EN SHOP POLICY ALL OVER THE COAST

stern Moulders Complete- y Break Strike In Seattle --Conditions Normal.

eattle, July 15.—"We have brought Seattle and placed at work more 100 eastern moulders within less two months, and as a result will s are working satisfactorily, con- dering everything. We shall re- e more men from the east from to time, as the scale paid in Se- for mechanics in the metal trades igher than anywhere on the coast. may say that the strike, as far as are concerned, which was inaug- ed by the moulders and machin- May 1 last, is a thing of the past that the open shop will prevail after in this district."

D. Morris, secretary of the United al Trades association for the Pa- c coast, with offices in the Pioneer lding, made the foregoing state- t today when asked as to the us of the dispute between the p-owners of the district of Wash- ton and the workmen in the metal es now on strike. The leaders of moulders have claimed that the ployers were unable to get skilled from the east in great numbers, Morris produced a record showing upwards of 100 men had arrived from eastern cities, attracted by high wage schedule of the Seattle s.

They are first class men in every ect," said Morris, "and the reason their remaining with us and being ccessfully employed lies in the fact, haps unprecedented in the history his city, that there is absolutely no erence by the unions. The courts e prevented the unions from pick- g or interfering with our men and e shops report peaceable condi- s. This is the first strike that I mber of where conditions were void of violence as they are now. ken moulders are surrendering r cards voluntarily and returning work in numbers. In Bellingham y offered to return to work; in ral a number went back at the old e and in several shops here they e done the same thing. The ma- ists' strike ended quickly because r work was always done in an open and the same will hereafter hold with the moulders."

Morris stated that under the new as many apprentices could be loyed in the foundries as the own- desired. Formerly the unions re- ted the number of apprentices to for every eight moulders, which ris stated was insufficient to keep with the natural death percentage. oundry owners state that the set- ment of the strike in San Fran- o, whereby the granting of the ht-hour day was postponed for e years, has had no effect in Seat-

BEST IS REMEMBERED.

iver of No. 1 Hall Receives Fountain Pen on Retiring.

James Best, driver at No. 1 fire l, who yesterday severed his con- ction with the brigade, was the re- ient of a token of esteem from the r members of the department in shape of a handsome silver mount- fountain pen. The presentation s made by Captain Roy Young, who livered an impromptu oration before rprising his colleague. Mr. Young erred to the fact that Mr. Best had en connected with the department r over twelve months, during which ne the best of feeling had always isted between all the members. He pressed his sorrow at Mr. Best's cision to retire, and hoped that the ct that he was casting aside the uni- rm of the fire fighters would not ean that the pleasant ties formed in o. 1 hall would be severed.

Mr. Best replied in a few appro- iate words, dwelling particularly up- n the fact that he was resigning with gret from the hall where so many easant hours had been spent since s entry into the department in May, 06. His decision to resign had only en brought about by force of cir- mstances, and he assured his old iends that he would always have a arm place in his heart for No. 1 hall nd the boys of the fire brigade.

Mr. Best has not yet decided as to hat his next step will be, but he in- nds to take a short holiday before gain settling down. He will be suc- eeded in the department by J. Smith.

THREW CIGAR AWAY CAR BLAZED MERRILY

G. N. R. Party Interrupted In Visit to Distillery By Blaze On Coach.

Traffic Manager W. W. Broughton, of the G. N. R., and his party of officials, who are on a tour of inspection of the western lines, had a little excitement in this city yesterday morning. When on their way south from Vancouver, their special train was stopped at the B. C. distillery, and the officials debarked to make an inspection of the whisky producing plant. While being conducted through the plant, they were suddenly informed by one of the outside men that one of the cars was afire. On rushing out, they found Mr. Broughton's private car burning briskly, but the flames were extinguished before any material damage had been done. The flames had evidently started from a lighted cigar, which had been thrown among some papers.

The traffic manager and party passed through this city Sunday afternoon bound for Vancouver, from which point they returned early yesterday morning en route to Seattle again.

Dropped from Balloon; Drowned.

Kalamazoo, Mich., July 15.—Charles Sann, aged twenty years, of Battle Creek, was drowned in Gull lake yesterday on making a parachute drop from his attempt at balloon ascension. Small boats reached the parachute quickly, but Sann's body had gone to the bottom. Descending he was heard to say: "Get a boat, I can't swim.

LITTLE GREEN GOD IS VERDANT DEVIL

Misery, Morbid Madness, Melancholia And Death Follow Use of Absinthe.

Paris, July 15.—No doubt it is the crisis in the wine trade which had of late inspired a recrudescence of the war against absinthe in France. Little, as a rule, is heard of French women in public life, but a short time ago the National Association of the Women of France passed a unanimous resolution calling on parliament to prohibit the sale of absinthe, "the cause of misery, madness and death."

Writing in Le Matin, M. Charles Dupuy, one of the ex-premiers, declares that all the congresses of hygiene and criminal research and most of the medical and scientific celebrities condemn absinthe. But in spite of these denunciations the consumption of the "green fairy" increases with the utmost rapidity, and at the present time thirty times as much absinthe is drunk in France as in the days just following the Franco-German war.

Last year the enormous number of 1,800,000 glasses of absinthe was swallowed every day in France, at a cost of about $700,000 a day, a sum which, if it had been spent on good, sound wine, would have prevented the present disturbances in the south of France.

Heavy taxation puts no check whatever on the consumption, for the retailers make up for the increased price by selling inferior stuff. Therefore, those Frenchmen who are fearful of the future of their country are demanding a stop to a practice which is undermining the health of the population and has made France the most alcoholic nation on earth.

Belgium and Switzerland have set the example by forbidding the sale of absinthe, and a determined appeal is now being made to the senators and deputies to abandon their religious and political squabbles in order to combat this imminent national peril.

English Savant Dead.

London, July 15.—Sir William Henry Perkin died yesterday, 69 years old. He founded the coal tar color industry by the discovery of the Mauve dye in 1856.

One of the horses belonging to Williams, of Vancouver, which was reported lost about two weeks ago, has been recaptured in Vancouver. The other animal is still missing.

MILES OF SIDEWALKS ARE PLANNED FOR CITY

Growth of New Westminster Makes Important Improvements Necessary---Large Expenditure Planned --Increased Population Responsible

Sidewalk building is now the chief concern of the city works department, according to a report which was submitted to the council last evening by the chairman of the board of works. Probably the longest list of recommendations for new sidewalks that has been laid before the council since the big fire of nine years ago was read at the council meeting by Ald. Henley, all of which were adopted unanimously. Many of the new walks will be laid in outlying portions of the city in response to requests, thus bearing evidence to the fact that the heretofore unsettled portions of the city are rapidly being populated.

The chairman's report recommended the laying of new walks as follows: A six-foot walk on the west side of Ash street from Fourth to Fifth avenues; a four-foot sidewalk on Queensboro street; a sidewalk on the south side of Agnes street from the end of the present walk to Tenth street; a four-foot sidewalk on the west side of Fourth street from Fourth to Fifth avenues; a four-foot sidewalk on the east side of Thirteenth street from Third to Fourth avenues; a four-foot sidewalk on Twelfth street from the end of the present walk near the orphanage to the city limits; a six-foot sidewalk on Twelfth stret from Fourth to Seventh avenues; a six-foot sidewalk on the north side of Fifth avenue from Eleventh to Twelfth streets; a sidewalk on the east side of Fifth street from Fourth to Fifth avenues.

Ald. Henley also reported on a number of other matters which have been more or less prominently before the council for some weeks. The report had been written by Superintendent Furness, of the works department and was read by Ald. Henley with his recommendation that it be adopted. The chief point taken up by the superintendent was the matter of cement sidewalks on Columbia street. He recommended that the request for coment walks be favorably considered by the council and that on receipt of a legally and adequately signed petition for the construction of the walks on the local improvement plan, the city engineer be instructed to issue profiles and specifications and that tenders be called for without delay.

The following recommendations were also made: That the project to macadamize Sixth street be shelved for this year in view of the fact that the Sixth street sewer was only recently constructed and that the earth over the sewer is not yet sufficiently settled to enable a good job to be made of the street work; that Burnaby municipality be asked to furnish an estimate of the cost of continuing the grading of Tenth avenue from Fourteenth street to Twentieth street, along the lines agreed upon by the two corporations; that the request to have Columbia stret, from Brunette street to Hospital street, macadamized be not granted; that further time be granted the committee in which to report on the application of Joseph Ostrom and others for the opening of unnamed strets in Sapperton; that the request for a new sidewalk on the west side of Third street from Queen's avenue to Third be not granted at the present time; that the petition for the construction of a sewer on First street be received and filed for the present and that no action be taken this year in view of the shortage of labor; that on account of the cost of diverting the water as requested, the application of Mr. Grace to have the water diverted off his lots at the corner of Fifth avenue and Thirteenth street be not acted upon until the whole council has had a chance to inspect the premises.

All the above recommendations were adopted with the exception of the one referring to the macadamizing of Columbia stret from Brunette street to Hospital street. In this case it was thought by the council that the request of property owners should be complied with and a vote was accordingly taken authorizing the carrying out of the work.

To motion to have the section macadamized was carried on the following vote, Aldermen Gray, Jardine and Garrett in favor and Ald. Smith against, while Ald. Johnston and Henley refrained from voting.

During the discussion of the foregoing recommendations, Ald Henley pointed out that a number of projected works, such as repairs to the Gillanders' hill and others, were being delayed ownig to the scarcity of labor. Ald. Johnston, commenting on the recommendation of the superintendent of works for the favorable consideration of the petition for cement walks on Columbia street, stated that the report to the effect that only three properly qualified persons had signed the petition for a new walk was not correct. He stated that he had looked over the assessment roll and had discovered at least eight on the roll who had signed the petition and these represented property abutting on Columbia street, valued at from $80,000 to $100,000.

Ald. Gray reported verbally that Chief Watson, of the fire department, recommended the acceptance of J. Best's resignation from the service, and the appointment of J. Smith, as his successor. The report was received and the recommendation of the chief was adopted.

Acting Mayor Shiles reported for the market committee to the effect that a certain section of the market wharf was in need of repairs in order to safeguard the public. It was decided that repairs which will involve the laying of some new planks in front of the market building, should be made at once.

On motion of Ald. Jardine, the Liquor License Amendment bylaw 1907 was read the second and third times. The amendment eliminates the word "ward" from the bylaw and substitutes therefore the word "division." At the time the bylaw was passed, the city was divided into five wards, but this division was later done away with. The need for an amendment became evident about a month ago, when E. J. Fader applied for a license for the Russell hotel. The regulations provided that, in order to secure a license, a petition bearing the names of a certain percentage of the property owners in the ward in which the license would be utilized, was required to be presented to the board. A very largely signed petition in this case was obtained but as wards are now a thing of the past, the regulations were not technically complied with. By changing the word to "division" the regulations will be made workable.

Mayor Keary was absent, and his place was taken by Acting Mayor Shiles.

The following communications were dealt with:

The E. H. Rocme Co. of Vancouver, wrote on behalf of Frank Stirsky to the effect that when opening Seventh avenue some years ago, the city workmen piled a large amount of refuse on Mr. Stirsky's lots, which are situated on the north side of Seventh avenue, near Douglas street. The writer asked that the refuse be removed. Referred to the board of works for a report.

N. H. McQuarrie applied for permission to open a trench on Sarnia street from the south side of Agnes street to the south side of Dickinson street. Permision was granted with the stipulation that the work shall be done under the supervision of the board of works.

An application for a new sidewalk on Liverpool street was receive from C. Shindler, who stated that his tenants in that section were complaining against the condition of the walk. Referred to the board of works for a report.

A request that the city's water system be extended to the corner of Nineteenth street and Seventh avenue, was received from D. D. Bourke, deputy warden of the penitentiary. The request was referred to the water committee for a report.

A communication was received from A. E. White, secretary of the board of

(Continued on Page Six.)

TELEGRAPHERS STRIKE IS SOON TO SPREAD

Legislative Library.

Chicago Codemen Next to Be Called Out—Neill Does Not Know.

San Francisco, July 15.—Unless a settlement of the Commercial Telegraphers' strike is effected tomorrow a general strike may be declared.

The request for a settlement will be in the nature of a demand for the men feel that they have the approval of President Samuel Small as well as the individual endorsement of the membership of the Commercial Telegraphers' union throughout the country.

The statement is made that if the national executive board should attempt to force a settlement displeasing to the strikers President Small will call out the Chicago employes as the first move in the extension of the strike zone.

Labor Commissioner Charles P. Neill is not, it is said, expected to be able to accomplish much, as he announced he had come to look over the situation for himself and had no definite ultimatum from President Robert C. Clowry of the Western Union to submit.

President Small and the executive board officers held long conferences last night, but would not divulge the nature of their discussion.

Commissioner Neill made no visits yesterday, but said he thought a settlement was yet possible with concessions on both sides.

Small said the time for talking had ended and would not discuss the situation other than to say that hope for an early settlement of the trouble.

CLOUDS OF ASHES KILL VEGETATION

Starving Natives in Kamtchaltka Succored By Barkentine S. N. Castle.

San Francisco, July 15.—The outburst of a volcano on the peninsula of Kamtchatka on February 18 last threw the whole country into utter darkness for more than forty-eight hours, and resulted in the starving of scores of natives, according to the officers of the barkentine S. U. Castle, which reached port this evening direct from the Okhotsk sea.

The S. N. Castle arrived in the Okhotsk early in May, and was immediately set upon by starving natives, who had been struggling for existence for weeks previously. Many of these natives were on the way across country toward Petropaulovski, when, at noontime on February 18, the sky became overcast and lava and black ashes began to fall. The source of the appalling shower was not known, but it made night of day, and changed the face of the whole country. The Russian peasants were at the time travelling overland through the desolate country and had only small supplies of provisions.

When the fishermen from the barkentine went ashore they found on every hand starving natives living in tents amidst most desolate surroundings, the ground being strewn with ashes. There was no sign of vegetation, and even the distant foothills were black with the ashes and lava that had swept down from the skies. The natives said a wave of dust fell upon them, followed by utter darkness that continued for two days and nights. Lava, almost hot, fell all about them, and there were such showers of black ashes that their passage was stayed, and the women and children had to be hidden in caves while the men wandered about in search of water. They were lucky to find undried creeks and springs. But the party of natives was in dire straits, and some of them had succumbed to their hardships. In response to their request, Captain Pederson sent off two boatloads of provisions.

Bomb Explodes; Four Dead.

Constantinople, July 15—A bomb exploded last night in froht of the summer quarters of the American embassy at Yeni-Keui, a suburb of this city. Four persons were slightly injured. Otherwise no damage was done. The authors of the outrage have not been traced.

BALLAST SAND IS LOADED WITH GOLD

Ohio Brings Down Valuable Cargo—Dirt Assays $20 to the Ton.

Seattle, July 15.—When Captain G. W. Brown of the Ohio berthed his steamship at Pier 6 last Friday he reported the vessel as without cargo, when as a matter of fact the Ohio was treasure laden. The fact that the Ohio brought down gold did not develop until Saturday when they started to unload the sand ballast from the ship's after hold. One of the men in an idle moment started to pan a couple of handfulls of the sand and disclosed fine particles of the precious metal.

After making the repairs to the damaged plates of the Ohio, which was wrecked at Nome on June 12, the coal was shifted aft to raise the bows and keep the injured plates above the water line. The weight of the coal was found not sufficient to do this, and several hundred tons of sand were added. The sand was dredged near the beach at Nome and taken out to the vessel at anchor in the roadstead. Like all the dirt in the gold-mining town, it contained quantities of gold, and it was as a floating gold mine that the Ohio made the southbound trip.

Capt. Brown is now sorry that he did not take more of the sand aboard his vessel, as he was in a position to go in for hydraulic mining on an extensive scale. To insure against danger on the return voyage a couple of high power pumps were installed on the Ohio. If the cement coverings to the plates had given way it was the intention to use the pumps to clear the forward hold of water. They were strong enough to force it out at a rate quicker than it could come in. Fortunately this contingency did not arise, but Capt. Brown figures out that he might just as well have loaded up with the gold-bearing sand and used the pumps to supply pressure for a hydraulic mining plant which could have been established in the after hold.

Although no assay of the Ohio's placer has been made, Capt. Brown, who is a most conservative man, estimates that the dirt would run at least $20 to the ton. With a cargo of 800 tons (for, although the Ohio's capacity is much greater, this is all that Capt. Brown calculates he would have taken had he known of the existence of the gold) the returns would have been $16,000—quite a respectable sum.

FISH IS SCARCE.

Fishermen Only Secure About Ten Sockeyes Apiece.

The six or seven hundred odd boats which went out Sunday night secured about 10 fish each on an average. This was not as heavy a catch as was anticipated, but the indications are growing favorable, and a good run is looked for before the end of the week.

The St. Mungo cannery is being put into condition for handling the large supply that is expected to arrive. Manager James Anderson stated yesterday that he expected to see a good run of fish this year, a conclusion to which he was lead by the fact that all the sockeyes so far taken were very small. He thinks that in the very nature of things there should be an average return.

The St. Mungo people are arranging to put into service another small steamer next Monday, besides the three crafts now in use, for the purpose of gathering sockeyes from the fishermen.

TEACHERS APPOINTED.

School Trustees Select Suitable Pedagogues—Tenders Awarded.

Three new teachers were appointed to the city teaching staff at a special meeting of the board of school trustees, which was held in the city hall last evening. They were Miss W. L. Abercrombie, of Mission city, Miss H. Draper of New Westminster, and Miss Helen D. Robson, B. A., also of this city.

Tenders for the contemplated repairs to Sapperton school building were opened, and the contract was awarded to W. D. Purdy, the figure being $715. The repairs will include a new roof and a certain amount of plastering.

Although the board was in session three hours, the above, according to the secretary, pro tem, is a full report of the meeting

FALLIERES ESCAPES ASSASSIN'S BULLET

French President Unmoved By Attempt on His Life—Miscreant Arrested.

Paris, July 15.—The national fete yesterday was marred by an attempt on the life of President Fallieres by Leon Maille, a naval reservist of Havre, who, it is believed, is suffering from the mania of persecution. Maille fired two shots at the president, but did not hit him. The assassin was at once placed under arrest.

On account of the activity of the anti-militarists who tried to organize a demonstration against the army throughout France, exceptional precautions were taken to safeguard the president. The attempt on his life was made on the Avenue Des Champs Elysees, while the president was returning to the palace from Long Champs, where he had reviewed the garrison of Paris in the presence of twenty-five thousand enthusiasts.

Premier Clementeau and M. Lanes, the president's secretary, were with the president in his ladau, which was escorted by a squadron of cuirassiers. The carriage had safely emerged from the Bois De Boulogne, where the anti-militarists had stationed themselves with the intention of shooting the soldiers, and was descending the broad Champs Elysees among the acclamations of the crowds thronging the sidewalks, who were shouting "Vive Fallieres," "Vive l'armee," when Maille fired two shots point blank at the president, in quick succession.

As by a miracle no one was hurt. President Fallieres was cool and collected when the cortege stopped. The diplomats who were following the president's landau alighted from their carriages and hurried to his side. Finding that nobody had been injured, the president ordered the cortege to move on.

In the meantime two policemen seized Maille, who made no resistance, but the police, with difficulty prevented the infuriated crowd from lynching the prisoner, until a cordon of reserves came up and conducted him to the station.

Some of the witnesses of the shooting said that Maille fired in the air. It is believed that the man participated in the recent seamen's strike, and that his mind has been unhinged by fancied grievances. There is no reason to suspect a plot, as Maille only arrived here from Rouen Saturday night.

Maille appeared before an examining magistrate last night, but the authorities succeeded only in extracting from him a rambling statement of family persecution directed agaist him. It was in order to draw public attention to his grievances, he said, that he fired the shots. The prisoner terminated the examination by evidencing his intention to give no further explanations as he believed that the magistrate would do nothing to remedy his wrongs.

Terrible Death in Calgary.

Calgary, Alta., July 15.—The wife of E. G. Hall, one of Calgary's leading citizens, met a terrible death Saturday night. Hall has a gasoline engine in his cellar to pump water from a well. Mrs. Hall saw the gasoline escaping Saturday evening, and tried to stop it, when it blew up. Her seven-year-old daughter rushed her infant sister out of the house and alarmed the neighbors. Three men made a heroic rescue in getting the woman out, having to form a living chain and crawl across the kitchen floor to avoid suffocating in the smoke, and guided only by her voice, crying, "For God's sake, kill me." They got her out unconscious, but she died after seven hours of terrible agony.

Trouble Over Lid.

Hoquiam, July 15.—The lid went on with a vengeance at midnight for the first time in the history of Hoquiam. Everything not exempt under the law was closed. A large crowd made a demonstration on Main street yesterday. Officer Jones lost his head when a crowd poked fun at him. A bottle of beer offered him was knocked to the sidewalk by Jones, who later drew his revolver. Councilman Richardson and Marshal McKenney appeared and relieved the situation.

WOMEN'S CONVENTION READY FOR BUSINESS

Great Gathering of Ladies of Light and Leading In Vancouver.

Vancouver, July 15.—When the Vancouver local council of women decided last year to invite the National Council of Women of Canada to hold its fourteenth annual meeting in this city, it did a courageous thing, and the resolve was not taken without much previous discussion as to whether the Vancouver branch was strong enough to bear such goodly fruit. The event, however, seems to be likely to justify the sagacity and enterprise which were behind the invitation that was sent to Eastern Canada at that time.

The long-looked-for day has arrived and everything seemed most auspicious this morning when a general atmosphere of sunshine, welcome, flowers and summer drapery hung around the open doors and the interiors of all the premises connected with St. Andrew's church, which have been placed at the disposal of the council, and which will be the scene of most of its meetings this week. This morning was a time for greetings, congratulations, committee meetings and general preparations for the business and pleasure of the week. The visiting delegates were loud in the praises of Vancouver, in which the policy of the open door has been so hospitably acted upon. They also spoke, of the resting effect of a quiet Sunday after their long journey across the plains and through the mountains.

A glance at the assembling crowd showed that the council is composed of women of "light and leading" and scraps of conversation gathered in corridors and doorways showed that they were an organized body that is intent on business. Lady Edgar, the president, was seen conferring with various officers of the council, and Miss Edge, president of the local council, was in much request and evidently equal to the responsibilities of the occasion, while a leading part in the preliminary arrangements was also taken by Mrs. McLagan and other well known women. Each street car stopping at the corner of Georgia and Granville brought its contingent, and there were a few carriages and automobiles.

The council is very much alert and up-to-date, and its business is well arranged. The committee meetings will be held in the convenient schoolrooms of the church, the general sessions in the church itself. Ten minutes will be allowed for the mover of each resolution; five minutes to the seconder, and three minutes for all other speakers except the mover of an amendment, who is to have five minutes. A timekeeper will strike a bell when the allotted time has elapsed. A devotional meeting will be held each morning at 9.30 o'clock, and business will begin at 10 o'clock.

Toll of the Woods.

Vancouver, July 15.—Two fatal accidents occurred in the woods up the coast last week, the bodies of the victims being brought to Vancouver yesterday by the steamer Queen City. Henri Porsti was instantly killed at a logging camp at Gilbert island. He was struck by the limb of a falling tree. A inquest held this morning at the undertaking parlors of Messrs. Center & Hanna resulted in a verdict of accidental death with no one to blame. Another accident of a somewhat similar nature, the deceased being struck by a falling tree, occurred at Menzies bay. The victim was Charles Nylund

Hotel Arrivals.

Guichon—George L. Rosing, C. E. Scott, Whonnock; W. Hill, Vancouver; G. W. Chilver and wife, Vancouver; T. Mufford and wife, Langley Prairie.

Windsor—Mrs. F. W. Reid, Haney; J. McCuish, J. Rucker, D. McGillivray, R. Douglas, D. M. McDuff, D. V. Bird, Westminster; Chilliwack survey party; Fred Morrison, Dunedin, New Zealand; Jabez H. Johnston, Milestone, Sask.

Colonial—C. G. Sexsmith, Alluvia; F. Smith, G. Hommes, Vancouver; S. Thompson, Kamloops.

Connell, July 15.—A new idea, namely, to start a goat farm for milk purposes, conceived by Miss Mary Bruce, a new homesteader in the western part of the country, is being applied by the author, and as the result an industry has sprung up in the Columbia Flat country, west of Connell.

Miss Bruce was in Connell last week and from her it was learned of her plans. There are three members at present in the herd, but this number will be increased as rapidly as desirable ones can be obtained. The head of this family of three is a Spanish maltese goat and the two nannies are Malta milk goats, imported for use as family milk goats. That success will crown her efforts, Miss Bruce is very sanguine, for she says they will thrive on the native grasses and wild peas, both of which are plentiful and nourishing.

The experiment, if such it can be called, will be anxiously watched by an interested public.

DEPARTMENT OF PUBLIC WORKS, CANADA.

TENDERS FOR COAL.

Sealed tenders, addressed to the undersigned and endorsed "Tenders for Coal," will be received at the Resident Engineer's Office, New Westminster, up to noon of Wednesday, the 24th instant, for the supply of coal required for the use of the Snag Boat "Samson" and Dredge "King Edward" during the current fiscal year ending 31st March, 1908.

The coal must be a British Columbia product of approved quality, lump, and delivered in such quantities as may be required. Coal for the Snag Boat "Samson" is to be delivered and stored in shed on the Government wharf, New Westminster. Coal for the Dredge "King Edward" is to be delivered alongside the dredge at New Westminster, on scows furnished by the Department of Public Works, the towing to be done by the contractor.

The lowest or any tender will not necessarily be accepted.

G. A. KEEFER,
Resident Engineer.

Resident Engineer's Office,
New Westminster, B. C.,
10th July, 1907.

Tenders for License to Cut Timber on Dominion Lands in the Province of British Columbia.

SEALED TENDERS addressed to the Comissioner of Dominion Lands, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 525," will be received at this Department until 12 o'clock noon on Wednesday, the 28th day of August 1907, for a license to cut timber on Berth No. 525, comprising lands situate in the Province of British Columbia, and described as follows:

Timber Berth No. 525, comprising the North half of section 29, West of Mara Lake, the North half of section 29, and all section 32 in Township 20, Range 8, West of the 6th meridian, containing an area of 185 square miles more or less.

The berth must be surveyed within year after the date of the notice awarding the berth.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at New Westminster, B. C.

Each tender must be accompanied by an accepted check on a chartered bank in favor of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

The highest or any tender not necessarily accepted.

No tender by telegraph will be entertained.

PERLEY G. KEYES,
Secretary.

Department of the Interior,
Ottawa, June 29th, 1907.

Tenders for License to Cut Timber on Dominion Lands in the Province of British Columbia.

SEALED TENDERS addressed to the Commissioner of Dominion Lands, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 524," will be received at this Department until 12 o'clock noon on Wednesday, the 21st day of August, 1907, for a license to cut timber on Berth No.524, comprising lands situate in the Province of British Columbia, and described as follows:

Timber Berth No. 524, comprising Legal Subdivision 14 of Section 12, Township 6, Range 7, West of the 7th Meridian, containing an area of 40 acres, more or less.

The berth must be surveyed within one year after the date of the notice awarding the berth.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at New Westminster, B. C.

Each tender must be accompanied by an accepted cheque on a chartered bank in favour of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

The highest or any tender not necessarily accepted.

No tender by telegraph will be entertained.

TUESDAY, JULY 16, 1907.

OF VARIED INTEREST.

The press report of the annual meeting of the Victoria board of trade is quite an interesting document. The speeches and reports made at the meeting covered a lot of ground and conveyed a good deal of information. There was scientific information—or at least information as to coming scientific investigation of our fisheries—in the speeches of Prof. Prince ad Prof. Wright; there was statistical information and political information in the speech of Hon. Mr. Tatlow; and there was commercial information and psychological information in the annual report of the officers. It is the political and psychological items which most attract our notice at the moment. True, the commercial and statistical information is very important. Without such tabulated facts and figures we are aware from the evidence presented day by day to our eyes and ears, that the province is growing very rapidly in population and in realized wealth; but it is well to have the tabulated figures also.

But the revelations which parts of the report and of the finance minister's speech make are, as we have said, more attractive as subjects of comment. From the speech it appears that the government of the province has been in negotiation with the Salvation Army ever since last November and has concluded in arrangement to bring to this country one thousand agricultural laborers as "assisted immigrants." At present we offer no further comment upon the policy than this, that "assisted" immigration has been pretty strongly condemned by people who have seen the result of it. It is the fact that these negotiations have been in progress all winter to which we wish to call attention. Was that fact clearly put before the legislature? Our recollection is that, when the matter came up on a side issue, the government spoke in a way to lead to the conclusion that the negotiations with the Salvation Army, if they had ever been undertaken, were all off, and when, on the third of April last (if we have the date correctly) Mr. Oliver asked a question about the matter, the premier answered him in a way which certainly left the impression that the government had no information to impart to the legislature. Now, however, Mr. Tatlow tells us that negotiations were in progress all the time.

The report of the board expresses regret that some hundreds of resident white fishermen on the Fraser were not completely driven out of the business. Of course it does not put it in that brutal way; probably it did not occur either to those who wrote the report or to those who heard it read, that the words used meant that; but that is just what they do mean none the less. The board seems to be of the opinion that the driving out of these men would have made the future of the canning industry more secure, in which it is quite mistaken as it would have known had it been acquainted with the facts. It also regrets that the importation of fresh salmon is prohibited, although it quite approves of stopping the export. In this the board reveals the working of its corporate mind (if the phrase be allowable.) Whatever tends, or may be supposed to tend, to increase the opportunities of dividend hunters is right; anything which appears to hold the remotest threat of restricting those opportunities is wrong, though it may be of the most vital importance to hundreds or thousands of hard working men.

The old country news which the wires bring us from time to time has been rather hard on the advocates of woman suffrage, and few of us, probably, have taken the trouble to think, as we laughed over the ludicrous features of the proceedings, or held up shocked hands at the "indelicacy" of the feminine fighters, that there have been few reforms in the earlier stages of which some such scenes have not occurred. That women ought to vote is admitted now by most thinkers and the action of those who have courted fine and imprisonment in the cause has evidently done a good deal to break down the last barrier, which is simply the inert mass of old "use and wont" prejudice.

A Victoria paper says that the Hon. Mr. McBride possesses the qualities required to qualify a man for the premiership of Canada, in greater measure than any other man in public life in the Dominion. This, in whichever way one regards it, whether as an index to the qualities necessary for the position or as an estimate of Canada's public men, strikes us as the hardest thing that has been said of the Dominion in recent times.

Rifles Not Suitable.

The members of the New Westminster Rifle association are anxiously awaiting the outcome of the dispute between the militia department and the executive of the association with respect to what gun shall be used by the local marksmen. About two weeks ago, seventeen Ross rifles were received here from Col. Holmes, of Victoria, who stated that the arms had been issued in accordance with instructions from the militia department at Ottawa. The members of the executive refused to receive the guns on the ground that they had been show to be dangerous, and they were accordingly returned to Victoria. Col. Holmes has since written to Secretary Nelson, of the association, commenting on the impertinence of his executive in returning the guns. The colonel has also written the minister of militia, acquainting him with the action of the New Westminster marksmen and asking his advice with regard to what step should be taken under the circumstances.

Woman Weighed 500 Pounds; Is Dead.

New York, July 15.—Mrs. Margaret McMahon, the largest woman in New Jersey, is dead at her home in Newark. In order that her body may be taken out of the house this morning for interment, one of the window frames has been removed, also sixteen inches of brickwork at the side of it. Twelve men will carry the coffin to the street, and as there is not a hearse large enough, it will be conveyed to the cemetery in a wagon. Mrs. McMahon weighed nearly 500 pounds.

Japanese Schooners Captured.

Sitka, Alaska, July 15.—United States lighthouse tender Armara arrived at Sitka July 14 from Bering sea and Unalaska.

Capt. Werlick reports that the revenue cutter Manning seized two Japanese sealing schooners and towed them to Dutch Harbor to await instructions from Washington.

They were wared to leave, but would not do so and were caught within the three-mile limit.

Commander Werlick refused to make any report on the sealing schooners belonging to the Japanese, but word leaked out from some men on board.

Stoessel Disobeyed Orders.

St. Petersburg, July 15.—The indictment issued against Lieutenant General Stoessel, the defender of Port Arthur, which has just been made public charges him, among other things, with disregarding the order of the commander-in-chief to hand over his command at Port Arthur to Lieutenant General Smirnoff and quit the army.

ADDITIONAL LOCAL NEWS.

The trouble over the seizure by the Provincial government of a large consignment of logs belonging to Seeley & Hillyard in the vicinity of Blaine is still unsettled, although the sum of $1,000 was paid into the provincial treasury last week to satisfy the claims of the government resulting from the timber having been cut on provincial lands. Provincial Constable Deane is still on the ground watching a quantity of logs on which dues are still claimed.

The provincial police department has sent out from Victoria to all branches of the service to be posted on highways, notices containing rules of the road for the benefit of automobilists. The chief rules set forth are that automobilists shall keep to the left side of the road and meet other vehicles on the left side, except when overtaking and passing vehicles when they shall pass on the right side; that in incorporated cities and towns, the speed limit shall be ten miles an hour and in country districts, fifteen miles an hour.

W. J. McIntosh of Fort Langley was in the city today on business in connection with the Langley Agricultural Society. He reports that the crops both fruit and cereal are in splendid condition throughout the municipality of Langley. According to Mr. McIntosh the Langley people are preparing to carry off the first prize for the district exhibit at the provincial exhibition this year.

William Hanford, of Delta, was yesterday sentenced to serve one month in the provincial jail, by Judge Cane, of Vancouver, who convicted him of having stolen a bicycle from Dave Ellis, of Delta. Hanford was sent up for trial by W. H. Ladner, J. P. Evidence was produced to show that Hanford admitted, prior to his arrest, that he had taken the wheel, and this evidence was not disputed by the accused at the hearing yesterday.

A Hindu employed in the Fraser River saw mills narrowly escaped death yesterday morning while working about the machinery. He accidently got his right arm mixed up in the machinery and his whole body would have been drawn in had not the power been turned off almost on the instant that Rajah Singh's plight was noticed. Dr. Jones called on Singh a little later and found that his arm was broken, but otherwise the East Indian was not badly bruised. The limb was set and Singh is expected to recover in due time.

"Shorty" Wilkinson, a notorious negro, who has served time in the penitentiary for attempted murder, is again in the toils. This time Shorty is charged with being a vagrant, a frequenter of houses of ill fame, and with having no visible means of subsistence. He will be tried before the police magistrate this morning, and the probabilities are that he will be sent up for trial before a higher court. Shorty is an all round bad man, and one of the most disreputable characters who have been infesting the city of late. He has been closely watched by the police since his release from the penitentiary about a year ago, but had apparently been attempting to lead an honest life until recently, when he drifted back amongst his old associates. His arrest followed shortly after.

CITY NEWS

Sons of Scotland, Attention! Photos are now in the hands of Alex. Adams.

Mayor Keary returned on Sunday from a trip east. He was not present at the meeting of the city council last evening.

The city's street incandescent lighting system is now in good condition, and Columbia street will be lighted each Saturday evening during the rest of the summer.

For cut flowers, bouquets or funeral designs telephone T. Davies & Son, B 208.

Owing to the increase in the freight business on the V. W. & Y. railway between this city and Vancouver, the company has decided to put a locomotive on the road to attend strictly to the handling of inter-city business.

For all kinds of cut flowers and potted plants, see Tidy, the florist.

A fair rate of speed is being made by the B. C. Telephone company on the construction of three telephone pole lines from Queen's park, along Third, Fourth and Fifth streets to Twelfth street.

Mr. and Mrs. T. Mufford, of Langley Prairie, arrived in the city yesterday evening for a short holiday. Mr. Mufford had been seriously ill for some considerable time, but is now almost completely recovered.

Thirty dollars for the sale of cherries off one tree in a city garden is not bad returns, especially when there are 14 other fruit trees in full bearing in the garden. This garden, 66x150 feet, with a 6 room modern house, stable and chicken house, all within two blocks of street car can be bought for $2250. White & Shiles, 260 Columbia street, city. ***

The provincial police have received notice from Washington, D. C., of the embezzlement by James Arthur Kemp of from $4,000 to $7,000 from the government at that place, and his escape. A reward of $100 is offered for his capture.

Orders for large consignments of lumber are commencing to arrive at the Fraser river sawmills office, and in order to handle them in time, the company has started operating a double shift. Night work was started last evening.

To rent—New 7 room house, on 14th street; $15 per month. Small three room house, partly furnished, near Queen's avenue, $10 per month; rooms for single men near pipe works $5 per month. White & Shiles, 260 Columbia street. ***

The G. N. R commenced yesterday operating buffet cars with their morning trains on the Vancouver-Seattle branch. The passenger traffic on the line has grown with such strides that the best accommodation for travellers is now warranted on the morning as well as the fast night trains.

Preparations are now being made for the holding of a tennis tournament on a large scale. There are about fifty devotees of the game in this city, and in addition to games between these, it is intended to arrange matches with tennis clubs from Vancouver and Victoria.

F. H. Hale of Fernie, is spending a short holiday in the city the guest of his son, A. F. Hale, of Hale & Lane.

H. W. Walker of Calgary, is visiting the city. Mr. Walker, who is a brother-in-law of A. F. Hale, intends to reside here in the fall, when he will bring out his family. At present he is the guest of his brother-in-law.

Fifteen carloads of steel pipe for the Yukon Consolidated Gold Mining company of Dawson, in which the Guggenheim company is interested, will shortly arrive in this city by way of the G. N. R., and will be loaded on steamers here and shipped to Skagway. McKenzie Bros., of Vancouver, have chartered boats to transport the pipe north.

The fishery commission, which met in Victoria last week, stands adjourned for a few days, as two of its members were anxious to take advantage of the presence in the province of Prof. Wright, of Toronto university, in the matter of the selection of a site for a biological station here. Departure bay, near Nanaimo, is the locality most favored by experts.

The Royal Templars of Temperance have chartered two special cars for the purpose of going over to English bay this evening. The picnic will be free and easy and everybody is invited. The cars will leave the tram office at ten minutes to seven o'clock—one car going via Twelfth street and the other through the city. Tickets may be obtained from the members of the R. T. of T. or at the cars.

A meeting of the executive of the New Westminster lacrosse club has been called to take place in H. Ryall's office this evening at 8.30 o'clock for the purpose of considering the action of President Barr of the Association in appointing a special committee to deal with the protest of the Maple Leafs against the Vancouver team. Others matters of a routine nature will come up before the meeting.

A raffle at the New Westminster B. C. E. R. car shops, concluded yesterday, resulted in J. Price winning the first prize, and Frank Purvis capturing second. In both cases, the prizes were model 1907 bicycles. The tickets were numbered 23 and 196 respectively. The skiddoo ticket capturing first prize was a sore blow to the superstitious workers at the big shops, who are still figuring out how it could have happened.

A meeting of the Women's Auxiliary of the Royal Columbian hospital was called to take place yesterday afternoon, but owing to the absence of several members from the city, they were unable to make a quorum and the meting was not held. Only routine business was to have been transacted and this will be allowed to stand over until the holding of the regular meeting on the third Monday in September. There will be no meeting in August.

Following a complaint registered late last evening at the police station to the effect that a certain residence in Chinatown had been burglarized, and $25 stolen, Detective Bradshaw and Officer Geiser investigated, and soon located the stronghold of the burglar in a house in Chinatown. The bird had already flown, but in the premises the officers found an up-to-date burglar's outfit, including saws, files, chisels, etc., and an assortment of keys that should satisfy a locksmith. Detective Bradshaw still has hopes of securing the offeader.

42—Small and Buckland Mills.

TENDERS FOR DERRICK, SCOW, BOILER AND ENGINE.

TENDERS addressed to the undersigned at Ottawa, and marked on the envelope "Tenders for Scow, Steam Engine, Boiler and Derrick for buoy service, British Columbia, or tender for scow alone," will be received up to the

20th DAY OF JULY, 1907.

for supplying and delivering at Victoria, a wooden scow and the erection on board of a steel derrick with hoisting engine, boiler and other accessories according to specification; also for supplying and delivering at Victoria where directed, a double cylinder tandem hoisting engine, winch to have four hoisting drums and two winch heads, an upright steel tubular steam boiler of 30 horse power capacity, and a structural steel derrick.

Specifications of the machinery and plans of the derrick can be obtained at the Department here, at the agency of this Department, Victoria, at the Customs House, Vancouver, and the Customs House, New Westminster, B. C.

Tenderers must furnish plans of the boilers and engines offered, and state the earliest possible time in which they will agree to make the delivery.

Separate tenders for the three articles, viz., engine, boiler and derrick will be received, and separate tenders for the scow or tenders for all together.

An accepted cheque on a chartered Canadian bank equal to 20% of the whole amount of the tender must accompany each tender. The cheque accompanying the tender accepted will be forfeited if the party tendering declines to enter into a contract or fails to complete the work contracted for, and each cheque will be returned immediately in case of non-acceptance of a tender.

The Department does not bind itself to accept the lowest or any tender.

Newspapers inserting this advertisement without authority from the Department will not be paid.

F. GOURDEAU,
Deputy Minister of Marine and Fisheries.

SUIT FOR DAMAGES.

Brunette Saw Mills Seek $10,000 Compensation.

A suit for $10,000 damages has been instituted by the Brunette Sawmills company against the V. W. & Y. railway for the alleged destruction of their office and store.

This case has arisen out of the recent burning of the Brunette company's office, in which a number of valuable documents and plans were destroyed, and also the company's store. The fire occurred about midnight on Saturday night sometime during the month of May last. It is claimed that the fire was started by a spark from one of the V. W. & Y. locomotives.

A. Wheeler is acting for the Brunette Sawmills company.

Johnston Estate Wins Case.

The following judgment has been handed down by the Hon. W. Norman Bole in the case of the appeal taken by Johnston Bros., representing the estate of the late William Johnston, against the assessment levied against some of their property situated in the municipality of Burnaby:

Re Burnaby assessment and in re Johnstons' appeal against lot 31, group 1, New Westminster district, being assessed as wild land instead of being assessed as improved land.

After carefully considering the evidence adduced on both sides, I am of opinion and so find that the land in question herein is improved land within the meaning of the statute and I order and direct that it be assessed upon the assessment roll of the Burnaby municipality for 1907 as improved land and not as wild land at the valuation now appearing on assessment roll (value being admitted) with respect to said land and I order and direct the corporation of the municipality and each and every of their officers and servants in that behalf to do all matters and things necessary to give effect to this judgment or order.

I allow the appeal and award to the appellants the sum of $30 as and for their costs in that behalf, a formal order to be drawn up if required.

W. NORMAN BOLE, J.

The property in question is situated at Aliceville, and considerable interest has been taken in the case, as it was in some measure a test case.

F. W. Howay and J. P. Hampton Bole acted on behalf of the appellants, while the corporation of Burnaby was represented by W. G. McQuarrie.

Terrorists Trouble Tenants.

Noghilev, Russia, July 15.—Smolyany, a small town in this neighborhood, has suffered severely at the hands of incendiaries. One hundred and fourteen houses occupied by Jews and fifteen tenanted by Christians, as well as seventy shops, have been burned. Several persons perished in the flames.

Starvation in Jamaica.

Kingston, Jamaica, July 15.—A severe drought is causing starvation among the people on the plains of St. Elizabeth. In the west part of the island persons have been compelled to walk miles to procure water and now the people are subsisting on bananas. Fully 100 actions have been filed against the British insurance companies on account of the earthquake disaster last January.

BLACKIE BLOCK

F. J. HART, Manager

Aluminum Ware

We have just opened up a nice line of ALUMINUM GOODS, including—

Preserving Kettles
Tea Kettles
Rice Boilers
Etc., Etc.

These goods are giving splendid satisfaction, and we recommend them.

ANDERSON & LUSBY

IT'S THE

LITTLE THINGS

that, forgotten, make life miserable when camping

LIME JUICE for the thirsty
LEMONADE " "
TOOTH POWDER for cleanliness
SOAP for cleanliness
SPIRIT KETTLES for speedily making hot water
HAIR BRUSHES
POCKET CORKSCREWS
Etc., Etc.

To those who cannot swim—Our **Water Wings** will support a person weighing 250 lbs. as easily as a boy of 50 lbs. By the use of them you can get twice as much fun out of your morning dip.
