CHEQUE RETURNED BY DEPARTMENT

Another Step in Coquitlam Lake Controversy—Preparation of Case For Ottawa

Another development in the Coquitlam dam controversy occurred last evening when the city council received a cheque from the department of the interior for $250, being the price paid for the forest reserve. Suggestions of holding the cheque, and returning it were made, but at length the matter was left in abeyance for a week to enable the special committee to give the question further consideration.

Sends Cheque Back.

F. G. Keyes, secretary of the department of the interior, wrote:

"Referring to departmental letter of the 28th ulto., in which you were advised that the reservation of lands surrounding Coquitlam lake had been cancelled. I am directed to say that at the time of this cancellation, the fact that the city having paid in $250 in anticipation of getting a patent for these lands was overlooked, and not returned to the city with the said letter of the 28th ulto. The cancellation of this reserve was not made on account of the $250 not having been paid, but for the reasons set forth in our said letter of the 28th ulto. Enclosed herewith is departmental cheque for $250, being the refund of the money paid by the city as stated above."

Hold or Return.

Ald. Johnston moved that the communication should be received and acknowledged and meanwhile the cheque should not be passed through the books. It would be a mistake to accept it.

Ald. Adams preferred to see the cheque returned. Some interest should be allowed after seven years.

Ald. Henley suggested acceptance under protest.

The mayor believed such a course might be adopted with individuals, but it was unsafe to deal in such a manner with a government. He advised holding the cheque, whether it should be cashed was another matter. They should have the city solicitor's advice.

It was decided to leave the question to the special committee to ascertain the proper mode, and act accordingly. Agree the communication on the table meanwhile.

Preparation of Case.

Later in the evening Ald. Adams reported on the conference with Hon. Frank Oliver on Saturday. He asked for power to be given to engage counsel and collect whatever evidence might be necessary for the presentation of the case at Ottawa, and report to the city council in two weeks' time for approval. He believed it was the duty of the city to protect their lands around Coquitlam lake, and not lose control to any company. Everything that could be done should be done.

Ald. Johnston moved that the recommendation should be received and adopted.

In answer to Mayor Keary, Ald. Adams said the report was from the council members alone.

Mayor Keary observed if they would take his advice, and they wanted to gain anything in Ottawa, they should act as a council alone, and not with a citizens' committee. The citizens' committee had placed them in a position of difficulty. He believed their appointment was an insult to the council, who were competent to deal with the matter themselves.

Ald. Johnston hardly believed the citizens' committee could be held responsible for the action of the Dominion government.

What Was Objective?

Mayor Keary, continuing, said: "It seems to me that the action taken by the citizens' committee was not in the direction of trying to accomplish any objective at all. As a matter of fact I don't know what their objective was."

Ald. Adams declared the case had been grossly misrepresented at Ottawa.

Ald. Gray thought the special committee from the council had no authority to act with the citizens' committee except by resolution of the council.

Mayor Keary warned the committee against haste and passion in their decision.

Ald. Adams assured his worship the question would be dealt with fairly, squarely, and openly. If the citizens' committee liked to act they had a right to do so.

Mayor Keary—Why certainly

Ald. Johnston said he would not like to charge the citizens' committee with bringing this problem upon them. When the council wished to argue the matter he was ready for them. He considered they were simply standing up for their rights. If necessary they would seek redress in the courts, "as they were entitled to," said Mr. Oliver on Saturday.

Litigation Pending.

Mayor Keary—In my opinion the city of New Westminster is as fully protected as both governments are able to do. There was no danger of the supply of water at the lake.

Ald. Adams—The minister says we have no rights there, we have nothing.

The mayor reviewed the litigation over rights in the railway belt, and expressed the opinion that the letter Mr. Kennedy, ex-M. P., had shown him from the minister had satisfied him at the time that the city's interests were perfectly safe. He still thought they were safe under either authority.

The resolution was adopted, and the discussion closed.

LADIES REALIZE HANDSOME SUM

Women's Auxiliary of Royal Columbian Hospital Nets $1100 From Rest Rooms at Fair.

The total receipts of the refreshment rooms at the Fair amounted to over $1400, and after meeting all expenses the sum to be handed over to the Royal Columbian hospital by the Women's Auxiliary will be a considerable one, possibly $1100. These figures include both the lunch and tea rooms. The result reflects great credit on the ladies of the auxiliary, led by the president, Mrs. A. M. Herring.

Probably next year the auxiliary will fit up a larger room, finding it difficult under conditions as they existed last week, to make a success of the venture. A meeting to wind up the business arising from this effort was held yesterday afternoon, when some of the accounts were ordered paid.

SUCCESSFUL YEAR FOR HATCHERIES

J. P. Babcock Returns After Two Months of Field Work in Province.

Victoria, Oct. 18.—John P. Babcock, commissioer of fisheries of British Columbia, has returned to the city. He has for the last two months been inspecting the spawning grounds of the Fraser river, including all of its great lake systems. He reports all the hatcheries full, and the national spawning grounds well seeded, and believes that there has been enough spawn cast this year to insure a big run in the next big year, 1913.

"I came down from the interior," said Mr. Babcock, "after having inspected the spawning beds of the Fraser river, and its stream and lake tributaries, I visited every big tributary except Stuart and Fraser lakes, as I have done for the provincial government in each of the last nine seasons, in order to be in a position to make an approximate estimate of the extent to which the spawning beds have been seeded. I left the coast the 1st of August, and went directly to the head of the river and worked down. The first Sockeye to enter the Fraser seek the extreme head waters, and they spawn earlier than those that enter later and seek the tributaries nearer the sea.

Sockeye Run Late.

"As all interested persons know, the run of sockeye salmon to the Fraser river this year was late—very late. Commercially the run did not

(Continued on Page Two).

The recent fair passed off with practically no complaints of thefts during its progress. One lady complained to the police of having her pocket picked, and a purse stolen, but so far as it is known this is the only case of this nature.

Weight of Diamonds.

Antwerp, Oct. 18.—British Diamond merchants will be interested to know that, following the Belgian example, the Dutch government will present a bill in parliament to adopt a metric carat of 200 milligrammes.

DOCKET IS LIGHT FOR FALL ASSIZES

Court of Oyer and Terminer to Open on Tuesday of Next Week—Justice Clement on Bench.

The fall assizes open in the city on Tuesday of next week. Mr. Justice Clement is expected to preside.

The docket at the present time gives promise of being a very light one. Only four criminal charges are scheduled for hearing and up to the present there have been no civil cases set for this assize.

The criminal cases are: Rex vs. Milan and Dedul, which will be remembered as the case in which the two men named were charged with theft in the West End of the city, and with arson, and in which they pleaded guilty; Rex vs. Walker, attempt to break prison; Rex vs. Clark, the prisoner being the man who escaped with Bill Miner, and later was captured in the States and brought back to Canada; and Rex vs. Manhire, a case of indecent assault.

LET CONTRACT FOR NEW CAR SHOPS

W. W. Forester the Successful Tenderer—Work to Begin at Once.

The contract for the erection of the new car barns for the B. C. Electric Railway Co. was yesterday let to W. W. Forester of this city, and work will be commenced at an early date.

The new shops will be built on the property adjoining the present car shops, and between them and the Eburne branch line. The building will be entirely separate from the present shops and will be for repair purposes only and not for construction of new cars. In size it will be 90 by 180 feet, and will be divided into three divisions, each with a track and pit in the centre similar to those in the construction shops.

Like all the buildings of the B. C. E. R., the repair shops will be equipped with automatic fire sprinklers, constructed of perforated pipes with plugs of soft material which melts when a certain temperature is reached and floods the building. The contractor will start operations as soon as material can be placed on the ground and it is expected that the building will be ready for use in three months. A large freight shed will be erected on the site occupied by the Vulcan Iron Works, work to be commenced early in the new year, by which time it is also anticipated that action will be taken to commence the proposed new car depot on Columbia street.

The new shops when ready will relieve the present congestion, and enable the company to keep pace with the growing demand for cars without having to buy in eastern Canada.

The new invention for facilitating the placing of strings on violins, recently made by A. S. Leslie, band sergeant of the local militia band, is on exhibition at Gifford's store. The invention consists of a new style of violin head which makes it possible to remove the pegs from the instrument with a minimum of trouble, and to fix the strings in light or darkness. By the old method it took from one minute to almost any time to place a string. The invention has been patented, and the original model submitted by the inventor is shown as well as a later and more finished sample.

SURGICAL OPERATION REFORMS BOY CRIMINAL

Splinter From Skull Pressing Brain Responsible for Child's Unaccountable Acts.

Philadelphia, Oct. 18.—A few months ago 12-year-old Christopher Hahn raided bakers' wagons, stole from his father, ran away from home, caught rides on trains, terrorized the neighbors where he lived and ended in the house of detention where he was threatened with a term in a reformatory. But Dr. William F. Baker intervened, removed a section of the boy's skull which pressed on his brain, took out two inches of splintered bone, drained an abscess, and inserted a silver plate, and yesterday Christopher left the hospital where the operation was performed.

Speaking of his escapades yesterday the boy said:

"Half the time I didn't know what I did, just felt crazy and didn't care for nobody—I do now, though. Sometimes when I think how mean I was to mother I just cry about it and she knows I did not mean it. And she knows I want to make up now and help her out."

Destitute Get Assistance.

New York, Oct. 18.—The financial statement of the New York Association for Improving the Condition of the Poor during the last year shows that every state and territory gave liberally for the relief of the destitute in this city. More than $206,000 was contributed, but the demands were so great that the association spent $62,000 more than it received.

No Losses by Bank's Failure.

Guthrie, Okla., Oct. 18.—Sufficient funds are now in the failed Columbia Bank & Trust Company at Oklahoma City for the immediate payment in full of all the individual deposits, according to announcement made here by State Bank Commissioner Young.

VICTOR GRAYSON, M.P., SCORES KING EDWARD

English Socialists Raise Red Flag in London and Denounce King Alfonso.

London, Oct. 18.—The red rag was raised in London yesterday afternoon and a large mob moved upon the Spanish embassy to make a demonstration of its disapproval of the execution of Prof. Ferrer at Barcelona. Bodies of police drove off the crowds in their usual bloodless effective way, but uneasiness pervaded the neighborhood.

"To Hell With Alfonso."

The trouble began with a mass-meeting in Trafalgar square, organized by several Socialist Labor bodies. Several hundred members of these organizations marched to the square carrying red flags draped with crepe, and bearing inscriptions denouncing King Alfonso. A black-bordered banner was raised against the Nelson column with big letters "To Hell with the Murderer Alfonso."

Several labor members of parliament spoke. Victor Grayson of Manchester, the Socialist member, capped the climax by declaring that if the head of every king of Europe were torn from his body it would not pay half the price of Ferrer's life. He called the Russian Emperor "a dirty monster," and said that King Edward, who could have prevented the execution, was responsible for whatever might happen in England as a result of it. He demanded the expulsion of the Spanish minister.

Dispersed Without Trouble.

The Socialist societies, carrying banners, then marched to the Spanish embassy, singing revolutionary songs and hooting at King Alfonso. A rabble accompanied them filling the streets. It was dark when they reached the open square in front of the embassy, and they found that the square was filled with policemen. The embassy windows were dark and there was no sign of life. The police would not let the procession enter the square or even stop. The crowds turned back and kept moving up Victoria street toward the parliament buildings singing, shouting and groaning. The reserves then drove the mob into the side streets dispersing it without trouble.

RAILROAD MUST PAY HEAVY JUDGMENT

Review of Case in Which Albany & Susquehanna Received Verdict for $1,107,000, Denied.

Washington, Oct. 18.—The petition of the Delaware & Hudson Railroad Company for a writ of certiorari bringing to the supreme court for review the case of the Albany & Susquehanna Railroad Company, versus the Delaware Company, was denied by the United States supreme court The case involves a judgment for $1,107,000 against the Delaware & Hudson Company for rental of the Albany & Susquehanna road under a lease made in 1870, and was regarded as one of great importance.

The verdict was returned by the United tates circuit court for the southern court of appeals for the second circuit. The action of the supreme court has the effect of sustaining the verdict of the lower courts.

Labor Appeals to Churches.

Chicago, Oct. 18.—Organized labor in Chicago, for the first time in its history, has decided to appeal to the churches to aid in arousing public opinion in favor of legislation limiting the hours of labor of working women. The secretary of the Chicago Federation of Labor was instructed at yesterday's meeting to communicate with every clergyman in the city and ask him to raise his voice in the pulpit in the name of the motherhood of the state.

Spaniards Defeat Moors.

Melilla, Morocco, Oct. 18.—Three regiments and a mounted battery of the Spanish troops, while reconnoitering yesterday near Nador, engaged and defeated the enemy. The Spanish lost a commander and two captains killed and fourteen men wounded. The Moorish losses were heavy.

Swooping Into Grand Stand, Aeroplane Kills Woman

Juvisy, France, Oct. 18.—A few minutes before Count de Lambert returned to the aviation field here today from his flight to Paris, M. Blanc, the French aeronaut, attempted his first flight in a Blerlot machine. Shortly after ascending the monoplane, as the result of a false shift of the rudder, turned into the grand stand and fell, mortally wounding a woman and injuring a dozen others.

Paris, Oct. 18.—Count de Lambert, the French aviator, made a remarkable flight in a Wright biplane this afternoon. Leaving the Juvisy aviation field, he flew to Paris, circled about the Eifel tower, at times reaching a height of about 1000 feet above the city, and then returned to Juvisy

MAY ERECT BLOCK ON COLUMBIA STREET

Purchasers of Hale Block Are Said to Contemplate Erection of Fine Structure.

A big deal was put through yesterday by Hale Bros. and McLeod, Mark & Co., when the old Dunn block property was sold to Messrs. Sullivan & Hiland, shingle manufacturers of Surrey, for the sum of $50,000.

The property includes the offices of Hale Bros. & Co., Malins, Coulthard & Co., and the premises occupied by the Crystal theatre. The new owners, it is said, propose to erect a large brick block in the place of the present building at an early date, which would add much to the appearance of Columbia street in that section.

The Dunn block was purchased some nine months ago by Messrs. Hale Bros. from Waghorn & Co., of Vancouver for a consideration of $32,000. Hale Bros. are still agents for the property.

CONGO HORRORS MUST END NOW

British Intervention to Be Demanded — Conan Doyle Heads Move.

London, Oct. 18.—Sir A. Conan Doyle and E. D. Morel have placed themselves at the head of a movement to hold mass meetings throughout the United Kingdom for the purpose of making the public realize the situation in the Congo and to arouse public opinion and thus force government action. Sir A. Conan Doyle has just returned from Gibraltar. Seen at his Sussex home last night he said:

"We are going to hold a series of great public meetings in all parts of the Kingdom in order to bring home the facts of the present reign of terror and atrocious misgovernment in the Congo. The first Congo reform meeting will be at Newcastle, November 8, followed by a great mass meeting in London on November 19. All religious denominations will be united in this movement in the interest of humanity.

"Once the people of England know the facts and have heard the statements of eye-witnesses and seen the photographs of mutilated men, women and children I am sure they will rise with us and put an end to these crimes.

"The government cannot do anything effectual until the people of the country are enlightened as to the real horrors, and stand behind the government as a driving force. I wish the public to co-operate and call for an end to this orgy of blood, lust and greed.

"It is a significant fact that the heraldic shield of Antwerp, to which city most of the rubber from the Congo is sent, contains a bloody hand, severed at the wrist.

"A third of the whole population of the Congo, which formerly contained thirty million people, he said, had disappeared under Leopold's regime. Great towns of fifty and sixty thousand inhabitants have vanished. The question now is: Are cold-blooded and infamous men to continue to make capital out of suffering and misery?"

SALE OF DEBENTURES WILL NOT BE HURRIED

Tenders Opened Last Evening Were Lower Than Expected—Left in Committee's Hands.

The sale of the debentures, amounting to $398,000, authorized by the vote of August 25, will not probably take place for some little time, as when the tenders were opened last evening the terms offered by the brokers did not appear very encouraging. One firm offered above par, but it was only an option of 30 days, while Mayor Keary said he had a verbal offer to take the whole issue at par, but it had not been submitted in writing to the city council who could take it for what it was worth.

As it appears that some of the money will not be wanted till next year, the acceptance of tenders was left in abeyance, the Mayor and Ald. Jardine to deal with the matter.

Last year the issue of $132,000 sold at 101-11.

El Paso Has $50,000 Fire.

El Paso, Tex., Oct. 18.—Fire that started today in Peary & Kearney's store at Cloudcroft, N. M., destroyed the entire block. The burned buildings included the Belmont hotel and The Silver Lining newspaper office. Loss is about $50,000.

Mrs. Robert Adams gave birth to a girl baby yesterday. Both mother and child are doing well.

COUNCIL PRAISES FAIR MANAGEMENT

Front Street Will Be Immediately Improved – New By-Laws Proposed.

The first full meeting of the city council for some time was held last evening. Mayor Keary received the congratulations of the council on the successful termination of the exhibition under his management.

In replying his worship said the public generally did not form any conception of the details requiring adjustment. He considered there had been more worry this year than on any previous occasion. However, the exhibition was finished, and he was glad to hear it had been satisfactory from an outsider's point of view. He wished to thank all who had assisted him, and remarked that while they had differences of opinion, they required a united front against the influences working against them.

He trusted people with complaints, and there had been many that season, would come to him direct, and see if it was not possible to adjust them, rather than breed dissension outside.

Front Street Tracks.

On the suggestion of Alderman Henley a letter from Assistant Manager Glover, of the B. C. E. R., offering to pay $3700 to set Front street in order from the depot to the Cleeve Cannery, this portion of the street embracing that from the sidewalk on the north side to the south edge of the B. C. E. R. track, the council to do the work, and charge it up to the company, was received, and the work will be done by the board of works.

The mayor said he believed the C. P. R. was willing to do its share of the work, but it was impossible to get the G. N. R. to take any notice of applications, and he proposed to bring it again to the Railway Commission's attention when they were on the coast.

In the meantime it was decided to ask L. C. Gilman, assistant to the president of the G. N. R., to meet the council and go over the situation.

Double Tracking Street.

City Engineer Blackman wrote with regard to the plans of the B. C. E. R. for double tracking Columbia street, and also asking for the council to arrange for the removal of the poles on Columbia street which might be necessary for the granite curbs of the street to be laid down.

Ald. Gray said the poles were ready to be removed any time. He suggested that the B.C.E.R. should be asked to submit plans for the double tracking of Columbia street, especially that part of the street in which the Hassam pavement would be laid, and the balance at a later date, and that a representative of the company should be asked to meet with the council.

Fraser Mills Stage.

W. Fisher again waited on the council to urge the improvement of the Distillery hill, or alternatively the Brunette road. Ald. Henley did not consider the road in a bad shape, but the mayor took issue with him and said that something must be done at once. The provincial government was going to put their portion into shape, and the city should do likewise.

Ald. Henley promised to go out and look over the ground again at once, probably today.

Mr. Fisher said his business would double with a decent road to drive over.

By-Laws.

By-laws dealing with a number of matters, including the sweeping of snow from the sidewalks in front of houses, the weight of bread, blasting and the letting off of firearms in the city, were introduced by Ald. Smith, but as there was a defect in the notice of motion last week, being made by letter and not personally, it was decided to take the by-laws up at the next regular meeting, when City Solicitor McQuarrie will be asked to attend.

Miscellaneous.

A complaint from the International Contract company that the Canada Foundry company had not forwarded necessary material for the Lulu Islan necessary material for the Lulu island bridge was referred to the special bridge committee to act.

Ed. Goulet, agent for the C.P.R., wrote with reference to the complaint of blocking the streets with freight cars. Mayor Keary said the trouble was that when the railways entered the city they made no provision for shunting accommodation.

The parks committee will deal with applications of the Westminster Rugby Club for the use of Queen's park oval on Saturday, and Westminster Rovers' Association Club on Monday, for football matches.

A number of applications for sidewalks were received, and also for a light on Keary street, Sapperton.

Practically all the canneries on the river have closed this week, the sockeyes having had their day. Yesterday the buyers were refusing sockeyes, which are not in very good condition. Cohoes were fairly plentiful and were in good demand by the retailers and exporters. A few Steelheads and an average number of Springs were caught. Sturgeon are still plentiful.

Classified Advertisements

WANTED. FOR SALE. TO RENT. LOST. FOUND. REAL ESTATE. PROFESSIONAL. BUSINESS. FRATERNAL, ETC.

If a man had gold dollars to sell a fifty cents and did not let the people know anything about it, he would not sell any. You must tell the people what you have to sell, why they should purchase from you, and something of the value you offer them in return for their money. Too many of us have got the habit of thinking that because we have been a long time in business everyone must of n cessity know all about us and our wares. EARTHQUAKE DEAD TOTALLED 75,563

Sixty Thousand in Messina Alone—Hundred and Fifty Thousand Injured.

Rome, Oct. 18.—The Italian Statistical Bureau recently published an estimate of the mortality in the great Messina earthquake. The total number of persons killed in the three provinces of Messina in Sicily, and Reggio and Catanzaro in Calabria is put at 76,563. At Messina alone 60,000 persons were killed—almost half of the inhabitants.

The number of persons injured is unknown and very probably will never be ascertained. On an average it can be said that two persons were injured for every one killed; hence approximately about 150,000 persons were injured.

No estimate of the damage to property has been made, but it is known that 231 cities, towns and villages suffered.

In connection with the aobve figures a curious coincidence has been discovered. During the year 1908 the excess of births over deaths throughout Italy amounted to 76,369, and this number almost corresponds to that of the earthquake victims. Thus the population of Italy wsa not diminished, but merely stopped increasing for a year on account of the earthquake. Since the earthquake 12,000 persons have emigrated to America from Messina and 10,000 from Calabria.

AN ILL WIND THAT BLOWS NOBODY GOOD

Merida, Yucatan, Oct. 18.—For many years there have been stories of a buried treasure on the coast of Yucatan, and search has often been made unavailingly for the booty supposed to have been hidden by Lefitte, the pirate who died and is buried in Yucatan. And now the truth of these stories would appear to be verified.

The recent severe storm along the coast of Yucatan is believed to have uncovered from the beach at Puerto Celestum the buried wealth of the pirate.

Soon after the storm subsided the crews of fishing boats began picking up many gold and silver coins of English and Spanish make and bearing dates of the early part of last century. These coins are scattered all along the beach at Puerto Celestum and several thousand dollars of them have so far been collected.

MAKE YOUR APPEAL to the public through the columns of THE DAILY NEWS. The Morning Paper.

Successful Year For Hatcheries

(Continued from Page One.)

assume importance until the last few days in July, and even in August did not come up to expectations. The pack on the Fraser up to August 25 was not much more than half that of four years ago—the last big year. The pack in American waters is stated to be equal to that of that year. The conditions favored them as they usually do, and there appears to have been no observance of the weekly closed time in their waters during the time the fish were running.

"There was a run on in our waters when the August 25 to September 15 closed season began, and I am told that Sockeye were running in considerable numbers when the closed season was over, and that they continued to run for some time afterward. However disappointing the run may have been for the fishermen and the canners the conditions certainly favored the spawning grounds, the hatcheries and the Indians of the interior.

"The run to the spawning grounds was later than usual, as was to be expected from the delay in entering the lower river, but once the fish passed the fishing limits they went, as they generally do, to the lake sections at the head of the river. To Bear, Quesnel, Horsefly, Chilco, Seton and Anderson, Shuswap and Adams, Harrison and Lillooet lakes the run was abundant. While the were not in the compact schools of former years, the run continued over a greater length of time than any season since 1901.

"I do not think the numbers which reached those great lakes this year equalled those of 1901, but to most sections the run appears to have equalled that of 1905, and to Quesnel lake the run appeared to be greater even than in that year.

A Successful Season.

"All the hatcheries have had a successful season. They are all filled with eggs, with the exception of the Harrison lake hatchery, and that big institution is being filled rapidly. They get their eggs from Morris creek and the Harrison river, and as the run there is always later than to any other point and is always more constant, that hatchery will, like the others, be filled to its capacity. All the hatcheries could have taken double the number of eggs they can handle. It has always been so in the big years.

"Not only are the hatcheries all filled to their capacity, but all the natural spawning beds have been seeded and the Indian smokehouses packed with sockeyes. In consequence of the seeding of the natural beds and the filling of the hatcheries the outlook for a good run in 1913 is excellent."

LAND REGISTRY ACT.

Take notice that an application has been made to register Charles Ketchum as the owner in fee simple, under a tax sale deed from C. C. Fisher to Frederic W. Howay and Robie L. Reid, bearing date the 1st day of December, A. D., 1902, of all and singular that certain parcel or tract of land and premises situate, lying and being in the district of New Westminster, in the province of British Columbia, more particularly known and described as Lot 13 of Block 13 of Lot 201, Group 1, Murray's Addition, north half of Lot 14 of Block 13 of Lot 201, Group 1, Murray's Addition.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty five days from the date of the first publication of this notice, and in default of a caveat or certificate of lis pendens being filed within such period or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Charles Ketchum as owner thereof in fee. And I hereby direct that publication of this notice for thirty days in a daily newspaper published in New Westminster will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 28th day of September, A. D. 1909.

C. S. KEITH,
District Registrar.

TYPOGRAPHICAL UNION LABEL NEW WESTMINSTER

TUESDAY, OCTOBER 19, 1909.

A PERMANENT EXHIBIT.

We believe it will be generally conceded that the Dominion fisheries exhibit at the Royal Agricultural and Industrial society's exhibition and the handsome new building in which it was placed formed one of the most attractive features of last week's fixture. The enlargement of the exhibit and the excellent arrangement of the various specimens of marine and river life gave to this a much greater interest than it has hitherto possessed, and make it a real educational interest to adults and children alike. It is to be hoped that the success which attended the efforts of the department in putting up this exhibit many encourage them to extend and enlarge such a really useful feature at future exhibitions of the society. In fact it would be of distinct advantage to the province of British Columbia, more particularly from an educational point of view, if a suggestion that has been made by Mr. Alfred Hardman in regard to this, could be carried into effect.

This admirable proposal is that when the board of control comes to acknowledge its thanks to the Dominion government for the provision of the Fisheries building and exhibit it should invite that authority to enlarge the feature to the extent of making it a permanent representative collection of natural history specimens pertaining to this province. In other words that they should establish at Queens park a natural history museum, in which all the known members of the various forms of wild life would be collected together and arranged by a properly qualified curator, the same being accessible to the public throughout the year.

There is not the slightest doubt that such a museum would be widely appreciated, and that it would be of inestimable value as a means of educating people, particularly the young, to comprehend the part which wild nature plays in the wonderful arrangement of the universe. Then too, for scientific purposes it would be exceedingly useful. At present there is no means of gaining any satisfactory acquaintaince with the flora and fauna of British Columbia, and those who are desirous of doing this are at a considerable disadvantage. The nearest official means of reference of which we are aware is the Smithsonian Institute, Philadelphia. But even this, we believe, does not pretend to possess a completely representative collection of the natural objects of this portion of the North American continent. There are also some two or three works published on the subject, but these, we have been informed, are by no means adequate in their lists of the natural objects of this country. As a slight instance of the need of some means of trustworthy reference we may mention that recently quite an interesting dispute took place between two amateur naturalists as to the number of diverse specimens of the beautiful swallowtail butterfly which are to be found in this corner of the province.

Now that civilization is making such rapid strides in this part of the continent there is a danger of certain animals and plants being exterminated, and it sems to us that if for no other reason than this some steps should be taken to preserve specimens of wild life which exist. But it is upon the broad basis of its great utility as an educational influence that a natural history museum would be most valuable.

We hope the suggestion set forth may be favorably viewed by the board of control, and that they will devote their efforts to securing the co-operation of the government in the establishment of a permanent exhibition at Queens park, even though this may at first be only upon a limited scale. We feel sure that the city council and other local authorities would, if need be, lend their assistance to so excellent a project.

BATH BUNS BETRAY ELOPING DEBTOR

London, Oct. 18.—Violet Charlesworth, a beautiful young woman, who ran up immense debts and then disappeared after an automobile wreck on the cliff over the sea in Wales last January, today admitted in the bankruptcy court that her failure was due to extravagance and speculation. Her spectacular attempt to elude her creditors at the time of the automobile accident attracted much attention. She was caught because of her liking for bath buns which revealed her identity.

PROTESTS AGAINST POLITICS IN PULPIT

New York, Oct. 18.—"As a Christian gentleman, a son of a Presbyterian doctor of Divinty, and a grandson of a Presbyterian doctor of Divinity, I protest against bringing dirty politics into the pulpit of this or any other church."

So saying, John B. A. Mullally, a Tammany candidate for the Assembly, rose tonight and walked out of the Manhattan Congregational Church, from the pulpit of which Otto B. Bannard, Republican candidate for Mayor, and John Purrey Mitchell, Republican candidate for President of the Board of Aldermen, had just delivered campaign addresses.

Cries of "shame, shame!" followed the atcion of Mullally, and for some moments made no reply, and Dr. Stimson, pastor of the church, said briefly that he believed his congregation wished to be well informed on all municipal affairs, from the conduct of which rightly conceived ideas of morality could not be divorced.

SOCIALISTS WIN AN ELECTION IN BERLIN

Berlin, Oct. 18.—An astonishing Socialist victory was the result of a by-election for the reichstag today. Coburg, on the Social-Democrat ticket, polled 6185 votes, more than double the number received by the Radical candidate, and nearly twice as many as the National Liberal candidate. The Socialist candidate in this district never before polled more than 3000. The increase is ascribed to popular djissatisfaction over new taxes.

"Lo."

At the Opera House on Wednesday evening the city will see what is probably the most pretentious and highest class attraction which W. N. Carty will offer this season. It is a musical comedy entitled "Lo," with John E. Young, who endeared himself to the theatre-goers of this city last year in the role of Happy Johnny Hicks, in "The Time, the Place and the Girl."

"Lo" is the combined efforts of O. Henry, the most sought after and highly paid short-story writer in the world, and Franklin J. Adams who, as the epigrammatist and humorist of the New York Evening Mail, is regarded as the most brilliant and funniest newspaper man in New York.

The music of "Lo" was written by A. Baldwin Sloane, composer of "The Gingerbread Man," "Jack and the Beanstalk," "The Mocking Bird," "Lady Teazel," and a dozen other of the big successes of the past decade. Mr. Sloane has written eighteen numbers for "Lo," so catchy, swingy and tinkley that although "Lo" is a new production, they are already being sung along the streets. Among these are: "Tammany on Parade," "Little Old Main Street," "Love is all that Matters," "You Can Always be My Sweetheart," "Yucatan," and "Long Ago."

No Duty on Ashes.

Toronto, Oct. 18.—When Undertaker Miles today went to get an urn containing the ashes of Reginald Sheppard, which had been shipped from Pittsburg, the customs officers wanted to know what value he placed on the package. He explained what it was, and after some consultation the ashes were admitted duty free. Young Sheppard died six years ago in Pittsburg, and his father died in Toronto last April. Now the remains of the two are to be laid together.

Dies of Anthrax.

London, Oct. 18.—James Heyden, a local tanner, died of anthrax, at St. Joseph's hospital today after suffering intense agony. While handling a hide it struck him in the neck causing an abrasion. He thought nothing of it at the time, but next day his neck was swollen to twice its natural size.

The cantata "Una," founded on the "Faery Queen," will be produced this evening at the Fairview Methodist church, by the choir of Queen's Avenue church under the leadership of T. R. Pearson, H. D. Mackness assisting at the organ. This cantata was produced in this city with great success last winter by the same choir.

The first step toward the provincial election in this constituency will take place on Friday, when the Independent Labor party will meet to consider whether they shall put a candidate into the field on this occasion.

LAND REGISTRY ACT.

Re the south half of the southwest quarter of Section 26, Township 16, New Westminster District.

Whereas proof of the loss of certificate of title Number 12,179F, issued in the name of Robert Fleming Seymour, has been filed in this office.

Notice is hereby given that I shall, at the expiration of one month from the date of the first publication hereof, in a daily newspaper published in the City of New Westminster, issue a duplicate of the said certificate, unless in the meantime valid objection be made to me in writing.

C. S. KEITH,
District Registrar of Titles.

Land Registry Office, New Westminster, B. C., October 11, 1909.

SIX HUNDRED DIE IN FLOOD FROM LAKE

Natural Reservoir in Crater on the Island of Java Bursts Its Bounds.

Victoria. B. C., Oct. 17.—Advices were received by the Empress of India, which arrived today, that 600 natives were drowned at the beginning of September in East Java as a result of the bursting of a crater, which had become filled with water. When the mountain top lake was released by the breaching of the crater's sides, the waters swept enormous quantities of sand and mud down, overwhelming the kampongs at the foot. Rivers overflowed, and the railroad near Lumajang was swept away, the damage to property being over a million dollars. Officials totaled the death list conservatively at six hundred, those buried alive in the stricken villages numbering from 60 to 150. The district is famine stricken since, owing to the harvested grain being swept away.

SPORTING NEWS

JUNIOR TOURNAMENT FOR THANKSGIVING DAY

Juvenile Lacrosse Teams of City May Play For Silver Watches on Monday of Coming Week.

The twelve silver watches recently offered by Richard Burde, formerly of this city and now editor and owner of the Alberni Pioneer News, for competition among the junior lacrosse teams of this city, have arrived, and are now on exhibition at Gifford's jewelry store.

It is probable that an attempt will be made to arrange a junior lacrosse tournament for next Monday, as a Thanksgiving Day attraction at Queen's park, to decide to whom the prizes shall go. Mr. Burde left the arrangements of the terms on which the watches shall be awarded to Captain Tommie Gifford of the Salmon Bellies, and Secretary Ryall of the Lacrosse club, and it is understood that they will limit the teams competing to boys under sixteen years of age.

As the time is short until next Monday it behooves the juvenile lacrosse players who intend to lay hands on one of those watches to get out right now and practice.

Mr. Burde donated the watches with a view to encouraging the game among the youth of this city. He regards the lacrosse team as one of the greatest institutions of this city, and wishes to see the tradition of keeping the players to New Westminster boys, maintained. To this end he wants to encourage the game among the younger element, who must be relied upon for material for the team in future years.

RUGGER PLAYERS WHO WILL GO TO SOUTH

Following are the players from the Vancouver Rugby teams who will leave for the South on Thursday to compete with the Californian aggregations: Pickles (Wanderers), McKay (Rowing Club), Baker (Wanderers), McMillan (Argos), Ellis (Argos), Terise (Wanderers), Byrne (Rowing Club), Blackmore (Rowing Club), Hyland (Crusaders), Chaffey (Rowing Club), Shearer (Argos), B. Gale (Rowing Club), R. Gale (Rowing Club), S. Jewitt (Wanderers), Moffatt (Wanderers), McLelland (Crusaders), Smith (Argos).

Detroit Excels in Batting.

Detroit, Oct. 18.—According to unofficial averages of the world's championship series, the defeated Detroit team outbatted Pittsburg, but the National leaguers excelled in fielding. The new world's champions fielded .958, while Detroit averaged .949. Hans Wagner did the hardest hitting of the series, getting nine hits out of 24 times at bat, for an average of .375. Those who bet that Wagner would outbat Cobb win by a large margin, as the leading hitter of the American league had only .231.

Football Note.

The Rovers' senior team will meet a picked team on Saturday afternoon at Moody square. There will be a club meeting this week to arrange a number of matters which have arisen for settlement.

LORD'S SUPPER FOR 25,000 IN BALL PARK

Hundred Elders and Thousand Deacons Engaged in Passing Bread and Serving Wine.

Pittsburg, Oct. 18.—The greatest religious gathering ever held in this city and perhaps in the country occurred at the National League park, Forbes field, here yesterday when 25,000 persons assembled at the sacrament of the Lord's Supper, the event being the principal feature of the day's session of the convention of the disciples of Christ of the Christian church.

About one hundred elders and one thousand deacons of the church officiated in passing bread and wine, while a choir of five hundred voices led the music.

Four big gatherings at the various convention halls last night closed the day's program. One of the principal sermons was preached by Rev. S. M. Martin, of Seattle.

Police Chief Dismissed.

St. Petersburg, Oct. 18.—The chief of the secret police has been dismissed from his post and an inquiry has been opened into his conduct in connection with the discovery of a store of bombs here.

Several agents of the secret police are charged with complicity in the affair.

Stanford Freshmen Win.

Berkeley, Cal., Oct. 18.—Fighting a battle royal against a team their equal in weight and skill, the Stanford freshmen reversed the history of the last four years, winning the freshman intercollegiate game from California Saturday afternoon by the score of 5 to 0 in an extremely close Rugby match. Only hard fighting and invincible defence at critical moments prevented a tie score. At five different times the California forwards carried the ball within a yard of the Stanford goal, only to lose it and have the fast cardinal backs relieve by long kicks to touch.

PRIZES ARRIVE.

Lockets Offered by Exhibition Management Are Here.

The lockets put up by the management of the R. A. & I. Society for the lacrosse game between the Vancouver and New Westminster senior amateurs have arrived in the city. The local team has put in a claim for them on the ground that the game goes to them by default, the Vancouver team having refused to play because the referee selected by the agricultural society was not agreeable to them.

The lockets are handsome affairs. They are of solid gold and will be engraved with the names of the individual players to whom they are donated.

To Wind Up Affairs.

The executive of the New Westminster Lacrosse Club will meet tomorrow evening for the purpose of winding up the affairs of the organization for the past season. All those having accounts against the club are requested to get them in at once. The matter of the challenge for a series of games in Vancouver for the $2500 purse, offered by the Vancouver Lacrosse Club, will also be considered. Present indications are that the proposition will be turned down.

BILLY PAPKE WANTS TO FIGHT KETCHEL AGAIN

San Francisco, Oct. 18.—A telegram from Billy Papke received today, offering to fight Ketchel on a winner-take-all basis and an unlimited side bet, is the most interesting aftermath of the Johnson-Ketchel fight of last Saturday. The Illinois middleweight declared in his telegram to a local sporting editor that his one idea is to get another fight with his old rival, whom he has already faced four times.

Abolish Hammer Throw.

Richmond, Ind., Oct. 18.—What is considered a forward step in athletics has been taken by the Indiana High School Athletic association. This is the decision to abolish the hammer throw on the ground that it is dangerous. The action comes as the result of numerous accidents connected with this event, at least one of which in this state has proved fatal. There is also a sentiment in favor of abolishing the mile run.

LAND REGISTRY ACT.

Take notice that an application has been made to register Thomas Knight Jr., as the owner in fee simple, under a tax sale deed from Inspector of Dykes to Thomas Knight Jr., bearing date the 5th day of September, A.D., 1907, of all and singular that certain parcel or tract of land and premises situate, lying and being in the District of New Westminster, in the Province of British Columbia, more particularly known and described as Lot 9, Block 10, of part of Lot 29A, Group 2.

You and those claiming through or under you and all persons claiming any interest in the said land by virtue of any unregistered instrument, and all persons claiming any interest in the said land by descent, whose title is not registered under the provisions of the "Land Registry Act," are required to contest the claim of the tax purchaser within forty-five days from the date of the service of this notice upon you, and in default of a caveat or certificate of lis pendens being filed within such period, or in default of redemption before registration, you and each of you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Thomas Knight Jr. as owner thereof in fee. And I hereby direct that publication of this notice for thirty days in a daily newspaper published in New Westminster and a weekly newspaper published at Chilliwack will be good and sufficient service thereof.

Dated at the Land Registry Office, New Westminster, Province of British Columbia, this 13th day of October, A. D. 1909.

C. S. KEITH,
District Registrar.

To Jane Wilkinson.

SYNOPSIS OF CANADIAN HOMESTEAD REGULATIONS.

Any available Dominion Lands within the railway belt in British Columbia, may be homesteaded by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land on each year for three years.

(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the commissioner of Dominion lands at Ottawa of intention to apply for patent.

Coal.—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY.
Deputy of the Minister of the Interior.

Scotch Whisky

A Genuine Highland Whisky.

There are hundreds of brands of so-called "Scotch Whisky."

Many of these are not genuine.

For your health's sake, confine your choice to standard brands; use a whisky of recognized merit.

Watson's Whisky is one of these; distilled in the Highlands of Scotland—the district acknowledged to be the best in the world for whisky distilling.

We age our Whisky in Sherry wood, and, after careful blending, it is bottled in our warehouse and sealed with an adhesive capsule bearing our name.

Every such bottle carries with it our unqualified guarantee of purity and quality.

Insist on Watson's

"THREE STAR"—A mild, thoroughly matured Scotch.
"NO. 10"—A full-bodied, richly flavored Scotch.

SLEW MRS. LUARD FOR IDOL'S EYE

Theft of Sacred Jewel Was Back of Recent English Tragedy.

London, Eng., Oct. 18.—The American public may still remember the mysterious murder last year of the wife of the aged General Luard in the grounds of their country home in Kent, and the subsequent suicide of the husband. It is believed that rumors hinting at the general's guilt were largely responsible for his act.

The case is as much a mystery as ever. But an extraordinary story has reached London from an English officer serving in the Far East which suggests a solution of the affair.

Mrs. Luard's body was found stripped of its valuables, which included, according to the official account, a net purse, two ordinary rings, and "an antique diamond ring, said to be over 100 years old, with a very large diamond in the centre and encircled with other diamonds." No trace of this stolen property could be found in all England. But now comes the story that in a Chinese temple an idol which for many years has been short of an eye, is now once more perfect.

Idol's Eye Returned.

General Luard on his wedding day presented to his bride an antique ring in which was set the precious stone that had been carried off long ago from a Buddhist temple. All through her happy married life, Mrs. Luard wore that ring. Through all these years death was ever near her, if the story be true that the worshippers of the despoiled god were sworn to restore the jewel to their divinity, cost what it might.

On the fatal day, a hand stretched out from nowhere was upon Mrs. Luard and she died, it may be, because of the violation long years ago of a Buddhist temple, the name of which she did not know, hidden away in a corner of China of which she had never heard. With something of Oriental magic the murdered vanished. Through the cordons of police he slipped, carrying the relic which for decades men of his race had sought and the acquisition of which would make him a hero or saint among his people.

HUSBAND'S GHOST WARNED HER OF DEATH

Pittsburg, Pa., Oct. 18.—The shock of a dream proved fatal to Mrs. Martin O'Rourke, and tomorrow she and her husband will be buried at the same time.

Three weeks ago a baby was born to Mr. and Mrs. O'Rourke. The husband was on his way to their home with medicine, when the car in which he was riding turned turtle and he was killed. The news was kept from Mrs. O'Rourke, and she was removed to the Presbyterian hospital.

Yesterday the patient awoke, screaming with fright. She told the nurse she dreamed her husband had met with a violent death, and had entered her room, beckoning to her. Mrs. O'Rourke became hysterical, and began to cry out for her husband. She grew weaker, and died ten hours afterwards.

POLYGAMOUS LADY FOUND HUSBANDS DULL

Kansas City, Mo., Oct. 18.—Grace Chapman pleaded guilty to a charge of bigamy in Justice Miller's court, at her preliminary trial here today, admitting that she had married six men without having obtained a divorce from any of them.

"Yes, I'm guilty," she testified. "I've had six husbands and I'm sick of matrimony. Most of the men I married were farmers. I would live with them until I got tired of them, then I'd leave. They were so tiresome."

"Were you ever divorced?"

"Not that I know of," Mrs. Chapman was unable to furnish a bond of $2,000 and was remanded to jail.

WOULD PRESERVE RELICS OF RIEL REBELLION

Winnipeg, Oct. 18.—Honros Jaxon secretary to Louis Riel during the rebellion, is leaving for Ottawa to enlist the government's sympathy and aid to preserve the historic trails and landmarks of the pioneer and the trouble times. Jaxon, who after 22 years of exile, during which he never became naturalized, has been revisiting the scene of the rebellion, and was dismayed to find the house from which he and Riel were arrested and several important manefestoes have been removed piecemeal, and no efforts made to preserve any of the historic buildings.

Jaxon declares that failing government aid, he will endeavor to organize a preservation society among those who have done well in the west.

CITY NEWS

Bob Stevenson's whole stock of boots and shoes to be sold off in thirty days. 219-

For pianos, organs, sewing machines, talking machines, sheet music and records go to J. H. Todd's music house, Columbia street.

"Lo," the success of the day; a new musical comedy; book and lyrics by O. Henry and F. B. Adams; music by Baldwin Sloane. At the Opera House tomorrow evening. Booking office now open at Ryall's drug store.

The steamer Transfer will hereafter leave the Brackman-Ker wharf for Ladner, Westham Island and way points, at 2 o'clock in the afternoon instead of at 3, as hertofore, returning on the following morning. On Saturday she will make an extra return trip arriving in the city in the evening. Trips will be made to Steveston as the business warrants. **

"Lo," at the Opera House, Wednesday, October 20; 18 musical numbers, 32 pretty young girls, and laughs ad infinitum. Book your seats now at Ryall's drug store.

The funeral will take place tomorrow afternoon of Georgina Kipp, the six-year-old daughter of Mrs. Kipp, Eleventh street, whose death took place on Monday. She was born at Hatzic Prairie. The cause of death was typhoid fever.

For first-class cut flowers and any kind of Floral work, telephone Davies' Greenhouse, R208. **

"Lo," a new musical comedy at the Opera House Wednesday, October 20. Book your seats now.

A Harvest Thanksgiving service will be held in St. Alban's church, Burnaby, on Thursday, 21st, at 8 p.m., the offertory to be devoted to the fund for building a rectory. Gifts of fruit and flowers for decoration will be thankfully accepted and may be delivered at the church on Wednesday. The service will be repeated on the following Sunday at 11 a.m. and 7:30 p.m.

Security—That is the factor in a safety deposit vault. Ours are absolutely perfect in this regard. You may go away and leave your valuable papers in these vaults with the feeling of perfect security. No injury can come from fire, from floods, from burglars or any other cause. Isn't it worth something to you to have that feeling of perfect security? Dominion Trust Co., Ltd., T. R. Pearson, manager New Westminster branch.

Tenders are being called by Malins & Coulthard for the excavation of a portion of lot 24, city block 13, Carnarvon street, and for the construction of a concrete retaining wall in the rear of the property. Tenders must be in at their office by Saturday, October 23.

A new slip is being built at the wharf of the Torpedo Towing and Freighting Co., in order to permit of the easier landing of smaller craft than the wharf was originally constructed for. W. A. Gilley is doing the work, which includes an addition to the east end of the wharf.

Buy orchard lands while they are cheap and become independent. We are the official agents of The Western Home and Improvement Co., Ltd. Let us tell you about their choice holdings at Appleland. A new townsite and fruit district along the line of the B. C. Electric Chilliwack line and V. V. & E. Cloverdale to Sumas Railway. This section excells in the production of all fruits. Come at once while the best lands are selling cheap and let us show you this section at our expense. We can sell five, ten, fifteen and twenty acre tracts on easy terms. F. J. Hart & Co., Ltd. **

Everything for the garden at Tidy's, phone 184. **

Christians believe the Bible to be a revelation from God, and what it says is what it means, and the sum of its teaching on any subject and that only is the truth, that to be simply Christians—only this and nothing more—is what it requires without respect of persons of all men, and to learn what the Bible says we must do to become Christians and to live the Christian life, is the individual duty of each responsible being. To this end the cottage meetings are being held at 8 o'clock each evening in the home of Madison Wright, Christian evangelist, 305 Durham street, second house to left from Fourth street, between Seventh and Eighth avenues. All are cordially invited to attend each service.

"Lo," clever, musical, amazing, fascinating, at the Opera House tomorrow evening. Secure your seats early and avoid disappointment.

Have you seen these Separate Skirts we are showing?

We want you to see them.

The materials for the Separate Skirts incline more and more to the slightly rough surfaced effects. Many of them are very beautiful and well adapted for the construction of smartly tailored suits. Pleated skirts or those introducing pleats are first in favor. The popular prices make the display a great favorite with the shopping public. The quality of the garments, the fit and workmanship are the best.

CORSETS.

The Corset problem solved for women of stout and medium figure.

The new Corset models meet every requirement and that's the kind we handle. Form fitting, not form pinchinf or squeezing; they represent perfect corset comfort. This is especially important this season.

Every woman knows that the secret of good dressing, the secret of good health—is largely solved by the corset. Our prices prevent no woman from obtaining corsets to suit. Prices from, pair ... .$75c to $6.50

THE NORTH POLE WAIST $2.00.

is a perfectly tailored waist made of a pure shamrock linene, "linen finish fabric;" the front is embroidered as beautifully as if done by hand in a neat floral design embracing the new sunburst effect and five other equally artistic and neat patterns. The embroidery is accompanied by four groups of fine pin-tucking, to give a garment a most desirable fulness. There are five large ocean pearl buttons down the centre front The sleeves are finished with link cuffs and the laundered are detachable, the entire effect being strictly mannish. Price only $2.00

DAINTY DELAINE WAISTINGS FOR AUTUMN WEAR

We are ready to show you some of the prettiest waistings ever manufactured; soft, drapy fabrics that make up charmingly into blouses of winsomeness and service. Come in floral and other effects in fast colors on light and dark grounds. Some with satin stripes, thirty inches wide. Prices ....50c, 65c, 75c and $1.00

Extraordinary Values in Hosiery and Underwear
