STEEL BRIDGE GRANT RAISED TO \$15,000

Provincial Government Executive Yields to Representations for Subsidy.

The required grant of \$15,000 has been promised by the provincial government in aid of the construction of a steel bridge across the North Fork of the Fraser river. The proposition will be taken up by the city council on Monday evening next at their regular session, and plans for raising the required \$15,000 or more will be carried out without delay. His worship Mayor Keary and Thomas Gifford, M. P., waited on the executive of the government on Wednesday and succeeded in inducing that body to increase the appropriation from \$10,000 to \$15,000. After hearing the representations of the city, the government undertook to place that amount in the estimates, with the understanding that the bridge would be constructed under the supervision of a government engineer and that a shingle mill maintained on the island after its completion, at the expense of the city.

After reaching the city yesterday afternoon from the capital, Mayor Keary and Mr. Gifford had an interview with F. C. Gamble, provincial public works engineer, who had come to the city to look into the matter of installing signal lights on the new river bridge and street lights on the approach to the bridge. Aldermen and Thomas Furness, superintendent of works, were also present. The island bridge proposition was fully discussed, and it was agreed that soundings of the Arm should be taken by the city engineer and that data bearing on the proposed construction should be sent to Mr. Gamble at an early date, to enable him to prepare plans and specifications. Mayor Keary announced yesterday that according to the plans laid out, construction of the bridge will be started at an early date—certainly by winter. The first step is to raise money, and with that object in view, a fifty-acre site of the fifty-acre site owned by the city on Lulu island will be placed on the market, and the ratepayers are agreed to buy it. A by-law embodying that proposition will be discussed on Monday evening and will be submitted to the council in the near future.

The plans are for a bridge wide enough for a thoroughfare and a railway track suitable for tram or steam cars, besides the usual passage for pedestrians.

C. E. R. CONTRIBUTES \$500 CHECK TO HOSPITAL

A contribution of \$500 towards the building fund of the Royal Columbian hospital was received yesterday by Mayor Keary from General Manager Spierling of the B. C. Electric railway. Mr. Spierling's letter which accompanied the gift, was as follows: "Herewith I beg to enclose cheque for \$500, being contribution from the company in aid of the building fund of the new Royal Columbian hospital. Kindly sign voucher and return to me."

"I trust you will meet with every success in the very laudable undertaking you have so energetically taken in hand."

Victoria Man's Invention.

A Canadian patent was received during the past week through the agency of Rowland Brittain, patent attorney of Vancouver, granted to J. H. Fisher, of Victoria, on a protective covering for the pneumatic tires of automobiles or the like. This invention has for its object not only the protection of the tire from puncture and injury in wear, but has provided a means to prevent skidding, and has been taken to so design it that it may be readily attached without alteration to an existing tire, and prevent the intrusion of dust or sand between the tire and the covering, which has hitherto been a defect in protective coverings of this character.

LINE WILL BE USED FOR BENEFIT OF MILLS

G. N. R. Section to Cloverdale Not to be Abandoned When Cut-off is Completed

Providing the recommendation of the western traffic manager of the Great Northern railway is acted upon, the old line between this city and Blaine will not be abandoned when the new cut-off now under construction has been completed, but will be utilized between here and Cloverdale at least for the benefit of the mill men and others residing in that vicinity.

This information was imparted yesterday to a deputation of New Westminster men who went to Vancouver to interview the G. N. R. officials on the subject of better shipping facilities along their line between here and Blaine. The party included A. E. White, secretary of the board of trade; E. J. Crean, and J. W. Davis, of the shingle mill firm of Davis & Sons. They waited on M. J. Costello, assistant general traffic manager of the road, and Archibald Gray, assistant general freight agent, both with headquarters in Seattle. Primarily, the New Westminster deputation asked for the construction of sidings for the use of J. W. Davis & Sons' shingle mill owners, near Liverpool, and Flummerfelt Bros., millmen, two miles north of Port Kells. These people have been handicapped in their business because of their inability to get cars spotted long enough to be loaded. By the use of sidings, cars can be shunted off the main line and may then be loaded at the pleasure of the shippers. It was pointed out by the railway men that the company was constructing a new line between this city and Cloverdale, and that the fate of the old line between here and Blaine by way of Cloverdale, was still undecided.

In view of the fact that it would be a great misfortune to the mill owners between here and Cloverdale to have the old line abandoned, Mr. White and his fellow-delegates vigorously advocated the continuance of the Cloverdale-New Westminster section at least, and the railway officials promised to recommend such a step. They also favorably considered the applications for sidings for the mill owners. Mr. Costello stated that his company would install sidings along their new line where needed. He considered the waterfrontage along the south side of the river to be very valuable, and especially suitable for industries.

Mr. White also took up with Mr. Costello the matter of improving the river. In view of the fact that the G. N. R. has considerable interests here, Mr. Costello promised to assist the River Improvement company in their efforts to induce the government to deepen the channel.

Body Lies in State.

Stockholm, Dec. 12.—Commencing tomorrow the general public will be admitted daily from 10 a. m. to 1 p. m. to the chapel in the palace where the body of King Oscar will lie in state. At the head of the coffin will stand a general holding the royal standard of Sweden, while at intervals around the bier the grand marshal of the kingdom, the grand chamberlain, heralds, and other officials, and the king's bodyguard, will take their positions.

Up to the B. C. Government.

Ottawa, Dec. 12.—Sir Wilfrid Laurier told Mr. Macdonnell of Toronto, in the House today that if the British Columbia government passed the Natal act the Dominion, after it had been signed by the Lieutenant-Governor, would give its opinion on the subject. That would be the proper time to say what should be done.

POLICEMAN SUSPECTED

Keys Were Left Handy and the Prisoner Escaped Easily.

Regina, Dec. 11.—A prisoner named W. Ireton, alias Redding, who was sent from Estevan, escaped from the guardroom at the barracks yesterday morning and is still at large. The keys were left lying about it, it is alleged, and the man unlocked the door and escaped without difficulty. It is suspected that a policeman assisted in his escape and three members of the force are now under arrest.

ADDITION TO LAND OFFICE ASSURED

Needed Improvements to Court House Now Within Sight—Engineer at Work.

"It is now practically settled that a new addition to the land registry office will be constructed," stated C. C. Fisher, local government agent, when interviewed last evening. He explained that he had accompanied F. C. Gamble, provincial government engineer of public works, about the premises yesterday and discussed with him the proposed construction.

Mr. Gamble arrived in the city yesterday to look into a number of matters in which the government is concerned. He took measurements of the ground on the west side of the court house and gathered data with which to compile the specifications.

Mr. Gamble also inspected the Fraser River bridge with a view to installing signal lights for the benefit of trainmen, and street lights to the approach.

He decided to advise the placing of signal lights on the bridge and two lights along the track on Columbia street, one at the end of the board walk leading down to the bridge and the other at the path leading down the hill. A platform will be built along the street from one light to the other. Mr. Gamble also made the necessary arrangements for the commencement of work on the clearing of the new Asylum cemetery in Sapperton, for which an appropriation of \$600 was made by the government.

Memorial is Unveiled With Imposing Ceremony

With imposing ceremony and full military honors, the tablet erected in memory of Trooper Arthur Timlick, by the members of Companies A and B, Sixth regiment, D. C. O. R., was unveiled last night at the Armouries before a large audience.

Rev. J. S. Henderson, in the absence of the mayor, who was prevented from attending by business of importance, opened the ceremony with a brief speech. "We are met tonight," he said in part, "for a noble object—to honor the memory of one of you who has fallen upon the field of battle in defense of his country and his flag. Deeds like those of Trooper Timlick make the history of a regiment."

VALUABLE MACHINERY ON WAY TO BIG MILL

President of Fraser River Sawmills Coming to Supervise Improvements.

New machinery valued at something like a quarter of a million dollars will shortly be installed at the Fraser river mills, the order for the same having been placed in the Eastern States some months ago. In order to prepare for the improved equipment, all the machinery formerly in use has been removed from the buildings, and is now housed in a temporary shelter preparatory to shipping it up the coast, where it will be used in some of the smaller sawmills.

The introduction of new machinery was decided upon at the time the new company, headed by A. D. McRae, of Winnipeg, and Senator Jensen, of Jensen, Neb., bought a controlling interest in the business, and the installation has been undertaken at a time when work was slack, and the demand for cut lumber had fallen down considerably. Only the few men who were needed to move the machinery from the buildings have been working around the big mill during the past few weeks.

A. D. McRae, president of the company, is expected to arrive from the East today, and will remain in the city for some time supervising the work which is being done. It is expected that he will make a definite announcement as to the date when the mills will be ready to resume operations.

WORK OF THE CHURCH IN THE HOLY LAND

Anglican Priest Relates Interesting Tales of Labors in Palestine.

Perfect command of six languages, English, French, Italian, German, Greek and Spanish, a globe trotter who has visited and seen some of the most interesting places on four continents, a self-sacrificing priest in the service of the Anglican church at Jerusalem, a fluent speaker and brilliant lecturer—such is in brief the record of the Rev. W. R. Livingstone, a cousin of the world-famous explorer and missionary who thirty years ago retired to his reward after a life-long fight against the horrors of slavery and the vices of darkest Africa.

Mr. Livingstone, who was yesterday ordained vicar of Samson Arm by Bishop Dart and who leaves this afternoon for that post has only been in Canada a few months, coming here from Honolulu. He attended the service at Holy Trinity church last evening.

In conversation with the News last night, Mr. Livingstone shed light on a few of the many interesting situations in which he has been during the past few years, but the record of his doings in the Holy Land is by far the most interesting. He was stationed in the diocese of Cyprus for three years, during which time he had a great deal to do in connection with hospital and school work among the Jews in Jerusalem, many of whom are now embracing the Christian faith. The Russian Jews are in the majority in the Holy city, many coming there daily from Siberia. The island of Cyprus is remarkable in that it is owned by the Turks, inhabited by the Greeks, and controlled by the British. The War office contributes \$600 towards the maintenance of one Anglican priest, another gives his services free, while Archdeacon Potter, who is in charge, is both generous and rich, and contributes largely to the hospital and schools on the island.

Jerusalem, the Holy city, naturally possesses a great interest for a servant of the church, and Mr. Livingstone had a great deal to say on the subject of Christian work in that city. In addition to the Green church, the Roman Catholics and the Anglicans maintain missionaries, and a great deal of work is being done. Jerusalem is a city of about 40,000 population, which is swelled to nearly 60,000 at Easter, when pilgrims arrive in large numbers. It maintains four pilgrim houses, seventy synagogues, many hotels, and four post offices, one Austrian, one French, one Russian and one Greek.

Cyprus is noted as a health resort, many tourists flocking there to escape the intense heat of Egypt.

Mr. Livingstone described the Roman Catholic church at the foot of the Mount of Olives. Here is to be seen a brass tablet containing inscriptions of the Lord's Prayer in forty-five languages. This was erected twenty-five years ago. Speaking of Cairo, the missionary poetically described it as being "The brightest gem in the hand of the green fan of Egypt."

The work of the Green church in the Holy Land is greatly appreciated by the priests of the English church, and every help is given by the adherents of the one religion to those who hold different theological views, an interchange of pulpits not being infrequent.

The Greek church has 6,000 adherents in the Holy city, the Roman Catholic has 5,000, while the Anglican has under a thousand.

Montreal Prefers Tinged News.

Montreal, Dec. 12.—The council of the board of trade has decided to take no action on the request of the Vancouver board of trade that it should join them in an appeal to the government for assistance in the establishment of a capable service for the Canadian newspapers, the allegation being that the present service was contaminated by an American tinge.

Ladies Must Doff Hats.

Winnipeg, Dec. 12.—The ladies attending the Central Congregational church, Winnipeg, will be requested to remove their hats during the service. This announcement was made last Sunday by Rev. J. L. Gordon, the pastor.

MINING EXPERTS ARE RANK IMPOSTERS

Men Employed by Guggenheims Have No Practical Knowledge of Work.

James Moore, one of the first band of gold seekers which invaded the Fraser river diggings in 1858, has returned to Victoria from Cariboo. Mr. Moore is still in good health and will spend the winter on the coast. Speaking of the outlook in Cariboo, Mr. Moore does not look with much favor upon the advent of the Guggenheims there. He does not believe that much good will result from it, but, on the contrary, he is of the opinion that it will be a detriment to the country, because of the fact that some of the reputed experts sent in by them have not shown a practical knowledge of mining and will give the country a "black eye."

Deep placers are taking the place of shallow placers, such as were vogue when he went into the country, according to Mr. Moore, and a large amount of capital is required in the mining industry in consequence. But the would-be experts and professors from technical colleges, who are ignorant of placer mining, and who are sent in to report on mines, find no favor with him. (Mr. Moore is satisfied to take the opinion of practical mining engineers like J. B. Hobson, but some of the experts sent in by the Guggenheims this season are soundly condemned by him.)

Last year, says Mr. Moore, a would-be expert came to Cariboo from New York in the employ of the Guggenheims, for the purpose of examining placer mines. He stood in the town of Bullion with an opera glass and looked at Spanish Creek mountains, eighty miles distant, and on that reported to his company there was no gold there.

This year another professor, from Stanford University, visited Cariboo for the same corporation to prospect and report on the placer mines. While boring at Bullion his drill got stuck. He could not remove it and had to get one of Mr. Hobson's men to remove it for him. This professor also reported adversely on the mines.

The miners of Cariboo know very well that these same mines that these would-be authorities turned down are paying propositions, he says, when properly equipped and in running order. These men are a detriment to the country and such companies as the Guggenheims should receive no favors in any shape from the government of British Columbia.

"We have vast areas of auriferous gravels in Cariboo that will bear inspection from practical mining men who know a mine when they see one," says Mr. Moore.

INCREASE IN SALARIES IS FINALLY GRANTED

The regular monthly meeting of the School board was held at the City hall last night, with a full attendance. Trustee Peebles asked an extension of time on the specifications for the new lavatory, which was granted. He also presented specifications for clearing and grading the new West Side school grounds, which were drawn up by T. Furness. The thanks of the School board was tendered Mr. Furness, and the specifications received.

The increase in salaries for the ensuing year, amounting to almost twenty per cent in some cases, has finally been granted. Applications for positions on the teaching staff from Messrs. D. E. Johnstone and Charles Saint, and Miss Helen F. Crane, were received and filed.

The passing of accounts amounting to nearly \$3,000 and the transaction of routine business kept the board in session until nearly midnight.

The statement of business of the Canadian Bank of Commerce for the year ending Nov. 30, 1907, is at hand, and contains some very encouraging figures. The net profits for the year, after providing for all bad or doubtful debts, plus the balance of credit brought forward from the profit and loss account of last year, totals \$1,855,912.10. This has been appropriated as follows: Dividends Nos. 80, 81, 82, and 83, at eight per cent per annum, \$800,000; written off bank premises, \$350,000; transferred to pension fund (annual contribution), \$30,000; balance carried forward, \$875,912.10.

WORKMEN WARNED OF ACTUAL CONDITIONS

"Keep Away" Notice is Posted by Miner's Union In Boundary District.

Phoenix, Dec. 12.—At a largely attended meeting of the Phoenix board of trade, representing the important business interests of the city, a committee headed by D. Matheson, mayor, was appointed on a diplomatic mission to interview the management of the Granby company and Miners' union, to see if the two could not be brought together in the present labor difficulties.

The committee returned from Grand Forks last night, after interviewing A. B. W. Hodges, local manager of the Granby company, who expressed a willingness to meet the Miners' union committee. The delegates of the board of trade expect to interview the officials of the Miners' union today to see if a meeting cannot be arranged. While the mayor's committee is non-committal as yet, the hope is expressed that an arrangement between the miners and the company will be the outcome of the negotiations.

Each day brings a new phase in smelter and labor troubles here. The Western Federation of Miners has just posted the following notice: "Lockout; workmen keep away from the Boundary district of British Columbia, the Granby company is attempting to cut wages here. Hundreds of men idle here. Take no notice of newspaper reports to the contrary."

The Granby company still maintains that the blowing-in of the furnaces will take place immediately, but cannot state the exact date. There has as yet been no attempt at a riot here, although special police are still on duty.

JOHNSTON'S

Mammoth Shoe SALE

Great
Slaughter

of
Prices

How Are Your Shoes?

Do You Need New Ones?

Whether you do or not it will pay you to buy now. Pay us the cash for your Shoes while this great Sale is on and they are yours at a reduction of from 10 to 35 per cent. Profits are nothing to us these days as we are sacrificing them in order to reduce our great stock which we bought in anticipation of a hard season on Shoes, but which has failed to satisfy our expectations.

We have shod hundreds of people during the past two weeks of our Sale, every one of whom was a satisfied customer. We have barrels of shoes left yet and plenty on the road, so, for the balance of our sale they will be thrown on the market regardless of profits.

Special Values To-day for Our country Customers

Great Reductions in Gum Boots, Men's heavy wet weather working Boots, Prospector's Boots and all classes of Footwear.

To-morrow --- Saturday

Will be a hummer with us if Prices count for anything. No matter who you are, or whatever may be your Shoe want, you'll be agreeably surprised at the nice sum in "change" which we hand you back off the Regular Price on any Shoe in the Store.

See Our Windows for Prices, They'll Interest You

THE CURSE OF INDIA

CASTE, WHICH FIXES THE STATUS OF EVERY HINDOO.

No Man Can Rise From the Class, However Unclean, In Which He Was Born—Neither Wealth Nor Success Affects the Caste of Any One.

In the fixed scale of descent in India some classes are merely inferior, while some are "unclean" or "untouchable," but from whatsoever class a man be born in he has no escape but death. Children born in an "unclean" caste remain "unclean;" children born in an inferior caste remain as their fathers were. Nothing that they can do can in the slightest degree change their situation. They were born "unclean;" their ancestors were "unclean;" their descendants will be "unclean" till the end of the chapter.

To give a few illustrations from many, a weaver is less "unclean" than a carpenter, a carpenter is above a house cleaner, a house cleaner is above a street cleaner, and a street cleaner is above a pariah or no caste man. Every trade or occupation has its exact place, arbitrarily fixed, in the scale of degradation.

Above all the men that labor with their hands in whatsoever way are the tradesmen and shopkeepers, also with subdivisions into classes; above the tradesmen is the useless and now almost idle warrior class; above the warriors is the Brahman or priestly class, and with these grand divisions the structure of the system is complete.

Wealth or material situation or success has nothing to do with the caste of any man. You may hire for your cook or valet a Brahman of the purest strain serene, who for weeks before you engaged him may have been on the verge of starvation. The meager beggar to whom you toss alms in the road may be of a very high caste. The well fed groom, resplendent in gorgeous livery, flashing by on a carriage that covers the beggar with dust, is very likely of a caste a mile below the beggar. Time no more than effort can break down these walls of division. One of the wealthiest and most distinguished families in Calcutta, the famous Tagore family, lost caste about two centuries ago. Members of this family have received honor from the government, have conferred great benefits upon city and country and have been noted for their numerous charities and benefactions. One exerted himself all his life to further native education. Another helped to endow Calcutta university. All are enormously rich, and all bear enviable reputations for goodness, honesty and philanthropy. But the wall of caste has never fallen for them. They are still hated and avoided by their countrymen exactly as they were at the beginning of their exclusion. In the streets of Calcutta is many a ragged artisan that would not sit on the same bench with a Tagore or touch the end of his robe.

Pain, suffering, penury, even death itself, is nothing to the Hindoo compared with the loss of caste. Many a Hindoo that in the old days would yield nothing to the most fiendish tortures quickly surrendered his secrets when threatened with something that would contaminate him—a piece of cowskin, perhaps, or a glass of water that had been touched by a pariah. In I suppose, thousands of cases persons that have hopelessly lost their caste have abandoned their homes and wandered miserably along the roads until death overtook them. Thousands of others have thrown themselves into the Ganges or deliberately started.

Three Brahman girls who had been degraded by a Mussulman went before a judge to demand vengeance and when the judge declined to interfere killed themselves in the courtroom.

At a town called Buj Buj a widow lost caste by falling in love with a man beneath her. As loss of caste by one member of the family degrades the others also, her eldest son immediately swallowed poison and died, and his remaining brethren fled the country.

A husband shares a wife's degradation. A wife goes down the steps with a husband. For more than 100 years a Brahman family of Santipur has been outcaste because one member fell in love with the daughter of a shoemaker.—Charles Edward Russell in Cosmopolitan Magazine.

Pronunciation.

Here is a curious couplet which illustrates in one sentence the various values of the combination "ough" and shows how strikingly inconsistent are the spelling and pronunciation of some English words. The lines may be supposed to be the words of an invalid who had a strong will and was determined to live in spite of his ailment:

Though the tough cough and hiccough ploughed me through,
Yet o'er life's lough my course I will pursue.

Hot and Cold.

Pete Persimmon—Yeas, Ah reckon Ah am fated to be a bachelor. Ah lubed a gal once, but she throw cold watah on mah suit. Henry Ham—Well, dat's bettah den gettin' mahhied en habin' yo' wife throw hot watah on yo' suit. Dat's what mine does ebry time I stay out after 10.—Chicago News.

The Cause of Trouble.

She—I can't understand why Lord Busted wants a divorce. His wife had half a million when he married her. He—Yes, and she's got every penny of it still. That's the trouble.—Pick-Me-Up.

Constant complaints never get pity.—German Proverb.

JUST ARRIVED!

TOYS! TOYS! TOYS!

Don't forget that we have a full line of Toys, all new stock, which we are selling at less than eastern prices. Our line of Dolls at \$1.00 and \$1.50 can't be equalled.

FRIDAY, DEC. 13, 1907

THE ROYAL ASSENT.

The withholding of the royal assent to the immigration act, which, from the statements of the Hon. Mr. Scott, and the production of telegrams to and from the Lieutenant-Governor, when Premier McBride was in Ottawa getting Sir Wilfrid's consent to appear and be heard in London, we considered at the time pointed to an agreement between the representative of the Crown and his chief adviser, Premier McBride, and that on the one hand it was simply a gallery play to boost a member and shut off opposition at the bye-election on his entering the cabinet, or on the other hand the repeated disallowance for personal reasons caused the Lieutenant-Governor to inform Mr. McBride of his intention to withhold the Royal Assent. The Premier, knowing this, allowed the bill to pass its various stages as practically a government bill, because although introduced by Mr. Bowser, a private member at that time, it called for an expenditure of public money, and of necessity had to have the consent of the government, and it thus became a government measure. Now if Mr. McBride was able to state in Ottawa some time before the legislature prorogued that he knew that consent would be withheld to this government bill passed unanimously by the legislature, then we say that constitutionally he was responsible for having retained office under such circumstances and he certainly missed the chance of a lifetime in not going to the country because the leader of the opposition, had he had sufficient strength in the house, would have been sagacious enough not to have become responsible for the Lieutenant-Governor's act by accepting the task of forming a ministry. No matter which way you look at the entanglement, you must inevitably cast the blame upon Premier McBride. In any case a clear statement is demanded by the facts so far made public under the immigration enquiry, and the Lieutenant-Governor and the premier had better clear the matter up and one or the other resign.

LABOR AND SOCIALISM.

A straw, it is said, will show in which direction the wind is blowing, and recent utterances by a prominent member of the labor party in England show that the better class of labor members are not too well satisfied with the attitude of their socialist brethren in the House of Commons. Mr. MacDonald, the labor member for Leicester, has recently asserted that the labor party is not a socialist party. The labor party is a labor party, and as a matter of fact runs trades unionists who are not socialists. He predicts that in the next session of parliament, the chances are that a trade unionist who is not a socialist will be parliamentary chairman of the party. If this means anything, it means that the labor party are seriously contemplating ousting Keir Hardie from his position as chairman of the party. "There was a time," said Mr. MacDonald, "when they used to fight on principle; he hoped they were not on the verge of a time when they would simply vilify each other in order to gain Pyrrhic victories either municipally or for parliament." Nevertheless this is just what laborites are doing, and thereby playing the game of the socialist.

The gospel of light to which reference is made is socialism, and small wonder is it that men and women hesitate to accept it when even Mr. Blatchford, the uncompromising, the outspoken, more insistently and emphatically than anyone else, has shown that atheism must be the basis of socialism, because socialism and christianity can not live in the world

together. The feeling of repulsion and reaction which the contemplation of the ugly realities of socialism has inspired has undoubtedly impressed socialist leaders with the necessity for caution, hence the remarks of Mr. MacDonald that the labor party is not a socialist party. Men are beginning to realize where socialism is driving them and hesitate to take such a plunge as is demanded.

The realization of what socialism really is, has led to wholesale defeats of the labor party at the municipal polls, and in England municipal elections are the straw which shows the trend of public opinion. Once more that trend has been against labor and socialism.

England has to be protected against socialism, which, says the Standard, one of England's leading newspapers, will remain always the same. "It will always be the socialism of the French revolution and the Commune, the socialism of Herve and the Communist school—a doctrine of pure materialism, to be imposed by force and maintained by tyranny. It will always mean piracy and bloodshed in the end." England is fighting the battle well, and victory will ultimately be the reward of the army of order and progress as represented by the Unionist party.

London, Dec. 12.—Grave anxiety is felt here regarding the condition of Lord Kelvin, the famous scientist. He has been ill for some time, and today he was reported to be worse.

NOTICE

If the heifer Jersey calf which strayed to my premises on or about the 25. of November is not claimed before Friday the 13th, it will be sold to defray expenses.

CITY NEWS

For cut flowers, bouquets or funeral designs telephone T. Davies & Son, B. 298.

The board of arbitrators in the case of Brown vs the V. V. & E. Ry. held another sitting in chambers yesterday, but failed to come to a decision.

Back up a "White Man's Canada" and eat at Kenny's restaurant.

The proceeds of the sofa pillow raffle being conducted at Mrs. Birch's store will be turned over to the Royal Columbian hospital.

A carload of Flour and Feed just received at Kyle & Sons, Front St.

Miss Helen Badgely and Miss Mae Dickinson played to crowded houses in Winnipeg and Brandon this week. On Monday evening Dec. 16th these artists will be heard in the gymnasium of the Columbian college.

Get a box of B. C. Cigars for your Xmas gift.

Only two unfortunates out of work and money applied at the police station for lodging last night. They were accommodated with the same, and turned loose to continue their weary pilgrimage this morning.

Do you want a new cottage on a large lot, below market value? We can suit you for \$1000, only \$400 cash and balance easy. Abbott & Hyde, next Guilchon Hotel.

The funeral of the late Mrs. B. F. Casselman, who died in Southern California, will take place from Dr. Burritt's residence, 2633 Columbia street, Mount Pleasant, Vancouver, at 2:30 o'clock this afternoon. The deceased was formerly a resident of this city.

To let—Modern seven-room residence, close to Vancouver car line, White & Shiles, Columbia street, city.

Terry McGovern, cashier at the local branch of the Royal Bank of Canada, will leave shortly for Montreal, having applied for a transfer to one of the branches of that bank in that city. He expects to reach Montreal in time to spend Christmas with his parents.

Best meals in the city at Kenny's. Single meals 25c; meal tickets \$4.00; white cooks.

Stone and Walker, the two inmates of the pen who assaulted Instructor Inulah in an attempt to escape, will elect for trial today before his honor Judge Howay. They will have the option of a speedy trial, or a trial by jury before the next assizes.

West End grocery. Japanese oranges 65c per box. Ask for Library coupons.

A public meeting will be called by the mayor next week for the purpose of taking up and discussing in a businesslike way the proposed city advertising campaign. The meeting will be called in response to a petition which was instigated by the advertising committee of the board of trade.

How would a box of clear Havanas, like the "Brillantes," go for Xmas.

The regular monthly meeting of the New Westminster Benevolent society was held yesterday afternoon in the board of trade room. The business was chiefly of a routine nature, with the exception of an application for assistance from a West End family in distressing circumstances.

The B. C. Cigar factory is manufacturing six different brands of cigars.

Dr. J. D. Lafferty, of Calgary, arrived in the city yesterday, and will remain here for some time. Dr. Lafferty is interested in New Westminster property, having made some heavy investments while here for some weeks last summer.

Chamberlin's special \$15.00 Ladies' watch, P. O. Bartlett movement, in 25 year gold filled case.

Staff Captain and Mrs. Collier, who are in charge of the social branch of the work in Vancouver, paid the local branch of the Salvation Army a visit last night. They were received by a large audience whom Capt. Collier entertained with an account of some of his adventures while in the service. An audience of about fifty were present, and an enjoyable evening was had.

We are agents for the I. H. C. gas-pipe engines. These engines are giving universal satisfaction. Abbott & Hyde, next Guilchon hotel.

Bugwah Singh, the foolish Hindu who cut himself with a hatchet while doing a war-dance for the edification of a friend, was let out of the "house" yesterday morning with his head

done up in a turban of the doctor's making, and the head underneath the turban sadly swollen as a result of his excesses the night before. No charge had been laid against him, so he escaped paying the usual twenty.

The Olivet Baptist Sunday School will give a Christmas Cantata entitled "Santa's Shadow" on Monday evening, Dec. 23rd, at eight o'clock.

It took five acts of bathos and crude acting to explain "Why Girls Leave Home" at the Opera House. Contrary to what might reasonably be expected after the lemon that the theatre-goers of this city were handed in the shape of "A Girl of the Streets" a few nights ago, the attraction drew a fair crowd. The lines and the acting of the piece could be considerably improved, but the sentiment was all right.

Books always make appropriate Xmas presents. Men, women and children delight in them. H. Morey & Co. have a large and well selected stock and will be glad to go over it with you. Bibles, Prayer and Hymn books and leather bound poets are also well represented. For books you should go to Morey's, Columbia St.

H. Schaake, of the Schaake Machine Works, was the victim of a peculiar accident some two weeks ago. It seems that Mr. Schaake slipped and fell upon his wrist in such a manner as to break it. Not suspecting anything more serious than a sprain, he did not seek medical attendance until a few days ago, when the wrist, which had seemingly healed, became very stiff. Mr. Schaake went to his physician, who told him that the wrist had been broken, and not having been set, had commenced to knit again, but that since it had not been set, the bones would knit out of alignment, and that the only thing to do was to break the wrist again, and set it right. This was done, and now Mr. Schaake is well on the way to recovering the use of his right arm.

Columbian College is again endeavoring to give Westminster public a literary and musical treat. Next Monday evening, Dec. 16th Miss Helen Badgely, dramatic reader, Miss Mae Dickinson vocal and guitar soloist, and Mr. Percy, elocutionist will give a recital in the college gymnasium. They have the highest recommendations from the Atlantic to the Pacific. The proceeds are to be devoted to the gymnasium fund.

FUNERAL NOTICE

The funeral of Mrs. B. F. Casselman will take place from Dr. Burritt's residence, 2633 Columbia street, Mount Pleasant, Vancouver, at 2:30 today (Friday). Friends are invited to attend.

THE ELEPHANT.

We Is Good Natured, Docile, Obedient and Long Suffering.

"The elephant is the best natured beast in all wild creation," said a circus man. "Most people have an idea that the big beast is apt to go wrong any time and make all kinds of trouble for everybody. Now, as a matter of fact, I have never but once seen a freak of this kind. Then the result was directly due to the intolerable abuse of flat headed grooms. It seems to me that if some one was putting a steel point or hook into a soft joint of yours or mine many times a day and without any good reason for it we would show temper and tear up things too. The only difference is the elephant has more patience. He is docile, obedient and long suffering. When an elephant gets a little out of sorts there is always some lightweight attendant, it seems, to fly off and say he is 'daffy.' Ninety-nine times out of a hundred the poor elephant has been badly treated, and, as he cannot talk, he does about the only thing he can do and trumpets his disgust or possibly goes a step further and eases his feelings by taking a crack with his trunk at something within reach. Elephants are as kind hearted and tender as women and respond to little attentions the same way, and in the same way, just like a woman, when they get soured, it takes a long while to sweeten them again if it can be done at all."—Chicago Chronicle

"Book of Mormon." The "Book of Mormon" has been proved to be a literary plagiarism, being a free paraphrase of a romance written by the Rev. Solomon Spalding in 1816, the manuscript of which came into the possession of Joseph Smith, and he, sitting behind a curtain, dictated it to Oliver Cowdery, who, seated out of sight of the reader, wrote the matter as it was given him. Smith pretended that the book was discovered to him by revelation and dug up from the side of a hill not far from Palmyra, in the county of Ontario, N. Y. The claim was made by Smith that the writing on the plates was engraved in "reformed Egyptian," which he was unable to read until magic spectacles, which he called his Urim and Thummim, were given to him, enabling him both to read and translate into English. The spectacles and the metal plates have disappeared, and the story of the dictation makes tolerably clear the manner in which the "Book of Mormon" had its origin.

The Great "Progress" Combine

We believe in combination.
It is combination that makes"Progress Brand"
Clothing

so good, and so satisfactory.

We combine the shrewdest judges of cloth—the best designers—the most expert tailoring corps. They work together—hands and brains and enthusiasm—to make "Progress Brand" better and better. It's the combination that brings perfection. LOOK FOR LABEL THAT PROTECTS.

H. L. DE BECK

They are Perfectly Waterproof

YOU TAKE NO CHANCES WITH THE "DICK BOOT."

For over fifty years the name of DICK has been a household word in the Old Country for Waterproof Boots. Their special process renders the sole leather perfectly and permanently Waterproof, besides adding doubly to its wearing qualities.

These we specially recommend for the wet weather:

Prices—Ladies, from \$2.75 to \$4.00.	Youths, \$2.00
Gents, from \$3.50 to \$5.00.	Boys, \$2.75.

Voting Contest

A LIBRARY OF 125 VOLUMES
WILL BE GIVEN AWAY!

THIS ELEGANT LIBRARY INCLUDING 125 VOLUMES AND
HANDSOME CASE WILL BE GIVEN BY VOTE TO THE LODGE,
SOCIETY, CHURCH OR SCHOOL IN NEW WESTMINSTER SE-
CURING THE LARGEST NUMBER OF VOTES IN THE FOL-
LOWING MANNER:

The merchants listed below will give with each 10c cash pur-
chase one vote.

The contest began Aug. 23rd, 1907, and will close Jan. 23rd,
1908, at 7 p. m.

A ballot box is placed in D. S. Curtis & Co's drug store, where
votes are to be deposited.

At the close of the contest the Lodge, Society, Church or School
having received the largest number of votes will be awarded the
library.

Current accounts when promptly paid are entitled to votes.
Remember, votes can be secured by trading with the firms list-
ed below.

Library is on exhibition at W. E. Fales' furniture store.

D. S. Curtis will count the votes.

The Mark of Esteem at Yule-tide

Don't forget the fellow who sits next to you at the office. Some
little indication of your esteem at Christmas time will help him all
through the coming year.

Perhaps he might find use for:

- A Sterling Silver or Brass Inkstand
- A Fountain Pen.
- A Desk Lamp.
- A Desk Clock.
- A Leather Writing Pad.
- A Cut Glass Sponge Holder.
- A Sterling Silver or Brass Blotter Holder.

Or any other little thing for desk use or possibly personal jewelry.
We have a very large assortment of inexpensive and useful little
gifts for gentlemen.

SUBSIDY EXPIRES IN AUGUST NEXT

Australia's Attitude on Ta-
riff Question Causes Can-
cellation of Grant.

Ottawa, Dec. 12.—The subsidy for
the Australian steamship line from
Vancouver to Australia has been
dropped. It amounts to \$180,509 an-
nually and expires in August next,
and evidently will not be renewed.
Although the service is not what it
should be, still that it is not the real
reason for the discontinuance of the
subsidy. As a matter of fact, Aus-
tralia's treatment of Canada in re-
gard to trade matters is not such as
to encourage this country in provid-
ing trade facilities for the Common-
wealth when the latter continues to
place tariff obstacles in the way, in-
stead of meeting the Dominion gov-
ernment's repeated offers of prefer-
ence. The Deakin government pre-
tended at one time that it was anxious
for a trade arrangement with Canada,
but instead of meeting Canada's ad-
vances seriously they have not only
left Canada out of its preferential
list, but have raised the tariff against
her.

For the year ending March 31, 1907,
the exports to Australia amounted to
\$1,998,968 and imports to \$194,468.

A New Subdivision

Just what a good many people have been waiting for—

Mr. D. D. Bourke has just authorized us to sell in lots a portion of his Twelfth street property, bordering on Twelfth street, Fifth avenue, Thirteenth street, and a lane.

The property is all cleared, fenced, graded and in grass, and commands a charming view of the Delta and North Arm.

Heretofore this property could only be purchased as a whole, but now separate lots can be had at prices justified by local conditions, and upon easy terms.

Plan of subdivision at our office.

ADDITIONAL LOCAL NEWS

H. Wade, an Englishman who has resided in this vicinity for some time, left yesterday for London, England, by way of the C. P. R.

The Fraser Valley Nurseries, whose advertisement appears in another column, are exploiting a new idea in the marketing of Christmas trees. In order that every family wherein there are children should be able to have a Christmas tree, the company are selling small trees at the price of 50 cents and \$1.00. This price includes delivery to the purchaser, and at these prices, no family in New Westminster should be without a Christmas tree this year.

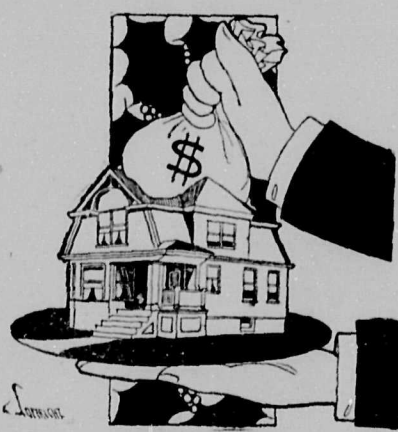

A largely attended meeting of the Liberal association was held in the Liberal club rooms yesterday evening, when a considerable amount of routine business was transacted. Several new members were added to the roll, and arrangements were made for a special meeting to be held shortly for the purpose of further considering the proposition to establish a social club in this city. The general meeting was followed by an executive meeting.

The first game in the series of football matches for which arrangements have been completed is scheduled to take place in connection with the Charity cup competition. The first game will be played Saturday afternoon between the Westminster seniors and the Westham Islanders at Queen's park. The line-up for the team will probably be as follows: Goal, Barbaree; backs, Clark, Herringshaw; half-backs, Peele, Turnbull and Leamy; forwards, Lumsden, Lockhard, Lock, Craig and Watson.

Space in the new Dominion Trust Building has been nearly all taken, and the entire building will be ready for occupancy about January 1st, 1931. Those who have taken leases are Hardman & Co., tinsmiths and plumbers, who will have two stores on Front Street; Mrs. Cook's cafe, J. R. Coon's barber-shop, and the offices of Diamond and Corbould, insurance and real estate agents, will take up the street floor on Sixth street; the Dominion Trust offices, McKenzie's drug store, and W. E. Sinclair's shoe store will occupy the ground floor on Columbia Street. The second floor will be devoted to offices, and among those who have taken space are Dr. Smith, dentist; W. F. Hansford, barrister; Dr. Manchester; Dr. Levey, dentist; and Mrs. Moore, milliner. The two top floors will be occupied by Mrs. Cook, who will rent the space in furnished rooms.

Never Mind the Name.

If you would enjoy a delightful evening of fun, frivolity and charming music, you cannot afford to miss the merry musical comedy, "Are You Crazy," by Frank Damsel, which comes to the Opera house on Dec. 20. This charming entertainment of two and a half hours' duration has left a most favorable impression wherever presented. The extremely witty lines, exuberantly funny situations, the clever specialties and the new and original musical numbers all combine to make this one of the real enjoyable evening's entertainment.

**SPECIAL FEATURE THIS SEASON**

Queen Draga's Beautiful Gowns Worn by the Ladies' Quartette.

Almost the whole world has heard of the sad news of Queen Draga's tragic death: her love for elegant dresses and her wonderful assortment of Parisian novelties. Leon W. Washburn, manager of Stetson's Big Uncle Tom's Cabin company, has gone to the expense of getting the artist's original designs of the last superb creation made for the assassinated Queen of Serbia, and has had four of these exquisite gowns made, at a fabulous price. To give the audience an opportunity to see these world-wide advertised dresses, they will be worn by four young ladies of the company in a novelty act during the performance of Stetson's Uncle Tom's Cabin company.
