the young Italian's work to a quarter mile. The first night's effort showed 53 1-5 seconds. The next afternoon Lunghi was sent over a furlong, and came home on the bit in 23 seconds. A few days later Robertson sent him out with the dashers, and Lunghi astounded the trainer by stepping 100 yards in 10 3-5 seconds.

CRICKET

Vancouver and New Westminster cricket teams on Saturday, at Brockton Point, played to a draw with twelve men on each side instead of the usual eleven. The weather and the ground were most unsatisfactory owing to rain. Vancouver went to bat first and declared with four wickets down and two retired for 144 runs. Westminster with only an hour to play succeeded in making it a draw with two wickets to spare. Following are the scores:

MANY SCRAPS AHEAD FOR JACK JOHNSON

Chicago, Aug. 15.—Jack Johnson, who considers the proposed Jeffries-Johnson match for the heavyweight championship of the world made, and does not doubt that Sam Berger has authority to sign the preliminary arrangements, today will leave for the coast, where he is matched to fight Jack O'Brien before the Coffroth Club on September 6, and Stanley Ketchel in October. After his fight with Ketchel he will come east to sign final articles with Jeffries, who will have returned from Europe by that time.

Run Commences Badly For Week

(Continued from Page 1.)

events the season is due to close on Wednesday of the present week.

Commissioner Inspects Traps.

Dr. Prince, who has been in the city for the last few days, paid a visit to the traps on the American side at Boundary Bay on Saturday afternoon. Attempts to locate him yesterday evening were unavailing, but it is stated that on his return he reported having found the traps all down, and full of fish, although the close season was then supposed to be on.

The daily report of the canners' association for Saturday is as follows:

Bellingham—Canneries still have a full supply of fish. About 30 per cent. humpbacks being taken in their traps.

Anacortes—Canneries still have a full supply of fish. About 75 per cent. humpbacks are being taken in lower traps. Boundary Bay traps taking mostly sockeyes.

Phoenix—Average 200.
Imperial—Average 160.
Brunswick—Average 140.
St. Mungo—Average 165.
Ewens—Average 90.
Vancouver—Average 112.

Live Stock Insurance

Live stock insurance has fast become recognized as one of the best kinds of insurance in existence, and an ever-increasing number of stock owners are protecting themselves against the serious losses which they have had to suffer in the past. I represent the only strong, reliable Canadian company carrying this class of insurance, and as they do not handle any nsurance but live stock they are able to fulfil their obligations to th greatest satisfaction, and every legitimate loss which has occu red on any of the company's policies since they started business, ha been promptly paid, cheques usually being forwarded within a day o two, and the following letter is an instance:

New Westminster, June 23, 1909.

A. W. McLeod, Agent British American Live Stock Ass'n Ltd., New Westminster, B. C.

Dear Sir,—I beg to thank you and your company for the prompt settlement made for the loss of my mare "Nell," for although my claim form was only completed yesterday I have already received cheque for $200.00 in full payment.

Yours sincerely,
(Sgd). J. A. GIBSON.

You may be the next to lose some valuable stock, enquire for particulars.

AUSTRALIAN PREMIER KNOCK BRITISH SETTLERS

Perth, Australia, Aug. 15.—Premier Moore of Western Australia, replying to a deputation of settlers from the old country, who brought a number of alleged grievances under his notice became incensed and bluntly declared: "I have had more trouble with British immigrants than any other class of settlers, and I am going to tell our agent general in London not to send out any more immigrants, no matter how much capital they have, unless he is thoroughly satisfied that they are men who can make a success on the land."

ton despatched and received via Vancouver.)

ENGLISH VERSUS GERMAN INFLUENCE IN STATES

Americans Turn to Teutons in Many Cases Where They Formerly Looked to English.

London Aug. 15.—The Daily Mail prints today a letter from Medill MacCormick, publisher of the Chicago Tribune, suggesting that it is a fascinating opportunity for the English journalist to disclose to the English public the real attitude of modern America toward England and the English.

Mr. MacCormick says the English journalist overlooks the extreme nationalism of American opinion, which cherishes only a perfunctory sentiment for England of today, whatever feeling there may be about a common interest in Shakespeare, the Bible and the Magna Charta. He forgets also the bitterness induced in a raw self-conscious community by years of condescension and dislike on the part of the English.

Teutonic Influences.

"In short, we scarcely realize ourselves that paradoxically, Americans like Englishmen, but frequently do not like England." The writer proceeds to discuss the increasing Teutonic influence on the United States. "We not only change professors with German universities," he says. "We import historians, psychologists and chemists for our best chairs. Whereas, a generation ago we looked to Oxford and Cambridge for inspiration, now we turn to Heidelberg and Leipsic. We have Germans on the bench, in business, in the law, in office and seeking it. English with a German accent is more familiar to our ears than English with an English accent."

German Audacity.

If American support is of any value to England, Mr. MacCormick concludes, something should be done to offset the Teutonic influence. "Otherwise Cecil Rhodes will have created his trust to no purpose. The English journalists are wasting their time and ink on us, but German audacity will compel our admiration and his Bismarckian sharp practice amuse us."

WANTS INDUSTRIAL PEACE THROUGHOUT THE WORLD

New York, Aug. 15.—Ralph M. Easley, Chairman of the Executive committee of the National Civic Federation, sailed for Europe yesterday on the steamer Baltic to look over the ground in England and on the continent, with a view to reporting on the advisability of organising an International Civic Federation. Such an organisation, to assume practical world-wide scope in the settlement of labor troubles and the promotion of improved relations between employer and employed, has been talked of in circles interested in civic improvement both in this country and abroad. Mr. Eagsley's mission will consist largely in testing the real sentiment of representative men of affairs in Europe regarding the plan. He will look into the advisability of holding an international industrial council in this country some time next year, a subject upon which he has been in correspondence for some time with civic leaders in foreign countries.

EXHIBIT FROM VERNON.

Mayor Keary Persuades Up-Country Town to Send Fruit.

(Vernon News).

W. H. Keary, manager of the New Westminster Provincial Exhibition, was in town for a couple of days last week, accompanied by Mrs. Keary. So strong were the representations that he made to the directors of the Agricultural Society, that it is not unlikely that they will reconsider their determination to make no exhibit at New Westminster this fall and may send down fruit to compete in the five box class, for which handsome cash prizes are offered.

Canadian Pacific Railway Co.

Double transcontinental service daily, with Pullman tourist and dining cars.

Atlantic Express leaves at 9:05 a. m.

Eastern Express leaves at 7 p.m.

St. Paul train leaves at 2:10.

Cheap excursion Aug. 11 and 12.

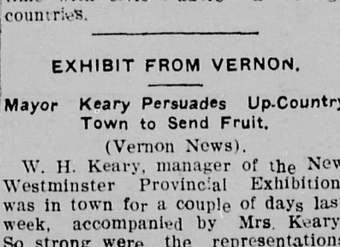
RHEUMATISM



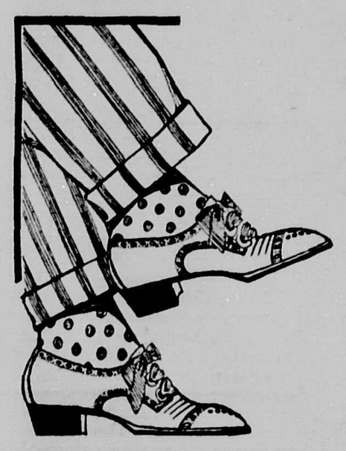
I want every chronic rheumatic to throw away all medicines, all liniments, all plasters, and give MUNYON'S RHEUMATISM REMEDY a trial. No matter what your doctor may say, no matter what your friends may say, no matter how prejudiced you may be against all advertised remedies, go at once to your druggist and get a bottle of the RHEUMATISM REMEDY. If it fails to give satisfaction, I will refund your money.—Munyon

Remember this remedy contains no salicylic acid, no opium cocaine, morphine or other harmful drugs. It is put up under the guarantee of the Pure Food and Drug Act.

For sale by all druggists. Price, 25c.

Save Dollars on SHOES

Would you like to save a few dollars on Shoes? It's an easy proposition. Here's the situation in a nutshell: Fall's already treading on our heels, and Fall Shoes must have room. If we fail to close out the remainder of our Summer Shoes right now we'll have to carry them over to next season and our Fall Shoes won't have a fair show. There's only one thing to do. It's this:



HAVE A SHOE SALE!

That's our only salvation, and HERE WE GO!

Plenty of time yet to buy Summer Shoes, but little time in which to sell them. The shoes must go! Big shoes, little shoes, all sorts of shoes included in this sale. Now is the time to root out the old pocketbok. It can do so much for so little.

Ponder a moment on these prices, then act quickly.

MEN'S $5.00 AND $6.00 SHOES FOR ... ...$3.75 AND $3.95

MEN'S $3.50 BOOTS FOR ...$2.50

MEN'S $3.00 WHITE CANVAS BOOTS FOR $1.50

MISSES AND CHILDREN'S SHOES AT ALMOST YOUR OWN PRICE.

LADIES' $4.00 EMPRESS SHOES FOR ... ...$2.50 AND $3.50

LADIES' $4.00 FINE LACE BOOTS FOR $1.95

LADIES' HOUSE SLIPPERS ..95c

LADIES' $1.75 WHITE CANVAS OXFORDS 95c

Everything for the garden at Tidy's phone 184. **

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

Orders were granted by Judge McInnes in county court chambers on Saturday for official advertising in the estate of Peter Lynch, applied for by H. L. Edmonds, and an order for execution in the case of Sherman and Hencliffe vs. Brousseau.

Some things new in men's soft shirts. See our windows. J. E. Brown & Co. **

Some things new in men's soft shirts. See our windows. J. E. Brown & Co. **

A large audience filled the opera house on Saturday night to see the Burns-Johnson fight pictures. In the battle which gave the heavyweight championship to the colored man. It was plainly Johnson all the way and gave the audience food for thought as to how long the husky black will retain the belt.

Buy orchard lands while they are cheap and become independent. We are the official agents of The Western Home and Improvement Co., Ltd. Let us tell you about their choice holdings at Appleland. A new townsite and fruit district along the line of the B. C. Electric Chilliwack line and V. V. & E. Cloverdale to Sumas Railway. This section excells in the production of all fruits. Come at once while the best lands are selling cheap and let us show you this section at our expense. We can sell five, ten, fifteen and twenty acre tracts on easy terms. F. J. Hart & Co., Ltd. **

There is a probability that the regimental bugle band of the Sixth D.C.O.R. will tour a portion of the world this summer, providing plans now under way reach a successful termination. The bandsmen are meeting twice a week in Vancouver for practice and are preparing a program that they expect will give them a world wide name as entertainers. Seattle men are said to be financing the trip. Several of the members of the Westminster companies bugle band have been invited to participate and are training with the Vancouver band.

Don't miss seeing the "eighth wonder of the world," the salmon fishing on the Fraser river, during the present season; the greatest in four years. Thousands upon thousands of fish to be seen. Visit the canneries at Steveston. The S.S. Transfer leaves Brackman-Ker's wharf daily at 3 p.m. except Saturday, when the steamer leaves at 2 p.m., returning same day. One dollar return. On Sundays a special excursion to Steveston and return is made, remaining at Steveston about an hour and a half. Steamer leaves B. C. Electric wharf at 3 p.m., arriving back at New Westminster at 8 p.m. Fare, one dollar return. **

Everything is now ready for track laying on the new Chilliwack tram line to commence in earnest this morning. The track laying machine was made ready yesterday and a supply or rails placed on the attached cars ready for use. The track laying train then moved to the end of the bridge, ready for operation today. From now on it is expected that the work will be pushed with all speed.

Camping at White Rock, with its bathing, boating, cool sea breezes and its excellent train service is proving attractive to many these hot days. We have seven lots left at $100 each. Secure one now; they will be $200 or more next year. Twenty-five dollars down will hold one for you. White, Shiles & Co., city. **

Ringlings circus passed through the city en route to Vancouver where they will perform this week. The circus is the largest in the world today, and requires four heavy trains of some twenty cars each to convey the equipment and accommodate the staff. The trains were brought to the city over the Great Northern, then taken over by C.P.R. engines of the heavier types and hauled via Westminster Junction to Vancouver, the Great Northern lines not giving access to the grounds where the performances will be held. A crowd watched the cars pass through the city.

F. Walker and J. W. Clark, convicts who endeavored to end their sentences at the penitentiary before they were up, were brought before Judge McInnes at the criminal county court on Saturday, and elected trial by jury. They will be brought for trial before the supreme court in October. Clark was the man who escaped with Miner and has enjoyed a period of liberty.
